carbon dioxide, canopy resistance, evaporation, evapotranspiration, climate change, USA, Massachusetts; New England; 12194. carbon dioxide, stratosphere, trend, annual cycle, 00921. clear sky, radiative flux, ERBE, comparison, 13661. climate change, South Africa; 09948. climate, UKMO, unified model, katabatic wind, mass balance, 13746. continental scale simulation, ozone, photochemical model, North America; 06069. cyclone behaviour, Southern Hemisphere, sea ice, 07247. cyclone, 200 hPa, divergence extrema, Northern Hemisphere, wintertime, 12494. cyclone, objective identification, 12451. detection, greenhouse gas, climate change, 08641. diagnosis, extratropical variability, seasonal integration, ECMWF model, 14900. doubled carbon dioxide scenario, climate change, advecting wind, adjoint method, 08630. doubled carbon dioxide scenario, cold start problem, transient simulation, coupled ocean-atmosphere, 08551. doubled carbon dioxide, winter, stationary wave, storm track, 08631. eddy forcing, zonal flow, vacillation, 11193. El Nino/Southern Oscillation, sea surface temperature, heat flux, interannual heat flux, Pacific; 13740. El Nino, atmospheric response, wave train, stationary wave anomaly, 09880. El Nino, La Nina, free surface, tropical, Pacific; 14879. El Nino, Northern Hemisphere, stratosphere, 03509. envelope orography, gravity wave drag, orographic forcing, 11190. evaporation, rainfall, parameterisation, general circulation model, 11242. evapotranspiration, water flux, soil/plant/atmosphere continuum, hydrological cycle, land surface-atmosphere interaction, Russian Federation, Seim River Basin; 08269. flood (1987), sea surface temperature, orography, South Africa, Natal; 13680. general circulation model, evaporation, rainfall, parameterisation, 11242. global NMC model, skill, precipitation, temperature, forecast, USA; 01009. greenhouse warming, climate, 07323. greenhouse warming, observing network, global mean, temperature, bias, 12546. Hadley circulation, tropical heating displacement, extratropical climate, 09890. hydrological cycle, atmosphere/hydrology model, macroscale model, 08268. hydrological cycle, natural variability, climatology, 11173. ice cover, snow cover, climate, Antarctica; 09897. intraseasonal variability, Rossby wave source, Pacific; North America; 00944. intraseasonal variability, tropical wave, zonal symmetry, 07273. isotopic response, climate variability, interannual climate variability, 13800. January climate, nested simulations, limited area grid point model, nested simulation, Australia; 11213. Koppen, climate classification, diagnostic tool, 09901. kriging, precipitation, 05995. land surface scheme, 05929. land surface, energy balance model, biome architecture, 00919. land surface, energy balance, Africa, Sahel; 05926. land surface, parameterisation, prognostic equation, mesoscale, kinetic energy, 09910. long range forecast, climate, forecast, sea surface temperature, 03533. mesoscale parameterisation, heat flux, landscape variability, 05924. meteorology, hydrological modelling, macroscale modelling, hydrosphere model, 08267. middle latitudes, error development, 11185. moisture variability, monsoon, 13745. monsoon circulation, palaeology, glaciation, Allerød, 12542. monsoon, tropics, sea surface temperature, 09871. numerical simulation, ice age, climate, carbon dioxide, 08627. observation, surface, energy balance, regional scale, 04681. ocean circulation, wind stress, forecast model analysis, interannual variability, momentum flux, Indian Ocean; 03496. ocean model, global flux, surface flux, air/sea flux, climatological flux, 11167. precipitation reduction, cooling, volcanic signal, 12498. precipitation, climate change, statistical property, 08643. precipitation, disaggregation scheme, grid scale, 13776. radiation, observation, shortwave flux, 12420. rainfall, sensitivity study, monsoon, orography, India; 12495. rainfall, wintertime, climate change, regional scale, Europe, Iberian Peninsula; 04720. regional climate model, surface, hydrology, 09841. residence time, aerosol, transport, lead-210, 10014. Rossby wave, interseasonal variability, monsoon, 00930. Rossby wave, propagation, tropics, 13737. rotation rate, solar forcing, faint young Sun paradox, carbon dioxide doubling, climate change, 09950. runoff, river discharge, rainfall/runoff model, water holding capacity, soil water capacity, 08331. Russian Hydrometeorological Center, accuracy, forecast, atmospheric circulation, 09961. sea surface temperature, circulation anomaly mechanism, rainy season, Atlantic; Brazil; 04686. sea surface temperature, dataset, comparative study, 13749. sensitivity study, drought, vegetation, desertification, land surface, Africa, Sahel; 12438. solar radiation, diurnal cycle, 08567. stationary eddy, diabatic heating, model horizontal resolution, resolution, horizontal, 04665. stochastic model, weather state, precipitation gauge, classification/regression tree, 05996. subgrid scale, single column model, precipitation, hydrology, 08533. surface heat flux, slope wind, angular momentum, topography, slope wind, Antarctica; 11191. surface, temperature, regional climate, 13744. systematic error, US Navy, sensitivity study, 07315. upper troposphere, humidity, Meteosat, water vapour, brightness temperature, 14002. vegetation model, deforestation, climate, 04673. vegetation, climate change, precipitation, temperature, China; 11265. warming, uncertainty, carbon dioxide, radiative forcing, 05881. water cycle, land, global water cycle, water holding capacity, 13748. water vapour distribution, satellite observation, 11165. water vapour, temperature lapse rate, cloud variability, diagnostic study, feedback, 13739. wave disturbance, Africa; 13742. weather station, Antarctica, Adelie Land; 12505. wind, synoptic situation, katabatic flow, gale, Antarctica, Casey; 00965. wintertime anomaly, monthly mean, 11176. zonal index, blocking, 11196.
- general circulation pattern**
tree limit, glacier variation, climate change, lake level variability, Holocene, France; 06552.
- general limit equilibrium**
three dimensional analysis, safety factor, slope stability, equilibrium model, stability analysis, 09084.
- generalisation**
ATKIS, cartography, 12708. cartography, 04923. GIS, spatial dataset, 08799. raster thematic maps, GIS, land use, 08819. scale problem, GIS, map production, 04894. topographical map, Italy; 07507. Voronoi diagram, GIS, neighbourhood, 12688.
- generalised entropy measure**
regression experiment, linear regression, entropy measure, Bayesian context, 03917.
- generalised extreme value distribution**
generalised Pareto distribution, Wakeby distribution, flood frequency analysis, frequency distribution, Australia; 01926.
- generalised inverse method**
tropical cyclone motion, initialisation scheme, cyclone, prediction, barotropic model, 01013.
- generalised least squares**
streamflow, hydrological network, network design, comparative study, WMO, New Zealand, North Island; South Island, Nelson; 00646.
- generalised map**
hypermap, three dimensional modeler, 10075.
- generalised Pareto distribution**
Bayesian theory, extreme event, precipitation assessment, partial duration series, Denmark; 08281. estimation method, least squares method, probability weighted moments, method of moments, maximum likelihood method, 05649. Wakeby distribution, flood frequency analysis, frequency distribution, generalised extreme value distribution, Australia; 01926.
- generalised probability kriging**
multi Gaussian kriging, indicator cokriging, real data estimation, simulated data, disjunctive kriging, 00058.
- genesis**
cover sediment, frost weathering, Younger Dryas, periglacial conditions, lithology, Germany, (East); 07928.
- genesis potential**
cyclone, tropical cyclone, Pacific; 12455.
- genetic algorithm**
chemical mass balance, receptor model, source apportionment, 03626. groundwater pollution, hydraulic containment, 12916.
- genetic factor**
proglacial valley facies, palaeohydraulic analysis, lithofacies, sedimentology, Poland, Silesian Upland; 05304.
- genetic factors**
sedimentology, lithofacies complex, proglacial facies, palaeohydraulic analysis, proglacial valley, Poland, Silesian Upland; 00241.
- genetic toxicity**
acute toxicity, toxicity, landfill leachate, groundwater contamination, 05802.
- Geneva hydrocarbon protocol**
economic analysis, tropospheric ozone regulation, photochemical, air pollution, Belgium; 02576.
- GENIE Project**
environmental spatial data, GIS, 08903.
- genotoxicity**
fish, PAH, PCB, DNA, bioassay, North America, Great Lakes, Detroit River; St. Clair River; 01746.
- Gentilly Till**
Becancour Till, Rosholt U-trend model, TL dating, U-Th disequilibrium, Pleistocene, Canada, Quebec, St. Lawrence Lowlands; 06545.
- geo referenced data**
environmental GIS, bintree, parallel processing, four dimensional, 13969.
- geochronology**
geochronology, playa basin, Clovis point, mammoth, loess, USA, Texas, High Plains, Miami Site; 10466. scale, archaeology, geoscience, 05140.
- geobotanical anomaly**
mineral exploration, spectral reflectance, spectroscopy, gold placer, USA, Utah, La Sal Mountains; 02467.
- geobotanical program**
rule based classification, granite/greenstone terrain, spatial context, Canada, Ontario, Quetico Provincial Park; 03792.
- geobotanics**
cartographic representation, soil pollution, cadastre, Germany, Rheinland-Pfalz; 01197.
- geocell mattress foundation**
alluvial plain, embankment stability, road embankment, soft clay, Hong Kong; 05246.
- geocentric**
ellipsoid, GPS, transformation, 02396.
- geocentric system**
datum, geodetic infrastructure, Australia; 10065.
- geochemical analysis**
planetary surface, planetary exploration, 08879. snow, discriminant analysis, statistical method, multiple element analysis, UK, Scotland, Highland; 05070. trophic state, productivity, palaeolimnology, Holocene, diatom analysis, Sweden, Lake Sambosjon; 02808.
- geochemical anomaly**
SAR, stream sediment geochemistry, fracture zone, magnetic discontinuity, Canada, Quebec, Gaspe Peninsula; 03769.
- geochemical behaviour**
tidal zone soil, remobilisation, transuranic element, terrestrial environment, fuel reprocessing plant, Irish Sea; 02611.
- geochemical control**
runoff water chemistry, snowmelt, cation exchange, hydrological control, surface water chemistry, USA, California, Sierra Nevada, Emerald Lake; 04476.
- geochemical cycle**
atmosphere, recycling process, carbon, nitrogen, degassed mantle, 00031. ocean GCM, preindustrial tracer, carbon cycling, 05095.
- geochemical data**
monsoon, Quaternary (late), palaeoceanography, micropalaeontology, Arabian Sea; Oman; 13042.
- geochemical environment**
calcimagnesian soil, weathering, brunified soil, France, Jura; 03104.
- geochemical erosion**
stream discharge, conductivity/discharge relationship, discharge estimation, hydrological cycle, electrical conductivity, 09572.
- geochemical evolution**
confined aquifer, ion exchange, sulphate reduction, calcite precipitation, groundwater chemistry, USA, Florida, Upper Floridan Aquifer; 13609. groundwater circulation, lacustrine brine, lake evaporation, surface water-groundwater interaction, lake water chemistry, USA, Montana; North Dakota; 14669. salinity, meromixis, palaeoclimate, Holocene, USA, South Dakota, Medicine Lake; 14288.

geochemical fractionation

ocean/atmosphere transfer, sea salt, precipitation chemistry, mass transfer, 00618.

geochemical investigation

groundwater chemistry, total dissolved solids, chlorine, calcium, India, West Bengal, Bankura District, Gangajal-Ghati; 02075. micropalaeontology, hydrographic change, Holocene, transgression, North Sea, Kattegat; 07905.

geochemical mapping

landscape, global map, 08880. sampling technique, airborne gamma ray spectrometry, 11503. sediment pollution, sludge, pollution, heavy metal, Baltic Sea; Poland, Gdansk Harbour; 12016.

geochemical model

particle tracking model, solute transport, dissolution/precipitation, groundwater transport, 04530. reaction path, gibbsite, kaolinite, microcline, weathering, 14138. runoff water quality, acidification, buffering capacity, catchment characteristics, spatial variability, 12268.

geochemical modelling

Brent Sandstone, porosity, reservoir, diagenesis, Jurassic, water-rock interaction, North Sea, East Shetland Basin, Alwyn South; 06777. dolomitization, sulphate, dissolution, 14357.

geochemical prediction

sandy soil, Luvisol, mineralogy, Canada, Alberta; 13361.

geochemical process

acid mine drainage, streamwater chemistry, calcite dissolution, carbonate terrain, USA, Tennessee; 00712. dissolution, precipitation, groundwater chemistry, France, Paris Basin, Dogger Aquifer; 05817.

geochemical response

ocean, tectonic forcing, strontium, climate forcing, 02636.

geochemical study

aerosol, arsenic, heavy metal, Russian Federation, Chimkent; 08718. heavy metal, river regulation, contaminant migration, hydropower, runoff water quality, wastewater treatment, 05727.

geochemical survey

environmental impact, GIS, geophysical data, 08742. hydrogeochemistry, streamwater chemistry, UK, Wales; 13496.

geochemical system

Oligocene/Miocene, clay mineral, megatoposequence, Permian, Variscan belt, Ecuador, Andes; 06470.

geochemical tracer

Permian, evaporite, red bed, brine, USA, Texas, Palo Duro Basin; 00382.

geochemical transport model

potassium, cation exchange, sandy aquifer, solute transport, field experiment, 00789. potassium, sodium, sandy aquifer, solute transport, cation exchange, 00788.

geochemical weathering

salt lake, meteoric water, evaporation, isotope study, India, Thar Desert; 08356. till, weathering index, postglacial, Canada, Quebec, Gaspésie; 09032.

geochemistry

abyssal plain, volcanic ash, trace element, porewater, Pacific, ODP Leg 136; 09309. anoxia, sapropel, black shale, bottom water, seafloor, 01723. atmospheric input, loess, monsoon, aeolian dust, Quaternary (late), China, Loess Plateau; 09188. basin, Triassic, diagenesis, Ladinian, carbonate, microfacies, Slovakia, Central Western Carpathians; 01623. biogeochemistry, tropical forest, forest ecosystem, nutrient cycle, China, Hainan Island, Jianfengling; 01314. calcite cement, Oseberg Formation, Jurassic, Brent Group, sandstone, Norway, Veslefrikk Field; 14378. Camp de Gibraltar Unit, kaolinite, illite, smectite, trace element, Spain, Betic Cordillera, Campo de Gibraltar; 04223. chloride, nitrate, representative catchment, catchment size, 06994. clay mineral, ferromanganese nodule, nodule, Indian Ocean, Carlsberg Ridge; 00431. correlation, glacial diamicton, section R47, Quaternary, stratigraphy, Canada, Ontario, Rouge River; 02790. deposition, dust, Sahara; Africa, (West); 07369. element concentration, trace element, cadmium, molybdenum, selenium, parent material, Korea (South), Deog-Pyung; 04310. element distribution, leached element, oxyphilic element, sulphuric element, China, Liaoning Province; Liaohe River Plain; 03059. element mobility, calcareous soil, fluorine, molybdenum, selenium, 01867. element, nodule, manganese, CCD, productivity, Pacific, Aitutaki-Jarvis Transect; 10659. environmental impact, geochemical, Chernobyl nuclear accident, radionuclide fallout, pollution, Byelorussia; 02617. fractionation, Oxford Clay Formation, mudrock, Peterborough Member, Jurassic, UK, England; 06722. freshwater input, atmospheric input, trace metal, dissolved metal, particulate, Atlantic, English Channel, Dover Strait; 11622. geophysics, geomorphology, landscape synthesis, physical geography, Estonia; 12971. GIS, pattern interpretation, coal, Canada, Bullmoose; 12768. global cycle, chemical weathering, rate law, weathering rate, 12912. heavy metal, copper, zinc, lead, 06852. hydrogeochemical transport, aquifer remediation, computer modelling, groundwater chemistry, groundwater pollution, 00773. hydrology, peatland, global change, palaeorecord, 00215. interstitial water, strontium, oxygen, carbon, methanogenesis, Australia, Queensland Continental Margin; 09328. lake sediment, trace element, mining, metal, USA, Idaho, Lake Cocur d'Alene; 04288. lake water chemistry, major ion chemistry, salinity, surface water quality, Namibia, Namib Desert; South Africa; 09675. loess, instrument neutron activation analysis, element concentration, China; 04309. manganese nodule, hydrothermal process, metal, deep sea sediment, ooze, Pacific, Clarion Isand; Mexico; 03010. marine mud, mudstone, carbon, sulphur, iron, organic matter, 01676. metal, electron microprobe, X-ray microanalysis, anoxic sediment, Baltic Sea; 00340. mine waste material, soil pollution, arsenic, antimony, bismuth, UK, England; 04304. mineralogy, lake sediment, carbonate, organic matter, classification, USA, Minnesota; 02930. mineralogy, marine sediment, abyssal plain, source, Indian Ocean; 10602. multivariate statistics, soil pollution, organic carbon, element concentration, heavy metal, Germany, Berlin, Schoneweide; 05622. organic matter, oxygen minimum zone, continental margin, Pleistocene, USA, California; Pacific; 10460. parent material, REE, trace element, Russian Federation, Volga Upland; 05508. particulate organic carbon, dissolved inorganic carbon, isotope ratio, riverine organic detritus, carbon isotope, Venezuela, Orinoco Basin; 00043. pH, dissolved oxygen, forestry, phosphorus loading, water quality monitoring, USA, Oregon, Tualatin River; 07110. rare earth element, white clay soil, trace element, China, Heilongjiang, Three River

Plain; 06808. REE, climate, mineralization, heavy metal, pollution, China, Zhunjiang River; Changjiang River; China, Huanghe River; 05467. resinite, diagenesis, hydrocarbon, 10617. saline lake, salt crust, salar, Bolivia, Altiplano, Uyuni; Coipasa; 11906. sedimentology, pelagic clay, biogenic deposit, siliceous deposit, Pacific, (West); 01672. sepiolite, palygorskite, isotope, clay mineral, REE, Spain; 09303. siliciclastic, carbonate, calcite, aragonite, mineralogy, Australia, Tasmania, King Island; 06763. Skonun Formation, Cainozoic, tectonics, volcanism, plate motion, Canada, British Columbia, Queen Charlotte Islands; 02694. soil mapping, environmental contamination, Poland, Warsaw; 03169. soil pollution, clay mineral, element concentration, metal, urban soil, particle size analysis, India, Bombay; 06912. surface sediment, anoxia, water depth, oxygen, Sulu Sea; South China Sea; 02934. surface water chemistry, sediment transport, erosion, river water chemistry, atmospheric dust, Guinea, Fouta Djallon; 05732. thermomineral water, carbon dioxide contamination, groundwater contamination, Spain, Murcia, Alto Guadalentin Aquifer; 09716. trace element, citrus tree, rare earth element, USA, Florida; 06805. trace element, soil texture, element concentration, Poland; 01773. trace metal, weathering, pollution, manganese, Turkey, Sea of Marmara; 14392. tropical lowland basin, diatom, environmental change, sediment deposition, Ecuador, Laloki River, Waigani Lake; Papua New Guinea; 11807. uranium, thorium, element concentration, China; 06807. varved sediment, prairie, Holocene, environmental change, mineralogy, USA, Minnesota, Elk Lake; 02960. vegetation change, soil development, Quaternary, pollen, USA, Alaska, Wien Lake; 06572. Weichselian, fluvial dynamics, chronology, terrace sediment, France, Massif Central, Limagne, Allier Basin; 07911.

geochronology

archaeological excavation, Anglian stage, Palaeolithic, UK, England, Suffolk, Barnham, East Farm; 14255. Bolling, Older Dryas, Allerød, Younger Dryas, Holocene, Byelorussia, Polessie Lowland; 10514. carbonate, lead isotope, uranium/lead dating, 14309. continental shelf, Lakesburg marine event, Svartenhuk marine event, Quaternary, stratigraphy, Greenland, West Greenland; 14238. dating method, nuclear dating method, cosmogenic nuclide, rock varnish, surface exposure dating, 01343. playa basin, Clovis point, mammoth, loess, geoarchaeology, USA, Texas, High Plains, Miami Site; 10466. Pleistocene/Holocene, shell dating, uranium series dating, organic date, Russian Federation; 11780. Pleistocene, Holocene, radiocarbon dating, Russian Federation, Ufa; 10434. Pleistocene, permafrost, Russian Federation, Siberia, Yakutia; 10528. Quaternary, fluvial terrace, ESR dating, magnetostratigraphy, uranium series dating, France, Somme Basin; 10479. Quaternary, loess, aminostratigraphy, Peoria Loess, Roxana Silt, USA, Arkansas, Wittsburg Quarry; Tennessee, Memphis, Old River; 13027. sediment focusing, Pb-210, acidification, seepage, radionuclide, USA, (Eastern); 10684. sedimentation rate, lead-210, caesium-137, data reliability, Switzerland; 06539. vegetation, climate change, glacial deposit, Ukraine, Carpathian Mountains; 10525. vegetation, climate, Kirgilyakh, Kargin Interval, Holocene, Russian Federation, Siberia; 10433.

geocoded imagery

radar, GIS, DEM creation, 08745.

geocoding

AVHRR, sea ice, ice drift, Canada, Newfoundland; 03819.

geocryogenic process

Little Ice Age, periglacial phenomena, permafrost, rock glacier, Mexico; 11854.

geocryological engineering

weathering crust, granulometric composition, cryogenic texture, solifluction, Russian Federation, Siberia, Yakutia, Turku Mountain; Mount Churpunn'ya; 10526.

geocryology

permafrost, bibliography, ground ice, frozen soil, 01546.

geocumulative index

reservoir water quality, enrichment coefficient, nickel pollution, Poland, Goczałkowice Reservoir; 13557.

geodata

land ownership, GIS, Germany, Bavaria; 05026.

geodemographic dataset

marketing, 08966.

geodemographics

GIS, zoning system, socio/economic data, Europe; 15252.

geodesy

astronomy, celestial departure point, terrestrial departure point, 15072. cartography, Slovenia; 04913. correlation analysis, 12676. crustal movement, neotectonic activity, strike/slip fault, movement rate, Turkey; 10402. differential geodesy, Bruns curvature, 02394. displacement vector, crustal movement, Japan; 12679. Earth environmental study, tidal measurement, gravity measurement, satellite altimetry, 10282. earthquake, network, three dimensional, GPS, Italy, Friuli; 12785. EUREF, terrestrial reference system, WGS84, VLBI, 08761. first order triangulation, Albania; 08772. geodynamics, gravity model, Wettzell, 04889. geophysics, geoid, 04866. GIS, mapping, Indonesia; 04915. GPS, aerial photogrammetry, large scale mapping, photogrammetry, 10062. GPS, receiver, antenna, 04865. GPS, surveying, 02386. gravimetry, satellite, Germany, Potsdam; 04850. gravitational modelling, DORIS, tracking system, SPOT 2, radiometry, 12673. industry, geometrical basis, 05031. inverse function, coordinate transformation, 04864. navigation, inverse geodetic problem, navigation, 10066. net adjustment, Minimax, parameter estimation, 04857. post processing method, global reference frame, GPS orbit determination, interferometry, 11393. tectonics, GPS, survey, Nepal; 10174. terrestrial reference system, reference frame, velocity field, deformation, 04863. terrestrial reference, GPS, Europe; 04852.

geodetic

telecommunication, engineering geodesy, Spain, Catalonia, Barcelona; 04849.

geodetic activity

aerial photography, topographic mapping, 08825. levelling, network, tide gauge, Australia, South Australia, Port Stanvac; Thevenard; 04858.

geodetic astronomy

levelling network, geodetic network, triangulation network, Italy; 03675.

geodetic coordinate

datum, 06166.

- geodetic data**
displacement vector, geodetic network adjustment, horizontal strain, crustal movement, 07540. Holocene, slip rate, Garlock Fault, offset, USA, California, Searles Valley; 02695.
- geodetic framework**
land information, land survey, USA; 06341.
- geodetic infrastructure**
geocentric system, datum, Australia; 10065.
- geodetic levelling**
heighting, levelling, UK; 15070.
- geodetic measurement**
crustal deformation, GPS, VLBI, USA, California; 12757.
- geodetic method**
GPS, navigation, precision positioning, 07462.
- geodetic model**
map projection, three dimensional, 06204.
- geodetic monument**
VLBI, atmospheric pressure loading, 13932.
- geodetic network**
adjustment, 06135. adjustment, 12678. atmospheric model, Turkey, Taskesti; 06221. criterion matrix design, multi objective optimal model, 08775. crustal deformation, GPS, USA, California; 12756. data integration, DEM, DTM, monitoring, global change, photogrammetry, surveying, GPS, 04823. GPS, 02392. precision, reliability, 13935. primary control network, GPS station selection, 11387. triangulation network, geodetic astronomy, levelling network, Italy; 03675. climate change, 03404.
- geographic information**
coastal pollution, pollution, oil spill, 15192. database, model system, digital cartography data, 04895. digital library, national information infrastructure, 13977. Eurostat, 08738. freedom of information, information access, privacy, 11580. GIS, perception, geography, mapping, UK; 01157. land, property, property gazetteer, 01280. quality management, standard, transfer standard, 04893. standard, GIS, USA; 10113.
- geographic information processing**
visualisation, digital soil map, data quality, 11430.
- geographic information retrieval**
GIS, urban management, textual data, 07492.
- geographic information theory**
fractal, fractal dimension, landscape, spatial resolution, 07736.
- geographic name**
GNIS, place name, 10132. name data, data management, 06206.
- geographical**
database management system, object orientation, temporal GIS, GIS, 08789.
- geographical analysis**
terrestrial process research, earth system, global change, USA; 00077.
- geographical approach**
ecological standardisation, landscape dynamics, 05103.
- geographical cycle**
lithodynamic flow, topographical succession, cyclicity principle, 09026.
- geographical data**
parallax displacement, synthetic stereo, three dimensional data, stereo display, 11429.
- geographical data format**
European digital road map, car information systems, 08824.
- geographical data processing**
engineering surveyor, education, GIS, 08933.
- geographical database**
database technology, spatial access, relational database, 11426. mathematical model, error, statistical modelling, GIS, 01139. soil erosion risk, runoff, spatial integration unit, France, Nord-Pas-de-Calais; 08234.
- geographical dataset**
EOS, global change research programme, 13896.
- geographical distribution**
aerosol, optical thickness, seasonal variability, Arctic; 07371. soil carbon, carbon, biomass carbon, tropical forest, Asia, (Tropical); 10331.
- geographical extent**
Younger Dryas, rock magnetic evidence, lacustrine optimum, arid event, AMS dating, Kenya, Lake Magadi; 00208.
- geographical modelling**
complex monitoring, environmental monitoring, ecological engineering, 10342.
- geographical name**
place name, GIS, toponym, GIS, Slovenia; 04902.
- geographical research**
cartogram, 08817.
- geographical theory**
artificial intelligence, exploratory data analysis, parallel computing, spatial process modelling, 13971.
- geographical tradition**
geography, digital technology, Czechoslovakia; 08744.
- geographical zonality**
interglacial vegetation, palaeobotanical map, global warming, Mikulinian interglacial, Russian Federation; 06374.
- geography**
cartography, agriculture, landscape, epidemiology, 12716. climate change, 01019. climatology, 08486. digital technology, geographical tradition, Czechoslovakia; 08744. education, computer assisted learning, 15085. landscape, multivariate problem, parameter minimisation, Hungary; 07712. mapping, geographic information, GIS, perception, UK; 01157. reference model, model, standardisation, 03929. teaching, map, communication, 10130. teaching, topography, Italy; 04911.
- geography teaching**
coastline, textbook, physical typology, 01362.
- geography textbook**
ecology, landform, man, natural environment, 03855.
- geogrid**
bearing capacity, sand, clay, reinforcement, foundation engineering, 12989.
- geogrid reinforcement**
laboratory model, square foundation, cyclic loading, settlement, 01425. reinforced sand, shallow foundation, bearing capacity, foundation, 05220.
- geohistory**
methodology, philosophy, physical geography, India, Himalayas; China, Tibetan Plateau; 06370.
- geohydraulics**
hydraulic conductivity index, transmissivity index, leakage index, resistivity sounding, groundwater exploration, Croatia; 13574.
- geohydrological unit**
groundwater resource, coastal aquifer, aquifer map, groundwater flow, USA, (South); 04505.
- geohydrology**
brine migration, groundwater flow, ore formation, lead/zinc ore, groundwater origin, USA; 07080. hydraulic conductivity, groundwater flow, artificial neural network, neural kriging, aquifer property, 14721. morphostructure, groundwater resource, groundwater evolution, Russian Federation, Amurskaya, Zeya-Bureya Basin; 13602.
- geoid**
geodesy, geophysics, 04866. geopotential model, gravity anomaly, GPS, 01098. geopotential, gravity anomaly, Hungary; 13930. GPS, gravity survey, 12682. gradiometric geoid, 04867. gravitational, 02393. rotation, sea level, viscoelastic mantle, rheology, density anomaly, 04111. tide gauge, height datum, levelling, GPS height, Australia; 11395.

geoid computation

GPS height, European geoid, Europe; 07446. gravity data, geoid modelling, sea surface topography, GPS, satellite altimetry, 07447. terrain data, gravity field modelling, 03674.

geoid cross-track slope

orbit cycle, mean sea surface, altimetric sampling, 07429.

geoid data

Geosat altimeter, mid ocean ridge, ridge segmentation, Atlantic; Pacific; 07545.

geoid determination

geopotential model, gravimetry, GPS, vertical deflection, 13929.

geoid difference

isostatic equilibrium, geoid undulation, gravity anomaly, Japan, Kinki District; 07448.

geoid ellipsoid

height, GPS, Australia; 10063.

geoid height

crustal extension, plate motion, GPS network, geodynamics, Japan, Tokai; Izu Peninsula; Japan, Hokkaido; Japan, Kinki; Japan, Suruga Bay; 01099. GPS, Chebyshev approximation, Hungary; 13931. levelling, GPS positioning, continental crust, France, Alpes-Maritimes; 08773. mantle, geoid/topography ratio, topography, Venus; 11698. network adjustment, satellite geodesy, GPS, 03671. network, 06167. spherical harmonic model, geopotential model, 01100.

geoid modelling

sea surface topography, GPS, satellite altimetry, geoid computation, gravity data, 07447.

geoid representation

Earth gravity model, geoid undulation, gravity model, satellite orbit computation, 07450.

geoid/topography ratio

topography, geoid height, mantle, Venus; 11698.

geoid undulation

gravity anomaly, geoid difference, isostatic equilibrium, Japan, Kinki District; 07448. gravity model, satellite orbit computation, geoid representation, Earth gravity model, 07450. high precision geoid, geopotential model, WGS84, GRS80, gravity anomaly, Taiwan; 01101.

geolgy

crater, scaling, impact process, morphology, 05210.

geolinguistics

language mapping, cartographic representation, Hungary; South Africa; 11458.

geolipid

biomarker, organic matter, diagenesis, lake sediment, USA, Maine, Coburn Mountain Pond; 09315.

geolocation system

offshore weather data, data telemetry, ocean, fleet tracking, marine animal, 07440.

geologic

hazard mitigation, GIS, flood, mass movement, Bangladesh; Asia, Andes; 15128.

geological control

coastal morphology, coastal landform, weathering, UK, England, Dorset, Isle of Purbeck; 05158. flysch, downcutting, headward erosion, waterfall type, Poland, Outer Carpathians; 11656.

geological data

geotechnical data, open pit mine, GIS, 02469.

geological dependance

house construction, soil gas, indoor radon, radon, India, Uttar Pradesh, Doon Valley; Dehradun; 08978.

geological evidence

dune form, yardang, windblown tree, Flandrian, palaeowind, UK, England; USA; 05313.

geological hazard

GIS, tectonic activity, Africa; 03735. hazard mapping, Landsat, radar imagery, volcanic risk evaluation, Colombia, Andes, Cordillera Central, Magdalena Valley; 11500. remote sensing, spectral geology, stratigraphic analysis, 03734.

geological history

geomorphological map, physical geography research, tectonics, Czech Republic, Bohemian Massif, Kokorinsko National Monument; 06472. lithofacies, glacioteonics, glacier advance, kinetostratigraphic unit, Norway, Finnmarksvidda, Vuolgamasjakkja; 14276. seismic survey, erosion, Quaternary, fjord, rift, Greenland, East Greenland, Scoresby Sund, Jameson Land Basin; 11905.

geological interpretation

lineament, subsidence, coal field, India, Bihar, Jharia; 03756.

geological lineament

Hough transform, extraction, linear element, 02481.

geological map

aeromagnetic survey, radiometry, Uganda; 04962. economic development, Earth science information, waste disposal, USA, Virginia, Loudoun County; 07512. landform, LANDSAT, India, Andhra Pradesh, Chittoor; 08858. lineament, tectonic map, fault zone, Greece, Kalamata; 03771. morphometric approach, base level maps, uplift, structural control, USA, Utah, Bear River Range; 07772. multimodel photogrammetry, photogrammetry, structural analysis, Greenland; India; 01094. SAR, brittle tectonics, Canada, Northwest Territories, Yellowknife; 07547. soil development, lava flow, vegetation community, Kenya, Menengai Caldera; 01189.

geological mapping

airborne gamma ray spectrometer, bedrock geology, 03738. geological structure, constrained optimization, 03765. geological substratum, superficial formation, France; 14005. image processing, lithological unit, Saudi Arabia, Al Madinah; 11501. nickel exploration, gold, granite/greenstone terrain, South Africa, Transvaal, Murchison Range; Sutherland ranges; 08865. periglacial deposit, remote sensing, stereoscopy, France, Massif Central, Velay; 08864. spectral analysis, hydrosilicate mineral, Landsat TM, mineral exploration, Australia, Queensland; Egypt, Sinai; 03746. structural analysis, thermal metamorphism, dynamic metamorphism, Spain, Iberian Hesperian Massif; 03748. structural geology, oblique extension, SPOT,

composite imagery, Landsat TM, Kenya, East African Rift, Gregory Rift; 02482. TM, mineralized zone, Jordan, Wadi Araba, Jabal Hamra Faddan; 15135.

geological methane

clathrate, natural gas, postglacial carbon dioxide, hydrocarbon pump, 02584.

geological model

plate motion, plate boundary zone, GPS, Djibouti; 07538.

geological problem

infrastructure, urban geology, foundation engineering, Europe; 12935.

geological process

artifact density, site size, scale, Quaternary geology, landscape, USA, Texas; New Mexico; 05141. gravel bed river, bedload transport, fractal pattern, time series, 09001.

geological record

sea level change, greenhouse gas, global temperature rise, 02814.

geological reservoir modelling

aquifer, finite element code, subsidence, LAGAMINE model, 01335.

geological risk

built-up area, mass movement, land use planning, landslide, Italy, Venice; 07814.

geological spatial analysis

seismic foci, digital elevation model, lineament, river valley, USA, Washington, Nisqually River; 03764.

geological structure

constrained optimization, geological mapping, 03765. drainage system, landform, geomorphology, Namibia; 05186. fault, digital elevation model, 03767. glacial topography, morphogenesis, Russian Federation, Bureinskiy Highlands; 05312. Landsat TM, unsharp masking, bedrock mapping, spectral enhancement, Saudi Arabia; 03780. low angle illumination, geomorphology, UK, Northern Ireland; 06231. MAGSAT, surface geophysical data, India; 04956. relief development, geomorphology, soil, physical geography, Hungary, Bukk Mountains; 02688. satellite, coalfield, TM, UK, England, Leicestershire; 02468. strike/slip fault, crustal displacement, GPS, Italy, Calabria, Pollino Chain; 06234.

geological substratum

superficial formation, geological mapping, France; 14005.

geological survey

glacial sediment, drift composition, size sorting, crushing process, glacial dispersal, Canada; 00234. monitoring programme, environmental change, climate change, Arctic, global change, Canada; 05060. Pleistocene, mapping, USA, Wisconsin; 01188.

Geological Survey of Finland

monitoring method, pollutant, seminar, environmental research, Finland; 10275.

geology

airborne radar, SAR, ERS-1, depression angle, 03654. airborne, spaceborne, remote sensing, 04955. cloud shadow, enhancement, ATM data, 02457. cost/benefit, satellite imagery, Italy, Sicily, Mount Etna; 10176. deformation, seafloor, wide swath image, GLORIA, hot spot mantle diapirism, Pacific, Tonga Trench; Western Samoa; 00192. field data, TM, desert, Egypt, Sahara, Selima Sand Sheet, Salsaf; 06238. geomorphological research, Cameroon; 05185. geomorphology, mountain, granite, planation surface, peneplanation, Hungary, Velence Mountains; 05184. geomorphology, planation surface, landform, Germany, Ruhr; 07775. GIS, computing, South Africa, Cape Town; 04896. hydrology, Trinidad & Tobago; USA; 06945. photographic atlas, mineral resource, geomorphology, plate tectonics, China, Tibet; Qinghai-Xizang Plateau; 07535. Popperian credential, history, Kuhnian model, Earth science revolution, 03942. radiometry, image integration, gamma ray, uranium exploration, China, Liaoning Province, Lian Shanguan; 02495. radon, 12860. remote sensing, Greece; 15043. SAR, volcanic area, polarimetry, mapping, Italy, Campania, Vesuvius; 02464. spectral information, TM, SPOT, 04951.

geomacromolecule

degradation, methylthioether, methyl iodide, sulphur, 02938. desulphurisation, nickel boride, sulphur, 02868.

geomagnetic activity

lower thermosphere, nitric oxide, 07521. upper atmosphere, UARS, nitric oxide, atmospheric radiance, 07522.

geomagnetic chronology

Vostok ice core, beryllium-10, ice accumulation, Antarctica, Vostok; 10426.

geomagnetic excursion

Mono Lake Excursion, overprinting, magnetic remanence, lake sediment, USA, California, Mono Lake; 07827.

geomagnetic field

data, Japan; 04868. dipole fluctuation, geomagnetic moment variability, cosmogenic isotope production, France, Massif Central, Lac du Bouchet; 00157.

geomagnetic moment variability

cosmogenic isotope production, geomagnetic field, dipole fluctuation, France, Massif Central, Lac du Bouchet; 00157.

geomagnetic storm

UARS, electron energy, particle environment monitor, ionisation, energetic electron, 07526. UARS, ionisation, 07525.

geomatics

information technology, data sharing, Canada; 04820. methodology, environmental application, visualisation, spatial rendering, Canada, Alberta, Calgary; 13991.

geomechanical characteristic

instability, coastal cliff, Castro Limestone, calcarenite, toppling, Italy, Puglia, Porto Miggiano; 05241.

geomechanics

rock mechanics, soil mechanics, soft rock technology, 09097.

geometric

GPS, network, blunder, USA, Maine, Orange Gounty; 12681.

geometric accuracy

reliability, aerial photography, photointerpretation, 02384.

geometric calibration

video frame scanner, video monocomparator, 11366.

- geometric correction**
airborne scanner imagery, triangulated feature, feature point matching, 08783. filter design technique, deblurring, image resampling, 07487.
- geometric dilation of precision**
GPS, 11385.
- geometric parameter**
ellipse in space, automatic image processing, 13956.
- geometric representation**
digital photogrammetry, CAD/CAM, digital surface model, digital image matching, 07445.
- geometrical accuracy**
interpretability, satellite image map, cartographic application, topographic map, 11462.
- geometrical property**
optical property, troposphere, cloud, lidar, Antarctica, Dumont d'Urville; 04927.
- geometrical registration**
multiresolution decomposition, wavelet transform, 01093.
- geometrical simulation**
coastal cliff, Liassic strata, instability, numerical modelling, failure surface, UK, Wales, Glamorgan; 06517.
- geometrical transformation**
spatial curves, two dimensional, 12690.
- geometry**
bed topography, meltwater quality, glacier hydrology, subglacial drainage, dye tracing, Switzerland, Haut Glacier d'Arolla; 02836. construction material, street climate, urban climate, numerical model, 09832. distance problem, 04872. ejecta blanket, spatial analysis, impact crater, Viking Orbiter image, Mars, Hesperia Planum; 01405. radiometry, cartography, SPOT, panchromatic data, 02370. urban data, Netherlands, Apeldoorn; 05030.
- geomorphic history**
landform, rejuvenation, gypsum, Oswater Conglomerate Formation, warping, Namibia, Koigab River; 06473.
- geomorphic process**
red ash, dendrochronology, *Fraxinus pennsylvanica*, climate variability, flood, Canada, Quebec, St. Lawrence Estuary; 05147.
- geomorphic status**
knickpoint geometry, slope reforestation, gully reclamation, erosion control measure, USA, Tennessee, Memphis, Meeman-Shelby State Park; 06451.
- geomorphodynamics**
anthropogenic activity, vegetation removal, Holocene, fluvicolluvial sediment, Nigeria, Gongola Basin; 00246. high mountain, mass movement, solifluction, fluvial dynamics, Switzerland, Alps; Chile; 09061.
- geomorphological analysis**
developing country, Asia, (South); Africa, (Southern); South America; 13438. metamorphic rock, airborne SAR, SIR-B, 03781.
- geomorphological control**
electromagnetic profile, salinisation, streamwater quality, groundwater discharge, Australia, Western Australia; 14749.
- geomorphological development**
axial range, ignimbrite volcanism, Taupo volcanic zone, backarc spreading, New Zealand, North Island; 10406. sea level, coral reef, fringing reef, Japan, Ryukyu Arc, Yoron Island; 14159.
- geomorphological effect**
flood, fluvial fan, fanhead trench, scour pool, slope threshold, Australia, New South Wales, Sydney; 10371. ice sheet, Pomeranian Phase, ice tongue, meltwater outflow, glacial surge, Poland, Vistula Region; 07896.
- geomorphological evolution**
coastal dune, vegetation, soil, landform, Quaternary, Australia, Queensland, Shoalwater Bay; 00132. cone, channel incision, volcano, lava flow, Mexico, Paricutin; 09051. dating, palaeomorphology, volcanism, 03975. high latitude, denudation rate, erosion rate, slush avalanche, rhythm, 05174. ignimbrite plateau, oxygen isotope stage, tephrochronology, New Zealand, North Island, Mamaku Plateau; 11778. landscape development, denudation rate, escarpment, numerical experiment, Africa, Great Escarpment; Kalahari; 14165. mass movement, rainfall, landslide, Italy, Basilicata, Castronuovo S. Andrea; 05240. salt lake, well section, palaeoclimate, neotectonic activity, India, Rajasthan, Churu District, Talchappar Salt Lake; 05295.
- geomorphological GIS**
GIS, finite element analysis, morphotectonics, China, Ordos; 11490.
- geomorphological impact**
flood, subalpine river, repeat photography, USA, Montana, Rocky Mountains, Flathead River; 01357. snowmelt, slush stream, meltwater, slush flow, Svalbard, Spitsbergen; 02083.
- geomorphological information systems**
geomorphological mapping, soil erosion, Germany, Bonn; 11488.
- geomorphological map**
bibliography, landform, Belgium, Wallonia; 12968. coastal lagoon, alluvial plain, anthropogenic activity, sedimentation, Italy, Adriatic Sea, Grado Lagoon; 12955. neotectonics, morphostructural criteria, Slovakia; 01382. physical geography research, tectonics, geological history, Czech Republic, Bohemian Massif, Kokorinsko National Monument; 06472. Suna Site, terrace, Holocene, pollen analysis, palaeogeographical change, Japan, Honshu, Osaka Plain; 10393. water level change, reservoir construction, groundwater level, Hungary, Dunakiliti; Szigetkoz; 05262.
- geomorphological mapping**
agrogeological mapping, land use, national atlas, thematic mapping, Hungary; 07511. denudation chronology, morphostructural development, glacial extent, Czech Republic, Moravian Gate; 10497. image interpretation, map compilation, 08818. karst, glacial landform, alpine environment, Austria, Salzburg, Hallein, Salzach Valley; 09064. loess, planation surface, research trend, landscape monograph, Hungary; 05138. morphogenesis, tectonics, closed depression, dune, valley network, Slovakia, Trnavska tabuľa Table; 05182. soil erosion, geomorphological information systems, Germany, Bonn; 11488.
- geomorphological maps**
raster map, urban landform, thematic map, China, Chongqing City; 11489.
- geomorphological model**
hillslope, diffusion model, river profile, passive continental margin, tectonics, USA, Basin and Range Province; 02697.
- geomorphological process**
abrasion, bioerosion, gully, coastal platform, sea level rise, Croatia, Adriatic Sea, Rijeka Bay; 11665. foreshore, giant kelp, beach, rocky shore, New Zealand; Australia, Tasmania; 11964. frost process, frost heave, needle ice, Poland, Sowie Mts; 05332. landform, neotectonics, rockfall, landslide, climate change, Czech Republic, Policka vrchovina Highland; 10391. map compilation, 03714. regolith depth, weathering rate, escarpment spacing, geomorphological survey, Sri Lanka; 00139. space/time structure, catena, 11644. sustainable range management, soil erosion, rehabilitation, monitoring, Kenya, Marsabit District; 01385.
- geomorphological reconnaissance**
river restoration, riparian vegetation, channel stability, UK, England, Leicestershire, Sence River; 10366.
- geomorphological research**
geology, Cameroon; 05185. uplift, Pleistocene, landslide process, Hungary; 07800.
- geomorphological stability**
periglacial denudation, pedimentation, tundra vegetation, patterned ground, cryoturbation, Canada, Yukon, Richardson Mountains; 01552.
- geomorphological study**
fluvial sedimentary environment, palaeochannel, Little Ice Age, Holocene, delta, France, Bouches-du-Rhone, Rhone Delta; 09039.
- geomorphological surface**
manganese accumulation, rock varnish, desert piedmont, varnish development, USA, California, Mojave Desert, Soda Mountains; 06443. soil stratigraphy, calcium carbonate, Durorithid, Haplargid, calcareous soil, USA, California, Mojave Desert; 10764.
- geomorphological survey**
coast, environmental degradation, pollution, subaqueous, Italy, Sicily, Palermo; 05323. geomorphological process, regolith depth, weathering rate, escarpment spacing, Sri Lanka; 00139. planning, environmental protection, engineering, 05128.
- geomorphological threshold**
erodibility, fractal analysis, self organisation, landscape evolution, 14134.
- geomorphological unit hydrograph**
streamflow velocity, flood, runoff generation, velocity estimation, return period, Czech Republic, Jizera Mountains, Jilovsky Brook; 08341.
- geomorphology**
agriculture, glacial landscape, eutrophication, moraine region, geocology, Germany, Vorpommern; 01380. Alpine Fault, Quaternary, structural style, earthquake recurrence interval, plate movement, New Zealand, South Island; 01401. basin analysis, sediment transport, fluvial facies, alluvial stratigraphy, 14314. cartography, coastal process, USA, North Carolina; 02557. climatology, valley, river bench, morphotectonics, 02672. coast, field guide, tectonics, stratification, Spain, Basque Country, Lastur Valley; 12965. coastal sediment, grain size, spatial pattern, beach deposit, aeolian transport, Hawaii, Oahu, Waimanalo Beach; 14344. continental shelf, sea level, bathymetric data, tectonic subsidence, submerged marine terrace, Italy, Sorrento Peninsula; 05324. continental slope, tectonic structure, physiographic feature, echo sounding, India; 01397. deep drilling project, uplift rate, fault scarp topography, fission track analysis, Germany, Bavaria; 01395. delta, prodelta, fluvial sediment, Atalaya Formation, Holocene, Argentina, Parana Delta; Rio de la Plata; 02976. denudation, tropics, Budel's model, climate history, etchplanation, tectonic history, 01344. digital terrain model, morphological unit, photogrammetry, 07549. dune field, loess, alluvial fan, tropical plain, Quaternary, Bolivia, Chaco; Argentina, Chaco; Paraguay, Chaco; 03977. dune, ancient coastline, coastal dune, lagoon, Italy, Friuli-Venezia Giulia, Belvedere-San Marco; 02824. dune, linear dune, wind regime, sand sea, Namibia, Namib Desert; 04162. fault zone, earthquake, natural hazard, neotectonics, China, Dalian; 05207. field guide, hydrography, Spain, Ayuda River, Okina; Sasetta; 12967. field guide, vegetation, Spain, Puro River, Herran; Ribera; 12966. field tunnel system, tunnel erosion, colluvial deposition, caesium-137, Australia, New South Wales, Hunter Valley; 01446. flood deposit, discharge, USA, Arizona, Grand Canyon, Colorado River; 07961. fluvial erosion, caldera rim, hazard, pyroclastic flow, volcanic complex, Mexico, Colima Volcano; 12960. forest, phytocenoses, floodplain, France, Rhine Valley; Erstein, Sommerley Forest; 05416. geological structure, drainage system, landform, Namibia; 05186. geological structure, low angle illumination, UK, Northern Ireland; 06231. GIS, morphometry, landform recognition, 01186. glaciated shelf, Quaternary ice sheet, relief formation, sedimentation, 10529. glacier research, solifluction zone, Allerød, sea level, Older Dryas, Iceland, Tollaskagi, Svafadardalur-Skiodatur; 07780. global environmental change, sea level rise, coral reef, landform response, anthropogenic impact, 01449. global warming, environmental change, UK; 03941. hazard, environmental impact assessment, 11639. Holocene, sea level, coast, sea cave, India, Andhra Pradesh, Visakhapatnam Coast; 06608. humid tropics, tropical landform, rainforest, flood, 01375. hydrogeology, karst geochemistry, groundwater tracing, remote sensing, 00745. hydrology, cave, hardness, solutional denudation, karst hydrology, USA, Tennessee, Cumberland Plateau, Upper Sinking Cove; 02683. hyperarid area, hamada desert, fluvial erosion, palaeoclimate, landscape evolution, Egypt, Western Desert; 09056. landform, morphodynamics, environment, spatial dimension, physical geography, 06441. landscape synthesis, physical geography, 11645. landscape synthesis, physical geography, geochemistry, geophysics, Estonia; 12971. magnitude-frequency analysis, sediment transport, effective discharge, USA; 07954. mapping, landslide, coastal development, UK, England, Dorset; India, Himalayas; Arabian Gulf; 10356. model, drainage basin, morphometric parameter, 06440. morphological structure, cliff, fossil beach, Holocene, Spain, Bidasoa Estuary, Jaizbel; 12954. mountain, granite, planation surface, peneplanation, geology, Hungary, Velence Mountains; 05184. neotectonic activity, megafan, soil development, sedimentation rate, India, Ganges Plain, Gandak Megafan; 10403. neotectonic elevation, terrace system, valley cutting, Czech Republic, Doupov Mountains, Ohre River; 05150. neotectonics, planation surface, uplift, piedmont, Italy, Apennines, Umbria; 07789. oasis, radio-carbon date, planation surface, Quaternary, hyperaridity, Egypt, Western Desert, Dakhla Oasis; 13052. pedological investigation, fluvial form, rainforest, savanna climate, palaeoenvironmental condition, Zaire; 02027. pedology, landform, soil, palaeoenvironment, 01338. philosophy, scientific method, realism, 11641. planation surface, landform, geology, Germany,

- Ruhr; 07775. plate tectonics, geology, photographic atlas, mineral resource, China, Tibet; Qinghai-Xizang Plateau; 07535. push moraine, glacial geomorphological process, melting rate, photogrammetry, Canada, Ellesmere Island; Svalbard, Spitsbergen; 01519. Quaternary, landform history, desert, India, Rajasthan, Thar Desert; 02680. radar data, Slovakia, Carpathians; 14007. range front, residual tectonic topography, morphotectonic approach, fault, Poland, Sudetes Mts.; 06483. realism, scientific method, philosophy, 11642. remote sensing, environmental management, natural resource inventory, aquifer, water pollution, India, Rajasthan; 00006. reservoir, slope stability, Italy, Sauris Lake; 13297. river water chemistry, climate, petrography, pollution, 09658. scale, fractal, earth surface, hierarchical classification, 03943. data management, radar altimetry, global dataset, 11377.
- geophysical exploration**
conductivity, electromagnetic data, South Africa, Karoo; 03778. mineral exploration, oil exploration, aeromagnetic survey, gravity data, regional geochemical data, Tanzania; 07550.
- geophysical field**
radio altimetry, spectral albedo, soil moisture, radar backscattering, lidar measurement, fractal geometry, 07470. Thematic Mapper, fractal geometry, Almaz-1, 08786.
- geophysical flow**
large eddy simulation, turbulent, flow, parallel computing, 11634. Rossby number, Coriolis effect, flow modelling, 01932.
- geophysical information**
sea surface topography, ERS-1 altimeter, maximum likelihood estimation, 14042.
- geophysical investigation**
geochemical survey, gelifluction lobe, rock glacier, permafrost, Italy, Sondrio, Livigno; 11856. permafrost, georadar, gravimetry, ice content, borehole logging, Switzerland, Upper Engadin; 05330.
- geophysical method**
spatial sampling, fractured rock, karst system, remote sensing, 07819. till topography, bedrock morphology, glacial deposit, lacustrine basin, coring, France, Ain, Lac de Cerin; Jura; 04080.
- geophysical model**
ocean loading, VLBI, 12826.
- geophysical parameter**
ice movement, polar research, SAR interferometry, Antarctica; 14090. ocean surface, passive microwave sensor, 03805.
- geophysical prediction**
sea level change, tectonic effect, emergent reef, notch, Pacific, Mariana Islands, Guam; Rota; 04118.
- geophysical process**
periodicity, correlation analysis, time series, 09006.
- geophysical reference level**
hypsothetic analysis, thermal isostasy, lithospheric thickness, Venus; Earth; 11696.
- geophysical sounding**
groundwater resource, direct current resistivity, time domain induced polarisation, groundwater protection, 14787.
- geophysical survey**
magnetic field model, MAGSAT, 04851. permafrost, thawing, ice content, Canada, Quebec, George River; Kangisualujuaq; 13136. transverse extensive tectonics, uplift, vertical displacement, neotectonics, normal fault, France, Alps, Gresivaudan Valley; 11689.
- geophysical technique**
fluvial facies, river model, gravel bed river, Canada; 00358.
- geophysical well log**
loess thickness, geosol correlation, Crowleys Ridge Loess, Peoria Loess, Roxana Silt, Loveland/Sicily Island loess, USA, Tennessee, Memphis; Mississippi; 05299.
- geophysics**
canonical correlation, surface wind, marine wind, vector correlation, 07486. classification, enhancement, visualisation, 02404. developing country, technology transfer, training, airborne, 04828. geoid, geodesy, 04866. geomorphology, landscape synthesis, physical geography, geochemistry, Estonia; 12971. numerical solution, two dimensional problem, elastostatics, artificial boundary, boundary conditions, 10334. planet topography, spectra, global topography, spherical harmonic analysis, Earth; Venus; Mars; 01339.
- geophysiological model**
greenhouse gas, environmental impact, climate regulation, 14109.
- geopolitics**
cartography, South America; 07642.
- geopotential**
gravity anomaly, geoid, Hungary; 13930.
- geopotential coefficient**
artificial satellite motion, gravity model, geopotential perturbation, satellite orbit, orbit calculation, 11373.
- geopotential height**
longwave position, teleconnection, cluster analysis, 03445. tendency equation, 07262. tendency equation, 07263.
- geopotential height anomaly (500 hPa)**
volcanic eruption, middle latitudes, Northern Hemisphere, circulation, anomaly pattern, 13698.
- geopotential height anomaly (700 mb)**
empirical normal mode, prediction, 07316.
- geopotential height field**
polar vortex, isentropic mixing, large scale mixing, Antarctica; 11214.
- geopotential model**
Doppler, GPS, undulation, 04869. geoid height, spherical harmonic model, 01100. gravimetry, GPS, vertical deflection, geoid determination, 13929. gravity anomaly, GPS, geoid, 01098. gravity anomaly, gravity field, Spain; 13926. lumped harmonics, satellite orbit, 07431. satellite tracking, altimeter, gravity, 12674. terrestrial gravimetry, height determination, orthometric height, 11397. terrestrial gravity anomaly, height anomaly, 13925. WGS84, GRS80, gravity anomaly, geoid undulation, high precision geoid, Taiwan; 01101.
- geopotential perturbation**
satellite orbit, orbit calculation, geopotential coefficient, artificial satellite motion, gravity model, 11373.
- geoprocessing**
remote sensing, cartography, module, 02434.
- geoprocessing technology**
GIS, business, market, 02416.
- georadar**
gravimetry, ice content, borehole logging, geophysical investigation, permafrost, Switzerland, Upper Engadin; 05330.
- georeferencing**
positioning, orientation, GPS, 12665.
- georelief**
irradiance, topoclimatic mapping, Czech Republic, Moravia; 14836.
- George Washington Bacon**
British touring map, Victorian cartography, 08812.
- Geosat**
altimeter, coast, altimetry, wave height, India, Tamilnadu; 02553. altimeter, mixed layer, depth, Indian Ocean; 15120. altimeter, planetary wave, topographic, Bering Sea; 10223. altimeter, sea level, Indian Ocean; 15216. altimeter, wave number frequency, transfer function, resolution, 15207. altimetry, sea surface, topography, 06220. altimetry, zonal slope, Indian Ocean; 02541. equatorial wave model, sea level, wind field, Pacific; 11544. gravimetric geoid undulation, altimeter data, dynamic topography, Atlantic, Gulf Stream; 13927. planetary wave, Rossby wave, sea surface temperature, ocean, AVHRR, USA, Hawaii; Pacific, (North); 07608. sea surface height, 02548. sea surface height, height anomaly, echosounder, 04996. sea surface topography, ocean circulation, atmospheric water vapour, 03663. Seasat, altimeter, adjustment, Mediterranean Sea; 05001. vertical sounder, atmospheric gradient, SSM/I, TOVS, polar low, Norwegian Sea; Atlantic, (North); 07532. wave height, altimeter wave data, 08912.

current, satellite inferred flow, Atlantic, (South); 01237. mid ocean ridge, ridge segmentation, geoid data, Atlantic; Pacific; 07545. sea surface height, wave dynamics, Atlantic, (South); 03802. wind field, kriging, 08834. wind speed algorithm, tropical cyclone, 08833. wind speed, wind model, numerical weather prediction, 07528.
- Geosat altimeter data**
altimetric profile, orbit error reduction, sea surface computation, 13905. geostrophic velocity field, Gulf Stream bifurcation, Atlantic, (Northwest); 11542. quasi geostrophic model, Rossby wave, eddy, deep ocean topography, 11545.
- Geosat altimetry**
baroclinic wave, Rossby wave, Pacific; 01235. eddy, sea surface height, geostrophic velocity anomaly, water mass transfer, 08913. offset migration, plate boundary, mantle upwelling, geomorphology, structural segmentation, Pacific, East Pacific Rise; 10459. radar altimeter data, global tidal model, sea surface slope, Atlantic; 11546.
- Geosat altimetry data**
sea surface height, empirical orthogonal function, atmospheric pressure field, Gulf of Alaska; 07449.
- Geosat exact repeat mission**
sea surface height, circulation, recirculation gyre, Atlantic, (North); 11543.
- Geosat radar altimeter**
river level, satellite altimetry, hydrological measurement, Brazil, Amazon basin; 01251.
- Geoscan**
field sampling, gold, sampling, USA, Nevada; 02471.
- geoscience**
data management, mapping program, NATMAP, Canada; 12719. deacidification, preservation, cartographic material, 04907. geoarchaeology, scale, archaeology, 05140. library, well log, directory, USA; Canada; 03946.
- GEOSCOPE**
global change encyclopedia, remote sensing, deforestation, desertification, 06362.
- geosol correlation**
Crowleys Ridge Loess, Peoria Loess, Roxana Silt, Loveland/Sicily Island

- loess, geophysical well log, loess thickness, USA, Tennessee, Memphis; Mississippi; 05299.
- geosphere model**
Nuclear Fuel Waste Management, radionuclide transport, sorption data base, Canada; 02587.
- geostationary meteorological satellite**
ash cloud, AVHRR, thunderstorm, volcanic ash, Philippines, Mount Pinatubo; 08857.
- geostationary satellite**
Hough transform, signal detection theory, moving target, 07474. wind vector, Meteosat, cloud motion wind, 01185.
- geostationary weather satellite**
ISCCP, Meteosat, radiometric calibration, AVHRR, 07432.
- geostatistical analysis**
spatial variability, hydraulic conductivity, transmissivity, groundwater flow, Canada, Alberta Basin, Wabiskaw; 14726.
- geostatistical characterisation**
semi permeable, flow modelling, overbank deposit, lithofacies, Netherlands, Rhine-Meuse Delta; 14204.
- geostatistical method**
biomass, pelagic fish, fishery, echosounding, Canada; 07640. caesium-137, landscape position, watershed study, USLE, USA, Idaho, Palouse; 03190.
- geostatistical model**
environmental pollution, forecast, 02603.
- geostatistics**
bathymetric data, computer program, survey design, data analysis, hydrographic survey, 01909. carbon, soil sampling, organic carbon, soil classification, USA, Hawaii, Pearl Harbor; 01767. cokriging, soil water deficit, Netherlands; 04326. data analysis, semivariance estimator, 12914. environment, hydrology, soil science, natural resource, 00003. external drift, non stationary geostatistics, mapping, temperature, kriging, UK, Scotland; 09810. gravity field, covariance function, Kriging, homogeneous isotropic process, 01103. hydraulic conductivity, soil spatial variability, soil hydraulic property, 12064. hydraulic conductivity, spatial variability, regularisation technique, 02061. hydraulic conductivity, spatial variability, scale effect, nugget effect, sampling pattern, 02060. inverse problem, coupled flow, solute transport, groundwater flow, transmissivity, hydraulic head, 02062. landscape study, fractal method, kriging, 09025. organic matter, nutrient availability, sagebrush, wheatgrass, soil spatial variability, 10817. pedogenesis, soil science, soil structure, pedometrics, 14460. redundancy analysis, coregionalisation, spatial relationships, multivariate geostatistics, 10081. sample size, regional variogram, confidence interval, Monte Carlo simulation, variogram, 00065. sequential indicator simulation, soil mapping, soil spatial variability, Netherlands; 04316. soil classification, soil mapping, Italy, Emilia Romagna Region; 04315. soil disturbance, soil spatial variability, soil chemical property, USA, Michigan; 13387. soil spatial variability, soil water retention, 03078. soil water retention, 04317. spatial variability, prediction error, error estimation, pooling, 00067. spatial variability, soil reconstruction, mine soil, USA, Montana, Rosebud Mine; 06810. spring water chemistry, kriging, factorial kriging analysis, groundwater quality, Belgium, Dyle River basin; 03356. trace element, element concentration, soil spatial variability, Tunisia; 12077.
- geostrophic adjustment**
mass imbalance, jet displacement, nonlinear displacement, 00946.
- geostrophic approximation**
wind field model, Seasat scatterometer, radar backscatter, 07529.
- geostrophic balance**
isolated distribution, vorticity, time invariant, shallow water model, 00943.
- geostrophic drag**
Ekman layer, roughness, 03483.
- geostrophic flow**
large amplitude flow, baroclinic instability, 05955.
- geostrophic front**
fluorescence, organic matter, lipid, Liguro-Provençal front, sedimentation, Mediterranean Sea, Ligurian Sea; 04167.
- geostrophic velocity**
western boundary current, float, current profiler, bottom current meter, comparison, Gulf Stream; 14892.
- geostrophic velocity anomaly**
water mass transfer, Geosat altimetry, eddy, sea surface height, 08913.
- geostrophic velocity field**
Gulf Stream bifurcation, Geosat altimeter data, Atlantic, (Northwest); 11542.
- geostrophic wind**
drag coefficient, ice motion, drifting station data, Arctic; 11158. marginal ice zone, ice drift, ice floe, Antarctica; Weddell Sea; 07621. wind modification, moist wind, diabatic process, moisture flux equation, 02180.
- geostrophic wind direction**
ice edge, boundary layer structure, coastal front, 13727.
- geosyncline**
stratigraphy, Hall, J.(1811-1898), Eaton, A.(1776-1842), Rensselaer Polytechnic, USA; 05337.
- geosynthetic**
Coir, reinforced sand, liquefaction potential, triaxial testing system, natural fibre, 09095.
- geosynthetic reinforced soil**
variational method, bearing capacity, 01423.
- geosynthetic reinforcement**
comparative study, soil wall design, 05224.
- geosystem**
landscape, relief type, thermokarst, Russian Federation, Taz Peninsula, Tyumen Oblast; 06619.
- geotechnical behavior**
geotechnical mapping, compressibility, shear strength, residual soil profile, Brazil, Porto Alegre; 11751.
- geotechnical centrifuge modelling**
hydraulic instability, groundwater contamination, coupled model, contaminant transport, heat transport, 04509.
- geotechnical characterisation**
soft clay, foundation engineering, shear strength, Brazil, Recife; 11750. soil profile, granite, gneiss, 11723.
- geotechnical characteristics**
gravel soil, penetration resistance, dynamic penetration test, Italy, Calabria, Messina; 04043. instability, submarine slope sediment, slope stability analysis, France, Rieviera, Nice Slope; Mediterranean Sea, Nice Slope; 04042.
- geotechnical construction**
predictive soil mechanics, Wroth memorial symposium, soil property, 05219.
- geotechnical data**
open pit mine, GIS, geological data, 02469.
- geotechnical design**
construction control, soil, mechanics, design method, 04005.
- geotechnical engineering**
data collection, sounding, sampling, field experiment, environmental model, subsoil, 14191. glacial sediment, meltwater channel, borehole logging, quaternary, stratigraphy, Canada, Alberta, Edmonton; 13083. international symposium, permafrost, frost, 04122. measurement, stiffness, soil model, modelling, soil property, 06495. pile downdrag study, soft clay, pore pressure, settlement, UK, Scotland, Firth of Forth, Bothkennar; 04036. seminar, soil dynamic, Natural Disaster Reduction, earthquake, liquefaction potential, 09087.
- geotechnical factor**
source mechanism, earthquake resistant building, damage distribution, Turkey, Erzincan; 09075.
- geotechnical mapping**
compressibility, shear strength, residual soil profile, geotechnical behavior, Brazil, Porto Alegre; 11751.
- geotechnical model**
unconsolidated sediment, numerical analysis, subsurface mapping, 14192.
- geotechnical property**
calcium, montmorillonite, hydraulic conductivity, clay-brine interaction, Canada, (West); 09112. delta, alluvial plain, flood erosion, foundation, river bank erosion, Bangladesh; 10355. dredging, sea bottom, cementation, Holocene, calcium carbonate, Netherlands; 02878. limestone, concave slope, rock mass, slope form, Australia, Western Australia, Napier Range; 04045. slope stability, loess, weathering, collapse, China, Loess Plateau; 11763.
- geotechnical report**
Bayes theorem, probabilistic model, collapse prediction, USA, Nevada, Las Vegas Valley; 05234.
- geotechnical soil classification**
tropical soil, MCT geotechnical classification, 03988.
- geotechnical structure**
seismic instrumentation, modelling, earthquake, monitoring, 09092.
- geotechnics**
strain level, stress history, failure, soil property, measurement, 06496. tropical soil, residual soil, soil mechanics, foundation engineering, 10411.
- geothermal activity**
AMS dating, carbon-14, marine sediment, Allerød, Younger Dryas, mollusc, Iceland, Reykjavik, Fossvogur; 01542. solute composition, ecological response, surface water, landscape, Costa Rica; 02666.
- geothermal aquifer**
groundwater chemistry, carbonate dissolution, residence time, groundwater recharge, isotope analysis, Serbia, Surdulica Geothermal Aquifer; 02077.
- geothermal development area**
arsenic, aerosol, geyser, USA, California; 01050.
- geothermal energy**
volcanic belt, ring fault, caldera, tectonic evolution, Turkey, Meydan Caldera; Zilan Caldera; 10388.
- geothermal energy production**
karst aquifer, hot water aquifer, geothermal reservoir, groundwater temperature, Turkey; 00785.
- geothermal exploration**
lineament, digital elevation model, regional tectonics, Mexico, Puebla, Los Humeros; 08870.
- geothermal reservoir**
groundwater temperature, geothermal energy production, karst aquifer, hot water aquifer, Turkey; 00785. hydrogeochemistry, groundwater chemistry, groundwater evolution, Italy, Tuscany, Tolfa Mountains; Sabatini Mountains; 14747.
- geothermal system**
magmatic water, groundwater chemistry, isotope analysis, Philippines, Leyte, Greater Tongonan Geothermal Field; 12332.
- geothermometer**
diagenesis, burial metamorphism, fluid inclusion, vitrinite reflectance, palaeotemperature, Japan; 10623.
- geothite**
iron oxide coating, rice soil, X-ray diffraction, ferrihydrite, lepidocrocite, USA, Texas, Beaumont; 12047.
- Gergoglione Flysch**
Miocene, turbidite, stratification, Italy, Apennines; 09345.
- Gerlach trough**
soil loss, soil trap, runoff, Seiler's trap, 03216.
- German Creek Formation**
sedimentary structure, delta, coal, Permian, Australia, Queensland; 13177.
- German hydrographic service**
ECDIS, nautical chart, hydrographic data, data exchange, Germany; Baltic Sea; North Sea; 01118.
- German research**
South Polar Expedition, Ratzel, R., Antarctica; 11648.
- German reunification**
East German cadastre, cadastre, mapping, Germany; 11579.
- German topographic map**
digital topographic mapping, ATKIS, pattern recognition, cartographic generalisation, 11468.
- germanium**
macrohydrophytes, surface water quality, hydrosol chemistry, beryllium, 05715.

Gessoso-Solfifera Formation

evaporite, isotope exchange, carbonate, Messinian, Calcare di Base, Italy, Sicily; 10633.

Getic Domain

Sasca Formation, limestone, Triassic, algae, Romania, Carpathians, Sasca; 11974.

GEWEX

airborne SAR, agricultural crop, backscatter curve, crop monitoring, 14037. Global Energy and Water Cycle Experiment, ice extent, hydrological cycle, global scale, 05085.

geyser

geothermal development area, arsenic, aerosol, USA, California; 01050.

Gezira

delta, Holocene, Pleistocene (late), comparative study, Nile sediment, Egypt, Nile Delta; 00268.

giant kelp

beach, rocky shore, geomorphological process, foreshore, New Zealand; Australia, Tasmania; 11964. water quality, remote sensing, ADAR, SPOT, USA, California, San Diego County, San Onofre Kelp Bed; 02526.

Gibbs distribution

textural image, region map, Markov random field, 07472.

Gibbs free energy

littoral sediment, acetate, fatty acid, isopropanol, methanogenesis, Switzerland, Lake Constance; 02923.

gibbsite

clay soil, clay mineral, boron adsorption, calcite, goethite, 10791. kaolinite, microcline, weathering, geochemical model, reaction path, 14138. soil acidification, forest soil, acidic deposition, aluminium solubility, Netherlands; 12130. soil solution, kaolinite, aluminium, silicon, mineralogy, USA, South Carolina, Blue Ridge Mountains; 12035. trimline, nunatak, Devensian (late), ice sheet reconstruction, UK, Scotland, Isle of Skye, Trotternish Escarpment; 11829.

Gibraltar bridge

biogeochemistry, mineralization, upwelling, Mediterranean Sea, Straits of Gibraltar; 04229.

Gilat plant indicator method

soil testing, plant uptake, nitrate, Israel, Negev Desert; 14501.

Gilbert type delta

Pliocene, depocentre, overstep, sedimentation, strike/slip basin, Spain, Almeria-Nijar-Carboneras Basin; 07967. sea level change, Loch Lomond Readvance, glaciomarine, deltaic deposition, ice margin tectonics, UK, Scotland, Mull, Loch Don; 07890. Upper Marine Molasse, Miocene, lithofacies, palaeocurrent, Austria, Vorarlberg, Pfander; 01688.

gilgai

Vertisol, soil morphology, topography, Asia, Caucasus; Europe, Caucasus; 00519.

Gilman Canyon Formation

Brady Soil, Peoria Loess, Pleistocene (late), radiocarbon age, loess stratigraphy, USA, Kansas; Nebraska; 07834.

GIS

accuracy, reliability, data quality, 15095. accuracy, USA, Illinois, Rock Island; 02428. aerial photography, flood relief, emergency management, USA, (Midwest); 11562. agri/environmental policy, land use, UK, England, Suffolk; East Sussex; 14098. agricultural development, 08803. agricultural soil map, aggregate extraction, land use change, soil variation, Canada, Ontario; 01199. agricultural watershed, fertiliser, broiler litter, USA; 07602. agriculture, Paraguay, Parana; 10212. agriculture, remote sensing, Vietnam; 04989. AI technology, 15101. AIDS epidemic, diffusion, spatial correlogram, USA; 06331. algorithm, map analysis, 01132. ambulance, response time, UK; 15255. animal population, water flow, biotic system, landscape ecology, 01200. Antarctic research, environmental protection, scientific data, New Zealand; Antarctica; 01068. aquatic ecosystem, manatee, USA, Florida; 01229. ARC/INFO, database, spatial analysis, map, 06171. archaeological survey, capture data, Ireland; 10273. archaeology, GPS, Russian Federation, Siberia, Altay Republic, Chuya Steppe; 12870. architecture, client/server architecture, 06193. areal interpolation, zonal system, EM algorithm, 15083. artificial intelligence, route finder, raster, USA, Hawaii, Oahu Island; 06345. asset management, New Caledonia; 15143. autocorrelation, remote sensing, 06158. AVHRR, remote sensing, landscape, drought, USA, Kansas; 10215. aviation, air traffic, automation, 06350. basin analysis, oil, gas, sedimentary basin, USA, Colorado, San Juan Basin; New Mexico, San Juan Basin; 02493. bioclimatic mapping, exploratory spatial analysis, Bayesian probability, error analysis, UK, Scotland; 13970. bridge, roadway, USA, Washington; 12849. buffer accuracy, simulation modelling, error propagation, buffer operation, 13974. buffer, environmental policy, 04973. business information system, spatial data processing, 01276. business, market, geoprocessing technology, 02416. cadastre data, underground utility lines, power supply, 08940. cadastre, rural land tax, land use map, tax data, Indonesia, Kali Konto; 08952. CADD, computer aided planning, 11566. camera system, GPS, data acquisition, photogrammetry, 15048. canopy gap, neotropics, forest, 06286. cartographic database, feature, temporal data, 04892. cartography, remote sensing, Slovakia; 13900. cartography, standard, visualisation, institutional, map projection, monitoring, global change, 04824. cartography, thematic map, topographic map, remote sensing, 11463. castle, Greece, Cephalonia, St George's castle; 15251. catchment classification, catchment characteristics, basin parameter, flood, Switzerland; 06972. census data, 06358. census data, recyclable material, garbage, UK, England, London, Kensington and Chelsea; 15250. change detection, water use equity, USA, New Mexico, Middle Rio Grande Conservancy District; 11577. charting, environment, limnology, GPS, 15194. climate, soil, DEMS, USA, South Carolina; 12754. coastal zone, sea level rise, Malaysia, West Johor; 14045. communication, socio/spatial analysis, transportation network, 12845. computer aided engineering, 01137. computer interface, natural language, 06186. computing, geology, South Africa, Cape Town; 04896. conservation, irrigation, Mexico, Guanajuato; 15203. contour limit, cloud forest, Honduras; 06270. coordinate control, remonumentation, USA, Minnesota, Saint Paul; 06335. corporate GIS, graphic, 06192. corporate GIS, investment, UK, Wales, Taff-Ely; 05049. cost/benefit analysis, information technology, 07498. cost/benefit analysis, interactive GUI, spatial modelling, squatter settlement planning, Malaysia, Kuala Lumpur;

11569. cost/benefit, 15087. cost/benefit, USA; 02567. cost route, transportation, 10266. crop yield model, environmental impact model, land resource information system, SOTER, 11508. crown-line intersect sampling, species distribution, sampling method, forest surveying, dry tropical forest, Madagascar; 01213. data integration, glaciology, alpine glacier, 07638. data integration, land information system, data quality, UK; 07494. Data Management Society, Europe; 01147. data modelling, object oriented system, 15103. data quality, management, 15092. data supply, spatial query, Taiwan; 06181. data, information, system planning, 15094. database server, corporate GIS, 04901. daycare access, census, USA, Louisiana, Baton Rouge; 06359. GIS adoption

acquisition, institutional decision, 04891.

GIS application

image analysis, digital image database, 11382.

GIS benchmark

data requirement, Scotland; 06177.

GIS cartography

quality control, graphic cartographic document, 13988.

GIS database management

land use change, digital topographic data, GPS, differential GPS, 13965.

GIS design

object oriented system, structured data, data analysis, 15091. user survey, GIS usability, 13967.

GIS functionality

multimedia, spatial analysis, 08797.

GIS implementation

pilot study, UK, London; 01271. planning, public utility, USA, California, City of Riverside; 11571.

- GIS interface**
finite difference model, groundwater, 06311.
- GIS/LIS**
object oriented data, relational database, 13966.
- GIS/LIS management**
database, information technology, 13899.
- GIS migration**
user interface, data asset, 15088.
- GIS model**
atmospheric carbon monoxide, species richness, carbon dioxide level, global climate change, USA, Texas; 14040. global vegetation index, forest, carbon sequestration, AVHRR imagery, Asia; 03891.
- GIS modelling**
TL dating, ice wedge cast, nivation niche, periglacial landform, Weichselian, Denmark, Zealand, Bjergsted Area; 11859.
- GIS Network**
coastal geography, USA, Louisiana; 06289.
- GIS operation**
point interpolation, error propagation, spatial modelling, GIS, 11432.
- GIS overlay technique**
deforestation, afforestation, agricultural expansion, animal feed source, land use dynamics, Nepal; 11529.
- GIS performance**
parallel processing, critical path analysis, 08798.
- GIS police**
police, operations support, Olympics, Norway; 15254.
- GIS professional**
education, certification, USA, Georgia; 07658.
- GIS project**
contract bidding, bidding, 10101.
- GIS research**
spatial analysis, data capture, temporality, data conversion, environmental system, 13961.
- GIS software**
SICAD, 11437. spatial modelling, school location, decision support system, USA; 07648.
- GIS technology**
market economy, Hungary; 08805.
- GIS theory**
decision models, landscape planning, USA, Utah, Summit County, Snyderville Basin; 08958.
- GIS usability**
GIS design, user survey, 13967.
- GIS user**
maps, spatial analysis, local authority, 11574.
- GISP2**
GRIP, ice core, electrical conductivity, Greenland; 06543. GRIP, ice core, oxygen isotope record, Greenland; 06544. radio echo sounding, ice sheet, ice thickness, GRIP, Greenland; 11863.
- GISP2 core**
drilling depth, ice sheet, bedrock, ice core, Greenland; 10539.
- glacial**
postglacial, nutrient, benthic foraminifera, primary productivity, mixing, Pacific, Ontong Java Plateau; 14225.
- glacial abrasion surface**
quartzitic rock, striation, SEM analysis, Devensian, UK, Scotland, Highlands; 07889.
- glacial advance**
El Nino, dendrochronology, climate history, Little Ice Age, Medieval Warm Epoch, Chile; Argentina, Patagonia; 13104. moraine formation, Little Ice Age, Holocene, Svalbard, Edgeoya, Albrechtbreen; 01521. radiocarbon dating, outwash, flowtill, ice retreat, Wisconsinan (late), USA, Ohio; 04093. sandur, glacial deposit, proglacial deposit, Quaternary, Switzerland, Geneva Basin; 02795.
- glacial age**
ice core, climate change, air hydrate, interglacial age, Antarctica, Vostok Station; 13151.
- glacial basin**
neotectonic feature, seismofacies, high resolution, seismic profile, Switzerland, Ecoteaux; Areuse Delta; 02800.
- glacial change**
polar ice sheet, Quaternary, sea level change, stable isotope record, Antarctica; 02828.
- glacial chronology**
moraine, radiocarbon age, age control, Port Huron moraine, USA, Michigan, Port Huron; 04091.
- glacial clay**
instrumentation, lodgement till, displacement pile, UK, England, Durham, Cowden; 11754.
- glacial cliff**
shear strength variation, cliff retreat, shoreline erosion, photogrammetric analysis, erosion rate, USA, Massachusetts, Thompson Island; 00119.
- glacial cover**
conceptual model, streamflow model, Canada, British Columbia, Lillooet River; 05826.
- glacial cycle**
photosynthesis, oceanic reservoir, coastal environment, atmospheric carbon dioxide, carbon cycle variation, 07704. Quaternary basin, glacial erosion, interglacial, Wurm glaciation, pollen, Switzerland, Vaud, Ecoteaux Basin; 04097.
- glacial deformation**
deposit formation, glacial deposit, INQUA, symposium, Ireland; 11827.
- glacial deposit**
geochronology, vegetation, climate change, Ukraine, Carpathian Mountains; 10525. INQUA, symposium, glacial deformation, deposit formation, Ireland; 11827. lacustrine basin, coring, geophysical method, till topography, bedrock morphology, France, Ain, Lac de Cerin; Jura; 04080. Pleistocene, neotectonics, till, ice sheet, Estonia; Latvia; Lithuania; 04098. profile development index, parent material, clay content, calcium carbonate content, USA, Wyoming, Wind River Range; 12092. proglacial deposit, Quaternary, glacial advance, sandur, Switzerland, Geneva Basin; 02795. Quaternary, riss, erratic pebble, Switzerland, Schaffhausen, Klettgau Valley; 13089. slope debris, clast shape, limestone clast, morphometry, Italy; 09124.
- glacial diamicton**
section R47, Quaternary, stratigraphy, geochemistry, correlation, Canada, Ontario, Rouge River; 02790.
- glacial dispersal**
geological survey, glacial sediment, drift composition, size sorting, crushing process, Canada; 00234. mineral exploration, till geochemistry, precious metal, Canada, Nova Scotia, Cape Breton Island; 13085. rock debris, lithological content, till, dispersal pattern, glacial transport, Canada, Quebec, Gaspesie; 06586.
- glacial disturbance**
waste management, hydraulic property, landfill site, leachate migration, Canada, Alberta, Edmonton, Aurum Site; 14267.
- glacial drift**
landscape history, natural landscape, landform, bog, glacial lake, USA, Minnesota, Clearwater County, Elk Lake; 02769. marl, lake, carbonate deposition, epilimnion, salinity, USA, Minnesota, Clearwater County, Elk Lake; 01602. soil, paleosol, loess, tephra, Wisconsinan, Canada, Saskatchewan; Alberta; 00387.
- glacial erosion**
bed deformation, glacial geomorphology, process, landform, 01499. channel fill, placer deposit, Quaternary, stratigraphy, Canada, British Columbia, Atlin; 13084. chronology, Tertiary, fan deposit, uplift, erosion history, Barents Sea, Barents Shelf; 00177. drumlin, diamicton, weathering profile, erosion surface, Wisconsinan, 14273. fault, moraine, neotectonics, fault scarp, Italy, Apennines; 10496. Fennoscandian Shield, drumlin, bedrock topography, distribution, Estonia; Latvia; Gulf of Finland; 14278. glaciated landform, glacial history, periglacial geomorphology, Antarctica, King George Island, Fildes Peninsula; 04127. interglacial, Wurm glaciation, pollen, glacial cycle, Quaternary basin, Switzerland, Vaud, Ecoteaux Basin; 04097. meltwater, subglacial process, till, drumlin, USA, Washington, Puget Lowland; 14272. meltwater, turbidity, sediment yield, Switzerland, Bas Glacier d'Arolla; 14322. river slope, digital map, relief, rock/relief relationship, UK, Wales; England; 11677. subaerial process, fjord, rock structure, structural weakness, erosion, Norway, Sognefjord; 09198.
- glacial event**
Younger Dryas, ELA depression, Little Ice Age, Crowfoot advance, Canada, Alberta, Rocky Mountains, Bow Valley; 11826.
- glacial evidence**
karst, cave deposit, Pleistocene (Lower), palaeomagnetism, speleothem, France, Isere, Vercors, Vallier Cage; 06547.
- glacial extent**
cryospheric indicator, statistical technique, climate change, snow cover, 14943. geomorphological mapping, denudation chronology, morphostructural development, Czech Republic, Moravian Gate; 10497.
- glacial facies**
seismic stratigraphy, continental margin glaciation, levee, Holocene, Canada, Scotian Rise; Atlantic, Scotian Rise; 09154.
- glacial feature**
glacioteonics, flow direction, ice movement, Germany, (East); 07895.
- glacial flow**
GIS, glacial geomorphology, deglaciation, Scandinavia; 01263.
- glacial fluctuation**
Little Ice Age, tide water glacier, Holocene, climate, USA, Alaska, Kenai Mountain; 09204.
- glacial forebulge**
shoreline altitude, isostasy, uplift, subsidence, Europe, Fennoscandia; 14174.
- glacial geology**
glacial theory, ice age, diluvium, Finland; 13022. lake sedimentology, moraine, radiocarbon age, timing, last deglaciation, Peru, Andes, Cordillera Oriental; 00202. palaeoclimatology, Milankovitch theory, Quaternary, chronostratigraphy, oxygen isotope stratigraphy, 00156. stratotype, type locality, formal stratigraphy, Pleistocene, Saalkian Stage, Finland; 00158. terminal moraine, glacial lake, till, meltwater drainage, Wisconsinan (late), USA, New Jersey, New Jersey Highlands; 06588.
- glacial geomorphodynamics**
terrain exposure, vegetation cover, erosion process, Pleistocene, Germany, Bavaria, Benediktbeuren, Lainbach; 01440.
- glacial geomorphological process**
melting rate, photogrammetry, geomorphology, push moraine, Canada, Ellesmere Island; Svalbard, Spitsbergen; 01519.
- glacial geomorphology**
deglaciation, glacial flow, GIS, Scandinavia; 01263. process, landform, glacial erosion, bed deformation, 01499. subglacial landscape, meltwater channel, cold based glacier, Wisconsinan (late), Canada, Canadian Arctic Islands; 01502. supraglacial, ice margin deposit, Devensian (late), deglaciation, ice sheet, UK, Scotland, Aberdeen, Dee Valley; 05308. Wisconsinan glaciation, ice sheet dynamics, glacial terrain, 01262.
- glacial hazard**
hazard, englacial water, landslide, avalanche, debris flow, Italy, Alps; 09023.
- glacial history**
dating, photogrammetric method, periglacial landform, climate control, Greenland, East Greenland, Zackenberg Area; 11858. Eclipse glaciation, relative age, Neoglacial, Holocene emergence, Quaternary geology, Canada, Northwest Territories, Bylot Island; 02789. fault, deglaciation, uplift, schist, Quaternary, Finland, Karelia, Ilomantsi; 09201. fluvial process, polar geomorphology, expedition, weathering, soil formation, Svalbard, Spitsbergen; 01387. hydrostatic pressure, seafloor, gas eruption, crater, Barents Sea, Bjornoyrenna; 07851. nunatak, radiocarbon date, last glaciation, blockfield, Weichselian, Greenland, East Greenland, Germania Land; 11833. periglacial geomorphology, glacial erosion, glaciated landform, Antarctica, King George Island, Fildes Peninsula; 04127. postglacial rebound, Holocene, deglaciation, sea level history, tectonics, Canada, Northwest Territories, Lower Island; Griffith Island; 07908.
- glacial/interglacial**
oxygen isotope, ice core record, isotope shift, moisture source, 09956.

- glacial/interglacial atmospherics**
oxygen isotope record, carbon isotope, atmospheric carbon dioxide, benthic foraminifera, Indian Ocean, Andaman Sea; Bay of Bengal; 09158.
- glacial/interglacial boundary**
sea surface temperature, carbonate dissolution, palaeotemperature, Quaternary, South China Sea; Pacific, Sulu Sea; 13047.
- glacial/interglacial carbon level**
box model, atmospheric carbon dioxide, oceanic carbon cycle, thermohaline circulation, DOM; 07703.
- glacial/interglacial change**
sedimentation rate, opal flux, carbonate flux, terrigenous material, seafloor, Indian Ocean; Southern Ocean; 06561. soil erosion, acid rain, terrestrial ecosystem, past global change project, 10278.
- glacial/interglacial climate stage**
calcareous nannofossil, Quaternary, coccolith, Atlantic; Pacific; 07850.
- glacial/interglacial cycle**
climate, greenhouse gas, ice core record, atmospheric composition, Antarctica, Vostok; 00010. GCM, albedo, climate system, 05275. ocean/atmosphere exchange, carbon exchange, biological pump, upwelling, phytoplankton, Atlantic; 02737. Pliocene (Upper), vegetation response, pollen analysis, Semaforo section, Italy, Calabria, Crotone; 04065. saltpan, diatom record, lacustrine sequence, salinity, alkalinity, South Africa, Pretoria Saltpan; 06570. sedimentation, calcium carbonate, Quaternary, terrigenous input, box core, Greenland, (East); Norwegian Sea; Iceland Sea; 04053. thorium-230 age, sea level, uranium series dating, coral, summer insolation, Barbados; 09212.
- glacial/interglacial episode**
magnetic study, lake sediment, Quaternary, magnetite dissolution, sedimentation rate, Sweden, Karsa Valley; 05342.
- glacial/interglacial history**
Antarctic Intermediate Water, isotopic exchange, glacial ocean, Indian Ocean; Southern Ocean; 10461.
- glacial isostasy**
postglacial uplift, lithosphere, model, 02692. sea level rise, Holocene, Bodden graded coast, coastal dynamics, Baltic Sea; 07763.
- glacial lake**
deglaciation, spillway, bottom sediment, ice lake, Finland, Koilliskaira Region; 01513. glacial drift, landscape history, natural landscape, landform, bog, USA, Minnesota, Clearwater County, Elk Lake; 02769. Holocene, Wisconsin, sand spit, littoral drift, palaeolimnology, USA, Illinois, Lake Michigan; Indiana, Lake Michigan; 12949. late glacial, terrace, paired terraces, USA, Ohio, Maumee River; Indiana, Maumee River; USA, Indiana, Perrysburg; 10365. till, meltwater drainage, Wisconsin (late), glacial geology, terminal moraine, USA, New Jersey, New Jersey Highlands; 06588. Tyrrell Sea, seismostratigraphy, sedimentology, Holocene sediment, Canada, Quebec, Grande Riviere de la Baleine; Hudson Bay; 07853.
- Glacial Lake Agassiz**
catastrophic discharge, Younger Dryas, meltwater influx, USA, Lake Michigan Basin; 13029.
- Glacial Lake Arkona**
Lake Whittlesey, forest/tundra environment, Bondi site, lake level, muskox fossil, Canada, Ontario, Essex County, Leamington; 11810.
- glacial lake development**
marine inundation, deglaciation, rhythmite, isostatic rebound, sea level, Canada, Newfoundland, Deer Lake; 07808.
- Glacial Lake Elstow**
Watrous spillway, outburst flood, fan deposition, spillway incision, Canada, Saskatchewan, Watrous; 14254.
- Glacial Lake Nisling**
granulometry, Pleistocene, glaciation, prograding delta, Canada, Yukon, Nisling Valley; 01503.
- glacial lake shoreline**
Loch Lomond Readvance, glacial unloading, permafrost, pre-Flandrian event, slope deformation, UK, Scotland, Highlands, Glen Roy; Glen Gloy; 06516.
- glacial landform**
alpine environment, geomorphological mapping, karst, Austria, Salzburg, Hallein, Salzach Valley; 09064. erosion mark, drumlin field, meltwater, ice sheet hydrology, tunnel channel, 14268. landform evolution, Landsat, streamlining, 14264. palimpsest landform, relict glacial landform, ice divide, Canada, Nova Scotia; 10485. Recent, ice sheet, Pleistocene, roches moutonnees, snowline, glacier, China, Qinghai-Xizang Plateau, Yellow River; 13090. subglacial erosion, erosion mark, drumlin, horseshoe vortex, scour, 14265. thermal regime, weathering, blockfield, meltwater, Norway; 13148. uplift, terminal moraine, snowline, Pleistocene/Holocene, China, Yunnan Province, Mount Meylixueshan, Shenchenbao Glacier; Lailogoru Glacier; 06590.
- glacial landscape**
cirque, U shaped valley, mountain glaciation, Antarctica, Dronning Maud Land; 14285. eutrophication, moraine region, geocology, geomorphology, agriculture, Germany, Vorpommern; 01380.
- glacial limit**
glaciectonic database, mapping, deformable substrata, basement fault, seismic zone, North America; 01500.
- glacial loading**
overconsolidated, preconsolidation, till, intertill clay, Canada, Saskatchewan; 02791.
- glacial margin**
subantarctic island, cushion plant, climate reconstruction, Indian Ocean, Kerguelen Islands; 04744.
- glacial material**
debris slide, slope failure, rockfall, landslide hazard, colluvium, USA, Vermont; 02657.
- Glacial Maximum**
continental, carbon cycling, 13802.
- glacial meltwater**
meltwater pond, pond water chemistry, streamwater chemistry, ice shelf, Antarctica, McMurdo Ice Shelf; 14763. seismic stratigraphy, Quaternary, substratum, till deposit, North Sea, Kattegat; 07857. solute acquisition, sulphide oxidation, carbonate dissolution, meltwater chemistry, 14764.
- glacial morphology**
lithostratigraphy, chronology, strandline, deglaciation history, Iceland, Hofsdalur Valley; 10499.
- glacial ocean**
glacial/interglacial history, Antarctic Intermediate Water, isotopic exchange, Indian Ocean; Southern Ocean; 10461.
- glacial ocean circulation**
benthic foraminifera, cadmium, calcium, conservative tracer, 11800.
- glacial oscillation**
forcing, climate change, Pliocene/Pleistocene, oscillation variability, 07844.
- glacial outwash**
sandur, runoff, sediment supply, jokulhlaup, lithofacies, Iceland; 00293.
- glacial overdeepening**
kame, lake, meltwater erosion, morphogenesis, subglacial channel, Poland, Znin; 07897.
- glacial period**
aluminium flux, biogenic flux, productivity, Pacific; 06564. dust export, playa, radioisotope dating, evaporite deposit, aeolian dust, China, Qaidam Basin; 07828. palaeogeography, sea level, herpetofauna, reptile, Japan, Ryukyu Archipelago, Senkaku Group; 02785.
- glacial phase**
pollen record, vegetation refugia, Pleistocene, France, Languedoc, Hérault, Saint-Macaire Maar; 09162.
- glacial/postglacial transition**
isotopic record, sediment, Pleistocene/Holocene transition, organic carbon, atmospheric carbon dioxide, Japan, Honshu, Lake Biwa; 06557.
- glacial process**
frontal moraine, sedimentary structure, Poland, Obkaz; 14282.
- glacial productivity**
atmospheric carbon dioxide, carbon isotope, isotopic evidence, productivity reduction, sediment core, Southern Ocean; 05291.
- glacial protection**
cold based glacier, periglacial landform, mountainous environment, Arctic; Scandinavia; 13087. ice cap, ice sheet, Laurentide Ice Sheet, landform preservation, Europe, Fennoscandia; Canada; 09191.
- glacial rebound**
coastal erosion, radiocarbon dating, littoral drift, sea level rise, Denmark, Jutland, Skagen Spit; 05161. model, ice sheet model, mantle viscosity, sea level, UK; 07888. model, ice sheet, Devensian, coastline, mantle viscosity, UK; 07887. moraine, marine foreland, sea level rise, spit, Denmark, Jutland, Skagen Spit; 05160. postglacial rebound, power law medium, axial symmetry, transition zone, sea level data, 02812.
- glacial record**
dendrochronology, historical evidence, climate change, Medieval Warm Period, 13092.
- glacial refugium**
Wisconsin, Holocene, diatom stratigraphy, correspondence analysis, Canada, Northwest Territories, Baffin Island, Amarok Lake; 14253.
- glacial relief**
height zonality, limnomorpholithogenesis, lacustrine morpholithogenesis, Russian Federation, Great Caucasus; 11680.
- glacial retreat**
cirque glacier, topographic survey, ice velocity, climate change, France, Alps, Chambeiron Massif, Ubaye Valley; 09197. climate change, monitoring site, ice cap, ELA, Canada, Northwest Territories, Baffin Island, Barnes Ice Cap; 07934.
- glacial runoff**
flow path, quickflow, delayed flow, sulphate, tracer, 08423.
- glacial sculpture**
emergence, radiocarbon age, Holocene, Canada, Northwest Territories, Ellesmere Island; Baffin Bay; 09205.
- glacial sediment**
diagenesis, dissolution, carbonate, till, Switzerland, Tsanfleuron Glacier; 02906. drift composition, size sorting, crushing process, glacial dispersal, geological survey, Canada; 00234. meltwater channel, borehole logging, quaternary, stratigraphy, geotechnical engineering, Canada, Alberta, Edmonton; 13083. weathering, till, sulphur, mineralization, salinity, ground-water, Canada, Saskatchewan, Luck Lake; Alberta, Bow River; 07996.
- glacial sequence**
moraine, soil development, clast weathering, soil geomorphology, Pleistocene, USA, California, Sierra Nevada; 10486. non till diamicton, diamicton sediment, clastic intrusion, liquefaction, till, 10483.
- glacial stage**
Weichselian, Holsteinian, Quaternary, Elsterian, Saalian, Germany, (East); 07894.
- glacial stratigraphy**
Lublin Interglacial, Odra Glaciation, Warta Glaciation, Poland; 13073. temperature, anthropogenic impact, palaeotemperature, volcano, pollen data, Mexico, La Malinche Volcano; 07848.
- glacial stratum**
orchard soil, soil erosion, Germany, Potsdam; 09560.
- glacial surge**
geomorphological effect, ice sheet, Pomeranian Phase, ice tongue, meltwater outflow, Poland, Vistula Region; 07896.
- glacial terrain**
glacial geomorphology, Wisconsin glaciation, ice sheet dynamics, 01262. Quaternary deposit, aerial photography interpretation, Sweden; 01190. regional mapping project, surficial mapping, aquifer, gravel, sand, Pleistocene, USA, Minnesota; 01507.
- glacial theory**
ice age, diluvium, glacial geology, Finland; 13022.
- glacial till**
glaciation, Cainozoic (late), glaciomarine deposit, diamicton, ice rafted detritus, Greenland; 11832. moraine, radioactive fallout, Chernobyl nuclear accident, gamma-spectrometric study, Poland, Suwalki; 05072. pump test model, low permeability, parameter estimation, aquifer parameter, 05782. superficial deposit, gas bearing clay, marine reflection profiling, fjord, rock basin, Sweden, Abyfjorden; 04057.
- glacial topography**
Laurentide Ice Sheet, subglacial sediment, ice, USA, Wisconsin, Lincoln

- County; Taylor County; 00391. morphogenesis, geological structure, Russian Federation, Bureinskiy Highlands; 05312.
- glacial transport**
glacial dispersal, rock debris, lithological content, till, dispersal pattern, Canada, Quebec, Gaspésie; 06586.
- glacial trough**
antecedence, morphology, active tectonics, valley, river terrace, China, Pamir, Gez He Valley; 07791. fluvial valley, formation rate, interglacial, Scandinavia; Arctic; 05149.
- glacial unloading**
neotectonics, eustasy, sea level rise, tide gauge, tectonic movement, 07782. permafrost, pre-Flandrian event, slope deformation, glacial lake shoreline, Loch Lomond Readvance, UK, Scotland, Highlands, Glen Roy; Glen Gloy; 06516.
- glacial variation**
climate change, Little Ice Age, ELA, lichenometry, Iceland, Trollaskagi Peninsula; 06553.
- glacially deformed sediment**
glaciotectionic structure, ice flow, USA, Alaska, St. Lawrence Island; Russian Federation, Chukotka Peninsula, Lavrentiya Bay; 01501.
- glaciated landform**
glacial history, periglacial geomorphology, glacial erosion, Antarctica, King George Island, Fildes Peninsula; 04127.
- glaciated region**
streamwater, weathering rate, silicate bedrock, biotite, strontium-87/strontium-86 ratio, USA, California, Sierra Nevada; 07741.
- glaciated shelf**
Quaternary ice sheet, relief formation, sedimentation, geomorphology, 10529.
- glaciation**
age criteria, weathering, rock varnish, moraine sequence, Quaternary, Argentina, Andes, Rio Mendoza Valley; 04094. Allerød, general circulation model, monsoon circulation, palaeology, 12542. Cainozoic (late), glaciomarine deposit, diamicton, ice rafted detritus, glacial till, Greenland; 11832. clay illuviation, sandy clay loam, Ultisol, soil micromorphology, argillic horizon, USA, Wisconsin; 13351. climate change, recessional moraine, equilibrium line altitude, Quaternary, Peru, Andes, Mantaro River; Bolivia, Andes; 01487. compression characteristic, till, intertill clay, preconsolidation, Proctor density, Canada, Saskatchewan; 01435. Davis Strait Silt, acoustic data, fjord, Quaternary, marine evidence, Laurentide Ice Sheet, Canada, Baffin Island, Cumberland Sound; 01483. diamicton, nonglacial diamicton, micromorphology, India, Karakoram Mountains; Himalayas; 10498. ice sheet fluctuation, Cainozoic, environmental change, dating, Australia, Tasmania; Antarctica; 00162. interglacial, interstadial, ice margin, till stratigraphy, deglaciation, Finland; 00240. joint expedition, plateau glaciation, Pleistocene, China, Tibet; 01515. lava, paleosol, Quaternary, pluvial lake, loess, USA, Idaho, Snake River Plain; 00388. prograding delta, Glacial Lake Nisling, granulometry, Pleistocene, Canada, Yukon, Nisling Valley; 01503. stratigraphy, seismic profile, meltwater channel, moraine, Younger Dryas, Canada, Nova Scotia, Scotian Shelf; Atlantic, Scotian Shelf; 14266. terminal moraine, TL dating, snowline depression, Pleistocene (late), China, Shaanxi Province, Qinling Shan; 02798. terrain analysis, Byelorussia; 06322.
- glaciation chronology**
Pleistocene, pollen data, Plum Point Interstade, Erie Interstade, Port Huron Advance, USA, New York; 09139.
- glaciation/deglaciation**
nunatak, equidistant shoreline diagram, deglaciation dynamics, Weichselian (late), Norway, Troms; 05310.
- glaciation history**
ice sheet, Weichselian (late), North Sea; 11830.
- glaciation model**
seismic stratigraphy, continental shelf, seafloor topography, sea level change, Canada, Nova Scotia; 11840.
- glacier**
ablation, mass balance, Asia; 08422. ablation, modelling, mass balance, sensitivity, climate change, Greenland, Storstrommen; 10537. Cainozoic glaciation, snowline, Wurm, China, Yunnan Province, Yulongxue Shan; 07898. calving, melting, ice retreat, climate, landform, New Zealand, South Island, Southern Alps; 04132. climate change, deglaciation, hydropower, Switzerland; 13617. climate change, sea level, Landsat, ice breakup, ice shelf, Antarctica, Wordie Ice Shelf; 07258. crevassing, speed, strain, seismicity, Antarctica, West Antarctica, Ice Stream B; 10543. debris free ice, glacier ice, ablation, debris cover, India, Himalayas, Punjab, Rakhiot Glacier; 06629. deforming bed, bedform, basal ice layer, 07933. deglaciation, mass balance, water balance, Italy, Atesine Alps, Ultimo Valley; 13618. delta, deformation, flood, Quaternary, Switzerland, Broye Valley; 01689. diamicton, iceberg rafting, scouring, suspension, Greenland, Scoresby Sund; 07976. fabric development, ice, polycrystalline ice, 09231. GIS, slope, crevasse, flow pattern, mass balance, Svalbard, Spitsbergen, Erikbreen; 09242. glacial landform, Recent, ice sheet, Pleistocene, roches moutonnées, snowline, China, Qinghai-Xizang Plateau, Yellow River; 13090. glaciology expedition, water resource development, climate research, Nepal, Himalaya; 06631. glaciotectionic deformation, lodgement, bed deformation, till fabric, subglacial environment, UK, England, Norfolk; 07965. global cooling, climate, 11862. groundwater/subglacial flow, subglacial flow, borehole response test, basal water pressure, Canada, Yukon, Trapridge Glacier; 11050. Holocene, snowfall, cirque, Little Ice Age, Spain, Pyrenees; 09233. ice degradation, climate warming, island ice dome, Svalbard, Nordaustlandet; 06637. ice patch, firn, Poland, Tatra Mountains; 11133. long range transport, regional distribution, monsoon, desert dust, Asia, (Central); 02682. mass balance, terminus fluctuation, statistics, climate, Italy; 09236. melt rate, model sensitivity, climate change, mass balance, Norway; 10534. meltwater, snowmelt, isotope data, runoff, China, Xinjiang, Tianshan Mountains, Urumqi River; 11070. permafrost, buried glacier ice, oxygen isotope composition, stratigraphy, morphology, Russian Federation, Siberia, Ledianya Gora; 04131. photogrammetry, glaciology, melt, Switzerland, Aletsch Glacier; 02529. Quelccaya Ice Cape, retreat rate, measurement, terrestrial photogrammetry, Peru, Andes, Qori Kalis Glacier; 00278. radioactive isotope, climate study, ice flow rate, ice dynamics, India, Himalayas; 06630. SAR, polarimetry, alpine glacier, Austria, Tyrol, Rofental; 02527. scour, ice block, jokulhlaup, sandur, river channel, Greenland, Søndre Strømfjord, Russell Glacier; 05352. seasonal analysis, mass balance, France, Alpe d'Huez, Grandes Rousses Massif, Sarennes Glacier; 09234. sensitivity, linear warming trend, global warming, retreat, 11860. single polarisation SAR, snow, 03834. snail assemblage, mollusc assemblage, temperature oscillation, pollen, proxy data, Europe, (West); 11835. snow bidirectional reflectance, Landsat TM, surface albedo, Svalbard; 03841. snow chemistry, ice chemistry, marine salt, precipitation chemistry, ion concentration, India, Himalaya, Chhota Shigri Glacier; 10893. snow chemistry, spatial variability, dust, aerosol, glaciochemical signal, Asia, (Central); 07375. snow, ablation, debris, Nepal, Khumbu Glacier; 08873. speleology, eruption, climate change, Italy, Sicily, Mt Etna, Cave of Frost; 09227. SPOT, satellite, monitoring, Kenya, Mount Kenya; 02528. stick/slip movement, titanium, quartzitic glacial bed, silica, UK, Scotland; 02792. subglacial discharge, turbidity, electrical conductivity, measuring instrument, Canada, Yukon, Trapridge Glacier; 11052. suspended sediment, fluvial transport, fine sediment, sedimentation, snow, Japan, Hokkaido, Ikushunbetsu River; Canada, Alberta, Peyto Creek; 04160. Tardiglacial, warming, continentality, equilibrium line, Switzerland, Alps; 06627. temperature pattern, Svalbard, Spitsbergen, Reindalen, Martha Glacier; Are Glacier; 07209. terminus velocity, ablation rate, glacier advance/retreat, longitudinal profile, 10531. tundra, ice margin, surface, energy balance, katabatic flow, Greenland; 12502.
- glacier ablation**
air temperature, retreat, volume loss, mass balance model, Nepal, Himalaya, Shorong Himal, Glacier AX010; 06633.
- glacier advance**
accumulation area, climate trend, mass balance, Italy, Alps, Mont Blanc; 09237. kinetostratigraphic unit, geological history, lithofacies, glaciotectionics, Norway, Finnmarksvidda, Vuolgamassjakká; 14276. push moraine, ice cap, moraine ridge, outwash fan, Iceland, Myrdalsjökull, Slettjökull; 14284. radiocarbon dating, Medieval Warm Period, moraine, Europe; 13105. tropics, climate reversal, Younger Dryas, Ecuador, Andes; Columbia, Andes; Peru, Andes, Quelccaya Ice Cap; 14243. uplift, photogeological mapping, Quaternary landform, sediment, raised beach, Svalbard, Spitsbergen, Wedel Jarlsberg Land, Hansbreen-Sofiekammen; 09203.
- glacier advance/retreat**
longitudinal profile, glacier, terminus velocity, ablation rate, 10531.
- glacier borehole**
antifreeze solution, environmental impact, ethanol, drilling, hydrophilic liquid, Antarctica; 11864.
- glacier debris**
surface altitude change, ablation area, equilibrium line, debris thickness, photogrammetry, USA, Oregon, Mount Hood, Eliot Glacier; 02834.
- glacier decline**
dropstone, Barents ice sheet, ice rafted debris, Svalbard; Barents Sea; 11789.
- glacier discharge**
reservoir model, hydrograph analysis, recession curve, 11051.
- glacier distribution**
paleoclimate, dendrochronology, treeline, Medieval Warm Period, Canada, Rocky Mountains; 13096.
- glacier drainage**
meltwater, diurnal variability, subglacial discharge, englacial discharge, USA, California, Sierra Nevada, Conness Glacier; 11049.
- glacier fed lake**
deposition rate, varve deposition, sediment yield, lake sediment, Canada, British Columbia, Cordillera; 14252.
- glacier flow**
fluted moraine, till, temperate valley glacier, clast, Norway, Jotunheimen, Slettmarkbreen; 11900.
- glacier fluctuation**
climate change, temperature, Austria, Alps; 09153. climate variability, Hypsithermal interval, Little Ice Age, late glacial, Holocene, Norway; 07893. climate variability, Little Ice Age, summer solar radiation, alpine glacier, tree ring record, Canada, Alberta, Rocky Mountains; 11782. cold based ice, ice sheet dynamics, Quaternary, paleoclimate, Antarctica, Taylor Glacier; 11865. mass balance, ablation rate, tropical glacier, Uganda, Ruwenzori Mountain, Elena Glacier; Speke Glacier; 09241. summer temperature, ice retreat, mass balance, Italy, Alps, Lombardy, Ghiacciaio dei Forni; Ghiacciaio della Ventina; 09238.
- glacier growth**
temperature anomaly, snow accumulation, global warming, carbon dioxide, Canada; Scandinavia; Atlantic, (North); 14940.
- glacier hydrology**
meltwater, runoff yield, Asia, Karakoram Himalaya, Indus Basin; 11065. snow cover, model calibration, climate change, 06364. snowmelt, glacier melt, monitoring network, snow measurement, Nepal; 11054. subglacial drainage, dye tracing, geometry, bed topography, meltwater quality, Switzerland, Haut Glacier d'Arolla; 02836. water quality sampling, time series analysis, proglacial stream, electrical conductivity, 12271. water resource management, climate change, flood model, debris flow, snow hydrology, Nepal, Himalayas; 11053.
- glacier ice**
ablation, debris cover, glacier, debris free ice, India, Himalayas, Punjab, Rakhiot Glacier; 06629. polar ice density, density, bubble, relaxation, 10530. rock glacier, density, gravity anomaly, permafrost, Switzerland, Upper Engadin, Murtel-Corvatsch Glacier; 05331. varve, grain size, ice dammed lake, silt bed, meltwater, Canada, Saskatchewan, Lake Assiniboine; 10592.
- glacier ice melt**
SIHP, snowmelt, Pakistan, Karakoram Mountains; 06428.
- glacier inventory**
applied research, glaciological research, Italy; 09239.
- glacier lake**
lake outburst, outburst flood, flood risk, Nepal, Khumbu, Imja Glacier; 11067. lake outburst, outburst flood, lake drainage, hydraulic syphon, Nepal; 11069. outburst flood, lake outburst, flood study, hydropower, design flood, Nepal, Arun River; 11068.
- glacier mass balance**
glacier runoff, precipitation/runoff model, snow storage, Nepal, Himalaya,

- Langtang Khola Basin; 11061. snowline variation, sensitivity analysis, climate effect, ELA, 10440.
- glacier melt**
monitoring network, snow measurement, glacier hydrology, snowmelt, Nepal; 11054.
- glacier melting**
albedo, heat balance, surface melting rate, biotic acceleration, Nepal, Himalaya, Langtang Region, Yala Glacier; 06634.
- glacier meltwater**
rainfall, snowmelt, streamflow, runoff response, permafrost, China, Qinghai-Xizang Plateau; 07102.
- glacier microtopography**
crevasse morphology, airborne laser altimeter, GPS, Iceland, Breidamerkurjökull, Skeidararjökull; Greenland, Jakobshavn Isbrae; 03677.
- glacier movement**
climate change, atmospheric carbon-14, solar influence, Holocene, lake level fluctuation, Switzerland, Alps; Austria, Alps; France, Jura; 00173. precipitation variation, terminus fluctuation, photogrammetric mapping, USA, Washington, Mount Baker; 07936.
- glacier nourishment**
water/ice budget, 08925.
- glacier outflow**
conductivity, salt dilution method, computer program, Canada, British Columbia, Rocky Mountains; Coast Mountains; 13147.
- glacier readvance**
ice core, Younger Dryas, pollen peak, foraminifera, USA, Washington, Olympic Peninsula; Alaska, Panhandle; Canada, British Columbia; 07839. late glacial, climate change, radiocarbon date, moraine limit, Peru, Andes; Ecuador, Andes; 05335.
- glacier relief**
ice velocity, decay, flow stripe, aerial photography, crevasse, Antarctica, Byrd Glacier; 02847.
- glacier research**
solifluction zone, Allerød, sea level, Older Dryas, geomorphology, Iceland, Tollaskagi, Svarfardalur-Skiodatur; 07780.
- glacier retreat**
mass balance, Landsat TM imagery, snowfall, Austria, Alps; 14299. mass balance, neoglaciation maxima, calving dynamics, ice field, ELA, South America, Patagonia; 07937. palaeoclimate indicator, penguin rookery, Holocene, *Pygoscelis adeliae*, Antarctica, Victoria Land Coast; 07906.
- glacier runoff**
discharge estimation, tracer, fluorescent tracer, snowmelt, Nepal, Himalayas; 10908. glaciological research, meltwater, Germany, Tyrol, Oetzal Alps, Vernagtferner; 11060. precipitation distribution, streamflow simulation, precipitation/runoff model, snowmelt runoff, India, Himalayas, Satluj River; 11064. precipitation/runoff model, snow storage, glacier mass balance, Nepal, Himalaya, Langtang Khola Basin; 11061. runoff estimation, streamflow simulation, snow/ice melt, Asia, (Central); 11059. runoff water chemistry, meltwater chemistry, sediment load, India, Ganga Basin, Satopanth Glacier; Bhagirath Kharak Glacier; 11071.
- glacier speed**
cirque, diurnal cycle, water input, bergschrund, Sweden, Storglaciaren; 13150.
- glacier structure**
hydrothermal state, radio wave velocity, thermal regime, Svalbard, Hansbreen; Fridtjovbreen; Russian Federation, Alai Mountains, Abramov Glacier; 06628.
- glacier surface**
TM, Italy, Alps; 12836.
- glacier terminus**
advance/retreat, temperate glacier, climate influence, mass balance change, USA, Washington; Oregon; 06625.
- glacier tongue**
terrestrial photogrammetry, runoff, aspect, aerial photography, Nepal, Himalaya, Langtang Khola Basin; 06632.
- glacier tongue velocity**
Landsat image, crevasse pattern, velocity, Antarctica; 02854.
- glacier unloading**
last deglaciation, radiocarbon dating, sea level rise, isostatic response, North Sea, Kattegat; 07892.
- glacier variation**
climate change, lake level variability, Holocene, general circulation pattern, tree limit, France; 06552. ice cap, retreat, outlet glacier, climate variability, mass balance, Iceland; 04136. mudflow, lichenometric dating, radiocarbon dating, Holocene, Kirghizia, Tian Shan, Aksay Valley; 10516.
- glacigenic deformation**
glaciofluvial sediment, loading/unloading, Fraser Glaciation, compression, unloading, Canada, British Columbia, Big Creek; 07884. metamorphic bedrock, bedrock fracture, breccia, subglacial shear, Canada, New Brunswick, Heath Steele Mines; 00236.
- glacigenic deposit**
solifluction, periglacial activity, environmental reconstruction, Pleistocene, raised beach, UK, Wales, Gower, Broughton Bay; 14274.
- glacigenic facies**
Hirnantian, Don Braulio Formation, diamictite, Gondwana, Ordovician, Argentina, Precordillera; 02968.
- glacigenic mudflow**
submarine fan, sidescan imagery, gravitational failure, mudflow, Barents Sea, Bear Island Fan; 05289.
- glacio/morphological map**
ablation, drift snow, SPOT, Landsat, Antarctica, Dronning Maud Land; 03830.
- glacioaquatic sediment**
Lund Diamicton, deglaciation, transgression, late glacial, depositional environment, Sweden, Lund Area; 10491.
- glaciochemical record**
Arctic atmosphere, polar atmospheric cell, atmospheric composition, Younger Dryas, 00164.
- glaciochemical signal**
glacier, snow chemistry, spatial variability, dust, aerosol, Asia, (Central); 07375.
- glaciodynamic feature**
till plain, meltwater channel, palaeoenvironmental implication, Vistulian glacial deposit, Poland, Smigiel; 02797.
- glaciodynamics**
diatomite, cataclastic shearing, glaciotectionic deformation, Denmark, Limfjord, Feggeklit; 01511.
- glacioeustasy**
prograding shelf, seismic data, field data, sequence stratigraphy, Pleistocene deposit, continental shelf, France, Rhone Shelf; 05282. sea level rise, Holocene, coastal evolution, barrier split, beach ridge, Little Ice Age, USA; 00251.
- glaciofluvial deposit**
palaeovalley, diamictite, Ordovician, Silurian, Jordan; 10593. radon, esker, indoor radon, soil uranium concentration, foundation design, Finland; 08982.
- glaciofluvial environment**
sediment transfer, river basin, suspended load, proglacial stream, India, Himalayas, Alkanda Basin; 05364.
- glaciofluvial outwash**
Bull Lake, Pinedale glaciation, Quaternary evolution, alluvial fan, USA, Montana, Madison River Valley, Cedar Creek; 07867.
- glaciofluvial sediment**
late pleniglacial, last glaciation, moraine, alpine foreland glacier, permafrost, Germany, Alpine Foreland; 01555. loading/unloading, Fraser Glaciation, compression, unloading, glacigenic deformation, Canada, British Columbia, Big Creek; 07884. outwash fan, subglacial meltwater, Rehburg Stage, Saalian glaciation, moraine, Germany, Dammer Berge; 14342.
- glaciofluvial system**
tunnel channel, esker, ice sheet dynamics, subglacial meltwater, Canada, Northwest Territories, District of Franklin, Victoria Island; 04087.
- glacioisostasy**
alluvial fill, alluvial fan, Holocene, stratigraphy, proglacial lake, Canada, Alberta, Province Park, Falcon Valley; 09037. Devension (late), Holocene, uplift pattern, shoreline dislocation, trend surface, UK, Scotland; 05196. isostatic deformation, shoreline tilting, North America, Great Lakes; 09194. morphology, Pleistocene, fault activity, uplift, Poland, Sowie Mts.; 06482. raised beach, climate change, deglaciation, sea level, Norway, Varanger Peninsula; 01536. regional geomorphology, neotectonics, plate boundary, earthquake occurrence, seismicity, Canada; 01389. salinity anomaly, thermohaline circulation, stable isotope study, meltwater, Laurentide Ice Sheet, Canada, Arctic Canada; 05287. VLBL, surface load, deformation, deglaciation chronology, earth model, 11684.
- glacioisostatic recovery**
postglacial emergence, radiocarbon date, raised marine terrace, postglacial emergence, Canada, Quebec, Ungava Peninsula; 06587.
- glaciokarst**
alpine pasture, landform, land use, Slovenia, Julian Alps, Lower Bohinj Range, Suha; 12970.
- glaciolacustrine deposit**
glaciotectionic structure, micromorphological character, Ballycroneen Formation, Irish Sea Till, Ireland; 10489.
- glaciolacustrine sediment**
gravity flow process, calving, deglaciation, Tertiary peneplain, lodgement till, Sweden, Varnamo Area; 10492. subaqueous fan, diamicton, iceberg, grounding structure, UK, Scotland, Aberdeenshire; 07891.
- glaciolacustrine sedimentation**
channel deposit, turbidite, mass flow deposit, 04172. proglacial lake, varved clay, subsidence rate, tectonic activity, Pleistocene, Poland, Kleszczow Graben; 05311.
- glaciolacustrine sequence**
Halton Till, Wentworth Till, lithology, Pleistocene stratigraphy, lake bluff, USA, New York, Lake Erie; Lake Ontario; 00237.
- glaciological investigation**
radio echo sounding, velocity, ablation rate, ice thickness, USA, Wyoming, Wind River Range, Upper Fremont Glacier; 07886.
- glaciological model**
Younger Dryas, equilibrium line altitude, climatic event, Scandinavia; 13086.
- glaciological modelling**
ice sheet, basal temperature, Cainozoic (late), Antarctica, East Antarctica; 10550.
- glaciological parameter**
ice composition, Vostok ice core, wind influence, air content, Antarctica, Vostok; 14300.
- glaciological research**
glacier inventory, applied research, Italy; 09239. meltwater, glacier runoff, Germany, Tyrol, Oetzal Alps, Vernagtferner; 11060.
- glaciology**
alpine glacier, GIS, data integration, 07638. global change, meteorite trap, ice sheet, blue ice field, hypsithermal event, Antarctica, Victoria Land; 06365. hydrology, ELA, mass balance, alpine climatic environment, Italy, Alps, Careser Glacier; 09240. melt, glacier, photogrammetry, Switzerland, Aletsch Glacier; 02529. satellite imagery, continental ice, marine ice, lacustrine ice, Canada, Arctic Canada; 05333. SPOT HRV, Antarctica; 10236.
- glaciology expedition**
water resource development, climate research, glacier, Nepal, Himalaya; 06631.
- glaciomarine**
deltaic deposition, ice margin tectonics, Gilbert type delta, sea level change, Loch Lomond Readvance, UK, Scotland, Mull, Loch Don; 07890. lacustrine, TL dating, Whidbey Formation, floodplain sediment, Canada, British Columbia; USA, Washington; 09138.
- glaciomarine delta**
isostasy, deglaciation, postglacial uplift, synglacial sea level, USA, New England; 01532.
- glaciomarine deposit**
diamicton, ice rafted detritus, glacial till, glaciation, Cainozoic (late), Greenland; 11832.

- glaciomarine environment**
tidewater ice sheet, till, Wisconsinan ice complex, fjord, stratigraphy, Canada; 00235.
- glaciomarine/marine sediment**
Weichselian, seismic signature, glaciotectionic structure, cupola-hill, Atlantic, Barents Shelf; 10490.
- glaciomarine sediment**
ice margin, calving, seismic mapping, till, marine environment, 07849.
- glaciomarine sedimentation**
continental margin, ice rafted debris, surface water productivity, Pleistocene, Holocene, Greenland, East Greenland, Scoresby Sund; 00176. structural geology, Quaternary, glaciotectionic deformation, diamicton, UK, England, Norfolk West Runton; Iceland, Melabakkar-Asbakkar; 14341.
- glaciomarine sequence**
glaciotectionics, proglacial deformation, Weichselian, Iceland, Melabakkar-Asbakkar; 14283.
- glaciometeorology**
albedo, katabatic flow, melting zone, ice sheet, Greenland; 02202.
- glaciotectionic database**
mapping, deformable substrata, basement fault, seismic zone, glacial limit, North America; 01500.
- glaciotectionic deformation**
diamicton, glaciomarine sedimentation, structural geology, Quaternary, UK, England, Norfolk West Runton; Iceland, Melabakkar-Asbakkar; 14341. diamicton, subglacial meltwater, subglacial process, drumlin, sedimentary structure, Ireland, County Galway, Kanrawer; 14340. glaciodynamics, diatomite, cataclastic shearing, Denmark, Limfjord, Feggekli; 01511. lodgement, bed deformation, till fabric, subglacial environment, glacier, UK, England, Norfolk; 07965.
- glaciotectionic feature**
bedrock conditions, deformable sediment, regional flow direction, bedrock characteristic, Poland; 01514. ice limit, permafrost, preglacial drainage pattern, database, Europe; 01508.
- glaciotectionic landform**
structural uplift, nunatak, bedrock thrust, ice pushed ridge, Canada, Saskatchewan, Cactus Hills; Dirt Hills; 01504. upslope movement, proglacial lake, ice surge, ice pushed hill, Canada, Saskatchewan, Missouri Coteau; 01505.
- glaciotectionic squeezing**
meltwater erosion, deforming bed, subglacial bed condition, tunnel valley, Germany, Schleswig-Holstein, Bornhöved; 09199.
- glaciotectionic structure**
cupola-hill, glaciomarine/marine sediment, Weichselian, seismic signature, Atlantic, Barents Shelf; 10490. ice flow, glacially deformed sediment, USA, Alaska, St. Lawrence Island; Russian Federation, Chukotka Peninsula, Lavrentiya Bay; 01501. micromorphological character, Ballycroneen Formation, Irish Sea Till, glacioclustrine deposit, Ireland; 10489. thrust block, drumlin, Canada, Saskatchewan, Prince Albert, Red Deer Hill; 05306.
- glaciotectionics**
diapir, shear zone, drape fold, Quaternary, tectonics, Poland, Kleszczow Graben, Belchatow; 04100. flow direction, ice movement, glacial feature, Germany, (East); 07895. glacier advance, kinetostratigraphic unit, geological history, lithofacies, Norway, Finnmarksvidda, Vuolgamasjakka; 14276. porewater trap, salt diapir, confined aquifer, permafrost wedge, Germany, Kiel; 01512. proglacial deformation, Weichselian, glaciomarine sequence, Iceland, Melabakkar-Asbakkar; 14283. stratigraphy, sedimentary structure, subglacial thermal regime, Laurentide Ice sheet, lithofacies associations, Canada, Alberta, One Tree Creek; 10484.
- glass chemistry**
tephra deposit, discriminant function analysis, USA, Yellowstone; Cascade Range, Long Valley; New Zealand, North Island, Taupo; 09053.
- glass decomposition**
interstitial water, volcanic ash, element, zeolite, illite, Pacific, Nankai Trough; 00316.
- glass fibre filter**
light attenuation, phytoplankton, scattering, absorption, 06645.
- glass filter**
solar UVB irradiance, instrument, 07427.
- glass honeycomb**
denuder/filter pack, diffusion denuder, gas/particle collection, 05868.
- glass industry**
dolostone, chert, Lias, Italy, Venetian Alps, Piave Valley, Feltre; 01646.
- glass pipe technology**
convection, drag force, vertical current, ocean, deep convection process, Atlantic, Sargasso Sea; 02136.
- GLEAMS**
pesticide loss, contaminant transport, water quality, 07023.
- Glenns Ferry Formation**
burial depth, Shoo-fly oolite, pressure dissolution, Pliocene/Pleistocene, grainstone, USA, Idaho, Owyhee Country, Shoo-fly Creek; 06686.
- Glenodinium sanguineum March**
limnology, algae, zooplankton, lake water chemistry, Italy, Trentino, Lake Tovel; 01962.
- Glenwood Formation**
diagenesis, cementation, dolomitization, Ordovician, USA; 14360.
- gley soil**
Podzol, soil chemical property, afforestation, UK, Scotland, Central Region, Balquhiddy; 00520. Podzolic soil, soil drainage, 09513. soil microorganism, peat soil, Russian Federation, Amur Region; 10785.
- gleying**
forest soil, iron, hydromorphic soil, Russian Federation, Sverdlovsk Oblast; 10856. humus, organic matter, sod Podzolic soil, cutan, ortstein, 00527.
- Gleysol**
hydraulic conductivity, soil structure, tillage, soil physical property, 04385. particle size fraction, humic substance, carbon, nitrogen, organic matter, Canada, Ottawa, Bainsville; 12144. soil structure, porosity, tillage, 05596.
- glide**
snow cover, snow pressure model, creep, Switzerland; 09235.
- glimm method**
transport equation, atmosphere, random choice method, 15041.
- glint**
AVHRR, saturation, 10054.
- Gliricidia sepium**
Alfisol, mulching, leaf mulch, *Grevillea robusta*, *Cassia siamea*, Kenya, Machakos; 08258.
- global absorption**
multiple scattering, diffuse radiative property, spherical albedo, scattering approximation, asymptotic theory, 00081.
- global albedo map**
land surface, albedo modelling, vegetation albedo, 02155.
- global analysis**
soil, nitrous oxide, soil gas production, tropics, 05091. stratosphere/troposphere exchange, northern winter, tropopause, 00898.
- global assessment**
crop production, climate change, food supply, atmospheric carbon dioxide, 06379. sea level change, GPS, marine terrace, altimeter satellite, eustacy, 02815. soil carbon storage, dryland, grassland, carbon budget, 03902.
- global atmosphere**
oxidized nitrogen, population growth, fossil fuel, biomass burning, 10328. ozone regulation, summer ozone level, photochemical model, USA; 03867. ozone, review, 08646. turbulence, Ekman layer, 12456.
- global atmosphere watch**
weather modification programme, WMO long term plan, atmospheric research, environmental programme, 00087.
- global average**
predictability, transient, error growth, 02320.
- global average temperature**
temperature, point gauge, optimal weighting, 11106.
- global biogeochemical model**
vegetation structure, vegetation classification, remote sensing, USA; 10321.
- global budget**
biogeochemistry, vanadium, 10322. energy budget, satellite observation, 08485. methane cycle, greenhouse effect, source strength, 02623. nitrogen-15, oxygen-18, nitrous oxide, stratospheric flux, USA, Hawaii, Maui; Costa Rica; 06400.
- global carbon budget**
charcoal formation, carbon budget, biomass burning, rainforest, Brazil, Amazonas, Manaus; 05097. CZCS, surface chlorophyll, solar irradiance, Atlantic, (North); 07617. forest growth, missing carbon, budget deficit, carbon, northern temperate zone, 05093.
- global carbon cycle**
biospheric carbon, atmospheric carbon dioxide, sequestration, carbon storage, 03898. carbonate pump, bioclimatic forcing, Emilia huxleyi, calcium carbonate, 02746. field measurement, biomass, carbon storage, deciduous forest, North America; 00052. methane cycle, ocean, bacterial methane, formation rate, 03886. northern forest, disturbance, biomass carbon, boreal forest, Canada; 03905. terrestrial ecosystem, sequestration, carbon dioxide, conservation measure, 03888.
- global carbon model**
carbon isotope, deep carbon gas, ombrogenous peatland, radiocarbon dating, peat, Canada, Ontario, Rainy River; 01321.
- global change**
agricultural demand, land cover, IMAGE 2.0 model, climate change, 12931. anthropogenic impact, dataset, atlas, satellite observation, 07660. ASPRS/ACSM, lake ice, aerial photography, mapping, monitoring, Brazil; 07661. atmosphere-ocean interaction, IMAGE 2.0, oceanic carbon cycle, climate model, atmospheric chemistry, 12933. civilian remote sensing, EOS, 03651. climate change, carbon cycling, biofuel, integrated model, scenario analysis, 12929. climate, feedback mechanism, trace gas emission, land surface, impact prediction, 00032. coral reef, climate change, water temperature, bleaching, sea level rise, Gulf of Mexico; Caribbean Sea; 01367. deep sea, anthropogenic impact, benthos, abyssal laboratory, 10351. Earth rotation, ice sheet, polar motion, climate model, Antarctica; 03865. education, GIS, remote sensing, government, monitoring, 04822. geographical analysis, terrestrial process research, earth system, USA; 00077. Geological Survey, monitoring programme, environmental change, climate change, Arctic, Canada; 05060. GIS, cartography, standard, visualisation, institutional, map projection, monitoring, 04824. greenhouse forcing, albedo, 10289. Ice Age, fire, savanna landscape, archaeology, 01293. IMAGE 2 model, feedback process, greenhouse effect model, carbon cycling, 03914. land cover, land use, anthropogenic impact, Brazil, Amazonia; 00002. maize production, nitrogen stress, yield reduction, climate change, carbon dioxide concentration, Argentina, Pampas; 08969. mapping sciences, higher education system, 01288. mapping, crop growth simulation, vector space, growth model, 10339. measurement, EOS science programme, climate, hydrology, 00012. meteorite trap, ice sheet, blue ice field, hypsithermal event, glaciology, Antarctica, Victoria Land; 06365. monitoring programme, database, forest cover, remote sensing, USA; 03924. natural science, anthropogenic process, interdisciplinary research, social science, 10277. ocean current system, sunspot minima, planetary rotation, 00011. oceanic carbon system, carbon dioxide, marine aerosol, International Symposium, 02650. palaeoclimate reconstruction, COHMAP, pollen analysis, computer model, 00242. palaeoenvironmental history, tropical landscape, palaeoenvironmental evidence, Quaternary, South America; 00201. palaeorecord, geochemistry, hydrology, peatland, 00215. permafrost, fossil fuel resource, methane, gas hydrate, 02622. photogrammetry, surveying, GPS, geodetic network, data integration, DEM, DTM, monitoring, 04823. radiation budget, middle atmosphere monitoring, cloud study, ocean-atmosphere interaction, 08828. remote sensing, data acquisition, GIS, map accuracy, image processing, military, information, monitoring, 04825. resource technology, resource model, GIS, remote sensing, monitoring, 04826. satellite altimetry, sea level, marine geodesy, 07428. sea level, ocean current system, coastal upwelling, climate fluctuation, 00249. snow cover, passive microwave data, 03837. surveying organisation, FIG, 10036. sustainable development, international programme, 12934. sustainable development, physical geography, landscape ecology, 01342. USGCRP, solar variability, 07666.
- global change encyclopedia**
remote sensing, deforestation, desertification, GEOSCOPE, 06362.
- global change model**
physical perspective, climate predictability, greenhouse gas, 10335.

- global change policy**
academic, IPCC, 06369.
- global change programme**
middle atmosphere, solar irradiance, 08846.
- global change research**
GIS, environmental model, 05109. historical data, remote sensing data, 06361. irrigation, industrial land use, agroecological zone, AVHRR, NDVI, India; 08893. tropical ecosystem, biodiversity, El Nino/Southern Oscillation, 10347.
- Global Change Research Programme**
ecological indicator, climate change, USA; 14108. geographical dataset, EOS, 13896. satellite program, Earth observation satellite, Japan; 06430.
- global circulation model**
LAWS, observing system, simulation experiment, 05862. persistent anomaly, forcing, two level model, 11203.
- global climate (1990)**
climate summary, Pacific, (West); Antarctica; 04571.
- global climate (1991)**
climate summary, 04573. climate summary, 04574. climate summary, Pacific; 04572.
- global climate (June-August 1992)**
climate summary, 13702.
- global climate**
anthropogenic impact, cloud, carbon dioxide variation, model sensitivity, hydrological cycle, 06373. diagnostics, greenhouse effect, numerical simulation, 12923. mission planning, incidence angle, Radarsat mapping, Antarctica; 11559. oscillation (65-70 year), climate system, temperature record, 11261. precipitation change, climate change, temperature change, Croatia, Cres-Losinj Archipelago; 08970. sea surface temperature, climate monitoring, surface temperature, 10190.

disaster observation system, high resolution, Earth observation satellite, 06433. long term plan, WMO, world weather watch programme, data processing, 01331.

global ocean

evaporation estimate, water vapour, near surface specific humidity, atmospheric water vapour, 01245.

global ocean observing system

world ocean circulation experiment, ODP, oceanographic equipment, instrumentation, 07721.

global optimisation

image segmentation, pixel level processing, region level processing, 13954. optimisation, water tariff, groundwater management, minimisation, 09771.

global ozone monitoring

GOMOS, ozone measurement, 09964.

global policy

climate change, ESCAPE model, impact assessment, 12874.

global pollution

sediment transport, environmental pollution, polar geography, Arctic; Antarctica; 09067.

global precipitation

precipitation distribution, daily maximum precipitation, monsoon, Bai-u front, typhoon, 14597.

Global Precipitation Climatology Project

algorithm, intercomparison project, satellite infrared, rainfall, 14105.

global radiation

clearness index, solar radiation, correlation, horizontal beam radiation, Israel, Beer Sheva; 14815. hourly distribution, solar radiation, diffuse solar radiation, Nigeria, Lagos; 12428. insolation, climate change, pollution, 11588. satellite meteorology, cloud amount, METEOSAT, relative series, 08832.

global redistribution

spatial distribution, organochlorine, water, sediment, Asia; 10298.

global reference frame

crustal dynamics, satellite laser ranging, pseudo-short arc network, Turkey; 11494. GPS orbit determination, interferometry, geodesy, post processing method, 11393.

global research

environmental change, deforestation, desertification, GIS, remote sensing, 10345.

global scale

Earth science, plate tectonics, environmental issue, 09017. GEWEX, Global Energy and Water Cycle Experiment, ice extent, hydrological cycle, 05085. snowfall, rain, snow cover model, global climate simulation, 01319. sulphur, methane, nitrous oxide, atmospheric concentration, trace gas exchange, rice cultivation, 00040.

global scenario

carbon dioxide emission, 08713.

global sea ice cover

sea ice, global climate monitoring, ERS-1 radar altimeter, 14081.

global sea level dataset

tide gauge data, anthropogenic impact, environmental impact, 02817.

global/seasonal model

carbon exchange, terrestrial biosphere, Frankfurt biosphere model, 03915.

global shallow water equation

error, shallow water equation, spectral numerical solution, 11187.

global snow cover

snow cover, snow monitoring, 08481.

global soils database

agricultural land, carbon source/sink, 03903.

global source/sink budget

flux measurement, methane flux, nitrous oxide flux, subalpine meadow, snow cover, USA, Wyoming; 07699.

global spectra

energy, enstrophy, spectral flux, 03444.

global spectral model

biosphere feedback, climate, simple biosphere model, Africa; 04672. National Meteorological Center, cyclone, forecast, aviation run, 04736. National Meteorological Center, sea level, cyclone, forecast, nested grid model, 04733.

global stability

oxygen, 03587.

global study

environmental management, compartmental model, global study, methodological framework, solution, 07662. IGBP, technology, JGOFS, global ocean ecosystem dynamics programme, 05065. methodological framework, solution, global study, environmental management, compartmental model, 07662. research, Earth science, satellite observation, 09016. summer monsoon, sea surface temperature, Southern Oscillation, rainfall variation, India; 05057. trace gas exchange, air-soil interaction, methane, emission prediction, sampling, 07705.

global surface temperature

electrical circuit, temperature trends, thunderstorm activity, 04592.

global temperature

ISAMS, temperature, composition, profile, 13806. moisture, virtual temperature, temperature, warming trend, layer thickness, 13704.

global temperature profile

UARS, stratosphere, mesosphere, 01083.

global temperature rise

geological record, sea level change, greenhouse gas, 02814.

global terrestrial observing system

monitoring change, terrestrial ecosystem, workshop, remote sensing, 06435.

global tidal model

sea surface slope, Geosat altimetry, radar altimeter data, Atlantic; 11546.

global topography

spherical harmonic analysis, geophysics, planet topography, spectra, Earth; Venus; Mars; 01339.

global transport

PCB flux, sink, organochlorine, ocean air, seawater, 00025.

global trend

wet deposition, sulphate deposition, trend analysis, time series model, acidic deposition, 00615.

global variability

ozone, stratosphere, warming event, planetary wave, zonal mean ozone, 11290.

global variation

sunset, nitrogen dioxide, column nitrogen dioxide, 08683.

global vegetation index

AVHRR, GVI, NOAA, 12791. AVHRR, land cover classification, Fourier analysis, 13958. climate model, biosphere-hydrosphere interaction, AVHRR, 08755. forest, carbon sequestration, AVHRR imagery, GIS model, Asia; 03891.

global vegetation pattern

terrestrial carbon storage, Last Glacial Maximum, biome, modelling, 10281.

global vulnerability assessment

climate change, sea level rise, coastal zone management, IPCC, 06375.

global warming

anthropogenic impact, climate change, permafrost, zonation, Russian Federation, Siberia; 01560. Aswan High Dam, erosion, subsidence, Holocene, Pleistocene (late), 00267. atmospheric change, carbon cycling, sink, ecosystem response, 08988. biogeochemistry, wetlands, perfusion system, 03858. carbon dioxide, glacier growth, temperature anomaly, snow accumulation, Canada; Scandinavia; Atlantic, (North); 14940. chlorinated hydrocarbon, environmental impact, chlorine, ozone depletion, Netherlands; 14115. climate change, flood rockfall, debris flow, hazard, USA; Canada; 07731. climate change, riverine flooding, land use change, flood frequency, UK; 05651. climate change, temperature, snow cover, sea ice, Arctic; 14945. climate change, water balance, river runoff, 06372. coastal management, dune, sea level, France, Golfe du Lion; Mediterranean Sea, Golfe du Lion; 03972. coastal zone, economic damage, sea level, damage estimate, Korea; 05061. coupled ocean-atmosphere-land system, model assessment, natural variability, 12552. drought, agricultural practice, land use effect, vulnerability, agricultural water management, Morocco; 00799. engineering structure, structural stability, durability, permafrost, reliability, 11852. environmental change, anthropogenic activity, land transformation, 01448. environmental change, geomorphology, UK; 03941. forecast, politics, catastrophic disturbance, 14103. forest ecosystem, carbon cycling, carbon flux, carbon sink, deforestation, 03906. forest fire, future strategy, fire management, Canada; 02578. fynbos community, mitigation measure, climate change, Pleistocene/Holocene transition, South Africa, Cape Province, Cederberg; 06363. greenhouse effect, emission target, nitrous oxide, 13826. greenhouse gas, environmental threat, social consequence, emission, 06368. hurricane frequency, sea surface temperature, GCM, future climate, Gulf of Mexico; Caribbean Sea; 01322. hydrohalocarbon, dynamic model, Fourier transform spectrometer, infrared cross section, 01320. ice core, tree ring data, Little Ice Age, summer temperature, climate change, 06554. ice sheet, precipitation, ice albedo, atmospheric carbon dioxide, 10283. ice shelf, marginal ice, radiometric brightness temperature, surface melting, Antarctica; 03816. Little Ice Age, drought, frequency, forest fire, boreal zone, Canada, Quebec; 03860. Mikulinian interglacial, geographical zonality, interglacial vegetation, palaeobotanical map, Russian Federation; 06374. mountain ecology, wind, lowland/upland transition, plant response, environmental change, 02637. MSU, volcanic eruption, El Nino, 08851. palaeoclimatology, palaeohydrology, saline lake, palaeolimnology, climate change, 00193. peat, tundra, Hypsithermal, Holocene, carbon balance, USA, Alaska; 03859. phytoplankton bloom, modelling, dimethylsulphide production, algal bloom, tank experiment, 08997. pluvial conditions, penultimate deglaciation, atmospheric circulation, Egypt, Western Desert; 02763. retreat, glacier, sensitivity, linear warming trend, 11860. sea level rise, wetlands, remote sensing, model simulation, USA, Washington, Puget Sound; 10519. secular, climate change, steppeization, continentality, Poland, Poznan; 02577. slope instability, landsliding, climate change, UK; 04033. snow cover, climate change, USA; Canada; Arctic; 14938. socioeconomic impact, sea level rise, Japan; Thailand; 14107. stellar luminosity, sunspot luminosity modulation, solar activity, 11586. time series, moving average model, greenhouse gas, statistics, trend analysis, 00004. water withdrawal, lake thermodynamics, thermal discharge, heat exchange, Canada, Lake Ontario; 10948. wetness probability, persistence probability, summer, China, Beijing; 08968.

global warming potential

climate change, warming, greenhouse gas, methane, 13893. warming, carbon dioxide, emission scenario, climate forcing, 07321.

global warming scenario

radiative forcing, volcanic eruption, atmospheric feedback, 06366.

global water balance

mathematical model, biosphere, biogeochemical cycle, photosynthesis, 01326. precipitation, evapotranspiration, runoff, water balance, annual water balance, 00610.

global water cycle

GCM, runoff, soil water capacity, water balance, 05278. water holding capacity, general circulation model, water cycle, land, 13748.

global wind pattern

UARS, wind imaging interferometer, airglow limb, Michelson interferometer, 01080.

globe

cosmography, iconography, India; 10123.

Globigerinoides ruber

oxygen isotope, diffusion, chloride, porewater, foraminifera, Australia, Queensland Continental Margin, Hole 817 C; 09308. sea surface temperature, stable oxygen isotope signal, slope sediment, oxygen isotope ratio, Coral Sea, Great Barrier Reef; 10447.

Globigerinoides sacculifer

Cibicides, Quaternary, preservation, Antarctic Intermediate Water, calcium carbonate, Coral Sea, Queensland Plateau, Townsville Trough; 10451.

GLONASS

satellite configuration, GPS, 08762.

GLORIA

bathymetry, swath bathymetry, 05009. hot spot mantle diapirism, geology, deformation, seafloor, wide swath image, Pacific, Tonga Trench; Western Samoa; 00192. seabed backscattering, multiple reflections, sidescan sonar imagery, 13941. sidescan sonar, swath bathymetry, hotspot, volcanic ridge, Atlantic, (North); Iceland, Reykjanes Ridge; 09054. sonar sidescan, seafloor, backscatter attenuation, sediment accumulation, 12783.

- glossic feature**
clay coating, soil micromorphology, argillic brown earth, fragiudalf, Fragipan, UK, England, Northumberland, Milfield Plain; 12095.
- Glossoboralf**
micromorphology, soil physical property, fragipan, till, USA, Minnesota; 06890.
- glucose**
nitrate assimilation, prairie soil, 08165. root decomposition, carbon dynamics, nitrogen dynamics, root mucilage, 05569.
- glucose addition**
sulphur transformation, sulphate addition, incubation, soil conditioner, 00557.
- glycine**
decomposition, humus, Sierozem, 14522.
- glyoxylic acid**
oxalic acid, photochemistry, pyruvic acid, iron (III), cloud chemistry, 14957.
- glyphosate**
bioaccumulation, dissipation, paraquat, river water quality, partitioning, Taiwan; 13545. diflufenuron, degradation rate, fate, surface water quality, herbicide, pesticide, 12239.
- GMS**
GOES, water vapour transport, satellite data, evaporation, SMMR, Pacific; 03212.
- gneiss**
anisotropy, weathering grade, physicochemical property, weathering, Massiac gneiss, France, Massif Central; 01350. geotechnical characterisation, soil profile, granite, 11723.
- gneiss debris**
forest decline, acidification, soil chemistry, classification, toposequence, Germany, Bavaria, Bavarian Forest; 08099.
- GNIS**
place name, geographic name, 10132.
- GNSS**
maritime, navigation satellite, UK; Ireland; 15052.
- GOES**
DMSO, Landsat, SPOT, mesoscale meteorology, USA, Hawaii; 13993. Meteorol, humidity profile, cloud classification, 08840. solar radiation, topography, FIFE, 06213. water vapour transport, satellite data, evaporation, SMMR, GMS, Pacific; 03212.
- GOES 6.7 micrometer channel**
relative humidity, water vapour absorption, troposphere, clear sky radiance, 05884.
- goethite**
aqueous system, comparative study, adsorption behaviour, copper, lead, zinc, 02607. gibbsite, clay soil, clay mineral, boron adsorption, calcite, 10791. hematite, crystal morphology, acid dissolution, 00323. ligand, mineral surface, sulphate, heavy metal adsorption, cadmium, 03143. modelling, trace metal, computer, complexation, titration, 06647. phosphate sorption, mineralogy, haematite, 14546. soil coating, iron oxide, silica, 05551.
- Golconda Group**
Mississippian, Chesterian, carbonate, ooid, bioaccumulation, USA, Missouri; 04264.
- gold**
electrophoresis, humic acid, auriferous soil, 09454. granite/greenstone terrain, geological mapping, nickel exploration, South Africa, Transvaal, Murchison Range; Sutherland ranges; 08865. mineral water, water/gas sampling, groundwater chemistry, hydrogeochemical prospecting, Russian Federation, Amurs Kaya; 13584. sampling, Geoscan, field sampling, USA, Nevada; 02471. shear zone, Proterozoic, Canada, Superior Province; 01669.
- gold deposit**
exploration geology, TM, mapping, sediment, Mexico, Sonora, Santa Teresa; 02465.
- gold exploration**
airborne multispectral data, arid terrain, ore deposit, 03752.
- gold mine**
groundwater flow, mine drainage, 09690.
- gold mineralization**
sericite, spectral anomalies, hydrothermal alteration, Brazil, Minas Gerais State, Morro do Ouro; 03742.
- gold mining**
food chain, pollution, stream sediment, Colombia, Western Cordillera, Department Narino, Los Andes; 10678. landscape adjustment, spatial organisation, disturbance, Russian Federation, Siberia, Patomskiy Highlands; 00021.
- gold placer**
geobotanical anomaly, mineral exploration, spectral reflectance, spectroscopy, USA, Utah, La Sal Mountains; 02467.
- GOMOS**
ozone measurement, global ozone monitoring, 09964.
- Gondwana**
Ordovician, glacial facies, Hirnantian, Don Braulio Formation, diamictite, Argentina, Precordillera; 02968.
- Gondwana glaciation**
lithological cycle, evaporite, Paradox Formation, Pennsylvanian, salinity, USA, Utah; Colorado; 01637.
- Gondwanaland**
Carboniferous, tempestite, carbonate, China, Hunan Province; 06762.
- goniometer**
calcite, nannofossil, deep sea carbonate, 10560.
- Gortian Interglacial**
Midlandian Glaciation, oxygen isotope stage, biostratigraphy, Pleistocene, Quaternary, Ireland, County Kerry, Kilfenora; 09140.
- Goulden large sample extractor**
gas chromatography, mass spectrometry, pesticide, water quality analysis, surface water quality, USA, Washington, Yakima River Basin; 05718.
- government**
GIS, land use, networked GIS, USA, Florida, Lee County; 12843. monitoring, global change, education, GIS, remote sensing, 04822. state government, networked GIS, GIS, USA, Kentucky; North Carolina; 12842. surveying, DGPS, GPS, water, Europe, Danube; 15205.
- government agency**
information/education program, public information campaign, water quality, USA, Wisconsin; 03877. land resource, drought monitoring, Australia; 12734.
- government GIS**
GIS, 08739.
- governmental policy**
dairy farm, economics, nitrogen, nutrient loss, environmental impact, Netherlands; 12901.
- GPR**
dielectric constant, road aggregate, road survey, 07554. fluvio-glacial outwash, gravel, groundwater, contaminant, hydraulic conductivity, Switzerland; 04141. Jurassic, Kayenta Formation, lamination, flood deposit, channel, USA, Colorado; 13170. radar, sandy soil, dielectric constant, 04321.
- GPS**
accuracy evaluation, covariance matrix, estimator, 06139. accuracy, aerial triangulation, kinematic GPS, 10053. aerial control, kinematic positioning, block adjustment, triangulation, 10060. aerial photogrammetry, large scale mapping, photogrammetry, geodesy, 10062. aerial photography, agricultural management, agrochemical, GIS, 14035. aerial spraying, rangeland, pest control, grasshopper infestation, accuracy, USA, North Dakota; 02378. altimeter, sea level, ERS, 14044. amplitude scintillation, phase scintillation, equatorial ionosphere, 08769. Antarctic penetrator, differential navigation, trajectory, 13933. antenna, block adjustment, 06170. antennae, 04837. archaeology, Russian Federation, Siberia, Altay Mountains; 01277. asteroid, occultation, precise positioning, 08770. azimuth observation, laplace azimuth, error control, primary control network, 13936. base station, accuracy, precision, locational data, environmental application, 10106. baseline, troposphere, vector, Japan; 04939. block adjustment, aerial survey camera, photoflight navigation, 03665. celestial, terrestrial, Earth orientation, VLBI, 04833. Chebyshev approximation, geoid height, Hungary; 13931. control network, USA, California; 02379. control point, photogrammetric mapping, Lesser Antilles, Windward Islands; 08776. crustal deformation, earthquake belt, Sea of Marmara; 12760. crustal movement, fault, Slovenia, Ljubljana; 12763. data acquisition, photogrammetry, GIS, camera system, 15048. data conversion, quality, data source, accuracy, digitising, photogrammetry, scanning, USA; 02383. data validation, dual frequency GPS receiver, 11394. DEM, elevation dataset, tactical terrain data, standard, accuracy, USA; 10076. DEM, interferometry, surveying, GIS, 12650. differential GPS, GIS database management, land use change, digital topographic data, 13965. differential GPS, precision, reliability, 12662. dispersion study, bathymetry, marine survey, UK, England, Morecambe Bay; 01115. Earth orientation, 04836. Earth rotation, geodetic system, VLBI, 04855. education, surveying, 10038. education, surveying, mapping, GIS, 08731. field data capture, environmental impact, mining, 11532. finite element, crustal deformation, accuracy, triangular finite element, 15073. free station method, adjustment, error detection, 01107. geodesy, earthquake, network, three dimensional, Italy, Friuli; 12785. geodesy, terrestrial reference, Europe; 04852. geodetic network, 02392. geodetic network, crustal deformation, USA, California; 12756. geodetic network, data integration, DEM, DTM, monitoring, global change, photogrammetry, surveying, 04823. geodynamics, 15049. geodynamics, Japan; 12680. geoid ellipsoid, height, Australia; 10063. geoid height, network adjustment, satellite geodesy, 03671. geoid, geopotential model, gravity anomaly, 01098. geological model, plate motion, plate boundary zone, Djibouti; 07538. geological structure, strike/slip fault, crustal displacement, Italy, Calabria, Pollino Chain; 06234. geometric dilution of precision, 11385. georeferencing, positioning, orientation, 12665. GIS, archaeology, Russian Federation, Siberia, Altay Republic, Chuya Steppe; 12870. GIS, charting, environment, limnology, 15194. GIS, integration, natural resource, 06249. GIS, modelling, resource management, hardwood, forest management, satellite, 04984. GIS, multispectral imagery, pollutant discharge, USA, Texas, Irving; 15195. glacier microtopography, crevasse morphology, airborne laser altimeter, Iceland, Breidamerkurjökull, Skeidararjökull; Greenland, Jakobshavn Isbrae; 03677. global navigation, USA; 02375. GLONASS, satellite configuration, 08762. gravity field, Aristoteles, gravity gradiometer, 12675. gravity measurement, 04861. gravity survey, geoid, 12682. Gulf war, mine, war debris, GIS, Kuwait; 01287. gyrocompass, navigation, 08779. historical data, triangulation site, tectonic deformation, San Andreas Fault, strike/slip motion, USA, California, Southern Coast Ranges; 00142. ice cap, sea level, tide gauge, Greenland; 02538. interferometry, deformation, Japan, Kanto, Sagami Bay; 04944. IVHS, navigation, vehicle, highway, 05037. land use, hydrological modelling, DEM, planning, GIS, hazard assessment, 10099. logging operation, GIS, Finland; 08887. marine navigation, polar measurement, surveying, 12851. marine terrace, altimeter satellite, eustacy, global assessment, sea level change, 02815. marketplace, management, USA; 02367. mathematical adjustment model, network densification, 08771. measurement, levelling, undulation, Japan, Shikoku; 15071. mining industry, mineral deposit, GIS, Canada, Ontario, Sault Ste. Marie, Wawa; 01192. modelling, water quality, contaminant transport, PCB contamination, USA, Georgia, Hartwell Lake; 01255. multibeam sonar, surveying, seafloor topography, swath sonar, bathymetric map, 01116. navigation, 02377. navigation, armed forces, New Zealand; 08963. navigation, precision positioning, geodetic method, 07462. network, 04859. network, blunder, geometric, USA, Maine, Orange County; 12681. nuclear reactor, GIS, environment, USA, South Carolina; 04972. occultation delay, greenhouse warming, climate change, 03856. orbit, accuracy, ephemerides, 04890. phase ambiguities, anti spoofing, kinematic GPS, 08766. photo navigation, photogrammetry, 10058. photogrammetry, aerotriangulation, 06122. photogrammetry, block adjustment, kinematic GPS, 10059. photogrammetry, management, Canada, Ontario; 06110. photogrammetry, navigation, map display, 06121. photogrammetry, production specification, contract monitoring, management, Canada, Ontario; 11361. pollution monitoring, search operation, rescue operation, drift buoy, 01286. position determination, spacecraft, navigation, 01097. position, military, 15047. positioning, databank, road travel, 05040. real time kinematics, traversed control stations, 08768. receiver, antenna, geodesy, 04865. reference network, geodynamics, Hungary; 12677. reference network, survey, accurate survey, USA, Mississippi; 07454. regional surveying, surveying, Germany; 15050. rotational motion, 06133. satellite altimetry, geoid computation, gravity data, geoid modelling, sea surface topography,

07447. seafloor station, laser ranging system, satellite surveying, 01110. strain rate, crustal movement, Japan, Tokai Region; 07543. strain rate, selective availability, crustal deformation, Japan, Tohoku District; 07544. survey, geodesy, tectonics, Nepal; 10174. survey, tunnelling, precision, reliability, 02572. surveying, geodesy, 02386. television, sporting event, United Arab Emirates, Abu Dhabi; Persian Gulf; 02573. three dimensional, network, pump storage, reservoir, Germany, Goldisthal; 15235. transformation, geocentric, ellipsoid, 02396. transit system, inertial, vehicle mounted sensor, railroad, Australia; 06346. triangulation, aerial triangulation, block adjustment, 10061. undulation, geopotential model, Doppler, 04869. urban, offshore area, communication, differential GPS, 05054. vehicle location, navigation, fleet management, Canada, Alberta, Calgary; 05039. vehicle tracking, Hong Kong; 01096. velocity vector, baseline rate, crustal movement, Japan, Kanto-Tokai District; 07541. vertical deflection, geoid determination, geopotential model, gravimetry, 13929. vessel traffic system, marine radar, position fixing, 08780. VLBI, geodetic measurement, crustal deformation, USA, California; 12757. volcanic eruption, surface movement, 08866. water vapour, radiometer, positioning, Japan, Kinki District, Uji; Shigaraki; Japan, Kinki District, Shionomiaki; 04934. water, government, surveying, DGPS, Europe, Danube; 15205. WGS84, datum inconsistency, Ordnance Survey, 08764.
- GPS antenna**
GPS data processing, photogrammetric block adjustment, airborne GPS, photogrammetry, aerial camera, 11378.
- GPS base station**
phase signal, base station data, 11388.
- GPS coordinate**
National Geodetic Network, crustal deformation, Italy; Mediterranean; 13934.
- GPS data processing**
photogrammetric block adjustment, airborne GPS, photogrammetry, aerial camera, GPS antenna, 11378.
- GPS hardware**
survey software, New Zealand; 11362.
- GPS height**
European geoid, geoid computation, Europe; 07446. geoid, tide gauge, height datum, levelling, Australia; 11395.
- GPS kinematic positioning**
altimeter calibration, wave spectra, sea level, USA, California, Point Conception; 01113.
- GPS navigation**
differential GPS, ambiguity resolution, carrier phase, position accuracy, 01104.
- GPS network**
adjustment, 4-D, crustal, deformation, 12759. geodynamics, geoid height, crustal extension, plate motion, Japan, Tokai; Izu Peninsula; Japan, Hokkaido; Japan, Kinki; Japan, Suruga Bay; 01099. loop inverse, quality control, 06188.
- GPS observation**
tectonic motion, plate convergence, Japan, Sagami Bay; 07542.
- GPS orbit determination**
interferometry, geodesy, post processing method, global reference frame, 11393.
- GPS orbit ephemerides**
satellite clock parameter, IGS campaign, solar radiation, 11371.
- GPS positioning**
continental crust, geoid height, levelling, France, Alpes-Maritimes; 08773. control survey, monumentation, 07457. crustal movement, 12764.
- GPS receiver**
antenna, positioning accuracy, orbit determination, 07456.
- GPS receivers**
relative positioning system, baseline analysis, kinematic GPS, satellite orbit information, Japan; 01106.
- GPS station selection**
geodetic network, primary control network, 11387.
- GPS survey**
Pluvial Lake Minchin, lake load, lake shoreline, hydroisostatic deflection, tectonic tilting, Bolivia, Andes; 10396. reference epoch, three dimensional net, 11396.
- GPS surveying**
kinematic GPS, ambiguity resolution, 08765. water vapour radiometer, error, atmospheric water vapour, 11383.
- GPS technique**
sea level, tide gauge, monitoring, mean sea level, UK; 05319.
- GPS time transfer**
antenna coordinates, VLBI, time comparison, Japan; 07453.
- graben**
delta, Holocene, subsidence, Greece, Thessaloniki-Giannitsa Graben; 10401. deposit morphology, Quaternary, travertine, neotectonics, Turkey, Pamuk-kale; 07992. fault scarp, rift, fault morphology, vertical movement, China, Wei He Graben; 07792. Triassic, Canizar Sandstones, sheet sandstone, red bed, fault, Spain, Iberian Ranges; 13173.
- graben pattern**
updoming, erosion, tectonics, morphostructural model, crater chain, Mars, Valles Marineris; 01412.
- graded river**
channel slope, river profile, morphological development, longitudinal profile, Japan; Taiwan; 10370.
- gradex method**
extreme event, rainfall/runoff relationship, flood distribution, rainfall distribution, 08347.
- gradient**
rill erosion, slope length, USA, (Northwest); 05638.
- gradient balance**
tropical cyclone, Eliassen model, balanced vortex model, 07250.
- gradient test**
groundwater flow, advection/dispersion equation, Darcy's law, flow model, tracer test, Canada, Ontario, Twin Lake; 09697. tracer test, advection, groundwater flow, contaminant transport, Canada, Ontario, Twin Lake; 09695.
- gradient wind balance**
balance equation, baroclinic wave, primitive equation, 02228.
- gradiometric geoid**
geoid, 04867.
- grain crop**
crop, AVHRR, yield, Russian Federation; 04986.
- grain dissolution**
kandite, Permian, illite, Rotliegend, clay cementation, Germany; 04207.
- grain fall**
calcarene, wind, Grotto Beach Formation, ripple, lamination, Bahamas, San Salvador Island; 04194.
- grain flow**
lapilli, transport mechanism, deposition, Pleistocene, tuff cone, South Korea, Cheju Island, Udo Tuff Cone; 02967. slide scar, turbidity current, diagenesis, carbonate platform, sea level, Bahamas, Tongue of the Ocean; 14422.
- grain impact**
wind, saltation, particle dynamics method, 00294.
- grain inclusion**
optical dating, inclusion, quartz grain, coastal dune, Australia, South Australia; 07829.
- grain morphometry**
bedform, mountain stream, particle shape, sediment transport, bedload transport, Germany, Bavaria, Lainbach River; 01947.
- grain production**
climate variability, China; 03539.
- grain roundness**
wind sorting, sand grain, dune sand, alluvial fan deposit, Saudi Arabia, Wadi ash Shumaysi; 01581.
- grain shape**
grain size, sorting, abrasion, alluvial sediment, sediment transport, UK, Wales, Severn River; Dyfi River; 14336. sediment transport, subglacial sediment, clast form, Norway, Jotunheimen, Storbreen; 14316.
- grain size**
accretion, channel network, marsh, tidal range, salt marsh, temperate zone, UK; 06773. aeolian process, dune, sand, India, Thar Desert; 04252. barrier island, tidal current, sea level change, transport path, North Sea, Netherlands Coast; German Coast; 05440. beach change, sea bottom, equilibrium profile, beach profile, Dean's function, Bulgaria, Black Sea, Gold Beach; Baltic Sea, Polish coast, Lubiatowo; 00398. beach profile, sediment transport, Spain, Santander, El Puntal Spit; 14345. beach sediment, shell, argonite, carbonate sand, coral reef, Red Sea, Equi Island; Saudi Arabia; 04180. channel, dredging, texture, skewness, India, Kerala, Vembanad Estuary; Muvattupuzha River; 11879. channel, fluvial transport, sand, gravel, 00290. Cretaceous, chert, silicification, opal, Slovakia, Western Carpathians; 13233. delta, shoreline, tidal range, sediment supply, 02974. diagenesis, hydraulic conductivity, aquifer, permeability, 11881. diatom, sea bed erosion, resuspension, suspended sediment, Atlantic, English Channel, Dover Strait; 11966. ecosystem, coastal pond, anthropogenic impact, France, Rhone Delta, Berre; 08039. entrainment, critical discharge, gravel bed river, Shields criterion, shear stress, 09268. estuary, contaminant, PAH, PCB, trace metal, Canada, St Lawrence River; 05480. estuary, phytoplankton, flow cytometry, suspended particle, Croatia, Krka Estuary; 02862. estuary, suspended matter, pollution, trace element, tidal zone, Netherlands, Scheldt Estuary; Belgium, Scheldt Estuary; 03037. eutrophication, industrialisation, diagenesis, trace metal, productivity, North Sea, Kiel Bight; 04204. fine sediment, metamorphic rock, Naghat Formation, Jaunsar Group, India, Himalayas, Kumaon Himalaya, Chakrata Hills; 06649. fluid escape structure, fluidisation, layered sediment, 11882. flume study, sand, bedform, ripple, 11982. flume, bedload, sediment transport, 04138. flume, ripple geometry, wave boundary layer, 07970. heavy mineral content, lodgement till, till, stratigraphy, meltout till, Poland, Kleszczow Graben, Belchatow; 04099. Holocene, foraminifera, halocline, grained sediment, organic carbon, North Sea, Kattegat; 06754. ice dammed lake, silt bed, meltwater, glacier ice, varve, Canada, Saskatchewan, Lake Assiniboine; 10592. lacustrine stratigraphy, mineralogy, lithostratigraphy, Holocene, carbonate, Canada, Saskatchewan, Cypress Hills, Harris Lake; 05176. lake sediment, phosphorus, Egypt, Nile Delta, Lake Edku; 13244. Landsat, snow, Antarctica, Adie Land; 02533. lime mud, continental shelf, continental slope, carbonate, clay, Indian Ocean, Indian Continental Shelf; 03001. meandering, stream power, braided channel, palaeohydrology, sinuosity, bedload, 12941. organic carbon, shelf sediment, continental shelf, sediment/water interface, North America, Continental Shelf; 09343. organic matter, productivity, metal, coastal sediment, pollution, Mexico, Baja California; USA, California; 12013. palaeocurrent, bedform, point bar deposit, bedding, 14434. palaeocurrent, Satakunta sandstone, sandstone, lithofacies, Proterozoic, Finland, Satakunta; 02956. Palaeoproterozoic, Kolhan siliciclastics, sediment transport, India, Orissa, Keonjhar District; 10596. particulate material, carbon, distribution, organic carbon, North Sea, Skagerrak; 00347. plasticity, classification, characterisation, soft soil, soil property, lithostratigraphy, Netherlands; 14203. Quaternary, oceanic record, loess, periodicity, palaeoclimate, SPECMAP project, 13024. sand, sediment transport, beach, dune, tidal flat, Germany, Sylt; 01590. saturated sediment, transport limited, supply limited, river morphology, sediment supply, 00103. seagrass, nutrient, porewater, adsorption, phosphate, Indonesia, Sulawesi; 06747. sediment load, sewage, estuary, organic carbon, harbour, India, Kerala, Cochin Harbour; 06797. sediment transport, marine environment, filtering technique, grain sorting, distribution skewness, UK, England, Hampshire, Christchurch Bay; France, Rhone Delta; 09249. sediment transport, overbank sediment, alluvium, channel, 13167. sediment transport, suspended sediment, estuary, hydrodynamic modelling, deposition, Canada, British Columbia, Howe Sound; Squamish River; 01974. sedimentary structure, beach, Cuddapah Supergroup, India, Tirumala; 13188. sedimentation pattern, clay mineral, pollutant, organic matter, Adriatic Sea; 00464. shelf, silt, clay, mineralogy, ODP Leg 105, Canada, Northwest Territories, Baffin Bay; 11976. soil index, London Clay, mineralogy, weathering, UK, England; 09121. sonostratigraphy, Pleistocene, carbonate, piston core, dissolution, Indian Ocean; 06764. sorting, abrasion, alluvial sediment, sediment transport, grain shape, UK, Wales, Severn River; Dyfi River; 14336. sorting, channel, bed morphology, confluence, tributary, 06666. sorting, palaeocurrent analysis, sediment discharge, Proterozoic, Upper

- Rewa Sandstone, India, Madhya Pradesh, Maihar; 10584. source, aeolian deposition, dust, Oligocene, palaeoclimatology, Pacific, Ontong Java Plateau; 00419. spatial pattern, beach deposit, aeolian transport, geomorphology, coastal sediment, Hawaii, Oahu, Waimanalo Beach; 14344. tidal inlet, bedform, wave, coastal engineering, longshore drift, Netherlands, Het Zwin; 04165. traction carpet, stratification, turbidity, shear stress, 13189. trichloroethylene, styrene, pump and treat remediation, non aqueous phase liquid, dissolution rate, 14753. tropical climate, fishery, hydrology, water temperature, Gulf of Carpentaria; 11962. turbidity current, palaeohydrology, suspension, turbidity, flow velocity, 13190. volcanic environment, sedigraph, pelite, carbonate, India; 04142.
- grain size analysis**
clay particle, laser diffraction, texture, light diffraction, 11870.
- grain size classification**
sorting, palynozone, Pleistocene, borehole, sedimentation, Israel, Dead Sea, Sdom-2 Borehole; 06650.
- grain size distribution**
closure depth, beach nourishment, coastal process, beach fill behavior, storm protection dune, USA, Maryland, Ocean City; 07759. mud, cohesive sediment, sampling, sample preparation, engineering property, 06653. sedimentary environment, loess, paleosol, quartz, Osaka Group, Sandy Loess, China, Loess Plateau; Japan; 06583. settling, sediment transport, suspension, 11983.
- grain size parameter**
beach ridge, wave energy, isostatic rebound, kurtosis, sea level change, Denmark; 04114.
- grain sorting**
distribution skewness, grain size, sediment transport, marine environment, filtering technique, UK, England, Hampshire, Christchurch Bay; France, Rhone Delta; 09249.
- grain velocity**
laboratory experiment, overland flow, soil erosion, sediment transport, 02881.
- grained sediment**
organic carbon, grain size, Holocene, foraminifera, halocline, North Sea, Kattegat; 06754.
- grainstone**
boundstone, Latemar reef, reef fabric, reef buildup, platform, Triassic, Italy, Dolomites; 02989. brine, shoal, wave, wind, ooid, Bahamas, Caicos Platform; 04190. carbonate, slope facies, breccia, sea level, Triassic, Latemar buildup, Italy; 14426. diagenesis, aeolian deposit, delta, Quaternary, coastal ridge, Egypt, Alexandria; Mediterranean; 11907. Glens Ferry Formation, burial depth, Shoo-fly oolite, pressure dissolution, Pliocene/Pleistocene, USA, Idaho, Owyhee Country, Shoo-fly Creek; 06686. sand, Mississippian, basin, Greenbrier Limestone, uplift, 04265. Ste. Genevieve Limestone, Mississippian, dune, ripple, aeolian deposit, USA, Indiana, Harrison County; 04250.
- granite**
Bornhardt, inselberg, ruware, sheeting, deep weathering, Poland, Sudetes Mt., Jelenia Gora; 05243. gneiss, geotechnical characterisation, soil profile, 11723. mineralization, radiometric survey, economic geology, Thematic Mapper, 03747. planation surface, penplanation, geology, geomorphology, mountain, Hungary, Velence Mountains; 05184. sandstone, clay mineral, climate history, weathering, mineralogy, China, Guanxi Province; 00515. stability analysis, instability, debris flow, rainfall, Italy, Alto Adige, Isarco Valley; 10417. weathering study, methodology, building stone, Spain, Santiago de Compostela; 06445.
- granite dome**
aspect, slope angle, insolation weathering, weathering pit, analysis, USA, Georgia, Stone Mountain; 00099.
- granite/greenstone terrain**
geological mapping, nickel exploration, gold, South Africa, Transvaal, Murchison Range; Sutherland ranges; 08865. spatial context, geobotanical program, rule based classification, Canada, Ontario, Quetico Provincial Park; 03792.
- granite landscape**
mineralogical control, tectonics, relief development, Poland, Sudetes Mountains, Jelenia Gora Basin; 11650. serpentine, karst microform, solubility, magnesium, France, Massif Central, Limousin; 05179. subsurface weathering, etch form, fracture pattern, weathering susceptibility, 01346.
- granitic landscape**
inselberg, joint spacing, fracture network, Cameroon, Bamenda; 06485.
- granitic soil**
REE, weathering index, trace element, Malaysia; 09504.
- granitic till**
denudation process, chemical weathering, mineralogy, weathering rate, UK, Scotland; 10359.
- granitic water**
trace metal, radioactive waste disposal, uraninite, sulphide, groundwater chemistry, Europe; 04535.
- granitoid composition**
TIMS data, diorite, quartz, USA, California, Sierra Nevada, Desolation Wilderness; 14012.
- granodiorite**
phenocryst relief, weathering rate, bedrock surface lowering, snow, USA, Colorado, Front Range; 01348.
- granophyre boulder**
spinfex fire, semiarid environment, fire effect, boulder weathering, spalling, Australia, Western Australia, Pilbara; 07744.
- granular avalanche**
inclined plane, theoretical consideration, two dimensional spreading, 05217.
- granular disintegration**
cavernous weathering, salt, surface weathering, alluvial fan, weathering, Chile, Antofagasta Province; 05144. loamification, core boulder, chemical weathering, microcrack, humid climate, spheroidal weathering, 00098.
- granular flow**
turbulent flow, stability analysis, 14437.
- granular material**
analytical study, distinct element method, sand, shear strength, cone penetration test, 11721. micromechanics, sliding, rotation, deformation, constitutive relation, 00147. numerical experiment, unconfined flow, avalanche, mass movement, 14190. unconfined flow, avalanche, theory, mass movement, 14189.
- granular media**
energy dissipation, liquefaction, pore pressure, sand, saturation, inelastic flow, 09104.
- granular pile**
soft soil, pile installation, load test, 11725.
- granular soil**
CONBAL, dilation behavior, shear strength, monotonic loading, cyclic loading, 11711. creep effect, triaxial test, stability analysis, cyclic instability, 11712. instability, strain path testing, 03997. soil acidity, construction site, pH determination, 00494. strain path testing, asymptotic behaviour, constitutive relation, laboratory test, 09106. stress, particle breakage, volumetric compression, behaviour, 04011.
- granulite terrane**
LANDSAT, regional geology, tectonics, India, Andhra Pradesh, Eastern Ghats; 08863.
- granulometric composition**
cryogenic texture, solifluction, geocryological engineering, weathering crust, Russian Federation, Siberia, Yakutia, Turku Mountain; Mount Churpunn'ya; 10526.
- granulometry**
mineralogy, loess, waste, dust, desert, Israel, Negev Desert; 13307. Pleistocene, glaciation, prograding delta, Glacial Lake Nisling, Canada, Yukon, Nisling Valley; 01503. reservoir, source, magnetism, Spain, Nijar, Isabel II Reservoir; 01750. subglacial sediment, ploughmeter observations, mechanical property, shear resistance, Canada, Yukon Territory, Trapridge Glacier; 13082.
- GRAPE record**
winnowing, gamma ray attenuation, climate cyclicity, Milankovitch model, Pacific, Ontong Java Plateau, ODP Site 806; 00160.
- grapevine phenology**
weather, model, budburst, harvest, 00874.
- graph network**
precipitation field, Poland; 05890.
- graph theory**
interfluvial pattern, drainage basin, ridge pattern, channel path, network geometry, USA, Kentucky, Cumberland Plateau; California, San Gabriel Mountains; 03952.
- graphic arts technology**
photomap, expert system, cartographic design, 11445.
- graphic cartographic document**
GIS cartography, quality control, 13988.
- graphic display method**
multivariate data analysis, climate classification, 07169.
- graphic narrative**
emergency mapping, map use, multimedia, 11582.
- graphic workstation**
database development, GIS, local government, USA, (Southeast); 07497. image correlation, 08785.
- graphicity**
child, map design, 11448.
- graphical technique**
change point, likelihood ratio, confidence interval, Brownian motion, 07718.
- graphical user interface**
survey data, data management, 10114.
- graphics software**
groundwater modelling, three dimensional model, computer model, 14698.
- graphite fiber**
laser, backscattering, polarisation, 10096.
- graphite target**
AMS, radiocarbon, production method, 01454. background, AMS, batch preparation method, 01453.
- Grashof numbers**
convection, greenhouse crop, crop canopy, 03489.
- grass**
burning, tropics, albedo, 09834. carbohydrate, aggregate stability, microbial biomass, crop influence, 12107. corn residue, denitrification, mineralization, legume, 09491. extractant, mine spoil, heavy metal extractability, plant uptake, USA, Alabama; 04404. GIS, military applications, USA; 12712. grazing, steppe, root system, Chernozem, soil degradation, Ukraine, Dniepr River, Sumara River; 08236. legume, decomposition, litter decomposition, savanna soil, nutrient release, Colombia; 08136. mountain soil, nitrogen mineralization, Turkey, Bursa, Uludag; 14540. nitrogen mineralization, carbon, 10803. soil pollution, soil thermal cleaning, plant uptake, heavy metal, 10864.
- grass canopy**
wind speed, intermittent wind, 07226.
- grass cover**
Chromoxerert, soil conservation, environmental impact index, soil recontamination, organic matter, Italy, Sicily; 06943. soil erosion susceptibility, grazing, Kenya; 09562.
- GRASS GIS**
fire mapping, satellite imagery, USA, Wyoming, Yellowstone National Park; 14033.
- grass plot surface**
suburban area, energy balance, rooftop surface, urban area, 14877.
- grass residue**
humic substance, organic matter, pyrolysis field ionisation, mass spectrometry, 05558.
- grass rush**
sedge, soil texture, river bank erosion, 12174.
- grass steppe**
NDVI, shrub steppe, principal components analysis, AVHRR, Argentina, Andes, Patagonia; 01208.
- grassed surface**
pebble coating, Chernobyl nuclear accident, fallout removal, soil, radioactivity, 08979.

grasshopper infestation

accuracy, GPS, aerial spraying, rangeland, pest control, USA, North Dakota; 02378.

grassland

aerodynamic conductance, soil water content, evaporation, canopy conductance, coniferous forest, 10901. carbon budget, global assessment, soil carbon storage, dryland, 03902. carbon dioxide exchange, Netherlands; 04764. cattle, slurry, nitric acid, ammonia, nitrous oxide, 06086. coupled model, land-atmosphere interaction, heterogeneous surface, boundary layer, 05939. evaporation, water use, mountain terrain, Penman evaporation, transpiration, UK, Scotland, Balquhider; 00626. land management, pasture, grazing land, India, Gujarat, Banni; Kachchh; 12804. land use, change, Brazil, Parana, Cambe; 10257. pollen analysis, fire, Holocene, vegetation, treeline, Australia, Tasmania, Central Plateau, Camerons Lagoon; 13113. simulation model, leaching, nitrogen balance, groundwater contamination, Poland, Warsaw; 07140. spatial dependence, TM, 04980. urine, nitrous oxide, dinitrogen, nitrification, soil, 02344. water yield, afforestation, Penman-Monteith model, Bowen ratio, forest, Fiji, Viti Levu; 08285. wheat canopy, dry deposition, deposition velocity, nitric acid, 03574.

grassland biome

Century model, statistical model, biomass dynamics, soil organic matter, 07700.

grassland canopy

watershed, vegetation index, multidirectional vegetation index, semiarid, USA, Arizona, Tombstone, Walnut Gulch; 15186.

grassland ecosystem

chemical climate, airborne matter, sampler, particle, 12625. chemical climate, gaseous species, pollutant, flux density, deposition velocity, 12626.

grassland map

Landsat TM, natural grassland, conservation database, plant biomass, USA, Kansas; 01226.

grassland soil

ammonium oxidising bacteria, nitrification, nitrogen immobilisation, allelopathy, 14541. carbon-13, forest soil, altitude effect, isotope composition, Papua New Guinea; 14574. carbon, nitrogen, aggregate size distribution, soil stability, organic matter, 09530. forest soil, plant biomass, nitrogen dynamics, microbial biomass, organic matter, USA, California; 01849. leaching, fertiliser, nitrate leaching, UK, England; 12126. microbial biomass, crop rotation, phosphorus, 01862. nitrogen transfer, plant uptake, earthworm, 14536. organic matter, nuclear magnetic resonance, carbon, particle size fraction, Canada, British Columbia, Peace River Region; 13399. particle size fraction, humus, decomposition, organic matter, 00591. plant uptake, leaching, nitrogen, urine, 06877. RABES model, caesium-137, strontium-90, Chernobyl nuclear accident, Italy; 06913. radiocaesium, Chernobyl nuclear accident, caesium-134/caesium-137, radioactivity, UK, England, Cumbria, Drigg; 03168. radionuclide, americium-241, plutonium-238/239/240, caesium-137, Chernobyl nuclear accident, 09538. soil physical property, soil amelioration, Natraqualf, grazing, Argentina, Pampa; 14555. soil solution, fertiliser, phosphorus, 00556.

grassland species

micromammal assemblage, environmental change, Holocene, fire, Kenya, Rift Valley, Mau Escarpment, Enkapune Ya Muto Rockshelter; 13109.

graupeil

aggregate, polarimetric signature, stratiform region, mesoscale convective system, melting layer, 02246. hail, hydrometeor profile, passive microwave, brightness temperature, 01172.

graupeil growth

wind tunnel, hail, Sherwood number, Nusselt number, collection efficiency, 02288.

graupeil pellet

riming, heat balance, electrification, ice/ice collision, charge separation, 11244.

gravel

alluvial fan, downstream fining, tumbling mill, abrasion, river, Japan, Watarase River; 07940. alluvial fan, palaeoflow direction, sandstone, Miocene/Pliocene, Middle Siwalik Subgroup, India, Uttar Pradesh, Dehra Dun Valley; 00377. bedload, bounding surface, outwash plain, Pleistocene, braided river, Switzerland, Rhine River; 04241. bedload, friction, channel hydraulics, saltation, 14318. calcarenite, deformation structure, density gradient, Pliocene/Pleistocene, Italy, Murge, Monopoli, Cala Corvino; 09262. clast counting, Sespe Formation, statistical analysis, Palaeogene, USA, California; 00282. debris flow, shear, volcano, runoff, Japan, Mount Yakedake, Kamikamihori Valley; 04159. diamicton, Quaternary, sedimentary record, till, Germany, Rugen; 06671. floodplain, erosion, braided river, New Zealand, South Island, Waimakariri River; 05420. flume experiment, sand, shear stress, sediment transport, Reynolds number, 05359. grain size, channel, fluvial transport, sand, 00290. groundwater, contaminant, hydraulic conductivity, GPR, fluvioglacial outwash, Switzerland; 04141. Holocene, flood, sediment supply, mining, braided river, UK; 04239. incision, terrace, braided river, sediment load, climate change, 00356. laboratory test, soil dynamics, 09088. Quaternary, alluvial fan, sedimentation, transgression, palaeovalley, Greece, Crete, Lefka Ori; 13178. riffle/pool sequence, bed sediment, particle queuing, pool sediment, sediment size, UK, England, Exmoor; 02896. sand, longitudinal profile, channel slope, sedimentary structure, Japan, Honshu, Watarase River; 14339. sand, Pleistocene, glacial terrain, regional mapping project, surficial mapping, aquifer, USA, Minnesota; 01507. sand, sea level change, beach deposit, barrier, transgression, Holocene, New Zealand, South Island, Canterbury, Ashley River; Kowai River; 06746. transportation, hydraulic sorting, particle size, abrasion, alluvial fan, Japan, Watarase River; 07956.

gravel aggradation

Lake Spark, permafrost degradation, Devensian, thermal contraction, crack, UK, England, Cambridgeshire, Somersham; 07922.

gravel barrier

provenance, washover, raised beach, sea level, UK, Northern Ireland, County Antrim, Rathlin Island, Church Bay; 11662.

gravel beach

roundness, sorting, source, wave height, Japan, Kyushu, Genkainada Coast; 10642. saltation, attrition, surf zone, Argentina, Tierra del Fuego; 07958.

gravel bed

particle size, shear, flume, roughness, 06667. river bed, siltation, conductivity, cementation, groundwater, 11895. spawning ground, herring, organic carbon, UK, Scotland, Firth of Clyde; 04293.

gravel bed channel

riffle/pool hydraulics, velocity reversal, open channel flow, channel hydraulics, USA, California, Dry Creek; 10934. sediment transport, entrainment, turbulence, bed roughness, open channel flow, 10943.

gravel bed river

bed shape, channel flow, velocity profile, flow velocity, 12221. bedform, roughness, channel, microtopography, heavy mineral, 00357. bedload transport, fractal pattern, time series, geological process, 09001. channel geometry, flood, point bar deposit, discharge, Poland, Western Carpathians, Raba River; 13258. flow velocity, roughness, Dean profile, 10639. geophysical technique, fluvial facies, river model, Canada; 00358. meander bend, heavy mineral, placer, flood process, channel, South Africa, Cape Province, Swartkops River; 05375. physical modelling, avulsion, meander bend, braided channel, anabranch avulsion, 12942. river bed, particle size, burial depth, scour, 10667. Shields criterion, shear stress, grain size, entrainment, critical discharge, 09268. turbulence, open channel flow, velocity measurement, roughness transition, 10942.

gravel bed stream

woody debris removal, channel morphology, forest, bar, flow path, 06726.

gravel deposit

Wisconsinan, Laurentide Ice Sheet, marine transgression, drumlin, cliff retreat, USA, Massachusetts, Massachusetts Bay; 14271.

gravel extraction

alluviation, dredging, profile transformation, channel profile, river bed, Russian Federation, Oka River; 09043.

gravel fan

tectonic uplift, Pleistocene evolution, reef terrace, coastal plain, Egypt, Red Sea, Hurghada, Marsa Alam; 07914.

gravel layer

duricrust, ironcrust, deferruginisation, nodular layer, Cameroon; 01819.

gravel mining

reclamation concept, regulation, floodplain deposit, terrace, USA, California; 03939.

gravel/sand mixture

shear strength, large shear box, 01428.

gravel shattering

salt shattering, soil chronosequence, reg, desert soil, paleosol, Israel, Negev Desert; 01825.

gravel size

cusp deposit, beach, palaeoenvironment, sampling design, particle shape, Ireland, Donegal, Malin Head, Portmores Beach; 06675.

gravel soil

penetration resistance, dynamic penetration test, geotechnical characteristics, Italy, Calabria, Messina; 04043.

gravel transport

river segmentation, debris flow, mountain river, Japan; 14146. saltation, bedload, Langrangian model, turbulence, friction coefficient, 14439.

gravimetric geoid undulation

altimeter data, dynamic topography, geosat, Atlantic, Gulf Stream; 13927.

gravimetric investigation

ice rich permafrost, rock glacier, permafrost, Switzerland, Alps, Upper Engadin, Murtel-Corvatsch Rock Glacier; 11855.

gravimetric method

ferallitic soil, neutronic method, infiltration, soil water content, Ivory Coast, Kossou Lakeside; 14486.

gravimetric network

reference datum, 03673.

gravimetry

GPS, vertical deflection, geoid determination, geopotential model, 13929. gravity anomaly map, network, databank, Nigeria; 15067. ice content, borehole logging, geophysical investigation, permafrost, georadar, Switzerland, Upper Engadin; 05330. satellite, geodesy, Germany, Potsdam; 04850. time domain reflectometry, dielectric constant, soil water content, Denmark; 10749.

gravitation field

mass condensation, isostatic compensation, isostatic adjustment, 07452.

gravitational deformation

hazard, slope, Albidona Formation, mass movement, landslide, Italy, Ionian Calabria, Platica; 05242.

gravitational failure

mudflow, glacial mudflow, submarine fan, sidescan imagery, Barents Sea, Bear Island Fan; 05289.

gravitational irrigation

spray irrigation, irrigation, Bulgaria; 08232.

gravitational modelling

DORIS, tracking system, SPOT 2, radiometry, geodesy, 12673.

gravitational settling

calm air, low velocity flow, aerosol sampling, inlet, aspiration efficiency, 01049.

gravitational water

capillary water, spruce, soil solution, soil water regime, forest decline, France, Vosges; 10837.

gravity

geopotential model, satellite tracking, altimeter, 12674. ground network, network, Europe; 04860. mantle convection model, Earth, comparative study, statistics, planetary topography, Venus; Mars; Moon; 07794. radar, altimetry, sea surface, Atlantic; 04999. topography, model, spherical harmonic gravity model, topography model, Venus; 06492.

gravity anomaly

geoid difference, isostatic equilibrium, geoid undulation, Japan, Kinki District; 07448. geoid undulation, high precision geoid, geopotential model, WGS84, GR580, Taiwan; 01101. geoid, geopotential, Hungary; 13930. GPS, geoid, geopotential model, 01098. gravity field, geopotential model, Spain; 13926. Helmert, F.R., ellipsoid, 02387. ocean crust, satellite altimetry data, marine geoid, Baltic Sea; 11495. permafrost, glacier ice, rock glacier, density, Switzerland, Upper Engadin, Murtel-Corvatsch Glacier; 05331. subsidence

- history, crustal structure, seismic reflection, conjugate margin, Labrador Sea; 14235.
- gravity anomaly map**
network, databank, gravimetry, Nigeria; 15067.
- gravity base platform**
dynamic stiffness, deep water, effective stress, clay, Norway, Troll; 02658.
- gravity base structure**
soft foundation soil, foundation design, offshore gas platform, North Sea, Troll Field; 02718. storm event, foundation behaviour, CDP1 platform, North Sea, Frigg Field; 02720.
- gravity current**
computer simulation, gas combination, dam-break problem, intrusion front, 01729. current dynamics, suspension, buoyancy, particle concentration, 01728. Doppler sodar, radar, wind profiler, gravity wave, 00963. Holocene, sea level, regional tectonics, continental slope, fluvial sedimentation, Indian Ocean; 00184.
- gravity data**
geoid modelling, sea surface topography, GPS, satellite altimetry, geoid computation, 07447. Landsat TM, SPOT, seismic data, digital elevation model, Yemen; 03736. national high altitude photography, linear scarp, alluvial fan, anticlinal structure, USA, Nevada, Newark Valley; Railroad Valley; 03763. regional geochemical data, geophysical exploration, mineral exploration, oil exploration, aeromagnetic survey, Tanzania; 07550.
- gravity deposit**
submarine fan, turbidite, ODP Leg 133, Miocene, slope failure, Australia, Queensland Continental Margin, Queensland Trough, Site 823; 09346.
- gravity field**
Aristoteles, gravity gradiometer, GPS, 12675. covariance function, Kriging, homogeneous isotropic process, geostatistics, 01103. Galerkin method, geodetic technique, boundary element method, 07451. geopotential model, gravity anomaly, Spain; 13926. magnetic field, ERS-1, Meteosat, European Space Agency, 08748.
- gravity field modelling**
geoid computation, terrain data, 03674.
- gravity flow**
deposition, autoturbation, turbidite, turbidity current, suspension, 00411. deposition, MOSED 3D, turbidite, erosion, 13286. interparticle friction, model, pyroclastic flow, numerical simulation, Japan, Kyushu, Mt Unzendake; 05169.
- gravity flow deposit**
Eocene, platform carbonate, sandstone, Croatia, Outer Dinarides, Pag Island; 00407. volcanoclastic sediment, Miocene, tuff, sedimentation, Lospe Formation, USA, California, Santa Maria Basin; 07978.
- gravity flow process**
calving, deglaciation, Tertiary peneplain, lodgement till, glaciolacustrine sediment, Sweden, Varnamo Area; 10492.
- gravity flow sediment**
sedimentation, Elsterian, proglacial lake, Poland, Kleszczow Graben; 10480.
- gravity gradient**
vertical deflection, torsion balance measurement, 13928.
- gravity gradiometer**
GPS, gravity field, Aristoteles, 12675.
- gravity inertial wave**
wave characteristics, observation, sea breeze, Netherlands; 05964.
- gravity measurement**
GPS, 04861. satellite altimetry, geodesy, Earth environmental study, tidal measurement, 10282.
- gravity model**
geopotential perturbation, satellite orbit, orbit calculation, geopotential coefficient, artificial satellite motion, 11373. satellite orbit computation, geoid representation, Earth gravity model, geoid undulation, 07450. Wettzell, geodesy, geodynamics, 04889.
- gravity oscillations**
variational data, data assimilation, 00901.
- gravity slide**
turbidity current, diapir, sedimentary mechanism, tectonic structure, seismic survey, France, Mediterranean Coast; 00181.
- gravity station**
astronomical geodetic point, Antarctica, Syowa Station; 08778.
- gravity survey**
aeromagnetic survey, mineral exploration, airborne gamma ray, 07537. geoid, GPS, 12682.
- gravity tectonic**
depositional process, continental margin, deformation, terrigenous sediment, submarine canyon, Atlantic, Niger Delta; 14423.
- gravity wave**
anisotropic fluctuation, refractive index, 14864. auroral zone, optical observation, 09828. Boussinesq theory, wave theory, cloudy atmosphere, 12508. cold surge, vertical shear, Boussinesq approximation, 08584. convection wave, cloud, cellular convection, vortex, convective thermals, 02261. crest instability, 12510. dissipation, acceleration, momentum flux, energy flux, 09885. forecasting model, mesoscale gravity wave, 07287. gravity current, Doppler sodar, radar, wind profiler, 00963. height, season, latitude, comparative observation, 09829. Kelvin-Helmholtz wave, particle dispersion, stratosphere, mesoscale model, 00982. kinetic energy, SAR, sea surface echo, storm microburst, rain, 14004. lidar observation, mesosphere, sodium layer, Antarctica; 13700. lidar, stratosphere/troposphere exchange, 14914. linear gravity theory, Antarctica; 03514. linear unsteady wave, mountain wave, unsteady wave, 05966. mesoscale disturbance, tropical, stratosphere, convection, momentum budget, 02252. mesoscale fluctuation, wind velocity, model spectra, spectra, 07291. mesoscale gravity wave, ducted gravity wave, 11229. middle atmosphere, cutoff, wave spectrum, 11230. middle atmosphere, radar system, solar tide, Canada, Saskatchewan, Saskatoon; 04685. middle atmosphere, vertical wave number, stratosphere, mesosphere, wave-shear interaction, 14915. multiple sounding, momentum flux, UK, Wales; 09789. nocturnal sea breeze, sea breeze, numerical study, cutoff vortex, inland penetration, 00986. nonlinear interaction, dissipative atmosphere, 07290. nonlinear saturation, 14918. numerical experiment, resolution, atmospheric model, consistent spatial resolution, vertical resolution, 00900. numerical simulation, noctilucent cloud, mesopause, 12512. phase speed, GCM, 02211. pressure fluctuation, large amplitude wave, 11234. radar beam direction, group velocity, phase velocity, 00981. radar, Canada, Saskatoon; 09824. radar, stratosphere, mesosphere, 14916. sodium layer, wave number spectra, stratosphere, mesosphere, 11221. solitary wave, waveguide, 00938. stability analysis, wave vertical structure, mesoscale wave, 07280. stably stratified uniform flow, Froude number, wave-outflow interaction, cold air outflow, 09908. stratosphere, troposphere, lidar, radar, 14851. tidal structure, space shuttle, re-entry data, middle atmosphere, 02226. transfer function, microbarometer, Italy, Turin; 02135. upward propagating wave, VHF radar, middle atmosphere, 08586. wave forcing, parameterisation, energy flux, momentum flux, 09886. wind, semiannual oscillation, mesosphere, thermosphere, Christmas Island; 09825.
- gravity wave drag**
orographic forcing, general circulation model, envelope orography, 11190. parameterisation, WKBJ approximation, vertical structure, mountain wave, 00936. planetary wave, winter, Northern Hemisphere, middle atmosphere, wave breaking, 02217.
- gravity wave dynamics**
convection, tropical convection, mesoscale convective system, 00993.
- gravity wave imagery**
ice thickness, SAR, new ice, marginal ice zone, Greenland Sea; 11557.
- gravity wave model**
sponge layer, quasi stationary forcing, wave reflection, upper boundary condition, 00073.
- gravity wave production**
front, cold front, radar observation, Australia; 00983.
- gravity wave spectra**
acoustic tomography, USA, California, Monterey Bay; 03804. saturated cascade model, 14917.
- gravity wave stress**
lee wave, wave drag, momentum budget, UK, England, Lake District; 02243.
- Grayburg Formation**
porosity, permeability, Guadalupian, diagenesis, San Andres Formation, USA, New Mexico, Guadalupe Mountains; 14349.
- grazing**
anthropogenic impact, environmental change, alpine zone, fire, Australia, New South Wales, Kosciusko National Park, Kosciusko Mountain; 14290. calcium carbonate, lime precipitation, Natraqualf, soil salinisation, Argentina, Pampa; 04377. excreta, sheep excreta, cation leaching, pasture soil, nutrient leaching, 04364. GIS, information, France, Ardeche; 02521. grass cover, soil erosion susceptibility, Kenya; 09562. grassland soil, soil physical property, soil amelioration, Natraqualf, Argentina, Pampa; 14555. infiltration rate, runoff, phytomass, Pakistan; 03372. lake sediment, environmental change, sedimentation rate, erosion, USA, Montana, Yellowstone National Park; 14448. land use, parent material, soil classification, hoeing, ploughing, Benin; 05506. nitrous oxide, pasture soil, denitrification, Eutrochrept, New Zealand, North Island, Wellington, Palmerston North; 12124. pigment, chromatography, estuary, organic matter, tracer, USA, East Coast; New York, Hudson River Estuary; 01697. remote sensing, pasture soil, soil degradation, arid soil, Kenya; 10726. scrub woodland, terra rossa, cattle, phosphorus, Israel; 10809. sheep excreta, sulphur, extractant, sulphate application, 04375. soil erosion rate, soil conservation, land use, Falkland Islands; 06932. steppe, root system, Chernozem, soil degradation, grass, Ukraine, Dniepr River, Sumara River; 08236. tillage, infiltration, earthworm, cropping system, USA, Pennsylvania; 12059. trampling, red brown earth, infiltration rate, soil physical property, pasture soil, Australia, Western Australia; 03147. water harvesting, water conservation, saline groundwater, soil salinisation, soil water regime, 03373.
- grazing gradient**
land degradation, arid zone, 12856.
- grazing land**
degradation, drought, dune, badland, desertification, Sudan, Butana Region; 06468. grassland, land management, pasture, India, Gujarat, Banni; Kachchh; 12804.
- Great Limestone Cyclothem**
Carboniferous, palaeocurrent, shoreline, sedimentary structure, cyclic sedimentation, UK, England, Stainmore; 14413.
- green algae**
diel variation, blue-green algae, wetlands, zooplankton, plankton, India, Kusheswarasthan; 13488. lake water quality, blue-green algae, fertiliser, nitrogen transformation, 13555.
- Green-Ampt equation**
infiltration rate, capillary hysteresis, hyetograph shape, ponded infiltration, variable head, 03315. slug flow model, kinematic wave model, infiltration model, furrow irrigation, 03311. vegetated filter strip, overland flow, kinematic wave approximation, infiltration, 05673.
- Green-Ampt method**
Gardner analysis, hydraulic conductivity, infiltrometer, soil water pressure, 02044. Reddy's model, evapotranspiration, runoff, St Venant equations, kinematic wave approximation, overland flow model, infiltration, 05666.
- Green-Ampt model**
chemical transport, non aqueous phase liquid, vadose zone transport, kinematic wave theory, 13598. heterogeneity, infiltration, unsaturated flow, infiltration, Richards equation, 14707. infiltration, unsaturated flow, heterogeneity, spatial averaging, Richards equation, 14706. unsaturated flow, hydraulic conductivity, falling head permeameter, borehole permeameter, 10997.
- green biomass**
NDVI, semiarid rangeland, vegetation index, 03790.
- green manure**
Sesbania, Leucaena, soil physical property, soil water content, India, New Delhi; 12143.
- green panic**
nitrogen mineralization, nitrate leaching, nitrification, black gram, Australia, Queensland; 08160. pasture soil, microbial biomass, carbon dynamics, nitrogen dynamics, sorghum, Australia, Queensland; 12115.
- Green River Formation**
evaporite, lake deposit, mineralogy, Eocene, 00381. pyrrhotite, marcasite, porewater, Palaeogene, sulphur, USA, Colorado; Utah; USA, Wyoming; 01636.

- green sulphur bacteria**
hypersaline lake, microbial mat, water chemistry, anaerobic deep layer, Spain, Cantabria, La Salada de Chiprana Lake; 09625.
- Green's function**
boundary integral solution, unsaturated flow equation, vadose zone, 00730.
solute transport, advection/dispersion equation, Cartesian coordinate system, groundwater flow, 07076.
- Greenbrier Group**
reservoir, porosity, ooid, diagenesis, permeability, USA, West Virginia, Rhodell Field; 04152.
- Greenbrier Limestone**
uplift, grainstone, sand, Mississippian, basin, 04265.
- Greenhorn marine cycle**
Cretaceous, concretion, Western Interior Seaway, sedimentology, carbonate geochemistry, USA, Iowa, Big Sioux River Valley; South Dakota, Big Sioux River Valley; 11927.
- greenhouse**
beech stand, carbon dioxide, plant growth, enrichment experiment, 04633.
- greenhouse climate**
vegetation, dune, wind, USA, Great Plains; 05426.
- greenhouse complex**
atmosphere, 04747.
- greenhouse crop**
crop canopy, Grashof numbers, convection, 03489.
- greenhouse effect**
agricultural production, land cover, crop yield, soil, model, 12930.
anthropogenic impact, carbon dioxide, oceanic containment, energy conservation, global model, 14120. carbon dioxide doubling, seasonal movement, precipitation zone, rainy season, climate model, 02169. carbon dioxide emission, emission control scenario, radiative forcing, Finland; 06011. climate change, socioeconomic impact, sea level change, public response, Gulf of Mexico; Caribbean Sea; 01290. climate change, thermohaline circulation, ocean, acoustic detection, 02328. climate warming, IPCC study, 03540. crop variety, maize yield, temperature, 14870. desertification, sea level rise, land use, ecosystem, vegetation, Mediterranean; 03861. Earth science data, EOS data, information system, anthropogenic activity, 10348. emission target, nitrous oxide, global warming, 13826. humidity, temperature, seasonal variability, clear sky, 09796. nitrous oxide, power station, emission, UK; 01063. numerical simulation, global climate, diagnostics, 12923. ocean/atmosphere GCM experiment, sea level change, carbon dioxide, 12549. review, climate model, 03544. source strength, global budget, methane cycle, 02623. sulphate aerosol, fossil fuel combustion, warming, 08616. tide gauge, eustacy, coastal geology, subsidence, sea level rise, Australia, South Australia, Port Adelaide; 02827. time series analysis, carbon dioxide, 12924.
- greenhouse effect model**
carbon cycling, global change, IMAGE 2 model, feedback process, 03914.
- greenhouse emission**
energy balance model, climate effect, 14951.
- greenhouse experiment**
rice soil, wetting, nitrous oxide, emission, 11301.
- greenhouse forcing**
albedo, global change, 10289.
- greenhouse gas**
ADEOS satellite, interferometric measurement, terrestrial thermal IR, 08853. agricultural emission, 08723. bacteria, methane, water column, sinking particle, carbon cycling, Pacific, (North); 11892. biotic carbon, offset programme, economic development, carbon dioxide, climate change, 03541. climate change, atmosphere-ocean interaction, anthropogenic impact, terrestrial environment, IMAGE 2.0 model, 12928. climate change, general circulation model, detection, 08641. climate classification, redistribution, agricultural land, 03863. environmental impact, climate regulation, geophysiological model, 14109. environmental threat, social consequence, emission, global warming, 06368. flooded soil, methane sink, nitrate pollution, sea level, 10327. forecast, carbon dioxide, 01028. global change model, physical perspective, climate predictability, 10335. global temperature rise, geological record, sea level change, 02814. ice core record, atmospheric composition, glacial/interglacial cycle, climate, Antarctica, Vostok; 00010. inventory, climate framework convention, UK; 08714. methane, global warming potential, climate change, warming, 13893. monitoring, verification, agricultural emission, 08724. natural hazard, climate change, ozone depletion, acid rain, 12880. nitric oxide emission, aircraft, troposphere, climate change, ozone, radiative forcing, 07328. ozone depletion, environmental issue, policy decision, air pollution, 06388. potential change, crop yield, climate warming, climate change, 03542. radiative forcing, climate system, aerosol, 14110. Rio summit, climate change, UNCED, 06367. soil, atmosphere, temperate forest, hurricane blowdown, flux, 03883. statistics, trend analysis, global warming, time series, moving average model, 00004. thermal forcing, statistical confounding, historical data, climate change, 12553. tropics, water vapour, convection, subsiding motion, 00824. tropospheric increase, ozone, vertical distribution, radiative forcing, 04746. wetland rice, mitigation, methane emission, flooded soil, USA, Louisiana; 01040.
- greenhouse gas emission**
climate change convention, anthropogenic source, land use, 01313. climate change, deforestation, biofuel, forest sector, carbon, 03911. national inventory, fossil fuel consumption, 06007.
- greenhouse gas reduction**
cost effectiveness, oligotrophic peatland, drained field, forest production, Norway; 08987.
- greenhouse grower**
ventilation, evaporative cooling, model, climate control, 03475.
- greenhouse model**
mathematical system, image, 11630.
- greenhouse potential**
freon, ocean thermal inertia, 08626.
- greenhouse sensitivity experiment**
cumulus convection, cirrus albedo effect, carbon dioxide, GCM, 02327.
- greenhouse simulation**
climate model, carbon dioxide doubling, climate variability, equilibrium, 13789.
- greenhouse warming**
alternative fuel, renewable energy, biomass, methanol, climate forcing, 03893. atmospheric carbon dioxide, temperature dependence, silicate weathering, negative feedback, USA, North Carolina, Blue Ridge Mountains; 06444. climate change, GPS, occultation delay, 03856. climate, general circulation model, 07323. Eurasian biota, climate model, Quaternary, high latitude ecosystem, Europe; Asia; 00007. lake ice, AVHRR, USA, Wisconsin; 01261. moisture distribution, tropics, climate sensitivity, radiation model, 12540. observing network, global mean, temperature, bias, general circulation model, 12546. random walk, temperature series, climate change, 08623. sulphur hexafluoride, source/sink, atmospheric residence time, removal mechanism, 01310. temperature trend (1958-1986), Arctic; 04751.
- greenhouse warming signal**
climate variability, pre-instrumental record, temperature record, 13801. temperature change, correlation method, climate model, 02325.
- greystone belt**
palimpsest landform, weathering front, regolith, etchplain, palaeodrainage, Australia, Western Australia; 12976.
- Grevillea robusta**
Cassia siamea, Gliricidia sepium, Alfisol, mulching, leaf mulch, Kenya, Machakos; 08258.
- grey atmosphere**
variational method, source function, radiative equilibrium, 11117.
- grey box modelling**
time domain, time series analysis, Kalman filtering, wastewater treatment, 05113.
- grey control system model**
prediction, emission, trace gas, 14960.
- grey level**
imagery, remote sensing, 02414.
- grey system**
prediction, extreme event, hydrological event, flood, drought, 04730.
- grey tone**
mapping, GIS, 06209.
- greyscale image**
image compression, error, 02400.
- greywacke**
shale, molar ratio, hydrothermal alteration, mineral composition, 08026.
- grid cell**
topographic map, DTM, 12698.
- grid configuration**
dynamical evolution, turbulence, stably stratified fluid, wind tunnel, 12519.
- grid data**
map operation, trend surface, 13992.
- grid method**
reservoir capacity, numerical method, cubic spline method, Newton method, Lagrangian method, 04464.
- grid network interpolation**
river discharge, runoff, Norway; 08307.
- grid point**
advection term, meteorological flow, dynamic grid adaption, 08581.
- grid point model**
hybrid vertical coordinate, primitive meteorological equation, semi Lagrangian, semi implicit, limited area, 02212.
- grid reference**
latitude/longitude, UTM, projection, UK; 15111.
- grid refinement**
atmospheric flow, nonhydrostatic flow, 02124.
- grid reinforcement**
interaction, cohesive/frictional soil, 02705.
- grid scale**
general circulation model, precipitation, disaggregation scheme, 13776.
- gridded bathymetry**
drainage, continental margin, bathymetry, USA; 02547.
- gridded data**
contour map, surface, square, DTM, 15077.
- gridding**
contaminated site, visualisation, three dimensional imaging, 01155. global mean temperature, temperature change, weighted average anomaly, distance weighting, 02647.
- grinding**
extractant, soil testing, 06815.
- GRIP**
atmospheric change, methane concentration, climate, ice core, Greenland; 06549. GISP2, radio echo sounding, ice sheet, ice thickness, Greenland; 11863. high resolution analysis, dielectric profiling, ice core, Greenland, Summit; 06636. ice core, electrical conductivity, GISP2, Greenland; 06543. ice core, oxygen isotope record, GISP2, Greenland; 06544.
- GRIP deep drilling**
temperature profile, borehole survey, Greenland, Summit; 02840.
- GRIP ice core**
ice core, isotope analysis, chemical analysis, climate instability, last interglacial period, Greenland, Summit; 00174.
- groove**
topographic model, crater, ridge, Voyager image, Saturn, Epimetheus; 06494.
- gross error**
fuzzy set, localisation, 15081.
- Grotto Beach Formation**
ripple, lamination, grain fall, calcarenite, wind, Bahamas, San Salvador Island; 04194.
- ground based data**
aerological information, comparative study, solar radiation flux, satellite data, Russian Federation, Moscow; 14817. crop yield, soil, GIS, 06275.
- ground based measurement**
air quality measurement, aircraft measurement, measurement compatibility, trace gas, 11293. carbonyl fluoride, hydrogen fluoride, fluoride reservoir

- species, Southern Hemisphere, New Zealand, Lauder; 14978. cloud, optical thickness, solar radiation, Arctic; 13675.
- ground control point**
correction function, image navigation, AVHRR, 13902. feature based matching, rectification, GIS, 07444. image registration, spatial correlation, 07443. navigation, AVHRR, satellite, orbit information, 02381.
- ground cover**
orchard soil, irrigation, snow cover, soil temperature, 04353. plant canopy, evapotranspiration, arid environment, water use efficiency, soil evaporation, Syria, Aleppo; Australia, South West; 10903. tillage, raspberry, organic carbon, nitrogen, aggregate stability, interrow crop, Canada, British Columbia, Fraser Valley; 10830.
- ground deformation**
clay behaviour, plasticity, prediction, tunnel, 04019. magma chamber, levelling, tilt, subsidence, Mexico, Colima Volcano; 12961.
- ground failure**
earthquake, liquefaction potential, USA, California, San Francisco; Japan, Honshu, Niigata; 09117.
- ground flash**
electrical field, stepped leader, lightning HF radiation, return stroke, Sri Lanka; 11121.
- ground geometry**
stiffness, tomography, seismic tomography, 04010.
- ground ice**
frozen soil, geocryology, permafrost, bibliography, 01546. ice wedge, thermokarst, frost heave, periglacial process, permafrost research, Canada; 01551.
- ground level**
biologically active UVB, ultraviolet B irradiance, broadband UVB radiometer, seasonal change, Japan; 04586. charging process, wind, evaporation, space charge formation, 07192.
- ground level air**
radionuclide, particle, Greece, Thessaloniki; 12558.
- ground level concentration**
dispersion modeling, model evaluation, stack plume model, 00877. dispersion, convective boundary layer, skewed distribution, vertical velocity, Gaussian distribution, 04626.
- ground moraine**
seasonal frost, deglaciated terrain, sorted polygon, patterned ground, lodgement till, Iceland, Maelifellssandur; 13142.
- ground motion**
earthquake, collapsing slope, seismic displacement, slope, 10394. earthquake, surface movement, sedimentary basin, damage, valley effect, Armenia, Kirovakan; 11692. soil amplification analysis, damage statistics, Armenia earthquake, soil response, Armenia, Leninakan; 11691.
- ground movement**
pressuremeter test, soil model, 04023. unsaturated clay, deformation, numerical modelling, 14183.
- ground network**
network, gravity, Europe; 04860. satellite data, ground reception, Russian Federation; 08746.
- ground observation**
measurement, snow cover, satellite data, air photographs, Russian Federation; Germany; 12360.
- ground penetrating radar**
erosion rate, fluvial process, aeolian process, ejecta, USA, Arizona, Meteor Crater; 07773. Quaternary geology, thickness, till, erratic boulder, lodgement till, Switzerland; 02794. subsurface karst, solution pipe, doline formation, karst, USA, Florida; 09130.
- ground pollution**
groundwater, aerial photography, Netherlands; 03827.
- ground radar**
internal layer folding, ice stream, bedrock topography, streaming flow, basal boundary condition, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10546.
- ground radiometer**
canopy reflectance, shadow, savanna tree, Africa, (West); 01218.
- ground radiometry**
sky light, reflectance, citrus canopy, 02514. spectral reflectance, shrub canopy, desert plant community, 11514.
- ground reception**
ground network, satellite data, Russian Federation; 08746.
- ground resolution**
spectral range, stereoscopy, land system, land use mapping, tropics, Belize; 12855.
- ground response**
deep basement, measurement, construction technique, UK, England, London, Victoria Embankment; 04037.
- ground roughness**
noise propagation, noise prediction, remote sensing technique, noise pollution, 07654.
- ground rupture**
Holocene faulting, Wasatch fault zone, vertical offset, USA, Utah, Kaysville; 09071.
- ground settlement**
chemical grouting, tunnelling, earth pressure balance shield, USA, District of Columbia, Washington; 06513.
- ground shading**
building, urban geometry, heat release, 07245.
- ground shaking**
circular foundation, foundation-soil interaction, earthquake, 07803. dendrochronology, earthquake study, palaeointensity, seismic zone, USA, Tennessee, Reelfoot lake; Missouri, New Madrid; 05193.
- ground stabilization**
foundation, excavation construction, karst topography, cave, wetlands, USA, Florida, Crystal River; 07728.
- ground surface**
Richards equation, soil moisture, mesoscale atmospheric model, water content, 04644.
- ground target**
ATM data, atmospheric transmittance, 03666.
- ground temperature**
climate, permafrost, climate warming, thawing, Russian Federation, Siberia; 01559. temperature, borehole temperature, climate change, Canada, Alberta, Alberta Basin; 09949.
- ground to air visibility**
DTM, visibility, 06261.
- ground topography**
contour map, topographic feature, 13986.
- ground traverse**
passive microwave, spectral signature, ice sheet, Antarctica; 02534.
- ground truth**
data collection, terrain surface, spectro-polarimeter, 10189. surface temperature, comparative study, FIFE, 02454.
- ground truth data**
photointerpretation, land cover, 15190.
- grounded ice sheet**
ice sheet dynamics, ice shelf, modelling, 06623.
- grounding line**
basalt melting value, bottom freezing, satellite image analysis, ice tongue, ice shelf, surface velocity, Antarctica, Victoria Land, Terra Nova Bay; 02844.
- grounding structure**
glaciolacustrine sediment, subaqueous fan, diamicton, iceberg, UK, Scotland, Aberdeenshire; 07891.
- groundwater**
accumulation rate, calcium carbonate, sea level, reef, diagenesis, 06681. aerial photography, ground pollution, Netherlands; 03827. analytical model, BTEX groundwater contamination, practical model, passive bioremediation, 02600. anthropogenic impact, environmental change, karst landscape, deforestation, pollution, Mediterranean; France; Italy; Croatia, Dinard; 06530. aquifer, sewage, water supply, Malta; 01763. atmospheric pollutant, soil contamination, expert system, SAFRAN, contaminant load, Germany, Eifel; 07713. CAD, USA, North Dakota; 02560. carbon isotope record, aquifer, vein calcite, biomass, USA, Nevada, Devils Hole; 09136. carbonate platform, temperature, salinity, blue hole, Bahamas, Great Bahama Bank, North Andros Island; 13205. cementation, carbonate geochemistry, strontium, alkalinity, porewater chemistry, Mexico, Yucatan; 08032. chlorinated aromatics, dechlorination, chemical time bomb, microbial transformation, Netherlands, Rhine River, Ketelmeer; 11993. contaminant, hydraulic conductivity, GPR, fluvio-glacial outwash, gravel, Switzerland; 04141. contamination, aquifer remediation, cleanup, groundwater treatment, reinjection, 04537. crop, pollution, water quality, farm management, decision support system, USA, Iowa, Treynor; 03033. desalination rate, Solonchak, Solonchak, land reclamation, Russian Federation, Caspian Lowland; 01355. desorption, diffusion model, Freundlich isotherm, adsorption, contaminant, 06776. extraction system, alluvium, hydrocarbon, free phase hydrocarbon recovery, USA; 02594. fairy chimney, spring, cave, karstification, Turkey, Weston Tauris, Koprucay River, Beskonak Dam; 06532. fieldwork, environmental research, laboratory experiment, laws of motion, nitrate, Hungary, Cserepfalu; 12888. GIS interface, finite difference model, 06311. glacial sediment, weathering, till, sulphur, mineralization, salinity, Canada, Saskatchewan, Luck Lake; Alberta, Bow River; 07996. gravel bed, river bed, siltation, conductivity, cementation, 11895. high pressure aquifer, hydrodynamic blowout, USA, North Dakota; 01341. Holocene, hyperarid environment, pollen analysis, lake core, Sudan, Sahara, Oyo; 10511. isostatic uplift, landscaping, waste storage site, Sweden, Stockholm; 04048. lake sediment, mineralization, sedimentation, gyttja, Poland, Plock Basin, Na Jazach Lake Complex; 08043. landscape ecology, frost damage, nitrate loading, 09019. landslide valley, extreme rainfall, India, Himalaya, Darjeeling Hills, Ambootia; 11760. laterite, Eocene, bauxite, downwarping, transgression, India, Kutch; 11948. mercury, volatilisation, radioactive waste, USA, South Carolina, Savannah River Plant; 01762. multivariate analysis, classification method, natural object simulation, hydrochemical analysis, 10346. overburden, karst drainage, chalk, endokarst, France, Paris Basin; 10420. oxidation, Tertiary sand, aquifer, pyrite, buffering, UK, England, London Basin; 09388. pollution, GIS, environmental impact, 05005. pollution, heavy metal, chlorinated hydrocarbon, drinking water, lake sediment, Germany, Berlin, Havel River; 12005. pollution, vulnerability study, environmental pollution, chemical time bomb, Czech Republic; Slovakia, Danube; 11594. porosity, palaeokarst, carbonate platform, dissolution diagenesis, 09288. potential, India, Punjab, Bist Doab Area; 10248. protection measure, karst, cave, prehistory, Austria, Alps, Swabian East Alps; 05255. quarrying, groundwater pollution, carbonate rock, karst aquifer, 00782. Quaternary geology, global environmental change, sustainable development, 11587. rainwater harvesting, remote sensing, watershed, India, Andhra Pradesh, Anantapur District; 10240. salinisation, food chain, pollution, chemical time bomb, micropollutant mobilisation, 11590. seasonal dynamics, spatial variability, heavy metal, soil, 02613. seawater, salinity, dolomitization, Bahamas, Great Bahama Bank, Andros Island; 14376. sediment, chemical time bomb, long term risk, soil, Hungary, Danube; 11593. sludge, isotope dilution gas chromatography, mass spectrometry, quantitative analysis, HMPO, 10311. stratification, temperature gradient, lake, sedimentation, Poland, Lake Goszcz; 08040. subsidence, sinkhole development, hydrogeology, desert, Kuwait, Kuwait City; 11769. sulphate reduction, aquifer, mineralization, bacteria, organic matter, UK, England, London Basin; 01754. turbulence, lake sediment, spring, karst, resuspension, Spain, Lake Banyoles; 00384. underground construction, water table, delta, Netherlands; 14205. vegetation, bed degradation, stabilisation, sediment management, Germany, Rhine River, Ifezheim; 14447. vein, satin spar, evaporite, gypsum, dissolution, 07995. weathering, triggering factor, thaw, stress release, Switzerland, Matter Valley, Randa; 09123.
- groundwater abstraction**
groundwater quality, historical hydrology, artificial recharge, groundwater recharge, groundwater resource, UK, England, London Basin; 14785. river flow, river water quality, groundwater management, groundwater exploitation, UK, England, Lincolnshire, Sleas River; 03383. water resource, environmental management, dehydration, fen, UK, England, Fens; 12876.
- groundwater age**
groundwater pollution, lumped parameter model, isotope hydrogeology,

07086. groundwater quality, isotope hydrogeology, groundwater pollution, pollutant penetration, chlorinated hydrocarbon, Germany, Bavaria, Munich; 07087. vertical flow velocity, recharge rate, groundwater recharge, tritium-helium isotope method, 07051.
- groundwater analysis**
hydrocarbon, oil spill, groundwater contamination, soil vapour analysis, 13586.
- groundwater availability**
transmissivity, permeability, porosity, specific yield, aquifer characteristics, Saudi Arabia, Khulais Plain; 02051.
- groundwater balance**
dual porosity aquifer, hydrogeology, mains leakage, multilayer aquifer, chlorinated hydrocarbon, UK, England, Coventry; 03322.
- groundwater basin**
swallet capacity, sinkhole, flooding, karst hydrogeology, USA, Kentucky, Sinking Creek, Garretts Spring; 12294.
- groundwater behaviour**
isotope hydrology, hydrogeochemistry, unconfined aquifer, USA, Florida; 03362.
- groundwater biotope**
invertebrate mobility, sediment filtering, aquifer sediment, biological tracing, 07067.
- groundwater budget**
groundwater flow model, hydraulic head, Canada, Ontario, Huron Lake; St Clair River; Canada, Ontario, Lambton County; 13580. transpiration, energy budget, Bowen ratio, groundwater discharge, evapotranspiration, USA, Nevada, Great Basin; 05664.
- groundwater chemistry**
aquifer exhaustion, groundwater deterioration, salinity, Jordan, Amman, Dhuleil aquifer; 03363. biogeochemistry, eutrophication, hydrogeochemistry, phosphorus, 13585. carbonate dissolution, residence time, groundwater recharge, isotope analysis, geothermal aquifer, Serbia, Surdulica Geothermal Aquifer; 02077. coastal transition zone, nutrient flux, aquifer though-flow, coastal water quality, soil water chemistry, Mariana Islands, Guam; 01991. dissolved organic carbon, methane, carbon-14, carbon isotope, Canada, Ontario; 05816. geochemical evolution, confined aquifer, ion exchange, sulphate reduction, calcite precipitation, USA, Florida, Upper Floridan Aquifer; 13609. geochemical process, dissolution, precipitation, France, Paris Basin, Dogger Aquifer; 05817. granitic water, trace metal, radioactive waste disposal, uraninite, sulphide, Europe; 04535. groundwater evolution, geothermal reservoir, hydrogeochemistry, Italy, Tuscany, Tolfa Mountains; Sabatini Mountains; 14747. groundwater pollution, geochemistry, hydrogeochemical transport, aquifer remediation, computer modelling, 00773. groundwater resource, recharge, flow, hydrological survey, USA, New Mexico, Dona Ana County, Mesilla Basin; Texas, El Paso County, Mesilla Basin; 04504. gypsum, karst, Algeria, Cheliff Valley, Ouled Fares Area; 13020. hydrochemical investigation, groundwater flow, fractured aquifer, aquifer connectivity, 02076. hydrogeochemical prospecting, gold, mineral water, water/gas sampling, Russian Federation, Amurs Kaya; 13584. hydrogeochemistry, water-rock interaction, salinity, ion exchange, organic matter, Australia, New South Wales, Yass; 11047. isotope analysis, geothermal system, magmatic water, Philippines, Leyte, Greater Tongonan Geothermal Field; 12332. karst terrain, buffering, bicarbonate water, aluminium precipitate, alkalinity, acid mine drainage, USA, Tennessee, Obey River Basin; 00776. mineral water, isotope, Slovakia, Carpathian Mountains, Dudince; 02080. precipitation chemistry, saturation index, ionic composition, acidification, Sweden, Halland; 04525. runoff water chemistry, acid mine drainage, cation distribution, unsaturated zone, USA, Indiana; 00693. runoff water chemistry, surface water chemistry, rock weathering, hydrochemistry, India, Uttar Pradesh, Kumaun, Gaula Catchment; 00695. salinity, deposition model, weathering model, chemical evolution, Australia, Western Australia, Yilgarn Craton; 04523. seepage, karst aquifer, spring, groundwater recharge, aquifer process, France, Fontaine de Vaulcuse; 00752. soil water chemistry, hydrochemical modelling, upwelling flow, streamwater chemistry, chemical separation, Canada, Quebec, Laurentians; 02003. soil water chemistry, precipitation chemistry, silica budget, forested basin, streamwater quality, Japan, Kiryu; 08374. soil water chemistry, vegetation effect, island hydrology, swamp island, Botswana, Okavango Delta; 14625. stochastic transport theory, non aqueous phase liquid, biodegradation, advective/dispersive theory, groundwater contamination, solute transport, 02063. surface water chemistry, salinity, agricultural catchment, solute transport, land management, soil water chemistry, Australia, Western Australia, East Perenjori; 00797. total dissolved solids, chlorine, calcium, geochemical investigation, India, West Bengal, Bankura District, Gangajal-Ghati; 02075. tropics, aquifer formation, karst aquifer, Madagascar; 12334. water softening, hydrogeochemistry, factorial analysis, salinisation, Belgium; 12336. wetlands, ecological zonation, swamp, vegetation, Poland, Biebrza valley; 00666.
- groundwater circulation**
lacustrine brine, lake evaporation, surface water-groundwater interaction, lake water chemistry, geochemical evolution, USA, Montana; North Dakota; 14669.
- groundwater classification**
monitoring network, groundwater quality, hydrogeochemical model, cluster analysis, Netherlands; 07096.
- groundwater condition**
mass movement, landslide, groundwater effect, rainfall pattern, Brazil, Olinda; 04031.
- groundwater contamination**
adsorption, contaminant transport, virus adsorption, 03340. adsorption, solid solution, exsolution process, thermodynamics theory, 04503. agricultural pollutant, herbicide, mathematical model, nonpoint source pollution, contaminant transport, Italy, Pavia; 07126. agricultural pollutant, oxygenation/reduction, hydrocarbonate facies, ammonium, Lithuania; 05812. agricultural practice, sustainable agriculture, nitrogen, leaching, 07143. air sparging, aquifer remediation, remediation rate, volatile contaminant, 04541. aldicarb, root zone model, pesticide leaching, China, Jiangsu, Nantong; 06917. ammonia pollution, nitrogen behaviour, surface/aquifer interface, 05811. analytical method, sampling, petroleum contamination, soil, pollution, 00016. anoxic groundwater, hydrocarbon degradation, biogeochemistry, oil contamination, USA, Minnesota, Bemidji; 09725. aquifer remediation, air sparging, volatile organic compound, design model, 04543. aquifer remediation, risk analysis, advective transport model, vapour emission model, remediation level, USA, California, Los Angeles; 04514. aquifer remediation, soil vapour extraction, air sparging, 04544. bacteria, soil water flow, permeability reduction, biofilm, groundwater flow, 03341. bacterial transport, advection/dispersion, sticking efficiency, 12317. barrier well, vacuum recovery, dewatering, aquifer remediation, hydrocarbon plume, 04538. biodegradation, benzene, toluene, ethylbenzene, xylene, dissolved oxygen, 05800. bioremediation, bacterial attachment, contaminant transport, 13590. bioremediation, gas-water interface, colloid behaviour, contaminant transport, sorption, vadose zone, hydrophobicity, 13597. caesium migration, sorption, fracture flow, diffusion, radionuclide migration, Canada, Manitoba, Lac du Bonnet; 12341. Chernozem soil, mineralization, nitrate, sewage, pig sludge, irrigation water quality, 00761. chlorinated hydrocarbon, aquifer remediation, groundwater protection, UK, England, Coventry; 03368. chlorinated hydrocarbon, contaminant transport, Italy, Venetian Plain; Padova, Cittadella; 12335. chlorinated hydrocarbon, industrial pollutant, trichloroethene, trichloromethane, mains leakage, UK, England, Coventry; 03364. chlorophenol toxicity, process upset, bioremediation, degradation, aerobic treatment, 04506. colloid, contaminant transport, sorption, dissolved organic matter, 03358. contaminant capture, remedial technique, optimisation, pumping strategy, vinyl chloride plume, uncertainty analysis, USA, Michigan; 03357. contaminant migration, interceptor drain, evaluation technique, remediation, 04539. contaminant migration, interceptor drain, particle tracking model, evaluation technique, remediation, multiphase flow, 04540. contaminant migration, tillage practice, herbicide, leaching, 12327. contaminant plume, plume evolution, 13613. contaminant transport, agricultural practice, agricultural water management, fertilisation rate, irrigation rate, USA, Nebraska, Sandhills; 07157. contaminant transport, soil property, irrigation water quality, pesticide, vadose zone contamination, 03338. contamination index, pesticide, potential contamination, New Zealand; 09718. contamination mapping, hydrocarbon, data evaluation, trilinear plot, 04512. correction factor, water table elevation, hydrocarbon, 07090. cost/benefit analysis, data worth, contaminant containment, remedial action, hydrogeological design, aquitard continuity, USA, South Carolina, Savannah River; 03339. coupled model, contaminant transport, heat transport, geotechnical centrifuge modelling, hydraulic instability, 04509. dense non aqueous phase liquid, non aqueous phase liquid, dissolution kinetics, 13605. dissolved iron, distillery effluent, deoxygenation, 13601. dual porosity aquifer, sandstone/mudstone aquifer, tracer test, pumping test, solute transport, chlorinated hydrocarbon, UK, England, Coventry; 03366. ecological mapping, hydrogeological mapping, groundwater resource, Russian Federation, Izhevskoye Plateau; 02115. factor analysis, chemical mass balance, contaminant source, trace metal, neutron activation analysis, 14734. fertiliser, agricultural practice, irrigated agriculture, nitrate, 13625. flow tank experiment, image analysis, concentration distribution, contaminant transport, plume dynamics, 00786. fluid distribution, oil spill, hysteresis, oil entrapment, spatial variability, 02071. fracture flow, hydraulic conductivity, waste disposal, landfill site, clay soil, USA, Louisiana, Livingstone Parish, Gulf Coast; 11013. frozen soil, phenol, contaminant containment, hydrocarbon exclusion, 09703. genetic toxicity, acute toxicity, toxicity, landfill leachate, 05802. geochemistry, thermomineral water, carbon dioxide contamination, Spain, Murcia, Alto Guadaleñin Aquifer; 09716. grassland, simulation model, leaching, nitrogen balance, Poland, Warsaw; 07140. groundwater discharge, nuclear waste disposal, helium, soil gas, Canada, Canadian Shield, Manitoba, Lac du Bonnet; 09720. groundwater exploitation, agricultural pollutant, industrial effluent, groundwater recharge, 09717. groundwater flow, contaminant transport, modelling, landfill site, contaminant plume, Canada, Ontario, Simcoe County, Innisfil; 04508. groundwater recharge, sensitivity model, contamination potential, 12330. groundwater remediation, remediation technology, organic pollutant, 11044. groundwater resource, aromatic hydrocarbons, organic contaminant, polycyclic detergent, Israel; 03337. groundwater treatment, remedial method, in situ treatment, nitrate, iron, manganese, 12338. halogenated aliphatic hydrocarbons, aromatic hydrocarbons, sulphate reduction, biodegradation, denitrification, Australia, Western Australia, Swan Coastal Plain; 12343. hazard, pollution, risk assessment, Italy, Milan; 12882. heavy metal, landfill leachate, dichloromethane, dichloroethane, subsurface retention, Finland; 05804. herbicide sorption, soil testing, USA, Delaware, Coastal Plain; 03183. herbicide, contaminant transport, convection/dispersion equation, sorption, mobile/immobile phase, 11019. herbicide, contaminant transport, sorption, organic carbon, particle size, 11018. herbicide, microbial degradation, groundwater quality management, Australia, Western Australia, Perth, Kwinana; 11039. herbicide, starch encapsulation, nonpoint source pollution, surface water contamination, 12241. heterogeneity, bromide transport, aquifer sediment, bacterial transport, microsphere transport, 05813. inorganic geochemistry, biodegradation, oxidation, microbial reduction, oil contamination, 09723. ion exchange, caesium-137, surface water contamination, 03247. irrigated agriculture, nonpoint source pollution, fertiliser, agricultural contaminant, nitrate/nitrogen, USA, Nebraska, Panhandle; 11027. irrigation water management, nutrient, surface water contamination, pollution control, nursery operation, USA; 07134. landfill, finite element model, saturated/unsaturated flow, leachate, revegetation, evapotranspiration, 00768. landfill, mass transport model, solute concentration, groundwater recharge, 03349. leachate, hazardous compound, biochemical transformation, waste disposal, landfill, USA; 02066. leaching, mushroom compost, poultry litter, nitrate leaching, compost, 08166. leaching, risk assessment, alkaline sodic soil, agricultural practice, sulphonylurea herbicide, Australia; 14770. leaching, simulation model, solute transport, atrazine, herbicide, 12325. metal concentration, remediation, emission control, detergent, phosphate emission, Switzerland, Glatt River; 01982. metal, contaminant transport, sorption, complexation, colloid, 12342. multiphase flow, anisotropy, fracture flow, hydrocarbon, groundwater flow, 04517. multivariate plot, hydrocarbon plume, xylene, ethylbenzene, toluene, benzene, 04545. nitrate leaching, eutrophication, pesticide, surface water quality, organic farming, 11076. nitrate, denitrification, computer model, bioremediation, 11045. nitrate, lake water quality, groundwater resource, water resource management, Australia, South Australia, Blue Lake; 11101. nitrate, leaching, tillage practice, USA, Delaware, Georgetown; 04560.

- nitrate, potable water quality, agricultural pollutant, Nigeria, Sokoto; 02092. nitrogen loss, tillage, crop rotation, phosphorus loss, USA, Illinois; 09557. non aqueous phase liquid, advection/dispersion, sorption, liquid/liquid partitioning, solute transport, 07088. non aqueous phase liquid, biodegradation, bioremediation, hydrocarbon, dissolution, 03342. non aqueous phase liquid, dissolution, trichloroethylene, 14752. non aqueous phase liquid, multiphase flow, contaminant transport, organic contaminant, heat transport, 11034. nonpoint source pollution, fertiliser, sewage sludge, surface water pollution, 09645. nonpoint source pollution, saturated/unsaturated flow, point source pollution, nitrate, karst aquifer, UK; Australia, South Australia; 11015. oil pollution, infiltration, hydrocarbon, Kuwait, Raudhatain; Umm Al-Aish; 11012. oil shale waste, leachate, landfill, saturated/unsaturated flow, hydraulic conductivity, moisture retentivity, 00769. organic compound, gas phase transport, heterogeneity, multiphase flow, 02070. organic compound, multiphase flow, model development, 02069. organic contaminant, hydrocarbon, pesticide, herbicide, Australia; 11082. organic contaminant, monitoring well, aquifer, sampling, solute concentration, 04546. organic geochemistry, organic carbon, microbial reduction, oil contamination, USA, Minnesota; 09724. organic matter, humic acid, fulvic acid, radionuclide transport, radionuclide mobilisation, 09721. organic matter, microbial activity, Podzol, Luvisol, fertiliser, nitrate leaching, 13388. organic matter, PAH, partitioning model, transport model, sorption, hydrophobic compound, 03350. organic pollutant, adsorption isotherm, contaminant transport, 12345. parameter estimation, contaminant transport model, 00739. pesticide fate model, probability of exceedance, citrus grove, USA, Florida; 12036. pesticide, atrazine, agricultural practice, water quality monitoring, USA, Virginia; 07127. pesticide, risk analysis, GIS, stochastic model, Canada, Quebec, Richelieu County; 11024. pesticide, sampling, procymidone, atrazine, New Zealand; 09719. Petrov-Galerkin method, diffusion problem, transport problem, split operator formulation, contaminant transport, 03359. pollutant disposal, groundwater remediation, in situ treatment, volatile chlorinated hydrocarbon, Germany; 12337. pore size distribution, reactive solute, solute transport, breakthrough curve, retardation factor, 08421. potable water quality, research trend, regulatory environment, agricultural pollutant, pesticide fate, Germany; 00810. pulp mill effluent, organochlorine contaminant, Australia, South Australia, Bonney Lake; 11040. pumping well, groundwater sampling, contaminant concentration, nitrate, atrazine, USA, Nebraska; 07094. radionuclide retardation, sorption, precipitation, radionuclide transport, radioactive waste disposal, 04533. reactive solute, solute transport, adsorption, preferential adsorption, advection/dispersion, 03360. recreational water quality, sinkhole/spring system, tracer dye, bacteriological test, Florida, Tampa, Sulphur Springs; 12313. remediation rate, cleanup rate, air sparging, volatile contaminant, aquifer remediation, 04542. remediation strategy, groundwater remediation, non aqueous phase liquid, hydrocarbon, 11017. remediation, groundwater treatment, organic contaminant, air stripping, 12331. retardation factor, contaminant migration, sandstone rock, organic carbon, chlorinated hydrocarbon, UK, England, Coventry; 03365. river water quality, stream bed sediment, solute transport, stream/aquifer system, surface water-groundwater interaction, UK, England, Thames River; 11030. road deicing, chloride, source indicator, Canada, Ontario; 00787. salt water intrusion, coastal aquifer, solute transport model, finite difference model, groundwater model, Pacific, Nauru Island; 11043. seepage path, surface water-groundwater interaction, contaminant transport, sodium chloride tracer, France, Ain River; 04532. sorption, mycotoxin, leaching, 12322. sorption, organic contaminant, contaminant transport, solute transport model, 14738. sorption, precipitation, retention process, orthophosphate transport, 07070. surfactant, cationic surfactant, organic liquid, capillary pressure-saturation relationship, sorption, 14754. sustainable development, water resource management, groundwater protection, groundwater management, Australia; 11104. three dimensional model, hydrocarbon, contaminant transport, contaminant fate, 04516. tracer test, retardation factor, porosity, contaminant transport, 11036. trichloroethylene, volatilisation, infiltration, unsaturated zone, multiphase flow, 09712. uncertainty analysis, leakage rate, groundwater resource, pumping rate, hydraulic head, Portugal, Tejo River; Sado River; 02116. uranium migration, retardation, complexation, sandstone, radioactive waste disposal, 04534. urban pollutant, contaminant transport, contaminant source, chlorinated hydrocarbon, sandstone/mudstone aquifer, field experiment, UK, England, Coventry; 03367. volatile organic compound, vapour stripping, air lift pumping, aquifer remediation, 03353. vulnerability assessment, groundwater vulnerability, 11016. waste disposal, boundary element analysis, matrix diffusion, fracture flow, contaminant transport, 04524. waste disposal, well construction, water quality analysis, Nigeria, Ondo State, Akure; 07081. water purification, bioindicator, macrophyte, floodplain, river water quality, France, Alsace, Ill River; 14661. water quality management, wastewater treatment, water reuse, environmental impact, surface water quality, 03246. water table management, nitrate control, crop yield, agricultural water management, Canada, Quebec, St Lawrence Lowlands; 11077. well siting, well construction, well survey, 07078.
- groundwater control**
leaching potential, land quality, SWANY, crop yield, irrigation, Netherlands; 12114.
- groundwater dating**
atmospheric source, subsurface source, radionuclide, hydrogeochemistry, isotope hydrology, Sweden; Switzerland; Canada; 03354. environmental tracer, model calibration, model validation, mathematical model, 04520. strontium isotope, carbonate aquifer, carbon-14 dating, carbonate dissolution, UK, England, Lincolnshire; 14748.
- groundwater deficit**
water resource, drought, historical hydrology, deficiency index, runoff deficit, UK, England, South East; 13450.
- groundwater depletion**
groundwater management, water resource management, groundwater pollution, Bahrain; 07153. recharge depletion model, evapotranspiration, groundwater recharge, Australia, New South Wales, Magela Creek; 05785.
- groundwater depth**
soil salinisation, water table depth, soil morphology, soil water movement, Canada, Alberta; 03115.
- groundwater deterioration**
salinity, groundwater chemistry, aquifer exhaustion, Jordan, Amman, Dhuleil aquifer; 03363.
- groundwater development**
groundwater pollution, groundwater resource, groundwater management, humid tropics, hydrogeology, 08467. health, humid tropics, rural area, water supply, appropriate technology, 08472.
- groundwater discharge**
boron, tracer, groundwater recharge, adsorption, environmental tracer, Argentina, Lerma Valley; 08387. catchment bedrock, bedrock fracture, forest ecosystem, water budget, evapotranspiration, chemical budget, streamflow, USA, New Hampshire, White Mountains, Hubbard Brook; 13623. chemical separation, wetlands, runoff mechanism, overland flow, hydrograph separation, forested swamp, 01928. coastal water table, water table outcropping, seepage face, Australia, Queensland; 13583. deethylatrazine, atrazine, river water quality, nonpoint source pollution, baseflow, 02006. denitrification, nitrate concentration, subsurface runoff, floodplain sediment, UK, England, Cotswolds; 04477. discharge index, electromagnetic induction, electrical conductivity profile, Australia, New South Wales, Young; 13575. discharge velocity, advection/diffusion, lake sediment, helium gradient, Canada, Ontario; 14623. drainage network, stream evolution, surface water-groundwater interaction, Netherlands; 14608. evapotranspiration, groundwater budget, transpiration, energy budget, Bowen ratio, USA, Nevada, Great Basin; 05664. geomorphological control, electromagnetic profile, salinisation, streamwater quality, Australia, Western Australia; 14749. groundwater resource, hydrogeology, groundwater quality, groundwater recharge, USA, Maryland, Harford County; 09761. hydrochemistry, spring, karst aquifer, tracer test, Cretaceous limestone, limestone karst, Germany, Northrhine-Westphalia; 00756. lake water chemistry, nuclear waste, helium, management implication, Canada, Ontario; 02015. nuclear waste disposal, helium, soil gas, groundwater contamination, Canada, Canadian Shield, Manitoba, Lac du Bonnet; 09720. peat bog, enrichment, element migration, spring, Finland, Pattijoki, Pitkaslahde Spring; 13487. rare earth element, playa lake, neodymium, samarium, dysprosium, lake sediment, Australia, Western Australia, Yilgarn Block, Gilmore Lake; 14624. residence time, runoff, tritium tracer, streamflow, soil water discharge, Japan, Kawakami; 08311. SPOT, vegetation cover, GIS, temporal analysis, saline discharge, Australia, South Australia, Farrell Flat; 02561. spring discharge, hydrogeology, groundwater flow, karst spring, recharge/discharge system, Turkey, Koprucay Canyon, Olukkoprui Springs; 00746. spring, isotope study, volcano, groundwater origin, groundwater flow model, Japan, Yatsugatake Mountain; 08410. surface water quality, acidic deposition, acidification, groundwater quality, aluminium flux, soil retention, 03268.
- groundwater discharge zone**
spatial variability, redox potential, 14495.
- groundwater dynamics**
runoff modelling, groundwater level fluctuation, soil water regime, surface runoff, subsurface runoff, Latvia; 09680.
- groundwater effect**
rainfall pattern, groundwater condition, mass movement, landslide, Brazil, Olinda; 04031.
- groundwater engineering**
hydrogeology, groundwater flow, decision analysis, advective transport, 02110.
- groundwater evolution**
alkalinity, groundwater hydrochemistry, Niger, Irhazer Plain; 13611. geohydrology, morphostructure, groundwater resource, Russian Federation, Amurskaya, Zeya-Bureya Basin; 13602. geothermal reservoir, hydrogeochemistry, groundwater chemistry, Italy, Tuscany, Tolfa Mountains; Sabatini Mountains; 14747.
- groundwater exploitation**
agricultural pollutant, industrial effluent, groundwater recharge, groundwater contamination, 09717. agricultural water management, irrigation development, soil conservation, water conservation, USA; 09775. artesian aquifer, groundwater quality, groundwater resource, hydrogeology, Italy, Venetian Plain, Treviso; 12383. artificial recharge, groundwater management, groundwater recharge, safe yield, Spain, Catalonia; 09782. chloride source, upconing, salinity, groundwater quality, Netherlands; 12339. coastal aquifer, salt water intrusion, groundwater management, shallow aquifer, Malaysia, Sarawak; 08407. database, groundwater management, hydrogeology, groundwater resource, groundwater exploration, India, West Bengal, Bankura District; 00811. groundwater abstraction, river flow, river water quality, groundwater management, UK, England, Lincolnshire, Slea River; 03383. groundwater flow, hydrogeology, aquitard, semi confined aquifer, groundwater resource, Mexico, Chalco-Amecameca; 11000. groundwater management, karst aquifer, aquifer recharge, groundwater resource, hydrogeology, Iran, Zagros, Kazerun; 00817. groundwater reclamation, groundwater management, salinity, groundwater quality, remedial action, Australia, South Australia, Angas-Bremer Basin; 11100. groundwater resource, water resource development, water resource management, ground-

- water quality, UK; 12382. irrigation, seawater intrusion, soil salinity, water conservation, Oman; 05843. land subsidence, groundwater resource, groundwater management, Taiwan; 02112. optimisation model, groundwater management, groundwater quality management, USA, Utah, Salt Lake Valley; 14789. optimisation, conjunctive water use, pumping policy, stochastic dynamic programming model, groundwater resource, USA, California, Madera County; 14790. pumping rate, density dependent flow, salt water intrusion, freshwater lens, groundwater flow, USA, Florida, Geneva; 00790. salt water intrusion, coastal aquifer, groundwater management, Australia, Queensland; 11102. water level decline, groundwater resource, aquifer characteristics, USA, Idaho, Snake River plain; 02108.
- groundwater exploration**
 geoelectrical study, groundwater resource, hydrogeology, Egypt, Eastern Desert, Wadi Abu Shih; 02111. geohydraulics, hydraulic conductivity index, transmissivity index, leakage index, resistivity sounding, Croatia; 13574. groundwater exploitation, database, groundwater management, hydrogeology, groundwater resource, India, West Bengal, Bankura District; 00811. hydrogeological survey, earth resistivity, self potential, Egypt, Sohag; 09760. hydrogeology, applied geophysics, engineering geology, 10998. karst aquifer, groundwater resource, hydrogeology, Italy, Tuscany, Apuan Alps; Colle Val D'Elsa; Italy, Tuscany, Orbetello; 00818. nuclear magnetic resonance, time domain electromagnetic method, salinity, Israel; 14786. SPOT, borehole, GIS, Botswana; 03826.
- groundwater extraction**
 extraction method, potable water quality, microbial contamination, spring water, 07149.
- groundwater flow**
 advection/dispersion equation, Darcy's law, flow model, tracer test, gradient test, Canada, Ontario, Twin Lake; 09697. advection/dispersion equation, heat diffusion equation, dispersion coefficient, inversion problem, solute transport, travel time, 07075. aperture estimation, fracture flow, tracer test, hydraulic test, 07058. aquifer yield, water level fluctuation, vadose zone, phreatic zone, chalk aquifer, UK, England; 10993. artificial neural network, neural kriging, aquifer property, geohydrology, hydraulic conductivity, 14721. boundary element method, salt water intrusion, B spline, numerical analysis, freshwater-saltwater interface, 02053. capillarity, oil/water flow, dual phase flow, Buckley-Levee zone, free imbibition, 13607. channelling, Fickian dispersion, solute transport, fractal scaling, 12352. chemical transport, sorption, heterogeneity, dispersion, partitioning, 11033. chloride tracer, groundwater quality, waste disposal, leachate, Thailand, Mae-Hia; 11029. coastal aquifer, salt water intrusion, groundwater quality, variable density flow, China, Longkou, Huangheying; 12329. colloid, DOC, metal transport, particle flux, 03352. contaminant transport model, groundwater velocity, unconfined aquifer, rectangular areal recharge, 05795. contaminant transport, gradient test, tracer test, advection, Canada, Ontario, Twin Lake; 09695. contaminant transport, miscible displacement, finger flow, NMR imaging, convection/diffusion, 07066. contaminant transport, modelling, landfill site, contaminant plume, groundwater contamination, Canada, Ontario, Simcoe County, Innisfil; 04508. contaminant transport, thermally driven flow, cavity aspect ratio, fracture flow, convection, 10999. decision analysis, advective transport, groundwater engineering, hydrogeology, 02110. diffusion, temporal variability, uncertainty, stochastic flow problem, boundary element solution, 05798. dissolution, condensation, cave system, karst system, karstic evolution, Italy, Apennines, Frasassi Cave-Great Cave of the Wind Complex; 00747. effective permeability, filtration theory, matrix flow, fracture flow, 04501. fast Fourier transform, sampling grid, Gaussian stochastic simulation, hydrogeological problem, 05796. finite difference model, unsteady flow, radioactive waste disposal, solute transport, adaptive grid method, 14713. finite element method, aquifer modelling, mass balance, groundwater velocity, computer model, 00742. finite element model, contaminant migration, sand lens, landfill, 00770. fissure flow, matrix flow, chalk aquifer, UK, England; 11002. flow direction, flow velocity, resistivity monitoring, electrode array, 14711. flow instability, Rayleigh number, aspect ratio, porous channel, convection, heat transfer, 00737. flow velocity, water level fluctuation, solution transport, double porosity model, karst aquifer, Germany, Swabian Alb, Heidenheim; Reutlingen; 00751. fracture aperture, nuclear waste repository, transmissivity, fracture flow, Sweden, Stripa; 13576. fracture flow, chalk aquifer, tracer test, advective transport, diffusion, 09693. fracture flow, fracture network, percolation theory, 05783. fracture flow, hydrogeology, fracture property, aquifer characteristics, USA, Idaho, Kellogg, Bunker Hill; 13582. fracture flow, solute transport, chalk aquifer, tracer test, diffusion, Denmark; 09694. fracture geometry, fracture flow, France, Pyrenees, Millas Massif; 11007. fractured aquifer, aquifer connectivity, groundwater chemistry, hydrochemical investigation, 02076. geohydrological unit, groundwater resource, coastal aquifer, aquifer map, USA, (South); 04505. geostatistical analysis, spatial variability, hydraulic conductivity, transmissivity, Canada, Alberta Basin, Wabiskaw; 14726. Green's function, solute transport, advection/dispersion equation, Cartesian coordinate system, 07076. groundwater contamination, bacteria, soil water flow, permeability reduction, biofilm, 03341. groundwater contamination, multiphase flow, anisotropy, fracture flow, hydrocarbon, 04517. groundwater exploitation, pumping rate, density dependent flow, salt water intrusion, freshwater lens, USA, Florida, Geneva; 00790. groundwater monitoring, monitoring network, groundwater quality, optimisation method, network design, 05814. groundwater origin, groundwater resource, groundwater management, Egypt, Nubian Aquifer System; 13573. groundwater recharge, advective transport model, solute transport model, environmental tracer, USA, Maryland, Locust Grove; 14720. groundwater recharge, heat transport, spring water temperature, groundwater temperature, 08403. groundwater recharge, permeability, transmissivity, hydraulic conductivity, hydrogeology, coal bearing rock, USA, Virginia; 08402. groundwater temperature, temperature profile, Japan, Yamagata Prefecture, Yonezawa Basin; 08409. heterogeneity, hydraulic conductivity, flow velocity, Canada, Ontario, Chalk River, Twin Lake Aquifer; 12304. heterogeneous aquifer, conjugate gradient method, particle tracking method, computer model, solute transport, 00738. hydraulic conductivity, block conductivity, seepage, 02029. hydrogeology, aquitard, semi confined aquifer, groundwater resource, groundwater exploitation, Mexico, Chalco-Amecameca; 11000. hydrogeology, Cambrian/Ordovician aquifer, groundwater resource, groundwater quality, USA, Midwest; 07150. hydrogeology, engineering geology, engineering geodynamics, engineering petrography, mining hydrogeology, Russian Federation; 02046. hydrogeology, fault pattern, salinisation, groundwater resource, Israel, Negev, Judea Group Aquifer; 14750. hydrogeology, fracture flow, acid mine drainage, USA, Idaho, Kellogg, Bunter Hill Mine; 14717. hydrogeology, groundwater resource, tuff aquifer, nuclear waste disposal, USA, Nevada, Yucca Mountain; 14715. hydrogeology, karst aquifer, water balance, spring discharge, stochastic model, numerical model, Serbia, Grza Spring; 00749. inverse method, fracture geometry, simulated annealing, fracture flow, 11009. karst aquifer, groundwater resource, regional groundwater flow, historical study, hydrogeology, Floridan aquifer system, USA, (Southeast); 00753. karst aquifer, karstification, carbonate dissolution, France, Paris Basin, Normandy; Gatinais; 11003. karst spring, recharge/discharge system, groundwater discharge, spring discharge, hydrogeology, Turkey, Koprucay Canyon, Olukcopru Springs; 00746. layered aquifer, aquifer, salinity, aquitard, aquiclude, Morocco, Tetouan, Martil-Alila; 05788. low conductivity layer, sandstone aquifer, mathematical model, vertical flow, UK, England, Bromsgrove, Sandstone Aquifer; 12305. mass balance, computer model, finite element method, aquifer modelling, 00743. matrix flow, porosity, permeability, fracture flow, 02057. mine drainage, gold mine, 09690. multilayer aquifer, finite element method, contaminant transport, adsorption, advection, 04521. multiphase flow, air/water flow, relative permeability, fracture flow, 11006. multiphase flow, pore scale process, capillary pressure-saturation relationship, infiltration, digital image analysis, 07071. nuclear waste disposal, colloid, particle migration, radionuclide, contaminant migration, Canada, Saskatchewan, Cigar Lake; 09726. nuclear waste disposal, saturated/unsaturated flow, fracture flow, variably saturated flow, USA, Nevada, Yucca Mountain; 12296. numerical simulation, dual porosity model, matrix flow, fracture flow, 03325. ore formation, lead/zinc ore, groundwater origin, geohydrology, brine migration, USA; 07080. palaeoclimatic data, calcite record, climate change, water table fluctuation, USA, Nevada, Devils Hole; 09166. parameter estimation, solute transport, estimator comparison, 13579. particulate transport, stochastic model, 03308. partitioned solution procedure, consolidation, convergence condition, multiphase flow, 02049. permeability estimation, fracture flow, matrix suction, fractured tuff, USA, Arizona, Superior, Apache Leap; Nevada, Yucca Mountain; 03309. permeability reduction, preferential flow, flow path, fine particle, cation exchange capacity, 13606. permeability, aquifer parameter, spatial variability, seismic velocity, Bayesian updating, 05794. permeability, heterogeneity, hydraulic conductivity, effective permeability, 07054. permeability, pressure sensitive permeability, diffusion, porosity, pore pressure, 09700. Pierre Shale, low hydraulic head, poroelasticity, transient flow, USA, Dakota, Black Hills, Williston Basin; 03323. pore domain, percolation, permeability, structural element, 07052. porosity, hydraulic conductivity, interpolation scheme, fractional Brownian motion, fractional Gaussian noise, 10992. porosity, permeability, solute transport, dispersion, 07073. pumping test, fracture flow, transmissivity, storativity, 12308. qaratat, endoreic depression, pediplain, deflation, Libya, Sarir Al Qattush; 12963. salt water intrusion, recharge/abstraction, boundary conditions, salt water-freshwater interface, coastal aquifer, computer model, 05786. saltwater/freshwater interface, freshwater contamination, karst channel, seawater intrusion, Turkey, Ovacik Plain; 00784. saturated flow, finite element simulation, domain decomposition technique, flow simulation, computer model, 07061. saturated flow, fracture flow, clay soil, 05773. saturated/unsaturated flow, groundwater hydrograph, groundwater recharge, interflow, loess soil, Germany, Heidelberg, Elsenz River; 08385. sedimentary basin, fluid density, palaeohydrology, USA, Texas, Palo Duro Basin; 12307. seepage problems, infinite element method, infinite media, transient seepage, 02026. semi confined aquifer, stochastic analysis, perturbation technique, boundary element, random boundary condition, 02052. shale, clay, permeability, porosity, 14719. solute transport model, finite multiple sources, convective/dispersive flux, 05797. solute transport, advection, diffusion, salinity, Spain, Andalucia, Donana National Park; 05791. solute transport, contaminant migration, dispersivity, longitudinal dispersivity, tracer test, non uniform flow, 13608. solute transport, desorption, decay, contaminant removal, advection/dispersion equation, 07074. solute transport, diffusion, flow interruption method, convection/dispersion equation, macropore flow, micropore flow, 07068. solute transport, dispersion, heterogeneity, retardation factor, sorption, reactive solute, 12349. solute transport, fracture flow, matrix diffusion, advection dispersion, tortuosity, 13610. solute transport, heterogeneity, macrodispersion, 07077. solute transport, parameter estimator, inverse problem, hydraulic property, source concentration, 02067. solute transport, sorption, heterogeneity, anisotropy, 12302. solute transport, sorption, spatial variability, Langmuir isotherm, 07095. solute transport, stochastic model, hydraulic conductivity, tracer test, adaptive estimation, USA, Massachusetts, Cape Cod; 12348. solute transport, transient flow, Eulerian-Lagrangian method, convection/dispersion equation, 12315. sorption, diffusion, flow wetted surface, radionuclide migration, fracture flow, 03332. sorption, diffusion, solute transport, fracture flow, fracture network, 12340. specific discharge, hydraulic conductivity, hydraulic gradient, stream function, Canada, Ontario, Borden; 07059. spectral element, finite element method, computer model, advection/dispersion equation, solute transport, 07060. spring, rainfall/runoff, karst terrain, runoff, Croatia, Dinaric Alps, Crnojevic Spring; 00637. stability analysis, solute transport, Crank-Nicolson-Galerkin scheme, diffusion/convection equation, 07101. stationary flow, oscillatory flow, inertial resistance, turbulent resistance, porous medium, 09691. stochastic analysis, contaminant transport, Fourier transform, Canada, Ontario, Borden; USA, Massachusetts, Cape Cod; 07062. stochastic analysis, leaky aquifer, random leakage, 14723. streamflow, tracer test, hydrodynamic process, fluorescent tracer, 08313. subsurface flow, digital elevation data, Richards equation, catchment scale model, saturated/unsaturated flow, USA, Kansas, Manhattan, Konza Prairie; 02043. temperature distribution, groundwater temperature, spatial variation, temporal variation, Japan, Tokushima Prefecture, Egawa River; 08408. thermal convection, porosity redistribution, aquifer property, 13581. Thiem-Dupuit equation, pumping test, transmissivity, piezometer, radius of influence, 09687. three dimensional model, finite element model, conjugate gradient method, 14722. tracer test, in situ testing, aquifer heterogeneity, radio tracer, 09696. tracer test, karst aquifer, porous aquifer, aquifer interface, Switzerland, Alps; 08414. tracer, alluvial fan, environmental

- isotope, tritium, surface water-groundwater interaction, Japan, Kurobe River; 08415. transient flow equation, inverse problem, finite element method, fracture flow, 04502. transient flow, analytic element method, regional flow model, 12303. transmissivity, hydraulic head, geostatistics, inverse problem, coupled flow, solute transport, 02062. travel time, landfill site, arid zone, vadose zone, Dupuit-Forchheimer assumption, 09708. travelling wave, Langmuir isotherm, adsorption, Freundlich isotherm, solute transport, 03334. vadose zone, finite element method, saturation variability, numerical model, porous media, solute transport, 00762. vertical flux, temperature/depth profile, thermal diffusivity, Japan, Nagaoka Plain; 03324. water chemistry, computer model, hydroecological model, wetlands, 13486. water table rise, mass balance, leakage, finite difference method, computer model, aquifer modelling, 00744. water temperature, fracture flow, heat transfer, karst aquifer, France, Nièvre, Guichy; 11008.
- groundwater flow model**
groundwater discharge, spring, isotope study, volcano, groundwater origin, Japan, Yatsugatake Mountain; 08410. hydraulic head, groundwater budget, Canada, Ontario, Huron Lake; St Clair River; Canada, Ontario, Lambton County; 13580. multilayer aquifer, leaky aquifer, boundary element solution, aquifer parameter, 05793. regional groundwater model, mine drainage, groundwater recharge, lead/zinc mine, Canada, Nova Scotia, Guys River; 14714. salt water intrusion, Ocean City/Manokin Aquifer, solute transport model, chloride, groundwater quality, USA, Maryland, Ocean City; 07085.
- groundwater flow path**
tracer test, surface water-groundwater interaction, USA, Wisconsin; 08413.
- groundwater flow regime**
groundwater temperature, groundwater velocity, groundwater recharge, surface water-groundwater interaction, tracer, permeability, Japan, Ashigara Plain; 08411. tritium, oxygen-18, lake leakage, pyroclastic flow slope, isotope tracer, Indonesia, Bali, Batur Lake; 08412.
- groundwater fluctuation**
piezometric head, SARIMA, SARIMAX, univariate model, transfer function model, 09702.
- groundwater flux**
forest density, recharge rate, groundwater recharge, soil temperature, Australia, Western Australia; 03313.
- groundwater hydrochemistry**
groundwater evolution, alkalinity, Niger, Irhazer Plain; 13611.
- groundwater hydrodynamics**
conduit flow, impulse response, karst aquifer, tracer test, France, Lot, Causse de Gramat; 00755.
- groundwater hydrograph**
groundwater recharge, interflow, loess soil, groundwater flow, saturated/unsaturated flow, Germany, Heidelberg, Elsenz River; 08385.
- groundwater hydrology**
surface water hydrology, hydrogeochemistry, land use, water resource, 05648.
- groundwater inflow**
coastal pond, pond water exchange, salinity, surface water-groundwater interaction, USA, Massachusetts, Cape Cod, Little Pond; 12288. streamflow, seepage, water temperature, surface water-groundwater interaction, sediment temperature, USA, Indiana, Juday Creek; 01925.
- groundwater isotope**
runoff model, isotopic heterogeneity, rainfall isotope, throughfall isotope, soil water isotope, USA; New Zealand; China; 08309.
- groundwater level**
crop water use, evapotranspiration, agricultural water management, salinity control, Australia, Western Australia, Colliie; 02097. de Zeeuw & Hellinga method, soil water management, subirrigation, water table fluctuation, subsurface drainage, 02114. forecasting model, Kalman filter, piezometric head, USA, Florida, Floridan Aquifer; 11010. geomorphological map, water level change, reservoir construction, Hungary, Dunakiliti; Szigetkoz; 05262. hydraulic conductivity, prediction, landslide landslide model, simulation model, 05218. nitrification, denitrification, atmospheric deposition, nitrogen cycling, 14771. probability distribution function, low flow, baseflow, distribution function, river flow, 08332. seismicity, compaction, water level fluctuation, alluvial aquifer, earth fissure, USA, Arizona, Picacho Mountains; 07056. surface water flow, drought, waterlogging, monitoring system, soil salinity, China, Hebei Province, Quzhou County; 12309. vegetation succession, wetlands, drainage, polder, desalinisation, Netherlands; 08362. water table fluctuation, water resource, aquifer recovery, drought, Burkina Faso, Ouagadougou; 08448.
- groundwater level fluctuation**
chalk aquifer, alluvial aquifer, salt water intrusion, salinity, UK, England, Sussex, Lower Ouse Valley; 07084. fluctuation amplitude, hydropower dam, runoff control, river regulation, Russian Federation, Ob Basin; Katun Basin; 02047. soil water regime, surface runoff, subsurface runoff, groundwater dynamics, runoff modelling, Latvia; 09680.
- groundwater management**
abstraction, leakage control, groundwater quality, drought, groundwater resource, UK, England, Brighton; 05852. climate, pond management, aquaculture, water conservation, 12384. contaminant plume, partial infeasibility method, optimisation problem, pump and treat system, groundwater quality, 12397. groundwater contamination, sustainable development, water resource management, groundwater protection, Australia; 11104. groundwater exploitation, groundwater abstraction, river flow, river water quality, UK, England, Lincolnshire, Slea River; 03383. groundwater exploitation, land subsidence, groundwater resource, Taiwan; 02112. groundwater exploitation, salt water intrusion, coastal aquifer, Australia, Queensland; 11102. groundwater flow, groundwater origin, groundwater resource, Egypt, Nubian Aquifer System; 13573. groundwater quality management, groundwater exploitation, optimisation model, USA, Utah, Salt Lake Valley; 14789. groundwater quality, water quality assessment, Australia; 03348. groundwater recharge, safe yield, groundwater exploitation, artificial recharge, Spain, Catalonia; 09782. groundwater remediation, artificial neural network, optimisation, solute transport model, 14788. groundwater resource, crop water, groundwater-surface water interaction, optimisation model, 03401. groundwater withdrawal, legislation, low flow, streamflow, safe yield, USA, Massachusetts; 00814. humid tropics, hydrogeology, groundwater development, groundwater pollution, groundwater resource, 08467. hydrogeology, groundwater resource, groundwater exploration, groundwater exploitation, database, India, West Bengal, Bankura District; 00811. karst aquifer, aquifer recharge, groundwater resource, hydrogeology, groundwater exploitation, Iran, Zagros, Kazerun; 00817. linear programming, optimisation, 09762. salinity, groundwater quality, remedial action, groundwater exploitation, groundwater reclamation, Australia, South Australia, Angas-Bremer Basin; 11100. salinity, polder ecosystem, vegetation, hydrology, wetlands, Netherlands; 06986. shallow aquifer, groundwater exploitation, coastal aquifer, salt water intrusion, Malaysia, Sarawak; 08407. surface water management, agricultural water management, irrigation, conjunctive water use, 07151. water management, vegetation, hydroecological model, nature conservation, Netherlands; 13641. water resource management, groundwater pollution, groundwater depletion, Bahrain; 07153.
- groundwater management**
minimisation, global optimisation, optimisation, water tariff, 09771.
- groundwater model**
groundwater contamination, salt water intrusion, coastal aquifer, solute transport model, finite difference model, Pacific, Nauru Island; 11043. irrigation water management, salinisation, water table rise, irrigation water quality, India, Haryana, Lower Ghaggar Basin, Bhakra Canal System; 04562. mountain catchment, snowmelt, groundwater recharge, streamflow, USA, Idaho, Upper Sheep Creek; 12306. well design, groundwater resource, Kuwait, Shegaya; Sulabiya; Kuwait, Umm Gudair; 14712.
- groundwater modelling**
three dimensional model, computer model, graphics software, 14698. wellhead protection area, uncertainty, aquifer parameter values, parameter estimation, 03321.
- groundwater monitoring**
legislation, hydrogeology, water quality standard, groundwater protection, groundwater pollution, Europe; 04567. monitoring network, groundwater quality, Denmark, Nyborg; 13589. monitoring network, groundwater quality, optimisation method, network design, groundwater flow, 05814. runoff water quality, nutrient bioremediation, water quality, wetland restoration, riparian wetland, 00678. urbanisation, groundwater quality, alluvial aquifer, Nepal, Kathmandu Valley; 11042. well density, sampling well, groundwater quality, network design, 07091.
- groundwater origin**
ammonium, isotope study, Hungary, Ujkigys; 08419. bog, isotopic ratio, tracer, strontium-87/strontium-86 ratio, USA, Ohio, Champaign County, Cedar Bog; 02048. geohydrology, brine migration, groundwater flow, ore formation, lead/zinc ore, USA; 07080. groundwater flow model, groundwater discharge, spring, isotope study, volcano, Japan, Yatsugatake Mountain; 08410. groundwater resource, groundwater management, groundwater flow, Egypt, Nubian Aquifer System; 13573. isotope study, groundwater resource, environmental isotope, Nigeria, Bida Basin; 11037. precipitation chemistry, environmental isotope, isotope study, lake water origin, Turkey; 08384. radionuclide, uranium, radium, alpha activity, beta activity, USA, Carson River Basin; 05815.
- groundwater piezometry**
aquifer lysimeter, water balance study, evapotranspiration, areal precipitation, snow water equivalent, New Zealand, Matamata; 14595.
- groundwater pollutant**
microorganism, biodegradation, biotransformation, Mycobacterium vaccae, organic pollutant, 00757.
- groundwater pollution**
bioremediation, nitrate treatment, pilot test, hydrocarbon bioremediation, aquifer, USA, New Mexico; 02599. carbonate rock, karst aquifer, groundwater, quarrying, 00782. cartography, vulnerability index, Canada, Quebec, Montcalm; 07629. containment measure, migration analysis, DNAPL migration, wood treatment, USA; 02596. environmental risk prediction, pesticide behaviour, 09540. geochemistry, hydrogeochemical transport, aquifer remediation, computer modelling, groundwater chemistry, 00773. groundwater depletion, groundwater management, water resource management, Bahrain; 07153. groundwater monitoring, legislation, hydrogeology, water quality standard, groundwater protection, Europe; 04567. groundwater resource, groundwater management, humid tropics, hydrogeology, groundwater development, 08467. hydraulic containment, genetic algorithm, 12916. lumped parameter model, isotope hydrogeology, groundwater age, 07086. nitrate leaching, surface water pollution, nitrogen fertiliser, nitrogen leaching, Greece, Kopais; 00552. nitrous oxide, nitrate, nitrification, denitrification, USA, New York; Japan, Kanto District; Japan, Nagano Prefecture; 05806. oil spill, screening tool, free product recovery, depression cone, 02595. pesticide, leaching, expert system, 14739. pollutant penetration, chlorinated hydrocarbon, groundwater age, groundwater quality, isotope hydrogeology, Germany, Bavaria, Munich; 07087. tetrachloroethylene, contaminant transport, groundwater quality management, pollutant source, Japan; 08420. total dissolved solids, chloride, sulphate, nitrate, industrial pollutant, agricultural pollutant, India, Gujarat, Baroda; 12333.
- groundwater process**
Fourier transform method, random field generation, hydrogeology, 03326. hydraulic conductivity, storativity, flowmeter test, specific storativity, well bore storage, 14727.
- groundwater prospecting**
island hydrogeology, groundwater resource, electromagnetic profile, Brazil, Marajo Island, Arari Lake; 14781.
- groundwater protection**
agricultural pollutant, potable water quality, monitoring programme, water quality management, groundwater quality, USA, Illinois; 07162. geophysical sounding, groundwater resource, direct current resistivity, time domain induced polarisation, 14787. groundwater contamination, chlorinated hydrocarbon, aquifer remediation, UK, England, Coventry; 03368. groundwater management, groundwater contamination, sustainable development, water resource management, Australia; 11104. groundwater pollution, groundwater monitoring, legislation, hydrogeology, water quality standard, Europe; 04567. irrigation water quality, wastewater reuse, groundwater quality, surface water quality, Australia; 11103. legislation, groundwater quality, hazard ranking, environmental protection, contaminated land, 09778.

groundwater quality

acidic deposition, forest soil, critical load, lake water quality, mass balance model, Netherlands; Sweden; 13462. acidification, alkalinity, hydrogen concentration, calcium concentration, Finland, Lammi-Koski; 11028. adsorption isotherm, contaminant migration, Sheindorf-Rebuhn-Sheintuch equation, 12316. advection, hydrochemical model, computer model, solute transport, 13603. agricultural pollutant, livestock effluent, pesticide, land drainage, erosion, surface water quality, 13624. agricultural pollutant, phosphorus cycling, particulate, soluble fraction, nitrogen, surface water quality, UK, England, Devon, Slapton; Cotswolds, Windrush River; 13502. agricultural practice, phosphorus, water quality management, surface water quality, 07139. alluvial aquifer, groundwater monitoring, urbanisation, Nepal, Kathmandu Valley; 11042. aluminium flux, soil retention, groundwater discharge, surface water quality, acidic deposition, acidification, 03268. ammonium, ion chromatography, spectrophotometry, water quality analysis, nitrite, Senegal, Dakar, Pikine; 07079. anthropogenic, indicator, urban land use, agriculture, nitrate chloride, Germany, Bavaria; 05829. aquifer protection, well protection zone, water resource development, risk management, water quality monitoring, France, Paris; 05851. binding mechanism, chemical equilibrium, soil water quality, heavy metal, streamwater quality, Poland, Niepolomice Forest; 09653. bioremediation, denitrification, aquifer plugging, nitrate, 07093. BTEX compounds, sulphate reduction, Australia, Western Australia, Perth, Bassendean Sands; 05807. calcium/potassium exchange, mixing cell model, adsorption, solute transport, nonequilibrium reaction, 00759. chalk aquifer, hydrogeology, groundwater resource, Belgium; 11095. contaminant load, GIS, SAFRAN, atmospheric deposition, soil water quality, 09705. denitrification technology, potable water quality, water treatment, biological denitrification, nitrate, water quality management, 03386. dissolved organic carbon, organic pollutant, gel permeation chromatography, water quality analysis, surface water quality, 13501. drought, groundwater resource, groundwater management, abstraction, leakage control, UK, England, Brighton; 05852. dynamic model, fertiliser use, user tax, water quality management, nitrate contamination, 00815. exchange isotherm, cation exchange, flushing factor, sharp front solution, solute transport, ion exchange, 02064. ferruginous groundwater, limestone bed filtration, potable water quality, iron removal, Egypt, Cairo; 05810. geostatistics, spring water chemistry, kriging, factorial kriging analysis, Belgium, Dyle River basin; 03356. groundwater exploitation, chloride source, upconing, salinity, Netherlands; 12339. groundwater exploitation, groundwater resource, water resource development, water resource management, UK; 12382. groundwater flow model, salt water intrusion, Ocean City/Manokin Aquifer, solute transport model, chloride, USA, Maryland, Ocean City; 07085. groundwater flow, hydrogeology, Cambrian/Ordovician aquifer, groundwater resource, USA, Midwest; 07150. groundwater management, contaminant plume, partial infeasibility method, optimisation problem, pump and treat system, 12397. groundwater monitoring, monitoring network, Denmark, Nyborg; 13589. groundwater protection, agricultural pollutant, potable water quality, monitoring programme, water quality management, USA, Illinois; 07162. groundwater recharge, groundwater discharge, groundwater resource, hydrogeology, USA, Maryland, Harford County; 09761. groundwater resource, hydrogeology, groundwater exploitation, artesian aquifer, Italy, Venetian Plain, Treviso; 12383. hazard ranking, environmental protection, contaminated land, groundwater protection, legislation, 09778. heavy metal, nitrate, aquifer vulnerability, Italy, Florence; 11035. heavy metal, surface water quality, acid mine drainage, coal mine, dewatering, UK, England, Durham County, Wear River; 09707. heterogeneity, degradation kinetics, aromatic hydrocarbon, organic contaminant, microbial degradation, USA, Mississippi, Columbus; 12351. historical hydrology, artificial recharge, groundwater recharge, groundwater resource, groundwater abstraction, UK, England, London Basin; 14785. hydrochemistry, nitrate, potassium, anthropogenic pollutant, classification, Poland, Biebrza Depression; 00777. hydrogeochemical model, cluster analysis, groundwater classification, monitoring network, Netherlands; 07096. hydrogeochemical model, industrial pollutant, groundwater resource, Australia, New South Wales, Sydney, Botany Sands; 11041. hydrological cycle, sediment transport, alluvial catchment, river water quality, bank filtration, 13469. hysteresis, atrazine, adsorption/desorption, clay soil, pesticide transport, 14733. infiltration basin, urban pollutant, runoff water quality, Australia, Western Australia, Perth; 04526. irrigated agriculture, rice paddy, methane flux, Japan, Honshu, Aichi Prefecture; 13626. isotope hydrogeology, groundwater pollution, pollutant penetration, chlorinated hydrocarbon, groundwater age, Germany, Bavaria, Munich; 07087. land use effect, urbanisation, nitrate, volatile organic contaminant, industrial pollutant, Australia, Western Australia, Gwelup; 12373. landfill site, linear regression, regression model, quadratic regression, USA, Michigan, Kalamazoo County; 09714. lead, water quality analysis, in situ measurement, voltammetric analysis, surface water quality, 07002. lysimeter, contaminant transport, weighing lysimeter, 12328. membrane filtration, pesticide removal, nanofiltration, micropollutant removal, water treatment, Netherlands; 12312. micropollutant, water quality analysis, pesticide herbicide, immunoassay, surface water quality, 07001. network design, groundwater monitoring, well density, sampling well, 07091. nitrate concentration, water table management, crop yield, agrochemical, USA, Iowa, Ames; Ankeny; 02102. nitrate nitrogen, chloride ion, spring water quality, Japan, Honshu, Tokyo, Kitatama; 00775. nitrate removal, hydrogen peroxide, denitrification, bioremediation, aquifer clogging, 03328. nitrate, sensitivity, leaching, nitrate, UK, England, Oxfordshire, Old Chalford; 09706. nitrous oxide, reduction/oxidation, denitrification, nitrate, 14746. non aqueous phase liquid, creosote, dissolution, 12318. non aqueous phase liquid, dissolution, hydrocarbon, 12319. nonpoint source pollution, surface water quality, nutrient transport, environmental fate, riparian zone, 07013. nutrient leaching, denitrification, acidification, free nitrogen, potable water quality, Netherlands; 00765. optimisation method, network design, groundwater flow, groundwater monitoring, monitoring network, 05814. organic compound, oxide/water interface, stoichiometry, adsorption, ligand adsorption, 00728. percolation, lysimeter, leachate, irrigation water management, sampling, USA, Nebraska, North Platte; 02103. pesticide, chromatography, metabolite, metribuzin, USA, Wisconsin; 00774. pH, bacteriophage transport, sandy soil, contaminant migration, hydrophobicity, 07069. phenolic compound, methanogenic degradation, biodegradation, 12344. point source

pollution, nonpoint source pollution, agricultural pollutant, fertiliser, nitrate, irrigation practice, Australia; 11081. pollutant source, nitrate, Indonesia, East Java; 11046. potable water quality, water quality assessment, hydrogeochemical facies, Nigeria, Akwa Ibom State; 07082. remedial action, groundwater exploitation, groundwater reclamation, groundwater management, salinity, Australia, South Australia, Angas-Bremer Basin; 11100. risk assessment, drainage, sinkhole collapse, urbanisation, flooding, 00793. river water chemistry, aquifer recharge, surface water-groundwater interaction, redox chemistry, spatial variability, temporal variability, France, Grenoble, Drac River; 12320. road salt, baseflow contamination, streamwater quality, Canada, Ontario, Toronto; 12310. runoff water quality, tillage practice, pesticide, nutrient, USA; 07025. salinity gradient, interstitial water, USA, Illinois Basin; 11032. salinity, coal leachate, wetlands, surface water quality, plant establishment, tree seedling, USA, South Carolina; 13596. salt water intrusion, mathematical model, coastal aquifer, 03347. sampling, rangeland, water table depth, unfertilised rangeland, USA, Florida; 07083. seasonal variability, water quality legislation, water quality standard, arsenic, USA, Washington, Snohomish County, Granite Falls; 14730. significance test, confidence interval, statistical method, 03196. soil property, chemical classification, sodium adsorption ratio, exchangeable sodium percentage, irrigation water quality, Saudi Arabia; 02093. soil water quality, episodic acidification, runoff water quality, surface water quality, acidification, Canada, Ontario; Quebec; Canada, Nova Scotia; 13526. soil water quality, mixing cell model, contaminant transport, Canada, Ontario, Borden; 13592. solute transport, dispersion, porosity, hydraulic conductivity, diffusion, pollutant migration, 09715. spatial variability, solute concentration, solute transport, advection/dispersion equation, UK, England, Sherwood Aquifer; 14751. sulphide, oxidation rate, mine tailing, oxygen flux, 12323. surface water-groundwater interaction, phosphorus, nonpoint source pollution, surface water quality, Germany, Berlin, Spree River; 07092. surface water quality, acid mine drainage, pollution control, nonpoint source pollution, 07128. surface water quality, groundwater protection, irrigation water quality, wastewater reuse, Australia; 11103. surface water quality, microbiological contaminant, pathogen, bacteria, Brazil, Sao Paulo, Araraquara; 05801. surface water quality, pollutant loading, computer model, agricultural waste application, agricultural pollutant, 07138. surface water quality, potable water quality, fluorine distribution, fluorosis, India, Andhra Pradesh, Nalgonda District; 01987. surface water quality, streamwater quality, catchment model, nitrogen fertiliser, soil water dynamics, Denmark, Karup River; 13507. thermodynamics, reversibility, kinetic mechanism, redox potential, 00778. trace metal, alkali metals, spectroscopy, Saudi Arabia, Al-Kassem; 02078. variable density flow, groundwater flow, coastal aquifer, salt water intrusion, China, Longkou, Huangheying; 12329. waste disposal site, organic chemical, biodegradation, 00758. waste disposal, leachate, groundwater flow, chloride tracer, Thailand, Mae-Hia; 11029. wastewater disposal, urban runoff, artificial recharge, infiltration, 00760. wastewater reuse, irrigation water quality, water quality management, potable water quality, Egypt, Cairo, Gabal el Asfar; 05850. wastewater treatment, domestic treatment, peat leachate, surface water quality, USA, Alaska; 05803. water quality assessment, groundwater management, Australia; 03348. water quality assessment, water resource management, Australia; 11105. water quality management, nodal domain integration, aquifer yield, salt water intrusion, USA, California, San Malé Basin; 11025. water quality monitoring, monitoring network, Australia, Queensland, Condamine Valley; 11038.

groundwater quality management

agricultural practice, nitrate reduction, leaching control, linear programming model, fertiliser application, UK, England; 12371. groundwater contamination, herbicide, microbial degradation, Australia, Western Australia, Perth, Kwinana; 11039. groundwater exploitation, optimisation model, groundwater management, USA, Utah, Salt Lake Valley; 14789. groundwater remediation, pump and treat, contaminant plume, hydraulic containment, 07097. pollutant source, groundwater pollution, tetrachloroethylene, contaminant transport, Japan; 08420.

groundwater recharge

adsorption, environmental tracer, groundwater discharge, boron, tracer, Argentina, Lerma Valley; 08387. advective transport model, solute transport model, environmental tracer, groundwater flow, USA, Maryland, Locust Grove; 14720. aquifer process, groundwater chemistry, seepage, karst aquifer, spring, France, Fontaine de Vaulcuse; 00752. artificial recharge, eutrophication, peatland, ecological disturbance, sulphate, iron, 10952. artificial recharge, karst aquifer, groundwater resource, groundwater storage capacity, 00816. artificial recharge, sewage water, irrigation water quality, water resource management, India, Gujarat, Ahmedabad; 02109. bauxite mining, vegetation cover, unsaturated flow model, recharge estimation, Australia, Queensland, Cape York, Weipa Peninsula; 08400. channel transmission loss, arid zone, seepage loss, wadi bed, infiltration, 02024. climate change, natural resource dynamics, Altiplano, aridity, permafrost, Chile, Atacama Andes; 01488. fissure flow, matrix flow, mountain tunnel, infiltration, seepage, Japan, Wakayama, Yura; 02025. flood event, floodplain, water table fluctuation, Australia, Murray River; 04493. forest catchment, forest thinning, streamflow, runoff, 09745. groundwater contamination, groundwater exploitation, agricultural pollutant, industrial effluent, 09717. groundwater contamination, landfill, mass transport model, solute concentration, 03349. groundwater contamination, sodium chloride, deicing chemical, salinity, Canada, Ontario, Toronto; 04522. groundwater depletion, recharge depletion model, evapotranspiration, Australia, New South Wales, Magela Creek; 05785. groundwater discharge, groundwater resource, hydrogeology, groundwater quality, USA, Maryland, Harford County; 09761. groundwater resource, freshwater lens, recharge assessment, salinity, Tonga, Tongatapu; 08389. groundwater resource, groundwater abstraction, groundwater quality, historical hydrology, artificial recharge, UK, England, London Basin; 14785. heat transport, spring water temperature, groundwater temperature, groundwater flow, 08403. hydrogeological model, salinisation, hydrochemistry, isotope composition, Spain, Madrid Basin; 02054. hydrogeology, Cambrian/Ordovician aquifer, regional groundwater flow, USA, Midwest; 07057. induced recharge, pumping well, induced infiltration, surface water-groundwater interaction, 09679. infiltration, desert environment, animal burrow, 02033. infiltration, root zone, capillary rise, drainage, vadose zone, 04497. interflow, loess soil,

- groundwater flow, saturated/unsaturated flow, groundwater hydrograph, Germany, Heidelberg, Elsenz River; 08385. irrigation, drinking water quality, soil aquifer treatment, wastewater reuse, Israel, Dan; 01300. isotope analysis, geothermal aquifer, groundwater chemistry, carbonate dissolution, residence time, Serbia, Surdulica Geothermal Aquifer; 02077. isotope hydrology, groundwater resource, salinity, Greece, Axios River; 00741. isotope tracer, unsaturated zone, sandy soil, soil water movement, solute transport, preferential flow, USA, Minnesota, Princeton; North Dakota, Oakes; 14704. karst characteristics, spring, basalt aquifer, Mexico, Chichinautzin Mountains, Cuernavaca, El Tunel; 11001. lake evaporation, environmental isotope, radiocarbon dating, deuterium, oxygen-18, Egypt, Aswan High Dam Lake; 00659. lead/zinc mine, groundwater flow model, regional groundwater model, mine drainage, Canada, Nova Scotia, Gays River; 14714. optimal estimation, stochastic analysis, random recharge, 14724. palaeohydrology, climate change, water balance, evaporation, lake water level, USA, Minnesota, Parkers Prairie; 03240. palaeohydrology, groundwater residence time, isotopic data, radiocarbon, Australia, South Australia, Otway Basin; 13578. pathogen, trace organics, risk assessment, water reclamation, wastewater, USA, California; 03336. percolation, statistical analysis, water level change, coal mine, USA, Indiana, Cannelburg; 00740. permeability, transmissivity, hydraulic conductivity, hydrogeology, coal bearing rock, groundwater flow, USA, Virginia; 08402. recharge estimation, water table hydrograph, hydrograph, piezometer, 05774. recharge mechanism, oxygen-18, tracer, recharge rate, Tanzania; 08388. runoff, soil loss, soil conservation, rainfall/runoff relationship, India, Andhra Pradesh, Kurnool District, Chinnatekur; 09734. safe yield, groundwater exploitation, artificial recharge, groundwater management, Spain, Catalonia; 09782. salinisation, salt water intrusion, brine, carbonate aquifer, Israel; 02079. sensitivity model, contamination potential, groundwater contamination, 12330. soil moisture budget, unsaturated zone, time distribution, return flow, 05779. soil suction, hydraulic conductivity, field technique, soil water, 08386. soil temperature, groundwater flux, forest density, recharge rate, Australia, Western Australia; 03313. soil water recharge, oxygen-18, deuterium, meltwater, Canada, Alberta, Edmonton; 14697. streamflow, groundwater model, mountain catchment, snowmelt, USA, Idaho, Upper Sheep Creek; 12306. surface water-groundwater interaction, tracer, permeability, groundwater flow regime, groundwater temperature, groundwater velocity, Japan, Ashigara Plain; 08411. tritium-helium isotope method, groundwater age, vertical flow velocity, recharge rate, 07051. vadose zone, infiltration, capillary rise, transient flow, water budget, 04498. water balance model, clay content, land use effect, infiltration, Australia, Murray River Basin; 14701. water management, groundwater regime, ecosystem management, humid tropics, 08390. water resource development, stream aquifer system, surface water-groundwater interaction, streamflow decline, USA, Kansas, Arkansas River; Rattlesnake Creek; 12380. water table mound, ponded infiltration, rice paddy, hydraulic conductivity, 05775. water table response, rainfall event, clay soil, pore air pressure, Japan, Tsukuba Plain; 08398. water table response, rainfall intensity, macropore, Malaysia, Sabah, Ulu Segama; 08391. wetland hydrology, urbanisation, land use effect, runoff, 13620.
- groundwater reclamation**
groundwater management, salinity, groundwater quality, remedial action, groundwater exploitation, Australia, South Australia, Angus-Bremer Basin; 11100.
- groundwater regime**
dune slack, eutrophication, water table, ecosystem damage, wetlands, Netherlands; 08366. ecosystem management, humid tropics, groundwater recharge, water management, 08390.
- groundwater remediation**
artificial neural network, optimisation, solute transport model, groundwater management, 14788. disulphonate, surfactant, twin head anionic surfactant, subsurface remediation, 07065. environmental monitoring, direction dependent approach, location modelling, 05118. in situ treatment, volatile chlorinated hydrocarbon, groundwater contamination, pollutant disposal, Germany; 12337. multiphase flow, temperature gradient, soil moisture dynamics, unsaturated flow, non aqueous phase liquid, 12324. multiple contamination, optimisation, solute transport, mobile/immobile phase, pump and treat remediation, 14758. non aqueous phase liquid, hydrocarbon, groundwater contamination, remediation strategy, 11017. optimisation method, contaminant transport, well location, model development, 12917. pump and treat remediation, unsaturated zone, vapour extraction, volatile organic compound, non aqueous phase liquid, 14741. pump and treat, contaminant plume, hydraulic containment, groundwater quality management, 07097. remediation technology, organic pollutant, groundwater contamination, 11044. surfactant, dodecane, non aqueous phase liquid, sorption, solubilisation, 14737. surfactant, dodecane, solubilisation, non aqueous phase liquid, 14736. trichloroethylene, bioremediation, aerobic cometabolic degradation, microbial oxidation, 09722. uncertainty, pump and treat, pumping rate, feedback law, hydraulic conductivity, 07100. volatile organic chemical, vadose zone, air inlet well, well efficiency, vapour extraction, 14742. wastewater treatment, hydroxyapatite, lead immobilisation, 13587.
- groundwater residence time**
isotopic data, radiocarbon, groundwater recharge, palaeohydrology, Australia, South Australia, Otway Basin; 13578.
- groundwater resource**
aquifer characteristics, groundwater exploitation, water level decline, USA, Idaho, Snake River plain; 02108. aquifer characteristics, regional aquifer, permeability, coastal plain aquifer, hydrogeology, USA, Virginia; North Carolina; USA, Maryland; USA, Delaware; USA, New Jersey; USA, New York; 03377. aquifer/river system, climate change, aquifer storage, river recharge, 06948. aquifer, hydrogeological mapping, Tunisia; 03713. aromatic hydrocarbons, organic contaminant, polycyclic detergent, groundwater contamination, Israel; 03337. chalk aquifer, hydrogeology, transmissivity, aquifer yield, nitrate, France; 11094. climate change, surface water resource, Canada, Ontario, Grand River Basin; 09757. climate change, water management, surface water resource, Canada, Ontario, Grand River Basin; 09758. climate change, water table decline, Canada, Ontario, Grand River Basin; 09689. coastal aquifer, aquifer map, groundwater flow, geohydrological unit, USA, (South); 04505. coastal aquifer, dune formation, hydrogeology, Africa, (North), Maghreb; 11087. crop water, groundwater-surface water interaction, optimisation model, groundwater management, 03401. direct current resistivity, time domain induced polarisation, groundwater protection, geophysical sounding, 14787. dispersion model, hydraulic conductivity, island hydrology, freshwater lens, atoll, Kiribati, Christmas Island; 08404. ecosystem analysis, environmental threat, threat analysis, human health, Europe; Netherlands; 10341. electromagnetic profile, groundwater prospecting, island hydrogeology, Brazil, Marajo Island, Arari Lake; 14781. environmental isotope, groundwater origin, isotope study, Nigeria, Bida Basin; 11037. environmental isotope, multitracing approach, coastal aquifer, karst aquifer, hydrogeology, Italy, Apulia, Murgia; 00754. estimation method, specific yield, storativity, porosity, aquifer storage, Bolivia, Altiplano; 02056. freshwater lens, recharge assessment, salinity, groundwater recharge, Tonga, Tongatapu; 08389. GIS, development planning, drinking water supply, Egypt; Indonesia; Burkina Faso; 08953. groundwater abstraction, groundwater quality, historical hydrology, artificial recharge, groundwater recharge, UK, England, London Basin; 14785. groundwater contamination, ecological mapping, hydrogeological mapping, Russian Federation, Izhevskoye Plateau; 02115. groundwater evolution, geohydrology, morphostructure, Russian Federation, Amurskaya, Zeya-Bureya Basin; 13602. groundwater exploitation, groundwater flow, hydrogeology, aquitard, semi confined aquifer, Mexico, Chalco-Amecameca; 11000. groundwater exploitation, optimisation, conjunctive water use, pumping policy, stochastic dynamic programming model, USA, California, Madera County; 14790. groundwater exploration, groundwater exploitation, database, groundwater management, hydrogeology, India, West Bengal, Bankura District; 00811. groundwater flow, hydrogeology, fault pattern, salinisation, Israel, Negev, Judea Group Aquifer; 14750. groundwater management, abstraction, leakage control, groundwater quality, drought, UK, England, Brighton; 05852. groundwater management, groundwater exploitation, land subsidence, Taiwan; 02112. groundwater management, groundwater flow, groundwater origin, Egypt, Nubian Aquifer System; 13573. groundwater management, humid tropics, hydrogeology, groundwater development, groundwater pollution, 08467. groundwater model, well design, Kuwait, Shegaya; Sulaibiya; Kuwait, Umm Gudair; 14712. groundwater quality, chalk aquifer, hydrogeology, Belgium; 11095. groundwater quality, groundwater flow, hydrogeology, Cambrian/Ordovician aquifer, USA, Midwest; 07150. groundwater quality, hydrogeochemical model, industrial pollutant, Australia, New South Wales, Sydney, Botany Sands; 11041. groundwater storage capacity, groundwater recharge, artificial recharge, karst aquifer, 00816. heat flow, hydrothermal system, volcano, USA, Hawaii, Kilauea Volcano; 11005. humid tropics, hydrology, anthropogenic impact, land use, deforestation, water resource management, island hydrology, 08260. hydrogeology, groundwater exploitation, artesian aquifer, groundwater quality, Italy, Venetian Plain, Treviso; 12383. hydrogeology, groundwater exploitation, groundwater management, karst aquifer, aquifer recharge, Iran, Zagros, Kazerun; 00817. hydrogeology, groundwater exploration, geoelectrical study, Egypt, Eastern Desert, Wadi Abu Shih; 02111. hydrogeology, groundwater exploration, karst aquifer, Italy, Tuscany, Apuan Alps; Colle Val D'Elsa; Italy, Tuscany, Orbetello; 00818. hydrogeology, groundwater quality, groundwater recharge, groundwater discharge, USA, Maryland, Harford County; 09761. hydrogeology, urbanisation, water table fluctuation, Japan, Honshu, Tokyo; 02113. island hydrology, aquifer vulnerability, water resource management, Norfolk Island; 11099. island hydrology, coral island, spring discharge, wind effect, freshwater lens, Cook Islands, Mitiaro; 08405. pollution, environmental change, anthropogenic impact, karst, aridity, Australia, South Australia, Nullarbor Plain; 06534. pumping rate, hydraulic head, groundwater contamination, uncertainty analysis, leakage rate, Portugal, Tejo River; Sado River; 02116. recharge, flow, hydrological survey, groundwater chemistry, USA, New Mexico, Dona Ana County, Mesilla Basin; Texas, El Paso County, Mesilla Basin; 04504. regional groundwater flow, historical study, hydrogeology, Floridan aquifer system, groundwater flow, karst aquifer, USA, (Southeast); 00753. salinity, groundwater recharge, isotope hydrology, Greece, Axios River; 00741. salt water intrusion, tidal mixing, island hydrology, freshwater lens, Tonga, Ha'apai Group, Lifuka; 08406. spring, karst aquifer, hydrogeology, water resource, Croatia, Sibenik; Trogir; 13635. tuff aquifer, nuclear waste disposal, groundwater flow, hydrogeology, USA, Nevada, Yucca Mountain; 14715. water resource development, water resource management, groundwater quality, groundwater exploitation, UK; 12382. water resource management, groundwater contamination, nitrate, lake water quality, Australia, South Australia, Blue Lake; 11101. water resource management, water conservation, water demand, USA, New York, Nassau County; 12398. water supply, surface water resource, water resource development, USA, Texas, Lubbock; 09759. water table fluctuation, seasonal variability, water supply, irrigation, 02055. weathered basement, layered aquifer, drainage basin, hydrogeological classification, Madagascar; 05789.
- groundwater rise**
sabkha, drainage, arid climate, evaporation, construction, Saudi Arabia, Arabian Gulf Coast; 01374.
- groundwater salinity**
karst area, seawater intrusion, groundwater temperature, Italy, Apulia; 00783. shallow aquifer, deep aquifer, soil salinisation, Australia, Western Australia; 09729.
- groundwater sampling**
contaminant concentration, nitrate, atrazine, groundwater contamination, pumping well, USA, Nebraska; 07094. packer system, permeability, head measurement, pumped double aker system, aquifer evaluation, 07055. pollutant spread, porewater extraction, packer sampling, well construction, unlined borehole, 11031. vadose zone, phreatic zone, sampling instrument, 04507.
- groundwater seepage**
seepage flux, lake recharge, pollutant tracer, Japan, Biwa Lake; 08355. seepage meter, measurement error, correction factor, 00729.
- groundwater spring**
deglaciation history, Holocene, ice marginal deposit, Norway, Hedmarksvidda, Hedmark, Astalden; 09062.
- groundwater storage capacity**
groundwater recharge, artificial recharge, karst aquifer, groundwater resource, 00816.

- groundwater/subglacial flow**
subglacial flow, borehole response test, basal water pressure, glacier, Canada, Yukon, Trapridge Glacier; 11050.
- groundwater-surface water interaction**
optimisation model, groundwater management, groundwater resource, crop water, 03401.
- groundwater survey**
remedial action, environmental engineering, engineering geology, Netherlands; 14127.
- groundwater temperature**
geothermal energy production, karst aquifer, hot water aquifer, geothermal reservoir, Turkey; 00785. groundwater flow, groundwater recharge, heat transport, spring water temperature, 08403. groundwater salinity, karst area, seawater intrusion, Italy, Apulia; 00783. groundwater velocity, groundwater recharge, surface water-groundwater interaction, tracer, permeability, groundwater flow regime, Japan, Ashigara Plain; 08411. spatial variation, temporal variation, groundwater flow, temperature distribution, Japan, Tokushima Prefecture, Egawa River; 08408. temperature profile, groundwater flow, Japan, Yamagata Prefecture, Yonezawa Basin; 08409.
- groundwater tracing**
remote sensing, geomorphology, hydrogeology, karst geochemistry, 00745.
- groundwater transport**
contaminant transport, vadose zone, convection/dispersion equation, inorganic contaminant, 11022. FVELLAM, localized adjoint method, mass conservative method, Eulerian-Lagrangian method, advection/dispersion equation, solute transport, 03343. geochemical model, particle tracking model, solute transport, dissolution/precipitation, 04530. heterogeneity, convection/dispersion equation, sorption, solute concentration, solute transport, 14759. heterogeneity, modelling, uncertainty, solute transport, 04527. solute transport, forced gradient test, conservative tracer, advection dispersion, dispersivity, tracer test, Canada, Ontario, Borden Aquifer; 14756. solute transport, heterogeneity, reactive solute, non reactive solute, plume spreading, 14760. sorption, hydraulic conductivity, radionuclide, radioactive waste disposal, solute transport, heterogeneity, 05808. tracer test, solute transport, forced gradient test, organic solute, sorption, mobile/immobile water, Canada, Ontario, Borden Aquifer; 14757. transition zone, finite difference simulation, freshwater-saltwater interface, advective transport, dispersive transport, saline aquifer, 03361.
- groundwater treatment**
constructed wetland, air stripping, artificial wetland, petroleum hydrocarbon contamination, 02597. organic contaminant, air stripping, groundwater contamination, remediation, 12331. reinjection, groundwater, contamination, aquifer remediation, cleanup, 04537. remedial method, in situ treatment, nitrate, iron, manganese, groundwater contamination, 12338. wastewater treatment, pesticide, nitrate, microbial cell entrapment, bioremediation, 14728.
- groundwater velocity**
computer model, groundwater flow, finite element method, aquifer modelling, mass balance, 00742. fracture roughness, fracture flow, solute transport, dispersion coefficient, 09699. groundwater recharge, surface water-groundwater interaction, tracer, permeability, groundwater flow regime, groundwater temperature, Japan, Ashigara Plain; 08411. unconfined aquifer, rectangular areal recharge, groundwater flow, contaminant transport model, 05795.
- groundwater vulnerability**
groundwater contamination, vulnerability assessment, 11016.
- groundwater weathering**
dry valley, mekgacha, calcrete, silcrete, duricrust, Namibia, Jalahari, Auob Valley; 14161.
- groundwater well**
pressure packer system, pressure test, hydraulic conductivity, slug test, rising head test, water table well, 03320.
- groundwater withdrawal**
agricultural practice, urbanisation, water resource management, aquatic ecosystem, spring, USA, Texas, Edwards Plateau; 12391. karst area, sinkhole, residential well, coliform, withdrawal rate, USA, Virginia, Augusta County; 07823. legislation, low flow, streamflow, safe yield, groundwater management, USA, Massachusetts; 00814. subsidence, simulation, prediction, China, Shanghai; 01337. water resource management, aquatic insect, dewatering, river discharge, USA, Central Plains, Arkansas River; 12390. wetland ecology, soil moisture, ecohydrological model, water resource management, fuzzy set, Netherlands, Amsterdam; 00671.
- groundwave**
Doppler radar, wave, shallow water, VHF, 05013.
- group velocity**
phase velocity, gravity wave, radar beam direction, 00981. Yanai waves, meteorology, oceanography, wavelet analysis, 11189.
- grouted pile**
frozen soil, soil salinity, rheological property, deformation, model, adfreeze, 01417.
- growing degree days**
degree days, agriculture, Canada; 09849. temperature, observation time, standardisation, 03490.
- growing season**
water balance method, fluctuation, Nigeria; 05900.
- growth banding**
cave, stalagmite, Holocene, sunspot cycle, annual, UK; 04046.
- growth history**
manganese nodule, comparative study, pelagic clay, Pacific, Penrhyn Basin; 03009. reef complex, carbonate margin, sea level record, dating technique, Holocene, Australia, Western Australia, Houtman Abrolhos Reefs, Easter Group; Indian Ocean; 07915.
- growth model**
global change, mapping, crop growth simulation, vector space, 10339. soil hydraulic property, soil sampling, rice, crop yield, 10753.
- growth rate**
cloud droplet, measurement technique, centimeter scale, 02140. Northern Hemisphere, fossil fuel, anthropogenic source, methane decrease (1992), 11279.
- growth ring**
cedar tree, isotope, carbon dioxide, dendrochronology, Japan, Izu Peninsula, Amagi Mountain; 12554. dendrochronology, carbon dioxide, isotope, cedar, Japan, Yakushima Island; 12555.
- growth stage**
transpiration rate, plant growth, Budagovsky's model, 08289.
- GRS80**
gravity anomaly, geoid undulation, high precision geoid, geopotential model, WGS84, Taiwan; 01101.
- grus**
weathering, pedogenic process, Conway Granite, USA, New Hampshire; 03947.
- Guadalupian**
cyclic sedimentation, Yates Formation, dolomitization, carbonate platform, shelf facies, USA, Texas; 14396. diagenesis, San Andres Formation, Grayburg Formation, porosity, permeability, USA, New Mexico, Guadalupe Mountains; 14349. transgression, sequence stratigraphy, Permian, Lamar Limestone, carbonate, USA, Texas, McKittrick Canyon; 14425.
- Guadix Formation**
channel density, sedimentation, Pliocene, channel migration, alluvial fan, Spain, Betic Cordillera; 07964.
- guano**
diagenesis, phosphatisation, phosphorite, oncoid, Pacific, Nauru Island; 09324.
- Guayata Group**
Cretaceous, anoxia, organic matter, Querecual Formation, San Antonio Formation, Venezuela, Interior Mountain Belt; 01675.
- Guelph permeameter**
instantaneous profile method, soil hydraulic property, hydraulic conductivity, USA, Massachusetts; 00490. soil hydraulic property, saturated hydraulic conductivity, 04325.
- GUI**
object oriented approach, database management system, 11434.
- guillemot egg**
polychlorinated biphenyl, polychlorinated naphthalene, sediment, biota, time trend study, Sweden; 02591.
- Gulf Stream**
ringlets, cyclonic eddy, warm core ring, 04651. water column, particulate matter, zooplankton, shelf, runoff, USA; 10646.
- Gulf Stream bifurcation**
Geosat altimeter data, geostrophic velocity field, Atlantic, (Northwest); 11542.
- Gulf War**
environmental consequence, coastal effect, marine environment, oil spill, pollution, Kuwait; Persian Gulf; Iraq; 06392. mine, war debris, GIS, GPS, Kuwait; 01287.
- Gulfport barrier**
barrier deposit, aeolian dune, Quaternary evolution, Sangamonian transgression, Biloxi formation, USA, Florida, Apalachicola; 00257.
- gully**
coastal platform, sea level rise, geomorphological process, abrasion, bioerosion, Croatia, Adriatic Sea, Rijeka Bay; 11665. natural resource management, airborne laser altimeter, topography, vegetation canopy, landscape management, USA, Texas; Arizona; 07566. sediment yield, catchment, 03023.
- gully control**
loess, bank gully, ephemeral gully, Europe; 08235.
- gully erosion**
airborne laser, erosion, stream bank, 06229. channel formation, soil erosion model, topography, USA, Minnesota; 03188. land use, forest clearing, surface deposit, Germany, Hesse, Taunus Uplands; 12177. mass movement, Quaternary (late), tectonic movement, Vakhsh nappe, China, Tian-Shan; Pamirs; 06487. mine spoil, runoff, suspended sediment, sediment yield, USA, Indiana; 14459. pollution, soil erosion, loess, sediment yield, land use, 01739. rainfall intensity, soil erosion variability, ephemeral erosion, Belgium; 08230. rill, erosion, sedimentation, Russian Federation, Kursk Region; 03962.
- gully feature**
classification system, alluvial fan, calcium carbonate, reworking, stone line, South Africa, Ciskei, Tsolwana Game Reserve; 03960.
- gully growth**
aridification, lavaka, gully initiation, runoff, Madagascar; 03959.
- gully initiation**
Quaternary, volcanic environment, temperate climate, mass movement, throughflow, Mexico, Tlalpujahua River Basin; 03957. runoff, gully growth, aridification, lavaka, Madagascar; 03959.
- gully reclamation**
erosion control measure, geomorphic status, knickpoint geometry, slope reforestation, USA, Tennessee, Memphis, Meeman-Shelby State Park; 06451.
- gullying**
mine waste, waste rock, schist, Australia, Northern Territory, Arnhem Land; Tin Camp Creek; 01906.
- Gumbel distribution**
flood data, inhomogeneity, statistical analysis, time series data, Germany, Bavaria; 06962. log normal distribution, flood estimation, return period, confidence interval, maximum likelihood method, gamma distribution, Brazil, Santa Catarina, Itajari-Acu River; 01929.
- Gumble technique**
extreme event, return period, probable maximum precipitation, Hershfield technique, rainfall event, India, Karnataka; 05657.
- Gun Point Formation**
sandstone, cyclicity, fan deposit, Devonian, terminal fan, Ireland, Cork; 00368.
- gust factors**
wind hazard, 03482.
- gust front detection**
airport capacity, Doppler weather radar, wind shear detection, USA; 07533.
- Guttalgor**
raindrop, scavenging mechanism, precipitation chemistry, field experiment, 07355.

- gutter rain gauge**
measurement technique, precipitation interception, cultivated plant, 00620.
- guyot**
carbonate platform, ODP Leg 144, volcano, atoll, Pacific, Marshall Islands; 04268.
- GVI**
NOAA, global vegetation index, AVHRR, 12791. soil background, NDVI, 06243. vegetation index, biomass, rangeland, NDVI, 06262.
- gypcrete**
duricrust, relief inversion, calcrete, dolocrete, silcrete, Kuwait; 09058. weathering, gypsum, duricrust, Kuwait; 04199.
- gypsiferous amendment**
surface sealing, interrill erosion, slope, rainfall simulation, soil erosion reduction, USA; 05553.
- gypsiferous soil**
rainfall simulation, runoff, shrubland soil, Spain, Ebro Valley; 13445.
- gypsiferous waste**
gypsum, coal combustion ash, soil chemical property, 10861.
- gypsum**
aluminium, soil solution chemistry, acidic soil, 14547. anhydrite, diagenesis, Messinian, nodule, spheroid, Italy, Tuscany, Pisa, Castellina Marittima; 09297. anhydrite, nodule, Devonian, Leduc Formation, bitumen, Canada, Alberta; 02912. barite pseudomorph, lenticular gypsum, buried soil, Australia; 06857. cation transport, potassium sulphate, magnesium sulphate, soil amendment, trace metal transport, 06887. chloride, brine, dolomitization, sabkha, Qatar, Sabkha Faishakh; 07994. coal combustion ash, soil chemical property, gypsiferous waste, 10861. dissolution, ground-water, vein, satin spar, evaporite, 07995. dissolution, laminate, seawater, anoxia, marl, Italy, Calabria, Vrica; Semaforo; 02932. duricrust, gypcrete, weathering, Kuwait; 04199. evaporite basin, redeposition, basin, halite, 11893. evaporite, chert, diagenesis, Miocene, anhydrite, Spain, Ebro Basin; 13217. evaporite, Miocene, Badenian, siliciclastic, salinity, Poland, Holy Cross Mountains; 07968. gamma radiation, radiology, soil amendment, bauxite residue, Australia, Western Australia, Swan Coastal Plain; 06914. karst, groundwater chemistry, Algeria, Cheliff Valley, Ouled Fares Area; 13020. lime, soil amendment, sodic soil, soil management, Australia, New South Wales, Murray-Darling Basin; 10731. lime, soil management, soil sodicity, sodic soil, dispersive soil, Australia, South Australia; 10730. Lower Werria Anhydrite, sulphate platform, Zechstein, Permian, Poland, Leba; 08064. marble, pseudomorphism, sulphation mechanism, petrography, calcite, 09030. mine soil, soil reclamation, pyrite, USA, Texas, Panola County; 12093. Natrustalf, soil permeability, hydraulic conductivity, saline/sodic soil, Pakistan, Lahore; 14568. organic material, sodium removal, sodic soil, irrigation, crop yield, 05567. Oswater Conglomerate Formation, warping, geomorphic history, landform, rejuvenation, Namibia, Koigab River; 06473. palaeoenvironment, dolomite, magnesite, sepiolite, Miocene, Turkey, Eskisehir Provence; 11931. sandy soil, phosphogypsum, flue-gas desulfurization gypsum, calcium sorption, sulphate sorption, 09499. Sierozem, leaching, micromorphology, 06889. sodic soil, mine spoil, soil amelioration, bentonite spoil, 09527. soil ripping, Solonetz, soil amelioration, crop yield, liming, Canada, Alberta, Peace River Region; 09509. soil solution chemistry, acidic soil, lime, 14571. soil water content, freeze/thaw, soil stability, aggregate stability, lime, 05597. strontium, sulphate, salinity, Miocene, Poland, Holy Cross Mts; 04225. Thematic Mapper, linear mixture modelling, crust formation, Tunisia; 11502. weathering rate, acidic deposition, marble tombstone, air pollution, North America; 06442.
- gypsum application**
double cropping, soil amelioration, hardsetting soil, soil hydraulic property, Alfisol, ploughing, Australia, New South Wales, Trangie; 13408. double cropping, soil physical property, hardsetting soil, soil amelioration, Alfisol, ploughing, Australia, New South Wales, Trangie; 13390. limestone application, acidity remediation, Ultisol, Oxisol, corn, aluminium, Malaysia; 05564.
- gypsum block**
crop water balance, soil moisture regime, 13319.
- gypsum cave**
speleology, cave, Syria, Euphrat Valley, Cater Magara; 05260.
- gypsum formation**
acid sulphate soil, weathering, pyrite oxidation, carbonate weathering, 09467.
- gypsum karst**
aquifer confinement, anthropogenic impact, environmental change, karst, evaporite karst, Ukraine; 06531.
- gypsum precipitation**
carbonate precipitation, evaporite deposit, oxygen isotope, carbon isotope, isotopic composition, Italy, Sicily; 10773.
- gypsum slotting**
hydraulic conductivity, sorptivity, infiltration rate, soil amendment, soil amelioration, 13407.
- gyre**
HF radar, current profiler, wind forcing, Atlantic, English Channel; 14070.
- gyre system**
current measurement, lake current, surface circulation, drifter tracking, Japan, Biwa Lake; 09620.
- gyrocompass**
navigation, GPS, 08779.
- gyrogonite**
ecology, palaeolimnology, charophyta, evolution, Argentina; 13264.
- gyrotheodolite**
directional property, 02385.
- gyttja**
groundwater, lake sediment, mineralization, sedimentation, Poland, Plock Basin, Na Jazach Lake Complex; 08043. lamination, calcium carbonate, bottom sediment, lake sediment, organic matter, Poland, Gostynskie Lake District; 08042. peat, shore vegetation, mire, pollen analysis, Poland, Lake Gosciarz; 08044.
- habitat**
streamwater quality, hydrological regime, stream ecosystem, Israel, Akko Valley, Nahal Na'aman; 03289.
- habitat classification**
dune habitat, foredune, plant association, ordination, coastal foredune, Brazil; 00123. river hydraulics, bed topography, pool, run, riffle, 09608.
- habitat destruction**
precipitation, sedimentism, carnivore, Quaternary (late), species diversity, palaeoecology, Israel; 13054.
- habitat evaluation**
GIS, remote sensing, USA, Minnesota; 04991.
- habitat modification**
London dumping convention, dredged material disposal, contaminant, 00024.
- habitat quality**
biodiversity, microclimate model, USA, California; 06218.
- habitat rehabilitation**
incised channel, planting, scour hole, fish, erosion, channel, 11989.
- habitat suitability map**
land cover, deer, USA, California; 08889.
- Hack's relation**
elongation, river basin, channel network, 10361.
- Hadden-Julian oscillation**
nonlinear model, sea surface temperature, CISK, intraseasonal oscillation, 11199.
- Hadley circulation**
thermal forcing, mechanical forcing, meridional circulation, 08561. tropical heating displacement, extratropical climate, general circulation model, 09890. tropical precipitation, evaporation, dynamics, energy balance, 00952. Walker circulation, tropics, deforestation, evaporation, surface runoff, Asia, (Southeast); 08424.
- Hadley mode**
forcing, balance, zonally symmetric mode, global model, 00904.
- haematite**
goethite, phosphate sorption, mineralogy, 14546. paleosol, red bed, pigmentation, colour, 10607.
- Haida Formation**
channel geometry, antidune, sandstone, shale, Cretaceous, Canada, British Columbia, Queen Charlotte Islands; 07977.
- hail**
hydrometeor profile, passive microwave, brightness temperature, graupel, 01172. microburst, storm, cloud model, 02284. Sherwood number, Nusselt number, collection efficiency, graupel growth, wind tunnel, 02288. thunderstorm, probability distribution, storm occurrence (1951-1990), Croatia, Bjelovar; Cazma; Croatia, Krizevci; 11128.
- hail category model**
cloud model, supercell storm, ice microphysics, liquid water model, 02269.
- hail cloud**
weather modification, radar, 00832.
- hail growth**
freezing level, Doppler radar, embryo production, 07297.
- hailstorm**
orography, sea breeze, upslope flow, mesoscale model, 08585. polarimetric measurement, 07292. tornado, USA, Wisconsin, Barron County; 14832.
- halite**
anhydrite, Triassic, dolomite, brine, fluid inclusion, Poland; 07999. brine, aquifer, oil field, Jurassic, Triassic, France, Paris Basin; 06692. chloride, bromide, brine, seawater, Triassic, France, Paris Basin; 06691. gypsum, evaporite basin, redeposition, basin, 11893. interstitial water, temperature, Red Sea, Atlantis II Deep; 10606. Mavqi'im Formation, evaporite, Miocene, Messinian, shelf basin, Israel; 01692. organic carbon, halobacteria, ether, Spain; 05394. organic matter, evaporite, fluid inclusion, palaeoenvironment reconstruction, France, Alsace, Mulhouse; 05458. potash, brine, playa, Permian, Teesside Group, UK, England, Boulby; China, Qaidam Basin; 06694.
- Hall, J. (1811-1898)**
Eaton, A. (1776-1842), Rensselaer Polytechnic, geosyncline, stratigraphy, USA; 05337.
- Halloween Storm (1991)**
astronomical tide, storm surge, shoreline process, damage, USA, Massachusetts, Massachusetts Bay; 10377.
- halloysite**
kaolin, weathering, anorthosite, boxwork fabric, South Korea, Sancheong; 00319. soil acidity, Andisol, Andic soil, potassium, sulphate, 13423.
- haloalkane dehalogenase**
nitrogen fixation, hydrogen bacteria, crystallography, catalytic mechanism, 01296.
- haloaromatics**
aqueous environment, QSAR, substituted haloaromatic, photolysis, 07687.
- halobacteria**
ether, halite, organic carbon, Spain; 05394.
- halocarbon**
alkane, water chemistry, hydrophobic compound, air-water interface, adsorption, hydrocarbon, 13519. coastal water quality, seasonal variability, algae, halogenated hydrocarbon, Sweden; 00691. gas chromatography, China, Beijing; 02364. nephelometer, scattering coefficient, aerosol dilution, calibration, 13648.
- halocarbon contamination**
censored data, stochastic model, cluster analysis, water quality data, probability distribution, Canada, Great Lakes, Lake Ontario; 05743.
- halocarbon gas**
equator, latitudinal gradient, alkyl nitrate, non methane hydrocarbon, Pacific; 06034.
- Halocarpus biformis**
pink pine, dendrochronology, periodicity, ENSO, New Zealand, South Island, Lake Manapouri; 06601.
- halocline**
grained sediment, organic carbon, grain size, Holocene, foraminifera, North Sea, Kattegat; 06754.
- halocline distribution**
satellite data, tropical rainfall, TRMM, rainfall rate, latent heating, 06434.
- HALOE experiment**
stratosphere, vertical profile, aerosol, 03602.

HALOE observations

limb scanner, water vapour, methane, aircraft data, stratosphere, 03561.

halogen

enrichment factor, aerosol, USA, Alaska; Arctic; 08701. environmental impact, non climatic factor, volcanic volatile, fissure eruption, acid, UK; Iceland, Laki; 01439. isotherm shape, contaminant, organic matter, adsorption, partitioning, 06775. occultation experiment, middle atmosphere, 01035. occultation experiment, trace gas, aerosol, vertical profile, latitude cross section, trace gas, 13807. organic matter, degradation, bromination, iodination, Baltic Sea; 09255.

halogen occultation experiment

airmass, spring, Southern Hemisphere, polar vortex, 12445.

halogenated aliphatic hydrocarbons

aromatic hydrocarbons, sulphate reduction, biodegradation, denitrification, groundwater contamination, Australia, Western Australia, Swan Coastal Plain; 12343.

halogenated compound

gas standard, atmospheric measurement, 08673. microorganism, debromination, polybrominated biphenyl, surface water quality, USA, Michigan, St Louis, Pine River; 03292.

halogenated hydrocarbon

halocarbon, coastal water quality, seasonal variability, algae, Sweden; 00691. methylchloride, dichloromethane, trichloroethene, tetrachloroethene, latitudinal distribution, Atlantic; 09983.

halokinetic rotational slumping

Canyon incision, Nile sediment, continental slope process, Pliocene/Quaternary, tectonic uplift, Mediterranean Sea, Israel Continental Slope; Lebanon Continental Slope; 00183.

halomethane

alumina, rocket motor, exhaust particle, stratosphere, decomposition, 13816.

halomethane production

bromoform, methylene bromide, methyl iodide, algae, coastal water quality, kelp, USA, California; Pacific; 00692.

Haplustoll

fertiliser, vetch, nitrate, tillage, USA, Nebraska; 01857.

Halton Till

Wentworth Till, lithology, Pleistocene stratigraphy, lake bluff, glaciolacustrine sequence, USA, New York, Lake Erie; Lake Ontario; 00237.

hamada desert

fluvial erosion, palaeoclimate, landscape evolution, geomorphology, hyper-arid area, Egypt, Western Desert; 09056.

Haman, J.

mechanics, pore geometry, three phase media, 10407.

Hamilton function

planetary wave, heat source, 09906.

Hamilton quaternion

photogrammetry, positioning, rotation matrix, 15065.

Hamiltonian dynamics

semigeostrophic theory, contact transformation, 02222.

Hampshire Group

shoreface, shoreline deposit, sandstone, Devonian, Cannon Hill Formation, USA, West Virginia, Elkins; 02986.

Handere Formation

colluvial deposit, Quaternary, caliche, soil stratigraphy, Turkey, Adana Basin, Misis, Kizildere; 04070.

hanging wall

radiometric date, volcanicity, tectonic control, rift basin morphology, Malawi; 06486. three dimensional fault, Euler angle, automated technique, normal fault geometry, 06475.

HAPEX

arid zone, desertification, global climate model, HEIFE, China, Heihe River; 05123.

HAPEX-Sahel

landform, vegetation, water balance, GIS, Africa, Sahel; 12801.

Haplaquept

crop yield, maize, heavy metal, USA, Kentucky; 09534. particle size fraction, nitrogen, carbon, organic matter, microbial biomass, 04390.

Haplaquoll

Calciaquoll, soil classification, water table depth, morphology, Hapludoll, USA, Iowa; 06804. Hapludoll, infiltrometer, infiltration, rainfall simulator, alternative agriculture, USA, Iowa; 01788. nitrogen, rice soil, soil water regime, fertiliser, flooded soil, Philippines; 13375. tension infiltrometer, pore arrangement, soil hydraulic property, infiltration, infiltrometer, 12062.

Haplargid

calcareous soil, geomorphological surface, soil stratigraphy, calcium carbonate, Durorthid, USA, California, Mojave Desert; 10764. soil crust, soil micromorphology, vesicular layer, arid soil, Natrargid, Calciorthid, Argentina, Patagonia; 09510. soil micromorphology, Aridisol, polygenesis, bioturbation, Durothid, USA, California, Mojave Desert; 09457.

Haploboroll

denitrification, nitrogen-15, landscape scale pattern, topography, Canada, Saskatchewan; 01850. organic matter, fertiliser, crop rotation, organic matter, Canada, Saskatchewan; 09470.

Haplorthod

forest invasion, vegetation influence, podzolisation, heathland, sandy soil, Denmark, Hjelms Hede; 10769. podzolisation, carbon, aluminium organic complex, organo-metal complex, iron-organic complex, Hapludalf, 08169. soil chemical property, soil profile development, soil development, allophane, USA, New Hampshire; 01816.

Haplorthox

crop rotation, tillage, Oxisol, humic substance, forest soil, Brazil; 03155.

Haploxeralf

Natrargid, soil salinisation, leaching, evapotranspiration, slickspot, USA, California, Central, Coast Range, Carrizo Plain; 01817.

Hapludalf

Haplorthod, podzolisation, carbon, aluminium organic complex, organo-metal complex, iron-organic complex, 08169. NCSWAP, LEACHM, nitrate leaching, USA, Pennsylvania; 13334. rainfall simulation, soil physical property, tillage, soil surface roughness, 14557. slickenside, soil movement, swelling, shrinkage, Chromudert, USA, Mississippi, Blackland Prairie;

14512. soil organism, fulvic acid, humic substance, organic matter, forest soil, 03108.

Hapludoll

alternative agriculture, crop rotation, aggregate stability, USA, Iowa; 01871. Haplaquoll, Calciaquoll, soil classification, water table depth, morphology, USA, Iowa; 06804. infiltrometer, infiltration, rainfall simulator, alternative agriculture, Haplaquoll, USA, Iowa; 01788. porosity, air-filled porosity, macropore, infiltration measurement, 03071.

Hapludult

decomposition, organic matter, element concentration, newsprint, poultry litter, 08142. macropore, tillage, anion movement, cation movement, lysimeter, USA, Appalachians; 01838. tillage, wheel rut, runoff, sediment loss, interrill erosion, USA, Maryland; 04423.

Haplumbrept

nutrient concentration, soil temperature, soil solution, 04330.

Haplustalf

Comborthid, Ustochrept, ion exchange resin, potassium release, illitic soil, India, Punjab; 05583. neutron probe, savanna soil, soil water measurement, tillage, 05522.

Haplustoll

fertiliser, ion exchange resin, extractant, phosphorus, Argentina, Pampa; 05534.

Haplustox

sulphate adsorption, sulphur, crop residue, liming, soil amendment, Oxisol, Brazil, Cerrado Region; 12135.

harbour

bioavailability, heavy metal, dumping, bottom mud, Australia, Queensland, Townsville Harbor; Great Barrier Reef; 01761. coastal sediment, anthropogenic impact, metal, pollution load index, India, Visakhapatnam; 09398. grain size, sediment load, sewage, estuary, organic carbon, India, Kerala, Cochin Harbour; 06797. littoral drift, port, breakwater, beach erosion, 00110. SPOT, landscape structure, France, Le Havre; 15137.

harbour dredged material

environmental impact, ocean disposal, GIS, USA, California, San Francisco; 03812.

harbour resonance

long-period wave spectra, physical model, wave spectrum, USA, California, Los Angeles; Long Beach; 07757.

harbour water quality

organotin, butyltin compound, methyltin compound, Belgium, Antwerp Harbour; 07005.

hard rock

regolith, shield, socle, landform geometry, France; 11679.

hardground

limestone, carbonate shelf, Jurassic, Adnet limestone, Ammonitico Rosso, Turkey, Ankara; 09352. phosphate, Pliocene, calcite compensation depth, dissolution, Australia, Queensland Continental Margin, Queensland Plateau; 09321.

hardness

salinity, mine discharge, river water quality, Ukraine, Dnieper River; Samara River; 13549. solutional denudation, karst hydrology, geomorphology, hydrology, cave, USA, Tennessee, Cumberland Plateau, Upper Sinking Cove; 02683.

hardpan

silicon, mineralogy, ultramafic till, cementation, USA, Alaska; 13355.

hardsetting soil

electrolyte concentration, soil behaviour, sodic soil, sodium, 10842. soil amelioration, Alfisol, ploughing, gypsum application, double cropping, soil physical property, Australia, New South Wales, Trangie; 13390. soil hydraulic property, Alfisol, ploughing, gypsum application, double cropping, soil amelioration, Australia, New South Wales, Trangie; 13408. soil hydraulic property, soil temporal variation, tillage, soil structure, Australia, New South Wales; 04397. soil salinity, pasture soil, sodic soil, soil drainage, Australia, Tasmania; 10733.

hardware

software, surveying, mapping, 10044.

hardwood

forest management, satellite, GPS, GIS, modelling, resource management, 04984.

Harmattan

aerosol, optical depth, Nigeria, Ilorin; 15014.

Harmattan wind

crop, nutrient, dust, wind, aeolian dust, Niger; 06798.

Harmattan wind system

wind shear, dust, wind erosion, Mali, Niger River, Inland Delta; 05366.

harmonic analysis

spatial variability, temporal variability, precipitation series, agricultural land use, Greece, Macedonia; 08275.

HARN

geodetic survey, network, accuracy, reference network, USA, Louisiana; 06131.

Harounian

Ouljian, Holocene, high sea stand, aminostratigraphy, Patella, Morocco, Atlantic Coast; 09217.

Harpers Formation

sandstone, tectonism, Cambrian, Proterozoic, Chilhowee Group, USA, Pennsylvania; 02985.

harrowing

tillage, soil physical property, 10831.

Hartley transform

image reconstruction, iterative algorithm, 07489.

harvest

grapevine phenology, weather, model, budburst, 00874.

harvest predictor

heat unit, solar radiation, daylength, pepper, 03473.

harvested forest

inventory update, SPOT, panchromatic imagery, road inventory, 06265.

Harwell Trajectory Model

sulphur deposition, emission reduction, acidic deposition, critical load, UK; 15033.

- Hawthorn Group**
aquifer, dolomite, Suwannee Limestone, USA, Florida; 13213. karst, cave, sinkhole, mud infiltrate structure, Miocene, USA, Georgia, Pelham Escarpment; 06687.
- hay**
heat balance method, prediction model, field drying, 00875.
- Hayes tephra set H**
magma mixing, tephra deposit, stratigraphic nomenclature, USA, Alaska; 13095.
- Hayesville till**
Hiram till, Port Bruce Stadial, heavy mineral, Ashtabula till, till, USA, Ohio, Lake Erie; 05307.
- Hayward Fault**
Mission link, seismic moment, earthquake, compressive stress, Calveras Fault, USA, California, San Francisco Bay; 01390.
- hazard**
alpine environment, debris flow, heavy rainfall, Switzerland, Alps, Val Ferret; 11756. chemical, man, risk assessment, exposure modelling, environmental risk, 07695. debris flow, land use, planning, USA, Utah, Davis County; 14445. dyke protection, floodplain pollution, heavy metal, arsenic, Netherlands, Rhine River; Maas River; 11994. earth science, environment, international workshop, environmental impact, 02580. earthquake, risk, insurance, Loma Prieta event, seismic risk assessment, 02653. englacial water, landslide, avalanche, debris flow, glacial hazard, Italy, Alps; 09023. environmental degradation, urbanisation, mountainous terrain, unplanned, India, Himalayas, Kumaun Himalayan, Nainital; 02661. environmental impact assessment, geomorphology, 11639. GIS, education, training, technology transfer, Bangladesh; 15221. GIS, nuclear disaster, radiation, Ukraine, Chernobyl; 12867. global warming, climate change, flood rockfall, debris flow, USA; Canada; 07731. hazard assessment, expert system approach, liquefaction analysis, LIQUEFY, 09083. land use, urban surface, aerial photography, quantitative analysis, China, Shanghai; 15232. landslide, collapse, rotation, Mexico, Hgo, Metztlán; 06514. landslide, snowmelt, rockslide, debris flow, Chile, Andes, Rio Colorado; 05236. map, rockfall, land use planning, USA, Utah, Salt Lake County, Wasatch Front; 14126. mapping, landslide, Pacific, French Polynesia, Tahiti; 02475. mitigation, flood potential, landslide dam, 05132. PAH, radionuclide, contamination, fish, shellfish, USA, New Jersey, Arthur Kill; Hackensack River; USA, New Jersey, Passaic River; 06789. petroleum hydrocarbon, gas chromatography, solid phase extraction technique, detection limit, 02593. pollution, risk assessment, groundwater contamination, Italy, Milan; 12882. pyroclastic flow, volcanic complex, geomorphology, fluvial erosion, caldera rim, Mexico, Colima Volcano; 12960. rockslide, mitigation technique, Italy, Alps, Valtellina Valley; 02722. slope, Albion Formation, mass movement, landslide, gravitational deformation, Italy, Ionian Calabria, Platca; 05242. waste reduction, environmental strategy, environmental research, landscape change, chemical toxicity, 10302.
- hazard assessment**
expert system approach, liquefaction analysis, LIQUEFY, hazard, 09083. exposure, bioaccumulation, safety factor, environmental hazard, chemical, 07693. GPS, land use, hydrological modelling, DEM, planning, GIS, 10099. landslide hazard map, statistical model, slope instability, India, Himalayas, Gharwal Himalaya, Alkananda Valley; 06520. modelling, contaminated area, landfill, gas generation, leachate, Europe; 11591. toxicity assessment, effluent, Netherlands; 07684. volcano, debris avalanche, hydrothermal alteration, avalanche, lahar, Mexico, Citlaltépetl Volcano; Pico de Orizaba; 07734.
- hazard estimation**
mudflow, lahar, debris flow, simulation, 06780.
- hazard index**
emergency management, GIS, 08960. toxicity, risk evaluation, water quality analysis, wastewater, bioassay interpretation, 00686.
- hazard map**
landslide hazard, GIS, photointerpretation, 01282.
- hazard mapping**
Landsat, radar imagery, volcanic risk evaluation, geological hazard, Colombia, Andes, Cordillera Central, Magdalena Valley; 11500. transportation, decision support system, 08793.
- hazard mitigation**
GIS, flood, mass movement, geologic, Bangladesh; Asia, Andes; 15128. prevention, remote sensing, GIS, ecology, Burkina Faso; 15196.
- hazard ranking**
environmental protection, contaminated land, groundwater protection, legislation, groundwater quality, 09778.
- hazard study**
spatial pattern, landsliding, subsidence, expert system technique, Cyprus; UK, England, Ripon; 08961.
- hazard zone**
alignment, tectonics, seismological, earthquake, Cuba; 02477.
- hazardous compound**
biochemical transformation, waste disposal, landfill, groundwater contamination, leachate, USA; 02066.
- hazardous environment**
nuclear power plant, robot, digit, measurement system, 15248.
- hazardous gas**
field experiment, model evaluation, dispersion, dense gas, plume, 06094.
- hazardous material**
municipal landfill, household hazardous waste, waste stream analysis, rural landfill, Canada, Alberta; 02601. pollutant, toxicity, quality control level, reporting limit, detection level, 08976.
- hazardous waste**
cleanup strategy, soil lead, distribution, smelter site, lead contamination, USA, New Mexico, Socorro; 00022. environmental dilemma, port development, dredged sediment, 00023. incinerator, toxics release inventory, waste management, organic emission, USA; 07406. Mogilniki, landfill, chemical dump site, pesticide, Poland; 11592. refinery sludge, organic contaminant, PAH, freon, heavy metal, 03177. surveying, waste site, 02564. toxic chemical, pollution, research programme, risk assessment, China; 07678. ultraviolet photon, chloronaphthalene, photothermal destruction, oxidative destruction, 11608. waste management, incineration, remediation project, USA, Louisiana, Slidell, Bayou Bounfouca; 12881.
- hazardous waste site**
metal ion, organic herbicide, rice seed, toxicity test, 10308.
- haze**
aerosol, pollution, transport, source/receptor relationship, long range transport, Arctic; 08703. aerosol, volcanic eruption, aircraft sampling, Arctic; 08694. climate change, snow contamination, Arctic; USA, Alaska; 07404. cloud, acid aerosol, droplet, fog, Israel; 03567. cloud, remote sensing, polarisation, 10167. factor analysis, ice cap, Arctic; Greenland; 08705. particle size spectrum, optical depth, aerosol, Arctic; 08505.
- haze chamber**
cloud condensation nuclei, burning, savanna grass, 10008.
- HCB**
lindane, HCH, bioisomerisation, pesticide residue, 04416.
- HCFC-123**
CFC replacement, degradation chemistry, 12633.
- HCFC-141b**
HCFCs, UV absorption cross section, 09996.
- HCFC-22**
lifetime, production, release, 04757. lifetime, troposphere, rate constant, hydroxyl radical, HCFCs, 14967.
- HCFCs**
degradation product, troposphere, HFCs, 06017. HCFC-22, lifetime, troposphere, rate constant, hydroxyl radical, 14967. HFCs, laboratory experiment, hydrolysis products, photochemical smog, deposition, 13855. UV absorption cross section, HCFC-141b, 09996.
- HCH**
bioisomerisation, pesticide residue, HCB, lindane, 04416. PCB, pesticide residue, organochlorine compound, DDT, Vietnam; Thailand; Taiwan; 00600. sorption, enrichment, PCB, DDT, Germany, Berlin; 12022.
- head loss**
sampling device, vegetated filter strip, runoff plot, flow sampling, 05674.
- head measurement**
pumped double aker system, aquifer evaluation, groundwater sampling, packer system, permeability, 07055.
- head regulator**
discharge coefficient, channel hydraulics, sluice gate discharge, side sluice gate, 10932.
- head well permeameter**
permeameter, hydraulic property, infiltrometer, 14482.
- headland control method**
coastal stabilisation, innovative concept, sediment dynamics, anthropogenic control, beach process, 02652.
- headloss development**
sand filtration, water treatment, computer model, 14629.
- headspace analysis**
volatile organic compound, organic compound, 00506.
- headward erosion**
incision, sea level, sequence stratigraphy, continental shelf, aggradation, 14441. river capture, landscape evolution, palaeoplain, tilting, Australia, Western Australia, East Kimberley; 12977. river diversion, drainage pattern, alluvial plain, terrace, Czech Republic, Ohre River, Postoloprty; Chomutovka River; 05183. waterfall type, geological control, flysch, downcutting, Poland, Outer Carpathians; 11656.
- headwater catchment**
runoff water chemistry, streamwater chemistry, stormwater chemistry, flow path, UK, Wales; 08372.
- headwater control**
acid rain, environmental impact assessment, forestry practice, environmental regeneration, Europe; Asia; 08990.
- headwater stream**
landform analysis, channel type, channel classification, 09607.
- health**
cartographer, work practice, 06205. humid tropics, rural area, water supply, appropriate technology, groundwater development, 08472. humid tropics, water management, water reuse, water resource development, water quality standard, 08471. particulate, PM10, TSS concentration, Malaysia, Kuala Lumpur; 10002. pollution, respiratory disease, inborn malformation, child, Russian Federation, Moscow; 13894.
- health care**
epidemiology, GIS, UK, England; Wales; 15256. GIS, spatial analysis, UK, England, Cheshire, Wirral; 05051.
- health care planning**
disease, GIS, 14097.
- health concern**
trifluoroacetic acid, HFC-134a, 04810.
- health service**
medical services, GIS, road accident, UK, England, Norfolk; 05052. spatial analysis, GIS, lifestyle profiling, UK, England, West Midlands, Walsall; 08965.
- heat**
advection, entrainment, sea breeze, mixed layer, 14861. Fourier analysis, urban/rural temperature, 05912. moisture, momentum, airborne platform, eddy correlation, trace gas, airborne measurement, 08535. moisture, soil, asphalt, concrete, subsurface transport, 03469. momentum, roughness length, 09842. salt, carbon dioxide, sea surface, biogenic surfactant, 00889. water vapour, carbon dioxide, momentum, air/sea exchange, turbulent flux, 04660.
- heat balance**
AVHRR, snow, ice, polar region, ice surface temperature, sea-ice motion, 03828. electrification, ice/ice collision, charge separation, graupel pellet, riming, 11244. energy balance, Koppen-Geiger map, Budyko, world map, climate region, 13647. lake, ice thermohydraulics, prismatic ice model, North America, Great Lakes; 14766. sea surface temperature, hydrographic data, seasonal heat balance, Gulf of California; 12482. spring temperature, snow cover, 09843. surface melting rate, biotic acceleration, glacier melting, albedo, Nepal, Himalaya, Langtang Region, Yala Glacier; 06634. water balance, evapotranspiration, runoff, water resource estimation, land/atmosphere system, 08440.

heat balance gradient method

potential evapotranspiration, Penman method, forest, evapotranspiration, soil water balance, 08293.

heat balance method

prediction model, field drying, hay, 00875.

heat budget

circus, aircraft measurement, moisture budget, 07296. sea breeze, boundary layer structure, Japan, Sendai; 04639. thermal effect, sea breeze, boundary layer, 13729. tropics, seasonal cycle, sea surface temperature, mixed layer, Pacific; 05951. tropics, ship observation data, sea surface temperature, wind field, Pacific; 00896.

heat budget equation

lake, thermal bar, circular lake, shoreline curvature, bar movement, 00662.

heat budget model

surface heat exchange, river depth, temperature variation, water temperature, waste heat, New Zealand, Waikato River; 00709.

heat conduction equation

soil temperature, 03075.

heat diffusion equation

dispersion coefficient, inversion problem, solute transport, travel time, groundwater flow, advection/dispersion equation, 07075.

heat exchange

global warming, water withdrawal, lake thermodynamics, thermal discharge, Canada, Lake Ontario; 10948. morphometry, lake, limnology, mixing, bathymetric map, Italy; 01958. water exchange, dry conditions, land surface, parameterisation, roughness length, 03457.

heat flow

finite element, water pressure, sedimentation, basin geometry, Lagrangian coordinate, 00285. hydrothermal system, volcano, groundwater resource, USA, Hawaii, Kilauea Volcano; 11005. stress field, neotectonic deformation, stress, uplift, convection cell, Poland, Carpathian-Pannonian Region; Hungary, Carpathian-Pannonian Region; Slovakia, Carpathian-Pannonian Region; 03982.

heat flux

aerosol, water budget, shortwave radiation, parameterisation, Mediterranean Sea; 13726. arid zone, unsaturated flow, desert soil, water flux, USA, Texas, Chihuahuan Desert; 14709. convective boundary layer, water vapour flux, USA, California, Sacramento; 04642. desert soil, unsaturated flow, arid zone, water flux, USA, Texas, Chihuahuan Desert; 14710. divergence, wind stress, coastal water, India, Andhra Pradesh, Visakhapatnam; 12486. error estimation, airborne measurement, turbulent flux, 05905. evapotranspiration, eddy correlation method, forest, Bowen ratio, energy balance, 08287. freshwater flux, ocean model, salinity, 03251. interannual heat flux, general circulation model, El Nino/Southern Oscillation, sea surface temperature, Pacific; 13740. landscape variability, general circulation model, mesoscale parameterisation, 05924. leaf area index, data convolution, water vapour flux, canopy, 04641. mixed boundary condition, ocean general circulation model, freshwater flux anomaly, parameterisation, subpolar gyre, 11159. ocean model, validate, ECMWF, Indian Ocean; 07259. ocean process, climate test basin, Mediterranean Sea; 09860. parameterisation, spatial variability, land surface, 13720. pressure, dry snow pack, model, snowpack, 09229. resolution, ECMWF model, horizontal resolution, ocean surface, 08554. sea surface, surface, Gulf of Oman; Arabian Sea; 03506. sonic anemometer, sodar, comparative study, temperature structure, 11110. surface heat flux (1951-1980), Pacific, Ocean Weather Station P; 09873. surface radiometric temperature, millet, sparse canopy, Niger; 07591. temperature dynamics, stream, water temperature, advection/dispersion equation, 03287. temperature sensor, radiation absorption, excess temperature, fast response, thermometer, 14810. thermal inhomogeneity, boundary layer, mesoscale flow, sea breeze, vertical, 02256. tidal mixing, ocean, atmospheric forcing, surface heat flux, Gulf of California; 08543.

heat flux transducer

rain on snow event, runoff, percolation, snow, USA, Alaska; 03369.

heat inflow

ocean current, interannual variability, satellite data, volume flux, Bering Sea, Bering Strait; Chukchi Sea; Laptev Sea; 02757.

heat island

suburban/rural heat flux, surface energy balance, energy partitioning, USA, California, Sacramento; 04643. time series, urban bias, surface temperature, trend, China; 12544. urban heat island, summer, Ireland, Dublin; 08528. urban history, Mexico, Mexico City; 07227. vegetation index, radiative surface temperature, satellite data, urban, 02146. wet island, valley wind, wintertime, urban climate, China, Chongqing; 08536.

heat low

primitive equation model, summer, thermal low, Europe, Iberian Peninsula; 11188.

heat pulse method

volumetric heat capacity, soil thermal property, IHLS, 14481. water uptake rate, water uptake, sap flow, tree, transpiration rate, 08288.

heat pulse probe

water content measurement, 09434.

heat pulse velocity

micrometeorological data, tree, transpiration, Japan, Tokushima Prefecture, Shirakawadani Basin; 08295.

heat release

ground shading, building, urban geometry, 07245.

heat source

Hamilton function, planetary wave, 09906. hydrothermal alteration, carbonate, diagenesis, lithification, Ordovician, Canada, Ontario; 14359. moisture sink, principal components analysis, vertical profile, tropics, 00905.

heat transfer

artificial freezing, sand, fan problem, laboratory test, finite element, 11716. basal melting, melting, ice shelf, Antarctica, Northern Victoria, David Glacier, Drygalski Ice Tongue; 09869. freeze/thaw cycle, phase change, freezing soil, thawing soil, moisture flow, 04551. groundwater flow, flow instability, Rayleigh number, aspect ratio, porous channel, convection, 00737. infiltration, snowpack, wetting front, 14767. karst aquifer, groundwater flow, water temperature, fracture flow, France, Nievre, Guichy; 11008. ocean, meridional, Indian Ocean; 08550. sea-atmosphere interface, momentum transfer, wavelet, wind/wave tunnel, model, 03499.

heat transfer model

lake, water temperature, ice thickness, snow depth, USA, Minnesota; 12228.

heat transport

geotechnical centrifuge modelling, hydraulic instability, groundwater contamination, coupled model, contaminant transport, 04509. groundwater contamination, non aqueous phase liquid, multiphase flow, contaminant transport, organic contaminant, 11034. lake limnology, hypolimnion, phosphorus, silica, manganese, USA, Wisconsin, Mendota Lake; 10980. spring water temperature, groundwater temperature, groundwater flow, groundwater recharge, 08403. stratification, mixing, lake, thermal bar, water temperature, Russian Federation, Ladoga Lake; 12229.

heat unit

solar radiation, daylength, pepper, harvest predictor, 03473.

heath

GIS, wetland management, vegetation management, mire, UK, England, Hampshire, New Forest; 00668.

heathland

sandy soil, Haplothod, forest invasion, vegetation influence, podzolisation, Denmark, Hjelm Hede; 10769.

heathland catchment

fire, runoff water chemistry, streamwater chemistry, nutrient loss, particulate export, Spain, Montseny, La Calma; 05728.

heathland soil

nitrogen mineralization, litter removal, litter addition, organic matter, 01828. soil solution sampling, tension sampler, zero tension sampler, 14493.

heathland vegetation

fuzzy c-means algorithm, maximum likelihood classification, UK; 01210.

heating

orography, easterly airstream, linear study, Australia; 07272. paved ground, surface atmosphere, soil surface, 04634. suprathermal ion, thunderstorm cell, ion heating, ionosphere, 03418.

heating efficiency

middle atmosphere, mesopause, 00835.

heating field

barotropic model, critical point, cyclone movement, tropical cyclone, environmental flow, 14902. thermal forcing, atmospheric tide, cloudiness, NCAR, climate model, 14898.

heating perturbation

radiatively driven interaction, stratocumulus, synoptic wave, 11204.

heating profile

numerical simulation, cyclone, convective heating, South China Sea; 14905. numerical simulation, explosive development, cyclone, 14909.

heating rate

vertical motion, vorticity budget, baroclinic chi problem, diagnosis, 00940.

heating source

wind shear, mesoscale circulation, precipitation band, vertical motion field, 09919.

heavy impurity

downdraft, 14912.

heavy metal

acidic deposition, leaching, lake water quality, atmospheric deposition, Norway; 10986. aeration, bottom sediment, nutrient, phosphorus, water quality, Poland; 03034. agricultural limestone, mining waste, limestone waste, UK, Wales; 00596. airborne, lead, cadmium, particle, 13890. aluminium, 10808. anthropogenic activity, tropical catchment, transport, soil, contamination, Venezuela, Lake Valencia; 11991. arsenic, hazard, dyke protection, floodplain pollution, Netherlands, Rhine River; Maas River; 11994. background level, coastal sediment, Malaysia, Peninsular Malaysia; 07679. bedload transport, suspended sediment, sulphide deposit, mine drainage, estuary, Spain, Rio Tinto; Rio Odiel; 05465. bioindicator, soil invertebrate, Russian Federation; 07677. bottom sediment, reservoir, cobalt, copper, zinc, Ukraine, Dnieper River; 09374. carbon dioxide, soil respiration, forest soil, 14535. chlorinated hydrocarbon, drinking water, lake sediment, groundwater, pollution, Germany, Berlin, Havel River; 12005. combined sewer overflow, sedimentation tank, sewer design, surface water quality, dissolved oxygen, Netherlands; 01996. complexation, metal sorption, organic matter, pollutant, 11953. contaminant volatilisation, soil decontamination, metal contaminant, 10868. contamination, water quality, river sediment, Austria, Carinthia; 08079. contamination, water quality, Serbia, Sava River, Belgrade; 13301. copper smelter, atmosphere, Chile; 12608. copper, zinc, cadmium, lead, snow chemistry, seasonal variability, Greenland; 12890. copper, zinc, lead, geochemistry, 06852. deposition, organic compound, Venezuela, Caracas; 12647. dissimilatory metal reduction, anoxic zone, microorganism, reduction, microbial metabolism, 00331. DOM, complexation, fluorescence spectrophotometer, Taiwan, Fecitsuey Reservoir; 10562. drainage basin, river channel, sand, organic carbon, India, Kerala, Vembanad Estuary; Muvattupuzha River; 04242. dumping, bottom mud, harbour, bioavailability, Australia, Queensland, Townsville Harbor; Great Barrier Reef; 01761. dumping, sink, humic acid, trace metal, North Sea, Skagerrak; 10708. effluent disposal, sewage, coastal water quality, chemical contamination, bacterial contamination, organic pollutant, Italy, Venice Lagoon; 01998. estuary, anthropogenic pollutant, fractionation, Israel, Kishon River; 05345. estuary, clay, suspended sediment, organic matter, lead-210, New Zealand, South Island, Christchurch, Avon-Heathcote Estuary; 09394. estuary, intertidal sediment, coal debris, pollution, UK, Severn Estuary; Bristol Channel; 06795. estuary, organic carbon, toxicity, benthic bacteria, marine sediment, Italy, Arno River, Tyrrhenian Sea; 08094. eutrophication, bottom chemistry, bottom sediment, forest, lake, Poland, Lecznysko-Wlodawskie Lake District; 09384. extractant, anhydrous ammonia, soil remediation, 04408. extractant, salt marsh soil, plant uptake, salt marsh vegetation, Netherlands; 03170. extraction, EDTA, contaminated sediment, USA, Montana; 14310. fluoride, waste management, radon, environmental impact, phosphogypsum, 12885. forest floor, soil pollution, industrial pollution, decomposition, organic matter decomposition, Poland, Legnica-Glogow Copper Region; Upper Silesia; 14519. geochemical mapping, sediment pollution, sludge, pollution, Baltic Sea; Poland, Gdansk Harbour; 12016. geochemical study, aerosol, arsenic, Russian Federation, Chimkent; 08718. geochemistry, multivariate statistics, soil pollution, organic carbon, element concentration, Germany, Berlin, Schoneide; 05622. grass, soil pollution, soil thermal cleaning, plant uptake, 10864. Haplaquept, crop

- yield, maize, USA, Kentucky; 09534. hazardous waste, refinery sludge, organic contaminant, PAH, freon, 03177. historical trend, lead, cadmium, pollution monitoring, sewage, Philippines; South China Sea, Manila Bay; 13310. hydrocarbon, soil pollution, gasification plant, soil decontamination, UK, Northern Ireland, Belfast; 13426. hydrophilic acid, hydrophobic acid, organic carbon, Spodosol, dissolved organic carbon, 13385. industrial effluent, surface water contamination, wastewater disposal, effluent mixing, 05706. industrial emission, soil pollution, arsenic, element concentration, Germany, Hamburg; 01885. industrial emission, soil pollution, Germany, Halle, Bitterfeld; 10862. industrial pollutant, river water quality, sediment, India, Maharashtra, Patalganga River; 13528. kelp, coastal water quality, spectrophotometry, Chile, Magellan Straits; 06991. lagoon, sediment contamination, pollution, Mexico, Tamaulipas, San Andres Lagoon; 12008. lake sediment, zinc, sewage, pollution, Japan, Lake Teganuma; 03032. lake water quality, hyper eutrophication, inflow, Japan, Chiba, Teganuma Lake; 05753. lake water quality, ICP-AES, trace metal, Egypt, El Manzala; 00723. lake water quality, QWASI model, contaminant fate, contaminant source, sediment/water transfer, mass balance model, Canada, Ontario Lake, Hamilton Harbour; 10981. land uptake, cadmium carbonate, copper carbonate, lead carbonate, zinc carbonate, 05619. landfill leachate, dichloromethane, dichloroethane, subsurface retention, groundwater contamination, Finland; 05804. lead, copper, zinc, cadmium, pollution, Germany, Oland Island; 05489. liming, acid rain, pine forest, soil acidification, forest soil, Norway, Amlí; 13384. liming, cadmium, Croatia; 03171. local source pollution, snow sampling, Antarctica; 07103. mangrove soil, rhizosphere, trace element, Brazil, Rio de Janeiro, Sepetiba Bay; 06909. mercury, human health, lead poisoning, cadmium, contaminated soil, 12889. mercury, lead, cadmium, nickel, lake sediment, Norway; 00457. mine tailing, acid sulphate soil, radium-226, uranium mining, acidic soil, Australia, Northern Territory, Ranger Uranium Mine; 14576. mining, deforestation, alluvium, Holocene, provenance, UK, England, Tyne Valley; 11899. mining, relative retention value, soil pollution, UK; 13425. moss, pollution zone, pleurozium schreberi, Poland, Silesia, Krakow, Niepolomice Forest; 11599. nitrate, aquifer vulnerability, groundwater quality, Italy, Florence; 11035. nutrient, hydrogeochemistry, pollutant source, weathering, river water chemistry, China; 12280. nutrient, litter respiration, 12108. olive oil residue, alpechin, carbonate, 14550. ombrotrophic peat, peat pollution, soil pollution, element concentration, UK, England, Yorkshire, Ringinglow Bog; 04419. orchard soil, liming, fertilisation, trace element, USA, Florida; 04403. organic chemical, adsorption isotherm, column experiment, 01796. organic matter, metal binding, 09502. organochlorine pesticide, pesticide, Azerbaijan; 03172. PAH, forest soil, soil pollution, roadside soil, Germany, Aplerbecker Forest; 08218. particle size analysis, sediment chemistry, organic carbon, UK, Northern Ireland, Strangford Lough; 00339. particle, organic compound, Venezuela, Caracas; 12646. particulate transport, sediment, river water quality, India, Cauvery River; 19967. PCB, lead, pesticide, biomonitoring, North America, Great Lakes; 12897. pesticide, hydrocarbon, toxicity, synergism, surface water quality, detergent, 13516. phosphorus, mangrove sediment, wetlands, wastewater, nutrient, Hong Kong; 14450. point source pollution, nonpoint source pollution, water quality monitoring, phosphorus, nitrogen, Germany, Rhine River, Elbe River; 07036. pollutant, intertidal mud, seasonality, coal, UK, Severn Estuary, Aust Cliff; 03036. pollution source, nonpoint source pollution, industrial discharge, pollution control, 09638. pollution, factor analysis, bioaccumulation, seasonal variation, moss, Portugal, Cavado River; 10680. pollution, geochemistry, REE, climate, mineralization, China, Zhunjiang River; Changjiang River; China, Huanghe River; 05467. pollution, Holocene, fluvial deposit, soil formation, floodplain, Netherlands, Rhine River; Meuse River; 00446. pollution, seabed, abatement strategy, water quality, Norway, Sørjorden; 07667. precipitation chemistry, throughfall chemistry, stemflow chemistry, litter fall, Malaysia, Kuala Lumpur; 13456. redox status, soil aeration, nitrogen transformation, nitrate, 10800. reservoir operation, reservoir water quality, estuary, salinisation, oxygen deficiency, organic matter, Ukraine, Dnieper River, Kakhovka Reservoir; Kremenchug Reservoir; 13556. river input, flux, dissolved flux, particulate flux, atmospheric input, Atlantic, English Channel, Dover Strait; North Sea; 11621. river regulation, contaminant migration, hydropower, runoff water quality, wastewater treatment, geochemical study, 05727. river restoration, surface water contamination, inorganic nitrogen, phenol, pesticide, Ukraine, Dniester River; 13548. river water quality, atmospheric deposition, coastal water quality, France, Provence, Cote d'Azur, Var River; Ligurian Sea; Italy, Imperia, Roya River; Italy, Toscana, Arno River; 09639. river water quality, runoff water quality, pollutant loading, sewage, USA, New York, Buffalo River; 03278. roadside soil, trace metal, element concentration, Spain, Sierra Nevada; 13427. runoff water quality, urban runoff, trace metal, roof runoff, 05729. runoff water quality, water quality criteria, water quality evaluation, urban runoff, USA; 07019. sampling, temporal variation, Australia, New South Wales Coast, Botany Bay; 10704. savannah soil, element concentration, metal retention, trace element, Nigeria; 01771. sediment quality, bioavailability, redox potential, contaminated sediment, pH, Germany, Hamburg; 09395. sewage sludge, cellulose decomposition, decomposition, 01813. sewage sludge, element concentration, Podzolic soil, 01883. Sierozem, element concentration, China; 09417. snow, lead, Greenland; 08715. soil pollution, agricultural waste, petroleum, Poland, Suprasl River Valley; 10858. soil pollution, Germany, Halle; Leipzig; 09536. soil pollution, Poland; 10863. soil pollution, trace metal, forest soil, organic horizon, USA; 12161. soil pollution, wastewater, sewage sludge, Hungary; 05623. soil substrate, Norway spruce, toxicity, 02484. soil, groundwater, seasonal dynamics, spatial variability, 02613. spatial variability, basin characteristics, river water quality, ion, 07035. statistics, nonparametric method, Italy, Sardinia; 11631. streamwater quality, groundwater quality, binding mechanism, chemical equilibrium, soil water quality, Poland, Niepolomice Forest; 09653. sulphate species, source region, aerosol, receptor model, trajectory, Canada, Northwest Territories, Alert; 03612. surface water quality, acid mine drainage, coal mine, dewatering, groundwater quality, UK, England, Durham County, Wear River; 09707. surface water quality, literature survey, limnology, trace element, Italy; 01988. suspended matter, particulate matter, Chernobyl nuclear accident, transport pathway, radioactivity, fine grained sediment, North Sea, Skagerrak; Kattegat; 00300. toxicity, bed sediment, suspended sediment, river basin, India, Mahanadi River; 03027. trace element, element concentration, canonical correlation, India, Bombay; 04407. trace element, element concentration, soil sampling, compost, municipal solid waste, 08199. urban atmosphere, electron spin resonance, 02360. urban runoff, runoff water quality, nonpoint source pollution, roof runoff, 07022. wastewater, sodium tripolyphosphate, eutrophication, nitrilotriacetate, 10675. water quality, leachate, coal mining, 09644. wetlands, ecotone, tropics, nutrient, sediment, mycorrhizae, 05699. ZISCH survey, distribution, pollutant transport, North Sea; 14114.
- heavy metal adsorption**
cadmium, chromium, wastewater, peat, 05624. cadmium, goethite, ligand, mineral surface, sulphate, 03143. zinc, cadmium, Norway; 09503.
- heavy metal concentration**
NDVI, toxicity index, rice, Spain, Valencia, Albufera Natural Park; 14016. nutrient concentration, flue dust, soil texture, ant mound, 03142. sediment, wetland pollution, Potamogeton pectinatus, Fulica cristata, zinc, South Africa, Transvaal, Witwatersrand; 01303. spatial variation, copper, lead, zinc, sampling, marine sediment, Australia, New South Wales, Botany Bay; 09256.
- heavy metal content**
nutrient content, decomposition, litter decomposition, pine, oak-hornbeam, 08175.
- heavy metal dispersion**
tidal dynamics, salt water intrusion, mathematical model, pollutant transport, river/estuary system, UK, Wales, Milford Haven; England, Cornwall, Fal Estuary; 04483.
- heavy metal distribution**
sediment, industrial sewage, solid waste, pollution, toxic, Nigeria, Calabar River; 02606.
- heavy metal extractability**
plant uptake, grass, extractant, mine spoil, USA, Alabama; 04404.
- heavy metal extraction**
zinc, cadmium, copper, phosphorus application, soil chemical pool, 03164.
- heavy metal pollution**
relict sediment, continental shelf, prodelta, waste, Mediterranean Sea, Barcelona Continental Shelf; Spain, Besos River; 10706.
- heavy metal removal**
compost, soil, ecotechnological method, soil purification, 01308.
- heavy metal sorption**
cation sorption, oxygen availability, 00563. oxygen availability, cation sorption, 00562.
- heavy mineral**
aeolian process, sediment analysis, frosting, quartz grain, Poland, Vistula Valley, Wyszogrod, Kamion; 00231. Ashtabula till, till, Hayesville till, Hiram till, Port Bruce Stadial, USA, Ohio, Lake Erie; 05307. beach sand, shoreline change, long term trend, delta coast, Egypt, Nile Delta; 09049. coastal zone, Quaternary geology, mudflat, aerial photography, deltaic sediment, Thailand, Surat Thani, Tapi River Delta; 07765. concretion, sandstone, cement, calcite, Italy, Apennines; 04195. dam spillway, palaeoflood, slackwater deposit, flood, Australia, New South Wales, Nepean River, Warragamba Dam; 06670. gravel bed river, bedform, roughness, channel, microtopography, 00357. hydrocell technique, separation cell, 02859. metal concentration, magnetite, ilmenite, garnet, India, Uttar Pradesh, Chopan, Son River; 12023. mineral transportation, provenance, India, Assam, Brahmaputra River; 05418. periglacial, abrasion, sand grain, aeolian sediment, Poland, Zametyl; Kalinko; 07880. placer, flood process, channel, gravel bed river, meander bend, South Africa, Cape Province, Swartkops River; 05375. provenance, climate, ocean circulation, Quaternary, Pacific, Northwest Pacific Basin; Bering Sea; 11891. provenance, freshwater basin, India, Assam, Subansiri River; 06669. sediment transport, faulting, placer, lateritisation, transgression, India, Kerala; 02898. sorting, beach, shoreline erosion, texture, sediment transport, Egypt, Nile Delta, Burullus Coast; 02889. tracer dispersal, sediment transport, quartzite, flood, clast, redeposition, South Africa, Cape Province, Swartkops River; 01740. turbidite, sandstone, storm deposit, Pliocene, Kawaguchi Formation, Japan, Honshu, Niigata Prefecture, Higashiyama Region; 05442. volcanic deposit, Pliocene, coastal sediment, argon-40/argon-39 dating, tephra, France, Languedoc, Hérault, Cap d'Agde; 11671.
- heavy mineral analysis**
decantation, magnetic analysis, particle size, 10553.
- heavy mineral content**
lodgement till, till, stratigraphy, meltout till, grain size, Poland, Kleszczow Graben, Belchatow; 04099.
- heavy ozone anomaly**
laboratory experiment, ozone isotope, multiple isotope study, 01032.
- heavy particle**
turbulent motion, dispersion, 00882.
- heavy precipitation event**
precipitation data, flood event, USA, (Midwest); 00843.
- heavy rainfall**
hazard, alpine environment, debris flow, Switzerland, Alps, Val Ferret; 11756. precipitation variability, USA, South Carolina; 12528. rainfall, trajectory, jet, 08516.
- Hebson-Wood method**
Diaz-Granados method, frequency distribution, ungauged catchment, flood frequency analysis, USA, Texas; 09594.
- hedges**
urban air quality, particulate abatement capacity, air quality, 04646.
- HEIFE**
HAPEX, arid zone, desertification, global climate model, China, Heihe River; 05123.
- height**
GPS, geoid ellipsoid, Australia; 10063. log normal distribution, convective cloud, radar echo, India, Rajasthan, Delhi; 00994. potential vorticity, tropopause, 08565. retrieval, observation, error statistics, NOAA 10, temperature, 07168. sea surface, temperature, subsurface, thermohaline structure, Atlantic, (Northwest); Pacific, (Northwest); 15217. season, latitude, comparative observation, gravity wave, 09829.
- height anomaly**
anomaly degree variance, terrestrial cap size, fast Fourier transform, 11411.

- echosounder, Geosat, sea surface height, 04996. geopotential model, terrestrial gravity anomaly, 13925.
- height database**
multimedia, GIS, 08737.
- height datum**
levelling, GPS height, geoid, tide gauge, Australia; 11395.
- height determination**
orthometric height, geopotential model, terrestrial gravimetry, 11397. precision leveller, digital level, 13939.
- height estimation**
intercomparison, cloud motion vector, cloud tracer, 05871.
- height field (500-hPa)**
Northern Hemisphere, winter, cluster analysis, spatial pattern, 11183.
- height measurement**
climate change, noctilucent cloud, mesosphere, 11241.
- height profile**
eddy diffusion, upper atmosphere, atomic oxygen, 03550.
- height zonality**
limnomorpholithogenesis, lacustine morpholithogenesis, glacial relief, Russian Federation, Great Caucasus; 11680.
- heighting**
levelling, geodetic levelling, UK; 15070.
- Heinrich deposit**
Th-230, ice rafting, interglacial, foraminifera, accumulation, Atlantic, (Northeast); 10662.
- Heinrich event**
isotope stratigraphy, sedimentation rate, deep circulation, carbonate deposition, ice rafting, Labrador Sea; 14229. Last Glacial/Interglacial cycle, palaeoclimate reconstruction, pollen, insect, transfer function, France, Grande Pile; 02775. Laurentide Ice Sheet, calving, climate cooling, iceberg production, 02739. meltwater, Quaternary, detrital carbonate event, Labrador Sea; 09155. pine pollen, Last Glacial cycle, Laurentide Ice Sheet, palynological evidence, climate oscillation, USA, Florida, Lake Tulane; 00170.
- Heinrich event 1**
deep circulation, Younger Dryas, planktonic foraminifera, palaeocirculation, Atlantic, (North); 13041.
- heirarchy**
database, land cover, USA, Utah; 06254.
- Heisenberg's transfer theory**
eddy viscosity model, TKE, 09000.
- heleoplankton**
microbial community, lake water chemistry, limnology, rice field, zooplankton, Italy, Po Plain; Appenines, Lake Santo Parmense; 01964.
- helical flow**
wind, desert, dune field, longitudinal dune, sand transport, 04161.
- helicity**
cloud model, shear profile, Richardson number, convective storm, 02276.
- helium**
carbon dioxide, oxygen, nitrogen, soil gas, 12117. management implication, groundwater discharge, lake water chemistry, nuclear waste, Canada, Ontario; 02015. neon, subduction, interplanetary dust, deep sea sediment, Pacific; 09329. soil gas, groundwater contamination, groundwater discharge, nuclear waste disposal, Canada, Canadian Shield, Manitoba, Lac du Bonnet; 09720.
- helium-3 dating**
radiocarbon, argon-40 excess, dating, Quaternary, basalt, USA, New Mexico, Zuni-Bundera Volcanic Field; 09137.
- helium gradient**
groundwater discharge, discharge velocity, advection/diffusion, lake sediment, Canada, Ontario; 14623.
- Helmert, F.R.**
ellipsoid, gravity anomaly, 02387.
- helminth egg**
irrigation water, parasitic contamination, water quality analysis, agricultural water management, wastewater reuse, 03260.
- hematite**
crystal morphology, acid dissolution, goethite, 00323. ionic strength, colloidal matter, fulvic acid, surface charge, quartz, 00342. particle deposition, humic matter, colloid, 05411.
- hemipelagic sediment**
accumulation rate, Quaternary, sea level change, oxygen isotope stage 6, calcareous plankton, productivity, South China Sea; 06609. sedimentation rate, mass movement, Pliocene/Pleistocene, submarine slide, continental margin, Barents Sea, Bear Island Trough Mouth Fan; 06757.
- hemisphere**
radio, meteor, mesopause, thermosphere, 15122.
- hemispheric monitoring**
meteorological satellite, global heat budget, satellite image, snow cover, 02583.
- hemispherical photograph**
photosynthetically active radiation, canopy gap, forest light, Borneo; 03478.
- hemispherical photography**
solar radiation regime, quantum sensor, photosynthetic photon flux density, tropical wet forest, canopy gap, 00873.
- hemispherical reflectance map**
sampling, knowledge based system, spatial averaging errors, 01196.
- hemlock**
forest canopy, radiometer, anisotropy, spruce, 15172. optical reflectance, spruce, 15179.
- hemlock decline**
paludified dune field, macrofossil, tree ring evidence, forest succession, Holocene, Canada, Quebec; 00218. recovery, catchment size, lake, trophic status, Canada, Ontario; 06594.
- Hemse Group**
biostrome, Ludlow, stromatoporeoid, reef, Silurian, Sweden, Gotland; 10656.
- Hengelo-Denekamp sequence**
radiocarbon date, vegetational history, Devensian, pollen site, UK, Scotland, Grampian, Buchan, Camp Fould; 07872.
- Henry's law**
PAH, atmospheric transport, estuary, USA, Great Lakes, Lake Michigan, Green Bay; 05470.
- Henry's law constant**
hydrogen peroxide, hydroxymethyl hydroperoxide, 04775. phenol, nitrophenols, vehicle exhaust emission, exhaust gas sampling, 06070.
- Henty glaciation**
till, weathering rind, Last Glaciation, Australia, Tasmania, Poatina, Longford; 01516.
- herbaceous plant**
sod Podzolic soil, soil physical property, soil chemical property, forest soil, 00572.
- herbage**
wet deposition, seasonal variation, selenium, vegetation, UK, England; Scotland; 06383.
- herbicide**
adsorption/desorption, dimepiperate, 13435. atrazine, alachlor, sorption, soil, organic carbon, clay, 03020. atrazine, fertiliser, nitrogen fertiliser, fungal biomass, 05632. atrazine, mineralization, carbon mineralization, USA, Iowa; 13434. biodegradation, river sediment, PCB, CBAs, USA, New York, Hudson River; 03024. biota, streamwater quality, forestry, agriculture, Australia, Tasmania; 14657. contaminant transport, convection/dispersion equation, sorption, mobile/immobile phase, groundwater contamination, 11019. contaminant transport, sorption, organic carbon, particle size, groundwater contamination, 11018. extractant, paraquat, diquat, salt concentration, Australia, Western Australia; 03184. groundwater contamination, leaching, simulation model, solute transport, atrazine, 12325. groundwater contamination, organic contaminant, hydrocarbon, pesticide, Australia; 11082. groundwater contamination, simazine, bromacil, leaching, sorption, USA, Florida; 03330. herbicide degradation, soil water content, soil temperature, mecoprop, 00605. irradiation, photocatalytic degradation, Monuron, organic contaminant, water quality, 05717. isoxaben, cereal, soil dissipation, manure fertiliser, Belgium; 01899. leaching, biodegradation, tillage, microbial activity, pesticide, 13432. leaching, groundwater contamination, contaminant migration, tillage practice, 12327. mathematical model, nonpoint source pollution, contaminant transport, groundwater contamination, agricultural pollutant, Italy, Pavia; 07126. microbial degradation, groundwater quality management, groundwater contamination, Australia, Western Australia, Perth, Kwinana; 11039. nitrate, lake water quality, water table control, agricultural practice, subsurface drainage, Canada, Ontario, Harrow; 07133. pesticide, glyphosate, diflufenzuron, degradation rate, fate, surface water quality, 12239. photolysis, byproduct, pesticide, photodegradation, 04470. sediment, environmental persistence, estuary, estuarine water quality, Spain, Ebro River; France, Rhone River; Greece, Thermaikos Gulf; Adriatic Sea; Italy, Po River; Egypt, Nile River; Greece, Amvrakikos Gulf; 10958. soil column, terbutylazine, soil water flow, 14508. spatial variability, triazine, river water quality, USA, Mississippi River; 07029. spectral reflectance, weed, no-till, minimum tillage, 14022. starch encapsulation, nonpoint source pollution, surface water contamination, groundwater contamination, 12241. urea nitrogen, nitrification, fertiliser, 03181. water quality management, wastewater treatment, synthetic adsorbent, 13633.
- herbicide adsorption**
breakthrough curve, tracer, Rhodamine WT, 12088.
- herbicide adsorption**
montmorillonite, kaolinite, enzyme, immunosorbent assay, atrazine, 08222. organic matter content, ethofumesate, humic acid, montmorillonite, 09546.
- herbicide behaviour**
organic contaminant, 09545.
- herbicide degradation**
bacteria, biodegradation, napropamide, 06922. herbicide persistence model, atrazine, Spain; 04418. herbicide residue, sulphonylurea, amidosulphuron, 00606. imazamethabenz-methyl, wheat, sugar beet, 09547. soil temperature, flumetsulam, USA; 00604. soil water content, soil temperature, mecoprop, herbicide, 00605. trifluralin, 10873.
- herbicide leaching**
atrazine, leaching potential, chemical fate model, USA, (Northeast); 12087. imazapyr, bioassay method, 14586. leaching potential, Spain; 00602. polymer adjuvant, acrylic polymer adjuvant, 00509.
- herbicide migration**
metolachlor, France, Montpellier; 06921.
- herbicide mobility**
elution, diffusion model, metolachlor, atrazine, 04417. ethofumesate, chromatography, soil texture, organic matter, Spain, Andalusia, Marismas del Guadalquivir; 03185. fomesafen, atrazine, 06920. metamitron, 12169. pendimethalin, France; 00603.
- herbicide persistence**
terbutylazine, tropical soil, 13436.
- herbicide persistence model**
atrazine, herbicide degradation, Spain; 04418.
- herbicide removal**
activated carbon filter, water treatment, peat filter, clay filter, sand filter, 07063.
- herbicide residue**
atrazine, tillage, rainfall timing, 12170. sulphonylurea, amidosulphuron, herbicide degradation, 00606.
- herbicide sorption**
fungicide sorption, diniconazole, metolachlor, organic matter, montmorillonite, 08223. pH, fomesafen, atrazine, 06919. soil testing, groundwater contamination, USA, Delaware, Coastal Plain; 03183.
- herpetofauna**
reptile, glacial period, palaeogeography, sea level, Japan, Ryukyu Archipelago, Senkaku Group; 02785.
- Herrera Formation**
current crescent, quartzite, Cambrian, Spain, Leon, Cantabrian Mountains; 13187.
- herring**
organic carbon, gravel bed, spawning ground, UK, Scotland, Firth of Clyde; 04293.

- Hershfield technique**
rainfall event, Gumble technique, extreme event, return period, probable maximum precipitation, India, Karnataka; 05657.
- Hesperian**
Martian channel, statistics, spatial distribution, dating, Viking data, Mars; 00146.
- Hesperian terrain**
thermal infrared, thermal characteristics, ejecta blanket, crater, Phobos mission, Mars; 01407.
- Hestman Member**
sandstone, flood cycle, Precambrian, Fugleberget Formation, Norway, Varanger Peninsula; 13175.
- heterodyne radiometer**
microwave limb sounder, thermal emission, UARS, 01081.
- heterogeneous aquifer**
conjugate gradient method, particle tracking method, computer model, solute transport, groundwater flow, 00738. groundwater contamination, solute flux, stochastic model, saturated/unsaturated flow, 02074. non aqueous phase liquid, aquifer remediation, diffusion, flushing, 00781. solute transport, contaminant plume, Lagrangian analysis, scale dependence, dispersion, 07098.
- heterogeneous chemical process**
ice, nitric acid trihydrate, particle, polar stratospheric cloud, model, 04785.
- heterogeneous chemistry**
ozone loss, chlorine oxide, balloon borne instrument, photochemical model, sulphate aerosol, 03633. trichloroacetyl chloride, 11321.
- heterogeneous conversion**
ozone oxidation, sulphur dioxide, sulphate, USA, Great Lakes, Lake Michigan; 11274.
- heterogeneous interaction**
carbon, nitrogen dioxide, 04768.
- heterogeneous landscape**
convective boundary layer, surface flux density, averaging, 05925.
- heterogeneous loss**
volcanic cloud, hydrochloric acid, stratosphere, reaction probability, volcanic aerosol, 03608.
- heterogeneous nucleation**
cirrus, cloud, ice crystal formation, aerosol, 09930.
- heterogeneous processing**
ozone response, stratosphere, volcano, aerosol loading, model, Philippines, Mount Pinatubo; 13820.
- heterogeneous reaction**
aerosol layer, chlorine, stratosphere, sulphate aerosol, ozone trend, 10004. annular reactor, accommodation coefficient, trace gas, deposition profile, nitric acid, 12592. dinitrogen pentoxide, nitrogen dioxide, aerosol, stratosphere, 03599. ice surface, bromine, hydrochloric acid, 15001. nitric acid trihydrate, hydrochloric acid, Fourier transform IR, polar stratospheric cloud, 01037. ozone hole model, hydrocarbon addition, ethane, hydrochloric acid, stratosphere, 12577. ozone loss, stratosphere, sulphuric acid, aerosol, 12615. stratosphere, laboratory simulation, polar stratospheric cloud, flow cell, 13764. surface source, nitrous acid, 13847.
- heterogeneous soil**
dry density, compacted soil, water content, physicommechanical characteristics, 11728. leaching, pesticide screening model, pesticide leaching, 00507. unsaturated flow, field measurement, simulation model, hydraulic conductivity, 03314.
- heterogeneous surface**
aircraft run, ozone deposition, mesoscale motion, turbulence flux, 13815. boundary layer, grassland, coupled model, land-atmosphere interaction, 05939.
- heterogeneous terrain**
resistance, boundary layer model, sensible heat, latent heat flux, 02193.
- heuristic modelling**
geomorphology, Scheidegger, A.E., theory, 03944.
- heuristic scheduling**
least impact algorithm, resource allocation, planning, 00056.
- Hevelius Formation**
Maunder Formation, Montes Rook Formation, Orientale deposit, lunar impact basin, Galileo flyby, Moon; 05212.
- hexachlorobenzene**
contamination, estuary, effluent, sediment quality, mass balance modeling, USA; 09369. PCB, pollution, estuary, historical input, PAH, Netherlands, Scheldt Estuary; 03039. sampling, polluted sediment, suspended solid, Germany, Rhine River; 14446.
- hexachlorocyclohexane**
lake surface, gas exchange, North America, Great Lakes; 06063.
- hexazinone**
pesticide, forest soil, phosphorus mineralization, nitrogen mineralization, sulphur mineralization, 10872.
- hexosamine**
amino sugar, forest soil, liming, soil microorganism, soil mesofauna, Germany, Lower Saxony, Solling; 01875.
- HF radar**
coastal current, radar, Atlantic, English Channel, Dover Straits; 12819. current profiler, wind forcing, gyre, Atlantic, English Channel; 14070. DMSP satellite, ionospheric convection pattern, boundary layer plasma sheet, magnetosphere, 11484.
- HFC**
rate constant, hydroxyl radical, 03586.
- HFC-134a**
health concern, trifluoroacetic acid, 04810.
- HFC reaction**
rate constant, hydroxyl radical, 02347.
- HFCs**
HCFCs, degradation product, troposphere, 06017. laboratory experiment, hydrolysis products, photochemical smog, deposition, HCFCs, 13855. stratosphere, ozone depletion, 08720.
- Hiatella arctica**
Weichselian, shoreline displacement curve, radiocarbon dating, marine limit, Mya truncata, Svalbard, Hopen; 01543.
- hibernation**
crop, agrometeorology, weather/soil/crop model, pattern recognition, 08526.
- hierarchical classification**
geomorphology, scale, fractal, earth surface, 03943.
- hierarchical model**
three dimensional, terrain model, visualisation, 06168.
- hierarchical organisation**
morphodynamic system, coastal zone, Estonia, Narva Bay; 00130.
- hierarchically structured landscape**
scale dependent effect, landscape heterogeneity, landscape pattern, 01340.
- hierarchy**
image smoothing, adaptive, smoothing, 15076.
- high altitude forest**
deposition process, cloud water, USA, New York, Whiteface Mountain; 03583.
- high dam**
dam reliability, seismicity, safety assessment, geodynamics, 05127.
- high density tree plantation**
plantation, nitrogen mineralization, nitrogen immobilisation, litter dynamics, soil fertility, India; 00534.
- high energy particle spectrometer**
vector magnetometer, particle environment monitor, global energy input, atmospheric X ray imaging spectrometer, medium energy particle spectrometer, spectrometer, 01075.
- high frequency**
moving medium, sound field, stratified medium, ray trajectory, Atlantic, Gulf Stream; 10093.
- high frequency minisodar**
portable minisodar, minisodar, Arctic; 10052.
- high latitude**
AVHRR, clear pixel, cloudy pixel, pixel, 02456. denudation rate, erosion rate, slush avalanche, rhythm, geomorphological evolution, 05174. high altitude, periglacial geomorphology, landform, experimentation, 01549. volcano, aerosol cloud, stratosphere, extinction profile, 12622.
- high latitude ecosystem**
greenhouse warming, Eurasian biota, climate model, Quaternary, Europe; Asia; 00007. microbial oxidation, tundra flux, atmospheric methane, methane source, 00035. source/sink, biogenic trace gas, biomass, 00037.
- high mountain**
isostatic uplift, crustal unloading, morphogenesis, South America, Andes; 09060. mass movement, solifluction, fluvial dynamics, geomorphodynamics, Switzerland, Alps; Chile; 09061. terracette, vegetation growth, sediment movement, computer simulation, Spain, Pyrenees; 04040.
- high performance liquid chromatography**
extraction technique, fenoxaprop, fenoxaprop-ethyl, 05540. gas chromatography, colorimetric assay, saccharide extraction, 01784.
- high precision geoid**
geopotential model, WGS84, GRS80, gravity anomaly, geoid undulation, Taiwan; 01101.
- high precision levelling**
uplift, surface motion, geodynamic interpretation, Czech Republic, Krusne Hory Mountains, Jezeri Castle; 10399.
- high precision orbit**
precipitable water vapour, water vapour, radiometer, 11469.
- high pressure (500 hPa)**
divergence, vertical velocity, easterly jet, monsoon, China, Tibetan Plateau; Asia, (Southeast); 09818.
- high pressure aquifer**
hydrodynamic blowout, groundwater, USA, North Dakota; 01341.
- high resolution**
atmospheric model, hydrological model, regional climate model, streamflow model, lake model, USA, Oregon, Steamboat Creek; Nevada, Pyramid Lake; 00071. Earth observation satellite, global observation system, disaster observation system, 06433. Pliocene, Pleistocene, radiolarian stratigraphy, palaeomagnetism, evolution, Indian Ocean; 01478. seismic profile, glacial basin, neotectonic feature, seismofacies, Switzerland, Ecoteaux; Arcuse Delta; 02800.
- high resolution analysis**
dielectric profiling, ice core, GRIP, Greenland, Summit; 06636. stratosphere, solar radiation, oxygen, photodissociation rate, direct radiation, scattered radiation, 12419.
- high resolution Doppler imager**
amplitude, quasi two day wave, wave development, 11474. diurnal tide, zonal mean wind, mesosphere, thermosphere, 11473. Fabry-Perot interferometer, UARS, Doppler imager, 01079.
- high resolution imagery**
satellite, remote sensing, river blindness, Ghana, Nangodi; 10274.
- high resolution record**
annual lamination, lacustrine sediment, late glacial, Holocene, varve, Poland, Lake Gosciarz; 07882. carbon isotope, peat, moss, Younger Dryas, atmospheric carbon dioxide, Chile, Estancia Harberton, Beagle Channel; 07843. ice core, atmospheric dust, sulphate profile, climate record, Antarctica; China; Greenland; 11786. late glacial, Holocene, marine sediment, environmental change, Baltic Ice Lake, Sweden, Goteborg; North Sea, Skagerrak; North Sea, Kattegat; 11792.
- high resolution series**
rainfall time series, fractal analysis, time series, 11255.
- high resolution study**
IGBP, corals, solar activity, monsoon, palaeoclimate record, Asia; 07846.
- high sea stand**
aminostratigraphy, Patella, Harounian, Ouljian, Holocene, Morocco, Atlantic Coast; 09217.
- high spatial resolution**
spectral radiance, bark beetle infestation, vegetation dynamics, climate change, USA, California, Cuyamacas State Park; 03797.
- high spectral resolution**
resolution, infrared, broadband, 06114.
- high troposphere circulation**
Meteosat, water vapour, wind extraction, 01184.

- high water mark**
river discharge, extreme discharge, historical hydrology, Russian Federation; 08340.
- higher education system**
global change, mapping sciences, 01288.
- higher order closure model**
boundary layer dynamics, mountain, valley, 07282.
- highstand**
Last Interglacial, oxygen isotope substage 5e, Waimanalo Formation, Leahi Formation, sea level, USA, Hawaii, Oahu; 07916.
- highstand deposit**
transgressive sediment, Quaternary (late), sea level rise, parasequence, sequence stratigraphy, France, Rhone Delta; 13120.
- highway**
automobile, tourism, cartography, commercialism, USA; 12848. GPS, IVHS, navigation, vehicle, 05037. swelling clay, frozen expansive clay, sodium chloride, porewater, cyclic freezing, Poland, Bydgoszcz; 04125.
- highway cut**
rock topple, toppling, sliding, underdip slope, rock slope, Canada, Alberta, Jasper, Clairvaux Creek; 09115.
- highway map**
data quality, USA, Oregon; 06348. route planning, symbology, USA; 12714.
- highway runoff**
water quality management, runoff water quality, stormwater quality, decision support system, USA; 03274.
- highway structure**
flood assessment, road damage, transportation, USA, Nebraska; 12844.
- Hilbert space**
dynamic stochastic model, prediction model, self memorisation equation, atmospheric motion, 04668.
- hill**
pressure force, turbulent flow, 08587.
- hill/gully area**
drainage system, dissipative structure, erosion model, soil erosion, China, Loess Plateau; 06461.
- hill shading**
image processing, 04900.
- hill tribe**
deforestation, land degradation, terrain mapping unit, erosion rate, soil mapping, Thailand; 11507.
- hillslope**
steady seepage, series solution, solute transport, seepage quantification, flow boundary, 03993.
- hillslope landslide**
landslide model, simulation model, groundwater level, hydraulic conductivity, prediction, 05218.
- hillslope**
AGNPS model, reservoir sedimentation, sediment yield, Taiwan, Tsengwen Reservoir Watershed; 08249. caesium-137, sediment yield, Poland, Carpathians, Homerka Catchment; 08238. channel head, alluvial channel, debris flow, channel network, DEM, 07745. diffusion model, river profile, passive continental margin, tectonics, geomorphological model, USA, Basin and Range Province; 02697. sediment transport, watershed model, Water Erosion Prediction Project, interrill flow, 13439. slope profile, rock-landform interaction, denudation, Japan, Honshu, Ibaraki Prefecture, Nantai-san; 01445. soil erosion, overland flow, velocity, rock fragment, vortex erosion, 06779. solutional erosion, rock tablet, remeasurement, chemical denudation, Magnesian Limestone, UK, England, Derbyshire; 10360. tracer, overland flow, sediment movement, magnetic susceptibility, USA, Arizona; 05356. tractor wheel, bulk density, soil compaction, Armenia; 09419.
- hillslope evolution**
soil landscape, hummocky moraine, postglacial, loess, Holocene, Canada, Saskatchewan, Frontier, Ham Site; 14287.
- hillslope geomorphology**
debris flow, earthflow, gelifluction, mass movement, Canada; 01432.
- hillslope hydrology**
drainage, drawdown, outflow volume, subsurface water flow, Boussinesq approximation, 03221. macropore flow, Darcy-Weisbach equation, saturated/unsaturated flow, pipe flow, forested slope, 08395. preferential flow, subsurface runoff, deuterium, chloride, streamflow partitioning, macropore, tracer, 01930. preferential pathways, soil water, throughflow, runoff, flow path, UK, Scotland, Allt A' Mharcaidh; 09596. pseudogley soil, Keuper Marl, throughflow, overland flow, runoff model, Luxembourg; 01924. runoff generation, forest hydrology, 09739.
- hillslope process**
channel network, river basin morphology, optimal channel network, dendritic structure, fractal property, 00104.
- hillslope profile**
field experiment, model, water erosion, tillage, UK, England, Dalcott; Belgium, Flanders, Huldenberg; 06518.
- hillslope transect**
NDVI, dry heath, wet sedge, Arctic, tundra vegetation, USA, Alaska, Brooks Range; 07576.
- hilly terrain**
sounder, microwave, India; 10056.
- hindcast**
hurricane season, tropical cyclone, predictor, Atlantic; 04735. hurricane, extended range hindcast, tropical storm, Atlantic; 13783. ocean temperature, El Nino, thermocline, National Meteorological Center, Pacific; USA; 04654.
- Hiram till**
Port Bruce Stadial, heavy mineral, Ashtabula till, till, Hayesville till, USA, Ohio, Lake Erie; 05307.
- Hirnantian**
Don Braulio Formation, diamictite, Gondwana, Ordovician, glacial facies, Argentina, Precordillera; 02968.
- HIRS**
cloud top, cloud error, pressure retrieval, cirrus, 13999. radiative transfer equation, matrix operator theory, meteorological satellite, 01161.
- histogram overlay**
supervised classification, cell distance method, unsupervised classification, 07480.
- historic retreat**
ice sheet, valley glacier, ice marginal landform, deglaciation, Canada, British Columbia, Saint Elias Mountains, Grand Pacific Glacier; Melbern Glacier; 10532.
- historical accumulation**
metal, sediment core, deposition, Arctic, Hudson Bay, Belcher Islands; 13813.
- historical building**
salinity, irrigation water management, archaeological research, salt damage, Uzbekistan; 00813.
- historical cartography**
cadastral survey, map, cadastre, West Indies, St. Croix; 10121.
- historical data**
climate change, greenhouse gas, thermal forcing, statistical confounding, 12553. linear prediction method, coastal setback, shoreline position, USA, Texas, Gulf Coast; North Carolina; 00116. Maunder Minimum, climate variability, Euro-CLIMHIST, China; Europe, (West); 13033. ozone trend, tropics, 13864. palaeoecological indicator, estuary, sedimentation rate, anoxia, eutrophication, USA, Chesapeake Bay; 12262. remote sensing data, global change research, 06361. sensitivity, tropical cyclone, cyclone intensity, sea surface temperature, 04655. snow cover (1910-1991), Australia, Victoria, Snowy Mountains; New South Wales, Snowy Mountains; 02329. triangulation site, tectonic deformation, San Andreas Fault, strike/slip motion, GPS, USA, California, Southern Coast Ranges; 00142.
- historical document**
document, storage, photograph, 04906.
- historical earthquake**
fault scarp, seismic potentiality, fault displacement, seismic magnitude, Argentina; 10397.
- historical evidence**
climate change, Medieval Warm Period, glacial record, dendrochronology, 13092. floodplain sediment, pollen, insect, settlement, riparian landscape, USA, Iowa, Roberts Creek; 06595.
- historical evolution**
analogue dynamical model, long range forecasting, forecast, weather prediction, 02311.
- historical flood**
flood frequency analysis, mixture density estimation, parametric method, palaeoflood data, nonparametric method, China; 08346.
- historical hydrography**
quantification, accuracy, ECDIS, hydrographic data, 10118.
- historical hydrology**
artificial recharge, groundwater recharge, groundwater resource, groundwater abstraction, groundwater quality, UK, England, London Basin; 14785. deficiency index, runoff deficit, groundwater deficit, water resource, drought, UK, England, South East; 13450. flooding, dendrochronology, Australia, New South Wales, Hawkesbury River, Sydney; 12183. high water mark, river discharge, extreme discharge, Russian Federation; 08340. hydrochemistry, forest hydrology, USA; Europe; Africa, (East); 09738. lake water chemistry, sediment, sulphur loading, palaeolimnology, USA, New York, Adirondack Lake; 14671. wetlands, eutrophication, fertiliser, surface water quality, Netherlands; 08369.
- historical hydrometeorology**
ice, climate change (1000-1990), France, Rhone River; 11264.
- historical input**
PAH, hexachlorobenzene, PCB, pollution, estuary, Netherlands, Scheldt Estuary; 03039.
- historical loading**
palaeolimnology, sulphur, acid lake, mathematical model, USA, New York, Adirondack Mountains; 10671.
- historical map**
map, planimetry, accuracy, USA, Colorado River; 06198.
- historical monument**
stone surface, air pollution, SEM study, weathering, calcium carbonate, Turkey, Erzurum; 11651.
- historical record**
colometric papers, surface ozone, ozone, Greece, Athens; 09980. estuary, coastal sediment, contamination, trace metal, legislation, sediment core, 06787. Holocene, primary production, chemocline, bacteria, Black Sea; 05395. pollutant, anthracene, photo oxidation, PAH, lake sediment, USA, Great Lakes, Lake Michigan, Green Bay; 01747. salt marsh sediment, resuspension, metal concentration, sediment core, estuary, USA, Rhode Island, Narragansett Bay; 06790.
- historical scientific geography**
international cooperation, Russia; Finland; 13983.
- historical site**
coastline, GIS, freeway system, Italy, Rome; 12871.
- historical study**
hydrogeology, Floridan aquifer system, groundwater flow, karst aquifer, groundwater resource, regional groundwater flow, USA, (Southeast); 00753.
- historical times**
winter, temperature index, climate change, dry/wet, cold/warm, China, Shandong Province; 08644.
- historical topography**
topography, centuriation, Roman era, Italy, Brindisi; 02440.
- historical trend**
lead, cadmium, pollution monitoring, sewage, heavy metal, Philippines; South China Sea, Manila Bay; 13310. remote sensing, shoreline movement, sea level change, sediment budget, coastal process, USA, North Carolina, Outer Banks; 00121.
- historiography**
Columbus, C., 11442.
- history**
karst, cave research, tracer technique, speleothem, 02728. Kuhnian model, Earth science revolution, geology, Popperian credential, 03942. map making, cartography, China; 15107. Montreal Protocol, peak concentration, future,

- fluorocarbon-11, 11308. national cartography, mapping, cartography, Estonia; 15104. navigator, philosophy, 04829.
- history of cartography**
iconology, social history, 03711. Islamic cartography, Arabic geodesy, Ottoman mapping, Indian cartography, 08809. medieval Europe, cadastral map, Portoland chart, Mappaemundi, Ptolemy, prehistoric map, 08808. Native American, aboriginal landscape, 11441.
- Histosol**
phosphorus mineralization, flooded soil, USA, Florida, Everglades; 08170. water retention, soil/vegetation relationship, volcano, mountain soil, Andosol, Rwanda, Bisoke Volcano; 09416.
- HM Inspectorate of Pollution**
environmental protection, integrated pollution control, pollution, UK; 10314.
- HMPO**
groundwater, sludge, isotope dilution gas chromatography, mass spectrometry, quantitative analysis, 10311.
- hoar formation**
brightness temperature, Greenland; 02455. SSM/I, brightness temperature, firm facies, Greenland; 11560.
- hodograph curvature**
updraft intensity, supercell, thunderstorm, cloud model, 02285.
- hoeing**
ploughing, grazing, land use, parent material, soil classification, Benin; 05506.
- hogback**
cuesta, structural control, aridity, morphodynamics, morphogenesis, Turkey, Tunceli; 07790.
- Holbein the Younger, H.**
Coverdale Bible, Maps in Bibles, 03708.
- holding test**
pressuremeter, Fucino clay, consolidation, permeability, 13002.
- Holdridge life zone classification**
vegetation, prediction, climate model, global environment, 12919.
- Holland peat**
Holocene, peat formation, wet soil, Netherlands; 10477.
- hollow cylinder torsional device**
principal stress rotation, sand, stress path testing, 09085.
- Holly-Preissman method**
advection operator, pollutant transport model, computational grid, 03928.
- Holocene (early)**
ice stream advance, last deglaciation, calving margin, iceberg, Canada, Arctic Canada, Hudson Strait; 07935.
- Holocene (late)**
Medieval Warm Period, Little Ice Age, bloom, diatom evidence, Antarctica, Granite Harbor; 02811.
- Holocene**
aeolian activity, pedostratigraphy, relief evolution, pedolith, Vistulian, Poland; 00230. aeolian deposit, cover sand, loess, anthropogenic activity, Weichselian, Denmark; 00222. aeolian episode, dune fossil soil, carbon-14 date, chronostratigraphy, Vistulian, Poland; 00163. aeolian phenomena, loess, Vistulian (late), lithofacies variation, chronostratigraphy, Poland; 00228. aeolian sand, dating technique, IRSI, USA, California, Mojave Desert; 10503. aeolian succession, Younger Dryas Stadial, waterlogging, Weichselian, late glacial, Netherlands; 00221. alluvial deposit, floodplain, fossil soil, Czech Republic, Moravia; 12945. alluvial sand, provenance, aeolian sand, chronology, environmental significance, Falkland Islands, Blue Mountain; 10504. alpine grassland, pollen, environmental history, climate warming, arboreal pollen, China, Xizang, Lake Selincuo; 09210. anthropogenic activity, deforestation, cover sand, dune, fossil soil, Poland, Silesian-Cracow Upland; 00458. anthropogenic impact, human settlement, Torrey pine, estuarine marsh, palaeoecology, USA, California, Santa Rosa Island; 13103. archaeological site, paleosol, micromorphological evidence, soil deterioration, France, Brittany; 06597. archaeology, valley floor, environmental history, dating technique, UK, England, Wiltshire, Kennet Valley; 07901. arkose, hydrothermal alteration, silica cement, Tertiary, Palaeogene, France, Massif Central, Auvergne; 08002. beach ridge, progradational regime, longshore transport, sea level fall, storm, Pacific, (North); Chukchi Sea; 01363. beach ridge, Wellington Fault, radiocarbon dating, uplift, dextral slip rate, New Zealand, North Island, Lower Hutt; 03987. beach rock, coast, storm, sedimentary facies, China, Zhejiang Province; 06714. beach rock, recent sea level history, coastal response, marine transgression, submergence, Bahamas, San Salvador Island; 02820. Bodden graded coast, coastal dynamics, glacial isostasy, sea level rise, Baltic Sea; 07763. bog burst, catastrophic phenomena, blanket bog, terracette, periglacial deposit, UK, Scotland, Shetland Islands; 07809. bronze age, flooding, archaeology, valley fill, fluvial morphodynamics, France, Lorraine, Crevechamps; Moselle River; 06453. Caesium-137, tsunami, earthquake, sand sheet, tidal marsh, Canada, British Columbia; 11908. calcium carbonate, geotechnical property, dredging, sea bottom, cementation, Netherlands; 02878. Canis lupus, wolf, radiocarbon, AMS dating, Canada, Northwest Territories, Ellesmere Island; Canada; 10518. carbon balance, global warming, peat, tundra, Hypsithermal, USA, Alaska; 03859. carbon dioxide, carbon cycling, calcite preservation, lysocline deepening, Antarctica, Byrd Station; 02759. carbon flux, isotopic composition, bottom water, dissolved inorganic carbon, Pacific, Ontong Java Plateau; Emperor Seamounts; 13048. carbonate platform, shelf sediment, continental margin, sedimentation, cool water carbonate, Australia, Victoria, Otway Shelf; 03002. carbonate, grain size, lacustrine stratigraphy, mineralogy, lithostratigraphy, Canada, Saskatchewan, Cypress Hills, Harris Lake; 05176. channel dynamics, permafrost, gelifluction, fluvial sediment transfer, Austria, Alps, Hohe Tauern; 01557. chronological data, climate change, Neolithic culture, stable carbon isotope, pottery, Mali, Sahara; 04067. Cladocera, bottom sediment, late glacial, Poland, Lake Gosciaz; 09183. clay mineral, climate variability, Pleistocene, humidity, arid climate, Indian Ocean, Bay of Bengal; 10443. clay, engineering, bulk density, seafloor sediment, Quaternary, Pacific; 10572. climate change, 09958. climate change, oxygen isotope ratio, pollen, diatom, Quaternary, Japan Sea; Japan; 09151. climate change, stratigraphy, coastal plain, Pleistocene, Argentina, Buenos Aires Province, Faro Querandi; 02773. climate change, subalpine forest, tree establishment, treeline, North America; 10502. climate cycle, limnological history, varved sediment, Medieval Warm Period, Little Ice Age, USA, Minnesota, Clearwater County, Elk Lake; 02806. climate fluctuation, Megathermal, China; 11838. climate record, core, peat, charcoal, vegetation decline, palynology, Australia, Western Australia, Rottnest Island, Barker Swamp; 05296. climate, coastline, wind speed, hurricane, sedimentary structure, USA, Alabama, Lake Shelby; 02961. climate, glacial fluctuation, Little Ice Age, tide water glacier, USA, Alaska, Kenai Mountain; 09204. climate, periodicity, spatial variation, China; 01528. climate, sand dune, vegetation, Canada, Saskatchewan, Great Sand Hills; 02965. climate, vegetation zone, pollen diagram, monsoon circulation, China; 00247. coastal deposit, diatom, biostratigraphic marker, Actinopterygus splendens, Netherlands; Belgium; North Sea; 06596. coastal environment, macrofossil, climate, submarine organic deposit, Sweden; 10510. coastal evolution, barrier split, beach ridge, Little Ice Age, glacioeustasy, sea level rise, USA; 00251. coastal evolution, littoral transport, wave erosion, Wisconsin (late), lake level change, USA, Great Lakes, Michigan; 00115. coastal peat, pollen, diatom, foraminifera, sea level, Spain, Galicia, Coruna, Ria de Ares; 07902. coastal sediment, coastline, organogenous sediments, Germany, Mecklenburg, Hohwacht Bay, Schleswig-Holstein; 06466. coastal sequence, aeolian dune, sea level, palaeoenvironmental interpretation, Spain, Cantabria; 02761. coccolithophore, palaeobiogeography, radiocarbon dating, anthropogenic transport, Santorini ash, Black Sea; 13110. contamination, speciation, UK, Scotland, Galloway, Loch Dee; 00456. continental shelf, sea level, transgression, river mouth, estuary, China, Zhejiang Province, Oujiang River Estuary; 02972. coral reef, sea level highstand, radiocarbon age, delta, fossil reef, USA, Hawaii, Kauai; 00274. coseismic uplift, coral reef terrace, Papua New Guinea, Huon Peninsula; 03986. deglaciation, sea level change, emergence, raised marine shoreline, isostatic uplift rate, Antarctica, Budd Coast, Windmill Islands; 01544. deglaciation, sea level history, tectonics, glacial history, postglacial rebound, Canada, Northwest Territories, Lowther Island; Griffith Island; 07908. delta, channel pattern, avulsion, meandering, sea level rise, Netherlands, Rhine-Meuse Delta; 05428. delta, facies architecture, channel deposit, crevasse splay, aggradation, Netherlands, Rhine-Meuse Delta; 00389. delta, geomorphological study, fluvial sedimentary environment, palaeochannel, Little Ice Age, France, Bouches-du-Rhone, Rhone Delta; 09039. Delwijn Member, Twente Formation, Quaternary, Kreftenheye, Wijchen Member, Netherlands; 09147. depositional history, erosion surface, fluvial erosion, Wisconsin (late), delta evolution, Gulf of Mexico; 00179. depth limit, palaeoenvironmental analysis, salinity data, temperature data, marine record, mollusc, UK, Scotland; Atlantic, (North); 07854. diatom analysis, geochemical analysis, trophic state, productivity, palaeolimnology, Sweden, Lake Sambojsoj; 02808. diatom stratigraphy, correspondence analysis, glacial refugium, Wisconsin, Canada, Northwest Territories, Baffin Island, Amarok Lake; 14253. diatom, chrysophyte cyst, protozoan plate, palaeoecology, peat deposit, Greenland, Nordvesto; 13079. diatom, coastal deposit, palaeotide, salinity, sea level, Netherlands, Poortvliet; 05431. diatom, varved sediment, prairie, logging, palaeolimnology, USA, Minnesota, Clearwater County, Elk Lake; 02804. differential submergence, sediment loading, Santee Delta, hypsithermal highstand, sea level change, USA, South Carolina, Murrells Inlet; 00262. displacement, palynology, Arctic treeline, Canada, Northwest Territories, Reindeer Lake; Sleet Lake; Canada, Northwest Territories, Bluffer's Pingo; 06573. ecology, Sphagnum imbricatum, peat, climate modelling, Sphagnum magellanicum, UK; 01464. ecosystem management, palaeoecology, natural resource, archaeology, Pleistocene, Bolivia, High Andes, Lauca National Park; 01749. Eem interglacial, dimethylsulphide, methanesulphonate, sulphate, ice core, oceanic emission, Greenland; 01460. Eemian, interglacial sediment, palaeoenvironment, correlation, benthic foraminifera, North Sea; 04056. elevation change, climate change, ice sheet geometry, ice age, numerical modelling, Greenland; 09247. environmental change, diatom, palaeoecology, lagoon, Argentina, Buenos Aires, Mar Chiquita Lagoon; 13268. environmental change, mineralogy, geochemistry, varved sediment, prairie, USA, Minnesota, Elk Lake; 02960. environmental change, Quaternary megafauna, hypersaline pond, desiccation, aridity, Madagascar; 00209. environmental conditions, palaeohydrology, peat formation, Spain, Galicia, Coruna, Sierra do Bocelo; 07903. eustasy, isostasy, pollen, diatom, sea level, Canada, Nova Scotia, Cape Breton Island; 04113. fault scarp, en echelon scarp, basalt, earthquake hazard, normal faulting, USA, California, Cascade Range, Hat Creek; 09070. fire, grassland species, micromammal assemblage, environmental change, Kenya, Rift Valley, Mau Escarpment, Enkapune Ya Muto Rockshelter; 13109. flood, sediment supply, mining, braided river, gravel, UK; 04239. floodplain, radiocarbon dating, palaeoflood analysis, alluvial channel, USA, Oklahoma, Black Bear Creek; 07748. fluctuation, bottom current, mudwave field, velocity variation, Pleistocene, Atlantic, (South), Argentine Basin; 01472. fluvial deposit, soil formation, floodplain, heavy metal, pollution, Netherlands, Rhine River; Meuse River; 00446. fluvial environment, stable isotope record, Corbicula subulcata, Yuanshan shell mound, Taiwan, Taipei; 00248. fluvial system, vertical aggradation, sampling strategy, radiocarbon dating, Netherlands, Rhine-Meuse Delta; 01526. fluviocolluvial sediment, geomorphodynamics, anthropogenic activity, vegetation removal, Nigeria, Gongola Basin; 00246. foraminifera, halocline, grained sediment, organic carbon, grain size, North Sea, Kattegat; 06754. foraminifera, ostracod, radiocarbon age, mollusc, fossil shell, Japan, Honshu, Fukui Prefecture, Takahama-cho; 02826. general circulation pattern, tree limit, glacier variation, climate change, lake level variability, France; 06552. geochemical evolution, salinity, meromixis, palaeoclimate, USA, South Dakota, Medicine Lake; 14288. geochronology, Bolling, Older Dryas, Allerod, Younger Dryas, Byelorussia, Polesie Lowland; 10514. geochronology, vegetation, climate, Kirgilyakh, Kargin Interval, Russian Federation, Siberia; 10433. geodynamics, subsidence rate, neotectonics, Slovakia; 11688. geomorphology, delta, prodelta, fluvial sediment, Atalaya Formation, Argentina, Parana Delta; Rio de la Plata; 02976. geomorphology, morphological structure, cliff, fossil beach, Spain, Bidasoa Estuary, Jaizibel; 12954. glacial advance, moraine formation, Little Ice Age, Svalbard, Edgeoya, Albrechtsbreen; 01521. glacial facies, seismic stratigraphy, continental margin glaciation, levee, Canada, Scotian Rise; Atlantic, Scotian Rise; 09154. glacial sculpture, emergence, radiocarbon age, Canada, Northwest Territories, Ellesmere Island; Baffin Bay; 09205. glacier fluctuation, climate variability, Hypsithermal interval, Little Ice Age, late glacial, Norway; 07893. glacier variation, mudflow, lichenometric dating, radio-

carbon dating, Kirghizia, Tian Shan, Aksay Valley; 10516. glaciomarine sedimentation, continental margin, ice rafted debris, surface water productivity, Pleistocene, Greenland, East Greenland, Scoresby Sund; 00176. gravel, sand, sea level change, beach deposit, barrier, transgression, New Zealand, South Island, Canterbury, Ashley River; Kowai River; 06746. growth history, reef complex, carbonate margin, sea level record, dating technique, Australia, Western Australia, Houtman Abrolhos Reefs, Easter Group; Indian Ocean; 07915. hemlock decline, paludified dune field, macrofossil, tree ring evidence, forest succession, Canada, Quebec; 00218. high sea stand, aminostratigraphy, Patella, Harounian, Ouljian, Morocco, Atlantic Coast; 09217. hillslope evolution, soil landscape, hummocky moraine, postglacial, loess, Canada, Saskatchewan, Frontier, Ham Site; 14287. hyperarid environment, pollen analysis, lake core, groundwater, Sudan, Sahara, Oyo; 10511. hypersaline lake, drought, pollen analysis, environmental change, palaeohydrology, Canada, Alberta; 00217. ice age initiation, Last Glacial Maximum, modelling, palaeoclimate, GCM, 05276. ice marginal deposit, groundwater spring, deglaciation history, Norway, Hedmarksvidda, Hedmark, Astalden; 09062. ice volume, marine sediment, dissolution, sediment/water interface, carbonate, Pacific; 01625. illite, chlorite, bottom sediment, pollution, sedimentation, Norway, Oslofjord; North Sea, Skagerrak; 04045. intertidal deposit, sea level, stratigraphy, Chile, Isla Chiloe; 13117. isostatic uplift, beach ridge, lake level, North America, Great Lakes; Canada; USA; 14403. lagoon, clay mineral, vibrocoring, Portugal, Vouga Estuary, Ria de Aveiro; 04254. lake level change, insolation, climate control, Europe; 01524. lake level change, radiocarbon dating, isostatic tilt, pollen analysis, Canada, Ontario, Rice Lake; 13097. lake level fluctuation, climate change, loess, climate optimum, paleosol, China, Qinghai Lake; 04109. lake level fluctuation, glacier movement, climate change, atmospheric carbon-14, solar influence, Switzerland, Alps; Austria, Alps; France, Jura; 00173. lake sediment, palaeoenvironmental reconstruction, soil development, magnetite, mineral magnetism, Sweden, Lappland, Karsa Valley; 00223. lake, raised bog, hydrosere, acidification, biostatigraphy, Finland; 02809. lamina, lake sediment, tephra, Germany; 01695. landscape stability, fluvial erosion, postglacial evolution, semiarid plain, Canada, Prairies; 01377. landslide, mass movement, radiocarbon dating, Poland, Carpathians, Pieniny Mountains; 09125. Last Glacial/Interglacial cycle, palaeohydrology, palaeoclimatology, upwelling, pollen, Morocco; Atlantic, (North); 11797. last glaciation, pollen record, Kawakawa Tephra, palaeoclimatology, New Zealand, North Island, Wellington; 05286. late glacial, aeolian activity, roundness, frosting, quartz grain, Belgium; Poland; Sweden; 01693. late glacial, ice flow, field guide, sea level change, Quaternary, UK, Scotland, Shetland; 09172. late glacial, palaeoclimate interpretation, pollen record, numerical approach, USA, Minnesota, Clearwater County, Elk Lake; 02741. late glacial, pollen analysis, core, Younger Dryas, Poland, Lake Gosciaz; 09182. late glacial, varve chronology, laminated sediment, Poland, Lake Gosciaz; 09180. Lauenburg clay, salt dome, Quaternary sequence, Germany, Gorleben; 11816. lengthening, distension, neotectonics, Djibouti, Afar; 11690. lowland, marine terrace, radiocarbon age, environmental change, Japan, Kanto, Miura Peninsula, Hirasaku River; 14147. lysocline, carbonate bank, strontium, aragonite, mud, Atlantic, Great Bahama Bank; 02902. malacofauna, Shannon diversity index, climate warming, mollusk assemblage, environmental evidence, France, Burgundy; 04105. man, palaeoclimatic evolution, late glacial, Spain, Andalusia, Cadiz; 10467. mangrove, zonation, sea level change, geomorphology, tidal flat, Micronesia, Pohnpei Island; Philippines, Pagbilao; 00397. marine carbonate, shallow water carbonate, paleosol, platform, exposure surface, 08023. marine environment, benthic foraminifera, lateral transport, foraminifera record, North Sea; 00180. marine sediment, environmental change, Baltic Ice Lake, high resolution record, late glacial, Sweden, Goteborg; North Sea, Skagerrak; North Sea, Kattegat; 11792. marine sediment, magnetic susceptibility, provenance, Canada, Northwest Territories, Frobisher Bay; 07852. marine sediment, radiocarbon, chronology, sapropel, Black Sea; 11874. marine terrace, uplift, deformation, New Zealand, North Island, Mahia Peninsula; 09220. meandering river, sea level, anastomosing river, aggradation, subsoil, Netherlands, Rhine-Meuse Delta; 02978. meandering, braiding, floodplain, fluvial geomorphology, Poland, Lodz Plateau, Moszczanica River; 11657. Megathermal maximum, climate, environment, China; 11837. Mesolithic, pollen, chalk grassland, palaeoecology, anthropogenic impact, sedimentary sequence, UK, England, Yorkshire, Wolds, Willow Garth; 00244. mesotrophic lake, numerical method, pH variation, eutrophic lake, Sweden, Trummen Lake; 10509. Mississippian, carbonate, reservoir, Ste. Genevieve Limestone, oolite, Pleistocene, USA, Illinois; 04187. mollusc, alluvium, sedimentation rate, palaeoecology, Canada, Manitoba, Red River; 06729. moraine chronology, lichenometric evidence, Neoglaciation advance, Little Ice Age, Svalbard, Spitsbergen; 01520. mud, erosion, soil erosion, pebble, sediment yield, South Africa, Cape Province, Algoa Bay; Sundays River; South Africa, Cape Province, Swartkops River; 01701. neotectonics, littoral spit, marine transgression, sea level change, shoreline, Persian Gulf; United Arab Emirates, Umm Al-Qowayn Lagoon; 06607. neotectonics, transverse fault, accumulation, subsidence rate, Middle East, Dead Sea; 01681. oolite, ooid shoal, carbonate, Mississippian, Quaternary, 04175. ostracod fauna, foraminifera, palaeoenvironmental reconstruction, Breydon Formation, UK, England, Norfolk; 05314. ostracod, marine chemistry, salinity, palaeoenvironmental indicator, Asia, Aral Sea; 04108. oxygen isotope stratigraphy, Last Glacial, palaeoclimate reconstruction, precipitation, Last Interglacial, Australia; 00213. oxygen isotope variability, climate change, stable isotopic evidence, Pleistocene, USA, Texas, Aubrey Clovis Site; 10465. palaeoceanography, diatom, thanatocenoses, Productivity Assemblage, nutrient flux, Bering Sea, Pervenets Canyon; 05290. palaeoclimate, peat stratigraphy, climate sensitivity, record continuity, 10424. palaeoecology, foraminifera, ostracod, radiocarbon dating, Weichselian, North Sea, Kattegat; 07874. palaeoenvironment, Boreal, Little Ice Age, borehole, archaeology, France, Isere, Bas-Dauphine, Balmes Viennoises; 07904. palaeoenvironment, environmental change, pollen analysis, Japan, Honshu, Ibaraki Prefecture, Sakuragawa Lowland; 06584. palaeoenvironment, palynology, vegetation, Congo, Niari Valley, Lake Sininda; 14249. palaeoenvironment, playa, deflationary basin, pollen analysis, Australia, Victoria, Lake Tyrrell; 11808. palaeoenvironmental implication, Neolithic, water well, underwater archaeology, Israel, Atlit-Yam; 04071. palaeoenvironmental reconstruction,

seasonal alternation, internal structure, stalagmite, 05249. palaeohydrology, anthropogenic impact, underfit river, discharge change, late glacial, Byelorussia, Zapadnaya Beresina Valley, Volozhin; 06457. palaeosalinity, climate implication, Holocene drought, lake level, late glacial, Canada, Alberta, Fairfax Lake; Goldeye Lake; Canda, Alberta, Moore Lake; 00169. palaeosalinity, microfaunal assemblage, salinity change, mangrove peat, Maya wetland, Belize, Cobweb Swamp, Colha; 09207. paleosol, palaeogeography, radiocarbon age, humus, Pleistocene, Ukraine, Crimea, Kerch Peninsula, Aktash Range; 09133. peat formation, wet soil, Holland peat, Netherlands; 10477. peat, mud, late glacial, basin, stratigraphy, Germany, Biesenthal Basin, Barnim; 06736. permafrost, lake deposit, subaquatic freezing, Pleistocene, Bolivia, Andes, Altiplano; 07920. plant remains, upwelling cold water, radiocarbon date, palaeoclimate, Mexico, Sonora, Sierra Bacha; 09206. Pleistocene (late), comparative study, Nile sediment, Gezira, delta, Egypt, Nile Delta; 00268. Pleistocene (late), global warming, Aswan High Dam, erosion, subsidence, 00267. Pleistocene, lunette dune, aeolian process, pan, Namibia, Hakskeen Pan; Etosha Pan; 04249. Pleistocene, organic material, carbon-13, lake sediment, Sweden; 04083. Pleistocene, sand, wind, fossil, Hungary, Zagya River, Hay-tanya; 11956. Poa pratensis, Euphrasia frigida, climate change, caribou, summer grazing, Greenland, West Greenland, Kangerlussuaq; 11824. podzol, esker, permafrost, dune dynamics, cryoturbation feature, Finland, Lapland, Hietatievat; 07929. pollen analysis, anthropogenic impact, vegetation history, Japan, Honshu, Sagami Plain, Uta River; 01498. pollen analysis, palaeoenvironment, extinction, vegetation change, lake level change, Madagascar, Lake Mitsinjo; 10512. pollen analysis, palaeogeographical change, geomorphological map, Suna Site, terrace, Japan, Honshu, Osaka Plain; 10393. pollen analysis, relict forest, Araucaria, palaeoclimate, Brazil; 14247. pollen diagram, radiocarbon date, vegetation history, Antarctica, Antarctica Peninsula, South Shetland Islands, King George Island; 01529. pollen stratigraphy, treeline, land use, anthropogenic impact, Italy, Apennines, Appennino Parmense; 13108. pollen, mollusc, ostracod, lake marl, climate change, UK, Wales, Powys, Llangorse Lake; 01525. pollen, proxy indicator, coleoptera, timberline, palaeoenvironment, France, Isere, Taillefer Massif; Isere; 04106. postglacial, vegetation history, pollen record, aridity, climate change, Canada, Alberta, Mariana Lake; 14251. precipitation pattern, pollen, lake level data, climate reconstruction, Europe; 04104. precipitation reconstruction, palynology, rainfall estimation, hyrax dung, South Africa, Cape Province, Middelburg; 04432. primary production, chemocline, bacteria, historical record, Black Sea; 05395. provenance, heavy metal, mining, deforestation, alluvium, UK, England, Tyne Valley; 11899. Pygocelis adeliae, glacier retreat, palaeoclimate indicator, penguin rookery, Antarctica, Victoria Land Coast; 07906. Quaternary, engineering geology, sea level, Netherlands; 11755. Quaternary, review, sedimentary history, Saalian, Eemian, Weichselian, North Sea, Kattegat; 07856. radiocarbon age, coastal change, beach ridge, uplift rate, Chile, Norte Chico; 05318. radiocarbon dating, forest/steppe transition, pollen, charcoal, Nothofagus, Chile, Tierra del Fuego, Isla Grande; Argentina, Tierra del Fuego, Isla Grande; 07870. radiocarbon dating, geochronology, Pleistocene, Russian Federation, Ufa; 10434. radiocarbon dating, palaeohydrology, palaeochannel, discharge estimation, palaeoclimate, Thailand, Yom River, SiSatchanalai; 10517. radiocarbon dating, palaeomagnetism, magnetic susceptibility, Russian Federation, Karelia, Paanajarvi Lake, Pajanne Lake; Finland, Pajanne Lake; 13111. radiocarbon dating, tephrochronology, volcanic activity, Russian Federation, Kamchatka; 10436. rainfall, river discharge, El Nino, ice cap, Brazil; Peru; 00243. relief, Quaternary (late), orogeny, morphotectonic activity, neotectonics, China, Tian-Shan; Tadzhikistan, Pamirs; 05204. river channel, loess, progradation, suspended sediment, delta, China, Shandong, Yellow River Delta; 01699. sabkha, aragonite, magnesium, dolomitization, calcium, United Arab Emirates, Abu Dhabi; 01634. salt marsh, estuary, sea level rise, sedimentation, land use, Canada, Nova Scotia, Chezzetcook Inlet; 04260. sand dune, stratigraphy, Moriori settlement, archaeology, New Zealand, Chatham Island; 11839. sandur, braided river, runoff, sediment supply, alluvial plain, Iceland, Solheimasandur; Skeidarsandur; 03013. sea level change, archaeological site, palaeogeography, Aegean Sea; 09216. sea level change, coastal uplift, marine limit, radiocarbon date, Japan, Honshu, Izu Peninsula; 01540. sea level change, earthquake, radiocarbon dating, uplift, marine terrace, Japan, Honshu, Noto Peninsula, Higayawa Lowland; 01539. sea level change, estuarine deposit, microfossil analysis, radiocarbon dating, depositional sequence, UK, Scotland, Forth Valley; 01534. sea level change, radiocarbon age, tectonic uplift, Canada, British Columbia, Vancouver Island; 04112. sea level fluctuation, archaeology, climate change, South Africa, Cape Province, Tortoise Cave; 07912. sea level rise, coastal inundation, sea level change, coastal management, UK; 03969. sea level, climate history, radiocarbon dating, chronostratigraphy, tidal wetland, USA, Delaware, Delaware, Wolfe Glade; 00260. sea level, coast, sea cave, geomorphology, India, Andhra Pradesh, Visakhapatnam Coast; 06608. sea level, crustal movement, subsidence, uplift, UK, England, Kent; Teesside; UK, England, Northumberland; 05197. sea level, Devensian, Main Lateglacial Shoreline, Main Postglacial Shoreline, radiocarbon dating, UK, Scotland, Arisaig, Rumach; 09213. sea level, mass movement, marine clay, slope failure, Japan, Tokyo Bay; 11764. sea level, regional tectonics, continental slope, fluvial sedimentation, gravity current, Indian Ocean; 00184. sea level, transgression, coral reef, palaeontology, beach, India, Maharashtra, Ratnagiri District; 04267. sediment core, marine/brackish water, salinity variability, freshwater, diatom stratigraphy, lake, Antarctica, Horseshoe Island; 01530. sediment flux, radiocarbon, thorium-230 excess, Atlantic, (North); 06558. sediment load, longshore drift, turbidity, sedimentation, sea level, Gulf of Mexico, Mississippi Fan; 01614. sedimentary environment, coastal deposit, sea level change, palaeoenvironment, diatom, Netherlands, North Holland; 14289. sedimentary environment, tide water glacier, reworking, estuary, Devensian (late), UK, Wales, Barmouth Bay; 10380. sedimentary record, palaeoflood, slackwater deposit, Australia, Western Australia, Margaret River; Fitzroy River; 12947. sedimentation, palaeoenvironment, sediment transport, North Sea, Skagerrak; 00306. seismicity, neotectonics, bioindicator, Mediterranean; 13123. sequence stratigraphy, Songwe Sequence, piston core, low lake level, erosion rate, Malawi, Lake Malawi; 09164. shaved shelf, carbonate platform, continental margin, seafloor, Australia, Great Australian Bight, Eucla Shelf; 13281. shoreline change, Vermetid,

- neotectonics, beach rock, Syria; 10386. shoreline evolution, sea level change, intertidal peat, freshwater marsh, peat, Ireland; 11843. shoreline, delta, sea level, sediment supply, sequence stratigraphy, USA, Mississippi Delta Plain; 02975. shoreline, raised shoreline, uplift rate, Greece, Perachora Peninsula, Corinth; 10400. shoreline, sediment budget, erosion, deposition, North America, Great Lakes, Lake Michigan; 14405. slip rate, fault kinematics, strike/slip fault, topographic measurement, displacement morphology, Ecuador, Andes; 07784. slip rate, Garlock Fault, offset, geodetic data, USA, California, Searles Valley; 02695. snow avalanche, lichenometry, Little Ice Age, avalanche landform, modelling, Norway, Jostedal; 02830. snowfall, cirque, Little Ice Age, glacier, Spain, Pyrenees; 09233. speleothem, annual layer, aragonite, calcite, cave water, Botswana, Ngamiland District, Gwihaba Hills, Drotzky's Cave; 07984. steppe region, pollen spectra, subatlantic period, Georgia; 11820. stratigraphic analysis, delta, subsidence rate, depocentre geometry, China, Jiangsu, Yangtze Delta; 00131. stratigraphy, carbonate island, aeolian activity, sea level change, amino acid racemisation, Bahamas, San Salvador Island; 00122. stratigraphy, humification, palaeohydrology, raised bog, peat, Finland, Pesansuo; 04107. stratigraphy, proglacial lake, glacioisostasy, alluvial fill, alluvial fan, Canada, Alberta, Province Park, Falcon Valley; 09037. stratigraphy, subduction zone, tidal marsh, submergence, USA, Oregon; 00255. Strombus bubonius, tectonic activity, sea level, Last Interglacial, interglacial, Mediterranean; 00205. Subboreal, Subatlantic, aeolian deposit, TL dating, Norway, Stavanger, Sola; 10595. submarine terrace, continental shelf, sea level change, India; 11846. subsidence rate, radiocarbon date, sea level rise, archaeology, Egypt, Nile Delta; 01537. subsidence, graben, delta, Greece, Thessaloniki-Giannitsa Graben; 10401. sunspot cycle, annual, growth banding, cave, stalagmite, UK; 04046. Tardiglacial, Preboreal, Subboreal, palynology, alluvial plain, France, Ardennes, Meuse River; 10508. temperature, lake, stable isotope study, lake sediment, organic matter, isotope record, USA, Minnesota, Clearwater County, Elk Lake; 01687. tephra sequence, Egmont Volcanic Centre, Tongariro Volcanic Centre, correlation, New Zealand, North Island, Hawke's Bay, Lake Tutira; 04085. tephrochronology, outlet glacier, moraine system, late glacial, Chile, Patagonia, Torres del Paine National Park, Grey Glacier; 04130. terrace, fluvial activity, Niederterrassen, floodplain, Germany, Isar River; Danube River; Germany, Weser River; Germany, Main River; Germany, Rhine River; 06455. thermal trend, tree limit history, orbital forcing, treeline, Sweden, Scandes Mountains; 02807. thermokarst, coastal plain, dune development, sea level, Canada, Northwest Territories, Tuktoyaktuk Peninsula; 06738. tidal flat, sea level, transgression, littoral barrier, coastal plain, Argentina, Buenos Aires; 02982. tidal resonance, estuarine sedimentation, laminated mud, stratigraphy, USA, Massachusetts, Boston, Back Bay; 00120. TL dating, palaeoflood, Australia, Northern Territory, Ross River; 04110. transgression, coarsening-upward trend, isostatic rebound, Norfolk moraine, coastal morphology, Canada, Ontario, Lake Erie; 00113. transgression, coastal development, dune migration, chronological evidence, Australia, New South Wales; 03974. transgression, coastline, sea level rise, marsh aggradation, tide gauge data, Canada, Nova Scotia; 07756. transgression, geochemical investigation, micropalaeontology, hydrographic change, North Sea, Kattegat; 07905. transgression, marine limit, radiocarbon dating, Russian Federation, Franz Josef Land, Alexandra Land; 13124. transgression, palaeoecological data, geomorphology, sedimentology, Spain, Galicia, Coruna, Ria de Ares, Sessele Lagoon; 07910. transgression, palaeogeography, radiocarbon, chronology, Black Sea; Caspian Sea; 10432. transgression, pollen analysis, palaeoclimate, coastal formation, Russian Federation, Lake Ladoga; 00269. transgression, regression, pedology, deltaic landform, Vietnam, Mekong Delta; 09335. Triassic, Dolomia Principale, seawater, dolomitization, carbonate shelf, Italy; United Arab Emirates, Abu Dhabi; 14369. tufa decline, travertine; deforestation, anthropogenic impact, climate change, Europe; 01523. uplift pattern, shoreline dislocation, trend surface, glacioisostasy, Devension (late), UK, Scotland; 05196. uplift rate, isostatic rebound, shell bed, radiocarbon dating, raised beach, Chile, Andes of Chiloé; 05195. valley fill sediment, erosion rate, physicochemical property, erosion process, badland, Spain, Ebro Basin; 01349. valley floor, late glacial, lithofacies, alluvial plain, Poland, Carpathian border, Raba River; 04084. varve chronology, magnetic susceptibility, lake stratigraphy, USA, Minnesota, Clearwater County, Elk Lake; 02736. varve record, vegetation history, lake sediment, climate change, USA, Minnesota, Clearwater County, Elk Lake; 02802. varve, high resolution record, annual lamination, lacustrine sediment, late glacial, Poland, Lake Gosciaz; 07882. varved sediment, oligotrophy, biomass, fossil pigment, USA, Minnesota, Clearwater County, Elk Lake; 02803. vegetation history, boreal forest, climate change, shrub/tundra transition, Canada, Quebec; 02801. vegetation history, climate change, montane forest, environmental change, pollen record, Uganda, Ahakagyezi Swamp; 06569. vegetation history, late glacial, peatland, UK, Scotland, Caithness, Flow Country; 13068. vegetation, climate, anthropogenic impact, pollen analysis, lake core, Tanzania, Lake Tanganyika; Zaire, Lake Tanganyika; 04069. vegetation, environmental history, sea level rise, fire, climate variability, Australia, Victoria, Cranbourne; 02810. vegetation, sea level change, aboriginal land use, coastal wetland, Australia, New South Wales, Kurnell Peninsula, Kurnell Fen; 09218. vegetation, sea level change, lake stratigraphy, swamp, stratigraphic record, Cook Islands, Mangaia; 10522. vegetation, treeline, grassland, pollen analysis, fire, Australia, Tasmania, Central Plateau, Camerons Lagoon; 13113. vegetational history, climate change, Younger Dryas, late glacial, Eurasia; 06580. vegetational history, palaeosalinity, pollen, ostracod, foraminifera, Tunisia, Garaet el Ichkeul; 04066. Weichselian, interstadial, pollen, marine deposit, coastal plain, France, Nord, Watten; 00264. Weichselian, marine sediment, foraminifera, pollen, radiocarbon date, North Sea, Kattegat; 07875. Wisconsinan, sand spit, littoral drift, palaeolimnology, glacial lake, USA, Illinois, Lake Michigan; Indiana, Lake Michigan; 12949. Wurm, lacustrine sediment, organic sedimentation, climate variability, France, Haute-Loire; 05301. Wurmian, palynology, Palaeolithic, cave sediment, palaeoclimatology, Spain, Catalonia, Gerone, Serinya, Arbreda Cave; 00204. Younger Dryas, benthic foraminifera, palaeoceanography, water mass, Antarctic Bottom Water, Labrador Sea; 14233. Younger Dryas, pollen diatom, Canada, Newfoundland, Terra Nova National Park, Pine Hill Pond; 11811. Younger Dryas, radiocarbon date, pollen stratigraphy, late glacial, Italy, Ligurian-Emilian Apennines; 13051.
- Holocene Climatic Optimum**
biotic refugia, dispersal, palaeoecology, Svalbard, Spitsbergen, Barentsburg, Grondalen; 06602.
- Holocene deposit**
Breydon Formation, Flandrian transgression, palaeoenvironment, micro-biozonation, microfossils, UK, England, Norfolk; Suffolk; 05315.
- Holocene drought**
lake level, late glacial, Holocene, palaeosalinity, climate implication, Canada, Alberta, Fairfax Lake; Goldeye Lake; Canda, Alberta, Moore Lake; 00169.
- Holocene emergence**
Quaternary geology, glacial history, Eclipse glaciation, relative age, Neoglacial, Canada, Northwest Territories, Bylot Island; 02789.
- Holocene evolution**
soil, landscape, micromorphology, pedogenesis, 05294.
- Holocene faulting**
Wasatch fault zone, vertical offset, ground rupture, USA, Utah, Kaysville; 09071.
- Holocene groundwater**
recharge, stable isotope enrichment, palaeowater, Floridan aquifer system, USA, Georgia; Atlantic Coastal Plain; 07863.
- Holocene motion**
neotectonic uplift, slip rate, right lateral fault, Talas-Fergana fault, Quaternary, Asia, (Central); China; Kirghizstan; 01400.
- Holocene optimum**
Last Interglacial, Pliocene, global climate reconstruction, seasonal temperature, annual precipitation, 07842. palaeovegetation, future warming, precipitation estimate, climate change, Russian Federation, Siberia; 09186.
- Holocene prairie lake**
solar geomagnetic event, climate variability, postglacial lake, climate forcing, varve chronometer, USA, Minnesota, Clearwater County, Elk Lake; 02735.
- Holocene record**
ice fluctuation, winter precipitation, tide water glacier, calving dynamics, Chile, Patagonia, San Rafael Glacier; 04129.
- Holocene sediment**
glacial lake, Tyrrell Sea, seismostratigraphy, sedimentology, Canada, Quebec, Grande Riviere de la Baleine; Hudson Bay; 07853.
- Holocene transgression**
palaeogeography, sedimentary sequence, Olduvai Subchron, transgressive bed, delta, 09159.
- Holsteinian**
marine formation, oxygen isotope stage 9, thorium dating, France, Nord, Herzele; 02733. Naakenavaara interglacial, peat deposition, till, pollen diagram, interglacial environment, Finland, Lapland; 00225. Quaternary, Elsterian, Saalian, glacial stage, Weichselian, Germany, (East); 07894.
- Holsteinian Interglacial**
Alexandrian flora, exotic plant, seed, nutlet, Poland; Belarus; 11818. extinct plant, Aracites interglacials, fossil seed, Russian Federation; Poland; Belarus; Ukraine; 11819.
- Homeb Silt Formation**
flood deposit, aridity, Pleistocene (late), palaeosol, ichnofacies, Namibia, Kuiseb River; 00292.
- homogeneity**
precipitation, trend, Argentina, Buenos Aires; 06003. time series, rainfall, temperature, climate change, 08629.
- homogeneity test**
precipitation series, Norway; 14925.
- homogeneous dispersion**
particle motion, suspended particle, Stokes flow, prolate spheroid, 03236.
- homogeneous isotropic process**
geostatistics, gravity field, covariance function, Kriging, 01103.
- homogeneous nucleation**
vapour phase, molecular model, 09924.
- homogenisation**
trend detection, broken series, ultraviolet, solar UVB data, ozone trend, New Zealand; 05886.
- homogenisation analysis**
diffusion, adsorption, macrotransport, porous media, 02644.
- honey mesquite**
tree, bioindicator, copper smelter, emission, USA, Arizona; 11352.
- honeydew**
insect, ash whitefly, particulate, USA, California; 03610.
- hopane**
sterane, diagenesis, organic matter, bitumen ratio, silica, Japan Sea; 13246.
- hopene**
carbon isotope, lake sediment, biolipid, aquatic organism, methane cycle, bacteria, UK, England, Lake District, Priest Pot; 14388.
- Hopf bifurcation**
attractor, precipitation, cloud water, cloud physics, structural stability, 00996.
- horizontal angle observations**
least squares adjustment, 11390.
- horizontal beam radiation**
global radiation, clearness index, solar radiation, correlation, Israel, Beer Sheva; 14815.
- horizontal component**
radiation sensor, solar radiation, 08497.
- horizontal coordinates**
mesoscale model, sea/land breeze, shoreline-following, 02236.
- horizontal density gradient**
estuary, surface front, tidal mixing front, plume front, shear front, buoyancy driven flow, 01977.
- horizontal displacement**
mini-inclinometer, vertical displacement, settlement, 03990.
- horizontal gradient**
MAMS, VISSR Atmospheric Sounder, Earth-atmosphere system, atmospheric moisture, 01167.
- horizontal integration**
channel hydraulics, open channel flow, discharge estimation, flow velocity, 13480.

- horizontal motion**
distributed deformation, inversion, strain rate data, earthquake, fault, Asia; 01443.
- horizontal pressure gradient**
pressure gradient force, sigma coordinates, truncation error, 11209.
- horizontal resolution**
ocean surface, heat flux, resolution, ECMWF model, 08554.
- horizontal strain**
crustal movement, geodetic data, displacement vector, geodetic network adjustment, 07540.
- horizontal stress**
foundation, settlement, soil base, 11734.
- horizontal surface**
diffuse radiation, India, Madras; 08494.
- horizontal variability**
area averaging, boundary layer, desertification, energy flux, evaporation, Spain, Castilla-La Mancha; 05921.
- hornblende**
solute concentration, bulk dissolution rate, etching rate, feldspar, 07740.
- horse**
mountain trail, outdoor pursuit, environmental impact, erosion, hiker, USA, Montana, Gallatin National Forest; 11771.
- Horseshoe Atoll Complex**
Carboniferous (late), porosity classification, carbonate, USA, Texas, Midland Basin, Reinecke Field; 01580.
- horseshoe vortex**
scour, glacial landform, subglacial erosion, erosion mark, drumlin, 14265.
- Horton Bluff Formation**
sediment failure, clastic dyke, shallow lake, Carboniferous, Devonian, Canada, Nova Scotia; 01600.
- Horton overland flow**
rainfall/runoff, soil moisture storage, soil erosion, loess soil, runoff generation, Netherlands, South Limbourg; 10919.
- Horton's law**
bifurcation ratio, stream length ratio, stream area ratio, fractal dimension, stream network, 00635. fractal dimension, morphometry, channel network, DEM, 07626.
- Horton's stream ratio**
erosion, surface runoff, fractal analysis, drainage network, Richardson method, 12205.
- hot boundary layer**
model, aircraft, nitric oxide, emission, viscous boundary layer, hypersonic aircraft, stratosphere, 06106.
- hot lava**
thermal radiance, volcano monitoring, volcano monitoring, Bay of Bengal, Andaman Sea, Barren Island Volcano; 03777.
- hot spot mantle diapirism**
geology, deformation, seafloor, wide swath image, GLORIA, Pacific, Tonga Trench; Western Samoa; 00192.
- hot spring**
aragonite, SEM image, bacteria, travertine, diagenesis, Italy, Viterbo; 05401.
- hot surface**
laser, range finder, 04840.
- hot water aquifer**
geothermal reservoir, groundwater temperature, geothermal energy production, karst aquifer, Turkey; 00785.
- hot water percolation**
extraction method, 13315.
- Hotan-Qira Fault System**
slope decline, slip rate, tectonics, terrace riser, fault scarp degradation, China, Xinjiang, Kunlun Mountains; 06490.
- hotspot**
stratovolcano, volcanic landform, extraterrestrial geology, igneous petrology, Earth; Moon; Mercury; Mars; Venus; 14177. volcanic ridge, GLORIA, sidescan sonar, swath bathymetry, Atlantic, (North); Iceland, Reykjanes Ridge; 09054.
- Hough normal mode**
transient wave, ECMWF analysis, Rossby wave, 11180.
- Hough transform**
aerial photography, fiducial mark, 03667. extraction, linear element, geological lineament, 02481. shape analysis, parallel implementation, 03688. signal detection theory, moving target, geostationary satellite, 07474. voting kernel, 03689.
- hourly demand**
pattern recognition, water management, water demand forecast, Israel; 09783.
- hourly distribution**
solar radiation, diffuse solar radiation, global radiation, Nigeria, Lagos; 12428.
- house construction**
soil gas, indoor radon, radon, geological dependance, India, Uttar Pradesh, Doon Valley; Dehradun; 08978.
- house depressurization**
residential air, radon concentration, water source, indoor air quality, USA, Michigan; 10295.
- household hazardous waste**
waste stream analysis, rural landfill, hazardous material, municipal landfill, Canada, Alberta; 02601.
- Hoxnian**
palynology, Pleistocene, Rhododendron ponticum, climate deterioration, interglacial, Ireland, County Mayo, Castlebar, Burren Townland; Derryna-divva; 11813. till, lacustrine clay, ice margin, drainage system, Anglian stage, UK, England, Suffolk, Shottisham; Eyke, Rookery Farm; 00238.
- HPLC**
amino acid synthesis, anoxic lake, chromatography, spectrometry, Japan, Nakanoumi Lake; 13554. fatty acid, plankton, 11873. PAH, river water quality, fluorescence detection, Europe, Danube River; 09657. particulate matter, seawater, brackish water, monosaccharide, 00344.
- HRV**
land cover, information content, SPOT, 05019.
- Hudson's Bay Company**
fur returns, lynx cycle, climate change, tree growth index, 04742.
- Hughes reconnaissance**
survey, legal, reconnaissance, USA, Mississippi River; 06199.
- human**
NCSOIL, carbon, nitrogen, organic matter, 13330. nitrogen, carbon, organic matter, NCSOIL, 13329.
- human artefact**
archaeological excavation, faunal remain, Pleistocene, Spain, Burgos, Sierra de Atapuerca, Gran Dolina Site; 11814.
- human colonisation**
deforestation, land management, land use dynamics, Brazil, Rondonia; 01202.
- human comfort**
physioclimate, tourist industry, China; 07216.
- human ecology**
albedo, arid environment, agricultural settlement, Israel; 07233.
- human error**
operational, hydrostatic quality control, National Meteorological Center, rawinsonde observation, 04734.
- human exposure**
aerosol generator, submicrometer aerosol, 10017. pollutant exposure, nitrogen dioxide, USA, California, Los Angeles Basin; 10034.
- human health**
groundwater resource, ecosystem analysis, environmental threat, threat analysis, Europe; Netherlands; 10341. lead poisoning, cadmium, contaminated soil, heavy metal, mercury, 12889.
- human remains**
Mousterian, radiocarbon dating, biostratigraphy, industry, France, Ardeche, Soyns, La Baume Neron; 13071. Olduvai event, dating, biostratigraphy, magnetostratigraphy, Pleistocene, Spain, Granada, Orce; 14248.
- human risk**
emission, industrial waste, dioxin emission, incineration, 10313.
- human settlement**
surveying, environment, remote sensing, natural resource, agriculture, India; 01066. Torrey pine, estuarine marsh, palaeoecology, Holocene, anthropogenic impact, USA, California, Santa Rosa Island; 13103.
- human skull**
hyaena, Wurm, cave, Crocuta crocuta spelaea, France, Pyrenees-Atlantiques, Iholdy, Unikote Cave; 11815.
- human vision**
remote sensing, knowledge base, automatic image enhancement, artificial intelligence, 07416.
- Humaquept**
fertiliser, urea, phosphorus sorption, Canada; 12132.
- humate**
humic acid, fulvic acid, decomposition, 08200.
- humic acid**
acid transformation, microorganism, 01832. aggregate stability, lignite, colloidal lignite, 10832. algae, free radical, lignin, carboxylate, Aegean Sea; 09331. alkali metal cation, acidimetric titration, humic associated cation, 03074. auriferous soil, gold, electrophoresis, 09454. biomarker, estuarine sediment, chromatography, nitrogen, sulphur, France, Elorn River Estuary; 13241. clay dispersion/aggregation, inorganic polymer, polysaccharide, hydraulic conductivity, organic polymer, 06859. clay dispersion, soil stability, tropical soil, aggregate, Nigeria; 09519. copper, complexation, organic matter, river sediment, trace element, Sri Lanka, Mahaweli River; Kandy; 09375. diagenesis, humification, biogeochemistry, salt marsh, 11938. dissolved organic carbon, surface water chemistry, hydrophobicity, PCB congeners, 13514. fulvic acid, decomposition, humate, 08200. fulvic acid, forest soil, Chernozem, carbon, 13365. fulvic acid, humus composition, Russian Federation, Volgograd Oblast; Kazakhstan; 08196. fulvic acid, paraquat, chlormimeform, polymaleic acid, pesticide, 06916. fulvic acid, photo degradation, organic carbon, river water chemistry, humic substance, ultraviolet irradiation, Sweden, Kalix River; 13530. fulvic acid, radionuclide transport, radionuclide mobilisation, groundwater contamination, organic matter, 09721. gallic acid, phenolic acid, polarography, voltammetry, carboxyl group, 08113. humification, organic matter, mountain soil, Spain; 13400. humus, spectroscopy, Dystrochrept, fulvic acid, Italy; 06896. hydroxy-aluminium complex, aluminium interlayering, montmorillonite, 01861. ion exchange resin, carbonaceous adsorbent, fulvic acid, 14507. iron extractability, iron-humate complex, organic acid, siderophore, 05586. montmorillonite, herbicide adsorption, organic matter content, ethofume-sate, 09546. organic matter, humic substance, calcimagnesic soil, plant residue, France, Jura; 13401. organic matter, humus, Andisol, soil biochemical classification, toposequence, Mexico, Nevado de Toluca Volcano; 09529. organic matter, landscape type, soil colour, fulvic acid, USA, Illinois; Indiana; 12033. organic matter, peat transformation, peat soil, 08197. phenolic compound, nuclear magnetic resonance spectroscopy, dichlorophenol, enzymatic coupling, 06923. propoxur, soil-pesticide interaction, 09543. radioactive labelling, humic substance, 12049. trace metal, heavy metal, dumping, sink, North Sea, Skagerrak; 10708.
- humic associated cation**
humic acid, alkali metal cation, acidimetric titration, 03074.
- humic-clay interaction**
estuary, surface water chemistry, humic coating, adsorption, desorption, Ireland, Dodder River; 12251.
- humic coating**
adsorption, desorption, humic-clay interaction, estuary, surface water chemistry, Ireland, Dodder River; 12251.
- humic fraction**
electrokinetic potential, soil electrical property, 08201.
- humic lake**
nitrogen, phosphorus, lake water chemistry, substrate stoichiometry, microbial activity, carbon degradation, 13561.
- humic matter**
Chernobyl accident, radioactive fallout, caesium-137, lake water quality, bioavailability, Finland; 03295. colloid, hematite, particle deposition, 05411.
- humic molecule**
humification, mine soil, lignite mine, Spain, Meirama Lignite Mine; 08140.

humic substance

aluminium, leaching, ion binding model, 01783. ammonia sorption, peat ammoniation, peat water content, nitrogen, 12127. biomarker, fulvic acid, bog, lignin, plant leachate, 10782. calcimagnesic soil, plant residue, humic acid, organic matter, France, Jura; 13401. carbon, nitrogen, organic matter, Gleysol, particle size fraction, Canada, Ottawa, Bainsville; 12144. carbon, organic matter, spectroscopy, 14560. copper, iron, complexation, Baltic Sea, Gdansk Deep; 11952. cropping system, mineral matrix, pyrolysis field ionisation MS, organic carbon, 05519. decomposition, dissolved organic matter, organic matter, forest floor, forest soil, Germany, Fichtelgebirge; 12103. decomposition, NMR, organic matter, forest soil, pyrolysis-mass spectrometry, Canada, British Columbia; 14561. decomposition, root decomposition, Chernozemic soil, prairie soil, 01830. decomposition, spectroscopy, straw decomposition, carbohydrate, 12048. dissolved metal, dissolved organic matter, river water quality, phytoplankton growth, lake water quality, Japan, Seto River; Biwa Lake; 05705. DOC, lagoon, primary production, budget, Egypt, Nile Delta, Edku Lake; 00682. double layer model, site binding model, proton binding, 06821. flocculation, kaolinitic soil, iron oxide, clay mineral, mineralogy, ultisol, USA, North Carolina; 12099. forest soil, Haplorthox, crop rotation, tillage, Oxisol, Brazil; 03155. humic acid, radioactive labelling, 12049. humification, peat, 12104. ion exchange resin, extractant, trace element, 06897. iron, 08141. lake water chemistry, benzenecarboxylic acid, aliphatic dicarboxylic acid, alkaline lake, pyrolysis/methylation, Spain, Andalucia, Donana National Park; 05745. mercury, acidification, fishery, limnological research, aquatic ecosystem, Finland, Evo; 04463. organic matter, ampholyte, 14479. organic matter, forest soil, 10780. organic matter, forest soil, Hapludalf, soil organism, fulvic acid, 03108. organic matter, litter analysis, humus analysis, wet chemical extraction, Germany, Schleswig-Holstein; 05518. organic matter, pyrolysis field ionisation, mass spectrometry, grass residue, 05558. peat, *Sphagnum* peat, *Carex* peat, extractant, 05541. phosphate adsorption, organo-mineral complex, iron oxide, 10813. polyphenol oxidase, enzyme activity, 06864. proton binding, double layer model, organic matter molecule, 06820. root exudate, weathering, mycorrhiza, aluminium oxide, 03107. root exudation, organic matter, nutrient availability, rhizosphere, 10815. Sephadex G-25, chromatography, copper complexation, gel permeation chromatography, 08114. surface water chemistry, metal speciation, copper binding, fulvic acid, 13491. ultraviolet irradiation, humic acid, fulvic acid, photo degradation, organic carbon, river water chemistry, Sweden, Kalix River; 13530.

humic water

dissolved organic matter, mutagenic by product, adsorbable organic halogen, chlorine treatment, lake water chemistry, 12289.

Humicryod

soil classification, spodic horizon, andic soil, Spodosol, USA, Alaska; 04300.

humid climate

basin characteristics, basin hydrology, runoff, basin storage, savanna, Ivory Coast, Booro-Borotou Basin; 12211. spheroidal weathering, granular disintegration, loamification, core boulder, chemical weathering, micro-crack, 00098.

humid phase

anthropogenic activity, Quaternary, landscape, climate evolution, aridity, Chile, Norte Chico; 01489.

humid temperate climate

chemistry, weathering, erosion balance, slope evolution, Canada, Quebec, Appalachians; 01436.

humid tropics

environmental management, hydrology, water supply, land use, water management, 08461. eucalypt tree, land use, land conservation, Australia; 08428. groundwater recharge, water management, groundwater regime, ecosystem management, 08390. hydrogeology, groundwater development, groundwater pollution, groundwater resource, groundwater management, 08467. hydrology, anthropogenic impact, land use, deforestation, water resource management, island hydrology, groundwater resource, 08260. hydrology, methodology, water resource management, environmental management, 08265. monsoon, water resource management, regional hydrology, Asia; 08462. pollutant source, water quality, microbiology, water management, 08468. process hydrology, evaporation, research development, land use effect, water balance, 08266. regional hydrology, geomorphology, water resource, climate, South America; Caribbean; Central America; 08464. regional hydrology, water resource, Australia; Papua New Guinea; 08463. regional hydrology, water resource, water quality, sediment yield, drought, Africa; 08465. rural area, water supply, appropriate technology, groundwater development, health, 08472. sanitation, urban area, water management, water supply, technological issues, 08470. sanitation, water management, water reuse, urban area, water supply, 08476. sedimentation, land use effect, water balance, rainforest, agriculture, 08427. soil moisture retention, saturated hydraulic conductivity, soil moisture movement, infiltration rate, Singapore; 08401. tropical landform, rainforest, flood, geomorphology, 01375. urbanisation, water resource management, rural area, water supply, sanitation, 08473. water balance, island hydrology, water use, 08466. water demand, water resource, water pollution, urban area, water supply, Asia, (Southeast); 08475. water distribution, water management, water resource management, water demand, 08478. water management, stormwater, runoff, urban drainage, 08318. water management, water reuse, water resource development, water quality standard, health, 08471. water quality management, tropical forest, deposition process, soil erosion, agriculture, 04284. water resource assessment, operational hydrology, 08264. water resource management, water management, urbanisation, 08477. water temperature, water cycle, isotope tracer, environmental tracer, Indonesia, Bali; 08261. wetland hydrology, lake process, water resource management, water balance, 08359.

humidity

arid climate, Holocene, clay mineral, climate variability, Pleistocene, Indian Ocean, Bay of Bengal; 10443. climate (1979-1983), temperature, Svalbard, Spitsbergen; 11134. Meteosat, water vapour, brightness temperature, general circulation model, upper troposphere, 14002. PM10, PAH, gaseous phase, partitioning model, particulate, urban atmosphere, 13862. temperature, mountain conditions, 03485. temperature, seasonal variability, clear sky, greenhouse effect, 09796. urban atmosphere, optical parameter, air quality,

aerosol, 06088. water vapour, temperature, Tyrrhenian Sea; 04924. water vapour, temperature, Tyrrhenian Sea; 04925.

humidity gradient

long term measurement, Bowen ratio measurement, 03487.

humidity measurement

psychrometric method, fast response sensor, 05863. saturation deficit, energy balance, psychrometer, Niger; 13463.

humidity pattern

urban site, mountain site, daily mixing ratio, Mexico; 05897.

humidity profile

cloud classification, GOES, Meteosat, 08840.

humification

aggregate formation, Tyurin method, microaggregate, macroaggregate, 09423. aluminium complexation, needle litter, fluorescence spectroscopy, 08112. biogeochemistry, salt marsh, humic acid, diagenesis, 11938. electrofocusing, organic matter, municipal solid waste, Italy; 06819. electrofocusing, organic matter, sewage sludge, 00479. ferrallitic soil, ferrallitic soil, carbon-13, Brazil; 09482. methane, carbon dioxide, peat depth, moss peat, sedge peat, Sweden; 10852. mine soil, lignite mine, humic molecule, Spain, Meirama Lignite Mine; 08140. moorsh, peat soil, soil chemical property, 08181. organic matter, carbon, mineralization, 10755. organic matter, mountain soil, humic acid, Spain; 13400. palaeohydrology, raised bog, peat, Holocene, stratigraphy, Finland, Pesansuo; 04107. peat, humic substance, 12104.

humus

carbon, aggregation, wood residue, nitrogen fertilisation, organic matter, 01873. protein, carbohydrate, lipid, organic matter, diagenesis, 01654.

hummock

frost heaving, microtopography, peatland, China, Sichuan Province, Ruogai Peatland; 14168.

hummocky cross-stratification

wrinkle mark, load structure, storm deposit, Burgsvik Bed, Silurian, Sweden, Gotland; 05432.

hummocky moraine

deglaciation, Younger Dryas, Loch Lomond Stadial, ice field, UK, Scotland, Highlands; 02793. moraine, corrie, UK, Scotland, Skye, Cuillin Hills, Coire na Creiche; 09196. postglacial, loess, Holocene, hillslope evolution, soil landscape, Canada, Saskatchewan, Frontier, Ham Site; 14287.

hummocky stratification

sedimentary structure, tempestite, Pictured Cliffs Sandstone, shelf deposit, Cretaceous, sandstone, USA, Colorado, Durango; 04261.

humus

Andisol, soil biochemical classification, toposequence, humic acid, organic matter, Mexico, Nevado de Toluca Volcano; 09529. carbon-13, rainforest soil, palaeoenvironment, savanna soil, ferrallitic soil, Congo; 09472. carbon, nitrogen, organic matter, forest soil, 00528. Chernozem, fertiliser, Ukraine; 05599. Chernozem, radiocarbon, carbon-14, 12120. copper extractability, organic soil, peat soil, 04405. decomposition, organic matter, grassland soil, particle size fraction, 00591. earthworm, spruce forest, 13362. incubation, forest soil, sulphur mineralization, liming, Sweden; 08171. liming, leaching, podzol, organic carbon, soil respiration, Sweden; 12106. mine soil, nitrogen, lignite, Spain, Meirama; 05607. organic material, manure, calcareous soil, saline soil, nitrogen, soil amendment, 03109. organic matter, sod Podzolic soil, cutan, torstein, gleying, 00527. pedogenesis, peat soil, marsh, 13358. Pleistocene, Holocene, paleosol, palaeogeography, radiocarbon age, Ukraine, Crimea, Kerch Peninsula, Aktash Range; 09133. Podzolic soil, particle size distribution, parent material, 08128. radiocarbon, land use, carbon storage, 08149. rice, phosphorus, delta soil, Russian Federation, Krasnodar Krai, Kuban Delta; 01880. Sierozem, glycine, decomposition, 14522. soil acidification, acidic deposition, base saturation, forest soil, Norway; 05563. soil fertility, organic matter, 10820. spectroscopy, Dystrochrept, fulvic acid, humic acid, Italy; 06896. spruce forest, bilberry, organic matter, mull, podzolisation, France, Savoy, Tarentaise, Macot-La Plagne; 10819. termite, miombo, savanna, organic matter, Zaire, Shaba, Luiswishi; 05556. wind erosion, soil degradation, ploughing, Russian Federation, Transbaikalia; 05555.

humus accumulation

forest soil, parent material, Chernozem, podzolisation, Russian Federation, Volga Hills; Central Russian Upland; 10766. soil microorganism, no-till, organic matter, Chernozem, 13363.

humus analysis

wet chemical extraction, humic substance, organic matter, litter analysis, Germany, Schleswig-Holstein; 05518.

humus composition

humic acid, fulvic acid, Russian Federation, Volgograd Oblast; Kazakhstan; 08196.

humus content

organic matter content, soil fertility, nitrogen cycle, Germany; 09474.

humus layer

fertiliser, phosphorus, forest soil, microbial biomass, acid phosphatase, 08212. nitrogen dynamics, phosphorus dynamics, forest soil, fallow soil, litter layer, 08154. NMR spectroscopy, copper oxide oxidation, decomposition, soil disturbance, spectroscopy, Canada, British Columbia, Vancouver Island; 01782. spruce, liming, soil chemical property, microbial biomass, carbon, nitrogen, 14573.

humus profile

ecological function, forest soil, soil fauna, earthworm, 00529.

hurricane

cyclone formation, tropical cyclone (1960-1989), Atlantic, (North); 09826. eddy, angular momentum flux, tropical cyclone, intensity change, 00954. extended range hindcast, tropical storm, hindcast, Atlantic; 13783. meteorology, database, Caribbean Sea; 00855. observational analysis, tropical cyclone, cyclone recurvature, recurvature, 11140. poleward drift, beta drift law, 11198. rain rate, airborne radar, C-band radar, probability matching, reflectivity rainfall, 01179. sedimentary structure, Holocene, climate, coastline, wind speed, USA, Alabama, Lake Shelby; 02961. spiral band, 08523. vortex, three dimensional, balance theory, rapidly rotating vortex, 11194. wetland stability, sea level control, freshwater marsh, sea level rise, USA, Florida, Everglades; 11842.

- Hurricane Andrew**
carbonate platform, reef, storm damage, Casuarina forest, Atlantic, Great Bahama Bank; 03003. eyewall, damage survey, 14842. GIS, emergency mapping, spatial data, USA; 06351. ooid deposition, mud, tidal channel, storm, bioturbation, Bahamas, Great Bahama Bank, Cat Cay; Joulter Cays; 00396. vector, disaster assessment, 15124.
- hurricane blowdown**
flux, greenhouse gas, soil, atmosphere, temperate forest, 03883.
- Hurricane Claudette**
radar, tracking, 02186.
- Hurricane Florence**
wind field, precipitation pattern, brightness temperature imagery, Gulf of Mexico; 08835.
- hurricane forecast**
forecasting, unmanned aircraft, tropical cyclone, dropwindsonde, 01072.
- Hurricane Frederic (1979)**
large scale structure, inflow layer structure, 00858.
- hurricane frequency**
sea surface temperature, GCM, future climate, global warming, Gulf of Mexico; Caribbean Sea; 01322.
- Hurricane Gilbert (1988)**
pipeline, debris flow, landslide damage, Jamaica, Bromley Hill; 01439.
- Hurricane Gloria (1985)**
nested analysis, dropwindsonde, Doppler radar data, kinematic structure, 07219.
- Hurricane Gloria**
tropical cyclone track, forecast, initialisation system, 02313.
- Hurricane Hugo**
latent heat release, rainfall rate, convection, precipitation pattern, USA, South Carolina, Charleston; 07534. runoff generation, debris dam, suspended sediment, sediment load, Puerto Rico, Lago Loiza Basin; 05668.
- hurricane model**
vortex specification, initialisation scheme, 02210.
- Hurricane Norbert**
water budget, aircraft investigation, inner core, 11144.
- hurricane season**
tropical cyclone, cyclone, Atlantic; 13787. tropical cyclone, predictor, hindcast, Atlantic; 04735.
- hurricane track**
forecasting model, adjoint model equation, optimisation, 01012.
- hurricane trajectory**
general circulation, precipitation trend, Costa Rica; 12526.
- Hurst effect**
stochastic hydrology, fluctuation scale, time series, 12181.
- Harwitz Group**
bedform, White rock Member, Proterozoic, sedimentary structure, stratification, ripple, Canada, Northwest Territories, Keewatin; 13181.
- HUTSCAT scatterometer**
bare soil, backscattering, surface roughness, Italy; 07558.
- Huygen's probe**
space exploration, Titan; 10192.
- hyaena**
Wurm, cave, *Crocota crocata spelaea*, human skull, France, Pyrenees-Atlantiques, Iholdy, Unikote Cave; 11815.
- hybrid formulation**
regional weather, prediction, isentropic coordinate, sigma coordinate, 00911.
- hybrid modelling**
soil-structure interaction, embedded structure, multilayered medium, tunnel, foundation, 00149.
- hybrid vertical coordinate**
primitive meteorological equation, semi Lagrangian, semi implicit, limited area, grid point model, 02212.
- hydraulic conductivity**
sodium adsorption ratio, electrolyte concentration, saturated hydraulic conductivity, 14491.
- hydration**
water, carbon dioxide hydrate, seawater, 11311.
- hydraulic barrier**
simulation model, coastal aquifer, seawater intrusion, recharge well, pumping well, 05784.
- hydraulic boring device**
underground storage tank, soil sampler, 01775.
- hydraulic characteristics**
breach cross section, dam-break flood, channel, 02671.
- hydraulic conductivity**
adsorption coefficient, sorption, solute transport, heterogeneity, reactive solute, dispersion, 12350. Alfisol, soil water flow, soil water balance, Brazil, Sao Paulo, Piracicaba State; 12056. aquifer, permeability, grain size, diagenesis, 11881. block conductivity, seepage, groundwater flow, 02029. calcic horizon, Paleustoll, soil water movement, USA, Texas, Great Plains; 04388. Calciorthic, sludge application, sewage sludge, aggregate slaking, clay dispersion, 10778. capillary length, soil water adsorption, 12057. clay-brine interaction, geotechnical property, calcium, montmorillonite, Canada, (West); 09112. clay soil, tension infiltrometer, infiltrometer, infiltration, 00492. diffusion, pollutant migration, groundwater quality, solute transport, dispersion, porosity, 09715. disc permeameter, sorptivity, permeameter, 13322. doline form, mesh size, rainfall, temperature, polygonal karst, China; New Zealand; 05261. effective permeability, groundwater flow, permeability, heterogeneity, 07054. evaporation method, soil water retention, 14487. falling head permeameter, borehole permeameter, Green-Ampt model, unsaturated flow, 10997. field method, unsaturated hydraulic conductivity, vadose zone, borehole, unsaturated flow equation, 05777. field technique, soil water, groundwater recharge, soil suction, 08386. flow velocity, groundwater flow, heterogeneity, Canada, Ontario, Chalk River, Twin Lake Aquifer; 12304. fractals, saturated hydraulic conductivity, Marshall saturated hydraulic conductivity equation, 12065. freeze/thaw, soil consolidation, frozen soil, 13320. frozen soil, soil temperature, bulk density, 03158. GPR, fluvio-glacial outwash, gravel, groundwater, contaminant, Switzerland; 04141. groundwater flow, artificial neural network, neural kriging, aquifer property, geohydrology, 14721. groundwater recharge, water table mound, ponded infiltration, rice paddy, 05775. groundwater remediation, uncertainty, pump and treat, pumping rate, feedback law, 07100. Guelph permeameter, instantaneous profile method, soil hydraulic property, USA, Massachusetts; 00490. heterogeneity, soil water retention, conductivity, pore structure, 14703. heterogeneous soil, unsaturated flow, field measurement, simulation model, 03314. hydraulic gradient, stream function, groundwater flow, specific discharge, Canada, Ontario, Borden; 07059. hydrogeology, coal bearing rock, groundwater flow, groundwater recharge, permeability, transmissivity, USA, Virginia; 08402. infiltration, Richards equation, constant flux infiltration, vadose zone, 13572. infiltrometer, soil water pressure, Green-Ampt method, Gardner analysis, 02044. interpolation scheme, fractional Brownian motion, fractional Gaussian noise, groundwater flow, porosity, 10992. island hydrology, freshwater lens, atoll, groundwater resource, dispersion model, Kiribati, Christmas Island; 08404. Kalman filter extension, soil water content, 10754. kriging, interpolator, Iran; 13321. land use, soil water flow, vadose zone, saturated hydraulic conductivity, unsaturated hydraulic conductivity, UK, England; 04500. macropore, permeameter, infiltration, infiltrometer, 03073. matrix potential, rock porosity, saturated hydraulic conductivity, porosity, 01837. methanogenesis, radiative gas, methane metabolism, raised bog, wetlands, Canada, Ontario, Ottawa, Mer Bleue; 05086. mobile/immobile water, chloride, solute transport, heterogeneity, unsaturated zone, 14743. moisture retentivity, groundwater contamination, oil shale waste, leachate, landfill, saturated/unsaturated flow, 00769. morphology, compacted clay, ice lens, freeze-thaw effect, 01545. organic polymer, humic acid, clay dispersion/aggregation, inorganic polymer, polysaccharide, 06859. parameter optimisation, water retention, unsaturated flow, soil water flow, drainage design, 02036. perturbation/spectral method, unsaturated flow, heterogeneity, infiltration, 12301. Podzol, soil hydraulic property, soil chronosequence, UK, Scotland; 04395. pore size distribution, water retention curve, percolation, unsaturated flow, 07053. prediction, hillside landslide, landslide model, simulation model, groundwater level, 05218. preferential flow, soil moisture content, dry bulk density, sand dune, 14702. pressure head, unsaturated/saturated flow, soil water flow, 10996. radionuclide, radioactive waste disposal, solute transport, heterogeneity, groundwater transport, sorption, 05808. rainfall energy, soil sealing, 03106. rainfall simulation, soil seal, Ultisol, Alfisol, Mollisol, weathering, USA, (Midwest); Georgia; 05601. red earth, soil hydraulic property, macropore, tillage, Australia, New South Wales, Wagga Wagga; 03159. rice, water content, soil water balance model, 08117. saline/sodic soil, gypsum, Natrustalf, soil permeability, Pakistan, Lahore; 14568. sandy soil, soil water diffusivity, Belgium; 10841. saturation, borehole permeameter, matrix flux potential, Richards equation, infiltration, 09436. slug test, rising head test, water table well, groundwater well, pressure packer system, pressure test, 03320. soil core surface area, saturated hydraulic conductivity, anisotropy, 01791. soil liner, landfill, compacted clay liner, North America; 11742. soil moisture, evaporation prediction, simulation model, energy balance, New Zealand; 13464. soil permeability, contaminated clay, organic chemical, 05621. soil spatial variability, soil hydraulic property, geostatistics, 12064. soil stability, surface seal, clay dispersion, Vertisol, slaking, 05523. soil structure, tillage, soil physical property, Gleysol, 04385. soil suction, spatial variation, soil water flux, 09684. soil temporal variation, rainfall simulation, soil crust conductivity, 14556. soil water content, saturated hydraulic conductivity, USA; 01792. soil water content, subsoil disturbance, organic carbon, bulk density, drainage tile installation, Canada, Nova Scotia; New Brunswick; 10821. soil water flow, clay soil, macropore flow, subsurface drainage, 12298. soil water flow, fractal model, 04327. soil water retention curve, soil volume wetness, unsaturated hydraulic conductivity, 12066. soil water retention, pore space, aggregate bed, 14567. sorption, groundwater contamination, solute transport, forced gradient test, solute retardation, organic solute, breakthrough curve, Canada, Ontario, Borden Aquifer; 14755. sorptivity, infiltration rate, soil amendment, soil amelioration, gypsum slotting, 13407. spatial variability, regularisation technique, geostatistics, 02061. spatial variability, scale effect, nugget effect, sampling pattern, geostatistics, 02060. steady state infiltration, infiltrability, interpolation method, 12299. storativity, flowmeter test, specific storativity, well bore storage, groundwater process, 14727. tensiometer, time domain reflectometry, 06834. tension infiltrometer, infiltrometer, soil water pressure head, 14490. tillage, soil physical property, available water holding capacity, field traffic, USA, Ohio; 04386. tracer test, adaptive estimation, groundwater flow, solute transport, stochastic model, USA, Massachusetts, Cape Cod; 12348. transmissivity, groundwater flow, geostatistical analysis, spatial variability, Canada, Alberta Basin, Wabiskaw; 14726. unsaturated diffusivity, diffusivity, saturated hydraulic conductivity, anionic surfactant, surfactant, USA, Oklahoma; 01898. unsaturated flow, soil characteristics, Richards equation, 14700. unsaturated flow, water table depth, soil moisture, capillary rise, percolation, 10994. unsaturated hydraulic conductivity, soil water content, infiltration measurement, 01793. vadose zone, SHE, saturated hydraulic conductivity, unsaturated hydraulic conductivity, parameter estimation, soil water flow, UK, England, South West; 04499. waste disposal, landfill site, clay soil, groundwater contamination, fracture flow, USA, Louisiana, Livingstone Parish, Gulf Coast; 11013.
- hydraulic conductivity index**
transmissivity index, leakage index, resistivity sounding, groundwater exploration, geohydraulics, Croatia; 13574.
- hydraulic conductivity measurement**
infiltrometer, permeameter, rainfall simulator, 00491. soil hydraulic property, 00493.
- hydraulic containment**
genetic algorithm, groundwater pollution, 12916. groundwater quality management, groundwater remediation, pump and treat, contaminant plume, 07097.
- hydraulic design**
collapse dike, emergency spillway, spillway design, safety dike, 09606.
- hydraulic engineering**
earthquake prediction, slope process, fault movement, displacement measurement, fault, crack, Czechoslovakia; 11759.
- hydraulic fill**
porewater pressure, rockfill dam, dynamic analysis, embankment dam, 09068.

hydraulic fill tailing

beach, profile, Melent'ev profile, storage dam, 09100.

hydraulic geometry

braided river, bedload transport, translation wave, 04450. fluvial architecture, braiding, sediment transport, 14438.

hydraulic gradient

hyporheic zone, diel, surface-hyporheic interaction, desert stream, USA, Arizona, Sonoran Desert, Sycamore Creek; 04479. non Newtonian fluid, soil fluid flow, seepage resistance, 02038. stream function, groundwater flow, specific discharge, hydraulic conductivity, Canada, Ontario, Borden; 07059.

hydraulic head

geostatistics, inverse problem, coupled flow, solute transport, groundwater flow, transmissivity, 02062. groundwater budget, groundwater flow model, Canada, Ontario, Huron Lake; St Clair River; Canada, Ontario, Lambton County; 13580. groundwater contamination, uncertainty analysis, leakage rate, groundwater resource, pumping rate, Portugal, Tejo River; Sado River; 02116. pumping test, water level fluctuation, Clark's method, linear regression, confined aquifer, barometric efficiency, 02058. river/groundwater exchange, thermal data, surface water-groundwater interaction, bank filtration, France; 13593. spatial cross covariance, cross covalidation method, aquifer characteristics, sandy aquifer, transmissivity, Spain, Donana National Park; 02059. tunnel valley, subglacial drainage, radial pattern, flow line, fan, USA, Minnesota, St. Croix Moraine; 10487.

hydraulic head variability

lysimeter, soil temperature, soil drying, ridge tillage, 06835.

hydraulic instability

groundwater contamination, coupled model, contaminant transport, heat transport, geotechnical centrifuge modelling, 04509.

hydraulic jump

computer model, side flow weir, weir, declining flow regime, channel hydraulics, 10931. flow regime, shear stress, bedload, suspended load, turbidity current, 04153. free surface profile, Froude number, surface profile, open channel flow, 04452. mountain, foehn, wave breaking, China, Daxinganling Mountains; 09914. numerical model, open channel flow, subcritical flow, supercritical flow, transient flow, 05682.

hydraulic model

digital ground model, river system, modelling, flood defence, UK; 10916. stormwater management, GIS, USA, Pennsylvania, Allegheny, Chartiers Creek; 01265.

hydraulic modelling

water supply, object oriented database, France, Paris; 06314.

hydraulic network

computer graphics, expert system, planning, water resource, Canada, Manitoba; 05006.

hydraulic pressure

vertical displacement, dam, neotectonics, Germany, Upper Silesia; 15139.

hydraulic process

alluvial fan, classification system, monitoring, USA, Arizona, Maricopa County; 05148.

hydraulic property

flow rate, constant head test, clay, skin zone, partial penetration, 06499. infiltrometer, head well permeameter, permeameter, 14482. landfill site, leachate migration, glacial disturbance, waste management, Canada, Alberta, Edmonton, Aurum Site; 14267. source concentration, groundwater flow, solute transport, parameter estimator, inverse problem, 02067.

hydraulic pump

mining, nodule, nickel, deep sea retrieval, 03044.

hydraulic quarrying

fluvial sculpture, rock bedform, s-form, Whirlpool Sandstone, pothole, Canada, Ontario, Niagara Peninsula, Twenty Mile Creek; 03951.

hydraulic resistance

Eucalyptus camaldulensis, desert stream, ephemeral stream, channel roughness, bed scour, Australia, New South Wales, Barrier Range; 09611.

hydraulic routing model

flow modelling, uncertainty, river flow, flow forecasting, ice, North America, Niagara River; 09595.

hydraulic sorting

particle size, abrasion, alluvial fan, gravel, transportation, Japan, Watarase River; 07956.

hydraulic structure

air entrainment, oxygen uptake, river water quality, aeration, 12282. dam construction, optimisation model, river diversion, uncertainty, design flood, Iran, Karoon Dam; 12396. design storm, probability, wind speed, flood probability, Russian Federation; 10914. fluvial process, basin hydrology, river regulation, ecological disturbance, Azerbaijan, Samur River; 10915. mapping technique, conformational transformation, seepage, 14195. open channel flow, turbulence, sediment transport, 08352. St. Venant equation, canal regulation, unsteady flow, open channel flow, 04461. weir, erosion control, semicircular-inlet drop structure, channel regulation, 10925.

hydraulic syphon

glacier lake, lake outburst, outburst flood, lake drainage, Nepal; 11069.

hydraulic test

groundwater flow, aperture estimation, fracture flow, tracer test, 07058.

hydraulic theory

bora, Adriatic Sea; 11220.

hydraulics

water quality, Japan, Kanagawa, Yokosuka City; 06312.

hydric soil

flooded soil, swamp forest soil, soil oxygen content, water table depth, redox potential, soil morphology, USA, South Carolina, Savannah River; 01824.

hydric status

red edge, chlorophyll, biomass, 15152.

hydride generation

animal nutrition, element, ICP-MS, separator, selenium, 02867.

hydrobiology

lake water chemistry, thermal regime, salinity, salt lake, limnology, Mongolia; 09623. physicochemical parameters, lake water quality, lentic hydrosphere, pond, India, Bihar, Gaya, Rukmini Sarovar, Visar Sarovar; 02014.

hydrocarbon

aircraft observation, bromine, chlorine, ozone, Arctic; 08655. alcohol, acylglycerol, aerosol, particle size screening, urban air, 06049. analytical chemistry, bioassay, bioremediation, petroleum contamination, 12883. bioventing, soil remediation, fuel spill, USA, Alaska, Eielson Air Force Base; 04411. bottom current, terminology, turbidity, submarine canyon, 01714. bottom sediment, methane, oil, gas, bottom water, Okhotsk Sea, Tinto Basin, Deryugin Basin; 09361. cadalene, maturity, burial depth, Australia, Victoria, Gippsland Basin; 08021. carbon monoxide, vehicle, emission, on road testing, stoichiometric point, 07405. carbonyl compound, aldehyde, ozone formation, 03569. contaminant classification, pollutant source, groundwater contamination, soil water contamination, chemical class, 04510. contaminant transport, contaminant fate, groundwater contamination, three dimensional model, 04516. cyanobacteria, carbonate, Recent, Jurassic, biomarker, Germany, Lake Van; Satonda Crater Lake; Germany, Swabian Alb; 04231. data evaluation, trilinear plot, groundwater contamination, contamination mapping, 04512. data quality assurance, intercalibration, research programme, pollution monitoring, microbial pollution, Mediterranean; 01302. diagenesis, authigenic mineral, bitumen, sulphur, 08008. dissolution, groundwater contamination, non aqueous phase liquid, biodegradation, bioremediation, 03342. environmental impact, barium, drilling, trace metal, USA, California, Arguello Field; 06801. estuary, marsh, phytoplankton, organic matter, Arabian Gulf, Shatt Al-Arab Estuary; Khor Al-Zubair; 04233. flavonoid, perylene, spectroscopy, Russian Federation; 01876. free phase hydrocarbon recovery, groundwater, extraction system, alluvium, USA; 02594. fuel spill, bioventing, bioremediation, 04412. geochemistry, resinite, diagenesis, 10617. groundwater contamination, correction factor, water table elevation, 07090. groundwater contamination, oil pollution, infiltration, Kuwait, Raudhatain; Umm Al-Aish; 11012. groundwater contamination, remediation strategy, groundwater remediation, non aqueous phase liquid, 11017. groundwater contamination, soil water contamination, immunoassay system, on site analysis, 04511. groundwater flow, groundwater contamination, multiphase flow, anisotropy, fracture flow, 04517. groundwater quality, non aqueous phase liquid, dissolution, 12319. halocarbon, alkane, water chemistry, hydrophobic compound, air-water interface, adsorption, 13519. hydrocarbon, remote sensing, automobile emission, emission control system, carbon monoxide, USA, Colorado, Denver; 03622. hydrothermal vent, petroleum, bacteria, Gulf of California, Guaymas Basin; 04269. Jurassic, Saltwick Formation, Ravenscar Group, channel sandstone, UK, England, Yorkshire; 05374. Jurassic, Smackover limestone, porosity, fluid flow, diagenesis, USA, Gulf Coast; 13200. methylsterane, salinity, biomarker, organic carbon, evaporite, France, Alsace, Mulhouse; 05348. microbial activity, bioremediation, petroleum spill, biodegradation, Antarctica, Princess Elizabeth Land, Vestfold Hills; 01895. nitrogen fixation, biodegradation, sandy soil, butane, propane, 05629. oil spill, groundwater contamination, soil vapour analysis, groundwater analysis, 13586. oil spill, PAH, pollution persistence, mangrove, Panama, Galeta; 12015. organic carbon, seasonality, anthropogenic impact, estuary, Mediterranean Sea; France, Rhone Delta; 04061. ozone, air quality model, emission reduction, nitrogen oxide, total reactive nitrogen, 12637. PAH, size distribution, urban, aerosol, seasonal dependence, Spain, Barcelona; 08710. palaeoenvironment, organic matter, marl, evaporite, France, Alsace, Mulhouse; 05421. permeability, Devonian, permeability decrease, black shale, organic carbon, USA, New York; 11950. pesticide, herbicide, groundwater contamination, organic contaminant, Australia; 11082. Peterborough Member, mudstone, organic matter, Oxford Clay Formation, Jurassic, UK, England, Bedfordshire, Stewartby; 06678. petroleum hydrocarbon extraction, US Environmental Protection Agency, 01889. petroleum refinery, oil spill, nitrate, bacteria, denitrification, France, Mediterranean Coast, Gulf of Fos, Lavera Bay; 09403. petroleum, gasoline, toxicity characteristic leaching procedure, volatile organic compound, 01897. pollution, oil spill, beach, coastal sediment, petroleum, Qatar; 00462. pollution, water pollution, sediment, petroleum pollution, Nigeria, Port Harcourt, New Calabar River; 10293. PPT levels, benzene, toluene, xylene, traffic emission, 12569. radionuclide, pollution, contamination, trace metal, organic compound, Arctic; 14118. remote sensing, automobile emission, emission control system, carbon monoxide, hydrocarbon, USA, Colorado, Denver; 03622. sand, mud, organic matter, oil, Mexico, Campeche Sound; 00351. silicification, dissolution, evaporite, Permian, diagenesis, USA, New Mexico; Texas; 04198. soil pollution, gasification plant, soil decontamination, heavy metal, UK, Northern Ireland, Belfast; 13426. soil remediation, bioremediation, petroleum, creosote, 14580. soil remediation, petroleum, soil microorganism, diesel, bioremediation, 01894. soil vapour extraction, vapour extraction, soil remediation, diesel, petroleum, 01892. soil venting, soil texture, soil water content, Vertisol, kerosene volatilisation, 01893. solute transport, breakthrough curve, non aqueous phase liquid, miscible displacement, time dependent partitioning, 07089. stress, reflectance, Sagebrush, USA, Wyoming, Bighorn Basin; 02459. submarine slide, seismic profile, sea level, shelf margin, slump block, Gulf of Mexico; 01715. toxicity, mangrove, oil spill, pollution persistence, Panama, Galeta; 12014. toxicity, synergism, surface water quality, detergent, heavy metal, pesticide, 13516. volatile organic compound, clay soil, vapour extraction method, soil remediation, 01891. waste, estuary, seasonality, oil spill, USA, California, Elkhorn Slough; Moss Landing; USA, California, Monterey Bay; 00460.

hydrocarbon addition

ethane, hydrochloric acid, stratosphere, heterogeneous reaction, ozone hole model, 12577.

hydrocarbon basin

Landsat imagery, sedimentation, 03783.

hydrocarbon bioremediation

aquifer, groundwater pollution, bioremediation, nitrate treatment, pilot test, USA, New Mexico; 02599.

hydrocarbon degradation

biogeochemistry, oil contamination, groundwater contamination, anoxic groundwater, USA, Minnesota, Bemidji; 09725.

hydrocarbon emission

offshore, oil platform, emission factor, fugitive emission, Pacific; 07396.

hydrocarbon exclusion

groundwater contamination, frozen soil, phenol, contaminant containment, 09703.

hydrocarbon exploration

Fault Zone Patterns, basement fault zone, Canada; 03759. lithology, SAR, exploration database, Papua New Guinea; 14011. seismic survey, India, Rajasthan, Jaisalmer Basin, Shahgarh; Myajlar; 04959. vibroseis track, Landsat TM, China, Turpan Basin; 03757.

hydrocarbon impacted site

pollution plume, natural bioremediation, active remediation, Amoco Oil Company, USA, Florida; 02598.

hydrocarbon microseepage

multispectral video, biogeochemical analysis, soil, tree leaf, USA, Alabama; 02458.

hydrocarbon plume

groundwater contamination, barrier well, vacuum recovery, dewatering, aquifer remediation, 04538. xylene, ethylbenzene, toluene, benzene, groundwater contamination, multivariate plot, 04545.

hydrocarbon pump

geological methane, clathrate, natural gas, postglacial carbon dioxide, 02584.

hydrocarbon ratio

mesoscale model, airmass, photochemical history, 11289.

hydrocarbon reservoir

aggregate deposit, braided river, sedimentation, aquifer, 04235. Midland Basin, dolomitization, Wichita Formation, Permian, dolostone, USA, Texas; 01632. sandstone, cementation, concretion, calcite, 09298.

hydrocarbon seepage

fault, seabed mound, carbonate knoll, Ireland, Porcupine Basin; Australia, Vulcan Sub basin; 11924.

hydrocarbon stress

spectral reflectance, reflectance response, big sagebrush, USA, Wyoming, Bighorn Basin; 10213.

hydrocarbonate facies

ammonium, groundwater contamination, agricultural pollutant, oxygenation/reduction, Lithuania; 05812.

hydrocell technique

separation cell, heavy mineral, 02859.

hydrochemical analysis

groundwater, multivariate analysis, classification method, natural object simulation, 10346.

hydrochemical balance

rainfall chemistry, rainforest, river water chemistry, equatorial basin, Cameroon, Ngoko River; 08380.

hydrochemical indicator

ostracod, lake water chemistry, multivariate analysis, palaeolimnology, USA, (North-Central); 02013.

hydrochemical investigation

groundwater flow, fractured aquifer, aquifer connectivity, groundwater chemistry, 02076.

hydrochemical model

computer model, solute transport, groundwater quality, advection, 13603. GIS, water management, land use, contaminant, Canada, Quebec; 07635.

hydrochemical modelling

upwelling flow, streamwater chemistry, chemical separation, groundwater chemistry, soil water chemistry, Canada, Quebec, Laurentians; 02003.

hydrochemistry

evaporite, lake, basin morphology, hydrology, Canada, Great Plains, Freeport Lake; 02959. forest hydrology, historical hydrology, USA; Europe; Africa, (East); 09738. groundwater chemistry, runoff water chemistry, surface water chemistry, rock weathering, India, Uttar Pradesh, Kumaun, Gaula Catchment; 00695. isotope composition, groundwater recharge, hydrogeological model, salinisation, Spain, Madrid Basin; 02054. nitrate, potassium, anthropogenic pollutant, classification, groundwater quality, Poland, Biebrza Depression; 00777. pyrite oxidation, alpine glacial site, weathering reaction, kinetic control, carbonate terrain, Canada, Alberta, Saskatchewan Glacier; Italy, Dolomites, Marmolada; Switzerland, Glacier de Tsanfleuron; 09031. spring, karst aquifer, tracer test, Cretaceous limestone, limestone karst, groundwater discharge, Germany, Northrhine-Westphalia; 00756.

hydrochloric acid

deposition, galvanized steel, corrosion, sulphur dioxide, runoff chemistry, nitric acid, 06098. diffusion, solubility, ice, 13843. dinitrogen pentoxide, sulphuric acid, stratosphere, chlorine nitrate, 11302. electrical response, ice core, ammonium, sulphuric acid, Greenland; 13837. Fourier transform IR, polar stratospheric cloud, heterogeneous reaction, nitric acid trihydrate, 01037. heterogeneous reaction, ice surface, bromine, 15001. stratosphere, heterogeneous reaction, ozone hole model, hydrocarbon addition, ethane, 12577. stratosphere, reaction probability, volcanic aerosol, heterogeneous loss, volcanic cloud, 03608. stratosphere, sulphuric acid, liquid diffusion, solubility, ozone destruction, 11280. stratospheric temperature, sulphuric acid, solubility, 08672.

hydrochloric acid deposition

spatial model, vegetation damage, rocket exhaust effluent diffusion, USA, Florida, Kennedy Space Central; 14039.

hydroclimatology

model, drought, 12449. multiscale method, aggregation, disaggregation, precipitation, 04716. temperature, precipitation, streamflow, trend (1948-1988), USA; 13687.

hydroconsolidation

subsidence, loess, China; Russian Federation; North America; Europe; 14197.

hydrodynamic blowout

groundwater, high pressure aquifer, USA, North Dakota; 01341.

hydrodynamic dispersion

soil water quality, solute transport, unsaturated flow, 12326.

hydrodynamic model

chemical rate equation, nitric oxide production, lightning discharge, 07349. flood warning system, storm surge barrier, sea level rise, flood forecasting, statistical model, Italy, Venice, Venice Lagoon; 13489. oil spill, Braer oil spill, oil trajectory, UK, Scotland, Shetlands; 11602. three dimensional, temperature, sea surface temperature, ocean dynamics, 05000. tide, wind, numerical simulation, oil spill, Arabian Gulf; 12884.

hydrodynamic modelling

deposition, grain size, sediment transport, suspended sediment, estuary, Canada, British Columbia, Howe Sound; Squamish River; 01974.

hydrodynamic mount

inshore vessel, current profiler, boom mount, 02134.

hydrodynamic process

fluorescent tracer, groundwater flow, streamflow, tracer test, 08313.

hydrodynamic separation

fractionation, continental margin, coastal sediment, textural control, marine sediment, USA, Washington; 08011.

hydrodynamics

chemical accident, oil spill, model, Finland, Bay of Bothnia; 14123. digital terrain model, photogrammetry, braided river, monitoring, modelling, bed topography, 14140. evapotranspiration, estuary, salinity, tide, total suspended solids, Brazil, Itamaraca; 00676. karst system, chemistry, brackish water, tidal process, underground river, Philippines, Palawan Island, St.Paul; 13021. karstic processes, model, dissolution, cave, dolinas, 07822. lithodynamics, computer program, littoral zone, 04465. remote sensing, delta, landscape map, landscape evolution, Russian Federation, Amu-Darya Delta; 06458. settling rate, Shield's curve, abyssal sediment, foraminifera, bulk density, Norwegian Sea; 05354. soil physical property, surface crust, Andisol, rainfall simulation, 05552. water quality management, reservoir management, physical limnology, 05768. Westphalian, lacustrine delta, organic matter, aggradation, distributary, UK, England, West Midlands, Himley; 08038. wetland soil, soil physical property, Nigeria, Niger Delta, Buguma-Degema Wetland; 05591.

hydroecological model

environmental management, cause/effect, water management, Netherlands; 13642. nature conservation, groundwater management, water management, vegetation, Netherlands; 13641. water resource management, environmental management, Netherlands; 13640. wetlands, groundwater flow, water chemistry, computer model, 13486.

hydroelectric power

dam site, engineering geology, Peru, Lima, Canete River; 02494.

hydroelectric power plant

reservoir, environmental change, Brazil, Para State, Tucuru; 03823.

hydroelectric productivity

snow cover, climate, 10234.

hydrofluoric acid

sandstone, silica, cement, Tallahatta Formation, USA, Mississippi, Meridian; 06696.

hydrogen

carbon dioxide, field experiment, tropical, alkalinity, energy active site, Atlantic; 08689. carbon monoxide, methane dynamics, lake water chemistry, microbial activity, Germany, Constance Lake; 10984. methane, carbohydrate, gas generation rate, soil water content, 01843. nitrogen, dry combustion method, element analysis, carbon, 08123. peroxy radical, adsorption, aerosol surface, Martian atmosphere, hydroxyl radical, Mars; 01047. pH, clay fraction, acidic soil, ion exchange, aluminium, 00558. precipitation chemistry, acidic deposition, deposition monitoring, ammonium, sulphate, USA, California; 05658.

hydrogen bacteria

crystallography, catalytic mechanism, haloalkane dehalogenase, nitrogen fixation, 01296.

hydrogen concentration

calcium concentration, groundwater quality, acidification, alkalinity, Finland, Lammi-Koski; 11028.

hydrogen fluoride

fluoride reservoir species, Southern Hemisphere, ground based measurement, carbonyl fluoride, New Zealand, Lauder; 14978.

hydrogen peroxide

ice core, snow/firm, atmosphere/snow transfer, microphysics, 07340.

hydrogen peroxide

aircraft measurement, TROPOZ II experiment, large scale distribution, 06019. bottom sediment, water quality, pollution, eutrophication, oxidation, reduction, 01753. calcium carbonate, laboratory preparation, dissolution, solvent, 02864. chamber experiment, red spruce needle, 06022. chemical oxidation, sand, soil decontamination, organic compound, 13429. clay mineral, ammonium-oxalate, sodium-hexametaphosphate, mineralogy, dithionite-citrate-bicarbonate, 09426. denitrification, bioremediation, aquifer clogging, groundwater quality, nitrate removal, 03328. deposition, laboratory experiment, dry deposition, ice surface, snow, sulphur dioxide, 08658. formaldehyde, calcium, ammonium, ice core, continuous measurement, Greenland, Summit; 04135. hydroperoxide, aircraft measurement, vertical distribution, USA; 13836. hydroxymethyl hydroperoxide, Henry's law constant, 04775. iron, copper, oxalate, redox cycling, cloud chemistry, 04758. measurement, laser induced fluorescence, 12574. microorganism, PCB, biodegradation, 13156. ozone, forest decline, USA, California, San Bernardino Mountains; 01060. precipitation chemistry, organic acid, aldehyde, USA, California, Los Angeles; 04433.

hydrogen sulphide

dolomitization, Khuff Formation, fluid inclusion, porosity, Permian, United Arab Emirates, Dubai; 13215. equator, Pacific; 06031. eutrophication, thermal gradient, lake water quality, oxygen concentration, sediment, Poland, Jasien Lake; 09669. meadow, photosynthetic activity, carbonyl sulphide, vertical profile, diel variation, 03566. sulphide oxidation, redox cycle, sulphate reduction, metalimnetic condition, microbial process, Israel, Kinneret Lake; 04489. sulphur dioxide, carbonation conversion, sodium sulphide, 04762. sulphur dioxide, carbonyl sulphide, carbon disulphide, dimethyl sulphide, airborne measurement, CITE 3, 08984.

hydrogeochemical analysis

kriging, salt water intrusion, aquifer overexploitation, nonlinear estimation, aquifer management, Spain, Almeria, Campo de Dalias, Aguadulce aquifer, 02081.

hydrogeochemical facies

groundwater quality, potable water quality, water quality assessment, Nigeria, Akwa Ibom State; 07082.

hydrogeochemical model

cluster analysis, groundwater classification, monitoring network, groundwater quality, Netherlands; 07096. industrial pollutant, groundwater

- resource, groundwater quality, Australia, New South Wales, Sydney, Botany Sands; 11041.
- hydrogeochemical prospecting**
gold, mineral water, water/gas sampling, groundwater chemistry, Russian Federation, Amurs Kaya; 13584.
- hydrogeochemical transport**
aquifer remediation, computer modelling, groundwater chemistry, groundwater pollution, geochemistry, 00773.
- hydrogeochemistry**
factorial analysis, salinisation, groundwater chemistry, water softening, Belgium; 12336. groundwater chemistry, groundwater evolution, geothermal reservoir, Italy, Tuscany, Tolfa Mountains; Sabatini Mountains; 14747. isotope hydrology, groundwater dating, atmospheric source, subsurface source, radionuclide, Sweden; Switzerland; Canada; 03354. isotope hydrology, weathering, spring water chemistry, uranium-234, dissolution, Brazil, Sao Paulo, Aguas da Prata; 03355. karst aquifer, dissolution rate, fracture flow, cave development, limestone, 14725. land use, water resource, groundwater hydrology, surface water hydrology, 05648. phosphorus, groundwater chemistry, biogeochemistry, eutrophication, 13585. pollutant source, weathering, river water chemistry, heavy metal, nutrient, China; 12280. river water quality, uranium, weathering, Venezuela, Orinoco River Basin; Brazil, Amazon River Basin; India, Ganga River Basin; 10964. streamwater chemistry, geochemical survey, UK, Wales; 13496. unconfined aquifer, groundwater behaviour, isotope hydrology, USA, Florida; 03362. water-rock interaction, salinity, ion exchange, organic matter, groundwater chemistry, Australia, New South Wales, Yass; 11047.
- hydrogeographical map**
mapping, water regime, erosion, suspended sediment, bedload, Hungary; 12180.
- hydrogeography**
water quality, water resource, forecasting, Czech Republic; 09571.
- hydrogeological classification**
groundwater resource, weathered basement, layered aquifer, drainage basin, Madagascar; 05789.
- hydrogeological design**
aquitard continuity, groundwater contamination, cost/benefit analysis, data worth, contaminant containment, remedial action, USA, South Carolina, Savannah River; 03339.
- hydrogeological mapping**
groundwater resource, aquifer, Tunisia; 03713. groundwater resource, groundwater contamination, ecological mapping, Russian Federation, Izhevskoye Plateau; 02115.
- hydrogeological model**
salinisation, hydrochemistry, isotope composition, groundwater recharge, Spain, Madrid Basin; 02054.
- hydrogeological problem**
groundwater flow, fast Fourier transform, sampling grid, Gaussian stochastic simulation, 05796.
- hydrogeological process**
altitude, karst area, cokriging, spatial distribution, precipitation, Turkey, Taurids; 00614.
- hydrogeological survey**
earth resistivity, self potential, groundwater exploration, Egypt, Sohag; 09760.
- hydrogeology**
applied geophysics, engineering geology, groundwater exploration, 10998. aquitard, semi confined aquifer, groundwater resource, groundwater exploitation, groundwater flow, Mexico, Chalco-Amecameca; 11000. Cambrian/Ordovician aquifer, groundwater resource, groundwater quality, groundwater flow, USA, Midwest; 07150. Cambrian/Ordovician aquifer, regional groundwater flow, groundwater recharge, USA, Midwest; 07057. cave, thermal karst, transport process, radon, airflow, radioactive tracer, Hungary, Budapest; 13019. coal bearing rock, groundwater flow, groundwater recharge, permeability, transmissivity, hydraulic conductivity, USA, Virginia; 08402. desert, groundwater, subsidence, sinkhole development, Kuwait, Kuwait City; 11769. engineering geology, engineering geodynamics, engineering petrography, mining hydrogeology, groundwater flow, Russian Federation; 02046. fault pattern, salinisation, groundwater resource, groundwater flow, Israel, Negev, Judea Group Aquifer; 14750. Floridan aquifer system, groundwater flow, karst aquifer, groundwater resource, regional groundwater flow, historical study, USA, (Southeast); 00753. fracture flow, acid mine drainage, groundwater flow, USA, Idaho, Kellogg, Bunter Hill Mine; 14717. fracture property, aquifer characteristics, groundwater flow, fracture flow, USA, Idaho, Kellogg, Bunker Hill; 13582. groundwater development, groundwater pollution, groundwater resource, groundwater management, humid tropics, 08467. groundwater exploitation, artesian aquifer, groundwater quality, groundwater resource, Italy, Venetian Plain, Treviso; 12383. groundwater exploitation, groundwater management, karst aquifer, aquifer recharge, groundwater resource, Iran, Zagros, Kazerun; 00817. groundwater exploration, geoelectrical study, groundwater resource, Egypt, Eastern Desert, Wadi Abu Shih; 02111. groundwater exploration, karst aquifer, groundwater resource, Italy, Tuscany, Apuan Alps; Colle Val D'Elsa; Italy, Tuscany, Orbetello; 00818. groundwater flow, decision analysis, advective transport, groundwater engineering, 02110. groundwater flow, karst spring, recharge/discharge system, groundwater discharge, spring discharge, Turkey, Koprucay Canyon, Olukcopru Springs; 00746. groundwater process, Fourier transform method, random field generation, 03326. groundwater quality, groundwater recharge, groundwater discharge, groundwater resource, USA, Maryland, Harford County; 09761. groundwater resource, aquifer characteristics, regional aquifer, permeability, coastal plain aquifer, USA, Virginia; North Carolina; USA, Maryland; USA, Delaware; USA, New Jersey; USA, New York; 03377. groundwater resource, coastal aquifer, dune formation, Africa, (North), Maghreb; 11087. groundwater resource, environmental isotope, multitracing approach, coastal aquifer, karst aquifer, Italy, Apulia, Murgia; 00754. groundwater resource, groundwater exploration, groundwater exploitation, database, groundwater management, India, West Bengal, Bankura District; 00811. groundwater resource, groundwater quality, chalk aquifer, Belgium; 11095. groundwater resource, tuff aquifer, nuclear waste disposal, groundwater flow, USA, Nevada, Yucca Mountain; 14715. karst aquifer, water balance, spring discharge, stochastic model, numerical model, groundwater flow, Serbia, Grza Spring; 00749. karst geochemistry, groundwater tracing, remote sensing, geomorphology, 00745. karst, environmental impact, mountainous region, Austria, Alps, Ostalpen; 13016. kriging, aquifer, variogram, computer program, 13577. mains leakage, multilayer aquifer, chlorinated hydrocarbon, groundwater balance, dual porosity aquifer, UK, England, Coventry; 03322. morphotectonic map, lineament, morphostructural unit, isobase map, Israel, Arava Graben; 03983. soil mechanics, rock mechanics, site investigation, engineering geology, 00091. transmissivity, aquifer yield, nitrate, groundwater resource, chalk aquifer, France; 11094. urbanisation, water table fluctuation, groundwater resource, Japan, Honshu, Tokyo; 02113. volcano, hydrothermal system, permeability, USA, Hawaii, Kilauea Volcano; 11004. water quality standard, groundwater protection, groundwater pollution, groundwater monitoring, legislation, Europe; 04567. water resource, groundwater resource, spring, karst aquifer, Croatia, Sibenik; Trogir; 13635.
- hydrograph**
flood, channel gradient, flume experiment, discharge, debris flow, 04154. flow routing, gain factor model, Volterra function model, river flow forecasting, 14611. multiple event analysis, urban catchment, rainfall/runoff, design hydrograph model, partial duration series, USA, California, Los Angeles; 10912. peak flow, model calibration, catchment model, optimal value, parameter estimation, Singapore; 06957. piezometer, groundwater recharge, recharge estimation, water table hydrograph, 05774. rainfall/runoff model, linear model, complexity, 05681. rainfall/runoff model, variable gain factor model, antecedent soil moisture, soil moisture index, Volterra model, 14610. sediment supply, mountain river, roughness, flow, 00355. unit hydrograph, linear programming, rainfall/runoff relationship, computer model, 09586.
- hydrograph analysis**
recession curve, glacier discharge, reservoir model, 11051.
- hydrograph pattern**
forest catchment, baseflow, surface runoff, runoff yield, rainforest, China, Hainan Island, Jiangfengling; 02090.
- hydrograph prediction**
water management, typhoon, flood forecasting, rainfall generation technique, reservoir operation, 08454.
- hydrograph recession**
recession period streamflow, runoff model, spring discharge, karst spring, Turkey, Manavgat River; 00650.
- hydrograph separation**
afforestation, ditching, deforestation, streamflow response, land use effect, rainfall/runoff model, UK, Scotland, Balquhiddy; 00804. electrical conductance, conductance/discharge, flow analysis, 12210. forested swamp, groundwater discharge, chemical separation, wetlands, runoff mechanism, overland flow, 01928. oxygen-18, isotope hydrology, subsurface stormflow, surface stormflow, stormflow separation, USA, Pennsylvania; 03217. permafrost, isotope tracer, snowmelt, wetlands, streamflow, runoff generation, Canada, Northwest Territories, Fort Simpson, Manners Creek; 04556. recession analysis, streamwater temperature, runoff, snowmelt hydrograph, 08310. runoff water chemistry, base cation dynamics, throughfall chemistry, overland flow, 05724. saturation overland flow, chemical hydrograph separation, runoff generation, overland flow, flow path, USA, Virginia, Reedy Creek; 09603. snowmelt runoff, transitory flow, Canada; Japan, Hokkaido, Moshiri; 05824. streamflow generation, environmental isotope, runoff generation, 14603. wetlands, runoff water chemistry, oxygen-18, storm runoff, Canada, Ontario, Oak Ridges; 04478.
- hydrograph shape**
river water level, flow rating curve, flood, rainfall event, Hungary, Danube River; 06961.
- hydrographic change**
Holocene, transgression, geochemical investigation, micropalaeontology, North Sea, Kattegat; 07905.
- hydrographic data**
data exchange, German hydrographic service, ECDIS, nautical chart, Germany; Baltic Sea; North Sea; 01118. historical hydrography, quantification, accuracy, ECDIS, 10118. seasonal heat balance, heat balance, sea surface temperature, Gulf of California; 12482.
- hydrographic survey**
continental shelf, bathymetric map, multibeam swath sonar, 03679. geostatistics, bathymetric data, computer program, survey design, data analysis, 01909. survey system, robot, three dimensional measurement, 10045.
- hydrography**
acoustic signal, bottom classification, classification, 02558. data quality, software, bathymetric data, 02545. geomorphology, field guide, Spain, Ayuda River, Okina; Saseta; 12967. multibeam bathymetry, shallow water, 05004. nutrient, eutrophication, phytoplankton, zooplankton, coastal water quality, Russian Federation, St Petersburg, Neva River; Baltic Sea, Gulf of Finland; 09647. oceanography, database, GIS, 05007. Roxann, acoustic signal, bottom classification, 10243. sedimentation, wind forcing, meltwater, resuspension, fjord, Antarctica, South Shetlands, King George Island, Potter Cove; 13269. surveying, measuring system, Germany; 01112.
- hydrography study programme**
surveying, engineering, Germany; 01119.
- hydrohalocarbon**
dynamic model, Fourier transform spectrometer, infrared cross section, global warming, 01320.
- hydroisostasy**
postglacial rebound, sea level change, water load, prediction, 02813.
- hydroisostatic deflection**
tectonic tilting, GPS survey, Pluvial Lake Minchin, lake load, lake shoreline, Bolivia, Andes; 10396.
- hydrological balance**
mesoscale model, initialisation, soil water content, regional scale model, prediction model, 14868.
- hydrological budget**
Lahontan palaeolake, Bonneville palaeolake, lake-atmosphere feedback, USA, Nevada, Great Basin; Utah, Great Basin; 09150.

hydrological buffer zone

peat bog, water table drawdown, wetland protection, environmental protection, land drainage, Switzerland, Jura Region; 08439.

hydrological change

deforestation, atmospheric deposition, streamwater quality, mountain catchment, Czech Republic, Jizera Mountains; 07034. fluvial deposition, sedimentation, deforestation, diatom preservation, Switzerland, Lake Neuchâtel; 06579. strontium isotope record, palaeoclimate, palaeohydrology, strontium, Australia, South Australia, Frome Lake; 09165. water balance, land use effect, afforestation, evaporation rate, water yield, drainage, UK, Scotland, Balquhider; 00806.

hydrological classification

prairie wetland, wetland inundation, climate variability, Canada; 09628.

hydrological complexity

finite element mesh, GIS, mesh design, 08787.

hydrological control

surface water chemistry, geochemical control, runoff water chemistry, snowmelt, cation exchange, USA, California, Sierra Nevada, Emerald Lake; 04476.

hydrological cycle

atmosphere/hydrology model, macroscale model, general circulation model, 08268. basin scale, climate change, water balance, parameterisation, continental scale, 08270. biosphere-hydrosphere interaction, scientific goal, IGBP core project, 05121. biospheric control, 09567. electrical conductivity, geochemical erosion, stream discharge, conductivity/discharge relationship, discharge estimation, 09572. GCM, surface energy budget, albedo, solar input, climate change, carbon dioxide, 02326. global climate, anthropogenic impact, cloud, carbon dioxide variation, model sensitivity, 06373. global energy cycle, spaceborne instrumentation, World Climate Research Programme, climatology, 03931. global hydrology, hydrological modelling, eco-climatological gradient, climate processes, biogeochemical cycle, 14594. global scale, GEWEX, Global Energy and Water Cycle Experiment, ice extent, 05085. hydrological measurement, instrumentation, UK; 06946. land surface-atmosphere interaction, general circulation model, evapotranspiration, water flux, soil/plant/atmosphere continuum, Russian Federation, Seim River Basin; 08269. landform, physical geography, textbook, climatology, 11583. macroscale modelling, hydrological model, dataset, 08271. natural variability, climatology, general circulation model, 11173. precipitation, isentropic-sigma model, sigma coordinate model, water vapour, GCM, 02275. rainfall estimation, precipitation, 13772. sediment transport, alluvial catchment, river water quality, bank filtration, groundwater quality, 13469. snow water equivalent, runoff model, climate change, Japan, Noto Peninsula, Hokuriku District, Wajima-Yanagida; Eigenji Dam; 08330. strontium, isotope tracer, soil/plant/atmosphere continuum, solute transport, Japan, Honshu, Joban District; 05653.

hydrological data network

snowmelt runoff modelling, India, Himalayas, Beas basin; 08927.

hydrological drought index

climatology, drought, Palmer index, USA, Ohio; 03422.

hydrological event

flood, drought, grey system, prediction, extreme event, 04730.

hydrological impact

Eucalyptus plantation, erosion, water use efficiency, water availability, nutrient limitation, India, Karnataka; 09754.

hydrological investigation

liming, water pathway, residence time, lake restoration, UK, Scotland, Loch Fleet; 13567.

hydrological measurement

Geosat radar altimeter, river level, satellite altimetry, Brazil, Amazon basin; 01251. instrumentation, hydrological cycle, UK; 06946. instrumentation, rainfall/runoff relationship, rainfall assessment, discharge measurement, streamflow, 06965.

hydrological mechanism

mudflow, volcano, experimental study, rheology, 05166.

hydrological model

arid zone, runoff hydrograph, routing technique, water resource, water harvesting, Jordan, El-Maghayer Wadi; 10907. climate change, impact assessment, coupled model, Lamb's Weather Type, river level, UK, England, Coln River; 08971. dataset, hydrological cycle, macroscale modelling, 08271. ERS-1, microwave remote sensing, 11535. evapotranspiration, land cover, UK, Scotland; 07569. GIS, river basin, 08923. GIS, storm, erosion, 06307. GIS, timber harvest, watershed, USA, Colorado, Deadhorse Creek; 04990. maximum likelihood method, autoregressive modelling, parameter estimation, Akaike's information criterion, 13452. model calibration, expert system, SMAP, rainfall/runoff model, 05652. model conceptualisation, 06949. mountainous area, rainfall/runoff model, atmosphere/land surface model, Poland, Sola River; 05105. probability distribution function, maximum likelihood method, Akaike's information criterion, 13451. regional climate model, streamflow model, lake model, high resolution, atmospheric model, USA, Oregon, Steamboat Creek; Nevada, Pyramid Lake; 00071. runoff, agricultural statistics, land use classification, Netherlands; 07633. spatial model, distributed model, input data, GIS, 04428. water resource management, remote sensing, expert system, GIS, 00609. wetland restoration, coastal wetland, spoil bank management, USA, Louisiana; 14626.

hydrological modelling

DEM, planning, GIS, hazard assessment, GPS, land use, 10099. distributed model, Monte Carlo method, calibration, validation, uncertainty, 01907. distribution function, empirical function, probability, 12182. eco-climatological gradient, climate processes, biogeochemical cycle, hydrological cycle, global hydrology, 14594. GIS, land drainage, surface water, 01264. GIS, urban hydrology, 12853. macroscale modelling, hydrosphere model, general circulation model, meteorology, 08267. water balance model, runoff, remote sensing data, 14092. water information system, Monte Carlo simulation, 08918.

hydrological models

basin scale, mesoscale, scaling, surface hydrology, 08329.

hydrological network

network design, comparative study, WMO, generalised least squares, streamflow, New Zealand, North Island; South Island, Nelson; 00646. water resource management, data transmission, telemetering, 13448.

hydrological parameter

areal precipitation, soil moisture, snow cover monitoring, 14091. GIS, runoff, Switzerland; 08922.

hydrological parameterisation

rainfall/runoff relationship, spatial scale, hydrology, scaling, Australia, Western Australia; 08323.

hydrological pathway

elemental transport, spatial heterogeneity, Precambrian shield, overland flow, subsurface flow, runoff chemistry, 09652.

hydrological process

Arctic hydrology, tracer technique, oxygen-18, USA, Alaska, Imnavait Creek; 05822. landslide, shear strength, regolith, rock type control, Japan, Honshu, Obara Region; Niigata Region; 05247. spatial variability, mountain basin, Slovak Republic; 06967. water balance, slough, wetlands, prairie, 01969. water quality, land use effect, water resource management, agricultural development, transport development, Kenya, Lake Victoria Basin, Gucha River; 08432.

hydrological regime

reservoir sedimentation, sediment yield, soil degradation, Brazil; 08246. stream ecosystem, habitat, streamwater quality, Israel, Akko Valley, Nahal Na'aman; 03289. water dispersal, lineament, SPOT, wetlands, Botswana, Okavango Delta; 08891.

hydrological research (1992-1993)

Institute of Hydrology, 13447.

hydrological research

dryland agriculture, erosion control, waterlogging, water conservation, agricultural water management, India; 05833. mountain hydrology, Asia, (South), Hindu Kush-Himalayas; 11055.

hydrological response

channel network, sediment transport, contaminant transport, digital terrain analysis, data analysis, 00629. climatological data, catchment response, climate change, runoff, Greece, Mesochora; 08326. streamflow, El Nino/Southern Oscillation, USA; 05892. thermal response, entrained trickle down model, climate change, freshwater watershed, USA, Vermont, Danville; 09568. water balance model, water table dynamics, Philip's equation, Richards equation, subsurface flow, Boussinesq equation, 01920.

hydrological response unit

remote sensing, runoff model, distributed model, streamflow, Canada, Ontario, Grand River; 00631.

hydrological sample

probability density function, transform optimisation, variate transformation, statistical analysis, normal distribution, 04429.

hydrological service

long term plan, technical cooperation programme, meteorological service, WMO, 01332.

hydrological simulation

synthetic unit hydrograph, runoff curve number method, rainfall/runoff model, GIS, Canada, Alberta; 01922.

hydrological structure

circulation, sea current, Black Sea; 12822.

hydrological survey

groundwater chemistry, groundwater resource, recharge, flow, USA, New Mexico, Dona Ana County, Mesilla Basin; Texas, El Paso County, Mesilla Basin; 04504.

hydrological time series

periodic autoregression equation, moving average process, data generation, synthetic hydrologic series, 01908. rainfall data, streamflow data, time delay embedding method, chaos, Hong Kong; 08333. water management, climate change, drought, runoff regime, reservoir operation, fuzzy set theory, Germany; 08449.

hydrology

anthropogenic impact, land use, deforestation, water resource management, island hydrology, groundwater resource, humid tropics, 08260. catchment process, surface water-groundwater interaction, sediment, tracer, 08259. cave, hardness, solutional denudation, karst hydrology, geomorphology, USA, Tennessee, Cumberland Plateau, Upper Sinking Cove; 02683. climate simulation, GCM, model sensitivity, 05107. discharge, water resource, lake morphology, Italy; 01957. ELA, mass balance, alpine climatic environment, glaciology, Italy, Alps, Careser Glacier; 09240. environment, data model, subsurface data, 06309. erosion, irrigation, soil conservation engineering, water conservation engineering, agricultural engineering, 00807. esker enlargement, bedrock topography, subglacial environment, ice kettle, Sweden; 04096. general circulation model, regional climate model, surface, 09841. general circulation model, subgrid scale, single column model, precipitation, 08533. geology, Trinidad & Tobago; USA; 06945. global change, measurement, EOS science programme, climate, 00012. hydrochemistry, evaporite, lake, basin morphology, Canada, Great Plains, Freeflight Lake; 02959. land improvement, water course, manifold installation, erosion problem, Switzerland; 05134. methodology, water resource management, environmental management, humid tropics, 08265. model, weather pattern, river water, synoptic climatology, climate change, UK, England, East Midlands; 00108. orography, spatial scale, climate model, parameterisation, 05931. peatland, global change, palaeorecord, geochemistry, 00215. Quaternary basin, neotectonics, inland basin, China, Gobi Desert; 11683. remote sensing, forest, 06267. scaling, hydrological parameterisation, rainfall/runoff relationship, spatial scale, Australia, Western Australia; 08323. sedimentation, soil fertility, land use, logging, forest fire, agricultural development, 08429. semiarid rangeland, spectral data, vegetation, radiometer, USA, Arizona, Tombstone, Walnut Gulch; 15148. soil science, natural resource, geostatistics, environment, 00003. stochastic model, atmospheric circulation, USA, Washington; 12915. TECHWARE, collaborative network, knowledge transfer, water, Europe; 06947. tracing, precipitation, IAEA, isotope application, 05124. vegetation response, model, feedback process, climate dynamics, 01327. warm humid region, river discharge, runoff, sediment yield, water resource management, anthropogenic impact, China, Liaoning Province; 08442. water resource, electronic data capture, ecological modelling, data capture, semiotic, data management, 00085. water supply, land use, water management, humid tropics, environmental management, 08461. water temperature, grain size, tropical climate, fishery, Gulf of

- Carpentaria; 11962. wetlands, groundwater management, salinity, polder ecosystem, vegetation, Netherlands; 06986.
- hydrolysis**
biodegradation, surface water quality, toxicity, triorthocresyl phosphate, chromatography, 13494. endosulphan, surface water quality, sediment, desorption, environmental fate, pesticide, 05704. enzyme activity, phosphorus, soil solution, organic phosphorus, UK, Scotland; 14545. pollutant, protein, benzonitrile, 10635.
- hydrolysis products**
photochemical smog, deposition, HCFCs, HFCs, laboratory experiment, 13855.
- hydromechanics**
fracture surface, aperture distribution, fractal geometry, fracture flow, clay soil, 03310.
- hydrometeor**
cloud interstitial aerosol, microholography, stratus, cloud layer, 07516. cloud parameterisation, Bergeron-Findeisen mechanism, precipitation, ice phase, 05972. precipitation, polarimetric radar, meteorological research, backscatter, 07425.
- hydrometeor profile**
brightness temperature, rainfall rate, passive microwave, statistical inversion technique, 14000. passive microwave, brightness temperature, graupel, hail, 01172.
- hydrometeorological event**
probability, extreme event, 04714.
- hydrometeorological time series**
lake level, water resource, streamflow data, time series, climate change, Canada; Africa; North America; 02632.
- hydrometeorology**
energy balance, optical remote sensing, semiarid rangeland, watershed, 15146. forecast, correlation function, 08607. microwave, snowpack, Canada; 02532.
- hydrometric data**
flow measurement, open channel flow, low flow, river flow, gauging network, UK; 01939.
- hydrometry**
streamflow measurement, flow measurement, open channel flow, measurement standard, UK; 01940.
- hydromorphic soil**
ferruginous soil, ferralitic soil, regolith, intertropical zone, 11714. gleying, forest soil, iron, Russian Federation, Sverdlovsk Oblast; 10856. iron, acidic soil, 01811. Podzol, lipid, alcohol, 00535. soil classification, organic matter, 06818. water table level, oxygen, iron, 12129.
- hydroperoxide**
aircraft measurement, vertical distribution, hydrogen peroxide, USA; 13836.
- hydrophilic acid**
hydrophobic acid, organic carbon, Spodosol, dissolved organic carbon, heavy metal, 13385.
- hydrophilic compound**
organic micropollutant, surface water quality, water quality monitoring, pesticide, polar organic compound, Europe, Rhine River Basin; 06989.
- hydrophilic fraction**
hydrophobic fraction, forest soil, carbon, dissolved organic carbon, phosphorus, 14544.
- hydrophilic liquid**
glacier borehole, antifreeze solution, environmental impact, ethanol, drilling, Antarctica; 11864.
- hydrophobic acid**
organic carbon, Spodosol, dissolved organic carbon, heavy metal, hydrophilic acid, 13385.
- hydrophobic chemical**
OCBs, PAH, partition coefficient, 07686.
- hydrophobic compound**
air-water interface, adsorption, hydrocarbon, halocarbon, alkane, water chemistry, 13519. groundwater contamination, organic matter, PAH, partitioning model, transport model, sorption, 03350.
- hydrophobic fraction**
forest soil, carbon, dissolved organic carbon, phosphorus, hydrophilic fraction, 14544.
- hydrophobic material**
frost action, reversed freezing test, frost heave, 09224.
- hydrophobic organic chemical**
PAH, n-alkane, particle flux, deposition, France, Rhone River; Mediterranean Sea; 13824.
- hydrophobic organic compound**
organic compound, competitive sorption, ideal adsorbed solution theory, distributed reactivity model, 04342. organic compound, physicochemical model, surfactant, 14583. organic compound, soil decontamination, surfactant, chlorobenzene, cationic surfactant, 12168. surfactant, physicochemical model, organic compound, 14582.
- hydrophobic organic contaminant**
PCB, water quality, partitioning, kinetic model, 10668.
- hydrophobic pollutant**
contaminant transport, bacteria, PAH, sorption, 07064.
- hydrophobic soil**
clay application, sandy soil, kaolinite, montmorillonite, 05561. rainfall simulation, splash detachment, rainsplash, 04424.
- hydrophobicity**
bubble, partitioning, organic chemical, air-water interface, 03595. groundwater contamination, bioremediation, gas-water interface, colloid behaviour, contaminant transport, sorption, vadose zone, 13597. groundwater quality, pH, bacteriophage transport, sandy soil, contaminant migration, 07069. mass transfer, surface water quality, TCDD/F, suspended sediment, 14653. PCB congeners, humic acid, dissolved organic carbon, surface water chemistry, 13514. vadose zone, gas-water interface, microorganism transport, unsaturated flow, sorption, 13595.
- hydrophone**
towed array, 10098.
- hydropower**
design flood, glacier lake, outburst flood, lake outburst, flood study, Nepal, Arun River; 11068. ecological planning, river regulation, water resource management, 03382. flood control, extreme event, drought, water management, reservoir operation, 08452. flood control, irrigation demand, reservoir operation, optimisation, water management, Sri Lanka, Victoria Reservoir; 08457. flood event, artificial flood, ecological disturbance, risk assessment, regulated river, 14792. glacier, climate change, deglaciation, Switzerland; 13617. lake evaporation, water level decline, lake water level, water balance model, Indonesia, Sumatra, Toba Lake; 08354. river ecology, water resource management, river regulation, river discharge, discharge regime, USA, Montana, Flathead River; 11089. runoff water quality, wastewater treatment, geochemical study, heavy metal, river regulation, contaminant migration, 05727. simulation model, optimisation model, multireservoir system, water resource management, irrigation, India; 07154. snowmelt runoff, streamflow generation, seasonal variation, river discharge, Nepal, Arun River; Kosi River; Nepal, Tamur River; 11056. water management, optimisation, reservoir operation, irrigation demand, Indonesia, Citarum River Basin; 08460. water management, reservoir operation, drought, flood, optimisation, USA, Georgia, Savannah River; 11085. water management, risk management, drought, reservoir operation, Germany, North Rhine-Westphalia, Wupper Reservoir System; 08459.
- hydropower dam**
runoff control, river regulation, groundwater level fluctuation, fluctuation amplitude, Russian Federation, Ob Basin; Katun Basin; 02047.
- hydropower development**
landslide, sedimentation, slope stability, impact assessment, USA, Washington, North Cascade; 02715.
- hydrosequence**
organic matter, tropical soil, phosphate sorption, mineralogy, Brazil, Cerrado; 05580.
- hydrosera**
acidification, biostratigraphy, Holocene, lake, raised bog, Finland; 02809.
- hydrosilicate mineral**
Landsat TM, mineral exploration, geological mapping, spectral analysis, Australia, Queensland; Egypt, Sinai; 03746.
- hydrosoil contamination**
pesticide, sediment, pyrethroid residue, farm pond, surface water contamination, 08368.
- hydrosoil chemistry**
beryllium, germanium, macrohydrophytes, surface water quality, 05715.
- hydrosphere**
mountain catchment, environmental monitoring, Slovak Republic, Tatras National Park; 06966. radioactive contamination, radionuclide migration, atmospheric fallout, Chernobyl nuclear accident, prediction model, 10315.
- hydrosphere model**
general circulation model, meteorology, hydrological modelling, macroscale modelling, 08267.
- hydrostatic/non hydrostatic comparison**
mountain wave, numerical simulation, 08590.
- hydrostatic pressure**
seafloor, gas eruption, crater, glacial history, Barents Sea, Bjornoyrenna; 07851. sedimentary structure, tunnel fill sediment, talik, Quaternary, permafrost, Iceland, Myvatn; 11904.
- hydrostatic quality control**
National Meteorological Center, rawinsonde observation, human error, operational, 04734.
- hydrothermal activity**
deep lake, mixing, lake, USA, Oregon, Crater Lake; 09617. lanthanoid, REE, Eocene, seamount, Atlantic, Bezymiannaya Seamount; 04226. ocean floor, mineralization, metalliferous sediment, bottom sediment, Pacific, East Pacific Rise; 09363. submarine caldera, seafloor sediment, volcanic ash, Japan, Izu Ogasawara Arc, Shichito-Iwojima Ridge; 03007. thaumasite, ODP Leg 129, tuff, Miocene, seamount, Pacific, Mariana Basin; 01641. trace metal, burial, metalliferous sediment, seawater, osmium, Pacific, East Pacific Rise; Bauer Basin; 03006.
- hydrothermal alteration**
avalanche, lahar, hazard assessment, volcano, debris avalanche, Mexico, Citlaltepetl Volcano; Pico de Orizaba; 07734. carbonate, diagenesis, lithification, Ordovician, heat source, Canada, Ontario; 14359. gold mineralization, sericite, spectral anomalies, Brazil, Minas Gerais State, Morro do Ouro; 03742. microrugosity, abrasion, sandstone, dissolution, 05339. mineral composition, greywacke, shale, molar ratio, 08026. silica cement, Tertiary, Palaeogene, Holocene, arkose, France, Massif Central, Auvergne; 08002.
- hydrothermal deposit**
palygorskite, ferromanganese, mineralization, continental margin, Pacific, California Continental Margin; Morro Fracture Zone; California Continental Margin, Santa Lucia Escarpment; 06769. terrigenous sediment, Proterozoic, chert, China, Guangdong, Gusui; 14380.
- hydrothermal effect weathering**
specific capacity, transmissivity, fractured aquifer, stratiform aquifer, pumping test analysis, tectonics, Djibouti; 14718.
- hydrothermal flow**
alkane distribution, bottom sediment, organic matter, fatty acid, 00327.
- hydrothermal fluid**
ferromanganese, nodule, Russian Federation, Lake Baikal, Uskhan Islands; 02963. metalliferous sediment, clay mineral, terrigenous origin, montmorillonite, Pacific, (South); 09362. nontronite, thermometry, seamount, REE, smectite, seawater, Pacific, (Central); 00428.
- hydrothermal genesis**
tropical soil, laterite, plinthite, pedogenesis, weathering, 14509.
- hydrothermal input**
manganese, TAG, sulphide, isotope, Atlantic, Mid-Atlantic Ridge; 00430.
- hydrothermal mound**
mud, rift valley, plume, REE, TAG, Atlantic, Mid-Atlantic Ridge; 00336.
- hydrothermal ore**
strontium, niobidium, lead, isotopic analysis, metalliferous sediment, Red Sea, Nereus Deep; 14429.
- hydrothermal process**
metal, deep sea sediment, ooze, geochemistry, manganese nodule, Pacific, Clarion Isand; Mexico; 03010.

- hydrothermal sediment**
oxidation, organic matter, reduction, sulphate, microorganism, Africa, Lake Tanganyika; 11940.
- hydrothermal state**
radio wave velocity, thermal regime, glacier structure, Svalbard, Hansbreen; Fridtjovbreen; Russian Federation, Alai Mountains, Abramov Glacier; 06628.
- hydrothermal system**
permeability, hydrogeology, volcano, USA, Hawaii, Kilauea Volcano; 11004. volcano, groundwater resource, heat flow, USA, Hawaii, Kilauea Volcano; 11005.
- hydrothermal vent**
concretion, manganate, metal, manganese, sulphide deposit, 06766. petroleum, bacteria, hydrocarbon, Gulf of California, Guaymas Basin; 04269. submarine earthquake, volcanic eruption, seafloor observation, 03786.
- hydrothermal venting**
fault, seafloor, carbonate deposit, Devonian, Africa, Sahara, Ahnet Basin; 13194.
- hydrous oxide**
cadmium, soil acidity, extractant, clay content, Australia, Western Australia; 05620. organic matter, variable charge soil, sulphate adsorption, calcium, 06886.
- hydrovolcanism**
bioturbation, turbidite, volcanism, ash layer, volcanoclastic sediment, Pacific, Hawaiian Arch; 09347.
- hydroxide**
acidic deposition, aluminium, acidic soil, oxide, 03134.
- hydroxide seasonality**
isotope analysis, polluted air, biomass burning, carbon monoxide, atmospheric concentration, Antarctica; New Zealand; 01467.
- hydroxyl radical**
chlorine monoxide, ozone depletion, stratosphere, 08717.
- hydroxy-aluminium complex**
aluminium interlayering, montmorillonite, humic acid, 01861.
- hydroxyacetaldehyde**
unsaturated alcohol, ozone, carbonyl product, alcohol, formaldehyde, 06025.
- hydroxyapatite**
lead immobilisation, groundwater remediation, wastewater treatment, 13587. soil decontamination, lead immobilisation, apatite, 05625.
- hydroxybenzoic acid**
palaeovegetation, coalification, phenol, thermal maturation, lignin, Indonesia, Borneo, Mahakam Delta; 01657.
- hydroxyl**
photochemically active gas, model, methane sink, atmospheric temperature, ozone, 00166.
- hydroxyl radical**
carbonyl sulphide, radioactive tracer, photochemical reaction, 14958. chloromethane, methyl chloride, methylene chloride, rate constant, 14976. contaminant fate, transformation kinetics, sorption, oxidation, PCB, 14735. gas phase reaction, rate constant, ozone, dibenzophuran, dibenzo-p-dioxin, 12562. HCFCs, HCFC-22, lifetime, troposphere, rate constant, 14967. HFC reaction, rate constant, 02347. HFC, rate constant, 03586. hydrogen, peroxy radical, adsorption, aerosol surface, Martian atmosphere, Mars; 01047. monitoring, multipass absorption, differential optical absorption, 11298. nitrate radical, gas phase reaction, vinylpyridine, styrene, 03563. nitrogen oxide, volatile organic compound, ozone formation, regulation, troposphere, 03649. odd nitrogen, molecular oxygen, photochemical model, nitrogen, 07345. oxidation, dimethylsulphide, laser flash photolysis, 14988. oxidation, trace gas, pollutant, photochemistry, review, 13819. ozone/alkene reaction, cyclohexane, olefin, atmospheric chemistry, 12603. ozone, alkene, gas phase reaction, 06012. phenanthrene, gas phase reaction, 13861. phenanthrene, gas phase, rate constant, 12559. radon decay, radioactive pollution, 12594. rate constant, infrared absorption spectra, chlorofluorocarbon replacement, 11309. rate constant, methane, 04773. upper atmosphere, limb emission, FILOS, 09991.
- hydroxymethyl hydroperoxide**
Henry's law constant, hydrogen peroxide, 04775.
- hydroxynitro-PAHs**
fractionation, particulate matter, Ames assay, PAH, nitro-PAHs, 02350.
- hyetograph**
storm depth, scaling model, storm duration, rainfall intensity, 03203. time distribution, dimensionless hyetograph, rainfall intensity, Spain; 03204.
- hyetograph shape**
ponded infiltration, variable head, Green-Ampt equation, infiltration rate, capillary hysteresis, 03315.
- hygristor**
accuracy, low humidity data, relative humidity, radiosonde, USA; 14812.
- hygroscopic combustion particle**
local climate, polluted site, cloud condensation nuclei, fog formation, industrial plant, Belgium, Meuse Valley; 03520.
- hygroscopic particle**
water content, particle composition, aerosol, USA, Arizona, Grand Canyon; California, Los Angeles; 02351.
- hygrothermometer HO-63**
hygrothermometer HO-83, warm bias, wind speed, temperature anomaly, USA, New York, Albany; 02130.
- hygrothermometer HO-83**
warm bias, wind speed, temperature anomaly, hygrothermometer HO-63, USA, New York, Albany; 02130.
- hyper eutrophication**
inflow, heavy metal, lake water quality, Japan, Chiba, Teganuma Lake; 05753.
- hyperarid area**
hamada desert, fluvial erosion, palaeoclimate, landscape evolution, geomorphology, Egypt, Western Desert; 09056.
- hyperarid environment**
pollen analysis, lake core, groundwater, Holocene, Sudan, Sahara, Oyo; 10511.
- hyperaridity**
geomorphology, oasis, radiocarbon date, planation surface, Quaternary, Egypt, Western Desert, Dakhla Oasis; 13052.
- hyperbolic equation**
topography, multiscale system, smooth flow, 03512.
- hyperbolic method**
consolidation, vertical drain, clay, settlement, Singapore, Changi Airport; 11761.
- hyperbolic model**
Cam clay model, excavation, finite element analysis, layered deposit, 12997. shear modulus, finite element study, pressuremeter test, sand, nonlinear elastic plastic model, 01418.
- hyperbolic plot**
settlement, loading, clay, vertical drain, Sweden, SkaEdeby; 04041.
- hyperbolic positioning**
three dimensional, 15046.
- hyperfiltration cell**
stable isotope, fractionation, aquifer sampling, lithium, 14732.
- hyperhaline estuary**
river water quality, salinity, palaeohydrology, estuary, climate change, Senegal, Casamance River; 14627.
- hypermap**
three dimensional modeler, generalised map, 10075.
- hypermedia**
AI technology, GIS, video, forestry, 15161.
- hypersaline environment**
biomass, sabkha, carbon isotope, mangrove, carbohydrate, United Arab Emirates, Abu Dhabi; 02924.
- hypersaline fluid**
dolomitization, porosity, sulphate, Netherlands Antilles, Bonaire; 14365.
- hypersaline lake**
drought, pollen analysis, environmental change, palaeohydrology, Holocene, Canada, Alberta; 00217. meromixis, nitrogen flux, salinity, lake limnology, USA, California, Mono Lake; 06984. microbial mat, water chemistry, anaerobic deep layer, green sulphur bacteria, Spain, Cantabria, La Salada de Chiprana Lake; 09625. stratification, sulphide methane, lake biogeochemistry, overturn, meromixis, USA, California, Mono Lake; 06985.
- hypersaline pond**
desiccation, aridity, Holocene, environmental change, Quaternary megafauna, Madagascar; 00209.
- hypersonic aircraft**
stratosphere, hot boundary layer, model, aircraft, nitric oxide, emission, viscous boundary layer, 06106.
- hypertangent**
Mei-Yu front, shear zone, barotropic instability, 00928.
- hypertext GIS interface**
spatial procedure, data query, 08796.
- hypolimnetic aeration**
iron phosphate precipitation, eutrophication, lake water quality, lake restoration, Germany, Krupunder Lake; 14691.
- hypolimnion**
lake, primary production, suspended particulate matter, chlorophyll, plankton, 11998. phosphorus, silica, manganese, heat transport, lake limnology, USA, Wisconsin, Mendota Lake; 10980.
- hypolimnion saturation**
gas release, carbon dioxide flux, toxic gas, Cameroon, Lake Nyos; 04466.
- hyporheic zone**
diel, surface-hyporheic interaction, desert stream, hydraulic gradient, USA, Arizona, Sonoran Desert, Sycamore Creek; 04479. invertebrate, arid zone, stream hydrology, Australia, South Australia, Flinder Ranges, Brachina Creek; 07031. woodland, coarse particulate organic matter, river bed sediment, Czech Republic, Morava River; 09277.
- hypothesis testing**
environmental monitoring, statistical approach, Bayesian technique, sample size, 03922. geomorphology, scientific method, realism, scientific philosophy, 11643. regression method, multifactorial bioaccumulation study, left censored data, detection limit, 11632.
- Hypsithermal**
Holocene, carbon balance, global warming, peat, tundra, USA, Alaska; 03859.
- hypsithermal event**
glaciology, global change, meteorite trap, ice sheet, blue ice field, Antarctica, Victoria Land; 03665.
- hypsithermal highstand**
sea level change, Holocene, differential submergence, sediment loading, Santee Delta, USA, South Carolina, Murrells Inlet; 00262.
- Hypsithermal interval**
Little Ice Age, late glacial, Holocene, glacier fluctuation, climate variability, Norway; 07893.
- hypographic curve**
bathymetric curve, 04150.
- hypometric analysis**
thermal isostasy, lithospheric thickness, geophysical reference level, Venus; Earth; 11696.
- hypometric curve**
mountain building, tectonics, denudation, Japan; 07737.
- hypometry**
tidal flat, data processing, coastal zone, 10219.
- hyrax dung**
Holocene, precipitation reconstruction, palynology, rainfall estimation, South Africa, Cape Province, Middelburg; 04432.
- hysteresis**
atrazine, adsorption/desorption, clay soil, pesticide transport, groundwater quality, 14733. oil entrapment, spatial variability, groundwater contamination, fluid distribution, oil spill, 02071. soil pollution, organic pollutant, adsorption, desorption, 11984. swirling jet, tornado, Navier-Stokes equation, jump transition, 07284.
- hysteretic damping**
nonlinear soil, soil response, cyclic loading, Fourier component, 02709.

- IAEA**
isotope application, hydrology, tracing, precipitation, 05124.
- ICARE**
catchment inventory, database, catchment research, ERB inventory, Europe; 03933.
- ice**
AVHRR, Arctic leads, snow, 03818. carbon, particulate organic matter, water column, phytoplankton, Antarctica, Ross Sea; 10624. chloride, salinity, sea salt, brine, conductivity, 00426. climate change (1000-1990), historical hydrometeorology, France, Rhone River; 11264. climatology, sea ice, 12840. cloud, radiative property, mixed phase cloud, 09797. dry extraction method, Caroline core, radiocarbon dating, Antarctica, Vostok Station; 11781. Elysium lava, ice enrichment, permafrost, ground, crater characteristic, Mars; 01409. fallout, radionuclide, accumulation rate, Antarctica; 02352. forestry, vegetation, agriculture, cartography, environmental monitoring, water, Europe; 04821. freshwater ice, Vickers indenter, damage zone, indenter, 02833. glacial topography, Laurentide Ice Sheet, subglacial sediment, USA, Wisconsin, Lincoln County; Taylor County; 00391. hydraulic routing model, flow modelling, uncertainty, river flow, flow forecasting, North America, Niagara River; 09595. hydrochloric acid, diffusion, solubility, 13843. meteorology, current, environmental conditions, oceanography, Atlantic, (Northwest); 08542. microstructure, marine ice, meteoric ice, sea ice, electrical property, 13825. microwave remote sensing, lake ice, passive microwave, frozen lake, climate, 12833. momentum forcing, roughness length, sea ice model, Southern Ocean; 08553. mudrock, ice floe, intertidal rock platform, shore platform, Canada, Quebec, St. Lawrence Estuary, Pointe-au-Pere; 03967. nitric acid trihydrate, particle, polar stratospheric cloud, model, heterogeneous chemical process, 04785. peatland, sedimentation, erosion, trace metal, Baltic Sea, Gulf of Bothnia; 05492. polar environment, India, Himalayas; 07214. polar region, ice surface temperature, sea-ice motion, heat balance, AVHRR, snow, 03828. polycrystalline ice, glacier, fabric development, 09231. sea ice, airflow, boundary layer, water, Arctic, Fram Strait; 14882. sea ice, ERS-1, scatterometer, Arctic; 15211. sea ice, mapping, AVHRR, Antarctica; 02539. shore zone, cold coast, lake ice, ice rafting, boulder barricade, Canada; 10524. snow, excited atomic fluorescence, anthropogenic impact, laser technique, cadmium concentration, Antarctica; 00280. snow, karst, cave, Slovenia; 02855. water, optical constant, refractive index, near infrared, 08506.
- ice ablation**
climate change, ice sheet sensitivity, seasonal variation, Greenland, West Greenland, Qamanarsup sermia; 06635.
- ice accretion**
dry rime icing, icing formation, droplet collision efficiency, droplet trajectory, 04547. random walk model, density, structure, 07293.
- ice accumulation**
geomagnetic chronology, Vostok ice core, beryllium-10, Antarctica, Vostok; 10426.
- ice advance**
drumlin formation, deformation, subglacial till, Poland, Chelmino-Dobrzyn Lakeland; 14281. lodgement till, proglacial lake, waterlain till, Germany, Schleswig-Holstein, Danischer-Wohld Cliff; 10494.
- ice age**
climate, carbon dioxide, general circulation model, numerical simulation, 08627. diluvium, glacial geology, glacial theory, Finland; 13022. fire, savanna landscape, archaeology, global change, 01293. numerical modelling, Holocene, elevation change, climate change, ice sheet geometry, Greenland; 09247. palaeotopography, Last Glacial Maximum, ice volume, CLIMAP reconstruction, 14215.
- ice age cycle**
insolation change, modelling, climate model, 02738.
- ice age cyclicity**
global ice mass, tectonic forcing, Caineozoic (late), anthropogenic carbon dioxide, climate dynamics, 00167.
- ice age initiation**
Last Glacial Maximum, modelling, palaeoclimate, GCM, Holocene, 05276.
- ice-air interface**
liquid water, snow, sulphur dioxide uptake, 06040.
- ice albedo**
atmospheric carbon dioxide, global warming, ice sheet, precipitation, 10283.
- ice backscattering**
reverberation, bottom backscattering, Arctic; 03848.
- ice balance**
Kalman smoothing, satellite data, ice motion field, ice cover, microwave observation, Arctic Ocean; 02089.
- ice-bedrock interface**
pressure melting regelation, entrainment, subfreezing temperature, debris entrainment, Antarctica, Terre Adelie, Moraine Prudhomme; 06591.
- ice block**
jokulhlaup, sandur, river channel, glacier, scour, Greenland, Sondre Stromfjord, Russell Glacier; 05352.
- ice boundary change**
aerial photography, Chelnok Glaciation, continental ice sheet, mass balance, Antarctica, East Antarctica, Vestfold Hills; 02842.
- ice breakup**
flood, meander, erosion, suspended sediment, river ice, Canada, Northwest Territories, Liard River; 07953. ice jam, ice motion, kinematic model, river ice, 04552. ice shelf, glacier, climate change, sea level, Landsat, Antarctica, Wordie Ice Shelf; 07258. ice strength, river ice, spatial variability, temporal variability, 04554.
- ice canopy**
seasonal source, continental shelf, methane, sea ice cover, Beaufort Sea; 08661.
- ice cap**
density interface, crack opening, laboratory experiment, negatively buoyant, line plume, 12463. ELA, glacial retreat, climate change, monitoring site, Canada, Northwest Territories, Baffin Island, Barnes Ice Cap; 07934. haze, factor analysis, Arctic; Greenland; 08705. Holocene, rainfall, river discharge, El Nino, Brazil; Peru; 00243. ice sheet, Laurentide Ice Sheet, landform preservation, glacial protection, Europe, Fennoscandia; Canada; 09191. moraine ridge, outwash fan, glacier advance, push moraine, Iceland, Myrdalsjokull, Slettjokull; 14284. retreat, outlet glacier, climate variability, mass balance, glacier variation, Iceland; 04136. sea level, tide gauge, GPS, Greenland; 02538. stable isotope composition, net accumulation rate, precipitation, firm core, Chile, Patagonian Ice Cap; Argentina, Patagonian Ice Cap; 06626. texture, classification, cloud, surface, 02536.
- ice cap stability**
multiple equilibria, albedo/temperature feedback, energy balance, climate model, 05119.
- ice chemistry**
marine salt, precipitation chemistry, ion concentration, glacier, snow chemistry, India, Himalaya, Chhota Shign Glacier; 10893.
- ice column adsorption**
ice impurity, radar absorption, ice temperature, Antarctica, Ronne Ice Shelf; George VI Ice Shelf; 01569.
- ice composition**
Vostok ice core, wind influence, air content, glaciological parameter, Antarctica, Vostok; 14300.
- ice concentration**
passive microwave imagery, sea ice cover, SSM/I algorithm, Weddell Sea; 02852.
- ice concentration analysis**
global climate modelling, sea ice, ERS-1 SAR, Arctic; 07622.
- ice condition**
Boolean delay equation, climate cycle, Arctic; 02332.
- ice contact deposit**
jokulhlaup, boulder deposit, palaeoflow, Norway, Jotunheimen, Mjolkedalsbreen; 14343.
- ice containing cloud**
cloud, liquid phase, 14919.
- ice content**
borehole logging, geophysical investigation, permafrost, georadar, gravimetry, Switzerland, Upper Engadin; 05330. geophysical survey, permafrost, thawing, Canada, Quebec, George River; Kangiqsualujuaq; 13136.
- ice core**
ammonium, sulphuric acid, hydrochloric acid, electrical response, Greenland; 13837. atmospheric chemistry record (41 000 year), atmospheric circulation, ocean, ice cover, Atlantic; Greenland; 13790. atmospheric dust, sulphate profile, climate record, high resolution record, Antarctica; China; Greenland; 11786. climate change, air hydrate, interglacial age, glacial age, Antarctica, Vostok Station; 13151. climate change, major ions, Greenland; 04752. continuous analysis technique, spatial resolution, melting technique, trace species, Greenland, Summit; 09244. continuous measurement, hydrogen peroxide, formaldehyde, calcium, ammonium, Greenland, Summit; 04135. dendrochronology, volcanic dust, dust veil event (AD 536), 13094. electrical conductivity, GISP2, GRIP, Greenland; 06543. GISP2 core, drilling depth, ice sheet, bedrock, Greenland; 10539. GRIP, atmospheric change, methane concentration, climate, Greenland; 06549. GRIP, high resolution analysis, dielectric profiling, Greenland, Summit; 06636. ice divide, climate change, model, Greenland; 12557. ice sheet, North Atlantic oscillation, deuterium, Greenland; 09954. ionic concentration, seasonal cyclicity, volcanic peak, Byrd Station deep core, chemical stratigraphy, Antarctica, Byrd Station; 09146. isotope analysis, chemical analysis, climate instability, last interglacial period, GRIP ice core, Greenland, Summit; 00174. last glacial cycle, climate change, Greenland; 11785. methane record, Greenland; 08636. natural artefact, climate transition, carbon dioxide, measurement, Greenland; 04134. oceanic emission, Holocene, Eem interglacial, dimethylsulphide, methanesulphonate, sulphate, Greenland; 01460. oxygen isotope record, GISP2, GRIP, Greenland; 06544. oxygen isotope record, volcanic acid, solid conductivity, Canada, Ellesmere Island, Agassiz Ice Cap; 13146. palaeoclimatology, atmospheric chemistry, biogeochemical cycle, Antarctica; Greenland; 11777. pre-industrial era, pre-agricultural era, methane, Arctic; Antarctica; 01043. precipitation, fluoride, firm, Greenland; 11295. sea surface temperature, methanosulphonic acid, biogenic sulphur, record (1767-1991), dimethyl sulphide, Greenland; 11294. snow/firm, atmosphere/snow transfer, microphysics, hydrogen peroxide, 07340. sulphate, anthropogenic activity, climate forcing, aerosol, Pacific, (North); Greenland; 08650. sulphate, organic acid, inorganic acid, ammonium, formate, Greenland; 09968. trace element, basalt ice, neutron activation analysis, Greenland, Dye-3; 07826. tree ring data, Little Ice Age, summer temperature, climate change, global warming, 06554. tropics, reconstruction, El Nino, climate record, Peru, Quelccaya; 13792. variability, nitrate concentration, Maunder Minimum, solar flare, Antarctica, Ross Ice Shelf; 02731. Vostok ice core, atmospheric carbon dioxide, Pleistocene climate, wind speed, Antarctica, Vostok; 02747. Younger Dryas, pollen peak, foraminifera, glacier readvance, USA, Washington, Olympic Peninsula; Alaska, Panhandle; Canada, British Columbia; 07839.
- ice core data**
tropospheric river, specific humidity, wind velocity, water vapour flux, one year record, 12450.
- ice core evidence**
tropical ice core, palaeoclimate reconstruction, oxygen isotope record, recent warming, China, Dunde Ice Cap; 00279.
- ice core record**
atmospheric composition, glacial/interglacial cycle, climate, greenhouse gas, Antarctica, Vostok; 00010. climate change, last glaciation, SPECMAP record, climate instability, Greenland, Summit; 00175. isotope shift, moisture source, glacial/interglacial, oxygen isotope, 09956. Last Glacial Maximum, carbon dioxide, environmental change, fossil record, 12873.
- ice coring**
sulphate, snow dune, sastrugi, deposition, wind pumping, 08653.
- ice cover**
clay mineral, sedimentation, marine sediment, seasonal fluctuation, Fram Strait; Norwegian Sea; 11970. frazil ice, river ice, ice jam, roughness coefficient, 12357. ice core, atmospheric chemistry record (41 000 year), atmospheric circulation, ocean, Atlantic; Greenland; 13790. ice rafting, sedimentation, sediment load, estuary, Canada, Quebec, St. Lawrence Estuary; 01586. microwave observation, ice balance, Kalman smoothing, satellite data, ice motion field, Arctic Ocean; 02089. ocean heat budget, circulation pattern, subpolar ocean, climate change, ocean chemistry, Atlantic, (North), Fram Strait; 01471. palaeolimnology, sedimentology, dry

- valley, Antarctica, McMurdo Dry Valleys; 14298. seasonal variability, sedimentation, Arctic Ocean; 06679. sediment enrichment, wave action, frazil entrainment, suspended sediment, 11889. sedimentation, spring bloom, primary production, sea ice, phytoplankton, Barents Sea; 03018. snow cover, climate, general circulation model, Antarctica; 09897. unsteady flow, open channel flow, wave propagation, 04449.
- ice cover stability**
radar profiling, ice profiling, river ice, 11555.
- ice coverage**
model sensitivity, sea ice variability, Arctic; 09874.
- ice covered lake**
amictic lake, carbon cycling, lake water chemistry, methane oxidation, methane production, Antarctica, Fryxell Lake; 05746. biogeochemistry, carbon, nitrogen, photosynthesis, stable isotope, Antarctica, Taylor Valley, Lake Hoare; 01563.
- ice covered ocean**
coastal geomorphology, Amazonian (early), channel cutting, coastal erosion, Mars; 01408.
- ice crust**
isotope, oxygen isotope content, snow, Antarctica, Mizuho Station; 02343.
- ice crystal**
backscattering, non spherical hydrometeor, radar meteorology, 02141. cirrus, aircraft observation, radiative property, 11238. cloud seeding, cumulus, dispersion, 02264. expansion, aircraft produced ice, laboratory experiment, 02267. ice formation rate, weather modification, supersonic flow, 05979. lidar, backscatter, depolarisation, 13998. middle latitudes, mesopause, noctilucent cloud, lidar observation, 13763. ozone destruction, boundary layer, bromine, Arctic; 08690. precipitation chemistry, riming, snow, mixed phase cloud, cloud, Switzerland, Mount Rigi; 05978. precipitation, snow crystal origin, riming, winter, 05977.
- ice crystal cloud**
radiative transfer model, aircraft observation, satellite detection, Arctic; 04702.
- ice crystal formation**
aerosol, heterogeneous nucleation, cirrus, cloud, 09930. cloud seeding, snow sample, USA, California, Almanor Lake; 05983.
- ice dam**
outburst flood, tsunami, floodplain protection, flooding, flood migration, Canada; 12198. river water level, prevention strategy, ice jam, Ukraine, Pripyat River; 12359.
- ice dammed lake**
flooding, catastrophic flooding, deglaciation, Russian Federation, Siberia; 00291. meltwater, overflow terrace, radiocarbon dating, Vistulian, Poland, Vistula River; 07752. silt bed, meltwater, glacier ice, varve, grain size, Canada, Saskatchewan, Lake Assiniboine; 10592. subglacial tunnel, iceberg, jokulhlaup, Salmon Glacier, Canada, British Columbia, Summit Lake; 02799.
- ice deformation**
experiment, shear strain, computer modelling, 13145.
- ice degradation**
climate warming, island ice dome, glacier, Svalbard, Nordaustlandet; 06637.
- ice development**
ice particle, cloud ice, cumulus, 09929.
- ice divide**
climate change, model, ice core, Greenland; 12557. glacial landform, palimpsest landform, relict glacial landform, Canada, Nova Scotia; 10485.
- ice dome**
computer model, mass balance, ice thickness, captured ice shelf hypothesis, 13143.
- ice drift**
coastal process, video camera, sediment concentration, sand, North America, Great Lakes, Lake Michigan; 14330. geocoding, AVHRR, sea ice, Canada, Newfoundland; 03819. ice floe, geostrophic wind, marginal ice zone, Antarctica; Weddell Sea; 07621. iceberg, energy conservation, thermal energy, temperature tracking, calving, 02088.
- ice dynamics**
glacier, radioactive isotope, climate study, ice flow rate, India, Himalayas; 06630. snowpack, SAR, 08930.
- ice edge**
advection algorithm, particle-in-cell, sea ice model, 07249. boundary layer structure, coastal front, geostrophic wind direction, 13727. edge detection, cloud screening, AVHRR, Arctic; 03731. SAR, sea ice, leads, polynyas, 14084.
- ice enrichment**
permafrost, ground, crater characteristic, ice, Elysium lava, Mars; 01409.
- ice extent**
climate model, snowline, Precambrian, solar luminosity, sea level rise, 05062. hydrological cycle, global scale, GEWEX, Global Energy and Water Cycle Experiment, 05085. polar ice, sea surface temperature, temperature, 10226.
- ice fabric**
eigenvalue problem, Schmidt-net, vector analysis, 06621.
- ice failure**
freshwater ice, ice sheet, indentation test, 12361.
- ice fall**
jokulhlaup, avalanche, natural hazard, volcanism, earthquake, Switzerland, Alps; Iceland; 06439.
- ice field**
ELA, glacier retreat, mass balance, neoglacal maxima, calving dynamics, South America, Patagonia; 07937. hummocky moraine, deglaciation, Younger Dryas, Loch Lomond Stadial, UK, Scotland, Highlands; 02793.
- ice floe**
geostrophic wind, marginal ice zone, ice drift, Antarctica; Weddell Sea; 07621. intertidal rock platform, shore platform, ice, mudrock, Canada, Quebec, St. Lawrence Estuary, Pointe-au-Pere; 03967. underside roughness, air/ice drag coefficient, surface roughness, sea ice, remote sensing, Weddell Sea; Antarctica; 04549. wave, floe size, sea ice, 13615.
- ice flow**
field guide, sea level change, Quaternary, Holocene, late glacial, UK, Scotland, Shetland; 09172. glacially deformed sediment, glacioteconic structure, USA, Alaska, St. Lawrence Island; Russian Federation, Chukotka Peninsula, Lavrentiya Bay; 01501. ice stream, no slip/free slip transition, basal shear stress, bed conditions, basal boundary condition, 00792. strain rate, slope, ice stiffness, basal drag, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10540.
- ice flow rate**
ice dynamics, glacier, radioactive isotope, climate study, India, Himalayas; 06630.
- ice fluctuation**
winter precipitation, tide water glacier, calving dynamics, Holocene record, Chile, Patagonia, San Rafael Glacier; 04129.
- ice foot**
berm, subarctic, emerging coastline, foredune development, sediment supply, sea level, Canada, Hudson Bay; 11659.
- ice formation**
aerosol, nucleation theory, 10011. climate change, river ice, air temperature, carbon dioxide, Russian Federation; Byelorussia; Ukraine; 13614. sea ice, isotopic composition, oxygen isotope, crystal structure, Antarctica, Ross Sea; Amundsen Sea; Antarctica, Bellingshausen Sea; 13616.
- ice formation rate**
weather modification, supersonic flow, ice crystal, 05979.
- ice free area**
fieldwork impact, visual technique, terrestrial environment, disturbance, vehicle track, Antarctica, Ross Ice Shelf, McMurdo Sound; 05267.
- ice front**
lodgement till, push moraine, moraine ridge formation, Iceland, Myrdalsjokull; 01517.
- ice growth**
estuary, river mouth, vertical profile, marine halocline, water temperature, salinity, current velocity, 12232. ice thickness, analytical model, sea ice, 02085.
- ice/ice collision**
charge separation, graupel pellet, riming, heat balance, electrification, 11244.
- ice impurity**
radar absorption, ice temperature, ice column adsorption, Antarctica, Ronne Ice Shelf; George VI Ice Shelf; 01569.
- ice initiation**
Laurentide Ice Sheet, Last Interglacial, ice retreat, Cordilleran Ice Sheet, Canada, Canadian Arctic; Canada; 04089.
- ice island**
ERS-1, atmospheric circulation, surface wind, drift, Arctic Ocean, Hobson's Choice Ice Island; 05334. iceberg size, Labrador Sea; Canada, Newfoundland, Grand Banks; 05820.
- ice jam**
ice dam, river water level, prevention strategy, Ukraine, Pripyat River; 12359. ice motion, kinematic model, river ice, ice breakup, 04552. roughness coefficient, ice cover, frazil ice, river ice, 12357.
- ice kettle**
hydrology, esker enlargement, bedrock topography, subglacial environment, Sweden; 04096.
- ice lake**
glacial lake, deglaciation, spillway, bottom sediment, Finland, Koilliskaira Region; 01513.
- ice lens**
freeze-thaw effect, hydraulic conductivity, morphology, compacted clay, 01545. soil water model, frozen soil, frost heave, 06830. theoretical study, frost heave, sensitivity analysis, frozen soil, 04120.
- ice limit**
permafrost, preglacial drainage pattern, database, glacioteconic feature, Europe; 01508.
- ice load**
rime ice, conductor, icing model, accretion, 05981.
- ice lobe**
foraminifera, salinity, Lake Agassiz, Champlain Sea, Canada, Quebec, Quebec City; 01696.
- ice mapping**
thermal infrared, radiometry, sea ice, 15212.
- ice margin**
calving, seismic mapping, till, marine environment, glaciomarine sediment, 07849. drainage system, Anglian stage, Hoxnian, till, lacustrine clay, UK, England, Suffolk, Shottisham; Eyke, Rookery Farm; 00238. surface, energy balance, katabatic flow, glacier, tundra, Greenland; 12502. till stratigraphy, deglaciation, glaciation, interglacial, interstadial, Finland; 00240.
- ice margin deposit**
Devensian (late), deglaciation, ice sheet, glacial geomorphology, supraglacial, UK, Scotland, Aberdeen, Dee Valley; 05308.
- ice margin deposition**
drumlin, basal debris, meltwater, Quaternary, Ireland; 06589.
- ice margin tectonics**
Gilbert type delta, sea level change, Loch Lomond Readvance, glaciomarine, deltaic deposition, UK, Scotland, Mull, Loch Don; 07890.
- ice marginal deposit**
groundwater spring, deglaciation history, Holocene, Norway, Hedmarksvidda, Hedmark, Astaldalen; 09062.
- ice marginal fluctuation**
spatial resolution, Sojuzkarta KFA-1000, Landsat, SPOT, Svalbard, Spitsbergen; 03842.
- ice marginal landform**
deglaciation, historic retreat, ice sheet, valley glacier, Canada, British Columbia, Saint Elias Mountains, Grand Pacific Glacier; Melbern Glacier; 10532.
- ice mass**
topography, bed topography, ice sheet, climate forcing, 04049.
- ice mass balance**
time domain reflectometry, ice shelf, bottom melting, Antarctica, Filchner-Ronne Ice Shelf; 06641.
- ice mechanics**
freshwater ice, melt layer thickness, crushing experiment, 13131. strength, salinity, confining pressure, pressuremeter test, sea ice, 13130.
- ice microphysics**
liquid water model, hail category model, cloud model, supercell storm, 02269.

ice motion

drifting station data, geostrophic wind, drag coefficient, Arctic; 11158. kinematic model, river ice, ice breakup, ice jam, 04552. lead pattern, wind forcing, sea ice rheology, AVHRR imagery, Beaufort Sea; 02838. SAR, image spectra, ocean wave, Canada, Newfoundland; 07620.

ice motion field

ice cover, microwave observation, ice balance, Kalman smoothing, satellite data, Arctic Ocean; 02089.

ice movement

glacial feature, glaciotectionics, flow direction, Germany, (East); 07895. marine record, continental glaciation, Pleistocene, deep sea chronology, USA, Nevada, Devils Hole; 10423. polar research, SAR interferometry, geophysical parameter, Antarctica; 14090.

ice nucleation

supercooled liquid water, wave cloud, cloud particle growth, liquid droplet, 04696.

ice observation (1850-1991)

climate index, lake, Finland; 09952.

ice-ocean interface

crystallography, ice shelf, frazil ice, salinity, cationic content, Antarctica, Hells Gate Ice Shelf; 04137.

ice/ocean coupling

sea ice, convective overturn, Greenland Sea; 09728.

ice/ocean model

sea ice cover, salinity anomaly, Greenland Sea; Norwegian Sea; 05948.

ice pack

Arctic leads, energy budget, AVHRR, Arctic; 03813.

ice particle

cloud ice, cumulus, ice development, 09929. orography, cap cloud, radar measurement, millimeter wavelength, 12402. review, mesopause, noctilucent cloud, middle atmosphere, mesospheric cloud, 13762. winter, thundercloud, radar echo, lightning, polarisation radar, 05987.

ice particle growth

snow chemistry, riming, Greenland; 08698.

ice particle model

polar, summer, mesopause, two ion, 13869.

ice particle size

microwave backscattering, brightness temperature, snow microstructure, stereological method, 03833.

ice patch

firm, glacier, Poland, Tatra Mountains; 11133.

ice phase

cloud ice, stratiform cloud, negative temperature, liquid phase, 08598. conditional instability, tropical atmosphere, convection, available potential energy, 00992. hydrometeor, cloud parameterisation, Bergeron-Findeisen mechanism, precipitation, 05972.

ice plain

GIS, net mass balance, Antarctica; 10235.

ice production

frazil ice, polynya, wind, salinity, 12354.

ice profiling

river ice, ice cover stability, radar profiling, 11555.

ice pushed hill

glaciotectionic landform, upslope movement, proglacial lake, ice surge, Canada, Saskatchewan, Missouri Coteau; 01505.

ice pushed ridge

glaciotectionic landform, structural uplift, nunatak, bedrock thrust, Canada, Saskatchewan, Cactus Hills; Dirt Hills; 01504.

ice radar

temperate glacier, bed topography, ice thickness, radio echo sounding, helicopter survey, Norway, Svartisen; 02835.

ice rafted debris

glacier decline, dropstone, Barents ice sheet, Svalbard; Barents Sea; 11789. surface water productivity, Pleistocene, Holocene, glaciomarine sedimentation, continental margin, Greenland, East Greenland, Scoresby Sund; 00176.

ice rafted detritus

glacial till, glaciation, Cainozoic (late), glaciomarine deposit, diamicton, Greenland; 11832.

ice rafted sediment

fjord, circulation pattern, sedimentation control, bay geometry, bottom sediment, Antarctica, Antarctic Peninsula; Atlantic, South Shetland Islands; 02901.

ice rafting

beach profile, sediment budget, North America, Great Lakes, Lake Michigan; 14329. boulder barricade, ice, shore zone, cold coast, lake ice, Canada; 10524. fluvial deposit, sedimentary structure, suspended load, flooding, Canada, Ontario, Albany River; 14319. Heinrich event, isotope stratigraphy, sedimentation rate, deep circulation, carbonate deposition, Labrador Sea; 14229. interglacial, foraminifera, accumulation, Heinrich deposit, Th-230, Atlantic, (Northeast); 10662. Quaternary (late), isotope data, deep sea sediment, detrital silicate, Atlantic, (North); 02751. sediment load, sea ice, bottom sediment, continental shelf, USA, Alaska; Arctic Ocean; 01585. sedimentation, sediment load, estuary, ice cover, Canada, Quebec, St Lawrence Estuary; 01586. turbidity current, radiocarbon dating, Wisconsin, deglaciation, till, Canada, Nova Scotia, Emerald Basin; 14269.

ice recession

Baltic Ice Lake, organic matter, varved clay, depositional environment, Sweden, Blekinge; 11831. recession rate, space image, ice shelf, Antarctica, Antarctic Peninsula, Larsen Ice Shelf; 02850.

ice regime

classification system, sea ice, Ukraine, Azov Sea; 11048. power plant, river ice, thermal regime, Russian Federation, Chulym River; Beresh River; Russian Federation, Uryup River; 02084.

ice retreat

climate, landform, glacier, calving, melting, New Zealand, South Island, Southern Alps; 04132. Cordilleran Ice Sheet, ice initiation, Laurentide Ice Sheet, Last Interglacial, Canada, Canadian Arctic; Canada; 04089. mass balance, glacier fluctuation, summer temperature, Italy, Alps, Lombardy, Ghiacciaio dei Forni; Ghiacciaio della Ventura; 09238. Wisconsinan (late), glacial advance, radiocarbon dating, outwash, flowtill, USA, Ohio; 04093.

ice rich permafrost

rock glacier, permafrost, gravimetric investigation, Switzerland, Alps, Upper Engadin, Murtel-Corvatsch Rock Glacier; 11855.

ice rise

ice stream, coast, Antarctica; 12841.

ice/rock mixture

segregation ice, permafrost, rheological model, rock glacier, flow, 11851.

ice service

cryosphere, sea ice, 09851.

ice sheet

aerosol, PAH, transport, long range transport, Greenland; 08716. aerosol, size distribution, source, transport, element, Greenland; 08700. aerosol, snow, overview, Greenland; 08657. airborne particle, snow, particle, deposition model, 06060. albedo, ablation, climate change experiment, model sensitivity, energy balance model, Greenland; 10538. altimetry, topography, flow model, 02535. AVHRR imagery, albedo, katabatic wind, net accumulation rate, undulating topography, Antarctica, East Antarctic; 02843. basal temperature, Cainozoic (late), glaciological modelling, Antarctica, East Antarctica; 10550. basin, fjord, debris flow, continental margin, Quaternary, Canada, Baffin Bay; 10651. bedrock, ice core, GISP2 core, drilling depth, Greenland; 10539. blue ice field, hypsithermal event, glaciology, global change, meteorite trap, Antarctica, Victoria Land; 06365. boundary layer, interaction, slab model, 12469. climate forcing, ice mass, topography, bed topography, 04049. coarsening-upwards sequence, emergent facies sequence, Devensian (late), UK, Northern Ireland, Portballintrae; 11828. data product, altimeter data, waveform retracking, slope correction, 14087. Devensian, coastline, mantle viscosity, glacial rebound, model, UK; 07887. dry aerosol, size distribution, dry deposition, trace element, Greenland; 08699. equilibrium line, daily energy balance, stake measurement, melt, energy balance, Greenland; 09245. esker, subglacial drainage, deforming bed, Europe, Fennoscandia; North America; 09192. glacial deposit, Pleistocene, neotectonics, till, Estonia; Latvia; Lithuania; 04098. glacial geomorphology, supraglacial, ice margin deposit, Devensian (late), deglaciation, UK, Scotland, Aberdeen, Dee Valley; 05308. glaciome-teorology, albedo, katabatic flow, melting zone, Greenland; 02202. global, parameterisation, longwave radiation, Greenland; 12421. ground traverse, passive microwave, spectral signature, Antarctica; 02534. ice thickness, GRIP, GISP2, radio echo sounding, Greenland; 11863. indentation test, ice failure, freshwater ice, 12361. katabatic flow, Greenland; 12503. Laurentide Ice Sheet, landform preservation, glacial protection, ice cap, Europe, Fennoscandia; Canada; 09191. margin change detection, ERS-1 SAR, snow facies, recession, climate variability, Greenland; 02841. melt zone, radar measurement, snowpack, firm metamorphosis, seasonal melt, Greenland; 09243. methanesulphonic acid, sulphate, air, snow, Greenland; 11287. modelling, thermomechanical coupling, sea level lowering, Little Ice Age, mass balance, Greenland; 10536. North Atlantic oscillation, deuterium, ice core, Greenland; 09954. Norwegian current, biogenic carbonate, iceberg drift, ODP Leg 104, terrigenous record, Atlantic, (North); Norwegian Sea; 11788. oxygen isotope stratigraphy, Pleistocene, Europe, (Northwest); 11783. Pleistocene, roches moutonnees, snowline, glacier, glacial landform, Recent, China, Qinghai-Xizang Plateau, Yellow River; 13090. polar motion, climate model, global change, Earth rotation, Antarctica; 03865. Pomeranian Phase, ice tongue, meltwater outflow, glacial surge, geomorphological effect, Poland, Vistula Region; 07896. precipitation (1963-1988), modelling, precipitation, 04723. precipitation, ice albedo, atmospheric carbon dioxide, global warming, 10283. radar, altimetry, seasonal variability, Greenland; Antarctica; 12839. radar, altimetry, surface scattering, volume scattering, scattering, 12838. reflection, radio echo, Antarctica, Mizuho Station; 02537. rock surface weathering, surface roughness, trimline, Little Ice Age, Norway, Nordfjord; 04095. satellite altimetry, 05015. satellite radar altimetry, variogram method, kriging, Antarctica, Lambert Glacier; 03839. Seasat scatterometer, katabatic wind, 08932. seasonal melting, refreezing, percolation zone, radar echo, Greenland; 04133. seasonal variation, cloud cover, polar region, 03732. sensitivity study, Pliocene, dry valley, climate change, Antarctica, East Antarctica; 10549. snow, seasonal variability, PAH, Greenland; 13851. strain, shear, crystal orientation, Antarctica, East Antarctica, Dronning Maud Land, Sor-Rondane Mountains; 13153. surface melt, climate change, passive microwave, variation, summer melt, Greenland; 02743. TL dating, chronology, Quaternary, sediment, Canada, Ontario; 07885. valley glacier, ice marginal landform, deglaciation, historic retreat, Canada, British Columbia, Saint Elias Mountains, Grand Pacific Glacier, Melburn Glacier; 10532. Weichselian (late), glaciation history, North Sea; 11830.

ice sheet activity

subglacial process, subglacial landform, sediment/landform association, symposium, 14262.

ice sheet behavior

ice stream, satellite radar interferometry, Antarctica, Rutford Ice Stream; 08931.

ice sheet collapse

subglacial sediment, Quaternary, diatom, interglacial interval, Antarctica, West Antarctica; 10500.

ice sheet dynamics

glacial terrain, glacial geomorphology, Wisconsinan glaciation, 01262. ice shelf, modelling, grounded ice sheet, 06623. Quaternary, palaeoclimate, glacier fluctuation, cold based ice, Antarctica, Taylor Glacier; 11865. radiocarbon dating, organic detritus, Estonia, Vologda District; 10435. subglacial meltwater, glaciofluvial system, tunnel channel, esker, Canada, Northwest Territories, District of Franklin, Victoria Island; 04087.

ice sheet fluctuation

Cainozoic, environmental change, dating, glaciation, Australia, Tasmania; Antarctica; 00162.

ice sheet geometry

ice age, numerical modelling, Holocene, elevation change, climate change, Greenland; 09247.

ice sheet hydrology

tunnel channel, glacial landform, erosion mark, drumlin field, meltwater, 14268.

ice sheet instability

non climatic forcing, deforming sediment, climate change, Laurentide Ice Sheet, North America; 09193.

ice sheet margin

mesoscale model, atmospheric circulation, Greenland; 12504.

ice sheet model

mantle viscosity, sea level, glacial rebound, model, UK; 07888.

ice sheet reconstruction

bed stress, subglacial bedform, Devensian, drumlin formation, UK, England, Pennines; 14275. boundary conditions, GCM, climate, Last Glacial Maximum, 00165. gibbsite, trimline, nunatak, Devensian (late), UK, Scotland, Isle of Skye, Trotternish Escarpment; 11829. Pliocene/Pleistocene, uplift, isotopic dating, cinder cone deposit, Antarctica, Transantarctic Mountains, Taylor Valley; 04103.

ice sheet sensitivity

seasonal variation, ice ablation, climate change, Greenland, West Greenland, Qamanarssup sermia; 06635.

ice sheet topography

brightness temperature, SSM/I, digital elevation model, Antarctica; 03676.

ice shelf

basal drag control, velocity, flow confluence, ice stream, Antarctica, West Antarctica, Ice Stream C; Ice Stream B; 10544. bottom melting, ice mass balance, time domain reflectometry, Antarctica, Filchner-Ronne Ice Shelf; 06641. crevasse, surface strain rate, failure envelope, tensile strength, calving rate, Antarctica; 06638. electromagnetic reflection sounding, structure mark map, ice thickness, elevation, Antarctica, Filchner-Ronne Ice Shelf; 11866. frazil ice, salinity, cationic content, ice-ocean interface, crystallography, Antarctica, Hells Gate Ice Shelf; 04137. glacial meltwater, meltwater pond, pond water chemistry, streamwater chemistry, Antarctica, McMurdo Ice Shelf; 14763. glacier, climate change, sea level, Landsat, ice breakup, Antarctica, Wordie Ice Shelf; 07258. heat transfer, basal melting, melting, Antarctica, Northern Victoria, David Glacier, Drygalski Ice Tongue; 09869. ice recession, recession rate, space image, Antarctica, Antarctic Peninsula, Larsen Ice Shelf; 02850. marginal ice, radiometric brightness temperature, surface melting, global warming, Antarctica; 03816. modelling, grounded ice sheet, ice sheet dynamics, 06623. ocean wave, refraction, ice zone rigidity, 11861. passive microwave sensor, summer melt, Antarctica; 11558. sand spit, bridging, coastal evolution, 05154. surface velocity, grounding line, basalt melting value, bottom freezing, satellite image analysis, ice tongue, Antarctica, Victoria Land, Terra Nova Bay; 02844. wind, katabatic flow, Antarctica, Brunt Ice Shelf; 04691. Wisconsinan (late), Laurentide Ice Sheet, ice stream, drumlin field, Canada, Victoria Island, Storkerson Peninsula; 11825.

ice stagnation

ice topography, Tekonsha Moraine, Lake Michigan Lobe, till, Saginaw Lobe, USA, Michigan; 04092. radar study, crevasse, sheet flow, channelised water flow, Antarctica, West Antarctica, Ice Stream C; 10547.

ice stiffness

basal drag, ice flow, strain rate, slope, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10540.

ice storm

freezing rain, sleet climatology, USA, (Southeast); 09817.

ice stream

acoustic impedance, dilated bed, porosity, melting point, basal conditions, Antarctica, West Antarctica, Ross Ice Shelf; 10545. bedrock topography, streaming flow, basal boundary condition, ground radar, internal layer folding, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10546. coast, ice rise, Antarctica; 12841. cross over analysis, Kriging, radar, Antarctica; 12837. drumlin field, ice shelf, Wisconsinan (late), Laurentide Ice Sheet, Canada, Victoria Island, Storkerson Peninsula; 11825. ice shelf, basal drag control, velocity, flow confluence, Antarctica, West Antarctica, Ice Stream C; Ice Stream B; 10544. ice thickness measurement, climate change, mass balance, surface topography, radar study, Antarctica; 02848. lateral shear, crevasse pattern, velocity pattern, aerial photography, Antarctica, West Antarctica, Ice Stream B; 10548. no slip/free slip transition, basal shear stress, bed conditions, basal boundary condition, ice flow, 00792. satellite radar interferometry, ice sheet behavior, Antarctica, Rutford Ice Stream; 08931. sticky spot, basal shear stress, bedrock bump, lubricating till, bed roughness, Antarctica, West Antarctica, Ice Stream B; 10541.

ice stream advance

last deglaciation, calving margin, iceberg, Holocene (early), Canada, Arctic Canada, Hudson Strait; 07935.

ice stream flow

crevasse, strain rate field, 03840.

ice strength

freshwater ice, impact test, 12363. river ice, spatial variability, temporal variability, ice breakup, 04554.

ice surface

bromine, hydrochloric acid, heterogeneous reaction, 15001. snow, sulphur dioxide, hydrogen peroxide, deposition, laboratory experiment, dry deposition, 08658.

ice surface temperature

aerosol scattering modelling, AVHRR surface temperature, Greenland; 03831. cloud cover, AVHRR, passive microwave imagery, 03820.

ice surface temperature

sea-ice motion, heat balance, AVHRR, snow, ice, polar region, 03828.

ice surge

ice pushed hill, glaciotectionic landform, upslope movement, proglacial lake, Canada, Saskatchewan, Missouri Coteau; 01505.

ice temperature

ice column adsorption, ice impurity, radar absorption, Antarctica, Ronne Ice Shelf; George VI Ice Shelf; 01569.

ice thermodynamics

molecular conductive-diffusive model, multilayer turbulent model, melting ice, sea ice, 02086.

ice thermodynamics

prismatic ice model, heat balance, lake, North America, Great Lakes; 14766.

ice thickness

albedo, sea ice, AVHRR, Arctic; 03817. analytical model, sea ice, ice growth,

02085. basal melting, basal ice, radio echo sounding, Antarctica, Dronning Maud Land, Vestfjella; Heimfrontfjella; 02849. brightness temperature, microwave emission, sea ice, 01248. captured ice shelf hypothesis, ice dome, computer model, mass balance, 13143. elevation, ice shelf, electromagnetic reflection sounding, structure mark map, Antarctica, Filchner-Ronne Ice Shelf; 11866. glaciological investigation, radio echo sounding, velocity, ablation rate, USA, Wyoming, Wind River Range, Upper Fremont Glacier; 07886. GRIP, GISP2, radio echo sounding, ice sheet, Greenland; 11863. kriging, mapping, subglacial topography, Sweden, Kebnekaise Massif, Storglaciaren; 05016. microwave, radiometry, remote sensing, sea ice, South China Sea; East China Sea; Yellow Sea; 06321. radio echo sounding, helicopter survey, ice radar, temperate glacier, bed topography, Norway, Svartisen; 02835. SAR, new ice, marginal ice zone, gravity wave imagery, Greenland Sea; 11557. snow depth, heat transfer model, lake, water temperature, USA, Minnesota; 12228.

ice thickness measurement

climate change, mass balance, surface topography, radar study, ice stream, Antarctica; 02848.

ice thin section

stereological, textural analysis, stereo image, automated image analysis, 06622.

ice tongue

ice shelf, surface velocity, grounding line, basalt melting value, bottom freezing, satellite image analysis, Antarctica, Victoria Land, Terra Nova Bay; 02844. meltwater outflow, glacial surge, geomorphological effect, ice sheet, Pomeranian Phase, Poland, Vistula Region; 07896.

ice topography

Tekonsha Moraine, Lake Michigan Lobe, till, Saginaw Lobe, ice stagnation, USA, Michigan; 04092.

ice transport

frozen-based glacier, blockfield, erratic boulder, Sweden, Sarek; 13088.

ice type

sea ice, SAR, 01246. surface temperature, sea ice pack, AVHRR, Arctic; 14082.

ice velocity

climate change, glacial retreat, cirque glacier, topographic survey, France, Alps, Chambeiron Massif, Ubaye Valley; 09197. decay, flow stripe, aerial photography, crevasse, glacier relief, Antarctica, Byrd Glacier; 02847.

ice volume

CLIMAP reconstruction, Ice Age, palaeotopography, Last Glacial Maximum, 14215. marine sediment, dissolution, sediment/water interface, carbonate, Holocene, Pacific; 01625. zonal atmospheric circulation, severity index (1879-1992), sea ice, Baltic Sea; 11260.

ice volume transport

sonar measurement, drift data, sea ice, radar data, 01564.

ice water

SSM/I data, water vapour, radiative transport model, rainfall, total water, 09946.

ice water content

evaporative technique, cirrus, 02138.

ice wedge

cracking, cracking rate, sound, speed, Canada, Arctic Canada; 02829. thermokarst, frost heave, periglacial process, permafrost research, ground ice, Canada; 01551.

ice wedge cast

floodplain, permafrost, Loch Lomond stadial, late glacial, UK, England, Suffolk, Needham Market; 02774. frost crack, Permafrost, palaeoenvironmental reconstruction, thaw modification, Pleistocene, Canada, Mackenzie Delta, Richards Island; 05327. nivation niche, periglacial landform, Weichselian, GIS modelling, TL dating, Denmark, Zealand, Bjergsted Area; 11859.

ice wedge cracking

permafrost, air temperature, snow cover, creep, frozen ground, Canada, British Columbia, Arctic Coast; USA, Alaska, Arctic Coast; 06612.

ice zone

mesocyclone, synoptic circulation, Antarctica; 04613.

ice zone rigidity

ice shelf, ocean wave, refraction, 11861.

iceberg

basal ice, seawater, organic matter, Antarctica, Amery Ice Shelf; Prydz Bay; 02087. clay mineral, dropstone, Isotope Stage 6, shelf, Pleistocene, Norwegian Sea; Greenland Sea; 02970. drift, current, atmospheric circulation, Southern Ocean; 10462. energy conservation, thermal energy, temperature tracking, calving, ice drift, 02088. grounding structure, glaciolacustrine sediment, subaqueous fan, diamicton, UK, Scotland, Aberdeenshire; 07891. Holocene (early), ice stream advance, last deglaciation, calving margin, Canada, Arctic Canada, Hudson Strait; 07935. jokulhlaup, Salmon Glacier, ice dammed lake, subglacial tunnel, Canada, British Columbia, Summit Lake; 02799. oil spill, side looking X-band radar, sea surface radar scattering, wind speed, cyclone, rainfall, 03800.

iceberg calving

scour, Champlain Sea, catabatic wind, dune, Canada, Quebec, Montreal; 01506.

iceberg drift

current profile, wind speed, Coriolis forcing, 12362. ODP Leg 104, terrigenous record, Ice Sheet, Norwegian current, biogenic carbonate, Atlantic, (North); Norwegian Sea; 11788.

iceberg plowmark

Pleistocene, calving ice front, sidescan sonar, marine ice sheet, Arctic Ocean, Yermak Plateau; 11834.

iceberg production

Heinrich event, Laurentide Ice Sheet, calving, climate cooling, 02739.

iceberg rafting

scouring, suspension, glacier, diamicton, Greenland, Scoresby Sund; 07976.

iceberg scour

sedimentation rate, Weichselian deglaciation, deposition, lodgement till, Sweden, Skane, Kabusa; 00393. sidescan sonogram, palaeobathymetry, orientation, Canada, Saskatchewan; Scotian Shelf, Emerald Basin; 05288.

iceberg size

ice island, Labrador Sea; Canada, Newfoundland, Grand Banks; 05820.

- iceberg tonne**
aerial photography, Landsat image, AVHRR data, velocity measurement, Antarctica, Thwaites Glacier; 02846.
- Icelandic Low**
Aleutian Low, sea ice, atmospheric circulation, circulation anomaly, Arctic; 04653.
- icnofabric**
image analysis, deep sea sediment, bioerosion, bioturbation, 13158.
- icnofacies**
Homeb Silt Formation, flood deposit, aridity, Pleistocene (late), paleosol, Namibia, Kuiseb River; 00292.
- icing**
shadowing, cooling tower, plume model, energy generation, fogging, 12460.
- icing formation**
droplet collision efficiency, droplet trajectory, ice accretion, dry rime icing, 04547.
- icing model**
accretion, ice load, rime ice, conductor, 05981.
- iconography**
globe, cosmography, India; 10123.
- iconology**
social history, history of cartography, 03711.
- ICP-AES**
trace metal, heavy metal, lake water quality, Egypt, El Manzala; 00723.
- ICP-ES**
ICP-MS, spectrometry, water quality analysis, laboratory error, 13497.
- ICP-MS**
laboratory experiment, online ion exchange, ion exchange, 03921. separator, selenium, hydride generation, animal nutrition, element, 02867. spectrometry, soil digestion method, element concentration, trace element, Saudi Arabia; 13344. spectrometry, water quality analysis, laboratory error, ICP-ES, 13497.
- ideal adsorbed solution theory**
distributed reactivity model, hydrophobic organic compound, organic compound, competitive sorption, 04342.
- identifiability**
fuzzy set, fuzzy state modelling, statistical analysis, 11629.
- ideology**
mapping, Saxton, C., Norden, J., Elizabethan map, UK, England; 10122.
- IGBP**
BAHC, exchange process, international symposium, IHP project, 06397. climate research, 01021. corals, solar activity, monsoon, palaeoclimate record, high resolution study, Asia; 07846. research plant, 10350. technology, JGOFS, global ocean ecosystem dynamics programme, global study, 05065.
- IGBP core project**
hydrological cycle, biosphere-hydrosphere interaction, scientific goal, 05121.
- igneous petrology**
hotspot, stratovolcano, volcanic landform, extraterrestrial geology, Earth; Moon; Mercury; Mars; Venus; 14177.
- ignimbrite**
Quaternary correlation, marker bed, Toba Ash, tephra, India; Indian Ocean, Bay of Bengal; 00376. uplift, tephrostratigraphy, Potaka tephra, Pleistocene, marker horizon, New Zealand; 13078.
- ignimbrite plateau**
oxygen isotope stage, tephrochronology, geomorphological evolution, New Zealand, North Island, Mamaku Plateau; 11778.
- ignimbrite volcanism**
Taupo volcanic zone, backarc spreading, geomorphological development, axial range, New Zealand, North Island; 10406.
- IGS campaign**
solar radiation, GPS orbit ephemerides, satellite clock parameter, 11371.
- IHLS**
heat pulse method, volumetric heat capacity, soil thermal property, 14481.
- IHP project**
IGBP, BAHC, exchange process, international symposium, 06397.
- ikaite**
lake water, spring, carbonate, tufa, radiocarbon technique, USA, California, Mono Lake; 02897.
- ill-posed problem**
computation, algorithm, mollification method, numerical solution, 07711.
- illite**
bentonite, shale, smectite, smectite/illite conversion, clay expansion, Slovakia, Trans-Carpathian Depression; 00318. carbonate platform, climate change, clay mineralogy, aridity, Neogene, Australia, Queensland Continental Margin, Queensland Trough; 09350. chlorite, bottom sediment, pollution, sedimentation, Holocene, Norway, Oslofjord; North Sea, Skagerrak; 00405. diagenesis, fluid flow, Brent Group, sandstone reservoir, North Sea, Alwyn Area; 00315. diagenesis, silica, smectite, 13228. glass decomposition, interstitial water, volcanic ash, element, zeolite, Pacific, Nankai Trough; 00316. montmorillonite, mineralogy, weathering, suspended load, monsoon, India, Yamuna River; 02957. Neogene, smectite, basin, vitritine reflectance, Hungary, Pannonian Basin; 10612. Ostwald ripening, shale, burial, dating, diagenesis, Gulf of Mexico; 00317. provenance, clay mineralogy, Atoka Formation, anchimetamorphism, diagenesis, USA, Oklahoma, Ouachita Mountains; Arkansas, Ouachita Mountains; 10609. Rotliegend, clay cementation, grain dissolution, kandite, Permian, Germany; 04207. smectite, trace element, geochemistry, Camp de Gibraltar Unit, kaolinite, Spain, Betic Cordillera, Campo de Gibraltar; 04223. stoichiometry, burial diagenesis, smectite, Miocene, shale, USA, Gulf Coast; 10610.
- illitic soil**
clay mineral, sonification, exchangeable sodium percentage, aggregate stability, kaolinitic soil, South Africa; 06894. cottage cheese whey, sodic soil, aggregate stability, tillage, sodium adsorption ratio, 13396. Haplustalf, Comborthid, Ustochrept, ion exchange resin, potassium release, India, Punjab; 05583. organic matter, soil colloid, flocculation, surface charge, electrophoretic mobility, 12098. soil colloid, flocculation, organic matter, pH, calcium, magnesium, 12097.
- illitization**
dissolution, mudstone, siliclastic sediment, burial diagenesis, 13218. porosity, quartz, cementation, sandstone, Norway, Norwegian Shelf; 08003.
- illuviation**
thermal gradient, fossil, stratified slope deposit, frost creep, frost susceptibility, Europe, (West); 00150. translocation, till, thin section, soil micromorphology, Antarctica, North Victoria, Shackleton Range; 11903.
- ilmenite**
garnet, heavy mineral, metal concentration, magnetite, India, Uttar Pradesh, Chopan, Son River; 12023.
- image**
digitisation, scanner, 06125. feature matching, matching algorithm, stereo vision, GIS, 13955. greenhouse model, mathematical system, 11630. map, social dominion, 10128. object, surface point, three dimensional space, 06144. radiosounding, atmospheric correction, Meteosat, 02152.
- IMAGE 2 model**
feedback process, greenhouse effect model, carbon cycling, global change, 03914.
- IMAGE 2.0**
oceanic carbon cycle, climate model, atmospheric chemistry, global change, atmosphere-ocean interaction, 12933.
- IMAGE 2.0 model**
climate change, environmental policy, 12925. climate change, global change, agricultural demand, land cover, 12931. greenhouse gas, climate change, atmosphere-ocean interaction, anthropogenic impact, terrestrial environment, 12928.
- image algebra**
symbolic projection, spatial reasoning, 03683.
- image analysis**
accumulation, palaeolimnology, tree ring microscope, varve, lake sediment, Sweden, Kassjon, Lake Nylandssjon; 10594. accuracy, training site selection, 12686. anisotropy, clay, soil fabric, microscopy, microphotometric analysis, 09110. classification, spectral frequency plot, n-dimensional probability density function, 11409. coastal polynya, passive microwave data, polynya, sea ice, shelf ice, Antarctica; 02853. concentration distribution, contaminant transport, plume dynamics, groundwater contamination, flow tank experiment, 00786. deep sea sediment, bioerosion, bioturbation, icnofabric, 13158. Dempster-Shafer model, GIS, 03795. digital image database, GIS application, 11382. digital photogrammetry, digital cartography, GIS, remote sensing, 08730. GIS, neural network, 08791. inversion method, proportion estimation, mixel, 10087. pore space, tillage, macropore, digital image, 06817. porosity, orchard soil, macroporosity, 00476. porosity, stereological analysis, 10738. Rayleigh-Taylor instability, laboratory experiment, 09791. sampling frame, agricultural survey, 12800. texture, image resampling, textural information content, 13952.
- image autocorrelation**
smoothing, filter weight, SAR, 13951.
- image block**
digital photogrammetry, aerotriangulation, 06124.
- image classification**
classification, error, remote sensing, 02408. coastal change, wetlands, coastal environment, brackish marsh, riverine aquatic bed, USA, South Carolina; 01250. GIS, feature extraction, 06184. vision, associative memory, 06152.
- image coding**
entropy encoding, vector quantification, 11412.
- image compression**
data archive, browse image data, 03693. data compression algorithm, discrete wavelet transform, 03691. data compression, K-L transform, 02398. error, greyscale image, 02400. multispectral imagery, vector quantification, 06137. two dimensional imagery, flow visualisation, 09004.
- image coordinate**
digital orthophoto, SPOT, bundle adjustment, 01095. fiducial mark, conformal, 06154.
- image correlation**
graphic workstation, 08785.
- image data**
multispectral thermal IR, TIMS, volcanic plume, correlation spectroscopy, sulphur dioxide flux, Italy, Sicily, Mount Etna; 11477.
- image decompression**
teletext, 02401.
- image densitometer**
sedimentary structure, X ray radiograph, 01090.
- image differencing**
change detection, AVHRR, SPOT, aerial photography, 07419.
- image enhancement**
optimisation, pattern recognition, 10082.
- image integration**
gamma ray, uranium exploration, geology, radiometry, China, Liaoning Province, Lian Shanguan; 02495.
- image intensity correction**
SAR, backscatter, 03685.
- image interpretation**
environmental monitoring, multitemporal monitoring, national park, Austria; 07597. map compilation, geomorphological mapping, 08818.
- image management**
laser disc, electronic imaging, preservation, 06203.
- image matching**
aerotriangulation, block configuration, 06165.
- image metrology**
digital image, television camera, pixel coordinate, photogrammetry, 01092.
- IMAGE model**
carbon cycling, feedback mechanism, modelling, IPCC estimate, 03894.
- image mosaicking**
seam computation, 07476.
- image navigation**
AVHRR, ground control point, correction function, 13902. rectification, AVHRR, 02407.
- image processing**
affinity theory, China, Hebei Province, Laiyuan County; 10186. braided drainage, flash flood channel, airborne TM, debris lithology, distribution

- map, Spain, Carboneras; 08872. CCD camera, engineering geodesy, automatic coordinate measurement, 11404. circular object, segmentation, 06150. classification, mathematical morphology, 06155. computer graphics, photogrammetry, 08758. expert system, forest, fire, 15079. fractal method, FORTRAN program, terrain simulation, 12926. fractal dimension, multi-fractal analysis, random walk process, 11420. GIS, imaging radar, terrain feature, 11376. GIS, segmentation, land use information system, land cover mapping, ecological modelling, UK, England, Dorset; 08896. hill shading, 04900. imaging, 06141. laminae thicknesses, 10084. landscape unit, relief reconstruction, China, Shaanxi Province, Yann'an; Hebei Province, Xingtai; 14014. linear discrimination, textural difference, soil cover, crop cover, 14017. lithological unit, geological mapping, Saudi Arabia, Al Madinah; 11501. military, information, monitoring, global change, remote sensing, data acquisition, GIS, map accuracy, 04825. model development, satellite imagery, 10202. raster, digital imagery, 02431. software library, 12687. space borne data, coastal zone, India, Goa; 12823. structural mapping, Jordan, Ma'in; 06228. training, satellite imagery, supervised classification, 10068.
- image processing algorithm**
NDVI, power plant, vegetation stress, aerial photography, 14021.
- image reconstruction**
iterative algorithm, Hartley transform, 07489.
- image rectification**
landform, data correlation, 15138.
- image registration**
spatial correlation, ground control point, 07443.
- image resampling**
geometric correction, filter design technique, deblurring, 07487. textural information content, image analysis, texture, 13952.
- image segmentation**
clustering algorithm, remote sensing imagery, maximum clustering, 10071. colour image, map image analysis, neural network classifier, 11413. data fusion technique, G-Net model, semantic network system, 07490. pixel level processing, region level processing, global optimisation, 13954. region growing, contour detection, 06153.
- image smoothing**
adaptive, smoothing, hierarchy, 15076.
- image space**
elevation, radiometric model, object space, 06126.
- image space intersection**
digital photogrammetric system, model/space parallax vector bisection, model/space y parallax averaging, object space coordinates, model processor, 11381.
- image spectra**
ocean wave, ice motion, SAR, Canada, Newfoundland; 07620.
- image viewing system**
digital topographic data, terrestrial photogrammetric system, Netherlands; 07461.
- imagery**
electromagnetic propagation, radiation, energy balance, field experiment, 14867. remote sensing, grey level, 02414. video frame, perception, 02402.
- imaging**
image processing, 06141. resistivity, GEMIT inversion, electromagnetic, three dimensional, 04862.
- imaging radar**
object image, space object, 01085. terrain feature, image processing, GIS, 11376.
- imaging radar sensor**
swath capability, SAR, 11363.
- imaging spectrometer**
regional deformation, vegetation, rock spectra, USA, Nevada; 03739. soil spectra, dead vegetation, thematic soil mapping, field spectroradiometry, 11510.
- imaging system**
underwater imaging system, video imagery, 01091.
- imaging technique**
coronagraph mask, lunar sodium atmosphere, Moon; 07517.
- imazamethabenz-methyl**
wheat, sugar beet, herbicide degradation, 09547.
- imazapyr**
bioassay method, herbicide leaching, 14586.
- imbrication**
clast, fluvial deposit, orientation, palaeocurrent orientation, longitudinal bar, 05373.
- Immarsat**
ocean region, differential GPS, commercial, 15051.
- immersion method**
water determination, soil water content, 14484.
- immiscible flow model**
mass balance accuracy, capillary pressure-saturation relationship, multiphase flow, 08416.
- immiscible fluid**
finite element model, organic contaminant, vadose zone, multiphase flow, contaminant transport, 04519. interfacial tension, organic liquid-water interface, 09648.
- immobile element**
time series, sedimentary process, lead-210, caesium-137, episodic deposition, USA, Alaska, Skan Bay; 10501.
- immunoassay**
insecticide, photometer, water quality analysis, surface water quality, ELISA, carbaryl, 05711. PCB, pesticide extraction, 10761. surface water quality, groundwater quality, micropollutant, water quality analysis, pesticide herbicide, 07001.
- immunoassay system**
on site analysis, hydrocarbon, groundwater contamination, soil water contamination, 04511.
- immunosorbent assay**
atrazine, herbicide adsorption, montmorillonite, kaolinite, enzyme, 08222.
- impact**
cyclone, estuarine lake, flood level, mangrove swamp, temperature shock, South Africa, Natal, St Lucia; 00129.
- impact assessment**
coral reef, sea level rise, reef ecosystem, Thailand; 11670. coupled model, Lamb's Weather Type, river level, hydrological model, climate change, UK, England, Coln River; 08971. dispersion model, receptor model, air pollution, Hong Kong; 02363. environmental GIS, modelling, TIN, 08741. environmental impact, climate change, river basin, simulation model, water resource development, Pakistan, Indus River Basin; 07152. environmental information system, water quality, environmental planning, 01135. erosion, coastal reclamation, mangrove, sea level rise, UNEP, permatang coast, Malaysia; Thailand; Indonesia; 11666. global policy, climate change, ESCAPE model, 12874. hydropower development, landslide, sedimentation, slope stability, USA, Washington, North Cascade; 02715. lake ecosystem, salinity, aquatic environment, lake level, ecological impact, USA, California, Mono Lake; 12225. monitoring, steepland, erosion control, New Zealand; 11765. permatang coast, sea level rise, marine transgression, Malaysia, Peninsular Malaysia, Desaru Coast; 11667. river water quality, industrial effluent, toxicity test, 13542. terrestrial biosphere, atmospheric carbon dioxide, experimental network, biomass, carbon dioxide increase, 10290. water deficiency, dryness index, evapotranspiration, climate change, water resource availability, India, Madras; Bombay; 05064. water quality policy, metamodel, nonpoint pollution, agrochemical, USA; 00026.
- impact crater**
cratering process, scaling law, planetary cratering, 05211. drainage scale, deflation, mass wasting process, degradation, terrestrial, Earth; Mars; 01406. lobateness, sinuosity, ejecta deposit, Mars; 14178. plate tectonics, biotic diversity, water abundance, Mars; Venus; 09081. split comet, comet, crater chain, Voyager 1 spacecraft, Jupiter, Ganymede; Callisto; 05214. tessera terrain, Magellan image, density, morphology, Venus; 07796. Viking Orbiter image, geometry, ejecta blanket, spatial analysis, Mars, Hesperia Planum; 01405.
- impact effect model**
biological response, air pollutant impact, air quality data, data analysis, 10032.
- impact erosion**
noble gas, meteorite source, Martian atmosphere, Mars; 01044.
- impact landform**
snow avalanche, palaeoclimate, lichenometric dating, Little Ice Age, Norway, Breheimen; 14297.
- impact loading**
dynamic behaviour, saturated soil, 06497.
- impact melt rock**
laser heating technique, lunar basin formation, age spectra, Apollo 15, Moon; 02704.
- impact pool**
snow avalanche, avalanche track, mound complex, recurrence interval, Canada, British Columbia, Rocky Mountains; 14296.
- impact prediction**
global change, climate, feedback mechanism, trace gas emission, land surface, 00032.
- impact process**
cryptomaria, multispectral, Moon; 15136. morphology, geology, crater, scaling, 05210.
- impact test**
ice strength, freshwater ice, 12363.
- impactor**
aerosol, size distribution, trace metal, USA, California, Los Angeles; 06048.
- impedance**
seismic reflector, carbonate, porosity, Australia, Queensland Continental Margin; 09266.
- impedance function**
pile, inhomogeneous media, soil property, pile response, 06502.
- imperial space**
mapping, British mapping, science, India; 10124.
- impermeable boundary**
transmissivity, storativity, pumping test, aquifer parameter, confined aquifer, 03318.
- impermeable soil**
drainage retardation, irrigation, soil permeability, permeable soil, USA, Great Plains; 05836.
- impervious area**
pervious area, runoff, urban catchment, rainfall/runoff, 10913. remote sensing imagery, urban area, aerial photography, 15230.
- impervious layer**
subsurface drainage, adsorption, salinity, salt distribution, solute transport, 14731.
- impoundment**
benthos, bed armouring, river regulation, sediment regime, 12222.
- impulse response**
karst aquifer, tracer test, groundwater hydrodynamics, conduit flow, France, Lot, Causse de Gramat; 00755.
- in-lake treatment**
remedial treatment, eutrophication, lake water quality, 14670.
- in situ analysis**
redox sensitivity, photometric probe, water quality analysis, 13493.
- in situ measurement**
elemental concentration, gamma ray spectrometry, water quality analysis, 05702. microbial biomass, community structure, nutritional status, lipid biomarker, 01576. voltammetric analysis, surface water quality, groundwater quality, lead, water quality analysis, 07002.
- in situ sampling**
sediment sampling, freezing, 07938.
- in situ stress**
stress measurement, soil stress, transducer, 09101.
- in situ test**
engineering property, soil, method, 14187.
- in situ testing**
aquifer heterogeneity, radio tracer, groundwater flow, tracer test, 09696. numerical model, stress analysis, drained/undrained soil, cavity expansion, 09105. offshore soil investigation, multisensor device, triple element piezocene, seismic piezocene, dilatometer, 02708. plasticity, shear strength, stress

- analysis, pressuremeter geometry, clay, 07797. shear strength, stress analysis, vane shear test, model, 02713. stiffness, cone pressuremeter test, shear moduli, sand, elasticity, 09108.
- in situ treatment**
microfiltration plant, water treatment, drought, France; 12255. nitrate, iron, manganese, groundwater contamination, groundwater treatment, remedial method, 12338. volatile chlorinated hydrocarbon, groundwater contamination, pollutant disposal, groundwater remediation, Germany; 12337.
- inborn malformation**
child, health, pollution, respiratory disease, Russian Federation, Moscow; 13894.
- Inceptisol**
clay mineral, electro-ultrafiltration, mineralogy, 09427. extractant, boron, India, West Bengal; 01774. Vertisol, basalt, mineralogy, clay mineral, Alfisol, India, Maharashtra, Western Ghats; 00512.
- incidence angle**
Radarsat mapping, global climate, mission planning, Antarctica; 11559.
- incident rainfall**
biogenic weathering, marble monument, weathering pattern, exfoliation, cyanobacteria, Turkey, Didim, Temple of Apollo; Italy, Rome, Trajan's Column; 01353.
- incident solar radiation**
radiation absorption efficiency, organic dry matter, tropical rain forest, net primary productivity, 14027.
- incineration**
human risk, emission, industrial waste, dioxin emission, 10313. polystyrene, polyurethane foam, PAH, mutagenicity, soot particulate, 15027. remediation project, hazardous waste, waste management, USA, Louisiana, Slidell, Bayou Lafourche; 12881.
- incinerator**
toxics release inventory, waste management, organic emission, hazardous waste, USA; 07406.
- incised channel**
planting, scour hole, fish, erosion, channel, habitat rehabilitation, 11989.
- incision**
alluvial deposit, scour, reservoir, sand body, 03012. base level, fluvial sedimentation, Basal White River Group, Chamberlain Pass Formation, Eocene, USA, South Dakota, Badlands; 11955. fluvial morphodynamics, wooded watershed, sediment yield, precipitation, Germany, Odenwald; Taunus; 10368. sea level, sequence stratigraphy, continental shelf, aggradation, headward erosion, 14441. terrace, braided river, sediment load, climate change, gravel, 00356.
- inclined load**
layered soil, bearing capacity, deformation, flexible batter pile, 01414.
- inclined plane**
theoretical consideration, two dimensional spreading, granular avalanche, 05217.
- inclusion**
quartz grain, coastal dune, grain inclusion, optical dating, Australia, South Australia; 07829.
- inclusion water**
organism, oxygen isotope, carbonate, organic matter, 07980.
- incomplete data**
rank test, trend, Spearman statistic, 11628.
- incompressible soil**
dilatational wave velocity, shear wave velocity, cone model, 01422.
- incubation**
extraction procedure, reactive mineral, sulphide, iron, 10561. forest soil, sulphur mineralization, liming, humus, Sweden; 08171. maize, crop yield, plant uptake, nitrogen mineralization, crop rotation, USA, Minnesota; 10757. maize, manure, nitrogen, plant uptake, Zimbabwe; 08159. selenate sorption, selenium, Finland; 12140. soil conditioner, glucose addition, sulphur transformation, sulphate addition, 00557. soil drying, potassium, Vertisol, 13343. sulphur-35, organic sulphur, sulphur mobilisation, 10814.
- incubation method**
nitrogen mineralization, ammonium, aggregate, 04332.
- incubation system**
potassium feldspar, fertiliser, acidic soil, leaching system, Sri Lanka; Malawi; 05538.
- indentation test**
ice failure, freshwater ice, ice sheet, 12361.
- indenter**
ice, freshwater ice, Vickers indenter, damage zone, 02833.
- index**
soil crusting, particle detachment, soil erodibility, erosivity, 13442.
- index flood method**
flood characterisation, extreme event, stochastic flood model, flood frequency analysis, multiple regression analysis, Canada; 08349.
- Indian cartography**
History of Cartography, Islamic cartography, Arabic geodesy, Ottoman mapping, 08809.
- Indian land areas map**
American Indian, cartography, landscape, USA; 10120.
- indicator**
ecological indicator, regional assessment, risk assessment, environmental monitoring, 07675. urban land use, agriculture, nitrate chloride, groundwater quality, anthropogenic, Germany, Bavaria; 05829.
- indicator bacteria**
water quality indicator, microorganism, disinfection, pathogen, 07009.
- indicator boulder**
erratic, Pleistocene, Scandinavian erratic, moraine, Germany; Poland; 02796.
- indicator cokriging**
real data estimation, simulated data, disjunctive kriging, generalised probability kriging, multi Gaussian kriging, 00058.
- indicator kriging**
stochastic imaging, two point statistics, multivariate geostatistics, bivariate moment, 00063.
- indicator taxon**
Younger Dryas, climate cooling, Alnus, North America, (East); 07866.
- indigenous people**
Columbian encounter, 11443.
- indirect method**
snow cover, Poland, Bieszczady Mountains; 11132.
- indoor air quality**
house depressurization, residential air, radon concentration, water source, USA, Michigan; 10295. ozone, reaction probability, conceptual model, deposition velocity, 07356.
- indoor pollution**
emission rate, nonparametric regression, chamber experiment, 04578.
- indoor radon**
lung cancer mortality, radon concentration, Austria, Tyrol, Umhausen; 04804. radon, geological dependence, house construction, soil gas, India, Uttar Pradesh, Doon Valley; Dehradun; 08978. soil uranium concentration, foundation design, glaciofluvial deposit, radon, esker, Finland; 08982.
- induced infiltration**
surface water-groundwater interaction, groundwater recharge, induced recharge, pumping well, 09679.
- induced recharge**
pumping well, induced infiltration, surface water-groundwater interaction, groundwater recharge, 09679.
- induction**
heuristic, accuracy, classification, Landsat, 06142.
- industrial area**
complex terrain, monitoring system, prediction, sulphur dioxide, neural network, 06071. environmental impact, sulphur dioxide, probability map, air pollution, Portugal, Barrerio; 00020.
- industrial complex**
bioindicator, plant, air pollutant emission, pollution, Brazil, Cubatao; 12624. urban area, air pollution, forest, Japan; 10210.
- industrial development**
environmental management, GIS, environmental impact, Mexico, Sonora, Nogales; USA, Arizona, Nogales; 08901.
- industrial discharge**
pollution control, heavy metal, pollution source, nonpoint source pollution, 09638.
- industrial effluent**
ARC test, toxicity test, estuary, surface water quality, 13517. groundwater recharge, groundwater contamination, groundwater exploitation, agricultural pollutant, 09717. land use practice, agricultural practice, river water quality, Canada, Assomption River; 10969. surface water contamination, wastewater disposal, effluent mixing, heavy metal, 05706. toxicity test, impact assessment, river water quality, 13542. wastewater discharge, water quality management, surface water quality, risk assessment, 13639.
- industrial emission**
chlorofluorocarbon 12, chlorofluorocarbon 11, chlorine, 03641. soil pollution, arsenic, element concentration, heavy metal, Germany, Hamburg; 01885. soil pollution, heavy metal, Germany, Halle, Bitterfeld; 10862.
- industrial land use**
agroecological zone, AVHRR, NDVI, global change research, irrigation, India; 08893.
- industrial metrology**
topographic measurement, quality control, iso-error function, 13946.
- industrial period**
preindustrial period, contamination, lake sediment, lead, Sweden; 09381.
- industrial plant**
hygroscopic combustion particle, local climate, polluted site, cloud condensation nuclei, fog formation, Belgium, Meuse Valley; 03520.
- industrial pollutant**
agricultural pollutant, groundwater pollution, total dissolved solids, chloride, sulphate, nitrate, India, Gujarat, Baroda; 12333. agricultural pollutant, nitrogen, inorganic anion pollution, river water quality, seasonal variation, Nigeria, New Calabar River; 03288. agricultural pollutant, water quality management, river water quality, Czech Republic, Elbe River; Germany, Elbe River; 10974. foam formation, surfactant, river water quality, pulp mill, France, Vienne River; 10970. groundwater quality, land use effect, urbanisation, nitrate, volatile organic contaminant, Australia, Western Australia, Gwelup; 12373. groundwater resource, groundwater quality, hydrogeochemical model, Australia, New South Wales, Sydney, Botany Sands; 11041. oyster fishery, butyltin contamination, coastal water contamination, Portugal, Aveiro Ria; Faro Ria; Portugal, Sado Estuary; Portugal, Tejo Estuary; 03248. river water quality, sediment, heavy metal, India, Maharashtra, Patalganga River; 13528. trichloroethene, trichloromethane, mains leakage, groundwater contamination, chlorinated hydrocarbon, UK, England, Coventry; 03364.
- industrial pollution**
decomposition, organic matter decomposition, heavy metal, forest floor, soil pollution, Poland, Legnica-Glogow Copper Region; Upper Silesia; 14519. urban soil, spectrofluorimetry, PAH, Estonia, Tallinn; 14581.
- industrial robot**
optical 3D measurement, triangulation, trilateration, interferometry, 11405. photogrammetry, electronic theodolite, laser tracking system, CCD camera, 11402.
- industrial sewage**
solid waste, pollution, toxic, heavy metal distribution, sediment, Nigeria, Calabar River; 02606.
- industrial site**
site selection, GIS, 02566.
- industrial source**
traffic, pollution, Slovakia, High Tatras; 03617.
- industrial survey**
photogrammetric bundle solution, survey network, theodolite observation, 11403.
- industrial waste**
decision aid, GIS, Italy, Lombardy; 02565. dioxin emission, incineration, human risk, emission, 10313. landfill, environmental control, tunnelling, Italy, Trentino-Alto Adige, Bolzano; 05067. mercury contamination, riverine input, atmospheric input, mercury, fishery, Poland; Baltic Sea; 04294.

industrialisation

commerce, resource, material resource, 05050. diagenesis, trace metal, productivity, grain size, eutrophication, North Sea, Kiel Bight; 04204.

industry

fractionation, seasonal variation, phosphorus, sewage, Korea(South), Jinhae Bay, Masan Bay; 09399. geometrical basis, geodesy, 05031. human remains, Mousterian, radiocarbon dating, biostratigraphy, France, Ardeche, Soyons, La Baume Neron; 13071. remote sensing, Australia; 12654. surveying, cartography, professional organisation, spatial information, 12659.

inelastic flow

granular media, energy dissipation, liquefaction, pore pressure, sand, saturation, 09104.

inelastic scattering

ocean optics, transfer, elastic scattering, 04992.

inertia

computational hydraulics, open channel flow, dry bed channel, unsteady flow, 09614.

inertia gravity wave

GCM, tropical convective heating, Rossby normal mode, planetary wave, 02213.

inertial instability

nonparallel flow, equatorial beta plane, 11184.

inertial jet

sea surface, jet, turbulence structure, Baltic Sea; 03503.

inertial navigation

pyranometer, aircraft, radiation flux, 04877.

inertial oscillation

mesoscale dispersion, wind structure, boundary layer, 04623.

inertial resistance

turbulent resistance, porous medium, groundwater flow, stationary flow, oscillatory flow, 09691.

infauna

resuspension, sediment/water interface, bioturbation, entrainment, 04214.

inference model

palaeolimnology, lake acidification, acidification, scaled chrysophyte, fossil, USA, Connecticut; 10301.

infiltrability

interpolation method, hydraulic conductivity, steady state infiltration, 12299.

infiltration

ant nest, semiarid soil, Australia, New South Wales, Yathong Nature Reserve; 06867. application uniformity, application efficiency, furrow irrigation, cutoff time, irrigation water management, 11091. capillary rise, transient flow, water budget, groundwater recharge, vadose zone, 04498. clay soil, drainage hydrograph, oxygen-18, tracer, 04495. cracking soil, evaporation, salt accumulation, application efficiency, irrigation, flood irrigation, 02099. cryptogam cover, soil surface, porosity, sorptivity, woodland, Australia; 12366. desert environment, animal burrow, groundwater recharge, 02033. digital image analysis, groundwater flow, multiphase flow, pore scale process, capillary pressure-saturation relationship, 07071. disc tension permeameter, algebraic model, sorptivity data, permeameter, 03992. double-ring infiltrometer, infiltrometer, 00483. earthworm, cropping system, grazing, tillage, USA, Pennsylvania; 12059. extreme event, rainfall/runoff relationship, flood frequency, runoff generation, topographic index, saturation excess runoff, 08344. furrow irrigation, advance time, intake opportunity, Philip's equation, irrigation application, 02030. Green-Ampt equation, vegetated filter strip, overland flow, kinematic wave approximation, 05673. Green-Ampt method, Reddy's model, evapotranspiration, runoff, St Venant equations, kinematic wave approximation, overland flow model, 05666. groundwater quality, wastewater disposal, urban runoff, artificial recharge, 00760. groundwater recharge, channel transmission loss, arid zone, seepage loss, wadi bed, 02024. groundwater recharge, water balance model, clay content, land use effect, Australia, Murray River Basin; 14701. hydraulic conductivity, clay soil, tension infiltrometer, infiltrometer, 00492. hydraulic conductivity, perturbation/spectral method, unsaturated flow, heterogeneity, 12301. hydraulic conductivity, saturation, borehole permeameter, matrix flux potential, Richards equation, 09436. hydrocarbon, groundwater contamination, oil pollution, Kuwait, Raudhatain; Umm Al-Aish; 11012. infiltrometer, Haplaquoll, tension infiltrometer, pore arrangement, soil hydraulic property, 12062. infiltrometer, hydraulic conductivity, macropore, permeameter, 03073. irrigation, cracking soil, furrow irrigation model, soil cracking, France, Tarascon; 06826. isotopic fractionation, vapour transport, unsaturated flow, contaminant transport, tritium tracer, USA, Nevada; 08393. landfill leachate, finite analytic numerical solution, unsaturated flow, soil water flow, 09683. manure, runoff, curve number, agricultural practice, surface sealing, 02101. rainfall intensity, soil water regime, soil seal layer, soil wetting process, 03114. rainfall simulator, alternative agriculture, Haplaquoll, Hapludoll, infiltrometer, USA, Iowa; 01788. Richards equation, Brooks-Corey hydraulic function, unsaturated flow, scaling technique, drainage, 02039. Richards equation, constant flux infiltration, vadose zone, hydraulic conductivity, 13572. Richards equation, Green-Ampt model, heterogeneity, infiltration, unsaturated flow, 14707. root zone, capillary rise, drainage, vadose zone, groundwater recharge, 04497. runoff generation, heterogeneity, anisotropy, subsurface flow, layered soil, kinematic model, 00732. runoff, mulch, rainfall simulation, soil erosion control, USA, Oregon; 06939. runoff, sediment yield, seed bed preparation, soil structure, 08226. seal formation, interrill erosion, soil sealing, runoff, USA, California; 01905. seepage, groundwater recharge, fissure flow, matrix flow, mountain tunnel, Japan, Wakayama, Yura; 02025. snowpack, wetting front, heat transfer, 14767. soil crust, crust, 09420. soil formation, plant growth, Quaternary, risk assessment, climate change, erosion, USA, Nevada, Nevada Test Site; 12920. soil hydraulic property, Acryhope, soil conditioner, sandy soil, soil water movement, 13367. soil hydraulic property, scaling, 06833. soil spatial variability, soil temporal variability, tillage, 12058. soil water content, gravimetric method, ferrallitic soil, neutronic method, Ivory Coast, Kossou Lakeside; 14486. soil water distribution, soil characteristics, trickle irrigation, wetting front, 05780. soil water movement, ant nest, USA, Idaho; 14525. sorptivity, soil water sorptivity, 13323. spatial variability, soil physical property, soil chemical property, soil texture, bulk density, calcium carbonate, Saudi Arabia; 02032. subsurface runoff, interflow, deep percolation, capillary barrier, 13571. surface crust structure, rainfall

intensity, soil seasonal variation, soil micromorphology, runoff, France; 05640. surface sealing, tillage practice, raindrop impact, sandy clay loam, USA, North Carolina, Piedmont Region; 00796. tillage, crop residue, air permeability, permeability, frozen soil, 10840. tillage, soil compaction, soil strength, 10836. tillage, soil water storage, wheat, crop residue management, USA, Oklahoma, Reno; 14566. tropical soil, soil spatial variability, sorptivity, Guyana; 04394. unsaturated flow, clay soil, wetting front, heterogeneity, seepage, 02042. unsaturated flow, heterogeneity, spatial averaging, Richards equation, Green-Ampt model, 14706. unsaturated flow, infiltration, Richards equation, Green-Ampt model, heterogeneity, 14707. unsaturated flow, intake velocity, fractured rock, contaminant transport, rainfall/runoff relationship, 02040. unsaturated zone, multiphase flow, groundwater contamination, trichloroethylene, volatilisation, 09712. urbanisation, runoff, macropore, concentration time, rainfall/runoff relationship, 08320. vadose zone, unsaturated flow, soil water movement, Eulerian-Lagrangian method, method of characteristics, variably saturated flow, 14705. water conservation, soil conditioner, sandy soil, polymer gel, soil water quality, 07106. wetting front, approximate model, root water uptake, unsaturated flow, Richards equation, 02035. wetting front, macropore flow, capillary tube model, 05781. Xerorthent, irrigation, soil water distribution, wetting front, 08143.

infiltration basin

runoff water quality, water quality management, stormwater detention, 03283. urban pollutant, runoff water quality, groundwater quality, Australia, Western Australia, Perth; 04526.

infiltration capacity

Water Erosion Prediction Project, runoff rate, rainfall/runoff relationship, subsurface drainage, surface runoff, soil moisture content, 09736.

infiltration equation

surface roughness, porosity, tillage, rainfall effect, 05778.

infiltration excess

overland flow, spatio/temporal variability, runoff generation, subsurface flow, saturation excess, Switzerland, Haute-Mentue; 13477.

infiltration measurement

Hapludoll, porosity, air-filled porosity, macropore, 03071. hydraulic conductivity, unsaturated hydraulic conductivity, soil water content, 01793.

infiltration model

furrow irrigation, Green-Ampt equation, slug flow model, kinematic wave model, 03311.

infiltration rate

aggregate stability, Turkey, Garran Plain; 08193. bulk density, overland flow, logging, tractor track, rainforest soil, Malaysia, Sabah, Upper Segama; 08194. bulk density, penetration resistance, field traffic, tractor pass, Nigeria; 09516. capillary hysteresis, hyetograph shape, ponded infiltration, variable head, Green-Ampt equation, 03315. crop rotation, tillage, 10839. furrow irrigation, advance rate, irrigation water management, USA, California; 12394. humid tropics, soil moisture retention, saturated hydraulic conductivity, soil moisture movement, Singapore; 08401. interrill erosion, field traffic, USA, Texas, Fort Hood; 13406. kinematic wave model, rainfall simulator, runoff analysis, urban hydrology, Japan, Tokyo; 08319. porosity, effective porosity, soil texture, soil structure, 05595. runoff, phytomass, grazing, Pakistan; 03372. sewage disposal, calcareous soil, wastewater application, phosphate mobility, Australia, Western Australia, Rottneest Island; 05581. soil amendment, soil amelioration, gypsum slotting, hydraulic conductivity, sorptivity, 13407. soil characteristics, antecedent moisture, semiarid region, rainfall intensity, Swaziland, Lowveld; 02031. soil physical property, pasture soil, grazing, trampling, red brown earth, Australia, Western Australia; 03147.

infiltration ratio

bamboo, throughfall, stemflow, runoff ratio, water conservation, 07107.

infiltrometer

Haplaquoll, tension infiltrometer, pore arrangement, soil hydraulic property, infiltration, 12062. head well permeameter, permeameter, hydraulic property, 14482. hydraulic conductivity, macropore, permeameter, infiltration, 03073. infiltration, double-ring infiltrometer, 00483. infiltration, hydraulic conductivity, clay soil, tension infiltrometer, 00492. infiltration, rainfall simulator, alternative agriculture, Haplaquoll, Hapludoll, USA, Iowa; 01788. permeameter, rainfall simulator, hydraulic conductivity measurement, 00491. soil water pressure head, hydraulic conductivity, tension infiltrometer, 14490. soil water pressure, Green-Ampt method, Gardner analysis, hydraulic conductivity, 02044.

infinite element method

infinite media, transient seepage, groundwater flow, seepage problems, 02026. pile-soil interaction, lateral loading, numerical analysis, finite element method, 01426.

infinite media

transient seepage, groundwater flow, seepage problems, infinite element method, 02026.

inflow

heavy metal, lake water quality, hyper eutrophication, Japan, Chiba, Teganuma Lake; 05753. reservoir storage, double-cycling sequent peak algorithm, gamma distribution, storage capacity, 01953.

inflow layer structure

Hurricane Frederic (1979), large scale structure, 00858.

inflow regime

reservoir, runoff, erosion, deforestation, sedimentation, Vietnam, Da River, Hoa Binh Reservoir; 08435.

informatics

artificial intelligence, cartography, GIS, 08820.

information

ecology, monitoring, 04970. forecast, weather information, skill, 04732. global network, computer, sustainable society, environmental degradation, 09015. grazing, GIS, France, Ardeche; 02521. monitoring, global change, remote sensing, data acquisition, GIS, map accuracy, image processing, military, 04825. property registration, market based economy, Albania; 15246. system planning, GIS, data, 15094.

information access

privacy, geographic information, freedom of information, 11580.

information content

SPOT, HRV, land cover, 05019.

- information/education program**
public information campaign, water quality, government agency, USA, Wisconsin; 03877.
- information exchange**
global environmental network, 03932.
- information management**
metadata, inventory, EOSDIS, 06195. property register, address point, GIS, urban database, UK; 15228.

- inhibition**
nitrification, ammonia, wastewater reservoir, light, 03258. oxidation, ammonium, methane oxidation, littoral sediment, bacteria, Germany, Lake Constance; 06709.
- inhibition technique**
rhizosphere, aquatic macrophyte, closed chamber, methane oxidation, methyl fluoride, 07343.
- inhomogeneity**
energy flux, mapping, scale representative flux, 04635. sea level pressure, time series, Australia, Darwin; 04581. statistical analysis, time series data, Gumbel distribution, flood data, Germany, Bavaria; 06962. stratiform cloud, microstructure, 12513.
- inhomogeneous atmosphere**
radiation transfer, radiative heating, 03412.
- inhomogeneous land surface**
albedo, 10079.
- inhomogeneous media**
soil property, pile response, impedance function, pile, 06502.
- inhomogeneous variance**
time series, bootstrap method, time averaging, temperature data, 12545.
- initial data**
predictability, frontogenesis, error, mesoscale model, 08611.
- initial field**
numerical weather prediction, correlation function, low latitude, extended polynomial form, exponential form, 13781.
- initial value problem**
numerical weather prediction, assimilation algorithm, 02322.
- initialisation**
data assimilation system, diabatic model, dynamic initialisation, 00906. diabatic initialisation, rainfall, prediction, monsoon, Kuo scheme, 06005. Doppler radar, convective storm, cloud model, 11248. mesoscale, forecasting model, frontal structure, diagnostic study, 12501. numerical prediction model, cloud cover, cloud water content, forecast, 11249. rain rate, microwave instrument, water budget, 04577. soil water content, regional scale model, prediction model, hydrological balance, mesoscale model, 14868. spectral objective analysis, smooth meteorological field, data assimilation, 08566.
- initialisation increment**
operational system, data assimilation system, 00907.
- initialisation scheme**
cyclone, prediction, barotropic model, generalised inverse method, tropical cyclone motion, 01013. diabatic forcing, Weather Prediction Model, DNNMI, nonlinear scheme, normal mode, 11210. hurricane model, vortex specification, 02210.
- initialisation system**
Hurricane Gloria, tropical cyclone track, forecast, 02313.
- initial conditions**
cyclogenesis, baroclinic instability, adjoint model, sensitivity analysis, 00927.
- injection well**
well screen, clogging, reinjection, non aqueous phase liquid, aquifer remediation, 04513.
- inland basin**
hydrology, Quaternary basin, neotectonics, China, Gobi Desert; 11683.
- inland delta**
alluvial fan, distributary, delta, wetlands, swamp, Africa; 08045.
- inland penetration**
gravity wave, nocturnal sea breeze, sea breeze, numerical study, cutoff vortex, 00986.
- inland sea**
siltation, satellite sensing, irrigation, drying up, Uzbekistan; Aral Sea; Kazakhstan, Aral Sea; 05187.
- inland water**
ecosystem, waterbody, remote sensing, USSR; 12831. tacheometry, CAD, 08921.
- inland water quality**
eutrophication, dissolved organic matter, chlorophyll-a, 01259. phytoplankton, chlorophyll-a, organic matter concentration, USSR; Germany; Hungary; Bulgaria; 01258.
- inland wetland**
water regime, density slicing, Australia, Victoria; New South Wales; 03793.
- inlet**
aspiration efficiency, gravitational settling, calm air, low velocity flow, aerosol sampling, 01049. coastal geomorphology, empirical stability relationship, estuary classification, area-prism relationship, littoral drift, New Zealand; 00133.
- inlier**
rifting, eustasy, Proterozoic, aeolianite, Whitworth Formation, Australia, Queensland, Mount Isa; 01606.
- INMARSAT**
cellular phone technology, differential GPS, communication link, 08763.
- inner constraints**
bundle method, photogrammetry, free network solution, 11380.
- inner core**
Hurricane Norbert, water budget, aircraft investigation, 11144.
- inner structure**
matrix product, fractal generation, 07710.
- innovative concept**
sediment dynamics, anthropogenic control, beach process, headland control method, coastal stabilisation, 02652.
- inorganic acid**
ammonium, formate, ice core, sulphate, organic acid, Greenland; 09968.
- inorganic anion pollution**
river water quality, seasonal variation, industrial pollutant, agricultural pollutant, nitrogen, Nigeria, New Calabar River; 03288.
- inorganic carbon**
accretionary prism, interstitial water, organic matter, isotope ratio, Pacific, Nankai Trough; 00325. organic carbon, carbon, wet combustion, 05525. Redfield ratio, nitrate uptake, marine plankton, 11618.

- inorganic carbon budget**
atmosphere-ocean interaction, global flux, riverine transport, atmospheric carbon, 03909.
- inorganic carbon supply**
carbon dioxide variation, temperature change, marine phytoplankton, photosynthetic rate, 02585.
- inorganic contaminant**
groundwater transport, contaminant transport, vadose zone, convection/dispersion equation, 11022.
- inorganic geochemistry**
biodegradation, oxidation, microbial reduction, oil contamination, groundwater contamination, 09723.
- inorganic nitrate**
organic nitrate, ozone, partitioning, nitrogen oxide, Arctic; 03585.
- inorganic nitrogen**
nitrogen-15, Mason jar, 09445, phenol, pesticide, heavy metal, river restoration, surface water contamination, Ukraine, Dniester River; 13548.
- inorganic nutrient**
phytoplankton, biomass, plankton bloom, anthropogenic impact, eutrophication, North Sea, German Bight; 07669.
- inorganic pollutant**
systems control theory, river water quality, water quality management, organic pollutant, 12283.
- inorganic polymer**
polysaccharide, hydraulic conductivity, organic polymer, humic acid, clay dispersion/aggregation, 06859.
- input data**
GIS, hydrological model, spatial model, distributed model, 04428.
- INQUA**
symposium, glacial deformation, deposit formation, glacial deposit, Ireland; 11827.
- insect**
ash whitefly, particulate, honeydew, USA, California; 03610. fauna, Perapohjola interstadial, Weichselian interstadial, dwarf shrub, flora, Sweden, Norrbotten; 06576. settlement, riparian landscape, historical evidence, floodplain sediment, pollen, USA, Iowa, Roberts Creek; 06595. sounding, atmospheric structure, 10142. transfer function, Heinrich event, Last Glacial/Interglacial cycle, palaeoclimate reconstruction, pollen, France, Grande Pile; 02775. Weichselian, stable isotope, stratigraphy, biostratigraphic data, lake sediment, Sweden; 11773.
- insect attack**
pest dynamics, GIS, expert system, Germany, Nurnberg Reichwald; 11522.
- insect damage**
NDVI, sugar maple, 01212.
- insect detection**
entomological radar, 03798.
- insect ecology**
GIS, 12815.
- insect outbreak**
nutrient availability, African armyworm, plant uptake, Kenya; 10849.
- insecticide**
environmental fate, degradation, surface water quality, Carbaryl, 06996. orchard, fog, deposition, residue, organophosphate, USA, California, San Joaquin Valley; 04815. photometer, water quality analysis, surface water quality, ELISA, carbaryl, immunoassay, 05711. surface water contamination, contaminant migration, pesticide, USA, Florida; 05710.
- insecticide spray**
coniferous plantation, wind speed, forestry, spray deposit, aerial, 13886.
- inselberg**
duricrust, tropical landform, relief, model, pediment, Africa, (West); 14133. joint spacing, fracture network, granitic landscape, Cameroon, Bamenda; 06485. rware, sheeting, deep weathering, granite, Bornhardt, Poland, Sudetes Mt., Jelenia Gora; 05243. soil erodibility, rainfall erosivity, sand dune, tropics, physical geography, Africa; 11646.
- inselberg landscape**
doline karst, relief, tropical karst, karst landscape, cockpit karst, West Indies; 05251. fracture density, weathering, rock weathering, Australia, South Australia, Gawler Range; Eyre Peninsula; 07793.
- inshore hydrographic operation**
differential GPS, positioning system, Hong Kong; 11386.
- inshore vessel**
current profiler, boom mount, hydrodynamic mount, 02134.
- insolation**
climate change, pollution, global radiation, 11588. climate control, Holocene, lake level change, Europe; 01524. climate variability, orbital forcing, deglacial signal, sediment core, Greenland Sea; Iceland Sea; Norwegian Sea; 13036. cloud cover, energy, solar power generation, Pakistan; 08878. orbital period, solar irradiance, precession, obliquity, radiative flux, 01025. palaeohydrology, climate change, lake level change, late glacial, aridity, Europe; 07835.
- insolation anomaly**
surface ocean condition, diatom, palaeoceanography, sediment core, North Atlantic Drift, Greenland Sea; Iceland Sea; Norwegian Sea; 04054.
- insolation change**
modelling, climate model, ice age cycle, 02738. solar forcing, albedo variability, long term event, monsoonal climate, Arabian Sea; 01470.
- insolation data**
global insolation, Pakistan; 13667.
- insolation model**
satellite data, solar radiation, ocean/atmosphere heat flux, Pacific; 04797.
- insolation weathering**
weathering pit, analysis, granite dome, aspect, slope angle, USA, Georgia, Stone Mountain; 00099.
- instability**
beach, shear stress, critical shear, longshore current, USA, California, Santa Barbara, Leadbetter Beach; 07957. boundary layer, transition criteria, nonlinear evolution, 00878. coastal cliff, Castro Limestone, calcarenite, toppling, geomechanical characteristic, Italy, Puglia, Porto Miggiano; 05241. debris flow, rainfall, granite, stability analysis, Italy, Alto Adige, Isarco Valley; 10417. failure, active volcano, earth movement, volcano, deformation, 05189. nearshore process, beach, environmental hazard, coastal erosion, 01361. numerical modelling, failure surface, geometrical simulation, coastal cliff, Liassic strata, UK, Wales, Glamorgan; 06517. planetary wave, low frequency variability, nonlinear resonance, resonance, 09881. postfailure weathering, earthflow, weathering, regolith property, basal shear, New Zealand, North Island; 02726. relaxation time, rockfall, landform persistence, 05137. shear, cloud/environment interface, 09936. slope failure, subsurface water, convergent flow, soil pipe, 09094. strain path testing, granular soil, 03997. submarine slope sediment, slope stability analysis, geotechnical characteristics, France, Riveria, Nice Slope; Mediterranean Sea, Nice Slope; 04042. winter, stratopause, four day wave, 09883.
- instability index**
forecast, severe weather, Nigeria, Kano; 02321.
- instability model**
earthquake, Quaternary deposit, folding, North Sea, Kattegat; 07858.
- instantaneous profile method**
soil hydraulic property, hydraulic conductivity, Guelph permeameter, USA, Massachusetts; 00490.
- Institute of Geography**
basic research, physical geography, Academy of Sciences, Slovakia; 13901.
- Institute of Hydrology**
hydrological research (1992-1993), 13447.
- institution design**
design principle, irrigation water management, irrigation institution, water delivery, 03391.
- institutional**
land policy, tenure, Latin America; 15242. map projection, monitoring, global change, GIS, cartography, standard, visualisation, 04824. organisational, public sector, Zimbabwe; 15225.
- institutional decision**
GIS adoption, acquisition, 04891.
- institutional structure**
policy making, GIS, 08950.
- instream value**
valuation protocol, water resource development, river, stream, biotic resource, USA, Virginia; 05846.
- instrument**
glass filter, solar UVB irradiance, 07427. satellite measurement, ERB, radiation budget, 09793. surveying instrument, nautical instrument, Canada; 10126.
- instrument calibration**
SOLSTICE, solar photometry, preflight calibration, 01077.
- instrument neutron activation analysis**
element concentration, geochemistry, loess, China; 04309.
- instrument performance**
temperature change, calibration, AVHRR, climatology, 11113.
- instrument project**
photogrammetric society, analogue instrument, 15060.
- instrument record**
tide gauge, postglacial rebound, postglacial rebound, sea level rise, USA, Florida, Key West; 05317.
- instrument sampling point**
Beechcraft King Air, Lockheed Electra, airflow streamline, airflow, drop trajectory, 02139.
- instrumental data**
climate change, temperature, precipitation, 07332.
- instrumental period**
monsoon, rainfall series, precipitation (1844-1991), India; 07311.
- instrumental record**
climate change, 08640.
- instrumental variable**
univariate spline transformation, multivariate analysis, linear smoother, regression spline, principal components analysis, 03925.
- instrumentation**
flow profile, flow measurement, river flow, open channel flow, gauging techniques, 01933. global ocean observing system, world ocean circulation experiment, ODP, oceanographic equipment, 07721. hydrological cycle, hydrological measurement, UK; 06946. lodgement till, displacement pile, glacial clay, UK, England, Durham, Cowden; 11754. precipitation measurement, gauge bias, raingauge, snowgauge, 12184. rainfall/runoff relationship, rainfall assessment, discharge measurement, streamflow, hydrological measurement, 06965. sensitive clay, effective stress design, pile foundation, UK, Scotland, Bothkennar; 13006. turbulence, sediment transport, laboratory technique, monitoring, roughness, 05355.
- insurance**
GIS, transport, real estate, 01134. Loma Prieta event, seismic risk assessment, hazard, earthquake, risk, 02653. subsidence, clay shrinkage, foundation problem, drought, UK; 04034.
- intake velocity**
fractured rock, contaminant transport, rainfall/runoff relationship, infiltration, unsaturated flow, 02040.
- integer cosine transform**
Lempel-Ziv-Welch variant, data compression, Galileo spacecraft, 03695.
- integral measure**
stagnation, recirculation, ventilation, airshed, 12461.
- integral statistics**
turbulent transfer, urban surface, 07223.
- integrated coastal management**
coastal zone, sustainable development, 06376.
- integrated model**
scenario analysis, global change, climate change, carbon cycling, biofuel, 12929.
- integrated pollution control**
pollution, HM Inspectorate of Pollution, environmental protection, UK; 10314.
- integrated software**
CAD, GIS, 07496.
- integrated sounding system**
wind profiler, acoustic sounding system, meteorological station, 14797.

integration

environmental atlas, atlas, GIS, USA, Washington, Puget Sound; 06304. GIS, systems integration, architecture, 10105. natural resource, GPS, GIS, 06249. remote sensing, GIS, 11357. soft data, stochastic imaging, Markov-Bayes algorithm, formatting, 00057. water service, functionality, UK, England, East Anglia; 06176.

integrity

semantic model, data model, cartographic knowledge, 12705.

intelligence community

photogrammetry, treaty verification, 15237.

intelligent system

knowledge based system, expert system, DTM, GIS, 02430.

intense cyclone

mesoscale model, storm, cyclogenesis, Atlantic, Gulf Stream; 00970.

intense hurricane

climatology, Atlantic; 00860.

intensification

vortex size, tropical disturbance, cyclone warning, 05962.

intensity change

hurricane, eddy, angular momentum flux, tropical cyclone, 00954.

intensity/duration curve

rainfall/runoff relationship, critical duration, peak discharge, rainfall duration, kinematic wave method, 09593.

intensity/duration equation

drainage design, rainfall intensity, rainfall duration, 09573.

intensity edge data

edge classification, laser rangefinder, 03687.

interaction

cohesive/frictional soil, grid reinforcement, 02705. lateritic soil, steel grid reinforcement, pullout test, reinforcement, earthfill, 01419. multiple vortex interaction, cyclone merger, observation, tropical cyclone, Pacific, (North); 08521. slab model, ice sheet, boundary layer, 12469.

interaction analysis

lateral loading, dynamic stiffness, damping, pile, foundation, 06505.

interactive GIS

GIS, 08788.

interactive GUI

spatial modelling, squatter settlement planning, GIS, cost/benefit analysis, Malaysia, Kuala Lumpur; 11569.

interactive model

prediction, dust erosion, wind, 13707.

interactive pollutant

model, pollution, 12640.

interannual

wind speed, SSMI, 12401.

interannual climate variability

general circulation model, isotopic response, climate variability, 13800.

interannual heat flux

general circulation model, El Nino/Southern Oscillation, sea surface temperature, heat flux, Pacific; 13740.

interannual ozone anomaly

temperature variability, ozone, Atlantic; 08547.

interannual positive feedback

sea surface temperature, extratropics, feedback, ocean/atmosphere system, 08560.

interannual time scale

sea surface temperature, seasonal variation, cloud property, 13703.

interannual upwelling

planetary wave breaking, Ekman pumping, mean flow, 07266.

interannual variability

chaos, Martian duststorm, dust storm, 00925. coral record, rainfall, ITCZ, seasonal variability, Panama, Gulf of Chirique, Secas Island; 14217. daily precipitation series, area average rainfall, Markov model, stochastic hydrology, precipitation, UK; 03199. El Nino/Southern Oscillation, air-sea interaction, coupled model, Atlantic; 04648. Matsuno-Gill, tropical trapped mode, stationary eddy, summertime, 12493. momentum flux, general circulation model, ocean circulation, wind stress, forecast model analysis, Indian Ocean; 03496. monsoon, El Nino/La Nina, Malaysia; 03433. monsoon, El Nino, sea surface temperature, onset, India; 12447. monsoon, Southern Oscillation, oceanic heat flux, India; 03432. ocean-atmosphere interaction, coupled model, tropical ocean, 09864. ocean-atmosphere interaction, El Nino/Southern Oscillation, tropical ocean, 09862. ocean-atmosphere interaction, weak coupling limit, eigenmode, tropical ocean, 09863. pollutant, dispersion, boundary layer, wind, stability class, 15024. precipitation, climate variability, coupled land-atmosphere model, 04674. rainfall, dry season, rainy season, Brazil; 07306. rainfall, tropics, coastal zone, surface conditions, Africa; Guinea; 12529. rainy season, teleconnection, rainfall, Southern Oscillation, Ethiopia; Indian Ocean; Somalia; 02305. rawinsonde data, meridional wind, transient wave (3-6 day), wind oscillation, vertical structure, Pacific; 08524. satellite data, volume flux, heat inflow, ocean current, Bering Sea, Bering Strait; Chukchi Sea; Laptev Sea; 02757. snowmelt, sea ice, atmospheric forcing, cloud cover, Arctic Ocean; 02744. Southern Oscillation, westerly wind, zonal index, Australia; 02175. stratospheric circulation, Southern Hemisphere, planetary wave, 02177. temperature (1901-1980), Empirical Orthogonal Function, Europe; 09959. trend, Southern Oscillation, rainfall event, Australia; 04719.

interannual variation

outgoing longwave radiation, ocean/atmosphere system, 05880.

interband calibration

POLDER sensor, calibrated reflectance, 07434.

interbasin transfer

water resource development, demand management, drought, UK, England; Wales; 05855.

intercalibration

research programme, pollution monitoring, microbial pollution, hydrocarbon, data quality assurance, Mediterranean; 01302. thermal infrared radiometer, land surface temperature, aircraft measurement, 07435.

intercalibration experiment

methane, standard gas scale, 08660.

interception

climate model, Rutter model, spatial variability, canopy storage, 05659. deciduous forest, coniferous forest, Penman equation, evaporation, forest hydrology, France; Netherlands; 01915. evapotranspiration, model validation, strip thinning, streamflow, rainfall/runoff model, 09747. flow duration curve, land use effect, water resource, soil moisture storage, channel storage, transpiration, UK, Scotland, Balquhider; 00805. rainfall, cultivated plant, 00621. snow, winter water balance, water balance, measurement, evaporation, 12193. stemflow, rainfall distribution, forest canopy, throughfall, 12191. storm damage, forest hydrology, edge effect, precipitation, stemflow, throughfall, UK, England, Hampshire, Black Wood; 01914. surface runoff, stream gauging, stream discharge, forest cover, Brazil, Sao Paulo, Serra do Mar; 08430. throughfall, stemflow, precipitation chemistry, UK, England, Hampshire, Black Wood; 14601. time domain reflectometry, neutron moisture meter, lysimeter, evapotranspiration, canopy storage, soil evaporation, Australia, New South Wales, Wagga Wagga; 12197. transpiration, forest, coniferous forest, deciduous forest, evapotranspiration, Japan, Yamashiro Catchment; 08291.

interception loss

Penman-Monteith model, water use, evapotranspiration, land use effect, UK, Scotland, Balquhider; 00627.

interception/sorption trench

dispersion/advection analysis, decontamination, polluted aquifer, 01309.

interceptor drain

diversion channel, Polder Project, geomorphology, structural/nonstructural method, flood mitigation, Bangladesh; 06438. evaluation technique, remediation, groundwater contamination, contaminant migration, 04539. particle tracking model, evaluation technique, remediation, multiphase flow, groundwater contamination, contaminant migration, 04540.

intercropping models

tea plantation, tree, microclimate, 14873.

interdecadal

ocean-atmosphere relationship, sea surface temperature, Atlantic, (North); 12480.

interdecadal variability

global, temperature data series, spatial correlation, 01023.

interdisciplinary research

social science, global change, natural science, anthropogenic process, 10277.

interface

modelling interface, multivariate classification, volume data, 04885.

interface dynamics

unsaturated flow, two phase flow, Darcy's law, capillary pressure, multiphase flow, 02037.

interfacial tension

organic liquid-water interface, immiscible fluid, 09648.

interference

aldehyde, ozone, water vapour, derivation, dansylhydrazine, 08674.

interferogram analysis

moire, automated fringe analysis, 01126.

interferometric isophase

deep towed bathymetry, swath bathymetry, 02544.

interferometric laser tracking

motorised theodolite, robot calibration, dynamic measurement, 11406.

interferometric measurement

terrestrial thermal IR, greenhouse gas, ADEOS satellite, 08853.

interferometric SAR

observed surface velocity, longshore current velocity, 01236. ocean wavelength, radar backscatter, 08909.

interferometric swathe sonar

bathyscan, towed system, Netherlands; North Sea; 05008.

interferometry

deformation, GPS, Japan, Kanto, Sagami Bay; 04944. geodesy, post processing method, global reference frame, GPS orbit determination, 11393. industrial robot, optical 3D measurement, triangulation, trilateration, 11405. length comparator, levelling rod, 02390. ocean, altimetry, reflectometry, 10228. radar, Greenland, Sondre Stromfjord; 02371. SAR, ERS-1, microwave, 12775. surveying, GIS, GPS, DEM, 12650. VLBI, 12668.

interflow

catchment model, runoff estimation, scale effect, catchment characteristics, overland flow, 08325. deep percolation, capillary barrier, infiltration, subsurface runoff, 13571. deep weathering, rockfall, landslide complex, slope failure, landslip, South Africa, Natal, Drakensberg, Sani Pass; 01430. loess soil, groundwater flow, saturated/unsaturated flow, groundwater hydrograph, groundwater recharge, Germany, Heidelberg, Elsenz River; 08385. surface flow, streamflow, isotope study, runoff, baseflow, Turkey, Ankara, Guvenc Basin; 08312.

interfluvial pattern

drainage basin, ridge pattern, channel path, network geometry, graph theory, USA, Kentucky, Cumberland Plateau; California, San Gabriel Mountains; 03952.

interglacial

foraminifera, accumulation, Heinrich deposit, Th-230, ice rafting, Atlantic, (Northeast); 10662. glacial trough, fluvial valley, formation rate, Scandina- vica; Arctic; 05149. Holocene, Strombus bubonius, tectonic activity, sea level, Last Interglacial, Mediterranean; 00205. Hoxnian, palynology, Pleistocene, Rhododendron ponticum, climate deterioration, Ireland, County Mayo, Castlebar, Burren Townland; Derrynadivva; 11813. interstadial, ice margin, till stratigraphy, deglaciation, glaciation, Finland; 00240. Oligocene, Quaternary, solifluction, basin, loess, 10637. Quaternary (late), sedimentology, barrage tufa, tufa, pollution, UK, England, Derbyshire, River Wye; Lathkill Dale; 00152. Sangamon, cladoceran microfossil, Don Formation, Scarborough Formation, Canada, Ontario, Toronto, Scarborough Bluffs; 11775. sedimentary filling, loess, fossil soil, Czech Republic, Moravia, Holstein; 10481. tidal deposit, Oxygen Isotope Stage 7, foraminiferal assemblage, Eemian, sea level, France, Seine River, Tancarville; 01461. Wurm glaciation, pollen, glacial cycle, Quaternary basin, glacial erosion, Switzerland, Vaud, Ecoteaux Basin; 04097.

interglacial age

glacial age, ice core, climate change, air hydrate, Antarctica, Vostok Station; 13151.

- interglacial climate**
climate fluctuation, Eemian climate, variability, Atlantic, (North); 09148.
- interglacial deposit**
Barnes Ice Cap, age determination, palaeoecology, Flitaway, Isortoq, Canada, Northwest Territories, Baffin Island; 04050. interstadial deposit, Munsterian age, calcareous diamicton, periglacial, Ireland, County Wexford, Ballykeerogmore; Battletown; 09171.
- interglacial environment**
Holsteinian, Naaknavaara interglacial, peat deposition, till, pollen diagram, Finland, Lapland; 00225.
- interglacial highstand**
sea level change, depositional pattern, Quaternary, deposition sequence, continental shelf, USA, North Carolina, Dare County; 00261.
- interglacial interval**
ice sheet collapse, subglacial sediment, Quaternary, diatom, Antarctica, West Antarctica; 10500.
- interglacial oozes**
planktonic oxygen-18 record, Subtropical Convergence, oceanic circulation, climate change, palaeoceanography, Pacific, Chatham Rise; 04061.
- interglacial period**
pre-Wisconsinan, pollen zone, Sangamon, Tahawus clay, stratigraphic evidence, USA, New York, Adirondack Mountain; 04075.
- interglacial sediment**
carbonate, opal, productivity, sea ice, light penetration, Arctic Ocean, Fram Strait; 02969. palaeobotany, Eemian, Vistulian, pollen analysis, Poland, Silesia, Rybnik Plateau, Golasowice; 11817. palaeoenvironment, correlation, benthic foraminifera, Holocene, Eemian, North Sea; 04056. vegetation succession, Vistulian, stratigraphy, Eemian, pollen analysis, Poland, Warsaw; 09184.
- interglacial shoreline**
TL dating, Last Interglacial, sea level, Australia, New South Wales; 06611.
- interglacial site**
organic layer, diamicton, radiocarbon date, stratigraphy, palaeoecology, Canada, Northwest Territories, Ellesmere Island, Wootton Peninsula; 05297.
- interglacial vegetation**
palaeobotanical map, global warming, Mikulinian interglacial, geographical zonality, Russian Federation; 06374.
- integrated catchment management**
water resource management, land conservation, water conservation, environment protection, Australia, Western Australia; 09772.
- interhemispheric comparison**
polar vortex, stratosphere, chlorine monoxide, 03438.
- interill erosion**
rainfall simulator, laboratory soil pan, 03187.
- intermediate time solution**
radiative forcing, climate model, energy balance, time scale, 12497.
- intermediate water**
foraminiferal evidence, palaeoceanography, salinity, meltwater flux, Quaternary (late), deep water, Canada, Gulf of St. Lawrence, Gaspé Peninsula; 06559.
- intermittent wind**
grass canopy, wind speed, 07226.
- internal alkalinity generation**
fish production, algae, sulphate reduction, sediment cation exchange, acidification, USA, Wisconsin, Little Rock Lake; 07046.
- internal fluctuation**
meandering plume, plume model, concentration fluctuation, 13713.
- internal layer folding**
ice stream, bedrock topography, streaming flow, basal boundary condition, ground radar, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10546.
- internal soliton**
continental shelf, ocean internal wave, Atlantic; 01233.
- internal structure**
stalagmite, Holocene, palaeoenvironmental reconstruction, seasonal alternation, 05249.
- internal variability**
orbital forcing, climate evolution, Pliocene, Pleistocene, marine sediment, 01466.
- internal wave**
caldera lake, wind effect, spectral analysis, lake current system, Japan, Hokkaido, Kuttara Lake; 09621. internal wave trains, tidal current, SAR, Atlantic, Strait of Gibraltar; 14074. surface current, Doppler frequency, SAR interferometry, UK, Scotland, Loch Linnhe; 07612.
- internal wave trains**
tidal current, SAR, internal wave, Atlantic, Strait of Gibraltar; 14074.
- international approach**
water quality, monitoring, 11605.
- International Cirrus Experiment**
motion vector, cloud motion, Meteosat, 10153.
- international cooperation**
coastal zone management, management program, survey, 06377. historical scientific geography, Russia; Finland; 13983. scientific research, wilderness, world park, mineral exploitation, Antarctica; 11635.
- international law**
water policy, international water resource, water resource management, 03380.
- international policy**
soil survey, supply/demand, 02485.
- international programme**
Cooperative Marine Science Program, environmental quality, circulation pattern, flux, Black Sea; 03934. global change, sustainable development, 12934.
- international research**
land/atmosphere system, 08747.
- International Symposium**
global change, oceanic carbon system, carbon dioxide, marine aerosol, 02650. IHP project, IGBP, BAHC, exchange process, 06397. permafrost, frost, geotechnical engineering, 04122.
- International Trans-Antarctica Expedition**
stable isotope, climate change, snow record, Antarctica; 13152.
- international water resource**
water resource management, international law, water policy, 03380.
- international workshop**
environmental impact, hazard, earth science, environment, 02580. peatland, carbon cycling, climate change, boreal peatland, Finland; 03916.
- Internet**
electronic highway, data, network, 12661. meteorology, 01146.
- interparticle friction**
model, pyroclastic flow, numerical simulation, gravity flow, Japan, Kyushu, Mt Unzendake; 05169.
- interplanetary dust**
deep sea sediment, helium, neon, subduction, Pacific; 09329.
- interplanetary navigation**
astrometric reference frame, accuracy, 04845.
- interpolation**
data capture, soil survey, sampling, 02486. Delaunay method, quality control, digital terrain model, 13945. filtering, spatial observation, successive correction, Gaussian filter, 08582. local interpolator, oversampled image, underampled data, error factor, 06147. parallel processing, environmental modelling, data structure, GIS, visualisation, 08794. semi Lagrangian method, air pollution models, advection, 06096. spatial statistics, autoregressive model, kriging, 01140. spatial/temporal process, spatial correlation, kriging, stationarity, 00613. spectral characteristics, Kalman filter system, data assimilation, 00918.
- interpolation method**
hydraulic conductivity, steady state infiltration, infiltrability, 12299. sampling, prior information, spatial statistics, cadmium pollution, 10336.
- interpolation modelling**
Monte Carlo, simulation, 09011.
- interpolation scheme**
fractional Brownian motion, fractional Gaussian noise, groundwater flow, porosity, hydraulic conductivity, 10992.
- interpolator**
hydraulic conductivity, kriging, Iran; 13321.
- interpretability**
satellite image map, cartographic application, topographic map, geometrical accuracy, 11462.
- interpretation model**
electrofiltration measurement, landslide, self potential, electrical stream potential, Switzerland, Prealps, Frasse; 07813.
- interrill erodibility**
runoff, 05645. Water Erosion Prediction Project, splash detachment, 05644.
- interrill erosion**
field traffic, infiltration rate, USA, Texas, Fort Hood; 13406. Hapludult, tillage, wheel rut, runoff, sediment loss, USA, Maryland; 04423. leaching, phosphate, bromide, rainfall simulation, runoff, 09452. maize, root length density, Kanhapludult, 09554. slope, rainfall simulation, soil erosion reduction, gypsiferous amendment, surface sealing, USA; 05553. soil sealing, runoff, infiltration, seal formation, USA, California; 01905. soil water content, rainfall simulation, rainfall intensity, slope steepness, 12173. surface crust, soil drying, soil water, rainfall simulation, runoff, USA, (Southeast); 05643.
- interrill flow**
hillslope, sediment transport, watershed model, Water Erosion Prediction Project, 13439.
- interrill erosion**
ground cover, tillage, raspberry, organic carbon, nitrogen, aggregate stability, Canada, British Columbia, Fraser Valley; 10830.
- interrill erosion**
rainfall simulation, soil erosion model, rill erosion model, rill network, 14589.
- interrupted record**
sunshine duration, Poland, Belsk; Warsaw; 13659.
- interseasonal variability**
monsoon, general circulation model, Rossby wave, 00930.
- interstadial**
carbon isotope record, drainage network, loess sequence, plant type, stadial, China; 11806. Flakket Interstadial, Kattegat Stadial, Eemian, foraminifera, Quaternary sequence, North Sea, Kattegat, Anholt; 07873. ice margin, till stratigraphy, deglaciation, glaciation, interglacial, Finland; 00240. Lujanian Mammal Age, palaeontology, Pleistocene (Upper), stratigraphy, Cangahua Formation, Ecuador, Carchi Province, Interandean Depression; 01486. pollen, marine deposit, coastal plain, Holocene, Weichselian, France, Nord, Watten; 00264. vegetation, Weichselian, Pleniglacial, Germany, Pomerania, Rugen; 06577.
- interstadial deposit**
Munsterian age, calcareous diamicton, periglacial, interglacial deposit, Ireland, County Wexford, Ballykeerogmore; Battletown; 09171.
- interstadial sediment**
Weichselian glaciation, foraminifera, ostracod, Pleistocene, Cyprina clay, Germany, Pomerania, Rugen; 06560.
- interstitial water**
accretionary prism, iodide, bromide, manganese, boron, Pacific, Nankai Trough; 00337. amino acid, organic carbon, decomposition, Caribbean Sea, Panama Basin, Costa Rica Rift; 05391. ammonium, water column, nutrient, lagoon, denitrification, nitrogen compound, Gulf of Mexico, Chelem Lagoon; 12012. burrow, worm, clam, PCB, PAH, organic carbon, 06778. chloride, accretionary prism, compaction, seafloor, element, Pacific, Nankai Trough; Shikoku Basin; 00338. deep sea sediment, seawater, ODP Leg 129, strontium, Pacific, Pigafetta Basin; Mariana Basin; 01674. diagenesis, alkalinity, pH, salinity, Spain, Cadiz; Atlantic, Bay of Cadiz; 08015. fish, toxicity, trace metal, sediment quality, USA, New Jersey, Newark Bay; 12007. groundwater quality, salinity gradient, USA, Illinois Basin; 11032. nannofossil, strontium, calcite, recrystallization, Pacific, Ontong Java Plateau; 00309. organic matter, isotope ratio, inorganic carbon, accretionary prism, Pacific, Nankai Trough; 00325. organic matter, pH, trace metal, palaeohydrochemistry, provenance, Quaternary, Baltic Sea; 14391. salt marsh, radionuclide, complexation, plutonium, intertidal sediment, UK, England, Cumbria, Esk Estuary; 13303. seabed, methane, pockmark, gas

- escape, USA, Maine, Belfast Bay; 07951. strontium, oxygen, carbon, methanogenesis, geochemistry, Australia, Queensland Continental Margin; 09328. sulphide, method, *Lumbriculus variegatus*, bioaccumulation, oligochaete, USA, Wisconsin, Fox River; 09373. temperature, halite, Red Sea, Atlantis II Deep; 10606. volcanic ash, element, zeolite, illite, glass decomposition, Pacific, Nankai Trough; 00316.
- intertidal deposit**
sea level, stratigraphy, Holocene, Chile, Isla Chiloe; 13117.
- intertidal dune**
tidal current, bedform, morphodynamics, UK, England, Norfolk, Wells-next-the-Sea, Lifeboat Station Bank; 14153.
- intertidal geomorphology**
storm event, creek, sea level, salt marsh geomorphology, UK, England, Essex, Blackwater Estuary; Norfolk; 00125.
- intertidal marsh**
estuary, sediment elevation, sea level rise, geomorphology, spatial variability, USA, Maryland, Patuxent River; Rhode River; USA, South Carolina, North Inlet; 04178.
- intertidal mud**
radiocarbon age, plate boundary earthquake, earthquake, tsunami, sand sheet, Canada, British Columbia, Vancouver Island; 10395. seasonality, coal, heavy metal, pollutant, UK, Severn Estuary, Aust Cliff; 03036.
- intertidal peat**
freshwater marsh, peat, Holocene, shoreline evolution, sea level change, Ireland; 11843.
- intertidal platform**
chemical erosion, bioerosion, aeolianite, beach rock, erosional feature, South Africa, Natal; Zululand; 12956. earthquake, coastal uplift, coastal bench, uplift, intertidal species, USA, California, Cape Mendocino; Punta Gorda; 09069.
- intertidal rock platform**
shore platform, ice, mudrock, ice floe, Canada, Quebec, St. Lawrence Estuary, Pointe-au-Pere; 03967.
- intertidal sediment**
coal debris, pollution, heavy metal, estuary, UK, Severn Estuary, Bristol Channel; 06795. diatom mat, DMSP, carbonate sediment, bacterial mat, demethylation, 14383. interstitial water, salt marsh, radionuclide, complexation, plutonium, UK, England, Cumbria, Esk Estuary; 13303.
- intertidal species**
intertidal platform, earthquake, coastal uplift, coastal bench, uplift, USA, California, Cape Mendocino; Punta Gorda; 09069.
- intertidal zone**
carbon dioxide source, coastal ocean, land/sea boundary, 04652. lag surface, size sorting, boulder pavement, mesotidal shoreline, USA, Alaska, Gulf of Alaska, Icy Bay; 09047. morphology, monsoon, beach, armoured mud ball, mud ball, India, Kundalika Estuary, Revadanda Beach; 05379. seabed, bedform, ripple, transport rate, storm, Canada, Prince Edward Island, Stanhope Beach; 01705. SPOT, Fucaceae, algal cover, France, Brittany, Re Island; Pleubian-Brehat; 02551.
- intertill clay**
glacial loading, overconsolidated, preconsolidation, till, Canada, Saskatchewan; 02791. preconsolidation, Proctor density, glaciation, compression characteristic, till, Canada, Saskatchewan; 01435.
- intertropical zone**
hydromorphic soil, ferruginous soil, ferralitic soil, regolith, 11714.
- intervisibility**
digital land model, land model raster, Bresenham algorithm, 11431.
- intra annual variation**
middle atmosphere, SAMS instrument, nitrous oxide, methane, 14974.
- intracellular granule**
crab, faecal pellet, apatite, phosphorite, organism, 11945.
- intraclast fabric**
Cambrian, Sellick Hill Formation, conglomerate, carbonate platform, storm, Australia, South Australia; 00408.
- intraparticle diffusion model**
sorption/desorption, trichloroethylene, soil gas venting, groundwater contamination, solute transport, volatile organic compound, 13591.
- intraplate deformation**
lateral variation, sea level fluctuation, basal drag, lithosphere, 02693.
- intraplate seismicity**
seismic hazard, neotectonics, stress, pop up, earthquake region, North America, (East); 05194.
- intraseasonal (30-60 day) oscillation**
El Nino/Southern Oscillation, 14890.
- intraseasonal interaction**
tropics, extratropics, Southern Hemisphere, wave train, 02184.
- intraseasonal oscillation**
Hadden-Julian oscillation, nonlinear model, sea surface temperature, CISK, 11199. moisture transport, monsoon, 05903. subsidence, subtropics, South America; Pacific; 05893. teleconnection, blocking, storm track, linear theory, monsoon disturbance, 00941.
- intraseasonal variability**
climate model, teleconnection, circulation regime, 14910. katabatic wind, planetary flow regime, Southern Hemisphere, Antarctica; 04615. Rossby wave source, general circulation model, Pacific; North America; 00944. seasonal forcing, barotropic model, 11200. tropical wave, zonal symmetry, general circulation model, 07273.
- intra-soil irrigation**
agricultural water management, irrigation method, subsurface irrigation, water use efficiency, soil property, Asia, (Central); 05831.
- intrusion**
spreading, laboratory experiment, stratified medium, 12466. vortex, winter, stratosphere, blocking, Arctic; 11164.
- intrusion front**
gravity current, computer simulation, gas combination, dam-break problem, 01729.
- inundation**
floodplain, SMMR 37, polarisation difference, microwave radiometer, South America, Amazon River; 15224. organic matter, suspended matter, primary production, bioavailability, salt marsh, Netherlands, Westerschelde, Saef-tinge; 02984. sedimentation, floodplain, discharge, Brazil, Amazon River; 07962.
- inundation area**
satellite imagery, flood hydrology, visual interpretation, Bangladesh; 11564.
- invariance**
contributing area, drainage basin, cumulative probability distribution, fractal, scaling, energy, 11653.
- inventory**
climate framework convention, greenhouse gas, UK; 08714. EOSDIS, information management, metadata, 06195. ocean, cloud, neural network, AVHRR, 15119. recertification, sampling, delineation, classification, USA, North Dakota, Logan County; 04963.
- inventory update**
SPOT, panchromatic imagery, road inventory, harvested forest, 06265.
- Inverclyde Group**
Old Red Sandstone, brecciation, soil profile, calcrete, Kinnesswood Formation, UK, Scotland, Midland Valley; 02928.
- inverse function**
coordinate transformation, geodesy, 04864.
- inverse gas chromatography**
volatile organic compound, calcareous soil, organic compound, gas chromatography, sorption/desorption, USA, Nevada; 01814.
- inverse geodetic problem**
navigation, geodesy, navigation, 10066.
- inverse method**
benthic carbon budget, eutrophic bay, carbon cycling, energy flow model, France, Saint-Brieuc Bay; 11620. fracture geometry, simulated annealing, fracture flow, groundwater flow, 11009.
- inverse modelling**
computer model, coastal dynamics, river morphology, water management, 03195. yellow substance, phytoplankton, ocean colour sensor, 01243.
- inverse modelling method**
CZCS, aerosol path radiance, Rayleigh corrected radiance, suspended matter, 14065.
- inverse problem**
coupled flow, solute transport, groundwater flow, transmissivity, hydraulic head, geostatistics, 02062. finite element method, fracture flow, groundwater flow, transient flow equation, 04502. hydraulic property, source concentration, groundwater flow, solute transport, parameter estimator, 02067. unsteady flow, channel flow, subcritical flow, flow routing, St Venant equation, 01951.
- inverse Stokes problem**
overdetermined boundary value, Wiener principle, 04875.
- inversion**
free air anomaly, bathymetry, shipboard gravity data, bathymetry, 11548. strain rate data, earthquake, fault, horizontal motion, distributed deformation, Asia; 01443. synthetic data, surface/atmosphere reflectance model, model description, 09799. temperature gradient, mixing height, Canada, Alberta, Edmonton; 12436. urban pollution, boundary layer, carbon monoxide, sodar, Russian Federation, Moscow; 15026.
- inversion algorithm**
methane emission, emission, source gas, chemical transport model, 04780.
- inversion layer**
water tunnel, upper level flow, mountain valley, evacuation, 05965.
- inversion method**
proportion estimation, mixel, image analysis, 10087. tectonic stress field, fault slip data, probabilistic model, earthquake, focal mechanism, 01388.
- inversion problem**
solute transport, travel time, groundwater flow, advection/dispersion equation, heat diffusion equation, dispersion coefficient, 07075.
- inversion profile**
moisture, ozone, stratocumulus, 01002.
- invertebrate**
arid zone, stream hydrology, hyporheic zone, Australia, South Australia, Flinder Ranges, Brachina Creek; 07031.
- invertebrate mobility**
sediment filtering, aquifer sediment, biological tracing, groundwater biotope, 07067.
- invertebrate saprovores**
biological water quality, streamwater quality, chemical water quality, Germany, Lower Saxony, Scheppau River; 09591.
- investment**
GIS, corporate GIS, UK, Wales, Taff-Ely; 05049.
- investment law**
mining industry, mineral wealth, Asia, (Southeast); 07653.
- involution**
liquefaction, permafrost degradation, Pleistocene, thermokarst, Canada, Northwest Territories, Mackenzie Delta, Summer Island; 06614.
- iodide**
bromide, manganese, boron, interstitial water, accretionary prism, Pacific, Nankai Trough; 00337.
- iodination**
halogen, organic matter, degradation, bromination, Baltic Sea; 09255.
- iodine**
diagenesis, trace element, marine sediment, organic matter, remobilisation, Southern Ocean; 01668. diurnal cycling, photochemical process, model experiment, seawater, biological process, 11614. shelf sediment, seawater, bromine, pore fluid, brine, Peru; 05392.
- iodine-131**
caesium-134, caesium-137, river water quality, aquatic ecosystem, Chernobyl nuclear accident, radioactive contaminant, Ukraine, Dnieper River; 13551.
- ion**
ammonia, nitric acid, sulphuric acid, sodium chloride, Greece, Athens; 06105. heavy metal, spatial variability, basin characteristics, river water quality, 07035. polar conductivity, aerosol concentration, 04597.
- ion activity coefficient**
ionic strength, Debye-Huckel equation, 03087.
- ion binding model**
humic substance, aluminium, leaching, 01783.

ion chromatography

spectrophotometry, sulphate determination, extractant, turbidimetry, colorimetry, 06848. spectrophotometry, water quality analysis, nitrite, groundwater quality, ammonium, Senegal, Dakar, Pikine; 07079. turbidimetric method, sulphate extraction, sulphur compound, 01808.

ion composition

aerosol, size distribution, mass concentration, Russian Federation, Lake Baikal; 06053. stratosphere, negative ion, two dimensional model, 04594. stratosphere, positive ion, two dimensional model, 04593.

ion concentration

base saturation, MAGIC, lysimeter, Arenosol, Norway, Nordmoen; 12075. glacier, snow chemistry, ice chemistry, marine salt, precipitation chemistry, India, Himalaya, Chhota Shigri Glacier; 10893. precipitation chemistry, acid rain, Japan, Kitakyushu; 13459.

ion conductivity

tropics, stratosphere, charged particle, balloon borne measurement, 14827.

ion exchange

adsorption, solid phase formation, redox, trace element, solute transport, 08417. aluminium, hydrogen, pH, clay fraction, acidic soil, 00558. caesium-137, sorption, streamwater quality, radiocaesium, leaching, peat bog, 13529. caesium-137, surface water contamination, groundwater contamination, 03247. cation adsorption, peat soil, 01839. groundwater quality, exchange isotherm, cation exchange, flushing factor, sharp front solution, solute transport, 02064. ICP-MS, laboratory experiment, online ion exchange, 03921. organic matter, groundwater chemistry, hydrogeochemistry, water-rock interaction, salinity, Australia, New South Wales, Yass; 11047. sulphate reduction, calcite precipitation, groundwater chemistry, geochemical evolution, confined aquifer, USA, Florida, Upper Floridan Aquifer; 13609.

ion exchange resin

carbonaceous adsorbent, fulvic acid, humic acid, 14507. extractant, phosphorus, Haplustoll, fertiliser, Argentina, Pampa; 05534. extractant, resin extraction, phosphorus, 08127. extractant, trace element, humic substance, 06897. nitrate leaching, leaching, Eutrochroep, 03094. potassium release, illitic soil, Haplustalf, Comborthid, Ustochrept, India, Punjab; 05583. resin extraction method, extractant, acidic soil, 14499. water quality analysis, river water chemistry, water quality monitoring, X-ray fluorescence, 07030.

ion exchange resin bag

nitrate leaching, 12082.

ion flow

natural water, anthropogenic component, denudation calculation, karst denudation, Russian Federation, Menzen' Plain; 00153.

ion formation

aerosol, spectrometer, 10165.

ion heating

ionosphere, heating, suprathermal ion, thunderstorm cell, 03418.

ion microprobe

trace element, carbonate, diagenesis, Nisku Formation, Devonian (Upper), Canada, Alberta; 07981.

ion spectrum

airborne spectrometer, tandem mass spectrometer, trace gas, 00825.

ionic composition

acidification, groundwater chemistry, precipitation chemistry, saturation index, Sweden, Halland; 04525. phosphate sorption, soil solution, India, Punjab; 05535. sequential sampling, rainwater sample, convective shower, India, Pune; 11251.

ionic concentration

chemical dynamics, cloud, USA, North Carolina, Mt. Mitchell; 03576. seasonal cyclicity, volcanic peak, Byrd Station deep core, chemical stratigraphy, ice core, Antarctica, Byrd Station; 09146.

ionic diffusion

precipitation chemistry, canopy uptake, canopy leaching, throughfall chemistry, 13458.

ionic gradient

diatom assemblage, salinity, climate fluctuation, lake characterisation, North America, Great Plains; 10471.

ionic pulse

snow chemistry, tracer release, diurnal variability, seasonal variability, snowmelt, USA, California, Mammoth Mountain; 09727.

ionic strength

Andisol, calcium, magnesium, pH, 13382. colloidal matter, fulvic acid, surface charge, quartz, hematite, 00342. constant capacitance model, boron adsorption, oxide mineral, clay mineral, 06869. Debye-Huckel equation, ion activity coefficient, 03087. fluoride concentration, electrometry, soil solution, 06843.

ionisation

energetic electron, geomagnetic storm, UARS, electron energy, particle environment monitor, 07526. geomagnetic storm, UARS, 07525.

ionisation source

magnetospheric variability, relativistic electron, middle atmosphere, 04585.

ionosphere

balloon borne measurement, plasma study, stratosphere, electron beam injection, 04582. heating, suprathermal ion, thunderstorm cell, ion heating, 03418. magnetosphere, particle accelerator, ATLAS-1, atmosphere, 12730. multipole field, thundercloud, electrical field, 07196. thermosphere, mesosphere, ATLAS-1, 12729.

ionospheric convection pattern

boundary layer plasma sheet, magnetosphere, HF radar, DMSP satellite, 11484.

ionospheric wave

volcanic eruption, Japan; Philippines, Mount Pinatubo; 14848.

isotope stratigraphy

sedimentation rate, deep circulation, carbonate deposition, ice rafting, Heinrich event, Labrador Sea; 14229.

IPCC

global change policy, academic, 06369. global vulnerability assessment, climate change, sea level rise, coastal zone management, 06375.

IPCC deforestation scenario

climate change, forestry, sea level change, 08972.

IPCC estimate

IMAGE model, carbon cycling, feedback mechanism, modelling, 03894.

IPCC study

greenhouse effect, climate warming, 03540.

IR gas analyser method

soil respiration, carbon dioxide, alkali absorption method, 00495.

IR laser absorption spectroscopy

stratosphere, spectrometer, ALIAS, Antarctica; 10150.

IR radiance dataset

visible radiance dataset, ISCCP, global cloud climatology, 11471.

IR transmission function

carbon dioxide, band model, water vapour, 02153.

Irish Sea Till

glaciolacustrine deposit, glaciotectionic structure, micromorphological character, Ballycroneen Formation, Ireland; 10489.

iron (II)

ligand, oxidation, fog water, sulphur dioxide, 08677.

iron (III)

biodegradation, aromatic hydrocarbon, anoxia, petroleum pollution, 14117. cloud chemistry, glyoxylic acid, oxalic acid, photochemistry, pyruvic acid, 14957. oxidation, oxygen, photochemistry, sulphate, cloud, 12564.

iron (III) hydroxide

iron redox cycling, dissolution, kinetics, fulvic acid, 05712.

iron

acidic soil, hydromorphic soil, 01811. aluminium, extractant, pyrophosphate method, nitrilotriacetate method, 04335. aluminium, soil sample grinding, 01806. aluminium, Spodosol, soil colour, organic carbon, USA, Michigan; 01768. Brunisol, podzolisation, sesquioxide translocation, Podzol, Canada, Labrador, Labrador Trough; Canadian Shield; 10762. clay mineral, mineralogy, Poland, Lublin Upland Region; 10771. clay soil, soil water vapour, aluminium, organic matter, 05562. complexation, humic substance, copper, Baltic Sea, Gdansk Deep; 11952. copper, oxalate, redox cycling, cloud chemistry, hydrogen peroxide, 04758. dissolved iron, adsorption, marine aerosol, mineral particle, seawater, 00886. DTPA, carbon dioxide, soil drying, extractant, calcareous soil, 12084. electrodialysis, extraction method, 06851. extractant, aluminium, sulphate adsorption, organo-metal complex, Sweden; 12137. flooded soil, sulphur, redox potential, pH, phosphorus, 06880. flow injection, monitoring system, water quality monitoring, continuous monitoring, aluminium, 06999. fog, stratus, carbonylic acid, redox chemistry, 07333. groundwater recharge, artificial recharge, eutrophication, peatland, ecological disturbance, sulphate, 10952. humic substance, 08141. hydromorphic soil, gleying, forest soil, Russian Federation, Sverdlovsk Oblast; 10856. hydromorphic soil, water table level, oxygen, 12129. incubation, extraction procedure, reactive mineral, sulphide, 10561. Latosol, tillage, zinc, copper, manganese, Brazil, Sao Paulo; 05618. lidar, sporadic iron layers, structure, seasonal variability, mesosphere, USA, Illinois, Urbana; 06038. manganese, black shale, ore, phosphate, Czech Republic, Bohemian Massif; 09304. manganese, cation sorption, loess, 00560. manganese, copper, zinc, dissolved organic carbon, submerged soil, calcareous soil, 14532. manganese, groundwater contamination, groundwater treatment, remedial method, in situ treatment, nitrate, 12338. manganese, microbial biomineralization, biomineralization, 00329. manganese, nodule, mineralogy, iron-manganese nodule, Fragiudalf, USA, Mississippi River Valley; 12156. manganese, vanadium, sulphate, black shale, anoxic sediment, 10634. organic acid, weathering, podzolisation, aluminium, 12090. organic matter, geochemistry, marine mud, mudstone, carbon, sulphur, 01676. organo-metal complex, fulvic acid, organic waste, ligand competition, 06822. Paleustoll, soil fabric, soil micromorphology, mineralogy, Zambia, Mount Makulu Central Research Station; 05589. pH, sulphur IV, autoxidation, sulphur dioxide, 12599. phosphorus, siderite, vivianite, trace metal, peat, Finland, Kestila, Vihanti; Ruukki; 13250. reduction, marine sediment, biogeochemistry, manganese, 02936. salt marsh, oxidation, sulphite, porewater, manganese, Denmark; 08006. Sedigraph, pipette method, particle size analysis, New Zealand; 06814. silicon, soil dissolution, aluminium, extractant, reagent, 06844. soil morphology, soil colour, soil mottling, redox condition, landscape position, 12149. soil oxygenation, redox potential, oxygen diffusion rate, manganese, 10816. soil, bacteria, reduction, 00343. speciation, partitioning, salt marsh sediment, extractant, 11871. sulphur, carbon cycling, nitrogen, primary production, denitrification, France, Bouches-du-Rhone, Rhone Delta, Camargue; 06708. uranium, bacteria, sulphur, organic matter, reduction, 01662. vertic soil, Chernozem, Smolnitsa, clay mineral, Russian Federation, Krasnodar Kray; Bulgaria; 10772. weathering, pisolith, laterite, ferricrete, Australia; 00334.

iron-55

reduction, isotope exchange, radiotracer, freshwater sediment, USA, Maryland, Potomac River; 04145.

iron age

fire, palaeoecology, rainforest, Gabon; 10468. Neolithic, radiocarbon, calendar date, conversion, Bronze Age, 01455.

iron budget

mass balance, lake water chemistry, temperate lake, Canada, Precambrian Shield; Ontario, Sudbury; 13552.

iron compound

steppe soil, weathering crust, parent material, Kazakhstan; 08213.

iron extractability

iron-humate complex, organic acid, siderophore, humic acid, 05586.

iron foundry

trace metal, particle, dust, 01061.

iron-humate complex

organic acid, siderophore, humic acid, iron extractability, 05586.

iron-manganese nodule

Frugiudalf, iron, manganese, nodule, mineralogy, USA, Mississippi River Valley; 12156.

iron mine

acidic effluent, wetlands, acid wastewater, China, Anhui Province, Nanshan; 03879.

iron nodule

carbon isotope composition, basalt, Quaternary, soil profile, organic matter, Australia, Victoria; 13023.

iron-organic complex

Hapludalf, Haplorthod, podzolisation, carbon, aluminium organic complex, organo-metal complex, 08169.

iron oxidation

oxygenation rate, lake water chemistry, acidification, Switzerland, Ticino, Crnallina Lake; 10977.

iron oxide

adsorption/desorption, surface adsorption, organic matter, 10779. clay mineral, mineralogy, ultisol, humic substance, flocculation, kaolinitic soil, USA, North Carolina; 12099. humic substance, phosphate adsorption, organo-mineral complex, 10813. manganese oxide, oxidation, reduction, microorganism, organic matter, 00330. organic carbon, fire, soil colour, soil texture, USA, California; 01874. red soil, mineralogy, Spain, Ebro Basin; 10857. reduction, extraction technique, organic matter, freshwater sediment, reactivity, Denmark, Bight of Aarhus; Romo; 06697. sandstone, porosity, permeability, dual porosity, oxidation, USA, Kentucky; 14716. silica, goethite, soil coating, 05551. soil colour, mineralogy, pedogenesis, 12147. soil microorganism, iron reduction, submerged soil, flooded soil, reduction, 00561.

iron oxide coating

rice soil, X-ray diffraction, ferrihydrite, lepidocrocite, goethite, USA, Texas, Beaumont; 12047.

iron oxide strip

water quality analysis, bioavailable phosphorus, phosphorus loss, runoff water quality, USA, Southern Plains; 12264.

iron oxyhydroxide

element cycling, nutrient, diagenesis, lake, 05386. organic compound, photoreduction, 03593. redox cycling, bioavailability, water chemistry, 10957.

iron phosphate precipitation

eutrophication, lake water quality, lake restoration, hypolimnetic aeration, Germany, Krupunder Lake; 14691.

iron precipitate

manganese precipitate, electron microscopy, field drain, soil microorganism, 08178.

iron redox cycling

dissolution, kinetics, fulvic acid, iron (III) hydroxide, 05712.

iron reduction

manganese, reduction, sulphate reduction, degradation, organic matter, North Sea, Skagerrak; 02921. submerged soil, flooded soil, reduction, iron oxide, soil microorganism, 00561. sulphate reduction, wetlands, acid mine drainage treatment, 02614. sulphide, methane, manure, reduction, liquid manure, 00540.

iron removal

groundwater quality, ferruginous groundwater, limestone bed filtration, potable water quality, Egypt, Cairo; 05810.

iron speciation

photochemistry, aqueous iron (III), polycarboxylate, surface water chemistry, dissolved organic compound, 09651.

iron species

sulphate, aqueous sulphur(IV) oxidation, soot particles, activated carbon, catalysis, 01036.

iron sulphide

sulphate reduction, pyrite, solubility product, Baltic Sea; 14400.

ironcrust

deferruginisation, nodular layer, gravel layer, duricrust, Cameroon; 01819. tillage, agriculture, polygenetic sediment, Togo, Niamtougou Plain; 00517.

ironstone

isotope, Tertiary, backscatter electron microscopy, oil shale, Australia, Queensland; 12321. Silurian, oolitic ironstone, phosphatic nodule, Argentina, Precordillera; 02931.

ironstone formation

shelf break, Pleistocene/Holocene hiatus, seawater chemistry, sulphate reduction, ferriferous hardground, Italy, Pontian Islands; 11790.

irradiance

land use, agroclimatic classification, solar radiation, mountain, Mexico, Guerrero State; 03427. reflectance, diffuse irradiance, radiative transfer, 02445. topoclimatic mapping, georelief, Czech Republic, Moravia; 14836. trend, ultraviolet irradiance, USA, Georgia, Atlanta; 11115.

irradiance field

surface, Meteosat, sensor data, 09794.

irradiation

cloudy sky, 13669. photocatalytic degradation, Monuron, organic contaminant, water quality, herbicide, 05717.

irradiation ratio

band energy, photosynthetically active radiation, turbidity, solar radiation, Greece, Athens; 05874.

irregular shear

clay behaviour, cyclic loading, shear strain, pore pressure, Norway; 02719.

irregular wave

shallow water, laser Doppler velocimeter, wave induced velocity, wave kinematics, 01973.

irreversible mixing

transport, diagnostic, trace gas, stratospheric age, 11162.

irrigated agriculture

agricultural water management, drainage generation, agricultural practice, soil salinity, USA, California, San Joaquin Valley; 02096. nitrate, groundwater contamination, fertiliser, agricultural practice, 13625. nonpoint source pollution, fertiliser, agricultural contaminant, nitrate/nitrogen, groundwater contamination, USA, Nebraska, Panhandle; 11027. rice paddy, methane flux, groundwater quality, Japan, Honshu, Aichi Prefecture; 13626. soil association map, soil map, land suitability map, Egypt, Western Desert; 10725. soil water content, Penman-Monteith equation, evapotranspiration, crop coefficient, rainfed agriculture, 09583.

irrigated soil

effective water content, capillary tension, osmotic pressure, contaminant transport, transport rate, unsaturated zone, 03346.

irrigation

anthropogenic impact, sea level rise, twentieth century, climate record, aquifer, 07659. channel, water quality, provenance, suspended sediment,

Australia, New South Wales, Murrumbidgee River; 05477. cracking soil, furrow irrigation model, soil cracking, infiltration, France, Tarascon; 06826. crop yield, evaporation, agricultural water management, water use efficiency, furrow irrigation, 02098. crop yield, gypsum, organic material, sodium removal, sodic soil, 05567. crop yield, soil depth, furrow irrigation, soil productivity, USA, Idaho; 09524. dispersion coefficient, solute transport, 12068. drinking water quality, soil aquifer treatment, wastewater reuse, groundwater recharge, Israel, Dan; 01300. drought, water management, water reuse, reservoir operation, water supply, Japan; 08450. drying up, inland sea, silting, satellite sensing, Uzbekistan; Aral Sea; Kazakhstan, Aral Sea; 05187. electrical conductivity, sodium adsorption ratio, soil salinity, crop yield, leaching, USA, Great Plains; 14529. evapotranspiration, soil reclamation, crop growth, crop yield, sodic soil, mustard, India; 03374. flood irrigation, infiltration, cracking soil, evaporation, salt accumulation, application efficiency, 02099. GIS, conservation, Mexico, Guanajuato; 15203. gravitational irrigation, spray irrigation, Bulgaria; 08232. groundwater control, leaching potential, land quality, SWANY, crop yield, Netherlands; 12114. groundwater resource, water table fluctuation, seasonal variability, water supply, 02055. hydropower, simulation model, optimisation model, multireservoir system, water resource management, India; 07154. industrial land use, agroecological zone, AVHRR, NDVI, global change research, India; 08893. IRS-IB, ARIMA, forecasting, India, Madhya Pradesh; 15198. land use effect, oasis formation, agricultural water management, China, Aksuo, Tarim Basin; 12369. national economic policy, water resource planning, water policy, agriculture, Bangladesh; 03390. radiation use efficiency, semiarid tropics, temperature, soil water, millet, 05944. river basin management, return flow allocation, water resource management, Canada, Alberta; 09763. runoff, nutrient loss, soil texture, Bulgaria; 08242. saline soil, solute transport, chloride, MACRO, salt leaching, marsh soil, soil water movement, Spain, Marismas; 13324. saline water irrigation, aggregate stability, microbial activity, soil structure, 03105. salinisation, arid zone, land use effect, deuterium, oxygen-18, stable isotope, perched water table, India, Rajasthan; 08426. salinity, soil water storage, soil conditioner, polyacrylamid hydrophilic gel, trickle irrigation, 04563. seawater intrusion, soil salinity, water conservation, groundwater exploitation, Oman; 05843. sediment yield, USA, (Northwest); 09552. sedimentation, erosion, channel transport, 09553. snow cover, soil temperature, ground cover, orchard soil, 04353. soil amendment, crop yield, exchangeable sodium percentage, sodic soil, 05566. soil conservation engineering, water conservation engineering, agricultural engineering, hydrology, erosion, 00807. soil consolidation, air entrapment, surge irrigation, soil physical property, soil hydraulic property, 00482. soil erosion control, polyacrylamide, Calciorthid, soil conditioner, USA, Idaho, Kimberly; 06940. soil fertility, soil physical property, soil chemical property, 03151. soil gas trapping, soil physical property, surge irrigation, soil consolidation, 00481. soil moisture content, water stress index, soil water retention, water management, available soil water, evaporation, 00736. soil permeability, permeable soil, impermeable soil, drainage retardation, USA, Great Plains; 05836. soil reclamation, sand reclamation, crop yield, desert soil, Turkmenistan; 13311. soil sodicity, crop yield, sodification, soil management, saline/sodic water, Australia; 10844. soil water content, cracking, shrinkage, salinisation, bulk density, clay swelling, 12141. soil water content, peanut, USA, Alabama; 10838. soil water distribution, wetting front, infiltration, Xerorthent, 08143. Solonetz, soil reclamation, Russian Federation, Volga River Valley; 01821. sulphur mineralization, nitrification, nutrient availability, rainforest soil, soil water content, Panama, Barro Colorado Island; 00543. water management, aerial photography, soybean plot, 02517. water resource, soil salinity, developing country, 05500. windbreak, dune stabilisation, desertification, reclamation, China; 10286.

irrigation advance

irrigation water management, volume/balance model, water/ depth profile, border irrigation, 11090.

irrigation application

infiltration, furrow irrigation, advance time, intake opportunity, Philip's equation, 02030.

irrigation canal

accuracy, computer program testing, mass conservation test, ramp discharge test, 04457. modelling, unsteady flow, 04456. unsteady flow, open channel flow, flow modelling, 04453.

irrigation demand

cropping pattern, optimisation, water management, reservoir operation, Italy, Tiber River; 08455. evapotranspiration, reference crop, crop water requirement, USA, California; 10902. hydropower, water management, optimisation, reservoir operation, Indonesia, Citarum River Basin; 08460. reservoir operation, optimisation, water management, hydropower, flood control, Sri Lanka, Victoria Reservoir; 08457.

irrigation development

soil conservation, water conservation, groundwater exploitation, agricultural water management, USA; 09775.

irrigation ditch

embankment, delta, water resource management, flood damage, micromorphology, Thailand, Chao Phraya River; 06460.

irrigation drainage

deformity, Kesterson effect, selenium, bird, Cretaceous, USA, California, San Joaquin Valley, Kesterson National Wildlife Refuge; 11999.

irrigation drainage water

biogeochemical immobilisation, selenium contamination, remediation, reservoir water quality, USA, California, Central Valley, Kesterson Reservoir; 03297.

irrigation economics

irrigation water management, equity, efficiency, Philippines; Sri Lanka; Nepal; India, Maharashtra; 03392.

irrigation efficiency

crop water use, furrow spacing, crop yield, cotton, furrow irrigation, 07117. water use efficiency, furrow irrigation, agricultural water management, 09765.

irrigation erosion

soil erosion control, soil conditioner, Kazakhstan; 06944.

- irrigation institution**
water delivery, institution design, design principle, irrigation water management, 03391.
- irrigation intensity**
bromine-82, technetium-95m, rainfall simulation, radionuclide migration, 08216.
- irrigation method**
irrigation scheduling, cotton yield, tensiometer, microirrigation, irrigation water management, 11092. subsurface irrigation, reservoir bank, 05828. subsurface irrigation, water use efficiency, soil property, intrasoil irrigation, agricultural water management, Asia, (Central); 05831.
- irrigation plant water status**
water stress, reflectance (950-970nm), 02516.
- irrigation practice**
groundwater quality, point source pollution, nonpoint source pollution, agricultural pollutant, fertiliser, nitrate, Australia; 11081. rainfall/runoff relationship, flood study, atmospheric circulation, China; 10906.
- irrigation rate**
groundwater contamination, contaminant transport, agricultural practice, agricultural water management, fertilisation rate, USA, Nebraska, Sandhills; 07157.
- irrigation regime**
transpiration, stomatal conductance, crop growth, crop water use, 12377.
- irrigation schedule**
soil water, crop yield, evapotranspiration, potato, 04564.
- irrigation scheduling**
cotton yield, tensiometer, microirrigation, irrigation water management, irrigation method, 11092. irrigation water management, crop yield, arid environment, modified Penman method, water conservation, Saudi Arabia; 12393. potato, plant water use, stomatal resistance, soil property, soil water content, available soil water, 03376.
- irrigation system**
agricultural water management, optimisation, irrigation water scheduling, 05842. agricultural water management, system design, optimisation model, computer model, 11083. water resource, water demand, simulation model, climate variability, Russian Federation, Russia, North Caucasus, Terek River; 03385.
- irrigation water**
parasitic contamination, water quality analysis, agricultural water management, wastewater reuse, helminth egg, 03260.
- irrigation water management**
archaeological research, salt damage, historical building, salinity, Uzbekistan; 00813. capillary rise, evapotranspiration rate, lysimeter, crop water use, soil type, 12374. crop yield, arid environment, modified Penman method, water conservation, irrigation scheduling, Saudi Arabia; 12393. crop yield, water use efficiency, sorghum, USA, (Southeast), Coastal Plain; 11093. desalinisation, salinity, land reclamation, leaching requirement, Iraq; 07116. equity, efficiency, irrigation economics, Philippines; Sri Lanka; Nepal; India, Maharashtra; 03392. furrow irrigation, border irrigation, flow fluctuation, 12395. infiltration rate, furrow irrigation, advance rate, USA, California; 12394. infiltration, application uniformity, application efficiency, furrow irrigation, cutoff time, 11091. irrigation institution, water delivery, institution design, design principle, 03391. irrigation method, irrigation scheduling, cotton yield, tensiometer, microirrigation, 11092. nutrient, surface water contamination, pollution control, nursery operation, groundwater contamination, USA; 07134. rainfall variability, water resource management, island hydrology, computer model, Guadeloupe; 08446. saline groundwater, water table height, evapotranspiration, capillary rise, crop water use, USA, Colorado, Grand Valley; 05835. salinisation, water table rise, irrigation water quality, groundwater model, India, Haryana, Lower Ghaggar Basin, Bhakra Canal System; 04562. sampling, groundwater quality, percolation, lysimeter, leachate, USA, Nebraska, North Platte; 02103. surface water quality, pesticide, nutrient, rice paddy, Japan, Koise River; Lake Kasumigaura; 07012. surface water quality, salinisation, irrigation water quality, drainage water reuse, Russian Federation; 07132. volume/balance model, water/ depth profile, border irrigation, irrigation advance, 11090. water distribution system, reservoir operation, stochastic dynamic programming, Australia, New South Wales, Gwydir Valley; 09770. water use efficiency, macropore, leaching, plant water use, root zone process, 14774.
- irrigation water quality**
agricultural water management, river water quality, salinisation, nonpoint source pollution, South Africa, Cape Province, Breede River; 07037. crop growth, salinity, crop yield, soil salinity, water stress, 03375. drainage water reuse, irrigation water management, surface water quality, salinisation, Russian Federation; 07132. groundwater contamination, Chernozem soil, mineralization, nitrate, sewage, pig sludge, 00761. groundwater model, irrigation water management, salinisation, water table rise, India, Haryana, Lower Ghaggar Basin, Bhakra Canal System; 04562. groundwater quality, soil property, chemical classification, sodium adsorption ratio, exchangeable sodium percentage, Saudi Arabia; 02093. pesticide, vadose zone contamination, groundwater contamination, contaminant transport, soil property, 03338. saline water, agricultural water management, crop yield, 11079. sodicity, leaching requirement, salt tolerance, salinity, tree survival, 14775. wastewater reuse, groundwater quality, surface water quality, groundwater protection, Australia; 11103. water quality management, potable water quality, groundwater quality, wastewater reuse, Egypt, Cairo, Gabal el Asfar; 05850. water resource management, groundwater recharge, artificial recharge, sewage water, India, Gujarat, Ahmedabad; 02109.
- irrigation water requirement**
drought, climate change, precipitation quantity, soil water deficit, evapotranspiration, Hungary; 08274. evapotranspiration, water demand, crop water requirement, regional water demand, Blaney-Criddle method, USA, California, Imperial Valley; 09737.
- irrigation water scheduling**
irrigation system, agricultural water management, optimisation, 05842.
- irrigation**
conjunctive water use, groundwater management, surface water management, agricultural water management, 07151.
- IRS**
monsoon, surface water, conductivity, India, Tawa Reservoir; 12817.
- volcano monitoring, infrared band, TM, India, Barren Island; 08868. wheat yield prediction, radiance value, crop growth profile, India, Haryana; 07588.
- IRS-1A**
site selection, coastal zone, aquaculture, India; 04985.
- IRS-IB**
ARIMA, forecasting, irrigation, India, Madhya Pradesh; 15198.
- IRSL**
Holocene, aeolian sand, dating technique, USA, California, Mojave Desert; 10503.
- ISAMS**
atmosphere, temperature, pressure, UARS, 12731. atmospheric emission, UARS, mesosphere, carbon monoxide, 12743. temperature, composition, profile, global temperature, 13806.
- ISCCP**
albedo, satellite imagery, Arctic Ocean; 10230. global cloud climatology, IR radiance dataset, visible radiance dataset, 11471. Meteosat, radiometric calibration, AVHRR, geostationary weather satellite, 07432.
- ISCCP data**
cloud statistics, sea surface temperature, 02258.
- isentropic coordinate**
sigma coordinate, hybrid formulation, regional weather, prediction, 00911.
- isentropic mixing**
large scale mixing, geopotential height field, polar vortex, Antarctica; 11214.
- isentropic-sigma model**
sigma coordinate model, water vapour, GCM, hydrological cycle, precipitation, 02275.
- isentropic surface**
planetary scale flow, potential vorticity, chaotic mixing, 04678.
- Islamic cartography**
Arabic geodesy, Ottoman mapping, Indian cartography, History of Cartography, 08809.
- island arc**
burial, coal, vitrinite reflectance, Tertiary, Shimanto Belt, Japan; 10621. Ryukyu Limestone, Pleistocene, tectonics, backarc basin, biozonation, planktonic foraminifera, Pacific, Ryukyu Island Arc; Okinawa Trough; 14169. volcanoclastics, sedimentation rate, abyssal plain, terrigenous material, Pacific, (Northwest); 10629.
- island environment**
coral island, sea level change, oceanic island, 11584.
- island hydrogeology**
groundwater resource, electromagnetic profile, groundwater prospecting, Brazil, Marajo Island, Arari Lake; 14781.
- island hydrology**
aquifer vulnerability, water resource management, groundwater resource, Norfolk Island; 11099. computer model, irrigation water management, rainfall variability, water resource management, Guadeloupe; 08446. coral island, spring discharge, wind effect, freshwater lens, groundwater resource, Cook Islands, Mitiaro; 08405. evaporation, rainfall distribution, runoff, India, Andaman Islands; Nicobar Islands; 10891. freshwater lens, atoll, groundwater resource, dispersion model, hydraulic conductivity, Kiribati, Christmas Island; 08404. freshwater lens, groundwater resource, salt water intrusion, tidal mixing, Tonga, Ha'apai Group, Lifuka; 08406. freshwater lens, water resource development, water pollution, water management, 08444. groundwater resource, humid tropics, hydrology, anthropogenic impact, land use, deforestation, water resource management, 08260. stormwater management, wastewater disposal, water resource, urbanisation, Singapore; 08445. swamp island, groundwater chemistry, soil water chemistry, vegetation effect, Botswana, Okavango Delta; 14625. water use, humid tropics, water balance, 08466.
- island ice dome**
glacier, ice degradation, climate warming, Svalbard, Nordaustlandet; 06637.
- iso-error function**
industrial metrology, topographic measurement, quality control, 13946.
- isobase map**
hydrogeology, morphotectonic map, lineament, morphostructural unit, Israel, Arava Graben; 03983.
- isobutylidene diurea**
nitrogen, nitrapyrin, dicyandiamide, nitrification inhibitor, 13416.
- ISODATA technique**
Cluster Analysis, K-means algorithm, 03690.
- isoetid**
lake, macrophyte, nitrogen, redox potential, biomass, Denmark, Lake Kvie; 09317. macrophyte, phosphorus, porewater, lake, Denmark, Lake Kvie; 09318.
- isohaline**
estuary, salt water intrusion, sea level rise, chlorinity, China, Changjiang River Estuary; 12233.
- isohyet map**
precipitation, Costa Rica, Heredia; 05895.
- isolated anomaly**
zonal flow, coherent structure, solitary wave, blocking, time dependent structure, 05957.
- isolated distribution**
vorticity, time invariant, shallow water model, geostrophic balance, 00943.
- isoleucine epimerisation**
calcite speleothem, AAR, speleothem, palaeomagnetic data, uranium series dating, Norway, Hamarnesgrotta; 09135. Matuyama, environmental change, fossil assemblage, USA, Illinois, Lima; 13060.
- isolines**
statistical surface, visualisation, symbolisation, 15110.
- isoplething technique**
estuary, metal, aerial deposition, UK, Severn Estuary; 06097.
- isopod**
Porcellio scaber, woodlouse watch, biomonitoring, metal, metal bioavailability, UK, England, Cornwall; Devon; 07681.
- isoprene**
biogenic hydrocarbon, detection, 07364. forest canopy, canopy model, biogenic hydrocarbon, emission inventory, 06018. monoterpene, emission rate, model evaluation, sensitivity analysis, 04777. terpene, biogenic emission, woodland, volatile organic compound, USA; 13856. terpene, blue oak,

- volatile organic compound, biogenic emission, USA, California, San Joaquin Valley; 13848. volatile organic compound, tree, alcohol emission, pine forest, 01038.
- isoprenoid**
photodegradation, seawater, chlorophyll, oxygen, biogeochemical marker, Mediterranean Sea, Gulf of Fos; 08010.
- isopropanol**
methanogenesis, Gibbs free energy, littoral sediment, acetate, fatty acid, Switzerland, Lake Constance; 02923.
- isopycnal level**
satellite data, Cuba; 02171.
- Isortoq**
interglacial deposit, Barnes Ice Cap, age determination, palaeoecology, Flitaway, Carlada, Northwest Territories, Baffin Island; 04050.
- isostatic point**
near IR spectroscopy, seawater salinity, 07619.
- isostasy**
barrier system, salt marsh, shoreline development, sea level rise, Denmark, Wadden Sea; 02822. deglaciation, postglacial uplift, synglacial sea level, glaciomarine delta, USA, New England; 01532. pollen, diatom, sea level, Holocene, eustasy, Canada, Nova Scotia, Cape Breton Island; 04113. uplift, subsidence, glacial forebulge, shoreline altitude, Europe, Fennoscandia; 14174.
- isostatic adjustment**
gravitation field, mass condensation, isostatic compensation, 07452.
- isostatic compensation**
isostatic adjustment, gravitation field, mass condensation, 07452.
- isostatic deformation**
shoreline tilting, glacioisostasy, North America, Great Lakes; 09194.
- isostatic equilibrium**
geoid undulation, gravity anomaly, geoid difference, Japan, Kinki District; 07448.
- isostatic rebound**
boulder cave, earthquake, uplift, seismicity, Europe, Fennoscandia; 02699. kurtosis, sea level change, grain size parameter, beach ridge, wave energy, Denmark; 04114. Norfolk moraine, coastal morphology, Holocene, transgression, coarsening-upward trend, Canada, Ontario, Lake Erie; 00113. sea level, glacial lake development, marine inundation, deglaciation, rhythmite, Canada, Newfoundland, Deer Lake; 07808. shell bed, radio-carbon dating, raised beach, Holocene, uplift rate, Chile, Andes of Chiloe; 05195.
- isostatic response**
glacier unloading, last deglaciation, radiocarbon dating, sea level rise, North Sea, Kattegat; 07892.
- isostatic tilt**
pollen analysis, Holocene, lake level change, radiocarbon dating, Canada, Ontario, Rice Lake; 13097.
- isostatic uplift**
beach ridge, lake level, Holocene, North America, Great Lakes; Canada; USA; 14403. crustal unloading, morphogenesis, high mountain, South America, Andes; 09060. flexural isostasy, numerical modelling, erosion, fission track data, escarpment, 14136. landscaping, waste storage site, groundwater, Sweden, Stockholm; 04048. varve, earthquake, palaeoseismicity, deglaciation, Sweden; 06479.
- isostatic uplift rate**
Holocene, deglaciation, sea level change, emergence, raised marine shoreline, Antarctica, Budd Coast, Windmill Islands; 01544.
- isotherm shape**
contaminant, organic matter, adsorption, partitioning, halogen, 06775.
- isothermal atmosphere**
directed wave, wave, 14897.
- isotope**
band emission, observation, upper atmosphere, carbon monoxide, 09971. carbon-13, trend, tree ring record, dendrochronology, South America; 13803. carbon dioxide, dendrochronology, growth ring, cedar tree, Japan, Izu Peninsula, Amagi Mountain; 12554. cedar, growth ring, dendrochronology, carbon dioxide, Japan, Yakushima Island; 12555. cement, concretion, Bridport Sands, calcite, Jurassic, UK, England, Dorset; 02903. cement, Rotliegend Sandstone, Zechstein, Permian, anhydrite, North Sea, Leman Field; 06695. cementation, subduction, carbon, oxygen, India, Andaman-Nicobar Islands; Bay of Bengal; 13209. clay mineral, REE, geochemistry, sepiolite, palygorskite, Spain; 09303. depositional flux, beryllium-7, lead-210, USA, Texas; 09982. diagenetic, amino acid, carbon nitrogen, organic matter, diagenesis, 06704. fractionation, photosynthesis, primary production, nitrogen, carbon, 06715. groundwater chemistry, mineral water, Slovakia, Carpathian Mountains, Dudince; 02080. hydrothermal input, manganese, TAG, sulphide, Atlantic, Mid-Atlantic Ridge; 00430. lead, urban air, Asia; 06065. limestone, sedimentation, Tithonian, Berriasian, manganese, France, Alpes de Haute-Provence; Ardeche; 01680. Nep potash deposit, Cambrian, carbonate, salt accumulation, Russian Federation, Lower Tunguska River, Nep; 02947. oxygen isotope content, snow, ice crust, Antarctica, Mizuho Station; 02343. palaeosalinity, aragonite, lake level, pigment, land use, Canada, Saskatchewan, Redberry Lake; 00383. seawater, strontium-87/strontium-86 ratio, shelf limestone, Pennsylvanian, Permian, USA; 07988. Tertiary, backscatter electron microscopy, oil shale, ironstone, Australia, Queensland; 12331. throughfall, stemflow, sulphur cycling, forest, 02346. tundra catchment, evaporation, water balance, Canada, Keewatin District; Upper Mackenzie Valley; 04436.
- isotope analysis**
bacteria, carbon isotope, evaporite, lipid, kerogen, France, Alsace, Mulhouse; 05410. chemical analysis, climate instability, last interglacial period, GRIP ice core, ice core, Greenland, Summit; 00174. geothermal aquifer, groundwater chemistry, carbonate dissolution, residence time, groundwater recharge, Serbia, Surdulica Geothermal Aquifer; 02077. geothermal system, magmatic water, groundwater chemistry, Philippines, Leyte, Greater Tongonan Geothermal Field; 12332. polluted air, biomass burning, carbon monoxide, atmospheric concentration, hydroxide seasonality, Antarctica; New Zealand; 01467.
- isotope application**
hydrology, tracing, precipitation, IAEA, 05124.
- isotope composition**
carbon dioxide, speleothem, proxy, carbon, 09955. carbonate, Younger Dryas, lake vegetation, climate change, Poland, Lake Gosiaz; 09181. grassland soil, carbon-13, forest soil, altitude effect, Papua New Guinea; 14574. groundwater recharge, hydrogeological model, salinisation, hydrochemistry, Spain, Madrid Basin; 02054.
- isotope concentration**
air, fallout, radiation survey, caesium, Vietnam, Dalat; 08684.
- isotope content**
isotope fractionation, forest canopy, precipitation chemistry, throughfall chemistry, oxygen-18, USA, Pennsylvania; 12190. stable isotope, soil water extraction, soil water chemistry, water quality analysis, 12321.
- isotope data**
deep sea sediment, detrital silicate, ice rafting, Quaternary (late), Atlantic, (North); 02751. runoff, glacier, meltwater, snowmelt, China, Xinjiang, Tianshan Mountains, Urumqi River; 11070. silicate, terrigenous input, rubidium strontium, REE, deep sea sediment, Quaternary, Atlantic, (Northeast); 01724.
- isotope depletion**
calcite crystallisation, permafrost, solute enrichment, soil water chemistry, freezing, periglacial environment, Svalbard, Spitsbergen, Brogger Peninsula; 05821.
- isotope dilution gas chromatography**
mass spectrometry, quantitative analysis, HMPO, groundwater, sludge, 10311.
- isotope exchange**
carbonate, Messinian, Calcare di Base, Gessoso-Solfifera Formation, evaporite, Italy, Sicily; 10633. radiotracer, freshwater sediment, iron-55, reduction, USA, Maryland, Potomac River; 04145.
- isotope fractionation**
forest canopy, precipitation chemistry, throughfall chemistry, oxygen-18, isotope content, USA, Pennsylvania; 12190. nitrous oxide, nitrogen, oxygen, 13857. shelf carbonate, temperature effects, skeleton, cementation, Australia, Tasmanian Shelf; 13204.
- isotope geochemistry**
Oligocene, Campine Basin, lacustrine deposit, carbonate, sedimentology, Spain, Catalan Coastal Ranges; 02962.
- isotope hydrogeology**
groundwater age, groundwater pollution, lumped parameter model, 07086. groundwater pollution, pollutant penetration, chlorinated hydrocarbon, groundwater age, groundwater quality, Germany, Bavaria, Munich; 07087.
- isotope hydrology**
catchment hydrology, lake restoration, liming, water pathway, pre-event water, UK, Scotland, Loch Fleet; 13568. groundwater dating, atmospheric source, subsurface source, radionuclide, hydrogeochemistry, Sweden; Switzerland; Canada; 03354. groundwater resource, salinity, groundwater recharge, Greece, Axios River; 00741. hydrogeochemistry, unconfined aquifer, groundwater behaviour, USA, Florida; 03362. subsurface stormflow, surface stormflow, stormflow separation, hydrograph separation, oxygen-18, USA, Pennsylvania; 03217. weathering, spring water chemistry, uranium-234, dissolution, hydrogeochemistry, Brazil, Sao Paulo, Aguas da Prata; 03355.
- isotope migration**
suspended sediment, bottom sediment, river water quality, caesium, Slovakia, Dudvah River; 13532.
- isotope pairing technique**
denitrification, bioturbation, estuarine sediment, amphipod, sediment/water interface, 09314.
- isotope probe**
echosounding, nautical depth, 01117.
- isotope ratio**
carbon, nitrogen, organic matter, tracer, biodegradation, UK, Scotland, Tay Estuary; 10619. foraminifera, Oligocene, Miocene, seawater, sedimentation rate, Pacific; 00427. inorganic carbon, accretionary prism, interstitial water, organic matter, Pacific, Nankai Trough; 00325. lead, dust, petrol, atmospheric particulate, UK, Scotland, Edinburgh; 02365. marine organism, strontium, carbonate, continental shelf, South Africa; 10601. palaeoclimate reconstruction, carbon, 12556. riverine organic detritus, carbon isotope, geochemistry, particulate organic carbon, dissolved inorganic carbon, Venezuela, Orinoco Basin; 00043. strontium, decarbonation, diagenesis, weathering, metamorphism, 08027. tracer, long range transport, particulate matter, lead, Japan; 12639.
- isotope record**
climate forcing, solar activity, Medieval Warm Period, 13093. coral, ocean temperature, mass spawning chronometer, data resolution, Coral Sea, Great Barrier Reef, Pandora Reef; 11774. El Nino, strontium/calcium ratio, oxygen-18, Australia, Great Barrier Reef; 14887. Holocene, temperature, lake, stable isotope study, lake sediment, organic matter, USA, Minnesota, Clearwater County, Elk Lake; 01687. latitudinal patterns, precipitation, Medieval Warm Period, solar activity, pollen, USA, (Southwest); 13101.
- isotope shift**
moisture source, glacial/interglacial, oxygen isotope, ice core record, 09956.
- Isotope Stage 3**
Last Glacial, pollen analysis, thermophilous tree, Italy, Latium, Vico Lake; 11804.
- Isotope Stage 5**
diatom ooze, bioturbation, fine grained sediment, laminae formation, detrital flux, upwelling, Peru, Peru Coastal Margin; 11915.
- Isotope Stage 6**
shelf, Pleistocene, iceberg, clay mineral, dropstone, Norwegian Sea; Greenland Sea; 02970.
- isotope study**
Eocene, oil shale, sediment/water interface, Australia, Queensland; 00352. geochemical weathering, salt lake, meteoric water, evaporation, India, Thar Desert; 08356. groundwater origin, ammonium, Hungary, Ujkigyo; 08419. groundwater resource, environmental isotope, groundwater origin, Nigeria, Bida Basin; 11037. lake water origin, groundwater origin, precipitation chemistry, environmental isotope, Turkey; 08384. runoff, baseflow, interflow, surface flow, streamflow, Turkey, Ankara, Guvenç Basin; 08312.

- volcano, groundwater origin, groundwater flow model, groundwater discharge, spring, Japan, Yatsugatake Mountain; 08410.
- Isotope Substage 5.4**
palaeoclimate, stalagmite sequence, pollen analysis, U-Th dating, Belgium, Han-sur-Lesse, Grotte de Han; 09144.
- isotope tracer**
environmental tracer, humid tropics, water temperature, water cycle, Indonesia, Bali; 08261. groundwater flow regime, tritium, oxygen-18, lake leakage, pyroclastic flow slope, Indonesia, Bali, Batur Lake; 08412. runoff source, drainage basin delineation, subglacial drainage, meltwater runoff, Greenland, Paakitsup Akuliarusua; 12353. self purification, nitrogen-15, river water quality, denitrification, nitrification, Japan, Tamagawa Jousui Channel; 08382. snowmelt, wetlands, streamflow, runoff generation, hydrograph separation, permafrost, Canada, Northwest Territories, Fort Simpson, Manners Creek; 04556. soil/plant/atmosphere continuum, solute transport, hydrological cycle, strontium, Japan, Honshu, Joban District; 05653. unsaturated zone, sandy soil, soil water movement, solute transport, preferential flow, groundwater recharge, USA, Minnesota, Princeton; North Dakota, Oakes; 14704.
- isotopic analysis**
carbon-13, mass spectrometry, organic carbon, 09442. metalliferous sediment, hydrothermal ore, strontium, niobidium, lead, Red Sea, Nereus Deep; 14429. palaeoenvironment, petroleum, GC/IRMS, particulate organic matter, 14311.
- isotopic carbon-13**
Pleistocene, Recent, C4 grass, USA, (Southwest); 01469.
- isotopic composition**
bottom water, dissolved inorganic carbon, Holocene, carbon flux, Pacific, Ontong Java Plateau; Emperor Seamounts; 13048. cave, stalagmite, climate record, flowstone, Pleistocene, France, Nice, Lazaret Cave; 11776. diagenesis, dolomite, platform carbonate, seawater, Bahamas, Little Bahamas Bank; 14377. gypsum precipitation, carbonate precipitation, evaporite deposit, oxygen isotope, carbon isotope, Italy, Sicily; 10773. organic carbon, vegetation, climate change, USA, Texas; 09168. organism, biosynthesis, carbon, phytoplankton, fractionation, carbon-13, 01652. oxygen isotope, crystal structure, ice formation, sea ice, Antarctica, Ross Sea; Amundsen Sea; Antarctica, Bellingshausen Sea; 13616. saline soil, sulphur, sulphate, Canada, Alberta; 10759.
- isotopic curve**
uplift, raised shoreline, vertical movement, sea level change, Italy, Calabria; 06606.
- isotopic data**
radiocarbon, groundwater recharge, palaeohydrology, groundwater residence time, Australia, South Australia, Otway Basin; 13578.
- isotopic dating**
cinder cone deposit, ice sheet reconstruction, Pliocene/Pleistocene, uplift, Antarctica, Transantarctic Mountains, Taylor Valley; 04103.
- isotopic evidence**
organic carbon, reduced precipitation, river palaeoflow, marine sediment core, India, Karnataka Coast; 04060. productivity reduction, sediment core, glacial productivity, atmospheric carbon dioxide, carbon isotope, Southern Ocean; 05291.
- isotopic evolution**
basal ice layer, temperate glacier, subglacial precipitation, regelation, Weertman regelation, refreezing, 06620.
- isotopic exchange**
glacial ocean, glacial/interglacial history, Antarctic Intermediate Water, Indian Ocean; Southern Ocean; 10461. oxygen isotope, carbon dioxide, multi isotope study, 04782. photochemical reaction, nitrogen oxide, 06013.
- isotopic fractionation**
vapour transport, unsaturated flow, contaminant transport, tritium tracer, infiltration, USA, Nevada; 08393.
- isotopic heterogeneity**
rainfall isotope, throughfall isotope, soil water isotope, groundwater isotope, runoff model, USA; New Zealand; China; 08309.
- isotopic ratio**
tracer, strontium-87/strontium-86 ratio, groundwater origin, bog, USA, Ohio, Champaign County, Cedar Bog; 02048.
- isotopic record**
palaeoclimate, speleothem, microbanding, luminescence, North America; 13010. sediment, Pleistocene/Holocene transition, organic carbon, atmospheric carbon dioxide, glacial/postglacial transition, Japan, Honshu, Lake Biwa; 06557.
- isotopic response**
climate variability, interannual climate variability, general circulation model, 13800.
- isotopic source**
ocean optics, absorption coefficient, 01230.
- isovolumetric weathering**
schist, periglacial climate, climate effect, weathering rate, USA, Maryland, Baltimore; 07742.
- isoxaben**
cereal, soil dissipation, manure fertiliser, herbicide, Belgium; 01899.
- Itajai Group**
platform, sedimentation, basin, palaeocurrent, Brazil, Santa Catarina; 01720.
- ITCZ**
outgoing longwave radiation, subtropical high, precipitation, China; 05877. seasonal variability, interannual variability, coral record, rainfall, Panama, Gulf of Chirique, Secas Island; 14217. thermally induced circulation, latent heat flux, simple model, Walker-Hadley circulation, 05953.
- iteration**
accuracy, numerical experiment, Kalman smoothing, precise, 08570.
- iterative algorithm**
Hartley transform, image reconstruction, 07489.
- iterative clustering**
multispectral image, clustering, classification, three dimensional, 10070.
- iterative weighting**
outlier, geodetic parameter, 15069.
- IVHS**
navigation, vehicle, highway, GPS, 05037.
- jack knife test**
time series, climate, autocorrelation, 12547.
- Jalma**
Torrifluent, soil conditioner, soil chemical property, metal availability, 05604.
- January climate**
nested simulations, limited area grid point model, nested simulation, general circulation model, Australia; 11213.
- Japanese cartography**
Japanese tourism, Edo map, 08813.
- Japanese tourism**
Edo map, Japanese cartography, 08813.
- Jaramillo Normal Subchron**
Brunhes/Matuyama boundary, argon dating, sedimentation rate, 10422.
- Jaunsar Group**
grain size, fine sediment, metamorphic rock, Naghat Formation, India, Himalayas, Kumaon Himalaya, Chakrata Hills; 06649.
- Jelar Breccia**
Oligocene, carbonate, Promina beds, braided river, foreland basin, Croatia, Salmatia, Jurisinka Hill; 09333.
- JERS-1**
infrared, shortwave IR, sensor system, optical sensor system, 10049. I band, SAR, 12664. optical sensor, satellite, SAR, 10046. SAR, optical sensor, 02374.
- Jesse**
photography, noctilucent cloud, 11240.
- jet**
barotropic instability, nonlinear barotropic instability, tropical easterly jet, sphere, easterly jet, 09882. boundary layer, dissipation rate, scalar, turbulent wake, 12509. heavy rainfall, rainfall, trajectory, 08516. low level jet, regional forecast model, diurnal oscillation, vertical motion, precipitation, 07276. synoptic scale conditions, baroclinic wave, severe storm, low level jet, USA, Great Plains; 00844. turbulence structure, inertial jet, sea surface, Baltic Sea; 03503.
- jet displacement**
nonlinear displacement, geostrophic adjustment, mass imbalance, 00946.
- jet front system**
mesoscale model, ageostrophic circulation, coupling, low level jet, upper level jet, 07278.
- jet streak**
severe convection, thunderstorm, thermodynamic lid, mesoscale wave, 00990.
- jet stream**
exit region, convergence, entrance region, ageostrophic flow, divergence, 02224. ozone, climatological study, subtropical, total ozone field, 08669.
- jet stream axis**
vortex edge, cold air, stratosphere, potential vorticity, Arctic; Antarctica; 12490.
- jets**
low level jet, front, cold front, dynamic structure, 04693.
- JGOFS**
atmospheric carbon dioxide, equatorial upwelling, primary production, ocean/atmosphere exchange, biogeochemical interaction, Pacific; 10320. global ocean ecosystem dynamics programme, global study, IGBP, technology, 05065. sediment/water interface, euphotic zone, water column, modelling, 04270.
- JGOFS-France program**
biogeochemical cycle, carbon cycling, tropical oceanic front, modelling, ocean flow, 06394. carbon isotope, productivity, water column, nepheloid layer, EUMELI project, particle load, Atlantic; 05398.
- joint**
fracture localisation, arch formation, rock fin, USA, Utah, Arches National Park; 14198.
- joint connectivity**
slope stability, shear resistance, jointed rock, stability calculation, rock slope, 02707.
- joint direction analysis**
joint widening, epigenesis, rock gorge, structural control, Switzerland, Berner Oberland, Aare Gorge; 06456.
- joint expedition**
plateau glaciation, Pleistocene, glaciation, China, Tibet; 01515.
- joint generation**
tensile stress, loess, vertical joint, 11715.
- joint orientation**
neotectonics, drainage pattern, South Africa, Orange Free State, Vredefort Dome; 01396. structural analysis, erosion, river gorge, tectonic control, USA, Niagara Gorge; Switzerland, Bernese Oberland, Aare Gorge; Greece, Crete, Samaria Gorge; Switzerland, Jura, Moutier-Klus; 14170.
- joint sequential simulation**
multi Gaussian field, sequential simulation algorithm, probability density function, 00061.
- joint spacing**
fracture network, granitic landscape, inselberg, Cameroon, Bamenda; 06485. rock strength, underdip slope, topple, Chevron topple, slide, 09113.
- Joint State System**
monitoring system, environmental protection, ecological monitoring, Russian Federation; 07673.
- joint widening**
epigenesis, rock gorge, structural control, joint direction analysis, Switzerland, Berner Oberland, Aare Gorge; 06456.
- jointed rock**
stability calculation, rock slope, joint connectivity, slope stability, shear resistance, 02707.
- jokuhlapp**
avalanche, natural hazard, volcanism, earthquake, ice fall, Switzerland, Alps; Iceland; 06439. boulder deposit, palaeoflow, ice contact deposit, Norway, Jotunheimen, Mjølkedalsbreen; 14343. lithofacies, glacial outwash, sandur, runoff, sediment supply, Iceland; 00293. Salmon Glacier, ice dammed lake, subglacial tunnel, iceberg, Canada, British Columbia, Summit Lake; 02799. sandur, river channel, glacier, scour, ice block, Greenland, Sondre Stromfjord, Russell Glacier; 05352. tunnel valley, floating ice, Weichselian

- Glaciation, captured ice shelf hypothesis, Baltic Sea, Sweden; Bornholm Gat; 13149.
- joss stick incense**
submicron aerosol, combustion source, particle, tobacco smoke, mosquito coil smoke, Taiwan, Taipei; 11312.
- jump transition**
hysteresis, swirling jet, tornado, Navier-Stokes equation, 07284.
- Junge parameter**
optical thickness, aerosol extinction, turbidity, Angstrom formula, 02162.
- Jura**
karst landscape, limestone, Germany, Franconian Jura; 09131.
- Jurassic**
Adnet limestone, Ammonitico Rosso, hardground, limestone, carbonate shelf, Turkey; Ankara; 09352. biomarker, hydrocarbon, cyanobacteria, carbonate, Recent, Germany, Lake Van; Satonda Crater Lake; Germany, Swabian Alb; 04231. Brent Group, sandstone, geochemistry, calcite cement, Osberg Formation, Norway, Veslefrikk Field; 14378. Brent Group, silica, porosity, permeability, North Sea; 02917. Broadford Beds, diagenesis, marine sandstone, porosity, reservoir potential, UK, Scotland, Inner Hebrides; 11933. Brora Arenaceous Formation, sandstone, porosity, burial diagenesis, quartz cement, UK, Scotland, Moray Firth; 13220. carbonate, biofacies, biostratigraphy, Malm deposit, Croatia, Gorski Kotar; 09351. chert, Portland Limestone Formation, silica, zonation, diagenesis, UK, England, Dorset; 05388. concretion, mineralization, organic matter, precipitation, burial, 01665. Cretaceous, black shale, tuff, pelagic sediment, Nordenskjold Formation, Antarctica, Antarctic Peninsula; 00418. Cretaceous, crust formation, microbiolite, spongiolite, Australia, Great Barrier Reef; 04189. Cretaceous, facies analysis, delta, shelf, Valanginian, Mexico, Sierra Madre Oriental; 14415. Cretaceous, Tripolis Unit, dolomite, breccia, evaporite, Greece, Peloponnese, Mainalon Mt; 01633. crevasse splay, channel, Ravenscar Group, sandstone, UK, England, Yorkshire; 13171. diagenesis, palaeohydrology, unconformity, carbonate, cementation, UK, England; 13201. dissolution, sandstone, temperature, cementation, continental shelf, fluid inclusion, Norway, Norwegian Continental Shelf; 13221. fluid inclusion, temperature, stylolite, sandstone, quartz cement, precipitation rate, Norway, Norwegian Continental Shelf; 13222. geochemistry, fractionation, Oxford Clay Formation, mudrock, Peterborough Member, UK, England; 06722. hydrocarbon, Peterborough Member, mudstone, organic matter, Oxford Clay Formation, UK, England, Bedfordshire, Stewartby; 06678. isotope, cement, concretion, Bridport Sands, calcite, UK, England, Dorset; 02903. Kayenta Formation, arid climate, erg, reservoir, Navajo Sandstone, USA, Arizona; 02948. Kayenta Formation, lamination, flood deposit, channel, GPR, USA, Colorado; 13170. lower Liass, carbonate, rhythmic sedimentation, cyclothem, limestone, Slovenia, Krka, Lofar; 01610. microbiolite, stromatolite, oncoid, palaeobathymetry, Switzerland; 01615. Nara Formation, seawater, Cretaceous, dolomitization, diagenesis, Tunisia; 14373. organic matter, diagenesis, Akkuyu Formation, thermal maturity, carbonate platform, palaeoenvironment, Turkey, Taurus Mountains; 09320. organic matter, source rock, mudstone, bottom water, oxygenation, UK, England; 07941. Oxford Clay Formation, pyrite, organic matter, petrography, palynofacies, UK, England; 06707. oxidation, organic carbon, Oxford Clay Formation, Kellaways Formation, biogeochemistry, UK, England; 06721. palaeoflow, sand sheet, fluvial deposit, Kayenta Formation, USA, Colorado Plateau; 00360. palaeokarst, calcrete, karst, Spain; 01627. Saltwick Formation, Ravenscar Group, channel sandstone, hydrocarbon, UK, England, Yorkshire; 05374. sandstone, fluid inclusion, quartz cement, cement, resetting, North Sea; 00314. sandstone, Saltwick Formation, permeability, palaeochannel, UK, England, North Yorkshire, Whitby; 02955. sea level change, biostratigraphy, facies association, pelagic deposit, carbonate platform, Italy, Calabria, Sila Mountains; Umbria-Marche Apennines; 06760. seawater, Smackover Formation, cycle, aragonite, ooid, USA, Mississippi; 07997. shale, pyrite, alum shale, bottom water oxygenation, bitumen, sulphur, 01648. Smackover Formation, anhydrite, stromatolite, cement, diagenesis, sulphate, Gulf of Mexico; 13216. Smackover limestone, porosity, fluid flow, diagenesis, hydrocarbon, USA, Gulf Coast; 13200. Triassic, halite, brine, aquifer, oil field, France, Paris Basin; 06692. water-rock interaction, geochemical modelling, Brent Sandstone, porosity, reservoir, diagenesis, North Sea, East Shetland Basin, Alwyn South; 06777.
- K/Ar dating**
antecedence, superimposition, Miocene/Pliocene, palaeodrainage, tectonic activity, France, Massif Central; 06471.
- K-closure**
turbulence, mean motion, Reynolds exchange, 14871.
- K-L transform**
image compression, data compression, 02398.
- K-means algorithm**
ISODATA technique, Cluster Analysis, 03690.
- Ka-band radar**
cirrus, elliptical polarisation, 07515.
- Kakegawa Group**
bathymetry, Pliocene/Pleistocene, climate change, molluscan fauna, Japan; 06541. Pliocene, tempeste, shell orientation, taphonomy, Dainichi Formation, Japan, Honshu; 06676. sea level change, Cainozoic, tectonics, plate boundary, Sagara Group, Japan, Honshu, Kakegawa; 11969.
- Kalman Filter**
assimilation, wind, lidar data, 00916. Bayesian theory, flood frequency analysis, multi objective technique, probability density function, 08263. data assimilation, beta plane, equator, 09903. lake, evaporation loss, energy budget, salt budget, water budget, 06978. meteorology, adjoint equation, review, 08571. noise covariance matrix, residual autocorrelation, extrapolation, streamflow estimation, France, Saint-Francois River; 04445. periodic/stochastic model, precipitation assessment, drought pattern, Sweden, Lund; 08277. piezometric head, groundwater level, forecasting model, USA, Florida, Floridan Aquifer; 11010. Trisponder system, differential GPS, precise positioning, 01114.
- Kalman filter extension**
soil water content, hydraulic conductivity, 10754.
- Kalman filter system**
data assimilation, interpolation, spectral characteristics, 00918.
- Kalman filtering**
data assimilation, Lorenz system, 13959. wastewater treatment, grey box modelling, time domain, time series analysis, 05113.
- Kalman smoothing**
precise, iteration, accuracy, numerical experiment, 08570. satellite data, ice motion field, ice cover, microwave observation, ice balance, Arctic Ocean; 02089.
- kame**
lake, meltwater erosion, morphogenesis, subglacial channel, glacial over-deepening, Poland, Znin; 07897.
- Kameyama Formation**
chute bar, point bar, meander, Tokai Group, Pliocene, Japan; 05419.
- kandite**
Permian, illite, Rotliegend, clay cementation, grain dissolution, Germany; 04207.
- Kandiuldt**
soil compaction, soil spatial variability, Ultisol, forest clearing, Cameroon; 04387. soil physical property, soil chemistry, tillage, alley cropping, crop yield, Cameroon; 08186.
- Kanhapludult**
interrill erosion, maize, root length density, 09554.
- kaolin**
bentonite, pore fluid, chemical property, clay, shear strength, 14180. compaction, swelling, electrolyte, porewater, 05353. weathering, anorthosite, boxwork fabric, halloysite, South Korea, Sancheong; 00319.
- kaolinite**
age dependent behaviour, preconsolidation, resonant column test, clay, 04002. aluminium, silicon, mineralogy, gibbsite, soil solution, USA, South Carolina, Blue Ridge Mountains; 12035. clay mineral, tidal flat, provenance, Korea; 10643. dickite, burial, sandstone, continental shelf, North Sea, Norwegian Continental Shelf, Haltenbanken; Gullfaks; North Sea, Norwegian Continental Shelf, Troms Area; 04205. enzyme, immunosorbent assay, atrazine, herbicide adsorption, montmorillonite, 08222. illite, smectite, trace element, geochemistry, Camp de Gibraltar Unit, Spain, Betic Cordillera, Campo de Gibraltar; 04223. microcline, weathering, geochemical model, reaction path, gibbsite, 14138. montmorillonite, hydrophobic soil, clay application, sandy soil, 05561. particle reorientation, compaction, 11878. particle size analysis, photosedimentation, suspension, turbidity, centrifuge, 01573. quartz, tonstein, volcanic ash, 09302. Statfjord Formation, Lunde Formation, unconformity, sandstone, North Sea, Snorre Field; 13227. terrigenous sediment, mud, palaeoclimate, smectite, continental shelf, Namibia, Kunene Shelf; Walvis Shelf; 06759. volcanic ash, peat, dissolution, Palaeocene, Canada, Alberta, Wabamun; 08004.
- kaolinitic soil**
illitic soil, clay mineral, sonification, exchangeable sodium percentage, aggregate stability, South Africa; 06894. iron oxide, clay mineral, mineralogy, ultisol, humic substance, flocculation, USA, North Carolina; 12099. soil texture, peanut, liming, zinc sulphate application, zinc, USA, Georgia; 04406.
- Kapp Duner Formation**
Palaeoaplysina, sea level, Permian, diagenesis, porosity, sedimentary cycle, Barents Sea, Bjornoya; 13206.
- Kargin Interval**
Holocene, geochronology, vegetation, climate, Kirgilyakh, Russian Federation, Siberia; 10433.
- Karoo Sequence**
channel sandstone, cross stratification, sedimentary structure, Permian, South Africa, Transvaal; 00374.
- karst**
aeolianite, cave deposit, speleothem, coastal sand, Tamala limestone, Australia, Western Australia, Swan River; 00214. agricultural impact, limestone, cave, conservation, UK; 06529. aridity, groundwater resource, pollution, environmental change, anthropogenic impact, Australia, South Australia, Nullarbor Plain; 06534. carrying capacity, tourism effect, cave, 06526. cave deposit, Pleistocene (Lower), palaeomagnetism, speleothem, glacial evidence, France, Isere, Vercors, Vallier Cave; 06547. cave protection, speleothem analysis, Brazil, Minas Gerais; 05252. cave research, tracer technique, speleothem, history, 02728. cave, ice, snow, Slovenia; 02855. cave, prehistory, groundwater, protection measure, Austria, Alps, Swabian East Alps; 05255. cave, sinkhole, mud infiltrate structure, Miocene, Hawthorn Group, USA, Georgia, Pelham Escarpment; 06687. cave, topographical survey, structural geomorphology, sedimentary facies, Belgium, Namur; 13011. cavity, runoff, roadway design, USA, Appalachians; 07729. crystal growth, dissolution, dolomitization, red bed, diagenesis, 09283. degradation, cave, refuse dump, tourism, underground, Slovakia; 05129. dendrite, egouttatic hollows, cavitation, 13009. dolomitization, ooid, platform carbonate, Ratburi Limestone, Permian, Thailand, Ratburi; Hua Hin; 05382. environmental impact, mountainous region, hydrogeology, Austria, Alps, Ostalpen; 13016. evaporite karst, gypsum karst, aquifer confinement, anthropogenic impact, environmental change, Ukraine; 06531. flood, water pollution, deforestation, anthropogenic impact, environmental change, China, (South); 06533. glacial landform, alpine environment, geomorphological mapping, Austria, Salzburg, Hallein, Salzach Valley; 09064. ground penetrating radar, subsurface karst, solution pipe, doline formation, USA, Florida; 09130. groundwater chemistry, gypsum, Algeria, Cheliff Valley, Ouled Fares Area; 13020. Jurassic, palaeokarst, calcrete, Spain; 01627. lagoon collapse, wastewater pond, sinkhole, collapse, USA, Minnesota, Bellecheater; 07730. micromorphological approach, calcareous lichen, biokarst erosional agent, lichen, 07820. Oligocene, Bluff Formation, plant root, Miocene, microorganism, West Indies, Cayman Islands; 09289. palaeoenvironment, maze cave, dolomitic limestone, flowstone, pollen, Zaire, Mount Hoyo; 05258. Quaternary record, cave deposit, uranium series dating, environmental change, 06525. radiocarbon dating, speleothem, drowned karst, stalagmite, sea level curve, Italy, Tyrrhenian Region; 05257. recrystallization, seawater, dolomite, Dinantian, Belgium; 14367. resuspension, groundwater, turbulence, lake sediment, spring, Spain, Lake Banyoles; 00384. sea level change, tectonics, Pleistocene/Holocene boundary, continental deposit, archaeological data, Italy, Trieste; 02825. sequence stratigraphy, carbonate platform, sea level, siliciclastic facies, 14424. soil degradation, pollutant, mountain, coast, soil erosion, Croatia; 02605.

- speleology, cave, Madagascar; 05259. speleology, evaporite, limestone terrain, pseudokarst, Italy, Sicily; 13017. subsidence, quarrying, cave damage, anthropogenic impact, UK; Ireland; 06528. tepee, sea level, carbonate, Calcare Rosso, Ladinian, Italy, Southern Alps; 14352. terrain classification, Mittelgebirge, terrain type, Slovenia; 02687. trace element, Triassic, Permian, bauxite, Turkey, Alanya; 04208. water resource, mineral resource, anthropogenic impact, Mexico, Yucatan Peninsula; West Indies; Belize; Guatemala; 06527.
- karst aquifer**
aquifer recharge, groundwater resource, hydrogeology, groundwater exploitation, groundwater management, Iran, Zagros, Kazerun; 00817. coastal aquifer, seawater intrusion, karst spring, sea level, Mediterranean; 00748. dissolution rate, fracture flow, cave development, limestone, hydrogeochemistry, 14725. groundwater chemistry, tropics, aquifer formation, Madagascar; 12334. groundwater contamination, nonpoint source pollution, saturated/unsaturated flow, point source pollution, nitrate, UK; Australia, South Australia; 11015. groundwater flow, flow velocity, water level fluctuation, solution transport, double porosity model, Germany, Swabian Alb, Heidenheim; Reutlingen; 00751. groundwater flow, water temperature, fracture flow, heat transfer, France, Nièvre, Guichy; 11008. groundwater resource, groundwater storage capacity, groundwater recharge, artificial recharge, 00816. groundwater resource, hydrogeology, groundwater exploration, Italy, Tuscany, Apuan Alps; Colle Val D'Elsa; Italy, Tuscany, Orbetello; 00818. groundwater resource, regional groundwater flow, historical study, hydrogeology, Floridan aquifer system, groundwater flow, USA, (Southeast); 00753. groundwater, quarrying, groundwater pollution, carbonate rock, 00782. hot water aquifer, geothermal reservoir, groundwater temperature, geothermal energy production, Turkey; 00785. hydrogeology, groundwater resource, environmental isotope, multitracing approach, coastal aquifer, Italy, Apulia, Murgia; 00754. hydrogeology, water resource, groundwater resource, spring, Croatia, Sibenik; Trogir; 13635. karst basin, catchment model, rainfall/runoff model, spring, Turkey, Manavgat River Basin; 00649. karstification, carbonate dissolution, groundwater flow, France, Paris Basin, Normandy; Gatinais; 11003. porous aquifer, aquifer interface, groundwater flow, tracer test, Switzerland, Alps; 08414. spring, groundwater recharge, aquifer process, groundwater chemistry, seepage, France, Fontaine de Vaucluse; 00752. tracer test, Cretaceous limestone, limestone karst, groundwater discharge, hydrochemistry, spring, Germany, Northrhine-Westphalia; 00756. tracer test, groundwater hydrodynamics, conduit flow, impulse response, France, Lot, Causse de Gramat; 00755. tracer test, matrix porosity, fracture porosity, field experiment, solute transport, double porosity model, Germany; 00750. water balance, spring discharge, stochastic model, numerical model, groundwater flow, hydrogeology, Serbia, Grza Spring; 00749.
- karst area**
cokriging, spatial distribution, precipitation, hydrogeological process, altitude, Turkey, Taurids; 00614. lake water level, conceptual model, leakage, sinkhole, karst spring, Turkey, Beyschir Lake; Taurus Karst Region; 00658. seawater intrusion, groundwater temperature, groundwater salinity, Italy, Apulia; 00783. sinkhole, residential well, coliform, withdrawal rate, groundwater withdrawal, USA, Virginia, Augusta County; 07823.
- karst basin**
alpine basin, snowpack, snowmelt runoff, precipitation/runoff model, Switzerland; 11063. catchment model, rainfall/runoff model, spring, karst aquifer, Turkey, Manavgat River Basin; 00649.
- karst channel**
seawater intrusion, groundwater flow, saltwater/freshwater interface, freshwater contamination, Turkey, Ovacik Plain; 00784.
- karst characteristics**
spring, basalt aquifer, groundwater recharge, Mexico, Chichinautzin Mountains, Cuernavaca, El Tunel; 11001.
- karst corrosion**
solution capacity, rainwater, carbon dioxide, soil effect, 07821.
- karst denudation**
ion flow, natural water, anthropogenic component, denudation calculation, Russian Federation, Menzen' Plain; 00153.
- karst drainage**
chalk, endokarst, groundwater, overburden, France, Paris Basin; 10420.
- karst environment**
weathering rate, rainfall pH, buffering capacity, acid rain, 06524.
- karst erosion**
carbonate rock, epilithic algae, micromorphology, algal effect, UK, England; Yugoslavia; China; 05254.
- karst geochemistry**
groundwater tracing, remote sensing, geomorphology, hydrogeology, 00745.
- karst geomorphology**
land use, climate geomorphology, China; Europe, (Southeast); 05253.
- karst hydrogeology**
groundwater basin, swallet capacity, sinkhole, flooding, USA, Kentucky, Sinking Creek, Garretts Spring; 12294.
- karst hydrology**
geomorphology, hydrology, cave, hardness, solutional denudation, USA, Tennessee, Cumberland Plateau, Upper Sinking Cove; 02683.
- karst landform**
dissolution, carbonate rock, denudation rate, cave development, 01447.
- karst landscape**
cockpit karst, inselberg landscape, doline karst, relief, tropical karst, West Indies; 05251. collapse doline, sludge bed, ash, Slovakia, Strazovske vrchy Mts., Chalmova; 05265. deforestation, pollution, groundwater, anthropogenic impact, environmental change, Mediterranean; France; Italy; Croatia, Dinarides; 06530. limestone, Jura, Germany, Franconian Jura; 09131. Pleistocene, diagenesis, speleogenesis, calcarenite, aeolian deposit, Australia, Victoria, Bats Ridge; 14210.
- karst microform**
solubility, magnesium, granite landscape, serpentine, France, Massif Central, Limousin; 05179.
- karst plateau**
weathered rock, palaeokarst, France; 13012.
- Karst Province**
doline, cenote, cave, uvala, calcarenite dune, Australia, South Australia, Bool Region; 11770.
- karst river basin**
flood frequency analysis, distribution model, peak flow, baseflow, surface flow, Turkey; 00647.
- karst soil**
coral reef damage, calcimorphic soil, land reclamation, soil reclamation, Japan; Yugoslavia; Jamaica; Indonesia; 09418.
- karst spring**
flow duration curve, river discharge, seasonal variation, 00648. hydrograph recession, recession period streamflow, runoff model, spring discharge, Turkey, Manavgat River; 00650. karst area, lake water level, conceptual model, leakage, sinkhole, Turkey, Beyschir Lake; Taurus Karst Region; 00658. recharge/discharge system, groundwater discharge, spring discharge, hydrogeology, groundwater flow, Turkey, Koprucay Canyon, Olukopru Springs; 00746. sea level, karst aquifer, coastal aquifer, seawater intrusion, Mediterranean; 00748.
- karst system**
chemistry, brackish water, tidal process, underground river, hydrodynamics, Philippines, Palawan Island, St.Paul; 13021. karstic evolution, groundwater flow, dissolution, condensation, cave system, Italy, Apennines, Frasassi Cave-Great Cave of the Wind Complex; 00747. remote sensing, geophysical method, spatial sampling, fractured rock, 07819.
- karst terrain**
acid rain, tracer method, aquifer, pollution, 11766. buffering, bicarbonate water, aluminium precipitate, alkalinity, acid mine drainage, groundwater chemistry, USA, Tennessee, Obey River Basin; 00776. vegetation, rocky desertification, sustainability, anthropogenic impact, environmental change, 06523. limestone quarrying, quarrying, anthropogenic impact, 06536. runoff, groundwater flow, spring, rainfall/runoff, Croatia, Dinaric Alps, Crnojevic Spring; 00637. sinkhole, collapse, compaction grouting, foundation support, USA, California, Santa Cruz; 07727.
- karst topography**
cave, wetlands, ground stabilization, foundation, excavation construction, USA, Florida, Crystal River; 07728.
- karstic depression**
soil loss, remote sensing, arid karst, soil movement, surface hydrology, Australia, Nullarbor Plain; 11674.
- karstic evolution**
continental shelf, eustasy, limestone facies, sea level, water table variation, France, Gironde, Entre-deux-Mers; 07824. groundwater flow, dissolution, condensation, cave system, karst system, Italy, Apennines, Frasassi Cave-Great Cave of the Wind Complex; 00747.
- karstic landscape**
denudation chronology, Germany, Franconian Jura; 13015.
- karstic processes**
model, dissolution, cave, dolinas, hydrodynamics, 07822.
- karstic spring**
dewatering, cave, pumping, archaeology, France, Gard, Nîmes, Fontaine de Nîmes; 13013.
- karstification**
carbonate dissolution, groundwater flow, karst aquifer, France, Paris Basin, Normandy; Gatinais; 11003. denudation surface, alluvial fan, pediment, tectonics, lake basin, Turkey, Ilgin Lake; 10392. groundwater, fairy chimney, spring, cave, Turkey, Weston Tauris, Koprucay River, Beskonak Dam; 06532. Lincolnshire Limestone Formation, petroleum reservoir, limestone, dissolution, aquifer, UK, England; 13202. Oligocene limestone, climate control, lithology, tectonics, France, Gironde; 04047. recrystallization, dolomite, Ordovician, Ellenburger Group, USA, Texas; 14362.
- katabatic flow**
gale, general circulation model, wind, synoptic situation, Antarctica, Casey; 00965. glacier, tundra, ice margin, surface, energy balance, Greenland; 12502. ice sheet, Greenland; 12503. ice shelf, wind, Antarctica, Brunt Ice Shelf; 04691. melting zone, ice sheet, glaciometeorology, albedo, Greenland; 02202. random walk model, transport, diffusion, pollutant, 07225. sodar, barrier wind, Antarctic; 11223. thermal effect, coastal zone, Antarctica, Adèle Land; 00969.
- katabatic flow model**
limiting behavior, time dependent flow, slope wind, 00984.
- katabatic surge**
polynya, atmospheric variability, oceanographic impact, Antarctica, Ross Ice Shelf; 04612.
- katabatic wind**
atmospheric outflow, cold air outflow, radiative cooling, Antarctica; 04609. drainage circulation, cyclonic vortex, circumpolar current, Antarctica; 02174. ice sheet, Seasat scatterometer, 08932. mass balance, general circulation model, climate, UKMO, unified model, 13746. net accumulation rate, undulating topography, ice sheet, AVHRR imagery, albedo, Antarctica, East Antarctic; 02843. numerical study, diurnal variation, Antarctica, Adèle Land; 04692. planetary flow regime, Southern Hemisphere, intraseasonal variability, Antarctica; 04615.
- Katsura Formation**
sandstone, palaeocurrent, turbidity current, Kazusa Group, Japan, Boso Peninsula; 05443.
- Kattegat Stadial**
Eemian, foraminifera, Quaternary sequence, interstadial, Flakket Interstadial, North Sea, Kattegat, Anholt; 07873.
- Kawaguchi Formation**
heavy mineral, turbidite, sandstone, storm deposit, Pliocene, Japan, Honshu, Niigata Prefecture, Higashiyama Region; 05442.
- Kawakawa Tephra**
Last Glaciation, pollen analysis, Wainuimata drillhole, pollen, radiocarbon date, New Zealand, North Island, Wellington, Wainuimata; 09189. palaeoclimatology, Holocene, last glaciation, pollen record, New Zealand, North Island, Wellington; 05286. palaeoenvironmental study, tectonism, Quaternary, diatom, New Zealand, North Island, Wellington, Wainuimata; 09190.
- Kayenta Formation**
arid climate, erg, reservoir, Navajo Sandstone, Jurassic, USA, Arizona;

02948. Jurassic, palaeoflow, sand sheet, fluvial deposit, USA, Colorado Plateau; 00360. lamination, flood deposit, channel, GPR, Jurassic, USA, Colorado; 13170.
- Kazusa Group**
Katsura Formation, sandstone, palaeocurrent, turbidity current, Japan, Boso Peninsula; 05443. Pleistocene, forearc basin, volcanic ash, terrigenous sediment, sediment supply, Japan, Boso Peninsula; 08062. sand, forearc basin, mud, Pliocene/Pleistocene, turbidite, Japan, Boso Peninsula; 06756.
- keel**
topography, deformed sea ice, sea ice, compressive stress, Arctic Ocean; 02837.
- Keeler Canyon Formation**
carbonate buildup, siliclastic, turbidite, Pennsylvanian, Permian, USA, Great Basin; 08059.
- Kellaways Formation**
biogeochemistry, Jurassic, oxidation, organic carbon, Oxford Clay Formation, UK, England; 06721.
- Kelowna extraction**
potassium, extractant, soil test, nutrient availability, plant uptake, phosphorus, Canada, Saskatchewan; 13341.
- kelp**
coastal water quality, spectrophotometry, heavy metal, Chile, Magellan Straits; 06991. halomethane production, bromoform, methylene bromide, methyl iodide, algae, coastal water quality, USA, California; Pacific; 00692.
- Kelvin-Helmholtz wave**
particle dispersion, stratosphere, mesoscale model, gravity wave, 00982.
- Kelvin mode**
ocean model study, upper ocean variability, El Nino/Southern Oscillation, 02205.
- Kelvin wave**
CISK, evaporation/wind feedback, oscillation (30-60 day), tropics, Madden-Julian oscillation, 11206. Rossby wave, air-sea interaction, tropics, ocean surface, 13730. Rossby wave, shallow water equation, depth variation, Poincare wave, 02231. tropics, total column ozone, 12491.
- Kenai Group**
Miocene, Pliocene, Beluga Formation, Sterling Formation, meandering stream, USA, Alaska, Cook Inlet, Kenai Peninsula; 00359.
- Kenbuchi Stadial**
Younger Dryas, radiocarbon date, vegetation history, pollen analysis, Japan, Hokkaido, Kenbuchi Basin; Furano Basin; 02784.
- Kendal Group**
Windermere Supergroup, foreland basin, Silurian, turbidite, palaeocurrent, UK, England, Lake District; 09344.
- Kendall's tau**
S score variance, water quality, trend analysis, statistical analysis, time series data, 00612.
- Kendall's test**
sampling, water quality analysis, long term monitoring, trend analysis, methodology, USA, Vermont; 03266.
- Kentucky blue grass**
sediment entrapment, vegetated streambed, meandering stream, 06448.
- kernel based classifier**
contextual classifier, CASI, FBC, boundary effects, 13949.
- kernel density estimator**
mean integrated absolute error, nonparametric curve estimation, density, 02641.
- kernel number**
wheat crop, photothermal quotient, Argentina; 08531.
- kerogen**
isotope analysis, bacteria, carbon isotope, evaporite, lipid, France, Alsace, Mulhouse; 05410. pyrolysis, biopolymer, marl, organic matter, France, Alsace, Mulhouse; 05409.
- kerosene volatilisation**
hydrocarbon, soil venting, soil texture, soil water content, Vertisol, 01893.
- Kesterson effect**
selenium, bird, Cretaceous, irrigation drainage, deformity, USA, California, San Joaquin Valley, Kesterson National Wildlife Refuge; 1999.
- ketocacid**
precipitation, urban atmosphere, dicarbonyl, aerosol, diacid, 12634.
- ketone**
aldehyde, organic matter, sulphur, diagenesis, lipid, 06720. evaporite series, palaeoenvironment indicator, organic matter, biomarker, sterane, France, Alsace, Mulhouse; 05408.
- Kettle Moraine tract**
drift volume, Pleistocene, bedrock surface, USA, Michigan, Southern Peninsula; 09195.
- Keuper Marl**
throughflow, overland flow, runoff model, hillslope hydrology, pseudogley soil, Luxembourg; 01924.
- key horizon**
lamina, cycle, evaporite, Germany, Saxony; 10583.
- keynote lecture**
unconsolidated sediment, underground space, engineering geology, Quaternary, Netherlands; 14201.
- Khuff Formation**
fluid inclusion, porosity, Permian, hydrogen sulphide, dolomitization, United Arab Emirates, Dubai; 13215.
- kieserite**
acidic soil, organic carbon, magnesium, dolomite, 05584.
- Killarney Oscillation**
late glacial, Amph-Atlantic Oscillation, palaeoclimate, cooling event, 13037.
- kilometer scale**
model, soil, water balance, transpiration, 04636.
- Kimmeridge Clay**
source rock, cycle, organic matter, productivity, UK, England, Cleveland, Marton; 01655.
- Kimmeridge Clay Formation**
backscattered electron, staining, atomic number, SEM, organic matter, 09253. mudstone, oil shale, lithofacies analysis, sedimentary structure, UK, England; 08014.
- Kimura's theory**
sea wave, field experiment, wave grouping, wave period, Italy; 09008.
- kinematic**
morphostructural evolution, risk, rockfall, Italy, Campania, Sorrentine Peninsula; 11757.
- kinematic approach**
yield design theory, failure mechanism, stability factor, 02711.
- kinematic characteristic**
channel flow, turbulent flow, velocity distribution, velocity pulsation, 04448.
- kinematic GPS**
aerial triangulation, block adjustment, 03668. ambiguity resolution, GPS surveying, 08765. GPS, accuracy, aerial triangulation, 10053. GPS, phase ambiguities, anti spoofing, 08766. GPS, photogrammetry, block adjustment, 10059. pipeline survey, 08767. satellite orbit information, GPS receivers, relative positioning system, baseline analysis, Japan; 01106.
- kinematic model**
cloud, microphysical property, storm, 04701. infiltration, runoff generation, heterogeneity, anisotropy, subsurface flow, layered soil, 00732. river ice, ice breakup, ice jam, ice motion, 04552. Subandean Zone, map balancing, strike/slip motion, Bolivia, Andes, Santa Cruz Bend; 06477.
- kinematic positioning**
block adjustment, triangulation, GPS, aerial control, 10060.
- kinematic structure**
Hurricane Gloria (1985), nested analysis, dropwindsonde, Doppler radar data, 07219.
- kinematic wave approximation**
diffusion wave approximation, St Venant equations, wave theory, open channel flow, flow model, 12218. infiltration, Green-Ampt equation, vegetated filter strip, overland flow, 05673. overland flow model, infiltration, Green-Ampt method, Reddy's model, evapotranspiration, runoff, St Venant equations, 05666.
- kinematic wave equation**
finite element method, St Venant equations, Courant number, Petrov-Galerkin solution, overland flow, 05679.
- kinematic wave method**
intensity/duration curve, rainfall/runoff relationship, critical duration, peak discharge, rainfall duration, 09593.
- kinematic wave model**
infiltration model, furrow irrigation, Green-Ampt equation, slug flow model, 03311. rainfall simulator, runoff analysis, urban hydrology, infiltration rate, Japan, Tokyo; 08319. runoff volume, recession infiltration, rainfall excess, 12206.
- kinematic wave theory**
Green-Ampt model, chemical transport, non aqueous phase liquid, vadose zone transport, 13598.
- kinematics**
Aspen Grove landslide, landslide, plastic deformation, USA, Utah, Ephraim Canyon; 14199. plain, principal compression, negative relief, wrinkle ridge, Venus; 06493. precipitation structure, squall line, transition zone, microphysics, 12321.
- kinetic control**
carbonate terrain, hydrochemistry, pyrite oxidation, alpine glacial site, weathering reaction, Canada, Alberta, Saskatchewan Glacier; Italy, Dolomites, Marmolada; Switzerland, Glacier de Tsanfleuron; 09031.
- kinetic energy**
dissipation, closure, boundary layer model, turbulence, 07242. general circulation model, land surface, parameterisation, prognostic equation, mesoscale, 09910. SAR, sea surface echo, storm microburst, rain, gravity wave, 14004. turbulence field, continental shelf, Europe, (Northwest); 13721.
- kinetic energy transfer**
upper troposphere, monsoon, nonlinear kinetic energy, 13705.
- kinetic mechanism**
redox potential, groundwater quality, thermodynamics, reversibility, 00778.
- kinetic model**
hydrophobic organic contaminant, PCB, water quality, partitioning, 10668. lanthanide series, aqueous REE, uptake, metal oxide, 02628. mesosphere, thermosphere, remote sensing, ozone, 07344.
- kinetic rate constant**
dispersion, saturation constant, solute transport, solute concentration, soil profile, Michaelis-Menten model, 00771.
- kinetic study**
dimethyl sulphide, 14986.
- kinetics**
aqueous reaction, dimethylsulphide, ozone, 12588. chlorine, dimethylsulphide, 14989. fulvic acid, iron (III) hydroxide, iron redox cycling, dissolution, 05712. reaction kinetics (293K), chlorine monoxide, 04771. sulphur IV oxidation, peroxomonosulphuric acid, catalysis, 12571.
- kinetostratigraphic unit**
geological history, lithofacies, glaciotectionics, glacier advance, Norway, Finnmarksvidda, Vuolgamasjokka; 14276.
- Kinneswood Formation**
Inverclyde Group, Old Red Sandstone, brecciation, soil profile, calcrete, UK, Scotland, Midland Valley; 02928.
- Kirchhoff theory**
sea ice, 03821.
- Kirgilyakh**
Kargin Interval, Holocene, geochronology, vegetation, climate, Russian Federation, Siberia; 10433.
- Kirkby index**
digital relief model, bocage landscape, surface runoff, runoff source area, France, Brittany; 00638.
- Kjeldahl digestion**
nitrogen determination, Mason jar, nitrogen-15, 09446.
- Kjeldahl nitrogen**
wetlands, ecotone, nitrogen transport, source/sink, river water chemistry, lake water chemistry, Poland, Masuria, Krutynia River; 05748.
- KL transformation**
AVHRR, neural network, 11485.

- knick line**
weathering, clay mineral, slope characteristics, slope failure, Japan, Mie Prefecture, Matsuzaka City, Sakanai River; 14209.
- knickpoint**
channel incision, bedrock erosion, competence, stream power, Israel, Negev Desert, Nahal Paran; 09044. longitudinal profile, bedrock erosion, field experiment, channel form, fissure, Japan, Honshu, Boso Peninsula, Ino River; 09045. migration rate, bank caving, base level change, tributary, USA, Mississippi River, Homochitto River; St. Catherine Creek; 07747.
- knickpoint geometry**
slope reforestation, gully reclamation, erosion control measure, geomorphic status, USA, Tennessee, Memphis, Meeman-Shelby State Park; 06451.
- knickzone**
bedrock channel incision, von Karman vortex street, longitudinal groove, channel gradient, Australia, Northern Territory, Piccaninny Creek; 06462.
- knowledge**
navigation, society, route, navigate, 10129.
- knowledge acquisition**
rule development, digital mapping, vegetation cover, Thematic Mapper, USA, Texas, Big Bend National Park; 07565.
- knowledge base**
automatic image enhancement, artificial intelligence, human vision, remote sensing, 07416. GIS, 06175.
- knowledge based methodology**
mixed data, GIS, 11428.
- knowledge based model**
data model, planning, 12699.
- knowledge based system**
decision support system, drought, risk assessment, water resource management, 03384. expert system, automated generalisation, cartographic generalisation, 13989. expert system, DTM, GIS, intelligent system, 02430. expert system, GIS, 02429. spatial averaging errors, hemispherical reflectance map, sampling, 01196. vegetation succession model, GIS, vegetation distribution, 14020.
- knowledge transfer**
water, hydrology, TECHWARE, collaborative network, Europe; 06947.
- Kohler equation**
droplet, cloud condensation nuclei, updraft, 02286.
- Kolhan siliciclastics**
sediment transport, grain size, Palaeoproterozoic, India, Orissa, Keonjhar District; 10596.
- Kolmogorov spectrum**
settling velocity, particle motion, turbulence, 05455. shear stress, roughness, boundary layer, USA, Chesapeake Bay; 14409.
- kona storm**
rainfall episode, circulation, USA, Hawaii; 04721.
- Konservat-Lagerstatten Formation**
sediment/water interface, fossil, Carboniferous, lamination, USA; 04274.
- kopara**
atoll, stromatolite, calcification, microbiolite, Pacific, French Polynesia, Tuamotu Archipelago; 07986.
- Koppen**
climate classification, diagnostic tool, general circulation model, 09901.
- Koppen-Geiger map**
Budyko, world map, climate region, heat balance, energy balance, 13647.
- Korleweg-de Vries equation**
X-ray crystallography, nonlinear wave, water wave, wave, 12217.
- Korteweg-de Vries equation**
wave, solitary wave, shallow water, 09609.
- Kosa**
particle, trajectory, modelling study, pollutant, long range transport, China; 12453.
- Koshienhama**
Nanko, volcanic ash, Pleistocene, tephrostratigraphy, Naruohama, Nishinomyia, Japan, Honshu, Osaka Plain; 07883.
- Kosmos**
physical geography, von Humboldt, A, Naturgemalde, 02662.
- Kozeny-Carman equation**
settlement, liquefaction, sand, centrifuge test, 04006.
- kraft mill**
paper milling, NPTOX analysis, chlorinated organic compound, river water quality, 09663.
- Krasnozern**
caesium-137, potato, Australia, New South Wales, Dorrigo; 04427.
- Kreftenheye**
Wijchen Member, Holocene, Delwijnen Member, Twente Formation, Quaternary, Netherlands; 09147.
- kriging**
aquifer, variogram, computer program, hydrogeology, 13577. cokriging, fertiliser, 14474. cokriging, temperature, elevation, surface air temperature, 02197. DEM, stream network extraction, 01131. deterministic interpolator, parametric spine, parametric surface, estimation algorithm, 00064. factorial kriging analysis, groundwater quality, geostatistics, spring water chemistry, Belgium, Dyle River basin; 03356. Geosat altimeter, wind field, 08834. geostatistics, external drift, non stationary geostatistics, mapping, temperature, UK, Scotland; 09810. geostatistics, landscape study, fractal method, 09025. homogeneous isotropic process, geostatistics, gravity field, covariance function, 01103. ice sheet, satellite radar altimetry, variogram method, Antarctica, Lambert Glacier; 03839. interpolation, spatial statistics, autoregressive model, 01140. interpolator, hydraulic conductivity, Iran; 13321. mapping, subglacial topography, ice thickness, Sweden, Kebnekaise Massif, Storglaciaren; 05016. nearest neighbour method, soil classification, water retention curve, spatial interpolation, 14483. precipitation, general circulation model, 05995. radar, ice stream, cross over analysis, Antarctica; 12837. radial basis function, spline, spatial interpolation, 14462. random field model, sulphate deposition, 02340. salt water intrusion, aquifer over-exploitation, nonlinear estimation, aquifer management, hydrogeochemical analysis, Spain, Almeria, Campo de Dalias, Aguadulce aquifer; 02081. sequential indicator simulation, soil data class, soil mapping, 03063. soil data class, land use suitability, sequential indicator simulation, water table mapping, 03064. soil mapping, quality index, multiple variable indicator kriging, 06809. soil sampling, cokriging, variogram, 14473. solute transport, transfer function model, soil water movement, Switzerland, Basel; 12069. SPOT XS1, structural analysis, degraded image, Brazil, Parana, Paranaqua Bay; 12694. stationarity, interpolation, spatial/temporal process, spatial correlation, 00613. variogram, spline, 14470.
- krypton-85 pollution**
conductivity, radioactive isotope, atmosphere, electricity, 12432.
- Kuhnian model**
Earth science revolution, geology, Popperian credential, history, 03942.
- Kuo scheme**
initialisation, diabatic initialisation, rainfall, prediction, monsoon, 06005.
- Kuroshio**
meander, ocean atmosphere model, sea surface temperature, air/sea coupling, Pacific; 05949. surface front, eddy, Japan, Tosa Bay; 04994. Warm Current, Tshushima Current, drifter, Lagrangian flow, cyclonic gyre, Pacific; East China Sea; Yellow Sea; Japan Sea; 07609.
- kurtosis**
flood frequency analysis, linear moment, regional flood frequency, variance, skewness, New Zealand; 00643. L moment diagram, product moment diagram, skewness, 01317. sea level change, grain size parameter, beach ridge, wave energy, isostatic rebound, Denmark; 04114.
- L band**
SAR, JERS-1, 12664.
- L moment**
regional precipitation, quantile value, USA; 12525. regional, precipitation climate, 12524.
- L moment diagram**
product moment diagram, skewness, kurtosis, 01317.
- L1 method**
survey network adjustment, weighted residual, least squares, 11389.
- La Chilca Formation**
shelf, shoreface, storm activity, platform facies, Silurian, Argentina, San Juan Precordillera, Los Blancitos Range; 01711.
- La Nina**
free surface, tropical, general circulation model, El Nino, Pacific; 14879. streamflow, Southern Oscillation, El Nino, USA, (Southwest); 14885. surface layer, Pacific; 09875.
- Laacher See Tephra**
ecosystem, volcanic eruption, pollen, diatom, acidification, Germany, Black Forest; 05303.
- label placement**
cartographic label, 06208.
- labelling**
differential geometry, encoding, 06146.
- laboratory measurement**
deliquescence humidity, ammonium, sulphate, light scattering coefficient, thermodynamic modelling, 11326.
- laboratory compaction**
residual soil, lateritic soil, cyclic loading, delta, road embankment, Nigeria, Port Harcourt; 10418.
- laboratory device**
soil, nitrous oxide, emission, fertiliser, 14966.
- laboratory error**
ICP-ES, ICP-MS, spectrometry, water quality analysis, 13497.
- laboratory evidence**
ozone formation, stratosphere, local thermodynamic equilibrium, local thermodynamic equilibrium, non LTE mechanism, 10001.
- laboratory flow reactor**
aerosol formation, aircraft, sulphuric acid, plume, 09969.
- laboratory model**
square foundation, cyclic loading, settlement, geogrid reinforcement, 01425.
- laboratory preparation**
dissolution, solvent, hydrogen peroxide, calcium carbonate, 02864.
- laboratory simulation**
polar stratospheric cloud, flow cell, heterogeneous reaction, stratosphere, 13764. preindustrial, recession rate, corrosion, marble monument, rain, 04809.
- laboratory soil pan**
interill erosion, rainfall simulator, 03187.
- laboratory system**
lead-210, polonium-210, distribution coefficient, 06725.
- laboratory technique**
monitoring, roughness, instrumentation, turbulence, sediment transport, 05355.
- laboratory test**
compaction, sand, dry cohesionless soil, resin impregnation technique, density variation, 09109. finite element, heat transfer, artificial freezing, sand, fan problem, 11716. granular soil, strain path testing, asymptotic behaviour, constitutive relation, 09106. soft soil, earth pressure, consolidation, clay, 09107. soil dynamics, gravel, 09088. viscoelasticity, settlement prediction, clay, Brazil, Cosipa; 11747.
- laboratory testing**
aromatic hydrocarbon, batch experiment, aerobic aquifer, biodegradation, 11597.
- laboratory verification**
moving load response, layered soil, Biot's formulation, 05216.
- LABs**
sewage sludge, dump site, PAH, coprostanol, USA, New Jersey Coast, Deep Water Dump Site 106; 13309.
- Lacazina Limestone**
Cretaceous, carbonate ramp, sequence stratigraphy, diagenesis, cyclicity, Spain; 11928.
- lacustine morpholithogenesis**
glacial relief, height zonality, limnomorpholithogenesis, Russian Federation, Great Caucasus; 11680.
- lacustrine**
Bolling, Chironomidae, stratigraphy, Weichselian (late), Norway, Andoya, Lake Nedre AERastatn; 04082. TL dating, Whidbey Formation, floodplain

- sediment, glaciomarine, Canada, British Columbia; USA, Washington; 09138.
- lacustrine basin**
coring, geophysical method, till topography, bedrock morphology, glacial deposit, France, Ain, Lac de Cerin; Jura; 04080.
- lacustrine brine**
lake evaporation, surface water-groundwater interaction, lake water chemistry, geochemical evolution, groundwater circulation, USA, Montana; North Dakota; 14669.
- lacustrine carbonate**
lake water, desiccation, oxygen isotope, carbon isotope, China, Qinghai-Tibetan Plateau, Siling-Co Lake; 09187.
- lacustrine clay**
ice margin, drainage system, Anglian stage, Hoxnian, till, UK, England, Suffolk, Shottisham; Eyke, Rookery Farm; 00238.
- lacustrine core**
radiocarbon chronology, tropical forest, vegetated succession, Quaternary (late), pollen assemblage, Cameroon, (West); Brazil, Amazonia; 00203.
- lacustrine delta**
organic matter, aggradation, distributary, hydrodynamics, Westphalian, UK, England, West Midlands, Himley; 08038.
- lacustrine deposit**
carbonate, sedimentology, isotope geochemistry, Oligocene, Campine Basin, Spain, Catalan Coastal Ranges; 02962. Lake Bonneville fill, Little Valley Alloformation, Pleistocene, sequence stratigraphy, USA, Utah, Bonneville Basin; 06672. Madrid Basin, Neogene, bentonite, saponite, authigenesis, Spain, Toledo, Yuncos; 04206. volcanic sequence, alkaline basalt, volcanic hazard, seismic monitoring, radiocarbon age, Mexico, Socorro Island, Lomas Coloradas; 01451.
- lacustrine environment**
palaeoecology, modern, fossil, Potamid, saline lake, 00194.
- lacustrine facies**
Cretaceous, freshwater facies, Mirdita zone, conglomerate, sandstone, Albania, Albanian Alps; 02987.
- lacustrine ice**
glaciology, satellite imagery, continental ice, marine ice, Canada, Arctic Canada; 05333.
- lacustrine optimum**
arid event, AMS dating, geographical extent, Younger Dryas, rock magnetic evidence, Kenya, Lake Magadi; 00208.
- lacustrine record**
radiocarbon dating, pollen influx, climate change, palynostratigraphy, Norway, Andoya, Øvre Årassvatn Lake; 04081.
- lacustrine sediment**
gelifluction, Devensian (late), Lake Sparks, varve, UK, England, Fenland; Cambridgeshire, Somersham; 05309. late glacial, Holocene, varve, high resolution record, annual lamination, Poland, Lake Goszcz; 07882. organic sedimentation, climate variability, Holocene, Wurm, France, Haute-Loire; 05301. pre-Illinoian, Pleistocene, fossil assemblage, mollusc, USA, Indiana, Connersville; 04073.
- lacustrine sequence**
salinity, alkalinity, glacial/interglacial cycle, saltpan, diatom record, South Africa, Pretoria Saltpan; 06570.
- lacustrine silt**
Eemian interglacial, stratigraphy, pollen succession, peat, Poland, Jaworzyna, Jaworzyna Slaska; 09176.
- lacustrine stratigraphy**
mineralogy, lithostratigraphy, Holocene, carbonate, grain size, Canada, Saskatchewan, Cypress Hills, Harris Lake; 05176.
- lacustrine terrace**
salt deposition, neotectonics, Quaternary, salt lake, China, Qaidam Basin; 06581.
- Ladinian**
carbonate, microfacies, geochemistry, basin, Triassic, diagenesis, Slovakia, Central Western Carpathians; 01623. karst, tepee, sea level, carbonate, Calcare Rosso, Italy, Southern Alps; 14352.
- Lafayette Formation**
Citronelle Formation, alluvial fan, braided stream, Tertiary (late), Quaternary (early), USA, Gulf Coastal Plain; Mississippi Valley; 05300.
- lag deposit**
dust erosion, basin floor deposit, deflation, Mars, Hellas Planitia; 02703.
- lag surface**
size sorting, boulder pavement, mesotidal shoreline, intertidal zone, USA, Alaska, Gulf of Alaska, Icy Bay; 09047.
- lag time**
time to peak, peak discharge, basin lag time, rainfall/runoff relationship, China; 09598.
- LAGAMINE model**
geological reservoir modelling, aquifer, finite element code, subsidence, 01335. land subsidence, subsidence modelling, aquifer flow equation, China, Shanghai; 01336.
- lagoon**
algae, biomass yield, nutrient, coastal water quality, Italy, Venice Lagoon; 00684. beach, shoreline dynamics, atoll, erosion, India, Lakshadweep Islands; 02990. clay mineral, vibrocore, Holocene, Portugal, Vouga Estuary, Ria de Aveiro; 04254. delta, sea level, Quaternary, terrace, coastal barrier, Brazil, Santa Catarina State, Santo Antonio Lagoon; 06604. denitrification, nitrogen compound, interstitial water, ammonium, water column, nutrient, Gulf of Mexico, Chelem Lagoon; 12012. estuary, environmental management, urbanisation, South Africa, Natal, Isipingo Estuary; 09632. geomorphology, dune, ancient coastline, coastal dune, Italy, Friuli-Venezia Giulia, Belvedere-San Marco; 02824. Holocene, environmental change, diatom, palaeoecology, Argentina, Buenos Aires, Mar Chiquita Lagoon; 13268. longshore current, sediment dynamics, coastal plain, spit, Brazil, Sao Paulo; 01592. nonpoint source pollution, GIS, nitrogen, phosphorus, coastal water quality, Italy, Venice Lagoon; 07007. ocean water, phytoplankton, thermal effect, sea surface temperature, 14048. primary production, budget, humic substance, DOC, Egypt, Nile Delta, Edku Lake; 00682. redox potential, oxidation, salinity, Ukraine, Dniiper-Bug Lagoon; 08046. sediment contamination, pollution, heavy metal, Mexico, Tamaulipas, San Andres Lagoon; 12008. stromatolite, debris flow, Dachsteinkalk, Triassic, reef, Austria, Alps, Hochkonig Massif; 11975. transgression, forest vegetation, Quaternary, palynology, Brazil, Rio Grande do Sul, Lagoa dos Patos; 13262.
- lagoon collapse**
wastewater pond, sinkhole, collapse, karst, USA, Minnesota, Bellechester; 07730.
- lagoon/ocean exchange**
nutrient exchange, tidal exchange, ocean, Mexico, Sinaloa State, Huizache-Caimanero Lagoon; 04468.
- lagoon system**
lobate delta, palaeoshoreline, Quaternary, terrace, shoreline, USA, Florida, Panhandle; 00258.
- Lagrange polynomials**
conformal projections, Earth ellipsoid, UTM, 08816.
- Lagrangian analysis**
estuary, St Venant's equation, tidal prism, estuary mean depth, tidal excursion, parameter estimation, 00673. scale dependence, dispersion, heterogeneous aquifer, solute transport, contaminant plume, 07098.
- Lagrangian coordinate**
heat flow, finite element, water pressure, sedimentation, basin geometry, 00285.
- Lagrangian/Eulerian model**
diffusion model, spotted pattern, radioactive fallout, 10035.
- Lagrangian flow**
cyclonic gyre, Kuroshio, Warm Current, Tshushima Current, drifter, Pacific; East China Sea; Yellow Sea; Japan Sea; 07609.
- Lagrangian method**
grid method, reservoir capacity, numerical method, cubic spline method, Newton method, 04464. shallow water flow, standing wave, open channel flow, supercritical flow, 00653.
- Lagrangian model**
diurnal variation, ammonia, long range transport, anticyclone, 12565.
- Lagrangian particle model**
plume rise, plume entrainment, convective boundary layer, 02195. plume spread, elevated release, dispersion model, plume rise, 00876.
- Lagrangian technique**
river water quality, lake water quality, contamination analysis, water quality model, Canada, Quebec, St Lawrence River; St Pierre Lake; 13534. spatio-temporal variability, precipitation assessment, urban hydrology, short term rainfall, small scale rainfall, Eulerian technique, 13454.
- Lagrangian trajectory model**
secondary organic aerosol, aerosol size distribution, USA, California; 06059.
- Lagrangian transport**
dynamic modelling, spatial distribution, precipitation, mountain area, 00971.
- lahar**
debris flow, simulation, hazard estimation, mudflow, 06780. deposition process, volcanic eruption, clast orientation, transport, boulder, Colombia, Nevado del Ruiz; 07950. hazard assessment, volcano, debris avalanche, hydrothermal alteration, avalanche, Mexico, Cidaltetpeti Volcano; Pico de Orizaba; 07734.
- lahar deposit**
eruptive product, principal components analysis, Colombia, Nevado del Ruiz Volcano; 08867.
- Lahontan palaeolake**
Bonneville palaeolake, lake-atmosphere feedback, hydrological budget, USA, Nevada, Great Basin; Utah, Great Basin; 09150. palaeochannel evidence, drainage diversion, Quaternary (late), channel morphology, shoreline evidence, USA, Nevada, Walker River; 00196.
- LAI**
AVIRIS, canopy biochemistry, spectrometer, USA, Oregon; 15177.
- lake**
bacteria, drainage system, organic matter, trona, Kenya, Lake Logipi; 04230. baroclinic seiche, stratification, metalimnetic water, Switzerland, Alpacher See; 00664. basin morphology, hydrology, hydrochemistry, evaporite, Canada, Great Plains, Freefight Lake; 02959. bioaccumulation, bottom sediment, fish, mercury, USA, Wisconsin; 00455. carbonaceous particle, lead-210, air pollutant, oil combustion, coal combustion, Denmark; 01752. carbonate deposition, epilimnion, salinity, glacial drift, marl, USA, Minnesota, Clearwater County, Elk Lake; 01602. delta, rift basin, sedimentation, fan, Tanzania, Lake Malawi; Malawi, Lake Malawi; 01604. diatom, terrigenous deposit, sedimentation, France, Brittany, St Brieuc, Gouet Valley; 04247. effluent, point source, PCB, contaminant, paper mill, USA, Massachusetts, Housatonic River, Connecticut, Housatonic River; 00445. erosion, lead-210, radon-226, sedimentation rate, India, Himalayas, Kumaun Himalaya, Nainital; 10693. ERS-1, radar altimeter, subglacial lake, Antarctica; 12834. evaporation loss, energy budget, salt budget, water budget, Kalman filter, 06978. fault, sedimentation, rift valley, tectonic setting, Tanzania, Lake Malawi; Malawi, Lake Malawi; Africa, East African Rift, Lake Malawi; 01603. gas transfer velocity, wind speed, 03582. heavy metal, eutrophication, bottom chemistry, bottom sediment, forest, Poland, Lecznysko-Wlodawskie Lake District; 09384. Holocene, sediment core, marine/brackish water, salinity variability, freshwater, diatom stratigraphy, Antarctica, Horseshoe Island; 01530. hydrothermal activity, deep lake, mixing, USA, Oregon, Crater Lake; 09617. ice observation (1850-1991), climate index, Finland; 09952. ice thermohydynamics, prismatic ice model, heat balance, North America, Great Lakes; 14766. iron oxyhydroxide, element cycling, nutrient, diagenesis, 05386. isoeitid, macrophyte, phosphorus, porewater, Denmark, Lake Kvie; 09318. Landsat, bathymetry, charting, 05010. Landsat, water depth, surface temperature, UK, England, Cumbria, Lake District; 06301. late glacial, peat bog, alder, vegetation history, Younger Dryas, France, Alps; 01496. lead-210, atmospheric deposition, Aulacoseira, carbonaceous particle, palaeolimnology, Australia, Tasmania, Mount Field National Park, Lake Nicholls; 05478. limnology, mixing, bathymetric map, heat exchange, morphometry, Italy; 01958. limnology, reservoir, algal community, phytoplankton, eutrophication, Italy, Lake Iseo; Lake Garda; Italy, Veneto; Italy, Friuli; Italy, Trentino; 01963. macrophyte, nitrogen, redox potential, biomass, isoeitid, Denmark, Lake Kvie; 09317. meander, channel, swamp, alluvial fan, vegetation, Botswana, Okavango Swamps; 06737. meltwater erosion, morphogenesis,

- subglacial channel, glacial overdeepening, kame, Poland, Znin; 07897. nonlinear influence, wind speed variability, gas transfer, 03581. oligotrophy, eutrophication, diatom, Finland, Lake Karelian Pyhajarvi; Lake Puruvesi; 05472. organic matter, phytoplankton, oxygen content, self purification, Russian Federation, Lake Baikal; 05084. ozone production, urban plume, water, photochemical model, USA, Lake Michigan; 04819. particle size, sedimentation, bottom deposit, Russian Federation; Mongolia, Bon-Tsagan-nur Lake; Mongolia, Buyr-nur Lake; Mongolia, Khukh-nur Lake; 05424. phosphate, planktonic bacteria, phosphorus cycling, sink mechanism, Norway, Lake Nesjovarn; 10333. phytoplankton, light climate, vertical mixing, photosynthesis, 04467. playa, mudflat, microbial mat, stromatolite, magnesite, Canada, British Columbia, Cariboo Plateau; 04245. primary production, suspended particulate matter, chlorophyll, plankton, hypolimnion, 11998. raised bog, hydrosere, acidification, biotratigraphy, Holocene, Finland; 02809. savanna, landscape evolution, river valley, tectonic influence, Mexico, Quintana Roo, Bacalar; Chetumal; 14163. seasonal change, calcite, organic matter, lamination, vivianite, eutrophication, Poland, Lake Gosciarz; 08083. sedimentation rate, lead-210, bottom sediment, varve chronology, Poland, Lake Gosciarz; 08084. sedimentation, groundwater, stratification, temperature gradient, Poland, Lake Gosciarz; 08040. stable isotope study, lake sediment, organic matter, isotope record, Holocene, temperature, USA, Minnesota, Clearwater County, Elk Lake; 01687. suspended sediment, resuspension concentration, particle size data, particle settling velocity, bottom erosion, sediment resuspension, North America, Great Lakes, St. Clair Lake; 00665. thermal bar, circular lake, shoreline curvature, bar movement, heat budget equation, 00662. thermal bar, water temperature, heat transport, stratification, mixing, Russian Federation, Ladoga Lake; 12229. tide, wave height, littoral drift, tidal inlet, longshore sediment transport, India, Orissa, Chilka Lake; 06662. trophic status, hemlock decline, recovery, catchment size, Canada, Ontario; 06594. water temperature, ice thickness, snow depth, heat transfer model, USA, Minnesota; 12228. water temperature, model calibration coefficient, turbulent diffusion, simulation model, USA, Minnesota; 09618.
- lake acidification**
acidification, scaled chrysophyte, fossil, inference model, palaeolimnology, USA, Connecticut; 10301. lake restoration, liming, water quality monitoring, fish survival, acidification, UK, Scotland, Loch Fleet; 13565. radionuclide, air pollution history, environmental impact, trace metal, Czech Republic, Sumava Mountain, Certovo Lake; 02615.
- Lake Agassiz**
Champlain Sea, ice lobe, foraminifera, salinity, Canada, Quebec, Quebec City; 01696. spillway, depositional model, aggregate, flood, Lake McMurray, Pleistocene, Canada, Alberta, Fort McMurray; 13293.
- lake alteration**
land use effect, environmental impact assessment, anthropogenic impact, trophic state, phosphorous, Italy, Lazio, Vico Lake; 05686.
- lake-atmosphere feedback**
hydrological budget, Lahontan palaeolake, Bonneville palaeolake, USA, Nevada, Great Basin; Utah, Great Basin; 09150.
- lake basin**
karstification, denudation surface, alluvial fan, pediment, tectonics, Turkey, Ilgin Lake; 10392.
- lake bed**
coastal process, storm wave, bathymetry, sediment transport, USA, Illinois, Beach State Park; 14404. turbidite, caldera, lava, USA, Oregon, Crater Lake; 13182.
- lake biochemistry**
biodegradation, mineralization, nepheloid layer, bacteria, particulate organic matter, North America, Great Lakes, Lake Superior; 05691. phytoplankton, carbon fixation, dark carbon, light carbon, Israel, Kinneret Lake; 03239.
- lake biogeochemistry**
overtum, meromixis, hypersaline lake, stratification, sulphide methane, USA, California, Mono Lake; 06985.
- lake biology**
saline lake, lake chemistry, Kirghizia, Issyk-Kul Lake; Kazakhstan, Balkhash Lake; Kazakhstan, Alakul Lake; Kazakhstan, Tengiz Lake; Caspian Sea; Aral Sea; 09622.
- lake bluff**
glaciolacustrine sequence, Halton Till, Wentworth Till, lithology, Pleistocene stratigraphy, USA, New York, Lake Erie; Lake Ontario; 00237.
- Lake Bonneville**
oboliteration rate, alluvial fan, preservation potential, palaeolake shoreline, USA, California, Tule Valley; 00198.
- Lake Bonneville fill**
Little Valley Alloformation, Pleistocene, sequence stratigraphy, lacustrine deposit, USA, Utah, Bonneville Basin; 06672.
- lake bottom**
recent sediment, frozen sediment, continental shelf, 06644.
- lake breeze**
mesoscale model, land breeze regime, observation, Canada, Great Lakes, Lake Ontario; 09918.
- lake characterisation**
ionic gradient, diatom assemblage, salinity, climate fluctuation, North America, Great Plains; 10471.
- lake chemistry**
lake biology, saline lake, Kirghizia, Issyk-Kul Lake; Kazakhstan, Balkhash Lake; Kazakhstan, Alakul Lake; Kazakhstan, Tengiz Lake; Caspian Sea; Aral Sea; 09622.
- lake circulation**
baroclinic forcing, density current, differential heating, water exchange, wind effect, Spain, Banyoles Lake; 09619. current, barotropic mode, baroclinic mode, North America, Great Lakes, Lake Superior, Keweenaw Current; 05694.
- lake classification**
sodium, nutrient, bicarbonate, potassium deficiency, magnesium, lake water quality, UK, Northern Ireland, County Antrim; 03303.
- lake conservation**
lake ecology, salt lake, lake degradation, saline lake, USA, California, Mono Lake; Aral Sea; Cyprus, Akrotiri Lake; 09627. lake water quality, lake management, land use effect, anthropogenic impact, limnology, Africa, (East), Malawi Lake; Victoria Lake; Africa, (East), Tanganyika Lake; 09670.
- lake core**
groundwater, Holocene, hyperarid environment, pollen analysis, Sudan, Sahara, Oyo; 10511. Holocene, vegetation, climate, anthropogenic impact, pollen analysis, Tanzania, Lake Tanganyika; Zaire, Lake Tanganyika; 04069.
- lake current**
surface circulation, drifter tracking, gyre system, current measurement, Japan, Biwa Lake; 09620.
- lake current system**
internal wave, caldera lake, wind effect, spectral analysis, Japan, Hokkaido, Kuttara Lake; 09621.
- lake degradation**
saline lake, lake conservation, lake ecology, salt lake, USA, California, Mono Lake; Aral Sea; Cyprus, Akrotiri Lake; 09627.
- lake deposit**
mineralogy, Eocene, Green River Formation, evaporite, 00381. subaquatic freezing, Pleistocene, Holocene, permafrost, Bolivia, Andes, Altiplano; 07920.
- lake drainage**
hydraulic syphon, glacier lake, lake outburst, outburst flood, Nepal; 11069.
- lake ecology**
lake water quality, water quality monitoring, limnology, North America, Great Lakes; 08383. saline lake, freshwater lake, plankton, biota, UK, England, Norfolk Broads; 14684. salt lake, lake degradation, saline lake, lake conservation, USA, California, Mono Lake; Aral Sea; Cyprus, Akrotiri Lake; 09627.
- lake ecosystem**
dose, environmental sensitivity, cost/benefit analysis, 10296. lake water chemistry, bioaccumulation, biogeochemical cycle, mercury, fish, USA, New York, Adirondack Mountains; 12895. salinity, aquatic environment, lake level, ecological impact, impact assessment, USA, California, Mono Lake; 12225. silt load, wetland management, 07627.
- lake effect**
snowfall, snowfall data (1951-1980), spatio/temporal trend, North America, Great Lakes; 08633. storm, snow, mesoscale model, wind speed, North America, Great Lakes; 03517.
- lake evaporation**
catchment evaporation, evaporation, Penman model, Morton model, soil evaporation, China, Hubei Province; 08294. environmental isotope, radiocarbon dating, deuterium, oxygen-18, groundwater recharge, Egypt, Aswan High Dam Lake; 00659. surface water-groundwater interaction, lake water chemistry, geochemical evolution, groundwater circulation, lacustrine brine, USA, Montana; North Dakota; 14669. water level decline, lake water level, water balance model, hydropower, Indonesia, Sumatra, Toba Lake; 08354.
- lake evolution**
Zhuye palaeolake, lake restoration, palaeolake, China, Gansu Province, Qilian Mountains; 00660.
- lake heat storage**
Bowen ratio, open water, energy budget, evaporation, USA, Minnesota, Williams Lake; 05663.
- lake history**
chironomid assemblage, sediment, palaeolimnology, ecological indicator, Germany, Bodensee-Untersee; Lake Constance; 06598.
- lake hydrodynamics**
wave-current interaction, wind effect, Canada, St. Clair Lake; 10947.
- lake ice**
aerial photography, mapping, monitoring, global change, ASPRS/ACSM, Brazil; 07661. AVHRR, greenhouse warming, USA, Wisconsin; 01261. cryospheric indicator, climate variability, freeze up, breakup, Canada; 14942. freeze up, breakup, climate index, 14939. ice rafting, boulder barricade, ice, shore zone, cold coast, Canada; 10524. passive microwave, frozen lake, climate, ice, microwave remote sensing, 12833. water temperature, freezing, thermal stratification, model, climate change, Finland; 02779.
- Lake Iroquois**
Champlain Sea, Quaternary (late), deglaciation, Canada, Ontario, St. Lawrence Lowland; USA, New York, St. Lawrence Lowland; 04090.
- lake leakage**
pyroclastic flow slope, isotope tracer, groundwater flow regime, tritium, oxygen-18, Indonesia, Bali, Batur Lake; 08412.
- lake level**
climate change, numerical method, water balance, runoff, 14219. ecological impact, impact assessment, lake ecosystem, salinity, aquatic environment, USA, California, Mono Lake; 12225. estuary, dredging, management, flooding, South Africa, Zululand, St Lucia Estuary; 05484. fire, palaeohydrology, palaeoecology, anthropogenic impact, water balance, Sweden, Hallefors; 09208. Holocene, isostatic uplift, beach ridge, North America, Great Lakes; Canada; USA; 14403. late glacial, Holocene, palaeosalinity, climate implication, Holocene drought, Canada, Alberta, Fairfax Lake; Goldeye Lake; Canada, Alberta, Moore Lake; 00169. modelling, beach profile, wave statistics, USA, Lake Michigan; 12952. muskox fossil, Glacial Lake Arkona, Lake Whittlesey, forest/tundra environment, Bondi site, Canada, Ontario, Essex County, Leamington; 11810. organic matter, nitrogen, phosphorus, spillway, sedimentation, USA, Florida, Newnans Lake; 09380. palaeohydrology, palaeoclimate, rainfall, late glacial, sedimentology, Chile, Atacama Desert, Altiplano, Laguna Lejia; 14245. pigment, land use, isotope, palaeosalinity, aragonite, Canada, Saskatchewan, Redberry Lake; 00383. regulation, shoreline erosion, wave energy, reservoir, USA, Montana, Flathead Lake; 00114. water depth, water salinity, Chile; 08920. water resource, streamflow data, time series, climate change, hydrometeorological time series, Canada; Africa; North America; 02632.
- lake level change**
climate, pollen analysis, Walker Circulation, Quaternary, Australia; Papua New Guinea; 07864. dating, climate change, Younger Dyas, Kenya, Lake Magadi; Tanzania, Lake Natron; 05293. Holocene, coastal evolution, littoral transport, wave erosion, Wisconsin (late), USA, Great Lakes, Michigan; 00115. Holocene, pollen analysis, palaeoenvironment, extinction, vegetation change, Madagascar, Lake Mitsinjo; 10512. insolation, climate control, Holocene, Europe; 01524. late glacial, aridity, insolation, palaeohydrology,

- climate change, Europe; 07835. radiocarbon dating, isostatic tilt, pollen analysis, Holocene, Canada, Ontario, Rice Lake; 13097.
- lake level data**
climate reconstruction, Holocene, precipitation pattern, pollen, Europe; 04104.
- lake level fluctuation**
climate change, loess, climate optimum, paleosol, Holocene, China, Qinghai Lake; 04109. glacier movement, climate change, atmospheric carbon-14, solar influence, Holocene, Switzerland, Alps; Austria, Alps; France, Jura; 00173.
- lake level history**
lake sediment, radiocarbon, Quaternary (late), USA, Lake Michigan; 13064.
- lake level variability**
correlation, climate-sun relationship, solar activity, carbon-14, atmospheric concentration, France, Jura, Clairvaux Lake; Chalais Lake; 06546. Holocene, general circulation pattern, tree limit, glacier variation, climate change, France; 06552.
- lake limnology**
biota, dune lake, Australia, New South Wales, Jarvis Bay, Windermere Lake; McKenzie Lake; 06980. coastal lake, land use effect, eutrophication, lake morphology, Brazil, Rio Grande do Sul, Restinga Coast; 12227. hypersaline lake, meromixis, nitrogen flux, salinity, USA, California, Mono Lake; 06984. hypolimnion, phosphorus, silica, manganese, heat transport, USA, Wisconsin, Mendota Lake; 10980. mathematical modelling, optimisation, water quality sampling, reservoir limnology, Finland, Kuortanejärvi Lake; 05844. meromixis mixing, stratification, salinity, USA, California, Mono Lake; 06983. nutrient, competition, nitrogen fixing algae, blue-green algae, reservoir limnology, Finland, Kuortanejärvi Lake; 05770.
- lake load**
lake shoreline, hydroisostatic deflection, tectonic tilting, GPS survey, Pluvial Lake Minchin, Bolivia, Andes; 10396.
- lake management**
land use effect, anthropogenic impact, limnology, lake conservation, lake water quality, Africa, (East), Malawi Lake; Victoria Lake; Africa, (East), Tanganyika Lake; 09670.
- lake marl**
climate change, Holocene, pollen, mollusc, ostracod, UK, Wales, Powys, Llangorse Lake; 01525.
- Lake McMurray**
Pleistocene, Lake Agassiz, spillway, depositional model, aggregate, flood, Canada, Alberta, Fort McMurray; 13293.
- Lake Michigan Lobe**
till, Saginaw Lobe, ice stagnation, ice topography, Tekonsha Moraine, USA, Michigan; 04092.
- lake model**
high resolution, atmospheric model, hydrological model, regional climate model, streamflow model, USA, Oregon, Steamboat Creek; Nevada, Pyramid Lake; 00071.
- lake morphology**
hydrology, discharge, water resource, Italy; 01957. lake limnology, coastal lake, land use effect, eutrophication, Brazil, Rio Grande do Sul, Restinga Coast; 12227. littoral drift, coastal protection, beach deposit, storm, North America, Great Lakes, Lake Michigan; 14327.
- lake morphometry**
anthropogenic activity, trace metal, terrestrial source, atmospheric loading, catchment, 06782. sediment mixing, palaeoecology, 14213.
- lake origin**
palaeolimnology, geoecology, saline lake, lake water chemistry, China; 09624.
- lake outburst**
flood study, hydropower, design flood, glacier lake, outburst flood, Nepal, Arun River; 11068. outburst flood, flood risk, glacier lake, Nepal, Khumbu, Imja Glacier; 11067. outburst flood, lake drainage, hydraulic syphon, glacier lake, Nepal; 11069.
- lake process**
reservoir, anthropogenic impact, limnology, 06979. water resource management, water balance, humid tropics, wetland hydrology, 08359.
- lake protection**
volcanic lake, limnology, trophic level, zooplankton, Italy, Latium; 01966.
- lake recharge**
pollutant tracer, groundwater seepage, seepage flux, Japan, Biwa Lake; 08355.
- lake recovery**
liming, nitrification, trace metal, acidification, aquatic organism, Italy, Orta Lake; 02022.
- lake remediation**
ecosystem management, water quality management, river restoration, North America, Great Lakes; Canada, St Lawrence River; 05845.
- lake restoration**
catchment comparison, fish survival, acidification, environmental impact, liming, UK, Scotland, Loch Fleet; 13570. ecosystem management, water quality management, 12387. eutrophication, fenland, wetland lake, lake water quality, filamentous cyanobacteria, water table man; gement, Netherlands, Tjeukemeer; Loosdrechtse Plassen; Netherlands, Reeuwijkse Plassen; 08357. eutrophication, sediment, palaeolimnology, phosphorus, diatom, Chironomidae, Finland, Enajarvi Lake; 09676. fish survival, acidification, sampling programme, liming, UK, Scotland, Loch Fleet; Scandinavia; 13566. hydrological investigation, liming, water pathway, residence time, UK, Scotland, Loch Fleet; 13567. hypolimnetic aeration, iron phosphate precipitation, eutrophication, lake water quality, Germany, Krupunder Lake; 14691. liming, fish survival, acidification, UK, Scotland, Loch Fleet; 13569. liming, water pathway, pre-event water, isotope hydrology, catchment hydrology, UK, Scotland, Loch Fleet; 13568. liming, water quality monitoring, fish survival, acidification, lake acidification, UK, Scotland, Loch Fleet; 13565. macrophyte, phosphorus, blue-green algae, lake water quality, alum treatment, USA, Washington; 14690. nutrient budget, sediment, phytoplankton, denitrification, computer model, New Zealand, North Island, Horowhenua Lake; 14694. nutrient input, eutrophic lake, anthropogenic impact, environmental impact assessment, lake water quality, Sweden, Stockholm, Angarn Lake; 05747. palaeolake, lake evolution, Zhuye palaeolake, China, Gansu Province, Qilian Mountains; 00660. phosphorus removal, sewage treatment, dissolved oxygen, lake water quality, eutrophication, North America, Great Lakes, Lake Erie; 05761. point source pollution, nonpoint source pollution, eutrophication, lake water quality, Austria, Neusiedl Lake; Hungary, Neusiedl Lake; 07048. shallow lake, biomanipulation, sediment, phosphorus, UK, England, Norfolk Broads; 14692. turbidity, nutrient status, shallow lake, lake water quality, algae, 05749.
- lake salinity**
beach ridge sequence, El Nino/Southern Oscillation, catastrophic rainfall, flood, Peru; Galapagos Islands, Quelccaya Ice Cap; 00171.
- lake sediment**
ammonium, laboratory experiment, nitrification, denitrification, estuarine sediment, 01649. biogenic silica, biogeochemistry, amorphous silica, diatom, sponge spicule, USA, Wisconsin; Florida; 00030. biogeochemistry, biomarker, Miocene, DNA, USA, Idaho, Clarkia; 14397. biolipid, aquatic organism, methane cycle, bacteria, hopene, carbon isotope, UK, England, Lake District, Priest Pot; 14388. caesium-137, sediment yield, land use change, UK, England, Avon, Corston Brook; 08239. carbon isotope, biomarker, pigment, lignin, diagenesis, 02937. carbon, chlorophyll, organic matter, diagenesis, PAH, 06703. carbonate crust, anthropogenic impact, pollution, Egypt, Alexandria; Nile Delta, Mariut Lake; 13306. carbonate, organic matter, classification, geochemistry, mineralogy, USA, Minnesota; 02930. chlorine, trihalomethane, water supply, management, USA, Ohio, Portage County, Lake Rockwell Reservoir; East Twin Lake; 03031. climate change, Holocene, varve record, vegetation history, USA, Minnesota, Clearwater County, Elk Lake; 02802. climate, environmental change, ostracod, Tibet, Qinghai-Xizang Plateau; 13266. coring, extruder, 10567. diatom, tephra, moss, palaeoclimate study, stratigraphy, Antarctica, South Shetland Islands, Livingston Island, Byers Peninsula; 02745. environmental change, sedimentation rate, erosion, grazing, USA, Montana, Yellowstone National Park; 14448. environmental change, temporal pattern, spatial pattern, late glacial, palynology, Netherlands; 13070. enzyme, microbiology, phosphate, Finland; 01666. eutrophication, phosphorus, biomass, Canada, Great Lakes, Lake Ontario, Bay of Quinte; 00452. fluvial sediment, deltaic sediment, climate variability, Torun Glaciation, cyclic deposition, Eemian Interglacial, Poland, Lower Vistula, Elblag Elevation; 13074. focusing, eutrophication, lamination, Sweden, Lilla Ullfjärden; Stora Ullfjärden; 04173. fossil fuel, contamination, acidification, carbonaceous particle, UK, Scotland; 09258. geolipid, biomarker, organic matter, diagenesis, USA, Maine, Coburn Mountain Pond; 09315. geomagnetic excursion, Mono Lake Excursion, overprinting, magnetic remanence, USA, California, Mono Lake; 07827. glacier fed lake, deposition rate, varve deposition, sediment yield, Canada, British Columbia, Cordillera; 14252. groundwater discharge, rare earth element, playa lake, neodymium, samarium, dysprosium, Australia, Western Australia, Yilgarn Block, Gilmore Lake; 14624. groundwater, pollution, heavy metal, chlorinated hydrocarbon, drinking water, Germany, Berlin, Havel River; 12005. heavy metal, mercury, lead, cadmium, nickel, Norway; 00457. helium gradient, groundwater discharge, discharge velocity, advection/diffusion, Canada, Ontario; 14623. historical record, pollutant, anthracene, photo oxidation, PAH, USA, Great Lakes, Lake Michigan, Green Bay; 01747. Holocene, Pleistocene, organic material, carbon-13, Sweden; 04083. image analysis, accumulation, palaeolimnology, tree ring microscope, varve, Sweden, Kassjön, Lake Nylandssjön; 10594. insect, Weichselian, stable isotope, stratigraphy, biostratigraphic data, Sweden; 11773. lake water chemistry, natural perturbation, anthropogenic impact, palaeolimnology, 06982. lead, industrial period, preindustrial period, contamination, Sweden; 09381. lithology, palaeomagnetism, Valda, periglacial lake, Russian Federation, Kola Peninsula; 13076. magnetic susceptibility, power station, fly ash, Spain; 13296. marsh sediment, subaerial exposure, Quaternary, paludal sediment, neotectonics, Croatia, Zagreb, Prečko; 00227. mineralization, sedimentation, gyttja, groundwater, Poland, Plock Basin, Na Jazach Lake Complex; 08043. mud, shear strength, erodibility, seismic profiling, environmental management, USA, Florida, Lake Okeechobee; 13183. nitrogen cycling, nutrient loading, fire, climate change, forest process, USA, Minnesota, Itasca State Park; 02805. nutrient, organic matter, sediment/water interface, sulphur, 09312. ontogeny, Quaternary, palaeoenvironment, Argentina, Buenos Aires Province, Lobos Lake; 13265. organic matter, fatty acid, oxidation, black shale, bitumen, Germany, Nordlinger Ries; 14398. organic matter, gyttja, lamination, calcium carbonate, bottom sediment, Poland, Gostynskie Lake District; 08042. organic matter, isotope record, Holocene, temperature, lake, stable isotope study, USA, Minnesota, Clearwater County, Elk Lake; 01687. palaeoclimate, Weichselian, oxygen isotope composition, carbon isotope composition, Poland; Sweden; 13072. palaeoecology, sediment core, database, Poland, Lake Gosciaz; 07949. palaeoenvironmental reconstruction, soil development, magnetite, mineral magnetism, Holocene, Sweden, Lappland, Karsa Valley; 00223. palynology, late glacial, vegetation, palaeoenvironment, Ireland; 13067. partitioning, adsorption, sedimentation, water quality, bioturbation, 10683. pH, acidification, trace metal, streamwater, drinking water, Germany, Harz Mountains, Lake Söse; 01751. phosphorus, grain size, Egypt, Nile Delta, Lake Edku; 13244. pollen analysis, tundra vegetation, Quaternary (late), USA, Alaska, Joe Lake; 13056. pollution, wildlife, bird, seal, organochlorine pesticide, Antarctica, Schirmacher Oasis; 08085. Quaternary, magnetite dissolution, sedimentation rate, glacial/interglacial episode, magnetic study, Sweden, Karsa Valley; 05342. Quaternary, palaeolimnology, Argentina; 13263. radiocarbon dating, Chironomidae, AMS dating, UK, Scotland, Galloway, Round Loch of Glenhead; 00284. radiocarbon, Quaternary (late), lake level history, USA, Lake Michigan; 13064. sedimentary structure, embedding, thin section, 14303. sedimentation rate, Caesium-137, Sweden, Krageholmsjön Lake; 13291. sedimentation, infrared spectroscopy, palaeoenvironment, pollen analysis, Brazil, Amazonia, Carajas; 14246. snowline reconstruction, Pleistocene, climate change, subtropics, Bolivia, Andes; 14244. spring, karst, resuspension, groundwater, turbulence, Spain, Lake Banyoles; 00384. stratigraphy, acidification, chironomid stratigraphy, acid lake, palaeolimnology, Finland, Espoo, Lake Orjarvi; 00245. sulphate reduction, organic sulphur, sulphur-35, analysis protocol, 06648. sulphate, reduction, oxidation, USA, Massachusetts, Mares Pond; 14379. sulphur, sediment record, pollutant, fly ash, UK, Scotland; 08082. temperature, colloid, bioavailability, radionuclide, 09378. tephra, Holocene, lamina, Germany; 01695. trace element, mining, metal, geochemistry, USA, Idaho, Lake Coeur

- d'Alene; 04288. Valley Springs Formation, floodplain deposit, mudrock, tephra, USA, California, Central Valley; 13254. water quality, anthropogenic impact, palaeoenvironment, Canada, British Columbia, Okanagan Valley, Wood Lake; 12936. X-ray photoelectron spectroscopy, speciation, arsenic, Japan, Hokkaido, Lake Mashu; Aomori Prefecture, Lake Usori; 14394. zinc, sewage, pollution, heavy metal, Japan, Lake Teganuma; 03032.
- lake sedimentology**
moraine, radiocarbon age, timing, last deglaciation, glacial geology, Peru, Andes, Cordillera Oriental; 00202.
- lake shoreline**
hydroisostatic deflection, tectonic tilting, GPS survey, Pluvial Lake Minchin, lake load, Bolivia, Andes; 10396.
- lake snow**
microbial dynamics, particulate organic matter, macroscopic aggregate, lake water quality, organic aggregate, Germany, Lake Constance; 02017.
- Lake Spark**
permafrost degradation, Devensian, thermal contraction, crack, gravel aggradation, UK, England, Cambridgeshire, Somersham; 07922.
- Lake Sparks**
varve, lacustrine sediment, gelifluction, Devensian (late), UK, England, Fenland; Cambridgeshire, Somersham; 05309.
- lake stratigraphy**
Holocene, varve chronology, magnetic susceptibility, USA, Minnesota, Clearwater County, Elk Lake; 02736. swamp, stratigraphic record, Holocene, vegetation, sea level change, Cook Islands, Mangaia; 10522.
- lake surface**
gas exchange, hexachlorocyclohexane, North America, Great Lakes; 06063.
- lake surface temperature**
AVHRR, tropical lake, triple window approach, Malawi, Lake Malawi; 11551. AVHRR, USA, Florida, Okeechobee Lake; 01253.
- lake thermodynamics**
thermal discharge, heat exchange, global warming, water withdrawal, Canada, Lake Ontario; 10948.
- lake vegetation**
climate change, isotope composition, carbonate, Younger Dryas, Poland, Lake Gosciarz; 09181.
- lake water**
desiccation, oxygen isotope, carbon isotope, lacustrine carbonate, China, Qinghai-Tibetan Plateau, Siling-Co Lake; 09187. palaeolimnology, diatom, eutrophication, varve, phosphorus, Finland, Lake Vesijarvi; Lahti; 05473. Permian, bivalve, palaeoclimatology, palaeohydrology, Wutonggou Formation, China, Xinjiang Autonomous Region, Turpan; 06724. spring, carbonate, tufa, radiocarbon technique, ikaite, USA, California, Mono Lake; 02897. water quality, eutrophication, carbonate, contaminant, Russian Federation, Lake Sevan; 10692.
- lake water biology**
palaeolimnology, chromatographic analysis, sediment core, lake water chemistry, Italy; 01959.
- lake water chemistry**
acid neutralising capacity, acidification, temporal trend, atmospheric deposition, sulphate, USA, Minnesota; Wisconsin; USA, Michigan; 03306. acidification history, alkalisation, acidic deposition, liming, land use effect, Sweden; 05755. acidification, atmospheric deposition, mountain lake, Poland, Tatra Mountains; 14683. acidification, atmospheric deposition, nitrate uptake, weathering, mountain lake, Switzerland, Alps; Italy, Alps, Maggia Valley; 14677. acidification, iron oxidation, oxygenation rate, Switzerland, Ticino, Cristallina Lake; 10977. acidification, mountain lake, atmospheric deposition, sulphate, nitrate, 14676. acidification, sulphate, fluoride, wilderness lake, sampling strategy, USA, Idaho, Sawtooth Mountains; 12284. alkalinity, acid neutralising capacity, seepage lake, soft water lake, acidic deposition, USA, Wisconsin, Northern Highlands; Michigan, Upper Peninsula; 10985. alpine lake, aluminium chemistry, USA, Washington, Cascade Mountains, Quartz Lake; Hi Lo Lake; 13564. atmospheric deposition, climate change, acidification, Germany, Huizenbach Lake, Bad-Wurtemberg; 14680. atmospheric deposition, snowmelt, weathering, sulphate, USA, Colorado, Weminuche Wilderness Area; Mount Zirkel Wilderness Area; 03307. benzenecarboxylic acid, aliphatic dicarboxylic acid, alkaline lake, pyrolysis/methylation, humic substance, Spain, Andalusia, Donana National Park; 05745. bioaccumulation, biogeochemical cycle, mercury, fish, lake ecosystem, USA, New York, Adirondack Mountains; 12895. calcite precipitation, calcium carbonate, pH, marl, climate change, USA, Minnesota, Elk Lake; 05689. calcium concentration, calcite formation, stratification, calcite supersaturation, Japan, Honshu, Niigata, Takanamiike Lake; 00726. cerium excess, alkaline water, REE, Turkey, Lake Van; 02011. chrysophycean scale, acidification, palaeolimnology, mountain lake, Europe, Alps; 14678. concentration/depth profile, vertical distribution, molybdenum transport, anoxic lake, Switzerland, Lake Greifen; 02016. cupric ion concentration, copper speciation, algae, eutrophic lake, Switzerland, Greifen Lake; 10983. decomposition, organic carbon, dissolved inorganic carbon, redox reaction, USA, New Hampshire, Mirror Lake; 02012. eutrophication, mountain lake, acidification, plankton, Italy, Apennines; 14681. fate, pyridinol, aerobic metabolism, anaerobic metabolism, fluoroxypry, USA, North Dakota; 01955. geochemical evolution, groundwater circulation, lacustrine brine, lake evaporation, surface water-groundwater interaction, USA, Montana; North Dakota; 14669. Glenodinium sanguineum March, limnology, algae, zooplankton, Italy, Trentino, Lake Tovel; 01962. humic water, dissolved organic matter, mutagenic by product, adsorbable organic halogen, chlorine treatment, 12289. Kjeldahl nitrogen, wetlands, ecotone, nitrogen transport, source/sink, river water chemistry, Poland, Masuria, Krutynia River; 05748. lake origin, palaeolimnology, geocology, saline lake, China; 09624. lake water biology, palaeolimnology, chromatographic analysis, sediment core, Italy; 01959. limestone drainage basin, saturation index, calcite precipitation, calcium carbonate, Japan, Honshu, Yamaguchi, Ube-shi, Ono Lake; 00725. limnology, rice field, zooplankton, heleoplankton, microbial community, Italy, Po Plain; Apennines, Lake Santo Parmense; 01964. major ion chemistry, major dissolved organic carbon, alkalinity, USA, Alaska, Kenai Peninsula; 02019. major ion chemistry, salinity, surface water quality, geochemistry, Namibia, Namib Desert; South Africa; 09675. metal speciation, sediment, palaeolimnology, acidification, diatom analysis, Germany, Black Forest, Wildsee; 05752. methane oxidation, methane production, ice covered lake, amictic lake, carbon cycling, Antarctica, Fryxell Lake; 05746. microbial activity, hydrogen, carbon monoxide, methane dynamics, Germany, Constance Lake; 10984. mountain lake, phosphorus, acidification, Slovak Republic, Tatra Mountains; 14682. mountain lake, plankton, bioindicator, acidification, Czech Republic, Bohemia Sumava, Certovo Lake; Corne Lake; Czech Republic, Bohemia Sumava, Prasiliske Lake; Slovak Republic, Tatra Mountains; 14675. multivariate analysis, palaeolimnology, hydrochemical indicator, ostracod, USA, (North-Central); 02013. natural perturbation, anthropogenic impact, palaeolimnology, lake sediment, 06982. nitrogen deposition, denitrification, phytoplankton, oligotrophication, Sweden; 05757. nitrogen, mass balance, denitrification, Canada, Ontario; 04490. nuclear waste, helium, management implication, groundwater discharge, Canada, Ontario; 02015. nutrient concentration, zooplankton, phytoplankton, eutrophication, Italy, Lake Maggiore; 01961. oligotrophic lake, acidification, forest growth, soil acidification, atmospheric deposition, Sweden; 05725. organic acid, acid neutralising capacity, acid/base chemistry, USA, New York, Adirondack; 14672. phosphatase activity, phytoplankton, tetraparolle compound, 09677. phosphorus, remediation, detergent, limiting factor, trophic status, Italy; 02021. physical scale, chemical scale, reservoir, spatial pattern, UK, Scotland, Loch Lomond; Cumbrian, Esthwaite Water; 07041. phytoplankton, alpine lake, limnology, trophic level, Italy, Lake Maggiore; Lake Lugano; Italy, Lake Como; Italy, Lake Iseo; Italy, Lake Garda; 01960. phytoplankton, oligotrophication, acidified lake, phosphorus, Sweden; 05756. plankton, acidification, mountain lake, bioindicator, atmospheric deposition, Sweden, Lapland, Abisko Mountains; 14679. sediment, calcite precipitation, climate change, USA, Minnesota, Elk Lake; 05688. sediment, climate change, varve, postglacial lake, prairie lake, mesic forest lake, USA, Minnesota, Elk Lake; 05687. sediment, sulphur loading, palaeolimnology, historical hydrology, USA, New York, Adirondack Lake; 14671. sedimentary oxygen demand, climate change, dissolved oxygen, stratification, USA; 13485. smelter emission, acidic deposition, waterfowl habitat, Canada, Ontario, Sudbury; 14673. stratification, sulphide release, bacterium bloom, redox cycle, Israel, Lake Kinneret; 04488. substrate stoichiometry, microbial activity, carbon degradation, humic lake, nitrogen, phosphorus, 13561. temperate lake, iron budget, mass balance, Canada, Precambrian Shield; Ontario, Sudbury; 13552. thermal regime, salinity, salt lake, limnology, hydrobiology, Mongolia; 09623. thermal stratification, nutrient chemistry, anoxia, Africa, Lake Tanganyika; 04486. total organic carbon, catchment characteristics, peatland, Finland; 10987. trihalomethane precursor, ozonation, ultraviolet irradiation, photolytic ozonation, 13562. water quality monitoring, biomonitoring, sampling, acidity, 13563.
- lake water column**
water conductivity, water temperature, dissolved oxygen, water column mixing, Africa, (East), Malawi Lake; 10946.
- lake water contamination**
Chernobyl accident, caesium retention, radionuclide remobilisation, UK, England, Lake District; 03294.
- lake water current**
lake water temperature, lake water transport, North America, Great Lakes, Lake Michigan, Green Bay; 05692.
- lake water level**
conceptual model, leakage, sinkhole, karst spring, karst area, Turkey, Beyschir Lake; Taurus Karst Region; 00658. groundwater recharge, palaeohydrology, climate change, water balance, evaporation, USA, Minnesota, Parkers Prairie; 03240. lake water quality, water level fluctuation, littoral zone, Israel, Kinneret Lake; 03301. water balance model, hypodropover, lake evaporation, water level decline, Indonesia, Sumatra, Toba Lake; 08354. water balance model, rainfall variation, Africa, (East), Victoria Lake; 13484. water level fluctuation, climate change, precipitation, Caspian Sea; 01954. water level index, fish population, water legislation, lake water management, USA, Minnesota, Rainy Lake; Namakan Reservoir; 14784. water resource management, river regulation, canalisation, sediment discharge, China, Dongting Lake; 12379.
- lake water management**
lake water level, water level index, fish population, water legislation, USA, Minnesota, Rainy Lake; Namakan Reservoir; 14784. lake water quality, water resource, water use, water supply, Japan, Kasumigaura Lake; Philippines, Laguna Lake; China, Dianchi Lake; Thailand, Songkhla Lake; 00812.
- lake water origin**
groundwater origin, precipitation chemistry, environmental isotope, isotope study, Turkey; 08384.
- lake water process**
transparency, sediment transport, non tidal circulation, North America, Great Lakes, Lake Michigan, Green Bay; 05693.
- lake water quality**
acidification, acidic deposition, cation concentration, nitrate, acid neutralising capacity, USA, Vermont; 03304. algae, lake restoration, turbidity, nutrient status, shallow lake, 05749. alum treatment, lake restoration, macrophyte, phosphorus, blue-green algae, USA, Washington; 14690. analytical variability, sampling, water quality analysis, North America, Great Lakes, Lake Erie; 05762. atmospheric deposition, heavy metal, acidic deposition, leaching, Norway; 10986. bioavailability, humic matter, Chernobyl accident, radioactive fallout, caesium-137, Finland; 03295. bioindicator, DOC, watershed acidification, canonical correspondence analysis, environmental assessment, diatom assemblage, USA, New York, Adirondack Mountains; 00716. bioindicator, zooplankton, biomonitoring, acidification, 05754. bioremediation, phosphorus, eutrophication, phytoplankton, charophyte, Poland, Masuria, Luknajno Lake; 14685. biosphere model, contaminant transport, nuclear waste disposal, nuclide transfer rate, Canada; 02009. biota, polychlorinated biphenyl, organochlorine, Russian Federation, Siberia, Baikal Lake; 12285. blue-green algae, fertiliser, nitrogen transformation, green algae, 13555. Chernobyl accident, radio isotope scavenging, radioactive fallout, caesium-137, lead-210, sediment, Switzerland, Sempach Lake; 03293. chloride model, mass balance, USA, New York, Syracuse, Onondaga Lake; 13559. contamination analysis, water quality model, Lagrangian technique, river water quality, Canada, Quebec, St Lawrence River; St Pierre Lake; 13534. critical load, acidic deposition, sulphate deposition, precipitation quality, Canada; 06952. delta lake, water

- transparency, detritus, plankton, water turbulence, Romania, Danube River Delta; 14696. dissolved inorganic nitrogen, stratified lake, nitrogen removal, sedimentation, denitrification, 05751. eutrophication, forecasting model, reservoir water quality, 12292. eutrophication, lake restoration, phosphorus removal, sewage treatment, dissolved oxygen, North America, Great Lakes, Lake Erie; 05761. eutrophication, phosphorus, runoff water quality, nitrogen, UK, England, Devon, Slapton Ley; 07043. eutrophication, shallow lake, stratification, phosphorus loading, seasonal variability, Finland, Villikkalanjärvi Lake; 14687. filamentous cyanobacteria, water table management, lake restoration, eutrophication, fenland, wetland lake, Netherlands, Tjeukemeer; Loosdrechtse Plassen; Netherlands, Reeuwijkse Plassen; 08357. flood duration, phytoplankton development, water chemistry, eutrophication, seepage, floodplain lake, Netherlands, Rhine River; Meuse River; 00715. groundwater resource, water resource management, groundwater contamination, nitrate, Australia, South Australia, Blue Lake; 11101. humic substance, dissolved metal, dissolved organic matter, river water quality, phytoplankton growth, Japan, Seto River; Biwa Lake; 05705. hyper eutrophication, inflow, heavy metal, Japan, Chiba, Teganuma Lake; 05753. ICP-AES, trace metal, heavy metal, Egypt, El Manzala; 00723. in-lake treatment, remedial treatment, eutrophication, 14670. lake classification, sodium, nutrient, bicarbonate, potassium deficiency, magnesium, UK, Northern Ireland, County Antrim; 03303. lake management, land use effect, anthropogenic impact, limnology, lake conservation, Africa, (East), Malawi Lake; Victoria Lake; Africa, (East), Tanganyika Lake; 09670. lake restoration, hypolimnetic aeration, iron phosphate precipitation, eutrophication, Germany, Krupunder Lake; 14691. lake restoration, nutrient input, eutrophic lake, anthropogenic impact, environmental impact assessment, Sweden, Stockholm, Angarn Lake; 05747. lake restoration, point source pollution, nonpoint source pollution, eutrophication, Austria, Neusiedl Lake; Hungary, Neusiedl Lake; 07048. land use effect, erosion, Germany, Neubrandenburg, Uckersee Lake; 13553. Landsat, 10241. leaf litter, decomposition, nutrient input, pH, low alkalinity lake, USA, Massachusetts, Round Pond; Walden Pond; USA, Wisconsin, Little Rock Lake; 00718. lentic hydrosphere, pond, hydrobiology, physicochemical parameters, India, Bihar, Gaya, Rukmini Sarovar, Visar Sarovar; 02014. limnology, nutrient, phytoplankton, UK, Northern Ireland, County Tyrone; 03302. macrophyte, atmospheric deposition, oxidation, mountain lake, nitrogen oxide, Spain, Pyrenees; 14674. mass balance model, groundwater quality, acidic deposition, forest soil, critical load, Netherlands; Sweden; 13462. mathematical model, contaminant transport, PCB, biomonitoring, sediment, North America, Great Lakes, Lake Huron, Saginaw Bay; 00721. mathematical model, phosphorus, algae, eutrophication, water management, Netherlands, Veluwe Lake; 14695. mercury partitioning, mercury methylation, pH, dissolved oxygen, 12286. mixing, palaeolimnology, eutrophication, phosphorus, sediment, Denmark, Vaeng So; Veskerrborg So; Denmark, Langeso; 14689. mussel, pumping rate, filtering impact, North America, Great Lakes, Lake Erie; 07044. nitrate, acid neutralising capacity, acidic deposition, acidification, USA, New York, Adirondack Mountains; 03305. nitrate, dynamic modelling, reservoir water quality, mass balance model, denitrification, UK, Thames River Valley; 00724. nitrogen, phosphorus, eutrophication, nonpoint source pollution, Korea(South), Hoedong Lake; 07049. nitrogen, phosphorus, nutrient, trophic status, Turkey, Sapanca Lake; 10990. nonpoint source pollution, agricultural pollutant, agricultural practice, fertiliser management, tillage, USA, Ohio; North America, Great Lakes, Lake Erie; 07113. nonpoint source pollution, agricultural pollutant, pollution control, phosphorus, USA, Wisconsin, White Clay Lake; 07129. nutrient dynamics, sediment, trophic status, 14686. nutrient reduction, eutrophication, buffer zone, legislation, water quality management, UK, England, Devon, Slapton Ley; 09766. nutrient, bioassay, temporal variability, mixing event, stratification, USA, Sierra Nevada, Tahoe Lake; 10988. nutrient, eutrophication, phosphorus, nitrogen, nonpoint source, North America, Great Lakes, Lake Erie; 05758. organic aggregate, lake snow, microbial dynamics, particulate organic matter, macroscopic aggregate, Germany, Lake Constance; 02017. organic micropollutant, xenobiotics, sediment, Italy; 02023. oxygen concentration, sediment, hydrogen sulphide, eutrophication, thermal gradient, Poland, Jasien Lake; 09669. palynology, land use, vegetation, diatom, palaeolimnology, Sweden; 12887. phosphorus load, eutrophication, water protection legislation, water quality assessment, Italy; 02020. phosphorus loading, sediment, phosphorus concentration, 14688. phosphorus release, sediment, adsorption, eutrophication management, Hungary, Kis-Balaton Reservoir; Balaton Lake; 12290. phosphorus, dissolved oxygen, North America, Great Lakes, Lake Erie; 05760. phosphorus, nitrogen, nutrient ratio, eutrophic lake, Daphnia, 00719. phosphorus, pollution control, sewage treatment, load estimation, point source, North America, Great Lakes, Lake Erie; 05759. physico-biochemical model, chemical stratification, water quality forecasting, Switzerland, Lugano Lake; 05750. pigment ratio, alpine lake, sediment, plant pigment, acidification, 00720. pollutant release, remote sensing, advection/diffusion model, 07042. pollution, zoobenthos, oligochaete, Chironomidae, sphaeriid clam, macroinvertebrate, USA, Ohio, Cleveland; Lake Erie; 05690. precipitation chemistry, atmospheric deposition, acidification, Italy, Alps; Apennines; 01910. predictive model, mixing, thermal stratification, stratification, 12291. QWASI model, contaminant fate, contaminant source, sediment/water transfer, mass balance model, heavy metal, Canada, Ontario Lake, Hamilton Harbour; 10981. radiocesium, sediment, organic sediment, clay sediment, nuclear fallout, UK, Scotland, Round Loch of Glenhead; Loch Lomond; 05744. random coefficient model, phytoplankton, nitrogen, phosphorus, eutrophication, USA, North Carolina; 09667. regulation, water quality management, phosphorus control, eutrophication, USA, Florida, Okeechobee Lake; 07156. reservoir water quality, algal growth, phosphorus reduction, trophic status, 12293. reservoir water quality, biodegradation, detergent, Turkey, Hazar Lake; Keban Dam; 10989. reservoir water quality, expert system, eutrophication, algal bloom, pathogen, 13631. risk assessment, wildlife, PCB, lake water quality, water quality criteria, North America, Great Lakes; 14667. road drainage, potable water quality, metal pollutant, water quality analysis, Turkey, Sapanca Lake; 02010. Secchi depth, trophic status, phosphorus, diatom, chlorophyll-a, Canada, Ontario; 09672. sediment/water interface, solute flux, concentration profile, dissolved iron, France, Puy-de-Dôme, Aydat Lake; 09674. sediment, caesium-137, atmospheric deposition, adsorption, UK; 03296. sediment, chlorine bleach-
- ing, chlorophenolic compound, pulp mill effluent, Australia, South Australia, Bonney Lake; 10979. sewage treatment, wastewater treatment, water quality management, redox potential, algae, phosphate removal, UK, England, Cumbria, Windermere Lake; 13643. silica, nutrient loading, diatom biomass, biochemical cycle, eutrophication, North America, Great Lakes; 09673. simulation model, oxygen dynamics, climate change, dissolved oxygen, USA, Minnesota; 12287. snowmelt, acidification, soil water chemistry, runoff water chemistry, cation release, USA, New York, Adirondack Mountains; 03267. soil acidity, calcium, soil amelioration, liming, UK, Scotland, Loch Fleet; 09476. soil mapping, soil erosion hazard, Hungary, Lake Balaton; 09561. soil water quality, nuclear waste disposal, sensitivity analysis, biosphere model, contaminant transport, Canada; 02065. sulphate, marine sediment, acid neutralising capacity, acidification, Finland; Sweden; Gulf of Bothnia, Kvarken Straits; 04487. water level fluctuation, littoral zone, lake water level, Israel, Kinneret Lake; 03301. water quality analysis, trace metal, contaminant minimisation, sampling procedure, data quality, North America, Great Lakes, Lake Ontario; 00722. water quality criteria, lake water quality, risk assessment, wildlife, PCB, North America, Great Lakes; 14667. water quality management, nutrient retention, ecotone, pond system, China, Anhui Province, Chaohu Lake; 00717. water quality monitoring, limnology, lake ecology, North America, Great Lakes; 08383. water resource, water use, water supply, lake water management, Japan, Kasumigaura Lake; Philippines, Laguna Lake; China, Dianchi Lake; Thailand, Songkhla Lake; 00812. water table control, agricultural practice, subsurface drainage, herbicide, nitrate, Canada, Ontario, Harrow; 07133. water temperature, turbidity, electrical conductivity, suspended sediment, Japan, Honshu, Biwa Lake; 14668. zooplankton, coastal lake, liming, acidification, phytoplankton production, phosphorus, Sweden; 02018.
- lake water temperature**
lake water transport, lake water current, North America, Great Lakes, Lake Michigan, Green Bay; 05692.
- lake water transport**
lake water current, lake water temperature, North America, Great Lakes, Lake Michigan, Green Bay; 05692.
- Lake Whittlesey**
forest/tundra environment, Bondi site, lake level, muskox fossil, Glacial Lake Arkona, Canada, Ontario, Essex County, Leamington; 11810.
- Lakesburgt marine event**
Svartenhuk marine event, Quaternary, stratigraphy, geochronology, continental shelf, Greenland, West Greenland; 14238.
- Lamar Limestone**
carbonate, Guadalupian, transgression, sequence stratigraphy, Permian, USA, Texas, McKittrick Canyon; 14425.
- lamb**
dust veil indices, solar cycle, time series, maximum entropy spectrum analysis, luni/solar cycle, 12551.
- Lamb circulation type**
objective classification scheme, weather type, comparative study, UK; 04619.
- Lamb classification**
circulation type, precipitation, synoptic climatology, UK; 03421.
- Lamb's Weather Type**
river level, hydrological model, climate change, impact assessment, coupled model, UK, England, Coln River; 08971.
- Lambertian assumption**
DTM, diffuse light, surface reflectance, Italy, Tuscany; 11370.
- Lambertian reflection model**
shaded relief, lineament analysis, digital elevation data, 03766.
- Lambertian wall**
depolarisation, wall surface, lidar calibration, 10095.
- lamella**
limestone, burial diagenesis, cement, twinning, crystal shape, calcite crystal, 06680.
- Lameta Formation**
carbonate, clast composition, Maestrichian, India, Gujarat State; 05425.
- lamina**
bottom sediment, manganese, bacteria, oxidation, crust, Dead Sea; 04209. cycle, evaporation, key horizon, Germany, Saxony; 10583. lake sediment, tephra, Holocene, Germany; 01695. Rossby wave, cutoff low, ozone, ozonosphere, stratosphere/troposphere exchange, Japan; 09972. soil micro-morphology, carbonate, calcitic pendent, palaeoenvironment, Svalbard, Spitsbergen, Ny-Alesund; 13353.
- laminiae**
Neogene, sedimentary rhythm, Nakayama Formation, burrow, mudstone, Japan, Honshu, Sado Island, Oosado Mountains; 05445. suspended sediment, flocculation, particle size, fine grained sediment, Canada, Ontario; 10587.
- laminiae formation**
detrital flux, upwelling, Isotope Stage 5, diatom ooze, bioturbation, fine grained sediment, Peru, Peru Coastal Margin; 11915.
- laminiae thickness**
image processing, 10084.
- laminar flow**
turbulent flow, overland flow, St Venant equations, runoff, 14617.
- laminite**
Pliocene/Pleistocene, runoff, sapropel, Messinian, rhythmite, Italy, Calabria, Vrica; 06651. seawater, anoxia, marl, gypsum, dissolution, Italy, Calabria, Vrica; Semaforo; 02932.
- laminated mud**
stratigraphy, Holocene, tidal resonance, estuarine sedimentation, USA, Massachusetts, Boston, Back Bay; 00120.
- laminated sediment**
Holocene, late glacial, varve chronology, Poland, Lake Goszcz; 09180. laboratory experiment, core, sampling procedure, 02856. rhythmite, varve formation, climate record, proglacial lake, Switzerland, Alps, Oeschinensee; 10535. Younger Dryas, Preboreal, varve chronology, Poland, Lake Goszcz; 09179.
- lamination**
algae, eutrophication, Permian, fossil, delta, Europe, (Central); 04246. alluvium, Quaternary geology, Recent, porewater pressure, sea level rise, 11739. anoxia, upwelling, bottom water circulation, varve, USA, California

- Borderland, Santa Monica Basin; 11913. braided river, sedimentation, scour, stratification, sedimentary structure, Bangladesh, Brahmaputra River; 04171. calcium carbonate, bottom sediment, lake sediment, organic matter, gyttja, Poland, Gostyniniskie Lake District; 08042. cave, Pleistocene, calcite, flowstone, Poland, Tatra Mountains; 07990. diagenesis, clay, Ostwald ripening, silica, Monterey Formation, USA, California; 11946. dolomitization, diagenesis, Strontium, Cambrian, Ribota Formation, Spain, Iberian Chain, Soria; Zaragoza; 02946. flood deposit, channel, GPR, Jurassic, Kayenta Formation, USA, Colorado; 13170. grain fall, calcarenite, wind, Grotto Beach Formation, ripple, Bahamas, San Salvador Island; 04194. Konservat-Lagerstätten Formation, sediment/water interface, fossil, Carboniferous, USA; 04274. lake sediment, focusing, eutrophication, Sweden, Lilla Ullfjärden; Stora Ullfjärden; 04173. overbank deposit, sediment transport, silt, clay, delta, crevasse, China, Yellow River Delta; 13176. scour and fill, bedform, sand, silt, China, Yellow River; 14338. stratification, sedimentation, sand deposit, 04151. vivianite, eutrophication, lake, seasonal change, calcite, organic matter, Poland, Lake Goszcz; 08083.
- laminite**
sea level change, carbonate platform, porosity, diagenesis, Milankovitch, 13197. turbidite, submarine fan, sediment transport, Miocene, precession, periodicity, Greece, Gavdos; 04182. Vraconian, sedimentation, organic matter, Bandol Formation, France, Var, Bandol; 10599.
- Lancelot**
piezometric probe, fine grained sediment, pore pressure, consolidation, marine sediment, Atlantic, Grand Banks, St. Pierre Slope; 00283.
- land**
GIS, Trinidad and Tobago; 15241. global water cycle, water holding capacity, general circulation model, water cycle, 13748. management, mineral, USA; 15243. ordinance, agriculture, infrastructure, ownership, Germany; 05034. property, property gazetteer, geographic information, 01280. surveying, digital instrumentation, standard, Germany, Bavaria; 05028.
- land application**
phosphorus, runoff, manure, poultry manure, USA, Delaware, Inland Bays; 14543.
- land-atmosphere interaction**
heterogeneous surface, boundary layer, grassland, coupled model, 05939. leaf area index, heterogeneity, soil moisture, subgrid scale, stomatal resistance, 08534. semiarid region, native vegetation, evapotranspiration, salinisation, Australia; 03492. semiarid tropics, Africa, Sahel; 05919.
- land/atmosphere system**
heat balance, water balance, evapotranspiration, runoff, water resource estimation, 08440. international research, 08747.
- land base**
information system, GIS, desertification, remote sensing, 04947.
- land biosphere**
biogeochemistry, EOS science programme, remote sensing, 00042.
- land boundary**
GIS, UK, England; Wales; 06337.
- land breeze regime**
observation, lake breeze, mesoscale model, Canada, Great Lakes, Lake Ontario; 09918.
- land characteristic**
water flux, scaling, energy flux, field experiment, macroscale model, 00069.
- land charge**
property database, thematic map, corporate GIS, UK, England, West Midlands, Dudley; 08944.
- land classification**
AVHRR, environmental monitoring, vegetation phenology, thermal band, global dataset, 07665. waterlogging, flooded soil, soil classification, Mauritania, Senegal River Valley; Senegal, Senegal River Valley; Mali, Senegal River Valley; 05504.
- land clearing**
soil loosening, soil compaction, tillage, amelioration, Africa, (East); 08103.
- land conservation**
humid tropics, eucalypt tree, land use, Australia; 08428. water conservation, environment protection, integrated catchment management, water resource management, Australia, Western Australia; 09772.
- land consolidation**
land use planning, land privatisation, 01278.
- land cover**
agricultural activity, vegetation change, climax vegetation, 14028. barrage construction, Landsat, environmental change, Hungary, Danube River; Slovakia; Czech Republic; 07595. change detection, fuzzy c-means classifier, 08900. crop yield, soil, model, greenhouse effect, agricultural production, 12930. deer, habitat suitability map, USA, California; 08889. digital database, UK; 05022. evaporation, spatial disaggregation, terrain, soil type, Australia, New South Wales, Goulburn Lockyersleigh; 08299. forest, airborne measurement, bispectral, video data, Brazil, Mato Grosso; 15189. global data, land transformation, land use, 10279. ground truth data, photointerpretation, 15190. heirarchy, database, USA, Utah; 06254. hydrological model, evapotranspiration, UK, Scotland; 07569. IMAGE 2.0 model, climate change, global change, agricultural demand, 12931. information content, SPOT, HRV, 05019. land despoilation, environmental quality, Landsat TM, UK, Wales, South Wales; 07599. land use change, monitoring, CIS, 12859. land use, anthropogenic impact, global change, Brazil, Amazonia; 00002. land use, sediment erosion, DEM, watershed, Costa Rica, Reventazon Basin; 15126. land use, SPOT, vegetation, Malawi; Philippines; 15188. Landsat TM, secondary succession, deforestation, Brazil, Para, Altamira; South America, Amazon; 14029. linear mixture, fuzzy membership, 12685. mapping, satellite, USA, Wisconsin; 06256. moving window algorithm, pixel splitting, 06339. multispectral, panchromatic, SPOT, mapping, floodplain, 12776. radar backscatter, Agriscatt, soil cover, Netherlands, Flevoland; 01220. reforestation, carbon sequestration, tropical region, atmospheric carbon dioxide, 00046. remote sensing, urbanisation, photointerpretation, Canada, Montreal; 01270. SIR-B, Landsat TM, resource assessment, forest resource, shuttle, contextual classifier, USA, Florida; 07581. tropical wetland, malaria, anopheline mosquito, GIS, TM, Mexico, Chiapas; 11552.
- land cover assessment**
landscape components analysis, dynamics monitoring, Russian Federation, Rybinsko Basin; 07596.
- land cover category**
AVHRR data, Penman model, basin evapotranspiration, evapotranspiration, albedo, remote sensing, China; 00623.
- land cover change**
atmospheric chemistry, carbon flux, terrestrial carbon cycle, climate change, 12932. desertification, parabolic dune, salinisation, sand dune, Landsat MSS, India, Rajasthan, Thar Desert; 02681. GIS, runoff, flood regime, 01266.
- land cover classification**
accuracy evaluation, remote sensing, 14019. data integration, neural network, 10251. Fourier analysis, global vegetation index, AVHRR, 13958. mixed pixels, spatial resolution, classification accuracy, USA, Ohio, Kent; 11410. spatial filtering, land cover mapping, Kenya; 01203.
- land cover map**
accuracy, satellite map, Brazil, Amazon Basin; 15191. Landsat, GIS, environmental policy, UK; 07562.
- land cover mapping**
ecological modelling, image processing, GIS, segmentation, land use information system, UK, England, Dorset; 08896. land cover classification, spatial filtering, Kenya; 01203.
- land cover type**
forestry, calibration, classification accuracy, satellite classification, 11365.
- land data**
data management, 06336.
- land degradation**
arid zone, grazing gradient, 12856. coastal environment, delta, anthropogenic impact, oil, Nigeria; 01370. dryland environment, stability theory, desertification, risk, biophysical feedback, 07768. environmental impact, arid zone, desert, land use, India; 04946. soil erosion, land use, anthropogenic impact, aerial photography, Kenya, Kitui District; 00013. soil erosion, Mediterranean environment, linear spectral mixture modelling, Mediterranean; 14015. SPOT, mapping, rural settlement, South Africa; 10252. sustainable agriculture, World soil resource, soil erosion, conservation, Africa, (West); Ethiopia; China; India; Australia; Poland; 05152. terrain mapping unit, erosion rate, soil mapping, hill tribe, deforestation, Thailand; 11507. TM, erosion hazard, spectrometer, remote sensing, Mediterranean; 15125.
- land despoilation**
environmental quality, Landsat TM, land cover, UK, Wales, South Wales; 07599.
- land disposal**
dredged material, contaminant release pathway, environmental impact, pollution, Netherlands; 01305.
- land drainage**
acidic soil, liming, soil water quality, acidification, surface water quality, 07016. agricultural water management, loam soil, drain depth, subsurface drainage, Latvia; 12376. erosion, surface water quality, groundwater quality, agricultural pollutant, livestock effluent, pesticide, 13624. hydrological buffer zone, peat bog, water table drawdown, wetland protection, environmental protection, Switzerland, Jura Region; 08439. nature conservation, bog, wetlands, agricultural water management, ecological effect, Netherlands, Groote Peel Bog; 14776. subsurface drainage, drainage design, semiarid region, water table management, India, Kota; 07119. surface water quality, estuary, phosphorus, agricultural practice, leaching, Australia, Western Australia, Peel-Harvey Estuary; 13628. surface water, hydrological modelling, GIS, 01264. unsteady drainage, variable recharge, semi confined aquifer, water table height, Boussinesq equation, 05834. water management, bog restoration, water level fluctuation, bog relict, 08364. water table fluctuation, agricultural water management, DRAINMOD, EPIC-WT, computer model, 02100.
- land drainage/subirrigation system**
subsurface drainage, soil water potential, automation, water table depth, subirrigation system, 05840.
- land emergence**
postglacial uplift, emergence curve, tamarack, white spruce, coastal conifer, Canada, Quebec, Hudson Bay; 00250.
- land evaluation**
land use planning, multiple goal programming, Mali; 08955.
- land exchange**
land use, Germany; 05021.
- land fraction**
solar forcing, general circulation, NCAR CCM, solar constant, negative feedback, 00078.
- land ice**
ocean tracing, radar altimeter, operating mode, ERS-1, 13909.
- land improvement**
water course, manifold installation, erosion problem, hydrology, Switzerland; 05134.
- land information**
administration, LIS, 15244. land survey, geodetic framework, USA; 06341. physical planning, digital geographical dataset, policy making, Netherlands; 01272. topographic service, municipality, copyright, digital database, Netherlands; 01273.
- land information system**
data quality, GIS, data integration, UK; 07494. surveying data processing, land registration, data processing, USA; 07650.
- land law**
Mabo decision, land tenure, Australia; 06183.
- land level network**
control survey, Germany; 07458.
- land loss**
bank erosion, sediment yield, tension crack, river bank stability, failure, 11986. land movement, sea level change, shoreline change, vulnerability index, Gulf of Mexico; Caribbean Sea; 01366.
- land loss mapping**
chenier plain, land loss rate, channelisation, coastal erosion, deltaic plain, USA, Louisiana, Mississippi Delta; 00118.

- land loss rate**
channelisation, coastal erosion, deltaic plain, land loss mapping, chenier plain, USA, Louisiana, Mississippi Delta; 00118.
- land management**
agrarian system, GIS, Senegal, Serer Country, Sob; 02518. atoll, ecosystem dynamics, phosphorous cycle, Pacific; 11954. erosion hazard mapping, rainfall erosivity, soil erodibility, Indonesia, Yogyakarta, Kulonprogo, Kokap River; 03784. land use dynamics, human colonisation, deforestation, Brazil, Rondonia; 01202. pasture, grazing land, grassland, India, Gujarat, Banni; Kachchh; 12804. soil water chemistry, groundwater chemistry, surface water chemistry, salinity, agricultural catchment, solute transport, Australia, Western Australia, East Perenjori; 00797. surveying profession, land surveyor, FIG, 04832.
- land management unit**
conservation, fire management, land ownership, South Africa, Cape Province; 07652.
- land model**
GIS, photogrammetry, digital image, 04848.
- land model raster**
Bresenham algorithm, intervisibility, digital land model, 11431.
- land movement**
sea level change, shoreline change, vulnerability index, land loss, Gulf of Mexico; Caribbean Sea; 01366.
- land owner**
legality, boundary line, 06333.
- land ownership**
demarcation, law, ownership, Germany, Bavaria; 05023. GIS, geodata, Germany, Bavaria; 05026. land management unit, conservation, fire management, South Africa, Cape Province; 07652.
- land parcel**
legal, boundary, tidal water, 10247.
- land policy**
tenure, institutional, Latin America; 15242.
- land privatisation**
land consolidation, land use planning, 01278.
- land quality**
SWANY, crop yield, irrigation, groundwater control, leaching potential, Netherlands; 12114.
- land realocation**
coordinate system, cadastral plan, 08942.
- land reclamation**
delta, flood prevention, water management, Netherlands; 05264. environmental protection, wetlands, peatland, salt marsh, shallow lake, Netherlands; 08360. groundwater, desalinisation rate, Solonchak, Solonetz, Russian Federation, Caspian Lowland; 01355. leaching requirement, irrigation water management, desalinisation, salinity, Iraq; 07116. mine spoil, soil respiration, 03113. multidisciplinary study, polder, environmental impact assessment, Netherlands, Markerwaard; 11772. policy option, polder creation, sea level rise, coastal land, Malaysia; 11638. Roman time, cropping, wildlife, accretion, UK, England, The Wash; 04285. soil reclamation, karst soil, coral reef damage, calcimorphic soil, Japan; Yugoslavia; Jamaica; Indonesia; 09418.
- land records**
land transfer, Poland, Gdansk; 15245.
- land register**
land survey, information system, Germany, Bavaria; 05024.
- land register digitisation**
register, Switzerland, Vaud; 12857.
- land register system**
database, 01279.
- land registration**
cadastral survey, 07651. data processing, land information system, surveying data processing, USA; 07650.
- land registry**
CERCO, surveying, mapping, Europe; 05033. law, ownership, France; 05027. property, registry, 10259. real estate, market economy, 03850.
- land resource**
database, satellite data, GIS, remote sensing, 06378. drought monitoring, government agency, Australia; 12734.
- land resource information system**
SOTER, GIS, crop yield model, environmental impact model, 11508.
- land/sea boundary**
intertidal zone, carbon dioxide source, coastal ocean, 04652.
- land sequence**
electrical prospecting, weathering, aquifer, catena, Ivory Coast, Marahoue Basin; 07743.
- land snail**
Last Glacial Maximum, climate change, palaeoclimate, biogeography, 02762.
- land snail fauna**
Quaternary, AMS dating, radiocarbon dating, fossil land snail, sea level, Spain, Madeira; 01490.
- land station**
climate change, temperature trend, North America, Great Lakes; 02338.
- land statistics**
aerial photography, remote sensing, Switzerland; 05017.
- land subsidence**
groundwater resource, groundwater management, groundwater exploitation, Taiwan; 02112. subsidence modelling, aquifer flow equation, LAGAMINE model, China, Shanghai; 01336.
- land suitability evaluation**
raster GIS, red squirrel, compromise programming, Mount Graham, 08895.
- land suitability map**
irrigated agriculture, soil association map, soil map, Egypt, Western Desert; 10725.
- land surface**
albedo modelling, vegetation albedo, global albedo map, 02155. climatology, remote sensing, 12755. emissivity, radiative transfer, 10136. energy balance model, biome architecture, general circulation model, 00919. energy balance, general circulation model, Africa, Sahel; 05926. evapotranspiration, precipitation, temperature, global field, soil moisture, 04628. general circulation model, sensitivity study, drought, vegetation, desertification, Africa, Sahel; 12438. heat flux, parameterisation, spatial variability, 13720. impact prediction, global change, climate, feedback mechanism, trace gas emission, 00032. latent heat flux, agricultural land use, microclimate, 05928. parameterisation scheme, sensitivity study, global climate model, 03935. parameterisation, climate model, turbulent energy flux, 05930. parameterisation, field experiment, scale problem, 05918. parameterisation, prognostic equation, mesoscale, kinetic energy, general circulation model, 00910. parameterisation, roughness length, heat exchange, water exchange, dry conditions, 03457. precipitable water, temperature, water, 12780. roughness length, rooting ratio, vegetation cover, model parameter, model sensitivity, 05106. satellite measurement, temperature, infrared, 02449. surface reflectivity, desert, rainforest, 04968. temperature, AVHRR, 12778. temperature, split window, 12777.
- land surface-atmosphere interaction**
general circulation model, evapotranspiration, water flux, soil/plant/atmosphere continuum, hydrological cycle, Russian Federation, Seim River Basin; 08269.
- land surface parameter**
climate model, satellite data, AVHRR, 12921.
- land surface process**
climate modelling, deforestation, model sensitivity, 08532. GCM, annual cycle, parameterisation scheme, Brazil, Amazonia; 10344. soil, resistance representation, evaporation, atmospheric model, 02192. surface energy flux, soil moisture, potential evaporation, numerical modelling, climate variability, 00015.
- land surface property**
microwave radiometer, ERS-1, brightness temperature, polar ice, 13910. reflectance, albedo, 07555.
- land surface representation**
forest, carbon budget, AVHRR, water budget, 05120.
- land surface response**
ECMWF model, surface data, systematic error, 07224.
- land surface scheme**
general circulation model, 05929.
- land surface temperature**
aircraft measurement, intercalibration, thermal infrared radiometer, 07435. AVHRR, split window equation, atmospheric transmittance, 11506. brightness temperature, AVHRR, sea surface temperature, 11505. infrared, soil emissivity, atmospheric absorption, emissivity, 02453. outgoing infrared radiation, radiation model, 11504. precipitation, climate trend, GCM, 12922. radiative transfer equation, Planck function, NOAA AVHRR, 07551. surface temperature, multiband algorithm, 10138. surface temperature, time series, AVHRR, 10140.
- land survey**
geodetic framework, land information, USA; 06341. information system, land register, Germany, Bavaria; 05024. public utility, ATKIS, Germany; 15045.
- land surveyor**
FIG, land management, surveying profession, 04832.
- land system**
classification, TM, Zaire, Kivu, Virunga National Park; 06257. land use mapping, tropics, ground resolution, spectral range, stereoscopy, Belize; 12855.
- land tenure**
land law, Mabo decision, Australia; 06183.
- land tract**
database, rural planning, GIS, UK, England; Wales; 10250.
- land transfer**
land records, Poland, Gdansk; 15245.
- land transformation**
global warming, environmental change, anthropogenic activity, 01448. land use, land cover, global data, 10279.
- land treatment**
nonpoint source pollution, water quality monitoring, agricultural practice, USA; 07125.
- land type**
physical regionalisation, alluvial plain, China, Hubei Province, Jiangnan Plain; 12975.
- land uptake**
cadmium carbonate, copper carbonate, lead carbonate, zinc carbonate, heavy metal, 05619.
- land usage**
spectral resolution, arable crop, forest, TM, Brazil, Parana, Londrina; 10256.
- land use**
agroclimatic classification, solar radiation, mountain, irradiance, Mexico, Guerrero State; 03427. anthropogenic impact, aerial photography, land degradation, soil erosion, Kenya, Kitui District; 00013. anthropogenic impact, global change, land cover, Brazil, Amazonia; 00002. anthropogenic impact, Holocene, pollen stratigraphy, treeline, Italy, Apennines, Appennino Parmense; 13108. atmospheric methane, global environmental change, symposium proceedings, 10280. business, raster system, 06353. caesium-137, topography, Zimbabwe; 09563. Cambisol, soil classification, Slovenia; 03055. carbon storage, humus, radiocarbon, 08149. carrying capacity, environmental research, synoptic geography, classification, Europe, (Central); 14132. change, grassland, Brazil, Parana, Cambe; 10257. channel evolution, river ecosystem, channel process, river regulation, 03227. classification, accuracy, TM, tasseled cap, transformation, edge enhancement, USA, Kansas, Lawrence; 06340. classification, SPOT, 10253. climate change, soil water regime, drought, Brazil, GIS, UK, Scotland; 09409. climate change, warming, sea level change, agriculture, UK; 06008. climate geomorphology, karst geomorphology, China; Europe, (Southeast); 05253. climate, terrestrial carbon, source/sink, 03913. contaminant, hydrochemical model, GIS, water management, Canada, Quebec; 07635. crop simulation, SPOT, agriculture, USA, South Carolina, Orangeburg County; 06274. deforestation, water resource management, island hydrology, groundwater resource, humid tropics, hydrology, anthropogenic impact, 08260. ecosystem management, water resource management, wetlands, shoreline management plan, flood hazard, erosion hazard, North America, Great Lakes, Huron Lake; 01956. ecosystem, vegetation, greenhouse effect, desertification, sea

- level rise, Mediterranean; 03861. environmental assessment, ecological decision support system, 07643. environmental problem, soil management, Hungary; 10721. fieldwork, remote sensing, urban, Nepal, Kathmandu; 15231. fluvial geomorphology, extreme event, flood hydrology, France, Provence, Vaison-La-Romaine, Ouveze River; 08302. forest clearing, surface deposit, gully erosion, Germany, Hesse, Taunus Uplands; 12177. fuzzy set theory, fire hazard map, forest fire hazard, DTM, Italy, Sardinia; 07583. generalisation, raster thematic maps, GIS, 08819. GIS, agri/environmental policy, UK, England, Suffolk; East Sussex; 14098. glaciokarst, alpine pasture, landform, Slovenia, Julian Alps, Lower Bohinj Range, Suha; 12970. global modelling, fossil fuel combustion, planetary metabolism, carbon cycling, 10318. grazing, soil erosion rate, soil conservation, Falkland Islands; 06932. greenhouse gas emission, climate change convention, anthropogenic source, 01313. gully erosion, pollution, soil erosion, loess, sediment yield, 01739. Holocene, salt marsh, estuary, sea level rise, sedimentation, Canada, Nova Scotia, Chezzetcook Inlet; 04260. hydrological modelling, DEM, planning, GIS, hazard assessment, GPS, 10099. isotope, palaeosalinity, aragonite, lake level, pigment, Canada, Saskatchewan, Redberry Lake; 00383. land conservation, humid tropics, eucalypt tree, Australia; 08428. land cover, global data, land transformation, 10279. land degradation, environmental impact, arid zone, desert, India; 04946. land exchange, Germany; 05021. landscape structure, deforestation, rural landscape, environment, France, Southern Alps, Pays des Terres Noires, Savournon; 10390. landslide, soil slip, modelling, sediment yield, Indonesia, Sumatra, Komering River Basin; 09128. logging, forest fire, agricultural development, hydrology, sedimentation, soil fertility, 08429. model, forestry, carbon sequestration, developing country, Brazil, Amazon; Nepal; Panama; Mexico; Thailand; Guatemala; 12899. monitoring, arid, India, Rajasthan; 10254. national atlas, thematic mapping, geomorphological mapping, agrogeological mapping, Hungary; 07511. natural disaster, slope failure, weathered granite, landslide, debris flow, Thailand; 10419. natural resource, GIS, Africa; 01228. networked GIS, government, GIS, USA, Florida, Lee County; 12843. NUTMON, NUTBAL, fertiliser, nutrient balance, Africa; Kenya, Kissi District; 12040. nutrient depletion, GIS, NUTBAL, Costa Rica; 12037. palynology, vegetation, anthropogenic impact, Argentina, Buenos Aires Province, Los Padres; 13261. parent material, soil classification, hoeing, ploughing, grazing, Benin; 05506. Phaeozem, Luvisol, soil structure, soil physical property, 08182. phosphate sorption, map, soil sampling, 14475. planning, hazard, debris flow, USA, Utah, Davis County; 14445. relief, soil mapping, soil conservation, parent material, Togo, Monts Kaby Region; 05505. sediment erosion, DEM, watershed, land cover, Costa Rica, Reventazon Basin; 15126. sediment yield, stream sediment, sedimentation, fluvial sediment, USA, North Carolina; 05413. sewer construction, urban area, nonpoint pollutant, statistical characteristics, Japan, Honshu, Kyoto City; 03878. soil chemical property, duplex soil, soil water flow, Australia, South Australia, Mount Lofly Ranges, Warren Catchment; 05602. soil erosion, reservoir sedimentation, runoff, field experiment, Ecuador, Andes, Paute River, Amaluza Dam; 01358. soil loss, estuary, phosphate, reef, Australia, Queensland, Johnstone River; Great Barrier Reef; 00449. soil mapping, erosion intensity, agricultural expansion, Brazil, Sao Paulo, Mococa Municipality; 01770. soil/plant/atmosphere continuum model, evaporation, average evaporation, 08292. soil science, soil chemistry, 05497. soil water flow, vadose zone, saturated hydraulic conductivity, unsaturated hydraulic conductivity, hydraulic conductivity, UK, England; 04500. spectral image analysis, 10255. SPOT, vegetation, land cover, Malawi; Philippines; 15188. stormwater quality, runoff water quality, pollutant loading, USA, California, Alameda County; 03277. stream discharge, climate induced response, climate change, wavelet analysis, USA, Oregon; 06418. tidal flood, flash flood, floodplain, Taiwan, Chia-Nan; 09730. transaction cost, LIS, GIS, USA, Wisconsin, Dane County; 06172. urban surface, aerial photography, quantitative analysis, hazard, China, Shanghai; 15232. vegetation, diatom, palaeolimnology, lake water quality, palynology, Sweden; 12887. water management, humid tropics, environmental management, hydrology, water supply, 08461. water resource, groundwater hydrology, surface water hydrology, hydrogeochemistry, 05648.
- land use analysis**
agricultural production, cassava, WOFOST yield model, rice, Thailand, Korat Plateau; 08907.
- land use change**
cereal type, agricultural land, climate change, UK; 04421. deforestation, anthropogenic carbon dioxide, carbon uptake, ocean model, ocean sink, 03910. digital topographic data, GPS, differential GPS, GIS database management, 13965. dynamic visualisation, SPOT, urban area, 08934. erosion risk, soil erosion variability, Switzerland; 08229. flood frequency, global warming, climate change, riverine flooding, UK; 05651. lake sediment, caesium-137, sediment yield, UK, England, Avon, Corston Brook; 08239. monitoring, CIS, land cover, 12859. soil variation, GIS, agricultural soil map, aggregate extraction, Canada, Ontario; 01199. tropical land, trace gas emission, deforestation, savanna, 07707.
- land use classification**
hydrological model, runoff, agricultural statistics, Netherlands; 07633. Landsat, forestry, Finland, Hailuoto; 08898. rainfall/runoff, climate change, evaporation, transpiration, water resource, Canada, British Columbia, Rocky Mountains; 03197.
- land use conflict**
building permit, water catchment protection, Australia, Victoria, Lal Lal Water; 08957.
- land use data**
resolution, data predictability, pattern recognition, scaling problem, GIS, 12918.
- land use database**
data conversion, environmental research, GIS, 01204.
- land use dynamics**
GIS overlay technique, deforestation, afforestation, agricultural expansion, animal feed source, Nepal; 11529. human colonisation, deforestation, land management, Brazil, Rondonia; 01202.
- land use effect**
afforestation, evaporation rate, water yield, drainage, hydrological change, water balance, UK, Scotland, Balquhider; 00806. agricultural land use, runoff, rain forest, river discharge, deforestation, French Guyana; 08431. anthropogenic impact, limnology, lake conservation, lake water quality, lake management, Africa, (East), Malawi Lake; Victoria Lake; Africa, (East), Tanganyika Lake; 09670. climate change, basin model, river discharge, unsaturated zone model, rainfall/runoff model, Netherlands, Rhine River; 08327. deuterium, oxygen-18, stable isotope, perched water table, irrigation, salinisation, arid zone, India, Rajasthan; 08426. environmental impact assessment, anthropogenic impact, trophic state, phosphorous, lake alteration, Italy, Lazio; 05686. erosion, lake water quality, Germany, Neubrandenburg, Uckersee Lake; 13553. erosion, population, agriculture, forestry, sedimentation, water management, 08474. eutrophication, lake morphology, lake limnology, coastal lake, Brazil, Rio Grande do Sul, Restinga Coast; 12227. evapotranspiration, water yield, climate, water supply, runoff, USA, Georgia; Indiana; USA, New York; USA, Texas; 09587. forest catchment, lithology, soil piping, storm, runoff, Luxembourg; 00794. infiltration, groundwater recharge, water balance model, clay content, Australia, Murray River Basin; 14701. interception loss, Penman-Monteith model, water use, evapotranspiration, UK, Scotland, Balquhider; 00627. lake water chemistry, acidification history, alkalisation, acidic deposition, liming, Sweden; 05755. nonpoint source, pollution, agrochemical, pollution control, water quality standard, Japan; 07136. oasis formation, agricultural water management, irrigation, China, Aksuo, Tarim Basin; 12369. rainfall/runoff model, hydrograph separation, afforestation, ditching, deforestation, streamflow response, UK, Scotland, Balquhider; 00804. river regulation, ecotone, riparian vegetation, floodplain, UK, England, Nottinghamshire, Trent River; 14769. river water quality, erosion, soil loss, suspended sediment, France, Brie, Grand Morin River; 13619. runoff variability, evapotranspiration, soil moisture, rainfall/runoff model, Czech Republic, Labe River; 13467. runoff, groundwater recharge, wetland hydrology, urbanisation, 13620. runoff, stormflow, flood peak, river water quality, rural development, water supply, South Africa, Palmiet River; 03370. streamflow model, soil moisture deficit, afforestation, evapotranspiration, rainfall, UK, Scotland, Balquhider; 00803. surface water quality, forest catchment, nitrogen, trend analysis, temporal variability, Scandinavia, Baltic Sea, Gulf of Bothnia; 07124. urbanisation, nitrate, volatile organic contaminant, industrial pollutant, groundwater quality, Australia, Western Australia, Gwelup; 12373. vulnerability, agricultural water management, global warming, drought, agricultural practice, Morocco; 00799. water balance, Calder-Newson method, water use, Penman potential evaporation, streamflow, precipitation, UK, Scotland, Balquhider; 00802. water balance, catchment study, runoff, forest management, water resource, UK, Scotland, Balquhider; 00801. water balance, catchment study, soil compaction, road construction, drainage, forestry, 00800. water balance, humid tropics, process hydrology, evaporation, research development, 08266. water balance, rainforest, agriculture, humid tropics, sedimentation, 08427. water quality, basin study, basin hydrology, water balance, 07120. water resource management, agricultural development, transport development, hydrological process, water quality, Kenya, Lake Victoria Basin, Gucha River; 08432. water resource, soil moisture storage, channel storage, transpiration, interception, flow duration curve, UK, Scotland, Balquhider; 00805.
- land use evaluation**
tropical soil, 05498.
- land use information system**
land cover mapping, ecological modelling, image processing, GIS, segmentation, UK, England, Dorset; 08896.
- land use management**
stabilisation, steep slope, soil erosion control, slope stability, India, Himalayas; 07726. USGS, landslide hazard, risk mapping, slope evolution, USA, Virginia; Utah; USA, California; USA, Alaska; USA, Hawaii; 05133.
- land use map**
fieldwork, 08815. pollutant, GIS, water quality modelling, USA, Texas, Galveston Bay; 01260. tax data, GIS, cadastre, rural land tax, Indonesia, Kali Konto; 08952.
- land use mapping**
arid zone, landscape change, Iran; 08899. tropics, ground resolution, spectral range, stereoscopy, land system, Belize; 12855. urban statistics, urban morphology, SPOT, 08935.
- land use modelling**
GIS, linear programming, rural unemployment, 01141.
- land use planning**
hazard, map, rockfall, USA, Utah, Salt Lake County, Wasatch Front; 14126. land privatisation, land consolidation, 01278. Landsat, terrain analysis, India, Madhya Pradesh, Jabalpur District, Mahanadi Basin; 10258. landslide, geological risk, built-up area, mass movement, Italy, Venice; 07814. multiple goal programming, land evaluation, Mali; 08955. project location, soil information, Venezuela; 03050. resource inventory, cover classification, thematic mapper, 14018. soil erosion, snowmelt, digital elevation model, Hungary, Lake Balaton; 07420. soil science, agricultural production, UK; 03048.
- land use practice**
agricultural practice, river water quality, industrial effluent, Canada, Assomption River; 10969.
- land use suitability**
sequential indicator simulation, water table mapping, kriging, soil data class, 03064.
- land use survey**
monitoring landscape change, TM, sampling theory, aerial photography interpretation, 01136. rural landuse planning, multispectral satellite image, low end GIS, Kenya, Kakamega District; 08954.
- land use type**
unstable condition, flux variance method, universal function, 07230.
- land utilisation**
aerial photography, Switzerland; 05018.
- land-water interface**
carbon budget, carbon flux, 03904.
- landfarming**
bioremediation, PAH, composting, 10870.
- landfill**
atmospheric methane, carbon storage, methane generation, anaerobic burial, refuse, 00038. chemical dump site, pesticide, hazardous waste, Mogilniki, Poland; 11592. compacted clay liner, hydraulic conductivity, soil liner, North

- America; 11742. environmental control, tunnelling, industrial waste, Italy, Trentino-Alto Adige, Bolzano; 05067. finite element model, saturated/unsaturated flow, leachate, revegetation, evapotranspiration, groundwater contamination, 00768. gas generation, leachate, hazard assessment, modelling, contaminated area, Europe; 11591. GIS, detection, monitoring, USA, Missouri; 06323. groundwater contamination, leachate, hazardous compound, biochemical transformation, waste disposal, USA; 02066. groundwater flow, finite element model, contaminant migration, sand lens, 00770. leachate, environmental impact, geoenvironmental characteristic, sanitary landfill, Portugal, Coimbra; 05069. mass transport model, solute concentration, groundwater recharge, groundwater contamination, 03349. methane discharge, plume, Japan, Tokyo; 05076. organic acid, diagenesis, dissolution, solute, waste disposal, 06706. sanitary site, trace gas, emission, 11351. saturated/unsaturated flow, hydraulic conductivity, moisture retentivity, groundwater contamination, oil shale waste, leachate, 00769. sediment remediation, fish, contaminated sediment, PCB, dredging, Sweden, Eman River, Lake Jarnsjon; 09382. sewage, sludge disposal, EIA, metal, Hong Kong; 01764. toxic waste disposal, aerial photography interpretation, 03853. wastewater, aquifer, oxidation capacity, organic matter, 06785.
- landfill leachate**
dichloromethane, dichloroethane, subsurface retention, groundwater contamination, heavy metal, Finland; 05804. finite analytic numerical solution, unsaturated flow, soil water flow, infiltration, 09683. groundwater contamination, genetic toxicity, acute toxicity, toxicity, 05802. pollutant, contaminated aquifer, environmental significance, colloid, 02592.
- landfill liner**
advection/dispersion, sorption, pollutant migration, 00772. bentonite, non ionic organic contaminant, sorption isotherm, adsorptive selectivity, 08977.
- landfill site**
arid zone, vadose zone, Dupuit-Forchheimer assumption, groundwater flow, travel time, 09708. clay soil, groundwater contamination, fracture flow, hydraulic conductivity, waste disposal, USA, Louisiana, Livingston Parish, Gulf Coast; 11013. contaminant plume, groundwater contamination, groundwater flow, contaminant transport, modelling, Canada, Ontario, Simcoe County, Innisfil; 04508. leachate migration, glacial disturbance, waste management, hydraulic property, Canada, Alberta, Edmonton, Aurum Site; 14267. linear regression, regression model, quadratic regression, groundwater quality, USA, Michigan, Kalamazoo County; 09714.
- landfill soil**
anion solubility, soil disturbance, semiarid soil, Mediterranean; 01878. soil microorganism, methane oxidation, oxygen, methane emission, 01846.
- landform**
bog, glacial lake, glacial drift, landscape history, natural landscape, USA, Minnesota, Clearwater County, Elk Lake; 02769. brief description, relief type, Europe, (East); 01381. Cainozoic, earthquake hazard, volcanic history, USA, Utah; 09050. data correlation, image rectification, 15138. DEM, fractal dimension, drainage density, Taiwan; 01187. Earth science, environmental diversity, coast, Australia, New South Wales, Jervis Bay; 07779. experimentation, high latitude, high altitude, periglacial geomorphology, 01549. geology, geomorphology, planation surface, Germany, Ruhr; 07775. geomorphological map, bibliography, Belgium, Wallonia; 12968. geomorphology, geological structure, drainage system, Namibia; 05186. glacial erosion, bed deformation, glacial geomorphology, process, 01499. glacier, calving, melting, ice retreat, climate, New Zealand, South Island, Southern Alps; 04132. land use, glaciokarst, alpine pasture, Slovenia, Julian Alps, Lower Bohinj Range, Suha; 12970. LANDSAT, geological map, India, Andhra Pradesh, Chittoor; 08858. longshore drift, beach drift, accumulation, coastal protection, remote sensing, India, South Konkan; 01596. man, natural environment, geography textbook, ecology, 03855. morphodynamics, environment, spatial dimension, physical geography, geomorphology, 06441. neotectonics, rockfall, landslide, climate change, geomorphological process, Czech Republic, Policka vrchovina Highland; 10391. physical geography, textbook, climatology, hydrological cycle, 11583. Quaternary, geomorphological evolution, coastal dune, vegetation, soil, Australia, Queensland, Shoalwater Bay; 00132. rejuvenation, gypsum, Oswater Conglomerate Formation, warping, geomorphic history, Namibia, Koigab River; 06473. sediment transport, littoral drift, coastal erosion, Landsat TM, remote sensing, India; 01595. soil/vegetation study, aeolian, estuarine, littoral, Spain, Andalusia, Donana National Park; 11678. soil, palaeoenvironment, geomorphology, pedology, 01338. subsurface structure, digital map, 06230. vegetation, water balance, GIS, HAPEX-Sahel, Africa, Sahel; 12801.
- landform analysis**
channel type, channel classification, headwater stream, 09607.
- landform development**
dolomite, weathering, subsurface moisture, caprock, mushroom shaped rock, Spain, Cuenca, Ciudad Encantada; 07811. drainage evolution, tectonic disturbance, compressional stress, India, Narmada Valley; 07777. environmental change, tectonics, Quaternary, laterite, Thailand, Chi River Basin; 06474. regolith, relief history, weathering, Thailand; 00514.
- landform evolution**
Landsat, streamlining, glacial landform, 14264.
- landform geometry**
hard rock, regolith, shield, socle, France; 11679.
- landform hierarchy**
exogenic factor, fluvial relief, organisation, earth surface, 03945.
- landform history**
desert, geomorphology, Quaternary, India, Rajasthan, Thar Desert; 02680.
- landform map**
computer shaded relief, digital elevation model, Italy; 03718.
- landform persistence**
instability, relaxation time, rockfall, 05137.
- landform preservation**
glacial protection, ice cap, ice sheet, Laurentide Ice Sheet, Europe, Fennoscandia; Canada; 09191.
- landform recognition**
geomorphology, GIS, morphometry, 01186.
- landform response**
anthropogenic impact, geomorphology, global environmental change, sea level rise, coral reef, 01449.
- landscape**
space/time, remote sensing, 10261.
- Landsat**
aerial photography, cost effectiveness, ERS-1 SAR, mineral exploration, Canada, Ontario; 03737. bathymetry, charting, lake, 05010. clustering algorithm, fuzzy logic, unsupervised clustering algorithm, 10069. deforestation mapping, Pathfinder project, global monitoring, 10287. environmental change, land cover, barrage construction, Hungary, Danube River; Slovakia; Czech Republic; 07595. forestry, land use classification, Finland, Hailuotuo; 08898. geological map, landform, India, Andhra Pradesh, Chittoor; 08858. GIS, environmental policy, land cover map, UK; 07562. GIS, multitemporal data, Brazil, Amazonia; Para, Sao Felix do Xingu; 06252. glacio/morphological map, ablation, drift snow, SPOT, Antarctica, Dronning Maud Land; 03830. ice breakup, ice shelf, glacier, climate change, sea level, Antarctica, Wordie Ice Shelf; 07258. induction, heuristic, accuracy, classification, 06142. lake water quality, 10241. radar imagery, volcanic risk evaluation, geological hazard, hazard mapping, Colombia, Andes, Cordillera Central, Magdalena Valley; 11500. regional geology, tectonics, granulite terrane, India, Andhra Pradesh, Eastern Ghats; 08863. sediment concentration, logarithm model, suspended sediment, China, Pearl River; 07618. snow, grain size, Antarctica, Adeline Land; 02533. soil erosion, vegetation, leaf area index, 12774. SPOT, coastal geomorphology, sea surface, AVHRR, Mauritania, Golfe d'Arguin; 02550. SPOT, ice marginal fluctuation, spatial resolution, Sojuzkarta KFA-1000, Svalbard, Spitsbergen; 03842. SPOT, mesoscale meteorology, GOES, DMSO, USA, Hawaii; 13993. streamlining, glacial landform, landform evolution, 14264. terrain analysis, land use planning, India, Madhya Pradesh, Jabalpur District, Mahanadi Basin; 10258. thermal-IR data, GIS, soil moisture, USA, Florida, Lee County; 04961. water depth, surface temperature, lake, UK, England, Cumbria, Lake District; 06301.
- Landsat data**
measurement scale, lead detection, sea ice lead, atmospheric condition, Arctic heat budget, Arctic Ocean; 02839.
- Landsat image**
AVHRR data, velocity measurement, iceberg tonue, aerial photography, Antarctica, Thwaites Glacier; 02846. crevasse pattern, velocity, glacier tongue velocity, Antarctica; 02854.
- Landsat imagery**
sedimentation, hydrocarbon basin, 03783.
- Landsat MSS**
classification, tropics, forest cover, 12811. crop area estimation, Landsat TM, Spain; 07593. land cover change, desertification, parabolic dune, salinisation, sand dune, India, Rajasthan, Thar Desert; 02681. SPOT, nuclear explosion, Kazakhstan, Balapan; 15257. windblown sand, accelerated erosion, postdrought period, degradation feature, Africa, Sahel; 09057.
- Landsat TM**
accuracy, orthorectification, distortion, 06129. change detection, forest stand, multiple regression function, boreal forest, Sweden; 07580. data analysis, soil property, spectral differentiation, 01776. desert locust, locust biotope, NDVI, maximum likelihood classifier, Africa; 11530. forest mapping, forest change, France, Tarn, Lacune Mountains; 14032. geological mapping, structural geology, oblique extension, SPOT, composite imagery, Kenya, East African Rift, Gregory Rift; 02482. hydrocarbon exploration, vibroseis track, China, Turpan Basin; 03757. land cover, land despoilation, environmental quality, UK, Wales, South Wales; 07599. Landsat MSS, crop area estimation, Spain; 07593. mineral discrimination, band difference technique, Daedalus ATM, 03745. mineral exploration, geological mapping, spectral analysis, hydro-silicate mineral, Australia, Queensland; Egypt, Sinai; 03746. natural grassland, conservation database, plant biomass, grassland map, USA, Kansas; 01226. radiometric rectification, NDVI, landscape trajectory, 07556. remote sensing, GIS, USLE, soil erosion assessment, 06924. remote sensing, landform, sediment transport, littoral drift, coastal erosion, India; 01595. resource assessment, forest resource, shuttle, contextual classifier, land cover, SIR-B, USA, Florida; 07581. secondary succession, deforestation, land cover, Brazil, Para, Altamira; South America, Amazon; 14029. SPOT, rock types, cobalt mineralization, spectroradiometer, Morocco, Anti Atlas, Bou-Azzer El Graara; 03749. SPOT, seismic data, digital elevation model, gravity data, Yemen; 03736. surface albedo, glacier, snow bidirectional reflectance, Svalbard; 03841. unsharp masking, bedrock mapping, spectral enhancement, geological structure, Saudi Arabia; 03780.
- Landsat TM data**
SEDIMENT, USLE, remote sensing, vegetation type, USA, Utah; 04420.
- Landsat TM imagery**
chemosynthetic organism, natural oil seepage, surface slick, Gulf of Mexico; 07616. snowfall, glacier retreat, mass balance, Austria, Alps; 14299. tropical region, coastal environment, submerged shoreline, beach rock, sea level, Younger Dryas, Brazil, Rio Grande do Norte, Natal; 06603.
- landscape**
chronology, tectonic disturbance, fluvio-lacustrine sediment, Czech Republic, Prague, Berounka River; 14145. climate change, remote sensing, GIS, USA, Colorado; 02444. climate evolution, aridity, humid phase, anthropogenic activity, Quaternary, Chile, Norte Chico; 01489. climate, mountain zonation, permafrost, Canada, Canadian Cordillera; 05175. drought, GIS, AVHRR, remote sensing, USA, Kansas; 10215. elevation, France, Jura; 10262. epidemiology, geography, cartography, agriculture, 12716. geological process, artifact density, site size, scale, Quaternary geology, USA, Texas; New Mexico; 05141. geothermal activity, solute composition, ecological response, surface water, Costa Rica; 02666. GIS, surveying, landscape analysis, Mediterranean; 02498. global map, geochemical mapping, 08880. Indian land areas map, American Indian, cartography, USA; 10120. micromorphology, pedogenesis, Holocene evolution, soil, 05294. multivariate problem, parameter minimisation, geography, Hungary; 07712. relief type, thermokarst, geosystem, Russian Federation, Taz Peninsula, Tyumen' Oblast; 06619. rural landscape, cartography, France; 02519. soil morphology, soil chemical property, loess, New Zealand, South Island, Canterbury; 13314. spatial resolution, geographic information theory, fractal, fractal dimension, 07736. spatial variability, regression model, mean annual runoff, runoff, Slovakia; 04441. survey, mapping, 15144.

- landscape adjustment**
spatial organisation, disturbance, gold mining, Russian Federation, Siberia, Patomskiy Highlands; 00021.
- landscape analysis**
landscape, GIS, surveying, Mediterranean; 02498.
- landscape change**
chemical toxicity, hazard, waste reduction, environmental strategy, environmental research, 10302. land use mapping, arid zone, Iran; 08899. supervised classification, edge enhancement filter, ecosystem, deforestation, Belgium; Zaire; 01224.
- landscape components analysis**
dynamics monitoring, land cover assessment, Russian Federation, Rybinsko Basin; 07596.
- landscape development**
coastal landscape, sediment movement, anthropogenic impact, Baltic Sea; 07762. denudation rate, escarpment, numerical experiment, geomorphological evolution, Africa, Great Escarpment; Kalahari; 14165. river/lake system, sediment transport, delta, Switzerland, Reuss River; 12367. Tertiary basalt, stratigraphic unit, dating, Pleistocene climate, Cainozoic, Australia, New South Wales, Bungonia; 00141.
- landscape disturbance**
cultural landscape, anthropogenic impact, Czech Republic, Brno; Blansko District; 05268. environmental change, riparian function, river margin, Europe; 02582.
- landscape diversity**
GIS, fractal, 04976.
- landscape dynamics**
geographical approach, ecological standardisation, 05103.
- landscape ecology**
bajada, alluvial fan, soil formation, ecology, landscape evolution, desert landform, USA, Arizona, Sonoran Desert; 11673. biodiversity, coastal resource, conservation, GIS, Australia, New South Wales, Jervis Bay; 14094. ecotonal shift, environmental change, climate history, France, Burgundy; 02581. frost damage, nitrate loading, groundwater, 09019. GIS, animal population, water flow, biotic system, 01200. global change, sustainable development, physical geography, 01342.
- landscape evolution**
desert landform, landscape ecology, bajada, alluvial fan, soil formation, ecology, USA, Arizona, Sonoran Desert; 11673. erosion, entrainment, deposition, subglacial landscape, 13080. fluvial aggradation, radiocarbon dating, alluvial fan deposit, UK, Scotland, Southern Uplands, Tweed River; 14144. geomorphological threshold, erodibility, fractal analysis, self organisation, 14134. geomorphology, hyperarid area, hamada desert, fluvial erosion, palaeoclimate, Egypt, Western Desert; 09056. hydrodynamics, remote sensing, delta, landscape map, Russian Federation, Amu-Darya Delta; 06458. palaeoplain, tilting, headward erosion, river capture, Australia, Western Australia, East Kimberley; 12977. peatland, freshwater marsh, USA, Florida, Everglades; 11802. river valley, tectonic influence, lake, savanna, Mexico, Quintana Roo, Bacalar; Chetumal; 14163. slope steepness, badland, water erosion prediction project, Italy; 08245. surface process, escarpment, rifted margin, model, 14135.
- landscape heterogeneity**
landscape pattern, hierarchically structured landscape, scale dependent effect, 01340.
- landscape history**
carbonate weathering, arid soil, limestone, alteration intensity, Somalia, Darror Valley; 03103. natural landscape, landform, bog, glacial lake, glacial drift, USA, Minnesota, Clearwater County, Elk Lake; 02769. palaeoflow direction, direction indicator, basaltic lava, landscape reconstruction, Australia, New South Wales; 01373.
- landscape influence**
biogenic opal, microtopography, leaching, black soil, Canada, Saskatchewan, Aspen Parkland; 10768.
- landscape management**
chenier, sand, wetlands, shell midden, Australia; 08053. gully, natural resource management, airborne laser altimeter, topography, vegetation canopy, USA, Texas; Arizona; 07566.
- landscape map**
landscape evolution, hydrodynamics, remote sensing, delta, Russian Federation, Amu-Darya Delta; 06458.
- landscape monograph**
geomorphological mapping, loess, planation surface, research trend, Hungary; 05138.
- landscape pattern**
hierarchically structured landscape, scale dependent effect, landscape heterogeneity, 01340.
- landscape planning**
environmental impact assessment, geocological mapping, Hungary, Lake Balaton; 07598. GIS theory, decision models, USA, Utah, Summit County, Snyderville Basin; 08958.
- landscape position**
Alfisol, soil horizon depth, soil depth, USA, Illinois; 14592. iron, soil morphology, soil colour, soil mottling, redox condition, 12149. loess, till, crop yield, USA, (Midwest); 14593. nutrient availability, soil chemical property, soil texture, USA, Nebraska; 01877. pedogenesis, weathering, soil reconstruction analysis, toposquence, USA, Virginia; 04347. pH, Luvisol, clay content, soil horizon thickness, soil depth, Canada, Saskatchewan; 03145. relief, soil depth, Slovenia; 04350. salt accumulation, soil chemical property, barren area, soil productivity, 10845. soil profile, adamellite, soil chemistry, Australia, New South Wales, Yambulla State Forest; 08132. soil reclamation, topodaphic unit, soil chemical property, soil physical property, USA, North Dakota, Glenharold Mine; 03052. soil water regime, crop yield, 14564. toposquence, parent material, soil horizon, soil spatial variability, USA, Virginia; 04346. watershed study, USLE, geostatistical method, caesium-137, USA, Idaho, Palouse; 03190.
- landscape reconstruction**
landscape history, palaeoflow direction, direction indicator, basaltic lava, Australia, New South Wales; 01373.
- landscape remodelling**
phytotype, evaluation, vegetation map, anthropogenic impact, Poland, Poznan; 02729.
- landscape research**
digital image processing, remote sensing, 14013.
- landscape resilience**
dryland, sand storm, desertification, global monitoring, Africa; 09055.
- landscape resistance**
buffering capacity, acidification, 11600.
- landscape response**
neotectonic behaviour, basin formation, Quaternary tectonics, strike/slip fault, Spain, Betic Cordillera; 03981.
- landscape scale pattern**
topography, Haploboroll, denitrification, nitrogen-15, Canada, Saskatchewan; 01850.
- landscape simulation**
digital elevation map, unstable landscape, minimum energy expenditure, river basin, channel network, 00102. rural environment, environmental planning, GIS, 08945. simulation, perceptual, 15127.
- landscape stability**
fluvial erosion, postglacial evolution, semiarid plain, Holocene, Canada, Prairies; 01377.
- landscape structure**
deforestation, rural landscape, environment, land use, France, Southern Alps, Pays des Terres Noires, Savournon; 10390. ethnocultural factor, socioeconomic factor, India; 08892. harbour, SPOT, France, Le Havre; 15137. wading bird, environmental impact, forestry, RSPB, UK, Scotland, Caithness and Sutherland, Flow Country; 01215.
- landscape study**
development project, environmental impact assessment, Taiwan, Pei-shi Chi; 05188. fractal method, kriging, geostatistics, 09025.
- landscape synthesis**
physical geography, geochemistry, geophysics, geomorphology, Estonia; 12971. physical geography, geomorphology, 11645.
- landscape topography**
multifractal analysis, simulation, nonlinear variability, USA; France; 09028.
- landscape trajectory**
Landsat TM, radiometric rectification, NDVI, 07556.
- landscape type**
soil colour, fulvic acid, humic acid, organic matter, USA, Illinois; Indiana; 12033. tepetate, mineralogy, morphology, soil micromorphology, volcanic soil, silica, Mexico, Veracruz, Xalapa; 06856.
- landscape unit**
relief reconstruction, image processing, China, Shaanxi Province, Yann'an; Hebei Province, Xingtai; 14014.
- landscape variability**
general circulation model, mesoscale parameterisation, heat flux, 05924.
- landscaping**
waste storage site, groundwater, isostatic uplift, Sweden, Stockholm; 04048.
- landslide**
abandoned slope, stability, erosion rate, slope crest, setback, Canada, Alberta; 07807. avalanche, debris flow, glacial hazard, hazard, englacial water, Italy, Alps; 09023. avalanche, mass movement, earthquake, debris flow, China, Sichuan Province, Jiuzhaigou; 07818. back analysis, shear strength, slide geometry, Spain, Valencia, Jucar River, Cortes de Pallas; 07810. climate change, geomorphological process, landform, neotectonics, rockfall, Czech Republic, Policka vrchovina Highland; 10391. coastal development, geomorphology, mapping, UK, England, Dorset; India, Himalayas; Arabian Gulf; 10356. coastal environment, cliff, France, Brittany, Belle-ile; 05159. coastal erosion, shoreline retreat, bluff recession, USA, Illinois, Lake Michigan; 12951. coastal protection, cliff stabilisation, UK, England, Yorkshire, Scarborough, Holbeck Hall Hotel; 14200. collapse, rotation, hazard, Mexico, Hgo, Metztlán; 06514. debris flow, land use, natural disaster, slope failure, weathered granite, Thailand; 10419. distribution, bedrock, slope steepness, soil map, 14193. earthquake, failure, seismicity, shaking threshold, USA, California; 05232. erosion mapping, unstable mountain terrain, road alignment, geomorphology, stability survey, Nepal; 10354. erosion threshold, slope stability, road surface drainage, channel initiation, USA, Pacific Northwest; 14211. erosion, natural barrier, wage flow, Tadjikistan, Sarezkoe Lake; 14130. fault gouge, neotectonics, mass movement, Venezuela, Andes, Buena Vista; 13004. flood, mass movement, AVI project, Italy; 14128. geological risk, built-up area, mass movement, land use planning, Italy, Venice; 07814. geomorphological evolution, mass movement, rainfall, Italy, Basilicata, Castronuovo S. Andrea; 05240. gravitational deformation, hazard, road, Albidona Formation, mass movement, Italy, Ionian Calabria, Platice; 05242. groundwater effect, rainfall pattern, groundwater condition, mass movement, Brazil, Olinda; 04031. hazard, mapping, Pacific, French Polynesia, Tahiti; 02475. mapping, steep valley slope, slump, earthflow, slope stability map, Germany, Bonn; 00096. mass movement, radiocarbon dating, Holocene, Poland, Carpathians, Pieniny Mountains; 09125. mechanical model, shear surface, viscoplastic material, sliding law, 05229. natural hazard, risk evaluation, avalanche, Italy, Veltin, Val Pola; Switzerland, Matter, Randa; Switzerland, Alps; 09020. neotectonics, fault scarp, Italy, Apennines, Lazio-Abruzzi Apennines; 06480. neotectonics, mass movement, loess, earthquake, China, Gansu Province; 05206. permafrost, slope failure, active layer, detachment slide, Canada, Northwest Territories, Ellesmere Island, Fosheim Peninsula; 06613. plastic deformation, kinematics, Aspen Grove landslide, USA, Utah, Ephraim Canyon; 14199. Pliocene/Pleistocene, ODP, debris avalanche, turbidity current, Pacific, ODP Site 842; USA, Hawaiian Islands; 07966. porewater pressure, rotational failure, drainage, UK, England, Yorkshire, Scarborough; 09120. rockfall hazard, talus slope, runoff, fahrboschung, Canada, British Columbia, Hedley; Barnhartvale; Canada, British Columbia, Sunnybrae; 06437. rockfall, tsunami, macroseismic area, earthquake, India; 03984. rotational landslide, mass movement, temperature dependent, cold weather, Italy, Dolomites, Ru delle Roe Basin, Molin; 06519. runoff, long runoff landslide, computer simulation, friction, 07798. sediment budget, winnowing, erosion, ejecta, Meteor Crater, USA, Arizona, Meteor Crater; 03976. sedimentation, slope stability, impact assessment, hydropower development, USA, Washington, North Cascade; 02715. self potential,

- electrical stream potential, interpretation model, electrofiltration measurement, Switzerland, Prealps, Frasse; 07813. shear strength, regolith, rock type control, hydrological process, Japan, Honshu, Obara Region; Niigata Region; 05247. sheet flood, debris flow, flood, mudflow, China, Tibet; 00140. slope failure, rainfall, South Africa, Durban; 01442. slope failure, rotational slide, Buckling index, morphometric characteristics, Japan, Akaishi Mountains; 14208. slope process, mass movement, Flysch Belt, Czech Republic, Carpathian Mountains; 13007. slope stability, earthquake, susceptibility, rock slope, failure, 05222. snowmelt, rockslide, debris flow, hazard, Chile, Andes, Rio Colorado; 05236. soil slip, modelling, sediment yield, land use, Indonesia, Sumatra, Komering River Basin; 09128. soil, TM, moisture status, forest canopy, Japan, Shikoku Island, Yoshino River; 06245. terrain analysis, DEM, topography, landslide scar, topographic data, USA, Virginia, Blue Ridge Mountains, Nelson County; 05235. turbidity current, debris flow, Pliocene/Pleistocene, volcanic sand, Pacific, Hawaiian Arch; 10458. weathering, plasticity, shear strength, clay mineralogy, slope stability, Europe, Alps, Oberallgau, Gunzesried Valley; 10571. Yakatabari mudslide, mudslide, colluvium, shear strength, failure history, Papua New Guinea, Enga Province, Porgera; 05248.
- landslide activity**
landslide type, 01421. steep slope, statistical analysis, environmental influence, India, Himalayas, Kumaun Lesser Himalaya, Almora Bypass; 07816.
- landslide complex**
slope failure, landslide, interflow, deep weathering, rockfall, South Africa, Natal, Drakensberg, Sani Pass; 01430.
- landslide dam**
hazard, mitigation, flood potential, 05132. preglacial clay, postglacial lake clay, Canada, Alberta, Saddle River, Rycroft; 09114.
- landslide damage**
Hurricane Gilbert (1988), pipeline, debris flow, Jamaica, Bromley Hill; 01439.
- landslide disturbance**
vegetation succession, nutrient content, fine soil content, India, Himalayas, Central Himalaya; 10822.
- landslide hazard**
colluvium, glacial material, debris slide, slope failure, rockfall, USA, Vermont; 02657. exhaustion model, rock slide, failure prediction, steady state model, Canada, Alberta, Rocky Mountains, Kananaskis Country; 07806. GIS, photointerpretation, hazard map, 01282. risk mapping, slope evolution, land use management, USGS, USA, Virginia; Utah; USA, California; USA, Alaska; USA, Hawaii; 05133.
- landslide hazard map**
statistical model, slope instability, hazard assessment, India, Himalayas, Gharwal Himalaya, Alkananda Valley; 06520.
- landslide kinematics**
aerial photography, stress/strain analysis, deformation, landslide surface, USA, Utah, Twelvemile Canyon, Twin Lake Landslide; 05233.
- landslide model**
simulation model, groundwater level, hydraulic conductivity, prediction, hillside landslide, 05218. surface roughness, steady movement, fine grained soil, sliding, 01420.
- landslide prediction**
rainfall, mass movement, South Africa, Durban Region; 07815.
- landslide process**
geomorphological research, uplift, Pleistocene, Hungary; 07800. slope movement, flysch, slope instability, Slovakia, Nizke Beskydy Mts, Domasa; 01431.
- landslide risk**
seismic risk, volcanic risk, natural hazard, structural geology, Peru, Arequipa, Colca Valley; 08862.
- landslide scar**
topographic data, landslide, terrain analysis, DEM, topography, USA, Virginia, Blue Ridge Mountains, Nelson County; 05235.
- landslide site**
photogrammetry, monitoring, 02479.
- landslide surface**
landslide kinematics, aerial photography, stress/strain analysis, deformation, USA, Utah, Twelvemile Canyon, Twin Lake Landslide; 05233.
- landslide type**
landslide activity, 01421.
- landslide typology**
crystalline rock, weathering, Altavilla Landslide, Italy, Calabria, Sila Grande; 05239.
- landslide valley**
extreme rainfall, groundwater, India, Himalaya, Darjeeling Hills, Ambootia; 11760.
- landsliding**
climate change, global warming, slope instability, UK; 04033. Cyclone Bola (March 1988), storm, deforestation, sediment budget, New Zealand, Tutira; 14325. rainstorm, liquefaction, mobility index, debris flow, Thailand, Nakhon Si Thammarat Range; 07817. risk assessment, slope stability, 12999. subsidence, expert system technique, hazard study, spatial pattern, Cyprus; UK, England, Ripon; 08961.
- landslip**
interflow, deep weathering, rockfall, landslide complex, slope failure, South Africa, Natal, Drakensberg, Sani Pass; 01430.
- landward transport**
fluvial sediment, estuary, suspended sediment, provenance, USA, North Carolina, Neuse River Estuary; 02971.
- Langvin equation model**
complex flow, concentration field, random displacement model, 13708.
- Langmuir circulation**
wind, basin, upper layer, 09833.
- Langmuir isotherm**
adsorption, Freundlich isotherm, solute transport, groundwater flow, travelling wave, 03334. groundwater flow, solute transport, sorption, spatial variability, 07095. sorption, adsorption capacity, cobalt, strontium, caesium, 05082.
- Langrangian model**
turbulence, friction coefficient, gravel transport, saltation, bedload, 14439.
- language**
cartography, culture, sign, North America; 12713.
- language mapping**
cartographic representation, geolinguistics, Hungary; South Africa; 11458.
- lanthanide series**
aqueous REE, uptake, metal oxide, kinetic model, 02628.
- lanthanoid**
REE, Eocene, seamount, hydrothermal activity, Atlantic, Bezymiannaya Seamount; 04226.
- lapilli**
transport mechanism, deposition, Pleistocene, tuff cone, grain flow, South Korea, Cheju Island, Udo Tuff Cone; 02967.
- laplace azimuth**
error control, primary control network, GPS, azimuth observation, 13936.
- Laplace transform**
transient flow, open channel flow, flow behaviour, St Venant equations, 05683.
- Laplacian**
Gaussian, filter, enhancement, 06148.
- larch cone**
palaeobotany, taxonomy, variation, Larix, Japan; 14261.
- large amplitude flow**
baroclinic instability, geostrophic flow, 05955.
- large amplitude wave**
gravity wave, pressure fluctuation, 11234.
- large eddy simulation**
boundary layer, surface layer, free convection conditions, 02189. convective boundary layer, wavy terrain, 03449. energy dissipation length, turbulence, stratified medium, stable stratification, subgrid model, 02255. review, turbulent flow, closure model, 09835. stratus, boundary layer, aircraft observation, 03518. trade wind, cumulus, 09934. turbulent, flow, parallel computing, geophysical flow, 11634.
- large lattice**
screening sequential algorithm, algorithm, simulation, random function, 00066.
- large particle method**
complex terrain, flow, single layer model, 08594.
- large scale distribution**
hydrogen peroxide, aircraft measurement, TROPOZ II experiment, 06019.
- large scale disturbance**
atmospheric disturbance, ocean surface, temperature, middle latitudes, spectrum, Atlantic, (North); 07257.
- large scale dynamics**
warming, climate change, 02324.
- large scale eddy**
climate equilibrium, static stability, 08563. climate equilibrium, static stability, two level model, balance equation, baroclinic instability, 04683.
- large scale map**
GIS, domain specific knowledge, scanning, 12700.
- large scale mapping**
photogrammetry, geodesy, GPS, aerial photogrammetry, 10062.
- large scale mixing**
geopotential height field, polar vortex, isentropic mixing, Antarctica; 11214. polar vortex, tracer trajectory, transport, barotropic model, 11178. rotation, turbulence, rotary, wind spectrum, 12492.
- large scale model**
cloud, budget equation, prognostic scheme, 11247. numerical model, review, parameterisation, cloud, 07304.
- large scale motion**
boundary layer, convection, vertical motion, 08537.
- large scale structure**
inflow layer structure, Hurricane Frederic (1979), 00858.
- large scale variability**
global monitoring, precipitation variability, 04711. sea surface temperature, tropics, empirical relationship, convection, 08555.
- large scale wind**
sea/land breeze, complex coastal heating, USA, Florida; 02238.
- large shear box**
gravel/sand mixture, shear strength, 01428.
- large strain**
loading/unloading, undrained pressuremeter test, pressuremeter, 11720.
- Larix**
larch cone, palaeobotany, taxonomy, variation, Japan; 14261.
- lattice**
cycling, stratification, fish, particulate matter, phytoplankton, Irish Sea; 14457.
- laser**
backscattering, polarisation, graphite fiber, 10096. distance system, vegetation, 12795. leaf, topology, fluorescence, 15158. particle size, optical transmissometry, sediment transport, STRESS experiment, USA, California; 14304. profiling, airborne laser, forest, 15059. range finder, hot surface, 04840. spectrometer, trace gas, stratosphere, diode, 04940. vegetation height, canopy cover, USA, Arizona, Tombstone, Walnut Gulch; 15175.
- laser ablation**
uranium, A-ICPAES, 12086.
- laser altimeter**
altimeter, DTM, 10057. ranging, spaceflight instrument, Mars; 10193.
- laser beam**
forward-scattering spectrometer probe, scattering, 02372.
- laser diffraction**
texture, light diffraction, grain size analysis, clay particle, 11870.
- laser diffraction technique**
sedimentation technique, disc centrifuge, particle size analysis, 10551.
- laser disc**
electronic imaging, preservation, image management, 06203.
- laser Doppler velocimeter**
wave induced velocity, wave kinematics, irregular wave, shallow water, 01973.

- laser flash photolysis**
hydroxyl radical, oxidation, dimethylsulphide, 14988.
- laser geodynamic satellite**
geodetic parameter, optimal sky coverage, tracking strategy, 11372.
- laser heating technique**
lunar basin formation, age spectra, Apollo 15, impact melt rock, Moon; 02704.
- laser induced fluorescence**
hydrogen peroxide, measurement, 12574.
- laser mapping system**
underwater photogrammetry, moire image, 01111.
- laser oxidized organic**
radiocarbon dating, AMS, carbon-14, 01458.
- laser profiler**
aerial video, forest assessment, 06272.
- laser radar**
Doppler, satellite vibration, 13908. visual range, fog, airport, Germany, Quickborn; Hamburg; 05048.
- laser rangefinder**
intensity edge data, edge classification, 03687.
- laser ranging**
VLBI, Mediterranean; 04943.
- laser ranging network**
ERS-1 orbit, altimetry, 11375.
- laser ranging system**
satellite surveying, GPS, seafloor station, 01110.
- laser scanner**
microtopography, bulk density, rainfall simulation, surface crust, 05594.
- laser scintillation**
cloudy sky, clear sky, India, Maharashtra, Pune; 01162.
- laser technique**
cadmium concentration, ice, snow, excited atomic fluorescence, anthropogenic impact, Antarctica; 00280.
- laser tracking**
monitoring, ERS-1, altimetric monitoring, 05002.
- laser tracking system**
CCD camera, industrial robot, photogrammetry, electronic theodolite, 11402.
- laser transceiver**
trace gas sensing, absorption line, 07338.
- laser transmission path**
aerosol, urban area, extinction coefficient, Germany, Leipzig; 10033.
- last climatic cycle**
euphotic zone, ODP Leg 108, oxygen isotope stratigraphy, subtropical region, sea surface temperature, Atlantic, (North); 02750.
- last deglaciation**
calving margin, iceberg, Holocene (early), ice stream advance, Canada, Arctic Canada, Hudson Strait; 07935. dune, transport distance, wind strength, environmental conditions, aeolian sand, Netherlands; Belgium; Germany; 00220. glacial geology, lake sedimentology, moraine, radiocarbon age, timing, Peru, Andes, Cordillera Oriental; 00202. oxygen isotope record, core, productivity, Arctic Ocean; 11798. oxygen isotope, tropical ocean, meltwater flux, ocean surface water, 11795. paleosol, plant decline, atmospheric carbon dioxide, C4 plant, USA, New Mexico, Chihuahuan Desert; 10284. radiocarbon dating, sea level rise, isostatic response, glacier unloading, North Sea, Kattegat; 07892.
- Last Glacial**
dating, palaeoclimate, Weichselian, periglacial, permafrost reconstruction, Europe; 01553. Lower Dryas, palaeoclimate, permafrost, France, Aquitaine; 06617. palaeoclimate reconstruction, precipitation, Last Interglacial, Holocene, oxygen isotope stratigraphy, Australia; 00213. pollen analysis, thermophilous tree, Isotope Stage 3, Italy, Latium, Vico Lake; 11804. uranium series dating, speleothem, sea level, Bahamas; 09211.
- last glacial cycle**
climate change, ice core, Greenland; 11785. Laurentide Ice Sheet, palynological evidence, climate oscillation, Heinrich event, pine pollen, USA, Florida, Lake Tulane; 00170.
- Last Glacial/Interglacial**
chronology, Weichselian (late), AMS dating, varved clay, Sweden; 01462. monsoonal flux, atmospheric circulation, aeolian input, palynology, West Africa, Gulf of Guinea; 13034.
- Last Glacial/Interglacial cycle**
palaeoclimate reconstruction, pollen, insect, transfer function, Heinrich event, France, Grande Pile; 02775. palaeohydrology, palaeoclimatology, upwelling, pollen, holocene, Morocco; Atlantic, (North); 11797. stomatal density, *Pinus flexilis* needle, carbon-13/carbon-12 ratio, limber pine, pack rat middens, USA, Great Basin; 1612.
- Last Glacial Maximum**
Arthropoda, fossil record, Amara alpina, palaeoenvironment, Italy, Verona; 13050. biome, modelling, global vegetation pattern, terrestrial carbon storage, 10281. carbon dioxide, environmental change, fossil record, ice core record, 12873. carbon storage, biomass, soil carbon, carbon budget, 06401. circulation, Antarctic Circumpolar Current, wind stress, wind change, Southern Ocean; 04062. climate change, palaeoclimate, biogeography, land snail, 02762. ice sheet reconstruction, boundary conditions, GCM, climate, 00165. ice volume, CLIMAP reconstruction, Ice Age, palaeotopography, 14215. modelling, palaeoclimate, GCM, Holocene, ice age initiation, 05276.
- Last Glacial stage**
palaeoclimate, protilus rampart, Bottelnek Stadial, equilibrium line, South Africa, Drakensberg, Bokspuit; 13140.
- last glaciation**
atmospheric carbon dioxide, carbon cycling, ocean carbon cycle, sensitivity experiment, 06399. blockfield, Weichselian, glacial history, nunatak, radiocarbon date, Greenland, East Greenland, Germania Land; 11833. Henty glaciation, till, weathering rind, Australia, Tasmania, Poatina, Longford; 01516. Mangaroa drillhole, tephra, pollen analysis, spores, Nemona Glaciation, New Zealand, North Island, Hutt Valley, Mangaroa Valley; 11823. marker bed, periglacial aeolian sediment, Old Crow tephra, Pleistocene, oxygen isotope stage 6, USA, Alaska, Holitna Lowland; 00216. moraine, alpine foreland glacier, permafrost, glaciofluvial sediment, late pleniglacial, Germany, Alpine Foreland; 01555. pollen analysis, Wainuomata drillhole, pollen, radiocarbon date, Kawakawa Tephra, New Zealand, North Island, Wellington, Wainuomata; 09189. pollen record, Kawakawa Tephra, palaeoclimatology, Holocene, New Zealand, North Island, Wellington; 05286. sea surface temperature, modern analog technique, sediment core, carbonate dissolution, 13043. SPECMAP record, climate instability, ice core record, climate change, Greenland, Summit; 00175. uranium series dating, travertine, USA, Montana, Yellowstone; Wyoming, Yellowstone; 13026.
- Last Interglacial**
Holocene, oxygen isotope stratigraphy, Last Glacial, palaeoclimate reconstruction, precipitation, Australia; 00213. ice retreat, Cordilleran Ice Sheet, ice initiation, Laurentide Ice Sheet, Canada, Canadian Arctic; Canada; 04089. interglacial, Holocene, *Strombus bubonius*, tectonic activity, sea level, Mediterranean; 00205. mass spectrometry, coral reef, sea level, uranium series dating, Australia, Western Australia, Houtman Abrolhos Islands; 01463. oxygen isotope substage 5c, Waimanalo Formation, Leahi Formation, sea level, highstand, USA, Hawaii, Oahu; 07916. Pliocene, global climate reconstruction, seasonal temperature, annual precipitation, Holocene optimum, 07842. sea level, interglacial shoreline, TL dating, Australia, New South Wales; 06611. sea level, tectonic stability, shore platform, New Zealand, South Island, Banks Peninsula; 09223. sea level, uranium series dating, coral record, uplift, Waimanalo Limestone, USA, Hawaii, Oahu; 13128. U-Th dating, oxygen isotope study, *Strombus bubonius*, climate change, palaeotemperature, Spain, Balearic Islands, Majorca, Palma Nova; Tunisia, Nonastir; 02749. uplifted reef terrace, climate model, Milankovitch theory, uranium series dating, stable isotope, Papua New Guinea, Huon Peninsula; 01541.
- last interglacial period**
GRIP ice core, ice core, isotope analysis, chemical analysis, climate instability, Greenland, Summit; 00174.
- late glacial**
aeolian activity, roundness, frosting, quartz grain, Holocene, Belgium; Poland; Sweden; 01693. Amphi-Atlantic Oscillation, palaeoclimate, cooling event, Killarney Oscillation, 13037. aridity, insolation, palaeohydrology, climate change, lake level change, Europe; 07835. basin, stratigraphy, Holocene, peat, mud, Germany, Biesenthal Basin, Barnim; 06736. climate change, radiocarbon date, moraine limit, glacier readvance, Peru, Andes; Ecuador, Andes; 05335. climate reconstruction, GCM, Recent epoch, 05279. depositional environment, glacioaquatic sediment, Lund Diamicton, deglaciation, transgression, Sweden, Lund Area; 10491. Flandrian, vegetation history, pollen profile, postglacial vegetation, palaeolimnology, Germany, Schleswig-Holstein, Schwansen; 06578. fluvial topography, river valley, floodplain, lateral erosion, postglacial period, Lithuania; 07881. Holocene, aeolian succession, Younger Dryas Stadial, waterlogging, Weichselian, Netherlands; 00221. Holocene, Cladocera, bottom sediment, Poland, Lake Goszcz; 09183. Holocene, glacier fluctuation, climate variability, Hypsithermal interval, Little Ice Age, Norway; 07893. Holocene, man, palaeoclimatic evolution, Spain, Andalusia, Cadiz; 10467. Holocene, marine sediment, environmental change, Baltic Ice Lake, high resolution record, Sweden, Goteborg; North Sea, Skagerrak; North Sea, Kattegat; 11792. Holocene, palaeohydrology, anthropogenic impact, underfit river, discharge change, Byelorussia, Zapadnaya Beresina Valley, Volozhin; 06457. Holocene, palaeosalinity, climate implication, Holocene drought, lake level, Canada, Alberta, Fairfax Lake; Goldeye Lake; Canda, Alberta, Moore Lake; 00169. Holocene, tephrochronology, outlet glacier, moraine system, Chile, Patagonia, Torres del Paine National Park, Grey Glacier; 04130. Holocene, varve, high resolution record, annual lamination, lacustrine sediment, Poland, Lake Goszcz; 07882. Holocene, vegetational history, climate change, Younger Dryas, Eurasia; 06580. Holocene, Younger Dryas, radiocarbon date, pollen stratigraphy, Italy, Ligurian-Emilian Apennines; 13051. ice flow, field guide, sea level change, Quaternary, Holocene, UK, Scotland, Shetland; 09172. ice wedge cast, floodplain, permafrost, Loch Lomond stadial, UK, England, Suffolk, Needham Market; 02774. lithofacies, alluvial plain, Holocene, valley floor, Poland, Carpathian border, Raba River; 04084. mountain permafrost, atmospheric warming, permafrost degradation, climate change, 01548. palaeoclimate interpretation, pollen record, numerical approach, Holocene, USA, Minnesota, Clearwater County, Elk Lake; 02741. palaeoenvironment, Devensian, palynology, Coleoptera, Loch Lomond Stadial, UK, England, Yorkshire, Gransmoor; 13069. palynology, lake sediment, environmental change, temporal pattern, spatial pattern, Netherlands; 13070. peat bog, alder, vegetation history, Younger Dryas, lake, France, Alps; 01496. peatland, Holocene, vegetation history, UK, Scotland, Calthness, Flow Country; 13068. periglacial process, sand wedge, palaeoclimatology, aeolian sand, Poland; Germany; 00277. pine expansion, pollen, Younger Dryas, upper tree limit, France, Alps, Belledonne Massif; 02776. plant macrofossil, pollen diagram, pollen dispersal, climate reconstruction, Norway, Utsira; Blomoy; 13030. pollen analysis, altitude variation, palaeoclimate, vegetation, France, Alps; 04079. pollen analysis, core, Younger Dryas, Holocene, Poland, Lake Goszcz; 09182. pollen diagram, Younger Dryas, forest dynamics, France, Pyrenees, Le Moura; 01495. pollen stratigraphy, numerical analysis, Younger Dryas, Allerod, spatial distribution, Switzerland; 07877. pollen stratigraphy, radiocarbon, climate change, Chile, Tierra del Fuego; Argentina, Tierra del Fuego; Chile, Lake District; 07840. postglacial, palaeoenvironment, pollen, dinoflagellate, Younger Dryas, Canada, Gulf of St. Lawrence; 07865. prehistory, palaeoenvironmental change, Magdalenian, Portugal; 09160. resedimentation, drumlin till, diamicton facies, Ireland; 10488. sedimentology, lake level, palaeohydrology, palaeoclimate, rainfall, Chile, Atacama Desert, Altiplano, Laguna Lejia; 14245. terrace, paired terraces, glacial lake, USA, Ohio, Maumee River; Indiana, Maumee River; USA, Indiana, Perrysburg; 10365. varve chronology, laminated sediment, Holocene, Poland, Lake Goszcz; 09180. vegetation, palaeoenvironment, lake sediment, palynology, Ireland; 13067.
- late glacial fauna**
Creswellian, Arctic hare, fauna, radiocarbon dating, UK, England, Derbyshire, Creswell Crags, Robin Hood Cave; 09173.
- late pleniglacial**
last glaciation, moraine, alpine foreland glacier, permafrost, glaciofluvial sediment, Germany, Alpine Foreland; 01555.

- Latemar buildup**
grainstone, carbonate, slope facies, breccia, sea level, Triassic, Italy; 14426.
- Latemar reef**
reef fabric, reef buildup, platform, Triassic, grainstone, boundstone, Italy, Dolomites; 02989.
- latent heat**
flux measurement, radiosonde data, surface station, mixed layer model, daytime, sensible heat, 12458. sensible heat, continental shelf, sea surface temperature, bulk aerodynamic equation, Yucatan; 07248.
- latent heat flux**
agricultural land use, microclimate, land surface, 05928. energy balance, evaporative fraction, parameterisation, surface energy balance, 07246. heterogeneous terrain, resistance, boundary layer model, sensible heat, 02193. sensible heat flux, energy budget, short-rotation stand, willow forest, 02198. simple model, Walker-Hadley circulation, ITCZ, thermally induced circulation, 05953. windbreak, orchard, carbon dioxide flux, 05945.
- latent heat release**
rainfall rate, convection, precipitation pattern, Hurricane Hugo, USA, South Carolina, Charleston; 07534.
- latent heating**
halocline distribution, satellite data, tropical rainfall, TRMM, rainfall rate, 06434.
- lateral boundary conditions**
climate model, assimilation, convection, regional climate, 11212.
- lateral channel change**
measurement, river bank erosion, 10363.
- lateral erosion**
channel migration, floodplain, bank erosion, Slovakia, Danube River; Bratislava; 05151. postglacial period, late glacial, fluvial topography, river valley, floodplain, Lithuania; 07881. safety factor, stability analysis, spreadsheet, river bank instability, toe scour, 10364.
- lateral forcing**
equatorial perturbation, linear model, 00931.
- lateral friction**
pile load test, mathematical model, 03989.
- lateral load**
cyclic loading, sand, pile, 11708.
- lateral loading**
dynamic stiffness, damping, pile, foundation, interaction analysis, 06505. numerical analysis, finite element method, infinite element method, pile-soil interaction, 01426.
- lateral shear**
crevasse pattern, velocity pattern, aerial photography, ice stream, Antarctica, West Antarctica, Ice Stream B; 10548.
- lateral spreading**
finite element analysis, settlement, earth embankment, consolidation, 12995.
- lateral stress**
cone penetration test, overconsolidation ratio, 06509. soft clay, laboratory experiment, self boring pressuremeter, field method, USA; 04030.
- lateral transport**
foraminifera record, Holocene, marine environment, benthic foraminifera, North Sea; 00180.
- lateral variation**
sea level fluctuation, basal drag, lithosphere, intraplate deformation, 02693. Silurian, Chinaman's Rock Member, Tamala Limestone, pocket beach, coastal platform, Australia, Western Australia, Kalbarri; 05165.
- laterally loaded pile**
uplift behaviour, elastoplastic medium, pipeline, 06503.
- laterite**
Eocene, bauxite, downwarping, transgression, groundwater, India, Kutch; 11948. ferricrete, iron, weathering, pisolith, Australia; 00334. landform development, environmental change, tectonics, Quaternary, Thailand, Chi River Basin; 06474. plinthite, pedogenesis, weathering, hydrothermal genesis, tropical soil, 14509. saprolite, REE, weathering, thorium, Cameroon, Akongo; 05403. terminology, ferricrete, duricrust, pisolith, tropical weathering, 02663. trace element, volcanic ash, coral, element concentration, weathering, Tonga, Niue Island; 05548. weathering, smectite, spodumene, clay mineral, Australia, Western Australia, Greenbushes Mineral Field; 05387.
- laterite soil**
triaxial compression test, shear test, test methodology, sample preparation, shear strength, Nigeria; 01441.
- lateritic crust**
morphological indicator, planation surface, Budel's model, climate indicator, denudation chronology, Africa, (West); Togo; 01354.
- lateritic soil**
cyclic loading, delta, road embankment, laboratory compaction, residual soil, Nigeria, Port Harcourt; 10418. extractant, copper application, Australia, Western Australia; 03141. nodular layer, bacterial encrustation, duricrust, Mali; 13357. steel grid reinforcement, pullout test, reinforcement, earthfill, interaction, 01419.
- lateritic terrain**
water balance, unsaturated flow, soil water movement, soil characteristics, heterogeneity, 12297.
- lateritisation**
transgression, heavy mineral, sediment transport, faulting, placer, India, Kerala; 02898.
- latitude**
comparative observation, gravity wave, height, season, 09829. marine plankton, dissolved carbon dioxide, ocean, temperature, 11619.
- latitude bias**
ERB instrument, angular dependence model, 08753.
- latitude cross section**
trace gas, halogen, occultation experiment, trace gas, aerosol, vertical profile, 13807.
- latitude/longitude**
UTM, projection, grid reference, UK; 15111.
- latitudinal distribution**
halogenated hydrocarbon, methylchloride, dichloromethane, trichloroethene, tetrachloroethene, Atlantic; 09983. ozone, nitrogen dioxide, Atlantic; 07360. ozone, quasi biennial oscillation, equatorial wind, two dimensional model, 00953. Saxifraga oppositifolia, Chernobyl nuclear accident, fallout, saxifrage, caesium-137 fallout, Canada, Northwest Territories, Ellesmere Island; 02602.
- latitudinal gradient**
alkyl nitrate, non methane hydrocarbon, halocarbon gas, equator, Pacific; 06034. non methane hydrocarbon, measurement, equator, Pacific; 06033.
- latitudinal patterns**
precipitation, Medieval Warm Period, solar activity, pollen, isotope record, USA, (Southwest); 13101.
- latitudinal survey**
mesosphere, stratosphere, water vapour, 13694.
- latitudinal variation**
wave (30-70 day), tropics, stratosphere, equatorial wave, 14845.
- Latosol**
Alfisol, soil hydraulic property, spatio/temporal variability, Brazil, Sao Paulo, Piracicaba; 12151. tillage, zinc, copper, manganese, iron, Brazil, Sao Paulo; 05618.
- Lauenburg clay**
salt dome, Quaternary sequence, Holocene, Germany, Gorleben; 11816.
- launch operation**
thunderstorm, forecast, space shuttle, short term forecasting, 02309.
- Lauder-Spalding relation**
eddy kinetic energy, open channel flow, numerical model, 14613.
- Laurentide Ice Sheet**
calving, climate cooling, iceberg production, Heinrich event, 02739. depocentre, detrital carbonate, sedimentary environment, sedimentation rate, Canada, Baffin Shelf; Labrador Sea; 14230. glaciation, Davis Strait Silt, acoustic data, fjord, Quaternary, marine evidence, Canada, Baffin Island, Cumberland Sound; 01483. glaciostasy, salinity anomaly, thermohaline circulation, stable isotope study, meltwater, Canada, Arctic Canada; 05287. ice sheet instability, non climatic forcing, deforming sediment, climate change, North America; 09193. ice stream, drumlin field, ice shelf, Wisconsinan (late), Canada, Victoria Island, Storkerson Peninsula; 11825. landform preservation, glacial protection, ice cap, ice sheet, Europe, Fennoscandia; Canada; 09191. Last Interglacial, ice retreat, Cordilleran Ice Sheet, ice initiation, Canada, Canadian Arctic; Canada; 04089. lithofacies associations, glacioteconics, stratigraphy, sedimentary structure, subglacial thermal regime, Canada, Alberta, One Tree Creek; 10484. marine transgression, drumlin, cliff retreat, gravel deposit, Wisconsinan, USA, Massachusetts, Massachusetts Bay; 14271. palynological evidence, climate oscillation, Heinrich event, pine pollen, Last Glacial cycle, USA, Florida, Lake Tulane; 00170. sedimentation rate, palaeoenvironment, Roxana Silt, Wisconsinan loess, USA, Upper Mississippi Valley; 09280. subglacial sediment, ice, glacial topography, USA, Wisconsin, Lincoln County; Taylor County; 00391.
- lava**
dome, canali, flood volcanism, volcanic feature, SAR, Venus; Earth; 11697. lake bed, turbidite, caldera, USA, Oregon, Crater Lake; 13182. paleosol, Quaternary, pluvial lake, loess, glaciation, USA, Idaho, Snake River Plain; 00388.
- lava channel**
sinuosity, quasi-equilibrium state, Magellan imagery, meander, channel, Venus; 07795.
- lava dome**
Palaeozoic, epiclastic rock, subaqueous lava, Italy, Sardinia, Sarrabus; Mediterranean Sea; 11921. pyroclastic flow, natural disaster, satellite data, volcanic activity, Japan, Kyushu, Shimabara Peninsula, Unzendake Volcano; 10185.
- lava flow**
geomorphological evolution, cone, channel incision, volcano, Mexico, Paricutin; 09051. playa surface, radar polarisation, Venus; USA, California, Lavic Lake; USA, Nevada, Lunar Lake; USA, Hawaii, Kilauwa Mountain; USA, Arizona; 07552. vegetation community, geological map, soil development, Kenya, Menengai Caldera; 01189. volcanism, valley width, relief inversion, Canary Islands, Tenerife, Orotava Valley; 09052.
- lava tube**
channel, basalt, thermal property, canali, lava type, Venus; 01403.
- lava type**
lava tube, channel, basalt, thermal property, canali, Venus; 01403.
- lavaka**
gully initiation, runoff, gully growth, aridification, Madagascar; 03959.
- law**
ownership, land ownership, demarcation, Germany, Bavaria; 05023. ownership, land registry, France; 05027. upland parcel, legal, surveyor, boundary, 05011.
- LAWs**
observing system, simulation experiment, global circulation model, 05862.
- laws of motion**
nitrate, groundwater, fieldwork, environmental research, laboratory experiment, Hungary, Cserepfalu; 12888.
- layer cloud**
cloud climatology, water path, 04709.
- layer thickness**
global temperature, moisture, virtual temperature, temperature, warming trend, 13704. truncation, power law, scaling law, statistics, turbidite deposition, 07948.
- layered aquifer**
aquifer, salinity, aquitard, aquiclude, groundwater flow, Morocco, Tetouan, Martil-Alila; 05788. drainage basin, hydrogeological classification, groundwater resource, weathered basement, Madagascar; 05789.
- layered deposit**
chaotic terrain, Candor unit, stratigraphy, erosional landform, Mars, Valles Marineris; 01411. hyperbolic model, Cam clay model, excavation, finite element analysis, 12997. morphology, tectonic pattern, fault, erosional landform, Mars, Valles Marineris, Melas Chasma; 01413.
- layered sediment**
grain size, fluid escape structure, fluidisation, 11882.
- layered soil**
bearing capacity, deformation, flexible batter pile, inclined load, 01414.

- Biot's formulation, laboratory verification, moving load response, 05216.
dynamic response, porous medium, Fourier transform, model, moving load response, 05215. kinematic model, infiltration, runoff generation, heterogeneity, anisotropy, subsurface flow, 00732. liquefaction, centrifuge model, 12994. sand, fluid pressure, drainage, 13000. soil/atmosphere boundary, soil water flow, drain spacing, soil/plant boundary, 00735. varved clay, modelling, soil mechanics, 12988.
- layers aloft**
lidar, sea breeze, ozone, USA, California; 03627.
- LDV-PCS**
particle size analysis, clay mineral, spectroscopy, electrophoretic mobility, 14517.
- Le Rouge, G.L.**
northwest passage, Bering, V., de Fonte, 03709.
- leachate**
coal mining, heavy metal, water quality, 09644. environmental impact, geoenvironmental characteristic, sanitary landfill, landfill, Portugal, Coimbra; 05069. groundwater flow, chloride tracer, groundwater quality, waste disposal, Thailand, Mae-Hia; 11029. hazard assessment, modelling, contaminated area, landfill, gas generation, Europe; 11591. hazardous compound, biochemical transformation, waste disposal, landfill, groundwater contamination, USA; 02066. irrigation water management, sampling, groundwater quality, percolation, lysimeter, USA, Nebraska, North Platte; 02103. landfill, saturated/unsaturated flow, hydraulic conductivity, moisture retentivity, groundwater contamination, oil shale waste, 00769. revegetation, evapotranspiration, groundwater contamination, landfill, finite element model, saturated/unsaturated flow, 00768. sequencing batch reactor, soil bioremediation, periodic process, bioremediation, 01301.
- leachate chemistry**
snowmelt, preferential elution, meltwater chemistry, streamwater quality, UK, Scotland, Cairngorms; 00705.
- leachate migration**
glacial disturbance, waste management, hydraulic property, landfill site, Canada, Alberta, Edmonton, Aurum Site; 14267.
- leached element**
oxyphilic element, sulphilic element, geochemistry, element distribution, China, Liaoning Province; Liaohe River Plain; 03059.
- leaching**
biodegradation, tillage, microbial activity, pesticide, herbicide, 13432. black soil, landscape influence, biogenic opal, microtopography, Canada, Saskatchewan, Aspen Parkland; 10768. Burns leaching equation, 00489. crop yield, fertiliser, soil structure, nitrate leaching, soil spatial variability, 12125. cropping, pesticide leaching, USA, Oklahoma; 13433. DOC, forest soil, phenol, organic carbon, 05606. Eutrochroep, ion exchange resin, nitrate leaching, 03094. evapotranspiration, slickspot, Haploxeralf, Natragrid, soil salinisation, USA, California, Central, Coast Range, Carrizo Plain; 01817. expert system, groundwater pollution, pesticide, 14739. fertiliser, crop management, nitrate leaching, brown soil zone, Canada, Saskatchewan, Swift Current; 10799. fertiliser, nitrate leaching, grassland soil, UK, England; 12126. fertiliser, nitrite, nitrate leaching, Argistoll, USA, Kansas, Manhattan; 01859. fertiliser, pesticide, reservoir water quality, water quality management, agricultural practice, Germany, North Rhine-Westphalia, Wahnbach Reservoir; 12254. fine textured soil, transport rate, nitrate transport, vadose zone, contaminant migration, 04518. groundwater contamination, agricultural practice, sustainable agriculture, nitrogen, 07143. groundwater contamination, contaminant migration, tillage practice, herbicide, 12327. ion binding model, humic substance, aluminium, 01783. irrigation, electrical conductivity, sodium adsorption ratio, soil salinity, crop yield, USA, Great Plains; 14529. lake water quality, atmospheric deposition, heavy metal, acidic deposition, Norway; 10986. land drainage, surface water quality, estuary, phosphorus, agricultural practice, Australia, Western Australia, Peel-Harvey Estuary; 13628. leucaena, dactyladenia, nitrogen mineralization, leaf litter, nitrogen content, Nigeria; 03126. micromorphology, gypsum, Sierozem, 06889. Monte Carlo simulation, solute leaching, soil hydraulic function, soil texture, 03084. mushroom compost, poultry litter, nitrate leaching, compost, groundwater contamination, 08166. nitrate, groundwater quality, nitrate, sensitivity, UK, England, Oxfordshire, Old Chalford; 09706. nitrogen balance, groundwater contamination, grassland, simulation model, Poland, Warsaw; 07140. nitrogen deposition, forest catchment, plantation age, nitrate, UK, Wales; 09732. nitrogen, lysimeter, ceramic cup, soil core extract, 00498. nitrogen, urine, grassland soil, plant uptake, 06877. nonpoint source pollution, agricultural pollutant, USLE, erosion, Canada, Quebec, Montreal; 04475. nutrient availability, burning, scalping, peat soil, seedling growth, 13383. peat bog, ion exchange, caesium-137, sorption, streamwater quality, radiocaesium, 13529. pesticide screening model, pesticide leaching, heterogeneous soil, 00507. phosphate, bromide, rainfall simulation, runoff, interrill erosion, 09452. plant water use, root zone process, irrigation water management, water use efficiency, macropore, 14774. podzol, organic carbon, soil respiration, humus, liming, Sweden; 12106. rainfall simulation, crop residue, nutrient leaching, 01855. risk assessment, alkaline sodic soil, agricultural practice, sulphonylurea herbicide, groundwater contamination, Australia; 14770. root growth, acidic soil, liming, subsoil acidity, oxisol, soil amelioration, Brazil, Amazon Basin; 00539. simulation model, solute transport, atrazine, herbicide, groundwater contamination, 12325. soil acidification, cation exchange, weathering, acid rain, lysimeter, 05805. soil solution chemistry, forest clearing, soil acidification, nutrient leaching, nitrification, ecosystem disturbance, USA, New Hampshire, Hubbard Brook Experimental Forest; 14527. soil water quality, runoff water quality, compost, nutrient, 07015. sorption, herbicide, groundwater contamination, simazine, bromacil, USA, Florida; 03330. sulphate, sulphur-35, pasture soil, Ustochrept, urine, New Zealand; 12136. sulphur mineralization, nitrogen mineralization, carbon mineralization, fertiliser, sulphur fertiliser, New Zealand; 00501. tillage practice, groundwater contamination, nitrate, USA, Delaware, Georgetown; 04560. trace metal, phytoplankton growth, coastal water, cobalt, North Sea, Kattegat; 02626. tracer, chloride, bromide, 13326. unsaturated zone, pesticide root zone model, precipitation pattern, pesticide mobility, 08418.
- leaching control**
linear programming model, fertiliser application, groundwater quality management, agricultural practice, nitrate reduction, UK, England; 12371.
- leaching loss**
nitrate nitrogen, fertiliser, mineralization, cultivation practice, tillage, 00795.
- leaching model**
pesticide, plot experiment, runoff prediction, model, 07689. solute transport, macropore, 12071. transfer function technique, chloride, bromide, subsurface drainage, 13599. transfer function technique, sulphate, sulphur, adsorption, subsurface drainage, 13600.
- leaching potential**
chemical fate model, herbicide leaching, atrazine, USA, (Northeast); 12087. herbicide leaching, Spain; 00602. land quality, SWANY, crop yield, irrigation, groundwater control, Netherlands; 12114.
- leaching potential index**
runoff potential index, water quality, pesticide management, agricultural practice, 07112.
- leaching requirement**
irrigation water management, desalinisation, salinity, land reclamation, Iraq; 07116. salt tolerance, salinity, tree survival, irrigation water quality, sodicity, 14775.
- leaching system**
incubation system, potassium feldspar, fertiliser, acidic soil, Sri Lanka; Malawi; 05538.
- leaching test**
salt bearing soil, soil mechanical property, sabkha, Kuwait; 00488.
- LEACHM**
nitrate leaching, Hapludalf, NCSWAP, USA, Pennsylvania; 13334. pesticide fate model, Australia; 03182.
- lead**
aluminium, aeolian transport, anthropogenic source, surface water, natural source, Atlantic; 08541. aluminium, trihalomethane, water chemistry, potable water quality, North America, Great Lakes; 04290. cadmium, crab, bioaccumulation, bioavailability, 09400. cadmium, deposition, segment puff model, sulphur dioxide, 03570. cadmium, mercury, environmental change, cigarette tobacco, Canada, Ontario; 11609. cadmium, nickel, lake sediment, heavy metal, mercury, Norway; 00457. cadmium, particle, heavy metal, airborne, 13890. cadmium, pollution monitoring, sewage, heavy metal, historical trend, Philippines; South China Sea, Manila Bay; 13310. cadmium, soil pollution, soil solution, 14506. cadmium, zinc, metal, vegetation, contamination, USA, Florida, St Johns River; Hillsborough Bay; 05483. Chelmsford Formation, orogenesis, provenance, Proterozoic, niobidium, Canada, Ontario, Sudbury Basin; 13252. contaminated soil, anthropogenic lead, Germany; 01888. copper, speciation, metal, contamination, cadmium, India, Yamuna River; 03028. copper, zinc, cadmium, pollution, heavy metal, Germany, Oland Island; 05489. dust, petrol, atmospheric particulate, isotope ratio, UK, Scotland, Edinburgh; 02365. environment, bibliographical review, 10300. geochemistry, heavy metal, copper, zinc, 06852. heavy metal, snow, Greenland; 08715. industrial period, preindustrial period, contamination, lake sediment, Sweden; 09381. isotope ratio, tracer, long range transport, particulate matter, Japan; 12639. isotopic analysis, metalliferous sediment, hydrothermal ore, strontium, niobidium, Red Sea, Nereus Deep; 14429. mercury, phosphate, coastal water pollution, PAH, total organic carbon, Kuwait; 05714. metabolism, organic acid, sulphate, aquifer, 12003. metal concentration, rock dust, snow, USA, Alaska; 10013. organic matter, forest soil, atmospheric deposition, USA, (Northeast); 14577. pack ice, brine concentration, surface freezing, marine boundary layer, LeadEx experiment, 05277. pesticide, biomonitoring, heavy metal, PCB, North America, Great Lakes; 12897. petrol, gasoline consumption, aerosol, rainwater, Mediterranean; 04803. petrol, urban air, petrol, motor vehicle, gasoline, UK; 06072. plant uptake, calcareous soil, extractant, soil testing, Egypt; 03102. roadside soil, urban soil, soil pollution, USA, Louisiana; Minnesota; 01887. snow chemistry, seasonal variability, heavy metal, copper, zinc, cadmium, Greenland; 12890. soil pollution, atmospheric deposition, pigment factory, probability kriging, 04318. soil pollution, voltammetry, copper, zinc, cadmium, 12085. strontium, brine, metalliferous sediment, metallogenesis, Red Sea, Atlantis II Deep; 13284. trace metal, particulate metal, estuary water quality, copper, Brazil, Patos Lagoon; 14634. traffic density, atmosphere, soil, Saudi Arabia, Riyadh; 12642. trap/sheet shooting, PAH, toxicity, North America, Great Lakes, Lake Michigan; 10686. urban air, isotope, Asia; 06065. water quality analysis, in situ measurement, voltammetric analysis, surface water quality, groundwater quality, 07002. zinc, channel morphology, chemical partitioning, sediment, river water quality, UK, Wales, Ystwyth River; 10972. zinc, chromium, seabed sediment, contaminant inputs, UK, England, Wales; 14456. zinc, effluent, road dust, urban stream, copper, Korea, Mushim-chun Estuary; 09376. zinc, goethite, aqueous system, comparative study, adsorption behaviour, copper, 02607. zinc, sampling, marine sediment, heavy metal concentration, spatial variation, copper, Australia, New South Wales, Botany Bay; 09256. zinc, urban environment, aerosol, cadmium, copper, New Zealand, Christchurch; 13888.
- lead-210**
air pollutant, oil combustion, coal combustion, lake, carbonaceous particle, Denmark; 01752. atmospheric deposition, Aulacoseira, carbonaceous particle, palaeolimnology, lake, Australia, Tasmania, Mount Field National Park, Lake Nicholls; 05478. beryllium-7, aerosol, snow, Greenland; Arctic; 08696. beryllium-7, caesium-137, erosion indicator, suspended sediment, surface runoff, 04440. beryllium-7, nitrate, ammonium, sulphate, methano-sulphate, sea salt, Antarctica, Palmer; Marsh; Antarctica, Mawson; 06073. bottom sediment, varve chronology, lake, sedimentation rate, Poland, Lake Gosiaz; 08084. caesium-137, data reliability, geochronology, sedimentation rate, Switzerland; 06539. caesium-137, episodic deposition, immobile element, time series, sedimentary process, USA, Alaska, Skan Bay; 10501. caesium-137, sedimentation rate, gamma counting, radium-226, palaeolimnology, 14307. dating technique, salt marsh, UK, Severn Estuary; 05344. general circulation model, residence time, aerosol, transport, 10014. heavy metal, estuary, clay, suspended sediment, organic matter, New Zealand, South Island, Christchurch, Avon-Heathcote Estuary; 09394. isotope, depositional flux, beryllium-7, USA, Texas; 09982. polonium-210, distribution coefficient, laboratory system, 06725. radon-226, sedimentation rate, lake, erosion, India, Himalayas, Kumaun Himalaya, Nainital; 10693.

- sediment, lake water quality, Chernobyl accident, radio isotope scavenging, radioactive fallout, caesium-137, Switzerland, Sempach Lake; 03293.
- lead-210 dating**
sea level rise, chronology, pollutant, accretion rate, salt marsh deposit, UK, England, Severn Estuary; Wales, Severn Estuary; 12953.
- lead carbonate**
zinc carbonate, heavy metal, land uptake, cadmium carbonate, copper carbonate, 05619.
- lead contamination**
hazardous waste, cleanup strategy, soil lead, distribution, smelter site, USA, New Mexico, Socorro; 00022. paint, petrol, roadside dust, soil, anthropogenic impact, Czech Republic; Slovakia; 06381.
- lead decrease**
antifouling paint, Mussel Watch programme, wastewater treatment, leaded gasoline usage, silver, copper increase, coastal seawater, USA, California; 10305.
- lead detection**
sea ice lead, atmospheric condition, Arctic heat budget, Landsat data, measurement scale, Arctic Ocean; 02839.
- lead immobilisation**
apatite, hydroxyapatite, soil decontamination, 05625. galena, lead phosphate, 14578. groundwater remediation, wastewater treatment, hydroxyapatite, 13587.
- lead isotope**
uranium/lead dating, geochronology, carbonate, 14309.
- lead isotope ratios**
aerosol, transport, long range transport, USA, Alaska, Barrow; Arctic; 08691.
- lead pattern**
wind forcing, sea ice rheology, AVHRR imagery, ice motion, Beaufort Sea; 02838.
- lead phosphate**
lead immobilisation, galena, 14578.
- lead poisoning**
cadmium, contaminated soil, heavy metal, mercury, human health, 12889.
- lead pollution**
air quality, particulate matter PM10, petrol, Malaysia, Kuala Lumpur; 15012. petrol, soil, water, plant, Israel; 02359. snow record, Southern Hemisphere, Antarctica; 15032.
- lead/zinc mine**
groundwater flow model, regional groundwater model, mine drainage, groundwater recharge, Canada, Nova Scotia, Gays River; 14714.
- lead/zinc ore**
groundwater origin, geohydrology, brine migration, groundwater flow, ore formation, USA; 07080.
- leaded gasoline**
automobile exhaust, total suspended particulate, air quality standards, drinking water, sediment, Bermuda; 06075.
- leaded gasoline usage**
silver, copper increase, coastal seawater, lead decrease, antifouling paint, Mussel Watch programme, wastewater treatment, USA, California; 10305.
- LeadEx experiment**
lead, pack ice, brine concentration, surface freezing, marine boundary layer, 05277.
- leads**
polynyas, ice edge, SAR, sea ice, 14084.
- leaf**
ozone deposition, foliage wetness, maple, poplar, 14981. stomatal resistance, micrometeorology, forest, 03477. topology, fluorescence, laser, 15158.
- leaf angle**
tallgrass canopy, NDVI, 03789.
- leaf appearance**
panicle development, rice, temperature, controlled environment, 05943.
- leaf area**
canopy closure, NDVI, understorey vegetation, forest ecosystem, 07578. cloud cover, photosynthetically active radiation, castor, 11153. Eucalyptus forest, flooding, riparian forest, xylem pressure potential, soil water availability, 09751.
- leaf area density**
canopy reflectance, stem silhouette, vegetation canopy, bidirectional reflectance, 11515.
- leaf area index**
aerodynamic resistance, short rotation stand, canopy resistance, forest, 05942. biomass, plant height, Thematic Mapper, soybean, corn crop, crop yield, USA, Ohio; 11519. crop residue, soil water content, mulch, 13404. data convolution, water vapour flux, canopy, heat flux, 04641. dual frequency scatterometer, surface soil moisture, 11518. Eucalyptus stand, forest, transpiration, stomatal conductance, leaf water potential, India, Karnataka, Puradal; 09582. gap fraction, fractal graphics, tree stand, 03472. heterogeneity, soil moisture, subgrid scale, stomatal resistance, land-atmosphere interaction, 08534. Landsat, soil erosion, vegetation, 12774. pasture, regression equation, vegetation index, 01209. plant, canopy, soil temperature, 03454. rainforest, transpiration, stomatal conductance, Brazil, Amazon; 04439. wheat, corn, water use efficiency, carbon dioxide exchange, photosynthetically active radiation, 09845.
- leaf bud**
endodormancy, peach tree, temperature model, tropical climate, temperate climate, 08530.
- leaf canopy**
reflectance model, 03491.
- leaf external resistance**
Penman-Monteith equation, transpiration, *Ficus benjamina*, stomatal resistance, 03471.
- leaf leachate**
dissolved organic carbon, planktonic microorganism, alpine stream, seasonal variability, USA, Rocky Mountains; 04481.
- leaf litter**
bilberry, litter decomposition, decomposition, nutrient release, Sweden; 08139. decomposition, nutrient input, pH, low alkalinity lake, lake water quality, USA, Massachusetts, Round Pond; Walden Pond; USA, Wisconsin, Little Rock Lake; 00718. eucalyptus, acacia, organic matter, ferrallitic soil, decomposition, Congo; 05554. forest floor, nutrient content, litter, India, Marakkanam Reserve Forest; Puthupet Sacred Grove; 12100. litter decomposition, CENTURY, decomposition, organic matter, USA, Hawaii, Mauna Loa; 13364. litter decomposition, polyphenol, nitrogen, nitrogen mineralization, 12123. litter decomposition, sulphite, carbon dioxide evolution, fungi, pH, 09485. mineralization, rainforest soil, litter layer, Brazil, Pernambuco; 08137. nitrogen content, leaching, leucaena, dactyldenia, nitrogen mineralization, Nigeria; 03126. nitrogen, ammonification, polyphenol-gelatin complex, decomposition, 05576. nutrient content, maple, acid/base status, Canada, Quebec; 14572. nutrient release, maquis, decomposition, Greece; 00533. tree species, nitrogen dynamics, litter decomposition, decomposition, USA, Wisconsin; China; 04365.
- leaf mulch**
Grevillea robusta, *Cassia siamea*, *Gliricidia sepium*, Alfisol, mulching, Kenya, Machakos; 08258.
- leaf photosynthesis**
crop disease, spectroradiometry, field bean, stomatal conductance, 01222.
- leaf reflectance**
physical standard, radiative equivalent water thickness, reflectance spectroscopy, 07571. plant stress, 12793.
- leaf spectral reflectance**
water content, NMR microscopy, 11516.
- leaf spectrum**
chlorophyll, fluorescence, spectra, 15159. LIDAR, fluorescence, omission signature, 15160.
- leaf surface**
urban plant, organic composition, particulate abrasion product, aerosol, 08725.
- leaf water**
cellulose, carbon dioxide, oxygen isotope, palaeoclimate, 14119.
- leaf water potential**
leaf area index, Eucalyptus stand, forest, transpiration, stomatal conductance, India, Karnataka, Puradal; 09582.
- Leahi Formation**
sea level, highstand, Last Interglacial, oxygen isotope substage 5e, Waimanalo Formation, USA, Hawaii, Oahu; 07916.
- leakage**
chemical time bomb, buffer capacity, metal release, estuarine sediment, 12006. finite difference method, computer model, aquifer modelling, groundwater flow, water table rise, mass balance, 00744. sinkhole, karst spring, karst area, lake water level, conceptual model, Turkey, Beyschir Lake; Taurus Karst Region; 00658.
- leakage control**
groundwater quality, drought, groundwater resource, groundwater management, abstraction, UK, England, Brighton; 05852.
- leakage index**
resistivity sounding, groundwater exploration, geohydraulics, hydraulic conductivity index, transmissivity index, Croatia; 13574.
- leakage rate**
groundwater resource, pumping rate, hydraulic head, groundwater contamination, uncertainty analysis, Portugal, Tejo River; Sado River; 02116.
- leakage reduction**
water tariff, water resource planning, water resource development, water use efficiency, demand management, UK; 05856.
- leaky aquifer**
boundary element solution, aquifer parameter, groundwater flow model, multilayer aquifer, 05793. pumping test, finite element analysis, axisymmetric flow, partially penetrating well, confined aquifer, 09692. radial flow, pumping well solution, aquifer parameter, multilayer aquifer, 05792. random leakage, groundwater flow, stochastic analysis, 14723.
- learning**
network, unsupervised training, 04879.
- Leasburg surface**
carbonate horizon, ridge, sandy soil, USA, New Mexico; 06855. pedogenic carbonate, soil characteristics, aeolian soil, carbonate horizon, USA, New Mexico, Rio Grande Valley; 10464.
- least impact algorithm**
resource allocation, planning, heuristic scheduling, 00056.
- least median of squares**
probability, sample size, multiple outlier location technique, elemental set, regression outlier, 02639.
- least median of squares method**
regression, dummy variable, earnings function, resampling algorithm, 07717.
- least median of squares regression**
load balancing, parallel algorithms, regression, sweep line algorithm, 02643.
- least squares**
geodetic technique, engineering surveying, 11392. L1 method, survey network adjustment, weighted residual, 11389.
- least squares adjustment**
horizontal angle observations, 11390.
- least squares analysis**
principal components analysis, residual autocorrelation, recursive algorithm, comparative study, streamflow estimation, France, Saint-Francois River; 04444.
- least squares collocation**
coordinate transformation, 10064.
- least squares method**
flash flood, conceptual model, flood forecasting, rainfall/runoff model, maximum likelihood method, Italy; 05676. probability weighted moments, method of moments, maximum likelihood method, generalised Pareto distribution, estimation method, 05649. statistical overlay, AVHRR, deforestation, Brazil; 07473.
- least squares prediction**
trend model, free air gravity anomaly, Hungary, Pannonian Basin; 13924. uplift rate, vertical crustal movement, Japan, Honshu, Tokai District; 09076.
- leching**
groundwater contamination, sorption, mycotoxin, 12322.
- Leduc Formation**
bitumen, gypsum, anhydrite, nodule, Devonian, Canada, Alberta; 02912.

- Devonian, burial, dolomitization, carbonate platform, Peace River Arch, Canada, Alberta; 02910. diagenesis, burial replacement, dolomite, anhydrite, carbonate platform, Canada, Alberta, Peace River Arch; 11929. dolomitization, cementation, Devonian, reef, Canada, Alberta; 01630.
- lee cyclogenesis**
baroclinic wave, mountain range, cyclogenesis, 04680.
- lee vortex**
Froude number, mesoscale mountain, diurnal variation, Taiwan; 08513.
- lee wave**
abyssal gyre, bedform, mudwave, Atlantic, (South), Argentine Basin; 00436. topography, nonhydrostatic flow, 09912. wave drag, momentum budget, gravity wave stress, UK, England, Lake District; 02243.
- leeward side**
rocky shore, Rosario Formation, Cretaceous, erosion, windward side, Mexico, Baja California, Enrendira; 02988.
- left censored data**
detection limit, hypothesis testing, regression method, multifactorial bioaccumulation study, 11632.
- legality**
boundary line, land owner, 06333.
- legend design**
soil map, cartographic communication, map legend, 01150.
- legendre function**
spherical harmonics, 13923.
- legislation**
butyltin, resuspension, contamination, antifouling paint, France, Aquitaine, Landes, Arcachon Harbour; 06796. groundwater quality, hazard ranking, environmental protection, contaminated land, groundwater protection, 09778. hydrogeology, water quality standard, groundwater protection, groundwater pollution, groundwater monitoring, Europe; 04567. low flow, streamflow, safe yield, groundwater management, groundwater withdrawal, USA, Massachusetts; 00814. nonpoint source, coastal water quality, water quality management, environmental protection, USA, Rhode Island, Cape Cod; 03378. pollution, chemical time bomb, Europe, (Eastern); 11595. river water quality, water quality management, UK; 09779. sediment core, historical record, estuary, coastal sediment, contamination, trace metal, 06787. stormwater management, erosion control, sediment control, USA, Delaware; 11096. surface water quality, forestry, water temperature, bioindicator, water quality monitoring, USA, Washington; 07111. water quality management, lake water quality, nutrient reduction, eutrophication, buffer zone, UK, England, Devon, Slapton Ley; 09766. water quality management, pollution control, biomonitoring, classification scheme, UK, England; Wales; 12248. water quality standard, water quality management, potable water, Europe; 09777. water resource management, water management, flood control, water quality, Netherlands; Hungary; 07146.
- legume**
Chernozemic soil, phosphorus, Olsen phosphorus, fertiliser, crop rotation, Canada, Saskatchewan, Indian Head; 10812. decomposition, litter decomposition, savanna soil, nutrient release, grass, Colombia; 08136. grass, corn residue, denitrification, mineralization, 09491.
- Leica Quantimet 970**
blowout development, aerial photography, erodibility, beach, sand supply, France, Boulogne, Dunes de Slack; 00126.
- leisure industry**
mountain climate, snow cover, ski slope, winter temperature, UK, Scotland; 03436.
- Lempel-Ziv-Welch variant**
data compression, Galileo spacecraft, integer cosine transform, 03695.
- length comparator**
levelling rod, interferometry, 02390.
- length of day**
universal time, atmospheric angular momentum, 15066.
- length scale**
multiscale model, parallel computing, non aqueous phase liquid, numerical model, multiphase flow, 02027.
- Lennard-Jones method**
stratosphere, trace gas, diffusivity molecular, 12595.
- lentic environment**
lotic environment, palaeoecology, Arroyo, Pleistocene, Charophyta, Argentina, Entre Rios, Perucho Verna; 13066.
- lentic hydrosphere**
pond, hydrobiology, physicochemical parameters, lake water quality, India, Bihar, Gaya, Rukmini Sarovar, Visar Sarovar; 02014.
- lenticular gypsum**
buried soil, gypsum, barite pseudomorph, Australia; 06857.
- Leonardian**
periplatform carbonate, cementation, dolomitization, burial, dissolution, diagenesis, USA, Texas, Midland Basin; 13212.
- lepidocrocite**
goethite, iron oxide coating, rice soil, X-ray diffraction, ferrihydrite, USA, Texas, Beaumont; 12047.
- Leron Formation**
climate, molasse, alluvial fan, Umi Fan Formation, tectonic setting, Papua New Guinea, Markham Valley; 01686.
- lettuce**
cover crop, fallow, nitrate loss, USA, California, Salinas; 01856.
- leucaena**
dactyladenia, nitrogen mineralization, leaf litter, nitrogen content, leaching, Nigeria; 03126. soil physical property, soil water content, green manure, Sesbania, India, New Delhi; 12143.
- lence crystal violet**
salinity, salt marsh, mangrove estuary, manganese oxidation, Bahamas, Andros Island; USA, Georgia, Sapelo Island; 10611.
- Levallois technique**
Pleistocene (Middle), terrace deposit, Clactonian industry, oxygen isotope stage 10, Corbets Tey Formation, UK, England, Essex, Little Thurrock, Globe Pit; 06605.
- levee**
floodplain morphology, flood management, channel dynamics, design flood, recurrence interval, China, Yellow River; 00109. Holocene, glacial facies, seismic stratigraphy, continental margin glaciation, Canada, Scotian Rise; Atlantic, Scotian Rise; 09154.
- levee construction**
environmental effect, river regulation, flood hazard, mitigation technique, China, Yellow River; 03963. riparian ecosystem, stream habitat, environmental management, river regulation, channelisation, USA, Illinois; 09773.
- levee deposit**
depocentre, Cretaceous, sedimentation, submarine fan, Colombia, Cordillera Oriental; 01716.
- levee system**
wetlands, urban water, sewage lagoon, pollutant trap, 02608.
- levelling**
crustal movement, fold zone, tectonic, Japan, Akita, Yoneshiro River; 15131. datum, tidal datum, USA, Florida; 06306. fault, 02473. geodetic levelling, heighting, UK; 15070. GPS height, geoid, tide gauge, height datum, Australia; 11395. GPS positioning, continental crust, geoid height, France, Alpes-Maritimes; 08773. network, tide gauge, geodetic activity, Australia, South Australia, Port Stanvac; Thevenard; 04858. temperature correction, Germany, Lower Saxony; 08774. tilt, subsidence, ground deformation, magma chamber, Mexico, Colima Volcano; 12961. undulation, GPS, measurement, Japan, Shikoku; 15071. vertical movement, Eemian sediment, neotectonics, river capture, France, Alps, Isere River Valley; 06478.
- levelling data**
earthquake, palaeoseismic record, aseismic growth, San Andreas Fault, uplift, USA, California, Durmid Hill; 02696.
- levelling network**
geodetic network, triangulation network, geodetic astronomy, Italy; 03675. optimisation modelling, quadratic programming, 11391. sea level, vertical datum, Slovenia; 13938.
- levelling rod**
interferometry, length comparator, 02390.
- liability**
offshore, surveyor, 04827.
- Liapunov method**
symmetric stability, Fjortoft's stability theorem, 00822.
- Lias**
glass industry, dolostone, chert, Italy, Venetian Alps, Piave Valley, Feltre; 01646.
- Liassic strata**
instability, numerical modelling, failure surface, geometrical simulation, coastal cliff, UK, Wales, Glamorgan; 06517.
- Libby Formation**
calcite, Proterozoic, ooid, aragonite, USA, Montana, Libby; 02905.
- librarianship**
depository programme, map library, 04905.
- library**
GIS, map librarianship, digital map, 04903. well log, directory, geoscience, USA; Canada; 03946.
- library design**
map archive, 11439.
- lichen**
bioindicator, pollution, coal power station, Spain, Leon, La Robla; 15030. biomonitoring, pollution monitor, element concentration, Finland; 11341. biomonitoring, trace metal, Italy, Pistoia; 11332. chlorinated hydrocarbon, vegetation, boundary layer, moss, Germany, Ulm; 03616. cryptogram, mineral substrate, chemical weathering, exfoliative weathering, biological interaction, 12937. karst, micromorphological approach, calcareous lichen, biokarst erosional agent, 07820. moss, biomonitoring, particulate pollutant, exploration work, niobium mineralization, Greenland; 07374. regional mapping, fallout, Chernobyl nuclear accident, caesium-137, moss, Norway; 02589. seawater, radioactivity level, fallout, moss, Antarctica, Livingston Island; 08981.
- lichen heath**
pasture, reindeer grazing, SPOT XS satellite data, Finland, Lapland, Enontekiö; 07603.
- lichenometric dating**
Little Ice Age, impact landform, snow avalanche, palaeoclimate, Norway, Breheimen; 14297. outwash, patterned ground, marine terrace, raised beach, Quaternary geology, moraine, Antarctica, West Antarctica, Trinity Peninsula, Hope Bay; 10523. radiocarbon dating, Holocene, glacier variation, mudflow, Kirghizia, Tian Shan, Aksay Valley; 10516.
- lichenometric evidence**
Neoglacial advance, Little Ice Age, Holocene, moraine chronology, Svalbard, Spitsbergen; 01520.
- lichenometry**
dating method, debris flow dating, dating, sampling design, microhabitat, Chile, San Rafael Glacier; 10425. glacial variation, climate change, Little Ice Age, ELA, Iceland, Trollaskagi Peninsula; 06553. Little Ice Age, avalanche landform, modelling, Holocene, snow avalanche, Norway, Jostedal; 02830.
- lidar**
absorption, atmosphere, 10168. aerosol layer, volcanic aerosol, Japan, Hokkaido, Wakkanai; Philippines, Mount Pinatubo; 11482. aerosol, optics, extinction coefficient, multiple scattering, scattering, 13652. air quality, meteorology, Doppler, sodar, 12748. atmospheric density, temperature, 12733. backscatter, depolarisation, ice crystal, 13998. backscatter, multi-wavelength profile, aerosol backscatter, New Zealand, Lauder; 15011. blocking filter, temperature, pressure, aerosol, 02450. calibration curve, backscatter, smoke cloud, 10173. cloud cover, ozone dataset, meteorological bias, 11284. deposition, dispersion, spraying, 10143. fluorescence, omission signature, leaf spectrum, 15160. geometrical property, optical property, troposphere, cloud, Antarctica, Dumont d'Urville; 04927. nocturnal atmosphere, aerosol vertical distribution, stratification, boundary layer, 11483. nonlinear count, photon counting, 10097. orchard, coherent structure, 09846. passive remote sensing, chlorophyll, fluorescence, vegetation canopy, 15173. plume height, range data, wind speed, 10160. radar, gravity wave, stratosphere, troposphere, 14851. radiative transfer, atmosphere, 12753. radiosonde, boundary layer thickness, comparison, 14860. sea breeze, ozone, layers aloft, USA, California; 03627. spaceborne lidar, planetary boundary layer, global climate model, 01074. sporadic iron layers, structure, seasonal variability, mesosphere, iron, USA, Illinois, Urbana; 06038. stable

- stratification, nocturnal structure, aerosol profile, India, Pune; 03470. stratosphere/troposphere exchange, gravity wave, 14914. stratosphere, climatology, ozone, USA, California, Table Mountain; 01033. stratosphere, temperature analysis, rocketsonde, 00828. volcano, aerosol layer, Philippines, Pinatubo Mountain; 03614. volcano, extinction coefficient, optical thickness, aerosol cloud, Northern Hemisphere, Philippines, Pinatubo Mountain; 03613. water vapour, measurement, 12414.
- lidar calibration**
Lambertian wall, depolarisation, wall surface, 10095.
- lidar data**
Kalman Filter, assimilation, wind, 00916. optical depth spectrum, particle size distribution, radiative effect, Philippines, Mount Pinatubo; 11329.
- lidar detection**
aerosol, twilight observation, aerosol, volcanic eruption, China, Beijing; Philippines, Mount Pinatubo; 11331.
- lidar experiment**
atmospheric backscatter, balloon borne lidar, 08752.
- lidar inversion technique**
aerosol, backscatter coefficient, stratosphere, ozone, 09965.
- lidar mapping**
stratosphere, particle layer, 12726.
- lidar measurement**
aerosol, liquid droplet, stratosphere, Svalbard, Spitsbergen; 11317. aerosol, ozone retrieval, stratosphere, Philippines, Mount Pinatubo; 10020. aerosol, ozone, retrieval algorithm, stratosphere, Philippines, Mount Pinatubo; 10021. aerosol, stratospheric backscatter, 06061. cloud, backscatter, opacity, ocean surface, carbon dioxide, 14804. fractal geometry, geophysical field, radio altimetry, spectral albedo, soil moisture, radar backscattering, 07470. stratospheric aerosol, aerosol backscattering, volcano, Pacific; 07527.
- lidar network**
cirrus experiment, cloud depth, optical thickness, 05986.
- lidar observation**
ice crystal, middle latitudes, mesopause, noctilucent cloud, 13763. mesosphere, sodium layer, gravity wave, Antarctica; 13700. troposphere, stratosphere, 09893.
- lidar performance**
atmosphere, turbulence, 04935.
- lidar scan**
mixed layer, coastal zone, rawinsonde, balloon sounding, Israel; 02132.
- lidar signal**
atmospheric backscatter, 01086. return signal, topographic target, diffuse target, pulse, 10094.
- lidar system**
aerosol monitoring, rural area, three dimensional, scanning lidar, Greece; 10164.
- life cycle analysis**
disaster management, environmental management, sustainability, risk assessment, environmental impact assessment, 07664.
- lifestyle profiling**
health service, spatial analysis, GIS, UK, England, West Midlands, Walsall; 08965.
- lifetime**
atmospheric carbon dioxide, ocean carbon cycle model, carbon cycling, excess carbon, 11616. eigenstates, atmospheric chemistry, methane response time, 14977. oxygen, nitrous oxide, chlorine, absorption, solar radiation, 01029. production, release, HCFC-22, 04757. troposphere, rate constant, hydroxyl radical, HCFCs, HCFC-22, 14967.
- lifetime variation**
methane model, emission, 13811.
- lifted temperature minimum**
clear sky, temperature inversion, night time, model, 04624.
- ligand**
mineral surface, sulphate, heavy metal adsorption, cadmium, goethite, 03143. oxidation, fog water, sulphur dioxide, iron (II), 08677.
- ligand adsorption**
groundwater quality, organic compound, oxide/water interface, stoichiometry, adsorption, 00728.
- ligand competition**
iron, organo-metal complex, fulvic acid, organic waste, 06822.
- light**
inhibition, nitrification, ammonia, wastewater reservoir, 03258.
- light attenuation**
continental shelf, armouring, settling, suspended sediment, bed stress, resuspension, USA, California; 14416. dissolved organic matter, fluorescence, yellow substance, Atlantic, (North), Skagerrak; Kattegat; 01244. phytoplankton, scattering, absorption, glass fibre filter, 06645. turbid layer, anoxic zone, continental slope, Black Sea; 11967. vegetation growth, surface water quality, estuary, dissolved inorganic nitrogen, phosphate, suspended sediment, USA, Maryland, Chesapeake Bay, Choptank River; 03255.
- light beam**
sea wave, air/sea interface, theory, scattering, 00887.
- light carbon**
lake biochemistry, phytoplankton, carbon fixation, dark carbon, Israel, Kinneret Lake; 03239.
- light climate**
vertical mixing, photosynthesis, lake, phytoplankton, 04467.
- light diffraction**
grain size analysis, clay particle, laser diffraction, texture, 11870.
- light extinction**
aerosol, visibility, scattering coefficient, extinction, USA, Washington, Mount Rainier National Park; North Cascades National Park; 11315.
- light field**
water body, radiance reflectance, stratified two flow model, radiative transfer, 14079.
- light penetration**
interglacial sediment, carbonate, opal, productivity, sea ice, Arctic Ocean, Fram Strait; 02969.
- light pulse**
turbid medium, seawater, 03419.
- light scattering**
aerosol dynamics, volcanic plume, 08707. aerosol, theoretical study, relative humidity, 07367. cloud condensation nuclei, sulphate, aerosol, measurement, Atlantic; 04599. microstructure, ocean suspension, biological particle, 04993. remote sensing, climate implication, non spherical particle, 13674. wave propagation, reflectance spectroscopy, thermal emission, linear polarisation, 07417.
- light scattering coefficient**
thermodynamic modelling, laboratory measurement, deliquescence humidity, ammonium, sulphate, 11326.
- light source**
trace gas, moon, stratosphere, FTIR, polar night, Arctic; 12575.
- light transmission**
sea ice, ultraviolet, Antarctica; 12835.
- light-vegetation interaction**
stochasticity, vegetation, canopy, 03488.
- lightning**
aerial allsorts, 13673. ball lightning, colour photograph, thunderstorm, Austria; 09804. ball lightning, polymer formation, 00841. Blizzard (1993), cloud-to-ground lightning, USA, (East); 02161. climate change, paleosol, Neolithic, fulgurite, palaeoenvironmental significance, Niger, Sahara; 01527. electrical field, thunderstorm, Maxwell, middle atmosphere, current density, 14826. electrical field, upward streamer, artificial triggering, 14828. middle atmosphere, 07195. planetary lighting, 07191. polarisation radar, ice particle, winter, thundercloud, radar echo, 05987. rainband, radar echo, Atlantic, Gulf Stream; USA, North Carolina; 02159. return stroke model, 11124.
- lightning ablation**
ball lightning, Austria, Perg; 05888.
- lightning current**
electromagnetic field, Diendorfer-Uman model, 07190.
- lightning data**
thunderstorm, surface reporting station, network, USA; 00842.
- lightning detection**
wildland, fire, mountain, Mexico, Baja California; 07208.
- lightning detection network**
peak current, current calibration, USA; 07189.
- lightning discharge**
hydrodynamic model, chemical rate equation, nitric oxide production, 07349. thunderstorm, cloud-to-ground lightning, Nepal, Kathmandu; 00840.
- lightning flash**
channel base current, triggered lightning, USA, Alabama; Florida; 11122. dielectric constant, Earth surface, electricity, point charge, 11123. thunderstorm, electrical field, charge, precipitation particle, electrification, 05889.
- lightning HF radiation**
return stroke, ground flash, electrical field, stepped leader, Sri Lanka; 11121.
- lightning process**
electrical field, cloud-to-ground-lightning, physical process, triggered lightning, 04596.
- lignin**
carbohydrate, coniferous forest, biodegradation, forest soil, Germany, Bavaria; 12105. carboxylate, humic acid, algae, free radical, Aegean Sea; 09331. cellulose, earthworm processing, decomposition, mineralization, Octolasion lacteum, 01831. diagenesis, lake sediment, carbon isotope, biomarker, pigment, 02937. GC determination, organic matter, gas chromatography, oxidation, 09251. hydroxybenzoic acid, palaeovegetation, coalification, phenol, thermal maturation, Indonesia, Borneo, Mahakam Delta; 01657. organic matter, litter decomposition, pine, needle litter, 04354. plant leachate, humic substance, biomarker, fulvic acid, bog, 10782.
- lignin-guano compost**
clay soil, soil structure, soil amendment, soil rheology, Russian Federation, Central Amur Lowland; 12042.
- lignite**
colloidal lignite, humic acid, aggregate stability, 10832. humus, mine soil, nitrogen, Spain, Meirama; 05607. mine spoil, soil water retention, coal, USA, North Dakota; 04356.
- lignite mine**
humic molecule, humification, mine soil, Spain, Meirama Lignite Mine; 08140. mine soil, soil physical property, soil chemistry, Spain, Galicia, Meirama Lignite Mine; 08191.
- lignite mine soil**
soil reclamation, mine soil, phosphorus, Spain, Meirama Lignite Mine; 06905.
- lignosulfonate**
nitrate, urea hydrolysis, calcium lignosulphonate, nitrification inhibition, 09494.
- lignosulphonate**
adsorption/desorption, surface energy, phosphate, 10760. carbon dioxide evolution, nitrogen dynamics, fertiliser, 03127. diammonium phosphate, ammonium lignosulphonate, phosphate, fertiliser, 03139.
- Liguro-Provencal front**
sedimentation, geostrophic front, fluorescence, organic matter, lipid, Mediterranean Sea, Ligurian Sea; 04167.
- likelihood function**
numerical conversion, significance, exponential model, cubic spline, transformation model, numerical conversion, 02642.
- likelihood ratio**
confidence interval, Brownian motion, graphical technique, change point, 07718.
- limb darkening model**
ERBE scanning radiometer, along track scanning, 13920.
- limb emission**
FILOS, hydroxyl radical, upper atmosphere, 09991. mesosphere, middle atmosphere, carbon monoxide, 03560.
- limb emission measurement**
radiative transfer, retrieval method, atmospheric composition, 05875.
- limb emission spectra**
vertical profile, trace gas, ozone chemistry, retrieval, Arctic; 09987.
- limb scanner**
water vapour, methane, aircraft data, stratosphere, HALOE observations, 03561.

- limb sounder**
Michelson Interferometer, passive atmospheric sounding, Fourier transform spectrometer, atmospheric emission, 07720.
- limb sounding**
stratosphere, nitrogen dioxide, 03554. water vapour, mesosphere, 04583.
- limber pine**
pack rat middens, Last Glacial/Interglacial cycle, stomatal density, *Pinus flexilis* needle, carbon-13/carbon-12 ratio, USA, Great Basin; 11612.
- limbscan observation**
Salyut-7, ozone, mesosphere, 14975.
- lime**
fire, soil respiration, nitrogen mineralization, phosphate fertiliser, Australia; 08148. gypsum, soil solution chemistry, acidic soil, 14571. gypsum, soil water content, freeze/thaw, soil stability, aggregate stability, 05597. pulverized fly ash, clay material, road construction, stabilisation, 07733. soil amendment, sodic soil, soil management, gypsum, Australia, New South Wales, Murray-Darling Basin; 10731. soil management, soil sodicity, sodic soil, dispersive soil, gypsum, Australia, South Australia; 10730.
- lime mud**
continental shelf, continental slope, carbonate, clay, grain size, Indian Ocean, Indian Continental Shelf; 03001.
- lime precipitation**
Natraqualf, soil salinisation, grazing, calcium carbonate, Argentina, Pampa; 04377. Phaeozem, Luvisol, clay illuviation, decalcification, Germany, Rheinhessen, Mainz Basin; 10770.
- lime residue**
piggery effluent, soil water quality, struvite, phosphorus leaching, effluent treatment, 13627.
- limestone**
acid rain, buffering capacity, weathering, stone degradation, wet deposition, 05143. alteration intensity, landscape history, carbonate weathering, arid soil, Somalia, Darror Valley; 03103. Aptian, Albian, bottom current, diagenesis, marl, France; 09293. atmospheric weathering, microanalysis, 14139. atoll, phosphate, apatite, Pacific, Tuvalu Archipelago; 13247. bryozoan, aragonite, shelf carbonate, cool water setting, Australia, South Australia, Lacedpede Shelf; 01722. burial diagenesis, cement, twinning, crystal shape, calcite crystal, lamella, 06680. calcite, dolomite, diagenesis, micrite, Cretaceous, 06688. carbonate shelf, Jurassic, Adnet limestone, Ammonitico Rosso, hardground, Turkey, Ankara; 09352. Carboniferous, ooid, volcani-clastic sand, carbonate bank, USA, California; 05447. Carboniferous, ostracod, spirorbid, palaeogeography, palaeoenvironment, UK, Scotland, West Lothian, East Kirkton; 10636. cave, conservation, karst, agricultural impact, UK; 06529. chert, dolomite, pyrite, petrography, diagenesis, New Zealand, North Island, Marlborough; 02904. clay, porosity, compaction, pressure solution, stylolite, 09366. concave slope, rock mass, slope form, geotechnical property, Australia, Western Australia, Napier Range; 04045. depositional environment, Ordovician, Mesozoic, Thailand, Tak-Mae-Sod; 05427. dissolution, aquifer, karstification, Lincolnshire Limestone Formation, petroleum reservoir, UK, England; 13202. dolomite, weathering, mineralogy, calcareous soil, clay mineral, Italy, Tuscany; 09461. frost resistance, freezing, durability, permeability, France, Lorraine; 05351. hydrogeochemistry, karst aquifer, dissolution rate, fracture flow, cave development, 14725. Jura, karst landscape, Germany, Franconian Jura; 09131. Jurassic, lower Liass, carbonate, rhythmic sedimentation, cyclothem, Slovenia, Krka, Lofar; 01610. luminescence, Silurian, stromatolites, diagenesis, cement, Canada, Quebec, Gaspé Peninsula; 13207. Muschelkalk, avalanche, rock fall, Germany, Partnach Gorge; 07812. Nannococcus, Marnes bleues Formation, Cretaceous, diagenesis, peridotite, France; 09290. nodule, Mesozoic, seamount, flint, Japan, Hokkaido, Chirai; 08007. petroleum, Funabuseyama Formation, Chihisa Formation, diagenesis, organic matter, China; Japan; 10622. Pleistocene, calcarenite, aeolianite, rainstorm, fenestra, Bahamas, Great Bahama Bank, Eleuthera; San Salvador; 07969. pollution, sulphur dioxide, stone deterioration, erosion rate, 03629. sea level, dolomite, tidal flat, Ordovician, Platin Group, depositional environment, USA, Missouri; 13198. seamount, bottom current, submersible observation, Miocene, manganese nodule, Pacific, Tenpo Seamount; 10597. sedimentation, Tithonian, Berriasian, manganese, isotope, France, Alpes de Haute-Provence; Ardeche; 01680. Triassic, algae, Getic Domain, Sasca Formation, Romania, Carpathians, Sasca; 11974. tuff, diagenesis, volcanics, East Kirkton Limestone, Carboniferous, UK, Scotland, West Lothian, East Kirkton; 10581.
- limestone application**
acidity remediation, Ultisol, Oxisol, corn, aluminium, gypsum application, Malaysia; 05564.
- limestone aquifer**
cavity, sinkhole collapse, regolith, pumping, USA, Illinois, Union County, Dongola; 11767.
- limestone bed filtration**
potable water quality, iron removal, groundwater quality, ferruginous groundwater, Egypt, Cairo; 05810.
- limestone cave**
phreatic passage, vadose shaft, clastic cave sediment, cave development, Australia, New South Wales, Bungonia; 00155.
- limestone clast**
morphometry, glacial deposit, slope debris, clast shape, Italy; 09124.
- limestone drainage basin**
saturation index, calcite precipitation, calcium carbonate, lake water chemistry, Japan, Honshu, Yamaguchi, Ube-shi, Ono Lake; 00725.
- limestone facies**
sea level, water table variation, karstic evolution, continental shelf, eustacy, France, Gironde, Entre-deux-Mers; 07824.
- limestone karst**
groundwater discharge, hydrochemistry, spring, karst aquifer, tracer test, Cretaceous limestone, Germany, Northrhine-Westphalia; 00756.
- limestone quarrying**
quarrying, anthropogenic impact, karst terrain, 06536.
- limestone terrain**
pseudokarst, karst, speleology, evaporite, Italy, Sicily; 13017.
- limestone treatment**
forest catchment, drainage water quality, acidification, surface water quality, runoff water quality, UK, Wales, Uyn Brienne; 09750.
- limestone waste**
heavy metal, agricultural limestone, mining waste, UK, Wales; 00596.
- liming**
acid rain, pine forest, soil acidification, forest soil, heavy metal, Norway, Amlí; 13384. acidification, phytoplankton production, phosphorus, lake water quality, zooplankton, coastal lake, Sweden; 02018. boron, acidic soil, alluvial soil, organic matter application, 06904. cadmium, heavy metal, Croatia; 03171. crop rotation, soil chemical property, tillage, nutrient availability, organic carbon, USA, Illinois; 12152. fertilisation, trace element, heavy metal, orchard soil, USA, Florida; 04403. fish survival, acidification, lake restoration, UK, Scotland, Loch Fleet; 13569. forest decline, calcium, microbial biomass, 09528. forest decline, soil acidification, nitrate leaching, Germany; 09410. gypsum, soil ripping, Solonetz, soil amelioration, crop yield, Canada, Alberta, Peace River Region; 09509. humus, incubation, forest soil, sulphur mineralization, Sweden; 08171. lake restoration, catchment comparison, fish survival, acidification, environmental impact, UK, Scotland, Loch Fleet; 13570. lake restoration, fish survival, acidification, sampling programme, UK, Scotland, Loch Fleet; Scandinavia; 13566. lake water quality, soil acidity, calcium, soil amelioration, UK, Scotland, Loch Fleet; 09476. land use effect, lake water chemistry, acidification history, alkalisation, acidic deposition, Sweden; 05755. leaching, podzol, organic carbon, soil respiration, humus, Sweden; 12106. nitrate leaching, soil solution, pine forest, fertiliser, 13419. nitrification, trace metal, acidification, aquatic organism, lake recovery, Italy, Orta Lake; 02022. nutrient balance, fertiliser, Hungary; 10722. pH, nitrate leaching, nitrogen mineralization, nitrification, fertiliser, 01852. phosphorus, ranker, acidic soil, litter decomposition, organic matter, Spain; 01829. pine forest, forest floor, fertiliser, 13418. pine, Douglas fir, oak, nitrate leaching, nitrogen mineralization, 00546. soil acidification, trace metal, metal solubility, abandoned land, 12110. soil amendment, Oxisol, Haplustox, sulphate adsorption, sulphur, crop residue, Brazil, Cerrado Region; 12135. soil amendment, soil chemistry, amelioration, Sweden, Kronoberg County; 08195. soil chemical property, microbial biomass, carbon, nitrogen, humus layer, spruce, 14573. soil microorganism, soil mesofauna, hexosamine, amino sugar, forest soil, Germany, Lower Saxony, Solling; 01875. soil water quality, acidification, surface water quality, land drainage, acidic soil, 07016. subsoil acidity, oxisol, soil amelioration, leaching, root growth, acidic soil, Brazil, Amazon Basin; 00539. sulphate, acidic soil, gamma irradiation, soil sterilisation, ammonium, 08173. surface water chemistry, moorland pool, acidification, alkalinity, Netherlands, Ven bij Schaijk; Padvindervsen; 14637. water pathway, pre-event water, isotope hydrology, catchment hydrology, lake restoration, UK, Scotland, Loch Fleet; 13568. water pathway, residence time, lake restoration, hydrological investigation, UK, Scotland, Loch Fleet; 13567. water quality monitoring, fish survival, acidification, lake acidification, lake restoration, UK, Scotland, Loch Fleet; 13565. zinc sulphate application, zinc, kaolinitic soil, soil texture, peanut, USA, Georgia; 04406.
- liming design**
adverse effect, terrestrial ecosystem, acidic deposition, water chemistry, UK, Scotland, Loch Fleet; 08980.
- liming material**
calcium carbonate, pH, coal combustion, enzyme activity, fly ash, 14570. soil water chemistry, soil amelioration, peat acidification, 00510.
- limit load**
translational failure, limit state analysis, plasticity, 02712.
- limit state analysis**
plasticity, limit load, translational failure, 02712.
- limited area**
grid point model, hybrid vertical coordinate, primitive meteorological equation, semi Lagrangian, semi implicit, 02212.
- limited area domain**
multidimensions, local minimum, aliasing method, 08596.
- limited area grid point model**
nested simulation, general circulation model, January climate, nested simulations, Australia; 11213.
- limited area model**
boundary conditions, sensitivity, 08593. flux form, vertical mode initialisation, 00899. monsoon, forecast, tropical weather event, 02316. theoretical invariant, spin up, rainfall amount, 11254. time-dependent boundary conditions, shallow water equation, spectral technique, fast Fourier transform, advection, 06413.
- limiting behavior**
time dependent flow, slope wind, katabatic flow model, 00984.
- limiting dilution assay**
score test, single hit, Poisson model, 02634.
- limiting equilibrium**
slope stability, stability analysis, embankment slope, 11737.
- limiting factor**
phosphorus, dinoflagellate, red tide bloom, reservoir water quality, Japan, Gifu Prefecture, Shimokotori Reservoir; Nava Prefecture, Asahi Reservoir; Japan, Wakayama Prefecture, Goukawa Reservoir; 09678. trophic status, lake water chemistry, phosphorus, remediation, detergent, Italy; 02021.
- limnological change**
Younger Dryas, climate change, pollen, diatom, chironomid fossil, Canada, Nova Scotia, Brier Island Bog Lake; 01522.
- limnological history**
varved sediment, Medieval Warm Period, Little Ice Age, Holocene, climate cycle, USA, Minnesota, Clearwater County, Elk Lake; 02806.
- limnological research**
aquatic ecosystem, humic substance, mercury, acidification, fishery, Finland, Evo; 04463.
- limnological study**
Thematic Mapper, chlorophyll pigment, Brazil, Barra Bonita reservoir; 03822.
- limnology**
algae, zooplankton, lake water chemistry, Glenodinium sanguineum March, Italy, Trentino, Lake Tovel; 01962. eutrophication, nutrient, reservoir, phosphorus, 10982. GPS, GIS, charting, environment, 15194. hydrobiology,

- lake water chemistry, thermal regime, salinity, salt lake, Mongolia; 09623.
lake conservation, lake water quality, lake management, land use effect, anthropogenic impact, Africa, (East), Malawi Lake; Victoria Lake; Africa, (East), Tanganyika Lake; 09670. lake ecology, lake water quality, water quality monitoring, North America, Great Lakes; 08383. lake process, reservoir, anthropogenic impact, 06979. man made lake, phytoplankton, reservoir, trophic status, nutrient load, Italy, Sardinia; 01968. mixing, bathymetric map, heat exchange, morphometry, lake, Italy; 01958. nutrient, phytoplankton, lake water quality, UK, Northern Ireland, County Tyrone; 03302. reservoir, algal community, phytoplankton, eutrophication, lake, Italy, Lake Iseo; Lake Garda; Italy, Veneto; Italy, Friuli; Italy, Trentino; 01963. rice field, zooplankton, heleoplankton, microbial community, lake water chemistry, Italy, Po Plain; Appenines, Lake Santo Parmense; 01964. sedimentation, seston, mathematical model, mineralization, eutrophic reservoir, Spain, Malaga, Marbella; 03019. trace element, heavy metal, surface water quality, literature survey, Italy; 01988. trophic level, lake water chemistry, phytoplankton, alpine lake, Italy, Lake Maggiore; Lake Lugano; Italy, Lake Como; Italy, Lake Iseo; Italy, Lake Garda; 01960. trophic level, zooplankton, lake protection, volcanic lake, Italy, Latium; 01966. water resource management, biota, atmospheric deposition, trophic level, Italy, Umbria, Lake Trasimeno; 01965. wetlands, ecotone, river bioproductivity, floodplain, fringe floodplain, Argentina, Parana River; Paraguay River; 05700.
- limnomorpholithogenesis**
lacustrine morpholithogenesis, glacial relief, height zonality, Russian Federation, Great Caucasus; 11680.
- LIMS data**
wintertime, autumn, nitric acid, stratosphere, 07351.
- Lincolnshire Limestone Formation**
petroleum reservoir, limestone, dissolution, aquifer, karstification, UK, England; 13202.
- lindane**
HCH, bioisomerisation, pesticide residue, HCB, 04416.
- line**
node, plane figure, 10083.
- line by line method**
nitric oxide, photolysis, stratosphere, mesosphere, thermosphere, 09992.
- line follower**
linear structure, tracing algorithm, road tracking, 07477.
- line generalisation**
cartographic line, Douglas-Peucker algorithm, 01151.
- line plume**
ice cap, density interface, crack opening, laboratory experiment, negatively buoyant, 12463.
- line segment tracking**
thematic map, raster data, 01130.
- line simplification**
simplification, cartography, shape feature, 15108.
- lineament**
digital elevation model, regional tectonics, geothermal exploration, Mexico, Puebla, Los Humeros; 08870. lineament extraction system, directional segment detection algorithm, shaded relief image, 14009. morphostructural analysis, structural control, drainage network, France, Alpes de Haute Provence, Plateau de Valensole; 07786. morphostructural unit, isobase map, hydrogeology, morphotectonic map, Israel, Arava Graben; 03983. morpho-tectonic unit, remote sensing, morphostructure, Brazil, Santa Catarina; 11498. radar, African Shield, fault, Cameroon, Mandara; 15133. remote sensing, Fold Belt, megascopic, MSS, SLAR, Nigeria, Okemesi; 02480. river valley, geological spatial analysis, seismic foci, digital elevation model, USA, Washington, Nisqually River; 03764. SPOT, wetlands, hydrological regime, water dispersal, Botswana, Okavango Delta; 08891. subsidence, coal field, geological interpretation, India, Bihar, Jharia; 03756. tectonic lineament, geophysical data, Norway, Finnmark; Barents Sea; Russian Federation, Kola Peninsula; 02472. tectonic map, fault zone, geological map, Greece, Kalamata; 03771.
- lineament analysis**
digital elevation data, Lambertian reflection model, shaded relief, 03766. digital topography, TM image data, petroleum exploration, 03761. lithology discrimination, structural interpretation, petroleum exploration, three dimensional computer modelling, USA, Utah, Paradox Basin; 03762.
- lineament extraction system**
directional segment detection algorithm, shaded relief image, lineament, 14009.
- lineament network**
mineral deposit, seismicity, Bulgaria, Rhodope Mountains; 08860.
- lineament orientation**
Charlevoix astrobleme, airborne SAR, tectonic block, Canada, Quebec, Saguenay; 03768.
- lineament patterns**
surface structure, subsurface structure, Egypt, Aswan, Lake Nasser; 15134.
- lineament study**
fault system, basement lens, atlastic orogeny, Morocco, High Atlas; 11497.
- linear alkyl benzene sulphonate**
toxicity test, species sensitivity, risk analysis, 07692.
- linear analysis**
turbulence modelling, river breeze, boundary layer, Brazil, Amazon; 13685.
- linear discrimination**
textural difference, soil cover, crop cover, image processing, 14017.
- linear dune**
postdeposition modification, sand ridge, weathering, chronology, Australia, Western Australia, Kimberley; 09059. wind regime, sand sea, geomorphology, dune, Namibia, Namib Desert; 04162.
- linear eddy**
mixing, stratus, entrainment, 11243.
- linear element**
geological lineament, Hough transform, extraction, 02481.
- linear feature**
satellite imagery, neural network, edge, 12691.
- linear feature enhancing**
Fourier spectrum, directional filter, 07478.
- linear gravity theory**
gravity wave, Antarctica; 03514.
- linear inverse modelling**
sea surface temperature, principal oscillation pattern, El Nino, prediction model, Pacific; 04658.
- linear mapping**
mapping, nearest neighbour, 02409.
- linear mixture**
fuzzy membership, land cover, 12685.
- linear mixture modelling**
crust formation, gypsum, Thematic Mapper, Tunisia; 11502.
- linear model**
complexity, hydrograph, rainfall/runoff model, 05681. dynamic graphics, regression, nested model, ARES plot, 09009. lateral forcing, equatorial perturbation, 00931. tropical atmosphere, deforestation, runoff, 02188.
- linear moment**
flood frequency analysis, flood frequency group, regional flood frequency, catchment characteristics, New Zealand; 00645. regional flood frequency, variance, skewness, kurtosis, flood frequency analysis, New Zealand; 00643.
- linear perturbation model**
flow forecast model, seasonal variability, flow routing, rainfall/runoff, China, Yangtze River; 14607.
- linear polarisation**
light scattering, wave propagation, reflectance spectroscopy, thermal emission, 07417. wheat canopy, Fresnel reflection equation, 07590.
- linear prediction method**
coastal setback, shoreline position, historical data, USA, Texas, Gulf Coast; North Carolina; 00116.
- linear programming**
optimal design, deformation monitoring, 01109. optimisation, groundwater management, 09762. rainfall/runoff relationship, computer model, hydrograph, unit hydrograph, 09586. rural unemployment, land use modelling, GIS, 01141.
- linear programming model**
fertiliser application, groundwater quality management, agricultural practice, nitrate reduction, leaching control, UK, England; 12371.
- linear regression**
canopy cover, acacia, woodland, TM, SPOT, Sudan, Kassala Province; 02511. confined aquifer, barometric efficiency, hydraulic head, pumping test, water level fluctuation, Clark's method, 02058. entropy measure, Bayesian context, generalised entropy measure, regression experiment, 03917. forecast, spring, rainfall, Brazil; 14928. regression model, quadratic regression, groundwater quality, landfill site, USA, Michigan, Kalamazoo County; 09714.
- linear response**
earthquake site response, soil profile, nonlinear response, 04021. tropical forcing, Rossby wave source, 00951.
- linear scarp**
alluvial fan, anticlinal structure, gravity data, national high altitude photography, USA, Nevada, Newark Valley; Railroad Valley; 03763.
- linear smoother**
regression spline, principal components analysis, instrumental variable, univariate spline transformation, multivariate analysis, 03925.
- linear spectral mixture modelling**
land degradation, soil erosion, Mediterranean environment, Mediterranean; 14015.
- linear structure**
tracing algorithm, road tracking, line follower, 07477.
- linear study**
heating, orography, easterly airstream, Australia; 07272.
- linear theory**
monsoon disturbance, intraseasonal oscillation, teleconnection, blocking, storm track, 00941.
- linear time algorithm**
Delaunay triangulation, surface morphology, TIN model, 11425.
- linear trend**
water quality, nonlinear trend, trend test, 05114.
- linear unsteady wave**
mountain wave, unsteady wave, gravity wave, 05966.
- linear warming trend**
global warming, retreat, glacier, sensitivity, 11860.
- linearisation**
moist diabatic process, adjoint model, tangent linear model, 08592.
- linearised equation**
Schmidt decomposition, barotropic equation, orthogonormal mode, 11201.
- liner thickness**
compacted soil liner, stochastic model, 11704.
- linguistic data**
GIS, Atlantic; 10111.
- linguistic theory**
map use, modality, cartographic message, 01156.
- linguistics**
map language, 02441.
- link characteristic**
link characteristic, soil erosion model, flow path, 13440. soil erosion model, flow path, link characteristic, 13440.
- LINKAGES model**
decomposition, forest soil, litter quality, nitrogen mineralization, litter decomposition, USA, Colorado, Rocky Mountains; 00531.
- Linne, C.**
phytphenology, climate change, phenology, Europe; 11269.
- lipid**
alcohol, hydromorphic soil, Podzol, 00535. biogeochemistry, seasonality, river sediment, PAH, peat, Arctic Ocean, Mackenzie River Estuary; Beaufort Sea; 01678. carboxylic acid, organic matter, fatty acid, bacteria, Southern Ocean; 04228. deep sea sediment, organic matter, water column, Atlantic, Porcupine Abyssal Plain; 14432. kerogen, isotope analysis, bacteria, carbon isotope, evaporite, France, Alsace, Mulhouse; 05410. ketone, aldehyde, organic matter, sulphur, diagenesis, 06720. Liguero-Provençal front, sedimentation, geostrophic front, fluorescence, organic matter, Mediterranean

- Sea, Ligurian Sea; 04167. organic contaminant, water quality monitoring, semi permeable membrane device, 09650. organic matter, diagenesis, humin, protein, carbohydrate, 01654. organic matter, soil, litter, suberin, cutin, Germany, Bavaria; 02922.
- lipid biomarker**
in situ measurement, microbial biomass, community structure, nutritional status, 01576.
- lipophilicity**
toxicity, pollutant classification, statistical approach, QSAR, 07691.
- liquefaction**
centrifuge model, layered soil, 12994. centrifuge validation, numerical model, soil liquefaction, multiyield plasticity theory, 02710. control test, model test, 05227. deformation, cross bedding, palaeovalley, Pennsylvanian, Sharon Conglomerate, USA, Ohio, Summit County, Virginia Kendall Park; 00363. finite element, plasticity, sand, travelling wave, seabed, Canada, Lake Ontario; North Sea; 13161. mobility index, debris flow, landsliding, rainstorm, Thailand, Nakhon Si Thammarat Range; 07817. permafrost degradation, Pleistocene, thermokarst, involution, Canada, Northwest Territories, Mackenzie Delta, Summer Island; 06614. pore pressure, sand, saturation, inelastic flow, granular media, energy dissipation, 09104. Rayleigh wave method, earthquake, structural damage, Philippines, Luzon; 11694. sand bed, unstable flow, Uratanna Formation, fluidisation pipe, Cambrian (Lower), Australia, South Australia; 06652. sand, centrifuge test, Kozeny-Carman equation, settlement, 04006. shaking table test, finite element method, plasticity, 07804. slope process, Armenia earthquake, embankment failure, Armenia; 13008. stress path, triaxial test, collapse, sand, 06498. till, glacial sequence, non till diamict, diamict sediment, clastic intrusion, 10483. wildlife site, deformation analysis, porewater pressure, postearthquake deformation, Superstition Hills Earthquake, USA, California, Imperial Valley; 11685.
- liquefaction analysis**
LIQUEFY, hazard, hazard assessment, expert system approach, 09083. LIQUEFY, PC program, expert system approach, 09082.
- liquefaction potential**
geotechnical engineering, seminar, soil dynamic, Natural Disaster Reduction, earthquake, 09087. ground failure, earthquake, USA, California, San Francisco; Japan, Honshu, Niigata; 09117. neural network, earthquake, back propagation, pattern recognition, 10416. sand, compression, anisotropy, steady state, 11722. triaxial testing system, natural fibre, geosynthetic, Coir, reinforced sand, 09095.
- liquefaction resistance**
sand, overburden pressure, cycle resistance ratio, confining stress, Canada, British Columbia, Duncan Dam; 11743.
- LIQUEFY**
hazard, hazard assessment, expert system approach, liquefaction analysis, 09083. PC program, expert system approach, liquefaction analysis, 09082.
- liquid chromatography**
pesticide analysis, solid phase extraction, liquid/liquid extraction, environmental monitoring, France, Rhone River; Spain, Ebro River; Spain, Almeria; 09649. transcinnamaldehyde, soil water determination, 06825.
- liquid diffusion**
solubility, ozone destruction, hydrochloric acid, stratosphere, sulphuric acid, 11280.
- liquid droplet**
ice nucleation, supercooled liquid water, wave cloud, cloud particle growth, 04696. stratosphere, lidar measurement, aerosol, Svalbard, Spitsbergen; 11317.
- liquid limit**
engineering behaviour, tropical clay, shear strength, 03995.
- liquid/liquid extraction**
environmental monitoring, liquid chromatography, pesticide analysis, solid phase extraction, France, Rhone River; Spain, Ebro River; Spain, Almeria; 09649.
- liquid/liquid partitioning**
solute transport, groundwater contamination, non aqueous phase liquid, advection/dispersion, sorption, 07088.
- liquid manure**
iron reduction, sulphide, methane, manure, reduction, 00540.
- liquid phase**
ice containing cloud, cloud, 14919. ice phase, cloud ice, stratiform cloud, negative temperature, 08598.
- liquid scintillation counting**
contaminating carbon, dating, low activity sample, 10431.
- liquid water**
radiative transfer model, effective droplet radius, particle radius, cloud, 13768. remote sensing data, cloud seeding, supercooled liquid water, USA, Utah; 05980. snow, sulphur dioxide uptake, ice-air interface, 06040. stratus, fog, visibility, sloping terrain, 02273.
- liquid water content**
droplet, cloud, spectroscopy, total column water, 12516.
- liquid water model**
hail category model, cloud model, supercell storm, ice microphysics, 02269.
- liquidity index**
porosity, Atterberg limit, engineering, shear strength, India, Andhra Pradesh, Narsapur; 01582.
- LIS**
data model, object oriented module, 02435. erosion, DTM, TM, soil erosion, Italy, Tuscany, Tiber Valley; 10182. GIS, education, modular course, remote sensing, photogrammetry, 06107. GIS, land use, transaction cost, USA, Wisconsin, Dane County; 06172. land information, administration, 15244. photogrammetry, real estate, map, Germany, Sachsen-Anhalt; 10260. spatial science, GIS, standard, spatial decision support system, 03696.
- LIS/GIS**
object oriented programming system, software development, 11433.
- lithic industry**
environment, dating, Palaeolithic (Upper), Bouverian (Upper), France, Var, Le Muy, La Baume De Colle Rousse; 02777.
- lithic soil**
cation source, atmospheric deposition, weathering, nutrient availability, Sweden, Stockholm; 01868.
- lithification**
aragonite, cement, carbonate, Bahamas, Tongue of the Ocean; Belize; 05381. Cretaceous, porosity, micrite, unconformity, chalk, Egypt, Abu Roash; Bahariya Oasis; 07991. dolomite, Rhaetian, Portoro Limestone, seawater, Italy, La Spezia, Portovenere; 14371. Ordovician, heat source, hydrothermal alteration, carbonate, diagenesis, Canada, Ontario; 14359. recrystallization, fluid flow, resistivity, pore morphology, porosity, Coral Sea, Great Barrier Reef; 09263.
- lithium**
anion exchange, fluoride, acid rain, aluminium, runoff water chemistry, Norway, Sogndal; 14655. hyperfiltration cell, stable isotope, fractionation, aquifer sampling, 14732.
- lithodynamic flow**
topographical succession, cyclicity principle, geographical cycle, 09026.
- lithodynamics**
computer program, littoral zone, hydrodynamics, 04465.
- lithofacies**
alluvial plain, Holocene, valley floor, late glacial, Poland, Carpathian border, Raba River; 04084. classification, multispectral, India, Haridwar; Dhanaura; 12766. database, texture, bedding, coding system, 04149. geostatistical characterisation, semi permeable, flow modelling, overbank deposit, Netherlands, Rhine-Meuse Delta; 14204. glacial outwash, sandur, runoff, sediment supply, jokulhlaup, Iceland; 00293. glaciotectionics, glacier advance, kinetostratigraphic unit, geological history, Norway, Finnmarksvidda, Vuolgamasjokka; 14276. palaeocurrent, Gilbert type delta, Upper Marine Molasse, Miocene, Austria, Vorarlberg, Pfander; 01688. Proterozoic, grain size, palaeocurrent, Satakunta sandstone, sandstone, Finland, Satakunta; 02956. sedimentology, genetic factor, proglacial valley facies, palaeohydraulic analysis, Poland, Silesian Upland; 05304.
- lithofacies analysis**
sedimentary structure, Kimmeridge Clay Formation, mudstone, oil shale, UK, England; 08014.
- lithofacies associations**
glaciotectionics, stratigraphy, sedimentary structure, subglacial thermal regime, Laurentide Ice sheet, Canada, Alberta, One Tree Creek; 10484.
- lithofacies complex**
proglacial facies, palaeohydraulic analysis, proglacial valley, genetic factors, sedimentology, Poland, Silesian Upland; 00241.
- lithofacies variation**
chronostratigraphy, Holocene, aeolian phenomena, loess, Vistulian (late), Poland; 00228.
- lithological content**
till, dispersal pattern, glacial transport, glacial dispersal, rock debris, Canada, Quebec, Gaspesie; 06586.
- lithological control**
coastline profile, fractal geometry, structural control, UK, Scotland, Fife; 14152. fractal dimension, coastal morphology, volcanic island, Mediterranean Sea, Tyrrhenian Abyssal Plain, Aeolian Volcanic Arc; 14157.
- lithological cycle**
evaporite, Paradox Formation, Pennsylvanian, salinity, Gondwana glaciation, USA, Utah; Colorado; 01637.
- lithological descriptor**
luminescence, gas field, 03744.
- lithological discrimination**
principal components analysis, semiarid zone, TM data processing, Angola, Namib Province, Caraculo; 11499. SIR, radar, SAR, China; 04954.
- lithological mapping**
deformation, tectonic evolution, China, Tarim Basin, Kalpin Uplift; 03770. stream sediment, mineral exploration, Brazil, Bahia State, Contendas-Mirante Greenstone Belt; 03754.
- lithological unit**
climate zone, Quaternary (late), stratigraphy, Baltic Sea; 01474. geological mapping, image processing, Saudi Arabia, Al Madinah; 11501. rifting, continental crust, Red Sea; 11496.
- lithology**
carbon dioxide flux, chemical weathering, drainage, France, Garonne; Congo, Congo River; 03887. classification system, mudrock durability, durability, North America; 11741. genesis, cover sediment, frost weathering, Younger Dryas, periglacial conditions, Germany, (East); 07928. palaeomagnetism, Valдай, periglacial lake, lake sediment, Russian Federation, Kola Peninsula; 13076. Pleistocene stratigraphy, lake bluff, glaciolacustrine sequence, Halton Till, Wentworth Till, USA, New York, Lake Erie; Lake Ontario; 00237. SAR, exploration database, hydrocarbon exploration, Papua New Guinea; 14011. soil piping, storm, runoff, land use effect, forest catchment, Luxembourg; 00794. stratigraphy, lithostratigraphy, basin analysis, USA, Wyoming; 12765. tectonics, karstification, Oligocene limestone, climate control, France, Gironde; 04047.
- lithology discrimination**
structural interpretation, petroleum exploration, three dimensional computer modelling, lineament analysis, USA, Utah, Paradox Basin; 03762.
- lithosol**
slope terracing, erosion control, runoff regulation, forest reclamation, 05832.
- lithosphere**
intraplate deformation, lateral variation, sea level fluctuation, basal drag, 02693. Magat, magnetic anomaly, Africa; 11493. model, glacial isostasy, postglacial uplift, 02692.
- lithosphere anomaly**
correlation coefficient filtering, magnetic anomaly map, polar lithosphere, Antarctica; 13922.
- lithospheric extension**
corona, volcanism, mantle plume, Venus; 01404.
- lithospheric thickness**
comparative study, radially fractured dome, mantle diapir, uplift, Venus; 09079. geophysical reference level, hypsometric analysis, thermal isostasy, Venus; Earth; 11696.
- lithostratigraphy**
basin analysis, lithology, stratigraphy, USA, Wyoming; 12765. chronology, strandline, deglaciation history, glacial morphology, Iceland, Hofsdalur Valley; 10499. field experiment, outcrop, sedimentary structure, sketch, Carboniferous, UK, England, Cumbria; 09248. grain size, plasticity,

- classification, characterisation, soft soil, soil property, Netherlands; 14203. Holocene, carbonate, grain size, lacustrine stratigraphy, mineralogy, Canada, Saskatchewan, Cypress Hills, Harris Lake; 05176. Quaternary geology, borehole, Chojny Formation, Podwień Interstadial, Czystow Formation, Poland, Kleszczow Graben, Belchatow; 04101. tephrostratigraphy, sea level change, Pleistocene, magnetostratigraphy, New Zealand, North Island, Wanganui Basin; 09222.
- Litorina transgression**
Ancyclus transgression, coastal process, vertical distribution, boulder field, Sweden, Aland; 13121.
- litter**
Douglas fir, forest floor, fertiliser, nitrogen, phosphorus, USA, Washington; 03117. leaf litter, forest floor, nutrient content, India, Marakkanam Reserve Forest; Puthupet Sacred Grove; 12100. suberin, cutin, lipid, organic matter, soil, Germany, Bavaria; 02922.
- litter addition**
organic matter, heathland soil, nitrogen mineralization, litter removal, 01828.
- litter analysis**
humus analysis, wet chemical extraction, humic substance, organic matter, Germany, Schleswig-Holstein; 05518.
- litter bag analysis**
mass balance analysis, litter decomposition, decomposition, USA; 00530.
- litter decomposition**
cation leaching, fumigation, ozone, sulphur dioxide, fluorescein diacetate activity, 04355. CENTURY, decomposition, organic matter, leaf litter, USA, Hawaii, Mauna Loa; 13364. decomposition, leaf litter, tree species, nitrogen dynamics, USA, Wisconsin; China; 04365. decomposition, litter bag analysis, mass balance analysis, USA; 00530. decomposition, nutrient release, leaf litter, bilberry, Sweden; 08139. GENDEC, Arctic soil, carbon dynamics, nitrogen dynamics, USA, Alaska; 12101. LINKAGES model, decomposition, forest soil, litter quality, nitrogen mineralization, USA, Colorado, Rocky Mountains; 00531. nitrogen, phosphorus, nutrient cycling, forest soil, 05568. nitrogen, phosphorus, plant uptake, nutrient release, coniferous forest, Canada, Alberta, Rocky Mountains; 08152. nitrogen, phosphorus, sulphur, fertiliser, eucalypt forest, 13374. nutrient concentration, decomposition, forest soil, mineralization, element concentration, Italy, Tuscany; 00532. organic matter, liming, phosphorus, ranker, acidic soil, Spain; 01829. pine, decomposition, needle litter, 08138. pine, needle litter, lignin, organic matter, 04354. pine, oak-hornbeam, heavy metal content, nutrient content, decomposition, 08175. polyphenol, nitrogen, nitrogen mineralization, leaf litter, 12123. root decomposition, soil respiration, forest soil, USA, Massachusetts; 06865. savanna soil, nutrient release, grass, legume, decomposition, Colombia; 08136. soil water content, forest soil, pine forest, 06863. sulphite, carbon dioxide evolution, fungi, pH, leaf litter, 09485.
- litter dynamics**
soil fertility, high density tree plantation, plantation, nitrogen mineralization, nitrogen immobilisation, India; 00534.
- litter fall**
elemental flux, deciduous tree, soil property, Sweden, Scania; 11611. heavy metal, precipitation chemistry, throughfall chemistry, stemflow chemistry, Malaysia, Kuala Lumpur; 13456. nutrient flux, fertilisation, base cation, forestry, Canada, Quebec; 12907.
- litter layer**
humus layer, nitrogen dynamics, phosphorus dynamics, forest soil, fallow soil, 08154. leaf litter, mineralization, rainforest soil, Brazil, Pernambuco; 08137.
- litter mass loss**
climate change, evapotranspiration, pine forest, decomposition, USA; Europe; 02667.
- litter quality**
nitrogen mineralization, litter decomposition, LINKAGES model, decomposition, forest soil, USA, Colorado, Rocky Mountains; 00531.
- litter removal**
litter addition, organic matter, heathland soil, nitrogen mineralization, 01828. nutrient status, soil fertility, soil chemical property, Nepal, Dhulikhel Watershed; 08208.
- litter respiration**
heavy metal, nutrient, 12108.
- Little Ice Age**
accumulation area ratio, topography, equilibrium line altitude, outlet valley glacier, modern, Norway, Jostedalbreen; 01567. archaeology, Anasazi Pueblo Indian Occupation, Medieval Warm Period, dry farming, climate history, USA, Rocky Mountains, Colorado Plateau; 13100. aridity, salinity fluctuation, palaeolimnology, diatom, ostracod, USA, North Dakota, Devils Lake; 10473. avalanche landform, modelling, Holocene, snow avalanche, lichenometry, Norway, Jostedal; 02830. bloom, diatom evidence, Holocene (late), Medieval Warm Period, Antarctica, Granite Harbor; 02811. borehole, archaeology, Holocene, palaeoenvironment, Boreal, France, Isere, Bas-Dauphine, Balmes Viennoises; 07904. cooling, temperature decrease, pollen analysis, forest disequilibrium, Canada, Ontario; 05298. Crowfoot advance, glacial event, Younger Dryas, ELA depression, Canada, Alberta, Rocky Mountains, Bow Valley; 11826. dendrochronology, rainfall, Medieval Warm Period, USA, Georgia; South Carolina; USA, North Carolina; 13098. drought, frequency, forest fire, boreal zone, global warming, Canada, Quebec; 03860. ELA, lichenometry, glacial variation, climate change, Iceland, Trollaskagi Peninsula; 06553. glacier, Holocene, snowfall, cirque, Spain, Pyrenees; 09233. glacioeustasy, sea level rise, Holocene, coastal evolution, barrier split, beach ridge, USA; 00251. Holocene, climate cycle, limnological history, varved sediment, Medieval Warm Period, USA, Minnesota, Clearwater County, Elk Lake; 02806. Holocene, delta, geomorphological study, fluvial sedimentary environment, palaeochannel, France, Bouches-du-Rhone, Rhone Delta; 09039. Holocene, glacial advance, moraine formation, Svalbard, Edgeøya, Albrechtbreen; 01521. Holocene, moraine chronology, lichenometric evidence, Neoglacial advance, Svalbard, Spitsbergen; 01520. ice sheet, rock surface weathering, surface roughness, trimline, Norway, Nordfjord; 04095. impact landform, snow avalanche, palaeoclimate, lichenometric dating, Norway, Breheimen; 14297. late glacial, Holocene, glacier fluctuation, climate variability, Hypsithermal interval, Norway; 07893. littoral sediment budget, sea level change, coast, Quaternary (late), aridity, India; 00271. mass balance, ice sheet, modelling, thermo-
- mechanical coupling, sea level lowering, Greenland; 10536. Medieval Warm Epoch, glacial advance, El Nino, dendrochronology, climate history, Chile; Argentina, Patagonia; 13104. Medieval Warm Period, bottom current, climate history, sedimentation rate, North Sea, Skagerrak; 00305. moraine, ELA, debris covered glacier, snowline reconstruction, USA, California, Sierra Nevada; 10533. periglacial phenomena, permafrost, rock glacier, geocryogenic process, Mexico; 11854. permafrost, moraine, push moraine, rock glacier, France, Alpes du Sud, Queyras, Asti Valley; 09225. postglacial record, chrysophycean cyst, prairie vegetation, postglacial flora, USA, Minnesota, Clearwater County, Elk Lake; 02770. stable isotope record, coral, global cooling, Vanuatu, Espiritu Santo Island; Pacific; 11793. summer solar radiation, alpine glacier, tree ring record, glacier fluctuation, climate variability, Canada, Alberta, Rocky Mountains; 11782. summer temperature, climate change, global warming, ice core, tree ring data, 06554. tide water glacier, Holocene, climate, glacial fluctuation, USA, Alaska, Kenai Mountain; 09204. transgression, supratidal sand, Medieval climate optimum, sea level rise, tidal flat, Germany, Wadden Sea; 00266.
- Little Valley Alloformation**
Pleistocene, sequence stratigraphy, lacustrine deposit, Lake Bonneville fill, USA, Utah, Bonneville Basin; 06672.
- littoral**
landform, soil/vegetation study, aeolian, estuarine, Spain, Andalusia, Donana National Park; 11678.
- littoral barrier**
coastal plain, Holocene, tidal flat, sea level, transgression, Argentina, Buenos Aires; 02982.
- littoral boundary**
boundary, coastal ocean, USA, Texas; 06291.
- littoral cell**
anthropogenic impact, turbulence, coastal geomorphology, coastal zone management, beach, 02675. sediment budget, beach morphology, cliff erosion, USA, Oregon, Lincoln City; 10375.
- littoral deposit**
Quaternary, stratigraphy, regressive sequences, aeolian dune, Morocco, Casablanca; 14212. sea level change, Quaternary, geodynamics, Spain, Murcia; Alicante; 14292.
- littoral drift**
coastal engineering, erosion, accretion, coastal geomorphology, USA, Indiana, Lake Michigan; Illinois, Lake Michigan; 12950. coastal erosion, Landsat TM, remote sensing, landform, sediment transport, India; 01595. coastal protection, beach deposit, storm, lake morphology, North America, Great Lakes, Lake Michigan; 14327. inlet, coastal geomorphology, empirical stability relationship, estuary classification, area-prism relationship, New Zealand; 00133. palaeolimnology, glacial lake, Holocene, Wisconsin, sand spit, USA, Illinois, Lake Michigan; Indiana, Lake Michigan; 12949. port, breakwater, beach erosion, harbour, 00110. sea level rise, glacial rebound, coastal erosion, radiocarbon dating, Denmark, Jutland, Skagen Spit; 05161. sediment transport, beach erosion, sand supply, Japan, Rukushima Prefecture; Miyagi Prefecture; 14158. tidal inlet, longshore sediment transport, lake, tide, wave height, India, Orissa, Chilka Lake; 06662.
- littoral sediment**
acetate, fatty acid, isopropanol, methanogenesis, Gibbs free energy, Switzerland, Lake Constance; 02923. bacteria, inhibition, oxidation, ammonium, methane oxidation, Germany, Lake Constance; 06709.
- littoral sediment budget**
sea level change, coast, Quaternary (late), aridity, Little Ice Age, India; 00271.
- littoral spit**
marine transgression, sea level change, shoreline, Holocene, neotectonics, Persian Gulf; United Arab Emirates, Umm Al-Qowayn Lagoon; 06607.
- littoral transport**
wave erosion, Wisconsin (late), lake level change, Holocene, coastal evolution, USA, Great Lakes, Michigan; 00115.
- littoral zone**
depositional history, physiographic map, seafloor, chronology, carbonate sediment, Spain, Palma Bay; 14156. flysch, storm sediment, tempestite, rip current, Baltic Sea; 00299. hydrodynamics, lithodynamics, computer program, 04465. lake water level, lake water quality, water level fluctuation, Israel, Kinneret Lake; 03301.
- Littorina transgression**
Ancyclus Lake, buried channel, meltwater, Quaternary, sediment dynamics, Baltic Sea, Kadet Channel; Darss Sill; Baltic Sea, Gedser Reef; 13275.
- livestock effluent**
pesticide, land drainage, erosion, surface water quality, groundwater quality, agricultural pollutant, 13624.
- Llandoverly**
turbidity, debris flow, Rhuddnant Grits, sandstone, Welsh Basin, UK, Wales; 14418.
- load balancing**
parallel algorithms, regression, sweep line algorithm, least median of squares regression, 02643.
- load cast**
dewatering, Rayleigh-Taylor instability, viscosity, soft sediment, 08069.
- load estimation**
point source, lake water quality, phosphorus, pollution control, sewage treatment, North America, Great Lakes, Lake Erie; 05759.
- load structure**
storm deposit, Burgsvik Bed, Silurian, hummocky cross-stratification, wrinkle mark, Sweden, Gotland; 05432.
- load test**
bearing capacity, soft clay, settlement, UK, England, Essex, Shellhaven; 04039. granular pile, soft soil, pile installation, 11725.
- loading**
clay, vertical drain, hyperbolic plot, settlement, Sweden, SkaEdeby; 04041.
- loading test**
compaction, carbonate, ODP Leg 130, ooze, chalk, porewater, Pacific, Ontong Java Plateau; 00422.
- loading/unloading**
Fraser Glaciation, compression, unloading, glaciogenic deformation, glacio-

- fluvial sediment, Canada, British Columbia, Big Creek; 07884. undrained pressuremeter test, pressuremeter, large strain, 11720.
- loam**
sand dune, loess, Weichselian, cover sand, France, Normandy, Mont-Saint-Michel; 00219. topsoil, dike construction, water storage power plant, moraine, Russian Federation, Zagorsk; 01444.
- loam soil**
drain depth, subsurface drainage, land drainage, agricultural water management, Latvia; 12376.
- loamification**
core boulder, chemical weathering, microcrack, humid climate, spheroidal weathering, granular disintegration, 00098.
- lobate delta**
palaeoshoreline, Quaternary, terrace, shoreline, lagoon system, USA, Florida, Panhandle; 00258.
- lobate form**
tectonic effect, denudational cycle, sea level change, delta, Turkey, Yesilirmak Delta; 10369.
- lobateness**
sinuosity, ejecta deposit, impact crater, Mars; 14178.
- loblolly pine forests**
successional stage, SAR image, biomass, USA, North Carolina, Durham; 11523.
- local authority**
GIS user, maps, spatial analysis, 11574.
- local circulation**
forecast, ozone episode, Taiwan, Taipei Basin; 10025. wind system, mountain ridge, 04690. wind system, thermally induced wind, plain, basin, mountain range, 05969.
- local climate**
climate, ecosystem, USA, Florida, Everglades; 13679. polluted site, cloud condensation nuclei, fog formation, industrial plant, hygroscopic combustion particle, Belgium, Meuse Valley; 03520.
- local cloud**
dynamics, cloud band, USA, Hawaii, Hilo Bay; 00985.
- local conditions forecast**
forecast, diffusion, pollution, 11259.
- local diffusion scheme**
boundary layer, diffusion, climate model, nonlocal diffusion scheme, 08564.
- local empowerment**
environment, aboriginal mapping, place, culture, mapping, 15226.
- local fallout**
global fallout, plutonium concentration, tree ring, fallout, Japan, Kyushu, Nagasaki; 02588.
- local government**
city survey, Germany, Bavaria; 05056. GIS, organisational issue, UK; 08943. graphic workstation, database development, GIS, USA, (Southeast); 07497. planning, GIS, USA; 15227.
- local government agency**
GIS, facilities management, decision support tool, 08947.
- local interpolator**
oversampled image, underampled data, error factor, interpolation, 06147.
- local minimum**
aliasing method, limited area domain, multidimensions, 08596.
- local scale**
parameter method, Turmann test net, 02144.
- local skill**
prediction, ECMWF model, adjoint method, forecasting skill, Europe; 01014.
- local source**
mineral content, altitudinal gradient, Spain, Andalucia, Filabres Mountains; 06039.
- local source pollution**
snow sampling, heavy metal, Antarctica; 07103.
- local thermodynamic equilibrium**
local thermodynamic equilibrium, non LTE mechanism, laboratory evidence, ozone formation, stratosphere, 10001. non LTE mechanism, laboratory evidence, ozone formation, stratosphere, local thermodynamic equilibrium, 10001.
- localisation**
gross error, fuzzy set, 15081. predictability, vortex field, orographic nonuniformity, diffusion, 07289.
- localised baroclinic instability**
finite amplitude, linear, baroclinic instability, 11205.
- localized adjoint method**
mass conservative method, Eulerian-Lagrangian method, advection/dispersion equation, solute transport, groundwater transport, FVELLAM, 03343.
- location**
GIS, retail outlet, 08967.
- location decision maker**
visualisation, economic development, GIS, 14099.
- location modelling**
groundwater remediation, environmental monitoring, direction dependent approach, 05118.
- locational data**
environmental application, GPS, base station, accuracy, precision, 10106.
- Loch Lomond Readvance**
glacial unloading, permafrost, pre-Flandrian event, slope deformation, glacial lake shoreline, UK, Scotland, Highlands, Glen Roy; Glen Gloy; 06516. glaciomarine, deltaic deposition, ice margin tectonics, Gilbert type delta, sea level change, UK, Scotland, Mull, Loch Don; 07890.
- Loch Lomond Stadial**
ice field, hummocky moraine, deglaciation, Younger Dryas, UK, Scotland, Highlands; 02793. late glacial, ice wedge cast, floodplain, permafrost, UK, England, Suffolk, Needham Market; 02774. late glacial, palaeoenvironment, Devensian, palynology, Coleoptera, UK, England, Yorkshire, Gransmoor; 13069.
- Lockheed Electra**
airflow streamline, airflow, drop trajectory, instrument sampling point, Beechcraft King Air, 02139.
- Lockport Group**
stylolite, dissolution, dolomite, USA, New York, Rochester; 02911.
- locust biotope**
NDVI, maximum likelihood classifier, Landsat TM, desert locust, Africa; 11530.
- lodgement**
bed deformation, till fabric, subglacial environment, glacier, glaciotectionic deformation, UK, England, Norfolk; 07965. meltout, subglacial process, till facies, Poland, Belchatow Quarry; 14279.
- lodgement till**
displacement pile, glacial clay, instrumentation, UK, England, Durham, Cowden; 11754. glaciolacustrine sediment, gravity flow process, calving, deglaciation, Tertiary peneplain, Sweden, Varnamo Area; 10492. ground moraine, seasonal frost, deglaciated terrain, sorted polygon, patterned ground, Iceland, Maelifellssandur; 13142. ground penetrating radar, Quaternary geology, thickness, till, erratic boulder, Switzerland; 02794. iceberg scour, sedimentation rate, Weichselian deglaciation, deposition, Sweden, Skane, Kabusa; 00393. proglacial lake, waterlain till, ice advance, Germany, Schleswig-Holstein, Danischer-Wohld Cliff; 10494. push moraine, moraine ridge formation, ice front, Iceland, Myrdalsjökull; 01517. till, stratigraphy, meltout till, grain size, heavy mineral content, Poland, Kleszczow Graben, Belchatow; 04099.
- lodgpole pine**
texture derivative, forest stand, CASI, Canada; 07577.
- loess**
AAR, dating, paleosol, tephrochronology, tephra, New Zealand, North Island, Rotorua, Mamaku Plateau; 09141. aeolian activity, pollen, slope deposit, TL dating, periglacial environment, Denmark; 07927. air blasting, slaking, aggregate breakdown, surface sealing, 00608. alluvial fan, tropical plain, Quaternary, geomorphology, dune field, Bolivia, Chaco; Argentina, Chaco; Paraguay, Chaco; 03977. aminostratigraphy, Peoria Loess, Roxana Silt, geochronology, Quaternary, USA, Arkansas, Wittsburg Quarry; Tennessee, Memphis, Old River; 13027. anthropogenic activity, Weichselian, Holocene, aeolian deposit, cover sand, Denmark; 00222. bank gully, ephemeral gully, gully control, Europe; 08235. basin evolution, sediment thickness, stratigraphy, radiocarbon date, USA, Nebraska, Clay County, Rainbasin; 14162. blown sand, sand dune, buried soil, Atlantic age, Germany, Franconia; 00224. building damage, collapsing soil, deformation, Uzbekistan, Samarkand, Zeravshan Oasis; 14207. buried soil, Milankovitch timescale, chronology, stratigraphy, Quaternary, Europe; China, Hungary; 01497. climate optimum, paleosol, Holocene, lake level fluctuation, climate change, China, Qinghai Lake; 04109. collapsing soil, foundation engineering, calculation, 14186. deep sea core, climate cycle, depositional cycle, cave, China, Peking Man Cave; 07830. deposition, source, Quaternary, desert, 00385. desert sand, Quaternary, weathering, provenance, China, Taklimakan Desert; 00335. earthquake, landslide, neotectonics, mass movement, China, Gansu Province; 05206. elevation, sand transportation, paleosol, fragipan, New Zealand; China; 05444. fossil soil, interglacial, sedimentary filling, Czech Republic, Moravia, Holstejn; 10481. geoarchaeology, geochronology, playa basin, Clovis point, mammoth, USA, Texas, High Plains, Miami Site; 10466. glaciation, lava, paleosol, Quaternary, pluvial lake, USA, Idaho, Snake River Plain; 00388. Holocene, hillslope evolution, soil landscape, hummocky moraine, postglacial, Canada, Saskatchewan, Frontier, Ham Site; 14287. hydroconsolidation, subsidence, China; Russian Federation; North America; Europe; 14197. instrument neutron activation analysis, element concentration, geochemistry, China; 04309. interglacial, Oligocene, Quaternary, solifluction, basin, 10637. iron, manganese, cation sorption, 00560. landscape, soil morphology, soil chemical property, New Zealand, South Island, Canterbury; 13314. magnetic susceptibility, accumulation rate, soil moisture, USA; 04072. magnetic susceptibility, paleosol, mineralogy, pedogenesis, ferrimagnetic mineral, China; 14510. monsoon, aeolian dust, Quaternary (late), geochemistry, atmospheric input, China, Loess Plateau; 09188. paleosol, aeolian deposit, thermoluminescence dating, radiocarbon dating, India, Kashmir; 13028. paleosol, quartz, Osaka Group, Sandy Loess, grain size distribution, sedimentary environment, China, Loess Plateau; Japan; 06583. particle size distribution, calcium carbonate, Hungary, Pannonian Basin; 05515. pedogenesis, pedosedimentary evolution, Quaternary, Fontainebleau Sand, France, Villejuif, Zac of Hantes Bruyeres; 05302. periodicity, palaeoclimate, SPECMAP project, grain size, Quaternary, oceanic record, 13024. planation surface, research trend, landscape monograph, geomorphological mapping, Hungary; 05138. polygenesis, Pleistocene, paleosol, Yarmouth-Sangamon Paleosol, till, USA, Iowa, Earlham; 05272. porosity, neural network, back propagation model, China, Luochuan; 10739. progradation, suspended sediment, delta, Holocene, river channel, China, Shandong, Yellow River Delta; 01699. Quaternary, field guide, raised beach, environmental reconstruction, periglacial slope deposit, UK, England; 07871. radionuclide, radioactivity, 10866. river terrace chronology, Quaternary, aminostratigraphy, oxygen isotope, France; 14214. runoff, rainfall simulation, surface crust, slope, surface seal, China, Lishi, Wangjiagou; 05641. sediment yield, land use, gully erosion, pollution, soil erosion, 1739. sedimentation, aeolian sediment, dating, TL dating, Quaternary, Germany, Rhine; 10557. soil loss model, remote sensing, erosion intensity, model study, basin soil loss, China, Loess Plateau; 03965. soil loss, model study, rain factor, soil erosion, China, Loess Plateau; 03964. steppe, deposition, dust, crust, Tadzhikistan, Shaartuz; 06674. stratigraphy, palaeoenvironment, Palaeolithic, terrace, morphosedimentary evolution, France, Somme Valley; 10367. tephra, Wisconsinan, glacial drift, soil, paleosol, Canada, Saskatchewan; Alberta; 00387. till, crop yield, landscape position, USA, (Midwest); 14593. tillage, soil physical property, soil compaction, 05590. transport direction, Roxana Silt, Peoria Loess, Wisconsinan, USA, Minnesota; 09169. tumbling mill, abrasion, comminution, silt, 14326. velocity setting method, sedimentological balance, sedimentation, particle analysis, silt, Poland, West Pomerania, Klepicz; 01572. vertical joint, joint generation, tensile stress, 11715. Vistulian (late), lithofacies variation, chronostratigraphy, Holocene, aeolian phenomena, Poland; 00228. waste, dust, desert, granulometry, mineralogy, Israel, Negev Desert; 13307. weathering, collapse, geotechnical property, slope stability, China, Loess Plateau; 11763. Weichselian, cover sand, loam, sand dune, France, Normandy, Mont-Saint-Michel; 00219. Wisconsinan, stratigraphy, slope deposit, soil, USA, Great Basin; 01438.

- loess accumulation**
soil formation, Loveland Loess, Peoria Loess, Bignell Loess, aeolian deposit, USA, Kansas, Great Plain; 09167.
- loess grain size**
magnetic susceptibility, Cainozoic (late), coupling, monsoon circulation, global ice volume, China, Loess Plateau, Xifeng; 00159.
- Loess Plateau**
DTM, GIS, China, Shaanxi Province, Xingzi River, Hou Goumen Basin; 02489.
- loess profile**
Vostok ice core, eccentricity variation, Bruhnes chron, magnetic susceptibility curve, China, Xifeng; 07836.
- loess sequence**
plant type, stadial, interstadial, carbon isotope record, drainage network, China; 11806.
- loess series**
paleosol, braunlehm, rotlehm, periglacial zone, Czech Republic, Moravia, Boretice; 02782.
- loess soil**
acid rain, alkaline deposition, calcium, arid zone, dust, precipitation chemistry, 03206. groundwater flow, saturated/unsaturated flow, groundwater hydrograph, groundwater recharge, interflow, Germany, Heidelberg, Elsenz River; 08385. nitrogen content, nitrogen dynamics, tillage depth, plough layer depth, Germany, Lower Saxony; 03123. runoff generation, Horton overland flow, rainfall/runoff, soil moisture storage, soil erosion, Netherlands, South Limbourg; 10919. soil physical property, slope position, soil quality, Poland; 10880. soil thermal property, soil temperature, 03156. suspended sediment, meander formation, sediment transport, river channel, China, Loess Plateau; 10933.
- loess stratigraphy**
Gilman Canyon Formation, Brady Soil, Peoria Loess, Pleistocene (late), radiocarbon age, USA, Kansas; Nebraska; 07834.
- loess thickness**
geosol correlation, Crowleys Ridge Loess, Peoria Loess, Roxana Silt, Loveland/Sicily Island loess, geophysical well log, USA, Tennessee, Memphis; Mississippi; 05299.
- loessial soil**
antecedent soil moisture, soil water content, rainfall simulation, soil surface structure, 05639. Argistoll, Paleustoll, soil classification, soil mapping, USA, Nebraska, Clay County; 01815.
- log normal distribution**
convective cloud, radar echo, height, India, Rajasthan, Delhi; 00994. flood estimation, return period, confidence interval, maximum likelihood method, gamma distribution, Gumbel distribution, Brazil, Santa Catarina, Itajari-Acu River; 01929. statistical evaluation, soil property, median estimator, 06409.
- log normal model**
comparative study, median, environmental context, test procedure, 06423.
- log yard fines**
soil amendment, soil amelioration, wood residue, nitrogen immobilisation, 06861.
- logarithm model**
suspended sediment, Landsat, sediment concentration, China, Pearl River; 07618.
- logging**
fine sediment, storm, valley floor, sediment yield, riffle, Australia, Tasmania, Dazzler Range; 04283. forest fire, agricultural development, hydrology, sedimentation, soil fertility, land use, 08429. nutrient cycling, soil chemical property, rainforest soil, Australia, Queensland, Birthday Creek; 08209. palaeolimnology, Holocene, diatom, varved sediment, prairie, USA, Minnesota, Clearwater County, Elk Lake; 02804. sediment yield, catchment area, tropical rainforest, forest, Malaysia, Peninsular Malaysia, Main Range; 04282. sediment, runoff production, runoff water quality, forest, road impact, 09748. soil disturbance, burning, forestry, nutrient loss, Malaysia, Sabah; 12902. tractor track, rainforest soil, infiltration rate, bulk density, overland flow, Malaysia, Sabah, Upper Segama; 08194.
- logging operation**
GIS, GPS, Finland; 08887.
- logical data structure**
GIS, spatial data exchange, 08801.
- logical positivist philosophy**
ontology, epistemology, information systems development, GIS, 01133.
- logistic regression**
random coefficient, covariance structure, Fisher scoring method, maximum likelihood, 07714.
- lognormal**
particle size distribution, Soviet/American desert dust experiment, dust, aerosol, microstructure, Tadzhikistan, Kafirnigan River Valley; 07378.
- lognormal distribution**
gamma distribution, concentration fluctuation, plume, surface layer, 03466.
- LOICZ**
science plan, research focus, 05153.
- Loma Prieta earthquake**
turbidity current, sediment transport, slumping, transponder, Pacific, Monterey Submarine Canyon; 10578.
- Loma Prieta event**
seismic risk assessment, hazard, earthquake, risk, insurance, 02653.
- London Clay**
mineralogy, weathering, grain size, soil index, UK, England; 09121.
- London dumping convention**
dredged material disposal, contaminant, habitat modification, 00024.
- long dry spell**
model, frequency, drought, forested station, blocking flow, Canada; 05898.
- long-period wave spectra**
physical model, wave spectrum, harbour resonance, USA, California, Los Angeles; Long Beach; 07757.
- long range dispersion**
numerical simulation, tracer data, turbulence closure model, 02190.
- long range forecast**
climate, forecast, sea surface temperature, general circulation model, 03533.
- long range forecasting**
forecast, weather prediction, historical evolution, analogue dynamical model, 02311.
- long range navigation system**
positioning system, Loran, Pulse/8, offshore surveying, DGPS, 11401.
- long range transport**
acid rain, sulphur, deposition modelling, deposition, 07401. anticyclone, Lagrangian model, diurnal variation, ammonia, 12565. background monitoring, vegetation, symposium proceedings, atmospheric pollution, pollutant transport, Russian Federation, Kola Peninsula; 10306. chemistry, aerosol, rural site, Lithuania, Curonian Spit, Peila; 15006. haze, aerosol, pollution, transport, source/receptor relationship, Arctic; 08703. ice sheet, aerosol, PAH, transport, Greenland; 08716. Kosa, particle, trajectory, modelling study, pollutant, China; 12453. lead isotope ratios, aerosol, transport, USA, Alaska, Barrow; Arctic; 08691. non methane hydrocarbon, transport, seasonal variability, France, Brittany; 13845. particulate matter, lead, isotope ratio, tracer, Japan; 12639. particulate sulphate, receptor oriented methodology, source region, Canada, Ontario, Dorset; 06102. regional distribution, monsoon, desert dust, glacier, Asia, (Central); 02682.
- long runoff landslide**
computer simulation, friction, landslide, runoff, 07798.
- long term change**
elemental deposition, deposition, trace metal, anthropogenic source, toxic element, 06396.
- long term event**
monsoonal climate, insolation change, solar forcing, albedo variability, Arabian Sea; 01470.
- long term forecast**
forecast, Lyapunov exponent model, 04740. forecast, weather, 12536.
- long term measurement**
Bowen ratio measurement, humidity gradient, 03487.
- long term monitoring**
methodology, data analysis, sample collection, surface water chemistry, water chemistry protocol, 03265. trend analysis, methodology, Kendall's test, sampling, water quality analysis, USA, Vermont; 03266.
- long term plan**
education/training programme, WMO, 01333. technical cooperation programme, meteorological service, WMO, hydrological service, 01332. WMO, world weather watch programme, data processing, global observation system, 01331.
- long term risk**
soil, groundwater, sediment, chemical time bomb, Hungary, Danube; 11593.
- long term trend**
biogeochemical cycle, atmospheric selenium, plant, soil, selenium deposition, UK, England, Hertfordshire, Rothamsted Experimental Station; 05098. delta coast, heavy mineral, beach sand, shoreline change, Egypt, Nile Delta; 09049.
- long term variation**
stratospheric circulation, cooling, 14846.
- Long's stationary solution**
downslope, windstorm flow, nested grid, 02247.
- longitude**
astronomer, navigator, Cook, J., Canada, British Columbia, Nootka; 10117. nationalism, meridian, USA, District of Columbia, Washington; 02438.
- longitude error**
accuracy, Canada, British Columbia, Vancouver Island; 02439.
- longitudinal bar**
imbriation, clast, fluvial deposit, orientation, palaeocurrent orientation, 05373.
- longitudinal diffusion**
vertical mixing, dispersion, canonical parameters, estuary classification, 01971.
- longitudinal dispersivity**
tracer test, non uniform flow, groundwater flow, solute transport, contaminant migration, dispersivity, 13608.
- longitudinal dune**
sand transport, helical flow, wind, desert, dune field, 04161.
- longitudinal extension**
thrusting, orthogonal extension, rifting, Cainozoic (late), Italy, Apennines; 07788.
- longitudinal groove**
channel gradient, knickzone, bedrock channel incision, von Karman vortex street, Australia, Northern Territory, Piccaniny Creek; 06462.
- longitudinal profile**
alluviation, anthropogenic impact, river channel, vertical deformation, Russian Federation, Neman River; 03961. base level, upwarping, river terrace, terrace age, USA, Pennsylvania, Susquehanna River; 07749. bedrock erosion, field experiment, channel form, fissure, knickpoint, Japan, Honshu, Boso Peninsula, Ino River; 09045. channel slope, sedimentary structure, gravel, sand, Japan, Honshu, Watarase River; 14339. flume experiment, aggradation, channel pattern, terrace development, braided channel, USA, Arizona, Ash Creek; 00106. glacier, terminus velocity, ablation rate, glacier advance/retreat, 10531. graded river, channel slope, river profile, morphological development, Japan; Taiwan; 10370. tectonic upwarping, coastal plain, river morphology, elevation data, river pattern, USA, South Carolina; 01393.
- longitudinally varying flow**
barotropic model, waveguide, Rossby wave, propagation, 00948.
- longshore bar**
coastal protection, current, tracer, Germany, Sylt; 05434. Pleistocene, coastal plain, Cananea Formation, sand, beach, Brazil, Sao Paulo, Caraguatubá; 01700. wave, breaking wave, flume experiment, 10372.
- longshore current**
instability, beach, shear stress, critical shear, USA, California, Santa Barbara, Leadbetter Beach; 07957. sediment dynamics, coastal plain, spit, lagoon, Brazil, Sao Paulo; 01592. sediment transport, shoreface, surf zone, continental shelf, Beaufort Sea, Tibjak Beach; Kugmallit Bay; 01591. surf zone, current variability, sediment transport, coast, India, Maharashtra Coast; 01594.
- longshore current velocity**
interferometric SAR, observed surface velocity, 01236.

longshore drift

beach drift, accumulation, coastal protection, remote sensing, landform, India, South Konkan; 01596. grain size, tidal inlet, bedform, wave, coastal engineering, Netherlands, Het Zwin; 04165. shingle, coast, pit, back barrier slope, washover fan, Ireland, County Clare, Galway Bay, Rine Point; 07760. turbidite, sedimentation, sea level, Holocene, sediment load, Gulf of Mexico, Mississippi Fan; 01614.

longshore sediment transport

lake, tide, wave height, littoral drift, tidal inlet, India, Orissa, Chilka Lake; 06662.

longshore transport

beach stability, coastal response rate, beach profile survey, shoreline displacement, Spain, Ebro Delta; 03971. sea level fall, storm, Holocene, beach ridge, progradational regime, Pacific, (North); Chukchi Sea; 01363.

longwave

beach, sediment transport, surf zone, bar formation, wave group, 10373. shortwave, cloud forcing, satellite data, tropopause height, tropics, cancellation, 13671.

longwave anisotropic emission

ScaRaB, radiative transfer model, ERBE, 08850.

longwave circulation

circumpolar vortex size (1946-1989), Northern Hemisphere, 08632.

longwave cooling

NOAA, atmosphere, 12752.

longwave position

teleconnection, cluster analysis, geopotential height, 03445.

longwave radiation

ice sheet, global, parameterisation, Greenland; 12421.

longwave radiative cooling

parameterisation, clear sky, 03416.

Loop Current

satellite altimetry, sea surface height, drifting buoy, eddy, Gulf of Mexico, Loop Current; 07610. sea bottom, current, Pliocene, Pleistocene, traction structure, Gulf of Mexico, Ewing Bank; Garden Banks; 02876.

loop inverse

quality control, GPS network, 06188.

Loran

Pulse/8, offshore surveying, DGPS, long range navigation system, positioning system, 11401.

Loran-C

radionavigation, automatic blinking system, blinking detection, 11400.

Lorenz convection model

prediction, chaos, extended range prediction, 02318.

Lorenz system

Kalman filtering, data assimilation, 13959.

Lospe Formation

gravity flow deposit, volcanoclastic sediment, Miocene, tuff, sedimentation, USA, California, Santa Maria Basin; 07978.

loss

volcano, nitrogen dioxide loss, stratospheric column, nitric acid, nitric oxide, 10022.

lotic benthos

river flow, flow characteristics, current meter, FST hemisphere, 10930.

lotic environment

palaeoecology, Arroyo, Pleistocene, Charophyta, lentic environment, Argentina, Entre Rios, Perucho Verna; 13066.

Loveland Loess

Peoria Loess, Bignell Loess, aeolian deposit, loess accumulation, soil formation, USA, Kansas, Great Plain; 09167.

Loveland/Sicily Island loess

geophysical well log, loess thickness, geosol correlation, Crowleys Ridge Loess, Peoria Loess, Roxana Silt, USA, Tennessee, Memphis; Mississippi; 05299.

low alkalinity lake

lake water quality, leaf litter, decomposition, nutrient input, pH, USA, Massachusetts, Round Pond; Walden Pond; USA, Wisconsin, Little Rock Lake; 00718.

low angle illumination

geomorphology, geological structure, UK, Northern Ireland; 06231.

low angle slope

slush flow, slope, rain, Kirghizia, Kirgiz Range; 07931.

low conductivity layer

sandstone aquifer, mathematical model, vertical flow, groundwater flow, UK, England, Bromsgrove, Sandstone Aquifer; 12305.

low end GIS

land use survey, rural landuse planning, multispectral satellite image, Kenya, Kakamega District; 08954. slum clearance project, developing country, India, Bangalore; 08951.

low flow

baseflow, distribution function, river flow, groundwater level, probability distribution function, 08332. flow estimation, discharge measurement, chalk catchment, runoff variation, streamflow, Denmark; 12203. probability distribution, drought, streamflow, Nigeria; 13468. river flow, gauging network, hydrometric data, flow measurement, open channel flow, UK; 01939. runoff, river discharge, minimum runoff, Estonia; 12200. snowmelt runoff, river discharge, meltwater, Nepal, Karnali River; Narayani River; Nepal, Koshi River; 11057. streamflow, safe yield, groundwater management, groundwater withdrawal, legislation, USA, Massachusetts; 00814.

low flow estimation

ungauged catchment, river flow, catchment characteristics, soil characteristics, UK; 04442.

low flow uncertainty

water quality management, data uncertainty, Markov chain, USA, Oregon, Willamette River; 08451.

low frequency anomaly

storm track, cyclogenesis mode, primitive equation model, blocking, Southern Hemisphere, 11197.

low frequency oscillation

triad, baroclinic wave, quasi resonance, 08562.

low frequency variability

eddy-mean flow interaction, blocking, multiple equilibria, middle latitudes, 12499. nonlinear resonance, resonance, instability, planetary wave, 09881. orography, Rossby wave, primitive equation model, 02225. synoptic eddy activity, storm track, general circulation model, baroclinic wave packet, 00947. warming trend, sea surface temperature, climate variability, winter (1900-1989), Atlantic; 07260.

low humidity data

relative humidity, radiosonde, hygristor, accuracy, USA; 14812.

low hydraulic head

poroelasticity, transient flow, groundwater flow, Pierre Shale, USA, Dakota, Black Hills, Williston Basin; 03323.

low lake level

erosion rate, Holocene, sequence stratigraphy, Songwe Sequence, piston core, Malawi, Lake Malawi; 09164.

low latitude

Dobson spectrometer, total ozone, ozone trend, India; 10000. extended polynomial form, exponential form, initial field, numerical weather prediction, correlation function, 13781. night time, Northern Hemisphere, column abundance, nitrate, 11304.

low level front

cold front, comparative analysis, front type feature, decomposition method, 08595.

low level jet

aircraft performance, boundary layer, mesoscale structure, flight safety, nocturnal jet, 13756. front, cold front, dynamic structure, jets, 04693. jet, synoptic scale conditions, baroclinic wave, severe storm, USA, Great Plains; 00844. regional forecast model, diurnal oscillation, vertical motion, precipitation, jet, 07276. upper level jet, jet front system, mesoscale model, ageostrophic circulation, coupling, 07278.

low level parameter

mesoscale model, sequential assimilation, soil moisture, 04689. sequential assimilation, soil moisture, 04629.

low level radioactivity

acoustic mapping, environmental management tool, disposal site, sidescan sonar, USA, California, San Francisco Bay, Gulf of the Farallones; 10307.

low order model

atmospheric model, Baer-Tribbia scheme, optimal balance, 04671.

low permeability

parameter estimation, aquifer parameter, glacial till, pump test model, 05782.

low relief

stable boundary layer, wind profile, boundary layer, 09836.

low sun angle

Dobson spectrophotometer, Brewer spectrophotometer, Total Ozone Mapping Spectrometer, ozone, Antarctica, Scott Base; 07346.

low velocity flow

aerosol sampling, inlet, aspiration efficiency, gravitational settling, calm air, 01049.

lower atmosphere

coupling process, NATO advanced workshop, middle atmosphere, 09876.

lower bound approach

macroscopic strength, soil reinforcement, stone column, 02714.

Lower Dryas

palaeoclimate, permafrost, Last Glacial, France, Aquitaine; 06617.

Lower Jurassic limestone

speleothem, pearl, skeleton, lynx, cave, Poland, Cracow-Miechow Upland, Jama Ani Cave; Wierna Cave; 10421.

lower Liass

carbonate, rhythmic sedimentation, cyclothem, limestone, Jurassic, Slovenia, Krka, Lofar; 01610.

lower thermosphere

nitric oxide, geomagnetic activity, 07521.

lower troposphere

precursor, nocturnal, mesoscale convective system, USA, Great Plains; 13759.

Lower Werre Anhydrite

sulphate platform, Zechstein, Permian, gypsum, Poland, Leba; 08064.

lowland

continental shelf, Pleistocene, sequence stratigraphy, seismic profile, sediment wedge, France, Rhone Delta; 13119. marine terrace, radioacarbon age, environmental change, Holocene, Japan, Kanto, Miura Peninsula, Hirasaku River; 14147.

lowland alluvial river

weir, dynamic equilibrium, bed slope, river regulation, channel dynamics, Australia, South Australia, Murray River; 02674.

lowland stream

stream valley, drainage, canalisation, nutrient status, wetlands, Netherlands; 08365.

lowland/upland transition

plant response, environmental change, global warming, mountain ecology, wind, 02637.

LOWS

snowstorm, North America, Great Lakes; 08511.

LOWTRAN 7

cloud radiative forcing, thermal irradiance, 07523. Modtran, atmospheric transmission, 13994.

Lowtran7

radiation budget, alpine, snowfield, remote sensing, model, USA, Colorado, Niwot Ridge; 03414.

Lublin Formation

Westphalian, tonstein, coal seam, mining, Poland, Lublin; 13230.

Lublin Interglacial

Odra Glaciation, Warta Glaciation, glacial stratigraphy, Poland; 13073.

lubricating action

compaction curve, penetration resistance, compaction sensitivity threshold, clay mineralogy, 11701.

lubricating till

bed roughness, ice stream, sticky spot, basal shear stress, bedrock bump, Antarctica, West Antarctica, Ice Stream B; 10541.

- Ludlow**
stromatoporoid, reef, Silurian, Hemse Group, biostrome, Sweden, Gotland; 10656.
- Lujanian Mammal Age**
palaeontology, Pleistocene (Upper), stratigraphy, Cangahua Formation, interstadial, Ecuador, Carchi Province, Interandean Depression; 01486.
- Lumbriculus variegatus**
bioaccumulation, oligochaete, interstitial water, sulphide, method, USA, Wisconsin, Fox River; 09373.
- luminescence**
gas field, lithological descriptor, 03744. isotopic record, palaeoclimate, speleothem, microbanding, North America; 13010. Silurian, stromatolites, diagenesis, cement, limestone, Canada, Quebec, Gaspé Peninsula; 13207.
- luminescence dating**
optical dating, aggradation rate, dune formation, coastal dune, Canada, New Brunswick, Buctouche Spit; 14286.
- luminous bacteria**
activated carbon, water treatment, adsorption isotherm, toxicity bioassay, adsorption capacity, 03259.
- lumped chemical mechanism**
photochemical model, volatile organic compound, USA, California, Los Angeles; 03548.
- lumped harmonics**
satellite orbit, geopotential model, 07431.
- lumped model**
semiarid catchment, runoff forecasting, distributed model, rainfall/runoff model, USA, Arizona, Walnut Gulch; 14606.
- lumped parameter model**
isotope hydrogeology, groundwater age, groundwater pollution, 07086.
- lumped parametric model**
soil-structure interaction, nonlinear, 07802.
- Lumping**
streamwater chemistry, acidic soil, cation exchange, mixing model, Norway, Birkenes Catchment; 12938.
- lunar basin formation**
age spectra, Apollo 15, impact melt rock, laser heating technique, Moon; 02704.
- lunar crater**
crater topography, meteorite, astrobleme, erosion recognition, Canada, Quebec, Charlevoix; Manicouagan; Germany, Ries; 09027. regolith, multi-spectral image, crater, Copernican age crater, Galileo flyby, Moon; 05213.
- lunar crust**
Comet Shoemaker-Levy, comet impact, asteroid, Clementine mission, Moon; Geographos; Jupiter; 12987.
- lunar cycle**
reproduction rate, foraminifera, carbonate flux, sedimentation, Red Sea; 11919.
- lunar impact basin**
Galileo flyby, Hevelius Formation, Maander Formation, Montes Rook Formation, Orientale deposit, Moon; 05212.
- lunar orbit**
cycle, nodal cycle, sedimentation, abandoned channel, Netherlands; 01608.
- Lunar Orbiter**
titanium, mineral, mare deposit, Moon; 06235.
- lunar perigee**
pole tide, sunspot cycle, sea level, seasonal trend, Fourier spectral analysis, Canada, Gulf of St. Lawrence; Atlantic Coast; 02818.
- lunar sodium atmosphere**
imaging technique, coronagraph mask, Moon; 07517.
- lunar spectra**
Galileo spacecraft, ferrous absorption band, basalt, Moon; 07553.
- lunar tide**
mesosphere, tidal analysis, wind data, Australia, Adelaide; 04667. monsoon, atmospheric response, periodic forcing, 03513.
- Lund Diamicton**
deglaciation, transgression, late glacial, depositional environment, glacio-aquatic sediment, Sweden, Lund Area; 10491.
- Lunde Formation**
unconformity, sandstone, kaolinite, Statfjord Formation, North Sea, Snorre Field; 13227.
- lunette**
palaeohydrology, climate change, TL dating, Quaternary (late), Australia, New South Wales, Riverine Plain, Lake Urana; 11809.
- lunette dune**
aeolian process, pan, Holocene, Pleistocene, Namibia, Hakskeen Pan; Etosha Pan; 04249.
- lunette process**
storm, runoff, sediment cycling, pan depression, dune, South Africa, Kalahari Desert, Witpan; 02883.
- lung cancer mortality**
radon concentration, indoor radon, Austria, Tyrol, Umhausen; 04804.
- luni/solar cycle**
lamb, dust veil indices, solar cycle, time series, maximum entropy spectrum analysis, 12551.
- luni/solar signal**
fish catch, wine harvest, sea level change, maximum entropy spectrum, Europe; 04753.
- lupin**
fertiliser, soil chemical property, wheat, organic matter, aggregate stability, Australia, New South Wales, Wagga Wagga; 09522. soil acidification, soil chemical property, fertility, pasture soil, Australia, Western Australia; 06868.
- Lavisol**
clay content, soil horizon thickness, soil depth, landscape position, pH, Canada, Saskatchewan; 03145. clay illuviation, decalcification, lime precipitation, Phaeozem, Germany, Rheinhessen, Mainz Basin; 10770. fertiliser, nitrate leaching, groundwater contamination, organic matter, microbial activity, Podzol, 13388. microtopography, rainfall simulation, rainfall energy, runoff, soil roughness, DEM, 06860. mineralogy, geochemical prediction, sandy soil, Canada, Alberta; 13361. soil loss, runoff, tillage, Canada, British Columbia, Peace River Region, Dawson Creek; 10881. soil structure, soil physical property, land use, Phaeozem, 08182.
- Lyapunov exponent**
barotropic atmospheric circulation, entropy, 03508. optimal description, atmospheric flow, strange attractor, 00932. weather forecast, predictability study, error, 02317.
- Lyapunov exponent model**
long term forecast, forecast, 04740.
- Lyapunov stability**
predictability, chaos, 02319.
- Lyell Land Group**
Proterozoic, sandstone, Cambrian, tidal channel, Eleonore Bay Supergroup, Greenland, East Greenland; 06677.
- Lynch Hill Gravel**
correlation, terrace deposit, offshore continuation, Rochford Gravel, Southchurch Gravel, UK, England, Essex, Thames-Medway Valley; 00263.
- lynx**
cave, Lower Jurassic limestone, speleothem, pearl, skeleton, Poland, Cracow-Miechow Upland, Jama Ani Cave; Wierna Cave; 10421.
- lynx cycle**
climate change, tree growth index, Hudson's Bay Company, fur returns, 04742.
- lysimeter**
Arenosol, ion concentration, base saturation, MAGIC, Norway, Nordmoen; 12075. bare soil, crop cover, evaporation, winter, drain discharge, Sweden; 01917. ceramic cup, soil core extract, leaching, nitrogen, 00498. contaminant transport, weighing lysimeter, groundwater quality, 12328. crop water use, soil type, irrigation water management, capillary rise, evapotranspiration rate, 12374. evapotranspiration, canopy storage, soil evaporation, interception, time domain reflectometry, neutron moisture meter, Australia, New South Wales, Wagga Wagga; 12197. evapotranspiration, crop water use, 03210. Hapludult, macropore, tillage, anion movement, cation movement, USA, Appalachians; 01838. leachate, irrigation water management, sampling, groundwater quality, percolation, USA, Nebraska, North Platte; 02103. leaching, soil acidification, cation exchange, weathering, acid rain, 05805. macropore, solute leaching, 12072. pesticide degradation, biometer system, 00508. soil loss equation, sediment transport, rainfall simulation, 09550. soil temperature, soil drying, ridge tillage, hydraulic head variability, 06835.
- lysocline**
carbonate bank, strontium, aragonite, mud, Holocene, Atlantic, Great Bahama Bank; 02902.
- lysocline deepening**
Holocene, carbon dioxide, carbon cycling, calcite preservation, Antarctica, Byrd Station; 02759.
- lysocline depth**
carbon dioxide cycle, radiocarbon error, carbonate dissolution, box model, Pacific; 02756.
- Mabo decision**
land tenure, land law, Australia; 06183.
- Mach number**
numerical simulation, turbulence, shock wave, 05956.
- machair development**
theory, offshore sand, shell sand, UK, Scotland, Hebrides; 01379.
- machine learning**
model, forecast, minimum temperature, Saudi Arabia, Dhahran; 14929.
- machine translation**
photogrammetry, dictionary, translation, 02369.
- machine vision**
classification, 08884.
- Mackenzie, M.**
weather diary, biographical note, climate change, 13794.
- Macpollen**
pollen diagram, program, computer guide, 07838.
- MACRO**
salt leaching, marsh soil, soil water movement, irrigation, saline soil, solute transport, chloride, Spain, Marismas; 13324.
- macroaggregate**
humification, aggregate formation, Tyurin method, microaggregate, 09423.
- macrobenthos**
bioturbation, continental margin, modelling, sediment/water interface, Mediterranean Sea; Atlantic, (Northeast); 04276. bioturbation, nepheloid layer, sediment/water interface, deep sea sediment, Pacific; 09364.
- macroclimate**
montane glacier, Pleistocene, relief, mesoclimate, 00233.
- macrodispersion**
groundwater flow, solute transport, heterogeneity, 07077.
- macrofabric**
debris, mantle, rock glacier, fabric analysis, USA, Utah, La Sal Mountains; 11853.
- macroflora**
Saint-Mandroir Formation, palaeoenvironment, channel, meander, Permian, France, Provence, Toulon; 09275.
- macrofossil**
climate, submarine organic deposit, Holocene, coastal environment, Sweden; 10510. Quaternary, marine deposit, coastal deposit, Cainozoic, South Africa, Cape Coast; 05433. radiocarbon date, Quaternary, organic deposit, pollen, Australia, Tasmania, Newton Creek; 02786. tree ring evidence, forest succession, Holocene, hemlock decline, paludified dune field, Canada, Quebec; 00218.
- macrohydrophytes**
surface water quality, hydrosol chemistry, beryllium, germanium, 05715.
- macroinvertebrate**
lake water quality, pollution, zoobenthos, oligochaete, Chironomidae, sphaeriid clam, USA, Ohio, Cleveland; Lake Erie; 05690. microhydraulics, FST hemisphere, river flow, flow characteristics, current velocity, 10929. organic matter, streamwater quality, riparian vegetation, allochthonous input, detrital dynamics, USA, Idaho, Lapwai Creek; 12272.
- macroinvertebrate fauna**
river water quality, biological quality, computer model, UK; 04484.

- macrolichen**
radiocarbon, age estimation, Antarctica; 01465.
- macromolecule**
polysaccharide, remineralisation, degradation, anoxic sediment, 14385.
- macronet polymer**
water retention, soil conditioner, 05517.
- macronutrient**
burning, biomass, nutrient cycle, fuel, ash, Brazil; 04816.
- macrophyte**
bed roughness, *Elodea canadensis*, river flow, 09588.
- macrophyte**
atmospheric deposition, oxidation, mountain lake, nitrogen oxide, lake water quality, Spain, Pyrenees; 14674. biomass estimation, community structure, GIS, Switzerland, Geneva; 12806. bioremediation, stabilisation pond, wastewater treatment, biological pond system, purification efficiency, China; 14649. *Equisetum fluviatile*, sediment/water interface, phosphorus, eutrophication, Finland, Lake Paajarvi; 09319. eutrophication, estuary, wastewater treatment, phosphorus removal, benthic vegetation, Denmark, Jutland, Randers Fjord; 04474. floodplain, river water quality, groundwater contamination, water purification, bioindicator, France, Alsace, Ill River; 14661. nitrogen, redox potential, biomass, isoetid, lake, Denmark, Lake Kvie; 09317. phosphorus, blue-green algae, lake water quality, alum treatment, lake restoration, USA, Washington; 14690. phosphorus, pore-water, lake, isoetid, Denmark, Lake Kvie; 09318. plant root, particulate matter, *Eichhornia crassipes*, floodplain, sediment retention, Argentina, Parana River; 11897. surface water quality, denitrification, transparency, fish reduction, biomanipulation, Netherlands, Bleiswijkse Zoom Lake; Zwemlust Lake; Netherlands, Noorderdiep Lake; Denmark, Vaeng Lake; 14693.
- macrophyte growth**
river habitat, water resource management, channel depth, channel roughness, channel hydraulics, 12381.
- macropore**
concentration time, rainfall/runoff relationship, infiltration, urbanisation, runoff, 08320. digital image, image analysis, pore space, tillage, 06817. groundwater recharge, water table response, rainfall intensity, Malaysia, Sabah, Ulu Segama; 08391. infiltration measurement, Hapludoll, porosity, air-filled porosity, 03071. leaching model, solute transport, 12071. leaching, plant water use, root zone process, irrigation water management, water use efficiency, 14774. permeameter, infiltration, infiltrometer, hydraulic conductivity, 03073. porosity, soil hydraulic property, water content, USA, Hawaii; 06831. root zone water quality model, soil water transport, soil chemical transport, 03072. solute leaching, lysimeter, 12072. tillage, anion movement, cation movement, lysimeter, Hapludult, USA, Apalachians; 01838. tillage, hydraulic conductivity, red earth, soil hydraulic property, Australia, New South Wales, Wagga Wagga; 03159. tracer, hillslope hydrology, preferential flow, subsurface runoff, deuterium, chloride, streamflow partitioning, 01930. X-ray computed tomography, bulk density, porosity, fractal dimension, 14477.
- macropore flow**
bypass flow, rice paddy, water conservation, tillage practice, 14772. capillary tube model, infiltration, wetting front, 05781. Darcy-Weisbach equation, saturated/unsaturated flow, pipe flow, forested slope, hillslope hydrology, 08395. micropore flow, groundwater flow, solute transport, diffusion, flow interruption method, convection/dispersion equation, 07068. subsurface drainage, hydraulic conductivity, soil water flow, clay soil, 12298. unsaturated flow, bypass flow, clay soil, 03312.
- macroporosity**
compacted clay, clay, texture, Canada, Kompienga Dam; 09116. image analysis, porosity, orchard soil, 00476. soil management, soil physical property, tillage, sodic soil, soil amelioration, Australia; 13312. soil water content, porosity, cattle trampling, Natraquoll, aggregate stability, Argentina, Pampa; 13398.
- macroscale model**
general circulation model, hydrological cycle, atmosphere/hydrology model, 08268. land characteristic, water flux, scaling, energy flux, field experiment, 00069.
- macroscale modelling**
hydrological model, dataset, hydrological cycle, 08271. hydrosphere model, general circulation model, meteorology, hydrological modelling, 08267.
- macroscopic aggregate**
lake water quality, organic aggregate, lake snow, microbial dynamics, particulate organic matter, Germany, Lake Constance; 02017.
- macroscopic strength**
soil reinforcement, stone column, lower bound approach, 02714.
- macroseismic area**
earthquake, landslide, rockfall, tsunami, India; 03984.
- macrotidal**
wave dominated beach, tide range, beach morphodynamics, microtidal, 02677.
- macrotidal regime**
shoreface, bedform, breaking wave, beach, UK, England; 07974.
- macrotransport**
porous media, homogenisation analysis, diffusion, adsorption, 02644.
- macro turbulence**
turbulence, channel flow, dune, Canada, Fraser River; 01948.
- macrozoobenthos**
effluent standard, river water quality, wastewater treatment, zoobenthos, Hungary, Tisza River; 08377.
- Madden-Julian oscillation**
Kelvin wave, CISK, evaporation/wind feedback, oscillation (30-60 day), tropics, 11206. oscillation (40-50 day), angular momentum, convective activity, 00863. seasonal variation, oscillation (40-50 day), angular momentum, 00864.
- Madrid Basin**
Neogene, bentonite, saponite, authigenesis, lacustrine deposit, Spain, Toledo, Yuncos; 04206. texture, paleosol, clay, Neogene, sepiolite, Spain, Madrid; 04219.
- Maestrichian**
Lameta Formation, carbonate, clast composition, India, Gujarat State; 05425.
- Magdalenian**
late glacial, prehistory, palaeoenvironmental change, Portugal; 09160.
- Magellan image**
density, morphology, impact crater, tessera terrain, Venus; 07796.
- Magellan imagery**
meander, channel, lava channel, sinuosity, quasi-equilibrium state, Venus; 07795.
- MAGIC**
acidic deposition, afforestation, climate change, streamwater chemistry, UK, Scotland, Balquhider, Monachyle; 00711. lysimeter, Arenosol, ion concentration, base saturation, Norway, Nordmoen; 12075.
- magma chamber**
levelling, tilt, subsidence, ground deformation, Mexico, Colima Volcano; 12961.
- magma discharge rate**
eruption history, volcano, tephra layer, stratigraphy, Japan, Kyushu, Kirishima Volcano; 00134.
- magma mixing**
tephra deposit, stratigraphic nomenclature, Hayes tephra set H, USA, Alaska; 13095.
- magmatic water**
groundwater chemistry, isotope analysis, geothermal system, Philippines, Leyte, Greater Tongonan Geothermal Field; 12332.
- magnesian calcite**
dolomite, solubility, trace element, stabilisation, carbonate, 01629.
- Magnesian Limestone**
hillslope, solutional erosion, rock tablet, remeasurement, chemical denudation, UK, England, Derbyshire; 10360.
- magnetite**
diagenesis, Permian, red bed, Austria, Tyrol, Northern Calcareous Alps; 14368. lake, playa, mudflat, microbial mat, stromatolite, Canada, British Columbia, Cariboo Plateau; 04245. sabkha, seawater, phase boundary, dolomite, mineralogy, 14356. sepiolite, Miocene, gypsum, palaeoenvironment, dolomite, Turkey, Eskisehir Province; 11931.
- magnesium**
aluminium, climate change, forest soil, nitrate, soil temperature, 03130. anion background, cation transport, calcium, 03140. calcium, sulphate, potassium, sodium, chloride, precipitation chemistry, Australia, Western Australia, South Western Region; 03205. dolomite, kieserite, acidic soil, organic carbon, 05584. dolomitization, calcium, Holocene, sabkha, aragonite, United Arab Emirates, Abu Dhabi; 01634. granite landscape, serpentine, karst microform, solubility, France, Massif Central, Limousin; 05179. illitic soil, soil colloid, flocculation, organic matter, pH, calcium, 12097. lake water quality, lake classification, sodium, nutrient, bicarbonate, potassium deficiency, UK, Northern Ireland, County Antrim; 03303. pH, ionic strength, Andisol, calcium, 13382. sodium, Chernozem, CEC, calcium, 05617.
- magnesium/calcium ratio**
ostracode shell, Quaternary, palaeotemperature reconstruction, Coral Sea, Queensland Trough; 10448.
- magnesium II**
core to wing index, ultraviolet, solar activity index, solar cycles 21/22, 04591.
- magnesium sulphate**
soil amendment, trace metal transport, gypsum, cation transport, potassium sulphate, 06887.
- magnetic activity**
Maunder Minimum, solar activity, climate impact, 08618.
- magnetic analysis**
particle size, heavy mineral analysis, decantation, 10553.
- magnetic anomaly**
lithosphere, Magsat, Africa; 11493. mineral assessment, USA, Montana, Fort Peck Reservation; 03760.
- magnetic anomaly map**
polar lithosphere, lithosphere anomaly, correlation coefficient filtering, Antarctica; 13922.
- magnetic dataset**
resource exploration, African magnetic mapping project, Africa; 11492.
- magnetic discontinuity**
geochemical anomaly, SAR, stream sediment geochemistry, fracture zone, Canada, Quebec, Gaspé Peninsula; 03769.
- magnetic field**
ERS-1, Meteosat, European Space Agency, gravity field, 08748.
- magnetic field model**
MAGSAT, geophysical survey, 04851.
- magnetic polarity**
palaeoclimate, Gauss/Matuyama boundary, Pliocene/Pleistocene, pollen analysis, China, Shanxi, Yushe Basin; 05271.
- magnetic record**
particulate pollution, salt marsh, pollution history, stratigraphic marker, UK, England, Cheshire, Dee Estuary; 06380.
- magnetic recording**
spectrometry, airborne geophysical mapping, aeromagnetic survey, accurate position fixing, 07536.
- magnetic remanence**
lake sediment, geomagnetic excursion, Mono Lake Excursion, overprinting, USA, California, Mono Lake; 07827. sulphate, cyclicity, ocean basin, bacteria, magnetite, Pacific, Tasman Basin; 10660.
- magnetic resonance imaging**
dual porosity soil, soil water, three dimensional mapping, 04494.
- magnetic stratigraphy**
sediment, Quaternary, environmental change, chronology, susceptibility stratigraphy, Coral Sea, Queensland Trough; 10456.
- magnetic study**
lake sediment, Quaternary, magnetite dissolution, sedimentation rate, glacial/interglacial episode, Sweden, Karsa Valley; 05342.
- magnetic survey**
oil exploration, gas exploration, Gulf of Suez; 04941.
- magnetic susceptibility**
accumulation rate, soil moisture, loess, USA; 04072. bottom water, AABW, ripple, mudwave, Atlantic, (South), Argentine Basin; 00435. Cainozoic (late),

- coupling, monsoon circulation, global ice volume, loess grain size, China, Loess Plateau, Xifeng; 00159. hillslope, tracer, overland flow, sediment movement, USA, Arizona; 05356. Holocene, radiocarbon dating, palaeomagnetism, Russian Federation, Karelia, Paanajarvi Lake, Pajanne Lake; Finland, Pajanne Lake; 13111. lake stratigraphy, Holocene, varve chronology, USA, Minnesota, Clearwater County, Elk Lake; 02736. Newland Formation, storm deposit, palaeocurrent pattern, shale, Proterozoic, USA, Montana, Big Belt Mountains; 04176. paleosol, mineralogy, pedogenesis, ferrimagnetic mineral, loess, China; 14510. power station, fly ash, lake sediment, Spain; 13296. provenance, Holocene, marine sediment, Canada, Northwest Territories, Frobisher Bay; 07852. Quaternary (late), Ostracoda, oxygen isotope record, climate history, USA, Lake Michigan; 13065.
- magnetic susceptibility curve**
loess profile, Vostok ice core, eccentricity variation, Bruhnes chron, China, Xifeng; 07836.
- magnetism**
erosion, sediment delivery, tracer, Australia; 05340. granulometry, reservoir, source, Spain, Nijar, Isabel II Reservoir; 01750.
- magnetite**
ilmenite, garnet, heavy mineral, metal concentration, India, Uttar Pradesh, Chopan, Son River; 12023. magnetic remanence, sulphate, cyclicity, ocean basin, bacteria, Pacific, Tasman Basin; 10660. mineral magnetism, Holocene, lake sediment, palaeoenvironmental reconstruction, soil development, Sweden, Lappland, Karsa Valley; 00223.
- magnetite dissolution**
sedimentation rate, glacial/interglacial episode, magnetic study, lake sediment, Quaternary, Sweden, Karsa Valley; 05342.
- magnetosphere**
HF radar, DMSP satellite, ionospheric convection pattern, boundary layer plasma sheet, 11484. particle accelerator, ATLAS-1, atmosphere, ionosphere, 12730.
- magnetospheric forcing**
radar observation, wind, mesopause, solar proton event, charged particle, 00926.
- magnetospheric variability**
relativistic electron, middle atmosphere, ionisation source, 04585.
- magnetostratigraphy**
lithostratigraphy, tephrostratigraphy, sea level change, Pleistocene, New Zealand, North Island, Wanganui Basin; 09222. Pleistocene, human remains, Olduvai event, dating, biostratigraphy, Spain, Granada, Orce; 14248. sequence stratigraphy, disconformity, sea level, Palaeogene, USA, Alabama, Bay Minette; 00403. uranium series dating, geochronology, Quaternary, fluvial terrace, ESR dating, France, Somme Basin; 10479.
- magnetovariational sounding**
geolectrical structure, Earth, mantle structure, Magsat, 10067.
- magnitude**
frequency, extreme rainfall, rainfall, UK, Scotland; 09815.
- magnitude effect**
model dynamics, prediction, transform fault, earthquake model, 02691.
- magnitude-frequency analysis**
sediment transport, effective discharge, geomorphology, USA; 07954.
- MAGSAT**
geophysical survey, magnetic field model, 04851. magnetic anomaly, lithosphere, Africa; 11493. magnetovariational sounding, geoelectrical structure, Earth, mantle structure, 10067. surface geophysical data, geological structure, India; 04956.
- Maha Sarakham Formation**
brine, clay mineral, evaporite, Thailand, Khorat; 06699. Cretaceous, desert, red bed, evaporite, potash, Thailand; 05383.
- Main Lateglacial Shoreline**
Main Postglacial Shoreline, radiocarbon dating, Holocene, sea level, Devensian, UK, Scotland, Arisaig, Rumach; 09213.
- Main Postglacial Shoreline**
radiocarbon dating, Holocene, sea level, Devensian, Main Lateglacial Shoreline, UK, Scotland, Arisaig, Rumach; 09213.
- main leakage**
groundwater contamination, chlorinated hydrocarbon, industrial pollutant, trichloroethene, trichloromethane, UK, England, Coventry; 03364. multi-layer aquifer, chlorinated hydrocarbon, groundwater balance, dual porosity aquifer, hydrogeology, UK, England, Coventry; 03322.
- maintenance**
developing country, economic analysis, design, construction, water project, operation, Third World; 03389.
- maintenance management information system**
network structure, digital topography, public utility, Netherlands, Amsterdam; 11576.
- maize**
agroforestry, carbon, nitrogen, miombo, SCUAF model, Zimbabwe; 08211. canopy, energy balance, microclimate, 03453. crop yield, plant uptake, nitrogen mineralization, crop rotation, incubation, USA, Minnesota; 10757. field microclimate, carbon dioxide, flux density, wheat, 14968. forest, nitrogen compound, fertilisation, France, Aquitaine, Landes de Gascogne; 03577. heavy metal, Haplaquept, crop yield, USA, Kentucky; 09534. manure, nitrogen, plant uptake, incubation, Zimbabwe; 08159. Mollisol, vetch, nitrogen mineralization, crop residue, soybean, USA, Illinois; 10802. organic carbon, crop rotation, carbon, organic matter, France; 10851. reflectance, crop coefficient, vegetation index, 06279. rill erosion, nomogram, Zaire, Shaba, Lubumbashi; 05642. root length density, Kanhapludult, interrill erosion, 09554. soil salinity, nutrient status, USA, Wyoming; 08207.
- maize production**
nitrogen stress, yield reduction, climate change, carbon dioxide concentration, global change, Argentina, Pampas; 08969.
- maize yield**
temperature, greenhouse effect, crop variety, 14870.
- major dissolved organic carbon**
alkalinity, lake water chemistry, major ion chemistry, USA, Alaska, Kenai Peninsula; 02019.
- major ion chemistry**
major dissolved organic carbon, alkalinity, lake water chemistry, USA, Alaska, Kenai Peninsula; 02019. salinity, surface water quality, geochemistry, lake water chemistry, Namibia, Namib Desert; South Africa; 09675.
- major ions**
aerosol, deposition, scavenging, snowfield, snow pit, Switzerland; 03568. ice core, climate change, Greenland; 04752.
- malachite green**
phosphate, continuous flow method, orthophosphate, 03097.
- malacofauna**
Shannon diversity index, climate warming, mollusk assemblage, environmental evidence, Holocene, France, Burgundy; 04105.
- malaria**
anopheline mosquito, GIS, TM, land cover, tropical wetland, Mexico, Chiapas; 11552. pesticide, DDT, pollution, tsetse fly, Zimbabwe, Lake Kariba; 10691.
- Malbaie Formation**
wetting/drying weathering, storm wave quarrying, abrasion, structural beach, marine cliff, Canada, Quebec, Gaspé; 00112.
- Malm deposit**
Jurassic, carbonate, biofacies, biostratigraphy, Croatia, Gorski Kotar; 09351.
- mammal**
palaeoecology, Villafranchian, stratigraphy, France, Drome, Saint-Villier; 14256. telemetry, satellite, tracking, 15199.
- mammal fauna**
wallaby, marsupial, subalpine grassland, possum, Quaternary, New Guinea, Irian Jaya; 00212.
- mammalian biochronology**
semiarid piedmont plain, alluvial fan, palaeoecology, stratigraphy, Pliocene/Pleistocene, USA, New Mexico, Albuquerque, Tijeras Arroyo; 01484.
- mammoth**
loess, geoarchaeology, geochronology, playa basin, Clovis point, USA, Texas, High Plains, Miami Site; 10466.
- MAMS**
VISSR Atmospheric Sounder, Earth-atmosphere system, atmospheric moisture, horizontal gradient, 01167.
- Mamu Formation**
carbonate, sandstone, mudstone, Nkporo Shales, diagenesis, Nigeria, Leru Okigwe; 09286.
- man**
natural environment, geography textbook, ecology, landform, 03855. palaeoclimatic evolution, late glacial, Holocene, Spain, Andalusia, Cadiz; 10467. risk assessment, exposure modelling, environmental risk, hazard, chemical, 07695.
- man made lake**
eutrophication, water quality management, reservoir limnology, arid zone, nutrient, plankton, 05764. phytoplankton, reservoir, trophic status, nutrient load, limnology, Italy, Sardinia; 01968.
- managed retreat**
coastal management, sea level rise, shoreline adjustment, flooding, salt marsh, UK; 03970.
- management**
aerial imagery, database, pipeline, 12861. biophysical survey, socioeconomic survey, GIS, Protected Areas, Philippines; 02499. change, technology transfer, remote sensing, 12858. computer model, dredging, capping, seafloor, contaminated sediment, USA, Connecticut, New London; 09403. drainage, restoration strategy, ecosystem restoration, USA, Florida, Everglades; 11613. dredged sediment, water quality, sediment quality, temporal variability, spatial variability, Germany; 10710. erosion, sediment budget, aggradation, catchment, Australia, New South Wales, Snowy River; Victoria; 14444. expert system, cognition, environmental management, 10196. Flandrian, estuary, alluvial coast, shoreline, UK, Severn Estuary; Bristol Channel; 05430. flooding, lake level, estuary, dredging, South Africa, Zululand, St Lucia Estuary; 05484. fluvial system, metal, environmental geology, pollution, Australia, Western Australia; Queensland; 00448. forest, timber harvest, runoff, erosion, Water Erosion Prediction Project, 04277. GIS, data quality, 15092. GPS, marketplace, USA; 02367. GPS, photogrammetry, Canada, Ontario; 06110. GPS, photogrammetry, production specification, contract monitoring, Canada, Ontario; 11361. lake sediment, chlorine, trihalomethane, water supply, USA, Ohio, Portage County, Lake Rockwell Reservoir; East Twin Lake; 03031. mineral, land, USA; 15243. restoration, phosphorus, eutrophication, phytoplankton, fractionation, UK, Scotland, Tayside, Loch Leven; 10689. sea defence, sea level, coastal zone, planning, UK; 05157. soil, conservation tillage, erosion, sediment loss, USA; 05464. spatial data, surveying, Australia; 12657. territorial systems analysis, rural area, GIS, 11438. water quality, agricultural land, 12797.
- management information system**
forestry, databank, expert system, 15145. GIS, university, USA, Texas, Texas A&M University-Corpus Christi; 15259.
- management practice**
prairie, multispectral reflectance, multitemporal reflectance, spectroradiometer, USA, Kansas; 06280.
- management program**
survey, international cooperation, coastal zone management, 06377.
- management technique**
tillage, soil conservation, Australia; 08107.
- manatee**
GIS, aquatic ecosystem, USA, Florida; 01229.
- Mancos Shale**
Cretaceous, volcanic ash, taphonomy, peat, coal, Ferron Sandstone Member, USA, Utah, Emery Coal Field; 14406. sea level, Milankovitch, Western Interior Seaway, Cretaceous, USA, Utah; 14348.
- mancozeb**
fungicide, ethylenethiourea, ethyleneurea, Philippines; 05633.
- manganate**
metal, manganese, sulphide deposit, hydrothermal vent, concretion, 06766.
- manganese**
aluminium, residence time, trace metal, atmospheric input, seasonal cycle, Bermuda; Atlantic, Sargasso Sea; 14393. bacteria, oxidation, crust, lamina, bottom sediment, Dead Sea; 04209. black shale, ore, phosphate, iron, Czech Republic, Bohemian Massif; 09304. boron, interstitial water, accretionary

- prism, iodide, bromide, Pacific, Nankai Trough; 00337. cation sorption, loess, iron, 00560. CCD, productivity, geochemistry, element, nodule, Pacific, Aitutaki-Jarvis Transect; 10659. copper, zinc, dissolved organic carbon, submerged soil, calcareous soil, iron, 14532. diagenesis, organic matter, oxygen, porewater chemistry, North Sea, Skagerrak; 00328. distribution coefficient, coastal water, trace metal, suspended sediment, seasonality, Atlantic, English Channel; North Sea, Pentland Firth; North Sea, German Bight; 02935. geochemistry, trace metal, weathering, pollution, Turkey, Sea of Marmara; 14392. groundwater contamination, groundwater treatment, remedial method, in situ treatment, nitrate, iron, 12338. heat transport, lake limnology, hypolimnion, phosphorus, silica, USA, Wisconsin, Mendota Lake; 10980. iron, Latosol, tillage, zinc, copper, Brazil, Sao Paulo; 05618. iron, reduction, marine sediment, biogeochemistry, 02936. iron, salt marsh, oxidation, sulphite, porewater, Denmark; 08006. iron, soil oxygenation, redox potential, oxygen diffusion rate, 10816. isotope, limestone, sedimentation, Tithonian, Bernian, France, Alpes de Haute-Provence; Ardeche; 01680. microbial biomineralization, biomineralization, iron, 00329. nodule, abyssal plain, submarine geomorphology, sediment/water interface, sedimentation, Indian Ocean, Central Indian Basin; 10598. nodule, carbonate compensation depth, manganese, productivity, Pacific, Aitutaki Jarvis Transect; 10658. nodule, mineralogy, iron-manganese nodule, Fragiudalf, iron, USA, Mississippi River Valley; 12156. nutrient balance, zinc, copper, Hungary, Fejér County; 10724. ore, nodule, crust, 00341. oxidation, surface sediment, microbial production, salt marsh, USA, Georgia; 08048. potable water quality, Urov disease, river water quality, phosphorus, Asia, Urov River; 12273. redox cycling, sediment/water flux, oxidation, Denmark, Aarhus Bay; 14399. reduction, sulphate reduction, degradation, organic matter, iron reduction, North Sea, Skagerrak; 02921. reworking, spring bloom, suspended matter, anoxic sediment, bioturbation, USA, Long Island Sound; 13249. river water quality, wastewater treatment, ozone, ammonia removal, biological pretreatment, UK, England, Huntingdon, Dee River; 05735. salinity, carbon, organic matter, oxidation, bacteria, USA, Florida, Shark River Estuary; 06711. seawater, scavenging, photo-reduction, 10616. sediment column, micronodule, turbidite, abyssal plain, Pacific, Izu-Ogasawara Trench; 06768. sulphate, microorganism, oxidation, reduction, organic carbon, Norway; Denmark; 01656. sulphide deposit, hydrothermal vent, concretion, manganese, metal, 06766. surface texture, micronodule, nodule, pelagic sediment, Indian Ocean, Central Indian Basin; 01642. TAG, sulphide, isotope, hydrothermal input, Atlantic, Mid-Atlantic Ridge; 00430. traffic density, unleaded gasoline, Canada, Quebec, Montreal; 15035. trend, barium, tree ring, sulphur deposition, 12644. vanadium, sulphate, black shale, anoxic sediment, iron, 10634.
- manganese accumulation**
rock varnish, desert piedmont, varnish development, geomorphological surface, USA, California, Mojave Desert, Soda Mountains; 06443.
- manganese crust**
phosphorite, colophane, seamount, Pacific, Line Islands; 00429.
- manganese dioxide**
sulphur dioxide, oxidation, metal oxide, black carbon, soot, 06085.
- manganese nodule**
comparative study, pelagic clay, growth history, Pacific, Penrhyn Basin; 03009. hydrothermal process, metal, deep sea sediment, ooze, geochemistry, Pacific, Clarion Island; Mexico; 03010. limestone, seamount, bottom current, submersible observation, Miocene, Pacific, Tenpo Seamount; 10597. pumice, ash layer, tephra, sediment/water interface, Indian Ocean, Central Indian Basin; 08067. REE, scavenging, sediment chemistry, Indian Ocean, Central Indian Basin; 13283. resource assessment, crust, Exclusive Economic Zone, cobalt, Pacific, Tuvalu, Ellice Islands; 03011.
- manganese oxidation**
leuco crystal violet, salinity, salt marsh, mangrove estuary, Bahamas, Andros Island; USA, Georgia, Sapelo Island; 10611.
- manganese oxide**
alluvium, coating, bacteria, USA; 04203. filtration bed, water treatment plant, metal mobility, metal removal, adsorption/desorption, UK, Scotland, Grampian; 05701. oxidation, reduction, microorganism, organic matter, iron oxide, 00330. scanning electron microprobe, cobalt, copper, mineralogy, UK, England, Devon; 04341.
- manganese oxide accumulation**
Pellustert, oil coating, translocation, soil structure, 05585.
- manganese precipitate**
electron microscopy, field drain, soil microorganism, iron precipitate, 08178.
- manganese uptake**
cerium uptake, suspended particle, radiotracer, oxidation, seasonal variation, USA, Chesapeake Bay; 08005.
- manganite**
productivity, manganese, nodule, carbonate compensation depth, Pacific, Aitutaki Jarvis Transect; 10658.
- Mangrovia drillhole**
tephra, pollen analysis, spores, Nemonia Glaciation, Last Glaciation, New Zealand, North Island, Hutt Valley, Mangaroa Valley; 11823.
- mangrove**
carbohydrate, hypersaline environment, biomass, sabkha, carbon isotope, United Arab Emirates, Abu Dhabi; 02924. estuary, soil acidification, floodplain, oxidation, pyrite, Australia; 00450. fringing mangrove, oil spill, galeta oil spill, Panama, Bahia las Minas; 11607. hydrocarbon, oil spill, PAH, pollution persistence, Panama, Galeta; 12015. multispectral scanner, SPOT, Indonesia, Java; 03794. nutrient, forest, primary production, bacteria, Papua New Guinea, Fly Delta; 04259. oil spill, pollution persistence, hydrocarbon, toxicity, Panama, Galeta; 12014. sea level rise, UNEP, permatang coast, impact assessment, erosion, coastal reclamation, Malaysia; Thailand; Indonesia; 11666. seagrass, coral reef, Thalassodendron ciliatum, carbon isotope, organic matter, Kenya, Gazi Bay; 11960. zonation, sea level change, geomorphology, tidal flat, Holocene, Micronesia, Pohnpei Island; Philippines, Pagbilao; 00397.
- mangrove deposit**
sabkha, palaeosol, organic matter, dolomitization, United Arab Emirates, Abu Dhabi Sabkha; 14374.
- mangrove estuary**
manganese oxidation, leuco crystal violet, salinity, salt marsh, Bahamas, Andros Island; USA, Georgia, Sapelo Island; 10611.
- mangrove forest**
radar backscatter, tropics, Bangladesh, Ganga River Delta, Sundarbans Forest; 06269.
- mangrove peat**
Maya wetland, Holocene, palaeosalinity, microfaunal assemblage, salinity change, Belize, Cobweb Swamp, Colha; 09207.
- mangrove sediment**
suspended sediment, uranium, mixing zone, continental shelf, India, Ganges River; Brahmaputra River; 06718. wetlands, wastewater, nutrient, heavy metal, phosphorus, Hong Kong; 14450.
- mangrove soil**
rhizosphere, trace element, heavy metal, Brazil, Rio de Janeiro, Sepetiba Bay; 06909.
- mangrove swamp**
temperature shock, impact, cyclone, estuarine lake, flood level, South Africa, Natal, St Lucia; 00129.
- manifold installation**
erosion problem, hydrology, land improvement, water course, Switzerland; 05134.
- manipulation**
eutrophication, acidification, aquatic ecology, microcosm technique, Italy; 00019.
- manned space flight**
Earth observation, biomass burning, 08749.
- Manning-Strickler equation**
discharge prediction, stage/discharge relationship, compound channel, channel flow, 06976.
- Mannings equation**
slope, flow depth, sewer design, minimum velocity design, 06974.
- mantle**
geoid/topography ratio, topography, geoid height, Venus; 11698. rock glacier, fabric analysis, macrofabric, debris, USA, Utah, La Sal Mountains; 11853.
- mantle convection model**
Earth, comparative study, statistics, planetary topography, gravity, Venus; Mars; Moon; 07794.
- mantle diapir**
corona chain, spatial distribution, Venus; 09078. uplift, lithospheric thickness, comparative study, radially fractured dome, Venus; 09079.
- mantle echo**
Bragg scattering, cloud, cumulus, radar echo, 02129.
- mantle plume**
lithospheric extension, corona, volcanism, Venus; 01404.
- mantle structure**
Magsat, magnetovariational sounding, geoelectrical structure, Earth, 10067.
- mantle upwelling**
geomorphology, structural segmentation, geosat altimetry, offset migration, plate boundary, Pacific, East Pacific Rise; 10459.
- mantle viscosity**
glacial rebound, model, ice sheet, Devensian, coastline, UK; 07887. sea level, glacial rebound, model, ice sheet model, UK; 07888.
- manual interpretation**
remote sensing training, SPOT, Fiji; 07657.
- manure**
ammonium sulphate, nitrogen transformation, fertiliser, 06879. cadmium, urea, nitrate, ammonium, nitrite, 03128. calcareous soil, saline soil, nitrogen, soil amendment, humus, organic material, 03109. crop residue, calcareous soil, organic matter, sulphur oxidation, 06885. microbial activity, nitrogen fertiliser, methane, fertiliser, UK, England, Hertfordshire, Harpenden, Rothamsted Experimental Station; 08151. nitrate, agricultural practice, runoff water quality, fertiliser, 11080. nitrogen, phosphorus, poultry litter, USA, Oklahoma; 09531. nitrogen, plant uptake, incubation, maize, Zimbabwe; 08159. nitrous oxide, nitric oxide, nitrification, denitrification, 10806. organic material, organomineral particle, particle size fraction, cation exchange capacity, Germany; 00594. organic material, splash detachment, rainfall simulation, Nigeria, Borno State; 03189. pig manure, Mehlich 3 procedure, copper, extractant, USA, Virginia; 03101. pig slurry, pig solid manure, open chamber technique, methane emission, 06081. plant uptake, fertiliser, monoculture phosphate, phosphorus, Podzol, Canada, Quebec; 05615. poultry litter, nitrogen mineralization, 08164. poultry manure, ammonia volatilisation, crop residue, 03133. poultry manure, land application, phosphorus, runoff, USA, Delaware, Inland Bays; 14543. reduction, liquid manure, iron reduction, sulphide, methane, 00540. runoff water quality, algal assay, chemical analysis, soil water quality, 00699. runoff, curve number, agricultural practice, surface sealing, infiltration, 02101. sewage, animal waste, environmental impact, 12891. slurry application rate, swine manure, runoff water quality, runoff concentration, rainfall intensity, 02000.
- manure application**
anthropogenic soil, plaggen soil, UK, Scotland, Orkney; 05546. soil chemical property, soil physical property, soil fertility, savanna soil, Nigeria, Maiduguri; 04389.
- manure fertiliser**
herbicide, isoxaben, cereal, soil dissipation, Belgium; 01899.
- manure spreader**
soil compaction, tractor tyre pressure, 05510.
- manuscript record**
polar, archival record, polar material, 07723.
- map**
archivist, cartography, Canada; 15105. cadastre, historical cartography, cadastral survey, West Indies, St. Croix; 10121. communication, geography, teaching, 10130. design, 06210. desktop publishing, coastal zone, 06305. environmental management, Europe; 06246. geocology, topography, 12790. GIS, ARC/INFO, database, spatial analysis, 06171. LIS, photogrammetry, real estate, Germany, Sachsen-Anhalt; 10260. natural disaster, disaster, Japan, Yokohama, Kanagawa Prefecture; 12866. ocean, phytoplankton, sea surface temperature, colour sensor, Japan; 10231. orthophoto, Slovenia; 04917. planimetry, accuracy, historical map, USA, Colorado River; 06198. rockfall, land use planning, hazard, USA, Utah, Salt Lake County, Wasatch Front; 14126. sand content, clay content, soil texture, Zaire; 14467. social dominion, image, 10128. soil acidity, pH map, Australia, Queensland; 14468.

- soil hydraulic property, sodic soil, exchangeable sodium percentage, soil sodicity, Australia, Queensland; 14469. soil sampling, land use, phosphate sorption, 14475. soil type, soil distribution, South America, Amazonia; Brazil, Rio Negro; 14465. tactile map, blind person, Slovenia; 10131. urban water quality, environmental quality, 02559.
- map accuracy**
image processing, military, information, monitoring, global change, remote sensing, data acquisition, GIS, 04825. randomisation, soil map, error animation, 13976.
- map analysis**
GIS, algorithm, 01132. morphostructural study, DTM, neotectonics, drainage network, summit level, France; 01394.
- map archive**
library design; 11439.
- map balancing**
strike/slip motion, kinematic model, Subandean Zone, Bolivia, Andes, Santa Cruz Bend; 06477.
- map cataloguing**
bibliography format, 08807.
- map class**
overlay analysis, spatio/temporal model, GIS, 10104.
- map compilation**
cartography, GIS, Israel; 06211. geomorphological mapping, image interpretation, 08818. geomorphological process, 03714.
- map conservation**
paper, 01148.
- map construction**
Carto/GRAPHIX, software package, cartographic production, 01153.
- map design**
cartogram, modifiable area unit problem, census mapping, 11460. cartographic output, design guidelines, DIPS, GIS, 11455. cartographic text, text symbol, 11452. depth cue, three dimensional perception, 11454. design education, map production, 11467. desktop mapping, map user, aesthetics, 11447. folding system, sheet layout, protective cover, 11446. GIS, quality, 12703. graphicacy, child, 11448. monochrome cartography, newspaper, 11450. satellite imagery, photomap, 11461. scientific visualisation, visualisation software, 11457. screen display, CRT monitor, 11456. thematic cartography, computer cartography, digitisation, 04916.
- map display**
GPS, photogrammetry, navigation, 06121.
- map error**
error, AIDS, diffusion, USA; 02427.
- map ethnography**
ethnography, cartographic representation, culture, society, Peru, Titicaca Lake; 10127.
- map illustration**
map use, regional newspaper, USA, Ohio; 13985.
- map image analysis**
neural network classifier, image segmentation, colour image, 11413.
- map language**
linguistics, 02441.
- map legend**
legend design, soil map, cartographic communication, 01150.
- map librarianship**
digital map, library, GIS, 04903. use model, GIS, digital cartography data, cartographic material, 04904.
- map library**

digital mapping, American Automobile Association, 11581.
- mapping unit**
expert system, cross country going, Australia, Western Australia; 07465.
- maps**
digitised data, accuracy, digital, 12722. spatial analysis, local authority, GIS user, 11574.
- Maps in Bibles**
Holbein the Younger, H., Coverdale Bible, 03708.
- maquis**
decomposition, leaf litter, nutrient release, Greece; 00533.
- marble**
dolomite, stone deterioration, deposition velocity, sulphur dioxide, 06015. pseudomorphism, sulphation mechanism, petrography, calcite, gypsum, 09030. weathering, air pollution, erosion rate, India; 12939.
- marble monument**
rain, laboratory simulation, preindustrial, recession rate, corrosion, 04809. weathering pattern, exfoliation, cyanobacteria, incident rainfall, biogenic weathering, Turkey, Didim, Temple of Apollo; Italy, Rome, Trajan's Column; 01353.
- marble tombstone**
air pollution, gypsum, weathering rate, acidic deposition, North America; 06442.
- marcasite**
porewater, Palaeogene, sulphur, Green River Formation, pyrrhotite, USA, Colorado; Utah; GIS, Wyoming; 01636.

mare deposit

Lunar Orbiter, titanium, mineral, Moon; 06235.

margin change detection

ERS-1 SAR, snow facies, recession, climate variability, ice sheet, Greenland; 02841.

marginal ice

AVHRR, SSM/I, cloud optical thickness, radiative transfer model, surface radiation budget, 03815. radiometric brightness temperature, surface melting, global warming, ice shelf, Antarctica; 03816.

marginal ice zone

gravity wave imagery, ice thickness, SAR, new ice, Greenland Sea; 11557. ice drift, ice floe, geostrophic wind, Antarctica; Weddell Sea; 07621. ocean current, cyclogenesis, wind effect, Canada, Newfoundland Shelf; Atlantic, Newfoundland Shelf; 09232.

marina

dredging, trace metal, terrestrial input, sedimentation, Australia, Queensland, Cairns; Coral Sea, Great Barrier Reef; 12020. natural beach, reclamation fill, rocky shore, shoreline management, artificial shore, France, Riviera; 10383.

marine

GIS, vegetation, Tunisia, Gulf of Gabes; 12828. infrared retrieval, droplet radius, stratocumulus, 12424. marine boundary layer, air-sea interaction, South Africa; 13725. stratocumulus, albedo, statistical dependence, sea surface temperature, cloud cover, 12430. surface layer, turbulence fluctuation, planview, flux patterns, convective structure, 07251.

marine aerosol

aerosol optical thickness, atmosphere, Norwegian Sea; Atlantic; 13996. aerosol particulate flux, sea surface, particle production, wind speed, whitecap, 02348. aerosol, equatorial gradient, sulphate, ammonium, chlorophyll, ammonia, Pacific; 15020. backscatter, coast, aerosol, Australia, Queensland; 02447. equatorial gradient, chlorophyll, ammonium, sulphate, aerosol, Pacific; 06030. International Symposium, global change, oceanic carbon system, carbon dioxide, 02650. mass measurements, aerosol, Berner impactor, size distribution, Ireland, Mace Head; 15005. mineral particle, seawater, iron, dissolved iron, adsorption, 00886. sulphate, deposition sample, aerosol, China, Xiamen Island; 13879.

marine air

sulphur chemistry, methanesulphonic acid, dimethylsulphide, cloud condensation nuclei, Pacific; 04793.

marine air temperature

solar radiation, correction, ship observation, air temperature, 08491.

marine animal

geolocation system, offshore weather data, data telemetry, ocean, fleet tracking, 07440.

marine application

palaeoclimate record, climate trend, marine paleoclimatic fluctuation, Pleistocene, biomarker, 07847.

marine atmosphere

boundary layer, front, aircraft observation, sea surface temperature, Atlantic, Agulhas Current; Africa; 12481. dicarboxylic acid, aerosol, Pacific; 02356. dimethylsulphide, box model, sulphur dioxide, oxidation, 08682. platform observation, dimethylsulphide, coastal water, 07359. rainwater, seasonal variability, methanesulphonic acid, dimethyl sulphide, Indian Ocean, Amsterdam Island; 07353. sink, bromine monoxide, dimethylsulphide, 12591.

marine biogeochemical sulphur cycle

dimethylsulphide, cloud albedo, feedback cycle, phytoplankton, climate change, 09951.

marine boundary layer

air-sea interaction, marine, South Africa; 13725. Albrecht's model, cumulus, thermodynamic structure, stratocumulus, 00999. beryllium-7, Pacific; 13838. boundary layer, model, ozone, photochemistry, Pacific; 06020. cloud topped boundary layer, mesoscale entrainment, entrainment instability, 00885. dimethylsulphide, biogenic sulphur, Arctic; 14999. equatorial transect, boundary layer, SAGA 3, trace gas, aerosol, Pacific; 06029. LeadEx experiment, lead, pack ice, brine concentration, surface freezing, 05277. model, boundary layer, cloud condensation nuclei, dimethyl sulphide, 15017. radiative transfer, cloud optical depth, cloud condensation nuclei, marine stratus, Australia, Tasmania, Cape Grim; 13997. sulphur cycle, Arctic cycling, atmospheric aerosol, seasonal variation, Svalbard, Spitsbergen, Zeppelinfjellet; 08999. water vapour, pressure profile, radio refractivity, 03658.

marine/brackish water

salinity variability, freshwater, diatom stratigraphy, lake, Holocene, sediment core, Antarctica, Horseshoe Island; 01530.

marine carbonate

shallow water carbonate, paleosol, platform, exposure surface, Holocene, 08023.

marine chemistry

salinity, palaeoenvironmental indicator, Holocene, ostracod, Asia, Aral Sea; 04108.

marine clay

clay soil, swelling, physical ripening index, 05549. drain, soil stabilisation, embankment, vertical drain, soft clay, Malaysia; 11762. slope failure, Holocene, sea level, mass movement, Japan, Tokyo Bay; 11764.

marine cliff

Malbaie Formation, wetting/drying weathering, storm wave quarrying, abrasion, structural beach, Canada, Quebec, Gaspe; 00112.

marine climate

voluntary observing ship, error, meteorological observations, Atlantic; 02137.

marine cloud

boundary layer, cloud condensation nuclei, stratiform cloud, dissipation, 08602. cloud, boundary layer, cloud condensation nuclei, 12521. cloud, droplet activation, entrainment, mixing, 01006. stratocumulus layer, measurement, entrainment event, 00998.

marine cyclone

frontal cyclone evolution, air-sea interaction, cyclone life cycle, extratropics, 07217. mesoscale structure, diagnostics, cyclone life cycle, extratropics, 07218. water vapour, surface wind speed, rainfall rate, 08838.

marine data

Saharan/Sahelain boundary, tropical rain forest, palynology, vegetation zone, Brunhes chron, Morocco; Africa, (Northwest); 07859.

marine deposit

coastal deposit, Cainozoic, macrofossil, Quaternary, South Africa, Cape Coast; 05433. coastal plain, Holocene, Weichselian, interstadial, pollen, France, Nord, Watten; 00264.

marine deposition

salinity, river water quality, chloride flux, atmospheric deposition, Australia, Murray-Darling Basin; 14665.

marine disposal

dredging, reclamation, sediment management, sediment quality, contamination, Hong Kong, Victoria Harbour; 00463.

marine environment

bedload, sediment transport, modelling, sheet flow, suspended load, 06771. benthic foraminifera, lateral transport, foraminifera record, Holocene, North Sea; 00180. buoyant plume, power station, effluent discharge, flow pattern, 07614. filtering technique, grain sorting, distribution skewness, grain size, sediment transport, UK, England, Hampshire, Christchurch Bay; France, Rhone Delta; 09249. glaciomarine sediment, ice margin, calving, seismic mapping, till, 07849. oil spill, pollution, Gulf War, environmental consequence, coastal effect, Kuwait; Persian Gulf; Iraq; 06392. oxygen balance, decomposition pathway, organic matter, mineralization, 02630. particle, formation, distribution, cloud condensation nuclei, 15013. remote sensing, mapping, shallow water, 02554. revetment, flexible revetment, 00092. sea level change, temperature, climate change, Caribbean Sea; 06550. sea surface, slope distribution, emission, reflection, microwave emissivity, 14893. trace metal, petroleum, chlorinated hydrocarbon, anionic detergent, nutrient, Russian Federation, Vladivostok; 02609.

marine erosion

coast, natural hazard, catastrophic process, tsunami, 03938.

marine fog

warm water, dissipation, fog, 08606.

marine foreland

sea level rise, spit, glacial rebound, moraine, Denmark, Jutland, Skagen Spit; 05160.

marine formation

oxygen isotope stage 9, thorium dating, Holsteinian, France, Nord, Herzele; 02733.

marine geodesy

global change, satellite altimetry, sea level, 07428.

marine geoid

gravity anomaly, ocean crust, satellite altimetry data, Baltic Sea; 11495.

marine GIS

GIS, Exclusive Economic Zone, 02543. three dimensional data, marine operation, EEZ mapping, USA, Hawaii; 11536.

marine habitat

ecological chart, 01240.

marine halocline

water temperature, salinity, current velocity, ice growth, estuary, river mouth, vertical profile, 12232.

marine ice

lacustrine ice, glaciology, satellite imagery, continental ice, Canada, Arctic Canada; 05333. meteoric ice, sea ice, electrical property, ice, microstructure, 13825.

marine ice sheet

iceberg plowmark, Pleistocene, calving ice front, sidescan sonar, Arctic Ocean, Yermak Plateau; 11834.

marine inundation

deglaciation, rhythmite, isostatic rebound, sea level, glacial lake development, Canada, Newfoundland, Deer Lake; 07808.

marine limit

Mya truncata, Hiatella arctica, Weichselian, shoreline displacement curve, radiocarbon dating, Svalbard, Hopen; 01543. radiocarbon date, Holocene, sea level change, coastal uplift, Japan, Honshu, Izu Peninsula; 01540. radiocarbon dating, deglaciation theory, Russian Federation, Franz Josef's Land; 01386. radiocarbon dating, Holocene, transgression, Russian Federation, Franz Josef Land, Alexandra Land; 13124.

marine lithology

Quaternary deposit, beach ridge, fauna, Argentina, Buenos Aires Province; 02821.

marine meteorology

WMO long term plan, meteorology programme, agricultural meteorology, aeronautical meteorology, 00089.

marine monitoring

chemical measurement, sampling, collaborative study, quality assurance, 00090.

marine mud

mudstone, carbon, sulphur, iron, organic matter, geochemistry, 01676.

marine navigation

polar measurement, surveying, GPS, 12851.

marine observation satellite

sea ice, cryosphere, polar atmosphere, ERS, 08929.

marine operation

EEZ mapping, marine GIS, three dimensional data, USA, Hawaii; 11536.

marine optics

downwelling irradiance, wave focusing, underwater flash, 14078.

marine organism

fish, sinking particle, coastal water, tetrodotoxin, toxification, Japan, Kyushu, Aburatsubo Inlet; 12018. strontium, carbonate, continental shelf, isotope ratio, South Africa; 10601.

marine origin

sodium, chloride, precipitation quality, bulk precipitation, Papua New Guinea, Port Moresby; 08283.

marine oxygen isotope record

aeolian transport, rock magnetic record, Quaternary, climate change, Russian Federation, Siberia, Lake Baikal; 10482.

marine paleoclimatic fluctuation

Pleistocene, biomarker, marine application, palaeoclimate record, climate trend, 07847.

- marine phytoplankton**
carbon cycling, zinc, 14121. photosynthetic rate, inorganic carbon supply, carbon dioxide variation, temperature change, 02585.
- marine placer**
Quaternary, sedimentation, reworking, postglacial deposit, Canada, Gulf of St. Lawrence, North Shore; 01607.
- marine plankton**
dissolved carbon dioxide, ocean, temperature, latitude, 11619. inorganic carbon, Redfield ratio, nitrate uptake, 11618. Saksunarvatn ash layer, Broecker conveyor belt, dissolved nutrient, palaeoceanography, diatom pulse, Norwegian Sea; 05281.
- marine pollution**
coastal environment, 08917. coastal environment, satellite remote sensing, 01242. monitoring, eutrophication, plastic waste, radionuclide, pollutant, 10316. oil spill, Braer oil spill, model prediction, UK, Scotland, Shetlands; 11601. regional agreement, Baltic Sea; North Sea; Mediterranean Sea; 11598. rice, shrimp, organochlorine pesticide, mussel, oyster, Mexico, Campeche, Rio Palizada; 04287. spectrofluorimetry, pollution, PAH, Adriatic Sea; 07943.
- marine primary production**
ocean colour, carbon flux, 14049.
- marine production**
phytoplankton, methyl iodide, Atlantic; 13852.
- marine radar**
position fixing, GPS, vessel traffic system, 08780. vertical separation, aircraft height estimation, 07463.
- marine record**
continental glaciation, Pleistocene, deep sea chronology, ice movement, USA, Nevada, Devils Hole; 10423. mollusc, Holocene, depth limit, palaeoenvironmental analysis, salinity data, temperature data, UK, Scotland; Atlantic, (North); 07854.
- marine reflection profiling**
fjord, rock basin, glacial till, superficial deposit, gas bearing clay, Sweden, Abyfjorden; 04057.
- marine regression**
oxygen isotopic ratio, aridity, sea level change, aeolian dust, Red and Yellow Soil Group, Japan, Nansei Syoto; 05305.
- marine reserve**
subaqueous geomorphology, biocenoses, sea level, wave cut platform, drowned shoreline, Italy, Sardinia; 05320.
- marine resource**
atlas, policy, GIS, planning, 10119.
- marine salt**
precipitation chemistry, ion concentration, glacier, snow chemistry, ice chemistry, India, Himalaya, Chhota Shigri Glacier; 10893.
- marine sandstone**
porosity, reservoir potential, Jurassic, Bradford Beds, diagenesis, UK, Scotland, Inner Hebrides; 11933.
- marine science**
technology, ocean satellite, European office, 03930.
- marine sediment**
abyssal plain, source, geochemistry, mineralogy, Indian Ocean; 10602. acid neutralising capacity, acidification, lake water quality, sulphate, Finland; Sweden; Gulf of Bothnia, Kvarken Straits; 04487. Allerod, Younger Dryas, mollusc, geothermal activity, AMS dating, carbon-14, Iceland, Reykjavik, Fossvogur; 01542. arsenic, oxidation, extraction, speciation, Spain, Galicia, Pontevedra Estuary; 09391. biogeochemistry, manganese, iron, reduction, 02936. chert, clay mineral, classification, element, 10570. diagenesis, water column, river flow, organic matter, phytoplankton, Adriatic Sea; 08020. dissolution, sediment/water interface, carbonate, Holocene, ice volume, Pacific; 01625. environmental change, Baltic Ice Lake, high resolution record, late glacial, Holocene, Sweden, Goteborg; North Sea, Skagerrak; North Sea, Kattegat; 11792. environmental impact, PAH, Adriatic Sea, Gulf of Trieste; Italy, Po Delta; 12019. eutrophication, diatom, ebridian, Baltic Sea, Gotland Basin; 05493. foraminifera, pollen, radiocarbon date, Holocene, Weichselian, North Sea, Kattegat; 07875. heavy metal concentration, spatial variation, copper, lead, zinc, sampling, Australia, New South Wales, Botany Bay; 09256. heavy metal, estuary, organic carbon, toxicity, benthic bacteria, Italy, Arno River, Tyrrhenian Sea; 08094. hydrodynamic separation, fractionation, continental margin, coastal sediment, textural control, USA, Washington; 08011. internal variability, orbital forcing, climate evolution, Pliocene, Pleistocene, 01466. Lancelot, piezometric probe, fine grained sediment, pore pressure, consolidation, Atlantic, Grand Banks, St. Pierre Slope; 00283. magnetic susceptibility, provenance, Holocene, Canada, Northwest Territories, Frobisher Bay; 07852. microcosm, benthic flux, eutrophication, organic loading, nitrification, 01650. ooze, subduction, boron, seawater, tracer, 00425. organic matter, remobilisation, iodine, diagenesis, trace element, Southern Ocean; 01668. pesticide, sewage sludge, sampling, UK, Scotland, Aberdeen, Garroch Head; 11876. radiocarbon, chronology, sapropel, Holocene, Black Sea; 11784. seasonal fluctuation, ice cover, clay mineral, sedimentation, Fram Strait; Norwegian Sea; 11970. seawater, phytoplankton, water column, shale, diagenesis, elemental distribution, 05452. sedimentary organic carbon, organic carbon burial, carbon isotope, accumulation rate, terrigenous input, Gulf of Mexico, Pigmy Basin; 00049. urea production, sulphate, denitrification, fermentation, Thiosphaera pantotropha, 04227.
- marine sediment core**
isotopic evidence, organic carbon, reduced precipitation, river palaeoflow, India, Karnataka Coast; 04060.
- marine shoreline**
uplift rate, chronology, deformation, Quaternary, USA, California, San Diego County; 00254.
- marine snow**
aggregation, sedimentation, Phaeocystis, mucus, 08056. biogeochemistry, particle flux, biology, bacteria, Atlantic, (Northeast); 09340. deep sea sediment, bacteria, phytodetritus, barophilism, Atlantic, (Northeast); 09323. diatom, flocculation, organic matter, particulate matter, USA, California; 10645. floc, video system, settling, cohesive sediment, sediment transport, Netherlands, Ems Estuary; 06668. phytoplankton, continental shelf, biomass, organic matter, benthic fauna, Bering Sea, Chirikov Basin; 10647. sulphide, water column, oxygen, tetrazolium, 00400.
- marine spill**
sensitivity atlas, GIS, oil spill, vessel tracking, Florida, Tampa Bay; 11533.
- marine stratigraphic data**
Pliocene (early), climate stability, 10463.
- marine stratocumulus**
boundary layer, stratocumulus, buoyant forcing, 11154. TOMS, ozone, stratocumulus, cloud top height, algorithm, 11299.
- marine stratus**
marine boundary layer, radiative transfer, cloud optical depth, cloud condensation nuclei, Australia, Tasmania, Cape Grim; 13997.
- marine submergence**
saline distribution, Quaternary geology, permafrost, Canada, Northwest Territories, Mackenzie Valley; 05328.
- marine survey**
GPS, dispersion study, bathymetry, UK, England, Morecambe Bay; 01115.
- marine terrace**
altimeter satellite, eustasy, global assessment, sea level change, GPS, 02815. aminostratigraphy, oxygen isotope stratigraphy, Quaternary (late), tectonic uplift rate, sea level history, USA, California, Los Angeles County, San Pedro; Palos Verdes Hills; 00253. cave, drowned karst, sea level change, submarine cave, Italy, Campania, Surrentine Peninsula; 05326. chronology, U-Th dating, uranium series dating, Pleistocene, fauna, Spain, Alicante; Murcia; 01535. coseismic uplift, terrace offset, uplift mechanism, Quaternary, USA, California, Santa Cruz; 11841. Holocene, sea level change, earthquake, radiocarbon dating, uplift, Japan, Honshu, Noto Peninsula, Hiyogawa Lowland; 01539. neotectonics, Quaternary, coastal sedimentation, subalpine arc, France, Alpes-Maritimes, Nice; 00265. radiocarbon age, environmental change, Holocene, lowland, Japan, Kanto, Miura Peninsula, Hirasaku River; 14147. raised beach, Quaternary geology, moraine, lichenometric dating, outwash, patterned ground, Antarctica, West Antarctica, Trinity Peninsula, Hope Bay; 10523. sea level, eustasy, transgression, uplift, chronology, USA, Hawaii, Hawaiian Islands; 14294. sea level, oxygen isotope stage 7, TL dating, estuarine deposit, Quaternary, USA, California; 00252. tilt, uplift rate, Pleistocene, deformation, terrace age, New Zealand, North Island, Mahia Peninsula; 09221. uplift rate, extension rate, Quaternary, coastline change, radiometric dating, Italy, Calabria; 06481. uplift rate, Quaternary, radiocarbon dating, mollusc, coral, Iran, Qeshm Island; 02701. uplift, deformation, Holocene, New Zealand, North Island, Mahia Peninsula; 09220. vertical crustal movement, volcanic island, neotectonics, uplift rate, Taiwan, Lutaio; 00145.
- marine transgression**
drumlin, cliff retreat, gravel deposit, Wisconsin, Laurentide Ice Sheet, USA, Massachusetts, Massachusetts Bay; 14271. impact assessment, permatang coast, sea level rise, Malaysia, Peninsular Malaysia, Desaru Coast; 11667. pollen, archaeological data, radiocarbon dating, pollen, sediment record, vegetation change, USA, Massachusetts, Boston, Boylston Street Fishweir; 10474. sea level change, shoreline, Holocene, neotectonics, littoral spit, Persian Gulf; United Arab Emirates, Umm Al-Qowayn Lagoon; 06607. submergence, Holocene, beach rock, recent sea level history, coastal response, Bahamas, San Salvador Island; 02820. TL dating, coastal dune, sea level, Younger Dryas, dune initiation, Australia, Queensland, Cape York; 04116.
- marine troposphere**
particle chemistry, airmass, aircraft observation, aerosol, Pacific, (North); 13870.
- marine wind**
vector correlation, geophysics, canonical correlation, surface wind, 07486. wind, mountainous coast, surface wind, USA, Alaska; 07255.
- maritime archaeology project**
archaeology, GIS, South Africa, Table Bay; 12829.
- maritime tradition**
commercial navigation, ECDIS, safety at sea, electronic charting, 11465.
- marker bed**
periglacial aeolian sediment, Old Crow tephra, Pleistocene, oxygen isotope stage 6, last glaciation, USA, Alaska, Holitna Lowland; 00216. Toba Ash, tephra, ignimbrite, Quaternary correlation, India; Indian Ocean, Bay of Bengal; 00376.
- marker horizon**
ignimbrite, uplift, tephrostratigraphy, Potaka tephra, Pleistocene, New Zealand; 13078.
- market based economy**
information, property registration, Albania; 15246.
- market economy**
GIS technology, Hungary; 08805. land registry, real estate, 03850.
- marketing**
geodemographic dataset, 08966.
- marketing theory**
geodetic service, 07422.
- marketplace**
management, GPS, USA; 02367.
- Markov-Bayes algorithm**
formatting, integration, soft data, stochastic imaging, 00057.
- Markov chain**
cyclicality, spreadsheet, 10569. low flow uncertainty, water quality management, data uncertainty, USA, Oregon, Willamette River; 08451.
- Markov chain model**
flood forecasting, streamflow forecasting, 03222.
- Markov cyclicality**
palaeoenvironment, Beaufort Group, Adelaide Subgroup, sandstone, braided river, South Africa, Karoo; 00373.
- Markov field model**
simulated annealing algorithm, AVHRR, classification image, France, Brittany; 07481.
- Markov model**
ecosystem, forest succession, MSS data, 10209. stochastic hydrology, precipitation, interannual variability, daily precipitation series, area average rainfall, UK; 03199.

- Markov process**
definition, drought, truncation level, 04431.
- Markov random field**
Gibbs distribution, textural image, region map, 07472.
- Markov transition probability matrix**
alpine vegetation, DEM, USA, Montana, Glacier National Park; 07625.
- Markovian model**
radiative transfer, broken cloud problem, stochastic model, 02150.
- Markowski, G.R.**
WHITEX, 03420.
- marl**
bacteria, porphyrin, anoxia, palaeoenvironment, France, Alsace, Mulhouse; 05422. clay, flysch, clayey soil, residual shear strength, Greece; 02723. climate change, lake water chemistry, calcite precipitation, calcium carbonate, pH, USA, Minnesota, Elk Lake; 05689. evaporite, hydrocarbon, palaeoenvironment, organic matter, France, Alsace, Mulhouse; 05421. evaporite, organic matter, palaeoenvironment, Oligocene, Mulhouse Basin, France, Alsace, Mulhouse; 05405. gypsum, dissolution, laminate, seawater, anoxia, Italy, Calabria, Vrica; Semaforo; 02932. lake, carbonate deposition, epilimnion, salinity, glacial drift, USA, Minnesota, Clearwater County, Elk Lake; 01602. limestone, Aptian, Albian, bottom current, diagenesis, France; 02923. organic matter, kerogen, pyrolysis, biopolymer, France, Alsace, Mulhouse; 05409. organic matter, productivity, sea level, cyclic sedimentation, evaporite, France, Alsace, Mulhouse; 05459. palaeosalinity, alkylbenzene, evaporite, density stratification, France, Alsace, Mulhouse; 05407. stratigraphy, stable isotope, Quaternary, palaeolimnology, tropical marl lake, Jamaica, Wallywash Great Pond; 05292.
- Marmora Formation**
Saletian stage, stratotype, Pliocene/Pleistocene, aeolian deposit, colluvial deposit, Morocco; 00206.
- Marnes bleues Formation**
Cretaceous, diagenesis, periodite, limestone, Nannococcus, France; 09290.
- MARS**
remote sensing, regression, 10214.
- marsh**
humus, pedogenesis, peat soil, 13358. nutrient removal, wetlands, storm-water, urban runoff, removal rate, mesocosm enrichment, 06390. phytoplankton, organic matter, hydrocarbon, estuary, Arabian Gulf, Shatt Al-Arab Estuary; Khor Al-Zubair; 04233. tidal range, salt marsh, temperate zone, grain size, accretion, channel network, UK; 06773. water quality, pesticide migration, mosquito control, organochlorine compound, sediment, USA, Florida, St. Lucie County; 06993.
- marsh aggradation**
tide gauge data, Holocene, transgression, coastline, sea level rise, Canada, Nova Scotia; 07756.
- marsh/estuary system**
tidal creek, ecosystem development, nutrient flux, USA, Carolina, North Inlet; Bly Creek; 05695.
- marsh sediment**
subaerial exposure, Quaternary, paludal sediment, neotectonics, lake sediment, Croatia, Zagreb, Precko; 02227.
- marsh soil**
nitric oxide emission, diffusive model, laboratory experiment, field measurement, 08686. soil water movement, irrigation, saline soil, solute transport, chloride, MACRO, salt leaching, Spain, Marismas; 13324.
- marshland**
regional deformation, sea level fluctuation, sedimentation, neotectonics, Iraq, Mesopotamia, Ahwar; Iran, Mesopotamia, Ahwar; 05203. stable isotope, methane dynamics, methane oxidizing bacteria, USA, Florida, Everglades; 03882.
- MARSNET**
network, Mars; 04966.
- marcupial**
subalpine grassland, possum, Quaternary, mammal fauna, wallaby, New Guinea, Irian Jaya; 00212.
- Martian atmosphere**
boundary layer model, Viking lander, entry data, Mars; 00881. hydroxyl radical, hydrogen, peroxy radical, adsorption, aerosol surface, Mars; 01047. impact erosion, noble gas, meteorite source, Mars; 01044. oxygen, exosphere, atmospheric change, Mars; 01045. photodissociation, cross section measurement, carbon dioxide, Mars; 01046. pressure cycle, dust storm, carbon dioxide, Mars; 00821.
- Martian channel**
statistics, spatial distribution, dating, Viking data, Hesperian, Mars; 00146.
- Martian duststorm**
dust storm, interannual variability, chaos, 00925.
- Maryville Limestone**
Cambrian, platform carbonate, dolomitization, USA, Appalachians; 13214.
- Mason jar**
ammonium, nitrate, nitrite, microdiffusion, 05528. inorganic nitrogen, nitrogen-15, 09445. nitrogen-15, Kjeldahl digestion, nitrogen determination, 09446.
- mass accommodation coefficient**
surface indoor, ozone deposition, deposition velocity, 12560.
- mass balance**
ablation rate, tropical glacier, glacier fluctuation, Uganda, Ruwenzori Mountain, Elena Glacier; Speke Glacier; 09241. ablation, englacial temperature, numerical modelling, energy balance, model test, Greenland, West Greenland; 09246. alpine climatic environment, glaciology, hydrology, ELA, Italy, Alps, Careser Glacier; 09240. basalt pebble, microchemical, micromorphology, weathering rind, France, Allier River; 03948. computer model, finite element method, aquifer modelling, groundwater flow, 00743. denitrification, lake water chemistry, nitrogen, Canada, Ontario; 04490. general circulation model, climate, UKMO, unified model, katabatic wind, 13746. glacier advance, accumulation area, climate trend, Italy, Alps, Mont Blanc; 09237. glacier fluctuation, summer temperature, ice retreat, Italy, Alps, Lombardy, Ghiacciaio dei Forni; Ghiacciaio della Ventina; 09238. glacier variation, ice cap, retreat, outlet glacier, climate variability, Iceland; 04136. glacier, ablation, Asia; 08422. glacier, GIS, slope, crevasse, flow pattern, Svalbard, Spitsbergen, Erikbreen; 09242. glacier, melt rate, model sensitivity, climate change, Norway; 10534. glacier, seasonal analysis, France, Alpe d'Huez, Grandes Rousses Massif, Sarennes Glacier; 09234. groundwater velocity, computer model, groundwater flow, finite element method, aquifer modelling, 00742. ice boundary change, aerial photography, Chelnok Glaciation, continental ice sheet, Antarctica, East Antarctica, Vestfold Hills; 02842. ice sheet, modelling, thermomechanical coupling, sea level lowering, Little Ice Age, Greenland; 10536. ice thickness, captured ice shelf hypothesis, ice dome, computer model, 13143. lake water chemistry, temperate lake, iron budget, Canada, Precambrian Shield; Ontario, Sudbury; 13552. lake water quality, chloride model, USA, New York, Syracuse, Onondaga Lake; 13559. Landsat TM imagery, snowfall, glacier retreat, Austria, Alps; 14299. leakage, finite difference method, computer model, aquifer modelling, groundwater flow, water table rise, 00744. neoglaciation maxima, calving dynamics, ice field, ELA, glacier retreat, South America, Patagonia; 07937. sediment/water interface, organic carbon, resuspension, USA, Lake Michigan, Green Bay; 10670. sensitivity, climate change, glacier, ablation, modelling, Greenland, Storstrommen; 10537. surface topography, radar study, ice stream, ice thickness measurement, climate change, Antarctica; 02848. terminus fluctuation, statistics, climate, glacier, Italy; 09236. water balance, glacier, deglaciation, Italy, Atesine Alps, Ultimo Valley; 13618.
- mass balance accuracy**
capillary pressure-saturation relationship, multiphase flow, immiscible flow model, 08416.
- mass balance analysis**
litter decomposition, decomposition, litter bag analysis, USA; 00530.
- mass balance change**
glacier terminus, advance/retreat, temperate glacier, climate influence, USA, Washington; Oregon; 06625.
- mass balance equation**
runoff water quality, soil water chemistry, agrochemical, analytical solution, soil surface, 00697.
- mass balance model**
denitrification, lake water quality, nitrate, dynamic modelling, reservoir water quality, UK, Thames River Valley; 00724. glacier ablation, air temperature, retreat, volume loss, Nepal, Himalaya, Shorong Himal, Glacier AX010; 06633. groundwater quality, acidic deposition, forest soil, critical load, lake water quality, Netherlands; Sweden; 13462. heavy metal, lake water quality, QWASI model, contaminant fate, contaminant source, sediment/water transfer, Canada, Ontario Lake, Hamilton Harbour; 10981.
- mass balance modeling**
hexachlorobenzene, contamination, estuary, effluent, sediment quality, USA; 09369.
- mass balance regime**
accumulation rate, remote sensing data, atmospheric warming, TM imagery, radio echo sounding, Antarctica, Wilkins Ice Shelf; 02845.
- mass budget**
slope inflexion zone, podzolisation, postglacial weathering, dissolved material, Canada, Quebec, Eastern Townships; 01347.
- mass concentration**
ion composition, aerosol, size distribution, Russian Federation, Lake Baikal; 06053. particle size distribution, aerosol, soot, Arctic; 15010. urban, aerosol, absorption coefficient, Austria, Vienna; 07381.
- mass condensation**
isostatic compensation, isostatic adjustment, gravitation field, 07452.
- mass conservation**
water vapour, semi Lagrangian method, transport, climate model, 11171.
- mass conservation test**
ramp discharge test, irrigation canal, accuracy, computer program testing, 04457.
- mass conservative method**
Eulerian-Lagrangian method, advection/dispersion equation, solute transport, groundwater transport, FVELLAM, localized adjoint method, 03343.
- mass flow deposit**
glaciolacustrine sedimentation, channel deposit, turbidite, 04172.
- mass flow error**
mercury vapour, measurement, 13832.
- mass flux**
mesoscale effect, vertical momentum, radiative process, cumulus parameterisation, 01001. nitrogen, carbon, seasonality, water column, phytoplankton, Mediterranean Sea, Ligurian Sea; 05399. parameterisation, moist convection, convection, climate model, 13766.
- mass imbalance**
jet displacement, nonlinear displacement, geostrophic adjustment, 00946.
- mass measurements**
aerosol, Berner impactor, size distribution, marine aerosol, Ireland, Mace Head; 15005.
- mass movement**
AVI project, landslide, flood, Italy; 14128. coastal erosion, geomorphology, tectonic uplift, block faulting, Italy, Calabria; 05181. earthquake, debris flow, landslide, avalanche, China, Sichuan Province, Jiuzhaigou; 07818. Flysch Belt, landslide, slope process, Czech Republic, Carpathian Mountains; 13007. geologic, hazard mitigation, GIS, flood, Bangladesh; Asia, Andes; 15128. granular material, numerical experiment, unconfined flow, avalanche, 14190. granular material, unconfined flow, avalanche, theory, 14189. hillslope geomorphology, debris flow, earthflow, gelifluction, Canada; 01432. land use planning, landslide, geological risk, built-up area, Italy, Venice; 07814. landslide prediction, rainfall, South Africa, Durban Region; 07815. landslide, fault gouge, neotectonics, Venezuela, Andes, Buena Vista; 13004. landslide, gravitational deformation, hazard, slope, Albionda Formation, Italy, Ionian Calabria, Platina; 05242. landslide, groundwater effect, rainfall pattern, groundwater condition, Brazil, Olinda; 04031. loess, earthquake, landslide, neotectonics, China, Gansu Province; 05206. marine clay, slope failure, Holocene, sea level, Japan, Tokyo Bay; 11764. natural disaster, showa-36 disaster, debris flow, Japan, Honshu, Ina Valley; 09129. physical modelling, gelifluction, frost creep, laboratory experiment, freeze/thaw, 01547. Pliocene/Pleistocene, submarine slide, continental margin, hemipelagic sediment, sedimentation rate, Barents Sea, Bear Island Trough Mouth Fan; 06757. Quaternary (late), tectonic movement, Vakhsh nappe, gully erosion, China, Tian-Shan; Pamirs; 06487. radiocarbon dating,

- Holocene, landslide, Poland, Carpathians, Pieniny Mountains; 09125. rainfall, landslide, geomorphological evolution, Italy, Basilicata, Castronuovo S. Andrea; 05240. slope failure, environmental research, dendrochronology, Quaternary chronology, USA, Rocky Mountains; India, Himalaya; North America, Great Plains; 05177. soil loss, sediment transport, erosion, overland flow, runoff, Philippines; 05372. solifluction, debris flow, earth slide, deformation, microstructure, 07801. solifluction, fluvial dynamics, geomorphodynamics, high mountain, Switzerland, Alps; Chile; 09061. submarine canyon, fjord, continental slope, slope failure, submarine landslide, EEZ, USA; 13278. temperature dependent, cold weather, landslide, rotational landslide, Italy, Dolomites, Ru delle Roe Basin, Molin; 06519. throughflow, gully initiation, Quaternary, volcanic environment, temperate climate, Mexico, Tlalpujahua River Basin; 03957.
- mass sink**
precipitation, weather prediction model, 00958.
- mass-size data**
particle size distribution, New Zealand; 09425.
- mass-size model**
number-size model, aggregate, fractal dimension, 09421.
- mass spawning chronometer**
data resolution, isotope record, coral, ocean temperature, Coral Sea, Great Barrier Reef, Pandora Reef; 11774.
- mass spectrometry**
coral reef, sea level, uranium series dating, Last Interglacial, Australia, Western Australia, Houtman Abrolhos Islands; 01463. dinitrogen, nitrous oxide, nitrogen-15, 09447. environmental analysis, polychlorinated diphenyl sulphide, model compound, chromatography, 02590. grass residue, humic substance, organic matter, pyrolysis field ionisation, 05558. nitrate, nitrogen-15, 04334. nitrogen, sinking particle, organic matter, gas chromatography, Pacific, Japan Trench; 06710. organic carbon, isotopic analysis, carbon-13, 09442. PAH, PCB, microextraction, water quality analysis, gas chromatography, 13498. pesticide, water quality analysis, surface water quality, Goulden large sample extractor, gas chromatography, USA, Washington, Yakima River Basin; 05718. quantitative analysis, HMPO, groundwater, sludge, isotope dilution gas chromatography, 10311. river water quality, water quality analysis, GAC filtration, gas chromatography, XAD-2 resin, organic pollutant, Spain, Zaragoza, Gallego River, Ardisa Dam; 00687. sample preparation, pollutant, analysis, PAH, gas chromatography, 05346. trace element, scavenging, precipitation quality, Canada, Quebec, Montreal Island; 13460. uplifted coral, uranium series dating, palaeoseismicity, coral, Taiwan; 00272. volatile organic compound, water quality monitoring, organic contaminant, water quality analysis, membrane inlet, 07000.
- mass spectroscopy**
water quality analysis, electron paramagnetic spectroscopy, atomic absorption spectroscopy, Russian Federation, Moscow; 05703.
- mass transfer**
geochemical fractionation, ocean/atmosphere transfer, sea salt, precipitation chemistry, 00618. laboratory measurement, wind/wave tunnel, carbon dioxide, water vapour, 11168. seafloor, roughness, sediment/water interface, turbulence, 00424. surface water quality, TCDD/F, suspended sediment, hydrophobicity, 14653.
- mass transport**
flux, contaminant, sediment/water interface, 10630.
- mass transport model**
solute concentration, groundwater recharge, groundwater contamination, landfill, 03349.
- mass transport theory**
water quality management, river water quality, salinity, stochastic model, USA, Colorado River; 12389.
- mass wasting**
coarse soil, stone fill, seepage, 05223.
- mass wasting process**
degradation, terrestrial, impact crater, drainage scale, deflation, Earth; Mars; 01406. Quaternary geology, Tertiary (late), bedrock terrain, drift, Canada, Saskatchewan, Wood Mountain Uplands; Cypress Hills; 01378.
- Massiac gneiss**
gneiss, anisotropy, weathering grade, physicochemical property, weathering, France, Massif Central; 01350.
- match industry**
effluent discharge, water quality index, water quality parameter, surface water quality, India, Tamil Nadu, Sivakasi; 12245.
- matching algorithm**
stereo vision, GIS, image, feature matching, 13955.
- material flux**
wetland ecotone, flux, nitrogen, phosphorus, USA, Wisconsin, Shawano; 02627.
- material line**
ozone depletion, chaotic advection, stratosphere, chemically perturbed air, polar vortex, 07268.
- material resource**
industrialisation, commerce, resource, 05050.
- mathematical adjustment model**
network densification, GPS, 08771.
- mathematical formula**
multistation, network, accuracy, point coordinates, 15056.
- mathematical model**
biosphere, biogeochemical cycle, photosynthesis, global water balance, 01326. coastal aquifer, groundwater quality, salt water intrusion, 03347. contaminant transport, PCB, biomonitoring, sediment, lake water quality, North America, Great Lakes, Lake Huron, Saginaw Bay; 00721. contaminated sediment, colloid, DOC, 10674. error, statistical modelling, GIS, geographical database, 01139. flushing, pollutant migration, dense non aqueous phase liquid, volatile organic compound, aquifer remediation, 00779. groundwater dating, environmental tracer, model calibration, model validation, 04520. historical loading, palaeolimnology, sulphur, acid lake, USA, New York, Adirondack Mountains; 10671. lateral friction, pile load test, 03989. mineralization, eutrophic reservoir, limnology, sedimentation, seston, Spain, Malaga, Marbella; 03019. nonpoint source pollution, contaminant transport, groundwater contamination, agricultural pollutant, herbicide, Italy, Pavia; 07126. phosphorus, algae, eutrophication, water management, lake water quality, Netherlands, Veluwe Lake; 14695. pollutant transport, river/estuary system, heavy metal dispersion, tidal dynamics, salt water intrusion, UK, Wales, Milford Haven; England, Cornwall, Fal Estuary; 04483. production/destruction process, phosphorus cycle, reservoir water chemistry, reservoir ecology, Russian Federation, Kun'ya River, Zagorsk Reservoir; 03298. river mouth, effluent diffusion, sediment dispersion, microtidal river, Greece, Louros River; 10338. vertical flow, groundwater flow, low conductivity layer, sandstone aquifer, UK, England, Bromsgrove, Sandstone Aquifer; 12305. weathering process, oil spill behaviour, modelling, 00017.
- mathematical modelling**
mineral exploration, favourability index maps, mineralized zone, India, Rajasthan, Rajpura-Dariba; 14010. optimisation, water quality sampling, reservoir limnology, lake limnology, Finland, Kuortaneenjari Lake; 05844. small scale process, long term, modelling, coastal morphology, 07755.
- mathematical morphology**
cartography, dune, SPOT, Algeria, Great Western Erg; Africa, (North), Sahara; 10188. image processing, classification, 06155. multiscale, morphological smoothing, powered, 10091. textural analysis, urban zone, radar image, France, Var, Luc; 14100.
- mathematical system**
image, greenhouse model, 11630.
- matrix potential**
rock porosity, saturated hydraulic conductivity, porosity, hydraulic conductivity, 01837.
- matrix pressure head**
soil hydraulic head, tensionic, nitrate, nitrogen, 14502.
- matrix diffusion**
advection dispersion, tortuosity, groundwater flow, solute transport, fracture flow, 13610. fracture flow, contaminant transport, groundwater contamination, waste disposal, boundary element analysis, 04524. solute transport, colloid transport, clay soil, fracture flow, Canada, Ontario, Sarnia; 12314. solute transport, tracer test, dispersion, single fracture dispersion model, 05790.
- matrix flow**
chalk aquifer, groundwater flow, fissure flow, UK, England; 11002. dual porosity model, fracture flow, advection/diffusion, chemical transport model, dissolution/precipitation, radionuclide retardation, 04529. fracture flow, groundwater flow, effective permeability, filtration theory, 04501. fracture flow, groundwater flow, numerical simulation, dual porosity model, 03325. mountain tunnel, infiltration, seepage, groundwater recharge, fissure flow, Japan, Wakayama, Yura; 02025. porosity, permeability, fracture flow, groundwater flow, 02057.
- matrix flux potential**
Richards equation, infiltration, hydraulic conductivity, saturation, borehole permeameter, 09436.
- matrix material**
engineering behaviour, cobble, rockfill, void space, USA, California, San Diego, Lopez Canyon; 01437.
- matrix method**
barotropic instability, rotating flow, eigenvalue problem, 12487.
- matrix operator theory**
meteorological satellite, HIRS, radiative transfer equation, 01161. radiative transfer, absorption band, 00838.
- matrix porosity**
fracture porosity, field experiment, solute transport, double porosity model, karst aquifer, tracer test, Germany; 00750.
- matrix product**
fractal generation, inner structure, 07710.
- matrix suction**
fractured tuff, groundwater flow, permeability estimation, fracture flow, USA, Arizona, Superior, Apache Leap; Nevada, Yucca Mountain; 03309.
- Matsumo-Gill**
tropical trapped mode, stationary eddy, summertime, interannual variability, 12493.
- Matthew Paris**
medieval cartographer, Palestine, 13979.
- maturation**
porphyrin, shale, Toarcian, Cretaceous, organic matter, Germany, Wickensen; 02997.
- mature phase episode**
El Nino/Southern Oscillation, circulation characteristics, Pacific; 04569.
- matrity**
burial depth, hydrocarbon, cadalene, Australia, Victoria, Gippsland Basin; 08021.
- matrity index**
quartz arenite, relief, climate, provenance, sand, India, Kerala, Bharathapuzha; 13259.
- Matuyama**
environmental change, fossil assemblage, isoleucine epimerisation, USA, Illinois, Lima; 13060.
- Matuyama Chron**
orbital parameters, spectral analysis, palaeotemperature, time series, Brunhes Chron, Pacific, (North); 14223.
- Mauder Formation**
Montes Rook Formation, Orientale deposit, lunar impact basin, Galileo flyby, Hevelius Formation, Moon; 05212.
- Mauder Minimum**
climate variability, Euro-CLIMHIST, historical data, China; Europe, (West); 13033. periodicity, radiocarbon, solar forcing, thermohaline circulation, Atlantic, (North); 06551. solar activity, climate impact, magnetic activity, 08618. solar flare, ice core, variability, nitrate concentration, Antarctica, Ross Ice Shelf; 02731.
- Mavq'im Formation**
evaporite, Miocene, Messinian, shelf basin, halite, Israel; 01692.
- maximum clustering**
image segmentation, clustering algorithm, remote sensing imagery, 10071.
- maximum concentration**
worst-case meteorology, critical concentration, air pollution control, Gaussian plume equation, 07392.

- maximum entropy method**
computer experiment, autoregression process model, density estimation, maximum entropy method, spectral density characteristics, 09003. rainfall data, extreme value, frequency analysis, Weibull distribution, method of mixed moments, Tunisia; 08280. spectral density characteristics, maximum entropy method, computer experiment, autoregression process model, density estimation, 09003.
- maximum entropy spectral analysis**
real time model, model verification, rainfall/runoff model, flood forecasting, 05672. real time model, rainfall/runoff model, flood forecasting, 05671.
- maximum entropy spectrum**
luni/solar signal, fish catch, wine harvest, sea level change, Europe; 04753.
- maximum entropy spectrum analysis**
luni/solar cycle, lamb, dust veil indices, solar cycle, time series, 12551.
- maximum likelihood**
logistic regression, random coefficient, covariance structure, Fisher scoring method, 07714. quadratic fit, solar radiation, Nigeria; 07184.
- maximum likelihood classification**
heathland vegetation, fuzzy c-means algorithm, UK; 01210. probability entropy, accuracy, 13948. rugged terrain, principal components analysis, 01124.
- maximum likelihood classifier**
Landsat TM, desert locust, locust biotope, NDVI, Africa; 11530. overcast parameter, cloud cover, 06224. vegetation cover, climate gradient, spectral reflectance, Australia, Northern Territory; 11513.
- maximum likelihood estimate**
Newton-Raphson optimization, time series estimation, ARMA process, filtering algorithm, 07716.
- maximum likelihood estimation**
geophysical information, sea surface topography, ERS-1 altimeter, 14042. slope stability, circular failure, wedge failure, safety factor, 10410. water quality control, probability distribution, periodic behaviour, environmental modelling, 00611.
- maximum likelihood method**
Akaike's information criterion, hydrological model, probability distribution function, 13451. autoregressive modelling, parameter estimation, Akaike's information criterion, hydrological model, 13452. gamma distribution, Gumbel distribution, log normal distribution, flood estimation, return period, confidence interval, Brazil, Santa Catarina, Itajari-Acu River; 01929. generalised Pareto distribution, estimation method, least squares method, probability weighted moments, method of moments, 05649. least squares method, flash flood, conceptual model, flood forecasting, rainfall/runoff model, Italy; 05676. quantities method, parameter estimation, reservoir management, estimation theory, water management, moment method, 03194.
- maximum/minimum temperature**
temperature extreme, satellite sounding data, rural, 02147.
- maximum peak discharge**
palaeoflood evidence, peak flood, flood magnitude, USA, Colorado River basin; 03220.
- maximum potential earthquake**
recurrence interval, recent tectonics, Sompacho Fault, tectonic activity, Argentina, Cordoba Province, Sompacho; 02698.
- maximum scour**
prediction, coastal scour, rubble-mound structure, sea wall, 03966.
- maximum temperature**
diurnal asymmetry, surface, temperature trend, India; 14953.
- Maxwell**
middle atmosphere, current density, lightning, electrical field, thunderstorm, 14826.
- Maxwell-De Loor equation**
Toop-Davis-Annan equation, time domain reflectometry, soil water content, 06824.
- Maya wetland**
Holocene, palaeosalinity, microfaunal assemblage, salinity change, mangrove peat, Belize, Cobweb Swamp, Colha; 09207.
- maze cave**
dolomitic limestone, flowstone, pollen, karst, palaeoenvironment, Zaire, Mount Hoyo; 05258.
- Mazovian Interglacial**
Odra Glaciation, stratigraphical location, Chojny Formation, Ferdynandow Interglacial, Poland, Belchatow; 09178.
- MCT geotechnical classification**
geotechnical soil classification, tropical soil, 03988.
- ME radar**
Southern Hemisphere, spatial correlation, mesospheric scatterer, middle atmosphere, 11479.
- meandering plume**
plume model, concentration fluctuation, internal fluctuation, 13713.
- meadow**
methane, wetlands, fen, Denmark; 12121. photosynthetic activity, carbonyl sulphide, vertical profile, diel variation, hydrogen sulphide, 03566.
- meadow soil**
clay content, carbon, nitrogen, mineralization potential, Canada, Quebec; 01800. microbial biomass, organic matter, carbon cycling, 13371.
- mean annual flood**
regional flood frequency, catchment characteristics, flood estimation, flood frequency analysis, New Zealand; 00644.
- mean annual runoff**
runoff, landscape, spatial variability, regression model, Slovakia; 04441.
- mean circulation**
tide, middle atmosphere, spectral approach, zonal wave number, 14896.
- mean flow**
bedform instability, bed geometry, fluid dynamics, open channel flow, sediment transport, turbulence, 12223. interannual upwelling, planetary wave breaking, Ekman pumping, 07266.
- mean integrated absolute error**
nonparametric curve estimation, density, kernel density estimator, 02641.
- mean monthly general circulation**
global data assimilation, Canadian Meteorological Centre, Canada; 00075.
- mean motion**
Reynolds exchange, K-closure, turbulence, 14871.
- mean multifractal plane**
data intermittence, non stationarity, geophysical data, multifractal statistics, 11633.
- mean sea level**
GPS technique, sea level, tide gauge, monitoring, UK; 05319. time series, sea level, tide, Baltic Sea; North Sea, German Bight; 02823.
- mean sea surface**
altimetric sampling, geoid cross-track slope, orbit cycle, 07429.
- mean weight diameter**
soil water content, slaking, crop rotation, aggregation, tillage, Canada, Quebec, La Pocatiere; 01826.
- meander**
bank erosion, channel, scour hole, 06728. bedding, palaeocurrent, Oligocene, Miocene, point bar, Spain, Iberian Range, Loranca Basin; 14337. channel curvature, channel flow, secondary flow, phase lag, 01950. channel flow, sediment deposition, channel erosion, river regulation, channel evolution, China, Hanjiang River; 01942. channel, lava channel, sinuosity, quasi-equilibrium state, Magellan imagery, Venus; 07795. channel, swamp, alluvial fan, vegetation, lake, Botswana, Okavango Swamps; 06737. erosion, suspended sediment, river ice, ice breakup, flood, Canada, Northwest Territories, Liard River; 07953. floodplain, UK, Scotland, Clyde River; Strathclyde, Medwin Wares; 03958. flow pattern, bed topography, shear stress, channel, sediment transport, 06727. flow pattern, bedform, sediment transport, Denmark, Jutland, Gels A River; 14321. flow resistance, compound flow, open channel flow, sinuosity, channel aspect ratio, roughness, 10937. ocean atmosphere model, sea surface temperature, air/sea coupling, Kuroshio, Pacific; 05949. Permian, macroflora, Saint-Mandrier Formation, palaeoenvironment, channel, France, Provence, Toulon; 09275. river meandering, chaos, numerical model, channel plan-form, nonlinear dynamics, 06449. rivulet, bend theory, wave number, St Venant equations, surface tension, 09615. scroll bar, floodplain topography, Morien Group, Silesian, Canada, Nova Scotia; 14334. sinuosity, fine sediment, peat, river channel, sediment load, Botswana, Okavango Fan; 00372. Tokai Group, Pliocene, Kameyama Formation, chute bar, point bar, Japan; 05419.
- meander belt**
fluvial network, morphostructure, wetlands, palaeodrainage, neotectonics, Peru, Amazon Basin; 12981.
- meander bend**
braided channel, anabranch avulsion, gravel bed river, physical modelling, avulsion, 12942. heavy mineral, placer, flood process, channel, gravel bed river, South Africa, Cape Province, Swartkops River; 05375.
- meander cutoff**
alluvial environment, bank stability, bank erosion, India, West Bengal, Bhagirathi River; 06459.
- meander formation**
sediment transport, river channel, loess soil, suspended sediment, China, Loess Plateau; 10933.
- meander pool**
channel fill, bank strength, scour, flow structure, USA, New York, Cattaraugus County, Mansfield Creek; 14150.
- meandering**
braiding, floodplain, fluvial geomorphology, holocene, Poland, Lodz Plateau, Moszczenica River; 11657. channel pattern, wetlands, splay deposition, avulsion, Canada, Saskatchewan, Saskatchewan River, Cumberland Marshes; Manitoba; 14333. plan geometry, channel cross section, overbank flooding, 03949. river channel, sinuosity, bedload, braiding, 12940. sea level rise, Holocene, delta, channel pattern, avulsion, Netherlands, Rhine-Meuse Delta; 05428. stream power, braided channel, palaeohydrology, sinuosity, bedload, grain size, 12941.
- meandering channel**
channel flow, stage/discharge relationship, channel sinuosity, floodplain, overbank flow, 06977. Tubino's model, model, field test, bar formation, USA, Illinois, Embarras River; 14143.
- meandering path**
tropical cyclone, cyclone track, 00861.
- meandering river**
floodplain vegetation, cutbank erosion, riparian forest edge, USA, Iowa, Cedar River; 03955. sea level, anastomosing river, aggradation, subsoil, Holocene, Netherlands, Rhine-Meuse Delta; 02978. semivariogram analysis, crevasse splay, fluvial plain, delta, overbank deposit, Netherlands, Rhine-Meuse Delta; 00390.
- meandering stream**
Kenai Group, Miocene, Pliocene, Beluga Formation, Sterling Formation, USA, Alaska, Cook Inlet, Kenai Peninsula; 00359. Kentucky blue grass, sediment entrapment, vegetated streambed, 06448.
- measured survey**
cartographic collection, Tudor England, 08810.
- measurement bias**
water quality analysis, streamwater quality, statistical model, 10954.
- measurement compatibility**
trace gas, ground based measurement, air quality measurement, aircraft measurement, 11293.
- measurement error**
correction factor, groundwater seepage, seepage meter, 00729. spectro-photometer, stray light model, Dobson instrument, ozone, total ozone, 13822.
- measurement/model comparison**
comparative study, urban canyon, energy budget, 05910.
- measurement scale**
lead detection, sea ice lead, atmospheric condition, Arctic heat budget, Landsat data, Arctic Ocean; 02839.
- measurement standard**
hydrometry, streamflow measurement, flow measurement, open channelflow, UK; 01940.
- measurement structure**
open channel flow, weir, flow measurement, flume, control structure, 01936.

measurement system

hazardous environment, nuclear power plant, robot, digit, 15248. oil industry, Camera Alive, photogrammetry, gas industry, North Sea; 15258.

measurement technique

centimeter scale, growth rate, cloud droplet, 02140. precipitation interception, cultivated plant, gutter rain gauge, 00620. societal effect, symposium, snow, avalanche process, 07732. water receptor, atmospheric deposition, dry deposition, 10900.

measurement time

turbulent fluctuations, ensemble average, 14796.

measuring instrument

glacier, subglacial discharge, turbidity, electrical conductivity, Canada, Yukon, Trapridge Glacier; 11052. suspended sediment, settling velocity, floc, size measurement, UK, England, Tamar Estuary; 10556.

measuring system

hydrography, surveying, Germany; 01112. three dimensional, camera, photogrammetry, digital, close range, 15053.

mechanical behavior

agricultural soil, modelling, stress, strain, 10415.

mechanical constraint

sediment disturbance, sampling, piston corer, 10559.

mechanical control

rapid retreat, driving stress, basal friction, shape factor, USA, Alaska, Columbia Glacier; 01565.

mechanical forcing

meridional circulation, Hadley circulation, thermal forcing, 08561.

mechanical model

shear surface, viscoplastic material, sliding law, landslide, 05229.

mechanical property

shear resistance, granulometry, subglacial sediment, ploughmeter observations, Canada, Yukon Territory, Trapridge Glacier; 13082.

mechanical weathering

rockfall, freeze/thaw cycle, Pleistocene, cryoclastic debris, chemical weathering, South Africa, Cape Province, Cape Mountains; 06446. wind polish, deglaciation, abrasion, erratics, weathering chronology, Sweden, Smaland Hunnsberget; 13139.

mechanics

design method, geotechnical design, construction control, soil, 04005. pore geometry, three phase media, Haman, J., 10407.

mecoprop

herbicide, herbicide degradation, soil water content, soil temperature, 00605.

median

environmental context, test procedure, log normal model, comparative study, 06423.

median estimator

log normal distribution, statistical evaluation, soil property, 06409.

Median Tectonic Line

structural geology, neotectonics, subduction, Philippine Sea Plate, Japan; 14176.

medical mapping

cholera epidemic (19th century), UK; 06332.

medical services

GIS, road accident, health service, UK, England, Norfolk; 05052.

medieval

winter cereal, pollen spectra, plaggen soil, Germany, Lower Saxony, Osnabruck, Halgarten; 07825.

medieval cartographer

Palestine, Matthew Paris, 13979.

Medieval climate optimum

sea level rise, tidal flat, Little Ice Age, transgression, supratidal sand, Germany, Wadden Sea; 00266.

medieval Europe

cadastral map, Portoland chart, Mappaemundi, Ptolemy, prehistoric map, History of Cartography, 08808.

medieval map

state archive, mythology, Russian Federation, Volga River; 07502.

medieval period

dendrochronology, radiocarbon chronology, archaeological site, calibration curve, Russian Federation; 10515.

medieval time

tree stump, runoff, drought, USA, California; South America, Patagonia; 14946.

Medieval Warm Epoch

glacial advance, El Nino, dendrochronology, climate history, Little Ice Age, Chile; Argentina, Patagonia; 13104.

Medieval Warm Period

archaeology, dendroclimate, floodplain aggradation, drought, USA, Colorado, Colorado Plateau; 13099. bottom current, climate history, sedimentation rate, Little Ice Age, North Sea, Skagerrak; 00305. carbon isotope fractionation, dendrochronology, wet interval, USA, California, White Mountains; 13102. carbon isotope ratio, Quaternary, climate change, peat, tropical, India, Tamil Nadu, Nilgiri Hills; Kerala, Nilgiri Hills; 02766. cultivation, citrus tree, *Boehmeria nivea*, snowfall, climate change, China; 13112. dry farming, climate history, Little Ice Age, archaeology, Anasazi Pueblo Indian Occupation, USA, Rocky Mountains, Colorado Plateau; 13100. glacial record, dendrochronology, historical evidence, climate change, 13092. glacier distribution, palaeoclimate, dendrochronology, treeline, Canada, Rocky Mountains; 13096. isotope record, climate forcing, solar activity, 13093. Little Ice Age, bloom, diatom evidence, Holocene (late), Antarctica, Granite Harbor; 02811. Little Ice Age, dendrochronology, rainfall, USA, Georgia; South Carolina; USA, North Carolina; 13098. Little Ice Age, Holocene, climate cycle, limnological history, varved sediment, USA, Minnesota, Clearwater County, Elk Lake; 02806. moraine, glacier advance, radiocarbon dating, Europe; 13105. solar activity, pollen, isotope record, latitudinal patterns, precipitation, USA, (Southwest); 13101. time scale, climate variability, El Nino/Southern Oscillation, 13025.

Mediterranean environment

linear spectral mixture modelling, land degradation, soil erosion, Mediterranean; 14015.

medium energy particle spectrometer

spectrometer, high energy particle spectrometer, vector magnetometer, particle environment monitor, global energy input, atmospheric X ray imaging spectrometer, 01075.

medium range central guidance

verification score, forecast guidance, skill, 04739.

medium range forecast

National Meteorological Center, accuracy, prediction, forecasting model, 13786.

megafan

facies analysis, channel pattern, accretion, alluvial fan, India, Kosi River; 00375. soil development, sedimentation rate, geomorphology, neotectonic activity, India, Ganges Plain, Gandak Megafan; 10403.

megafauna

cave, flowstone, travertine, Pleistocene (late), uranium series dating, USA, Alabama, Colbert County, Cave ACB-3; 04076.

megascopic

MSS, SLAR, lineament, remote sensing, Fold Belt, Nigeria, Okemesi; 02480.

Megathermal

Holocene, climate fluctuation, China; 11838.

Megathermal maximum

climate, environment, Holocene, China; 11837.

megatoposequence

Permian, Variscan belt, geochemical system, Oligocene/Miocene, clay mineral, Ecuador, Andes; 06470.

Mehlich 1

Mehlich 3, ammonium bicarbonate-DTPA, zinc, copper, extractant, 09453.

Mehlich 3

ammonium bicarbonate-DTPA, zinc, copper, extractant, Mehlich 1, 09453. nutrient extraction, extractant, soil testing, USA, Florida; 01812.

Mehlich 3 extractant

aluminium, extractant, phosphorus, Zimbabwe; 04336.

Mehlich 3 procedure

copper, extractant, manure, pig manure, USA, Virginia; 03101.

Mei-Yu front

rainy season, surface front, synoptic scale, Taiwan; China; 00848. shear zone, barotropic instability, hypertangent, 00928.

Meinel hydroxyl band emission

Wind Imaging Interferometer, atomic oxygen concentration, 07520.

meiofauna

redox potential, pH, shear strength, deep sea sediment, microorganism, Pacific, (Central); 09365.

MEIS imagery

mineralization, Canada, Ontario; 03740.

mekgacha

calcrete, silcrete, duricrust, groundwater weathering, dry valley, Namibia, Jalahari, Auob Valley; 14161.

Melbourne Trough

slope sedimentation, Coopers Creek Limestone, carbonate, Devonian, Australia, Victoria; 05451.

Melent'ev profile

storage dam, hydraulic fill tailing, beach, profile, 09100.

melt

energy balance, ice sheet, equilibrium line, daily energy balance, stake measurement, Greenland; 09245. glacier, photogrammetry, glaciology, Switzerland, Aletsch Glacier; 02529.

melt conditions

microwave, snow cover, passive microwave, wet snow, Canada; 02530.

melt layer thickness

crushing experiment, ice mechanics, freshwater ice, 13131.

melt rate

model sensitivity, climate change, mass balance, glacier, Norway; 10534.

melt zone

radar measurement, snowpack, firn metamorphosis, seasonal melt, ice sheet, Greenland; 09243.

melting

freezing, temperature perturbation, snow, nucleation, 00997. ice retreat, climate, landform, glacier, calving, New Zealand, South Island, Southern Alps; 04132. ice shelf, heat transfer, basal melting, Antarctica, Northern Victoria, David Glacier, Drygalski Ice Tongue; 09869.

melting ice

sea ice, ice thermodynamics, molecular conductive-diffusive model, multi-layer turbulent model, 02086.

melting layer

graupel, aggregate, polarimetric signature, stratiform region, mesoscale convective system, 02246.

melting point

basal conditions, ice stream, acoustic impedance, dilated bed, porosity, Antarctica, West Antarctica, Ross Ice Shelf; 10545.

melting rate

photogrammetry, geomorphology, push moraine, glacial geomorphological process, Canada, Ellesmere Island; Svalbard, Spitsbergen; 01519.

melting technique

trace species, ice core, continuous analysis technique, spatial resolution, Greenland, Summit; 09244.

melting zone

ice sheet, glaciometeorology, albedo, katabatic flow, Greenland; 02202.

meltout

subglacial process, till facies, lodgement, Poland, Belchatow Quarry; 14279.

meltout till

grain size, heavy mineral content, lodgement till, till, stratigraphy, Poland, Kleszczow Graben, Belchatow; 04099.

meltwater

castastrophic flooding, radiocarbon date, alluvial fan, USA, Missouri, Charleston; 13058. diurnal variability, subglacial discharge, englacial discharge, glacier drainage, USA, California, Sierra Nevada, Conness Glacier; 11049. drumlin, subglacial process, erosion mark, Canada, Alberta, Morley; 14270. glacial landform, thermal regime, weathering, blockfield, Norway; 13148. glacier ice, varve, grain size, ice dammed lake, silt bed, Canada, Saskatchewan, Lake Assiniboine; 10592. glacier runoff,

- glaciological research, Germany, Tyrol, Oetzal Alps, Vernagtferner; 11060. groundwater recharge, soil water recharge, oxygen-18, deuterium, Canada, Alberta, Edmonton; 14697. ice sheet hydrology, tunnel channel, glacial landform, erosion mark, drumlin field, 14268. Laurentide Ice Sheet, glacioisostasy, salinity anomaly, thermohaline circulation, stable isotope study, Canada, Arctic Canada; 05287. low flow, snowmelt runoff, river discharge, Nepal, Karnali River; Narayani River; Nepal, Koshi River; 11057. overflood terrace, radiocarbon dating, Vistulian, ice dammed lake, Poland, Vistula River; 07752. pressure melting point, ablation rate, basal condition reconstruction, basal ice, gas composition, Greenland, West Greenland; 01568. principal components analysis, snow albedo, snow surface, Antarctica, Dronning Maud Land; 03829. Quaternary, detrital carbonate event, Heinrich event, Labrador Sea; 09155. Quaternary, ice margin deposition, drumlin, basal debris, Ireland; 06589. Quaternary, sediment dynamics, Littorina transgression, Ancylus Lake, buried channel, Baltic Sea, Kadet Channel; Darss Sill, Baltic Sea, Gedser Reef; 13275. resuspension, fjord, hydrography, sedimentation, wind forcing, Antarctica, South Shetlands, King George Island, Potter Cove; 13269. runoff yield, glacier hydrology, Asia, Karakoram Himalaya, Indus Basin; 11065. sedimentation rate, alluvial fan, climate change, nonglacial lake, gelifluction, Canada, Northwest Territories, Axel Heiberg Island, Colour Lake; 06739. slush flow, geomorphological impact, snowmelt, slush stream, Svalbard, Spitsbergen; 02083. snowmelt, isotope data, runoff, glacier, China, Xinjiang, Tianshan Mountains, Urumqi River; 11070. subglacial process, till, drumlin, glacial erosion, USA, Washington, Puget Lowland; 14272. turbidity, sediment yield, glacial erosion, Switzerland, Bas Glacier d'Arolla; 14322.
- meltwater channel**
borehole logging, quaternary, stratigraphy, geotechnical engineering, glacial sediment, Canada, Alberta, Edmonton; 13083. cold based glacier, Wisconsin (late), glacial geomorphology, subglacial landscape, Canada, Canadian Arctic Islands; 01502. echosounder, bathymetric chart, periglacial, morphology, North Sea, Kattegat; 01510. moraine, Younger Dryas, glaciation, stratigraphy, seismic profile, Canada, Nova Scotia, Scotian Shelf; Atlantic, Scotian Shelf; 14266. palaeoenvironmental implication, Vistulian glacial deposit, glaciodynamic feature, till plain, Poland, Smigiel; 02797.
- meltwater chemistry**
glacial meltwater, solute acquisition, sulphide oxidation, carbonate dissolution, 14764. sediment load, glacier runoff, runoff water chemistry, India, Ganga Basin, Satopanth Glacier; Bhagirath Kharak Glacier; 11071. streamwater quality, leachate chemistry, snowmelt, preferential elution, UK, Scotland, Cairngorms; 00705.
- meltwater dilution**
saline subtropical water, surface water salinity, oxygen isotope record, salinity variation, Atlantic, (North); 02752.
- meltwater discharge**
coral, radiocarbon age, submerged strandline, sea level curve, USA, Massachusetts; Maine, Gulf of Maine; 01531.
- meltwater drainage**
Wisconsinan (late), glacial geology, terminal moraine, glacial lake, till, USA, New Jersey, New Jersey Highlands; 06588.
- meltwater erosion**
deforming bed, subglacial bed condition, tunnel valley, glaciotectionic squeezing, Germany, Schleswig-Holstein, Bornhöved; 09199. morphogenesis, subglacial channel, glacial overdeepening, kame, lake, Poland, Znin; 07897.
- meltwater flow**
subglacial drainage, deformable bed, channelisation, Rothlisberger's model, 13081.
- meltwater flux**
ocean surface water, last deglaciation, oxygen isotope, tropical ocean, 11795. Quaternary (late), deep water, intermediate water, foraminiferal evidence, palaeoceanography, salinity, Canada, Gulf of St. Lawrence, Gaspé Peninsula; 06559. tephra, climate change, Pleistocene, rock magnetism, Labrador Sea; 14231.
- meltwater influx**
Glacial Lake Agassiz, catastrophic discharge, Younger Dryas, USA, Lake Michigan Basin; 13029.
- meltwater outflow**
glacial surge, geomorphological effect, ice sheet, Pomeranian Phase, ice tongue, Poland, Vistula Region; 07896.
- meltwater pond**
pond water chemistry, streamwater chemistry, ice shelf, glacial meltwater, Antarctica, McMurdo Ice Shelf; 14763.
- meltwater quality**
glacier hydrology, subglacial drainage, dye tracing, geometry, bed topography, Switzerland, Haut Glacier d'Arolla; 02836.
- meltwater runoff**
isotope tracer, runoff source, drainage basin delineation, subglacial drainage, Greenland, Paakitup Akuliarusua; 12353. proglacial meltwater, energy balance, ablation, Greenland, Sondre Stromfjord; 14761.
- membrane filtration**
pesticide removal, nanofiltration, micropollutant removal, water treatment, groundwater quality, Netherlands; 12312.
- membrane inlet**
mass spectrometry, volatile organic compound, water quality monitoring, organic contaminant, water quality analysis, 07000.
- mercury**
acidification, fishery, limnological research, aquatic ecosystem, humic substance, Finland, Evo; 04463. algal growth, orthophosphate, toxicology, phosphorus, surface water quality, 13523. atmospheric input, anthropogenic impact, porewater, Canada, Quebec, St. Lawrence Estuary; 09390. baseline, speciation, Antarctica, Ross Island; 06082. biogeochemistry, contamination, fish, demethylation, methylation, Canada, Canadian Shield; 03029. dam sediment, neutron activation analysis, trace element, mining, contaminant, Mexico, Zacatecas, La Zacatecana Dam; 13295. dredging, reclamation, monitoring, Japan, Kyushu, Minamata Bay; 10703. electrolyte, bentonite, freshwater fish, 10673. environmental change, cigarette tobacco, lead, cadmium, Canada, Ontario; 11609. estuary water quality, stratification, biogeochemical cycle, USA, Rhode Island, Pettaquamscutt Estuary; 10956. fish, lake ecosystem, lake water chemistry, bioaccumulation, biogeochemical cycle, USA, New York, Adirondack Mountains; 12895. fishery, industrial waste, mercury contamination, riverine input, atmospheric input, Poland; Baltic Sea; 04294. human health, lead poisoning, cadmium, contaminated soil, heavy metal, 12889. lake, bioaccumulation, bottom sediment, fish, USA, Wisconsin; 00455. lead, cadmium, nickel, lake sediment, heavy metal, Norway; 00457. methylmercury, seasonality, tidal river, sewage, channel morphology, UK, England, Norwich, Yare River; 10679. mollusc, algae, temperature, pH, Spain, Ebro Delta; 08090. monitoring, pollution, toxic trace element, river estuary, 06384. organic matter, complexation, 14111. PAH, boreal forest, tundra, contaminant, atmospheric fallout, Canada, Ontario; Hudson Bay; 10687. phosphate, coastal water pollution, PAH, total organic carbon, lead, Kuwait; 05714. pollution, enrichment, accumulation rate, restoration, Pb-210, Adriatic Sea, Ravenna Lagoon; 10700. silt, environmental impact, airport runway, project management, Australia, New South Wales, Botany Bay, Sydney Airport; 09377. volatilisation, radioactive waste, groundwater, USA, South Carolina, Savannah River Plant; 01762.
- mercury contamination**
riverine input, atmospheric input, mercury, fishery, industrial waste, Poland; Baltic Sea; 04294.
- mercury methylation**
pH, dissolved oxygen, lake water quality, mercury partitioning, 12286.
- mercury partitioning**
mercury methylation, pH, dissolved oxygen, lake water quality, 12286.
- mercury porosimetry**
soil structure, clay content, porosity, crusting soil, Zimbabwe; 10835.
- mercury vapour**
measurement, mass flow error, 13832.
- meridian**
longitude, nationalism, USA, District of Columbia, Washington; 02438.
- meridional**
airmass, energy exchange, tropospheric circulation, palaeoclimate change, mobile polar high, 00008. heat transfer, ocean, Indian Ocean; 08550.
- meridional circulation**
Hadley circulation, thermal forcing, mechanical forcing, 08561.
- meridional flux**
ocean process, climate dynamics, air/sea exchange, 09856.
- meridional wind**
mesopause, thermosphere, empirical model, 09878. seasonal cycle, thermosphere, mesopause, 11138. transient wave (3-6 day), wind oscillation, vertical structure, interannual variability, rawinsonde data, Pacific; 08524.
- MERIS**
cloud, aerosol, vegetation, 11364.
- meromixis**
hypersaline lake, stratification, sulphide methane, lake biogeochemistry, overturn, USA, California, Mono Lake; 06985. nitrogen flux, salinity, lake limnology, hypersaline lake, USA, California, Mono Lake; 06984. palaeoclimate, Holocene, geochemical evolution, salinity, USA, South Dakota, Medicine Lake; 14288.
- meromixis mixing**
stratification, salinity, lake limnology, USA, California, Mono Lake; 06983.
- Mesaverde Group**
accretion, channel sinuosity, fluvial architecture, Castlegate Sandstone, Cretaceous, USA, Utah, Book Cliffs; 14335. Sevier Örogen, fluvial sedimentation, Cretaceous, tectonism, USA, Utah, Book Cliffs; 04253.
- mesh design**
hydrological complexity, finite element mesh, GIS, 08787.
- mesh size**
rainfall, temperature, polygonal karst, hydraulic conductivity, doline form, China; New Zealand; 05261.
- mesic forest lake**
lake water chemistry, sediment, climate change, varve, postglacial lake, prairie lake, USA, Minnesota, Elk Lake; 05687.
- Mesoamerica**
obsidian hydration dating, dating technique, North America; 06538.
- mesoclimate**
macroclimate, montane glacier, Pleistocene, relief, 00233.
- mesocosm**
fish, sediment/water interface, turbidity, nutrient, 09326. storm, organic matter, enzyme, decomposition, bacteria, Denmark, Knebel Vig; 13242.
- mesocosm enrichment**
marsh, nutrient removal, wetlands, stormwater, urban runoff, removal rate, 06390.
- mesocosm experiment**
dimethylsulphide, plankton community, 14996.
- mesocyclone**
synoptic circulation, ice zone, Antarctica; 04613.
- Mesolithic**
Neolithic, settlement site, radiocarbon chronology, Estonia; Latvia; 10513. pollen, chalk grassland, palaeoecology, anthropogenic impact, sedimentary sequence, Holocene, UK, England, Yorkshire, Wolds, Willow Garth; 00244.
- mesonet data**
nowcast, thunderstorm initiation, sounding, 04738.
- mesopause**
gravity wave, numerical simulation, noctilucent cloud, 12512. heating efficiency, middle atmosphere, 00835. meridional wind, seasonal cycle, thermosphere, 11138. noctilucent cloud, lidar observation, ice crystal, middle latitudes, 13763. noctilucent cloud, middle atmosphere, mesospheric cloud, ice particle, review, 13762. solar proton event, charged particle, magnetospheric forcing, radar observation, wind, 00926. temperature, seasonal variability, 13690. thermosphere, empirical model, meridional wind, 09878. thermosphere, hemisphere, radio, meteor, 15122. turbulence, radar, metre scale turbulence, summer, 11228. two ion, ice particle model, polar, summer, 13869.
- mesosphere**
carbon monoxide, ISAMS, atmospheric emission, UARS, 12743.
- mesoscale**
chlorophyll data, satellite data, plankton dynamics, North Sea; 02525. flow pattern, steep terrain, wind, Germany, Helgoland Island; 05963. forecasting model, frontal structure, diagnostic study, initialisation, 12501. kinetic

- energy, general circulation model, land surface, parameterisation, prognostic equation, 09910. microscale, three dimensional, non uniform flow, 04687. prediction, workstation, 14935. rainfall, cluster analysis, regionalisation, principal components analysis, tropics, Australia, Queensland, Townsville; 12530. scaling, surface hydrology, hydrological models, basin scale, 08329. stratiform cloud, middle latitudes, convective system, cumulus ensemble, 04699. structural observation, TM, tectonics, India, Godavari, Ghats; 12758. thunderstorm, severe storm, tornado, USA, Colorado, Limon; 13760. vortex, diabatic, China, Tibetan Plateau; 07207. vorticity maximum, comma cloud, potential vorticity anomaly, unified model, 07279. wind pattern, aircraft survey, South Africa, Cape Province, Cape St. Francis; 05960.
- mesoscale analysis**
satellite model, cloud shadow, retrieval/assimilation, 11235.
- mesoscale atmospheric model**
water content, ground surface, Richards equation, soil moisture, 04644.
- mesoscale catchment**
streamflow generation, deforestation, rainfall/runoff model, GIS, microscale catchment, USA, Colorado, Rocky Mountains, Deadhorse Creek; Germany, Rheinisches Schiefergebirge, River Brol; 08305.
- mesoscale characteristics**
convection, stratiform precipitation, monsoon, 00960.
- mesoscale circulation**
precipitation band, vertical motion field, heating source, wind shear, 09919.
- mesoscale coherent structure**
surface wind field, side looking radar, 07531.
- mesoscale complex**
convective complex, storm, multiscale analysis, 00966.
- mesoscale convective complex**
night time, environmental conditions, 00978. satellite imagery, climatology, Africa; 07285.
- mesoscale convective system**
convective system, downdraft, vorticity, 00974. extreme rainfall, precipitation, 04715. gravity wave dynamics, convection, tropical convection, 00993. lower troposphere, precursor, nocturnal, USA, Great Plains; 13759. melting layer, graupel, aggregate, polarimetric signature, stratiform region, 02246. precipitation, monsoon, USA, (Southwest); 14833. vertical structure, convergence, monsoon, 02257.
- mesoscale cyclogenesis**
baroclinic zone, Ross Sea; 04614.
- mesoscale diffusion model**
canopy resistance, dry deposition model, regional diffusion model, parameterisation, trace gas, 00068.
- mesoscale dispersion**
wind structure, boundary layer, inertial oscillation, 04623.
- mesoscale disturbance**
tropical, stratosphere, convection, momentum budget, gravity wave, 02252.
- mesoscale eddy**
signal processing, satellite altimeter, anticyclonic eddy, sea surface temperature, Arabian Sea; 07611.
- mesoscale effect**
vertical momentum, radiative process, cumulus parameterisation, mass flux, 01001.
- mesoscale entrainment**
entrainment instability, marine boundary layer, cloud topped boundary layer, 00885.
- mesoscale flow**
sea breeze, vertical, heat flux, thermal inhomogeneity, boundary layer, 02256.
- mesoscale fluctuation**
wind velocity, model spectra, spectra, gravity wave, 07291.
- mesoscale flux**
moisture flux, turbulence, boundary layer, deforested area, Brazil, Amazon; 04637.
- mesoscale front**
barrier jet, blizzard, snow, warm air advection, 00962.
- mesoscale gravity wave**
ducted gravity wave, gravity wave, 11229. gravity wave, forecasting model, 07287.
- mesoscale meteorology**
GOES, DMSO, Landsat, SPOT, USA, Hawaii; 13993.
- mesoscale model**
ageostrophic circulation, coupling, low level jet, upper level jet, jet front system, 07278. airmass, photochemical history, hydrocarbon ratio, 11289. atmospheric circulation, ice sheet margin, Greenland; 12504. atmospheric flow, sea breeze, Greece, Athens; 11135. baroclinic zone, frontogenesis, conceptual model, middle latitudes, cyclone, 00976. bell ridge, nonhydrostatic model, 03448. Bratseth scheme, 07288. Catalina Eddy, eddy generation, USA, California; 11227. cirrus, case study, sensitivity analysis, 07286. cloud, nonhydrostatic model, nested grid model, parameterisation, 05968. convective mesovortex, evolution, dynamics, 04676. evaporation, aggregation, 05923. forecast, assimilation, precipitable water, 00972. frontogenesis, precipitation, coastal front, Atlantic, (West); 13761. gravity wave, Kelvin-Helmholtz wave, particle dispersion, stratosphere, 00982. hailstorm, orography, sea breeze, upslope flow, 08585. initial data, predictability, frontogenesis, error, 08611. initialisation, soil water content, regional scale model, prediction model, hydrological balance, 14868. land breeze regime, observation, lake breeze, Canada, Great Lakes, Lake Ontario; 09918. nonlinear CSI, conditional symmetric instability, weather prediction, 00968. nuclear power station, dispersion, removal, pollutant, frontal system, 10029. occlusion process, cyclone, front, occluded front, 00977. oil burning, fire, aerosol, Kuwait; 10023. orography, regional wind system, complex terrain, similarity theory, 13757. parameterisation, convection, calibration, cumulus, 09909. prognostic evaluation, assumption, cumulus parameterisation, 01000. radiative forcing, tropical, cloud cluster, 00964. rain, orographic forcing, postfrontal rain, Australia; 00957. sea breeze, pollution episode, nonhydrostatic model, Greece, Athens; 11215. sea breeze, topography, synoptic conditions, Greece, Attikis; 11216. sea/land breeze, shoreline-following, horizontal coordinates, 02236. sensitivity test, cyclogenesis, Atlantic, Gulf Stream; 00967. sequential assimilation, soil moisture, low level parameter, 04689. storm environment, cold front, severe storm, Australia, Victoria, Melbourne; 07300. storm, cyclogenesis, intense cyclone, Atlantic, Gulf Stream; 00970. terrain, fog development, 07281. turbulence closure, upslope wind, wind circulation, downslope wind, 09916. wind field, meteorological application, Croatia; 11219. wind speed, lake effect, storm, snow, North America, Great Lakes; 03517.
- mesoscale modelling**
complex terrain, sea breeze, Greece, Athens; 11218. photochemical pollution, ozone, Greece, Athens; 11340. sea breeze, Greece, Athens; 11217.
- mesoscale motion**
turbulence flux, heterogeneous surface, aircraft run, ozone deposition, 13815.
- mesoscale mountain**
diurnal variation, lee vortex, Froude number, Taiwan; 08513.
- mesoscale organisation**
cloud band, GATE Phase III, cloud cluster, tropical cloud, 09911.
- mesoscale parameterisation**
heat flux, landscape variability, general circulation model, 05924.
- mesoscale phenomena**
climate, New Zealand; 09913.
- mesoscale ridge**
coastal trapping, stratus events, Canada, British Columbia; 04603.
- mesoscale structure**
diagnostics, cyclone life cycle, extratropics, marine cyclone, 07218. flight safety, nocturnal jet, low level jet, aircraft performance, boundary layer, 13756.
- mesoscale system**
albedo variability, complex terrain, 07241.
- mesoscale topography**
snowstorm, USA, Washington, Puget Sound Lowlands; 14831.
- mesoscale variability**
radiometric observation, microwave, temperature, cloud liquid water, water vapour, Pacific, Mariana Island, Saipan; 12404.
- mesoscale vortex**
baroclinic zone, polar low, Antarctica, Halley Station; 00973. satellite image, polar low, Arctic, Antarctica; 05904. stratiform cloud system, three dimensional model, cloud model, 08599. vortex, Arctic, Antarctica; 04611.
- mesoscale wave**
gravity wave, stability analysis, wave vertical structure, 07280. jet streak, severe convection, thunderstorm, thermodynamic lid, 00990.
- mesosphere**
aeronomy, radar, 12745. aerosol absorption coefficient, UARS, CLAES, photochemistry, stratosphere, 01082. aerosol, polar summer, 12747. ATLAS-1, ionosphere, thermosphere, 12729. calibration, water vapour, atmosphere, 10147. eddy, radar, troposphere, stratosphere, 12728. EISCAT, radar, Norway, Tromsø; 12744. global temperature profile, UARS, stratosphere, 01083. gravity wave, radar, stratosphere, 14916. gravity wave, sodium layer, wave number spectra, stratosphere, 11221. height measurement, climate change, noctilucent cloud, 11241. iron, lidar, sporadic iron layers, structure, seasonal variability, USA, Illinois, Urbana; 06038. limb sounding, water vapour, 04583. limb scan observation, Salyut-7, ozone, 14975. middle atmosphere, carbon monoxide, limb emission, 03560. millimeter wave measurement, ozone, vertical distribution, stratosphere, Russian Federation, Moscow, Pushchino; Sweden, Onsala; 07361. modelling, ozone, water vapour, peroxy radical, microwave observation, model, 13835. oxygen green line, temperature, 13805. quasi biennial oscillation, solar cycle, temperature, nightglow emission, 13692. quasi two day wave, middle atmosphere, 09830. radar, rocket, polar latitude, 12746. semidiurnal tide, oscillation (12 hour), Antarctica, South Pole; 03510. sodium layer, gravity wave, lidar observation, Antarctica; 13700. sporadic sodium layers, sodium, USA, Illinois, Urbana; 06037. stratosphere, water vapour, latitudinal survey, 13694. thermosphere, ATLAS-1, stratosphere, 12723. thermosphere, atomic oxygen, dynamics, energy budget, 03558. thermosphere, density fluctuation, diffusion coefficient, turbulence, energy budget, 09894. thermosphere, gravity wave, wind, semiannual oscillation, Christmas Island; 09825. thermosphere, high resolution Doppler imager, diurnal tide, zonal mean wind, 11473. thermosphere, line by line method, nitric oxide, photolysis, stratosphere, 09992. thermosphere, momentum flux, Australia, South Australia, Adelaide; 07269. thermosphere, remote sensing, ozone, kinetic model, 07344. thermosphere, turbulence parameter, turbopause, eddy diffusion coefficient, 13736. thermosphere, wind measurement, radar, rocket observation, 03441. tidal analysis, wind data, lunar tide, Australia, Adelaide; 04667. tidal wind, satellite, 03440. troposphere, temperature trend, rocket, radiosonde, stratosphere, 14949. wave-shear interaction, gravity wave, middle atmosphere, vertical wave number, stratosphere, 14915.
- mesospheric air**
polar vortex, stratosphere, Southern Hemisphere, methane, airflow, 03439.
- mesospheric cloud**
ice particle, review, mesopause, noctilucent cloud, middle atmosphere, 13762.
- mesospheric dynamics**
meteor, radar, Bulgaria, Yambol; 14839.
- mesospheric scatterer**
middle atmosphere, ME radar, Southern Hemisphere, spatial correlation, 11479.
- mesotidal shoreline**
intertidal zone, lag surface, size sorting, boulder pavement, USA, Alaska, Gulf of Alaska, Icy Bay; 09047.
- mesotrophic lake**
numerical method, pH variation, eutrophic lake, Holocene, Sweden, Trummen Lake; 10509.
- mesotrophic region**
chlorophyll, remote sensing, euphotic zone, Mexico, Gulf of California; 11549.
- Mesozoic**
limestone, depositional environment, Ordovician, Thailand, Tak-Mae-Sod; 05427. seamount, flint, limestone, nodule, Japan, Hokkaido, Chirai; 08007. trace fossil, boring, organism, bioerosion, 02925.
- Messinian**
Calcare di Base, Gessoso-Solfifera Formation, evaporite, isotope exchange, carbonate, Italy, Sicily; 10633. canyon, turbidity current, sediment wave, deep sea fan, fan evolution, Mediterranean Sea, Var Fan; 04262. nodule, spheroid, gypsum, anhydrite, diagenesis, Italy, Tuscany, Pisa, Castellina Marittima; 09297. rhythmite, laminar, Pliocene/Pleistocene, runoff, sapro-

- pel, Italy, Calabria, Vrica; 06651. shelf basin, halite, Mavqi'im Formation, evaporite, Miocene, Israel; 01692.
- metabolism**
organic acid, sulphate, aquifer, lead, 12003. tropical lagoon, oxygen uptake, methanogenesis, sediment/water interface, carbon flux, Pacific; New Caledonia; 11943.
- metabolite**
metribuzin, groundwater quality, pesticide, chromatography, USA, Wisconsin; 00774.
- metadata**
ecological monitoring, database, Germany, Wadden Sea; 15193. GIS, USGS, NSDI, structured digital data, 08800. inventory, EOSDIS, information management, 06195.
- metal**
aerial deposition, isoplething technique, estuary, UK, Severn Estuary; 06097. anthropogenic impact, resuspension, primary production, particulate matter, seasonal variation, trace element, Sweden, Lake Malaren, Stockholm Archipelago; Baltic Sea; 13304. bioavailability, freshwater, temperature, seasonality, sulphide, USA, Minnesota, Caribou Lake; 08081. biota, river bed sediment, dissolution, Czech Republic, Elbe River; 00447. clay mineral, Quaternary, sedimentation, Morocco, Mediterranean Margin; Mediterranean Sea, Alboran Sea, Alboran Ridge; 06765. coastal sediment, pollution, grain size, organic matter, productivity, Mexico, Baja California; USA, California; 12013. contaminant transport, sorption, complexation, colloid, groundwater contamination, 12342. contaminant, particulate matter, trace element, estuarine contamination, statistics, USA, Mississippi River; Gulf of Mexico; USA, Atlantic Coast; 01732. contamination, cadmium, lead, copper, speciation, India, Yamuna River; 03028. deep sea sediment, ooze, geochemistry, manganese nodule, hydrothermal process, Pacific, Clarion Island; Mexico; 03010. deep sea sediment, trace element, sediment/water interface, diagenesis, copper, Atlantic, Madeira Abyssal Plain; 03005. disposal, Environmental Protection Agency, waterway, water quality, PAH, dredging, USA, Washington, Commencement Bay, Sitcum Waterway; 09386. electron microprobe, X-ray microanalysis, anoxic sediment, geochemistry, Baltic Sea; 00340. environmental geology, pollution, management, fluvial system, Australia, Western Australia; Queensland; 00448. estuary, fluvial input, trace metal, sediment budget, coastal erosion, anthropogenic impact, USA, Maryland, South River Estuary; 03035. geochemistry, lake sediment, trace element, mining, USA, Idaho, Lake Coeur d'Alene; 04288. landfill, sewage, sludge disposal, EIA, Hong Kong; 01764. manganese, sulphide deposit, hydrothermal vent, concretion, manganate, 06766. metal bioavailability, isopod, Porcellio scaber, woodlouse watch, biomonitoring, UK, England, Cornwall; Devon; 07681. mineralization, nucleation, diagenesis, mudstone, bacteria, Brazil, Rio Negro; Rio Solimoes; 06712. organic contaminant, photocatalyst, titanium dioxide photocatalysis, wastewater treatment, oxidation/reduction, 05716. particle size, settling velocity, stormwater, deposition, USA, Lake Michigan Basin; 04800. pollution load index, harbour, coastal sediment, anthropogenic impact, India, Visakhapatnam; 09398. salinity, metal complexation, estuary, nickel, copper, 05385. sediment core, deposition, historical accumulation, Arctic, Hudson Bay, Belcher Islands; 13813. sewage, waste transport, tracer, osmium, USA, Connecticut, Long Island Sound, New Haven Harbor; 05488. soil, snow, emission site, power law function, 04801. trace metal, adsorption, colloid, soil water chemistry, streamwater quality, USA, Colorado, Front Range, Green Lakes Valley; 05726. urban soil, particle size analysis, geochemistry, soil pollution, clay mineral, element concentration, India, Bombay; 06912. vegetation, contamination, lead, cadmium, zinc, USA, Florida, St Johns River; Hillsborough Bay; 05483. wastewater, contaminant, coastal ecosystem, PCB, USA, New York, Jamaica Bay; 06791.
- metal adsorption**
sulphur balance, sulphate reduction, sulphide precipitation, wetlands, acid mine drainage, USA, Colorado, Idaho Springs; 09637.
- metal availability**
Jalma, Torrifluent, soil conditioner, soil chemical property, 05604.
- metal binding**
heavy metal, organic matter, 09502.
- metal bioavailability**
isopod, Porcellio scaber, woodlouse watch, biomonitoring, metal, UK, England, Cornwall; Devon; 07681.
- metal complexation**
estuary, nickel, copper, metal, salinity, 05385.
- metal concentration**
magnetite, ilmenite, garnet, heavy mineral, India, Uttar Pradesh, Chopan, Son River; 12023. remediation, emission control, detergent, phosphate emission, groundwater contamination, Switzerland, Glatt River; 01982. river water quality, suspended sediment, water quality evaluation, Canada, Ontario; Quebec; 13544. rock dust, snow, lead, USA, Alaska; 10013. sediment core, estuary, historical record, salt marsh sediment, resuspension, USA, Rhode Island, Narragansett Bay; 06790. toxic ground, mine waste, 03785.
- metal contaminant**
heavy metal, contaminant volatilisation, soil decontamination, 10868. organic contaminant, water treatment, toxicity, urban runoff, runoff water quality, USA; 07021.
- metal contamination**
palaeolimnology, diatom, chrysophyte, acidification, Canada, Ontario, Sudbury, Whitepine Lake; 06593. plant uptake, risk assessment, wetlands, mining waste, USA, Montana, Clark Fork River; 07694.
- metal content**
nutrient content, forest soil, soil sampling, trace element, USA, Maine, Howland Integrated Forest Study Site; 05524.
- metal interaction**
nutrient, dissolved oxygen, phytoplankton, water quality model, suspended sediment, microbiology, North Sea; 01983.
- metal ion**
autoxidation, sulphur IV, power plant, fly ash, 07403. organic herbicide, rice seed, toxicity test, hazardous waste site, 10308.
- metal leachate**
mine tailings, mining, arsenic, Canada, Ontario, Moira Lake; 01744.
- metal loading**
PCB, anthropogenic impact, contaminant, nutrient input, North Sea; 10317.
- metal mobility**
metal removal, adsorption/desorption, manganese oxide, filtration bed, water treatment plant, UK, Scotland, Grampian; 05701.
- metal oxide**
black carbon, soot, manganese dioxide, sulphur dioxide, oxidation, 06085. ethylene glycol monoethyl ether, BET equation, surface area determination, clay mineral, nitrogen, 04331. kinetic model, lanthanide series, aqueous REE, uptake, 02628.
- metal oxide coating**
chlorobenzene, aquifer, organic carbon, particle size, sorption, USA, Massachusetts, Cape Cod; 12011.
- metal pollutant**
water quality analysis, lake water quality, road drainage, potable water quality, Turkey, Sapanca Lake; 02010.
- metal pollution**
anthropogenic impact, pollution history, Turkey, Istanbul, Golden Horn; 09397. surface water quality, biomonitoring, nonpoint source pollution, water purification, aquatic vegetation, India; 07010.
- metal release**
estuarine sediment, leakage, chemical time bomb, buffer capacity, 12006.
- metal removal**
acid mine drainage, copper, zinc, streamwater quality, sodium hydroxide, 07032. adsorption/desorption, manganese oxide, filtration bed, water treatment plant, metal mobility, UK, Scotland, Grampian; 05701.
- metal retention**
trace element, heavy metal, savannah soil, element concentration, Nigeria; 01771.
- metal solubility**
abandoned land, liming, soil acidification, trace metal, 12110.
- metal sorption**
organic matter, pollutant, heavy metal, complexation, 11953.
- metal speciation**
copper binding, fulvic acid, humic substance, surface water chemistry, 13491. sediment, palaeolimnology, acidification, diatom analysis, lake water chemistry, Germany, Black Forest, Wildsee; 05752. sulphide oxidation, bioavailability, trace metal, estuary, USA, California, San Francisco Bay; 12261.
- metal transport**
cadmium, zinc, reef fish, faecal pellet, USA, California; 09402. particle flux, groundwater flow, colloid, DOC, 03352. streamwater quality, ferrihydrite precipitation, acid mine drainage, UK, Wales, Anglesey, Afon Gouch; 13541.
- metalimnetic condition**
microbial process, hydrogen sulphide, sulphide oxidation, redox cycle, sulphate reduction, Israel, Kinneret Lake; 04489.
- metalimnetic water**
lake, baroclinic seiche, stratification, Switzerland, Alpacher See; 00664.
- metalliferous sediment**
bottom sediment, hydrothermal activity, ocean floor, mineralization, Pacific, East Pacific Rise; 09363. clay mineral, terrigenous origin, montmorillonite, hydrothermal fluid, Pacific, (South); 09362. hydrothermal ore, strontium, niobidium, lead, isotopic analysis, Red Sea, Nereus Deep; 14429. metallogenesis, lead, strontium, brine, Red Sea, Atlantis II Deep; 13284. seawater, osmium, hydrothermal activity, trace metal, burial, Pacific, East Pacific Rise; Bauer Basin; 03006.
- metallogenesis**
lead, strontium, brine, metalliferous sediment, Red Sea, Atlantis II Deep; 13284.
- metallothionein**
biotechnology, pollution monitoring, molecular biomarker, aquatic environment, DNA-adduct, 01297.
- metallurgical plant**
atmospheric emission, fertiliser, crop growth, calcium, Ukraine, Lugansk Province; 12160.
- metamitron**
herbicide mobility, 12169.
- metamod**
nonpoint pollution, agrochemical, impact assessment, water quality policy, USA; 00026.
- metamorphic bedrock**
bedrock fracture, breccia, subglacial shear, glacial deformation, Canada, New Brunswick, Heath Steele Mines; 00236.
- metamorphic rock**
airborne SAR, SIR-B, geomorphological analysis, 03781. Naghat Formation, Jaunsar Group, grain size, fine sediment, India, Himalayas, Kumaon Himalaya, Chakrata Hills; 06649.
- metamorphic silicate rock**
tropical region, chemical index, weathering, Sri Lanka; 11652.
- metamorphism**
isotope ratio, strontium, decarbonation, diagenesis, weathering, 08027. Wutong quartzite, microstructure, quartz, dislocation, exsolution, China, Jiangu, Taihu Lake; 01579.
- meteor**
mesopause, thermosphere, hemisphere, radio, 15122. radar, mesospheric dynamics, Bulgaria, Yambol; 14839.
- Meteor Crater**
landslide, sediment budget, winnowing, erosion, ejecta, USA, Arizona, Meteor Crater; 03976.
- meteor trail drift**
coherent pulse radar, middle atmosphere, atmospheric motion, parameter variability, 14844.
- meteoric ice**
sea ice, electrical property, ice, microstructure, marine ice, 13825.
- meteoric water**
burial history, Miocene, reservoir quality, diagenesis, Palaeocene, New Zealand, Taranaki Basin, Kupe South Field; 11935. evaporation, isotope study, geochemical weathering, salt lake, India, Thar Desert; 08356.

- meteorite**
astroblesme, erosion recognition, lunar crater, crater topography, Canada, Quebec, Charlevoix; Manicouagan; Germany, Ries; 09027.
- meteorite source**
Martian atmosphere, impact erosion, noble gas, Mars; 01044.
- meteorite trap**
ice sheet, blue ice field, hypsithermal event, glaciology, global change, Antarctica, Victoria Land; 06365.
- meteorological analysis (1987-1991)**
tritium, rainwater, Japan, Fukuoka; 15000.
- meteorological application**
mesoscale model, wind field, Croatia; 11219. satellite meteorology, VHRR, 13903.
- meteorological bias**
lidar, cloud cover, ozone dataset, 11284.
- meteorological conditions**
fog collection site, Peru; 03522. probability forecast, aviation, forecast, 08609. urban area, statistical model, bootstrap method, Weibull distribution, ozone trend, USA; 11339.
- meteorological data (1936-1940)**
meteorological data (1962-1966), electrical field, meteorological parameter, urban station, India, Maharashtra, Bombay, Colaba; 07188.
- meteorological data (1962-1966)**
electrical field, meteorological parameter, urban station, meteorological data (1936-1940), India, Maharashtra, Bombay, Colaba; 07188.
- meteorological data**
physiological model, regional scale, soybean yield, spatial averaging, 04620. potential evapotranspiration, cotton production, 14038. statistical method, sea level, forecast, Caspian Sea; 12475. visibility record, soil moisture, wind erosion, windblown dust, drought, USA, Texas, Lubbock; 00005.
- meteorological display**
colour, 14794.
- meteorological flow**
dynamic grid adaption, grid point, advection term, 08581.
- meteorological influence**
sediment supply, topographic survey, barrier island, beach erosion, wave attack, erosional pattern, USA, Louisiana, Isle Dernieres; 00117.
- meteorological information**
colour guideline, weather analysis, workstation, 04844.
- meteorological measurement**
offshore platform, oceanographic measurement, 07174.
- meteorological network**
minisodar, radar, wind profile, USA, Colorado, Rocky Mountains; 10159.
- meteorological observations**
marine climate, voluntary observing ship, error, Atlantic; 02137. ozone, Antarctica, Syowa Station; Asuka Station; 07211. transmissivity, crop growth, wheat yield, solar radiation, Canada; 03415.
- meteorological parameter**
coastal zone, sea/land flow, sea breeze, India, Madras, Kalpakkam; 03516. empirical model, Bulgaria; 08510. urban station, meteorological data (1936-1940), meteorological data (1962-1966), electrical field, India, Maharashtra, Bombay, Colaba; 07188. variability, sea surface temperature, surface, Arabian Sea; 12485.
- meteorological quantity**
prediction, surface layer, 08610.
- meteorological record**
oceanographic data, Caribbean Sea; 00897.
- meteorological research**
backscatter, hydrometeor, precipitation, polarimetric radar, 07425.
- meteorological satellite**
cloud drift, wind, Australia; 12537. global heat budget, satellite image, snow cover, hemispheric monitoring, 02583. HIRS, radiative transfer equation, matrix operator theory, 01161. rainfall, vegetation, early warning system, Africa; 12735. SPOT, Earth resource, climate, 08735.
- meteorological service**
WMO, hydrological service, long term plan, technical cooperation programme, 01332.
- meteorological station**
data table, extreme value, The Netherlands; 02167. integrated sounding system, wind profiler, acoustic sounding system, 14797. mountain, Czech Republic, Bohemia, Milesovka; 00854.
- meteorological variability**
sensitivity, dew duration, climate region, USA, California; 05947. surface pressure cycle, pressure cycle, general circulation model, annual pressure cycle, Mars; 09888.
- meteorology (1991-1992)**
polar vortex, nitric acid tryhydrates, stratosphere, Arctic; 03637.
- meteorology**
adjoint equation, review, Kalman filter, 08571. aerosol, trajectory, source region, Greenland; 08514. annual report (1990), Italy, Pallanza; 03434. atmospheric electricity, electrical field intensity, Poland, Swider; 08504. current, environmental conditions, oceanography, ice, Atlantic, (Northwest); 08542. database, hurricane, Caribbean Sea; 00855. Doppler, sodar, lidar, air quality, 12748. education, 08483. forecasting, 08612. hydrological modelling, macroscale modelling, hydrosphere model, general circulation model, 08267. Internet, 01146. oceanography, wavelet analysis, group velocity, Yanai waves, 11189. onset, monsoon, spatio/temporal evolution, India; 00852. ozone level, non attainment, diurnal profile, 07395. rainfall pattern, monsoon, coast, ecosystem, India, Tamil Nadu, Parangipettai; 09574. remote sensing, surface evaporation, biomass, USA, Arizona, Walnut Gulch Watershed; 06255. wind surge, fire risk, risk assessment, South Africa, Natal, Drakensberg Mountains; 05896.
- meteorology programme**
agricultural meteorology, aeronautical meteorology, marine meteorology, WMO long term plan, 00089.
- Meteosat**
agriculture, monitoring, NOAA, Senegal, Dakar; 12799. cloud motion wind, geostationary satellite, wind vector, 01185. earthquake, thermal infrared anomaly, China; 03773. European Space Agency, gravity field, magnetic field, ERS-1, 08748. flood disturbance, numerical weather model, South Africa; 07624. humidity profile, cloud classification, GOES, 08840. image, radiosounding, atmospheric correction, 02152. International Cirrus Experiment, motion vector, cloud motion, 10153. precipitation, synoptic regime, UK; 01175. radiation map, surface radiation balance, radiative transfer model, 08877. radiometric calibration, AVHRR, geostationary weather satellite, ISCCP, 07432. radiosonde, cloud motion, wind, 10154. rainfall estimation, vegetation index, rangeland production, Africa, Sahel; 07573. relative series, global radiation, satellite meteorology, cloud amount, 08832. sensor data, irradiance field, surface, 09794. surface temperature, radiative transfer, temperature, 10141. temperature, wind, cloud motion, 10163. triangular regression analysis, biomass, monitoring, evapotranspiration, Burkina Faso; Africa, Sahel; 07572. water vapour, absorption, troposphere, 04938. water vapour, brightness temperature, general circulation model, upper troposphere, humidity, 14002. water vapour, wind extraction, high troposphere circulation, 01184.
- meter reading**
gas meter, electricity meter, USA, Texas, San Antonio; 12862.
- methane**
aerobic conditions, forest soil, anaerobic conditions, carbon dioxide, 04362. aircraft data, stratosphere, HALOE observations, limb scanner, water vapour, 03561. airflow, mesospheric air, polar vortex, stratosphere, Southern Hemisphere, 03439. atmospheric methane (1979-1992), USA, Oregon, Cape Meares; 04789. carbohydrate, gas generation rate, soil water content, hydrogen, 01843. carbon-13, peat soil, organic carbon, 05571. carbon-14, carbon isotope, groundwater chemistry, dissolved organic carbon, Canada, Ontario; 05816. carbon dioxide, peat depth, moss peat, sedge peat, humification, Sweden; 08552. carbon dioxide, peat gas, spectrometry, oxygen, 12089. carbon monoxide, mixing ratio, source region, carbon dioxide, Arctic; 08649. carbon monoxide, photochemical model, trace gas budget, 07342. carbon monoxide, seawater, dimethylsulphide, equator, Pacific; 06021. chamber environment, carbon balance, carbon dioxide, Arctic; 00830. chlorofluorocarbon, CFC use phase out, Europe; 01062. desiccation, stratosphere, water vapour, 03555. emission prediction, sampling, global study, trace gas exchange, air-soil interaction, 07705. emission, coal mining, India; 13892. exchange, soil, spruce, fir, forest, nitrous oxide, USA, (Northeast); 01039. fertiliser, manure, microbial activity, nitrogen fertiliser, UK, England, Hertfordshire, Harpenden, Rothamsted Experimental Station; 08151. fertiliser, pine plantation, carbon dioxide, soil bacteria, nitrous oxide, USA, Florida, Alachua County; 14531. flame ionisation detector, continuous measurement, 12587. flooded soil, rice soil, Alabaqualf, fertiliser, USA, Louisiana; 13373. flooded soil, rice, 01845. flooded soil, soil chemistry, rheology, 05573. gas hydrate, global change, permafrost, fossil fuel resource, 02622. global warming potential, climate change, warming, greenhouse gas, 13893. hydroxyl radical, rate constant, 04773. ice core, pre-industrial era, pre-agricultural era, Arctic; Antarctica; 01043. intra annual variation, middle atmosphere, SAMS instrument, nitrous oxide, 14974. manure, reduction, liquid manure, iron reduction, sulphide, 00540. microtopography, peat, water table depth, Canada, Ontario, Cochrane; 09486. modelling, sink, atmospheric oxidant, trace gas flux, midlatitude ecosystem, carbon dioxide, 07706. nitrous oxide, atmospheric concentration, trace gas exchange, rice cultivation, global scale, sulphur, 00040. nitrous oxide, CFC, vortex, stratosphere, Antarctic; 13812. nitrous oxide, chlorine (F12), stratosphere, global dataset, 03552. nitrous oxide, ozone, atmospheric-biospheric chemistry, source/sink, 10319. nitrous oxide, soil compaction, tractor traffic, fertilisation, field traffic, 03122. oil, gas, bottom water, hydrocarbon, bottom sediment, Okhotsk Sea, Tinro Basin, Deryugin Basin; 09361. peat surface lowering, soil temperature, water table position, carbon dioxide, Canada, Quebec; 03121. peatland soil, peat temperature, water table position, carbon dioxide, 12118. pockmark, gas escape, interstitial water, seabed, USA, Maine, Belfast Bay; 07951. polar ice core, atmospheric concentration, carbon dioxide, Antarctica, Yamato Mountains; 06639. redox potential, flooded soil, pH, Alabaqualf, 04363. rice, flooded soil, 08150. sea ice cover, ice canopy, seasonal source, continental shelf, Beaufort Sea; 08661. sidescan, pockmark, oceanic crust, organic matter, sediment drift, Greenland Sea, Fram Strait, Vestnesa Ridge; 11979. soil temperature, peat soil, pH, 00571. source, sink, seasonal cycle, Korea; 04755. standard gas scale, intercalibration experiment, 08660. stratosphere, SAMS constituent data, zonal asymmetry, nitrous oxide, 02341. sulphonic acid, non sea salt sulphate, baseline station, dimethyl sulphide, sulphur dioxide, Australia, Cape Grim; 14992. water column, sinking particle, carbon cycling, greenhouse gas, bacteria, Pacific, (North); 11892. water vapour, middle atmosphere, climate model, stratosphere, measurement, 04766. wetlands, fen, meadow, Denmark; 12121.
- methane budget**
methane emission, tundra, arctic tundra, climate change, Arctic; 03884.
- methane concentration**
climate, ice core, GRIP, atmospheric change, Greenland; 06549.
- methane consumption**
carbon dioxide emission, soil gas concentration, crop management, soil depth, USA, Kansas; 10794.
- methane cycle**
bacteria, hopene, carbon isotope, lake sediment, biolipid, aquatic organism, UK, England, Lake District, Priest Pot; 14388. greenhouse effect, source strength, global budget, 02623. ocean, bacterial methane, formation rate, global carbon cycle, 03886.
- methane decrease (1992)**
growth rate, Northern Hemisphere, fossil fuel, anthropogenic source, 11279.
- methane discharge**
plume, landfill, Japan, Tokyo; 05076.
- methane dynamics**
lake water chemistry, microbial activity, hydrogen, carbon monoxide, Germany, Constance Lake; 10984. methane oxidizing bacteria, marshland, stable isotope, USA, Florida, Everglades; 03882.
- methane emission**
emission, source gas, chemical transport model, inversion algorithm, 04780. flooded soil, greenhouse gas, wetland rice, mitigation, USA, Louisiana; 01040. landfill soil, soil microorganism, methane oxidation, oxygen, 01846. manure, pig slurry, pig solid manure, open chamber technique, 06081. mining, oil, gas, anthropogenic source, Baltic; 11271. peatland, water table, environmental factor, USA, Minnesota; 01041. rice field, biogas, China;

14965. rice field, fertiliser, mineral fertiliser, organic fertiliser, quantification, China, Zhejiang Province; 00051. rice field, field experiment, fertiliser, China, Hunan Province; 05100. rice, crop growing season, urea, USA, Louisiana; 04774. tundra, arctic tundra, climate change, methane budget, Arctic; 03884. wastewater treatment, carbon dioxide emission, sludge treatment, 06099. wetlands, global geographical database, modelling, trace gas flux, 01312. wetlands, primary production, 03551.
- methane exchange**
biogenic gas, northern wetlands study, atmospheric trace gas, source/sink, methane flux, Canada, Hudson Bay Lowland; Quebec, Labrador, Canada, James Bay; 00036.
- methane fate**
river, estuary, diffusive flux, removal mechanism, USA, New York, Hudson River Estuary; 05089.
- methane flux**
ebullition, anoxic basin, oxidation rate, pycnocline, episodic event, USA; 05088. groundwater quality, irrigated agriculture, rice paddy, Japan, Honshu, Aichi Prefecture; 13626. methane exchange, biogenic gas, northern wetlands study, atmospheric trace gas, source/sink, Canada, Hudson Bay Lowland; Quebec, Labrador; Canada, James Bay; 00036. nitrous oxide flux, subalpine meadow, snow cover, global source/sink budget, flux measurement, USA, Wyoming; 07699. oxidant, wetlands, methane interaction, atmospheric methane increase, 02621. peatland, carbon, boreal zone, 01042. peatland, eddy correlation, seasonal distribution, USA, Minnesota; 09990. peatland, laboratory experiment, water table elevation, wetlands, Canada; 00670. peatland, water table lowering, drained peatland, Canada, Ontario; 07698. rice paddy, flooded soil, chamber measurement, India; 06078. seasonal variation, rice paddy, natural wetland, Japan, Ryugasaki; 11615. sensitivity analysis, model, USA, Florida, Everglades; 06077. wetlands, biogenic source, sink, photochemical model, atmospheric methane, 02620.
- methane fractionation**
fractionation, oxidation, temperate forested soil, global methane budget, USA, New Hampshire, College Woods; 10330.
- methane generation**
anaerobic burial, refuse, landfill, atmospheric methane, carbon storage, 00038.
- methane generator sludge**
sludge application, digester sludge, 10713.
- methane interaction**
atmospheric methane increase, methane flux, oxidant, wetlands, 02621.
- methane measurements**
gas chromatography, monitor, performance, Brazil; 12584.
- methane metabolism**
raised bog, wetlands, hydraulic conductivity, methanogenesis, radiative gas, Canada, Ontario, Ottawa, Mer Bleue; 05086.
- methane model**
emission, lifetime variation, 13811.
- methane oxidation**
littoral sediment, bacteria, inhibition, oxidation, ammonium, Germany, Lake Constance; 06709. methane production, ice covered lake, amictic lake, carbon cycling, lake water chemistry, Antarctica, Fryxell Lake; 05746. methyl fluoride, inhibition technique, rhizosphere, aquatic macrophyte, closed chamber, 07343. oxygen, methane emission, landfill soil, soil microorganism, 01846.
- methane oxidizing bacteria**
marshland, stable isotope, methane dynamics, USA, Florida, Everglades; 03882.
- methane production**
biomass burning, burning, 09989. ice covered lake, amictic lake, carbon cycling, lake water chemistry, methane oxidation, Antarctica, Fryxell Lake; 05746. peat, methanogenic bacteria, bacteria, water table level, 00570.
- methane record**
ice core, Greenland; 08636.
- methane reduction**
waterlogged rice paddy, rice paddy, ridge cultivation, 14959.
- methane response time**
lifetime, eigenstates, atmospheric chemistry, 14977.
- methane sink**
atmospheric temperature, ozone, hydroxyl, photochemically active gas, model, 00166. nitrate pollution, sea level, greenhouse gas, flooded soil, 10327.
- methane source**
high latitude ecosystem, microbial oxidation, tundra flux, atmospheric methane, 00035.
- methanesulphonate**
ammonium, dimethylsulphide, cloud condensation nuclei, particle, non sea salt sulphate, 01054. non sea salt sulphate, aerosol sampler, sulphur, American Samoa; 12589. sulphate, ice core, oceanic emission, Holocene, Eem interglacial, dimethylsulphide, Greenland; 01460.
- methanesulphonic acid**
dimethyl sulphide, marine atmosphere, rainwater, seasonal variability, Indian Ocean, Amsterdam Island; 07353. snow sample, Antarctica, Terra Nova Bay; 14995. sulphate, air, snow, ice sheet, Greenland; 11287.
- methanogen**
mineralization, chloroform, redox potential, toxicity, acetate, Netherlands, Rhine River; 08077. salt marsh, anoxic sediment, bacteria, organic matter, India, Bay of Bengal, Kodiakkarai; 00354.
- methanogenesis**
ammonium, feldspar, diagenesis, organic matter, USA, California, Great Valley; 08012. calcium carbonate, dolomite, continental margin, Pleistocene, Australia, Queensland Continental Margin; 09296. geochemistry, interstitial water, strontium, oxygen, carbon, Australia, Queensland Continental Margin; 09328. Gibbs free energy, littoral sediment, acetate, fatty acid, isopropanol, Switzerland, Lake Constance; 02923. organic matter, stable isotope tracer, acetate, freshwater sediment, Netherlands, Lake Vechten; 08017. oxidation, sulphate, fish farm sediment, reduction, 12021. radiative gas, methane metabolism, raised bog, wetlands, hydraulic conductivity, Canada, Ontario, Ottawa, Mer Bleue; 05086. salt marsh sediment, siderite, carbonate, concretion, organic matter, 01663. sediment/water interface, carbon flux, metabolism, tropical lagoon, oxygen uptake, Pacific; New Caledonia; 11943. Visingso Group, phosphate nodule, Proterozoic (Upper), francolite, organic matter, Sweden; 08018.
- methanogenic bacteria**
anaerobic treatment, PVA boric acid method, wastewater treatment, cell immobilization, 13521. bacteria, water table level, methane production, peat, 00570.
- methanogenic degradation**
biodegradation, groundwater quality, phenolic compound, 12344.
- methanol**
biogenic emission, VOC, vegetation, 06079. climate forcing, greenhouse warming, alternative fuel, renewable energy, biomass, 03893.
- methanosulphate**
sea salt, lead-210, beryllium-7, nitrate, ammonium, sulphate, Antarctica, Palmer; Marsh; Antarctica, Mawson; 06073.
- methanosulphonate**
biogenic sulphur aerosol, sulphate, sulphur isotope, sodium, Arctic; Canada, Northwest Territories, Alert; 09985. biogenic sulphur aerosol, trend, seasonal variability, Arctic; Canada, Northwest Territories, Alert; 09986. non sea salt sulphate, dimethylsulphide, atmosphere, seawater, Atlantic; Arctic; Antarctica; 14998.
- methanosulphonic acid**
biogenic sulphur, record (1767-1991), dimethyl sulphide, ice core, sea surface temperature, Greenland; 11294. dimethylsulphide, cloud condensation nuclei, marine air, sulphur chemistry, Pacific; 04793. organic sulphur, biogeochemical cycle, sulphur, Arctic; 08656. sulphur cycle, dimethyl sulphide, equator, sulphur dioxide, Pacific; 06032.
- methanotrophic bacterium**
bioremediation, trichloroethylene, surface water quality, microbial filter, 05707.
- method improvement**
radiocarbon dating, fossil bone, bone-collagen fraction, 10430.
- method of characteristic**
unsteady flow, computer model, St Venant equations, open channel flow, 04460.
- method of characteristics**
shallow water equation, open channel flow, semi Lagrangian method, water hammer, dam break, 14616. variably saturated flow, infiltration, vadose zone, unsaturated flow, soil water movement, Eulerian-Lagrangian method, 14705.
- method of mixed moments**
maximum entropy method, rainfall data, extreme value, frequency analysis, Weibull distribution, Tunisia; 08280.
- method of moments**
maximum likelihood method, generalised Pareto distribution, estimation method, least squares method, probability weighted moments, 05649.
- methodological framework**
solution, global study, environmental management, compartmental model, global study, 07662.
- methodology**
bioindicator, algae, air quality, epiphytic green algae, 10024. building stone, granite, weathering study, Spain, Santiago de Compostela; 06445. comparative study, dissolved carbohydrate, water quality analysis, bog pool, 00681. coordinate system, spatial analysis, statistical analysis, spherical data, temporal analysis, 09002. data analysis, sample collection, surface water chemistry, water chemistry protocol, long term monitoring, 03265. environmental application, visualisation, spatial rendering, geomatics, Canada, Alberta, Calgary; 13991. Kendall's test, sampling, water quality analysis, long term monitoring, trend analysis, USA, Vermont; 03266. philosophy, physical geography, geohistory, India, Himalayas; China, Tibetan Plateau; 06370. thunderstorm identification, radar, 08490. water resource management, environmental management, humid tropics, hydrology, 08265.
- methoxychlor residue**
pesticide, river water quality, sediment, fish, Canada, Alberta, Athabasca River; 09662.
- methyl bromide**
anaerobic sediment, sulphide, salt marsh, bacteria, chloride, USA, California, Palo Alto; San Francisco Bay, Palo Alto; 10697. bromine budget, biomass, burning, 12598. bromine, ocean, 12573.
- methyl chloride**
methylene chloride, rate constant, hydroxyl radical, chloromethane, 14976.
- methyl fluoride**
dimethyl ether, nitrous oxide, ammonium oxidation, nitrification, 05577. inhibition technique, rhizosphere, aquatic macrophyte, closed chamber, methane oxidation, 07343.
- methyl halide**
seawater, nucleophilic substitution, solubility, 00893.
- methyl iodide**
algae, coastal water quality, kelp, halomethane production, bromoform, methylene bromide, USA, California; Pacific; 00692. marine production, phytoplankton, Atlantic; 13852. sulphur, geomacromolecule, degradation, methylthioether, 02938.
- methylarenes**
gas phase, solution reaction, nitrate radical, 03549.
- methylation**
mercury, biogeochemistry, contamination, fish, demethylation, Canada, Canadian Shield; 03029.
- methylbromide**
atmospheric chemistry model, bromine, anthropogenic impact, 04818.
- methylchloride**
dichloromethane, trichloroethene, tetrachloroethene, latitudinal distribution, halogenated hydrocarbon, Atlantic; 09983.
- methylene bromide**
methyl iodide, algae, coastal water quality, kelp, halomethane production, bromoform, USA, California; Pacific; 00692.
- methylene chloride**
rate constant, hydroxyl radical, chloromethane, methyl chloride, 14976.
- methylmercury**
seasonality, tidal river, sewage, channel morphology, mercury, UK, England, Norwich, Yare River; 10679.

- methylsterane**
salinity, biomarker, organic carbon, evaporite, hydrocarbon, France, Alsace, Mulhouse; 05348.
- methylthioether**
methyl iodide, sulphur, geomacromolecule, degradation, 02938.
- methyltin**
bioavailability, seawater, dimethyltin, particulate matter, adsorption, China, Hebei, Tianjin Harbor; 01760.
- methyltin compound**
harbour water quality, organotin, butyltin compound, Belgium, Antwerp Harbour; 07005.
- metolachlor**
atrazine, herbicide mobility, elution, diffusion model, 04417. herbicide migration, France, Montpellier; 06921. nonpoint source contamination, cyanazine, atrazine, alachlor, USA, Mississippi River; 03291. organic matter, montmorillonite, herbicide sorption, fungicide sorption, diniconazole, 08223.
- metre scale turbulence**
summer, mesopause, turbulence, radar, 11228.
- metribuzin**
groundwater quality, pesticide, chromatography, metabolite, USA, Wisconsin; 00774.
- metric camera photography**
digital elevation modelling, neotectonic geomorphology, mountain slope, Spain, Sierra Nevada; 08859.
- metropolitan city**
dust sample, neutron activation analysis, particulate, India; 12606.
- metropolitan region**
GIS, India, Bombay; 12852.
- micaceous soil**
potassium, clay mineral, parent material, Portugal; 10717.
- Michaelis-Menten model**
kinetic rate constant, dispersion, saturation constant, solute transport, solute concentration, soil profile, 00771.
- Michelson interferometer**
global wind pattern, UARS, wind imaging interferometer, airglow limb, 01080. passive atmospheric sounding, Fourier transform spectrometer, atmospheric emission, limb sounder, 07720.
- micrite**
calcite, coral reef, microbiolite, organism, Virgin Islands, St. Croix; 04266. Cretaceous, limestone, calcite, dolomite, diagenesis, 06688. unconformity, chalk, lithification, Cretaceous, porosity, Egypt, Abu Roash; Bahariya Oasis; 07991.
- micritization**
calcite crystal, diagenesis, 07987. neomorphism, dolomitization, Permian, Raburi Limestone, carbonate, Thailand; 05380.
- microaggregate**
macroaggregate, humification, aggregate formation, Tyurin method, 09423. ultraviolet photo oxidation, aggregate, photo oxidation, organic matter protection, 08111.
- microanalysis**
limestone, atmospheric weathering, 14139.
- microbanding**
luminescence, isotopic record, palaeoclimate, speleothem, North America; 13010.
- microbarometer**
gravity wave, transfer function, Italy, Turin; 02135.
- microbe dissemination**
weather forecast model, global disease spread, 01183.
- microbial activity**
arid soil, sewage sludge, Torrifluent, soil fertility, 03116. basin, tectonics, climate, diagenetic process, sediment supply, 01584. bioremediation, petroleum spill, biodegradation, hydrocarbon, Antarctica, Princess Elizabeth Land, Vestfold Hills; 01895. carbofuran, pesticide degradation, 06918. carbon degradation, humic lake, nitrogen, phosphorus, lake water chemistry, substrate stoichiometry, 13561. carbon mineralization, nitrogen mineralization, decomposition, 08124. decomposition, nitrification inhibitor, 13377. fish, surface water quality, toxicity, organic compound, 12250. forest soil, near infrared reflectance spectroscopy, soil respiration, spectroscopy, 10742. hydrogen, carbon monoxide, methane dynamics, lake water chemistry, Germany, Constance Lake; 10984. nitrogen fertiliser, methane, fertiliser, manure, UK, England, Hertfordshire, Harpenden, Rothamsted Experimental Station; 08151. peat storage, peat chemistry, electrical conductivity, compost-peat mix, 10783. pesticide, herbicide, leaching, biodegradation, tillage, 13432. Podzol, Luvisol, fertiliser, nitrate leaching, groundwater contamination, organic matter, 13388. savanna soil, soil chemical property, water content, tree influence, Ivory Coast, Lamto; 09523. seasonal variation, soil respiration, forest soil, nutrient availability, 05603. soil structure, irrigation, saline water irrigation, aggregate stability, 03105.
- microbial biomass**
acid phosphatase activity, agriculture, organic agriculture, biodynamic agriculture, phosphorus dynamics, 04373. acid phosphatase, humus layer, fertiliser, phosphorus, forest soil, 08212. antibiotic, nitrogen mineralization, nitrification, streptomycin, cycloheximide, soil microorganism, 10801. carbon dynamics, nitrogen dynamics, sorghum, green panic, pasture soil, Australia, Queensland; 12115. carbon, nitrogen, humus layer, spruce, liming, soil chemical property, 14573. carbon, substrate induced respiration, crop rotation, 10793. community structure, nutritional status, lipid biomarker, in situ measurement, 01576. crop influence, grass, carbohydrate, aggregate stability, 12107. crop residue, sulphur immobilisation, sulphate, plant uptake, 09498. crop rotation, phosphorus, grassland soil, 01862. drying/rewetting, acidic soil, phosphorus addition, nitrification, nitrogen mineralization, Australia; 14530. fire, ammonium, nitrogen mineralization, chaparral, chronosequence, USA, California, San Diego County; 01851. fumigation-incubation method, fumigation-extraction method, carbon, nitrogen, substrate-induced respiration, New Zealand; 09438. Haplaquept, particle size fraction, nitrogen, carbon, organic matter, 04390. liming, forest decline, calcium, 09528. organic matter, carbon cycling, meadow soil, 13371. organic matter, grassland soil, forest soil, plant biomass, nitrogen dynamics, USA, California; 01849. pasture soil, soil disturbance, nitrogen mineralization, 10784. phosphorus, Dystrochrept, carbon, nitrogen, aggregate stability, forest clearing, New Zealand; 13413. root growth, soil biota, forest soil, nitrogen availability, Spodosol, rhizosphere, 00545. soil temperature, carbon, nitrogen, 13369. sorghum, pasture system, cropping system, carbon, nitrogen, Australia, Queensland; 08210. straw decomposition, fertiliser, nitrogen-15, nitrogen budget, 09489. substrate-induced respiration, ninhydrin-positive compound, fumigation, biochemical method, Australia, Western Australia; 10756. sulphur, extractant, 03099.
- microbial biomineralization**
biomineralization, iron, manganese, 00329.
- microbial cell entrapment**
bioremediation, groundwater treatment, wastewater treatment, pesticide, nitrate, 14728.
- microbial community**
lake water chemistry, limnology, rice field, zooplankton, helioplankton, Italy, Po Plain; Appennines, Lake Santo Parmense; 01964.
- microbial contamination**
pollution load, coastal water quality, bacterial concentration, coastal water quality, France, Calvados; Loire-Atlantique, Saint Brevin; France, Picardie, Somme River Bay; 00677. spring water, groundwater extraction, extraction method, potable water quality, 07149.
- microbial degradation**
groundwater quality management, groundwater contamination, herbicide, Australia, Western Australia, Perth, Kwinana; 11039. groundwater quality, heterogeneity, degradation kinetics, aromatic hydrocarbon, organic contaminant, USA, Mississippi, Columbus; 12351.
- microbial dynamics**
particulate organic matter, macroscopic aggregate, lake water quality, organic aggregate, lake snow, Germany, Lake Constance; 02017.
- microbial filter**
methanotrophic bacterium, bioremediation, trichloroethylene, surface water quality, 05707.
- microbial food web**
euphotic water, seasonal model, carbon flux, planktonic biota, Israel, Lake Kinneret; 10332.
- microbial growth**
wastewater treatment, biofiltration, biochemical oxygen demand, bacterial quinone, 14648.
- microbial mat**
diatom, mudflat, biofilm, sediment/water interface, SEM analysis, France, Bay of Bourgneuf; 08016. shrinkage crack, saltern, tidal flat, biostabilisation, surface structure, 04213. stromatolite, magnesite, lake, playa, mudflat, Canada, British Columbia, Cariboo Plateau; 04245. sulphur, photosynthesis, cyanobacteria, bacteria, stromatolite, 01661. water chemistry, anaerobic deep layer, green sulphur bacteria, hypersaline lake, Spain, Cantabria, La Salada de Chiprana Lake; 09625.
- microbial metabolism**
heavy metal, dissimilatory metal reduction, anoxic zone, microorganism, reduction, 00331.
- microbial oxidation**
groundwater remediation, trichloroethylene, bioremediation, aerobic cometabolic degradation, 09722. tundra flux, atmospheric methane, methane source, high latitude ecosystem, 00035.
- microbial pollution**
faecal coliform, coastal water quality, streamwater quality, nutrient, United Arab Emirates; 10959. hydrocarbon, data quality assurance, intercalibration, research programme, pollution monitoring, Mediterranean; 01302.
- microbial population**
nuclear waste, anoxia, fjord, uranium, coastal water quality, uranium chemistry, Norway, Framvaren Fjord; 01992.
- microbial process**
hydrogen sulphide, sulphide oxidation, redox cycle, sulphate reduction, metalimnetic condition, Israel, Kinneret Lake; 04489. organic matter, sediment/water interface, oxygen, nitrification, denitrification, 01653.
- microbial production**
salt marsh, manganese, oxidation, surface sediment, USA, Georgia; 08048.
- microbial reduction**
oil contamination, groundwater contamination, inorganic geochemistry, biodegradation, oxidation, 09723. oil contamination, groundwater contamination, organic geochemistry, organic carbon, USA, Minnesota; 09724.
- microbial transformation**
groundwater, chlorinated aromatics, dechlorination, chemical time bomb, Netherlands, Rhine River, Ketelmeer; 11993.
- microbially influenced corrosion**
freshwater system, classification, corrosion, biodeterioration, sulphate reducing bacteria, USA, Wisconsin; 09033.
- microbiofacies**
Holocene deposit, Breydon Formation, Flandrian transgression, palaeoenvironment, microbiozonation, UK, England, Norfolk; Suffolk; 05315.
- microbiolite**
carbonate, reef cave, biofilm, sponge, Australia, Great Barrier Reef, Lizard Island; 04183. kopara, atoll, stromatolite, calcification, Pacific, French Polynesia, Tuamotu Archipelago; 07986. organism, micrite, calcite, coral reef, Virgin Islands, St. Croix; 04266. spongiolite, Jurassic, Cretaceous, crust formation, Australia, Great Barrier Reef; 04189. stromatolite, oncoid, palaeobathymetry, Jurassic, Switzerland; 01615. tidal flat, aggregate morphology, aragonitic fabric, Pennsylvanian, Panther Seep Formation, USA, New Mexico, San Andres Mountains; 06682.
- microbiological contaminant**
pathogen, bacteria, groundwater quality, surface water quality, Brazil, Sao Paulo, Araraquara; 05801.
- microbiological pollution**
river water quality, sewage, urbanisation, faecal bacteria, Canada, Ontario, Sault Ste Marie, St Mary's River; 14663.
- microbiology**
metal interaction, nutrient, dissolved oxygen, phytoplankton, water quality model, suspended sediment, North Sea; 01983. phosphate, lake sediment, enzyme, Finland; 01666. water management, humid tropics, pollutant source, water quality, 08468.

- microbiozonation**
microbiofacies, Holocene deposit, Breydon Formation, Flandrian transgression, palaeoenvironment, UK, England, Norfolk; Suffolk; 05315.
- microbubble measurement**
optical sensor, laboratory experiment, comparative study, acoustic resonator, 12409.
- microburst**
storm, cloud model, hail, 02284.
- microcalorimetry**
trace element, suspended matter, surface property, estuary, carbon, Spain, Ebro River Delta; 01756.
- microcathode**
porewater, oxygen measurement, ocean sediment, electrode design, 02861.
- microchemical**
micromorphology, weathering rind, mass balance, basalt pebble, France, Allier River; 03948.
- microclimate**
canopy gap, rainforest, photosynthetically active radiation, tropics, forest, Borneo; 03479. climate indicator, beetle remains, Quaternary, Italy, Alps; Europe, Scandinavia; 09132. intercropping models, tea plantation, tree, 14873. land surface, latent heat flux, agricultural land use, 05928. maize, canopy, energy balance, 03453. numerical study, width, 14874. shelterbelt, reforestation, evapotranspiration, deforestation, micrometeorology, USA, Texas; 14768. suburban environment, temperature deficit, urban canopy, 05911. urban climate, tree system, summer, noise attenuation, China, Jiangsu Province, Nanjing City; 05916. urban street canyon, sky view factor, canyon geometry, radiative/convective interaction, 03481.
- microclimate model**
habitat quality, biodiversity, USA, California; 06218.
- microcline**
weathering, geochemical model, reaction path, gibbsite, kaolinite, 14138.
- microcosm**
benthic flux, eutrophication, organic loading, nitrification, marine sediment, 01650. fish, pathogen, *Pasteurella piscicida*, sediment, seawater, Spain, Galicia, Ria de Muros; 08092.
- microcosm technique**
manipulation, eutrophication, acidification, aquatic ecology, Italy; 00019.
- microcrack**
humid climate, spheroidal weathering, granular disintegration, loamification, core boulder, chemical weathering, 00098.
- microdiffusion**
Mason jar, ammonium, nitrate, nitrite, 05528.
- microecosystem**
fate prediction, pesticide, aquatic system, compartmental model, transformation rate constant, 07690.
- microelectrode**
diagenesis, sediment/water interface, porewater, carbonate chemistry, pH, USA, California, San Diego Bay; 10603.
- microextraction**
water quality analysis, gas chromatography, mass spectrometry, PAH, PCB, 13498.
- microfacies**
Devonian, building stone, weathering, durability, turbidite, Germany, Sauerland, Eslohe-Reiste; 12024. geochemistry, basin, Triassic, diagenesis, Ladinian, carbonate, Slovakia, Central Western Carpathians; 01623.
- microfaunal analysis**
Quaternary core, radiocarbon dating, palaeohydrology, freshwater, Indian Ocean, Mozambique Channel; Mozambique, Zambezi River; 05283.
- microfaunal assemblage**
salinity change, mangrove peat, Maya wetland, Holocene, palaeosalinity, Belize, Cobweb Swamp, Colha; 09207.
- microfiltration plant**
water treatment, drought, in situ treatment, France; 12255.
- microfossil**
accumulation rate, radiolaria, water column, Atlantic, (Equatorial); 06767. carbonate, speleothem, cave, pollen, Pleistocene, USA, New Mexico, Guadalupe Mountains; 05250.
- microfossil analysis**
radiocarbon dating, depositional sequence, Holocene, sea level change, estuarine deposit, UK, Scotland, Forth Valley; 01534.
- microgeomorphic system**
process-response relationship, rainsplash, soil erosion pillar, 01901.
- microgravity database**
data dissemination network, 11360.
- microhabitat**
lichenometry, dating method, debris flow dating, dating, sampling design, Chile, San Rafael Glacier; 10425.
- microholography**
stratus, cloud layer, hydrometeor, cloud interstitial aerosol, 07516.
- microhydraulics**
FST hemisphere, river flow, flow characteristics, current velocity, macroinvertebrate, 10929.
- microirrigation**
irrigation water management, irrigation method, irrigation scheduling, cotton yield, tensiometer, 11092.
- microlysimeter**
dewfall, potential condensation, Penman-Monteith equation, Australia, Western Australia, Collie River Basin; 14598. evaporation, sandy soil, surface energy balance, soil surface, 04438.
- micromammal assemblage**
environmental change, Holocene, fire, grassland species, Kenya, Rift Valley, Mau Escarpment, Enkapune Ya Muto Rockshelter; 13109.
- micromechanics**
sliding, rotation, deformation, constitutive relation, granular material, 00147.
- micrometeorological data**
tree, transpiration, heat pulse velocity, Japan, Tokushima Prefecture, Shirakawadani Basin; 08295.
- micrometeorology**
atmospheric deposition, wet deposition, dry deposition, 00617. Bowen ratio, energy balance, evapotranspiration, water balance, soil moisture, USA, Utah, Logan; 01916. carbon dioxide, water use efficiency, Eucalypt tree, chamber, 07228. flux measurement, relaxed eddy accumulation, conditional sampling, carbon dioxide, 05866. forest, leaf, stomatal resistance, 03477. microclimate, shelterbelt, reforestation, evapotranspiration, deforestation, USA, Texas; 14768. surface layer, stratification, Richardson number, eddy transfer, turbulent mixing, 14857. winter, turbulence, boundary layer, USA, Great Lakes, Lake Michigan; 02199.
- micromorphological analysis**
diamicton, drumlin sediment, deformation, USA, New York, Chimney Bluffs; 00392.
- micromorphological approach**
calcareous lichen, biokarst erosional agent, lichen, karst, 07820.
- micromorphological character**
Ballycreeen Formation, Irish Sea Till, glaciolacustrine deposit, glaciectonic structure, Ireland; 10489.
- micromorphological evidence**
soil deterioration, Holocene, archaeological site, paleosol, France, Brittany; 06597.
- micromorphological index**
soil micromorphology, chronosequence, soil age, Spain; 13349.
- micromorphology**
algal effect, karst erosion, carbonate rock, epilithic algae, UK, England; Yugoslavia; China; 05254. glaciation, diamicton, nonglacial diamicton, India, Karakoram Mountains; Himalayas; 10498. gypsum, Sierozem, leaching, 06889. irrigation ditch, embankment, delta, water resource management, flood damage, Thailand, Chao Phraya River; 06460. Monheimer Hohensande, chronology, quartz grain, weathering, SEM, 06646. pedogenesis, Holocene evolution, soil, landscape, 05294. soil physical property, fragipan, till, Glossoboralf, USA, Minnesota; 06890. weathering rind, mass balance, basalt pebble, microchemical, France, Allier River; 03948.
- miconodule**
nodule, pelagic sediment, manganese, surface texture, Indian Ocean, Central Indian Basin; 01642. turbidite, abyssal plain, manganese, sediment column, Pacific, Izu-Ogasawara Trench; 06768.
- microorganism**
anaerobic sediment, slurry, PCB, dechlorination, USA, New York, Hudson River; 10688. bacterial flux, chaparral, bioaerosol, vegetation, release rate, 15007. biodegradation, biotransformation, *Mycobacterium vaccae*, organic pollutant, groundwater pollutant, 00757. bioremediation, bioindicator, coliform, wastewater treatment, 14643. corrosion, biofouling, biocide, cathodic protection, 02656. debromination, polybrominated biphenyl, surface water quality, halogenated compound, USA, Michigan, St Louis, Pine River; 03292. disinfection, pathogen, indicator bacteria, water quality indicator, 07009. forest soil, soil acidification, carbon mineralization, nitrogen mineralization, acidic deposition, 08147. humic acid, acid transformation, 01832. hydrothermal sediment, oxidation, organic matter, reduction, sulphate, Africa, Lake Tanganyika; 11940. karst, Oligocene, Bluff Formation, plant root, Miocene, West Indies, Cayman Islands; 09289. meiofauna, redox potential, pH, shear strength, deep sea sediment, Pacific, (Central); 09365. nitrogen cycle, anthropogenic impact, eutrophication, Denmark, Aarhus, Lake Vilhelmsborg; 14440. organic matter, iron oxide, manganese oxide, oxidation, reduction, 00330. oxidation, reduction, organic carbon, manganese, sulphate, Norway; Denmark; 01656. PCB, biodegradation, hydrogen peroxide, 13156. reduction, microbial metabolism, heavy metal, dissimilatory metal reduction, anoxic zone, 00331. root growth, amino acid, sugar, organic acid, rhizosphere, 01833. soil fauna, soil physicochemical property, peat soil, 09505. vegetation, sand beach, dune, seasonality, wind erosion, Canada, Great Lakes, Lake Ontario, Presqu'île Peninsula; 09327. virus, protozoan parasite, bacteriophage, water microbiology, public health, water borne disease, 01993.
- microorganism transport**
unsaturated flow, sorption, hydrophobicity, vadoze zone, gas-water interface, 13595.
- micropalaeontology**
geochemical data, monsoon, Quaternary (late), palaeoceanography, Arabian Sea; Oman; 13042. hydrographic change, Holocene, transgression, geochemical investigation, North Sea, Kattegat; 07905. sedimentation rate, sulphide, brine, Red Sea, Atlantis II Deep; 05453.
- micropedology**
soil micromorphology, 05496.
- microphotometric analysis**
image analysis, anisotropy, clay, soil fabric, microscopy, 09110.
- microphysical effect**
fog, carbon dioxide laser, droplet spectrum, visibility, 02290.
- microphysical process**
coastal effect, cloud ensemble model, Mediterranean; 09941.
- microphysical property**
counterflow virtual impactor, cirrus, 00829. ocean, cumulus, aerosol, radiative data, 08600. storm, kinematic model, cloud, 04701.
- microphysical structure**
review, stratus, stratocumulus, altostratus, cirrus, 07303.
- microphysics**
aircraft use, optical sensor, 13651. chemistry, severe storm, three dimensional, numerical model, cloud dynamics, 04710. cloud chemistry, precipitation chemistry, three dimensional model, cloud dynamics, 06028. condensation nucleus, aerosol, size distribution, Antarctica, Mawson; 01057. front, retrieval model, cold front, rainband, 02287. hydrogen peroxide, ice core, snow/firm, atmosphere/snow transfer, 07340. kinematics, precipitation structure, squall line, transition zone, 11231. non steady convective cloud, convective cloud, adjoint method, data assimilation, numerical model, 11250. pollutant distribution, chemical lifetime, severe storm, three dimensional model, cloud dynamics, 06027. severe local storm, three dimensional model, cloud dynamics, 05975.
- microphytic**
soil crust, semiarid, arid, Australia; 12773.
- micropipette method**
water dispersible clay, clay dispersion, 09428.

11120. review, model, solar activity, 13693. SAMS instrument, nitrous oxide, methane, intra annual variation, 14974. satellite, tide, temperature variability, 03443. solar irradiance, global change programme, 08846. solar variability, model, 09895. solar variability, two dimensional model, ozone, temperature, ultraviolet flux, 11307. spectral approach, zonal wave number, mean circulation, tide, 14896. three dimensional model, dynamic parameter, model, 13747. transport model, three dimensional model, 11174. trend estimate, solar effect, ozone, 08728. two dimensional model, dynamics, radiation, photochemistry, 09993. vertical wave number, stratosphere, mesosphere, wave-shear interaction, gravity wave, 14915. water vapour, 14852. wave breaking, gravity wave drag, planetary wave, winter, Northern Hemisphere, 02217. wind, tide, Canada, Saskatoon; 03437. wind, tide, USA, Illinois, Urbana; 07270.
- middle atmosphere forcing**
STEP, forcing, Working Group, 05126.
- middle atmosphere monitoring**
cloud study, ocean-atmosphere interaction, global change, radiation budget, 08828.
- middle atmosphere structure**
Rayleigh lidar, calibration, France; 08845.
- middle latitudes**
convective system, cumulus ensemble, mesoscale, stratiform cloud, 04699. cyclone, mesoscale model, baroclinic zone, frontogenesis, conceptual model, 00976. error development, general circulation model, 11185. low frequency variability, eddy-mean flow interaction, blocking, multiple equilibria, 12499. mesopause, noctilucent cloud, lidar observation, ice crystal, 13763. Northern Hemisphere, circulation, anomaly pattern, geopotential height anomaly (500 hPa), volcanic eruption, 13698. Southern Hemisphere, seasonal cycle, total column, nitric acid, New Zealand, South Island, Lauder; 13842. spectrum, large scale disturbance, atmospheric disturbance, ocean surface, temperature, Atlantic, (North); 07257. temperature, wind distribution, atmospheric model, stratosphere, rocketsonde data, 11137. weather system, textbook, synoptic/dynamic meteorology, 00915.
- Middle Pleniglacial stratigraphy**
vegetation, palynology, Piaski Formation, radiocarbon dating, Weichselian, Poland; 07879.
- Middle Siwalik Subgroup**
gravel, alluvial fan, palaeoflow direction, sandstone, Miocene/Pliocene, India, Uttar Pradesh, Dehra Dun Valley; 00377.
- Midland Basin**
dolomitization, Wichita Formation, Permian, dolostone, hydrocarbon reservoir, USA, Texas; 01632.
- Midlandian Glaciation**
oxygen isotope stage, biostratigraphy, Pleistocene, Quaternary, Gortian Interglacial, Ireland, County Kerry, Kilfenora; 09140.
- midlatitude ecosystem**
carbon dioxide, methane, modelling, sink, atmospheric oxidant, trace gas flux, 07706.
- midtroposphere**
vertical profile, aerosol layer, cloud condensation nuclei, atmospheric nuclei, Pacific; 10006.
- mie scattering**
spectroscopy, ozone, minihole, 01030.
- migration**
food production, population growth, environmental degradation, global food production, risk, 10285. seismic migration, SAR imaging, 02413.
- migration analysis**
DNAPL migration, wood treatment, groundwater pollution, containment measure, USA; 02596.
- migration pathway**
crystalline rock, porosity, carbon-14 polymethylmethacrylate, diffusion, radioactive waste disposal, 04536.
- migration rate**
bank caving, base level change, tributary, knickpoint, USA, Mississippi River, Homochitto River; St. Catherine Creek; 07747.
- Mikulinian interglacial**
geographical zonality, interglacial vegetation, palaeobotanical map, global warming, Russian Federation; 06374.
- Milankovitch**
feedback mechanism, volcanism, eruption, climate-volcanism interaction, sea level, Indonesia, Sumatra, Tobo; 06556. laminite, sea level change, carbonate platform, porosity, diagenesis, 13197. palaeoclimate, aeolian input, quartz flux, ODP Leg 128, Cainozoic (late), accumulation rate, Pacific; Sea of Japan; 14218. periodicity, Cretaceous, orbital forcing, sea level, rhythmic bedding, Atlantic; France; 02900. Western Interior Seaway, Cretaceous, Mancos Shale, sea level, USA, Utah; 14348.
- Milankovitch cycle**
sea level change, sediment supply, turbidite, tempestite, 01613.
- Milankovitch model**
GRAPE record, winnowing, gamma ray attenuation, climate cyclicity, Pacific, Ontong Java Plateau, ODP Site 806; 00160.
- Milankovitch template**
Quaternary, oxygen isotope record, ODP, Pacific, Ontong Java Plateau, ODP Site 806; 11799.
- Milankovitch theory**
Quaternary, chronostratigraphy, oxygen isotope stratigraphy, glacial geology, palaeoclimatology, 00156. uranium series dating, stable isotope, Last Interglacial, uplifted reef terrace, climate model, Papua New Guinea, Huon Peninsula; 01541.
- Milankovitch timescale**
chronology, stratigraphy, Quaternary, loess, buried soil, Europe; China; Hungary; 01497.
- Miliolite Formation**
calcareenite, Quaternary, ball and pillow structure, sedimentary structure, India, Gujarat, Saurashtra; 09278.
- military**
GPS, position, 15047. information, monitoring, global change, remote sensing, data acquisition, GIS, map accuracy, image processing, 04825. remote sensing, radar, 04846.
- military applications**
GRASS, GIS, USA; 12712.
- military geographical material**
Russian cartography, Russian Empire, topographical survey, Finland; 13982.
- millennium**
climate fluctuation, Czech Republic; 13791.
- Miller model**
frost heave, numerical solution, 04119.
- millet**
fertiliser, soil productivity, phosphorus, Niger; 06906. irrigation, radiation use efficiency, semiarid tropics, temperature, soil water, 05944. sensible heat flux, two layer model, radiometric temperature, 12457. sparse canopy, heat flux, surface radiometric temperature, Niger; 07591.
- millimeter wave measurement**
ozone, vertical distribution, stratosphere, mesosphere, Russian Federation, Moscow, Pushchino; Sweden, Onsala; 07361.
- millimeter wavelength**
ice particle, orography, cap cloud, radar measurement, 12402.
- MIMICS**
radiative transfer model, canopy, tree, microwave, 02515.
- Mina Al Ahmadi spill**
spill model, oil spill, simulation, trajectory, Saudi Arabia; Arabian Gulf; 00018.
- mine**
seafloor property, sediment structure, Office of Naval Research, benthic boundary layer, USA; 14453. war debris, GIS, GPS, Gulf war, Kuwait; 01287.
- mine discharge**
river water quality, hardness, salinity, Ukraine, Dnieper River; Samara River; 13549.
- mine drainage**
arsenite, arsenic speciation, estuary, surface water contamination, UK, England, Cornwall, Carnon River; 12244. estuary, heavy metal, bedload transport, suspended sediment, sulphide deposit, Spain, Rio Tinto; Rio Odier; 05465. gold mine, groundwater flow, 09690. groundwater recharge, lead/zinc mine, groundwater flow model, regional groundwater model, Canada, Nova Scotia, Gays River; 14714.
- mine dump**
open cast mine, surface mining, reclamation, India; 05263.
- mine soil**
extractant, molybdenum, mine spoil, 13345. geostatistics, spatial variability, soil reconstruction, USA, Montana, Rosebud Mine; 06810. lignite mine, humic molecule, humification, Spain, Meirama Lignite Mine; 08140. nitrogen, lignite, humus, Spain, Meirama; 05607. phosphorus, lignite mine soil, soil reclamation, Spain, Meirama Lignite Mine; 06905. soil physical property, soil chemistry, lignite mine, Spain, Galicia, Meirama Lignite Mine; 08191. soil reclamation, pyrite, gypsum, USA, Texas, Panola County; 12093.
- mine spoil**
heavy metal extractability, plant uptake, grass, extractant, USA, Alabama; 04404. mine soil, extractant, molybdenum, 13345. runoff, suspended sediment, sediment yield, gully erosion, USA, Indiana; 14459. soil amelioration, bentonite spoil, gypsum, sodic soil, 09527. soil erodibility, runoff, sediment yield, mine spoil, soil reconstruction, USA, Kentucky, Ohio County, Alston Surface Mine; 06930. soil pollution, alkalinity, acidity, phosphorite mining, Russian Federation, Leningrad Oblast, Kingisepp; 06911. soil reclamation, acidic soil, soil amendment, 13360. soil reconstruction, mine spoil, soil erodibility, runoff, sediment yield, USA, Kentucky, Ohio County, Alston Surface Mine; 06930. soil respiration, land reclamation, 03113. soil water retention, coal, lignite, USA, North Dakota; 04356. surface roughness, slope gradient, mulching, surface wash, ravel erosion, USA, Nevada; 12175.
- mine tailing**
acid sulphate soil, radium-226, uranium mining, acidic soil, heavy metal, Australia, Northern Territory, Ranger Uranium Mine; 14576. oxygen flux, groundwater quality, sulphide, oxidation rate, 12323. sulphide, oxygen diffusion, soil cover, Canada; 05083.
- mine tailings**
mining, arsenic, metal leachate, Canada, Ontario, Moira Lake; 01744.
- mine waste**
control policy, waste disposal, surface mining, pollution, 05068. metal concentration, toxic ground, 03785. waste rock, schist, gully, Australia, Northern Territory, Arnhem Land; Tin Camp Creek; 01906.
- mine waste material**
soil pollution, arsenic, antimony, bismuth, geochemistry, UK, England; 04304.
- mineral**
land, management, USA; 15243. mare deposit, Lunar Orbiter, titanium, Moon; 06235. phosphogypsum, fertiliser production, porewater chemistry, radionuclide, trace element, Canada, Alberta; 05809.
- mineral aerosol**
deposition, sea/air exchange, surface water, Pacific; 02354.
- mineral aggregate**
mineral rock, reflectance spectra, TM, 08874.
- mineral assessment**
magnetic anomaly, USA, Montana, Fort Peck Reservation; 03760.
- mineral composition**
greywacke, shale, molar ratio, hydrothermal alteration, 08026. soil biological activity, rainforest soil, silicon, element cycling, Brazil, Amazon Basin; 00526.
- mineral content**
altitudinal gradient, local source, Spain, Andalucia, Filabres Mountains; 06039.
- mineral deposit**
GIS, GPS, mining industry, Canada, Ontario, Sault Ste. Marie, Wawa; 01192. seismicity, lineament network, Bulgaria, Rhodope Mountains; 08860.
- mineral deposition**
SEM, foraminifera, bacteria, ferromanganese, Pacific, Cross Seamount; 11977.
- mineral discrimination**
band difference technique, Daedalus ATM, Landsat TM, 03745.

mineral exploitation

international cooperation, scientific research, wilderness, world park, Antarctica; 11635.

mineral exploration

airborne gamma ray, gravity survey, aeromagnetic survey, 07537. favourability index maps, mineralized zone, mathematical modelling, India, Rajasthan, Rajpura-Dariba; 14010. geological mapping, spectral analysis, hydrosilicate mineral, Landsat TM, Australia, Queensland; Egypt, Sinai; 03746. Landsat, aerial photography, cost effectiveness, ERS-1 SAR, Canada, Ontario; 03737. lithological mapping, stream sediment, Brazil, Bahia State, Contendas-Mirante Greenstone Belt; 03754. oil exploration, aeromagnetic survey, gravity data, regional geochemical data, geophysical exploration, Tanzania; 07550. spectral reflectance, spectroscopy, gold placer, geobotanical anomaly, USA, Utah, La Sal Mountains; 02467. till geochemistry, precious metal, glacial dispersal, Canada, Nova Scotia, Cape Breton Island; 13085. TM image interpretation, airborne geophysics, copper mining, Cyprus, Troodos Massif; 03753. TM, SAER, cost effectiveness, Canada, Ontario, Michipicoten Greenstone Belt; 10187. trace element, B horizon, element anomaly, enzyme induced leaching, USA, Minnesota; 00472.

mineral fertiliser

organic fertiliser, quantification, methane emission, rice field, fertiliser, China, Zhejiang Province; 00051.

mineral grain

sediment/water interface, adsorption, organic matter, 06716.

mineral growth

carbonate, computer simulation, organic molecule, adsorption, 01734.

mineral magnetism

Holocene, lake sediment, palaeoenvironmental reconstruction, soil development, magnetite, Sweden, Lappland, Karsa Valley; 00223. sedimentology, palaeoenvironmental change, Quaternary, oxygen isotope stratigraphy, Australia; 10446.

mineral matrix

pyrolysis field ionisation MS, organic carbon, humic substance, cropping system, 05519.

mineral particle

seawater, iron, dissolved iron, adsorption, marine aerosol, 00886.

mineral potential mapping

correlation coefficient, canonical favorability model, 03751.

mineral precipitation

biofilm, biomineralization, river bed sediment, bacteria, Canada, Ontario, Speed River; 08025.

mineral resource

anthropogenic impact, karst, water resource, Mexico, Yucatan Peninsula; West Indies; Belize; Guatemala; 06527. continental shelf, Exclusive Economic Zone, USA; 02460. geomorphology, plate tectonics, geology, photographic atlas, China, Tibet; Qinghai-Xizang Plateau; 07535.

mineral rock

reflectance spectra, TM, mineral aggregate, 08874.

mineral sand

rehabilitation, wallaby, TM, mining, Australia, Queensland, Stradbroke Island; 02466.

mineral saturation index

soil solution, aluminium, parent material, mineralogy, Spain, As Pontes; 10854.

mineral spectra

infrared remote sensing, silicate mineral, 01193.

Mineral Spectral Absorption Index

airborne imaging spectrometer, spectral analysis, 03750.

mineral substrate

chemical weathering, exfoliative weathering, biological interaction, lichen, cryptogram, 12937.

mineral surface

sulphate, heavy metal adsorption, cadmium, goethite, ligand, 03143.

mineral transportation

provenance, heavy mineral, India, Assam, Brahmaputra River; 05418.

mineral water

isotope, groundwater chemistry, Slovakia, Carpathian Mountains, Dudince; 02080. water/gas sampling, groundwater chemistry, hydrogeochemical prospecting, gold, Russian Federation, Amurs Kaya; 13584.

mineral wealth

investment law, mining industry, Asia, (Southeast); 07653.

mineralization

bacteria, organic matter, groundwater, sulphate reduction, aquifer, UK, England, London Basin; 01754. biodegradability, carbon dioxide evolution, 00480. biopolymer, necromass, organic matter, productivity, degradation, Pacific, Peru Margin; 01667. bioturbation, organic matter, primary productivity, oxidation, upwelling, Atlantic, (South); 13251. Cambrian, brine, aquifer, fluid inclusion, USA, Ozark Mountains; 13196. carbon mineralization, herbicide, atrazine, USA, Iowa; 13434. chitin, water column, estuary, bacteria, degradation, USA, Virginia, York River; 08088. chloroform, redox potential, toxicity, acetate, methanogen, Netherlands, Rhine River; 08077. continental margin, hydrothermal deposit, palygorskite, ferromanganese, Pacific, California Continental Margin; Morro Fracture Zone; California Continental Margin, Santa Lucia Escarpment; 06769. cultivation practice, tillage, leaching loss, nitrate nitrogen, fertiliser, 00795. diagenesis, basin, petrology, 09285. element concentration, litter decomposition, nutrient concentration, decomposition, forest soil, Italy, Tuscany; 00532. eutrophic reservoir, limnology, sedimentation, seston, mathematical model, Spain, Malaga, Marbella; 03019. fjord, sedimentation, Phaeocystis bloom, zooplankton, 11937. fungicide degradation, carbon-14, anilazine, dihydroxy-anilazine, 14587. heavy metal, pollution, geochemistry, REE, climate, China, Zhunjiang River; Changjiang River; China, Huanghe River; 05467. humification, organic matter, carbon, 10755. legume, grass, corn residue, denitrification, 09491. marine environment, oxygen balance, decomposition pathway, organic matter, 02630. MEIS imagery, Canada, Ontario; 03740. metalliferous sediment, bottom sediment, hydrothermal activity, ocean floor, Pacific, East Pacific Rise; 09363. nepheloid layer, bacteria, particulate organic matter, lake biochemistry, biodegradation, North America, Great Lakes, Lake Superior; 05691. nitrate, sewage, pig sludge, irrigation water quality, groundwater contamination, Chernozem

soil, 00761. nucleation, diagenesis, mudstone, bacteria, metal, Brazil, Rio Negro; Rio Solimoes; 06712. Octolasion lacteum, lignin, cellulose, earthworm processing, decomposition, 01831. oily waste, carbon, surfactant, 08973. organic matter, precipitation, burial, Jurassic, concretion, 01665. pentachlorophenol, Rhodococcus chlorophenolicus, soil microorganism, biodegradation, 13430. radiometric survey, economic geology, Thematic Mapper, granite, 03747. rainforest soil, litter layer, leaf litter, Brazil, Pernambuco; 08137. respiratory quotient, primary production, seasonal variability, estuary, organic matter, Denmark; 00349. salinity, groundwater, glacial sediment, weathering, till, sulphur, Canada, Saskatchewan, Luck Lake; Alberta, Bow River; 07996. sea ice, biomass, organic matter, productivity, seasonal change, Antarctica, South Orkney Islands, Signy Island, Factory Cove; 05396. sedimentary basin, stylonite, diagenesis, zoning pattern, 01621. sedimentation, gyttja, groundwater, lake sediment, Poland, Plock Basin, Na Jazach Lake Complex; 08043. sulphate, fish farm sediment, fatty acid, carbon, nitrogen, Denmark; 12002. TM 5, enhanced imagery, fracture, Thailand; 12770. upwelling, Gibraltar bridge, biogeochemistry, Mediterranean Sea, Straits of Gibraltar; 04229.

mineralization potential

meadow soil, clay content, carbon, nitrogen, Canada, Quebec; 01800.

mineralization rate

soil matric potential, ammonification, Ferralsol, nitrogen mineralization, Kenya; 08158.

mineralized zone

geological mapping, TM, Jordan, Wadi Araba, Jabal Hamra Faddan; 15135. mathematical modelling, mineral exploration, favourability index maps, India, Rajasthan, Rajpura-Dariba; 14010.

mineralogical evidence

continental shelf, sea level, delta, Egypt, Nile Delta, Sebennitic Promontory; 11845.

mineralogical control

tectonics, relief development, granite landscape, Poland, Sudetes Mountains, Jelenia Gora Basin; 11650.

mineralogy

aeolian transport, forest soil, aeolian mineral, Russian Federation, Sikhote-Alin; 13352. aerosol, calcium, dust storm, tracer, desert, Tadzhikistan; 06658. aerosol, soil dust, dust storm, Tadzhikistan; 08711. aluminium, surface water quality, acidic soil, Spain, Galicia; 00537. Aridisol, particle size fraction, alluvial deposit, Pleistocene, clay mineral, USA, California, Mojave Desert; 04301. calcareous soil, clay mineral, limestone, dolomite, weathering, Italy, Tuscany; 09461. clay mineral, Alfisol, Inceptisol, Vertisol, basalt, India, Maharashtra, Western Ghats; 00512. clay mineral, factor analysis, REE, Tertiary, alluvial fan, Spain, Iberian Ranges, Almaraz Basin; 04234. clay mineral, soil chemical property, soil classification, volcanic soil, tephra, USA, California; 10763. clay mineral, weathering, parent material, ultramafic rock, USA, North Carolina, Blue Ridge; South Carolina, Piedmont; 04348. decarbonation, monosiallisation, clay translocation, bisiallisation, paleosol, Italy; Italy, Sardinia; 09462. dithionite-citrate-bicarbonate, hydrogen peroxide, clay mineral, ammonium-oxalate, sodium-hexametaphosphate, 09426. Entisol, clay mineral, chlorite, smectite, X-ray diffraction, Italy; 09460. Eocene, Green River Formation, evaporite, lake deposit, 00381. geochemical prediction, sandy soil, Luvisol, Canada, Alberta; 13361. geochemistry, siliciclastic, carbonate, calcite, aragonite, Australia, Tasmania, King Island; 06763. geochemistry, varved sediment, prairie, Holocene, environmental change, USA, Minnesota, Elk Lake; 02960. gibbsite, soil solution, kaolinite, aluminium, silicon, USA, South Carolina, Blue Ridge Mountains; 12035. granite, sandstone, clay mineral, climate history, weathering, China, Guanxi Province; 00515. haematite, goethite, phosphate sorption, 14546. hydrosequence, organic matter, tropical soil, phosphate sorption, Brazil, Cerrado; 05580. Inceptisol, clay mineral, electro-ultrafiltration, 09427. iron-manganese nodule, Fragiudalf, iron, manganese, nodule, USA, Mississippi River Valley; 12156. iron oxide, red soil, Spain, Ebro Basin; 10857. iron, clay mineral, Poland, Lublin Upland Region; 10771. iron, Paleustoll, soil fabric, soil micromorphology, Zambia, Mount Makulu Central Research Station; 05589. lake sediment, carbonate, organic matter, classification, geochemistry, USA, Minnesota; 02930. lithostratigraphy, Holocene, carbonate, grain size, lacustrine stratigraphy, Canada, Saskatchewan, Cypress Hills, Harris Lake; 05176. loess, waste, dust, desert, granulometry, Israel, Negev Desert; 13307. magnetite, sabkha, seawater, phase boundary, dolomite, 14356. manganese oxide, scanning electron microprobe, cobalt, copper, UK, England, Devon; 04341. marine sediment, abyssal plain, source, geochemistry, Indian Ocean; 10602. mineral saturation index, soil solution, aluminium, parent material, Spain, As Pontes; 10854. morphology, soil micromorphology, volcanic soil, silica, landscape type, tepetate, Mexico, Veracruz, Xalapa; 06856. ODP Leg 105, grain size, shelf, silt, clay, Canada, Northwest Territories, Baffin Bay; 11976. particle size distribution, pine, nutrient content, soil spatial variability, soil texture, Finland; 08184. pedogenesis, ferrimagnetic mineral, loess, magnetic susceptibility, paleosol, China; 14510. pedogenesis, iron oxide, soil colour, 12147. phosphate concretion, Monterey Formation, diatomite, Miocene, USA, California, Lompoc; 01677. phyllosilicate, clay mineral, potassium fixation, 03154. Pleistocene, Bytham Sands & Gravels, fine sand, preglacial river, UK, England; 09174. provenance, desert weather, particle chemistry, dust storm, Israel, Negev Desert; 11886. salt affected soil, efflorescent crust, trace element, element concentration, evaporite, Canada, Alberta; 10714. sediment distribution, delta, textural parameter, source, India, Andhra Pradesh, Godvari Delta; 01712. silt, bottom sediment, basin, Japan Sea; 10650. soil chemical property, weathering, chronosequence, cation loss, UK, Scotland, Highland, Glen Feshie; 01818. soil pollution, fluorine compound, Poland, Konin; 03167. soil texture, potassium, particle size fraction, Argentina; 13424. ultisol, humic substance, flocculation, kaolinitic soil, iron oxide, clay mineral, USA, North Carolina; 12099. ultramafic till, cementation, hardpan, silicon, USA, Alaska; 13355. weathering rate, granitic till, denudation process, chemical weathering, UK, Scotland; 10359. weathering, clay genesis, semiarid soil, Spain, Madrid Basin; 09459. weathering, clay mineral, rubefication, Nepal; 08131. weathering, grain size, soil index, London Clay, UK, England; 09121. weathering, quartz, plough pan, clay mineral, Vietnam, Red River Valley; 10774. weathering, suspended load, monsoon, illite, montmorillonite, India, Yamuna River; 02957. wood ash, pH, burning, USA, California; 10846.

- minerotrophic conifer swamp**
wetlands, acidic deposition, acidification, drought, Precambrian shield, chemical budget, Canada, Ontario; 00667.
- mini-inclinometer**
vertical displacement, settlement, horizontal displacement, 03990.
- minihole**
mic scattering, spectroscopy, ozone, 01030.
- Minimax**
parameter estimation, geodesy, net adjustment, 04857.
- minimisation**
global optimisation, optimisation, water tariff, groundwater management, 09771.
- minimisation problem**
preconditioning algorithm, adjoint method, 08577.
- minimum energy expenditure**
river basin, channel network, landscape simulation, digital elevation map, unstable landscape, 00102.
- minimum relative entropy**
forward probabilistic modelling, 03918.
- minimum runoff**
low flow, runoff, river discharge, Estonia; 12200.
- minimum temperature**
machine learning, model, forecast, Saudi Arabia, Dhahran; 14929. mountain top station, diurnal asymmetry, temperature change, warming, Europe, Alps; 14952. soil surface, clear sky, frost forecasting, temperature decrease, operational model, 02315.
- minimum tillage**
herbicide, spectral reflectance, weed, no-till, 14022.
- minimum velocity design**
Mannings equation, slope, flow depth, sewer design, 06974.
- mining**
arsenic, metal leachate, mine tailings, Canada, Ontario, Moira Lake; 01744. braided river, gravel, Holocene, flood, sediment supply, UK; 04239. coal, peat deposition, New River Formation, Beckley bed, USA, West Virginia; 09281. contaminant, mercury, dam sediment, neutron activation analysis, trace element, Mexico, Zacatecas, La Zacatecana Dam; 13295. copper mining, woodland depletion, pollen, Bronze Age, environmental impact, UK, Wales, Dyfed, Cwmystwyth, Copa Hill; 04078. deforestation, alluvium, Holocene, provenance, heavy metal, UK, England, Tyne Valley; 11899. GPS, field data capture, environmental impact, 11532. Lublin Formation, Westphalian, tonstein, coal seam, Poland, Lublin; 13230. metal, geochemistry, lake sediment, trace element, USA, Idaho, Lake Coeur d'Alene; 04288. mineral sand, rehabilitation, wallaby, TM, Australia, Queensland, Stradbroke Island; 02466. nodule, nickel, deep sea retrieval, hydraulic pump, 03044. oil, gas, anthropogenic source, methane emission, Baltic; 11271. relative retention value, soil pollution, heavy metal, UK; 13425. seabed photograph, nodule, 10705.
- mining area**
brown coal mine, opencast, waste dump, afforestation, reclamation, Poland, Slesin Region, Konin; 02659.
- mining hydrogeology**
groundwater flow, hydrogeology, engineering geology, engineering geodynamics, engineering petrography, Russian Federation; 02046.
- mining industry**
mineral deposit, GIS, GPS, Canada, Ontario, Sault Ste. Marie, Wawa; 01192. mineral wealth, investment law, Asia, (Southeast); 07653.
- mining waste**
limestone waste, heavy metal, agricultural limestone, UK, Wales; 00596. metal contamination, plant uptake, risk assessment, wetlands, USA, Montana, Clark Fork River; 07694.
- minisodar**
radar, wind profile, meteorological network, USA, Colorado, Rocky Mountains; 10159. winter, portable minisodar, surface heat flux, USA; 10051.
- MINITAB**
time series, correlation analysis, statistical analysis, turbulence time series, computer software, 10343.
- Minnelusa Formation**
oil exploration, aeolian deposit, bounding surface, bedform, Permian, USA, Wyoming; 02893.
- minor element**
dissolution, seawater, algae, diagenesis, platform carbonate, USA, Florida; 07983.
- minor gaseous constituent**
vertical profile, video spectrometer, ozone, 08854.
- minosodar**
high frequency minisodar, portable minisodar, Arctic; 10052.
- Miocene (Upper)**
facies analysis, coral, provenance, fan delta, Spain, Betic Cordillera, Sierra Espuna Mountains; 00415.
- Miocene**
algae, palaeoenvironment, rhodolith, storm, carbonate, Australia, Queensland Continental Margin, Marion Plateau; 09356. alluvial deposit, palaeorelief, debris flow, Spain, Altomira Range, Madrid Basin; 13257. anhydrite, gypsum, evaporite, chert, diagenesis, Spain, Ebro Basin; 13217. Badenian, siliciclastic, salinity, gypsum, evaporite, Poland, Holy Cross Mountains; 07968. canyon fill, sea level change, submarine canyon, Gabon; 11968. cement, diagenesis, fluid flow, salt dome, siliciclastic sediment, USA, Louisiana, West Hackberry Salt Dome; 00311. continental margin, strontium, neodymium, phosphorite, USA, North Carolina Continental Shelf; 10649. DNA, lake sediment, biogeochemistry, biomarker, USA, Idaho, Clarkia; 14397. foredeep basin, Nagri Formation, Chinji Formation, Siwalik Group, fluvial evolution, Pakistan, Himalayas, Potwar Plateau, Chinji; 06731. gypsum, palaeoenvironment, dolomite, magnesite, sepiolite, Turkey, Eskisehir Province; 11931. gypsum, strontium, sulphate, salinity, Poland, Holy Cross Mts; 04225. Hawthorn Group, karst, cave, sinkhole, mud infiltrate structure, USA, Georgia, Pelham Escarpment; 06687. lithofacies, palaeocurrent, Gilbert type delta, Upper Marine Molasse, Austria, Voralberg, Pfander; 01688. manganese nodule, limestone, seamount, bottom current, submersible observation, Pacific, Tenpo Seamount; 10597. Messinian, shelf basin, halite, Mavqim Formation, evaporite, Israel; 01692. microorganism, karst, Oligocene, Bluff Formation, plant root, West Indies, Cayman Islands; 09289. mineralogy, phosphate concretion, Monterey Formation, diatomite, USA, California, Lompoc; 01677. Monterey Formation, accumulation rate, phosphorus, productivity, continental margin, USA, California, Shell Beach; 11985. nannofossil, photic zone, Florisphaera profunda, sapropel, Mediterranean; 03004. Oligocene, sea level, climate change, foraminifera, carbonate platform, palaeotemperature, Coral Sea, Great Barrier Reef; 09354. overbank deposit, Chinji Formation, floodplain, avulsion, Pakistan; 10591. palaeocanyon, channel fill, conglomerate, canyon fill, submarine canyon, Italy, Calabria, Stilo; 02993. Pliocene, Beluga Formation, Sterling Formation, meandering stream, Kenai Group, USA, Alaska, Cook Inlet, Kenai Peninsula; 00359. Pliocene, climathem, climate cyclicity, Neogene, stratigraphy, Europe; 00172. point bar, meander, bedding, palaeocurrent, Oligocene, Spain, Iberian Range, Loranca Basin; 14337. precession, periodicity, laminites, turbidite, submarine fan, sediment transport, Greece, Gavdos; 04182. provenance, continental collision, Murree Supergroup, red bed, Eocene, Pakistan, Himalayas; 10638. reservoir quality, diagenesis, Palaeocene, meteoric water, burial history, New Zealand, Taranaki Basin, Kupe South Field; 11935. sandstone, Cingoz Formation, provenance, submarine fan, discriminant function analysis, Turkey, Adana Basin; 08060. sandstone, foredeep, bedding geometry, sedimentary structure, Siwalik Group, Pakistan, Pakistan, Potwar Plateau, Chinji; 06730. sea level, diagenesis, carbonate platform, cementation, Australia, Queensland Continental Margin, Marion Plateau; 09357. sea level, shelf break, sediment input, submarine canyon, continental slope, USA, New Jersey Continental Slope; 09272. seamount, hydrothermal activity, thaumasite, ODP Leg 129, tuff, Pacific, Mariana Basin; 01641. seawater, sedimentation rate, isotope ratio, foraminifera, Oligocene, Pacific; 00427. sedimentary structure, collapse, detritus, seismite, Spain, Betic Cordillera, Alicante; 09260. Serra Palazzo Formation, sedimentation, foredeep, Italy, Basilicata, Apennines; 09274. shale, illite, stoichiometry, burial diagenesis, smectite, USA, Gulf Coast; 10610. silica, diagenesis, sea level, clay mineral, Pungo River Formation, USA, North Carolina; 13229. slope failure, gravity deposit, submarine fan, turbidite, ODP Leg 133, Australia, Queensland Continental Margin, Queensland Trough, Site 823; 09346. subduction, carbonate, Neogene, Pakhna Formation, tectonic evolution, Cyprus; 01721. sulphur, Monterey Formation, sea level, bottom current, reduction, pyrite, USA, California; 05404. tuff, sedimentation, Lospe Formation, gravity flow deposit, volcanoclastic sediment, USA, California, Santa Maria Basin; 07978. turbidite, stratification, Gergoglione Flysch, Italy, Apennines; 09345.
- Miocene/Pliocene**
Middle Siwalik Subgroup, gravel, alluvial fan, palaeoflow direction, sandstone, India, Uttar Pradesh, Dehra Dun Valley; 00377. palaeodrainage, tectonic activity, K/Ar dating, antecedence, superimposition, France, Massif Central; 06471.
- miombo**
savanna, organic matter, humus, termite, Zaire, Shaba, Luiswishi; 05556. SCUAF model, maize, agroforestry, carbon, nitrogen, Zimbabwe; 08211.
- miombo woodland**
cultivation, carbon flux, woody savanna, soil organic matter, Africa, (Southern); 03591.
- Mirdita zone**
conglomerate, sandstone, lacustrine facies, Cretaceous, freshwater facies, Albania, Albanian Alps; 02987.
- mire**
heath, GIS, wetland management, vegetation management, UK, England, Hampshire, New Forest; 00668. pollen analysis, gyttja, peat, shore vegetation, Poland, Lake Gosciaz; 08044. species richness, aerial colour IR photo, structural diversity, 01206.
- mire development**
stratigraphy, peat growth, reclamation, Netherlands, Bourtanger Moor; 10478.
- Mirex**
pesticide, organochlorine contaminant, surface water contamination, food chain contaminant, Canada, Lake Ontario, St. Lawrence Gulf; 06998.
- mirror**
stereoscope, digital map, data capture, 15061.
- miscible displacement**
finger flow, NMR imaging, convection/diffusion, groundwater flow, contaminant transport, 07066. time dependent partitioning, hydrocarbon, solute transport, breakthrough curve, non aqueous phase liquid, 07089.
- MISR**
one dimensional, canopy reflectance, AVHRR, 15174.
- missing carbon**
budget deficit, carbon, northern temperate zone, global carbon budget, forest growth, 05093. climate variability, carbon cycling, budget deficit, carbon sink, anthropogenic carbon, deconvolution analysis, 05092.
- Mission Canyon Formation**
seawater, dolomite, burial, Mississippian, USA, Montana; 04197.
- Mission link**
seismic moment, earthquake, compressive stress, Calveras Fault, Hayward Fault, USA, California, San Francisco Bay; 01390.
- mission planning**
incidence angle, Radarsat mapping, global climate, Antarctica; 11559.
- Mississippian**
basin, Greenbrier Limestone, uplift, grainstone, sand, 04265. burial diagenesis, Salem Formation, seawater, Warsaw Formation, pore fluid, dolomitization, USA, Illinois Basin; 09294. carbonate, reservoir, Ste. Genevieve Limestone, oolite, Pleistocene, Holocene, USA, Illinois; 04187. Chesterian, carbonate, ooid, bioaccumulation, Golconda Group, USA, Missouri; 04264. dune, ripple, aeolian deposit, grainstone, Ste. Genevieve Limestone, USA, Indiana, Harrison County; 04250. Edwardsville Formation, bioherm, carbonate mound, buildup, USA, Indiana, Monroe County; 13199. fossil, sediment stability, sediment/water interface, Salem Limestone, USA, Indiana; 04216. Mission Canyon Formation, seawater, dolomite, burial, USA, Montana; 04197. ooid, cement, diagenesis, porosity, Pitkin Formation, USA, Arkansas; 04193. ooid, ripple, storm, tempestite, Pickaway Limestone, USA, West Virginia; 04257. Quaternary, Holocene, oolite, ooid shoal, carbonate, 04175. shoal, cement, carbonate sand, ooid, Ste. Genevieve

- Formation, USA, Illinois, Jasper County; 04192. uplift, foreland basin, orogeny, ooid, USA; 05446.
- Mistral**
boundary layer, turbulence, sodar, acoustic sounder, France, Rhone Valley; 11125.
- MIT-E3 constitutive model**
effective stress model, model, overconsolidated clay, 11706.
- mitigation**
biodiversity, cost/benefit analysis, climate change, 12878. biotic carbon, source/sink, climate change, 03912. flood potential, landslide dam, hazard, 05132. methane emission, flooded soil, greenhouse gas, wetland rice, USA, Louisiana; 01040.
- mitigation measure**
climate change, Pleistocene/Holocene transition, global warming, fynbos community, South Africa, Cape Province, Cederberg; 06363.
- mitigation technique**
hazard, rockslide, Italy, Alps, Valtellina Valley; 02722. levee construction, environmental effect, river regulation, flood hazard, China, Yellow River; 03963.
- Mittelgebirge**
terrain type, karst, terrain classification, Slovenia; 02687.
- mixed boundary condition**
ocean general circulation model, freshwater flux anomaly, parameterisation, subpolar gyre, heat flux, 11159.
- mixed data**
GIS, knowledge based methodology, 11428.
- mixed layer**
coastal zone, rawinsonde, balloon sounding, lidar scan, Israel; 02132. depth, Geosat, altimeter, Indian Ocean; 15120. heat budget, tropics, seasonal cycle, sea surface temperature, Pacific; 05951. heat, advection, entrainment, sea breeze, 14861. parameterisation, depth, entrainment zone, daytime mixed layer, 09837. short term oscillation, model, atmospheric forcing, ocean, 09854.
- mixed layer depth**
similarity method, sodar, turbulence parameter, 11150.
- mixed layer model**
daytime, sensible heat, latent heat, flux measurement, radiosonde data, surface station, 12458.
- mixed phase cloud**
cloud, ice crystal, precipitation chemistry, riming, snow, Switzerland, Mount Rigi; 05978. ice, cloud, radiative property, 09797.
- mixed pixels**
spatial resolution, classification accuracy, land cover classification, USA, Ohio, Kent; 11410.
- mixel**
image analysis, inversion method, proportion estimation, 10087.
- mixing**
bathymetric map, heat exchange, morphometry, lake, limnology, Italy; 01958. benthic ecology, dumping, seafloor sediment, sewage sludge, USA, New York; 09404. burial rate, bioturbation, organic matter, 09325. chaos theory, Poincare map, 14124. deformation, TOMS, ozone, polar vortex, Antarctica; 11288. estuarine plume, seasonal variability, fate, trace metal, dissolved metal, North Sea; 00054. estuary, caesium, americium, trace metal, resuspension, UK, Wales, Clwyd, Dee Estuary; 08049. glacial, postglacial, nutrient, benthic foraminifera, primary productivity, Pacific, Ontong Java Plateau; 14225. lake, hydrothermal activity, deep lake, USA, Oregon, Crater Lake; 09617. lake, thermal bar, water temperature, heat transport, stratification, Russian Federation, Ladoga Lake; 12229. marine cloud, cloud, droplet activation, entrainment, 01006. organic matter, estuary, biogeochemical cycle, eutrophication, nutrient, UK, England, Norfolk, Great Ouse Estuary; North Sea, The Wash; 02942. palaeolimnology, eutrophication, phosphorus, sediment, lake water quality, Denmark, Vaeng So; Vesterborg So; Denmark, Langeso; 14689. Paluch mixing diagram, cloud, thermodynamic diagram, entrainment, 05985. particle size distribution, coagulation, 04273. potable water quality, reservoir water quality, water chemistry, thermal stratification, Spain, Cordoba, Guadalquivir Reservoir; 00713. primary production, sewage, ecosystem, organic matter, sulphide, Japan, Shikoku, Uwajima Bay; 09408. radial flow basin, sedimentation basin, flow characteristics, flocculation, 00663. settling, aggregation, diffusion, stratification, particulate matter, 06981. sewage outfall, freshwater, sediment, pollutant, trace metal, Israel, Mediterranean Coast; 06800. stratus, entrainment, linear eddy, 11243. thermal stratification, stratification, lake water quality, predictive model, 12291.
- mixing cell model**
adsorption, solute transport, nonequilibrium reaction, groundwater quality, calcium/potassium exchange, 00759. calcium/potassium exchange, solute transport, adsorption, 00767. contaminant transport, groundwater quality, soil water quality, Canada, Ontario, Borden; 13592.
- mixing event**
stratification, lake water quality, nutrient, bioassay, temporal variability, USA, Sierra Nevada, Tahoe Lake; 10988.
- mixing height**
inversion, temperature gradient, Canada, Alberta, Edmonton; 12436.
- mixing model**
Lumping, streamwater chemistry, acidic soil, cation exchange, Norway, Birkenes Catchment; 12938. spatial resolution, multispectral sensor, resolution, coarse resolution, 02446.
- mixing process**
dispersion, estuary, river discharge, flushing time, India, Andhra Pradesh, Godavari Estuary; 03244.
- mixing rate**
nutrient distribution, coastal water quality, estuary, salinity, USA, Mississippi River; 05720.
- mixing ratio**
parameterisation, vertical dispersion, flux gradient hypothesis, 07239. source region, carbon dioxide, methane, carbon monoxide, Arctic; 08649.
- mixing structure**
convection adjustment, downdraft, cumulus, 02262.
- mixing zone**
continental shelf, mangrove sediment, suspended sediment, uranium, India, Ganges River; Brahmaputra River; 06718. dolomitization, seawater, Visean, paragenetic sequence, Belgium, Brabant-Wales Massif; 14366. sediment, river water chemistry, seawater quality, barium, radium-226, estuary, Bay of Bengal; India, Ganga-Brahmaputra River System; 03286.
- mixture density estimation**
parametric method, palaeoflood data, nonparametric method, historical flood, flood frequency analysis, China; 08346.
- mobile bed**
critical flow, Froude number, suspended load, 04272.
- mobile data collection**
softcopy photogrammetry, aerotriangulation, digital elevation extraction, digital mapping, 11358.
- mobile/immobile phase**
breakthrough curve, parameter estimation, aggregated porous media, solute transport, 03331. groundwater contamination, herbicide, contaminant transport, convection/dispersion equation, sorption, 11019. pump and treat remediation, groundwater remediation, multiple contamination, optimisation, solute transport, 14758.
- mobile/immobile water**
advection/dispersion, soil water flow, solute transport, sorption, 12311. chloride, solute transport, heterogeneity, unsaturated zone, hydraulic conductivity, 14743. chloride, solute transport, heterogeneity, unsaturated zone, stochastic advective model, 14744. groundwater transport, tracer test, solute transport, forced gradient test, organic solute, sorption, Canada, Ontario, Borden Aquifer; 14757.
- mobile mapping system**
softcopy photogrammetry, utility mapping, multimedia GIS, positioning technology, 07459.
- mobile polar high**
meridional, airmass, energy exchange, tropospheric circulation, palaeoclimate change, 00008.
- mobile sampling**
Asa shuttle, temperature, radiation, frost, shelterwood, 05861.
- mobile sediment**
drag reduction, turbulence, shear stress, entrainment, roughness, 05358.
- mobility index**
debris flow, landsliding, rainstorm, liquefaction, Thailand, Nakhon Si Thammarat Range; 07817.
- modality**
cartographic message, linguistic theory, map use, 01156.
- model assessment**
natural variability, global warming, coupled ocean-atmosphere-land system, 12552. rainfall/runoff model, runoff yield, efficiency coefficient, streamflow estimate, Australia; 09585.
- model calibration**
catchment model, optimal value, parameter estimation, hydrograph, peak flow, Singapore; 06957. climate change, glacier hydrology, snow cover, 06364. expert system, SMAP, rainfall/runoff model, hydrological model, 05652. model validation, mathematical model, groundwater dating, environmental tracer, 04520. model verification, river transport, transport process, tracer, solute transport, Europe, Rhine River; 08381. runoff estimation, parameter estimation, rainfall/runoff model, Australia; 13478. water balance model, streamflow, soil moisture, monthly water balance, Palmer's Z-index, USA, Ohio; California; 09569.
- model calibration coefficient**
turbulent diffusion, simulation model, lake, water temperature, USA, Minnesota; 09618.
- model comparison**
process equation, polynomial equation, time series equation, conceptual model, catchment yield, rainfall/runoff model, 01927.
- model compound**
chromatography, mass spectrometry, environmental analysis, polychlorinated diphenyl sulphide, 02590.
- model conceptualisation**
hydrological model, 06949.
- model data**
climate model, sampling error, temperature, 04682.
- model description**
inversion, synthetic data, surface/atmosphere reflectance model, 09799.
- model development**
groundwater contamination, organic compound, multiphase flow, 02069. groundwater remediation, optimisation method, contaminant transport, well location, 12917. satellite imagery, image processing, 10202.
- model dynamics**
prediction, transform fault, earthquake model, magnitude effect, 02691.
- model error**
data smoothing, data aggregation, digital elevation model, runoff modelling, surface runoff, 09592.
- model estimate**
climate, fire, oil well, soot, aerosol, Kuwait; 07376.
- model evaluation**
dispersion, dense gas, plume, hazardous gas, field experiment, 06094. photochemical mechanism, urban pollution, vertical entrainment, box model, 11335. sensitivity analysis, isoprene, monoterpene, emission rate, 04777. stack plume model, ground level concentration, dispersion modeling, 00877.
- model experiment**
combustion particle, sorption, PAH, 06044. seawater, biological process, iodine, diurnal cycling, photochemical process, 11614.
- model horizontal resolution**
resolution, horizontal, general circulation model, stationary eddy, diabatic heating, 04665.
- model intercomparison**
normalised mean square error, air quality, performance index, 06100. sea breeze, photochemical smog, pollution abatement, Greece, Athens; 11349.
- model parameter**
model sensitivity, land surface, roughness length, rooting ratio, vegetation cover, 05106.
- model prediction**
Boston blue clay, anisotropy, clay, 11707. environmental input, boundary

- layer, sensitivity, 03468. marine pollution, oil spill, Braer oil spill, UK, Scotland, Shetlands; 11601.
- model processor**
image space intersection, digital photogrammetric system, model/space parrallax vector bisection, model/space y parrallax averaging, object space coordinates, 11381.
- model response**
tropics, FGGE datasets, observing system, 11208.
- model sensitivity**
climate change, mass balance, glacier, melt rate, Norway; 10534. energy balance model, ice sheet, albedo, ablation, climate change experiment, Greenland; 10538. hydrological cycle, global climate, anthropogenic impact, cloud, carbon dioxide variation, 06373. hydrology, climate simulation, GCM, 05107. land surface process, climate modelling, deforestation, 08532. land surface, roughness length, rooting ratio, vegetation cover, model parameter, 05106. potential vorticity, condensation, cyclogenesis, 07271. sea ice variability, ice coverage, Arctic; 09874. time step interval, nonpoint source pollution, rainfall data, pollution modelling, Canada, Ontario; 01990.
- model simulation**
east coast low, resolution, Australia; 12506. fossil fuel combustion, sulphur dioxide, climate effect, 02646. global warming, sea level rise, wetlands, remote sensing, USA, Washington, Puget Sound; 10519. sedimentation, reservoir, river bed, discharge, Japan; 05462.
- model/space parrallax vector bisection**
model/space y parrallax averaging, object space coordinates, model processor, image space intersection, digital photogrammetric system, 11381.
- model/space y parrallax averaging**
object space coordinates, model processor, image space intersection, digital photogrammetric system, model/space parrallax vector bisection, 11381.
- model spectra**
spectra, gravity wave, mesoscale fluctuation, wind velocity, 07291.
- model study**
basin soil loss, loess, soil loss model, remote sensing, erosion intensity, China, Loess Plateau; 03965. rain factor, soil erosion, loess, soil loss, China, Loess Plateau; 03964.
- model system**
digital cartography data, geographic information, database, 04895.
- model test**
liquefaction, control test, 05227. mass balance, ablation, englacial temperature, numerical modelling, energy balance, Greenland, West Greenland; 09246. pile, stress level effect, sand, centrifuge, 11718.
- model validation**
mathematical model, groundwater dating, environmental tracer, model calibration, 04520. strip thinning, streamflow, rainfall/runoff model, interception, evapotranspiration, 09747.
- model verification**
computer model, open channel flow, unsteady flow, USA, Arizona, Salt River Project; Central Arizona Project; 04459. rainfall/runoff model, flood forecasting, maximum entropy spectral analysis, real time model, 05672. river transport, transport process, tracer, solute transport, model calibration, Europe, Rhine River; 08381.
- modelling formalism**
spatial information system, temporal reference, urban environment, 07493.
- modelling interface**
multivariate classification, volume data, interface, 04885.
- modelling method**
numerical simulation, unsteady flow, 04455.
- modelling plan**
air quality study, photochemical monitoring, non attainment area, ozone, USA, Louisiana; Texas; Gulf of Mexico; 11338.
- modelling study**
pollutant, long range transport, Kosa, particle, trajectory, China; 12453. stratosphere, nitrate, aircraft, photolysis rate, 08721.
- moder**
soil solution chemistry, forest soil, fulvic acid, cation concentration, organic acid, 10781.
- modern**
fossil, Potamid, saline lake, lacustrine environment, palaeoecology, 00194. Little Ice Age, accumulation area ratio, topography, equilibrium line altitude, outlet valley glacier, Norway, Jostedalbreen; 01567.
- modern analog technique**
sediment core, carbonate dissolution, Last Glaciation, sea surface temperature, 13043.
- modern environment**
petroleum exploration, continental shelf, environmental data, Quaternary, Timor Sea, Van Diemen Rise; 01481.
- modifiable area unit problem**
census mapping, map design, cartogram, 11460.
- modified Penman method**
water conservation, irrigation scheduling, irrigation water management, crop yield, arid environment, Saudi Arabia; 12393.
- Modified Priestly-Taylor model**
evapotranspiration model, wildland vegetation, comparative study, Shuttleworth-Wallace model, Penman-Monteith model, 00622.
- MODIS**
cross calibration, atmospheric transparency, flight test, calibration, 10149.
- modon**
shear flow, coherent structure, 00955.
- Modtran**
atmospheric transmission, Lowtran 7, 13994.
- modular course**
remote sensing, photogrammetry, LIS, GIS, education, 06107.
- module**
geoprocessing, remote sensing, cartography, 02434.
- Mogliniki**
landfill, chemical dump site, pesticide, hazardous waste, Poland; 11592.
- Moho discontinuity**
topography, model, compensation, 03980.
- Mohr-Coulomb soil**
bearing capacity, axisymmetry, circular footing, strip footing, 09086.
- moire**
automated fringe analysis, interferogram analysis, 01126.
- moire image**
laser mapping system, underwater photogrammetry, 01111.
- moist atmosphere**
baroclinic instability, cyclogenesis, 11170.
- moist convection**
ash, water vapour, volcanic eruption, buoyancy, 07380. convection, climate model, mass flux, parameterisation, 13766.
- moist diabatic process**
adjoint model, tangent linear model, linearisation, 08592.
- moist process**
numerical model, monsoon, prediction, physical parameterisation, India; 14907.
- moist symmetric instability**
Slantwise Showalter Index, Canada, Alberta, Stony Plain; 07283.
- moist threshold**
spectral model, variational data assimilation, four dimensional, data assimilation, 08573.
- moist wind**
diabatic process, moisture flux equation, geostrophic wind, wind modification, 02180.
- moisture**
arid zone, feedback mechanism, palaeoclimate data, global climate change, Africa; Australia; 06371. basin scale, Agriscatt, microwave remote sensing, France, Orgeval; 10181. evapotranspiration, vegetation, soil, 02488. momentum, airborne platform, eddy correlation, trace gas, airborne measurement, heat, 08535. ozone, stratocumulus, inversion profile, 01002. radiometry, tropics, divergence, 15114. root zone, vegetation, AVHRR, Poland, Obra River; 06242. soil, asphalt, concrete, subsurface transport, heat, 03469. two dimensional, radiative/convective equilibrium, convection, 09935. virtual temperature, temperature, warming trend, layer thickness, global temperature, 13704. watershed, microwave radiometer, surface soil, 15129. weather prediction, resolution, satellite sounding, temperature, 00914.
- moisture attenuation**
sea surface temperature, AVHRR, SST algorithm, water vapour, 14046.
- moisture balance**
annual precipitation, water level fluctuation, Quaternary, pollen, USA, (Northeast); 04074.
- moisture budget**
heat budget, cirrus, aircraft measurement, 07296.
- moisture content**
shrinkage, expansion, compaction, clay foundation, 12992. soil failure, triaxial test, compaction, soil compaction model, cylindrical stress state, 11700.
- moisture distribution**
tropics, climate sensitivity, radiation model, greenhouse warming, 12540.
- moisture field**
TOVS data, monsoon, Arabian Sea; Bay of Bengal; Indian Ocean; 09820.
- moisture flow**
heat transfer, freeze/thaw cycle, phase change, freezing soil, thawing soil, 04551.
- moisture flux**
turbulence, boundary layer, deforested area, mesoscale flux, Brazil, Amazon; 04637.
- moisture flux equation**
geostrophic wind, wind modification, moist wind, diabatic process, 02180.
- moisture index**
vegetation type, climate classification, Thornwaite method, evapotranspiration, China, Loess Plateau; 02200.
- moisture meter**
comparative study, neutron moisture meter, soil water content, Australia, Victoria; 00485.
- moisture prediction**
atmospheric model, soil diffusion equation, surface temperature, 01325.
- moisture retention curve**
soil water retention, saturated soil, oven dry soil, 14708.
- moisture retentivity**
groundwater contamination, oil shale waste, leachate, landfill, saturated/unsaturated flow, hydraulic conductivity, 00769.
- moisture sink**
principal components analysis, vertical profile, tropics, heat source, 00905.
- moisture source**
glacial/interglacial, oxygen isotope, ice core record, isotope shift, 09956.
- moisture status**
forest canopy, landslide, soil, TM, Japan, Shikoku Island, Yoshino River; 06245.
- moisture transfer**
atmosphere, soil, vegetation, model, 11151.
- moisture transport**
convective outbreak, Canada, Alberta; 00988. monsoon, intraseasonal oscillation, 05903.
- moisture variability**
monsoon, general circulation model, 13745.
- molar ratio**
hydrothermal alteration, mineral composition, greywacke, shale, 08026.
- molarity**
ethanol droplet index, soil water repellency, sandy soil, dune soil, yellow brown sand, New Zealand, North Island; 08202.
- molasse**
alluvial fan, Umi Fan Formation, tectonic setting, Leron Formation, climate, Papua New Guinea, Markham Valley; 01686.
- mole drain**
clay soil, cultivation practice, soil water drainage, runoff, 00733.
- molecular biomarker**
aquatic environment, DNA-adduct, metallothionein, biotechnology, pollution monitoring, 01297.
- molecular composition**
aerosol, Arctic; 07373.

- molecular conductive-diffusive model**
multilayer turbulent model, melting ice, sea ice, ice thermodynamics, 02086.
- molecular model**
homogeneous nucleation, vapour phase, 09924.
- molecular oxygen**
photochemical model, nitrogen, hydroxyl radical, odd nitrogen, 07345.
- molecular scattering**
atmospheric variable, Rayleigh-Mie lidar, 03724.
- molecular size distribution**
water soluble organic matter, complexing property, organic matter, forest soil, soil chemical property, 08198.
- molecular structure data**
QSAR, vapour pressure, property-property relationship, quality function, 07688.
- molecular weight fraction**
blackwater river, suspended bacteria, dissolved organic carbon, bacterial density, river water quality, 05734.
- mollification method**
numerical solution, ill-posed problem, computation, algorithm, 07711.
- Mollisol**
topsoil removal, soil fertility, crop yield, fertiliser, nitrogen mineralization potential, Canada, Alberta; 14523. vetch, nitrogen mineralization, crop residue, soybean, maize, USA, Illinois; 10802. weathering, hydraulic conductivity, rainfall simulation, soil seal, Ultisol, Alfisol, USA, (Midwest); Georgia; 05601.
- mollusc**
algae, temperature, pH, mercury, Spain, Ebro Delta; 08090. alluvium, sedimentation rate, palaeoecology, Holocene, Canada, Manitoba, Red River; 06729. amino acid racemisation, dating, racemisation kinetics, Quaternary, Australia, South Australia; 00161. boring, reef, bioerosion, Recent, Bahamas, Lee Stocking Island; 04220. coral, marine terrace, uplift rate, Quaternary, radiocarbon dating, Iran, Qeshm Island; 02701. fossil shell, Holocene, foraminifera, ostracod, radiocarbon age, Japan, Honshu, Fukui Prefecture, Takahama-cho; 0826. geothermal activity, AMS dating, carbon-14, marine sediment, Allerød, Younger Dryas, Iceland, Reykjavik, Fossvogur; 01542. Holocene, depth limit, palaeoenvironmental analysis, salinity data, temperature data, marine record, UK, Scotland; Atlantic, (North); 07854. lacustrine sediment, pre-Illinoian, Pleistocene, fossil assemblage, USA, Indiana, Connerville; 04073. organic geochemistry, Quaternary research, aminostratigraphy, aminochronology, AAR, 07832. ostracod, lake marl, climate change, Holocene, pollen, UK, Wales, Powys, Llangorse Lake; 01525. ostracod, Palaeolithic artefact, amino acid geochemistry, Cromerian Complex, Pleistocene (Middle), UK, England, Warwickshire, Waverley Wood Pit; 07900. palaeotemperature estimation, Pleistocene, sea surface temperature, boreal fossil assemblage, Japan; 10438. subglacial channel, raised bog, peatland, Germany, Upper Swabia, Bad Waldsee; 09175.
- mollusc assemblage**
charcoal, fire regime, environmental reconstruction, Quaternary, pollen, Australia, Tasmania, Bass Strait, King Island, Egg Lagoon; 02787. temperature oscillation, pollen, proxy data, glacier, snail assemblage, Europe, (West); 11835.
- mollusc zone**
Quaternary sediment, stratigraphic zone, Bulgaria, Black Sea Shelf; 09157.
- molluscan assemblage**
delta lake, palaeoenvironment, biofacies, thanatocoenose, Egypt, Nile Delta; 13053. sea surface temperature, palaeoceanography, Pleistocene, Pacific; Sea of Japan; 14221.
- molluscan fauna**
Kakegawa Group, bathymetry, Pliocene/Pleistocene, climate change, Japan; 06541.
- mollusk assemblage**
environmental evidence, Holocene, malacofauna, Shannon diversity index, climate warming, France, Burgundy; 04105.
- molybdate**
causal modelling, silicate, pH, phosphate, 04378. deep sea sediment, suspended matter, element distribution, simulation model, shale, 01731.
- molybdenum**
mine spoil, mine soil, extractant, 13345. selenium, geochemistry, element mobility, calcareous soil, fluorine, 01867. selenium, parent material, geochemistry, element concentration, trace element, cadmium, Korea (South), Deog-Pyoung; 04310.
- molybdenum transport**
anoxic lake, lake water chemistry, concentration/depth profile, vertical distribution, Switzerland, Lake Greifen; 02016.
- moment analysis**
statistical model, topographic slope, modelling, non Gaussian characteristic, topographic field, 06426.
- moment method**
maximum likelihood method, quantities method, parameter estimation, reservoir management, estimation theory, water management, 03194.
- moment model**
channel bend flow, fixed bed, non uniform channel, 03232. erodible bed, channel bend flow, rotational flow, translational flow, non uniform channel, 03233.
- momentum**
air/sea exchange, turbulent flux, heat, water vapour, carbon dioxide, 04660. airborne platform, eddy correlation, trace gas, airborne measurement, heat, moisture, 08535. roughness length, heat, 09842.
- momentum approximation**
boundary layer, Ekman flow, 14859.
- momentum budget**
gravity wave stress, lee wave, wave drag, UK, England, Lake District; 02243. gravity wave, mesoscale disturbance, tropical, stratosphere, convection, 02252. subtropical rainband, prefrontal rainband, convective rainband, rainband, thermodynamic structure, Taiwan; 00991.
- momentum extraction**
saltation, wind profile, wind tunnel, 14855.
- momentum flux**
air/water flux, Black Sea; 12477. boundary layer, error, eddy correlation, 03455. energy flux, gravity wave, dissipation, acceleration, 09885. flow symmetry, barotropic governor, baroclinic wave, 02214. general circulation model, ocean circulation, wind stress, forecast model analysis, interannual variability, Indian Ocean; 03496. gravity wave, multiple sounding, UK, Wales; 09789. gravity wave, wave forcing, parameterisation, energy flux, 09886. measurement, radio acoustic sounding, boundary layer, 12468. mesosphere, thermosphere, Australia, South Australia, Adelaide; 07269. parameterisation scheme, tidal wind field, energy flux, 09887. roughness length, form drag, forest, edge effect, vegetation, 00879.
- momentum forcing**
roughness length, sea ice model, ice, Southern Ocean; 08553.
- momentum transfer**
wavelet, wind/wave tunnel, model, heat transfer, sea-atmosphere interface, 03499.
- Monheimer Hohensande**
chronology, quartz grain, weathering, SEM, micromorphology, 06646.
- Monin-Obukhov similarity**
refractive index, 09840.
- Monin-Obukhov theory**
divergence, surface layer, fog, 05941.
- monitoring change**
terrestrial ecosystem, workshop, remote sensing, global terrestrial observing system, 06435.
- monitoring landscape change**
TM, sampling theory, aerial photography interpretation, land use survey, 01136.
- monitoring method**
pollutant, seminar, environmental research, Geological Survey of Finland, Finland; 10275. review, deposition monitoring, 13877.
- monitoring network**
groundwater quality, groundwater monitoring, Denmark, Nyborg; 13589. groundwater quality, hydrogeochemical model, cluster analysis, groundwater classification, Netherlands; 07096. groundwater quality, optimisation method, network design, groundwater flow, groundwater monitoring, 05814. groundwater quality, water quality monitoring, Australia, Queensland, Condamine Valley; 11038. snow measurement, glacier hydrology, snowmelt, glacier melt, Nepal; 11054. trend, particle concentration, optical extinction, visibility, USA; 11319.
- monitoring programme**
database, forest cover, remote sensing, global change, USA; 03924. environmental change, climate change, Arctic, global change, Geological Survey, Canada; 05060. forest basin, stream monitoring, water resource management, ecosystem management, USA, Pacific Northwest; 07148. nonpoint source pollution, water quality monitoring, agricultural practice, ecosystem impact, surface water quality, USA, Iowa, Clayton County, Sny Magill Watershed; 07105. water quality management, groundwater quality, groundwater protection, agricultural pollutant, potable water quality, USA, Illinois; 07162.
- monitoring site**
ice cap, EIA, glacial retreat, climate change, Canada, Northwest Territories, Baffin Island, Barnes Ice Cap; 07934.
- monitoring system**
environmental protection, ecological monitoring, Joint State System, Russian Federation; 07673. frost heave, rockfall, bedrock shattering, solifluction, periglacial process, Japan, Japanese Alps; Svalbard; 11857. prediction, sulphur dioxide, neural network, industrial area, complex terrain, 06071. soil salinity, groundwater level, surface water flow, drought, waterlogging, China, Hebei Province, Quzhou County; 12309. water quality monitoring, continuous monitoring, aluminium, iron, flow injection, 06999.
- monitoring technique**
remote site, ozone, pollution monitoring, 03868.
- monitoring well**
aquifer, sampling, solute concentration, groundwater contamination, organic contaminant, 04546.
- Mono Lake Excursion**
overprinting, magnetic remanence, lake sediment, geomagnetic excursion, USA, California, Mono Lake; 07827.
- monobutyltin**
pollutant, montmorillonite, adsorption, 04222.
- monocalcium phosphate**
phosphorus, Podzol, manure, plant uptake, fertiliser, Canada, Quebec; 05615.
- monocarboxylic acid**
diagenesis, fatty acid, laboratory experiment, oleic acid, 04211.
- monochromator**
chlorophyll, fluorescence, nutrient stress, rice plant, 15154.
- monochrome cartography**
newspaper, map design, 11450.
- monocrotophos**
quinalphos, cypermethrin, fenvalerate, enzyme activity, pesticide, 10871.
- monolayer coating**
experiment, theory, Fuchs, evaporation, water droplet, 09926.
- monomeric aluminium**
pH, aluminium chemistry, streamwater chemistry, USA, New York, Ulster County, Coxing Kill; 05731.
- monoplotting**
position, uncertainty, digital monoplotting, 04920.
- monopoly rent**
water tariff, water supply system, delivery system design, water markets, Indonesia, Jakarta; 03397.
- monosaccharide**
HPLC, particulate matter, seawater, brackish water, 00344.
- monosiallisation**
clay translocation, bisiallisation, paleosol, mineralogy, decarbonation, Italy; Italy, Sardinia; 09462.
- monoterpene**
emission rate, model evaluation, sensitivity analysis, isoprene, 04777.
- monotonic loading**
cyclic loading, granular soil, CONBAL, dilation behavior, shear strength, 11711.

monsoon

aeolian dust, Quaternary (late), geochemistry, atmospheric input, loess, China, Loess Plateau; 09188. anthropogenic impact, discharge, suspended load, tropical river, India, Andhra Pradesh, Godavari River; Tamil Nadu, Cauvery River; 05466. arrival date, withdrawal date, probabilistic date, Bangladesh; 07305. Asian monsoon experiment, 08522. atmospheric response, periodic forcing, lunar tide, 03513. Bai-u front, typhoon, global precipitation, precipitation distribution, daily maximum precipitation, 14597. beach, armoured mud ball, mud ball, intertidal zone, morphology, India, Kundalika Estuary, Revadanda Beach; 05379. boundary layer, depression, thermodynamic structure, India; 14858. boundary layer, exchange parameter, coastal terrain, turbulence, roughness, India; 04640. climate modelling, sea surface temperature, Pacific; 13754. coast, ecosystem, meteorology, rainfall pattern, India, Tamil Nadu, Parangipettai; 09574. cyclone, atmospheric circulation, precipitation distribution, temporal variability, spatial variability, Nepal, Himalayas, Langtang Valley; Kathmandu; 10887. depression, thermodynamic structure, boundary layer, Bay of Bengal; 07252. desert dust, glacier, long range transport, regional distribution, Asia, (Central); 02682. El Nino/La Nina, interannual variability, Malaysia; 03433. El Nino, sea surface temperature, onset, interannual variability, India; 12447. Empirical Orthogonal Function, seasonal change, wave climate, beach erosion, India, Uttara Kannada District, Aligadde Beach; 01597. estuarine circulation, seasonal variability, clay mineral, diagenesis, flocculation, India, Sarada-Varaha Estuary; 04255. foraminifera test, salinity, alkenone, sea surface temperature, oxygen isotope, Arabian Sea; Indian Ocean, Bay of Bengal; 01477. forecast, tropical weather event, limited area model, 02316. general circulation model, moisture variability, 13745. general circulation model, Rossby wave, interseasonal variability, 00930. high pressure (500 hPa), divergence, vertical velocity, easterly jet, China, Tibetan Plateau; Asia, (Southeast); 09818. illite, montmorillonite, mineralogy, weathering, suspended load, India, Yamuna River; 02957. intraseasonal oscillation, moisture transport, 05903. Kuo scheme, initialisation, diabatic initialisation, rainfall, prediction, 06005. mesoscale characteristics, convection, stratiform precipitation, 00960. mesoscale convective system, precipitation, USA, (Southwest); 14833. mesoscale convective system, vertical structure, convergence, 02257. moisture field, TOVS data, Arabian Sea; Bay of Bengal; Indian Ocean; 09820. monsoon mode (10-20 day), India; 07309. NOAA APT, sea surface temperature, Pakistan; 08908. nonlinear kinetic energy, kinetic energy transfer, upper troposphere, 13705. orography, general circulation model, rainfall, sensitivity study, India; 12495. palaeoclimate record, high resolution study, IGBP, corals, solar activity, Asia; 07846. palaeomonsoon record, temperature change, sea surface temperature, coral, Arabian Sea; 08637. prediction, physical parameterisation, moist process, numerical model, India; 14907. principal components analysis, rainfall zone, India; 02306. Quaternary (late), palaeoceanography, micropalaeontology, geochemical data, Arabian Sea; Oman; 13042. rainfall anomaly, climate prediction, 03535. rainfall data, Nimbus 7, Indian Ocean; 02297. rainfall series, precipitation (1844-1991), instrumental period, India; 07311. rainfall variability, optimisation, rain gauge, network, India; 09945. rainfall, El Nino/Southern Oscillation, oscillation (30-50 day), Australia; 12531. rainfall, Mexico; 04617. rainfall, variability, prediction, India; 03528. regional scale, nested grid model, boundary layer, 13755. river regulation, anthropogenic impact, flood, rainfall, China; 08301. satellite, precipitation, satellite data, 04931. sediment trap, particle flux, upwelling, opal, carbonate, Arabian Sea; 00440. sensitivity experiment, vegetation cover, climate model, India; 08529. shallow water, sediment core, climate history, precipitation, India; 14950. soil moisture, flood hydrograph, sediment transport, reservoir failure, flash flood, catchment characteristics, India, Gujarat, Luni River; 00633. Southern Oscillation, oceanic heat flux, interannual variability, India; 03432. spatio-temporal evolution, meteorology, onset, India; 00852. surface water, conductivity, IRS, India, Tawa Reservoir; 12817. synoptic index, circulation, rainfall, India; 07307. teleconnection, China; 09816. thermohaline variability, Indian Ocean; Bay of Bengal; Arabian Sea; 04662. tropical cyclone, cyclone, seasonal structure, typhoon, South China Sea; 13686. tropics, sea surface temperature, general circulation model, 09871. vertical motion, atmospheric energetics, depression, thermodynamics, 05952. VHF radar, USA, New Mexico, White Sands; 12736. wastewater treatment, remediation, river water quality, sewage treatment, India, Ganga River; 05730. water resource management, regional hydrology, humid tropics, Asia; 08462. wet zone, spatial variability, areal rainfall, rainfall data, daily rainfall correlation, Sri Lanka; 05655. wind stress, stress curl, premonsoon, Indian Ocean; 12472.

Monsoon '90 Experiment

remote sensing, energy flux, water budget, watershed, semiarid environment, USA, Arizona, Walnut Gulch; 12900.

monsoon circulation

global ice volume, loess grain size, magnetic susceptibility, Cainozoic (late), coupling, China, Loess Plateau, Xifeng; 00159. Holocene, climate, vegetation zone, pollen diagram, China; 00247. palaeology, glaciation, Allerød, general circulation model, 12542. precipitation assessment, satellite data, remote sensing, Indian Ocean; 09576.

monsoon climate

plate tectonics, climate history, tectonic movement, India; 04052.

monsoon disturbance

intraseasonal oscillation, teleconnection, blocking, storm track, linear theory, 00941.

monsoon mode (10-20 day)

monsoon, India; 07309.

monsoon onset

convection band, propagation, orientation, analytical study, Arabian Sea; 00995.

monsoon season

potential rainy days, orthogonal factor analysis, rainfall, Sri Lanka; 07314.

monsoon vortex

vortex dynamics, energetics, 02187.

monsoonal climate

insolation change, solar forcing, albedo variability, long term event, Arabian Sea; 01470.

monsoonal flux

atmospheric circulation, aeolian input, palynology, Last Glacial/Interglacial, West Africa, Gulf of Guinea; 13034.

montane ecosystem

throughfall chemistry, atmospheric deposition, precipitation chemistry, sulphate, nitrate, forest, USA, Tennessee, Great Smoky Mountains National Park; 01912.

montane forest

environmental change, pollen record, Holocene, vegetation history, climate change, Uganda, Ahakagezi Swamp; 06569.

montane glacier

Pleistocene, relief, mesoclimate, macroclimate, 00233.

montane stream

coarse sediment, flood, drainage density, morphology, sedimentation, Jamaica; Puerto Rico; 00107.

Monte Carlo

acoustic target, scattering regime, echo ensemble, 10245. scattering, ocean optics, Raman scattering, 10221. simulation, interpolation modelling, 09011. source profile, factor analysis, target transformation, biomonitoring, 07402.

Monte Carlo approach

Walker Lake model, simulation, sampling design optimization, spatial model, 06408.

Monte Carlo method

calibration, validation, uncertainty, hydrological modelling, distributed model, 01907. data assimilation, error statistics, sequential data, 12927. factor analysis, target transformation, 05111. transport dynamics, porous packing, data analysis, porosity field, dispersion, 06422.

Monte Carlo model

cellular structure, reflectance, cloud layer, 09938.

Monte Carlo simulation

cluster analysis, principal components analysis, weather categorisation, 08519. hydrological modelling, water information system, 08918. sediment quality, partitioning, contaminant, uncertainty analysis, 10676. solute leaching, soil hydraulic function, soil texture, leaching, 03084. variogram, geostatistics, sample size, regional variogram, confidence interval, 00065.

Monte Carlo study

Freidman test, nonparametric, covariance, 07715.

Monterey Formation

accumulation rate, phosphorus, productivity, continental margin, Miocene, USA, California, Shell Beach; 11985. diatomite, Miocene, mineralogy, phosphate concretion, USA, California, Lompoc; 01677. lamination, diagenesis, clay, Ostwald ripening, silica, USA, California; 11946. sea level, bottom current, reduction, pyrite, Miocene, sulphur, USA, California; 05404.

Montes Rook Formation

Oriente deposit, lunar impact basin, Galileo flyby, Hevelius Formation, Maander Formation, Moon; 05212.

monthly average

daily mean formula, annual average, temperature, Switzerland; 06001. wind profiler, RASS, seasonal variability, boundary layer structure, 00865.

monthly flow

annual flow, seasonal flow, PARMA, streamflow modelling, streamflow process, time scale, West Africa, Niger River; 05677.

monthly mean

general circulation model, wintertime anomaly, 11176.

monthly mean total ozone

temperature, stratosphere, ozone, coherent variation, 13833.

monthly means

synoptic climatology, Southern Hemisphere, anticyclonicity, cyclonicity, 09819.

monthly runoff

discharge, runoff, water balance, annual runoff, stream discharge, Finland; 00630.

monthly water balance

Palmer's Z-index, model calibration, water balance model, streamflow, soil moisture, USA, Ohio; California; 09569.

montmorillonite

adsorption, monobutyltin, pollutant, 04222. Andisol, CEC, fixation, complexation, 00322. clay dispersion, clay flocculation, pH, 04376. herbicide adsorption, organic matter content, ethofumesate, humic acid, 09546. herbicide sorption, fungicide sorption, diniconazole, metolachlor, organic matter, 08223. humic acid, hydroxy-aluminium complex, aluminium interlayering, 01861. hydraulic conductivity, clay-brine interaction, geotechnical property, calcium, Canada, (West); 09112. hydrophobic soil, clay application, sandy soil, kaolinite, 05561. hydrothermal fluid, metalliferous sediment, clay mineral, terrigenous origin, Pacific, (South); 09362. kaolinite, enzyme, immunosorbent assay, atrazine, herbicide adsorption, 08222. mineralogy, weathering, suspended load, monsoon, illite, India, Yamuna River; 02957. pressure-jump relaxation, cation exchange reaction, 01810. sorption/desorption, Quaternary amine, organic contaminant, 04380. water vapour adsorption, soil water vapour, adsorption property, 00538.

Montreal Protocol

peak concentration, future, fluorocarbon-11, history, 11308.

monumentation

GPS positioning, control survey, 07457.

monumentation survey

earthquake, USA, California, Santa Cruz; 08777.

Monuron

organic contaminant, water quality, herbicide, irradiation, photocatalytic degradation, 05717.

Moon

extinction, refraction, atmosphere, photography, 04930. stratosphere, FTIR, polar night, light source, trace gas, Arctic; 12575.

moorland

saturation hypothesis, streamwater quality, upland catchment, nitrate concentration, UK, Scotland; 00708.

moorland catchment

atmospheric deposition, soil water chemistry, streamwater chemistry, acidification, nitrification, forest catchment, UK, Wales; 14640.

moorland pool

acidification, alkalinity, liming, surface water chemistry, Netherlands, Ven

- bij Schaijk; Padvindervsen; 14637. acidification, eutrophication, atmospheric deposition, environmental management, Netherlands; 08370. sulphur budget, surface water chemistry, reduction/oxidation, atmospheric deposition, 13495.
- moorsh**
peat soil, soil chemical property, humification, 08181.
- mouse**
boreal forest, beaver, GIS, forest vegetation, spatial analysis, 01227.
- moraine**
aeolian sedimentation, volcanic mineral, USA, Wyoming, Wind River Mountains; 10765. alpine foreland glacier, permafrost, glaciofluvial sediment, late pleniglacial, last glaciation, Germany, Alpine Foreland; 01555. corrie, hummocky moraine, UK, Scotland, Skye, Cuillin Hills, Coire na Creiche; 09196. ELA, debris covered glacier, snowline reconstruction, Little Ice Age, USA, California, Sierra Nevada; 10533. equilibrium line altitude, numerical modelling, Baltic Ice Stream, Younger Dryas, Baltic Sea; Finland; Sweden; Norway; 01509. field guide, Quaternary, Devensian, sedimentary environment, cirque, UK, England, Cumbria; 12964. glacier advance, radiocarbon dating, Medieval Warm Period, Europe; 13105. glaciofluvial sediment, outwash fan, subglacial meltwater, Rehburg Stage, Saalian glaciation, Germany, Dammer Berge; 14342. indicator boulder, erratic, Pleistocene, Scandinavian erratic, Germany; Poland; 02796. lichenometric dating, outwash, patterned ground, marine terrace, raised beach, Quaternary geology, Antarctica, West Antarctica, Trinity Peninsula, Hope Bay; 10523. loam, topsoil, dike construction, water storage power plant, Russian Federation, Zagorsk; 01444. marine foreland, sea level rise, spit, glacial rebound, Denmark, Jutland, Skagen Spit; 05160. neotectonics, fault scarp, glacial erosion, fault, Italy, Apennines; 10496. push moraine, rock glacier, Little Ice Age, permafrost, France, Alpes du Sud, Queyras, Asti Valley; 09225. radioactive fallout, Chernobyl nuclear accident, gamma-spectrometric study, glacial till, Poland, Suwalki; 05072. radiocarbon age, age control, Port Huron moraine, glacial chronology, USA, Michigan, Port Huron; 04091. radiocarbon age, timing, last deglaciation, glacial geology, lake sedimentology, Peru, Andes, Cordillera Oriental; 00202. soil development, clast weathering, soil geomorphology, Pleistocene, glacial sequence, USA, California, Sierra Nevada; 10486. weathering, aggregate shape, soil chemical property, vegetation succession, Svalbard, Spitsbergen, Werenskiöld Glacier; 09456. Younger Dryas, glaciation, stratigraphy, seismic profile, meltwater channel, Canada, Nova Scotia, Scotian Shelf; Atlantic, Scotian Shelf; 14266.
- moraine chronology**
lichenometric evidence, Neoglacial advance, Little Ice Age, Holocene, Svalbard, Spitsbergen; 01520.
- moraine formation**
Little Ice Age, Holocene, glacial advance, Svalbard, Edgeoya, Albrechtbreen; 01521.
- moraine limit**
glacier readvance, late glacial, climate change, radiocarbon date, Peru, Andes; Ecuador, Andes; 05335.
- moraine region**
geocology, geomorphology, agriculture, glacial landscape, eutrophication, Germany, Vorpommern; 01380.
- moraine ridge**
outwash fan, glacier advance, push moraine, ice cap, Iceland, Myrdalsjökull, Slettjökull; 14284.
- moraine ridge formation**
ice front, lodgement till, push moraine, Iceland, Myrdalsjökull; 01517.
- moraine sequence**
Quaternary, dating, rock weathering rind, New Zealand, South Island, Craigieburn Range; 09202. Quaternary, glaciation, age criteria, weathering, rock varnish, Argentina, Andes, Rio Mendoza Valley; 04094.
- moraine system**
late glacial, Holocene, tephrochronology, outlet glacier, Chile, Patagonia, Torres del Paine National Park, Grey Glacier; 04130.
- Morien Group**
Silesian, meander, scroll bar, floodplain topography, Canada, Nova Scotia; 14334.
- Morioti settlement**
archaeology, Holocene, sand dune, stratigraphy, New Zealand, Chatham Island; 11839.
- morning aurora**
scatter radar, DMSP satellite, E-region plasma density, boundary layer, plasma sheet, 03725.
- morphodynamic model**
beach profile change, profile model, shore environment, process model, 07753. sandy beach, tar pollution, self cleansing, oil spill, Nigeria; 05075.
- morphodynamic system**
coastal zone, hierarchical organisation, Estonia, Narva Bay; 00130.
- morphodynamics**
environment, spatial dimension, physical geography, geomorphology, landform, 06441. intertidal dune, tidal current, bedform, UK, England, Norfolk, Wells-next-the-Sea, Lifeboat Station Bank; 14153. morphogenesis, hogback, cuesta, structural control, aridity, Turkey, Tunceli; 07790. Ogolian dune, desertification, soil erosion, urban expansion, Senegal, Dakar; Mauritania, Nouakchott; Congo, Brazzaville; 01334. sediment budget, beach dune system, coastal dune, sediment transport, 06464. weathering, sheet wash, anthropogenic impact, relief development, pediment, Nigeria, Gongola Basin; 00137.
- morphogenetic environment**
Quaternary, debris movement, solifluction, talus, alluvial cone, Japan, Honshu, Kitakami Mountains; 06585.
- morphological analysis**
ternary diagram, particle shape, triangular diagram, clast, Norway, Slettmarkbreen; 04140.
- morphological change**
scour, bar, braided river, bed sediment, bedload transport, Canada, Alberta, Sunwapta River; 11883.
- morphological development**
longitudinal profile, graded river, channel slope, river profile, Japan; Taiwan; 10370.
- morphological filter**
filter, edge detector, 06149.
- morphological filtering**
segmentation, unsupervised classification, texture measure, 13953.
- morphological indicator**
planation surface, Budel's model, climate indicator, denudation chronology, lateritic crust, Africa, (West); Togo; 01354.
- morphological lineament**
numerical cartography, DEM, 01145.
- morphological smoothing**
poweroid, mathematical morphology, multiscale, 10091.
- morphological structure**
cliff, fossil beach, Holocene, geomorphology, Spain, Bidasoa Estuary, Jaizibel; 12954.
- morphological timescale**
river regulation, channel dynamics, river regime, bedform, Taiwan; 01943.
- morphological unit**
photogrammetry, geomorphology, digital terrain model, 07549.
- morphology**
active tectonics, valley, river terrace, glacial trough, antecedence, China, Pamir, Gez He Valley; 07791. coastal process, statistics, barrier island, USA, Atlantic Coast; 01365. compacted clay, ice lens, freeze-thaw effect, hydraulic conductivity, 01545. dam burst, aerial photography, floodwater, Canada, Quebec, Beloeil Dam; 12869. drumlin, subglacial process, sedimentology, basal ice flow, shear stress, Poland, Chelmo-Dobrzyn Lakeland; 14280. gelifluction terracette, earth hummock, debris flow, permafrost, alluvial fan, Canada, Northwest Territories, Aklavik Range; 03950. geology, crater, scaling, impact process, 05210. glacier, permafrost, buried glacier ice, oxygen isotope composition, stratigraphy, Russian Federation, Siberia, Ledyanaya Gora; 04131. Hapludoll, Haplaquoll, Calciaquoll, soil classification, water table depth, USA, Iowa; 06804. impact crater, tessera terrain, Magellan image, density, Venus; 07796. meltwater channel, echosounder, bathymetric chart, periglacial, North Sea, Kattegat; 01510. monsoon, beach, armoured mud ball, mud ball, intertidal zone, India, Kundalika Estuary, Revadanda Beach; 05379. Pleistocene, fault activity, uplift, glacioisostasy, Poland, Sowia Mts.; 06482. sedimentation, montane stream, coarse sediment, flood, drainage density, Jamaica; Puerto Rico; 00107. skeleton, Euclidean, 02410. soil micromorphology, volcanic soil, silica, landscape type, tepetate, mineralogy, Mexico, Veracruz, Xalapa; 06856. substitution, random function, cartographic technique, coding process, 00059. tectonic pattern, fault, erosional landform, layered deposit, Mars, Valles Marineris, Melas Chasma; 01413.
- morphometric analysis**
GIS, drainage, network, 10246.
- morphometric approach**
base level maps, uplift, structural control, geological map, USA, Utah, Bear River Range; 07772.
- morphometric characteristics**
landslide, slope failure, rotational slide, Buckling index, Japan, Akaishi Mountains; 14208.
- morphometric parameter**
geomorphology, model, drainage basin, 06440.
- morphometry**
channel network, DEM, Horton's law, fractal dimension, 07626. glacial deposit, slope debris, clast shape, limestone clast, Italy; 09124. lake, limnology, mixing, bathymetric map, heat exchange, Italy; 01958. landform recognition, geomorphology, GIS, 01186.
- morphosedimentary evolution**
loess, stratigraphy, palaeoenvironment, Palaeolithic, terrace, France, Somme Valley; 10367.
- morphostratigraphy**
barrier, transgression, sea level, sediment supply, reworking, Canada, Nova Scotia; 02981.
- morphostructural analysis**
bathymetric map, prehistoric site, doline, Mediterranean Sea, Marseilles, Cosquer Cave; Carry le Rouet; 09066. bathymetric map, sedimentology, Pacific, Gulf of Tehuantepec; 06469. caldera, polygenic volcano, Tertiary volcano, volcanic landform, neotectonics, Slovakia, Pol'ana Mountains; 11672. neotectonics, Pliocene, Quaternary, France, Alpes-Maritimes, Var Basin; 07787. structural control, drainage network, lineament, France, Alpes de Haute Provence, Plateau de Valensole; 07786.
- morphostructural criteria**
geomorphological map, neotectonics, Slovakia; 01382.
- morphostructural development**
glacial extent, geomorphological mapping, denudation chronology, Czech Republic, Moravian Gate; 10497.
- morphostructural element**
submerged coastline, Pleistocene, coastal morphology, neotectonics, Italy, Golfo di Policastro; 05322.
- morphostructural evolution**
risk, rockfall, kinematic, Italy, Campania, Sorrentine Peninsula; 11757.
- morphostructural model**
crater chain, graben pattern, updoming, erosion, tectonics, Mars, Valles Marineris; 01412.
- morphostructural study**
DTM, neotectonics, drainage network, summit level, map analysis, France; 01394.
- morphostructural unit**
isobase map, hydrogeology, morphotectonic map, lineament, Israel, Arava Graben; 03983.

morphostructure

groundwater resource, groundwater evolution, geohydrology, Russian Federation, Amurskaya, Zeya-Bureya Basin; 13602. lineament, morphotectonic unit, remote sensing, Brazil, Santa Catarina; 11498. wetlands, palaeodrainage, neotectonics, meander belt, fluvial network, Peru, Amazon Basin; 12981.

morphotectonic activity

neotectonics, Holocene, relief, Quaternary (late), orogeny, China, Tian-Shan; Tadzhikistan, Pamirs; 05204.

morphotectonic approach

fault, geomorphology, range front, residual tectonic topography, Poland, Sudetes Mts.; 06483.

morphotectonic feature

submersible observation, fissure eruption, rifting, volcano, Italy, Tyrrhenian Sea, Marsili Volcano; 05167.

morphotectonic map

lineament, morphostructural unit, isobase map, hydrogeology, Israel, Arava Graben; 03983.

morphotectonic unit

remote sensing, morphostructure, lineament, Brazil, Santa Catarina; 11498.

morphotectonics

geomorphological GIS, GIS, finite element analysis, China, Ordos; 11490. geomorphology, climatology, valley, river bench, 02672. Tyruavos Fault, extension, fault scarp, slip rate, fault kinematics, Greece, Larissa Plain; 06484.

Morton model

soil evaporation, lake evaporation, catchment evaporation, evaporation, Penman model, China, Hubei Province; 08294.

MOS-1/VTIR

sea surface temperature, surface temperature, temperature estimation, radiative transfer, 10137.

MOSSED 3D

turbidity, erosion, gravity flow, deposition, 13286.

mosquito coil smoke

joss stick incense, submicron aerosol, combustion source, particle, tobacco smoke, Taiwan, Taipei; 11312.

mosquito control

organochlorine compound, sediment, marsh, water quality, pesticide migration, USA, Florida, St. Lucie County; 06993.

msse

biomonitoring, deposition, trace element, Norway; 15036. biomonitoring, particulate pollutant, exploration work, niobium mineralization, lichen, Greenland; 07374. heavy metal, pollution, factor analysis, bioaccumulation, seasonal variation, Portugal, Cavado River; 10680. lichen, chlorinated hydrocarbon, vegetation, boundary layer, Germany, Ulm; 03616. lichen, regional mapping, fallout, Chernobyl nuclear accident, caesium-137, Norway; 02589. lichen, seawater, radioactivity level, fallout, Antarctica, Livingston Island; 08981. palaeoclimate study, stratigraphy, lake sediment, diatom, tephra, Antarctica, South Shetland Islands, Livingston Island, Byers Peninsula; 02745. pollution zone, pleurozium schreberi, heavy metal, Poland, Silesia, Krakow, Niepolomice Forest; 11599. Younger Dryas, atmospheric carbon dioxide, high resolution record, carbon isotope, peat, Chile, Estancia Harberton, Beagle Channel; 07843.

moss peat

sedge peat, humification, methane, carbon dioxide, peat depth, Sweden; 10852.

motion vector

cloud motion, Meteosat, International Cirrus Experiment, 10153.

motor vehicle

gasoline, lead, petrol, urban air, petrol, UK; 06072.

motorised theodolite

robot calibration, dynamic measurement, interferometric laser tracking, 11406.

mottled soil

soil morphology, parent material, Podzolic soil, Russian Federation, Cis-Urals Region; 10767.

mount complex

recurrence interval, impact pool, snow avalanche, avalanche track, Canada, British Columbia, Rocky Mountains; 14296.

Mount Graham

land suitability evaluation, raster GIS, red squirrel, compromise programming, 08895.

mountain

coast, soil erosion, karst, soil degradation, pollutant, Croatia; 02605. environmental history, deforestation, soil erosion, Mediterranean; 01383. foehn, wave breaking, hydraulic jump, China, Daxinganling Mountains; 09914. granite, planation surface, peneplanation, geology, geomorphology, Hungary, Velence Mountains; 05184. irradiance, land use, agroclimatic classification, solar radiation, Mexico, Guerrero State; 03427. lightning detection, wildland, fire, Mexico, Baja California; 07208. meteorological station, Czech Republic, Bohemia, Miletovka; 00854. orography, model, airflow, Taiwan; 07215. pressure drag, Europe, Pyrenees; 09899. tethered balloon, boundary layer, acoustic sounder, sea breeze, Greece, Athens, Hymettos Mountain; 11127. topographic map, analytical study, climate zone dependence, slope form, Austria, Alps; Chile, Andes; USA, Alaska, Nutzotin Mts; USA, Alaska, Wrangell Mts; 07805. topography, snow cover, photogrammetry, 04957. total ozone, ozone, Asia, (Central); 13808. valley, higher order closure model, boundary layer dynamics, 07282. vertical variation, radiation balance, 03411.

mountain area

Lagrangian transport, dynamic modelling, spatial distribution, precipitation, 00971.

mountain basin

hydrological process, spatial variability, Slovak Republic; 06967.

mountain building

tectonics, denudation, hypsometric curve, Japan; 07737.

mountain catchment

environmental monitoring, hydrosphere, Slovak Republic, Tatras National Park; 06966. hydrological change, deforestation, atmospheric deposition, streamwater quality, Czech Republic, Jizera Mountains; 07034. rainfall

distribution, rainfall intensity, precipitation assessment, Canada, British Columbia, Jamieson Creek; 09577. snowmelt, groundwater recharge, streamflow, groundwater model, USA, Idaho, Upper Sheep Creek; 12306.

mountain climate

snow cover, ski slope, winter temperature, leisure industry, UK, Scotland; 03436. temperature gradient, climate variability, Italy, Gesso Basin; 12538.

mountain conditions

humidity, temperature, 03485.

mountain ecology

wind, lowland/upland transition, plant response, environmental change, global warming, 02637.

mountain forest

nutrient dynamics, canopy leaching, precipitation chemistry, throughfall chemistry, China, Changbai Mountain; 12192.

mountain forest steppe

spatial moisture distribution, soil compaction, Mongolia; 01191.

mountain front

collisional range, tectonic compression, orogenesis, denudation, tectonics, 07783. statistical structure, precipitation, time series, temperature, Wasatch Front, USA, Utah, Wasatch Range; 08507.

mountain glaciation

glacial landscape, cirque, U shaped valley, Antarctica, Dronning Maud Land; 14285.

mountain hydrology

hydrological research, Asia, (South), Hindu Kush-Himalayas; 11055.

mountain lake

acidification, plankton, lake water chemistry, eutrophication, Italy, Apennines; 14681. atmospheric deposition, sulphate, nitrate, lake water chemistry, acidification, 14676. bioindicator, atmospheric deposition, lake water chemistry, plankton, acidification, Sweden, Lapland, Abisko Mountains; 14679. lake water chemistry, acidification, atmospheric deposition, nitrate uptake, weathering, Switzerland, Alps; Italy, Alps, Maggia Valley; 14677. lake water chemistry, acidification, atmospheric deposition, Poland, Tatra Mountains; 14683. lake water chemistry, chrysophycean scale, acidification, palaeolimnology, Europe, Alps; 14678. nitrogen oxide, lake water quality, macrophyte, atmospheric deposition, oxidation, Spain, Pyrenees; 14674. phosphorus, acidification, lake water chemistry, Slovak Republic, Tatra Mountains; 14682. plankton, bioindicator, acidification, lake water chemistry, Czech Republic, Bohemia Sumava, Certovo Lake; Corne Lake; Czech Republic, Bohemia Sumava, Prasilke Lake; Slovak Republic, Tatra Mountains; 14675.

mountain meteorology

precipitation chemistry, deposition chemistry, nitrate, ammonium, sulphate, USA, Rocky Mountains, Colorado Front Range; 06089.

mountain path

footpath erosion, UK, Northern Ireland, Mourne Mountains, Brandy Pad; 12176.

mountain permafrost

atmospheric warming, permafrost degradation, climate change, late glacial, 01548.

mountain range

cyclogenesis, lee cyclogenesis, baroclinic wave, 04680. local circulation, wind system, thermally induced wind, plain, basin, 05969.

mountain region

snow cover, snow chemistry, spatial distribution, coastal zone, Japan; 05823.

mountain ridge

local circulation, wind system, 04690.

mountain river

gravel transport, river segmentation, debris flow, Japan; 14146. roughness, flow, hydrograph, sediment supply, 00355.

mountain site

daily mixing ratio, humidity pattern, urban site, Mexico; 05897. organic peroxide, air, 13804. sulphate, seasonal trend, nitric acid, particulate, nitrate, USA, (Southwest); 13853.

mountain slope

below cloud scavenging, ammonia, ammonium, scavenging, Switzerland; 06045. metric camera photography, digital elevation modelling, neotectonic geomorphology, Spain, Sierra Nevada; 08859.

mountain soil

Andosol, Histosol, water retention, soil/vegetation relationship, volcano, Rwanda, Bisoke Volcano; 09416. humic acid, humification, organic matter, Spain; 13400. nitrogen mineralization, grass, Turkey, Bursa, Uludag; 14540. phosphorus, soil toposquence, New Zealand, South Island, Canterbury; 13356. soil fertility, enzyme activity, soil microorganism, nutrient availability, China, Jiangxi, Dagang Mountain; 09525.

mountain stream

acid neutralising capacity, acid/base chemistry, atmospheric deposition, streamwater chemistry, sulphur, nitrogen, USA, Tennessee, Great Smoky Mountains; 13546. particle shape, sediment transport, bedload transport, grain morphology, bedform, Germany, Bavaria, Lainbach River; 01947. particulate organic matter, sedimentation, pool, riffle, streamwater quality, 13531.

mountain terrain

classification, discrimination, shadow, India, Rajasthan, Aravalli Mountains; 04953. evapotranspiration, water use, Penman method, altitude, potential evaporation, climate variability, UK, Scotland, Balquhider; 00628. Penman evaporation, transpiration, grassland, evaporation, water use, UK, Scotland, Balquhider; 00626.

mountain top

particle, cloud condensation nuclei, cloud system, droplet size distribution, USA, North Carolina, Mount Mitchell; 09925.

mountain top station

diurnal asymmetry, temperature change, warming, minimum temperature, Europe, Alps; 14952.

mountain trail

outdoor pursuit, environmental impact, erosion, hiker, horse, USA, Montana, Gallatin National Forest; 11771.

mountain tunnel

infiltration, seepage, groundwater recharge, fissure flow, matrix flow, Japan, Wakayama, Yura; 02025.

- mountain valley**
dispersion, tracer ventilation, 02244. evacuation, inversion layer, water tunnel, upper level flow, 05965.
- mountain wave**
gravity wave drag, parameterisation, WKBJ approximation, vertical structure, 00936. numerical simulation, hydrostatic/non hydrostatic comparison, 08590. unsteady wave, gravity wave, linear unsteady wave, 05966.
- mountain zonation**
permafrost, landscape, climate, Canada, Canadian Cordillera; 05175.
- mountainous area**
rainfall/runoff model, atmosphere/land surface model, hydrological model, Poland, Sola River; 05105.
- mountainous coast**
surface wind, marine wind, wind, USA, Alaska; 07255.
- mountainous environment**
glacial protection, cold based glacier, periglacial landform, Arctic; Scandinavia; 13087.
- mountainous region**
hydrogeology, karst, environmental impact, Austria, Alps, Ostalpen; 13016.
- mountainous terrain**
direct flux, solar radiation, clear sky, 09801. gauge measurement, accuracy, precipitation data, USA; 14926. review, radiation modelling, 08498. unplanned, hazard, environmental degradation, urbanisation, India, Himalayas, Kumaun Himalayan, Naintal; 02661.
- Mousterian**
radiocarbon dating, biostratigraphy, industry, human remains, France, Ardeche, Soyons, La Baume Neron; 13071.
- Mousterian industries**
depositional break, Pleistocene, cave sediment, Palaeolithic (Upper), Older Dryas, France, Alps; Franche-Comte; France, Perigord; 06575.
- MOVE**
vegetation, soil, ecological response, multiple stress model, 09007.
- movement rate**
geodesy, crustal movement, neotectonic activity, strike/slip fault, Turkey; 10402.
- moving average model**
greenhouse gas, statistics, trend analysis, global warming, time series, 00004.
- moving average process**
data generation, synthetic hydrologic series, hydrological time series, periodic autoregression equation, 01908.
- moving load response**
layered soil, Biot's formulation, laboratory verification, 05216. layered soil, dynamic response, porous medium, Fourier transform, model, 05215.
- moving medium**
sound field, stratified medium, ray trajectory, high frequency, Atlantic, Gulf Stream; 10093.
- moving target**
geostationary satellite, Hough transform, signal detection theory, 07474.
- moving window algorithm**
pixel splitting, land cover, 06339.
- Moxa Arch**
Cretaceous, Frontier Formation, provenance, burial history, diagenesis, USA, Wyoming, Green River Basin; 02915.
- Mozart, W.A.**
pianoforte, photogrammetry, network, 15249.
- MSMR method**
cloud retrieval, night time, ocean analysis, 13765.
- MSS**
dune interdune area, parabolic dune, sand dune, India, Rajasthan, Thar Desert; 04967. mapping, suspended sediment, sediment, India, Andhra Pradesh, Krishna Bay; 02556. SLAR, lineament, remote sensing, Fold Belt, megascopic, Nigeria, Okemesi; 02480. TM, surface feature, 04952.
- MSS data**
Markov model, ecosystem, forest succession, 10209.
- MST radar**
signature tropopause, ST mode, 15116.
- MSU**
radiosonde observation, atmospheric temperature, 08852. satellite, oceanic precipitation, precipitation (1979-1991), 04718. volcanic eruption, El Nino, global warming, 08851.
- MTPE**
remote sensing, anthropogenic impact, NASA, global environment, 06429.
- Mualem model**
pore size distribution, soil hydraulic property, van Genuchten model, 01790.
- mucus**
marine snow, aggregation, sedimentation, Phaeocystis, 08056.
- mud**
accretionary prism, rock strain, Fry technique, water column, smectite, Pacific, Nankai Trough; 00289. architecture, spit, delta facies, barrier island, tidal inlet, USA, Texas, Bolivar Roads; 05377. cohesive sediment, sampling, sample preparation, engineering property, grain size distribution, 06653. erosion, soil erosion, pebble, sediment yield, Holocene, South Africa, Cape Province, Algoa Bay; Sundays River; South Africa, Cape Province, Swartkops River; 01701. flow rate, elution, absorption, trace element, Egypt, Aswan High Dam Lake; 10690. Holocene, lysocline, carbonate bank, strontium, aragonite, Atlantic, Great Bahama Bank; 02902. late glacial, basin, stratigraphy, Holocene, peat, Germany, Biesenthal Basin, Barnim; 06736. organic matter, oil, hydrocarbon, sand, Mexico, Campeche Sound; 00351. palaeoclimate, smectite, continental shelf, kaolinite, terrigenous sediment, Namibia, Kunene Shelf; Walvis Shelf; 06759. Pliocene/Pleistocene, turbidite, Kazusa Group, sand, forearc basin, Japan, Boso Peninsula; 06756. provenance, clay mineral, tributary river, suspended load, fine sediment, Italy, Po River; Alps; Italy, Apennines; 04170. rheology, sediment transport, cohesion, silt, erosion, 09267. rift valley, plume, REE, TAG, hydrothermal mound, Atlantic, Mid-Atlantic Ridge; 00336. sand, classification, turbidity current, deep water basin, reservoir facies, 13276. sediment transport, bottom shear stress, cohesive sediment, USA, Chesapeake Bay; 02886. shear strength, erodibility, seismic profiling, environmental management, lake sediment, USA, Florida, Lake Okeechobee; 13183. suspended sediment, sediment plume, continental shelf, Atlantic, Brazil Continental Shelf; Brazil, Amazon River; 08058. suspension, fluid mud, cohesive sediment, wave action, siltation, 03015. tidal channel, storm, bioturbation, Hurricane Andrew, ooid deposition, Bahamas, Great Bahama Bank, Cat Cay; Joulter Cays; 00396. turbulence, bursting, fish, whiting, resuspension, Bahamas, Great Bahama Bank; 06750.
- mud ball**
intertidal zone, morphology, monsoon, beach, armoured mud ball, India, Kundalika Estuary, Revadanda Beach; 05379.
- mud beach**
coastal protection, equilibrium profile, erosion, China, Jiangsu Province; 12959.
- mud diapir**
delta, Quaternary (late), deformation structure, subsidence, seismic profile, China, Jiangsu, Yangtze delta; 00185.
- mud erosion**
cohesive sediment, suspension, porewater, sediment transport, 06659.
- mud infiltrate structure**
Miocene, Hawthorn Group, karst, cave, sinkhole, USA, Georgia, Pelham Escarpment; 06687.
- mud volcanism**
diapirism, breccia, accretionary prism, Mediterranean Sea, Mediterranean Ridge; 06758.
- muddy sandstone**
point counting, Oligocene, Gazzi-Dickinson method, provenance analysis, USA, Montana; 07939.
- mudflat**
aerial photography, deltaic sediment, heavy mineral, coastal zone, Quaternary geology, Thailand, Surat Thani, Tapi River Delta; 07765. aridity, coastal morphology, progradation, cusped foreland complex, neotectonic influence, India, Kachchh; Arabian Sea, Kachchh Coast; 07764. biofilm, sediment/water interface, SEM analysis, microbial mat, diatom, France, Bay of Bourgneuf; 08016. microbial mat, stromatolite, magnesite, lake, playa, Canada, British Columbia, Cariboo Plateau; 04245. pollution, bivalve, trace metal, Anadara granosa, Malaysia, Penang, Juru Estuary; 14451.
- mudflow**
glaciogenic mudflow, submarine fan, sidescan imagery, gravitational failure, Barents Sea, Bear Island Fan; 05289. lahar, debris flow, simulation, hazard estimation, 06780. landslide, sheet flood, debris flow, flood, China, Tibet; 00140. lichenometric dating, radiocarbon dating, Holocene, glacier variation, Kirghizia, Tian Shan, Aksay Valley; 10516. volcano, experimental study, rheology, hydrological mechanism, 05166.
- mudflow deposit**
soil development, Japan, Honshu, Bandai; 04351.
- mudrock**
ice floe, intertidal rock platform, shore platform, ice, Canada, Quebec, St. Lawrence Estuary, Pointe-au-Pere; 03967. Peterborough Member, Jurassic, geochemistry, fractionation, Oxford Clay Formation, UK, England; 06722. tephra, lake sediment, Valley Springs Formation, floodplain deposit, USA, California, Central Valley; 13254.
- mudrock durability**
durability, lithology, classification system, North America; 11741.
- mudslide**
colluvium, shear strength, failure history, landslide, Yakatabari mudslide, Papua New Guinea, Enga Province, Porgera; 05248. numerical modelling, Bingham plastic mudslide, wave, underwater landslide, tsunami, 00148.
- mudstone**
bacteria, metal, mineralization, nucleation, diagenesis, Brazil, Rio Negro; Rio Solimoes; 06712. bottom water, oxygenation, Jurassic, organic matter, source rock, UK, England; 07941. carbon, sulphur, iron, organic matter, geochemistry, marine mud, 01676. debris flow deposit, conglomerate, channel, Permian, Ochiai Formation, Japan; 06753. denudation, palaeoenvironment, clay mineral, Cretaceous, Taiwan, Central Range; 14420. diagenesis, clay mineral, volcanic ash, accretionary prism, Pacific, Nankai Trough; Shikoku Basin; 00320. laminae, Neogene, sedimentary rhythm, Nakayama Formation, burrow, Japan, Honshu, Sado Island, Oosado Mountains; 05445. Nkporo Shales, diagenesis, Mamu Formation, carbonate, sandstone, Nigeria, Leru Okigwe; 09286. oil shale, lithofacies analysis, sedimentary structure, Kimmeridge Clay Formation, UK, England; 08014. organic matter, Oxford Clay Formation, Jurassic, hydrocarbon, Peterborough Member, UK, England, Bedfordshire, Stewartby; 06678. ponding, turbidity current, Tertiary, basement, Spain, Almeria, Sorbas Basin; 13192. sea level, tidal flat, cyclic sedimentation, Cape Pillsbury Member, Paleocene, 14412. sediment intrusion, Carboniferous, sediment/water interface, flue, Port Hood Formation, Canada, Cape Breton Island; 13166. siliclastic sediment, burial diagenesis, illitization, dissolution, 13218.
- mudwave**
bottom water, accumulation, fine grained sediment, sediment drift, Atlantic, (South), Argentine Basin; 00433. deposition, bottom current, uranium series tracer, suspended sediment, Atlantic, (South), Argentine Basin; 00434. deposition, erosion, current, Coriolis force, Atlantic, (South), Argentine Basin; 00437. lee wave, abyssal gyre, bedform, Atlantic, (South), Argentine Basin; 00436. magnetic susceptibility, bottom water, AABW, ripple, Atlantic, (South), Argentine Basin; 00435.
- mudwave field**
velocity variation, Pleistocene, Holocene, fluctuation, bottom current, Atlantic, (South), Argentine Basin; 01472.
- mudwave migration**
palaeoclimate, palaeoflow, bottom water velocity, palaeocurrent speed, Atlantic, (South), Argentine Basin; 01473.
- mulberry**
fertiliser, soil acidity, aluminium, Japan, Honshu, Fossa Magna; 12154.
- mutch**
agricultural practice, soil moisture, till, evaporative loss, 11075. bituminous mulch, soil conditioner, evaporation inhibitor, arid soil, 14513. leaf area index, crop residue, soil water content, 13404. ploughing, tillage, soil physical property, crop yield, Africa, (West); 08185. rainfall simulation, soil erosion control, infiltration, runoff, USA, Oregon; 06939. soil temperature, soil thermal conductivity, frozen soil, 03077. tillage, soil water content, soil management, Alfisol, Asia, Himalayas; India, Himalayas; 13409.

- mulching**
aggregation, self mulching index, 08133. Alfisol, tropical soil, ploughing, no-till, soil physical property, Nigeria; 13393. leaf mulch, *Grevillea robusta*, *Cassia siamea*, *Gliricidia sepium*, Alfisol, Kenya, Machakos; 08258. self mulching index, 14478. surface wash, ravel erosion, mine spoil, surface roughness, slope gradient, USA, Nevada; 12175.
- Mulhouse Basin**
marl, evaporite, organic matter, palaeoenvironment, Oligocene, France, Alsace, Mulhouse; 05405. sedimentation rate, organic matter, palaeoproductivity, palaeoclimate, evaporite, France, Alsace, Mulhouse; 05406.
- mull**
podzolisation, humus, spruce forest, bilberry, organic matter, France, Savoy, Tarentaise, Macot-La Plagne; 10819.
- multi criteria optimisation**
GIS, Austria, Vienna; Czechoslovakia, Bohemia; China; 08856.
- multi element analysis**
dust particulate, neutron activation, cement factory, 12616.
- multi Gaussian field**
sequential simulation algorithm, probability density function, joint sequential simulation, 00061.
- multi Gaussian kriging**
indicator cokriging, real data estimation, simulated data, disjunctive kriging, generalised probability kriging, 00058.
- multi isotope study**
isotopic exchange, oxygen isotope, carbon dioxide, 04782.
- multi objective optimal model**
geodetic network, criterion matrix design, 08775.
- multi objective technique**
probability density function, Kalman filter, Bayesian theory, flood frequency analysis, 08263.
- multi temporal TM data**
TM, forest, cover type, 06273.
- multiangle lidar**
atmospheric backscatter, 01088.
- multiband algorithm**
land surface temperature, surface temperature, 10138.
- multibeam bathymetry**
shallow water, hydrography, 05004.
- multibeam echosounder**
bathymetric survey, seafloor imaging, 08781. continental slope, EEZ, bathymetric survey, Pacific; Hawaii; 02542. sidescan sonar, remote sensing, acoustic backscatter, seafloor, bathymetry, 02462.
- multibeam sonar**
bathymetric sonar, seafloor, texture analysis, 01231. microtopography, seafloor, acoustic backscatter, 10244. surveying, seafloor topography, swath sonar, bathymetric map, GPS, 01116.
- multibeam swath sonar**
hydrographic survey, continental shelf, bathymetric map, 03679.
- multibox model**
ocean circulation, nutrient distribution, cadmium, palaeoceanographic tracer, 02748.
- multicomponent decomposition**
rainfall field, wavelet transform, spatial rainfall, 05991. spatial rainfall, rainfall field, self similarity, 05990.
- multicriteria analysis**
extreme event, real time flood forecasting, statistical routing model, flood forecasting, Tunisia, Medjerda River; 03215.
- multicriteria methodology**
analytic hierarchy process, GIS, fuzzy set theory, 03699.
- multidate**
SPOT, TM, anisotropy, 02520.
- multidimensional optimisation algorithm**
array surveying, 11418.
- multidimensions**
local minimum, aliasing method, limited area domain, 08596.
- multidirectional vegetation index**
semiarid, grassland canopy, watershed, vegetation index, USA, Arizona, Tombstone, Walnut Gulch; 15186.
- multifactorial bioaccumulation study**
left censored data, detection limit, hypothesis testing, regression method, 11632.
- multifractal analysis**
permeability, SEM, chalk, North Sea; 11877. rainfall time series, fractal analysis, rainfall, extreme event, Reunion Island; 08276. random walk process, image processing, fractal dimension, 11420. simulation, nonlinear variability, landscape topography, USA; France; 09028.
- multifractal index**
temporal variability, rainfall data, fractal, France, Nimes; 07313.
- multifractal model**
soil strength, aggregate fragmentation, 09422.
- multifractal statistics**
mean multifractal plane, data intermittence, non stationarity, geophysical data, 11633.
- multifrequency imagery**
polarimetric imagery, ecosystem, forest, temporal imagery, SAR image, USA, Maine, Howland; 15166.
- multilayer aquifer**
chlorinated hydrocarbon, groundwater balance, dual porosity aquifer, hydrogeology, mains leakage, UK, England, Coventry; 03322. finite element method, contaminant transport, adsorption, advection, groundwater flow, 04521. leaky aquifer, boundary element solution, aquifer parameter, groundwater flow model, 05793. leaky aquifer, radial flow, pumping well solution, aquifer parameter, 05792.
- multilayer turbulent model**
melting ice, sea ice, ice thermodynamics, molecular conductive-diffusive model, 02086.
- multilayered medium**
tunnel, foundation, hybrid modelling, soil-structure interaction, embedded structure, 00149.
- multilinear Muskingum method**
flood routing, Muskingum method, nonlinearity, flood wave, variable parameter Muskingum-Cunge method, 08336.
- multilingual index**
terminology, permafrost, Sweden; 09226.
- multilocal peaks**
storm pattern, probability model, 04713.
- multimedia**
cartography, GIS, 12720. GIS, height database, 08737. GIS, sonification, cartography, visualisation, 06173. graphic narrative, emergency mapping, map use, 11582. road management, network analysis, USA, Wyoming Park, Yellowstone Park, Grand Teton; 05038. spatial analysis, GIS functionality, 08797. urban information management, GIS, digital aerial photograph, photo interpreter, 07644.
- multimedia GIS**
positioning technology, mobile mapping system, softcopy photogrammetry, utility mapping, 07459.
- multimission vessel**
sonar, 04838.
- multimodel photogrammetry**
photogrammetry, structural analysis, geological map, Greenland; India; 01094.
- multiparameter Doppler radar**
radar meteorology, education, USA, Colorado; 01159.
- multiparameter radar**
polarimetric parameter, radar signal processor, 07438.
- multipass absorption**
differential optical absorption, hydroxyl radical, monitoring, 11298.
- multipaths inverted echosounder**
water column, transponder, 03846.
- multiphase flow**
air/water flow, relative permeability, fracture flow, groundwater flow, 11006. anisotropy, fracture flow, hydrocarbon, groundwater flow, groundwater contamination, 04517. capillary pressure-saturation relationship, network theory, pore scale model, percolation theory, 03345. capillary pressure-saturation relationship, unsaturated flow, flow interface, flow phase, capillary pressure, 09685. contaminant transport, immiscible fluid, finite element model, organic contaminant, vadose zone, 04519. contaminant transport, organic contaminant, heat transport, groundwater contamination, non aqueous phase liquid, 11034. groundwater contamination, contaminant migration, interceptor drain, particle tracking model, evaluation technique, remediation, 04540. groundwater contamination, organic compound, gas phase transport, heterogeneity, 02070. groundwater contamination, trichloroethylene, volatilisation, infiltration, unsaturated zone, 09712. groundwater flow, partitioned solution procedure, consolidation, convergence condition, 02049. immiscible flow model, mass balance accuracy, capillary pressure-saturation relationship, 08416. interface dynamics, unsaturated flow, two phase flow, Darcy's law, capillary pressure, 02037. length scale, multiscale model, parallel computing, non aqueous phase liquid, numerical model, 02027. model development, groundwater contamination, organic compound, 02069. pore scale process, capillary pressure-saturation relationship, infiltration, digital image analysis, groundwater flow, 07071. temperature gradient, soil moisture dynamics, unsaturated flow, non aqueous phase liquid, groundwater remediation, 12324. two phase flow, variable aperture fracture, fracture flow, 09698.
- multiple channel system**
open channel flow, anastomosing river, flood flow, debris dam, channel formation, Ireland, The Gearagh; 10935.
- multiple contamination**
optimisation, solute transport, mobile/immobile phase, pump and treat remediation, groundwater remediation, 14758.
- multiple dye tracing**
buffering, tracer detection, tracing dye, pH response, fluorescence, 12295.
- multiple element analysis**
geochemical analysis, snow, discriminant analysis, statistical method, UK, Scotland, Highland; 05070.
- multiple equilibria**
albedo/temperature feedback, energy balance, climate model, ice cap stability, 05119. middle latitudes, low frequency variability, eddy-mean flow interaction, blocking, 12499.
- multiple event analysis**
urban catchment, rainfall/runoff, design hydrograph model, partial duration series, hydrograph, USA, California, Los Angeles; 10912.
- multiple flow regime**
Northern Hemisphere, winter, probability density function, empirical orthogonal function, 11182. probability density function, teleconnection, Northern Hemisphere, winter, 11181.
- multiple gauges**
microwave attenuation, precipitation, satellite, verification, 14806.
- multiple goal programming**
land evaluation, land use planning, Mali; 08955.
- multiple isotope study**
heavy ozone anomaly, laboratory experiment, ozone isotope, 01032.
- multiple locations**
nonparametric procedure, statistical procedure, ranking, solar radiation model, 14814.
- multiple outlier location technique**
elemental set, regression outlier, least median of squares, probability, sample size, 02639.
- multiple reflections**
sidescan sonar imagery, GLORIA, seabed backscattering, 13941.
- multiple regression analysis**
aquifer hydraulic property, carbonate aquifer, aquifer physical property, correlation analysis, principal components analysis, USA, Pennsylvania; 02050. index flood method, flood characterisation, extreme event, stochastic flood model, flood frequency analysis, Canada; 08349.
- multiple regression function**
boreal forest, Landsat TM, change detection, forest stand, Sweden; 07580.

- multiple regression model**
baseflow index, rainfall/runoff relationship, streamflow, drought, Japan, Tone River; 08321.
- multiple scattering**
aerosol optical thickness, atmospheric correction, 11367. diffuse radiative property, spherical albedo, scattering approximation, asymptotic theory, global absorption, 00081. scattering, lidar, aerosol, optics, extinction coefficient, 13652.
- multiple sounding**
momentum flux, gravity wave, UK, Wales; 09789.
- multiple steady states**
atmospheric chemistry, nonlinearity, 09988.
- multiple stress model**
MOVE, vegetation, soil, ecological response, 09007.
- multiple variable indicator kriging**
kriging, soil mapping, quality index, 06809.
- multiple vortex interaction**
cyclone merger, observation, tropical cyclone, interaction, Pacific, (North); 08521.
- multipole field**
thundercloud, electrical field, ionosphere, 07196.
- multireservoir system**
optimisation, reservoir operation, flood control, 11084. water resource management, irrigation, hydropower, simulation model, optimisation model, India; 07154.
- multiresolution decomposition**
wavelet transform, geometrical registration, 01093.
- multiresolution imagery**
photomosaic, three dimensional, 04888.
- multiresolution sensor**
temperature retrieval, FIFE, surface temperature, USA; 06239.
- multiscale analysis**
mesoscale complex, convective complex, storm, 00966.
- multiscale Gabor representation**
contrast enhancement, fractal noise removal, 11416.
- multiscale method**
aggregation, disaggregation, precipitation, hydroclimatology, 04716.
- multiscale model**
parallel computing, non aqueous phase liquid, numerical model, multiphase flow, length scale, 02027.
- multiscale modelling**
resolution, air quality, regional application, finite element, 15042.
- multiscale system**
smooth flow, hyperbolic equation, topography, 03512.
- multisensor device**
triple element piezocene, seismic piezocene, dilatometer, in situ testing, offshore soil investigation, 02708.
- multisensor information**
flash flood, forecast, Mediterranean; 04729.
- multisource data**
remote sensing, classification accuracy, 15093. very high dimensional, neural network, classification, 06145.
- multispectral**
airborne radiometer, USA; 12669. impact process, cryptomaria, Moon; 15136. infrared, semi transparency, cloud property, 06214. lithofacies, classification, India, Haridwar; Dhanaura; 12766. panchromatic, SPOT, mapping, floodplain, land cover, 12776. vector, quantification, band misregistration, 06162.
- multispectral classification**
sulphur deposit, Io; 03787.
- multispectral data**
classification, 06161. mutual information analysis, system entropy, optimum band subset, 01122.
- multispectral image**
clustering, classification, three dimensional, iterative clustering, 10070. crater, Copernican age crater, Galileo flyby, lunar crater, regolith, Moon; 05213.
- multispectral imagery**
colour additive viewing, small scale mapping, additive viewing, soil mapping, India, Andhra Pradesh, Karimnager; 02487. pollutant discharge, GPS, GIS, USA, Texas, Irving; 15195. vector quantification, image compression, 06137.
- multispectral imaging**
NDVI, neural network, principal components analysis, 11408.
- multispectral reflectance**
multitemporal reflectance, spectroradiometer, management practice, prairie, USA, Kansas; 06280.
- multispectral satellite image**
low end GIS, land use survey, rural landuse planning, Kenya, Kakamega District; 08954.
- multispectral scanner**
bundle adjustment, point determination, 12672. SPOT, mangrove, Indonesia, Java; 03794.
- multispectral sensor**
resolution, coarse resolution, mixing model, spatial resolution, 02446.
- multispectral thermal IR**
TIMS, volcanic plume, correlation spectroscopy, sulphur dioxide flux, image data, Italy, Sicily, Mount Etna; 11477.
- multispectral video**
biogeochemical analysis, soil, tree leaf, hydrocarbon microseepage, USA, Alabama; 02458. real time, crop, monitoring, USA, Wisconsin; 06278.
- multispectral videography**
videography, bottomland forest, tree, 10211.
- multitemporal classification**
unitemporal classification, classification, accuracy, TM, 06342.
- multitemporal comparison**
AVHRR, archive, CD ROM, 03705.
- multitemporal data**
feature space, TM, wetlands, three dimensional, 06288. Landsat, GIS, Brazil, Amazonia; Para, Sao Felix do Xingu; 06252.
- multitemporal monitoring**
national park, image interpretation, environmental monitoring, Austria; 07597.
- multitemporal reflectance**
spectroradiometer, management practice, prairie, multispectral reflectance, USA, Kansas; 06280.
- multitracing approach**
coastal aquifer, karst aquifer, hydrogeology, groundwater resource, environmental isotope, Italy, Apulia, Murgia; 00754.
- multivariable moored system**
coastal water, data acquisition system, 02133.
- multivariate analysis**
classification method, natural object simulation, hydrochemical analysis, groundwater, 10346. linear smoother, regression spline, principal components analysis, instrumental variable, univariate spline transformation, 03925. palaeolimnology, hydrochemical indicator, ostracod, lake water chemistry, USA, (North-Central); 02013.
- multivariate classification**
volume data, interface, modelling interface, 04885.
- multivariate data analysis**
climate classification, graphic display method, 07169.
- multivariate geostatistics**
bivariate moment, indicator kriging, stochastic imaging, two point statistics, 00063. geostatistics, redundancy analysis, coregionalisation, spatial relationships, 10081.
- multivariate normal distribution**
quality control, statistical interpolation, Bayesian quality control, 06414.
- multivariate outlier**
dimensionality problem, Akaike's predictive likelihood, correlation, quasi Bayesian modelling, 02640.
- multivariate plot**
hydrocarbon plume, xylene, ethylbenzene, toluene, benzene, groundwater contamination, 04545.
- multivariate problem**
parameter minimisation, geography, landscape, Hungary; 07712.
- multivariate statistical analysis**
airborne, geophysical data, mapping, Tanzania, Victoria Lake; 04918.
- multivariate statistics**
contaminant, sediment quality triad, toxicity, 09257. soil pollution, organic carbon, element concentration, heavy metal, geochemistry, Germany, Berlin, Schneweide; 05622.
- multivariate technique**
discriminant analysis, urban area, ozone, nitrogen oxide, photochemical oxidant, Spain, Valladolid; 13885.
- multiwavelength profile**
aerosol backscatter, lidar, backscatter, New Zealand, Lauder; 15011.
- multiyear ice concentration**
brightness temperature, Arctic sea ice, passive microwave satellite data, Arctic Ocean; 01247.
- multiyear ice signature**
sea ice cover, SAR, Beaufort Sea; 14085.
- multiyield plasticity theory**
liquefaction, centrifuge validation, numerical model, soil liquefaction, 02710.
- municipal GIS**
information resource plans, data modelling, Canada, Ontario, Scarborough; 03851.
- municipal landfill**
household hazardous waste, waste stream analysis, rural landfill, hazardous material, Canada, Alberta; 02601.
- municipal LIS**
spatial information system, Netherlands, Enschede; 01275.
- municipal map**
ATKIS, digital landscape, topographical, Germany; 15109.
- municipal refuse**
Paludult, plant uptake, nitrogen availability, compost, Canary Islands, Tenerife; 08163.
- municipal service**
digital land base, street network, Canada, Manitoba, Winnipeg; 01274.
- municipal solid waste**
Cambisol, carbon mineralization, nitrogen mineralization, compost, 05570. carbohydrate, aggregate stability, organic waste, Spain; 03153. heavy metal, trace element, element concentration, soil sampling, compost, 08199. humification, electrofocusing, organic matter, Italy; 06819. Pesticide Root Zone Model, compost, organic chemical, USA, Iowa, Amana; 12166. soil chemical property, soil physical property, soil reclamation, saline soil, Xerochrept, 13389.
- municipal waste**
carbon mineralization, biodegradation, organic carbon, poultry manure, Saudi Arabia; 09469.
- municipality**
copyright, digital database, land information, topographic service, Netherlands; 01273. public supplies, GIS, Germany, Stuttgart; 05041.
- munition compound**
trinitrotoluene, biodegradation, nitroaromatic compound, bioremediation, 04415.
- Munsell colour**
soil colour measurement, colorimeter, soil scientist, 12051. soil colour, colorimeter, USA, Florida; Brazil; 08115. spectrophotometry, soil colour measurement, tristimulus value, 12050.
- Munster Basin**
palaeodischarge, alluvial deposit, discharge variation, Devonian, architecture, Ireland, Munster; 02895.
- Munsterian age**
calcareous diamict, periglacial, interglacial deposit, interstadial deposit, Ireland, County Wexford, Ballykeerogmore; Battletown; 09171.
- Murree Supergroup**
red bed, Eocene, Miocene, provenance, continental collision, Pakistan, Himalayas; 10638.
- Muschelkalk**
avalanche, rock fall, limestone, Germany, Partnach Gorge; 07812.

- mushroom compost**
poultry litter, nitrate leaching, compost, groundwater contamination, leaching, 08166.
- mushroom shaped rock**
landform development, dolomite, weathering, subsurface moisture, caprock, Spain, Cuenca, Ciudad Encantada; 07811.
- Muskingum method**
nonlinearity, flood wave, variable parameter Muskingum-Cunge method, multilinear Muskingum method, flood routing, 08336.
- muskox fossil**
Glacial Lake Arkona, Lake Whittlesey, forest/tundra environment, Bondi site, lake level, Canada, Ontario, Essex County, Leamington; 11810.
- mussel**
fish, pollution, wastewater, DDT, PCB, Adriatic Sea; 03042. organohalogen, bleaching, pulp mill, Norway; 11995. oyster, marine pollution, rice, shrimp, organochlorine pesticide, Mexico, Campeche, Rio Palizada; 04287. pumping rate, filtering impact, lake water quality, North America, Great Lakes, Lake Erie; 07044.
- Mussel Watch programme**
wastewater treatment, leaded gasoline usage, silver, copper increase, coastal seawater, lead decrease, antifouling paint, USA, California; 10305.
- mustard**
irrigation, evapotranspiration, soil reclamation, crop growth, crop yield, sodic soil, India; 03374.
- mutagenic activity**
acetone, polar organic matter, particle, USA, New Jersey; 04790.
- mutagenicity**
scrap, burning, emission, chemical analysis, tyres, 12648. soot particulate, incineration, polystyrene, polyurethane foam, PAH, 15027. toxicity, XAD concentration, river water quality, organic micropollutant, Netherlands, Rhine Delta; 12279.
- mutual information analysis**
system entropy, optimum band subset, multispectral data, 01122.
- Mya truncata**
Hiatella arctica, Weichselian, shoreline displacement curve, radiocarbon dating, marine limit, Svalbard, Hopen; 01543.
- Mycobacterium vaccae**
organic pollutant, groundwater pollutant, microorganism, biodegradation, biotransformation, 00757.
- mycorrhiza**
aluminium oxide, humic substance, root exudate, weathering, 03107.
- mycorrhizal fungus**
aggregation, root growth, slaking, 01777.
- mycorrhizae**
heavy metal, wetlands, ecotone, tropics, nutrient, sediment, 05699.
- mycotoxin**
leaching, groundwater contamination, sorption, 12322.
- mythology**
medieval map, state archive, Russian Federation, Volga River; 07502.
- n-alkane**
particle flux, deposition, hydrophobic organic chemical, PAH, France, Rhone River; Mediterranean Sea; 13824. urban area, carbonaceous, aerosol, particulate, Japan, Nagoya; 12601.
- n-dimensional probability density function**
image analysis, classification, spectral frequency plot, 11409.
- n-gon**
digital convex polygon, convex polygon, 10074.
- Naakenavaara interglacial**
peat deposition, till, pollen diagram, interglacial environment, Holsteinian, Finland, Lapland; 00225.
- nadir**
spectroradiometer, sunfleck, prairie, USA, Kansas; 06281.
- NADW production**
carbonate, Neogene, global cooling, productivity, dissolution, 00423.
- NADW production rate**
benthic foraminifera, stable isotope record, oxygen, carbon, Quaternary (late), Pacific, Ontong Java Plateau; 00189.
- Naeringselva Member**
sandstone, sedimentation, Barents Sea Group, deltaic sediment, Proterozoic, Norway, Varanger Peninsula; 02979.
- Naghat Formation**
Jaunsar Group, grain size, fine sediment, metamorphic rock, India, Himalayas, Kumaon Himalaya, Chakrata Hills; 06649.
- Nagri Formation**
Chinji Formation, Siwalik Group, fluvial evolution, Miocene, foredeep basin, Pakistan, Himalayas, Potwar Plateau, Chinji; 06731.
- NAH**
PAH, fossil fuel, particulate matter, nepheloid layer, continental shelf, France, Rhone River; 10699.
- Nakayama Formation**
burrow, mudstone, laminae, Neogene, sedimentary rhythm, Japan, Honshu, Sado Island, Oosado Mountains; 05445.
- name**
standard, Indonesia; 06207.
- name data**
data management, geographic name, 06206.
- Nanko**
volcanic ash, Pleistocene, tephrostratigraphy, Naruohama, Nishinomyia, Koshienhama, Japan, Honshu, Osaka Plain; 07883.
- Nannoconus**
Marnes bleues Formation, Cretaceous, diagenesis, periodite, limestone, France; 09290.
- nannofiltration**
micropollutant removal, water treatment, groundwater quality, membrane filtration, pesticide removal, Netherlands; 12312.
- nannofossil**
deep sea carbonate, goniometer, calcite, 10560. oxygen isotope stratigraphy, biostratigraphy, evolutionary event, Pliocene/Pleistocene, Atlantic, DSDP Site 607; ODP Site 677; 02753. photic zone, Florisphaera profunda, sapropel, Miocene, Mediterranean; 03004. strontium, calcite, recrystallization, interstitial water, Pacific, Ontong Java Plateau; 00309.
- nannofossil event**
Pliocene/Pleistocene boundary, sedimentation rate, calcareous nannofossil, biostratigraphy, ODP Leg 131, Pacific, Nankai Trough; 00191.
- nannoplankton**
Florisphaera profunda, Quaternary, piston core, turbidity change, seawater turbidity, Pacific, Ryukyu Trench; 05284.
- nannostructure**
apatite, phosphorite, ODP Leg 112, Peru, Peru Continental Margin; 11939.
- naphthalenamides**
particle, adsorbents, photo oxidation, 03605.
- naphthalene**
organic compound, gas purge method, 08220. organic contaminant, calcium-45, bacterial biomass, quinoline, 03165. solvent flushing, organic chemical, soil remediation, 14584.
- napropamide**
herbicide degradation, bacteria, biodegradation, 06922.
- Nara Formation**
seawater, Cretaceous, dolomitization, diagenesis, Jurassic, Tunisia; 14373.
- narrow band sensor**
spectroradiometer, subboreal vegetation, AVIRIS, 15187.
- narrow beam echo sounding**
renavigation, bathymetric data, Pacific, East Pacific Rise; 03681.
- Naruohama**
Nishinomyia, Koshienhama, Nanko, volcanic ash, Pleistocene, tephrostratigraphy, Japan, Honshu, Osaka Plain; 07883.
- NASA**
global environment, MTPE, remote sensing, anthropogenic impact, 06429.
- national atlas**
thematic mapping, geomorphological mapping, agrogeological mapping, land use, Hungary; 07511.
- national cartography**
mapping, cartography, history, Estonia; 15104.
- national economic policy**
water resource planning, water policy, agriculture, irrigation, Bangladesh; 03390.
- National Estuary Program**
environmental scientist, estuarine management, USA, California, San Francisco Bay; 01364.
- National Geodetic Network**
crustal deformation, GPS coordinate, Italy; Mediterranean; 13934.
- national high altitude photography**
linear scarp, alluvial fan, anticlinal structure, gravity data, USA, Nevada, Newark Valley; Railroad Valley; 03763.
- national information infrastructure**
geographic information, digital library, 13977.
- national inventory**
fossil fuel consumption, greenhouse gas emission, 06007.
- national LIS**
GIS, property data, data conversion, 08941.
- national mapping**
financing, economics, 15106.
- National Meteorological Center**
accuracy, prediction, forecasting model, medium range forecast, 13786. cyclone, forecast, aviation run, global spectral model, 04736. environmental prediction, forecasting, USA; 14930. hindcast, ocean temperature, El Nino, thermocline, Pacific; USA; 04654. multiseason, climate, forecast system, 14932. nested grid model, resolution impact, 00917. Newtonian relaxation, data assimilation, continuous data assimilation, 11207. rawinsonde observation, human error, operational, hydrostatic quality control, 04734. sea level, cyclone, forecast, nested grid model, global spectral model, 04733.
- national park**
image interpretation, environmental monitoring, multitemporal monitoring, Austria; 07597.
- national river watch**
water resource, river, community involvement, environmental management, UK; 00808.
- National Science Foundation**
polar information, Arctic; Antarctica; 07725.
- national standard**
standardisation, spatial data, 08802.
- National Weather Service**
forecast, collaborative research, USA; 02120.
- National Wetland Inventory**
satellite imagery, coastal land cover, classification system, NOAA, Coast-watch Change Analysis Project, 02579.
- nationalism**
meridian, longitude, USA, District of Columbia, Washington; 02438.
- Native American**
aboriginal landscape, history of cartography, 11441.
- native vegetation**
evapotranspiration, salinisation, land-atmosphere interaction, semiarid region, Australia; 03492.
- NATMAP**
geoscience, data management, mapping program, Canada; 12719.
- NATO advanced workshop**
middle atmosphere, lower atmosphere, coupling process, 09876.
- Natraquall**
alkaline soil, soil water movement, cattle trampling, preferential flow path, Natraquall, Argentina, Pampa; 13410. grazing, grassland soil, soil physical property, soil amelioration, Argentina, Pampa; 14555. soil salinisation, grazing, calcium carbonate, lime precipitation, Argentina, Pampa; 04377.
- Natraquoll**
aggregate stability, macroporosity, soil water content, porosity, cattle trampling, Argentina, Pampa; 13398. Natraquall, alkaline soil, soil water movement, cattle trampling, preferential flow path, Argentina, Pampa; 13410.
- Natrargid**
Calciorthid, Haplargid, soil crust, soil micromorphology, vesicular layer, arid

- soil, Argentina, Patagonia; 09510. soil salinisation, leaching, evapotranspiration, slickspot, Haploxeralf, USA, California, Central, Coast Range, Carrizo Plain; 01817.
- Naturstallf**
soil permeability, hydraulic conductivity, saline/sodic soil, gypsum, Pakistan, Lahore; 14568. soil structure, aggregate slaking, dispersion class, soil cracking, 14558.
- natural artefact**
climate transition, carbon dioxide, measurement, ice core, Greenland; 04134.
- natural barrier**
wage flow, landslide, erosion, Tadjikistan, Sarezskoe Lake; 14130.
- natural beach**
reclamation fill, rocky shore, shoreline management, artificial shore, marina, France, Riviera; 10383.
- natural bioremediation**
active remediation, Amoco Oil Company, hydrocarbon impacted site, pollution plume, USA, Florida; 02598.
- natural disaster**
disaster, map, Japan, Yokohama, Kanagawa Prefecture; 12866. satellite data, volcanic activity, lava dome, pyroclastic flow, Japan, Kyushu, Shimabara Peninsula, Unzendake Volcano; 10185. showa-36 disaster, debris flow, mass movement, Japan, Honshu, Ina Valley; 09129. slope failure, weathered granite, landslide, debris flow, land use, Thailand; 10419. waterfront zone, earthquake, typhoon, reclaimed land, Japan; 09024.
- Natural Disaster Reduction**
earthquake, liquefaction potential, geotechnical engineering, seminar, soil dynamic, 09087.
- natural environment**
forest, fluvial sedimentary basin, Quaternary, South America, Amazonian Basin; 11803. geography textbook, ecology, landform, man, 03855.
- natural fibre**
geosynthetic, Coir, reinforced sand, liquefaction potential, triaxial testing system, 09095.
- natural gas**
fine particle emission, organic aerosol, PAH, aerosol, 08726. postglacial carbon dioxide, hydrocarbon pump, geological methane, clathrate, 02584.
- natural gas pipeline**
database, contract indexing, grey literature, 07722.
- natural grassland**
conservation database, plant biomass, grassland map, Landsat TM, USA, Kansas; 01226.
- natural hazard**
catastrophic process, tsunamis, marine erosion, coast, 03938. climate change, ozone depletion, acid rain, greenhouse gas, 12880. flood damage, soil erosion, Gabon, Ogooue River; 00632. neotectonics, geomorphology, fault zone, earthquake, China, Dalian; 05207. risk evaluation, avalanche, landslide, Italy, Veltlin, Val Pola; Switzerland, Matter, Randa; Switzerland, Alps; 09020. structural geology, landslide risk, seismic risk, volcanic risk, Peru, Arequipa, Colca Valley; 08862. volcanism, earthquake, ice fall, jokulhlaup, avalanche, Switzerland, Alps; Iceland; 06439.
- natural hazard probability**
data integration, fuzzy set, GIS, 03700.
- natural landscape**
landform, bog, glacial lake, glacial drift, landscape history, USA, Minnesota, Clearwater County, Elk Lake; 02769.
- natural language**
GIS, computer interface, 06186. GIS, user interface, fuzzy query, 13968.
- natural object**
calibration, remote sensing, spectrophotometry, 04841.
- natural object simulation**
hydrochemical analysis, groundwater, multivariate analysis, classification method, 10346.
- natural oil seepage**
surface slick, Landsat TM imagery, chemosynthetic organism, Gulf of Mexico; 07616.
- natural organic matter**
picolinate ester hydrolysis, oxide/water interface, organic matter, pollutant hydrolysis, surface catalyzed hydrolysis, 09709.
- natural perturbation**
anthropogenic impact, palaeolimnology, lake sediment, lake water chemistry, 06982.
- natural process parameter**
distribution law, 02649.
- natural resource**
agriculture, human settlement, surveying, environment, remote sensing, India; 01066. archaeology, Pleistocene, Holocene, ecosystem management, palaeoecology, Bolivia, High Andes, Lauca National Park; 01749. geostatistics, environment, hydrology, soil science, 00003. GIS, land use, Africa; 01228. GPS, GIS, integration, 06249.
- natural resource dynamics**
Altiplano, aridity, permafrost, groundwater recharge, climate change, Chile, Atacama Andes; 01488.
- natural resource inventory**
aquifer, water pollution, geomorphology, remote sensing, environmental management, India, Rajasthan; 00006.
- natural resource management**
airborne laser altimeter, topography, vegetation canopy, landscape management, gully, USA, Texas; Arizona; 07566.
- natural science**
anthropogenic process, interdisciplinary research, social science, global change, 10277.
- natural source**
lead, aluminium, aeolian transport, anthropogenic source, surface water, Atlantic; 08541.
- natural tracer**
river water quality, particulate transport, solute transport, snowmelt, tracer, 08375.
- natural variability**
climatology, general circulation model, hydrological cycle, 11173. global warming, coupled ocean-atmosphere-land system, model assessment, 12552.
- natural water**
anthropogenic component, denudation calculation, karst denudation, ion flow, Russian Federation, Menzen' Plain; 00153.
- natural wetland**
methane flux, seasonal variation, rice paddy, Japan, Ryugasaki; 11615.
- nature conservation**
bog, wetlands, agricultural water management, ecological effect, land drainage, Netherlands, Groote Peel Bog; 14776. ecological information system, aerial photography, environmental impact assessment, Hong Kong; 08902. groundwater management, water management, vegetation, hydro-ecological model, Netherlands; 13641.
- Naturgemalde**
Kosmos, physical geography, von Humboldt, A, 02662.
- Nautical Almanac**
sextant correction, position line, celestial navigation, fix computation, 11398.
- nautical chart**
hydrographic data, data exchange, German hydrographic service, ECDIS, Germany; Baltic Sea; North Sea; 01118. surveying, charting (19th century), coastal zone, New Guinea; 04908.
- nautical depth**
isotope probe, echosounding, 01117.
- nautical instrument**
instrument, surveying instrument, Canada; 10126.
- Navajo Sandstone**
Jurassic, Kayenta Formation, arid climate, erg, reservoir, USA, Arizona; 02948.
- naval biodynamics**
photogrammetry, 06117.
- Navier-Stokes equation**
finite volume method, turbulence, non orthogonal grid, coordinate transformation, 07274. jump transition, hysteresis, swirling jet, tornado, 07284. sedimentation, channel, Reynolds number, 10666. validation test, nonhydrostatic numerical model, numerical flow model, 06412.
- navigation**
armed forces, GPS, New Zealand; 08963. AVHRR, satellite, orbit information, ground control point, 02381. bedload, sand wave, sediment transport, estuary, tidal channel, China, Changjiang Estuary; 09393. channel, river bed, reservoir, backwater, flow dynamics, China, Yangtze River, Three-Gorge Reservoir; 13300. civil aviation, air traffic management, Europe; 07464. FANS, airways, 10043. fleet management, GPS, vehicle location, Canada, Alberta, Calgary; 05039. geodesy, navigation, inverse geodetic problem, 10066. GPS, 02377. GPS, gyrocompass, 08779. GPS, position determination, spacecraft, 01097. inverse geodetic problem, navigation, geodesy, 10066. map display, GPS, photogrammetry, 06121. precision positioning, geodetic method, GPS, 07462. society, route, navigate, knowledge, 10129. surveying, Japan, Amur Lagoon; 12850. vehicle, highway, GPS, IVHS, 05037.
- navigation satellite**
GNSS, maritime, UK; Ireland; 15052.
- navigator**
Cook, J., longitude, astronomer, Canada, British Columbia, Nootka; 10117. philosophy, history, 04829.
- navy operational**
cyclone circulation, tropical cyclone, forecasting skill, Pacific; 04731.
- NCAR**
climate model, heating field, thermal forcing, atmospheric tide, cloudiness, 14898.
- NCAR CCM**
solar constant, negative feedback, land fraction, solar forcing, general circulation, 00078.
- NC SOIL**
carbon, nitrogen, organic matter, human, 13330. human, nitrogen, carbon, organic matter, 13329.
- NCSWAP**
LEACHM, nitrate leaching, Hapludalf, USA, Pennsylvania; 13334.
- ND DVI**
AVHRR, surface temperature, air temperature, 10204.
- NDVI**
agricultural statistics, wheat yield, Italy, Emilia Romagna; 02507. anthropogenic disturbance, airborne radiometry, Arctic tundra, USA, Alaska, Brooks Range; 01211. AVHRR, range management, 03788. AVHRR, temporal interpolation, yield assessment, crop monitoring, Burkina Faso; 01207. AVHRR, wildfire, forest fire boundary, USA, Alaska; 01216. calibration correction coefficient, reflective cloud, on flight calibration, AVHRR, 07433. canopy resistance theory, remote sensing, evapotranspiration, Denmark, Jutland, Viborg; 14026. classification, Mediterranean; 12796. desertification, vegetation cover, surface albedo, Mali, Ansongo; 07561. discontinuous, radiative transfer model, semiarid vegetation, viewing off nadir, 07570. drought monitoring, semiarid tropics, AVHRR, Brazil; 14030. drought, software, India, Karnataka State; 10216. dry heath, wet sedge, Arctic, tundra vegetation, hillslope transect, USA, Alaska, Brooks Range; 07576. error, AVHRR, sensor degradation, 02504. forest, mapping, vegetation, 06268. global change research, irrigation, industrial land use, agroecological zone, AVHRR, India; 08893. GVI, soil background, 06243. GVI, vegetation index, biomass, rangeland, 06262. landscape trajectory, Landsat TM, radiometric rectification, 07556. leaf angle, tallgrass canopy, 03789. maximum likelihood classifier, Landsat TM, desert locust, locust biotope, Africa; 11530. monitoring, crop forecasting, Niger, Sahel; 12802. neural network, principal components analysis, multispectral imaging, 11408. photosynthetic biomass, tussock tundra, Arctic vegetation, 03791. power plant, vegetation stress, aerial photography, image processing algorithm, 14021. rainfall, vegetation type, Africa, (East); 07567. semiarid rangeland, vegetation index, green biomass, 03790. shrub steppe, principal components analysis, AVHRR, grass steppe, Argentina, Andes, Patagonia; 01208. soil moisture model, surface soil moisture, remote sensing, vegetation response, USA, Arizona, Phoenix; Botswana; 00731. sugar maple, insect damage, 01212. surface albedo, surface temperature, soil moisture, 07568. surface, environmental variable, Canada; 06247. thermal front, cloud detection, numerical weather prediction, sea surface temperature, 11470. TM, sampling design, scale, savanna woodland, USA, California; 02510. toxicity

- index, rice, heavy metal concentration, Spain, Valencia, Albufera Natural Park; 14016. understorey vegetation, forest ecosystem, leaf area, canopy closure, 07578. vegetation index, nonlinear modelling, ground, plant cover, 12792. water stress, canopy water deficit, rice, 03796. wheat yield, ear water concentration, SPOT, 07589.
- near bedflow**
classification system, bedflow regime, channel flow, stream ecology, 04447.
- near infrared**
ice, water, optical constant, refractive index, 08506.
- near infrared reflectance spectroscopy**
soil respiration, spectroscopy, microbial activity, forest soil, 10742.
- near infrared spectrum**
suspended matter, coast, visible spectrum, Baltic Sea; 06299.
- near IR spectroscopy**
seawater salinity, isosbestic point, 07619.
- near surface specific humidity**
atmospheric water vapour, global ocean, evaporation estimate, water vapour, 01245.
- near ultraviolet**
visible wavelength, absorption spectroscopy, radiative transfer, scattering model, twilight sky, 00836.
- nearest neighbour method**
soil classification, water retention curve, spatial interpolation, kriging, 14483.
- nearshore**
beach, survey data, CERC field research facility, USA, North Carolina, Duck; 03968.
- nearshore berm**
wave breaking, beach building, feeder berm, wave attenuation, USA, Alabama, Mobile; California, Silver Strand Park; 00095.
- nearshore process**
beach, environmental hazard, coastal erosion, instability, 01361.
- nearshore processes**
sidescan sonar, beach, 04942.
- nearshore sediment**
sedimentation, resuspension, estuary, silting, dredging, Baltic Sea; North Sea, Kattegat; 06743.
- nearshore zone**
breaker type, laboratory experiment, bar, wave breaking, 11963. suspended sediment, surf zone, breaker, wave, USA, North Carolina, Duck; 10574.
- neerimuss**
organic matter, productivity, degradation, mineralization, biopolymer, Pacific, Peru Margin; 01667.
- needle ice**
geomorphological process, frost process, frost heave, Poland, Sowie Mts; 05332. sediment mobilisation, bank erosion, river bank, UK, Wales, West Glamorgan, Ilston River; 05825.
- needle litter**
fluorescence spectroscopy, humification, aluminium complexation, 08112. lignin, organic matter, litter decomposition, pine, 04354. litter decomposition, pine, decomposition, 08138.
- neem cake**
nitrification, urea, ammonium, nitrification inhibitor, dicyandiamide, 00550.
- negative charge**
pH, acidic soil, aluminium, surface charge, 00589. precipitation, thunderstorm, charge density, 04598. surface charge, pH, acidic soil, clay fraction, 00588.
- negative feedback**
greenhouse warming, atmospheric carbon dioxide, temperature dependence, silicate weathering, USA, North Carolina, Blue Ridge Mountains; 06444. land fraction, solar forcing, general circulation, NCAR CCM, solar constant, 00078.
- negative ion**
two dimensional model, ion composition, stratosphere, 04594.
- negative relief**
wrinkle ridge, kinematics, plain, principal compression, Venus; 06493.
- negative skin friction**
consolidation settlement, pile group, 06508.
- negative temperature**
liquid phase, ice phase, cloud ice, stratiform cloud, 08598.
- negatively buoyant**
line plume, ice cap, density interface, crack opening, laboratory experiment, 12463.
- negatively charged particle**
catalytic cycle, electron, ozone destruction, stratosphere, 11272.
- neighbourhood**
generalisation, Voronoi diagram, GIS, 12688.
- Nemona Glaciation**
Last Glaciation, Mangaroa drillhole, tephra, pollen analysis, spores, New Zealand, North Island, Hutt Valley, Mangaroa Valley; 11823.
- neodymium**
phosphorite, Miocene, continental margin, strontium, USA, North Carolina Continental Shelf; 10649. samarium, dysprosium, lake sediment, ground-water discharge, rare earth element, playa lake, Australia, Western Australia, Yilgarn Block, Gilmore Lake; 14624.
- Neogene**
bentonite, saponite, authigenesis, lacustrine deposit, Madrid Basin, Spain, Toledo, Yuncos; 04206. Cainozoic (late), Quaternary, brittle, continental deformation, stress tensor, Turkey, Anatolia; 02700. dinoflagellate, biostratigraphy, Sumatradinium, Barssidinium, Erymnodinium, Canada; 14236. factor analysis, sea surface temperature, palaeoceanography, climate reconstruction, Pacific; 14222. global cooling, productivity, dissolution, NADW production, carbonate, 00423. illite, carbonate platform, climate change, clay mineralogy, aridity, Australia, Queensland Continental Margin, Queensland Trough; 09350. Pakhna Formation, tectonic evolution, Miocene, subduction, carbonate, Cyprus; 01721. sedimentary rhythm, Nakayama Formation, burrow, mudstone, laminae, Japan, Honshu, Sado Island, Oosado Mountains; 05445. sepiolite, Madrid Basin, texture, paleosol, clay, Spain, Madrid; 04219. siderite, organic matter, porewater enrichment, nutrient, chalk, Black Sea; 09305. smectite, basin, vitrinite reflectance, illite, Hungary, Pannonian Basin; 10612. stratigraphy, Miocene, Pliocene, climathem, climate cyclicity, Europe; 00172.
- Neoglacial**
Holocene emergence, Quaternary geology, glacial history, Eclipse glaciation, relative age, Canada, Northwest Territories, Bylot Island; 02789.
- Neoglacial advance**
Little Ice Age, Holocene, moraine chronology, lichenometric evidence, Svalbard, Spitsbergen; 01520.
- neoglacial maxima**
calving dynamics, ice field, ELA, glacier retreat, mass balance, South America, Patagonia; 07937.
- Neolithic**
fulgurite, palaeoenvironmental significance, lightning, climate change, paleosol, Niger, Sahara; 01527. radiocarbon, calendar date, conversion, Bronze Age, Iron Age, 01455. settlement site, radiocarbon chronology, Mesolithic, Estonia; Latvia; 10513. vegetation, anthropogenic impact, pollen evidence, France, Jura, Chalais Lake; 11836. water well, underwater archaeology, Holocene, palaeoenvironmental implication, Israel, Atlit-Yam; 04071.
- Neolithic culture**
stable carbon isotope, pottery, Holocene, chronological data, climate change, Mali, Sahara; 04067.
- neomorphism**
dolomitization, Permian, Raburi Limestone, carbonate, micritization, Thailand; 05380.
- neon**
subduction, interplanetary dust, deep sea sediment, helium, Pacific; 09329.
- neon-21**
flood, boulder, scour feature, cosmogenic helium-3, USA, Idaho, Snake River Plain, Big Lost River; 10472.
- Neoproterozoic**
ooid, water velocity, carbonate, 05460.
- neotechnics**
focal mechanism, tectonics, seismicity, earthquake, seismic gap, USA, California; White Mountains; Nevada, White Mountains; 05192.
- neotectonic activity**
geomorphological evolution, salt lake, well section, palaeoclimate, India, Rajasthan, Churu District, Talchappar Salt Lake; 05295. megafan, soil development, sedimentation rate, geomorphology, India, Ganges Plain, Gandak Megafan; 10403. strike/slip fault, movement rate, geodesy, crustal movement, Turkey; 10402.
- neotectonic behaviour**
basin formation, Quaternary tectonics, strike/slip fault, landscape response, Spain, Betic Cordillera; 03981.
- neotectonic deformation**
stress, uplift, convection cell, heat flow, stress field, Poland, Carpathian-Pannonian Region; Hungary, Carpathian-Pannonian Region; Slovakia, Carpathian-Pannonian Region; 03982.
- neotectonic elevation**
terrace system, valley cutting, geomorphology, Czech Republic, Doupov Mountains, Ohre River; 05150.
- neotectonic feature**
Chaman Fault, strike/slip fault, transform zone, displacement, Pakistan, Himalaya; Afghanistan; 01398. seismofacies, high resolution, seismic profile, glacial basin, Switzerland, Ecoteaux; Arcuse Delta; 02800.
- neotectonic geomorphology**
mountain slope, metric camera photography, digital elevation modelling, Spain, Sierra Nevada; 08859.
- neotectonic history**
sea level data, salt marsh peat, seismic activity, radiocarbon date, USA, Maine; 01392.
- neotectonic influence**
mudflat, aridity, coastal morphology, progradation, cusped foreland complex, India, Kachchh; Arabian Sea, Kachchh Coast; 07764.
- neotectonic region**
river migration, tilt block tectonics, Quaternary, drainage basin symmetry, USA, Mississippi Embayment; 11687.
- neotectonic uplift**
slip rate, right lateral fault, Talas-Fergana fault, Quaternary, Holocene motion, Asia, (Central); China; Kirghizstan; 01400.
- neotectonics**
beach rock, Holocene, shoreline change, Vermetid, Syria; 10386. bioindicator, Holocene, seismicity, Mediterranean; 13123. crustal thickness, dislocation, structural zone, Russian Federation, Lower Amur Region; 09074. deformation, planation surface, Pliocene/Pleistocene, structural geology, France, Massif Central, Limousin; 07785. deformation, seismic activity, fault plane solution, Romania, Vrancea Region; 05200. drainage network, summit level, map analysis, morphostructural study, DTM, France; 01394. drainage pattern, joint orientation, South Africa, Orange Free State, Vredefort Dome; 01396. eustasy, sea level rise, tide gauge, tectonic movement, glacial unloading, 07782. fault scarp, glacial erosion, fault, moraine, Italy, Apennines; 10496. fault scarp, landslide, Italy, Apennines, Lazio-Abruzzi Apennines; 06480. fault scarp, slip rate, palaeoseismicity, USA, Idaho; Utah; USA, Wyoming; 06476. fault, Pliocene/Pleistocene, extension, tectonics, Albania, Korca-Pogradeci Area; 05199. geodynamics, remote sensing data, data interpretation, Bulgaria; 07546. geomorphology, fault zone, earthquake, natural hazard, China, Dalian; 05207. graben, deposit morphology, Quaternary, travertine, Turkey, Pamukkale; 07992. Holocene, geodynamics, subsidence rate, Slovakia; 11688. Holocene, lengthening, distension, Djibouti, Afar; 11690. Holocene, relief, Quaternary (late), orogeny, morphotectonic activity, China, Tian-Shan; Tadjikistan, Pamirs; 05204. hydraulic pressure, vertical displacement, dam, Germany, Upper Silesia; 15139. inland basin, hydrology, Quaternary basin, China, Gobi Desert; 11683. lake sediment, marsh sediment, subaerial exposure, Quaternary, paludal sediment, Croatia, Zagreb, Precko; 00227. littoral spit, marine transgression, sea level change, shoreline, Holocene, Persian Gulf; United Arab Emirates, Umm Al-Qowayn Lagoon; 06607. marshland, regional deformation, sea level fluctuation, sedimentation, Iraq, Mesopotamia, Ahwar; Iran, Mesopotamia, Ahwar; 05203. mass movement, landslide, fault gouge, Venezuela, Andes, Buena Vista; 13004. mass movement, loess,

- earthquake, landslide, China, Gansu Province; 05206. meander belt, fluvial network, morphostructure, wetlands, palaeodrainage, Peru, Amazon Basin; 12981. morphostructural analysis, caldera, polygenic volcano, Tertiary volcano, volcanic landform, Slovakia, Polana Mountains; 11672. morphostructural criteria, geomorphological map, Slovakia; 01382. morphostructural element, submerged coastline, Pleistocene, coastal morphology, Italy, Golfo di Policastro; 05322. normal fault, geophysical survey, transverse extensive tectonics, uplift, vertical displacement, France, Alps, Gresivaudan Valley; 11689. Paringa Formation, Alpine Fault zone, Quaternary, uplift rate, tilting, New Zealand, South Island, Westland, Paringa; 11695. planation surface, uplift, piedmont, geomorphology, Italy, Apennines, Umbria; 07789. plate boundary, earthquake occurrence, seismicity, glaciostasy, regional geomorphology, Canada; 01389. plate motion, earthquake, tsunami, volcanism, alpine orogenesis, tectonic evolution, Greece; 14175. Pliocene, Quaternary, morphostructural analysis, France, Alpes-Maritimes, Var Basin; 07787. Quaternary, coastal sedimentation, subalpine arc, marine terrace, France, Alpes-Maritimes, Nice; 00265. Quaternary, salt lake, lacustrine terrace, salt deposition, China, Qaidam Basin; 06581. rift system, earthquake belt, transtensional fault, strike/slip fault, seismicity, China, Shanxi; 01399. river capture, levelling, vertical movement, Eemian sediment, France, Alps, Isere River Valley; 06478. rockfall, landslide, climate change, geomorphological process, landform, Czech Republic, Policka vrchovina Highland; 10391. stratigraphy, clastic dyke, anticlinal structure, Tertiary, Quaternary, Poland, Kleszczow Graben; 12969. stress, pop up, earthquake region, intraplate seismicity, seismic hazard, North America, (East); 05194. subduction, Philippine Sea Plate, Median Tectonic Line, structural geology, Japan; 14176. tide gauge, sea level rise, delta, China, Zhujiang River; 03985. till, ice sheet, glacial deposit, Pleistocene, Estonia; Latvia; Lithuania; 04098. transverse fault, accumulation, subsidence rate, Holocene, Middle East, Dead Sea; 01681. uplift rate, marine terrace, vertical crustal movement, volcanic island, Taiwan, Luta; 00145.
- neotropics**
fog frequency, cloud forest, forest, fog water, Venezuela, Distrito Federal, El Avila Parque Nacional; Miranda State, Altos de Pipe; 11277. forest, GIS, canopy gap, 06286.
- Nepotash deposit**
Cambrian, carbonate, salt accumulation, isotope, Russian Federation, Lower Tunguska River, Nep; 02947.
- Nephanalysis dataset**
satellite archive, cloudiness, Australia; 02278.
- nepheloid layer**
bacteria, particulate organic matter, lake biochemistry, biodegradation, mineralization, North America, Great Lakes, Lake Superior; 05691. bottom sediment, accumulation rate, sediment transport, resuspension, North Sea, Skagerrak; 00301. continental shelf, NAH, PAH, fossil fuel, particulate matter, France, Rhone River; 10699. Curie Point pyrolysis, suspended matter, coastal water, colloid, flocculation, France, Rhone River; 08028. delta, pyrolysis, suspended particle, Curie point pyrolysis, France, Gulf of Fos; Rhone Delta; 03040. estuary, oceanic flux, sediment load, sedimentation, China, Bohai Sea, Yellow River; 06742. EUMELI project, particle load, JGOFS-France program, carbon isotope, productivity, water column, Atlantic; 05398. filtration, colloid, reactivity, zirconium, aluminium, France, Rhone Delta; 10565. particulate matter, resuspension, seafloor, benthic storm, Atlantic, (South), Argentine Basin; 00438. phenol, terrestrial input, organic matter, suspended material, France, Rhone Delta; 02977. seafloor, phytoplankton bloom, particulate organic carbon, suspended matter, Canada, Nova Scotia, Bedford Basin; 10644. sediment transport, resuspension, continental margin, suspended matter, submarine canyon, Mediterranean Sea, Golfe du Lion, Grand-Rhone Canyon; 10579. sediment/water interface, deep sea sediment, macrobenthos, bioturbation, Pacific; 09364.
- nephelometer**
scattering coefficient, aerosol dilution, calibration, halocarbon, 13648.
- Neptune**
nitrile compound, atmosphere, Titan, 07352.
- nested analysis**
dropwindsonde, Doppler radar data, kinematic structure, Hurricane Gloria (1985), 07219.
- nested grid**
Long's stationary solution, downslope, windstorm flow, 02247.
- nested grid model**
boundary layer, monsoon, regional scale, 13755. global spectral model, National Meteorological Center, sea level, cyclone, forecast, 04733. parameterisation, mesoscale model, cloud, nonhydrostatic model, 05968. resolution impact, National Meteorological Center, 00917.
- nested model**
ARES plot, linear model, dynamic graphics, regression, 09009. climate response, sea surface temperature, Africa, Sahel; 09814.
- nested simulation**
general circulation model, January climate, nested simulations, limited area grid point model, Australia; 11213.
- nested simulations**
limited area grid point model, nested simulation, general circulation model, January climate, Australia; 11213.
- net accumulation rate**
precipitation, firm core, ice cap, stable isotope composition, Chile, Patagonian Ice Cap; Argentina, Patagonian Ice Cap; 06626. undulating topography, ice sheet, AVHRR imagery, albedo, katabatic wind, Antarctica, East Antarctic; 02843.
- net adjustment**
Minimax, parameter estimation, geodesy, 04857.
- net mass balance**
ice plain, GIS, Antarctica; 10235.
- net primary productivity**
incident solar radiation, radiation absorption efficiency, organic dry matter, tropical rain forest, 14027.
- net radiation**
aerodynamic resistance, canopy resistance, digital terrain analysis, Penman-Monteith equation, spatial distribution, evaporation, 08300. surface energy balance, vegetation index, soil heat flux, 11517.
- net solar radiation**
satellite measurement, tower observation, solar flux, parameterisation, surface, 07172.
- network adjustment**
error analysis, survey technique, 01102. satellite geodesy, GPS, geoid height, 03671.
- network algorithm**
population evacuation, GIS, operational research, 08936.
- network analysis**
multimedia, road management, USA, Wyoming Park, Yellowstone Park, Grand Teton; 05038. water quality management, water supply, modelling, water distribution, UK; 09776.
- network data**
reliability analysis, GIS, Canada, Manitoba, Winnipeg; 06325.
- network densification**
GPS, mathematical adjustment model, 08771.
- network design**
comparative study, WMO, generalised least squares, streamflow, hydrological network, New Zealand, North Island; South Island, Nelson; 00646. groundwater flow, groundwater monitoring, monitoring network, groundwater quality, optimisation method, 05814. groundwater monitoring, well density, sampling well, groundwater quality, 07091. optimisation, water distribution network, tree solution, pipe hydraulics, water management, 03402. raingauge network, principal components analysis, rainfall, Uganda; 10886.
- network geometry**
graph theory, interfluvial pattern, drainage basin, ridge pattern, channel path, USA, Kentucky, Cumberland Plateau; California, San Gabriel Mountains; 03952.
- network information**
GIS, sewage, Sweden, Gothenburg; 06324.
- network method**
precipitation observation, raingauge, 00827.
- network result**
regional acid deposition model, rural monitoring site, particle, sulphate, sulphur dioxide, 12632.
- network security**
data storage, data security, 11359.
- network site**
collocated sampler, deposition, precipitation chemistry, quality assurance, wet deposition, 13849.
- network structure**
digital topography, public utility, maintenance management information system, Netherlands, Amsterdam; 11576.
- network theory**
pore scale model, percolation theory, multiphase flow, capillary pressure-saturation relationship, 03345.
- networked GIS**
GIS, government, state government, USA, Kentucky; North Carolina; 12842. government, GIS, land use, USA, Florida, Lee County; 12843.
- neural kriging**
aquifer property, geohydrology, hydraulic conductivity, groundwater flow, artificial neural network, 14721.
- neural network**
AVHRR, inventory, ocean, cloud, 15119. back propagation model, loess, porosity, China, Luochuan; 10739. classification, feature extraction, 07475. classification, multisource data, very high dimensional, 06145. crop mapping, classification accuracy, SAR, discriminant analysis, 14036. Earth rotation, 06132. earthquake, back propagation, pattern recognition, liquefaction potential, 10416. edge, linear feature, satellite imagery, 12691. forest, ecological classification, 06271. GIS, spatial decision making, artificial intelligence, 01143. image analysis, GIS, 08791. industrial area, complex terrain, monitoring system, prediction, sulphur dioxide, 06071. KL transformation, AVHRR, 11485. land cover classification, data integration, 10251. principal components analysis, multispectral imaging, NDVI, 11408. quantification, texture, vision, 10080. retrieval, atmospheric variable, satellite, vertical sounding, 07170. wind retrieval, brightness temperature, SSM/I, ocean surface, 11475.
- neural network classifier**
image segmentation, colour image, map image analysis, 11413.
- neural stratification**
closure assumption, turbulence, boundary layer, single point closure, 08539.
- neural vector**
self adjoint operator, attractor, planetary scale flow, flow regime, 00950.
- neutrally buoyant flow**
surface layer flow, turbulence, closure model, 05938.
- neutron activation**
cement factory, multi element analysis, dust particulate, 12616.
- neutron activation analysis**
groundwater contamination, factor analysis, chemical mass balance, contaminant source, trace metal, 14734. ice core, trace element, basal ice, Greenland, Dye-3; 07826. particulate, metropolitan city, dust sample, India; 12606. trace element, mining, contaminant, mercury, dam sediment, Mexico, Zacatecas, La Zacatecana Dam; 13295. X-ray fluorescence, ferromanganese concretion, Japan, Lake Biwa; 09306.
- neutron moisture meter**
gamma density gauge, Boralf, bulk density, coarse fragment content, soil water content, 01778. lysimeter, evapotranspiration, canopy storage, soil evaporation, interception, time domain reflectometry, Australia, New South Wales, Wagga Wagga; 12197. soil water content, moisture meter, comparative study, Australia, Victoria; 00485.
- neutron probe**
bootstrapping, temporal stability analysis, water content measurement, soil plot size, 09433. savanna soil, soil water measurement, tillage, Haplustalf, 05522.
- neutronic method**
infiltration, soil water content, gravimetric method, ferrallitic soil, Ivory Coast, Kossou Lakeside; 14486.

- new chemical substance**
modelling, risk assessment, uncertainty analysis, safety margin, Netherlands; 07696.
- new ice**
marginal ice zone, gravity wave imagery, ice thickness, SAR, Greenland Sea; 11557.
- New River Formation**
Beckley bed, mining, coal, peat deposition, USA, West Virginia; 09281.
- new town**
spatial data handling, Netherlands, Flevoland, Almere; 08959.
- Newland Formation**
storm deposit, palaeocurrent pattern, shale, Proterozoic, magnetic susceptibility, USA, Montana, Big Belt Mountains; 04176.
- newspaper**
map design, monochrome cartography, 11450.
- newsprint**
poultry litter, Hapludult, decomposition, organic matter, element concentration, 08142.
- Newton method**
Lagrangian method, grid method, reservoir capacity, numerical method, cubic spline method, 04464.
- Newton-Raphson optimization**
time series estimation, ARMA process, filtering algorithm, maximum likelihood estimate, 07716.
- Newtonian relaxation**
data assimilation, continuous data assimilation, National Meteorological Center, 11207.
- NEKRAD program**
weather radar, overview, radar, USA; 03408. weather surveillance radar, Radar, USA; 08487.
- Ngarino Terrace**
tephra, vegetation history, climate history, oxygen isotope stage 5, pollen, New Zealand, North Island, Taranaki, Hawera; 02788.
- Ngaterian**
stratification, Warder Formation, sedimentation, palaeohydrology, Cretaceous, New Zealand, North Island, Marlborough, Clarence Valley; 02958.
- nickel**
cobalt, trace metal, precipitation chemistry, atmospheric deposition, chemical speciation, Mediterranean Sea; 06950. copper, metal, salinity, metal complexation, estuary, 05385. deep sea retrieval, hydraulic pump, mining, nodule, 03044. lake sediment, heavy metal, mercury, lead, cadmium, Norway; 00457.
- nickel boride**
sulphur, geomacromolecule, desulphurisation, 02868.
- nickel exploration**
gold, granite/greenstone terrain, geological mapping, South Africa, Transvaal, Murchison Range; Sutherland ranges; 08865.
- nickel pollution**
geocumulative index, reservoir water quality, enrichment coefficient, Poland, Goczałkowice Reservoir; 13557.
- Niederterrassen**
floodplain, Holocene, terrace, fluvial activity, Germany, Isar River; Danube River; Germany, Weser River; Germany, Main River; Germany, Rhine River; 06455.
- night time**
cloud detection, AVHRR/HRPT, algorithm, Japan; 10155. dimethyl sulphide, peroxy radical, 14990. environmental conditions, mesoscale convective complex, 00978. model, lifted temperature minimum, clear sky, temperature inversion, 04624. Northern Hemisphere, column abundance, nitrate, low latitude, 11304. ocean analysis, MSMR method, cloud retrieval, 13765. oxidation, dimethylsulphide, nitrate radical, 14991.
- nightglow emission**
mesosphere, quasi biennial oscillation, solar cycle, temperature, 13692.
- Nihewan Formation**
palaeoenvironment, filamentous algae, stromatolite, China, Hebei Province, Nihewan Basin; 13077.
- nilas**
radar backscatter, thin sea ice, pancake/slush ice, Arctic; 14086.
- Nile sediment**
continental slope process, Pliocene/Quaternary, tectonic uplift, halokinetic rotational slumping, Canyon incision, Mediterranean Sea, Israel Continental Slope; Lebanon Continental Slope; 00183. Gezira, delta, Holocene, Pleistocene (late), comparative study, Egypt, Nile Delta; 00268.
- Nile tilapia**
nutrient dynamics, phytoplankton, orthophosphate, phosphorus, ammonia, 12240.
- Nimar Sandstone**
quartz, dissolution, porewater, Cretaceous, cementation, India, Gujarat; 13223.
- Nimbus**
earth radiation budget (1975-1992), solar irradiance, radiation, 00834. Earth radiation budget, ocean, ozone hole, primary productivity, 01069.
- Nimbus 7**
CZCS, pigment content, primary production, remote sensing, chlorophyll, Canada, Newfoundland, Grand Banks; 10229. infrared radiometer, temperature, surface temperature, polar region, Antarctica; Arctic; 13699. monsoon, rainfall data, Indian Ocean; 02297.
- Nimbus 7 data**
outgoing longwave radiation, Caspian Sea; 05879.
- Nimbus 7 satellite**
satellite, passive microwave, sea ice, Scanning Multichannel Microwave Radiometer, Arctic Ocean; Southern Ocean; 02831.
- Nimbus 7 SBUV data**
stratosphere, altitude dependence, ozone trend, 09970.
- ninhydrin-positive compound**
fumigation, biochemical method, microbial biomass, substrate-induced respiration, Australia, Western Australia; 10756.
- niobidium**
lead, Chelmsford Formation, orogenesis, provenance, Proterozoic, Canada, Ontario, Sudbury Basin; 13252. lead, isotopic analysis, metalliferous sediment, hydrothermal ore, strontium, Red Sea, Nereus Deep; 14429.
- niobium mineralization**
lichen, moss, biomonitoring, particulate pollutant, exploration work, Greenland; 07374.
- Nishinomyia**
Koshienhama, Nanko, volcanic ash, Pleistocene, tephrostratigraphy, Naruohama, Japan, Honshu, Osaka Plain; 07883.
- Nisku Formation**
Devonian (Upper), ion microprobe, trace element, carbonate, diagenesis, Canada, Alberta; 07981.
- nitrogen oxide**
ultraviolet, photolysis, absorption spectrum, difunctional organic nitrate, 12593.
- nitrapyrin**
dicyandiamide, nitrification inhibitor, isobutylidene diurea, nitrogen, 13416.
- nitrate**
acid neutralising capacity, acidic deposition, acidification, lake water quality, USA, New York, Adirondack Mountains; 03305. acid neutralising capacity, lake water quality, acidification, acidic deposition, cation concentration, USA, Vermont; 03304. agricultural practice, runoff water quality, fertiliser, manure, 11080. aircraft, photolysis rate, modelling study, stratosphere, 08721. ammonia, episodic input, atmospheric nitrogen, phytoplankton bloom, wet deposition rate, Atlantic, Sargasso Sea; 00048. ammonium, cloud water chemistry, subcooled droplet, precipitation sample, sulphate, Austria, Salzburg, Mount Sonnblick; 14980. ammonium, deposition, spruce forest, nitric acid, nitrogen, Germany, Bavaria, Bavarian Forest National Park; 11276. ammonium, nitrate leaching, organic farming, ploughing, UK, Wales, Dyfed, Crynllys; England, Shropshire, Lea Hall; 00554. ammonium, nitrite, manure, cadmium, urea, 03128. ammonium, nitrogen, alluvial soil, USA, Louisiana, Mississippi Delta; 12034. ammonium, nitrogen, soil drying, soil freezing, 12080. ammonium, soil grinding, soil freezing, nitrogen determination, 13331. ammonium, sulphate, methanosulphate, sea salt, lead-210, beryllium-7, Antarctica, Palmer; Marsh; Antarctica, Mawson; 06073. ammonium, sulphate, mountain meteorology, precipitation chemistry, deposition chemistry, USA, Rocky Mountains, Colorado Front Range; 06089. ammonium, transition flow, accurate measurement, nitric acid, 04754. anion adsorption, acidic deposition, soil solution chemistry, forest soil, sulphate, 08204. aquifer vulnerability, groundwater quality, heavy metal, Italy, Florence; 11035. atrazine, groundwater contamination, pumping well, groundwater sampling, contaminant concentration, USA, Nebraska; 07094. bacteria, denitrification, hydrocarbon, petroleum refinery, oil spill, France, Mediterranean Coast, Gulf of Fos, Lavera Bay; 09403. bird faeces, nitrogen, 12122. carbon, water-filled pore space, denitrification, dinitrogen:nitrous oxide ratio, 01853. chalk aquifer, agricultural pollutant, fracture flow, solute transport, advection/dispersion, fissure flow, Belgium; 11026. denitrification, computer model, bioremediation, groundwater contamination, 11045. deposition, forest, elevation gradient, sulphate, USA, New York, Whiteface Mountain; 04761. dynamic modelling, reservoir water quality, mass balance model, denitrification, lake water quality, UK, Thames River Valley; 00724. electrical conductivity, pH, nutrient cycle, organic farming, Canada; USA, Maine; Colombia; 03086. environmental sample, extraction method, spectrophotometric determination, 07668. fen, agriculture, runoff, soil spatial variability, denitrification, 04370. field experiment, cloud, nitrogen oxide, 12570. fog droplet, aerosol, sulphate, acid fog, 10009. forest soil, nutrient content, soil solution chemistry, spruce, Austria, Bohemian Forest; 08206. forest, montane ecosystem, throughfall chemistry, atmospheric deposition, precipitation chemistry, sulphate, USA, Tennessee, Great Smoky Mountains National Park; 01912. Gilat plant indicator method, soil testing, plant uptake, Israel, Negev Desert; 14501. groundwater contamination, fertiliser, agricultural practice, irrigated agriculture, 13625. groundwater quality, bioremediation, denitrification, aquifer plugging, 07093. groundwater quality, nitrate, sensitivity, leaching, UK, England, Oxfordshire, Old Chalford; 09706. groundwater quality, nitrous oxide, reduction/oxidation, denitrification, 14746. groundwater quality, pollutant source, Indonesia, East Java; 11046. groundwater resource, chalk aquifer, hydrogeology, transmissivity, aquifer yield, France; 11094. groundwater, fieldwork, environmental research, laboratory experiment, laws of motion, Hungary, Cserepfalu; 12888. heavy metal, redox status, soil aeration, nitrogen transformation, 10800. industrial pollutant, agricultural pollutant, groundwater pollution, total dissolved solids, chloride, sulphate, India, Gujarat, Baroda; 12333. iron, manganese, groundwater contamination, groundwater treatment, remedial method, in situ treatment, 12338. irrigation practice, groundwater quality, point source pollution, nonpoint source pollution, agricultural pollutant, fertiliser, Australia; 11081. karst aquifer, groundwater contamination, nonpoint source pollution, saturated/unsaturated flow, point source pollution, UK; Australia, South Australia; 11015. lake water chemistry, acidification, mountain lake, atmospheric deposition, sulphate, 14676. lake water quality, groundwater resource, water resource management, groundwater contamination, Australia, South Australia, Blue Lake; 11101. lake water quality, water table control, agricultural practice, subsurface drainage, herbicide, Canada, Ontario, Harrow; 07133. leaching, nitrogen deposition, forest catchment, plantation age, UK, Wales; 09732. leaching, tillage practice, groundwater contamination, USA, Delaware, Georgetown; 04560. low latitude, night time, Northern Hemisphere, column abundance, 11304. microbial cell entrapment, bioremediation, groundwater treatment, wastewater treatment, pesticide, 14728. mountain site, sulphate, seasonal trend, nitric acid, particulate, USA, (Southwest); 13853. nitrification, denitrification, groundwater pollution, nitrous oxide, USA, New York; Japan, Kanto District; Japan, Nagano Prefecture; 05806. nitrifier, nitrification model, ammonium, 13335. nitrite, ammonia, streamwater analysis, sample freezing, orthophosphate, 09659. nitrite, microdiffusion, Mason jar, ammonium, 05528. nitrite, nitrous oxide, nitrogen, denitrification, pasture soil, 13380. nitrogen-15, mass spectrometry, 04334. nitrogen budget, nonpoint source pollution, water quality, ammonia, denitrification, agricultural pollutant, Poland; 07131. nitrogen saturation, forest soil, soil solution, Netherlands; 08205. nitrogen, extractant, 13332. nitrogen, matric pressure head, soil hydraulic head, tensionic, 14502. nitrogen, soil spatial variability, tillage, USA, Iowa; 13333. nitrogen, tillage, fertiliser, 05609. non urban, wet deposition, deposition, urban, 12645. nutrient, biogeochemical cycle,

- nitrogen isotopic ratio, Pacific; Southern Ocean; 11942. phosphate, Redfield ratio, stoichiometry, carbon, plankton, 01651. plankton bloom, wastewater treatment, coastal water quality, eutrophication, phosphorus, France, Brittany; 04473. potable water quality, agricultural pollutant, groundwater contamination, Nigeria, Sokoto; 02092. potassium, anthropogenic pollutant, classification, groundwater quality, hydrochemistry, Poland, Biebrza Depression; 00777. representative catchment, catchment size, geochemistry, chloride, 06994. sensitivity, leaching, nitrate, groundwater quality, UK, England, Oxfordshire, Old Chalford; 09706. sewage, pig sludge, irrigation water quality, groundwater contamination, Chernozem soil, mineralization, 00761. soil management, cropping system, crop management, Philippines; 14542. soil temperature, magnesium, aluminium, climate change, forest soil, 03130. soil temperature, nitric oxide, soil water content, savanna soil, Venezuela; 04369. soil temporal variation, Cryptomeria plantation, soil solution chemistry, forest soil, Japan, Honshu, Shiga Prefecture; 10788. solute retention, clay soil, bromide, USA, Coastal Plain; 14528. spectroscopy, 12081. streamwater quality, forest cover, forest age, atmospheric deposition, UK, Wales; 12364. subsoil, carbon, crop residue, organic carbon, denitrification, USA, Iowa; 00551. sulphate, aerosol, chemical composition, dust, remote troposphere, Asia, Tibetan, Plateau; Himalaya; 12607. tillage, Halplustoll, fertiliser, vetch, USA, Nebraska; 01857. transport chemistry model, experimental measurement, ammonium, sulphate, North Sea; 12572. ultraviolet spectrometry, spectrometry, 01803. urea hydrolysis, calcium lignosulphonate, nitrification inhibition, lignosulphonate, 09494. vegetated buffer strip, plant uptake, environmental fate, fertiliser, vadose zone, USA, Iowa, Amana; 11074. volatile organic contaminant, industrial pollutant, groundwater quality, land use effect, urbanisation, Australia, Western Australia, Gwelup; 12373. water quality management, groundwater quality, denitrification technology, potable water quality, water treatment, biological denitrification, 03386.
- nitrate aerosol**
particle morphology, aerosol, winter polar stratosphere, stratosphere, 10005.
- nitrate assimilation**
prairie soil, glucose, 08165.
- nitrate chloride**
groundwater quality, anthropogenic, indicator, urban land use, agriculture, Germany, Bavaria; 05829.
- nitrate concentration**
coastal upwelling, sea surface temperature, equatorial new production, 08916. Maunder Minimum, solar flare, ice core, variability, Antarctica, Ross Ice Shelf; 02731. moorland, saturation hypothesis, streamwater quality, upland catchment, UK, Scotland; 00708. nitrate flux, river water quality, river discharge, discharge/concentration relationship, USA, Mississippi River; 08376. subsurface runoff, floodplain sediment, groundwater discharge, denitrification, UK, England, Cotswolds; 04477. water table management, crop yield, agrochemical, groundwater quality, USA, Iowa, Ames; Ankeny; 02102.
- nitrate contamination**
groundwater quality, dynamic model, fertiliser use, user tax, water quality management, 00815.
- nitrate control**
crop yield, agricultural water management, groundwater contamination, water table management, Canada, Quebec, St Lawrence Lowlands; 11077.
- nitrate deposition**
deposition flux, snowpack, USA, Alaska; Arctic; 08659.
- nitrate dissociation**
diffusion scrubber, nitric acid, ammonia, validation, ammonium, 11275.
- nitrate flux**
river water quality, river discharge, discharge/concentration relationship, nitrate concentration, USA, Mississippi River; 08376. spring tide, sea surface temperature, AVHRR, Atlantic, (North), Georges Bank; 07607.
- nitrate leaching**
Argiustoll, leaching, fertiliser, nitrite, USA, Kansas, Manhattan; 01859. brown soil zone, leaching, fertiliser, crop management, Canada, Saskatchewan, Swift Current; 10799. compost, groundwater contamination, leaching, mushroom compost, poultry litter, 08166. eutrophication, pesticide, surface water quality, organic farming, groundwater contamination, 11076. fertiliser, nitrogen, enzyme activity, wheat, 01801. fertiliser, nitrogen, spruce plantation, potassium, phosphorus, UK, Wales, Gwynedd, Beddgelert; 01858. grassland soil, leaching, fertiliser, UK, England; 12126. groundwater contamination, organic matter, microbial activity, Podzol, Luvisol, fertiliser, 13388. Hapludalf, NCSWAP, LEACHM, USA, Pennsylvania; 13334. ion exchange resin bag, 12082. leaching, Eutrochroep, ion exchange resin, 03094. liming, forest decline, soil acidification, Germany; 09410. nitrification, black gram, green panic, nitrogen mineralization, Australia, Queensland; 08160. nitrogen compound, soil temperature, 01848. nitrogen mineralization, liming, pine, Douglas fir, oak, 00546. nitrogen mineralization, nitrification, fertiliser, liming, pH, 01852. nitrogen, fertiliser, slurry, crop rotation, 00553. organic farming, ploughing, nitrate, ammonium, UK, Wales, Dyfed, Crynllys; England, Shropshire, Lea Hall; 00554. soil sampling, spatial variability, ceramic cup sampler, porous ceramic cup, 08126. soil solution, pine forest, fertiliser, liming, 13419. soil spatial variability, leaching, crop yield, fertiliser, soil structure, 12125. surface water pollution, nitrogen fertiliser, nitrogen leaching, groundwater pollution, Greece, Kopais; 00552. wood production, soil acidification, nitrogen cycle, fertilisation test, France, Ardennes; 03907.
- nitrate loading**
groundwater, landscape ecology, frost damage, 09019.
- nitrate loss**
lettuce, cover crop, fallow, USA, California, Salinas; 01856. tillage practice, subsurface drainage, runoff water quality, 04559.
- nitrate mobilisation**
wildfire, streamwater quality, atmospheric deposition, USA, California, Los Angeles County; 14662.
- nitrate nitrogen**
chloride ion, spring water quality, groundwater quality, Japan, Honshu, Tokyo, Kitatama; 00775. fertiliser, mineralization, cultivation practice, tillage, leaching loss, 00795. river water quality, water quality model, ammonia nitrogen, biochemical oxygen demand, dissolved oxygen, Turkey, Central Anatolia, Karasu River; 00714.
- nitrate/nitrogen**
groundwater contamination, irrigated agriculture, nonpoint source pollution, fertiliser, agricultural contaminant, USA, Nebraska, Panhandle; 11027.
- nitrate pollution**
sea level, greenhouse gas, flooded soil, methane sink, 10327.
- nitrate radical**
cycloalkene, 08685. gas phase reaction, vinylpyridine, styrene, hydroxyl radical, 03563. methylenes, gas phase, solution reaction, 03549. night time, oxidation, dimethylsulphide, 14991.
- nitrate reduction**
anthropogenic impact, sediment/water interface, nitrification, ammonium oxidation, USA, Florida, Orlando, Lake Apopka; 05471. leaching control, linear programming model, fertiliser application, groundwater quality management, agricultural practice, UK, England; 12371.
- nitrate removal**
denitrification potential, wastewater, wetland soil, 03131. hydrogen peroxide, denitrification, bioremediation, aquifer clogging, groundwater quality, 03328.
- nitrate sorption**
sorption capacity, calcareous soil, phosphate sorption, Spain, Andalucia, Almeria; 03163.
- nitrate transport**
vadose zone, contaminant migration, leaching, fine textured soil, transport rate, 04518.
- nitrate treatment**
pilot test, hydrocarbon bioremediation, aquifer, groundwater pollution, bioremediation, USA, New Mexico; 02599.
- nitrate uptake**
marine plankton, inorganic carbon, Redfield ratio, 11618. weathering, mountain lake, lake water chemistry, acidification, atmospheric deposition, Switzerland, Alps; Italy, Alps, Maggia Valley; 14677.
- nitric acid**
aerosol, regional pollution, sulphur dioxide, Austria, Wolkersdorf; 06090. ammonia, aerosol equilibrium model, ammonium nitrate, USA, Arizona, Phoenix; 14979. ammonia, nitrous oxide, grassland, cattle, slurry, 06086. ammonia, validation, ammonium, nitrate dissociation, diffusion scrubber, 11275. ammonium, calibration, diffusion scrubber, ammonium nitrate, 13846. grassland, wheat canopy, dry deposition, deposition velocity, 03574. heterogeneous reaction, annular reactor, accommodation coefficient, trace gas, deposition profile, 12592. hydrochloric acid, deposition, galvanized steel, corrosion, sulphur dioxide, runoff chemistry, 06098. middle latitudes, Southern Hemisphere, seasonal cycle, total column, New Zealand, South Island, Lauder; 13842. nitrate, ammonium, transition flow, accurate measurement, 04754. nitric oxide, loss, volcano, nitrogen dioxide loss, stratospheric column, 10022. nitrogen, nitrate, ammonium, deposition, spruce forest, Germany, Bavaria, Bavarian Forest National Park; 11276. particulate, nitrate, mountain site, sulphate, seasonal trend, USA, (South-west); 13853. stratosphere, aerosol, partitioning, volcanic eruption, nitrogen dioxide, Philippines, Mount Pinatubo; 13871. stratosphere, LIMS data, wintertime, autumn, 07351. stratosphere, ozone depletion, polar vortex, chlorine nitrate, Antarctica; 03556. sulphuric acid, sodium chloride, ion, ammonia, Greece, Athens; 06105. temperature dependence, stratosphere, photolysis, ultraviolet, absorption cross section, 11303.
- nitric acid trihydrate**
chlorine radical precursor, polar stratospheric cloud, ozone depletion, laboratory experiment, 03618. hydrochloric acid, Fourier transform IR, polar stratospheric cloud, heterogeneous reaction, 01037. ozone layer, supersonic aircraft, aircraft emission, aerosol physics, two dimensional model, 11354. particle, polar stratospheric cloud, model, heterogeneous chemical process, ice, 04785.
- nitric acid trihydrates**
stratosphere, meteorology (1991-1992), polar vortex, Arctic; 03637.
- nitric acid vapour**
activation, cloud condensation nuclei, cloud model, 11252. concentration gradient, USA, Hawaii, Mauna Loa Observatory; 04781.
- nitric oxide**
atmospheric radiance, geomagnetic activity, upper atmosphere, UARS, 07522. emission, viscous boundary layer, hypersonic aircraft, stratosphere, hot boundary layer, model, aircraft, 06106. equator, Pacific; 06035. equatorial region, rocket measurement, 14973. geomagnetic activity, lower thermosphere, 07521. loss, volcano, nitrogen dioxide loss, stratospheric column, nitric acid, 10022. nitrification, denitrification, manure, nitrous oxide, 10806. nitrogen dioxide, adsorption, cold surface, sulphuric acid particle, stratosphere, 03598. nitrous oxide, nitrification inhibitor, fertiliser, nitrification, denitrification, 09490. ozone, free troposphere, Asia; Pacific; 09984. photolysis, stratosphere, mesosphere, thermosphere, line by line method, 09992. soil water content, savanna soil, nitrate, soil temperature, Venezuela; 04369. soil wetting, nitrification, denitrification, nitrous oxide, 01854. soil, comparative study, chamber method, emission, 04756. termite nest, savanna, soil, emission, Venezuela, Orinoco Basin; 08688.
- nitric oxide emission**
soil, rural site, USA, Tennessee; 06036.
- nitric oxide emission**
aircraft, troposphere, climate change, ozone, radiative forcing, greenhouse gas, 07328. diffusive model, laboratory experiment, field measurement, marsh soil, 08686.
- nitric oxide production**
lightning discharge, hydrodynamic model, chemical rate equation, 07349.
- nitrient transport**
environmental fate, riparian zone, groundwater quality, nonpoint source pollution, surface water quality, 07013.
- nitrification**
acetylene inhibition, ammonium oxidising bacteria, acidic soil, forest soil, nitrous oxide, Netherlands; 00541. ammonia, wastewater reservoir, light, inhibition, 03258. ammonium oxidation, nitrate reduction, anthropogenic impact, sediment/water interface, USA, Florida, Orlando, Lake Apopka; 05471. black gram, green panic, nitrogen mineralization, nitrate leaching, Australia, Queensland; 08160. carbon, spruce, nitrous oxide, soil spatial variability, forest soil, 08167. degradation, diagenesis, simulation model, organic matter, 01737. denitrification, atmospheric deposition, nitrogen

- cycling, groundwater level, 14771. denitrification, estuarine sediment, lake sediment, ammonium, laboratory experiment, 01649. denitrification, groundwater pollution, nitrous oxide, nitrate, USA, New York; Japan, Kanto District; Japan, Nagano Prefecture; 05806. denitrification, manure, nitrous oxide, nitric oxide, 10806. denitrification, microbial process, organic matter, sediment/water interface, oxygen, 01653. denitrification, nitric oxide, nitrous oxide, nitrification inhibitor, fertiliser, 09490. denitrification, nitrous oxide, nitric oxide, soil wetting, 01854. denitrification, soil water content, shrub steppe, nitrous oxide, 13379. denitrification, spruce, nitrifying organism, soil microorganism, Canada, Alberta; 08161. ecosystem disturbance, leaching, soil solution chemistry, forest clearing, soil acidification, nutrient leaching, USA, New Hampshire, Hubbard Brook Experimental Forest; 14527. eutrophication, sediment/water interface, Switzerland, Lake Sempach; 14313. fertiliser, herbicide, urea nitrogen, 03181. fertiliser, liming, pH, nitrate leaching, nitrogen mineralization, 01852. forest catchment, moorland catchment, atmospheric deposition, soil water chemistry, streamwater chemistry, acidification, UK, Wales; 14640. freshwater sediment, anaerobiosis, Denmark, Aarhus, Lake Vilhelmsborg; 02920. isotope tracer, self purification, nitrogen-15, river water quality, denitrification, Japan, Tamagawa Jousui Channel; 08382. marine sediment, microcosm, benthic flux, eutrophication, organic loading, 01650. methyl fluoride, dimethyl ether, nitrous oxide, ammonium oxidation, 05577. nitrifying bacteria, tropical soil, alluvial soil, subtropical soil, Taiwan; 00549. nitrogen immobilisation, allelopathy, grassland soil, ammonium oxidising bacteria, 14541. nitrogen mineralization, microbial biomass, drying/rewetting, acidic soil, phosphorus addition, Australia; 14530. nitrogen mineralization, tree influence, coffee, Costa Rica; 13376. nitrous oxide, ammonium deposition, aerobic soil slurry technique, Finland; 10805. nutrient availability, rainforest soil, soil water content, irrigation, sulphur mineralization, Panama, Barro Colorado Island; 00543. oxygen, organic matter, bacteria, benthic nitrogen cycling, denitrification, North Sea, German Bight; 04212. soil acidification, exchangeable cation, ammonium, 08155. soil fertility, rain forest soil, pasture soil, soil physical property, soil chemical property, nitrogen mineralization, Costa Rica, Atlantic Zone; 14553. soil, grassland, urine, nitrous oxide, dinitrogen, 02344. streptomycin, cycloheximide, soil microorganism, microbial biomass, antibiotic, nitrogen mineralization, 10801. trace metal, acidification, aquatic organism, lake recovery, liming, Italy, Orta Lake; 02022. urea, ammonium, nitrification inhibitor, dicyandiamide, neem cake, 00550.
- nitrification inhibitor**
lignosulphonate, nitrate, urea hydrolysis, calcium lignosulphonate, 09494.
- nitrification inhibitor**
acetylene, acidic soil, forest soil, nitrogen transformation, 03129. dicyandiamide, neem cake, nitrification, urea, ammonium, 00550. fertiliser, nitrification, denitrification, nitric oxide, nitrous oxide, 09490. isobutylidene diurea, nitrogen, nitrapyrin, dicyandiamide, 13416. microbial activity, decomposition, 13377.
- nitrification model**
ammonium, nitrate, nitrifier, 13335.
- nitrifier**
nitrification model, ammonium, nitrate, 13335.
- nitrifying bacteria**
tropical soil, alluvial soil, subtropical soil, nitrification, Taiwan; 00549.
- nitrifying organism**
soil microorganism, nitrification, denitrification, spruce, Canada, Alberta; 08161.
- nitrile compound**
atmosphere, Titan, Neptune, 07352.
- nitrioltriacetate**
heavy metal, wastewater, sodium tripolyphosphate, eutrophication, 10675.
- nitrioltriacetate method**
iron, aluminium, extractant, pyrophosphate method, 04335.
- nitrite**
ammonia, streamwater analysis, sample freezing, orthophosphate, nitrate, 09659. groundwater quality, ammonium, ion chromatography, spectrophotometry, water quality analysis, Senegal, Dakar, Pikine; 07079. manure, cadmium, urea, nitrate, ammonium, 03128. microdiffusion, Mason jar, ammonium, nitrate, 05528. nitrate leaching, Argistoll, leaching, fertiliser, USA, Kansas, Manhattan; 01859. nitrous oxide, nitrogen, denitrification, pasture soil, nitrate, 13380. spring, snow, particulate, Arctic; 08654.
- nitrite ion**
water chemistry, chlorination chemistry, redox kinetics, chloramine, 13499.
- nitro-PAHs**
hydroxynitro-PAHs, fractionation, particulate matter, Ames assay, PAH, 02350.
- nitroaromatic compound**
bioremediation, munition compound, trinitrotoluene, biodegradation, 04415.
- nitrogen**
acidification, abatement policy, sulphur, critical load, Netherlands; 03869. acidification, runoff water chemistry, soil water chemistry, experimental catchment, acid neutralising capacity, sulphate, Norway, Sogndal; 13527. aggregate size distribution, soil stability, organic matter, grassland soil, carbon, 09530. aggregate stability, forest clearing, microbial biomass, phosphorus, Dystrochrept, carbon, New Zealand; 13413. aggregate stability, interrow crop, ground cover, tillage, raspberry, organic carbon, Canada, British Columbia, Fraser Valley; 10830. agriculture, TM, AVHRR, UK, Scotland; 15115. air quality model, deposition, dry deposition flux, air pollutant, USA, California, Los Angeles; 08675. alluvial soil, nitrate, ammonium, USA, Louisiana, Mississippi Delta; 12034. ammonia fixation, ammonium, alkaline hydrolysis, fertiliser, deamination, 12128. ammonification, polyphenol-gelatin complex, decomposition, leaf litter, 05576. ammonium bearing rock, soil acidification, parent material, aluminium, cation leaching, USA, California, Klamath Mountains; 14526. ammonium, nutrient load, seawater quality, phosphorus, Baltic Sea; 04471. anthrone reactive carbon, crop residue, sugar, carbon, 12155. automated element analyser, element analysis, carbon, 06837. bacteria, plant wax, dust, palaeoenvironmental reconstruction, organic carbon, Japan Sea, Oki Ridge; 11951. biogeochemical cycle, oligotrophic water, upwelling water, regeneration ratio, denitrification, Indian Ocean; 00055. carbon, anthrone reactive carbon, prairie soil, cultivation, soluble organic, USA, Iowa; 00593. carbon, bulk density, ombrotrophic bog, organic matter, peat, Europe; North America; 03144. carbon, isotope, fractionation, photosynthesis, primary production, 06715. carbon, organic matter, microbial biomass, Haplaquept, particle size fraction, 04390. carbon, organic matter, NCSOIL, human, 13329. carbon, seasonality, water column, phytoplankton, mass flux, Mediterranean Sea, Ligurian Sea; 05399. carbon, soil respiration, organic matter, forest soil, North America, Great Lakes; 09492. cation exchange capacity, clay mineral, ammonium fixation, 04366. chlorophyll, phosphorus, Secchi depth, diatom assemblage, trophic status, canonical correspondence analysis, Canada, Ontario; 09671. composting, straw decomposition, amino acid, amino sugar, bacteria, 08162. crop yield, phosphorus application, clover, carbon, USA, Louisiana; 04399. cycling, continental margin, oxidation, carbon, primary production, Pacific, (Northeast); 01659. degassed mantle, geochemical cycle, atmosphere, recycling process, carbon, 00031. denitrification, clay soil, soil core, carbon, 05531. denitrification, nitrous oxide, acetylene inhibition, 01805. denitrification, pasture soil, nitrate, nitrite, nitrous oxide, 13380. dry combustion method, element analysis, carbon, hydrogen, 08123. ecosystem, floodplain, riparian zone, flood, suspended sediment, France, Landes, Adour River; 09276. enzyme activity, wheat, nitrate leaching, fertiliser, 01801. eutrophication, agricultural pollutant, surface water quality, phosphorus, Finland; 07130. extractant, nitrate, 13332. fertiliser application, biodegradation rate, bioremediation, Exxon Valdez, oil spill, USA, Alaska; 10303. fertiliser, barley, root zone, carbon, 13370. fertiliser, barley, tillage, Chernozem soil, Canada, Alberta; 03124. fertiliser, crop management, UK; 10797. fertiliser, slurry, crop rotation, nitrate leaching, 00553. forest canopy, throughfall, stemflow, wet deposition, dry deposition, Europe; North America; 10892. forest damage, Dystrochrept, element budget, spruce, Germany, Fichtel Mountains, Hohe Matzen; 08153. forest ecosystem, canopy exchange, tree species, deposition loads, sulphur, Netherlands; 12597. heavy metal, point source pollution, nonpoint source pollution, water quality monitoring, phosphorus, Germany, Rhine River; Elbe River; 07036. humic substance, ammonia sorption, peat ammoniation, peat water content, 12127. humus layer, spruce, liming, soil chemical property, microbial biomass, carbon, 14573. hydroxyl radical, odd nitrogen, molecular oxygen, photochemical model, 07345. inorganic anion pollution, river water quality, seasonal variation, industrial pollutant, agricultural pollutant, Nigeria, New Calabar River; 03288. lake water quality, eutrophication, phosphorus, runoff water quality, UK, England, Devon, Slapton Ley; 07043. leaching, groundwater contamination, agricultural practice, sustainable agriculture, 07143. lignite, humus, mine soil, Spain, Meirama; 05607. lysimeter, ceramic cup, soil core extract, leaching, 00498. mass balance, denitrification, lake water chemistry, Canada, Ontario; 04490. matric pressure head, soil hydraulic head, tensionic, nitrate, 14502. metal oxide, ethylene glycol monoethyl ether, BET equation, surface area determination, clay mineral, 04331. microbial biomass, soil temperature, carbon, 13369. microbial biomass, sorghum, pasture system, cropping system, carbon, Australia, Queensland; 08210. mineralization potential, meadow soil, clay content, carbon, Canada, Quebec; 01800. mineralization, sulphate, fish farm sediment, fatty acid, carbon, Denmark; 12002. miombo, SCUAF model, maize, agroforestry, carbon, Zimbabwe; 08211. mountain stream, acid neutralising capacity, acid/base chemistry, atmospheric deposition, streamwater chemistry, sulphur, USA, Tennessee, Great Smoky Mountains; 13546. nitrapyrin, dicyandiamide, nitrification inhibitor, isobutylidene diurea, 13416. nitrate, ammonium, deposition, spruce forest, nitric acid, Germany, Bavaria, Bavarian Forest National Park; 11276. nitrate, bird faeces, 12122. nitrogen-15, forest soil, carbon, 13378. nitrogen mineralization, leaf litter, litter decomposition, polyphenol, 12123. nonpoint source, lake water quality, nutrient, eutrophication, phosphorus, North America, Great Lakes, Lake Erie; 05758. nutrient loss, environmental impact, governmental policy, dairy farm, economics, Netherlands; 12901. nutrient ratio, eutrophic lake, Daphnia, lake water quality, phosphorus, 00719. nutrient, degradation, coral reef, seagrass, phytoplankton, Puerto Rico, Joyuda Lagoon; 02919. organic matter, coal, fossil fuel, petroleum, diagenesis, 10615. organic matter, forest soil, humus, carbon, 00528. organic matter, Gleysol, particle size fraction, humic substance, carbon, Canada, Ottawa, Bainsville; 12144. organic matter, human, NCSOIL, carbon, 13330. organic matter, photosynthesis, phytoplankton bloom, sinking particle, carbon, Pacific, (Northwest); Antarctica, Breid Bay; 02991. organic matter, soil fertility, peat soil, Russian Federation; 09507. organic matter, tracer, biodegradation, isotope ratio, carbon, UK, Scotland, Tay Estuary; 10619. oxidation, phosphorus, digestion technique, organic particulate determination, shipboard use, 09252. oxygen, isotope fractionation, nitrous oxide, 13857. oxygen, phosphate, sediment/water interface, bioturbation, carbon, 10627. particulate, analysis, carbon, 07944. peat accretion, nutrient accumulation, calcium, phosphorus, USA, Florida, Everglades; 09506. phosphorus, agricultural catchment, runoff water quality, agricultural practice, 07121. phosphorus, coastal water quality, lagoon, nonpoint source pollution, GIS, Italy, Venice Lagoon; 07007. phosphorus, dissolved inorganic nutrient, surface water quality, uptake rate, regeneration rate, 05713. phosphorus, eutrophication, lake water quality, random coefficient model, phytoplankton, USA, North Carolina; 09667. phosphorus, eutrophication, nonpoint source pollution, lake water quality, Korea(South), Hoedong Lake; 07049. phosphorus, lake water chemistry, substrate stoichiometry, microbial activity, carbon degradation, humic lake, 13561. phosphorus, litter, Douglas fir, forest floor, fertiliser, USA, Washington; 03117. phosphorus, material flux, wetland ecotone, flux, USA, Wisconsin, Shawano; 02627. phosphorus, nutrient cycling, forest soil, litter decomposition, 05568. phosphorus, nutrient reduction, surface water quality, Denmark; 01980. phosphorus, nutrient, eutrophication, reservoir water quality, seasonal variability, Poland, Lodz, Sulejow Reservoir; 07040. phosphorus, nutrient, shelf sediment, seasonal variation, carbon, India, Andhra Pradesh, Visakhapatnam Shelf; 06751. phosphorus, nutrient, trophic status, lake water quality, Turkey, Sapanca Lake; 10990. phosphorus, peat accretion, nutrient accumulation, agricultural runoff, carbon, USA, Florida, Everglades; 04381. phosphorus, pesticide, runoff water quality, resource efficient plant, urban runoff, 07017. phosphorus, plant uptake, nutrient release, coniferous forest, litter decomposition, Canada, Alberta, Rocky Mountains; 08152. phosphorus, poultry litter, manure, USA, Oklahoma; 09531. phosphorus, rice, silicon, China, Liaoning Province; 03137. phosphorus, spillway, sedimentation, lake level, organic matter, USA, Florida, Newnans Lake; 09380. phosphorus, sulphur, enzyme activity, Armenia; 12109. phosphorus, sulphur,

- fertiliser, eucalypt forest, litter decomposition, 13374. phosphorus, sulphur, organic matter, carbon, 10796. photochemical model, odd nitrogen, trace gas budget, ozone, 07341. photosynthesis, stable isotope, ice covered lake, biogeochemistry, carbon, Antarctica, Taylor Valley, Lake Hoare; 01563. phytoplankton, atmospheric nitrogen, nitrogen deposition, deposition, circulation pattern, North Sea; 06403. plant uptake, incubation, maize, manure, Zimbabwe; 08159. plant uptake, sandy soil, extractant, electro-ultrafiltration, Germany, Hessa; 03125. primary production, denitrification, iron, sulphur, carbon cycling, France, Bouches-du-Rhone, Rhone Delta, Camargue; 06708. productivity, amino acid, euphotic zone, carbon, USA, Virginia, Potomac Estuary; 05390. redox potential, biomass, isoelect, lake, macrophyte, Denmark, Lake Kvie; 09317. reservoir water quality, phosphorus, biogen, Poland, Goczał Kowice Reservoir; Vistula River; 13558. ria, phytoplankton, residence time, biochemistry, nutrient, Spain, Galicia, Vigo Ria; 08036. rice planting, flooded soil, denitrification, soil gas, Philippines; 04333. rice soil, soil water regime, fertiliser, flooded soil, Haplaquoll, Philippines; 13375. riparian zone, agricultural pollutant, streamwater quality, nonpoint source pollution, 07137. riparian zone, nutrient regulation, streamwater chemistry, soil water chemistry, phosphorus, USA, Tennessee; 00689. sandy soil, particle size fraction, soil sampling, 14500. sinking particle, organic matter, gas chromatography, mass spectrometry, Pacific, Japan Trench; 06710. soil acidification, fertigation, cation leaching, fertiliser, phosphate, 03132. soil amendment, humus, organic material, manure, calcareous soil, saline soil, 03109. soil colour value, forest soil, 01797. soil drying, soil freezing, nitrate, ammonium, 12080. soil fungus, forest soil, ectomycorrhizal fungi, USA, Oregon, Cascade Mountains; 05608. soil gas, helium, carbon dioxide, oxygen, 12117. soil spatial variability, tillage, nitrate, USA, Iowa; 13333. spatial distribution, denitrification, riparian forest, forest soil, France; 06398. spectrometry, nitrous oxide, emission spectrometry, 06842. spruce plantation, potassium, phosphorus, nitrate leaching, fertiliser, UK, Wales, Gwynedd, Beddgelert; 01858. substrate-induced respiration, microbial biomass, fumigation-incubation method, fumigation-extraction method, carbon, New Zealand; 09438. sulphur, humic acid, biomarker, estuarine sediment, chromatography, France, Elorn River Estuary; 13241. sulphur, pine, forest, deposition flux, dry deposition, USA, California, San Bernardino; 02342. sulphur, streamwater chemistry, runoff water quality, forest catchment, acidification, USA, West Virginia, Fernow Experimental Forest; 09749. surface water quality, groundwater quality, agricultural pollutant, phosphorus cycling, particulate, soluble fraction, UK, England, Devon, Slapton; Cotswolds, Windrush River; 13502. tillage, fertiliser, nitrate, 05609. trend analysis, temporal variability, land use effect, surface water quality, forest catchment, Scandinavia, Baltic Sea, Gulf of Bothnia; 07124. urine, grassland soil, plant uptake, leaching, 06877. wetlands, buffer zone, nutrient sink, nonpoint source pollution, phosphorus, France, Lac Leman; 10951. winter anoxia, runoff water quality, beaver pond, nutrient retention, phosphorus, Canada, Ontario; 14631.
- nitrogen-15**
cotton, nitrogen cycling, fertiliser, crop residue, 08156. cryptogamic crust, arid soil, 05574. fixing, nitrogenase, phosphorus, alfalfa, Mexico; 08157. forest soil, carbon, nitrogen, 13378. Kjeldahl digestion, nitrogen determination, Mason jar, 09446. landscape scale pattern, topography, Haploboroll, denitrification, Canada, Saskatchewan; 01850. Mason jar, inorganic nitrogen, 09445. mass spectrometry, dinitrogen, nitrous oxide, 09447. mass spectrometry, nitrate, 04334. nitrogen budget, microbial biomass, straw decomposition, fertiliser, 09489. nitrogen turnover, crop residue, organic matter, 14538. oxygen-18, nitrous oxide, stratospheric flux, global budget, USA, Hawaii, Maui; Costa Rica; 06400. river water quality, denitrification, nitrification, isotope tracer, self purification, Japan, Tamagawa Jousui Channel; 08382.
- nitrogen-15 balance**
crop rotation, nitrogen fertiliser, denitrification, fertiliser, acetylene inhibition, 00499.
- nitrogen atom**
free radical, photocatalytic oxidation, organic compound, spin trapping, 14969.
- nitrogen availability**
compost, municipal refuse, Paludult, plant uptake, Canary Islands, Tenerife; 08163. extractant, soil amendment, organic material, 06841. Spodosol, rhizosphere, microbial biomass, root growth, soil biota, forest soil, 00545.
- nitrogen balance**
groundwater contamination, grassland, simulation model, leaching, Poland, Warsaw; 07140.
- nitrogen behaviour**
surface/aquifer interface, groundwater contamination, ammonia pollution, 05811.
- nitrogen budget**
microbial biomass, straw decomposition, fertiliser, nitrogen-15, 09489. nitrogen recovery efficiency, urea, fertiliser, USA, Alaska; 09487. nonpoint source pollution, water quality, ammonia, denitrification, agricultural pollutant, nitrate, Poland; 07131.
- nitrogen compound**
fertilisation, maize, forest, France, Aquitaine, Landes de Gascogne; 03577. interstitial water, ammonium, water column, nutrient, lagoon, denitrification, Gulf of Mexico, Chelem Lagoon; 12012. soil temperature, nitrate leaching, 01848.
- nitrogen content**
leaching, leucaena, dactyladenia, nitrogen mineralization, leaf litter, Nigeria; 03126. nitrogen dynamics, tillage depth, plough layer depth, loess soil, Germany, Lower Saxony; 03123.
- nitrogen cycle**
anthropogenic impact, eutrophication, microorganism, Denmark, Aarhus, Lake Vilhelmsborg; 14440. fertilisation test, nitrate leaching, wood production, soil acidification, France, Ardennes; 03907. humus content, organic matter content, soil fertility, Germany; 09474. photosynthesis, atmospheric carbon dioxide, feedback, carbon, 02624. reservoir capacity, biogeochemical cycle, ecological model, China; 02625. vegetation, salt marsh, sea level rise, fauna, coastal management, Netherlands; 03041.
- nitrogen cycling**
euphotic zone, GCM, CZCS, seasonal model, ecosystem model, Atlantic, (North); 00079. fertilisation, spruce/fir forest, forest soil, USA, Vermont, Mount Ascutney; 06876. fertiliser, crop residue, nitrogen-15, cotton, 08156. groundwater level, nitrification, denitrification, atmospheric deposition, 14771. nitrogen transformation, atmospheric deposition, acidic soil, forest soil, 00544. nutrient loading, fire, climate change, forest process, lake sediment, USA, Minnesota, Itasca State Park; 02805.
- nitrogen deposition**
carbon uptake, forest, biosphere, sink, atmospheric carbon, 07697. coastal eutrophication, phytoplankton bloom, trophic change, 08983. denitrification, phytoplankton, oligotrophication, lake water chemistry, Sweden; 05757. deposition, circulation pattern, nitrogen, phytoplankton, atmospheric nitrogen, North Sea; 06403. forest catchment, plantation age, nitrate, leaching, UK, Wales; 09732. soil temperature, carbon storage, organic carbon, carbon dioxide, 05572.
- nitrogen determination**
Mason jar, nitrogen-15, Kjeldahl digestion, 09446. nitrate, ammonium, soil grinding, soil freezing, 13331.
- nitrogen dioxide**
adsorption, cold surface, sulphuric acid particle, stratosphere, nitric oxide, 03598. aerosol, stratosphere, heterogeneous reaction, dinitrogen pentoxide, 03599. column nitrogen dioxide, global variation, sunset, 08683. Cuba, Havana; 12636. deposition, precipitation, throughfall, sulphur dioxide, ammonia, Netherlands, Elspeetsche Veld; 12567. diffusion tube, desert, Bahrain; 06093. dinitrogen pentoxide, balloon profile, sulphate, aerosol, stratosphere, 11316. heterogeneous interaction, carbon, 04768. human exposure, pollutant exposure, USA, California, Los Angeles Basin; 10034. latitudinal distribution, ozone, Atlantic; 07360. limb sounding, stratosphere, 03554. nitric acid, stratosphere, aerosol, partitioning, volcanic eruption, Philippines, Mount Pinatubo; 13871. nitrogen oxide, sulphur dioxide, oxidation, sulphite ion, 04763. ozone, stratosphere, quasi biennial oscillation, model, 13841. smog episode, winter, vehicle exhaust emission, stagnation episode, urban area, UK; 12635. spectroscopic measurement, Russian Federation, Moscow; 14971. stratosphere, spectroscopy, winter, chlorine dioxide, Arctic; 01031. urban site, passive sampler, traffic pollution, diffusion tube, UK; 12630. vegetation, mapping, critical level, ozone, sulphur dioxide, USA; 15038. volcano, aerosol, stratosphere, 03615. volcano, stratosphere, dinitrogen pentoxide, spectroscopy, column amount, Antarctica, McMurdo Station; 12578. water, dissolution, reaction kinetics, sea, 08680.
- nitrogen dioxide absorption**
temperature, absorption, equilibrium constant, 04936.
- nitrogen dioxide loss**
stratospheric column, nitric acid, nitric oxide, loss, volcano, 10022.
- nitrogen dynamics**
Antarctic stream, algal productivity, carbon dynamics, stream biochemistry, Antarctica; 09660. fertiliser, lignosulphonate, carbon dioxide evolution, 03127. floodplain soil, soil chemical property, salt affected soil, successional soil, USA, Alaska, Tanana River Floodplain; 04357. freshwater pond, algal mat, cyanobacteria, carbon dynamics, Antarctica, South Shetland Islands, Livingston Island; 00683. litter decomposition, decomposition, leaf litter, tree species, USA, Wisconsin; China; 04365. litter decomposition, GENDEC, Arctic soil, carbon dynamics, USA, Alaska; 12101. microbial biomass, organic matter, grassland soil, forest soil, plant biomass, USA, California; 01849. phosphate, tropical stream, dissolved inorganic nitrogen, streamwater chemistry, Costa Rica, Salto River; Pantano Creek; 02005. phosphorus dynamics, forest soil, fallow soil, litter layer, humus layer, 08154. root mucilage, glucose, root decomposition, carbon dynamics, 05569. runoff water chemistry, streamwater chemistry, wetlands, riparian zone, Canada, Ontario, Oak Ridges; 02002. soil water flow, finite element model, wastewater disposal, convection/dispersion, 11020. sorghum, green panic, pasture soil, microbial biomass, carbon dynamics, Australia, Queensland; 12115. tillage depth, plough layer depth, loess soil, nitrogen content, Germany, Lower Saxony; 03123. vegetation biomass, spruce, soil temperature, nutrient availability, USA, Alaska; 05565. wetlands, peat redox, runoff, water table drawdown, phosphorus dynamics, 05696.
- nitrogen fertilisation**
organic matter, humin, carbon, aggregation, wood residue, 01873.
- nitrogen fertiliser**
agricultural practice, soil water dynamics, catchment model, nitrogen transformation, solute transport, Denmark, Karup River; 13508. denitrification, ammonia, soil, volatilisation, 03624. denitrification, fertiliser, acetylene inhibition, nitrogen-15 balance, crop rotation, 00499. extractant, fertiliser, 01798. fertiliser fate model, nitrogen loss, flooded soil, rice, 03093. fertiliser fate model, rice, flooded soil, 03092. fungal biomass, herbicide, atrazine, fertiliser, 05632. methane, fertiliser, manure, microbial activity, UK, England, Hertfordshire, Harpenden, Rothamsted Experimental Station; 08151. nitrogen leaching, groundwater pollution, nitrate leaching, surface water pollution, Greece, Kopais; 00552. soil water dynamics, groundwater quality, surface water quality, streamwater quality, catchment model, Denmark, Karup River; 13507.
- nitrogen fertiliser plant**
atmospheric deposition, soil physicochemical property, forest soil, Lithuania; 09511.
- nitrogen fixation**
biodegradation, sandy soil, butane, propane, hydrocarbon, 05629. denitrification activity, corn, fertiliser, 06878. hydrogen bacteria, crystallography, catalytic mechanism, haloalkane dehalogenase, 01296.
- nitrogen fixing algae**
blue-green algae, reservoir limnology, lake limnology, nutrient, competition, Finland, Kuortaneenjärvi Lake; 05770.
- nitrogen flow model**
wheat, fertiliser, UK, England; 09488.
- nitrogen flux**
precipitation quality, throughfall chemistry, forest, canopy leaching, Canada, Alberta; 13457. salinity, lake limnology, hypersaline lake, meromixis, USA, California, Mono Lake; 06984.
- nitrogen gas flux**
eutrophication, estuary water chemistry, denitrification rate, USA, Massachusetts, Boston Harbor; Rhode Island, Pawcatuck River Estuary; USA, Rhode Island, Narragansett Bay; 14630.

nitrogen immobilisation

allopathy, grassland soil, ammonium oxidising bacteria, nitrification, 14541. litter dynamics, soil fertility, high density tree plantation, plantation, nitrogen mineralization, India; 00534. log yard fines, soil amendment, soil amelioration, wood residue, 06861.

nitrogen isotope

carbon dioxide flux, firn air study, oxygen/nitrogen ratio, Antarctica, Vostok Station; 12563.

nitrogen isotopic ratio

nitrate, nutrient, biogeochemical cycle, Pacific; Southern Ocean; 11942.

nitrogen leaching

groundwater pollution, nitrate leaching, surface water pollution, nitrogen fertiliser, Greece, Kopais; 00552.

nitrogen loss

flooded soil, rice, nitrogen fertiliser, fertiliser fate model, 03093. tillage, crop rotation, phosphorus loss, groundwater contamination, USA, Illinois; 09557.

nitrogen mineralization

acidic deposition, microorganism, forest soil, soil acidification, carbon mineralization, 08147. ammonium, aggregate, incubation method, 04332. burning, forest fire, wildfire, Cambisol, Spain; 10798. carbon mineralization, ammonium volatilisation, denitrification, poultry litter, 14537. carbon mineralization, fertiliser, sulphur fertiliser, leaching, sulphur mineralization, New Zealand; 00501. carbon, grass, 10803. chaparral, chronosequence, microbial biomass, fire, ammonium, USA, California, San Diego County; 01851. compost, municipal solid waste, Cambisol, carbon mineralization, 05570. crop residue, soybean, maize, Mollisol, vetch, USA, Illinois; 10802. crop residue, vetch, phosphorus mineralization, carbon mineralization, 03120. crop rotation, incubation, maize, crop yield, plant uptake, USA, Minnesota; 10757. decomposition, microbial activity, carbon mineralization, 08124. earthworm, agroecosystem, 06871. electro-ultrafiltration, tillage, organic nitrogen, 05529. extractant, rice soil, USA, Arkansas; 13337. fen, soil water content, peat soil, Poland, Biebrza Valley; 00548. fertiliser, potassium chloride extraction, plant uptake, extractant, 13340. forest soil, fertiliser, superphosphate, phosphate fertiliser, Australia; 05575. grass, mountain soil, Turkey, Bursa, Uludag; 14540. leaf litter, litter decomposition, polyphenol, nitrogen, 12123. leaf litter, nitrogen content, leaching, leucaena, dactyladenia, Nigeria; 03126. liming, pine, Douglas fir, oak, nitrate leaching, 00546. litter decomposition, LINKAGES model, decomposition, forest soil, litter quality, USA, Colorado, Rocky Mountains; 00531. litter removal, litter addition, organic matter, heathland soil, 01828. manure, poultry litter, 08164. microbial biomass, drying/rewetting, acidic soil, phosphorus addition, nitrification, Australia; 14530. microbial biomass, pasture soil, soil disturbance, 10784. mineralization rate, soil matrix potential, ammonification, Ferralsol, Kenya; 08158. nitrate leaching, nitrification, black gram, green panic, Australia, Queensland; 08160. nitrification, fertiliser, liming, pH, nitrate leaching, 01852. nitrification, soil fertility, rain forest soil, pasture soil, soil physical property, soil chemical property, Costa Rica, Atlantic Zone; 14553. nitrification, streptomycin, cycloheximide, soil microorganism, microbial biomass, antibiotic, 10801. nitrogen immobilisation, litter dynamics, soil fertility, high density tree plantation, plantation, India; 00534. phosphate fertiliser, lime, fire, soil respiration, Australia; 08148. phosphorus mineralization, Arctic soil, climate change, soil temperature, Sweden, Lapland, Abisko; 06875. plant uptake, extractant, potassium chloride extraction, 13339. rice soil, extractant, 13338. sewage sludge, carbon mineralization, cadmium, 12116. soil drying-rewetting, drying/wetting cycle, 01799. soil fauna, soil food web, 13336. soil productivity, peat transformation, decomposition, peat, carbon mineralization, 08180. soil respiration, pasture soil, carbon dioxide, carbon mineralization, Australia, Queensland; 08146. soil salinity, sewage sludge, calcium carbonate, India, Haryana, Hisar; Kaul; 10804. soil spatial variability, soil chemical property, 04398. sulphur mineralization, hexazine, pesticide, forest soil, phosphorus mineralization, 10872. tree influence, coffee, nitrification, Costa Rica; 13376.

nitrogen mineralization potential

Mollisol, topsoil removal, soil fertility, crop yield, fertiliser, Canada, Alberta; 14523.

nitrogen oxide

carbon dioxide, sulphur dioxide, emission inventory, air pollution, point source, Europe, (Central); 08992. deposition flux, acidic deposition, sulphur dioxide, ammonia, Netherlands; 07412. diffusion chemistry model, reactive trace gas, forest canopy, ozone, 07350. dynamic chamber, soil temperature, flux, fallow field, USA, North Carolina, Piedmont; 13850. emission control, odd oxygen production, carbon bond, ozone, photochemistry, 14955. inorganic nitrate, organic nitrate, ozone, partitioning, Arctic; 03585. isotopic exchange, photochemical reaction, 06013. lake water quality, macrophyte, atmospheric deposition, oxidation, mountain lake, Spain, Pyrenees; 14674. nitrate, field experiment, cloud, 12570. nonlinear chemical coupling, ozone production, bifurcation, steady state, oxidation capacity, 06016. ozone precursor relationship, semi empirical relationship, non methane organic gas, 04811. ozone, eddy correlation, shortgrass prairie, deposition, flux, 04778. photochemical oxidant, multivariate technique, discriminant analysis, urban area, ozone, Spain, Valladolid; 13885. rural site, ozone formation, USA, (Southeast); 12638. sulphur dioxide, emission inventory, carbon dioxide, Asia; 11344. sulphur dioxide, oxidation, sulphite ion, nitrogen dioxide, 04763. sulphur oxide, petroleum refinery, gasoline, volatile organic compound, USA; 07394. surface ozone, China; 06084. total reactive nitrogen, hydrocarbon, ozone, air quality model, emission reduction, 12637. trace gas emission, soil, pasture age, deforested area, Costa Rica; 08664. traffic emission, receptor model, urban environment, street level air, carbon monoxide, China, Jiangxi Province, Guangzhou City; 04808. volatile organic compound, ozone formation, regulation, troposphere, hydroxyl radical, 03649. volatile organic compound, ozone, titration, precursor emission, troposphere, USA; Europe; 10028.

nitrogen percolation

tobit analysis, computer model, EPIC-PST, regression analysis, 11596.

nitrogen recovery efficiency

urea, fertiliser, nitrogen budget, USA, Alaska; 09487.

nitrogen removal

oxidation/reduction potential, vegetated filter, water treatment, rock plant filter, dissolved oxygen, 06992. sedimentation, denitrification, lake water

quality, dissolved inorganic nitrogen, stratified lake, 05751. sewage treatment, bioremediation, wastewater treatment, phosphorus removal, 14645. wastewater treatment, sequencing batch reactor, chemical oxygen demand, 14647.

nitrogen response

slash and burn, pine/hardwood stand, burning, stream, soil, USA, North Carolina, Appalachians; 08991.

nitrogen retention

river corridor, riparian zone, buffer zone, denitrification, plant uptake, 09643.

nitrogen saturation

forest soil, soil solution, nitrate, Netherlands; 08205.

nitrogen species

distribution, rainwater sample, particulate, trace metal, trace organics, North Sea; 00894. stratosphere, aircraft emission, aerosol loading, ozone, 11355. trace organics, trace metal, North Sea; 08681.

nitrogen stress

yield reduction, climate change, carbon dioxide concentration, global change, maize production, Argentina, Pampas; 08969.

nitrogen transfer

plant uptake, earthworm, grassland soil, 14536.

nitrogen transformation

ammonium, crop residue, submerged soil, 03091. atmospheric deposition, acidic soil, forest soil, nitrogen cycling, 00544. composted ryegrass, ammonium, ryegrass, 00547. fertiliser, manure, ammonium sulphate, 06879. fish pond, aerated pond, surface water chemistry, 13490. green algae, lake water quality, blue-green algae, fertiliser, 13555. nitrate, heavy metal, redox status, soil aeration, 10800. nitrification inhibitor, acetylene, acidic soil, forest soil, 03129. pesticide, Bathoryd, 14539. solute transport, nitrogen fertiliser, agricultural practice, soil water dynamics, catchment model, Denmark, Karup River; 13508.

nitrogen transport

diatom mat, phytoplankton production, euphotic zone, Rhizosolenia mats, Pacific, (North); 01311. source/sink, river water chemistry, lake water chemistry, Kjeldahl nitrogen, wetlands, ecotone, Poland, Masuria, Krutynia River; 05748.

nitrogen turnover

crop residue, organic matter, nitrogen-15, 14538.

nitrogen uptake

phosphate uptake, water purification, water hyacinth, surface water quality, 14642.

nitrogenase

phosphorus, alfalfa, nitrogen-15, fixing, Mexico; 08157.

nitroglycerine analysis

spectrophotometry, air, 12561.

nitrophenols

vehicle exhaust emission, exhaust gas sampling, Henry's law constant, phenol, 06070.

nitrous acid

heterogeneous reaction, surface source, 13847. urban atmosphere, diffusion denuder, denuder technique, 06080.

nitrous oxide

acetylene block, denitrification, soil amendment, rainforest soil, pasture soil, Costa Rica, Atlantic Lowlands; 10807. acetylene inhibition, nitrogen, denitrification, 01805. ammonium deposition, aerobic soil slurry technique, nitrification, Finland; 10805. ammonium oxidation, nitrification, methyl fluoride, dimethyl ether, 05577. atmospheric concentration, trace gas exchange, rice cultivation, global scale, sulphur, methane, 00040. branching ratio, oxygen atom, 12582. CFC, vortex, stratosphere, methane, Antarctic; 13812. chlorine (F12), stratosphere, global dataset, methane, 03552. chlorine, absorption, solar radiation, lifetime, oxygen, 01029. dinitrogen, nitrification, soil, grassland, urine, 02344. emission spectrometry, nitrogen, spectrometry, 06842. emission, fertiliser, laboratory device, soil, 14966. emission, greenhouse experiment, rice soil, wetting, 11301. global warming, greenhouse effect, emission target, 13826. grassland, cattle, slurry, nitric acid, ammonia, 06086. infrared, solar spectra, ozone, total ozone, USA, Hawaii, Mauna Loa Observatory; 07347. laboratory experiment, source/sink, 13829. methane, exchange, soil, spruce, fir, forest, USA, (Northeast); 01039. methane, fertiliser, pine plantation, carbon dioxide, soil bacteria, USA, Florida, Alachua County; 14531. methane, intra annual variation, middle atmosphere, SAMS instrument, 14974. methane, stratosphere, SAMS constituent data, zonal asymmetry, 02341. nitrate, nitrification, denitrification, groundwater pollution, USA, New York; Japan, Kanto District; Japan, Nagano Prefecture; 05806. nitric oxide, nitrification, denitrification, manure, 10806. nitric oxide, soil wetting, nitrification, denitrification, 01854. nitrification inhibitor, fertiliser, nitrification, denitrification, nitric oxide, 09490. nitrification, acetylene inhibition, ammonium oxidising bacteria, acidic soil, forest soil, Netherlands; 00541. nitrification, denitrification, soil water content, shrub steppe, 13379. nitrogen-15, mass spectrometry, dinitrogen, 09447. nitrogen, denitrification, pasture soil, nitrate, nitrite, 13380. nitrogen, oxygen, isotope fractionation, 13857. ozone, atmospheric-biospheric chemistry, source/sink, methane, 10319. ozone, troposphere, flux, reactive nitrogen, 13830. pasture soil, denitrification, Eutrochrept, grazing, New Zealand, North Island, Wellington, Palmerston North; 12124. polar vortex, stratospheric warming (1993), 14850. potential vorticity, vortex processes, stratosphere, 09879. power station, emission, greenhouse effect, UK; 01063. reduction/oxidation, denitrification, nitrate, groundwater quality, 14746. riparian zone, effluent application, denitrification, soil temperature, 04371. savanna soil, forest soil, soil seasonal variation, Venezuela; 04368. soil compaction, tractor traffic, fertilisation, field traffic, methane, 03122. soil gas production, tropics, global analysis, soil, 05091. soil spatial variability, forest soil, nitrification, carbon, spruce, 08167. stratospheric flux, global budget, nitrogen-15, oxygen-18, USA, Hawaii, Maui; Costa Rica; 06400. tunnel, global extrapolation, trace gas, vehicle exhaust emission, Germany, Hamburg; Sweden, Stockholm; 05077.

nitrous oxide evolution

denitrification, gaseous emission model, 09448. denitrification, soil spatial variability, soil seasonal variation, topography, pea, Canada, Saskatchewan, Blaine Lake; 09493.

- nitrous oxide flux**
peatland, climate feedback, water table, 07337. subalpine meadow, snow cover, global source/sink budget, flux measurement, methane flux, USA, Wyoming; 07699.
- nitivation activity**
periglacial pediment, Weichselian, snowmelt, Saalian, Belgium, Bosbeek Valley; 07924.
- nitivation niche**
periglacial landform, Weichselian, GIS modelling, TL dating, ice wedge cast, Denmark, Zealand, Bjergsted Area; 11859.
- Nkporo Shales**
diagenesis, Mamu Formation, carbonate, sandstone, mudstone, Nigeria, Leru Okigwe; 09286.
- NMR**
organic matter, forest soil, pyrolysis-mass spectrometry, humic substance, decomposition, Canada, British Columbia; 14561.
- NMR imaging**
convection/diffusion, groundwater flow, contaminant transport, miscible displacement, finger flow, 07066.
- NMR microscopy**
leaf spectral reflectance, water content, 11516.
- NMR spectroscopy**
copper oxide oxidation, decomposition, soil disturbance, spectroscopy, humus layer, Canada, British Columbia, Vancouver Island; 01782.
- NMVOG**
volatile organic compound, GIS, emission inventory, Austria; 07365.
- no slip/free slip transition**
basal shear stress, bed conditions, basal boundary condition, ice flow, ice stream, 00792.
- no-till**
minimum tillage, herbicide, spectral reflectance, weed, 14022. organic matter, Chernozem, humus accumulation, soil microorganism, 13363. soil physical property, mulching, Alfisol, tropical soil, ploughing, Nigeria; 13393.
- no-till management**
carbon, tillage, GIS, Europe, (East); Asia, (North); 03053.
- NOAA**
agrometeorology, AVHRR, drought, France; 12807. atmosphere, longwave cooling, 12752. AVHRR, fire, Senegal; 04981. AVHRR, surface roughness, evapotranspiration, Senegal, Sahel; 04979. Coastwatch Change Analysis Project, National Wetland Inventory, satellite imagery, coastal land cover, classification system, 02579. global vegetation index, AVHRR, GVI, 12791. Meteosat, agriculture, monitoring, Senegal, Dakar; 12799. receiving station, PC, 04886. stratosphere, monitoring, 12724.
- NOAA 10**
temperature, height, retrieval, observation, error statistics, 07168.
- NOAA APT**
sea surface temperature, monsoon, Pakistan; 08908.
- NOAA AVHRR**
fire monitoring, bushfire, environmental management, Africa; 12810. land surface temperature, radiative transfer equation, Planck function, 07551.
- NOAA satellite data**
snow cover, snowmelt, Northern Hemisphere, 14088.
- noble gas**
meteorite source, Martian atmosphere, impact erosion, Mars; 01044.
- noctilucent cloud**
computation scheme, visible spectra, chromaticity, 09940. Jesse, photography, 11240. lidar observation, ice crystal, middle latitudes, mesopause, 13763. mesopause, gravity wave, numerical simulation, 12512. mesosphere, height measurement, climate change, 11241. middle atmosphere, mesospheric cloud, ice particle, review, mesopause, 13762. PMSE, optical photometer, particle impact sensor, radar interferometer, aerosol, 11472. Rayleigh lidar, 03733.
- nocturnal boundary layer**
case study, boundary layer, complex terrain, USA, Georgia, Augusta, Savannah River Site; 05940.
- nocturnal atmosphere**
aerosol vertical distribution, stratification, boundary layer, lidar, 11483.
- nocturnal collapse**
chaos, planetary boundary layer, breakdown, 02191.
- nocturnal jet**
low level jet, aircraft performance, boundary layer, mesoscale structure, flight safety, 13756.
- nocturnal sea breeze**
sea breeze, numerical study, cutoff vortex, inland penetration, gravity wave, 00986.
- nocturnal structure**
aerosol profile, lidar, stable stratification, India, Pune; 03470.
- nocturnal temperature**
Ramdas layer, boundary layer, temperature minimum, 13717.
- nodal cycle**
sedimentation, abandoned channel, lunar orbit, cycle, Netherlands; 01608.
- nodal domain integration**
aquifer yield, salt water intrusion, groundwater quality, water quality management, USA, California, San Malel Basin; 11025.
- node**
plane figure, line, 10083.
- nodular layer**
bacterial encrustation, duricrust, lateritic soil, Mali; 13357. gravel layer, duricrust, ironcrust, deferruginisation, Cameroon; 01819.
- nodule**
abyssal plain, submarine geomorphology, sediment/water interface, sedimentation, manganese, Indian Ocean, Central Indian Basin; 10598. apatite, nontronite, vivianite, ferromanganese, Malawi, Lake Malawi; 06698. carbonate compensation depth, manganite, productivity, manganese, Pacific, Aitutaki Jarvis Transect; 10658. crust, ferromanganese, tektite, Indian Ocean, Central Indian Basin; 11978. crust, manganese, ore, 00341. Devonian, Leduc Formation, bitumen, gypsum, anhydrite, Canada, Alberta; 02912. geochemistry, clay mineral, ferromanganese nodule, Indian Ocean, Carlsberg Ridge; 00431. hydrothermal fluid, ferromanganese, Russian Federation, Lake Baikal, Uskhan Islands; 02963. manganese, CCD, productivity, geochemistry, element, Pacific, Aitutaki-Jarvis Transect; 10659. Mesozoic, seamount, flint, limestone, Japan, Hokkaido, Chirai; 08007. mineralogy, iron-manganese nodule, Fragiudalf, iron, manganese, USA, Mississippi River Valley; 12156. mining, seabed photograph, 10705. nickel, deep sea retrieval, hydraulic pump, mining, 03044. pelagic sediment, manganese, surface texture, micronodule, Indian Ocean, Central Indian Basin; 01642. porcellanite, chert, opal, siliceous ooze, diagenesis, Southern Ocean; 09310. seamount, ferromanganese crust, platinum, Pacific; 09360. spheroid, gypsum, anhydrite, diagenesis, Messinian, Italy, Tuscany, Pisa, Castellina Marittima; 09297. terrigenous source, clay mineralogy, ferromanganese, sediment/water interface, diagenesis, Indian Ocean, Central Indian Basin; 06770.
- nodule horizon**
paleosol, carbonate nodule, palaeoenvironment, stable isotope ratio, USA, Arizona; 06854.
- noise attenuation**
microclimate, urban climate, tree system, summer, China, Jiangsu Province, Nanjing City; 05916.
- noise covariance matrix**
residual autocorrelation, extrapolation, streamflow estimation, Kalman filter, France, Saint-Francois River; 04445.
- noise field**
acoustic propagation, tomography, 03847.
- noise pollution**
ground roughness, noise propagation, noise prediction, remote sensing technique, 07654.
- noise prediction**
remote sensing technique, noise pollution, ground roughness, noise propagation, 07654.
- noise propagation**
noise prediction, remote sensing technique, noise pollution, ground roughness, 07654.
- noise reduction**
filtering, fast Fourier transform, 01127.
- nomogram**
maize, rill erosion, Zaire, Shaba, Lubumbashi; 05642.
- non aqueous phase liquid**
advection/dispersion, sorption, liquid/liquid partitioning, solute transport, groundwater contamination, 07088. aquifer remediation, diffusion, flushing, heterogeneous aquifer, 00781. aquifer remediation, injection well, well screen, clogging, reinjection, 04513. biodegradation, advective/dispersive theory, groundwater contamination, solute transport, groundwater chemistry, stochastic transport theory, 02063. biodegradation, bioremediation, hydrocarbon, dissolution, groundwater contamination, 03342. creosote, dissolution, groundwater quality, 12318. dense non aqueous phase liquid, pollutant migration, volatile organic compound, flushing, aquifer remediation, 00780. dissolution kinetics, groundwater contamination, dense non aqueous phase liquid, 13605. dissolution rate, grain size, trichloroethylene, styrene, pump and treat remediation, 14753. dissolution, hydrocarbon, groundwater quality, 12319. dissolution, trichloroethylene, groundwater contamination, 14752. dissolution, vadose zone, volatilisation, solute transport, 09713. groundwater remediation, multiphase flow, temperature gradient, soil moisture dynamics, unsaturated flow, 12324. groundwater remediation, pump and treat remediation, unsaturated zone, vapour extraction, volatile organic compound, 14741. groundwater remediation, surfactant, dodecane, solubilisation, 14736. hydrocarbon, groundwater contamination, remediation strategy, groundwater remediation, 11017. miscible displacement, time dependent partitioning, hydrocarbon, solute transport, breakthrough curve, 07089. multiphase flow, contaminant transport, organic contaminant, heat transport, groundwater contamination, 11034. numerical model, multiphase flow, length scale, multiscale model, parallel computing, 02027. soil matrix, cryo SEM, three phase flow, microscopic observation, 00766. sorption, solubilisation, groundwater remediation, surfactant, dodecane, 14737. vadose zone transport, kinematic wave theory, Green-Ampt model, chemical transport, 13598.
- non attainment**
diurnal profile, meteorology, ozone level, 07395.
- non attainment area**
ozone, modelling plan, air quality study, photochemical monitoring, USA, Louisiana; Texas; Gulf of Mexico; 11358.
- non climatic factor**
volcanic volatile, fissure eruption, acid, halogen, environmental impact, UK; Iceland, Laki; 10439.
- non climatic forcing**
deforming sediment, climate change, Laurentide Ice Sheet, ice sheet instability, North America; 09193.
- non Gaussian characteristic**
topographic field, moment analysis, statistical model, topographic slope, modelling, 06426.
- non Gaussian noise**
signal, stochastic signal, Gaussian signal, 10090.
- non Gaussian surface**
surface, tilt modulation, scatter, 15074.
- non gravitation perturbation**
satellite dynamics, artificial satellite, translational motion, rotational motion, 11369.
- non ionic organic contaminant**
sorption isotherm, adsorptive selectivity, landfill liner, bentonite, 08977.
- non LTE mechanism**
laboratory evidence, ozone formation, stratosphere, local thermodynamic equilibrium, local thermodynamic equilibrium, 10001.
- non methane hydrocarbon**
continuous hourly analysis, urban air, volatile organic chemical, 11342. dimethylsulphide, New Zealand, Baring Head; 14994. halocarbon gas, equator, latitudinal gradient, alkyl nitrate, Pacific; 06034. measurement, equator, latitudinal gradient, Pacific; 06033. transport, seasonal variability, long range transport, France, Brittany; 13845.
- non methane organic compound**
field system, canister sample, comparative study, USA, Georgia, Atlanta; 10031.

- non methane organic gas**
nitrogen oxide, ozone precursor relationship, semi empirical relationship, 04811.
- non metric photography**
desktop digitiser, small format, aerial photogrammetry, 11379.
- non Newtonian fluid**
soil fluid flow, seepage resistance, hydraulic gradient, 02038.
- non orthogonal grid**
coordinate transformation, Navier-Stokes equation, finite volume method, turbulence, 07274.
- non precipitating cloud**
size distribution, cloud chamber study, water cloud, aerosol size distribution, 10016.
- non reactive solute**
plume spreading, groundwater transport, solute transport, heterogeneity, reactive solute, 14760.
- non sea salt sulphate**
aerosol sampler, sulphur, methanesulphonate, American Samoa; 12589. baseline station, dimethyl sulphide, sulphur dioxide, methane, sulphonic acid, Australia, Cape Grim; 14992. dimethylsulphide, atmosphere, seawater, methanosulphonate, Atlantic; Arctic; Antarctica; 14998. methanesulphonate, ammonium, dimethylsulphide, cloud condensation nuclei, particle, 01054.
- non spherical hydrometeor**
radar meteorology, ice crystal, backscattering, 02141.
- non spherical particle**
light scattering, remote sensing, climate implication, 13674.
- non stationarity**
drought, sea surface temperature, southern oscillation index, correlation, 04602. geophysical data, multifractal statistics, mean multifractal plane, data intermittence, 11633.
- non stationary geostatistics**
mapping, temperature, kriging, geostatistics, external drift, UK, Scotland; 09810.
- non steady convective cloud**
convective cloud, adjoint method, data assimilation, numerical model, microphysics, 11250.
- non tidal circulation**
lake water process, transparency, sediment transport, North America, Great Lakes, Lake Michigan, Green Bay; 05693.
- non till diamicton**
diamicton sediment, clastic intrusion, liquefaction, till, glacial sequence, 10483.
- non uniform channel**
moment model, channel bend flow, fixed bed, 03232. moment model, erodible bed, channel bend flow, rotational flow, translational flow, 03233.
- non uniform flow**
groundwater flow, solute transport, contaminant migration, dispersivity, longitudinal dispersivity, tracer test, 13608. mesoscale, microscale, three dimensional, 04687.
- non urban**
wet deposition, deposition, urban, nitrate, 12645.
- non urban ozone**
principal components analysis, persistence, anticyclone, USA(E); 07414.
- noncollisional orogen**
orogenesis, plate kinematics, topography, subduction, South America, Andes; 14164.
- nonequilibrium reaction**
groundwater quality, calcium/potassium exchange, mixing cell model, adsorption, solute transport, 00759.
- nonequilibrium transport**
soil water flow, sorption, dual porosity, solute transport, first order decay, zero order production, 03316.
- nonglacial diamicton**
micromorphology, glaciation, diamicton, India, Karakoram Mountains; Himalayas; 10498.
- nonglacial lake**
gelifluction, meltwater, sedimentation rate, alluvial fan, climate change, Canada, Northwest Territories, Axel Heiberg Island, Colour Lake; 06739.
- nonhomogeneous clay**
embankment, slip-line method, bearing capacity, 06510.
- nonhydrostatic flow**
grid refinement, atmospheric flow, 02124. lee wave, topography, 09912.
- nonhydrostatic model**
mesoscale model, bell ridge, 03448. mesoscale model, sea breeze, pollution episode, Greece, Athens; 11215. nested grid model, parameterisation, mesoscale model, cloud, 05968.
- nonhydrostatic numerical model**
numerical flow model, Navier-Stokes equation, validation test, 06412.
- nonlinear balance**
beta plane, equator, 09892.
- nonlinear barotropic instability**
tropical easterly jet, sphere, easterly jet, jet, barotropic instability, 09882.
- nonlinear behaviour**
tropical behaviour, air-sea interaction, fast wave limit, bifurcation, 04650.
- nonlinear chemical coupling**
ozone production, bifurcation, steady state, oxidation capacity, nitrogen oxide, 06016.
- nonlinear computation instability**
Fourier transform, aliased spectral model, spectral model, shallow water equation, dealiased spectral model, 00072.
- nonlinear correction**
AVHRR, infrared, 06115.
- nonlinear count**
photon counting, lidar, 10097.
- nonlinear CSI**
conditional symmetric instability, weather prediction, mesoscale model, 00968.
- nonlinear displacement**
geostrophic adjustment, mass imbalance, jet displacement, 00946.
- nonlinear dynamics**
cloud thermodynamics, frontogenesis, semigeostrophic theory, 02251. friction free, cold front, 13758. meander, river meandering, chaos, numerical model, channel planform, 06449.
- nonlinear Ekman pumping**
Ekman momentum, boundary flow, 09904.
- nonlinear elastic plastic model**
hyperbolic model, shear modulus, finite element study, pressuremeter test, sand, 01418.
- nonlinear estimation**
aquifer management, hydrogeochemical analysis, kriging, salt water intrusion, aquifer overexploitation, Spain, Almeria, Campo de Dalias, Aguadulce aquifer; 02081.
- nonlinear evolution**
convection, evaporation/wind feedback, tropical convection, planetary scale, 09933. frontal wave, potential vorticity anomaly, 02242. instability, boundary layer, transition criteria, 00878. wave-mean flow interaction, baroclinic wave, synoptic scale, cyclone, asymptotic equilibration, 11175.
- nonlinear function**
disjunctive kriging, conditional expectation, probability density function, filtering, 00060.
- nonlinear influence**
wind speed variability, gas transfer, lake, 03581.
- nonlinear interaction**
baroclinic wave, Rossby wave, resonance, first order resonance, 05959. current profile, wind, tide, 13731. dissipative atmosphere, gravity wave, 07290. Rossby mode, resonance condition, triad, energy cascade, 03511. Rossby wave, second order, 14908.
- nonlinear kinetic energy**
kinetic energy transfer, upper troposphere, monsoon, 13705.
- nonlinear model**
pile axial response, bearing capacity, dynamic axial pile response, 11710. sea surface temperature, CISK, intraseasonal oscillation, Hadden-Julian oscillation, 11199.
- nonlinear modelling**
ground, plant cover, NDVI, vegetation index, 12792.
- nonlinear resonance**
resonance, instability, planetary wave, low frequency variability, 09881.
- nonlinear response**
linear response, earthquake site response, soil profile, 04021.
- nonlinear saturation**
baroclinic instability, energy bounds, 11202. gravity wave, 14918.
- nonlinear scheme**
normal mode, initialisation scheme, diabatic forcing, Weather Prediction Model, DNNMI, 11210.
- nonlinear soil**
soil response, cyclic loading, Fourier component, hysteretic damping, 02709.
- nonlinear time series**
forecast, Southern Oscillation index, time series, 13788.
- nonlinear trend**
trend test, linear trend, water quality, 05114.
- nonlinear variability**
landscape topography, multifractal analysis, simulation, USA; France; 09028.
- nonlinear wave**
envelope, solitary wave, Rossby wave, 09877. water wave, wave, Korleweg-de Vries equation, X-ray crystallography, 12217.
- nonlinearity**
contour dynamics, soliton theory, Coriolis force, vortex, 09905. critical layer, diffusion layer, three dimensional, boundary layer transition, 08538. flood wave, variable parameter Muskingum-Cunge method, multilinear Muskingum method, flood routing, Muskingum method, 08336. multiple steady states, atmospheric chemistry, 09988.
- nonlocal diffusion scheme**
local diffusion scheme, boundary layer, diffusion, climate model, 08564.
- nonlocal thermodynamic equilibrium**
Voigt line shape, synthetic radiance spectra, 03726.
- nonparallel flow**
equatorial beta plane, inertial instability, 11184.
- nonparametric**
covariance, Monte Carlo study, Freidman test, 07715. crater, aerospace imagery, 04965.
- nonparametric curve estimation**
density, kernel density estimator, mean integrated absolute error, 02641.
- nonparametric method**
fitting method, extreme rainfall data, rain magnitude, 02303. heavy metal, statistics, Italy, Sardinia; 11631. historical flood, flood frequency analysis, mixture density estimation, parametric method, palaeoflood data, China; 08346.
- nonparametric methods**
regression, trend analysis, environmental monitoring, 09014.
- nonparametric procedure**
statistical procedure, ranking, solar radiation model, multiple locations, 14814.
- nonparametric regression**
chamber experiment, indoor pollution, emission rate, 04578. dependent error regression smoothing, computer program, cubic spline smoothing, 11625.
- nonparametric trend analysis**
water quality data, trend analysis, river water quality, USA, Kansas, Walnut River; Neosho River; USA, Kansas, Arkansas River; USA, Kansas, Verdigris River; 05739.
- nonpoint pollutant**
statistical characteristics, land use, sewer construction, urban area, Japan, Honshu, Kyoto City; 03878.
- nonpoint pollution**
agrochemical, impact assessment, water quality policy, metamodel, USA; 00026. erosion, sediment load, agricultural land, market, pollution abatement, USA; 03022.
- nonpoint source**
coastal water quality, water quality management, environmental protection,

- legislation, USA, Rhode Island, Cape Cod; 03378. lake water quality, nutrient, eutrophication, phosphorus, nitrogen, North America, Great Lakes, Lake Erie; 05758. pollution modelling, GIS, urban pollution, 06327. pollution, agrochemical, pollution control, water quality standard, land use effect, Japan; 07136. pollution, GIS, 06328. pollution, modelling, GIS, 06329.
- nonpoint source contamination**
cyanazine, atrazine, alachlor, metolachlor, USA, Mississippi River; 03291.
- nonpoint source pollutant**
point source pollutant, drainage basin model, biochemical oxygen demand, river water quality, Europe, Rhine River; 14660.
- nonpoint source pollution**
agricultural pollutant, agricultural practice, fertiliser management, tillage, lake water quality, USA, Ohio; North America, Great Lakes, Lake Erie; 07113. agricultural pollutant, fertiliser, nitrate, irrigation practice, groundwater quality, point source pollution, Australia; 11081. agricultural pollutant, pollution control, phosphorus, lake water quality, USA, Wisconsin, White Clay Lake; 07129. agricultural pollutant, USLE, erosion, leaching, Canada, Quebec, Montreal; 04475. baseflow, groundwater discharge, deethylatrazine, atrazine, river water quality, 02006. basin model, contaminant transport, environmental fate, agricultural pollutant, Italy; 07141. basin model, GIS, 07014. contaminant transport, groundwater contamination, agricultural pollutant, herbicide, mathematical model, Italy, Pavia; 07126. dissolved reactive phosphorus, runoff water quality, phosphorus, agricultural pollutant, 10962. eutrophication, agricultural practice, nutrient, water treatment, blue-green algae, reservoir water quality, Czech Republic, Morava River; 07047. eutrophication, lake water quality, lake restoration, point source pollution, Austria, Neusiedl Lake; Hungary, Neusiedl Lake; 07048. fertiliser, agricultural contaminant, nitrate/nitrogen, groundwater contamination, irrigated agriculture, USA, Nebraska, Panhandle; 11027. fertiliser, sewage sludge, surface water pollution, groundwater contamination, 09645. GIS, nitrogen, phosphorus, coastal water quality, lagoon, Italy, Venice Lagoon; 07007. groundwater quality, surface water quality, acid mine drainage, pollution control, 07128. industrial discharge, pollution control, heavy metal, pollution source, 09638. irrigation water quality, agricultural water management, river water quality, salinisation, South Africa, Cape Province, Breede River; 07037. lake water quality, nitrogen, phosphorus, eutrophication, Korea(South), Hoedong Lake; 07049. nitrogen, riparian zone, agricultural pollutant, streamwater quality, 07137. nutrient loading model, phosphorus, GIS, water quality, USA, New York, Owasco Lake; 07601. nutrient loss, runoff water quality, agricultural pollutant, Poland, Carpathian Plateau; 05830. phosphorus, nitrogen, wetlands, buffer zone, nutrient sink, France, Lac Leman; 10951. point source pollution, contamination transport, phytoplankton, reservoir water quality, Czech Republic, Prague, Zelvka River; 07050. pollutant source, PAH, estuary water quality, USA, Wisconsin, Milwaukee Harbour; 14651. pollution control, agricultural practice, pesticide, nutrient, USA; 07115. pollution control, surface water quality, nutrient reduction, bay, USA, Chesapeake Bay; 07114. pollution control, water quality management, coastal water quality, USA; 07158. pollution reduction, pesticide, PAH, surface water quality, water quality management, Netherlands; 07160. rainfall data, pollution modelling, model sensitivity, time step interval, Canada, Ontario; 01990. risk assessment, ecological impact, water quality management, pollution control, USA; 07163. roof runoff, heavy metal, urban runoff, runoff water quality, 07022. runoff water quality, phosphorus transport, river water quality, South Africa, Western Cape Province, Berg River; 07028. runoff water quality, pollutant removal, toxicity reduction, water quality management, 07161. runoff water quality, urban runoff, computer model, 07027. saturated/unsaturated flow, point source pollution, nitrate, karst aquifer, groundwater contamination, UK; Australia, South Australia; 11015. surface water contamination, groundwater contamination, herbicide, starch encapsulation, 12241. surface water quality, groundwater quality, surface water-groundwater interaction, phosphorus, Germany, Berlin, Spree River; 07092. surface water quality, nutrient transport, environmental fate, riparian zone, groundwater quality, 07013. wastewater treatment, estuary water quality, water quality management, point source pollution, USA, Florida, Sarasota Bay; 07008. water purification, aquatic vegetation, metal pollution, surface water quality, biomonitoring, India; 07010. water quality management, catchment protection, potable water quality, point source pollution, 12388. water quality management, pollution abatement, streamwater quality, USA, Wisconsin, Black Earth Creek; 07164. water quality monitoring, agricultural practice, ecosystem impact, surface water quality, monitoring programme, USA, Iowa, Clayton County, Sny Magill Watershed; 07105. water quality monitoring, agricultural practice, land treatment, USA; 07125. water quality monitoring, phosphorus, nitrogen, heavy metal, point source pollution, Germany, Rhine River; Elbe River; 07036. water quality, ammonia, denitrification, agricultural pollutant, nitrate, nitrogen budget, Poland; 07131. water quality, environmental auditing, Australia, New South Wales, Lachlan River; 07600.
- nonsaturated soil**
occluded air bubble, consolidation settlement, deformation, 11727.
- nontronite**
thermometry, seamount, REE, smectite, seawater, hydrothermal fluid, Pacific, (Central); 00428. vivianite, ferromanganese, nodule, apatite, Malawi, Lake Malawi; 06698.
- nonuniform grid**
contouring program, 03721.
- Norden, J.**
Elizabethan map, ideology, mapping, Saxton, C., UK, England; 10122.
- Nordenskjold Formation**
Jurassic, Cretaceous, black shale, tuff, pelagic sediment, Antarctica, Antarctic Peninsula; 00418.
- nordic permafrost**
bibliography, permafrost map, Sweden; Norway; Finland; 06618.
- Norfolk moraine**
coastal morphology, Holocene, transgression, coarsening-upward trend, isostatic rebound, Canada, Ontario, Lake Erie; 00113.
- normal distribution**
hydrological sample, probability density function, transform optimisation, variate transformation, statistical analysis, 04429.
- normal fault**
geophysical survey, transverse extensive tectonics, uplift, vertical displacement, neotectonics, France, Alps, Gresivaudan Valley; 11689.
- normal fault geometry**
hanging wall, three dimensional fault, Euler angle, automated technique, 06475.
- normal faulting**
Holocene, fault scarp, en echelon scarp, basalt, earthquake hazard, USA, California, Cascade Range, Hat Creek; 09070.
- normal mode**
energetics, general circulation, 12488. initialisation scheme, diabatic forcing, Weather Prediction Model, DNNMI, nonlinear scheme, 11210. principal oscillation pattern, quasi geostrophic theory, 04675. shear flow, travelling wave, barotropic mode, 00942.
- normal random vector**
classifier model, Bayes decision rule, 07471.
- normalised mean square error**
air quality, performance index, model intercomparison, 06100.
- normalised relation**
topological editing, data integrity, relational database, 13963.
- North American Datum**
survey adjustment, survey network, Canada, Alberta; 01105.
- North Anatolian Fault**
Cainozoic (late), extension, fault zone, fault kinematics, Turkey, Ilgaz-Kursunlu Basin; 05201.
- North Atlantic Bloom Experiment**
scavenging, water column, seafloor, thorium-234, primary production, Atlantic, (North); 01707.
- North Atlantic Deep Water**
deep water circulation, carbonate production, carbon cycling, Quaternary (late), Southern Ocean; 14242.
- North Atlantic Drift**
insolation anomaly, surface ocean condition, diatom, palaeoceanography, sediment core, Greenland Sea; Iceland Sea; Norwegian Sea; 04054.
- North Atlantic Oscillation**
dendrochronology, tree ring record, sea surface temperature, Atlantic; 13797. deuterium, ice core, ice sheet, Greenland; 09954.
- north polar vortex**
Microwave Limb Sounder, photochemistry, reactive chlorine, 07519.
- North Sea Project**
shelf sea, water quality, oceanography, North Sea; 05439.
- northern ecosystem**
bioindicator, environmental degradation, pollution, anthropogenic load, Russian Federation, Siberia; 06389.
- northern forest**
disturbance, biomass carbon, boreal forest, global carbon cycle, Canada; 03905.
- Northern Hemisphere**
carbon monoxide, budget, 12605. circulation type, wintertime, phase space, 11177. circulation, anomaly pattern, geopotential height anomaly (500 hPa), volcanic eruption, middle latitudes, 13698. column abundance, nitrate, low latitude, night time, 11304. dynamic process, winter, volcanic eruption, zonal wind, troposphere, 11139. fossil fuel, anthropogenic source, methane decrease (1992), growth rate, 11279. four dimensional, spherical trapezoid, objective analysis, data assimilation, atmosphere, 11108. lidar, volcano, extinction coefficient, optical thickness, aerosol cloud, Philippines, Pinatubo Mountain; 03613. longwave circulation, circumpolar vortex size (1946-1989), 08632. middle atmosphere, wave breaking, gravity wave drag, planetary wave, winter, 02217. NOAA satellite data, snow cover, snowmelt, 14088. ozone, SBUV/2, total ozone (1989-1993), 13818. precipitation, weather regime, wintertime circulation, China; 09823. stratosphere, general circulation model, El Nino, 03509. stratosphere, Southern Oscillation, 11143. total ozone, trend, quasi biennial circulation, ozone, 08663. winter, cluster analysis, spatial pattern, height field (500-hPa), 11183. winter, multiple flow regime, probability density function, teleconnection, 11181. winter, probability density function, empirical orthogonal function, multiple flow regime, 11182. winter, stratosphere, wave number, flow regime, 02185. winter, tropospheric circulation, stratospheric cooling, 14849. wintertime, general circulation model, cyclone, 200 hPa, divergence extrema, 12494.
- northern latitudes**
carbon dioxide source, deforestation, forest, wildfire, 07362.
- northern temperate zone**
global carbon budget, forest growth, missing carbon, budget deficit, carbon, 05093.
- northern wetlands study**
atmospheric trace gas, source/sink, methane flux, methane exchange, biogenic gas, Canada, Hudson Bay Lowland; Quebec, Labrador; Canada, James Bay; 00036. trace gas, flux measurement, atmospheric chemistry, wetlands, source/sink, Canada, Hudson Bay Lowlands; 10324.
- northern winter**
tropopause, global analysis, stratosphere/troposphere exchange, 00898.
- northwest passage**
Bering, V., de Fonte, Le Rouge, G.L., 03709.
- Norway spruce**
toxicity, heavy metal, soil substrate, 02484.
- Norwegian current**
biogenic carbonate, iceberg drift, ODP Leg 104, terrigenous record, Ice Sheet, Atlantic, (North); Norwegian Sea; 11788.
- Norwich Crag**
Waltonian Crag, Pliocene, ostracode, palaeotemperature reconstruction, Coralline Crag, Chillesford Sand Member, UK, England, East Anglia; North Sea; Netherlands; 14240.
- notch**
geophysical prediction, sea level change, tectonic effect, emergent reef, Pacific, Mariana Islands, Guam; Rota; 04118. Porolithon, windward coast, algal ridge, reef flat, shoreline morphology, Pacific, (South), Tonga, Tongatapu Island; 01372.
- notch sensitivity**
sea ice, failure strength, Canada, Northwest Territories, Resolute; 01566.

Nothofagus

Holocene, radiocarbon dating, forest/steppe transition, pollen, charcoal, Chile, Tierra del Fuego, Isla Grande; Argentina, Tierra del Fuego, Isla Grande; 07870.

nowcast

thunderstorm initiation, Doppler weather radar, 04737. thunderstorm initiation, sounding, mesonet data, 04738.

NPTOX analysis

chlorinated organic compound, river water quality, kraft mill, paper milling, 09663.

NSDI

structured digital data, metadata, GIS, USGS, 08800.

NSSDC data listing

satellite data, 02651.

nuclear accident

radioactivity, deposition, precipitation scavenging, washout ratio, Japan, ; Ukraine, Chernobyl; 03646. vegetation removal, soil removal, agricultural mitigation technique, Decontaminating Vegetal Network, 05079.

nuclear contamination

radioactive discharge, potable water quality, water treatment, 09636.

nuclear dating method

cosmogenic nuclide, rock varnish, surface exposure dating, geochronology, dating method, 01343.

nuclear disaster

radiation, hazard, GIS, Ukraine, Chernobyl; 12867.

nuclear establishment

cobalt-60, seawater, chemical speciation, environmental behaviour, UK, England, Dorset, Winfrith; 01298.

nuclear explosion

caesium-137 map, radionuclide, Ukraine, Chernobyl; Russian Federation; 11270. LANDSAT MSS, SPOT, Kazakhstan, Balapan; 15257.

nuclear fallout

lake water quality, radiocaesium, sediment, organic sediment, clay sediment, UK, Scotland, Round Loch of Glenhead; Loch Lomond; 05744.

nuclear fuel

salt marsh, radioactive waste, critical group, radionuclide, UK, England, Cumbria, Sellafield; Irish Sea; 01758.

nuclear fuel reprocessing

radioactivity, salt marsh, caesium, sedimentation, UK, England, Sellafield; Wales, Dee Estuary; 13302.

Nuclear Fuel Waste Management

radionuclide transport, sorption data base, geosphere model, Canada; 02587.

nuclear magnetic resonance

carbon, particle size fraction, grassland soil, organic matter, Canada, British Columbia, Peace River Region; 13399. pore size distribution, aquifer material, porosity, 10740. time domain electromagnetic method, salinity, groundwater exploration, Israel; 14786.

nuclear magnetic resonance spectroscopy

dichlorophenol, enzymatic coupling, humic acid, phenolic compound, 06923.

nuclear power

site selection, seismotectonics, India, Gujarat, Kakrapar; 12863.

nuclear power plant

effluent release, transuranium element, Czech Republic, Jaslovské Bohunice; 02362. robot, digit, measurement system, hazardous environment, 15248. seismic risk, tectonic investigation, earthquake hazard, Hungary, Paks Area; 05136.

nuclear power station

dispersion, removal, pollutant, frontal system, mesoscale model, 10029. radiation monitoring, Ukraine, Chernobyl; Byelorussia; 08962.

nuclear reactor

GIS, environment, GPS, USA, South Carolina; 04972.

nuclear reactor accident

caesium, radiocaesium, solubility, speciation, 02353.

nuclear test

nuclear weapon, radionuclide, troposphere, stratosphere, Ukraine, Chernobyl; 13878.

nuclear testing

explosion monitoring, SPOT seismic monitoring, Kazakhstan, Azgir; 07548.

nuclear war

nuclear winter, climate effect, China; 02337.

nuclear waste

anoxia, fjord, uranium, coastal water quality, uranium chemistry, microbial population, Norway, Framvaren Fjord; 01992. helium, management implication, groundwater discharge, lake water chemistry, Canada, Ontario; 02015.

nuclear waste disposal

colloid, particle migration, radionuclide, contaminant migration, groundwater flow, Canada, Saskatchewan, Cigar Lake; 09726. groundwater flow, hydrogeology, groundwater resource, tuff aquifer, USA, Nevada, Yucca Mountain; 14715. helium, soil gas, groundwater contamination, groundwater discharge, Canada, Canadian Shield, Manitoba, Lac du Bonnet; 09720. nuclide transfer rate, lake water quality, biosphere model, contaminant transport, Canada; 02009. precipitation chemistry, unsaturated zone, soil water chemistry, USA, Illinois, Bureau County, Sheffield; 09710. saturated/unsaturated flow, fracture flow, variably saturated flow, groundwater flow, USA, Nevada, Yucca Mountain; 12296. sensitivity analysis, biosphere model, contaminant transport, lake water quality, soil water quality, Canada; 02065. sorption, diffusion, rock matrix, fracture flow, solute transport, 12347.

nuclear waste repository

sorbing material, comparative study, radionuclide sorption database, performance assessment, 01307. transmissivity, fracture flow, groundwater flow, fracture aperture, Sweden, Stripa; 13576. unsaturated zone, thermal loading, radionuclide migration, containment control, evaporation, solute concentration, USA, Nevada, Yucca Mountain; 09711.

nuclear weapon

radionuclide, troposphere, stratosphere, nuclear test, Ukraine, Chernobyl; 13878.

nuclear weapon testing

elevation, sedimentation rate, Caesium-137, fallout, USA, Utah; Nevada Test Site; 12000.

nuclear winter

climate effect, nuclear war, China; 02337. uncertainty, atmospheric circulation model, 04745.

nucleation

diagenesis, mudstone, bacteria, metal, mineralization, Brazil, Rio Negro; Rio Solimoes; 06712. diffusional growth model, evaporation, cloud droplet, 05982. dissolution kinetics, crystal growth, 09284. melting, freezing, temperature perturbation, snow, 00997.

nucleation kinetics

stoichiometry, Ostwald's Step Rule, dolomite, 08031.

nucleation rate

crystallite growth rate, surface water chemistry, ferric oxyhydroxide, precipitation kinetics, 06990.

nucleation theory

ice formation, aerosol, 10011.

nuclei

particle production, equatorial ocean, photochemistry, convection, 15018.

nucleic acid

surface water quality, purification, viral DNA, 07003.

nucleophilic substitution

solubility, methyl halide, seawater, 00893.

nuclide transfer rate

lake water quality, biosphere model, contaminant transport, nuclear waste disposal, Canada; 02009.

nudging coefficient

adjoint equation, optimal determination, 08572.

nugget effect

sampling pattern, geostatistics, hydraulic conductivity, spatial variability, scale effect, 02060.

number concentration

condensation model, measurement, cloud droplet, 09931.

number-size model

aggregate, fractal dimension, mass-size model, 09421.

numerical analysis

consolidation, finite element method, sedimentation, void ratio, 06772. finite element method, infinite element method, pile-soil interaction, lateral loading, 01426. freshwater-saltwater interface, groundwater flow, boundary element method, salt water intrusion, B spline, 02053. subsurface mapping, geotechnical model, unconsolidated sediment, 14192. Younger Drays, Allerod, spatial distribution, late glacial, pollen stratigraphy, Switzerland; 07877.

numerical approach

analysis, classification, channel network, computer program, 10362. Holocene, late glacial, palaeoclimate interpretation, pollen record, USA, Minnesota, Clearwater County, Elk Lake; 02741.

numerical cartography

DEM, morphological lineament, 01145.

numerical conversion

likelihood function, numerical conversion, significance, exponential model, cubic spline, transformation model, 02642. significance, exponential model, cubic spline, transformation model, numerical conversion, likelihood function, 02642.

numerical diffusion

computational method, semi implicit method, environmental hydraulics, convection, skew upwind scheme, 11111. finite volume method, Peclet number, upwinding, convection/diffusion, convective flow, 11253.

numerical experiment

climate model, 14936. geomorphological evolution, landscape development, denudation rate, escarpment, Africa, Great Escarpment; Kalahari; 14165. Kalman smoothing, precise, iteration, accuracy, 08570. model, design, analysis, 01329. ocean process, sensitivity study, climate change, 09858. resolution, atmospheric model, consistent spatial resolution, vertical resolution, gravity wave, 00900. unconfined flow, avalanche, mass movement, granular material, 14190.

numerical flow model

Navier-Stokes equation, validation test, nonhydrostatic numerical model, 06412.

numerical forecast model

blocking event, climatology, 04684.

numerical hindcasting

carbon dioxide, partial pressure, sea surface data, one dimensional model, Pacific; 06405.

numerical investigation

criterion, cloud top, entrainment instability, 04698.

numerical method

cubic spline method, Newton method, Lagrangian method, grid method, reservoir capacity, 04464. pH variation, eutrophic lake, Holocene, mesotrophic lake, Sweden, Trummen Lake; 10509. spherical shell, radiative transfer, 13660. water balance, runoff, lake level, climate change, 14219.

numerical model

biological interaction, physical process, Arctic seas, Arctic Ocean; 02633. channel planform, nonlinear dynamics, meander, river meandering, chaos, 06449. climate change, storm current, wave, storm surge, ocean circulation, Gulf of Mexico; Caribbean Sea; 01324. cloud dynamics, microphysics, chemistry, severe storm, three dimensional, 04710. dispersion, boundary layer, convective plume, 09838. geometry, construction material, street climate, urban climate, 09832. groundwater flow, hydrogeology, karst aquifer, water balance, spring discharge, stochastic model, Serbia, Grza Spring; 00749. Launder-Spalding relation, eddy kinetic energy, open channel flow, 14613. microphysics, non steady convective cloud, convective cloud, adjoint method, data assimilation, 11250. monsoon, prediction, physical parameterisation, moist process, India; 14907. multiphase flow, length scale, multiscale model, parallel computing, non aqueous phase liquid, 02027. open channel flow, subcritical flow, supercritical flow, transient flow, hydraulic jump, 05682. optimisation, solute transport, adsorption/dispersion, parameter determination, displacement test, 03335. porous media, solute transport, groundwater flow, vadose zone, finite element method, saturation

- variability, 00762. review, parameterisation, cloud, large scale model, 07304. simulation, storm, beach change, SBEACH, 02676. soil heat transfer, soil mass transfer, 00477. soil liquefaction, multitype plasticity theory, liquefaction, centrifuge validation, 02710. stress analysis, drained/undrained soil, cavity expansion, in situ testing, 09105. water quality, current, coastal zone, Finland, Gulf of Bothnia; 14116.
- numerical modelling**
Baltic Ice Stream, Younger Dryas, moraine, equilibrium line altitude, Baltic Sea; Finland; Sweden; Norway; 01509. Bingham plastic mudslide, wave, underwater landslide, tsunami, mudslide, 00148. climate variability, land surface process, surface energy flux, soil moisture, potential evaporation, 00015. energy balance, model test, mass balance, ablation, englacial temperature, Greenland, West Greenland; 09246. erosion, fission track data, escarpment, isostatic uplift, flexural isostasy, 14136. failure surface, geometrical simulation, coastal cliff, Liassic strata, instability, UK, Wales, Glamorgan; 06517. fluid dynamics, finite element method, circulation modelling, fjord, Norway; 09634. ground movement, unsaturated clay, deformation, 14183. Holocene, elevation change, climate change, ice sheet geometry, ice age, Greenland; 09247. shallow water, flow modelling, dispersion model, three dimensional model, Netherlands, Lake Yssel; 01330.
- numerical prediction**
reconstituted kaolin, triaxial apparatus, Cam clay, 04020.
- numerical prediction model**
cloud cover, cloud water content, forecast, initialisation, 11249.
- numerical scheme**
chemical rate equation, atmospheric model, stiff system, gear integration method, 04759. transport chemistry model, fast integration method, chemical kinetics, carbon bond mechanism, Euler Backward method, 07366.
- numerical simulation**
boundary layer, cloudy sky, one dimensional model, 05907. climate, prediction, 12532. cyclone, convective heating, heating profile, South China Sea; 14905. dual porosity model, matrix flow, fracture flow, groundwater flow, 03325. explosive development, cyclone, heating profile, 14909. factor separation, 00823. global climate, diagnostics, greenhouse effect, 12923. gravity flow, interparticle friction, model, pyroclastic flow, Japan, Kyushu, Mt Unzenake; 05169. hydrostatic/non hydrostatic comparison, mountain wave, 08590. ice age, climate, carbon dioxide, general circulation model, 08627. noctilucent cloud, mesopause, gravity wave, 12512. oil spill, hydrodynamic model, tide, wind, Arabian Gulf; 12884. ozone depletion, ultraviolet radiation, 14962. shoreline evolution, one line model, wave height, India, Madras; Beypore; 05162. slope failure, tsunami, submarine slide, Canada, British Columbia, Fraser River Delta; 02760. soil drying, clay soil, 00487. tracer data, turbulence closure model, long range dispersion, 02190. tropical cyclone, sea surface cooling, cyclone-ocean interaction, coupled model, 11169. turbulence, shock wave, Mach number, 05956. unsteady flow, modelling method, 04455.
- numerical solution**
convection equation, Rayleigh-Bernard equations, 05976. ill-posed problem, computation, algorithm, mollification method, 07711. Miller model, frost heave, 04119. Richards equation, courant number, unsaturated flow, Peclet number, 06986. two dimensional problem, elastostatics, artificial boundary, boundary conditions, geophysics, 10334.
- numerical study**
cutoff vortex, inland penetration, gravity wave, nocturnal sea breeze, sea breeze, 00986. diurnal variation, katabatic wind, Antarctica, Adelle Land; 04692. downburst, rotation, convective cell, 04697. two dimensional, atmospheric moisture, baroclinic instability, 02233. width, microclimate, 14874.
- numerical weather model**
Meteosat, flood disturbance, South Africa; 07624.
- numerical weather prediction**
assimilation algorithm, initial value problem, 02322. correlation function, low latitude, extended polynomial form, exponential form, initial field, 13781. Geosat altimeter, wind speed, wind model, 07528. sea surface temperature, NDVI, thermal front, cloud detection, 11470.
- Numidian flysch**
pelite, quartz arenite, turbidite, sedimentation, Italy, Basilicata, Lagonegro Basin; Southern Apennines; 01717. sandstone, Aquitanian, palaeogeography, submarine fan, flysch, Algeria, Grande Kabylie Massif; 01718.
- nunatak**
bedrock thrust, ice pushed ridge, glaciotectionic landform, structural uplift, Canada, Saskatchewan, Cactus Hills; Dirt Hills; 01504. Devensian (late), ice sheet reconstruction, gibbsite, trimline, UK, Scotland, Isle of Skye, Trotternish Escarpment; 11829. equidistant shoreline diagram, deglaciation dynamics, Weichselian (late), glaciation/deglaciation, Norway, Troms; 05310. radiocarbon date, last glaciation, blockfield, Weichselian, glacial history, Greenland, East Greenland, Germania Land; 11833.
- nutrient constraint**
sodium, sodic soil, soil fertility, Australia; 10790.
- nursery operation**
groundwater contamination, irrigation water management, nutrient, surface water contamination, pollution control, USA; 07134.
- Nusselt number**
collection efficiency, graupel growth, wind tunnel, hail, Sherwood number, 02288.
- NUTBAL**
fertiliser, nutrient balance, land use, NUTMON, Africa; Kenya, Kissi District; 12040. land use, nutrient depletion, GIS, Costa Rica; 12037.
- nutlet**
Holsteinian Interglacial, Alexandrian flora, exotic plant, seed, Poland; Belarus; 11818.
- NUTMON**
NUTBAL, fertiliser, nutrient balance, land use, Africa; Kenya, Kissi District; 12040.
- nutrient**
benthic foraminifera, primary productivity, mixing, glacial, postglacial, Pacific, Ontong Java Plateau; 14225. bicarbonate, potassium deficiency, magnesium, lake water quality, lake classification, sodium, UK, Northern Ireland, County Antrim; 14450. hydrogeochemistry, pollutant source, weathering, river water chemistry, heavy metal, China; 12280. lagoon, denitrification, nitrogen compound, interstitial water, ammonium, water column, Gulf of Mexico, Chelem Lagoon; 12012. leaching, soil water quality, runoff water quality, compost, 07015. litter respiration, heavy metal, 12108. marine environment, trace metal, petroleum, chlorinated hydrocarbon, anionic detergent, Russian Federation, Vladivostok; 02609. mesocosm, fish, sediment/water interface, turbidity, 09326. microbial pollution, faecal coliform, coastal water quality, streamwater quality, United Arab Emirates; 10959. mixing, organic matter, estuary, biogeochemical cycle, eutrophication, UK, England, Norfolk, Great Ouse Estuary; North Sea, The Wash; 02942. nitrogen, ria, phytoplankton, residence time, biochemistry, Spain, Galicia, Vigo Ria; 08036. nonpoint source pollution, pollution control, agricultural practice, pesticide, USA; 07115. organic matter, plankton, oxygen minimum, chlorophyll maximum, biogeochemical cycle, Indian Ocean; 01315. organic matter, sediment/water interface, sulphur, lake sediment, 09312. particulate matter, chlorophyll, silicate, spatial variability, upwelling, USA, Nevada, Pyramid Lake; 07045. phosphorus deficiency, seasonal variability, eutrophication, reservoir water quality, Czech Republic, Rimov Reservoir; 10978. phosphorus distribution, phosphorus, estuary, productivity, India, Hooghly Estuary; Ganges River; 05486. phosphorus, organic carbon, productivity, suspended particulate matter, bioelement, Korea, Masan Bay; 10632. phosphorus, water quality, heavy metal, aeration, bottom sediment, Poland; 03034. physical process, biological process, chemistry, reservoir limnology, plankton, eutrophication, Poland, Masurian Lakeland, Glebokie Lake; Jorzec Lake; Poland, Masurian Lakeland, Inlvec Lake; 05769. phytoplankton, lake water quality, limnology, UK, Northern Ireland, County Tyrone; 03302. plankton, man made lake, eutrophication, water quality management, reservoir limnology, arid zone, 05764. plankton, pump storage reservoir, primary productivity, water quality management, reservoir limnology, Switzerland, Wagitalersee; 05767. pore-water, adsorption, phosphate, grain size, seagrass, Indonesia, Sulawesi; 06747. production rate, silica cycle, opal, phytoplankton, Southern Ocean; Weddell Sea; 00432. reservoir water quality, eutrophication, Turkey, Keban Dam Reservoir; 10991. reservoir, phosphorus, limnology, eutrophication, 10982. rice paddy, irrigation water management, surface water quality, pesticide, Japan, Koise River; Lake Kasumigaura; 07012. salinity, redox, salt marsh, *Spartina alterniflora*, barrier island, USA, Virginia Coast; 04258. sediment, mycorrhizae, heavy metal, wetlands, ecotone, tropics, 05699. sedimentation, focusing, reservoir, resuspension, USA, Wisconsin, Eau Gallie Reservoir; 03030. shelf sediment, seasonal variation, carbon, nitrogen, phosphorus, India, Andhra Pradesh, Visakhapatnam Shelf; 06751. surface water contamination, pollution control, nursery operation, groundwater contamination, irrigation water management, USA; 07134. terrestrial source, estuary, phosphorus, fertiliser, anthropogenic impact, Australia, Queensland, Moresby River Estuary; 05487. trace element, suspended sediment, physiography, estuary, coastal water quality, USA, Mississippi River; Atchafalaya River; 12259. trophic status, lake water quality, nitrogen, phosphorus, Turkey, Sapanca Lake; 10990. velocity profile, estuary, stratification, salinity, river discharge, Argentina, Patagonia, Chubut River Estuary; 06987. water colour, wastewater treatment, algae, bioremediation, trace metal, 14644. water quality management, river restoration, river water quality, suspended matter, Europe, Rhine River; 10975. water treatment, blue-green algae, reservoir water quality, nonpoint source pollution, eutrophication, agricultural practice, Czech Republic, Morava River; 07047.
- nutrient accumulation**
agricultural runoff, carbon, nitrogen, phosphorus, peat accretion, USA, Florida, Everglades; 04381. calcium, phosphorus, nitrogen, peat accretion, USA, Florida, Everglades; 09506. phosphorus, eutrophication, peat accretion, agricultural runoff, USA, Florida, Everglades; 09508.
- nutrient availability**
African armyworm, plant uptake, insect outbreak, Kenya; 10849. burning, scalping, peat soil, seedling growth, leaching, 13383. deforestation, rainforest soil, parent material, organic carbon, soil chemistry, Australia, Queensland, Atherton Tableland; 05605. fertiliser, calcium, foliar nutrient status, maple, 09532. fertiliser, phosphorus, plant uptake, 14503. lithic soil, cation source, atmospheric deposition, weathering, Sweden, Stockholm; 01868. microbial activity, seasonal variation, soil respiration, forest soil, 05603. mountain soil, soil fertility, enzyme activity, soil microorganism, China, Jiangxi, Dagang

- Mountain; 09525. nitrogen dynamics, vegetation biomass, spruce, soil temperature, USA, Alaska; 05565. organic carbon, liming, crop rotation, soil chemical property, tillage, USA, Illinois; 12152. pesticide, biodegradation, vegetable oil, 03166. plant uptake, phosphorus, Kelowna extraction, potassium, extractant, soil test, Canada, Saskatchewan; 13341. rainforest soil, soil water content, irrigation, sulphur mineralization, nitrification, Panama, Barro Colorado Island; 00543. rhizosphere, humic substance, root exudation, organic matter, 10815. sagebrush, wheatgrass, soil spatial variability, geostatistics, organic matter, 10817. shifting cultivation, soil chemical property, organic matter, fire, fallow, Bhutan; 01841. soil chemical property, soil texture, landscape position, USA, Nebraska; 01877. soil grinding, element concentration, extractant, Netherlands; 05536. tillage, pH, soil structure, aggregate stability, penetration resistance, Norway, Tunc; 10828. vegetation control, scarification, fertilisation, pine plantation, soil fertility, Canada, Ontario; 01879. vegetation influence, denitrification rate, volcanic soil, Costa Rica; 05610.
- nutrient balance**
fertiliser, liming, Hungary; 10722. land use, NUTMON, NUTBAL, fertiliser, Africa; Kenya, Kisi District; 12040. zinc, copper, manganese, Hungary, Fejer County; 10724.
- nutrient bioremediation**
water quality, wetland restoration, riparian wetland, groundwater monitoring, runoff water quality, 00678.
- nutrient budget**
estuary, eutrophication, phosphorus, Baltic Sea, Gulf of Riga; 02983. sediment, phytoplankton, denitrification, computer model, lake restoration, New Zealand, North Island, Horowhenua Lake; 14694.
- nutrient chemistry**
anoxia, lake water chemistry, thermal stratification, Africa, Lake Tanganyika; 04486.
- nutrient concentration**
bundleflower, wildrye, gamagrass, soil nutrient, soil water depletion, 04393. decomposition, forest soil, mineralization, element concentration, litter decomposition, Italy, Tuscany; 00532. element concentration, forest soil, organic horizon, UK, Scotland, Grampian, Alltcaileach Forst; 01842. flue dust, soil texture, ant mound, heavy metal concentration, 03142. forest soil, soil solution, soil water content, soil temporal variability, soil temperature, Canada, Ontario, Turkey Lakes Watershed; 03119. soil temperature, soil solution, Haplumbrept, 04330. zooplankton, phytoplankton, eutrophication, lake water chemistry, Italy, Lake Maggiore; 01961.
- nutrient content**
alluvial soil, vegetation succession, flooded soil, Europe, Rhine Valley; 10848. casuarina, saline soil, salt content, China, Fujian; 10850. decomposition, crop residue, sugarcane, earthworm, Australia; 14521. decomposition, litter decomposition, pine, oak-hornbeam, heavy metal content, 08175. earthworm, soil turnover, 03110. fertiliser recommendation system, environmental problem, Hungary, Budapest; 10795. fine soil content, landslide disturbance, vegetation succession, India, Himalayas, Central Himalaya; 10822. forest soil, organic fraction, bulk density, USA, New England; 05520. forest soil, soil sampling, trace element, metal content, USA, Maine, Howland Integrated Forest Study Site; 05524. litter, leaf litter, forest floor, India, Marakkanam Reserve Forest; Puthupet Sacred Grove; 12100. maple, acid/base status, leaf litter, Canada, Quebec; 14572. phosphorus, Hungary; 10723. pine plantation, pH, New Zealand, South Island, Rotorua; 10847. soil chemical property, valley zonation, plant association, Poland, Biebrza Valley; 00581. soil solution chemistry, spruce, nitrate, forest soil, Austria, Bohemian Forest; 08206. soil spatial variability, soil texture, mineralogy, particle size distribution, pine, Finland; 08184.
- nutrient cycle**
base state, vegetation, wetlands, fenland, environmental management, water cycle, Netherlands; 08361. fuel, ash, macronutrient, burning, biomass, Brazil; 04816. geochemistry, biogeochemistry, tropical forest, forest ecosystem, China, Hainan Island, Jianfengling; 01314. organic farming, Germany, Rhine Valley; 12908. organic farming, nitrate, electrical conductivity, pH, Canada; USA, Maine; Colombia; 03086.
- nutrient cycling**
acidification, forest, atmospheric nitrogen deposition, Germany, Wingst Forest; Westerberg Forest; 06402. atmospheric sulphur, simulation, sulphur deposition, deciduous forest, USA, North Carolina, Coweeta; 08989. bamboo stand, throughfall, runoff loss, 00696. forest soil, litter decomposition, nitrogen, phosphorus, 05568. garden, sustainability, agricultural production, productivity, Indonesia, Java; 08995. peat, acrotelm, catotelm, vegetation, USA, Minnesota, Marcell Bog; 00565. shelf sea, suspension, particulate matter, oceanography, carbon, North Sea; 05435. SMART, SMARTEX, cation content, forest growth, soil acidification model, Sweden; 13327. soil chemical property, rainforest soil, logging, Australia, Queensland, Birthday Creek; 08209.
- nutrient data analysis**
reminalisation, Redfield ratio, bioactivity, calcium carbonate dissolution, productivity, 11617.
- nutrient depletion**
fertiliser application, soil degradation, agricultural production, Mali; 09479. forest harvesting, weathering, cation loss, forest soil, Sweden; 01772. GIS, NUTBAL, land use, Costa Rica; 12037.
- nutrient distribution**
cadmium, palaeoceanographic tracer, multibox model, ocean circulation, 02748. coastal water quality, estuary, salinity, mixing rate, USA, Mississippi River; 05720.
- nutrient dynamics**
canopy leaching, precipitation chemistry, throughfall chemistry, mountain forest, China, Changbai Mountain; 12192. phytoplankton, orthophosphate, phosphorus, ammonia, Nile tilapia, 12240. sediment, trophic status, lake water quality, 14686.
- nutrient exchange**
radionuclide, sediment/water interface, primary production, bottom sediment, North Sea; 00346. spatial variability, salt marsh, tidal inundation, particulate flux, estuary, USA, Georgia, Cumberland Island; 01970. tidal exchange, ocean, lagoon/ocean exchange, Mexico, Sinaloa State, Huizache-Caimanero Lagoon; 04468.
- nutrient extraction**
extractant, soil testing, Mehlich 3, USA, Florida; 01812.
- nutrient flux**
aquifer throughflow, coastal water quality, soil water chemistry, groundwater chemistry, coastal transition zone, Mariana Islands, Guam; 01991. fertilisation, base cation, forestry, litter fall, Canada, Quebec; 12907. Holocene, palaeoceanography, diatom, thanatocenoses, Productivity Assemblage, Bering Sea, Pervenets Canyon; 05290. marsh/estuary system, tidal creek, ecosystem development, USA, Carolina, North Inlet; Bly Creek; 05695. primary productivity, biogeochemistry, estuary, turbidity maximum, vertical convection, China, Changjiang Estuary; 00029.
- nutrient front**
estuarine front, plume water front, primary production, China, Changjiang Estuary; Yangtze River Estuary; 06988.
- nutrient gradient**
palaeoceanography, oxygen gradient, deep water, upwelling zone, Pacific; Peru; 11794.
- nutrient injection**
CZCS, phytoplankton pigment, offshore ocean, 14063.
- nutrient input**
eutrophic lake, anthropogenic impact, environmental impact assessment, lake water quality, lake restoration, Sweden, Stockholm, Angarn Lake; 05747. metal loading, PCB, anthropogenic impact, contaminant, North Sea; 10317. pH, low alkalinity lake, lake water quality, leaf litter, decomposition, USA, Massachusetts, Round Pond; Walden Pond; USA, Wisconsin, Little Rock Lake; 00718.
- nutrient leaching**
denitrification, acidification, free nitrogen, potable water quality, ground-water quality, Netherlands; 00765. grazing, excreta, sheep excreta, cation leaching, pasture soil, 04364. leaching, rainfall simulation, crop residue, 01855. nitrification, ecosystem disturbance, leaching, soil solution chemistry, forest clearing, soil acidification, USA, New Hampshire, Hubbard Brook Experimental Forest; 14527.
- nutrient limitation**
hydrological impact, Eucalyptus plantation, erosion, water use efficiency, water availability, India, Karnataka; 09754.
- nutrient load**
chemical oxygen demand, dissolved oxygen, self purification, river water quality, biochemical oxygen demand, India, Ganga River; 10963. limnology, man made lake, phytoplankton, reservoir, trophic status, Italy, Sardinia; 01968. potable water quality, reservoir, eutrophication, phosphorus load, algal population, 01967. runoff, soil erosion, water budget, sediment load, Hungary, Balaton Lake; 10918. seawater quality, phosphorus, nitrogen, ammonium, Baltic Sea; 04471.
- nutrient loading**
diatom biomass, biochemical cycle, eutrophication, lake water quality, silica, North America, Great Lakes; 09673. fire, climate change, forest process, lake sediment, nitrogen cycling, USA, Minnesota, Itasca State Park; 02805.
- nutrient loading model**
phosphorus, GIS, water quality, nonpoint source pollution, USA, New York, Owasco Lake; 07601.
- nutrient loss**
eutrophication, catchment management, water quality management, phosphorus, agricultural practice, Australia, Western Australia, Peel-Harvey Estuary; 13629. environmental impact, governmental policy, dairy farm, economics, nitrogen, Netherlands; 12901. estuary, water quality management, eutrophication, algae, Australia, Western Australia, Peel-Harvey Estuary; 13511. logging, soil disturbance, burning, forestry, Malaysia, Sabah; 12902. particulate export, headland catchment, fire, runoff water chemistry, streamwater chemistry, Spain, Montseny, La Calma; 05728. runoff water quality, agricultural pollutant, nonpoint source pollution, Poland, Carpathian Plateau; 05830. runoff, USLE, clearcutting, forest, USA, Texas, Apple Springs; 04280. SLEMSA, USLE, soil erosion prediction, rainfall erosivity, soil conservation, Lesotho; 12179. soil loss, cropping practice, tillage practice, agricultural practice, runoff water quality, USA, Ohio; 11078. soil texture, irrigation, runoff, Bulgaria; 08242. water quality management, point source pollution, phosphorus, agricultural practice, urban runoff, Australia, Western Australia, Peel-Harvey Estuary; 13637.
- nutrient mobility**
soil acidification, carbonated water, 04359.
- nutrient ratio**
eutrophic lake, Daphnia, lake water quality, phosphorus, nitrogen, 00719.
- nutrient recycling**
radionuclide, deposition rate, sediment/water interface, oxygen uptake, North Sea; 05397.
- nutrient reduction**
bay, nonpoint source pollution, pollution control, surface water quality, USA, Chesapeake Bay; 07114. eutrophication, buffer zone, legislation, water quality management, lake water quality, UK, England, Devon, Slapton Ley; 09766. surface water quality, nitrogen, phosphorus, Denmark; 01980.
- nutrient regulation**
streamwater chemistry, soil water chemistry, phosphorus, nitrogen, riparian zone, USA, Tennessee; 00689.
- nutrient release**
climate change, riparian wetland soil, wetland water table, UK, Wales; 06391. coniferous forest, litter decomposition, nitrogen, phosphorus, plant uptake, Canada, Alberta, Rocky Mountains; 08152. eutrophication, peat soil, temperature, water chemistry, water level, 00050. grass, legume, decomposition, litter decomposition, savanna soil, Colombia; 08136. leaf litter, bilberry, litter decomposition, decomposition, Sweden; 08139. maquis, decomposition, leaf litter, Greece; 00533.
- nutrient removal**
forest harvesting, burning, soil reserve, eucalypt, Australia, Victoria; 03118. wetlands, stormwater, urban runoff, removal rate, mesocosm enrichment, marsh, 06390.
- nutrient retention**
ecotone, pond system, lake water quality, water quality management, China, Anhui Province, Chaohu Lake; 00717. phosphorus, nitrogen, winter anoxia, runoff water quality, beaver pond, Canada, Ontario; 14631. raised bed cultivation, water quality, agricultural water management, sediment

- retention, Bolivia, Andes Mountains, Lake Titicaca Basin, Titwanaku; 02095. water quality management, river water quality, eutrophication, wastewater treatment, nutrient transformation, Denmark, Gudenaa River; 14777.
- nutrient sink**
nonpoint source pollution, phosphorus, nitrogen, wetlands, buffer zone, France, Lac Leman; 10951.
- nutrient status**
cocoa, shifting cultivation, rain forest soil, organic matter, Nigeria; 06862. maize, soil salinity, USA, Wyoming; 08207. river bank erosion control, soil physical property, soil chemical property, Nigeria, Niger Delta; 14554. shallow lake, lake water quality, algae, lake restoration, turbidity, 05749. soil fertility, soil chemical property, litter removal, Nepal, Dhulikhel Watershed; 08208. soil sampling, tropical soil, Nigeria; 12078. wetlands, lowland stream, stream valley, drainage, canalisation, Netherlands; 08365.
- nutrient stress**
rice plant, monochromator, chlorophyll, fluorescence, 15154.
- nutrient supply**
seasonal cycle, spatial variability, salinity, suspended sediment concentration, thermocline, North Sea; 00053.
- nutrient transfer function**
diatom/phosphorus transfer, phosphorus, palaeolimnology, eutrophic, UK, England; 06995.
- nutrient transformation**
nutrient retention, water quality management, river water quality, eutrophication, wastewater treatment, Denmark, Gudenaa River; 14777.
- nutrient transport**
coal ash residue, fractionation, transition metal, fly ash compost, 03870. phosphorus, sediment transport, scale effect, runoff water quality, stream-water quality, USA, New Mexico; 07011.
- nutrient uptake**
water quality management, surface water quality, wetlands, phosphorus removal, Australia, Western Australia, Peel-Harvey Estuary; 13636.
- nutritional status**
lipid biomarker, in situ measurement, microbial biomass, community structure, 01576.
- Nymphaea violacea (Lehm)**
plant, contamination, water lily, radium-266, Australia, Northern Territory, Magela Creek; Ranger Uranium Mine; 01742.
- O'Brien method**
current speed, tidal inlet, sediment transport, UK, England, Hampshire, Langstone Harbour; China, Hainan, Yangpur Harbour; 10576.
- oak**
nitrate leaching, nitrogen mineralization, liming, pine, Douglas fir, 00546.
- oak forest**
soil chemical property, sulphate, atmospheric deposition, throughfall, USA, (Midwest), Great Lakes; 12153.
- oak-hornbeam**
heavy metal content, nutrient content, decomposition, litter decomposition, pine, 08175.
- oasis**
radiocarbon date, planation surface, Quaternary, hyperaridity, geomorphology, Egypt, Western Desert, Dakhla Oasis; 13052.
- oasis formation**
agricultural water management, irrigation, land use effect, China, Aksuo, Tarim Basin; 12369.
- object catalogue**
topographic database, database regulation, Slovenia; 04912.
- object image**
space object, imaging radar, 01085.
- object orientation**
temporal GIS, GIS, geographical, database management system, 08789.
- object oriented approach**
database management system, GUI, 11434.
- object oriented data**
relational database, GIS/LIS, 13966.
- object oriented data modelling**
modelling, GIS, environmental information, dynamic environmental model, 13972.
- object oriented database**
database management systems, GIS, 08790. GIS, 12697. hydraulic modelling, water supply, France, Paris; 06314. query processing, algorithm, parallel algorithm, 12692.
- object oriented GIS**
ecological regime, plant species, USA, Rocky Mountains; 14024.
- object oriented model**
digital orthophoto, GIS, 04898.
- object oriented module**
LIS, data model, 02435.
- object oriented programming**
standardisation, GIS, standard definition, terrain object, 04899.
- object oriented programming system**
software development, LIS/GIS, 11433.
- object oriented system**
ATKIS, Australia; 06187. GIS, 15102. GIS, data modelling, 15103. structured data, data analysis, GIS design, 15091.
- object reasoning**
expert GIS, GIS, 06189.
- object recognition**
CAD, representation, three dimensional object, 02432. quadric surface, three dimensional object, surface classification, 03686.
- object space**
image space, elevation, radiometric model, 06126.
- object space coordinates**
model processor, image space intersection, digital photogrammetric system, model/space parallax vector bisection, model/space y parallax averaging, 11381.
- object subtraction**
chromaticity, atmospheric scattering, remote sensing, 10171.
- objective analysis**
data assimilation, atmosphere, Northern Hemisphere, four dimensional, spherical trapezoid, 11108. discontinuity, coordinate transformation, frontal analysis, 02248. effective data density, satellite retrieval, 01160. four dimensional data, data assimilation, assimilation system, 09902.
- objective classification scheme**
weather type, comparative study, Lamb circulation type, UK; 04619.
- objective identification**
general circulation model, cyclone, 12451.
- objective selection**
analog prediction, prediction system, skill, seasonal temperature, 13785.
- oblique extension**
SPOT, composite imagery, Landsat TM, geological mapping, structural geology, Kenya, East African Rift, Gregory Rift; 02482.
- oblique photography**
photography, environmental assessment, video imagery, 04839.
- obliquity**
Earth Milankovitch, sea ice extent, Eucampia antarctica, ODP Leg 119a, Pleistocene (late), Southern Ocean, Kerguelen Plateau; 06563. radiative flux, insolation, orbital period, solar irradiance, precession, 01025.
- obliteration rate**
alluvial fan, preservation potential, palaeolake shoreline, Lake Bonneville, USA, California, Tule Valley; 00198.
- observation time**
standardisation, growing degree days, temperature, 03490.
- observational analysis**
tropical cyclone, cyclone recurvature, recurvature, hurricane, 11140.
- observational network**
diagnosis, ageostrophic wind, wind, temperature, 14808. optimal distribution, dynamics, global meteorological network, 05857.
- observational performance**
optical imager, thermal infrared, visible spectrum, ASTER, EOS-AM1, 10047.
- observational statistics**
regression model, prediction, climate, temperature change, 07330.
- observational study**
dryline, 00979.
- observed reflectance**
satellite observation angle, AVHRR, sensor degradation, 13904.
- observed surface velocity**
longshore current velocity, interferometric SAR, 01236.
- observer network**
data reliability, rainfall data, volunteer observer, USA, Illinois, McLean County; 05656.
- observing network**
global mean, temperature, bias, general circulation model, greenhouse warming, 12546.
- observing system**
model response, tropics, FGGE datasets, 11208. simulation experiment, global circulation model, LAWS, 05862. sustainable development, world hydrological cycle, 03896.
- obsidian hydration dating**
dating technique, Mesoamerica, North America; 06538. weathering, relative humidity, buried sample, 10427.
- OCBs**
PAH, partition coefficient, hydrophobic chemical, 07686.
- occluded air bubble**
consolidation settlement, deformation, nonsaturated soil, 11727.
- occluded front**
mesoscale model, occlusion process, cyclone, front, 00977.
- occlusion**
cyclone, baroclinic wave, secondary instability, cusp, frontal instability, 00933.
- occlusion process**
cyclone, front, occluded front, mesoscale model, 00977.
- ocultation**
precise positioning, GPS, asteroid, 08770.
- ocultation data**
model, cloud, aerosol, 10015.
- ocultation delay**
greenhouse warming, climate change, GPS, 03856.
- ocultation experiment**
middle atmosphere, halogen, 01035.
- ocean**
acoustic detection, greenhouse effect, climate change, thermohaline circulation, 02328. acoustic, reciprocal transmission, structure, 10227. altimetry, reflectometry, interferometry, 10228. anthropogenic aerosol, sulphate, cloud, albedo, 04706. atmospheric forcing, surface heat flux, heat flux, tidal mixing, Gulf of California; 08543. AVHRR, geosol, planetary wave, Rossby wave, sea surface temperature, USA, Hawaii; Pacific, (North); 07608. bacterial methane, formation rate, global carbon cycle, methane cycle, 03886. boundary layer dynamics, wind/wave age, sea surface, wave, 03498. carbon dioxide, bubble, air/sea exchange, supersaturation, 03494. clear sky ocean, ERBS, shortwave radiance, angular direction model, 05883. climate, dynamics, atmosphere, 02235. cloud structure, three dimensional, cumulus, 09923. cloud, neural network, AVHRR, inventory, 15119. coupled TOGA model, tropics, predictability, 08557. cumulus, aerosol, radiative data, microphysical property, 08600. deep convection process, glass pipe technology, convection, drag force, vertical current, Atlantic, Sargasso Sea; 02136. fleet tracking, marine animal, geolocation system, offshore weather data, data telemetry, 07440. ice cover, ice core, atmospheric chemistry record (41 000 year), atmospheric circulation, Atlantic; Greenland; 13790. lagoon/ocean exchange, nutrient exchange, tidal exchange, Mexico, Sinaloa State, Huizache-Caimanero Lagoon; 04468. meridional, heat transfer, Indian Ocean; 08550. methyl bromide, bromine, 12573. mixed layer, short term oscillation, model, atmospheric forcing, 09854. ocean circulation model, carbon cycle model, El Nino/Southern Oscillation, Pacific; 13728. ozone hole, primary productivity, Nimbus, Earth radiation budget, 01069. phytoplankton, sea surface temperature, colour sensor, map, Japan; 0231. primary productivity, deep sea carbon storage, atmospheric carbon dioxide,

- biological pump, 02629. radiation, roughness, cloud top surface, winter, stratocumulus, Japan; 14922. research vessel, towed, air/sea interface, temperature analyser, 14809. Rossby wave, upwelling, ecosystem, coastal trapped wave, Atlantic, Benguela Current; 02207. SeaWiFS, radiance, aerosol optical thickness, 12750. sink, carbon dioxide, fossil fuel, deforestation, biosphere, 03502. SMM/I, atmosphere, boundary layer, 06294. SSM/I, cloud liquid water, North Sea; Pacific, (West); 06215. tectonic forcing, strontium, climate forcing, geochemical response, 02636. temperature, latitude, marine plankton, dissolved carbon dioxide, 11619. temperature, prediction, asymptotic behaviour, Adem model, 14889. typhoon, surface tension, 08546. vertical velocity, large scale, computation, Atlantic; 12476. visibility, penumbra, duct effect, microwave propagation, 10222. vortex system, model, atmosphere, 05858. water, albedo, 12824.
- ocean air**
seawater, global transport, PCB flux, sink, organochlorine, 00025.
- ocean analysis**
MSMR method, cloud retrieval, night time, 13765.
- ocean atmosphere model**
sea surface temperature, air/sea coupling, Kuroshio, meander, Pacific; 05949.
- ocean-atmosphere interaction**
coupled model, tropical ocean, interannual variability, 09864. El Nino/Southern Oscillation, tropical ocean, interannual variability, 09862. global change, radiation budget, middle atmosphere monitoring, cloud study, 08828. weak coupling limit, eigenmode, tropical ocean, interannual variability, 09863.
- ocean-atmosphere relationship**
sea surface temperature, interdecadal, Atlantic, (North); 12480.
- ocean/atmosphere boundary**
microwave radiometry, sensible heat, vertical turbulent flux, 12478.
- ocean/atmosphere exchange**
biogeochemical interaction, JGOFS, atmospheric carbon dioxide, equatorial upwelling, primary production, Pacific; 10320. carbon exchange, biological pump, upwelling, phytoplankton, glacial/interglacial cycle, Atlantic; 02737.
- ocean/atmosphere GCM experiment**
sea level change, carbon dioxide, greenhouse effect, 12549.
- ocean/atmosphere heat flux**
insolation model, satellite data, solar radiation, Pacific; 04797.
- ocean/atmosphere model**
coupled model, El Nino/Southern Oscillation, predictability, sea surface temperature, Pacific; 04649.
- ocean/atmosphere system**
conceptual model, tropics, variability, predictability, 03480. El Nino, chaos, 14881. interannual positive feedback, sea surface temperature, extratropics, feedback, 08560. interannual variation, outgoing longwave radiation, 05880. prediction model, El Nino/Southern Oscillation, chaotic process, seasonal cycle, 13722. radiation budget, 09852. thermohaline circulation, sea level rise, carbon cycling, atmospheric carbon dioxide, century timescale, 00084.
- ocean/atmosphere transfer**
sea salt, precipitation chemistry, mass transfer, geochemical fractionation, 00618.
- ocean basin**
bacteria, magnetite, magnetic remanence, sulphate, cyclicity, Pacific, Tasman Basin; 10660.
- ocean beach**
beach equilibrium model, shorerise, bar-berm profile, 06463.
- ocean bottom**
bathymetric signature, radar surface signature, 14076.
- ocean boundary layer**
air-sea interaction, subpolar front, Atlantic, (North); 00891.
- ocean carbon cycle**
sensitivity experiment, last glaciation, atmospheric carbon dioxide, carbon cycling, 06399.
- ocean carbon cycle model**
carbon cycling, excess carbon, lifetime, atmospheric carbon dioxide, 11616.
- ocean chemistry**
ice cover, ocean heat budget, circulation pattern, subpolar ocean, climate change, Atlantic, (North), Fram Strait; 01471. phytoplankton, calcification, carbon dioxide, coccolithophore, Atlantic, (Northeast); 10625.
- ocean circulation**
atmospheric carbon dioxide, carbon cycling, deep sea, calcite preservation, calcite deposition rate, 07708. atmospheric water vapour, Geosat, sea surface topography, 03663. barometric pressure, pressure loading, model, sea level, 03505. climate, thermohaline circulation, Arctic Ocean, Bering Strait; Atlantic; 09870. model, wind, thermohaline circulation, Atlantic; 09859. modelling, climate change, Pleistocene, 07845. numerical model, climate change, storm current, wave, storm surge, Gulf of Mexico; Caribbean Sea; 01324. nutrient distribution, cadmium, palaeoceanographic tracer, multibox model, 02748. Quaternary, heavy mineral, provenance, climate, Pacific, Northwest Pacific Basin; Bering Sea; 11891. shoreline erosion, environmental hazard, scenario modelling, climate change, Caribbean Sea; Gulf of Mexico; 01323. wind stress, forecast model analysis, interannual variability, momentum flux, general circulation model, Indian Ocean; 03496.
- ocean circulation model**
carbon cycle model, El Nino/Southern Oscillation, ocean, Pacific; 13728. carbon isotope, benthic foraminifera, deep water, Southern Ocean; 06562. thermohaline circulation, zonally averaged GCM, carbon uptake, 13732.
- Ocean City/Manokin Aquifer**
solute transport model, chloride, groundwater quality, groundwater flow model, salt water intrusion, USA, Maryland, Ocean City; 07085.
- ocean coherence time**
SAR, ocean surface, 08910.
- ocean colour**
carbon flux, marine primary production, 14049. phycoerythrin, factor analysis, phytoplankton pigment, 14064. water column, primary production, 04995.
- ocean colour imaging**
SeaWiFS, CZCS, photosynthetic pigment concentration, 01071.
- ocean colour sensor**
inverse modelling, yellow substance, phytoplankton, 01243.
- ocean crust**
satellite altimetry data, marine geoid, gravity anomaly, Baltic Sea; 11495.
- ocean current**
continental shelf, sediment plume, sediment transport, eddy, continental margin, USA, California; 02890. cyclogenesis, wind effect, marginal ice zone, Canada, Newfoundland Shelf; Atlantic, Newfoundland Shelf; 09232. interannual variability, satellite data, volume flux, heat inflow, Bering Sea, Bering Strait; Chukchi Sea; Laptev Sea; 02757. routing, altimeter, Atlantic, Gulf Stream; 06217.
- ocean current system**
coastal upwelling, climate fluctuation, global change, sea level, 00249. sunspot minima, planetary rotation, global change, 00011.
- ocean deepening**
Quaternary (late), sediment core, seamount, sea level fluctuation, sedimentary record, Guinea; Atlantic; 02754.
- ocean disposal**
GIS, harbour dredged material, environmental impact, USA, California, San Francisco; 03812.
- ocean dynamics**
hydrodynamic model, three dimensional, temperature, sea surface temperature, 05000. volcanic aerosol, solar variability, trace gas, country scale, climate variability, 13798.
- ocean floor**
mineralization, metalliferous sediment, bottom sediment, hydrothermal activity, Pacific, East Pacific Rise; 09363.
- ocean flux**
fertilisation feedback, model, carbon budget, carbon dioxide, 12600. JGOFS-France program, biogeochemical cycle, carbon cycling, tropical oceanic front, modelling, 06394.
- ocean GCM**
carbon dioxide uptake, carbon-13/carbon-12 ratio, fossil fuel, carbon budget, 05094. eddy variability, altimeter data, current momentum, 14069. El Nino, phytoplankton pigment concentration, CZCS, Pacific; 14062. preindustrial tracer, carbon cycling, geochemical cycle, 05095. salinity, surface boundary condition, sea surface temperature, 02204. wind stress, seasonal circulation, Indian Ocean; Pacific; South China Sea; Java Sea, Lombok Strait; Timor Sea; Molluca Sea; 03495.
- ocean general circulation model**
freshwater flux anomaly, parameterisation, subpolar gyre, heat flux, mixed boundary condition, 11159.
- ocean heat budget**
circulation pattern, subpolar ocean, climate change, ocean chemistry, ice cover, Atlantic, (North), Fram Strait; 01471.
- ocean heat storage**
satellite data, sea ice retreat, air temperature, Antarctica, Antarctic Peninsula; 01570.
- ocean height difference**
orbit error correction, crossover difference differences, satellite altimeter data, 13906.
- ocean interior**
warming, subtropical, Atlantic, (North); 13733.
- ocean internal wave**
internal soliton, continental shelf, Atlantic; 01233.
- ocean loading**
VLBI, geophysical model, 12826.
- ocean mapping**
data structure, tracing technology, 13984. mapping, coastline, Canada; 02540. ocean resource assessment, academic program, Pacific; 03712.
- ocean model**
atmospheric forcing, oligotrophic site, 12484. climate, 09857. global flux, surface flux, air/sea flux, climatological flux, general circulation model, 11167. modelling, upwelling, silicon/silicate ratio, silicon-32 measurement, silicon distribution, Atlantic; Pacific; Indian Ocean; 00080. ocean sink, land use change, deforestation, anthropogenic carbon dioxide, carbon uptake, 03910. salinity, heat flux, freshwater flux, 03251. tropics, thermocline profile, coupled ocean-atmosphere model, Rossby wave, 04657. validate, ECMWF, heat flux, Indian Ocean; 07259.
- ocean model study**
upper ocean variability, El Nino/Southern Oscillation, Kelvin mode, 02205.
- ocean modelling**
atmospheric modelling, tidal variability, atmospheric angular momentum, VLBI, 11547. El Nino simulation, seasonal variation, 14888. satellite, remote sensing, 12825.
- ocean monitoring**
over the horizon radar, radar, 15213.
- ocean optics**
absorption coefficient, isotropic source, 01230. Raman scattering, Monte Carlo, scattering, 10221. transfer, elastic scattering, inelastic scattering, 04992.
- ocean process**
climate dynamics, 09855. climate dynamics, air/sea exchange, meridional flux, 09856. climate dynamics, test area, air-sea interaction, Mediterranean Sea; 09861. climate test basin, heat flux, Mediterranean Sea; 09860. coastal water, oil spill, Davidson Current, wind drift, USA, California, San Francisco; 01294. sensitivity study, climate change, numerical experiment, 09858.
- ocean productivity**
diffuse attenuation, surface chlorophyll concentration, chlorophyll profile, 14050.
- ocean rain rate**
SSM/I, sampling strategy, 08836.
- ocean record**
temperature, penultimate glacial, Vostok ice core, palaeoclimate, Antarctica, Vostok Station; 04051.
- ocean region**
differential GPS, commercial, Immarsat, 15051.
- ocean remote sensing**
wind friction velocity, 11538.
- ocean resource assessment**
academic program, ocean mapping, Pacific; 03712.

- ocean response**
wind burst, Rossby gravity mode, wave wake, 02206.
- ocean satellite**
European office, marine science, technology, 03930.
- ocean sediment**
electrode design, microcathode, porewater, oxygen measurement, 02861.
- ocean sink**
land use change, deforestation, anthropogenic carbon dioxide, carbon uptake, ocean model, 03910.
- ocean surface**
air/sea exchange, gas, bubble, transfer velocity, 09872. Bragg line ratio, radar sea echo spectra, wind direction, 14003. carbon dioxide, lidar measurement, cloud, backscatter, opacity, 14804. convection, rotating fluid, laboratory experiment, frontal vortex, 12511. dust, trace element flux, subtropical water, sediment trap, Africa, Sahara; Atlantic; 00892. El Nino/Southern Oscillation, radiocarbon, circulation change, Pacific, (Southwest); 08540. heat flux, resolution, ECMWF model, horizontal resolution, 08554. Kelvin wave, Rossby wave, air-sea interaction, tropics, 13730. neural network, wind retrieval, brightness temperature, SSM/I, 11475. ocean coherence time, SAR, 08910. passive microwave sensor, geophysical parameter, 03805. polarisation, radar sensing, precipitation, 06293. sea model, microwave, 15200. temperature, middle latitudes, spectrum, large scale disturbance, atmospheric disturbance, Atlantic, (North); 07257. tsunami, atmospheric pressure, atmospheric wave, earthquake, 03493. wind wave, microwave spectral range, 08911. wind, stress vector, wave, swell direction, 07256.
- ocean surface model**
penetration depth, sea surface wave, 14080.
- ocean surface roughness**
storm track, GCM, atmospheric circulation, 02201.
- ocean surface water**
last deglaciation, oxygen isotope, tropical ocean, meltwater flux, 11795.
- ocean suspension**
biological particle, light scattering, microstructure, 04993.
- ocean temperature**
El Nino, thermocline, National Meteorological Center, hindcast, Pacific; USA; 04654. mass spawning chronometer, data resolution, isotope record, coral, Coral Sea, Great Barrier Reef, Pandora Reef; 11774. oceanography, acoustic tomography, 12827.
- ocean temperature variability**
temperature decrease, sea surface temperature, Atlantic, (North); 11161.
- ocean thermal inertia**
greenhouse potential, freon, 08626.
- ocean thermal regime**
temperature oscillation, sea surface temperature, Atlantic, (North); 00890.
- ocean tracing**
radar altimeter, operating mode, ERS-1, land ice, 13909.
- ocean water**
phytoplankton, thermal effect, sea surface temperature, lagoon, 14048.
- ocean wave**
ice motion, SAR, image spectra, Canada, Newfoundland; 07620. refraction, ice zone rigidity, ice shelf, 11861.
- ocean wave model**
general circulation model, atmospheric circulation, coupled model, 08552.
- ocean wavelength**
radar backscatter, interferometric SAR, 08909.
- ocean wind wave**
wave measuring system, SAR, 14071.
- oceanic carbon cycle**
climate model, atmospheric chemistry, global change, atmosphere-ocean interaction, IMAGE 2.0, 12933. thermohaline circulation, DOM, glacial/interglacial carbon level, box model, atmospheric carbon dioxide, 07703.
- oceanic carbon system**
carbon dioxide, marine aerosol, International Symposium, global change, 02650.
- oceanic circulation**
climate change, palaeoceanography, interglacial oozes, planktonic oxygen-18 record, Subtropical Convergence, Pacific, Chatham Rise; 04061.
- oceanic climate**
soil temperature, water content, decomposition potential, cotton strip assay, Antarctica, Marion Island; 09468.
- oceanic containment**
energy conservation, global model, greenhouse effect, anthropogenic impact, carbon dioxide, 14120.
- oceanic crust**
organic matter, sediment drift, methane, sidescan, pockmark, Greenland Sea, Fram Strait, Vestnesa Ridge; 11979.
- oceanic emission**
Holocene, Eem interglacial, dimethylsulphide, methanesulphonate, sulphate, ice core, Greenland; 01460.
- oceanic flux**
sediment load, sedimentation, nepheloid layer, estuary, China, Bohai Sea, Yellow River; 06742.
- oceanic heat flux**
interannual variability, monsoon, Southern Oscillation, India; 03432.
- oceanic island**
carbonate platform, Silurian, platform evolution, Alexander terrane, USA, Alaska, Prince of Wales Island; 08063. island environment, coral island, sea level change, 11584.
- oceanic margin**
continental margin, advection, ecomarge, organic carbon, Mediterranean Sea; 04185.
- oceanic precipitation**
precipitation (1979-1991), MSU, satellite, 04718.
- oceanic precipitation measurement**
SSM/I radiometer, rainfall, satellite technique, 11637.
- oceanic record**
loess, periodicity, palaeoclimate, SPECMAP project, grain size, Quaternary, 13024.
- oceanic reservoir**
coastal environment, atmospheric carbon dioxide, carbon cycle variation, glacial cycle, photosynthesis, 07704.
- oceanic upwelling**
scatterometer, wind velocity data, Atlantic, (Northeast); Mediterranean; North Sea; 03730.
- oceanographic data**
meteorological record, Caribbean Sea; 00897.
- oceanographic equipment**
instrumentation, global ocean observing system, world ocean circulation experiment, ODP, 07721.
- oceanographic impact**
katabatic surge, polynya, atmospheric variability, Antarctica, Ross Ice Shelf; 04612.
- oceanographic measurement**
meteorological measurement, offshore platform, 07174.
- oceanographic monitoring**
surface current, sea surface temperature, coastal upwelling zone, AVHRR/NOAA multispectral data, 08914.
- oceanographic observations**
red noise, white noise, digital signal processing, 14805.
- oceanographic process**
tropical environment, coastal ocean, Zaire, Zaire Basin; New Guinea; Brazil, Amazon Basin; 12909.
- oceanographic radiometer**
spectral irradiance scale, SeaWiFS, 08750.
- oceanographic research**
surface chlorophyll, SeaWiFS, climate change, South Africa; 14054.
- oceanography**
acoustic tomography, ocean temperature, 12827. carbon, nutrient cycling, shelf sea, suspension, particulate matter, North Sea; 05435. database, GIS, hydrography, 05007. feature labeling, infrared, Atlantic, Gulf Stream; 06292. ice, meteorology, current, environmental conditions, Atlantic, (Northwest); 08542. interdisciplinary text, dynamical oceanography, climate forcing, 11585. North Sea Project, shelf sea, water quality, North Sea; 05439. suspended particulate matter, continental shelf, nutrient, contaminant, organic matter, North Sea; 00401. temperature, sea surface, emissivity, Japan, Tanabe Bay; 12818. wavelet analysis, group velocity, Yanai waves, meteorology, 11189.
- Ochiai Formation**
mudstone, debris flow deposit, conglomerate, channel, Permian, Japan; 06753.
- Ochraqull**
Argiaquoll, soil physical property, soil drainage, tillage, USA, Ohio, Columbia; 03149.
- octene**
aerosol chemistry, reactive organic gas, infrared microscopy, smog chamber, photo oxidation, 01051.
- Octolasion lacteum**
lignin, cellulose, earthworm processing, decomposition, mineralization, 01831.
- ocultation experiment**
trace gas, aerosol, vertical profile, latitude cross section, trace gas, halogen, 13807.
- Odianah Member**
Campanian, Pierre Shale, cristobalite, silica, Cretaceous, Canada, Manitoba; 11949.
- odd nitrogen**
molecular oxygen, photochemical model, nitrogen, hydroxyl radical, 07345. trace gas budget, ozone, nitrogen, photochemical model, 07341.
- odd oxygen production**
carbon bond, ozone, photochemistry, nitrogen oxide, emission control, 14955.
- Odderade**
Vistulian, open pit, pollen sequence, Eemian, Brorup, Germany, (East); 07876.
- ODP**
debris avalanche, turbidity current, landslide, Pliocene/Pleistocene, Pacific, ODP Site 842; USA, Hawaiian Islands; 07966. Milankovitch template, Quaternary, oxygen isotope record, Pacific, Ontong Java Plateau, ODP Site 806; 11799. oceanographic equipment, instrumentation, global ocean observing system, world ocean circulation experiment, 07721.
- ODP core 625B**
sediment influx, sea level change, biostratigraphy, Pleistocene, sequence boundary, Gulf of Mexico; 00178.
- ODP Hole 653A**
oxygen isotope chronology, diachrony, biostratigraphy, Pliocene, Pleistocene, Mediterranean; Tyrrhenian Sea; 11791.
- ODP Leg 104**
terrigenous record, Ice Sheet, Norwegian current, biogenic carbonate, iceberg drift, Atlantic, (North); Norwegian Sea; 11788.
- ODP Leg 105**
grain size, shelf, silt, clay, mineralogy, Canada, Northwest Territories, Baffin Bay; 11976.
- ODP Leg 108**
oxygen isotope stratigraphy, subtropical region, sea surface temperature, last climatic cycle, euphotic zone, Atlantic, (North); 02750.
- ODP Leg 112**
nanostructure, apatite, phosphorite, Peru, Peru Continental Margin; 11939.
- ODP Leg 119a**
Pleistocene (late), obliquity, Earth Milankovitch, sea ice extent, Eucampia antarctica, Southern Ocean, Kerguelen Plateau; 06563.
- ODP Leg 128**
Cainozoic (late), accumulation rate, Milankovitch, palaeoclimate, aeolian input, quartz flux, Pacific; Sea of Japan; 14218.
- ODP Leg 129**
chert, porcellanite, radiolarite, silicification, oxygen isotope, Pacific, Pigafetta Basin; Mariana Basin; 01647. strontium, interstitial water, deep sea sediment, seawater, Pacific, Pigafetta Basin; Mariana Basin; 01674. tuff,

- Miocene, seamount, hydrothermal activity, thaumasite, Pacific, Mariana Basin; 01641.
- ODP Leg 130**
ooze, chalk, organic carbon, redox condition, colour band, Pacific, Ontong Java Plateau; 00421. ooze, chalk, porewater, loading test, compaction, carbonate, Pacific, Ontong Java Plateau; 00422.
- ODP Leg 131**
nannofossil event, Pliocene/Pleistocene boundary, sedimentation rate, calcareous nannofossil, biostratigraphy, Pacific, Nankai Trough; 00191. terrigenous sediment, turbidite, turbidity current, flow reflection, Pacific, Nankai Trough; 00414. trench sediment, clay mineral, accretionary prism, provenance, turbidite, Pacific, Nankai Trough; 00413.
- ODP Leg 133**
Miocene, slope failure, gravity deposit, submarine fan, turbidite, Australia, Queensland Continental Margin, Queensland Trough, Site 823; 09346. porosity, consolidation, accumulation rate, Australia, Queensland Continental Margin, Site 821; Site 820; Australia, Queensland Continental Margin, Site 819; 09264. seawater, porewater, carbonate platform, strontium isotope, Australia, Queensland Continental Margin; 09307.
- ODP Leg 144**
volcano, atoll, guyot, carbonate platform, Pacific, Marshall Islands; 04268.
- Odra Glaciation**
stratigraphical location, Chojny Formation, Ferdynandow Interglacial, Mazovian Interglacial, Poland, Belchatow; 09178. Warta Glaciation, glacial stratigraphy, Lublin Interglacial, Poland; 13073.
- Odyssey**
automatic differentiation, differentiation, Fortran program, 08578.
- oedometer test**
consolidation theory, saturated soil, 13001. flow restriction, consolidation test, clay, Brazil, Sarapui; 11753.
- off-gas treatment**
volatile organic compound, air pollution, biotechnology, pollution control, 15034.
- Office of Naval Research**
benthic boundary layer, mine, seafloor property, sediment structure, USA; 14453.
- offset**
geodetic data, Holocene, slip rate, Garlock Fault, USA, California, Searles Valley; 02695. San Francisco earthquake (1906), fault slip, surface deformation, earthquake, USA, California, Point Arena; 01391.
- offset migration**
plate boundary, mantle upwelling, geomorphology, structural segmentation, geosat altimetry, Pacific, East Pacific Rise; 10459.
- offset programme**
economic development, carbon dioxide, climate change, greenhouse gas, biotic carbon, 03541.
- offset terrace scarp**
recurrence interval, vertical displacement rate, active fault outcrop, fault topography, Shimoppara Fault, Japan, Honshu, Niigata Prefecture, Shitada Village; 02702.
- offshore**
oil platform, emission factor, fugitive emission, hydrocarbon emission, Pacific; 07396. surveyor, liability, 04827. wave, scattering, satellite, 15214.
- offshore area**
communication, differential GPS, GPS, urban, 05054.
- offshore continuation**
Rochford Gravel, Southchurch Gravel, Lynch Hill Gravel, correlation, terrace deposit, UK, England, Essex, Thames-Medway Valley; 00263.
- offshore dredging**
barrier beach, beach nourishment, coastal management, shingle, UK, England, Devon, Hallsands; 11663.
- offshore gas platform**
gravity base structure, soft foundation soil, foundation design, North Sea, Troll Field; 02718. soil parameter, foundation design, static, cyclic loading, North Sea, Troll Field; 02717.
- offshore ocean**
nutrient injection, CZCS, phytoplankton pigment, 14063.
- offshore oil production**
seafloor, depositional pattern, drilling particulate, USA, California, Point Conception; 07671.
- offshore platform**
oceanographic measurement, meteorological measurement, 07174.
- offshore sand**
shell sand, machair development, theory, UK, Scotland, Hebrides; 01379.
- offshore soil investigation**
multisensor device, triple element piezocone, seismic piezocene, dilatometer, in situ testing, 02708.
- offshore surveying**
DGPS, long range navigation system, positioning system, Loran, Pulse/8, 11401.
- offshore topography**
topography, sea breeze, complex terrain, coastal topography, Greece, Attica; 09907.
- offshore weather data**
data telemetry, ocean, fleet tracking, marine animal, geolocation system, 07440.
- Ogolian dune**
desertification, soil erosion, urban expansion, morphodynamics, Senegal, Dakar; Mauritania, Nouakchott; Congo, Brazzaville; 01334.
- oil**
carbon isotope, shelf sediment, pollution, Japan, Honshu, Tokyo Bay; 10702. differential GPS, pipeline, Thailand; 02575. gas, anthropogenic source, methane emission, mining, Baltic; 11271. gas, bottom water, hydrocarbon, bottom sediment, methane, Okhotsk Sea, Tinro Basin, Deryugin Basin; 09361. gas, sedimentary basin, GIS, basin analysis, USA, Colorado, San Juan Basin; New Mexico, San Juan Basin; 02493. hydrocarbon, sand, mud, organic matter, Mexico, Campeche Sound; 00351. land degradation, coastal environment, delta, anthropogenic impact, Nigeria; 01370.
- oil burning**
fire, aerosol, mesoscale model, Kuwait; 10023.
- oil coating**
translocation, soil structure, manganese oxide accumulation, Pellustert, 05585.
- oil combustion**
coal combustion, emission, trace gas, China; 14963. coal combustion, lake, carbonaceous particle, lead-210, air pollutant, Denmark; 01752.
- oil contamination**
environmental impact, oil tanker, Braer oil spill, biodegradation, UK, Scotland, Shetland; 05071. groundwater contamination, anoxic groundwater, hydrocarbon degradation, biogeochemistry, USA, Minnesota, Bemidji; 09725. groundwater contamination, inorganic geochemistry, biodegradation, oxidation, microbial reduction, 09723. groundwater contamination, organic geochemistry, organic carbon, microbial reduction, USA, Minnesota; 09724.
- oil entrapment**
spatial variability, groundwater contamination, fluid distribution, oil spill, hysteresis, 02071.
- oil exploration**
acolian deposit, bounding surface, bedform, Permian, Minnelusa Formation, USA, Wyoming; 02893. aeromagnetic survey, gravity data, regional geochemical data, geophysical exploration, mineral exploration, Tanzania; 07550. gas exploration, magnetic survey, Gulf of Suez; 04941.
- oil field**
Jurassic, Triassic, halite, brine, aquifer, France, Paris Basin; 06692. temperature, burial, fluid inclusion, cementation, quartz, North Sea; 13226.
- oil fire**
dust storm, AVHRR, aerosol feature, texture measure, Kuwait; 03728. plume characterisation, aerosol sampling, Kuwait; 02358. plume, aerosol, Kuwait; 06092.
- oil industry**
Camera Alive, photogrammetry, gas industry, measurement system, North Sea; 15258.
- oil platform**
airborne SLAR, Nigeria; 03854. emission factor, fugitive emission, hydrocarbon emission, offshore, Pacific; 07396. severe storm prediction, upper air measurement, ship, Gulf of Mexico; 07253.
- oil pollution**
carbon isotope, alkane, Japan, Tokyo Bay; 14452. GIS, disaster prevention, UK, Shetland Isles; 01284. infiltration, hydrocarbon, groundwater contamination, Kuwait, Raudhatain; Umm Al-Aish; 11012.
- oil sand**
void ratio, pore pressure, critical state, stress/strain response, Cold Lake oil sand, Canada; 01434.
- oil shale**
ironstone, isotope, Tertiary, backscatter electron microscopy, Australia, Queensland; 13231. lithofacies analysis, sedimentary structure, Kimmeridge Clay Formation, mudstone, UK, England; 08014. sediment/water interface, isotope study, Eocene, Australia, Queensland; 00352.
- oil shale waste**
leachate, landfill, saturated/unsaturated flow, hydraulic conductivity, moisture retentivity, groundwater contamination, 00769.
- oil slick**
Braer oil spill, environmental impact, coastal geomorphology, UK, Scotland, Shetland; 03940. emulsification, spectral signature, 03811.
- oil spill**
beach, coastal sediment, petroleum, hydrocarbon, pollution, Qatar; 00462. bioremediation, cleanup technique, Exxon Valdez, USA; 03872. Braer oil spill, model prediction, marine pollution, UK, Scotland, Shetlands; 11601. Braer oil spill, oil trajectory, hydrodynamic model, UK, Scotland, Shetlands; 11602. coastline, GIS, USA, Texas; 12868. Davidson Current, wind drift, ocean process, coastal water, USA, California, San Francisco; 01294. environmental sensitivity index, shoreline sensitivity, United Arab Emirates; 07615. forecasting model, surge modelling, tide modelling, surface drift, Arabian Gulf, Strait of Hormuz; 10337. galeta oil spill, mangrove, fringing mangrove, Panama, Bahia las Minas; 11607. geographic information, coastal pollution, pollution, 15192. groundwater contamination, soil vapour analysis, groundwater analysis, hydrocarbon, 13586. hydrocarbon, waste, estuary, seasonality, USA, California, Elkhorn Slough; Moss Landing; USA, California, Monterey Bay; 00460. hydrodynamic model, tide, wind, numerical simulation, Arabian Gulf; 12884. hysteresis, oil entrapment, spatial variability, groundwater contamination, fluid distribution, 02071. model, hydrodynamics, chemical accident, Finland, Bay of Bothnia; 14123. morphodynamic model, sandy beach, tar pollution, self cleansing, Nigeria; 05075. nitrate, bacteria, denitrification, hydrocarbon, petroleum refinery, France, Mediterranean Coast, Gulf of Fos, Lavera Bay; 09403. nitrogen, fertiliser application, biodegradation rate, bioremediation, Exxon Valdez, USA, Alaska; 10303. PAH, pollution persistence, mangrove, hydrocarbon, Panama, Galeta; 12015. pollution persistence, hydrocarbon, toxicity, mangrove, Panama, Galeta; 12014. pollution, benthos, phytoplankton, zooplankton, Sea of Okhotsk, Sakhalin Island Shelf; 10707. pollution, Gulf War, environmental consequence, coastal effect, marine environment, Kuwait; Persian Gulf; Iraq; 06392. remote sensing, environmental assessment, Saudi Arabia; Arabian Gulf; 06330. screening tool, free product recovery, depression cone, groundwater pollution, 02595. side looking X-band radar, sea surface radar scattering, wind speed, cyclone, rainfall, iceberg, 03800. simulation, trajectory, Mina Al Ahmadi spill, spill model, Saudi Arabia; Arabian Gulf; 00018. SLAR, microwave radiometry, USA; 02562. surface water contamination, remediation, dredging, USA, Alaska, William Sound; Arabian Gulf; 01986. vessel tracking, marine spill, sensitivity atlas, GIS, Florida, Tampa Bay; 11533.
- oil spill behaviour**
modelling, mathematical model, weathering process, 00017.
- oil surfactant**
organic contaminant, petronate surfactant, organic compound, petroleum sulphonate, 03175.
- oil tanker**
Braer oil spill, biodegradation, oil contamination, environmental impact, UK, Scotland, Shetland; 05071. Braer Storm, explosive development, storm (10 January 1993), UK, Shetland Isles; 05894.

- oil trajectory**
hydrodynamic model, oil spill, Braer oil spill, UK, Scotland, Shetlands; 11602.
- oil/water flow**
dual phase flow, Buckley-Leverett zone, free imbibition, groundwater flow, capillarity, 13607.
- oil well**
soot, aerosol, model estimate, climate, fire, Kuwait; 07376.
- oil well burning**
inhalable particulate, residential area, adsorption, PAH, Kuwait; 04817.
- oil burner**
adsorption, desorption, combustion particle, photoelectric yield, carbonaceous particle, spark ignition engine, 06014.
- oily residue**
earthquake, asphalt storage, tsunami, Exxon Valdez, crude oil, USA, Alaska, Prince William Sound; 03871.
- oily waste**
carbon, surfactant, mineralization, 08973.
- Old Crow tephra**
Pleistocene, oxygen isotope stage 6, last glaciation, marker bed, periglacial aeolian sediment, USA, Alaska, Holitna Lowland; 00216.
- Old Red Sandstone**
brecciation, soil profile, calcrete, Kinnesswood Formation, Inverclyde Group, UK, Scotland, Midland Valley; 02928.
- Older Dryas**
Allerød, Younger Dryas, Holocene, geochronology, Bolling, Byelorussia, Polessie Lowland; 10514. geomorphology, glacier research, solifluction zone, Allerød, sea level, Iceland, Tollaskagi, Svarfadaralur-Skiodatur; 07780. Mousterian industries, depositional break, Pleistocene, cave sediment, Palaeolithic (Upper), France, Alps; Franche-Comte; France, Perigord; 06575.
- Olduvai event**
dating, biostratigraphy, magnetostratigraphy, Pleistocene, human remains, Spain, Granada, Orce; 14248.
- Olduvai Subchron**
transgressive bed, delta, Holocene transgression, palaeogeography, sedimentary sequence, 09159.
- olefin**
atmospheric chemistry, hydroxyl radical, ozone/alkene reaction, cyclohexane, 12603.
- oleic acid**
monocarboxylic acid, diagenesis, fatty acid, laboratory experiment, 04211.
- oliabatic process**
frontogenesis, ageostrophic circulation, 08589.
- Oligocene**
basin, sandstone, Annot Sandstones, turbidity current, turbidite, France, Alpes-de-Haute-Provence, Alpes Maritimes; 07979. Bluff Formation, plant root, Miocene, microorganism, karst, West Indies, Cayman Islands; 09289. braided river, delta, palaeocurrent, promina bed, Eocene, Croatia, Dalmatia; 00369. Campine Basin, lacustrine deposit, carbonate, sedimentology, isotope geochemistry, Spain, Catalan Coastal Ranges; 02962. carbonate, Promina beds, braided river, foreland basin, Jelar Breccia, Croatia, Salmatia, Jurisinka Hill; 09333. Gazzi-Dickinson method, provenance analysis, muddy sandstone, point counting, USA, Montana; 07939. Miocene, point bar, meander, bedding, palaeocurrent, Spain, Iberian Range, Loranca Basin; 14337. Miocene, seawater, sedimentation rate, isotope ratio, foraminifera, Pacific; 00427. Mulhouse Basin, marl, evaporite, organic matter, palaeoenvironment, France, Alsace, Mulhouse; 05405. palaeoclimatology, grain size, source, aeolian deposition, dust, Pacific, Ontong Java Plateau; 00419. plagioclase, dissolution, burial history, porosity, USA, California; 02914. porosity, cement, clay, diagenesis, sandstone, Spain, Campo de Gibraltar; 11936. Quaternary, solifluction, basin, loess, interglacial, 10637. sea level, climate change, foraminifera, carbonate platform, palaeotemperature, Miocene, Coral Sea, Great Barrier Reef; 09354.
- Oligocene limestone**
climate control, lithology, tectonics, karstification, France, Gironde; 04047.
- Oligocene/Miocene**
clay mineral, megatoposequence, Permian, Variscan belt, geochemical system, Ecuador, Andes; 06470.
- oligochaete**
Chironomidae, sphaeriid clam, macroinvertebrate, lake water quality, pollution, zoobenthos, USA, Ohio, Cleveland; Lake Erie; 05690. interstitial water, sulphide, method, Lumbriculus variegatus, bioaccumulation, USA, Wisconsin, Fox River; 09373.
- oligotrophic lake**
acidification, forest growth, soil acidification, atmospheric deposition, lake water chemistry, Sweden; 05725. palaeolimnological study, Chironomidae, environmental history, Finland, Lake Pajanne; 06599. transmission electron microscope, plankton, water quality analysis, picoplankton, 13560.
- oligotrophic peatland**
drained field, forest production, greenhouse gas reduction, cost effectiveness, Norway; 08987.
- oligotrophic reservoir**
oxygen deficit, reservoir water quality, thermal stratification, water transparency, chlorophyll-a, Brazil, Sao Paulo, Paranapanema River, Jurumirim Reservoir; 00727.
- oligotrophic site**
ocean model, atmospheric forcing, 12484.
- oligotrophic water**
upwelling water, regeneration ratio, denitrification, nitrogen, biogeochemical cycle, Indian Ocean; 00055.
- oligotrophication**
acidified lake, phosphorus, lake water chemistry, phytoplankton, Sweden; 05756. lake water chemistry, nitrogen deposition, denitrification, phytoplankton, Sweden; 05757.
- oligotrophy**
biomass, fossil pigment, Holocene, varved sediment, USA, Minnesota, Clearwater County, Elk Lake; 02803. eutrophication, diatom, lake, Finland, Lake Karelian Pyhajarvi; Lake Puruvesi; 05472.
- olistostrome**
seafloor, sedimentation, forearc basin, accretionary prism, Pacific, Shikoku Basin; Nankai Trough; 00416.
- olive oil**
wastewater, sludge application, soil chemical property, 05627.
- olive oil cake**
sandy soil, soil water retention, Libya; 03157.
- olive oil residue**
alpechin, carbonate, heavy metal, 14550.
- OLR**
comparative study, Earth orbiting satellite, radiation budget, 02145.
- Olsen phosphorus**
crop rotation, soil testing, phosphorus, Canada, Saskatchewan; 01807. fertiliser, crop rotation, legume, Chernozemic soil, phosphorus, Canada, Saskatchewan, Indian Head; 10812.
- Olympics**
GIS police, police, operations support, Norway; 15254.
- Olyor suite**
evolution rate, microtine rodent, palaeomagnetism, Allohaimys, age determination, Russian Federation, Yakutia, Krestovka River; 02783.
- ombrogenous peatland**
radiocarbon dating, peat, global carbon model, carbon isotope, deep carbon gas, Canada, Ontario, Rainy River; 01321.
- ombrotrophic bog**
organic matter, peat, nitrogen, carbon, bulk density, Europe; North America; 03144. peat, element accumulation, dust fall, Finland, Haadetkidas; 00566.
- ombrotrophic peat**
peat pollution, soil pollution, element concentration, heavy metal, UK, England, Yorkshire, Ringinglow Bog; 04419.
- omission signature**
leaf spectrum, LIDAR, fluorescence, 15160.
- on flight calibration**
AVHRR, NDVI, calibration correction coefficient, reflective cloud, 07433.
- on road testing**
stoichiometric point, hydrocarbon, carbon monoxide, vehicle, emission, 07405.
- on site analysis**
hydrocarbon, groundwater contamination, soil water contamination, immunoassay system, 04511.
- oncoild**
guano, diagenesis, phosphatisation, phosphorite, Pacific, Nauru Island; 09324. palaeobathymetry, Jurassic, microbiolite, stromatolite, Switzerland; 01615.
- one dimensional model**
cloud free sky, diurnal variation, boundary layer, Wangara Experiment, 05906. convective cloud model, lifting, entrainment, 05984. numerical hindcasting, carbon dioxide, partial pressure, sea surface data, Pacific; 06405. numerical simulation, boundary layer, cloudy sky, 05907. solar farm, energy balance, 05859. stratocumulus, subsiding air, 09937.
- one line model**
wave height, numerical simulation, shoreline evolution, India, Madras; Beypore; 05162.
- one parameter model**
soil water content, soil water retention, 12060.
- one year record**
ice core data, tropospheric river, specific humidity, wind velocity, water vapour flux, 12450.
- online ion exchange**
ion exchange, ICP-MS, laboratory experiment, 03921.
- online metadata**
dataset, distribution, CD ROM, 06194.
- ontogeny**
Quaternary, palaeoenvironment, lake sediment, Argentina, Buenos Aires Province, Lobos Lake; 13265.
- ontology**
epistemology, information systems development, GIS, logical positivist philosophy, 01133.
- ooild**
aragonite, Libby Formation, calcite, Proterozoic, USA, Montana, Libby; 02905. bioaccumulation, Golconda Group, Mississippian, Chesterian, carbonate, USA, Missouri; 04264. burial, Silurian, Clinton ironstone, diagenesis, Appalachian Foreland Basin, USA, Pennsylvania; 01644. cement, diagenesis, porosity, Pitkin Formation, Mississippian, USA, Arkansas; 04193. diagenesis, calcareous ridge, Pleistocene, porewater, Egypt, Mersa Matruh; 00307. diagenesis, permeability, Greenbrier Group, reservoir, porosity, USA, West Virginia, Rhodell Field; 04152. grainstone, brine, shoal, wave, wind, Bahamas, Caicos Platform; 04190. Jurassic, seawater, Smackover Formation, cycle, aragonite, USA, Mississippi; 07997. Mississippian, uplift, foreland basin, orogeny, USA; 05446. platform carbonate, Ratburi Limestone, Permian, karst, dolomitization, Thailand, Ratburi; Hua Hin; 05382. ripple, storm, tempestite, Pickaway Limestone, Mississippian, USA, West Virginia; 04257. seawater, dolomitization, aragonite, dissolution, cement, 02909. Ste. Genevieve Formation, Mississippian, shoal, cement, carbonate sand, USA, Illinois, Jasper County; 04192. volcanoclastic sand, carbonate bank, limestone, Carboniferous, USA, California; 05447. water velocity, carbonate, Neoproterozoic, 05460.
- ooild deposition**
mud, tidal channel, storm, bioturbation, Hurricane Andrew, Bahamas, Great Bahama Bank, Cat Cay; Joulter Cays; 00396.
- ooild shoal**
carbonate, Mississippian, Quaternary, Holocene, oolite, 04175.
- oolite**
oolid shoal, carbonate, Mississippian, Quaternary, Holocene, 04175. Pleistocene, Holocene, Mississippian, carbonate, reservoir, Ste. Genevieve Limestone, USA, Illinois; 04187.
- oolitic ironstone**
ferruginisation, Phanerozoic, diagenesis, sedimentation, 09301. phosphatic nodule, ironstone, Silurian, Argentina, Precordillera; 02931.

- ooze**
 chalk, dissolution, porosity, calcareous sediment, Pacific, Ontong Java Plateau; 00287. chalk, organic carbon, redox condition, colour band, ODP Leg 130, Pacific, Ontong Java Plateau; 00421. chalk, porewater, loading test, compaction, carbonate, ODP Leg 130, Pacific, Ontong Java Plateau; 00422. consolidation test, porosity, carbonate compensation depth, dissolution, Pacific, Ontong Java Plateau; 00288. geochemistry, manganese nodule, hydrothermal process, metal, deep sea sediment, Pacific, Clarion Isand; Mexico; 03010. subduction, boron, seawater, tracer, marine sediment, 00425.
- opacity**
 ocean surface, carbon dioxide, lidar measurement, cloud, backscatter, 14804.
- opal**
 accumulation rate, biomass, biogenic silica, water column, seafloor, Gulf of California; 10614. carbonate, monsoon, sediment trap, particle flux, upwelling, Arabian Sea; 00440. chert, Cretaceous, carbonate platform, burrow, silicification, Spain, Basque Provinces; Cantabria; 04210. grain size, Cretaceous, chert, silicification, Slovakia, Western Carpathians; 13233. opaline pendant, Paluxeralf, pedochemical environment, USA, California; 01820. phytoplankton, nutrient, production rate, silica cycle, Southern Ocean; Weddell Sea; 00432. productivity, sea ice, light penetration, interglacial sediment, carbonate, Arctic Ocean, Fram Strait; 02969. seasonal cycle, sediment trap, diatom, upwelling, trade wind, Atlantic, Guinea Basin; 14414. siliceous ooze, diagenesis, nodule, porcellanite, chert, Southern Ocean; 09310.
- opal flux**
 carbonate flux, terrigenous material, seafloor, glacial/interglacial change, sedimentation rate, Indian Ocean; Southern Ocean; 06561. seasonality, upwelling, primary production, seafloor, organic carbon, Atlantic, Cap Blanc; Guinea Basin; Atlantic, Walvis Ridge; 01709.
- opaline pendant**
 Paluxeralf, pedochemical environment, opal, USA, California; 01820.
- opaline silica**
 production/destruction, biogenic sedimentation, calcium carbonate, organic carbon, Atlantic; 10441.
- open cast mine**
 surface mining, reclamation, mine dump, India; 05263.
- open chamber technique**
 methane emission, manure, pig slurry, pig solid manure, 06081.
- open channel flow**
 advection/diffusion equation, backwater effect, rating curve, flood wave propagation, flood routing, 14614. anastomosing river, flood flow, debris dam, channel formation, multiple channel system, Ireland, The Gearagh; 10935. bank deformation, sediment transport, flow velocity, Froude number, 10928. bottom wave, velocity fluctuation, 13479. canal model, computer model, automated control, downstream control, unsteady flow, USA, California, San Luis Obispo; 04458. channel confluence, shear layer, velocity differential, sediment transport, turbulence, 10944. channel hydraulics, gravel bed channel, riffle/pool hydraulics, velocity reversal, USA, California, Dry Creek; 10934. compound channel, floodplain flow, 10938. computer model, canal model, automated control, unsteady flow, 04454. computer model, unsteady flow, branch network, canal network, 04462. discharge estimation, flow velocity, horizontal integration, channel hydraulics, 13480. dry bed channel, unsteady flow, inertia, computational hydraulics, 09614. electromagnetic current meter, turbulence, velocity fluctuation, 10941. flow behaviour, St Venant equations, Laplace transform, transient flow, 05683. flow measurement, discharge calculation, velocity area method, 01934. flow measurement, rating curve, stage/discharge relationship, 01935. flow model, kinematic wave approximation, diffusion wave approximation, St Venant equations, wave theory, 12218. flow modelling, irrigation canal, unsteady flow, 04453. flume simulation, sedimentation, eddy, channel expansion, sediment transport, USA, Grand Canyon, Colorado River; 05684. gauging techniques, instrumentation, flow profile, flow measurement, river flow, 01933. gravel bed channel, sediment transport, entrainment, turbulence, bed roughness, 10943. hydraulic jump, free surface profile, Froude number, surface profile, 04452. hydraulic structure, St Venant equation, canal regulation, unsteady flow, 04461. low flow, river flow, gauging network, hydrometric data, flow measurement, UK; 01939. method of characteristic, unsteady flow, computer model, St Venant equations, 04460. numerical model, Launder-Spalding relation, eddy kinetic energy, 14613. palaeohydraulic data, pothole formation, flow separation, vortex, USA, Virginia, Great Falls, Potomac River; 12215. secondary current, straight river, field measurement, turbulence, electromagnetic flowmeter, Japan, Honshu, Kyoto, Biwako-Sosui River; Nagoya, Aichi Irrigation Channel; 00652. sediment transport, turbulence, bedform, 10940. sediment transport, turbulence, mean flow, bedform instability, bed geometry, fluid dynamics, 12223. self aeration, air entrainment, air-water interface, spillway, air/water gas transfer, 13482. semi Lagrangian method, water hammer, dam break, method of characteristics, shallow water equation, 14616. sinuosity, channel aspect ratio, roughness, meander, flow resistance, compound flow, 10937. specific energy concept, flow profile analysis, channel geometry, transition flow, water surface profile, 10939. subcritical flow, supercritical flow, transient flow, hydraulic jump, numerical model, 05682. supercritical flow, Lagrangian method, shallow water flow, standing wave, 00653. turbulence, sediment transport, hydraulic structure, 08352. ultrasonic flow gauging, electromagnetic flow gauging, gauging station design, flow measurement, UK; 01937. unsteady flow, model verification, computer model, USA, Arizona, Salt River Project; Central Arizona Project; 04459. velocity measurement, flow measurement, Doppler current profiler, broadband acoustic Doppler meter, 01938. velocity measurement, roughness transition, gravel bed river, turbulence, 10942. wave propagation, ice cover, unsteady flow, 04449. weir, flow measurement, flume, control structure, measurement structure, 01936.
- open channel flow**
 measurement standard, hydrometry, streamflow measurement, flow measurement, UK; 01940.
- open path sensor**
 carbon dioxide flux, boundary layer, eddy correlation measurement, closed path sensor, 08026.
- open pit**
 pollen sequence, Eemian, Brorup, Odderade, Vistulian, Germany, (East); 07876.
- open pit mine**
 GIS, geological data, geotechnical data, 02469.
- open system technology**
 GIS, user interface, 11435.
- open water**
 energy budget, evaporation, lake heat storage, Bowen ratio, USA, Minnesota, Williams Lake; 05663.
- operating mode**
 ERS-1, land ice, ocean tracing, radar altimeter, 13909.
- operating reliability**
 earth dam, engineering diagnostics, 14131.
- operational data assimilation**
 forecast, radiance information, variational analysis, 08488.
- operational diagnosis method**
 forecast, semi operational method, synoptic system, 05902.
- operational hydrology**
 humid tropics, water resource assessment, 08264.
- operational model**
 minimum temperature, soil surface, clear sky, frost forecasting, temperature decrease, 02315. sensitivity analysis, rate coefficient, photochemical oxidant, 11273.
- operational reliability**
 concrete, slope cover, filter bed, 02654.
- operational research**
 network algorithm, population evacuation, GIS, 08936.
- operational system**
 data assimilation system, initialisation increment, 00907.
- operations support**
 Olympics, GIS police, police, Norway; 15254.
- ophiolite**
 decorrelation stretch, band ratio image, TM, Tibet, Xigaze; 12767.
- oprganic matter**
 sodic soil, swelling soil, soil fabric, clay mineral, 10789.
- optical 3D measurement**
 triangulation, trilateration, interferometry, industrial robot, 11405.
- optical absorption**
 aerosol, dust, desert, black carbon, carbon, Tadjhikistan; Asia, (Central); 07203.
- optical array**
 error factor, snowflake mass, 02265.
- optical attenuation**
 water, attenuation coefficient, spectral irradiance attenuation, asymptotic optical attenuation, 00690.
- optical backscatter**
 acoustic backscatter, STRESS experiment, suspended sediment, particle size, 14302. suspended sediment, fouling, engineering, turbidity, 11872.
- optical constant**
 refractive index, near infrared, ice, water, 08506.
- optical dating**
 aggradation rate, dune formation, coastal dune, luminescence dating, Canada, New Brunswick, Buctouche Spit; 14286. inclusion, quartz grain, coastal dune, grain inclusion, Australia, South Australia; 07829.
- optical depth (1850-1990)**
 aerosol, 11330.
- optical depth**
 aerosol, haze, particle size spectrum, Arctic; 08505. aerosol, Jordan; 07202. aerosol, solar radiometry, calibration, turbidity, photometer, 14798. aerosol, volcanic eruption, trend, Antarctic; 07199. albedo, soil moisture, SMMR, microwave emissivity, vegetation, Botswana; 02483. atmospheric turbidity, atmospheric optical condition, France; 08844. cloud measurement, infrared wavelength, semi transparent high cloud, satellite, cirrus, 05872. Harmattan, aerosol, Nigeria, Ilorin; 15014. photometer, sun tracking photometer, aerosol, India, Ahmedabad; 13866. radiometric measurement, Chappuis absorption band, ozone concentration, aerosol, 02339. sea breeze front, aerosol, tropical coastal station, 02237. solar radiation, two stream approximation, parameterisation, single scattering albedo, 09802. stratosphere, volcano, aerosol, eruption, Philippines, Mount Pinatubo; Arctic; 11324. volcanic explosion, general circulation model, aerosol forcing, climate change, 07325.
- optical depth spectrum**
 particle size distribution, radiative effect, lidar data, Philippines, Mount Pinatubo; 11329.
- optical detection**
 transient oscillation, raindrop, rain, air bubble, bubble oscillation, 10158.
- optical dropsonde**
 ozone density profile, stratospheric ozone, 08756.
- optical extinction**
 visibility, monitoring network, trend, particle concentration, USA; 11319.
- optical fibre**
 environmental monitoring, chemical sensor, transducer, 03920.
- optical imager**
 thermal infrared, visible spectrum, ASTER, EOS-AM1, observational performance, 10047.
- optical imagery**
 environmental monitoring, alpine, polarimetry, SAR, 12788.
- optical model**
 optical parameter, radiative effect, Soviet/American desert dust experiment, dust, aerosol, Tadjhikistan; 07387. radiative balance, dust, aerosol, 07377.
- optical observation**
 gravity wave, auroral zone, 09828.
- optical parameter**
 air quality, aerosol, humidity, urban atmosphere, 06088. radiative effect, Soviet/American desert dust experiment, dust, aerosol, optical model, Tadjhikistan; 07387.
- optical particle counter**
 balloon borne measurement (1971-1990), aerosol, USA, Wyoming, Laramie; 04795.

optical phenomena

sun colour, blue sun, spectral transmission, USA, New Mexico; 12433.

optical photometer

particle impact sensor, radar interferometer, aerosol, noctilucent cloud, PMSE, 11472.

optical property

aerosol, Tadzhikistan; 07205. dust, particulate matter, carbon, 07198. dust, plume, 07200. trophosphere, cloud, lidar, geometrical property, Antarctica, Dumont d'Urville; 04927.

optical reflectance

spruce, hemlock, 15179.

optical remote sensing

semiarid rangeland, watershed, hydrometeorology, energy balance, 15146.

optical satellite sensor

environmental monitoring, contrast transfer function, edge gradient, 07479.

optical scintillation

rain gauge, shipboard measurement, sea, 13650.

optical sensing

spectroscopic parameter, gas, terrestrial atmosphere, 13858.

optical sensor

JERS-1, SAR, 02374. laboratory experiment, comparative study, acoustic resonator, microbubble measurement, 12409. microphysics, aircraft use, 13651. sand, sampling, suspended sediment, backscatter sensor, comparative study, 06642. satellite, SAR, JERS-1, 10046. shortwave IR, infrared, CCD detector, 10048.

optical sensor system

JERS-1, infrared, shortwave IR, sensor system, 10049.

optical system

photographic lens, 15054.

optical target

target tracking, recognition, 06185.

optical technique

plume, stratified fluid, fluorescence, 09790.

optical thickness

aerosol cloud, Northern Hemisphere, lidar, volcano, extinction coefficient, Philippines, Pinatubo Mountain; 03613. aerosol extinction, turbidity, Angstrom formula, Junge parameter, 02162. aerosol optical thickness, Russian Federation, Moscow; 11313. clear air, entrainment, parameterisation, cloud, 09807. climate warming, cloud, 08642. dust, satellite measurement, Tadzhikistan; 07204. lidar network, cirrus experiment, cloud depth, 05986. photosynthetically active radiation, formula, aerosol, 09806. seasonal variability, geographical distribution, aerosol, Arctic; 07371. solar radiation, ground based measurement, cloud, Arctic; 13675. stratosphere, volcano, eruption, satellite, aerosol, Mexico, El Chichon; Philippines, Pinatubo Mountain; 03597. volcano, aerosol size distribution, Germany; Canada; Philippines, Mount Pinatubo; 10019.

optical transmissometry

sediment transport, STRESS experiment, laser, particle size, USA, California; 14304.

optical wave

area estimation, 11422.

optically stimulated luminescence dating

till, Eemian, paleosol, TL dating, buried podsol, Finland, Ostrobothnia; 02780.

optics

extinction coefficient, multiple scattering, scattering, lidar, aerosol, 13652.

optimal averaging

seasonal temperature, sea surface temperature (1860-1989), confidence interval, 14883.

optimal balance

low order model, atmospheric model, Baer-Tribbia scheme, 04671.

optimal cell size

information theory, digital terrain model, 07468.

optimal channel network

dendritic structure, fractal property, hillslope process, channel network, river basin morphology, 00104.

optimal control method

retrieval, balanced field, 08576.

optimal control theory

salt production, solar salt production, salt yield, evaporation, sewage treatment, 03379.

optimal description

atmospheric flow, strange attractor, Lyapunov exponent, 00932.

optimal design

deformation monitoring, linear programming, 01109.

optimal determination

nudging coefficient, adjoint equation, 08572.

optimal distribution

dynamics, global meteorological network, observational network, 05857.

optimal estimation

stochastic analysis, random recharge, groundwater recharge, 14724.

optimal linear filter

time dependence, climate change, detection, fingerprint, 08634.

optimal sky coverage

tracking strategy, laser geodynamic satellite, geodetic parameter, 11372.

optimal unstable structure

weather prediction model, forecast, ensemble prediction, 08613.

optimal value

parameter estimation, hydrograph, peak flow, model calibration, catchment model, Singapore; 06957.

optimal weighting

global average temperature, temperature, point gauge, 11106.

optimisation

conjunctive water use, pumping policy, stochastic dynamic programming model, groundwater resource, groundwater exploitation, USA, California, Madera County; 14790. discrepancy measure, environmental model, calibration, 01735. drainage design, urban drainage, drainage management, Japan, Hokuriku, Kahoku Lagoon; 08456. fast Fourier transform, spectral estimation algorithm, Fourier spectroscopy, remote sensing, 05878. groundwater management, linear programming, 09762. hurricane track, forecasting

model, adjoint model equation, 01012. hydropower, water management, reservoir operation, drought, flood, USA, Georgia, Savannah River; 11085. irrigation water scheduling, irrigation system, agricultural water management, 05842. pattern recognition, image enhancement, 10082. pumping strategy, vinyl chloride plume, uncertainty analysis, groundwater contamination, contaminant capture, remedial technique, USA, Michigan; 03357. rain gauge, network, monsoon, rainfall variability, India; 09945. rainfall/runoff model, conceptual model, calibration model, 06960. rain gauge, rainfall series, India; 02304. reservoir operation, flood control, multi-reservoir system, 11084. reservoir operation, irrigation demand, hydropower, water management, Indonesia, Citarum River Basin; 08460. solute transport model, groundwater management, groundwater remediation, artificial neural network, 14788. solute transport, adsorption/dispersion, parameter determination, displacement test, numerical model, 03335. solute transport, mobile/immobile phase, pump and treat remediation, groundwater remediation, multiple contamination, 14758. uncertainty, reservoir operation, control concept, water resource management, 03387. water distribution network, tree solution, pipe hydraulics, water management, network design, 03402. water management, hydropower, flood control, irrigation demand, reservoir operation, Sri Lanka, Victoria Reservoir; 08457. water management, reservoir operation, irrigation demand, cropping pattern, Italy, Tiber River; 08455. water quality sampling, reservoir limnology, lake limnology, mathematical modelling, Finland, Kuortaneenjärvi Lake; 05844. water quality, water supply system, distribution network, water management, 09785. water supply system, distribution network, water quality, water management, 09786. water tariff, groundwater management, minimisation, global optimisation, 09771.

optimisation method

contaminant transport, well location, model development, groundwater remediation, 12917. network design, groundwater flow, groundwater monitoring, monitoring network, groundwater quality, 05814.

optimisation model

computer model, irrigation system, agricultural water management, system design, 11083. demand driven operation, stochastic model, uncertainty, reservoir operation, 12399. groundwater management, groundwater quality management, groundwater exploitation, USA, Utah, Salt Lake Valley; 14789. groundwater management, groundwater resource, crop water, groundwater-surface water interaction, 03401. multi-reservoir system, water resource management, irrigation, hydropower, simulation model, India; 07154. river diversion, uncertainty, design flood, hydraulic structure, dam construction, Iran, Karoon Dam; 12396. water management, reservoir operation, simulation model, 03241.

optimisation modelling

quadratic programming, levelling network, 11391.

optimisation principle

deformation monitoring, precision, 13937.

optimisation problem

pump and treat system, groundwater quality, groundwater management, contaminant plume, partial infeasibility method, 12397.

optimum band subset

multispectral data, mutual information analysis, system entropy, 01122.

optoelectronic stereo camera

photogrammetry, DTM, stereo camera, Mars; 06119.

orbit

accuracy, ephemerides, GPS, 04890.

orbit calculation

geopotential coefficient, artificial satellite motion, gravity model, geopotential perturbation, satellite orbit, 11373.

orbit cycle

mean sea surface, altimetric sampling, geoid cross-track slope, 07429.

orbit determination

dynamic GPS, TOPEX/Poseidon, 13907. GPS receiver, antenna, positioning accuracy, 07456. radar altimeter, ERS-1 orbit, 11374.

orbit error

altimeter height measurements, sea level estimates, 03678. demodulation, sea surface, altimeter, radial orbit, 06297.

orbit error correction

crossover difference differences, satellite altimeter data, ocean height difference, 13906.

orbit error reduction

sea surface computation, Geosat altimeter data, altimetric profile, 13905.

orbit information

ground control point, navigation, AVHRR, satellite, 02381.

orbital drift

AVHRR, climatology, satellite data, 10134.

orbital fluctuation

Brunhes/Matuyama boundary, Quaternary, oxygen isotope record, pelagic foraminifera, Fourier stratigraphy, Pacific, Ontong Java Plateau; 00186.

orbital forcing

climate change, eccentricity, pollen record, Pleistocene, Colombia, Eastern Cordillera, Bogota; 13049. climate evolution, Pliocene, Pleistocene, marine sediment, internal variability, 01466. deglacial signal, sediment core, insolation, climate variability, Greenland Sea; Iceland Sea; Norwegian Sea; 13036. facies analysis, sea level, Pleistocene, sequence architecture, cyclothem, New Zealand, North Island, South Wanganui Basin; 13127. sea level, rhythmic bedding, Milankovitch, periodicity, Cretaceous, Atlantic; France; 02900. sedimentary cycle, Pleistocene/Holocene, climate forcing, carbonate/siliciclastic sediment, sedimentation rate, Coral Sea, Great Barrier Reef; 10450. treeline, Holocene, thermal trend, tree limit history, Sweden, Scandes Mountains; 02807.

orbital frequency

palaeoclimate, frequency spectra, pollen record, fission track dating, Colombia, Eastern Cordillera, Bogota Basin, Funza; 04063.

orbital parameters

spectral analysis, palaeotemperature, time series, Brunhes Chron, Matuyama Chron, Pacific, (North); 14223.

orbital period

solar irradiance, precession, obliquity, radiative flux, insolation, 01025.

orchard

carbon dioxide flux, latent heat flux, windbreak, 05945. coherent structure,

fog, 09846. fog, deposition, residue, organophosphate, insecticide, USA, California, San Joaquin Valley; 04815.
orchard soil
 irrigation, snow cover, soil temperature, ground cover, 04353. liming, fertilisation, trace element, heavy metal, USA, Florida; 04403. macroporosity, image analysis, porosity, 00476. soil erosion, glacial stratum, Germany, Potsdam; 09560.
ordinance
 agriculture, infrastructure, ownership, land, Germany; 05034.
ordination
 coastal foredune, habitat classification, dune habitat, foredune, plant association, Brazil; 00123.
ordnance survey
 AGI, GIS, 08740. crisis management, coastal zone map, topographic information, 01285. GPS, WGS84, datum inconsistency, 08764.
Ordovician
 argillite, Shoal Arm Formation, flysch, chert, black shale, Canada, Newfoundland; 10613. calcite, diagenesis, cementation, buildup, USA, Alabama; 11923. carbonate, cement, Trenton Group, dewatering, dolomitization, Canada, Ontario; 01631. Ellenburger Group, karstification, recrystallization, dolomite, USA, Texas; 14362. glaciogenic facies, Hirnantian, Don Braulio Formation, diamictite, Gondwana, Argentina, Precordillera; 02968. Glenwood Formation, diagenesis, cementation, dolomitization, USA; 14360. heat source, hydrothermal alteration, carbonate, diagenesis, lithification, Canada, Ontario; 14359. Mesozoic, limestone, depositional environment, Thailand, Tak-Mae-Sod; 05427. Platin Group, depositional environment, limestone, sea level, dolomite, tidal flat, USA, Missouri; 13198. Proterozoic, provenance, clast, volcanic rock, electron microprobe analysis, France, Armonian Massif; 07942. pyrite precipitation, amino acid, organic matter, sulphate, Proterozoic, Canada, Alberta; British Columbia; Canada, Saskatchewan; 08024. Silurian, glaciofluvial deposit, palaeovalley, diamictite, Jordan; 10593.
ore
 nodule, crust, manganese, 00341. phosphate, iron, manganese, black shale, Czech Republic, Bohemian Massif; 09304.
ore deposit
 cementation, porosity evolution, carbonate platform, Cambrian, Bonnetterre Dolomite, USA, Missouri; 06689. gold exploration, airborne multispectral data, arid terrain, 03752.
ore formation
 lead/zinc ore, groundwater origin, geohydrology, brine migration, groundwater flow, USA; 07080.
organic acid
 acid neutralising capacity, acid/base chemistry, lake water chemistry, USA, New York, Adirondack; 14672. acidic deposition, forest impact, formic acid, acetic acid, USA, California, Sierra Nevada; 03565. aldehyde, hydrogen peroxide, precipitation chemistry, USA, California, Los Angeles; 04433. carbohydrate, sugar, polyol, Antarctica, Windmill Islands; 13403. diagenesis, dissolution, solute, waste disposal, landfill, 06706. inorganic acid, ammonium, formate, ice core, sulphate, Greenland; 09968. moder, soil solution chemistry, forest soil, fulvic acid, cation concentration, 10781. rhizosphere, microorganism, root growth, amino acid, sugar, 01833. siderophore, humic acid, iron extractability, iron-humate complex, 05586. soil solution chemistry, ectomycorrhizal mat, forest soil, Douglas fir, soil fungus, USA, (Northwest); 13412. soil solution chemistry, podzolised soil, weathering, aluminium, Sweden; 00536. sulphate, aquifer, lead, metabolism, 12003. weathering, podzolisation, aluminium, iron, 12090.
organic aerosol
 aerosol number concentration, cloud condensation nuclei, cloud nucleation, sulphate, 06062. gas chromatography, aerosol, urban area, 03611. organic compound, adsorption, gas/particle partitioning, absorption model, 11314. PAH, aerosol, natural gas, fine particle emission, 08726.
organic aggregate
 lake snow, microbial dynamics, particulate organic matter, macroscopic aggregate, lake water quality, Germany, Lake Constance; 02017.
organic agriculture
 biodynamic agriculture, phosphorus dynamics, microbial biomass, acid phosphatase activity, agriculture, 04373.
organic aluminium
 surface water quality, fulvic acid, aluminium, pH dependent binding, 00685.
organic anion
 forest soil, sulphate, acidic deposition, selenite, soil acidity, Sweden; 08203.
organic carbon
 abyssal plain, Quaternary, calcareous ooze, palaeoceanography, silica, Indian Ocean, Central Indian Basin; 10661. aerosol, dust, tyre debris, brake lining, fine particulate, 03623. aggregate stability, Argudoll, soil biological activity, crop rotation, 08192. assimilable organic carbon, bacterial growth potential, ATP technique, plate count, water quality analysis, 00680. atmospheric carbon dioxide, glacial/postglacial transition, isotopic record, sediment, Pleistocene/Holocene transition, Japan, Honshu, Lake Biwa; 06557. benthic process, continental margin, biogeochemistry, Atlantic, Bay of Biscay, Cap Ferret Canyon; 04186. bioassay, bacterial regrowth, assimilable organic carbon, water colour, ozone treatment, USA, California; 11011. biodegradation, particle size, desorption, contamination, PCB, USA, New York, Hudson River, Moreau; 08076. bulk density, drainage tile installation, hydraulic conductivity, soil water content, subsoil disturbance, Canada, Nova Scotia; New Brunswick; 10821. carbon-13, pasture soil, forest soil, deforestation, particle size fraction, Brazil, Amazonia; 13414. carbon dioxide, nitrogen deposition, soil temperature, carbon storage, 05572. carbon dioxide, tropical soil, soil fertility, carbon, 06872. carbon storage, soil mapping, Spodosol, USA, Florida; 01769. carbon, calcareous soil, Spain; 08125. carbon, crop rotation, phosphatase, tillage, carbohydrate, Canada, Quebec, La Pocatière; 01835. carbon, wet combustion, inorganic carbon, 05525. carbonate, Quaternary, accumulation rate, Pacific, Caroline Basin; 13282. carbonate, saccharide, aggregate stability, earthworm, 01872. carotenoid, carbonaceous particle, core stratigraphy, acidification, Italy; Switzerland; 09383. Century model, pasture soil, crop rotation, wheat-pasture rotation, organic matter, Australia; 06870. Chernozem, crop rotation, carbon, Canada, Alberta, Lethbridge; 01844. chlorinated hydrocarbon, groundwater contamination, retardation factor, contaminant migration, sandstone rock, UK, England, Coventry; 03365. clay, herbicide, atrazine, alachlor, sorption, soil, 03020. composting, flooded soil, ethylene production, poultry litter, 08168. continental shelf, continental slope, adsorption, sedimentation rate, 13237. crop rotation, carbon, organic matter, maize, France; 10851. decomposition, interstitial water, amino acid, Caribbean Sea, Panama Basin, Costa Rica Rift; 05391. denitrification, nitrate, subsoil, carbon, crop residue, USA, Iowa; 00551. deposition rate, preservation, bottom water, decomposition, bioturbation, 13235. dissolved inorganic carbon, redox reaction, lake water chemistry, decomposition, USA, New Hampshire, Mirror Lake; 02012. element concentration, heavy metal, geochemistry, multivariate statistics, soil pollution, Germany, Berlin, Schöneberg; 05622. estuary, seagrass, bottom sediment, biomass, organism, USA, Texas; 05389. evaporation, hydrocarbon, methylsterane, salinity, biomarker, France, Alsace, Mulhouse; 05348. fire, soil colour, soil texture, iron oxide, USA, California; 01874. forest clearing, touyas, carbon, soil carbon storage, 14534. forest soil, carbon, 01766. grain size, Holocene foraminifera, halocline, grained sediment, North Sea, Kattegat; 06754. grain size, particulate material, carbon, distribution, North Sea, Skagerrak; 00347. gravel bed, spawning ground, herring, UK, Scotland, Firth of Clyde; 04293. halobacteria, ether, halite, Spain; 05394. harbour, grain size, sediment load, sewage, estuary, India, Kerala, Cochin Harbour; 06797. heavy metal, drainage basin, river channel, sand, India, Kerala, Vembanad Estuary; Muvattupuzha River; 04242. heavy metal, particle size analysis, sediment chemistry, UK, Northern Ireland, Strangford Lough; 00339. humic substance, cropping system, mineral matrix, pyrolysis field ionisation MS, 05519. hydrocarbon, permeability, Devonian, permeability decrease, black shale, USA, New York; 11950. interstitial water, burrow, worm, clam, PCB, PAH, 06778. iron, aluminium, Spodosol, soil colour, USA, Michigan; 01768. isotopic analysis, carbon-13, mass spectrometry, 09442. leaching, DOC, forest soil, phenol, 05606. liming, crop rotation, soil chemical property, tillage, nutrient availability, USA, Illinois; 12152. magnesium, dolomite, kieserite, acidic soil, 05584. manganese, sulphate, microorganism, oxidation, reduction, Norway; Denmark; 01656. methane, carbon-13, peat soil, 05571. microbial reduction, oil contamination, groundwater contamination, organic geochemistry, USA, Minnesota; 09724. nitrogen, aggregate stability, interrow crop, ground cover, tillage, raspberry, Canada, British Columbia, Fraser Valley; 10830. nitrogen, bacteria, plant wax, dust, palaeoenvironmental reconstruction, Japan Sea, Ok Ridge; 11951. oceanic margin, continental margin, advection, ecomarge, Mediterranean Sea; 04185. opal flux, seasonality, upwelling, primary production, seafloor, Atlantic, Cap Blanc; Guinea Basin; Atlantic, Walvis Ridge; 01709. opaline silica, production/destruction, biogenic sedimentation, calcium carbonate, Atlantic; 10441. organic matter, organic waste, carbon, 03089. organic matter, savanna soil, carbon isotope, Congo; 13372. Oxford Clay Formation, Kellaways Formation, biogeochemistry, Jurassic, oxidation, UK, England; 06721. particle size, groundwater contamination, herbicide, contaminant transport, sorption, 11018. particle size, sorption, metal oxide coating, chlorobenzene, aquifer, USA, Massachusetts, Cape Cod; 12011. peat accumulation, carbon, Russian Federation; 14552. phytoplankton production, riverine loading, source/sink, estuary, carbon dynamics, USA, California, San Francisco Bay, Suisun Bay; 01981. porewater, sediment/water interface, analytical method, Atlantic, (Northwest); 10566. poultry manure, municipal waste, carbon mineralization, biodegradation, Saudi Arabia; 09469. productivity, suspended particulate matter, bioelement, nutrient, phosphorus, Korea, Masan Bay; 10632. redox condition, colour band, ODP Leg 130, ooze, chalk, Pacific, Ontong Java Plateau; 00421. reduced precipitation, river palaeoflow, marine sediment core, isotopic evidence, India, Karnataka Coast; 04060. residence time, carbon-14, radiocarbon signature, USA, Illinois, Urbana, Morrow Plots; Missouri, Columbia, Sanborn Field; 09444. residence time, diatom, diagenesis, sediment/water interface, partitioning, USA, Great Lakes, Lake Michigan; 01748. resuspension, mass balance, sediment/water interface, USA, Lake Michigan, Green Bay; 10670. river water chemistry, carbon, particulate organic carbon, dissolved organic carbon, Argentina, Parana River; 02007. river water chemistry, humic substance, ultraviolet irradiation, humic acid, fulvic acid, photo degradation, Sweden, Kalix River; 13530. salinity, fluorescence, France, Mediterranean Coast; 10564. sand application, cranberry bog soil, bulk density, particle density, USA, Massachusetts; New Jersey; USA, Oregon; USA, Washington; Canada, British Columbia; 05503. seasonality, anthropogenic impact, estuary, hydrocarbon, Mediterranean Sea; France, Rhone Delta; 00461. shelf sediment, continental shelf, sediment/water interface, grain size, North America, Continental Shelf; 09343. soil acidification, DOC, forest soil, Germany, Bayaria, Fichtelberg; 10792. soil chemical property, calcium, forest soil, France, Jura; 13415. soil chemistry, nutrient availability, deforestation, rainforest soil, parent material, Australia, Queensland, Atherton Tableland; 05605. soil classification, geostatistics, carbon, soil sampling, USA, Hawaii, Pearl Harbor; 01767. soil physicochemical property, tillage, USA, (Southeast); 09512. soil respiration, humus, liming, leaching, podzol, Sweden; 12106. Spodosol, dissolved organic carbon, heavy metal, hydrophilic acid, hydrophobic acid, 13385. sulphur, continental margin, pyrite, Indian Ocean; 10626. sulphuric acid, sulphur, Podzol, acidic deposition, Sweden; 01864. tetrachloroethylene, trichloroethylene, groundwater contamination, soil water contamination, adsorption isotherm, 03329. tillage, phosphorus, fertiliser, 05611. titration, wet combustion method, 09443. toxicity, benthic bacteria, marine sediment, heavy metal, estuary, Italy, Arno River, Tyrrhenian Sea; 08094. trace element, sedimentation rate, caesium-137, river sediment, USA, Lake Michigan, Grand Calumet River; 10677. trace metal, speciation, deep sea sediment, sinking particulate, Atlantic; 09322. upwelling, primary production, pigment, sediment trap, Mauritania, Mauritanian Shelf, Banc d'Arguin; 01706. vegetation, climate change, isotopic composition, USA, Texas; 09168.
organic carbon burial
 carbon isotope, accumulation rate, terrigenous input, marine sediment, sedimentary organic carbon, Gulf of Mexico, Pigmy Basin; 00049.
organic carbon content
 soil fertility, database, Belgium; 09413.
organic carbon determination
 carbon analyser, dry combustion method, carbon determination, USA, California; 09439.

organic carbon oxidation

carbon removal, ammonium, 01804.

organic carbon percentage

accumulation rate, sea surface temperature, foraminiferal assemblage, alkenone method, seasonal change, Atlantic; 10442.

organic chemical

adsorption isotherm, column experiment, heavy metal, 01796. air-water interface, hydrophobicity, bubble, partitioning, 03595. biodegradation, groundwater quality, waste disposal site, 00758. hydraulic conductivity, soil permeability, contaminated clay, 05621. model, micropollutant, fugacity approach, environmental exposure, 07680. municipal solid waste, Pesticide Root Zone Model, compost, USA, Iowa, Amana; 12166. phenol, pollutant concentration, 04414. plant uptake, animal uptake, bioavailability, 10867. soil remediation, naphthalene, solvent flushing, 14584.

organic component

ozone productivity, atmospheric organics, 13828.

organic composition

particulate abrasion product, aerosol, leaf surface, urban plant, 08725.

organic compound

adsorption, gas/particle partitioning, absorption model, organic aerosol, 11314. aniline, benzoic acid, toluene, cation exchange capacity, 03174. cloud, canopy, forest, USA, North Carolina, Mount Mitchell State Park; 04770. competitive sorption, ideal adsorbed solution theory, distributed reactivity model, hydrophobic organic compound, 04342. gas chromatography, sorption/desorption, inverse gas chromatography, volatile organic compound, calcareous soil, USA, Nevada; 01814. gas/particle partitioning, absorption model, sorption, adsorption, particulate matter, 11281. gas phase transport, heterogeneity, multiphase flow, groundwater contamination, 02070. gas purge method, naphthalene, 08220. headspace analysis, volatile organic compound, 00506. heavy metal, deposition, Venezuela, Caracas; 12647. heavy metal, particle, Venezuela, Caracas; 12646. hydrocarbon, radionuclide, pollution, contamination, trace metal, Arctic; 14118. hydrogen peroxide, chemical oxidation, sand, soil decontamination, 13429. hydrophobic organic compound, surfactant, physicochemical model, 14582. microbial activity, fish, surface water quality, toxicity, 12250. multiphase flow, model development, groundwater contamination, 02069. oxide/water interface, stoichiometry, adsorption, ligand adsorption, groundwater quality, 00728. petroleum sulphate, oil surfactant, organic contaminant, petronate surfactant, 03175. photoreduction, iron oxyhydroxide, 03593. physicochemical model, surfactant, hydrophobic organic compound, 14583. precipitation quality, wet deposition, micropollutant, trace metal, North Sea; 10895. soil decontamination, surfactant, chlorobenzene, cationic surfactant, hydrophobic organic compound, 12168. soil water vapour, volatile organic compound, benzene, trichloroethylene, adsorption/desorption, 12167. spin trapping, nitrogen atom, free radical, photocatalytic oxidation, 14969. toxicity, volatile organic compound, enzyme activity, 01834.

organic contaminant

air stripping, groundwater contamination, remediation, groundwater treatment, 12331. calcium-45, bacterial biomass, quinoline, naphthalene, 03165. contaminant extraction, soil decontamination, supercritical fluid, 10869. contaminant transport, chlorinated hydrocarbon, volatile organic compound, 03179. contaminant transport, solute transport model, groundwater contamination, sorption, 14738. heat transport, groundwater contamination, non aqueous phase liquid, multiphase flow, contaminant transport, 11034. herbicide behaviour, 09545. hydrocarbon, pesticide, herbicide, groundwater contamination, Australia; 11082. microbial degradation, groundwater quality, heterogeneity, degradation kinetics, aromatic hydrocarbon, USA, Mississippi, Columbus; 12351. monitoring well, aquifer, sampling, solute concentration, groundwater contamination, 04546. montmorillonite, sorption/desorption, Quaternary amine, 04380. PAH, freon, heavy metal, hazardous waste, refinery sludge, 03177. petronate surfactant, organic compound, petroleum sulphate, oil surfactant, 03175. photocatalyst, titanium dioxide photocatalysis, wastewater treatment, oxidation/reduction, metal, 05716. polycyclic detergent, groundwater contamination, groundwater resource, aromatic hydrocarbons, Israel; 03337. secondary carbon source, water quality, biodegradation, recalcitrant compound, batch reactor, 14646. soil microorganism, bioremediation, biodegradation, 04409. surface tension, pressure head, unsaturated flow, solute transport, 14740. vadose zone, adsorption, solute transport, stochastic model, residence time, 07063. vadose zone, multiphase flow, contaminant transport, immiscible fluid, finite element model, 04519. water quality analysis, membrane inlet, mass spectrometry, volatile organic compound, water quality monitoring, 07000. water quality monitoring, semi permeable membrane device, lipid, 09650. water quality, herbicide, irradiation, photocatalytic degradation, Monuron, 05717. water treatment, toxicity, urban runoff, runoff water quality, metal contaminant, USA; 07021.

organic contamination

water quality, biochemical oxygen demand, agro-industrial complex, contaminant load, Cuba, Bahia de Nipe; 05073.

organic date

geochronology, Pleistocene/Holocene, shell dating, uranium series dating, Russian Federation; 11780.

organic deposit

Allerod, Younger Dryas, palaeoenvironment, Canada, Nova Scotia; 13057. pollen, macrofossil, radiocarbon date, Quaternary, Australia, Tasmania, Newton Creek; 02786.

organic detritus

ice sheet dynamics, radiocarbon dating, Estonia, Vologda District; 10435.

organic dry matter

tropical rain forest, net primary productivity, incident solar radiation, radiation absorption efficiency, 14027.

organic emission

hazardous waste, incinerator, toxics release inventory, waste management, USA; 07406.

organic farming

groundwater contamination, nitrate leaching, eutrophication, pesticide, surface water quality, 11076. nitrate, electrical conductivity, pH, nutrient cycle, Canada; USA, Maine; Colombia; 03086. nutrient cycle, Germany, Rhine Valley; 12908. ploughing, nitrate, ammonium, nitrate leaching, UK, Wales, Dyfed, Crynlllys; England, Shropshire, Lea Hall; 00554.

organic fertiliser

quantification, methane emission, rice field, fertiliser, mineral fertiliser, China, Zhejiang Province; 00051.

organic fraction

bulk density, nutrient content, forest soil, USA, New England; 05520.

organic geochemistry

organic carbon, microbial reduction, oil contamination, groundwater contamination, USA, Minnesota; 09724. Quaternary research, aminostratigraphy, aminostratigraphy, AAR, mollusc, 07832.

organic herbicide

rice seed, toxicity test, hazardous waste site, metal ion, 10308.

organic horizon

heavy metal, soil pollution, trace metal, forest soil, USA; 12161. nutrient concentration, element concentration, forest soil, UK, Scotland, Grampian, Alltcaillach Forst; 01842.

organic layer

diamicton, radiocarbon date, stratigraphy, palaeoecology, interglacial site, Canada, Northwest Territories, Ellesmere Island, Wootton Peninsula; 05297.

organic liquid

capillary pressure-saturation relationship, sorption, groundwater contamination, surfactant, cationic surfactant, 14754.

organic liquid-water interface

immiscible fluid, interfacial tension, 09648.

organic loading

nitrification, marine sediment, microcosm, benthic flux, eutrophication, 01650.

organic material

carbon-13, lake sediment, Holocene, Pleistocene, Sweden; 04083. carbon mineralization, decomposition, 05526. manure, calcareous soil, saline soil, nitrogen, soil amendment, humus, 03109. nitrogen availability, extractant, soil amendment, 06841. organomineral particle, particle size fraction, cation exchange capacity, manure, Germany; 00594. sodium removal, sodic soil, irrigation, crop yield, gypsum, 05567. soil water content, soil compaction, bulk density, Trinidad and Tobago, Trinidad; 13397. splash detachment, rainfall simulation, manure, Nigeria, Borno State; 03189.

organic matter

accretion, sea level rise, *Spartina patens*, subsidence, coastal marsh, USA, Louisiana; 08055. adsorption/desorption, clay mineral, bioavailability, amino acid, 02918. adsorption, partitioning, halogen, isotherm shape, contaminant, 06775. aggradation, distributary, hydrodynamics, Westphalian, lacustrine delta, UK, England, West Midlands, Himley; 08038. aggregate stability, lupin, fertiliser, soil chemical property, wheat, Australia, New South Wales, Wagga Wagga; 09522. ampholyte, humic substance, 14479. Andosol, proton consumption, anion sorption, silicate, sulphate, Japan; 08174. bacteria, benthic nitrogen cycling, denitrification, nitrification, oxygen, North Sea, German Bight; 04212. Bandol Formation, laminite, Vraconian, sedimentation, France, Var, Bandol; 10599. benthic fauna, marine snow, phytoplankton, continental shelf, biomass, Bering Sea, Chirikov Basin; 10647. biogenic sedimentation, zeolite, silica accumulation, Pacific, (Equatorial); 02945. biomarker, sterane, ketone, evaporite series, palaeoenvironment indicator, France, Alsace, Mulhouse; 05408. bioturbation, remineralisation, redox conditions, decomposition, 13236. bitumen ratio, silica, hopane, sterane, diagenesis, Japan Sea; 13246. black shale, anoxia, oxygenation, primary productivity, Italy, Trentino-Alto Adige, Belluno; 08019. cadmium, extractant, plant uptake, 12139. calcite supersaturation, soil suspension, calcium, carbonate, 08177. carbon-13, soil spatial variability, uncertainty analysis, 13316. carbon cycling, meadow soil, microbial biomass, 13371. carbon cycling, trace element, scavenging, colloidal organic carbon, seawater, Gulf of Mexico; 08029. carbon dioxide, forest floor, decomposition, forest cutting, USA, West Virginia; 05557. carbon isotope, decomposition, seagrass, diagenesis, 13238. carbon, mineralization, humification, 10755. carbon, nitrogen, phosphorus, sulphur, 10796. carbonate dissolution, pelagic sediment, turbidite, diagenesis, element, Atlantic, Madeira Abyssal Plain; 01658. carbonate, bacteria, carbon isotope, recrystallisation, porewater, 01664. carbonate, carbon-14, carbon dioxide, pedogenesis, 12046. CEC, altitude effect, wheat, Mexico, High Valley; 06898. Chernozem, humus accumulation, soil microorganism, no-till, 13363. classification, geochemistry, mineralogy, lake sediment, carbonate, USA, Minnesota; 02930. coal, fossil fuel, petroleum, diagenesis, nitrogen, 10615. complexation, mercury, 14111. decomposition, and zone, crop residue, carbon retention, 06874. decomposition, carbon dioxide evolution, vegetation water, 03112. degradation, bromination, iodination, halogen, Baltic Sea; 09255. degradation, fossil fuel, aldose, amino acid, 13239. dehydrogenase activity, arginine ammonification, compost maturity, soil respiration, 04323. diagenesis, Akkuyu Formation, thermal maturity, carbonate platform, palaeoenvironment, Jurassic, Turkey, Taurus Mountains; 09320. diagenesis, biomarker, sterol, phytane, sulphur, 00326. diagenesis, humin, protein, carbohydrate, lipid, 01654. diagenesis, isotope, diagenetic, amino acid, carbon nitrogen, 06704. diagenesis, lake sediment, geolipid, biomarker, USA, Maine, Coburn Mountain Pond; 09315. diagenesis, oxidation, diffusion, bacteria, 06701. diagenesis, PAH, lake sediment, carbon, chlorophyll, 06703. diagenesis, pollutant, trace metal, UK, England, Severn Estuary, Tites Point; 05393. diagenesis, pyrite, sulphur isotope, Yellow Sea; East China Sea; China, China Continental Shelf; 11944. dissolved organic matter, spruce forest, soil acidification, forest floor, sulphate, Germany, Bavaria, Fichtelgebirge, Hohe Matzen; 12102. dissolved trace metal, particulate trace metal, river water quality, estuary, trace element, Russian Federation, Siberia, Lena River Estuary; Laptev Sea; 05742. dolomitization, mangrove deposit, sabkha, palaeosol, United Arab Emirates, Abu Dhabi Sabkha; 14374. earthworm cast, earthworm gut, soil respiration, soil water content, Spain; 01827. earthworm, crop yield, tillage, soil physical property, New Zealand, South Island, Canterbury; 03150. element concentration, newsprint, poultry litter, Hapludult, decomposition, 08142. enzyme, decomposition, bacteria, mesocosm, storm, Denmark, Knebel Vig; 13242. estuarine sediment, oxygenation, phosphorus release, sediment/water interface, UK, England, Hampshire, Beaulieu River Estuary; 08089. estuary, biogeochemical cycle, eutrophication, nutrient, mixing, UK, England, Norfolk, Great Ouse Estuary; North Sea, The Wash; 02942. evaporite, fluid inclusion, palaeoenvironment reconstruction, halite, France, Alsace, Mulhouse; 05458. extractant, caesium-137, forest soil, Belgium,

- Haute Ardenne, Vielsalm; 14579. extraction, pyrite, freshwater sediment, dissolution, trace metal, 04144. fatty acid, bacteria, lipid, carboxylic acid, Southern Ocean; 04228. fatty acid, hydrothermal flow, alkane distribution, bottom sediment, 00327. fatty acid, oxidation, black shale, bitumen, lake sediment, Germany, Nordlinger Ries; 14398. ferrallitic soil, decomposition, leaf litter, eucalyptus, acacia, Congo; 05554. fertilisation, soil chemical property, cation exchange capacity, clay fraction, Germany; 05598. fertiliser, crop rotation, organic matter, Haploboroll, Canada, Saskatchewan; 09470. fire, fallow, nutrient availability, shifting cultivation, soil chemical property, Bhutan; 01841. forest floor, forest soil, humic substance, decomposition, dissolved organic matter, Germany, Fichtelgebirge; 12103. forest soil, atmospheric deposition, lead, USA, (Northeast); 14577. forest soil, Hapludalf, soil organism, fulvic acid, humic substance, 03108. forest soil, humic substance, 10780. forest soil, humus, carbon, nitrogen, 00528. forest soil, nitrogen, carbon, soil respiration, North America, Great Lakes; 09492. forest soil, pyrolysis-mass spectrometry, humic substance, decomposition, NMR, Canada, British Columbia; 14561. forest soil, soil chemical property, molecular size distribution, water soluble organic matter, complexing property, 08198. forest soil, tree influence, pH, Sweden, Scania; 12145. formation, preservation, composition, biogeochemical cycle, 06407. freshwater sediment, reactivity, iron oxide, reduction, extraction technique, Denmark, Bight of Aarhus; 06697. gas chromatography, mass spectrometry, nitrogen, sinking particle, Pacific, Japan Trench; 06710. gas chromatography, oxidation, lignin, GC determination, 09251. geochemistry, marine mud, mudstone, carbon, sulphur, iron, 01676. Gleysol, particle size fraction, humic substance, carbon, nitrogen, Canada, Ottawa, Bainsville; 12144. grain size, sedimentation pattern, clay mineral, pollutant, Adriatic Sea; 00464. grass cover, Chromoxerol, soil conservation, environmental impact index, soil reconsolidation, Italy, Sicily; 06943. grassland soil, carbon, nitrogen, aggregate size distribution, soil stability, 09530. grassland soil, forest soil, plant biomass, nitrogen dynamics, microbial biomass, USA, California; 01849. grassland soil, particle size fraction, humus, decomposition, 00591. groundwater chemistry, hydrogeochemistry, water-rock interaction, salinity, ion exchange, Australia, New South Wales, Yass; 11047. groundwater, sulphate reduction, aquifer, mineralization, bacteria, UK, England, London Basin; 01754. gyttja, lamination, calcium carbonate, bottom sediment, lake sediment, Poland, Gostynskie Lake District; 08042. Haploboroll, organic matter, fertiliser, crop rotation, Canada, Saskatchewan; 09470. heathland soil, nitrogen mineralization, litter removal, litter addition, 01828. heavy metal, reservoir operation, reservoir water quality, estuary, salinisation, oxygen deficiency, Ukraine, Dnieper River, Kakhovka Reservoir; Kremenchug Reservoir; 13556. herbicide mobility, ethofumesate, chromatography, soil texture, Spain, Andalucia, Marismas del Guadalquivir; 03185. human, NCSOIL, carbon, nitrogen, 13330. humic acid, fulvic acid, radionuclide transport, radionuclide mobilisation, groundwater contamination, 09721. humic substance, calcimagnesian soil, plant residue, humic acid, France, Jura; 13401. humin, carbon, aggregation, wood residue, nitrogen fertilisation, 01873. humus, Andisol, soil biochemical classification, topequency, humic acid, Mexico, Nevado de Toluca Volcano; 09529. humus, soil fertility, 10820. humus, termites, miombo, savanna, Zaire, Shaba, Luiswishi; 05556. hydrocarbon, estuary, marsh, phytoplankton, Arabian Gulf, Shatt Al-Arab Estuary, Khor Al-Zubair; 04233. hydromorphic soil, soil classification, 06818. iceberg, basal ice, seawater, Antarctica, Amery Ice Shelf; Prydz Bay; 02087. inclusion water, organism, oxygen isotope, carbonate, 07980. iron nodule, carbon isotope composition, basalt, Quaternary, soil profile, Australia, Victoria; 13023. iron oxide, adsorption/desorption, surface adsorption, 10779. iron oxide, manganese oxide, oxidation, reduction, microorganism, 00330. iron reduction, manganese, reduction, sulphate reduction, degradation, North Sea, Skagerrak; 02921. iron, clay soil, soil water vapour, aluminium, 05562. isotope ratio, inorganic carbon, accretionary prism, interstitial water, Pacific, Nankai Trough; 00325. isotope record, Holocene, temperature, lake, stable isotope study, lake sediment, USA, Minnesota, Clearwater County, Elk Lake; 01687. kerosen, pyrolysis, biopolymer, marl, France, Alsace, Mulhouse; 05409. Kimmeridge Clay Formation, backscattered electron, staining, atomic number, SEM, 09253. lamination, vivianite, eutrophication, lake, seasonal change, calcite, Poland, Lake Goszcz; 08083. landfill, wastewater, aquifer, oxidation capacity, 06785. landscape type, soil colour, fulvic acid, humic acid, USA, Illinois; Indiana; 12033. lead-210, heavy metal, estuary, clay, suspended sediment, New Zealand, South Island, Christchurch, Avon-Heathcote Estuary; 09394. leaf litter, litter decomposition, CENTURY, decomposition, USA, Hawaii, Mauna Loa; 13364. limestone, petroleum, Funabuseyama Formation, Chihisa Formation, diagenesis, China; Japan; 10622. liming, phosphorus, ranker, acidic soil, litter decomposition, Spain; 01829. lipid, Liguro-Provençal front, sedimentation, geostrophic front, fluorescence, Mediterranean Sea, Ligurian Sea; 04167. litter analysis, humus analysis, wet chemical extraction, humic substance, Germany, Schleswig-Holstein; 05518. litter decomposition, pine, needle litter, lignin, 04354. maize, organic carbon, crop rotation, carbon, France; 10851. mangrove, seagrass, coral reef, Thalassodendron ciliatum, carbon isotope, Kenya, Gazi Bay; 11960. marl, evaporite, hydrocarbon, palaeoenvironment, France, Alsace, Mulhouse; 05421. maturation, porphyrin, shale, Toarcian, Cretaceous, Germany, Wickensen; 02997. metal binding, heavy metal, 09502. methanogen, salt marsh, anoxic sediment, bacteria, India, Bay of Bengal, Kodiakkara; 00354. methanogenesis, ammonium, feldspar, diagenesis, USA, California, Great Valley; 08012. methanogenesis, salt marsh sediment, siderite, carbonate, concretion, 01663. methanogenesis, Visingsö Group, phosphate nodule, Proterozoic (Upper), francolite, Sweden; 08018. microbial activity, Podzol, Luvisol, fertiliser, nitrate leaching, groundwater contamination, 13388. microbial biomass, Haplaquept, particle size fraction, nitrogen, carbon, 04390. mineral grain, sediment/water interface, adsorption, 06716. mineralization, marine environment, oxygen balance, decomposition pathway, 02630. mineralization, respiratory quotient, primary production, seasonal variability, estuary, Denmark; 00349. mixing, burial rate, bioturbation, 09325. montmorillonite, herbicide sorption, fungicide sorption, diniconazole, metolachlor, 08223. mountain soil, humic acid, humification, Spain; 13400. mull, podzolisation, humus, spruce forest, bilberry, France, Savoy, Tarentaise, Macot-La Plagne; 10819. municipal solid waste, humification, electrofocusing, Italy; 06819. NCSOIL, human, nitrogen, carbon, 13329. nitrification, degradation, diagenesis, simulation model, 01737. nitrogen-15, nitrogen turnover, crop residue, 14538. nitrogen, phosphorus, spillway, sedimentation, lake level, USA, Florida, Newnans Lake; 09380. nuclear magnetic resonance, carbon, particle size fraction, grassland soil, Canada, British Columbia, Peace River Region; 13399. nutrient availability, rhizosphere, humic substance, root exudation, 10815. nutrient availability, sagebrush, wheatgrass, soil spatial variability, geostatistics, 10817. nutrient status, cocoa, shifting cultivation, rain forest soil, Nigeria; 06862. oceanography, suspended particulate matter, continental shelf, nutrient, contaminant, North Sea; 00401. oil, hydrocarbon, sand, mud, Mexico, Campeche Sound; 00351. organic carbon, Century model, pasture soil, crop rotation, wheat-pasture rotation, Australia; 06870. organic waste, carbon, organic carbon, 03089. Oxford Clay Formation, Jurassic, hydrocarbon, Peterborough Member, mudstone, UK, England, Bedfordshire, Stewartby; 06678. oxidation, bacteria, manganese, salinity, carbon, USA, Florida, Shark River Estuary; 06711. oxidation, pyrite, pool sediment, freshwater system, biogeochemistry, Netherlands; 02943. oxidation, turbidity, palynology, carbon cycling, Pacific, US shelf; Atlantic, Madeira Abyssal Plain; 14386. oxygen minimum zone, continental margin, Pleistocene, geochemistry, USA, California; Pacific; 10460. oxygen, porewater chemistry, manganese, diagenesis, North Sea, Skagerrak; 00328. PAH, partitioning model, transport model, sorption, hydrophobic compound, groundwater contamination, 03350. palaeoenvironment, burial, photic zone, biomarker, 13234. palaeoenvironment, cyanobacteria, algae, sterane, biomarker, pyrolysis, 02939. palaeoenvironment, Oligocene, Mulhouse Basin, marl, evaporite, France, Alsace, Mulhouse; 05405. palaeoproductivity, palaeoclimate, evaporite, Mulhouse Basin, sedimentation rate, France, Alsace, Mulhouse; 05406. particulate flux, resuspended sediment, degradation, Atlantic, Bay of Biscay, Meriadzeck Terrace; 14390. particulate matter, marine snow, diatom, flocculation, USA, California; 10645. particulate transport, river regulation, dam, particulate organic matter, USA, Colorado River; 12277. peat transformation, peat soil, humic acid, 08197. peat, nitrogen, carbon, bulk density, ombrotrophic bog, Europe; North America; 03144. petrography, palynofacies, Jurassic, Oxford Clay Formation, pyrite, UK, England; 06707. pH, calcium, magnesium, illitic soil, soil colloid, flocculation, 12097. pH, trace metal, palaeohydrochemistry, provenance, Quaternary, interstitial water, Baltic Sea; 14391. photic zone, upwelling, element, barite, Devonian, North America; 10669. photosynthesis, phytoplankton bloom, sinking particle, carbon, nitrogen, Pacific, (Northwest); Antarctica, Breid Bay; 02991. phytoplankton bloom, biomass, sinking rate, turnover rate, Barents Sea; 06723. phytoplankton, marine sediment, diagenesis, water column, river flow, Adriatic Sea; 08020. phytoplankton, oxygen content, self purification, lake, Russian Federation, Lake Baikal; 05084. pigment, degradation, biomass, estuary, bacteria, Tyrrhenian Sea; Italy, Tuscany; 10620. plankton, oxygen minimum, chlorophyll maximum, biogeochemical cycle, nutrient, Indian Ocean; 03135. poison, sediment trap, particle flux, zooplankton artifact, water column, 02869. pollutant hydrolysis, surface catalyzed hydrolysis, natural organic matter, picolinate ester hydrolysis, oxide/water interface, 09709. pollutant, heavy metal, complexation, metal sorption, 11953. porewater enrichment, nutrient, chalk, Neogene, siderite, Black Sea; 09305. precipitation, burial, Jurassic, concretion, mineralization, 01665. primary productivity, oxidation, upwelling, mineralization, bioturbation, Atlantic, (South); 13251. productivity, bottom water, phytoplankton, upwelling, Quaternary, Somalia, Somalia Coast; Indian Ocean; 08022. productivity, degradation, mineralization, biopolymer, necromass, Pacific, Peru Margin; 01667. productivity, Kimmeridge Clay, source rock, cycle, UK, England, Cleveland, Marton; 01655. productivity, metal, coastal sediment, pollution, grain size, Mexico, Baja California; USA, California; 12013. productivity, sea level, cyclic sedimentation, evaporite, marl, France, Alsace, Mulhouse; 05459. productivity, seasonal change, mineralization, sea ice, biomass, Antarctica, South Orkney Islands, Signy Island, Factory Cove; 05396. pyrolysis field ionisation, mass spectrometry, grass residue, humic substance, 05558. Quaternary (late), pollen analysis, palaeoenvironment, carbon isotope, Cameroon, Lake Barombi Mbo; 10469. Querecul Formation, San Antonio Formation, Guayuta Group, Cretaceous, anoxia, Venezuela, Interior Mountain Belt; 01675. radiocarbon, soil dating, fossil soil, carbon-14, 12079. Recent sediment, organism, chlorophyll, diagenesis, 09311. reduction, iron, uranium, bacteria, sulphur, 01662. reduction, sulphate, microorganism, hydrothermal sediment, oxidation, Africa, Lake Tanganyika; 11940. reference material, flocculation, trace metal, 10563. remobilisation, iodine, diagenesis, trace element, marine sediment, Southern Ocean; 01668. river sediment, trace element, humic acid, copper, complexation, Sri Lanka, Mahaweli River; Kandy; 09375. savanna soil, carbon isotope, organic carbon, Congo; 13372. savanna soil, eucalyptus, pine, Congo, Pointe-Noire; 09473. seafloor, cycling, particulate matter, water column, 06702. seawater, phytoplankton, water column, poison, sediment trap, 02870. sediment chemistry, photic layer, eutrophic zone, oxygen, sediment/water interface, carbon budget, Atlantic; 04221. sediment drift, methane, sidescan, pockmark, oceanic crust, Greenland Sea, Fram Strait, Vestnesa Ridge; 11979. sediment trap, PAH, water column, cycling, Mediterranean Sea, Ligurian Sea; 03046. sediment/water interface, biogeochemical process, continental slope, Mediterranean Sea, Gulf of Lions; 04168. sediment/water interface, oxygen, nitrification, denitrification, microbial process, 01653. sediment/water interface, sulphur, lake sediment, nutrient, 09312. sedimentation rate, turbidity, vitrinite reflectance, accretionary prism, Pacific, Shikoku Basin; Nankai Trough; 00417. sewage sludge, humification, electrofocusing, 00479. soil Podzolic soil, cutan, ortstein, gleying, humus, 00527. soil acidification, aluminium, forest soil, pasture soil, Australia, Victoria, Bendigo; 05578. soil colloid, flocculation, surface charge, electrophoretic mobility, illitic soil, 12098. soil fertility, peat soil, nitrogen, Russian Federation; 09507. soil fertility, tropical soil, deforestation, soil management, 05499. soil temperature, pentachlorophenol, surfactant, 05631. soil texture, soil water availability, Nigeria; 01787. soil thermal conductivity, gelifluction, ploughing boulder, clod, UK, England, Cumbria, Lake District; Scotland; 05588. soil, litter, suberin, cutin, lipid, Germany, Bavaria; 02922. source rock, mudstone, bottom water, oxygenation, Jurassic, UK, England; 07941. speciation, absorption, copper, partitioning, estuarine water, 08034. spectrophotometry, soil water content, cation exchange capacity, USA, Illinois; 13317. spectroscopy, humic substance, carbon, 14560. stable isotope tracer, acetate, freshwater sediment, methanogenesis, Netherlands, Lake Vechten; 08017. sterol marker series, biomarker, estuary, river water quality, coastal water quality, Slovenia, Krka Estuary; Adriatic Sea; 05723.

- streamwater quality, riparian vegetation, allochthonous input, detrital dynamics, macroinvertebrate, USA, Idaho, Lapwai Creek; 12272. sulphate, Proterozoic, Ordovician, pyrite precipitation, amino acid, Canada, Alberta; British Columbia; Canada, Saskatchewan; 08024. sulphide, mixing, primary production, sewage, ecosystem, Japan, Shikoku, Uwajima Bay; 09408. sulphur oxidation, manure, crop residue, calcareous soil, 06885. sulphur, diagenesis, lipid, ketone, aldehyde, 06720. sulphur, fertiliser, pasture soil, superphosphate, New Zealand; 12134. suspended material, nepheloid layer, phenol, terrestrial input, France, Rhone Delta; 02977. suspended matter, primary production, bioavailability, salt marsh, inundation, Netherlands, Westerschelde, Saeflinge; 02984. taiga, Podzolic soil, 08135. Tectona grandis, soil spatial variability, pH, India, West Bengal; 12146. trace metal, seasonality, biomarker, Mediterranean Sea, Ligurian Sea; 05400. tracer, biodegradation, isotope ratio, carbon, nitrogen, UK, Scotland, Tay Estuary; 10619. tracer, grazing, pigment, chromatography, estuary, USA, East Coast; New York, Hudson River Estuary; 01697. trona, lake, bacteria, drainage system, Kenya, Lake Logipi; 04230. tropical soil, phosphate sorption, mineralogy, hydroserequence, Brazil, Cerrado; 05580. turbidity, bottom sediment, calcite, carbon cycling, suspended load, China, Huanghe River; Yangtze River; 02973. upwelling, seafloor, sediment column, palaeoceanography, Pacific, Ontong Java Plateau; 00353. variable charge soil, sulphate adsorption, calcium, hydrous oxide, 06886. varved clay, depositional environment, ice recession, Baltic Ice Lake, Sweden, Blekinge; 11831. volcanic ash soil, forest harvesting, soil compaction, bulk density, USA, Idaho; 01822. water column, lipid, deep sea sediment, Atlantic, Porcupine Abyssal Plain; 14432. water column, transport dynamics, stream, resuspension, USA, Idaho, Smiley Creek; Salmon River; 06655. water content, soil strength, aggregate strength, 09520. wetlands, floodplain, forest, Eucalyptus camaldulensis, billabong, Australia, New South Wales, Lake Merrimajee; Murrumbidgee Swamp; 02964.
- organic matter application**
liming, boron, acidic soil, alluvial soil, 06904.
- organic matter concentration**
inland water quality, phytoplankton, chlorophyll-a, USSR; Germany; Hungary; Bulgaria; 01258.
- organic matter content**
CEC, adsorption/desorption, caesium, 09501. ethofumesate, humic acid, montmorillonite, herbicide adsorption, 09546. soil fertility, nitrogen cycle, humus content, Germany; 09474.
- organic matter decomposition**
heavy metal, forest floor, soil pollution, industrial pollution, decomposition, Poland, Legnica-Glogow Copper Region; Upper Silesia; 14519.
- organic matter dynamics**
carbon-12, carbon-13, 09441. earthworm, carbon-13, 09471. palaeoenvironment, carbon-13, 09440.
- organic matter fractionation**
decomposition, crop residue, straw decomposition, 14520.
- organic matter molecule**
humic substance, proton binding, double layer model, 06820.
- organic matter protection**
microaggregate, ultraviolet photo oxidation, aggregate, photo oxidation, 08111.
- organic micropollutant**
deposition, analytical method, PCDDs, PCDF, PCB, PAH, 03648. mutagenicity, toxicity, XAD concentration, river water quality, Netherlands, Rhine Delta; 12279. surface water quality, water quality monitoring, pesticide, polar organic compound, hydrophilic compound, Europe, Rhine River Basin; 06989. xenobiotics, sediment, lake water quality, Italy; 02023.
- organic molecule**
adsorption, mineral growth, carbonate, computer simulation, 01734.
- organic nitrate**
ozone, partitioning, nitrogen oxide, inorganic nitrate, Arctic; 03585.
- organic nitrogen**
nitrogen mineralization, electro-ultrafiltration, tillage, 05529.
- organic particulate determination**
shipboard use, nitrogen, oxidation, phosphorus, digestion technique, 09252.
- organic peroxide**
air, mountain site, 13804.
- organic phosphorus**
hydrolysis, enzyme activity, phosphorus, soil solution, UK, Scotland; 14545. phosphorus, EDTA, extractant, USA; Canada; 14504.
- organic pollutant**
adsorption isotherm, contaminant transport, groundwater contamination, 12345. adsorption, desorption, hysteresis, soil pollution, 11984. atmosphere, transport, cycling, equilibrium partitioning theory, fate, Switzerland; 02586. chromatographic mass spectrometry, river water quality, Ukraine, Danube River; Kiliy Delta; 13550. clay-organic complex, phenol, aniline, 04413. gel permeation chromatography, water quality analysis, surface water quality, groundwater quality, dissolved organic carbon, 13501. groundwater contamination, groundwater remediation, remediation technology, 11044. groundwater pollutant, microorganism, biodegradation, biotransformation, Mycobacterium vaccae, 00757. heavy metal, effluent disposal, sewage, coastal water quality, chemical contamination, bacterial contamination, Italy, Venice Lagoon; 01998. inorganic pollutant, systems control theory, river water quality, water quality management, 12283. mass spectrometry, river water quality, water quality analysis, GAC filtration, gas chromatography, XAD-2 resin, Spain, Zaragoza, Gallego River, Ardisa Dam; 00687. rain, automated sampler, wet deposition sampler, deposition, 13823. reservoir water quality, wastewater, self purification, water quality management, Russian Federation, Kun'ya River, Zagorsk Reservoir; 03299. sorption, pollutant, clay mineral, 10294. toxicity test, surface water quality, volatile organic compound, 13515.
- organic polymer**
humic acid, clay dispersion/aggregation, inorganic polymer, polysaccharide, hydraulic conductivity, 06859.
- organic sediment**
clay sediment, nuclear fallout, lake water quality, radiocaesium, sediment, UK, Scotland, Round Loch of Glenhead; Loch Lomond; 05744.
- organic sedimentation**
climate variability, Holocene, Wurm, lacustrine sediment, France, Haute-Loire; 05301.
- organic soil**
carbon dioxide, soil subsidence, soil drainage, USA, California, San Joaquin-Sacramento Delta; 04361. laboratory experiment, vertical drain, field test, strip drain, Poland; 01416. peat soil, humus, copper extractability, 04405.
- organic solute**
breakthrough curve, hydraulic conductivity, sorption, groundwater contamination, solute transport, forced gradient test, solute retardation, Canada, Ontario, Borden Aquifer; 14755. solute uptake, soil solution, 13325. sorption, mobile/immobile water, groundwater transport, tracer test, solute transport, forced gradient test, Canada, Ontario, Borden Aquifer; 14757.
- organic solvent**
printing plant, principal components analysis, classification/regression tree, source identification, 06103.
- organic sulphur**
biogeochemical cycle, sulphur, methanolsulphonic acid, Arctic; 08656. sulphur-35, analysis protocol, lake sediment, sulphate reduction, 06648. sulphur mobilisation, incubation, sulphur-35, 10814.
- organic suspended substance**
turbidity, water colour, 08915.
- organic vapour**
vadose zone, vapour phase transport, soil moisture regime, air-water interface, sorption, 11021.
- organic vapour adsorption**
polar mineral surface, bulk water surface, empirical predictive model, 10329.
- organic waste**
carbon, organic carbon, organic matter, 03089. ligand competition, iron, organo-metal complex, fulvic acid, 06822. municipal solid waste, carbohydrate, aggregate stability, Spain; 03153. self purification, river water quality, 12281.
- organic wastewater**
surface water quality, wastewater treatment, salinity, contact oxidation method, 14641.
- organically complex contaminant**
radioactive waste, convection/dispersion equation, contaminant transport, vadose zone, 11023.
- organism**
bioerosion, Mesozoic, trace fossil, boring, 02925. biosynthesis, carbon, phytoplankton, fractionation, carbon-13, isotopic composition, 01652. carbonate allochem, crystallization, diagenesis, calcite, 09287. carbonate, sample preparation, bleaching, 02865. chlorophyll, diagenesis, organic matter, Recent sediment, 09311. contaminant, bivalve, cadmium, Anodonta grandis, aquatic sediment, Canada, Quebec; Ontario; 00453. continental shelf, water column, seabed, passive particle, 10577. cycling, sinking, sediment trap, USA, Washington, Dabob Bay; 10568. DDT, environmental assessment, sedimentary contaminant, PAH, PCB, USA, Maine, Casco Bay; 06799. intracellular granule, crab, faecal pellet, apatite, phosphorite, 11945. micrite, calcite, coral reef, microbiolite, Virgin Islands, St. Croix; 04266. organic carbon, estuary, seagrass, bottom sediment, biomass, USA, Texas; 05389. oxygen isotope, carbonate, organic matter, inclusion water, 07980. partitioning, trace metal, absorption, estuarine water, copper, 08035. Permian, Changxing Formation, diagenesis, reef, algae, China, Hunan Province; 06761. seasonality, seston, food availability, tidal flat, resuspension, Chile; 02941. sorption/desorption, catchment, sediment, phosphorus, Australia, Great Barrier Reef; Queensland, Johnstone River; 01741. toxicity, contamination, amphipod, oyster, North Sea; 00465. tributyltin, boatyard, organotin, antifouling paint, UK, England, Essex; Suffolk; 06794. weathering, biogenic sediment, AABW, terrigenous source, clay mineral, Atlantic (South), Falkland Plateau; Argentine Basin; Atlantic (South), Vema Channel; 00439.
- organo halogens**
oxidative degradation, chlorination product, surface water quality, pulp mill, 03253.
- organo-metal complex**
fulvic acid, organic waste, ligand competition, iron, 06822. iron-organic complex, Hapludalf, Haplorthod, podzolisation, carbon, aluminium organic complex, 08169. iron, extractant, aluminium, sulphate adsorption, Sweden; 12137.
- organo-mineral complex**
iron oxide, humic substance, phosphate adsorption, 10813.
- organochlorine**
lake water quality, biota, polychlorinated biphenyl, Russian Federation, Siberia, Baikal Lake; 12285. ocean air, seawater, global transport, PCB flux, sink, 00025. water, sediment, global redistribution, spatial distribution, Asia; 10298.
- organochlorine compound**
DDT, HCH, PCB, pesticide residue, Vietnam; Thailand; Taiwan; 00600. sediment, marsh, water quality, pesticide migration, mosquito control, USA, Florida, St. Lucie County; 06993. vapour pressure, PCB, particle/gas distribution, temperature, 12568.
- organochlorine contaminant**
groundwater contamination, pulp mill effluent, Australia, South Australia, Bonney Lake; 11040. surface water contamination, food chain contaminant, Mirex, pesticide, Canada, Lake Ontario, St. Lawrence Gulf; 06998.
- organochlorine pesticide**
diffusion, contaminant, runoff, DOM, Taiwan; 10672. lake sediment, pollution, wildlife, bird, seal, Antarctica, Schirmacher Oasis; 08085. mussel, oyster, marine pollution, rice, shrimp, Mexico, Campeche, Rio Palizada; 04287. pesticide, heavy metal, Azerbaijan; 03172. thermal desorption, pesticide, 09541.
- organogenenous sediments**
Holocene, coastal sediment, coastline, Germany, Mecklenburg, Hohwacht Bay; Schleswig-Holstein; 06466.
- organohalogen**
bleaching, pulp mill, mussel, Norway; 11995. phytoplankton, bromoform, 13859.

organomineral particle

particle size fraction, cation exchange capacity, manure, organic material, Germany; 00594.

organophosphate

insecticide, orchard, fog, deposition, residue, USA, California, San Joaquin Valley; 04815.

organotin

antifouling paint, organism, tributyltin, boatyard, UK, England, Essex; Suffolk; 06794. aquatic environment, antifouling paint, butyltin concentration, estuarine water column, surficial sediment, UK; 03874. butyltin compound, methyltin compound, harbour water quality, Belgium, Antwerp Harbour; 07005.

Orientele deposit

lunar impact basin, Galileo flyby, Hevelius Formation, Maunder Formation, Montes Rook Formation, Moon; 05212.

orogen

provenance, psammite, tectonic setting, continental shelf, Dickinson triangle, Atlantic, Argentine Continental Shelf, Gofu San Matias; 02992.

orogenesis

denudation, tectonics, mountain front, collisional range, tectonic compression, 07783. morphogenesis, uplift, erosion rate, 07735. plate kinematics, topography, subduction, noncollisional orogen, South America, Andes; 14164. provenance, Proterozoic, niobidium, lead, Chelmsford Formation, Canada, Ontario, Sudbury Basin; 13252.

orogenic belt

flysch, sandstone, India, Himalaya; 11918.

orogeny

morphotectonic activity, neotectonics, Holocene, relief, Quaternary (late), China, Tian-Shan; Tadzhikistan, Pamirs; 05204. ooid, Mississippian, uplift, foreland basin, USA; 05446.

orographic effect

rainfall/runoff relationship, probable maximum flood, flood estimation, New Zealand, South Island, Southern Alps; 08348.

orographic forcing

general circulation model, envelope orography, gravity wave drag, 11190. postfrontal rain, mesoscale model, rain, Australia; 00957.

orographic nonuniformity

diffusion, localisation, predictability, vortex field, 07289.

orography

acoustic sounder, sodar, frontal passage, cold front, Europe, Pyrenees; 11149. cap cloud, radar measurement, millimeter wavelength, ice particle, 12402. easterly airstream, linear study, heating, Australia; 07272. equilibrium, atmosphere, 12489. general circulation model, flood (1987), sea surface temperature, South Africa, Natal; 13680. general circulation model, rainfall, sensitivity study, monsoon, India; 12495. model, airflow, mountain, Taiwan; 07215. regional wind system, complex terrain, similarity theory, mesoscale model, 13757. Rossby wave, primitive equation model, low frequency variability, 02225. sea breeze, upslope flow, mesoscale model, hailstorm, 08585. spatial scale, climate model, parameterisation, hydrology, 05931.

orthogornomol mode

linearised equation, Schmidt decomposition, barotropic equation, 11201.

orthocorrection

distortion, Landsat TM, accuracy, 06129.

orthogonal extension

rifting, Cainozoic (late), longitudinal extension, thrusting, Italy, Apennines; 07788.

orthogonal factor analysis

rainfall, monsoon season, potential rainy days, Sri Lanka; 07314.

orthomapping

satellite imagery, remote sensing, SPOT, 08736.

orthometric height

geopotential model, terrestrial gravimetry, height determination, 11397.

orthomorphic projection

spheroid, Transverse Mercator, 03672.

orthophosphate

malachite green, phosphate, continuous flow method, 03097. nitrate, nitrite, ammonia, streamwater analysis, sample freezing, 09659. phosphorus, ammonia, Nile tilapia, nutrient dynamics, phytoplankton, 12240. toxicology, phosphorus, surface water quality, mercury, algal growth, 13523.

orthophosphate transport

groundwater contamination, sorption, precipitation, retention process, 07070.

orthophoto

map, Slovenia; 04917.

orthophoto map

topographic map coverage, digital photogrammetry, Iceland; 08759.

ortstein

gleying, humus, organic matter, sod Podzolic soil, cutan, 00527.

Osaka Group

Sandy Loess, grain size distribution, sedimentary environment, loess, paleosol, quartz, China, Loess Plateau; Japan; 06583.

oscillation (12 hour)

mesosphere, semidiurnal tide, Antarctica, South Pole; 03510.

oscillation (30-50 day)

monsoon, rainfall, El Nino/Southern Oscillation, Australia; 12531.

oscillation (30-60 day)

tropics, Madden-Julian oscillation, Kelvin wave, CISK, evaporation/wind feedback, 11206.

oscillation (40-50 day)

angular momentum, convective activity, Madden-Julian oscillation, 00863. angular momentum, Madden-Julian oscillation, seasonal variation, 00864.

oscillation (65-70 year)

climate system, temperature record, global climate, 11261.

oscillation

equatorial component, Earth's bulge, torque, angular momentum, atmosphere, 09891. raindrop, laboratory measurement, 02289. weather, trend, Europe; 01022.

oscillation variability

glacial oscillation, forcing, climate change, Pliocene/Pleistocene, 07844.

oscillatory current

frequency domain, wave current data, time series analysis, spectral technique, UK, England, Devon, Slapton Sands; 10381.

oscillatory flow

inertial resistance, turbulent resistance, porous medium, groundwater flow, stationary flow, 09691. suspended sediment, ripple, boundary layer model, 08070.

oscillatory pattern

complex principal oscillation pattern, standing oscillation, 08480.

Oseberg Formation

Jurassic, Brent Group, sandstone, geochemistry, calcite cement, Norway, Veslefrikk Field; 14378.

osmium

hydrothermal activity, trace metal, burial, metalliferous sediment, seawater, Pacific, East Pacific Rise; Bauer Basin; 03006. metal, sewage, waste transport, tracer, USA, Connecticut, Long Island Sound, New Haven Harbor; 05488.

osmotic pressure

contaminant transport, transport rate, unsaturated zone, irrigated soil, effective water content, capillary tension, 03346.

osseous material

bone, teeth, Palaeolithic (late), radiocarbon dating, chronology, Europe, East European Plain; 10437.

ostracod

benthic fauna, distribution, palaeoenvironmental significance, faunal province, biofacies, North Sea; 04055. foraminifera, Holocene, vegetational history, palaeosalinity, pollen, Tunisia, Garaet el Ichkeul; 04066. lake marl, climate change, Holocene, pollen, mollusc, UK, Wales, Powys, Llangorse Lake; 01525. lake sediment, climate, environmental change, Tibet, Qinghai-Xizang Plateau; 13266. lake water chemistry, multivariate analysis, palaeolimnology, hydrochemical indicator, USA, (North-Central); 02013. Little Ice Age, aridity, salinity fluctuation, palaeolimnology, diatom, USA, North Dakota, Devils Lake; 10473. marine chemistry, salinity, palaeoenvironmental indicator, Holocene, Asia, Aral Sea; 04108. Palaeolithic artefact, amino acid geochronology, Cromerian Complex, Pleistocene (Middle), mollusc, UK, England, Warwickshire, Waverley Wood Pit; 07900. Pleistocene, Cyprina clay, interstadial sediment, Weichselian glaciation, foraminifera, Germany, Pomerania, Rugen; 06560. radiocarbon age, mollusc, fossil shell, Holocene, foraminifera, Japan, Honshu, Fukui Prefecture, Takahama-cho; 02826. radiocarbon dating, Weichselian, Holocene, palaeoecology, foraminifera, North Sea, Kattegat; 07874. spirorbid, palaeogeography, palaeoenvironment, limestone, Carboniferous, UK, Scotland, West Lothian, East Kirkton; 10636.

ostracod fauna

foraminifera, palaeoenvironmental reconstruction, Breydon Formation, Holocene, UK, England, Norfolk; 05314.

Ostracoda

oxygen isotope record, climate history, magnetic susceptibility, Quaternary (late), USA, Lake Michigan; 13065. shallow marine, faunal province, Recent, physical oceanography, Atlantic; 13039.

ostracode

continental shelf, Quaternary (late), palaeoecology, foraminifera, Mediterranean, Adriatic Sea, Dosso Gallignani area; 14241. palaeotemperature reconstruction, Coralline Crag, Chillesford Sand Member, Norwich Crag, Waltonian Crag, Pliocene, UK, England, East Anglia; North Sea; Netherlands; 14240.

ostracode shell

Quaternary, palaeotemperature reconstruction, magnesium/calcium ratio, Coral Sea, Queensland Trough; 10448.

Ostwald ripening

shale, burial, dating, diagenesis, illite, Gulf of Mexico; 00317. silica, Monterey Formation, lamination, diagenesis, clay, USA, California; 11946.

Ostwald's Step Rule

dolomite, nucleation kinetics, stoichiometry, 08031.

Oswater Conglomerate Formation

warping, geomorphic history, landform, rejuvenation, gypsum, Namibia, Koigab River; 06473.

Ottawa sand

surfactant, tetrachloroethylene, soil remediation, 14585.

otter board

ploughing track, seafloor sediment, sediment deformation, trawl fishery, 05491.

Ottoman mapping

Indian cartography, History of Cartography, Islamic cartography, Arabic geodesy, 08809.

Ouljian

Holocene, high sea stand, aminostratigraphy, Patella, Harounian, Morocco, Atlantic Coast; 09217.

outburst flood

fan deposition, spillway incision, Glacial Lake Elstow, Watrous spillway, Canada, Saskatchewan, Watrous; 14254. flood risk, glacier lake, lake outburst, Nepal, Khumbu, Imja Glacier; 11067. lake drainage, hydraulic syphon, glacier lake, lake outburst, Nepal; 11069. lake outburst, flood study, hydropower, design flood, glacier lake, Nepal, Arun River; 11068. Pleistocene, catastrophic flooding, flood hydraulics, bedrock gorge, stream power, USA, Idaho, Big Lost River; 07746. tsunami, floodplain protection, flooding, flood migration, ice dam, Canada; 12198.

outcrop

sedimentary structure, sketch, Carboniferous, lithostratigraphy, field experiment, UK, England, Cumbria; 09248.

outdoor pursuit

environmental impact, erosion, hiker, horse, mountain trail, USA, Montana, Gallatin National Forest; 11771.

outdoor space

bioclimatic design, urban, 07232.

outflow layer instability

tropical, cyclone motion, storm track, 00949.

outflow volume

subsurface water flow, Boussinesq approximation, hillslope hydrology, drainage, drawdown, 03221.

- outgassing**
volcanic activity, sulphur dioxide flux, explosive volcanism, 07336.
- outgoing infrared radiation**
radiation model, land surface temperature, 11504.
- outgoing longwave radiation**
climate change, deforestation, Brazil, Amazon Basin; 14948. earth radiation budget, 08757. Nimbus 7 data, Caspian Sea; 05879. ocean/atmosphere system, interannual variation, 05880. subtropical high, precipitation, ITCZ, China; 05877.
- outgoing radiation**
ensemble model, temperature, aerosol, 07197.
- outlet glacier**
climate variability, mass balance, glacier variation, ice cap, retreat, Iceland; 04136. moraine system, late glacial, Holocene, tephrochronology, Chile, Patagonia, Torres del Paine National Park, Grey Glacier; 04130.
- outlet valley glacier**
modern, Little Ice Age, accumulation area ratio, topography, equilibrium line altitude, Norway, Jostedalbreen; 01567.
- outlier**
geodetic parameter, iterative weighting, 15069.
- outwash**
flowtill, ice retreat, Wisconsinan (late), glacial advance, radiocarbon dating, USA, Ohio; 04093. patterned ground, marine terrace, raised beach, Quaternary geology, moraine, lichenometric dating, Antarctica, West Antarctica, Trinity Peninsula, Hope Bay; 10523.
- outwash deposit**
blending sand, esker, aggregate, facies analysis, Canada, Ontario; 13179.
- outwash fan**
glacier advance, push moraine, ice cap, moraine ridge, Iceland, Myrdalsjökull, Sletjökull; 14284. subglacial meltwater, Rehburg Stage, Saalian glaciation, moraine, glaciofluvial sediment, Germany, Dammer Berge; 14342.
- outwash plain**
Pleistocene, braided river, gravel, bedload, bounding surface, Switzerland, Rhine River; 04241.
- oven dry soil**
moisture retention curve, soil water retention, saturated soil, 14708.
- over the horizon**
radio wave, troposphere, waveguide, adiabatic approximation, 04937.
- over the horizon radar**
radar, ocean monitoring, 15213.
- overbank deposit**
Chinji Formation, floodplain, avulsion, Miocene, Pakistan; 10591. floodplain, deposition rate, avulsion, alluvial architecture, sandstone, 13168. lithofacies, geostatistical characterisation, semi permeable, flow modelling, Netherlands, Rhine-Meuse Delta; 14204. meandering river, semivariogram analysis, crevasse splay, fluvial plain, delta, Netherlands, Rhine-Meuse Delta; 00390. paleosol, sand body, reservoir, Willwood Formation, Eocene, USA, Wyoming; 02952. sediment transport, silt, clay, delta, crevasse, lamination, China, Yellow River Delta; 13176. sedimentary structure, Paleocene, Fort Union Formation, Tullock Member, channel deposit, USA, Montana, Powder River Basin; Wyoming, Powder River Basin; 00362.
- overbank flooding**
meandering, plan geometry, channel cross section, 03949.
- overbank flow**
meandering channel, channel flow, stage/discharge relationship, channel sinuosity, floodplain, 06977.
- overbank sediment**
alluvium, channel, grain size, sediment transport, 13167.
- overburden**
karst drainage, chalk, endokarst, groundwater, France, Paris Basin; 10420.
- overburden pressure**
cycle resistance ratio, confining stress, liquefaction resistance, sand, Canada, British Columbia, Duncan Dam; 11743.
- overcast parameter**
cloud cover, maximum likelihood classifier, 06224.
- overconsolidated**
preconsolidation, till, intertill clay, glacial loading, Canada, Saskatchewan; 02791.
- overconsolidated clay**
cyclic response, axially loaded pile, pile response, stiff clay, 06501. MIT-E3 constitutive model, effective stress model, model, 11706.
- overconsolidation**
design method, slide, clay, shale, USA; Canada; 05230.
- overconsolidation ratio**
lateral stress, cone penetration test, 06509.
- overdetermined boundary value**
Wiener principle, inverse Stokes problem, 04875.
- overflow terrace**
radiocarbon dating, Vistulian, ice dammed lake, meltwater, Poland, Vistula River; 07752.
- overgrazing**
SPOT imagery, desertification, ancient erg, dune field, Bama Ridge, Nigeria, Lake Chad; 00014.
- overgrowth**
calcite cement, sandstone, Cambrian, East European Platform, diagenesis, Poland; 11934.
- overland flow**
erosion, nutrient, catchment, SHE model, sediment transport, Denmark, Syv Brook; 05362. flow path, hydrograph separation, saturation overland flow, chemical hydrograph separation, runoff generation, USA, Virginia, Reedy Creek; 09603. hydrograph separation, forested swamp, groundwater discharge, chemical separation, wetlands, runoff mechanism, 01928. hydrograph separation, runoff water chemistry, base cation dynamics, throughfall chemistry, 05724. interflow, catchment model, runoff estimation, scale effect, catchment characteristics, 08325. kinematic wave approximation, infiltration, Green-Ampt equation, vegetated filter strip, 05673. kinematic wave equation, finite element method, St Venant equations, Courant number, Petrov-Galerkin solution, 05679. logging, tractor track, rainforest soil, infiltration rate, bulk density, Malaysia, Sabah, Upper Segama; 08194. raindrop size, rainfall simulation, flow depth, 09551. rill erosion, clay soil, water content, soil strength, erosion resistance, Australia, Queensland, Darling Downs; 08257. runoff model, hillslope hydrology, pseudogley soil, Keuper Marl, throughflow, Luxembourg; 01924. runoff, mass movement, soil loss, sediment transport, erosion, Philippines; 05372. runoff, rainfall simulation, Germany; Algeria; 08244. sediment movement, magnetic susceptibility, hillslope, tracer, USA, Arizona; 05356. sediment yield, rainfall intensity, rill erosion, UK, Scotland, Angus; 06933. soil erosion, sediment transport, grain velocity, laboratory experiment, 02881. soil hydraulic property, soil erosion model, rill dimension, 13441. soil surface, agrochemical, sorption/desorption, solute transport, vadose zone contamination, runoff water quality, 02073. spatio/temporal variability, runoff generation, subsurface flow, saturation excess, infiltration excess, Switzerland, Haute-Mentue; 13477. St Venant equations, runoff, laminar flow, turbulent flow, 14617. subsurface flow, runoff chemistry, hydrological pathway, elemental transport, spatial heterogeneity, Precambrian shield, 09652. throughflow, soil moisture, soil salinity, streamflow generation, runoff, Australia, Western Australia; 00634. turbulence, sediment yield, soil erosion, rock fragment cover, roughness, 09372. velocity, rock fragment, vortex erosion, hillslope, soil erosion, 06779. water quality management, phosphorus removal, wastewater treatment, 14779.
- overland flow model**
finite element model, control-volume finite element model, diffusion-hydrodynamic flow model, 14604. infiltration, Green-Ampt method, Reddy's model, evapotranspiration, runoff, St Venant equations, kinematic wave approximation, 05666.
- overlay**
polygon network, derived data, GIS, 15100.
- overlay analysis**
spatio/temporal model, GIS, map class, 10104.
- overlying strata**
stratigraphic division, ecological significance, brown earth, periglacial, Germany, Bavaria; 01556.
- overprinting**
magnetic remanence, lake sediment, geomagnetic excursion, Mono Lake Excursion, USA, California, Mono Lake; 07827.
- oversampled image**
underampled data, error factor, interpolation, local interpolator, 06147.
- overstep**
sedimentation, strike/slip basin, Gilbert type delta, Pliocene, depocentre, Spain, Almeria-Nijar-Carboneras Basin; 07967.
- overtopping**
free surface flow, seepage flow, spatially varied flow, rockfill embankment, 12214.
- overturn**
meromixis, hypersaline lake, stratification, sulphide methane, lake biogeochemistry, USA, California, Mono Lake; 06985.
- ownership**
land ownership, demarcation, law, Germany, Bavaria; 05023. land registry, law, France; 05027. land, ordinance, agriculture, infrastructure, Germany; 05034.
- oxalate**
aluminium hydroxide montmorillonite complex, clay mineral, phosphate, 12131. redox cycling, cloud chemistry, hydrogen peroxide, iron, copper, 04758.
- oxalic acid**
photochemistry, pyruvic acid, iron (III), cloud chemistry, glyoxylic acid, 14957.
- oxbow lake**
floodplain ecology, floodplain hydraulics, water quality, Hungary, Danube River; 09631.
- Oxford Clay Formation**
Jurassic, hydrocarbon, Peterborough Member, mudstone, organic matter, UK, England, Bedfordshire, Stewartby; 06678. Kellaways Formation, biogeochemistry, Jurassic, oxidation, organic carbon, UK, England; 06721. mudrock, Peterborough Member, Jurassic, geochemistry, fractionation, UK, England; 06722. pyrite, organic matter, petrography, palynofacies, Jurassic, UK, England; 06707.
- oxygen deficiency**
organic matter, heavy metal, reservoir operation, reservoir water quality, estuary, salinisation, Ukraine, Dnieper River, Kakhovka Reservoir; Kremenchug Reservoir; 13556.
- oxic brine**
anoxic brine, surface water chemistry, trace metal, calcium chloride brine, adsorption/desorption, Antarctica, Victoria Land, Dry Valley, Wright Valley, Onyx River; Vanda Lake; Antarctica, Victoria Land, Dry Valley, Wright Valley, Don Juan Pond; 14633.
- oxidant**
wetlands, methane interaction, atmospheric methane increase, methane flux, 02621.
- oxidation**
ammonium, methane oxidation, littoral sediment, bacteria, inhibition, Germany, Lake Constance; 06709. bacteria, manganese, salinity, carbon, organic matter, USA, Florida, Shark River Estuary; 06711. bioavailability, trace metal, diagenesis, pyrite, 10608. biogenic hydrocarbon, ozone, terpene, sesquiterpene, 08678. black shale, bitumen, lake sediment, organic matter, fatty acid, Germany, Nordlinger Ries; 14398. carbon cycling, remineralisation, seawater, DOM, porewater, fluorescence, 08009. carbon, primary production, nitrogen, cycling, continental margin, Pacific, (Northeast); 01659. continental margin, bottom layer, carbon, colloid, ultrafiltration, France, Rhone Delta; 04146. crust, lamina, bottom sediment, manganese, bacteria, Dead Sea; 04209. diffusion, bacteria, organic matter, diagenesis, 06701. dimethyl sulphide, reaction studies, 14983. dimethylsulphide, laser flash photolysis, hydroxyl radical, 14988. dimethylsulphide, nitrate radical, night time, 14991. electron transport system, decomposition, bacteria, algae, Hungary, Lake Balaton; 13243. extraction, speciation, marine sediment, arsenic, Spain, Galicia, Pontevedra Estuary; 09391. fog water, sulphur dioxide, iron (II), ligand, 08677. iron oxide, sandstone, porosity, permeability, dual porosity, USA, Kentucky; 14716. lake sediment, sulphate, reduction, USA, Massachusetts, Mares Pond; 14379. lignin, GC determination, organic matter, gas chromatography, 09251. manganese, redox cycling,

- sediment/water flux, Denmark, Aarhus Bay; 14399. marine atmosphere, dimethylsulphide, box model, sulphur dioxide, 08682. metal oxide, black carbon, soot, manganese dioxide, sulphur dioxide, 06085. microbial reduction, oil contamination, groundwater contamination, inorganic geochemistry, biodegradation, 09723. mountain lake, nitrogen oxide, lake water quality, macrophyte, atmospheric deposition, Spain, Pyrenees; 14674. organic carbon, Oxford Clay Formation, Kellaways Formation, biogeochemistry, Jurassic, UK, England; 06721. organic matter, reduction, sulphate, microorganism, hydrothermal sediment, Africa, Lake Tanganyika; 11940. oxygen, photochemistry, sulphate, cloud, iron (III), 12564. PCB, hydroxyl radical, contaminant fate, transformation kinetics, sorption, 14735. phosphorus, digestion technique, organic particulate determination, ship-board use, nitrogen, 09252. pyrite, mangrove, estuary, soil acidification, floodplain, Australia; 00450. pyrite, pool sediment, freshwater system, biogeochemistry, organic matter, Netherlands; 02943. reduction, hydrogen peroxide, bottom sediment, water quality, pollution, eutrophication, 01753. reduction, microorganism, organic matter, iron oxide, manganese oxide, 00330. reduction, organic carbon, manganese, sulphate, microorganism, Norway; Denmark; 01656. salinity, bacteria, porewater, sulphate, reduction, USA, Chesapeake Bay; 04217. salinity, lagoon, redox potential, Ukraine, Dnieper-Bug Lagoon; 08046. sapropel, sediment colour, Mediterranean Sea; 13248. seasonal variation, manganese uptake, cerium uptake, suspended particle, radiotracer, USA, Chesapeake Bay; 08005. sulphate, fish farm sediment, reduction, methanogenesis, 12021. sulphite ion, nitrogen dioxide, nitrogen oxide, sulphur dioxide, 04763. sulphite, porewater, manganese, iron, salt marsh, Denmark; 08006. temperate forested soil, global methane budget, methane fractionation, fractionation, USA, New Hampshire, College Woods; 10330. Tertiary sand, aquifer, pyrite, buffering, groundwater, UK, England, London Basin; 09388. trace gas, pollutant, photochemistry, review, hydroxyl radical, 13819. turbidity, palynology, carbon cycling, organic matter, Pacific, US shelf; Atlantic, Madeira Abyssal Plain; 14386. upwelling, mineralization, bioturbation, organic matter, primary productivity, Atlantic (South); 13251. wastewater treatment, electrochemical detoxification, benzoquinone, toxicity, bioremediation, 13522.
- oxidation capacity**
anthropogenic emission, atmospheric chemistry, radiative forcing, climate system, two dimensional model, 11296. nitrogen oxide, nonlinear chemical coupling, ozone production, bifurcation, steady state, 06016. organic matter, landfill, wastewater, aquifer, 06785.
- oxidation pond**
surface temperature, turbidity, 01256.
- oxidation rate**
mine tailing, oxygen flux, groundwater quality, sulphide, 12323. pycnocline, episodic event, methane flux, ebullition, anoxic basin, USA; 05088.
- oxidation/reduction**
metal, organic contaminant, photocatalyst, titanium dioxide photocatalysis, wastewater treatment, 05716. pond sediment, redox status, trace element solubility, USA, California, San Joaquin Valley; 01847.
- oxidation/reduction potential**
vegetated filter, water treatment, rock plant filter, dissolved oxygen, nitrogen removal, 06992.
- oxidation S(IV)**
sulphate, cloud chemistry, sensitivity study, bulk cloud model, explicit model, 06026.
- oxidation state**
tracer, water exchange, plutonium, Norway, Framvaren Fjord; Hellvik Fjord; Norway, Skagerrak Sea; 13492.
- oxidative coupling**
phenol, activated carbon, adsorption, water chemistry, 06997.
- oxidative degradation**
chlorination product, surface water quality, pulp mill, organo halogens, 03253.
- oxidative destruction**
hazardous waste, ultraviolet photon, chloronaphthalene, photothermal destruction, 11608.
- oxide**
hydroxide, acidic deposition, aluminium, acidic soil, 03134.
- oxide mineral**
clay mineral, ionic strength, constant capacitance model, boron adsorption, 06869.
- oxide/water interface**
organic matter, pollutant hydrolysis, surface catalyzed hydrolysis, natural organic matter, picolinic ester hydrolysis, 09709. stoichiometry, adsorption, ligand adsorption, groundwater quality, organic compound, 00728.
- oxidation**
surface sediment, microbial production, salt marsh, manganese, USA, Georgia; 08048.
- oxidized nitrogen**
population growth, fossil fuel, biomass burning, global atmosphere, 10328.
- oxidizing property**
troposphere, regulatory measure, ozone, Europe; 12583.
- Oxisol**
corn, aluminium, gypsum application, limestone application, acidity remediation, Ultisol, Malaysia; 05564. Haplustox, sulphate adsorption, sulphur, crop residue, liming, soil amendment, Brazil, Cerrado Region; 12135. humic substance, forest soil, Haploorthox, crop rotation, tillage, Brazil; 03155. soil amelioration, leaching, root growth, acidic soil, liming, subsoil acidity, Brazil, Amazon Basin; 00539.
- oxocarboxylic acid**
dicarboxylic acid, photo oxidation, fatty acid, aerosol, urban area, coast, Mediterranean Sea; 03609.
- oxygen**
actinic flux, stratiform cloud, snow surface, 14819. anoxic microsite, redox potential, aggregate, porewater pressure, 09475. aquatic ecology, freshwater sediment, soft sediment, zoobenthos, Russian Federation, Lake Baikal, Selenga Delta; 01690. biogeochemical marker, isoprenoid, photodegradation, seawater, chlorophyll, Mediterranean Sea, Gulf of Fos; 08010. carbon, methanogenesis, geochemistry, interstitial water, strontium, Australia, Queensland Continental Margin; 09328. carbon, Quaternary (late), NADW production rate, benthic foraminifera, stable isotope record, Pacific, Ontong Java Plateau; 00189. chemical/radiative transport model, ozone production, vibrationally excited oxygen, stratosphere, 11297. exosphere, atmospheric change, Martian atmosphere, Mars; 01045. geochemistry, surface sediment, anoxia, water depth, Sulu Sea; South China Sea; 02934. global stability, 03587. iron, hydromorphic soil, water table level, 12129. isotope fractionation, nitrous oxide, nitrogen, 13857. isotope, cementation, subduction, carbon, India, Andaman-Nicobar Islands; Bay of Bengal; 13209. methane emission, landfill soil, soil microorganism, methane oxidation, 01846. methane, carbon dioxide, peat gas, spectrometry, 12089. nitrification, denitrification, microbial process, organic matter, sediment/water interface, 01653. nitrogen, soil gas, helium, carbon dioxide, 12117. nitrous oxide, chlorine, absorption, solar radiation, lifetime, 01029. organic matter, bacteria, benthic nitrogen cycling, denitrification, nitrification, North Sea, German Bight; 04212. ozone photolysis, quantum yield, 04784. pH, diagenesis, porewater, carbon cycling, dissolution, Atlantic, (North); 14353. phosphate, sediment/water interface, bioturbation, carbon, nitrogen, 10627. photochemistry, sulphate, cloud, iron (III), oxidation, 12564. photodissociation rate, direct radiation, scattered radiation, high resolution analysis, stratosphere, solar radiation, 12419. porewater chemistry, manganese, diagenesis, organic matter, North Sea, Skagerrak; 00328. porewater, diffusivity, sediment/water interface, continental shelf, 00298. sediment/water interface, carbon budget, organic matter, sediment chemistry, photic layer, eutrophic zone, Atlantic; 04221. solar flare index, airglow, twilight, sodium, India, Allahabad; Calcutta; 12580. tetrazolium, marine snow, sulphide, water column, 00400.
- oxygen-18**
deuterium, meltwater, groundwater recharge, soil water recharge, Canada, Alberta, Edmonton; 14697. groundwater recharge, lake evaporation, environmental isotope, radiocarbon dating, deuterium, Egypt, Aswan High Dam Lake; 00659. hydrological process, Arctic hydrology, tracer technique, USA, Alaska, Innavait Creek; 05822. isotope content, isotope fractionation, forest canopy, precipitation chemistry, throughfall chemistry, USA, Pennsylvania; 12190. isotope hydrology, subsurface stormflow, surface stormflow, stormflow separation, hydrograph separation, USA, Pennsylvania; 03217. isotope record, El Nino, strontium/calcium ratio, Australia, Great Barrier Reef; 14887. lake leakage, pyroclastic flow slope, isotope tracer, groundwater flow regime, tritium, Indonesia, Bali, Batur Lake; 08412. nitrous oxide, stratospheric flux, global budget, nitrogen-15, USA, Hawaii, Maui; Costa Rica; 06400. soil water, deuterium, environmental isotope, evapotranspiration estimation, 03211. stable isotope, perched water table, irrigation, salinisation, arid zone, land use effect, deuterium, India, Rajasthan; 08426. storm runoff, hydrograph separation, wetlands, runoff water chemistry, Canada, Ontario, Oak Ridges; 04478. tracer, infiltration, clay soil, drainage hydrograph, 04495. tracer, recharge rate, groundwater recharge, recharge mechanism, Tanzania; 08388.
- oxygen atom**
nitrous oxide, branching ratio, 12582.
- oxygen availability**
cation sorption, heavy metal sorption, 00562. heavy metal sorption, cation sorption, 00563. soil aeration, USA, California; 04401.
- oxygen balance**
decomposition pathway, organic matter, mineralization, marine environment, 02630.
- oxygen concentration**
oxygen electrode, X-ray tomography, soil structure, 03095. river water quality, temporal variability, detergent, chlorophyll-a, Poland, Bydgoszcz, Brda River; 09655. sediment, hydrogen sulphide, eutrophication, thermal gradient, lake water quality, Poland, Jasien Lake; 09669. surface water quality, environmental stress, carbon budget, detergent, 07006.
- oxygen consumption**
Arctic sediment, biogeochemistry, porewater, distribution, Svalbard; Arctic Ocean; 14401.
- oxygen content**
self purification, lake, organic matter, phytoplankton, Russian Federation, Lake Baikal; 05084.
- oxygen deficit**
reservoir water quality, thermal stratification, water transparency, chlorophyll-a, oligotrophic reservoir, Brazil, Sao Paulo, Paranapanema River, Jurumirim Reservoir; 00727.
- oxygen diffusion**
soil cover, mine tailing, sulphide, Canada; 05083.
- oxygen diffusion rate**
manganese, iron, soil oxygenation, redox potential, 10816.
- oxygen dynamics**
climate change, dissolved oxygen, lake water quality, simulation model, USA, Minnesota; 12287.
- oxygen electrode**
X-ray tomography, soil structure, oxygen concentration, 03095.
- oxygen exchange**
estuary, dissolved oxygen, wind effect, dome measurement, USA, New York, Hudson River; 12231.
- oxygen flux**
groundwater quality, sulphide, oxidation rate, mine tailing, 12323.
- oxygen gradient**
deep water, upwelling zone, nutrient gradient, palaeoceanography, Pacific; Peru; 11794.
- oxygen green line**
temperature, mesosphere, 13805.
- oxygen isotope**
carbon dioxide, multi isotope study, isotopic exchange, 04782. carbon isotope, isotopic composition, gypsum precipitation, carbonate precipitation, evaporite deposit, Italy, Sicily; 10773. carbon isotope, lacustrine carbonate, lake water, desiccation, China, Qinghai-Tibetan Plateau, Siling-Co Lake; 09187. carbonate, organic matter, inclusion water, organism, 07980. carbonic acid, carbon dioxide, partitioning, carbonate species, 01679. crystal structure, ice formation, sea ice, isotopic composition, Antarctica, Ross Sea; Amundsen Sea; Antarctica, Bellingshausen Sea; 13616. diffusion, chloride, porewater, foraminifera, Globigerinoides ruber, Australia, Queensland Continental Margin, Hole 817 C; 09308. environmental indicator, seawater, temperature, coccolith carbonate, phytoplankton bloom, Atlantic, Gulf of Maine;

08013. ice core record, isotope shift, moisture source, glacial/interglacial, 09956. loess, river terrace chronology, Quaternary, aminostratigraphy, France; 14214. monsoon, foraminifera test, salinity, alkenone, sea surface temperature, Arabian Sea; Indian Ocean, Bay of Bengal; 01477. ODP Leg 129, chert, porcellanite, radiolarite, silicification, Pacific, Pigafetta Basin; Mariana Basin; 01647. palaeoclimate, leaf water, cellulose, carbon dioxide, 14119. palaeotemperature, dolomitization, seawater, Proterozoic, Chanda Limestone, India, Andhra Pradesh, Adilabad; 01635. sea surface temperature, foraminifera, palaeotemperature, Atlantic, (North); 09332. sedimentary basin, quartz, cementation, reservoir sand, North Sea; 13224. tropical ocean, meltwater flux, ocean surface water, last deglaciation, 11795.
- oxygen isotope chronology**
diachrony, biostratigraphy, Pliocene, Pleistocene, ODP Hole 653A, Mediterranean; Tyrrhenian Sea; 11791.
- oxygen isotope composition**
carbon isotope composition, lake sediment, palaeoclimate, Weichselian, Poland; Sweden; 13072. stratigraphy, morphology, glacier, permafrost, buried glacier ice, Russian Federation, Siberia, Ledyanaya Gora; 04131.
- oxygen isotope content**
snow, ice crust, isotope, Antarctica, Mizuho Station; 02343.
- oxygen isotope curve**
Quaternary, carbon cycling, palaeoceanography, sea level, Pacific; Sea of Japan; 14224.
- oxygen isotope exchange**
carbonate, Devonian, brachiopod, Upper Gaspe Limestone, Canada, Quebec, Gaspé Peninsula; 02940.
- oxygen isotope measurement**
sea surface temperature, Dansgaard-Oeschger event, correlation, climate record, sediment, Atlantic, (North); Greenland, Summit; 02742.
- oxygen isotope ratio**
Globigerinoides ruber, sea surface temperature, stable oxygen isotope signal, slope sediment, Coral Sea, Great Barrier Reef; 10447. pollen, diatom, Quaternary, Holocene, climate change, Japan Sea; Japan; 09151. sea surface temperature, climate variability, coral record, Pacific Ocean; Galapagos, Isabela Island; 13035.
- oxygen isotope record**
Brunhes/Matuyama boundary, astronomic forcing, winnowing, pelagic foraminifera, Quaternary, Pacific, Ontong Java Plateau; 00187. carbon isotope, atmospheric carbon dioxide, benthic foraminifera, glacial/interglacial atmospheres, Indian Ocean, Andaman Sea; Bay of Bengal; 09158. climate history, magnetic susceptibility, Quaternary (late), Ostracoda, USA, Lake Michigan; 13065. core, productivity, last deglaciation, Arctic Ocean; 11798. GISP2, GRIP, ice core, Greenland; 06544. ODP, Milankovitch template, Quaternary, Pacific, Ontong Java Plateau, ODP Site 806; 11799. pelagic foraminifera, Fourier stratigraphy, orbital fluctuation, Brunhes/Matuyama boundary, Quaternary, Pacific, Ontong Java Plateau; 00186. recent warming, ice core evidence, tropical ice core, palaeoclimate reconstruction, China, Dundee Ice Cap; 00279. salinity variation, meltwater dilution, saline subtropical water, surface water salinity, Atlantic, (North); 02752. volcanic acid, solid conductivity, ice core, Canada, Ellesmere Island, Agassiz Ice Cap; 13146.
- oxygen isotope stage**
biostratigraphy, Pleistocene, Quaternary, Gortian Interglacial, Midlandian Glaciation, Ireland, County Kerry, Kilfenora; 09140. tephrochronology, geomorphological evolution, ignimbrite plateau, New Zealand, North Island, Mamaku Plateau; 11778.
- oxygen isotope stage 10**
Corbets Tey Formation, Levallois technique, Pleistocene (Middle), terrace deposit, Clactonian industry, UK, England, Essex, Little Thurrock, Globe Pit; 06605.
- oxygen isotope stage 15**
fluvial deposit, Wolston glacial sequence, Wolston Series, Baginton Formation, UK, England, Warwickshire, Brandon; 10476.
- oxygen isotope stage 5**
pollen, Ngarino Terrace, tephra, vegetation history, climate history, New Zealand, North Island, Taranaki, Hawera; 02788.
- oxygen isotope stage 6**
calcareous plankton, productivity, hemipelagic sediment, accumulation rate, Quaternary, sea level change, South China Sea; 06609. last glaciation, marker bed, periglacial aeolian sediment, Old Crow tephra, Pleistocene, USA, Alaska, Holitna Lowland; 00216.
- Oxygen Isotope Stage 7**
foraminiferal assemblage, Eemian, sea level, interglacial, tidal deposit, France, Seine River, Tancarville; 01461. TL dating, estuarine deposit, Quaternary, marine terrace, sea level, USA, California; 00252.
- oxygen isotope stage 9**
thorium dating, Holsteinian, marine formation, France, Nord, Herzelee; 02733.
- oxygen isotope stratigraphy**
biostratigraphy, evolutionary event, Pliocene/Pleistocene, nannofossil, Atlantic, DSDP Site 607; ODP Site 677; 02753. diatom, productivity change, Quaternary, sedimentation rate, Pacific; 06565. glacial geology, palaeoclimatology, Milankovitch theory, Quaternary, chronostratigraphy, 00156. Last Glacial, palaeoclimate reconstruction, precipitation, Last Interglacial, Holocene, Australia; 00213. mineral magnetism, sedimentology, palaeoenvironmental change, Quaternary, Australia; 10446. Pleistocene, ice sheet, Europe, (Northwest); 11783. Quaternary (late), tectonic uplift rate, sea level history, marine terrace, aminostratigraphy, USA, California, Los Angeles County, San Pedro; Palos Verdes Hills; 00253. subtropical region, sea surface temperature, last climatic cycle, euphotic zone, ODP Leg 108, Atlantic, (North); 02750.
- oxygen isotope study**
Strombus bubonius, climate change, palaeotemperature, Last Interglacial, U-Th dating, Spain, Balearic Islands, Majorca, Palma Nova; Tunisia, Nonastir; 02749.
- oxygen isotope substage 5e**
Waimanalo Formation, Leahi Formation, sea level, highstand, Last Interglacial, USA, Hawaii, Oahu; 07916.
- oxygen isotope variability**
climate change, stable isotopic evidence, Pleistocene, Holocene, USA, Texas, Aubrey Clovis Site; 10465.
- oxygen isotopic ratio**
aridity, sea level change, aeolian dust, Red and Yellow Soil Group, marine regression, Japan, Nansei Syoto; 05305.
- oxygen measurement**
ocean sediment, electrode design, microcathode, porewater, 02861.
- oxygen minimum**
chlorophyll maximum, biogeochemical cycle, nutrient, organic matter, plankton, Indian Ocean; 01315. thermocline, climate oscillation, pelagic foraminifera, Quaternary, carbon isotope record, Pacific, Ontong Java Plateau; 00188.
- oxygen minimum zone**
continental margin, Pleistocene, geochemistry, organic matter, USA, California; Pacific; 10460.
- oxygen/nitrogen ratio**
nitrogen isotope, carbon dioxide flux, firn air study, Antarctica, Vostok Station; 12563.
- oxygen uptake**
dispersion, bedform, dune, sediment transport, New Zealand, North Island, Tarawera River; 00380. methanogenesis, sediment/water interface, carbon flux, metabolism, tropical lagoon, Pacific; New Caledonia; 11943. nutrient recycling, radionuclide, deposition rate, sediment/water interface, North Sea; 05397. river water quality, aeration, hydraulic structure, air entrainment, 12282.
- oxygenation**
Jurassic, organic matter, source rock, mudstone, bottom water, UK, England; 07941. phosphorus release, sediment/water interface, organic matter, estuarine sediment, UK, England, Hampshire, Beaulieu River Estuary; 08089. primary productivity, organic matter, black shale, anoxia, Italy, Trentino-Alto Adige, Belluno; 08019.
- oxygenation rate**
lake water chemistry, acidification, iron oxidation, Switzerland, Ticino, Cristallina Lake; 10977.
- oxygenation/reduction**
hydrocarbonate facies, ammonium, groundwater contamination, agricultural pollutant, Lithuania; 05812.
- oxyphilic element**
sulphuric element, geochemistry, element distribution, leached element, China, Liaoning Province; Liaohé River Plain; 03059.
- oxytetracycline**
polluted sediment, fish, fauna, salmon farm, 14455.
- oyster**
fluvial sediment, tide, residence time, suspended sediment, estuary, Portugal, Baixo, Sado Estuary; 02887. marine pollution, rice, shrimp, organochlorine pesticide, mussel, Mexico, Campeche, Rio Palizada; 04287. organism, toxicity, contamination, amphipod, North Sea; 00465.
- oyster fishery**
butyltin contamination, coastal water contamination, industrial pollutant, Portugal, Aveiro Ria; Faro Ria; Portugal, Sado Estuary; Portugal, Tejo Estuary; 03248.
- ozonation**
ultraviolet irradiation, photolytic ozonation, lake water chemistry, trihalo-methane precursor, 13562.
- ozone**
absorption coefficient, Dobson ozone spectrophotometer, spectrophotometer, 09995. absorption cross section, Wulf Bands, 04772. absorption spectrum, Chappuis band, temperature dependence, 13839. aerosol distribution, stratosphere, Arctic; 03640. aerosol, ultraviolet radiation, UVB biological effect, China, Beijing; 02156. air quality model, emission reduction, nitrogen oxide, total reactive nitrogen, hydrocarbon, 12637. alkene, gas phase reaction, hydroxyl radical, 06012. ammonia removal, biological pretreatment, manganese, river water quality, wastewater treatment, UK, England, Huntingdon, Dee River; 05735. atmospheric-biospheric chemistry, source/sink, methane, nitrous oxide, 10319. carbonyl product, alcohol, formaldehyde, hydroxyacetaldehyde, unsaturated alcohol, 06025. chlorine monoxide, stratosphere, synoptic mapping, Fourier transform, 11305. climatological study, subtropical, total ozone field, jet stream, 08669. coherent variation, monthly mean total ozone, temperature, stratosphere, 13833. CZCS, SeaWiFS, 15208. deposition, eddy correlation method, forest floor, soil surface uptake, sulphur dioxide, 04779. dibenzophuran, dibenzo-p-dioxin, hydroxyl radical, gas phase reaction, rate constant, 12562. Dobson spectrophotometer, TOMS, Greece, Athens; 15123. eddy correlation, shortgrass prairie, deposition, flux, nitrogen oxide, 04778. forest decline, hydrogen peroxide, USA, California, San Bernardino Mountains; 01060. free troposphere, nitric oxide, Asia; Pacific; 09984. historical record, colometric papers, surface ozone, Greece, Athens; 09980. hydrocarbon, aircraft observation, bromine, chlorine, Arctic; 08655. hydroxyl, photochemically active gas, model, methane sink, atmospheric temperature, 00166. infrared spectroscopy, trace gas, atmosphere, 12751. interannual ozone anomaly, temperature variability, Atlantic; 08547. kinetic model, mesosphere, thermosphere, remote sensing, 07344. kinetics, aqueous reaction, dimethylsulphide, 12588. layers aloft, lidar, sea breeze, USA, California; 03627. lidar inversion technique, aerosol, backscatter coefficient, stratosphere, 09965. lidar, stratosphere, climatology, USA, California, Table Mountain; 01033. low sun angle, Dobson spectrophotometer, Brewer spectrophotometer, Total Ozone Mapping Spectrometer, Antarctica, Scott Base; 07346. measurement, surface ozone, Poland, Belsk; 11292. mesoscale modelling, photochemical pollution, Greece, Athens; 11340. mesosphere, limb observation, Salyut-7, 14975. meteorological observations, Antarctica, Syowa Station; Asuka Station; 07211. Microwave Limb Sounder, stratospheric wave, temperature, southern winter, 03442. middle atmosphere, trend estimate, solar effect, 08728. minihole, mie scattering, spectroscopy, 01030. minor gaseous constituent, vertical profile, video spectrometer, 08854. modelling plan, air quality study, photochemical monitoring, non attainment area, USA, Louisiana; Texas; Gulf of Mexico; 11338. mountain, total ozone, Asia, (Central); 13808. multiscale, air quality modelling, finite element, USA, California; 13883. nitrogen dioxide, latitudinal distribution, Atlantic; 07360. nitrogen oxide, diffusion chemistry model, reactive trace gas, forest canopy,

07350. nitrogen oxide, photochemical oxidant, multivariate technique, discriminant analysis, urban area, Spain, Valladolid; 13885. nitrogen species, stratosphere, aircraft emission, aerosol loading, 11355. nitrogen, photochemical model, odd nitrogen, trace gas budget, 07341. Northern Hemisphere, total ozone, trend, quasi biennial circulation, 08663. oxidizing property, troposphere, regulatory measure, Europe; 12583. ozonesonde, stratosphere/troposphere exchange, lamina, Rossby wave, cutoff low, Japan; 09972. PAN, measurement, Germany, Munich; 04807. PAN, peroxypropionyl nitrate, Germany; 12649. PAN, photochemical smog, photo oxidant, Germany, Munich; 13882. PAN, unsaturated peroxyacyl nitrate, peroxy-methacryloyl nitrate, 06024. partitioning, nitrogen oxide, inorganic nitrate, organic nitrate, Arctic; 03585. pesticide, surface ozone concentration, seasonal variability, Egypt; 07408. photochemical model, general circulation model, continental scale simulation, North America; 06069. photochemical oxidant, biomonitoring, radish growth, Mediterranean; 12641. photochemical smog, urban plume, trajectory, Austria, Vienna; 15022. photochemistry, marine boundary layer, boundary layer, model, Pacific; 06020. photochemistry, nitrogen oxide, emission control, odd oxygen production, carbon bond, 14955. photodissociation dynamics, laboratory experiment, 03578. polar stratospheric cloud, backscatter sonde, aerosol profile, Antarctica, South Pole Station; 04705. polar vortex, mixing, deformation, TOMS, Antarctica; 11288. pollution monitoring, monitoring technique, remote site, 03868. precursor, photochemical reaction, regional model, Asia; 15028. production, destruction, vegetation damage, surface ozone, Europe, (Northwest); 10026. quasi biennial oscillation, equatorial wind, two dimensional model, latitudinal distribution, 00953. radiative flux, tropospheric ozone, ultraviolet B, 14813. radiative forcing, greenhouse gas, nitric oxide emission, aircraft, troposphere, climate change, 07328. reaction probability, conceptual model, deposition velocity, indoor air quality, 07356. retrieval algorithm, stratosphere, lidar measurement, aerosol, Philippines, Mount Pinatubo; 10021. review, global atmosphere, 08646. rural concentrations, trend analysis, surface ozone, UK; 09978. rural location, continuous monitoring, PAN, Canada; 13831. SBUV/2, total ozone (1989-1993), Northern Hemisphere, 13818. seasonal evolution, bromomethane, coralline algae, Arctic; 09967. seasonal trend, total ozone, trend analysis, 13834. soiling index, Israel, Tel Aviv; 02357. solar UV 11 year variation, solar UV 27 day variation, total column ozone, solar variation, anthropogenic trend, 13809. spectrophotometer, radiative transfer equation, Australia; 01181. stratocumulus, cloud top height, algorithm, marine stratocumulus, TOMS, 11299. stratocumulus, inversion profile, moisture, 01002. stratosphere, model, ozone depletion, aircraft, 08719. stratosphere, quasi biennial oscillation, model, nitrogen dioxide, 13841. stratosphere, solar UV flux, solar cycle, ultraviolet, 14818. stratosphere, Southern Hemisphere, winter, chlorine monoxide, 03557. stratosphere, volcanic eruption, aerosol loading, solar backscatter UV, Mexico, El Chichon; 11322. stratosphere, volcano, aerosol cloud, raman, dial measurement, 01052. stratosphere, warming event, planetary wave, zonal mean ozone, global variability, 11290. stratospheric dynamics, aerosol, tracer transport, volcano, diabatic circulation, 04677. stratospheric ozone intrusions, tropopause folding, cross tropopause exchange, 09979. subtropics, spectrometer, TOMS, seasonal cycle, wave, Greece, Athens; 15113. sulphur dioxide, fluorescein diacetate activity, litter decomposition, cation leaching, fumigation, 04355. sulphur dioxide, nitrogen dioxide, vegetation, mapping, critical level, USA; 15038. sulphur dioxide, surface resistance formulation, ADOM, deposition velocity, dry deposition, 04760. sulphuric acid, FTIR, aerosol, stratosphere, thin film, 09997. surface ozone, background ozone, seasonal trend, Japan; 09981. surface ozone, regression model, photochemical pollution, Greece, Athens; 06066. temperature, ultraviolet flux, middle atmosphere, solar variability, two dimensional model, 11307. terpene, sesquiterpene, oxidation, biogenic hydrocarbon, 08678. titration, precursor emission, troposphere, nitrogen oxide, volatile organic compound, USA; Europe; 10028. total ozone, measurement error, spectrophotometer, stray light model, Dobson instrument, 13822. total ozone, nitrous oxide, infrared, solar spectra, USA, Hawaii, Mauna Loa Observatory; 07347. total ozone, seasonal analysis, winter decrease, Australia, Macquarie Island; 13814. total ozone, seasonal course, stratosphere, quasi biennial oscillation, 14970. trend, surface ozone, Switzerland, Arosa; 09975. tropics, total ozone, Rossby wave, 08671. troposphere, flux, reactive nitrogen, nitrous oxide, 13830. troposphere, stratosphere/troposphere exchange, tropopause fold, cutoff low, 12576. troposphere, urban pollution, control strategy, 08727. vegetation effect, exposure index, surface ozone, Norway; 09976. vertical distribution, radiative forcing, greenhouse gas, tropospheric increase, 04746. vertical distribution, stratosphere, mesosphere, millimeter wave measurement, Russian Federation, Moscow, Pushchino; Sweden, Onsala; 07361. vertical sounding, Greece, Athens; 06067. volcano, aerosol, total ozone, backscatter UV experiment, Philippines, Mount Pinatubo; 07368. water vapour, derivation, dansylhydrazine, interference, aldehyde, 08674. water vapour, peroxy radical, microwave observation, model, mesosphere, modelling, 13835. wave breaking, planetary wave flux, stratosphere, zonal asymmetry, chemical eddy flux, 07265. winter, polar vortex, poleward transport, stratosphere, 03559.
- ozone/alkene reaction**
cyclohexane, olefin, atmospheric chemistry, hydroxyl radical, 12603.
- ozone budget**
fluorine radical, stratosphere, 12585.
- ozone chemistry**
retrieval, limb emission spectra, vertical profile, trace gas, Arctic; 09987.
- ozone column**
UVB radiation (1967-1990), ultraviolet B, vertical ozone profile, Germany, Berlin; 08502.
- ozone concentration**
aerosol, optical depth, radiometric measurement, Chappuis absorption band, 02339. autoregressive time series, Box-Cox power transformation, 03642.
- ozone data**
spring (1990), Antarctica, Molodezhnaya Station; 08662.
- ozone dataset**
meteorological bias, lidar, cloud cover, 11284.
- ozone decrease (1992-1993)**
total ozone, zonal average, 13821.
- ozone decrease (1993)**
ozone decrease, Dobson spectrophotometer, USA; 13817.
- ozone decrease**
Dobson spectrophotometer, ozone decrease (1993), USA; 13817.
- ozone density profile**
stratospheric ozone, optical dropsonde, 08756.
- ozone depletion (1979-1991)**
TOMS data, 04783.
- ozone depletion**
acid rain, greenhouse gas, natural hazard, climate change, 12880. aircraft, ozone, stratosphere, model, 08719. chaotic advection, stratosphere, chemically perturbed air, polar vortex, material line, 07268. climate change, sudden warming, stratosphere, carbon dioxide doubling, Arctic; 11348. engine exhaust, aircraft, model, stratosphere, 11347. environmental issue, policy decision, air pollution, greenhouse gas, 06388. global warming, chlorinated hydrocarbon, environmental impact, chlorine, Netherlands; 14115. HFCs, stratosphere, 08720. laboratory experiment, nitric acid trihydrate, chlorine radical precursor, polar stratospheric cloud, 03618. polar stratospheric cloud, model, chlorine cycle, 03619. polar vortex, chlorine nitrate, nitric acid, stratosphere, Antarctica; 03556. record low, total ozone, 04787. stratosphere, electron scavenging, chlorine, 06041. stratosphere, hydroxyl radical, chlorine monoxide, 08717. stratosphere, review, 08729. TOMS, Greece; 03625. trace gas, two dimensional model, dynamics, radiative transfer, photochemistry, 09994. trend, ultraviolet B, Canada, Toronto; 07185. ultraviolet radiation, numerical simulation, 14962.
- ozone deposition**
deposition velocity, mass accommodation coefficient, surface indoor, 12560. foliage wetness, maple, poplar, leaf, 14981. mesoscale motion, turbulence flux, heterogeneous surface, aircraft run, 13815.
- ozone destruction**
boundary layer, bromine, ice crystal, Arctic; 08690. bromine bromoform, boundary layer, trajectory, USA, Alaska, Barrow, Arctic; 08648. bromine, aerosol, boundary layer, Arctic; 08692. chlorine monoxide, product branching ratio, photolysis, 04767. hydrochloric acid, stratosphere, sulphuric acid, liquid diffusion, solubility, 11280. seasonal evolution, stratosphere, chlorine monoxide, Arctic; 03636. stratosphere, negatively charged particle, catalytic cycle, electron, 11272.
- ozone detection**
review, China; 14964.
- ozone distribution**
sea breeze, photochemical oxidant, spatial/temporal model, summer, Italy, Ravenna; 01034. surface ozone, global network, 09973. TOMS, typhoon, 08855.
- ozone enhancement**
biomass burning, Brazil; 09974.
- ozone episode**
local circulation, forecast, Taiwan, Taipei Basin; 10025.
- ozone exposure**
forested region vegetation damage, Mexico, Mexico City; USA, Los Angeles; 10027. photochemical pollution, vegetation, surface ozone, Finland; 09977.
- ozone formation**
hydrocarbon, carbonyl compound, aldehyde, 03569. nitrogen oxide, rural site, USA, (Southeast); 12638. regulation, troposphere, hydroxyl radical, nitrogen oxide, volatile organic compound, 03649. stratosphere, local thermodynamic equilibrium, local thermodynamic equilibrium, non LTE mechanism, laboratory evidence, 10001.
- ozone hole (1992)**
volcano, sulphuric acid, aerosol, Antarctic; Philippines, Mount Pinatubo; 07397.
- ozone hole (1993)**
stratosphere, record ozone low, Antarctica, South Pole; 12604.
- ozone hole**
Dumont d'Urville station, total ozone (1958), spectrographic plate, Antarctic; 13860. primary productivity, Nimbus, Earth radiation budget, ocean, 01069. sea surface temperature, quasi biennial oscillation, 04575. stratospheric ozone, overview, 07411.
- ozone hole model**
hydrocarbon addition, ethane, hydrochloric acid, stratosphere, heterogeneous reaction, 12577.
- ozone isotope**
multiple isotope study, heavy ozone anomaly, laboratory experiment, 01032.
- ozone layer**
aerosol, atmosphere, spectral transmission, ultraviolet, 12422. supersonic aircraft, aircraft emission, aerosol physics, two dimensional model, nitric acid trihydrate, 11354.
- ozone level**
non attainment, diurnal profile, meteorology, 07395. troposphere, Canada, Quebec; 03643.
- ozone loss (1991-1992)**
polar vortex, Arctic; 03639. polar vortex, chlorine monoxide, bromine monoxide, stratosphere, Arctic; 03638.
- ozone loss**
chlorine oxide, balloon borne instrument, photochemical model, sulphate aerosol, heterogeneous chemistry, 03633. stratosphere, sulphuric acid, aerosol, heterogeneous reaction, 12615. volcano, aerosol, polar stratospheric cloud, Antarctica; 12618.
- ozone measurement**
global ozone monitoring, GOMOS, 09964.
- ozone oxidation**
sulphur dioxide, sulphate, heterogeneous conversion, USA, Great Lakes, Lake Michigan; 11274.
- ozone photolysis**
quantum yield, oxygen, 04784.
- ozone pilot plant**
cyanobacteria, reservoir water quality, water treatment, algae, eutrophication, 13644.
- ozone precursor relationship**
semi empirical relationship, non methane organic gas, nitrogen oxide, 04811.
- ozone production**
bifurcation, steady state, oxidation capacity, nitrogen oxide, nonlinear chemical coupling, 06016. urban plume, water, photochemical model, lake,

- USA, Lake Michigan; 04819. vibrationally excited oxygen, stratosphere, oxygen, chemical/radiative transport model, 11297.
- ozone productivity**
atmospheric organics, organic component, 13828.
- ozone profile**
Austral spring (1992), Antarctica, McMurdo Station; 12596. umkehr, aerosol effect, SAGE II, 11320.
- ozone reduction**
aircraft, stratosphere, engine emission, 15029. UVB radiation, aerosol, 02157.
- ozone regulation**
summer ozone level, photochemical model, global atmosphere, USA; 03867.
- ozone response**
stratosphere, volcano, aerosol loading, model, heterogeneous processing, Philippines, Mount Pinatubo; 13820.
- ozone retrieval**
stratosphere, lidar measurement, aerosol, Philippines, Mount Pinatubo; 10020.
- ozone treatment**
organic carbon, bioassay, bacterial regrowth, assimilable organic carbon, water colour, USA, California; 11011.
- ozone trend**
heterogeneous reaction, aerosol layer, chlorine, stratosphere, sulphate aerosol, 10004. homogenisation, trend detection, broken series, ultraviolet, solar UVB data, New Zealand; 05886. low latitude, Dobson spectrometer, total ozone, India; 10000. meteorological conditions, urban area, statistical model, bootstrap method, Weibull distribution, USA; 11339. Nimbus 7 SBUV data, stratosphere, altitude dependence, 09970. tropics, historical data, 13864.
- ozone vertical profile**
trend, total ozone, China, Beijing; Kunming; 14961.
- ozonesonde**
intercomparison, 14972. stratosphere/troposphere exchange, lamina, Rossby wave, cutoff low, ozone, Japan; 09972.
- ozonesonde measurement**
eruption, volcano, USA, Hawaii; Philippines, Pinatubo; 04765.
- P-band**
SAR, pine, red pine, USA, Maine, Bangor; 15178.
- Pacific/North American pattern**
teleconnection, precipitation event, rainfall variability, USA, (Southeast); 13778.
- pack ice**
Bragg scattering, sea surface, microwave backscatter, 14077. brine concentration, surface freezing, marine boundary layer, LeadEx experiment, lead, 05277. turbulent mixing, drifting, Weddell Sea; 09867.
- pack rat middens**
Last Glacial/Interglacial cycle, stomatal density, *Pinus flexilis* needle, carbon-13/carbon-12 ratio, limber pine, USA, Great Basin; 11612.
- packer sampling**
well construction, unlined borehole, groundwater sampling, pollutant spread, porewater extraction, 11031.
- packer system**
permeability, head measurement, pumped double aker system, aquifer evaluation, groundwater sampling, 07055.
- paddy soil**
bacterial methane, soil incubation, acetate, carbon isotope composition, Japan, Honshu, Konosu; 03885.
- page size**
mapping, production process, 06212.
- PAH**
aerosol filtration, sorbent bed, 07358. aerosol, coastal city, carboxylic acid, aliphatic hydrocarbon, Greece, Crete, Heracleion; Spain, Catalonia, Barcelona; 15003. aerosol, natural gas, fine particle emission, organic aerosol, 08726. alkane, estuary water quality, suspended particulate, contaminant transport, circulation pattern, China, Changjiang Estuary; 12234. alkylphenol, extraction, anthropogenic impact, terpene, alkylbenzene, USA, Florida; 01738. atmospheric transport, estuary, Henry's law, USA, Great Lakes, Lake Michigan, Green Bay; 05470. bioremediation, bioreactor, 03178. bioslurry reactor, biodegradation, creosote, contaminated soil, USA, Minnesota, Brainerd; 00598. boreal forest, tundra, contaminant, atmospheric fallout, mercury, Canada, Ontario; Hudson Bay; 10687. chlorinated PAHs, measurement, urban air, 03620. combustion particle, particulate emission, particle, field experiment, Switzerland, Zurich; 06043. composting, land-farming, bioremediation, 10870. coprostanol, LABs, sewage sludge, dump site, USA, New Jersey Coast, Deep Water Dump Site 106; 13309. correlation, aerosol, photoemission intensity, combustion, 06046. degradation, carbon isotope, source apportionment, anthropogenic impact, Canada, Newfoundland, St John's Harbour; Conception Bay; 14308. degradation, soil remediation, bioremediation, gas plant, 01896. dredging, metal, disposal, Environmental Protection Agency, waterway, water quality, USA, Washington, Commencement Bay, Sitcum Waterway; 09386. dry deposition, deposition, sampling, wet deposition, UK, England, Lancashire, Castle-shaw; Cumbria, Estwaite Water; 03919. estuary water quality, nonpoint source pollution, pollutant source, USA, Wisconsin, Milwaukee Harbour; 14651. forest soil, soil pollution, roadside soil, heavy metal, Germany, Aplerbecker Forest; 08218. fossil fuel, particulate matter, nepheloid layer, continental shelf, NAH, France, Rhone River; 10699. freon, heavy metal, hazardous waste, refinery sludge, organic contaminant, 03177. gas chromatography, mass spectrometry, sample preparation, pollutant, analysis, 05346. gas chromatography, pesticide level, PCB, Bahrain; 00599. gaseous phase, partitioning model, particulate, urban atmosphere, humidity, PM10, 13862. hexachlorobenzene, PCB, pollution, estuary, historical input, Netherlands, Scheldt Estuary; 03039. ice sheet, snow, seasonal variability, Greenland; 13851. industrial pollution, urban soil, spectrofluorimetry, Estonia, Tallinn; 14581. lake sediment, carbon, chlorophyll, organic matter, diagenesis, 06703. lake sediment, historical record, pollutant, anthracene, photo oxidation, USA, Great Lakes, Lake Michigan, Green Bay; 01747. marine pollution, spectrofluorimetry, pollution, Adriatic Sea; 07943. marine sediment, environmental impact, Adriatic Sea, Gulf of Trieste; Italy, Po Delta; 12019. model experiment, combustion particle, sorption, 06044. mutagenicity, soot particulate, incineration, polystyrene, polyurethane foam, 15027. n-alkane, particle flux, deposition, hydrophobic organic chemical, France, Rhone River; Mediterranean Sea; 13824. nitro-PAHs, hydroxynitro-PAHs, fractionation, particulate matter, Ames assay, 02350. oil well burning, inhalable particulate, residential area, adsorption, Kuwait; 04817. organic carbon, interstitial water, burrow, worm, clam, PCB, 06778. organic micropollutant, deposition, analytical method, PCCDs, PCDF, PCB, 03648. particulate, Antarctica; 02349. partition coefficient, hydrophobic chemical, OCBs, 07686. partitioning model, transport model, sorption, hydrophobic compound, groundwater contamination, organic matter, 03350. PCB, DNA, bioassay, genotoxicity, fish, North America, Great Lakes, Detroit River; St. Clair River; 01746. PCB, microextraction, water quality analysis, gas chromatography, mass spectrometry, 13498. PCB, organism, DDT, environmental assessment, sedimentary contaminant, USA, Maine, Casco Bay; 06799. PCB, trace metal, grain size, estuary, contaminant, Canada, St. Lawrence River; 05480. peat, lipid, biogeochemistry, seasonality, river sediment, Arctic Ocean, Mackenzie River Estuary; Beaufort Sea; 01678. pollution persistence, mangrove, hydrocarbon, oil spill, Panama, Galeta; 12015. radionuclide, contamination, fish, shellfish, hazard, USA, New Jersey, Arthur Kill; Hackensack River; USA, New Jersey, Passaic River; 06789. river water quality, fluorescence detection, HPLC, Europe, Danube River; 09657. sewage, toxicity, contamination, sediment quality, Canada, British Columbia, Victoria; 09401. size distribution, urban, aerosol, seasonal dependence, hydrocarbon, Spain, Barcelona; 08710. sorption, hydrophobic pollutant, contaminant transport, bacteria, 07064. surface water quality, water quality management, nonpoint source pollution, pollution reduction, pesticide, Netherlands; 07160. total organic carbon, lead, mercury, phosphate, coastal water pollution, Kuwait; 05714. toxicity, lead, trap/skeet shooting, North America, Great Lakes, Lake Michigan; 10686. transport, long range transport, ice sheet, aerosol, Greenland; 08716. vegetation/atmosphere partitioning, vegetation, 11624. water column, cycling, organic matter, sediment trap, Mediterranean Sea, Ligurian Sea; 03046.
- paint**
petrol, roadside dust, soil, anthropogenic impact, lead contamination, Czech Republic; Slovakia; 06381.
- painted stone**
rockwall, debris movement, talus cone, Venezuela, Andes; 06515.
- painted tracer**
slope stability, rock creep, frost creep, stone trail, France, Alps-de-Haute-Provence, Baronnies Mountains; 05238.
- paired basin study**
acidification, deforestation, streamwater quality, acid, deposition, Germany, Hesse, Krosdorf Forest; 07122.
- paired terraces**
glacial lake, late glacial, terrace, USA, Ohio, Maumee River; Indiana, Maumee River; USA, Indiana, Perrysburg; 10365.
- Pakhna Formation**
tectonic evolution, Miocene, subduction, carbonate, Neogene, Cyprus; 01721.
- Palaeoaplysina**
sea level, Permian, diagenesis, porosity, sedimentary cycle, Kapp Duner Formation, Barents Sea, Bjornoya; 13206.
- palaeobathymetry**
Jurassic, microbiolite, stromatolite, oncoid, Switzerland; 01615. orientation, iceberg scour, sidescan sonogram, Canada, Saskatchewan; Scotian Shelf, Emerald Basin; 05288.
- palaeobiogeography**
radiocarbon dating, anthropogenic transport, Santorini ash, Holocene, coccolithophore, Black Sea; 13110.
- palaeobotanical map**
global warming, Mikulinian interglacial, geographical zonality, interglacial vegetation, Russian Federation; 06374.
- palaeobotany**
climate change, palaeoenvironment, raised bog, UK, England, Cumbria, Bolton Fell Moss; 13106. Eemian, Vistulian, pollen analysis, interglacial sediment, Poland, Silesia, Rybnik Plateau, Golasowice; 11817. taxonomy, variation, Larix, larch cone, Japan; 14261. vegetation change, Cainozoic (late) climate change, palaeotemperature, palynology, Japan, Kyushu; 14259.
- palaeocanyon**
channel fill, conglomerate, canyon fill, submarine canyon, Miocene, Italy, Calabria, Stilo; 02993.
- palaeoceanographic reconstruction**
subpolar region, dinoflagellate cyst, Labrador Sea; 14228.
- palaeoceanographic tracer**
multibox model, ocean circulation, nutrient distribution, cadmium, 02748.
- palaeoceanography**
biogeochemical flux, deep sea circulation, carbon cycling, productivity, redox conditions, Labrador Sea; 14234. climate change, thermohaline circulation, Younger Dryas, polar deep water, deep water formation, 02740. climate reconstruction, Neogene, factor analysis, sea surface temperature, Pacific; 14222. diatom pulse, marine plankton, Saksunarvatn ash layer, Broecker conveyor belt, dissolved nutrient, Norwegian Sea; 05281. diatom, thanatocenoses, Productivity Assemblage, nutrient flux, Holocene, Bering Sea, Pervenets Canyon; 05290. interglacial oozes, planktonic oxygen-18 record, Subtropical Convergence, oceanic circulation, climate change, Pacific, Chatham Rise; 04061. micropalaeontology, geochemical data, monsoon, Quaternary (late), Arabian Sea; Oman; 13042. organic matter, upwelling, seafloor, sediment column, Pacific, Ontong Java Plateau; 00353. oxygen gradient, deep water, upwelling zone, nutrient gradient, Pacific; Peru; 11794. planktonic foraminifera, DSDP, palaeontology, Indian Ocean; 01476. Pleistocene, molluscan assemblage, sea surface temperature, Pacific; Sea of Japan; 14221. point counting technique, terrigenous sediment, silica, biogenic silica, 02857. Quaternary (late), deglaciation, Younger Dryas, benthic foraminifera, Canada, British Columbia, Queen Charlotte Sound; Hecate Strait; 01482. Quaternary, deep water circulation, carbon isotope record, Atlantic; 13040. salinity, meltwater flux, Quaternary (late), deep water, intermediate water, foraminiferal evidence, Canada, Gulf of St. Lawrence, Gaspe Peninsula; 06559. sea level, oxygen isotope curve, Quaternary, carbon cycling, Pacific; Sea of Japan; 14224. sediment core, North Atlantic Drift, insolation anomaly, surface ocean condition, diatom, Greenland Sea; Iceland

- Sea; Norwegian Sea; 04054. silica, organic carbon, abyssal plain, Quaternary, calcareous ooze, Indian Ocean, Central Indian Basin; 10661. validation, shell chemistry, barium, planktonic foraminifera, 14220.
- Palaeocene**
kaolinite, volcanic ash, peat, dissolution, Canada, Alberta, Wabamun; 08004. meteoric water, burial history, Miocene, reservoir quality, diagenesis, New Zealand, Taranaki Basin, Kupe South Field; 11935. Tremp Group, palaeosol, fluvial architecture, Esplugafreda Formation, Spain; 13172.
- palaeochannel**
alluvium, weathering, Cainozoic, Wallatin Creek Formation, Yilgarn Craton, Australia, Western Australia, Wallatin Creek; 06734. channel geometry, sediment transport, braided river deposit, 04155. discharge estimation, palaeoclimate, Holocene, radiocarbon dating, palaeohydrology, Thailand, Yom River, SiSatchanalai; 10517. Jurassic, sandstone, Saltwick Formation, permeability, UK, England, North Yorkshire, Whitby; 02955. Little Ice Age, Holocene, delta, geomorphological study, fluvial sedimentary environment, France, Bouches-du-Rhone, Rhone Delta; 09039.
- palaeochannel evidence**
drainage diversion, Quaternary (late), channel morphology, shoreline evidence, Lahontan palaeolake, USA, Nevada, Walker River; 00196.
- palaeochemistry**
carbon isotope record, deep water, surface water, Pleistocene, Pacific, Sulu Sea; 13046.
- palaeocirculation**
Heinrich event 1, deep circulation, Younger Dryas, planktonic foraminifera, Atlantic, (North); 13041.
- palaeoclimate**
aeolian input, quartz flux, ODP Leg 128, Cainozoic (late), accumulation rate, Milankovitch, Pacific; Sea of Japan; 14218. biogeography, land snail, Last Glacial Maximum, climate change, 02762. coastal formation, Holocene, transgression, pollen analysis, Russian Federation, Lake Ladoga; 00269. cooling event, Killarney Oscillation, late glacial, Amphib-Atlantic Oscillation, 13037. dendrochronology, treeline, Medieval Warm Period, glacier distribution, Canada, Rocky Mountains; 13096. dust, REE, provenance, deep sea sediment, Pacific; 01620. evaporite, Mulhouse Basin, sedimentation rate, organic matter, palaeoproductivity, France, Alsace, Mulhouse; 05406. frequency spectra, pollen record, fission track dating, orbital frequency, Colombia, Eastern Cordillera, Bogota Basin, Funza; 04063. Gauss/Matuyama boundary, Pliocene/Pleistocene, pollen analysis, magnetic polarity, China, Shanxi, Yushe Basin; 05271. GCM, Holocene, ice age initiation, Last Glacial Maximum, modelling, 05276. glacier fluctuation, cold based ice, ice sheet dynamics, Quaternary, Antarctica, Taylor Glacier; 11865. Holocene, geochemical evolution, salinity, meromixis, USA, South Dakota, Medicine Lake; 14288. Holocene, plant remains, upwelling cold water, radiocarbon date, Mexico, Sonora, Sierra Bacha; 09206. Holocene, pollen analysis, relict forest, Araucaria, Brazil; 14247. Holocene, radiocarbon dating, palaeohydrology, palaeochannel, discharge estimation, Thailand, Yom River, SiSatchanalai; 10517. landscape evolution, geomorphology, hyperarid area, hamada desert, fluvial erosion, Egypt, Western Desert; 09056. leaf water, cellulose, carbon dioxide, oxygen isotope, 14119. lichenometric dating, Little Ice Age, impact landform, snow avalanche, Norway, Breheimen; 14297. neotectonic activity, geomorphological evolution, salt lake, well section, India, Rajasthan, Churu District, Talchappar Salt Lake; 05295. ocean record, temperature, penultimate glacial, Vostok ice core, Antarctica, Vostok Station; 04051. palaeoecology, Allerod, peat, plant macrofossil, Coleoptera, Norway, Godoy; 02778. palaeoflow, bottom water velocity, palaeocurrent speed, mudwave migration, Atlantic, (South), Argentine Basin; 01473. palaeohydrology, strontium, hydrological change, strontium isotope record, Australia, South Australia, Frome Lake; 09165. peat stratigraphy, climate sensitivity, record continuity, Holocene, 10424. permafrost, Last Glacial, Lower Dryas, France, Aquitaine; 06617. Pleistocene, periglacial research, climate change, Netherlands; 07925. protalus rampart, Bottelnek Stadial, equilibrium line, Last Glacial stage, South Africa, Drakensberg, Bokspruit; 13140. pumice deposit, radiocarbon age, tephra, Japan, Hokkaido, Mt. Eniwa; 09142. Quaternary, pollen, plant macrofossil data, climate response surface, 05269. Quaternary (late), environmental record, tropics, palaeolake, Madagascar, Malagasy Plateau, Lake Tritrivakely; 14250. Quaternary geology, geomorphology, tectonics, volcanism, alluvial basin, South America, Andes; Falkland Islands; 07774. rainfall, late glacial, sedimentology, lake level, palaeohydrology, Chile, Atacama Desert, Altiplano, Laguna Lejia; 14245. smectite, continental shelf, kaolinite, terrigenous sediment, mud, Namibia, Kunene Shelf; Walvis Shelf; 06759. SPECMAP project, grain size, Quaternary, oceanic record, loess, periodicity, 13024. speleothem, microbanding, luminescence, isotopic record, North America; 13010. stalagmite sequence, pollen analysis, U-Th dating, Isotope Substage 5.4, Belgium, Han-sur-Lesse, Grotte de Han; 09144. vegetation, late glacial, pollen analysis, altitude variation, France, Alps; 04079. Weichselian, oxygen isotope composition, carbon isotope composition, lake sediment, Poland; Sweden; 13072. Weichselian, periglacial, permafrost reconstruction, Last Glacial, dating, Europe; 01553.
- palaeoclimate change**
mobile polar high, meridional, airmass, energy exchange, tropospheric circulation, 00008. Quaternary, carnivore, distribution, diversity, Israel; 01492.
- palaeoclimate data**
global climate change, moisture, arid zone, feedback mechanism, Africa; Australia; 06371.
- palaeoclimate indicator**
colluvial boulder deposit, boulder, denudation rate, freeze/thaw, winter temperature, USA, Nevada, Yuca Mountain; 01485. penguin rookery, Holocene, *Pygoscelis adeliae*, glacier retreat, Antarctica, Victoria Land Coast; 07906.
- palaeoclimate interpretation**
pollen record, numerical approach, Holocene, late glacial, USA, Minnesota, Clearwater County, Elk Lake; 02741.
- palaeoclimate reconstruction**
alluvial fan sequence, Quaternary, uplift, climate fluctuation, alluvial aggradation, Oman, Batinah Coast; 07770. carbon, isotope ratio, 12556. COHMAP, pollen analysis, computer model, global change, 00242. oxygen isotope record, recent warming, ice core evidence, tropical ice core, China, Dunde Ice Cap; 00279. pollen, insect, transfer function, Heinrich event, Last Glacial/Interglacial cycle, France, Grande Pile; 02775. precipitation, Last Interglacial, Holocene, oxygen isotope stratigraphy, Last Glacial, Australia; 00213. Quaternary (late), palynology, environment, vegetation change, USA, Texas, Edwards Plateau; 00199.
- palaeoclimate record**
climate trend, marine paleoclimatic fluctuation, Pleistocene, biomarker, marine application, 07847. high resolution study, IGBP, corals, solar activity, monsoon, Asia; 07846.
- palaeoclimate study**
air temperature, global map, seasonal data, proxy data, climate change, 00001. stratigraphy, lake sediment, diatom, tephra, moss, Antarctica, South Shetland Islands, Livingston Island, Byers Peninsula; 02745.
- palaeoclimatic data**
calcite record, climate change, water table fluctuation, groundwater flow, USA, Nevada, Devils Hole; 09166.
- palaeoclimatic evolution**
late glacial, Holocene, man, Spain, Andalusia, Cadiz; 10467.
- palaeoclimatic reconstruction**
diatom, salinity model, canonical correspondence analysis, climate change, Canada, British Columbia, Cariboo Plateau; Chilcotin Plateau; 06574.
- palaeoclimatology**
aeolian sand, late glacial, periglacial process, sand wedge, Poland; Germany; 00277. atmospheric chemistry, biogeochemical cycle, ice core, Antarctica; Greenland; 11777. grain size, source, aeolian deposition, dust, Oligocene, Pacific, Ontong Java Plateau; 00419. Holocene, last glaciation, pollen record, Kawakawa Tephra, New Zealand, North Island, Wellington; 05286. Holocene, Wurmian, palynology, Palaeolithic, cave sediment, Spain, Catalonia, Gerone, Serinya, Arbreda Cave; 00204. Milankovitch theory, Quaternary, chronostratigraphy, oxygen isotope stratigraphy, glacial geology, 00156. palaeohydrology, saline lake, palaeolimnology, climate change, global warming, 00193. palaeohydrology, Wutonggou Formation, lake water, Permian, bivalve, China, Xinjiang Autonomous Region, Turpan; 06724. upwelling, pollen, holocene, Last Glacial/Interglacial cycle, palaeohydrology, Morocco; Atlantic, (North); 11797. World Data Center-A, climate change, proxy environmental record, USA, Colorado, Boulder; 05125.
- palaeocurrent**
bedform, point bar deposit, bedding, grain size, 14434. Gilbert type delta, Upper Marine Molasse, Miocene, lithofacies, Austria, Vorarlberg, Pfander; 01688. Itajai Group, platform, sedimentation, basin, Brazil, Santa Catarina; 01720. Kendal Group, Windermere Supergroup, foreland basin, Silurian, turbidite, UK, England, Lake District; 09344. Oligocene, Miocene, point bar, meander, bedding, Spain, Iberian Range, Loranca Basin; 14337. peneplanation, tectonic geomorphology, sedimentary structure, India, Shillong Plateau; 12984. Pleistocene, provenance, Rodados Patagonicos, Argentina, Chubut; 02954. promina bed, Eocene, Oligocene, braided river, delta, Croatia, Dalmatia; 00369. provenance, pelagic limestone, Cretaceous, Solirov Formation, turbidite, Slovakia, West Carpathians; 05448. Satakunta sandstone, sandstone, lithofacies, Proterozoic, grain size, Finland, Satakunta; 02956. shoreline, sedimentary structure, cyclic sedimentation, Great Limestone Cyclothem, Carboniferous, UK, England, Stainmore; 14413. turbidity current, Kazusa Group, Katsura Formation, sandstone, Japan, Boso Peninsula; 05443.
- palaeocurrent analysis**
sediment discharge, Proterozoic, Upper Rewa Sandstone, grain size, sorting, India, Madhya Pradesh, Maihar; 10584.
- palaeocurrent orientation**
longitudinal bar, imbrication, clast, fluvial deposit, orientation, 05373.
- palaeocurrent pattern**
shale, Proterozoic, magnetic susceptibility, Newland Formation, storm deposit, USA, Montana, Big Belt Mountains; 04176.
- palaeocurrent speed**
mudwave migration, palaeoclimate, palaeoflow, bottom water velocity, Atlantic, (South), Argentine Basin; 01473.
- palaeodischarge**
alluvial deposit, discharge variation, Devonian, architecture, Munster Basin, Ireland, Munster; 02895.
- palaeodrainage**
base level, drainage reversal, Israel, Dead Sea Rift, Sea of Galilee; 14166. factor analysis, beach sediment, sediment size, relict sediment, USA, North Carolina, Currituck Spit; 13186. greenstone belt, palimpsest landform, weathering front, regolith, etchplain, Australia, Western Australia; 12976. neotectonics, meander belt, fluvial network, morphostructure, wetlands, Peru, Amazon Basin; 12981. tectonic activity, K/Ar dating, antecedence, superimposition, Miocene/Pliocene, France, Massif Central; 06471.
- palaeoceanography**
radiocarbon dating, bioturbation, Western Boundary Undercurrent, foraminifera, accelerator mass spectrometry, Labrador Sea; 14227. water mass, Antarctic Bottom Water, Holocene, Younger Dryas, benthic foraminifera, Labrador Sea; 14233.
- palaeoecological data**
geomorphology, sedimentology, Holocene, transgression, Spain, Galicia, Coruna, Ria de Ares, Seselle Lagoon; 07910.
- palaeoecological indicator**
estuary, sedimentation rate, anoxia, eutrophication, historical data, USA, Chesapeake Bay; 12262.
- palaeoecology**
Allerod, peat, plant macrofossil, Coleoptera, palaeoclimate, Norway, Godoy; 02778. anthropogenic impact, sedimentary sequence, Holocene, Mesolithic, pollen, chalk grassland, UK, England, Yorkshire, Wolds, Willow Garth; 00244. anthropogenic impact, water balance, lake level, fire, palaeohydrology, Sweden, Hallefors; 09208. Arroyo, Pleistocene, Charophyta, lentic environment, lotic environment, Argentina, Entre Rios, Perucho Verna; 13066. climate change, vegetation, 07319. Flitaway, Isortoq, interglacial deposit, Barnes Ice Cap, age determination, Canada, Northwest Territories, Baffin Island; 04050. foraminifera, ostracod, radiocarbon dating, Weichselian, Holocene, North Sea, Kattegat; 07874. foraminifera, ostracode, continental shelf, Quaternary (late), Mediterranean, Adriatic Sea, Dosso Gallignani area; 14241. habitat destruction, precipitation, sediment, carnivore, Quaternary (late), species diversity, Israel; 13054. Holocene

- Climatic Optimum, biotic refugia, dispersal, Svalbard, Spitsbergen, Barentsburg, Grondalen; 06602. Holocene, anthropogenic impact, human settlement, Torrey pine, estuarine marsh, USA, California, Santa Rosa Island; 13103. Holocene, mollusc, alluvium, sedimentation rate, Canada, Manitoba, Red River; 06729. interglacial site, organic layer, diamicton, radiocarbon date, stratigraphy, Canada, Northwest Territories, Ellesmere Island, Wootton Peninsula; 05297. lagoon, Holocene, environmental change, diatom, Argentina, Buenos Aires, Mar Chiquita Lagoon; 13268. lake morphometry, sediment mixing, 14213. modern, fossil, Potamid, saline lake, lacustrine environment, 00194. natural resource, archaeology, Pleistocene, Holocene, ecosystem management, Bolivia, High Andes, Lauca National Park; 01749. palaeopedology, cryoturbation, till sequence, Pleistocene, stratigraphy, Canada, Northwest Territories, District of Mackenzie, Little Bear River; 04086. peat deposit, Holocene, diatom, chrysophyte cyst, protozoan plate, Greenland, Nordvesto; 13079. rainforest, iron age, fire, Gabon; 10468. sediment core, database, lake sediment, Poland, Lake Gosciaz; 07949. sediment depth, diatom, spatial distribution, salt marsh, USA, New England; 01703. stratigraphy, Pliocene/Pleistocene, mammalian biochronology, semiarid piedmont plain, alluvial fan, USA, New Mexico, Albuquerque, Tijeras Arroyo; 01484. vegetation science, pollen diagram, analogue matching, statistical significance, Quaternary, UK; 06542. Villafranchian, stratigraphy, mammal, France, Drome, Saint-Villier; 14256. wetlands, tidal deposit, diatom, 05347.
- palaeoenvironment**
 anoxia, Tethys, Bajocian, Podzamec Formation, trace fossil, Poland, Carpathians, Pieniny Klippen Belt; 14427. Beaufort Group, Adelaide Subgroup, sandstone, braided river, Markov cyclicity, South Africa, Karoo; 00373. biofacies, thanatocoenose, molluscan assemblage, delta lake, Egypt, Nile Delta; 13053. biomarker, porphyrin extraction, sulphur, 00324. Boreal, Little Ice Age, borehole, archaeology, Holocene, France, Isere, Bas-Dauphine, Balmes Viennoises; 07904. burial, photic zone, biomarker, organic matter, 13234. carbon-13, organic matter dynamics, 09440. carbon isotope, organic matter, Quaternary (late), pollen analysis, Cameroon, Lake Barombi Mbo; 10469. carbonate bank, taphonomy, reworking, fossil, crinoid, Bahamas, Little Bahama Bank; 08065. channel, meander, Permian, macroflora, Saint-Mandrier Formation, France, Provence, Toulon; 09275. clay mineral, Cainozoic, mudstone, denudation, Taiwan, Central Range; 14420. correlation, benthic foraminifera, Holocene, Eemian, interglacial sediment, North Sea; 04056. cyanobacteria, algae, sterane, biomarker, pyrolysis, organic matter, 02939. desiccation, alluvial sediment, Pleistocene, calcrete, thermoluminescence, India, Rajasthan, Thar Desert; 13267. Devensian, palynology, Coleoptera, Loch Lomond Stadial, late glacial, UK, England, Yorkshire, Gransmoor; 13069. diatom, Holocene, sedimentary environment, coastal deposit, sea level change, Netherlands, North Holland; 14289. dolomite, magnesite, sepiolite, Miocene, gypsum, Turkey, Eskisehir Province; 11931. dolostone, Cambrian, siltstone, sandstone, Rome Formation, USA, Tennessee, Anderson County, Haw Ridge; Roane County, Haw Ridge; 09273. environmental change, pollen analysis, Holocene, Japan, Honshu, Ibaraki Prefecture, Sakuragawa Lowland; 06584. extinction, vegetation change, lake level change, Holocene, pollen analysis, Madagascar, Lake Mitsinjo; 10512. filamentous algae, stromatolite, Nihewan Formation, China, Hebei Province, Nihewan Basin; 13077. geomorphology, pedology, landform, soil, 01338. Holocene, pollen, proxy indicator, coleoptera, timberline, France, Isere, Taillefer Massif; Isere; 04106. Jurassic, organic matter, diagenesis, Akkuyu Formation, thermal maturity, carbonate platform, Turkey, Taurus Mountains; 09320. lake sediment, ontogeny, Quaternary, Argentina, Buenos Aires Province, Lobos Lake; 13265. lake sediment, palynology, late glacial, vegetation, Ireland; 13067. lake sediment, water quality, anthropogenic impact, Canada, British Columbia, Okanagan Valley, Wood Lake; 12936. lamina, soil micromorphology, carbonate, calcitic pendent, Svalbard, Spitsbergen, Ny-Alesund; 13353. Last Glacial Maximum, Arthropoda, fossil record, Amara alpina, Italy, Verona; 13050. limestone, Carboniferous, ostracod, spirorbid, palaeogeography, UK, Scotland, West Lothian, East Kirkton; 10636. marl, bacteria, porphyrin, anoxia, France, Alsace, Mulhouse; 05422. maze cave, dolomitic limestone, flowstone, pollen, karst, Zaire, Mount Hoyu; 05258. microbiozonation, microfossils, Holocene deposit, Breydon Formation, Flandrian transgression, UK, England, Norfolk; Suffolk; 05315. Oligocene, Mulhouse Basin, marl, evaporite, organic matter, France, Alsace, Mulhouse; 05405. organic deposit, Allerod, Younger Dryas, Canada, Nova Scotia; 13057. organic matter, marl, evaporite, hydrocarbon, France, Alsace, Mulhouse; 05421. Palaeolithic, terrace, morphosedimentary evolution, loess, stratigraphy, France, Somme Valley; 10367. paleosol, carbonate, Devonian, cement, rhizolith, 00310. palynology, vegetation, Holocene, Congo, Niari Valley, Lake Simda; 14249. pan, palaeontology, pollen, Quaternary, South Africa, Orange Free State, Deelpan; Eloribad; 05173. petroleum, GC/IRMS, particulate organic matter, isotopic analysis, 14311. plant macrofossil, Pliocene, Pleistocene, vegetation, tectonics, Japan; 14260. playa, deflationary basin, pollen analysis, Holocene, Australia, Victoria, Lake Tyrell; 11808. pollen analysis, lake sediment, sedimentation, infrared spectroscopy, Brazil, Amazonia, Carajas; 14246. pollen analysis, palaeontology, Younger Dryas, USA, Allamuchy Pond, New Jersey; Linsley Pond, Connecticut; 13062. pollen, dinoflagellate, Younger Dryas, late glacial, postglacial, Canada, Gulf of St. Lawrence; 07865. raised bog, palaeobotany, climate change, UK, England, Cumbria, Bolton Fell Moss; 13106. red sand, aeolian activity, Pleistocene, TL dating, South Africa, Great Escarpment; Cape Province; 09299. rhodolith, storm, carbonate, Miocene, algae, Australia, Queensland Continental Margin, Marion Plateau; 09356. Roxana Silt, Wisconsinan loess, Laurentide Ice Sheet, sedimentation rate, USA, Upper Mississippi Valley; 09280. sampling design, particle shape, gravel size, cusp deposit, beach, Ireland, Donegal, Malin Head, Portmore Beach; 06675. savanna soil, ferrallitic soil, humus, carbon-13, rainforest soil, Congo; 09472. sediment transport, Holocene, sedimentation, North Sea, Skagerrak; 00306. sedimentary cycle, crater, breccia, climate control, South Africa, Pretoria, Pretoria Saltpan; 05423. stable isotope ratio, nodule horizon, paleosol, carbonate nodule, USA, Arizona; 06854. transgressive stratum, foraminifera, stratigraphy, China, Zhejiang Province; 09145.
- palaeoenvironment indicator**
 organic matter, biomarker, sterane, ketone, evaporite series, France, Alsace, Mulhouse; 05408.
- palaeoenvironment reconstruction**
 halite, organic matter, evaporite, fluid inclusion, France, Alsace, Mulhouse; 05458. shoreface, bioturbation, storm, transgression, barrier island, Germany; North Sea, East Frisian Islands; 11910.
- palaeoenvironmental analysis**
 salinity data, temperature data, marine record, mollusc, Holocene, depth limit, UK, Scotland; Atlantic, (North); 07854.
- palaeoenvironmental change**
 Magdalenian, late glacial, prehistory, Portugal; 09160. Quaternary, oxygen isotope stratigraphy, mineral magnetism, sedimentology, Australia; 10446.
- palaeoenvironmental condition**
 geomorphology, pedological investigation, fluvial form, rainforest, savanna climate, Zaire; 00207.
- palaeoenvironmental evidence**
 Quaternary, global change, palaeoenvironmental history, tropical landscape, South America; 00201.
- palaeoenvironmental history**
 tropical landscape, palaeoenvironmental evidence, Quaternary, global change, South America; 00201.
- palaeoenvironmental implication**
 Neolithic, water well, underwater archaeology, Holocene, Israel, Atlit-Yam; 04071. Vistulian glacial deposit, glaciodynamic feature, till plain, meltwater channel, Poland, Smigiel; 02797.
- palaeoenvironmental indicator**
 Holocene, ostracod, marine chemistry, salinity, Asia, Aral Sea; 04108.
- palaeoenvironmental interpretation**
 Holocene, coastal sequence, aeolian dune, sea level, Spain, Cantabria; 02761.
- palaeoenvironmental reconstruction**
 Breydon Formation, Holocene, ostracod fauna, foraminifera, UK, England, Norfolk; 05314. organic carbon, nitrogen, bacteria, plant wax, dust, Japan Sea, Oki Ridge; 11951. paleosol, forest/tundra, subarctic soil, podzolic soil, Canada, Quebec; 12091. pollen, diatom, saline marsh, Pleistocene/Holocene, Mexico, Basin of Mexico, Chalco Lake; 06567. seasonal alternation, internal structure, stalagmite, Holocene, 05249. soil development, magnetite, mineral magnetism, Holocene, lake sediment, Sweden, Lappland, Karsa Valley; 00223. thaw modification, Pleistocene, ice wedge cast, frost crack, Permafrost, Canada, Mackenzie Delta, Richards Island; 05327.
- palaeoenvironmental significance**
 faunal province, biofacies, ostracod, benthic fauna, distribution, North Sea; 04055. lightning, climate change, paleosol, Neolithic, fulgurite, Niger, Sahara; 01527.
- palaeoenvironmental study**
 tectonism, Quaternary, diatom, Kawakawa Tephra, New Zealand, North Island, Wellington, Wainuiomata; 09190.
- palaeoflood**
 dam failure, flood, USA, Utah, Virgin River; Arizona, Virgin River; 13475. Holocene, TL dating, Australia, Northern Territory, Ross River; 04110. remote sensing, environmental analysis, physical geography, denudational chronology, Asia, (South); 11647. slackwater deposit, flood, heavy mineral, dam spillway, Australia, New South Wales, Nepean River, Warragamba Dam; 06670. slackwater deposit, Holocene, sedimentary record, Australia, Western Australia, Margaret River; Fitzroy River; 12947.
- palaeoflood analysis**
 alluvial channel, Holocene, floodplain, radiocarbon dating, USA, Oklahoma, Black Bear Creek; 07748.
- palaeoflood data**
 nonparametric method, historical flood, flood frequency analysis, mixture density estimation, parametric method, China; 08346.
- palaeoflood evidence**
 peak flood, flood magnitude, maximum peak discharge, USA, Colorado River basin; 03220.
- palaeoflow**
 bottom water velocity, palaeocurrent speed, mudwave migration, palaeoclimate, Atlantic, (South), Argentine Basin; 01473. ice contact deposit, jokulhlaup, boulder deposit, Norway, Jotunheimen, Mjokkedalsbreen; 14343. sand sheet, fluvial deposit, Kayenta Formation, Jurassic, USA, Colorado Plateau; 00360.
- palaeoflow direction**
 direction indicator, basaltic lava, landscape reconstruction, landscape history, Australia, New South Wales; 01373. sandstone, Miocene/Pliocene, Middle Siwalik Subgroup, gravel, alluvial fan, India, Uttar Pradesh, Dehra Dun Valley; 00377.
- Palaeogene**
 gravel, clast counting, Sespe Formation, statistical analysis, USA, California; 00282. Holocene, arkose, hydrothermal alteration, silica cement, Tertiary, France, Massif Central, Auvergne; 08002. magnetostratigraphy, sequence stratigraphy, disconformity, sea level, USA, Alabama, Bay Minette; 00403. sulphur, Green River Formation, pyrrhotite, marcasite, porewater, USA, Colorado; Utah; USA, Wyoming; 01636.
- palaeogeographic study**
 continental shelf, seafloor sand dune, aeolian sediment, Pleistocene (late), South China Sea; 07861.
- palaeogeographical change**
 geomorphological map, Suna Site, terrace, Holocene, pollen analysis, Japan, Honshu, Osaka Plain; 10393.
- palaeogeographical map**
 carbon storage, atmospheric carbon dioxide, carbon flux, climate change, Africa; 00041.
- palaeogeography**
 archaeological site, radiocarbon dating, sea level rise, 'Ubaid cultural period, Saudi Arabia; 01538. Holocene, sea level change, archaeological site, Aegean Sea; 09216. palaeoenvironment, limestone, Carboniferous, ostracod, spirorbid, UK, Scotland, West Lothian, East Kirkton; 10636. radiocarbon age, humus, Pleistocene, Holocene, paleosol, Ukraine, Crimea, Kerch Peninsula, Aktash Range; 09133. radiocarbon, chronology, Holocene, transgression, Black Sea; Caspian Sea; 10432. sea level, herpetofauna, reptile, glacial period, Japan, Ryukyu Archipelago, Senkaku Group; 02785. sedimentary sequence, Olduvai Subchron, transgressive bed, delta, Holocene transgression, 09159. submarine fan, flysch, Numidian flysch, sandstone, Aquitanian, Algeria, Grande Kabylie Massif; 01718. Triassic, carbonate platform, diagenesis,

- tepee, reef, Italy, Apennines; 01622. turbidity, sand lens, Russian Federation, Mutovinskaya; 00370.
- palaeogeomorphology**
Quaternary, rift valley, structural landform, fluvial erosion, slope retreat, Zaire, Lake Kivu; Ruanda, Lake Kivu; 02765.
- palaeohistory**
channel dynamics, fluvial feature, India, Bihar, Burhi-Gandak River; 15202.
- palaeohydraulic analysis**
lithofacies, sedimentology, genetic factor, proglacial valley facies, Poland, Silesian Upland; 05304. proglacial valley, genetic factors, sedimentology, lithofacies complex, proglacial facies, Poland, Silesian Upland; 00241.
- palaeohydraulic data**
pothole formation, flow separation, vortex, open channel flow, USA, Virginia, Great Falls, Potomac River; 12215.
- palaeohydrochemistry**
provenance, Quaternary, interstitial water, organic matter, pH, trace metal, Baltic Sea; 14391.
- palaeohydrology**
anthropogenic impact, environmental change, Quaternary (late), water balance, 00009. anthropogenic impact, underfit river, discharge change, late glacial, Holocene, Byelorussia, Zapadnaya Beresina Valley, Volozhin; 06457. climate change, lake level change, late glacial, aridity, insolation, Europe; 07835. climate change, TL dating, Quaternary (late), lunette, Australia, New South Wales, Riverine Plain, Lake Urana; 11809. climate change, water balance, evaporation, lake water level, groundwater recharge, USA, Minnesota, Parkers Prairie; 03240. Cretaceous, Ngaterian, stratification, Warder Formation, sedimentation, New Zealand, North Island, Marlborough, Clarence Valley; 02958. estuary, climate change, hyperhaline estuary, river water quality, salinity, Senegal, Casamance River; 14627. freshwater, microfaunal analysis, Quaternary core, radiocarbon dating, Indian Ocean, Mozambique Channel; Mozambique, Zambezi River; 05283. groundwater flow, sedimentary basin, fluid density, USA, Texas, Palo Duro Basin; 12307. groundwater residence time, isotopic data, radiocarbon, groundwater recharge, Australia, South Australia, Otway Basin; 13578. Holocene, hypersaline lake, drought, pollen analysis, environmental change, Canada, Alberta; 00217. palaeochannel, discharge estimation, palaeoclimate, Holocene, radiocarbon dating, Thailand, Yom River, SiSatchanalai; 10517. palaeoclimate, rainfall, late glacial, sedimentology, lake level, Chile, Atacama Desert, Altiplano, Laguna Lejia; 14245. palaeoclimatology, upwelling, pollen, Holocene, Last Glacial/Interglacial cycle, Morocco; Atlantic, (North); 11797. palaeoecology, anthropogenic impact, water balance, lake level, fire, Sweden, Hallefors; 09208. peat formation, Holocene, environmental conditions, Spain, Galicia, Coruna, Sierra do Bocelo; 07903. raised bog, peat, Holocene, stratigraphy, humification, Finland, Pesansuo; 04107. saline lake, palaeolimnology, climate change, global warming, palaeoclimatology, 00193. sinuosity, bedload, grain size, meandering, stream power, braided channel, 12941. stromium, hydrological change, strontium isotope record, palaeoclimate, Australia, South Australia, Frome Lake; 09165. suspension, turbidity, flow velocity, grain size, turbidity current, 13190. unconformity, carbonate, cementation, Jurassic, diagenesis, UK, England; 13201. Wutonggou Formation, lake water, Permian, bivalve, palaeoclimatology, China, Xinjiang Autonomous Region, Turpan; 06724.
- palaeointensity**
seismic zone, ground shaking, dendrochronology, earthquake study, USA, Tennessee, Reelfoot lake; Missouri, New Madrid; 05193.
- palaeokarst**
calcrete, karst, Jurassic, Spain; 01627. carbonate platform, dissolution diagenesis, groundwater, porosity, 09288. karst plateau, weathered rock, France; 13012.
- palaeolake**
lake evolution, Zhuye palaeolake, lake restoration, China, Gansu Province, Qilian Mountains; 00660. palaeoclimate, Quaternary (late), environmental record, tropics, Madagascar, Malagasy Plateau, Lake Tritrivakely; 14250.
- palaeolake shoreline**
Lake Bonneville, obliteration rate, alluvial fan, preservation potential, USA, California, Tule Valley; 00198.
- palaeolimnological study**
Chironomidae, environmental history, oligotrophic lake, Finland, Lake Pajanne; 06599.
- palaeolimnology**
acidification, diatom analysis, lake water chemistry, metal speciation, sediment, Germany, Black Forest, Wildsee; 05752. charophyta, evolution, gyrogonite, ecology, Argentina; 13264. chromatographic analysis, sediment core, lake water chemistry, lake water biology, Italy; 01959. climate change, global warming, palaeoclimatology, palaeohydrology, saline lake, 00193. climate change, varve, stomatocyst, Chrysophyceae, USA, Minnesota, Clearwater County, Elk Lake; 02768. diatom, chrysophyte, acidification, metal contamination, Canada, Ontario, Sudbury, Whitepine Lake; 06593. diatom, eutrophication, varve, phosphorus, lake water, Finland, Lake Vesijarvi; Lahti; 05473. diatom, ostracod, Little Ice Age, aridity, salinity fluctuation, USA, North Dakota, Devils Lake; 10473. diatom, pond water quality, phosphorus, transfer function, eutrophication, UK, England, Hertfordshire, Marsworth Reservoir; 14628. ecological indicator, lake history, chironomid assemblage, sediment, Germany, Bodensee-Untersee; Lake Constance; 06598. eutrophic, nutrient transfer function, diatom/phosphorus transfer, phosphorus, UK, England; 06995. eutrophication, phosphorus, sediment, lake water quality, mixing, Denmark, Vaeng So; Veskerborg So; Denmark, Langeso; 14689. geocology, saline lake, lake water chemistry, lake origin, China; 09624. glacial lake, Holocene, Wisconsinan, sand spit, littoral drift, USA, Illinois, Lake Michigan; Indiana, Lake Michigan; 12949. historical hydrology, lake water chemistry, sediment, sulphur loading, USA, New York, Adirondack Lake; 14671. Holocene, diatom analysis, geochemical analysis, trophic state, productivity, Sweden, Lake Sambosjon; 02808. Holocene, diatom, varved sediment, prairie, logging, USA, Minnesota, Clearwater County, Elk Lake; 02804. hydrochemical indicator, ostracod, lake water chemistry, multivariate analysis, USA, (North-Central); 02013. lake acidification, acidification, scaled chrysophyte, fossil, inference model, USA, Connecticut; 10301. lake sediment, lake water chemistry, natural perturbation, anthropogenic impact, 06982. lake sediment, Quaternary, Argentina; 13263. lake sediment, stratigraphy, acidification, chironomid stratigraphy, acid lake, Finland, Espoo, Lake Orjarvi; 00245. lake water quality, palynology, land use, vegetation, diatom, Sweden; 12887. lake, lead-210, atmospheric deposition, Aulacoseira, carbonaceous particle, Australia, Tasmania, Mount Field National Park, Lake Nicholls; 05478. late glacial, Flandrian, vegetation history, pollen profile, postglacial vegetation, Germany, Schleswig-Holstein, Schwansen; 06578. lead-210, caesium-137, sedimentation rate, gamma counting, radium-226, 14307. mountain lake, lake water chemistry, chrysophycean scale, acidification, Europe, Alps; 14678. percussion coring system, sampling, 01577. phosphorus, diatom, Chironomidae, lake restoration, eutrophication, sediment, Finland, Enajarvi Lake; 09676. pigment, carotenoid, chlorophyll deposition, fossil pigment abundance, 06592. primary production, biomass, pigment, chlorophyll, carotenoid, Netherlands, Lake Vechten; 11947. sedimentology, dry valley, ice cover, Antarctica, McMurdo Dry Valleys; 14298. sulphur, acid lake, mathematical model, historical loading, USA, New York, Adirondack Mountains; 10671. tree ring microscope, varve, lake sediment, image analysis, accumulation, Sweden, Kässjön, Lake Nylandssjön; 10594. tropical marl lake, marl, stratigraphy, stable isotope, Quaternary, Jamaica, Wallywash Great Pond; 05292.
- Palaeolithic (late)**
radiocarbon dating, chronology, osseous material, bone, teeth, Europe, East European Plain; 10437.
- Palaeolithic (Upper)**
Bouvierian (Upper), lithic industry, environment, dating, France, Var, Le Muy, La Baume De Colle Rousse; 02777. Older Dryas, Mousterian industries, depositional break, Pleistocene, cave sediment, France, Alps; Franche-Comte; France, Perigord; 06575.
- Palaeolithic**
cave sediment, palaeoclimatology, Holocene, Wurmian, palynology, Spain, Catalonia, Gerone, Serinya, Arbreda Cave; 00204. geochronology, archaeological excavation, Anglian stage, UK, England, Suffolk, Barnham, East Farm; 14255. terrace, morphosedimentary evolution, loess, stratigraphy, palaeoenvironment, France, Somme Valley; 10367.
- Palaeolithic artefact**
amino acid geochronology, Cromerian Complex, Pleistocene (Middle), mollusc, ostracod, UK, England, Warwickshire, Waverley Wood Pit; 07900.
- palaeology**
glaciation, Allerød, general circulation model, monsoon circulation, 12542.
- palaeomagnetic analysis**
environmental control, slope sediment, sea level change, Coral Sea, Great Barrier Reef; 10455.
- palaeomagnetic data**
uranium series dating, isoleucine epimerisation, calcite speleothem, AAR, speleothem, Norway, Hamarnesgrotta; 09135.
- palaeomagnetic evidence**
tectonic rotation, uplift, clockwise rotation, Pleistocene, Italy, Calabria; Sicily; 09073.
- palaeomagnetism**
Allophaiomys, age determination, Olyor suite, evolution rate, microtine rodent, Russian Federation, Yakutia, Krestovka River; 02783. evolution, high resolution, Pliocene, Pleistocene, radiolarian stratigraphy, Indian Ocean; 01478. magnetic susceptibility, Holocene, radiocarbon dating, Russian Federation, Karelia, Paanajarvi Lake, Pajanne Lake; Finland, Pajanne Lake; 13111. palaeoseismicity, speleothem, collapse, earthquake, Japan, Akiyoshi Plateau; 10404. Quaternary, sediment core, Slovakia, Husina; Breznicka; 13032. rotation, Pleistocene, weathering, tectonism, Italy, Apennines, Basilicata, Matera; 05198. speleothem, glacial evidence, karst, cave deposit, Pleistocene (Lower), France, Isere, Vercors, Vallier Cag; 06547. Valda, periglacial lake, lake sediment, lithology, Russian Federation, Kola Peninsula; 13076.
- palaeomonsoon record**
temperature change, sea surface temperature, coral, monsoon, Arabian Sea; 08637.
- palaeomorphology**
volcanism, geomorphological evolution, dating, 03975.
- palaeontology**
beach, Holocene, sea level, transgression, coral reef, India, Maharashtra, Ratnagiri District; 04267. palaeoceanography, planktonic foraminifera, DSDP, Indian Ocean; 01476. Pleistocene (Upper), stratigraphy, Cangahua Formation, interstadial, Lujanian Mammal Age, Ecuador, Carchi Province, Interandean Depression; 01486. pollen, Quaternary, palaeoenvironment, pan, South Africa, Orange Free State, Deelpan; Elorisbad; 05173. Younger Dryas, palaeoenvironment, pollen analysis, USA, Allamuchy Pond, New Jersey; Linsley Pond, Connecticut; 13062.
- palaeopedology**
cryoturbation, till sequence, Pleistocene, stratigraphy, palaeoecology, Canada, Northwest Territories, District of Mackenzie, Little Bear River; 04086.
- palaeoplain**
tilting, headward erosion, river capture, landscape evolution, Australia, Western Australia, East Kimberley; 12977.
- palaeoproductivity**
barite, productivity, equatorial divergence, tracer, Atlantic, Angola Basin; 09359. palaeoclimate, evaporite, Mulhouse Basin, sedimentation rate, organic matter, France, Alsace, Mulhouse; 05406.
- Palaeoproterozoic**
Kolhan siliciclastics, sediment transport, grain size, India, Orissa, Keonjhar District; 10596.
- palaeorainfall estimate**
pollen sequence, temperature estimate, Pleistocene, water level, analogue method, Zaire, Lake Tanganyika; Tanzania, Lake Tanganyika; 06568.
- palaeorecord**
geochemistry, hydrology, peatland, global change, 00215.
- palaeorelief**
arid zone, climate geomorphology, Africa, Sahara; Chad, Tibesti Mts; 05171. debris flow, Miocene, alluvial deposit, Spain, Altomira Range, Madrid Basin; 13257.
- palaeosalinity**
alkylbenzene, evaporite, density stratification, marl, France, Alsace, Mulhouse; 05407. aragonite, lake level, pigment, land use, isotope, Canada,

- Saskatchewan, Redberry Lake; 00383. climate implication, Holocene drought, lake level, late glacial, Holocene, Canada, Alberta, Fairfax Lake; Goldeye Lake; Canda, Alberta, Moore Lake; 00169. microfaunal assemblage, salinity change, mangrove peat, Maya wetland, Holocene, Belize, Cobweb Swamp, Colha; 09207. pollen, ostracod, foraminifera, Holocene, vegetational history, Tunisia, Garaet el Ichkeul; 04066.
- palaeoseismic record**
aseismic growth, San Andreas Fault, uplift, levelling data, earthquake, USA, California, Durmid Hill; 02696.
- palaeoseismicity**
coral, mass spectrometry, uplifted coral, uranium series dating, Taiwan; 00272. deglaciation, isostatic uplift, varve, earthquake, Sweden; 06479. earthquake cluster, San Andreas Fault, charcoal, radiocarbon analysis, USA, California, Carrizo Plain; 11686. earthquake, alluvial sediment, sediment deformation, postglacial, Canada, New Brunswick, Miramichi Region, Oxbow Site; 12980. neotectonics, fault scarp, slip rate, USA, Idaho; Utah; USA, Wyoming; 06476. radiocarbon dating, earthquake, fault, slip rate, recurrence interval, Italy, Salerno; 01452. speleothem, collapse, earthquake, palaeomagnetism, Japan, Akiyoshi Plateau; 10404.
- palaeoshoreline**
Quaternary, terrace, shoreline, lagoon system, lobate delta, USA, Florida, Panhandle; 00258.
- palaeosol**
alluvial fan, conglomerate, calcrete, Carboniferous, Canyon Fiord Formation, Canada, Northwest Territories, Ellesmere Island; 02907. fluvial architecture, Esplugafreda Formation, palaeocene, Tremp Group, Spain; 13172. organic matter, dolomitization, mangrove deposit, sabkha, United Arab Emirates, Abu Dhabi Sabkha; 14374.
- palaeostress analysis**
uplift, piggyback basin, compressional basin, Pliocene/Pleistocene basin, thrust belt evolution, Italy, Basilicata, Southern Apennines; 09065.
- palaeotemperature**
dolomitization, seawater, Proterozoic, Chanda Limestone, oxygen isotope, India, Andhra Pradesh, Adilabad; 01635. geothermometer, diagenesis, burial metamorphism, fluid inclusion, vitrine reflectance, Japan; 10623. Last Interglacial, U-Th dating, oxygen isotope study, *Strombus bubonius*, climate change, Spain, Balearic Islands, Majorca, Palma Nova; Tunisia, Nonastir; 02749. Miocene, Oligocene, sea level, climate change, foraminifera, carbonate platform, Coral Sea, Great Barrier Reef; 09354. oxygen isotope, sea surface temperature, foraminifera, Atlantic, (North); 09332. palynology, palaeobotany, vegetation change, Cainozoic (late) climate change, Japan, Kyushu; 14259. Quaternary, glacial/interglacial boundary, sea surface temperature, carbonate dissolution, South China Sea; Pacific, Sulu Sea; 13047. time series, Brunhes Chron, Matuyama Chron, orbital parameters, spectral analysis, Pacific, (North); 14223. tracer, porewater, diagenesis, diagenesis, 04200. volcano, pollen data, glacial stratigraphy, temperature, anthropogenic impact, Mexico, La Malinche Volcano; 07848.
- palaeotemperature estimation**
Pleistocene, sea surface temperature, boreal fossil assemblage, mollusc, Japan; 10438.
- palaeotemperature reconstruction**
Coralline Crag, Chillesford Sand Member, Norwich Crag, Waltonian Crag, Pliocene, ostracode, UK, England, East Anglia; North Sea; Netherlands; 14240. magnesium/calcium ratio, ostracode shell, Quaternary, Coral Sea, Queensland Trough; 10448.
- palaeotethys**
beach, sandstone, Triassic, Permian, continental margin, China, Qinghai Province, Xijin Ulan; 06748.
- palaeotide**
salinity, sea level, Holocene, diatom, coastal deposit, Netherlands, Poortvliet; 05431.
- palaeotopography**
Last Glacial Maximum, ice volume, CLIMAP reconstruction, Ice Age, 14215.
- palaeotropical weathering**
planation surface, peneplain, basement complex, feldspar, quartz, Germany, Bavaria; 00101.
- palaeovalley**
diamictite, Ordovician, Silurian, glaciofluvial deposit, Jordan; 10593. gravel, Quaternary, alluvial fan, sedimentation, transgression, Greece, Crete, Lefka Ori; 13178. Pennsylvanian, Sharon Conglomerate, liquefaction, deformation, cross bedding, USA, Ohio, Summit County, Virginia Kendall Park; 00363.
- palaeovegetation**
coalification, phenol, thermal maturation, lignin, hydroxybenzoic acid, Indonesia, Borneo, Mahakam Delta; 01657. future warming, precipitation estimate, climate change, Holocene optimum, Russian Federation, Siberia; 09186.
- palaeowater**
Floridan aquifer system, Holocene groundwater, recharge, stable isotope enrichment, USA, Georgia; Atlantic Coastal Plain; 07863.
- palaeowind**
geological evidence, dune form, yardang, windblown tree, Flandrian, UK, England; USA; 05313.
- Palaeozoic**
epiclastic rock, subaqueous lava, lava dome, Italy, Sardinia, Sarrabus; Mediterranean Sea; 11921. red stromatactis limestone, stromatactis, diagenesis, sponge, cementation, Canada, Quebec, Quebec Appalachians; Belgium; 02908.
- Palaeocene**
Fort Union Formation, Tullock Member, channel deposit, overbank deposit, sedimentary structure, USA, Montana, Powder River Basin; Wyoming, Powder River Basin; 00362. mudstone, sea level, tidal flat, cyclic sedimentation, Cape Pillsbury Member, 14412. rhythmite, cycle, environmental change, Pine Barren Member, USA, Alabama, Bragg; 13185.
- palaeosol**
accumulation rate, Eocene, Willwood Formation, subsidence, USA, Wyoming; 00361. aeolian deposit, thermoluminescence dating, radiocarbon dating, loess, India, Kashmir; 13028. archaeological artifact, Quaternary, storm beach, charcoal, Australia, Western Australia, Swan Region, Rottnest Island; 13055. braunlehm, rotlehm, periglacial zone, loess series, Czech Republic, Moravia, Boretice; 02782. carbonate nodule, palaeoenvironment, stable isotope ratio, nodule horizon, USA, Arizona; 06854. carbonate, Devonian, cement, rhizolith, palaeoenvironment, 00310. clay, Neogene, sepiolite, Madrid Basin, texture, Spain, Madrid; 04219. forest/tundra, subarctic soil, podzolic soil, palaeoenvironmental reconstruction, Canada, Quebec; 12091. fragipan, loess, elevation, sand transportation, New Zealand; China; 05444. gravel shattering, salt shattering, soil chronosequence, reg, desert soil, Israel, Negev Desert; 01825. Holocene, lake level fluctuation, climate change, loess, climate optimum, China, Qinghai Lake; 04109. ichnofacies, Homeb Silt Formation, flood deposit, aridity, Pleistocene (late), Namibia, Kuiseb River; 00292. loess, tephra, Wisconsinan, glacial drift, soil, Canada, Saskatchewan; Alberta; 00387. micromorphological evidence, soil deterioration, Holocene, archaeological site, France, Brittany; 06597. mineralogy, decarbonation, monosiallisation, clay translocation, bisiallisation, Italy; Italy, Sardinia; 09462. mineralogy, pedogenesis, ferromagnetic mineral, loess, magnetic susceptibility, China; 14510. Neolithic, fulgurite, palaeoenvironmental significance, lightning, climate change, Niger, Sahara; 01527. palaeogeography, radiocarbon age, humus, Pleistocene, Holocene, Ukraine, Crimea, Kerch Peninsula, Aktash Range; 09133. Pennsylvanian, braidplain, Boss Point Formation, calcrete, siderite, Canada, Maritime Provinces; 02926. plant decline, atmospheric carbon dioxide, C4 plant, last deglaciation, USA, New Mexico, Chihuahuan Desert; 10284. platform, exposure surface, Holocene, marine carbonate, shallow water carbonate, 08023. provenance, climate development, periglacial environment, Tiglian stage, Beersse glacial, Belgium; 07923. quartz, Osaka Group, Sandy Loess, grain size distribution, sedimentary environment, loess, China, Loess Plateau; Japan; 06583. Quaternary, pluvial lake, loess, glaciation, lava, USA, Idaho, Snake River Plain; 00388. Quaternary, stratigraphy, podzol, esker, Finland, Ostrobothnia; 00226. red bed, pigmentation, colour, haematite, 10607. sand body, reservoir, Willwood Formation, Eocene, overbank deposit, USA, Wyoming; 02952. soil classification, pedogenetic feature, 00469. soil structure, climate, Permian, Triassic, red bed, Antarctica, Prydz Bay; 02929. tephrochronology, tephra, loess, AAR, dating, New Zealand, North Island, Rotorua, Mamaku Plateau; 09141. Terra Rossa, alluvial sediment, deep weathering, Italy, Friuli; 01352. TL dating, buried podzol, optically stimulated luminescence dating, till, Eemian, Finland, Ostrobothnia; 02780. Visean, evaporation, carbon, soil gas, Terwagne Formation, Belgium; 00348. Yarmouth-Sangamon Paleosol, till, loess, polygenesis, Pleistocene, USA, Iowa, Earlham; 05272.
- Palestine**
Matthew Paris, medieval cartographer, 13979.
- Paleustaff**
crop rotation, soil temporal variation, aggregate stability, tillage, Australia, New South Wales, Wagga Wagga; 13395.
- Paleustoll**
Paratill, tillage, bulk density, penetration resistance, USA, Great Plains; 01823. soil classification, soil mapping, loessial soil, Argiustoll, USA, Nebraska, Clay County; 01815. soil fabric, soil micromorphology, mineralogy, iron, Zambia, Mount Makulu Central Research Station; 05589. soil water movement, hydraulic conductivity, calcic horizon, USA, Texas, Great Plains; 04388.
- Palexeralf**
pedochemical environment, opal, opaline pendant, USA, California; 01820.
- palila bird**
treeline, forest climatology, USA, Hawaii; 05946.
- palimpsest landform**
relict glacial landform, ice divide, glacial landform, Canada, Nova Scotia; 10485. weathering front, regolith, etchplain, palaeodrainage, greenstone belt, Australia, Western Australia; 12976.
- Palmer drought severity index**
drought region, dendrochronology, spatial pattern, rotated principal components, USA; Canada; 07324.
- Palmer index**
hydrological drought index, climatology, drought, USA, Ohio; 03422. spatial pattern, drought (1900-1989), USA; 11266.
- Palmer's Z-index**
model calibration, water balance model, streamflow, soil moisture, monthly water balance, USA, Ohio; California; 09569.
- Paluch mixing diagram**
cloud, thermodynamic diagram, entrainment, mixing, 05985.
- paludal sediment**
neotectonics, lake sediment, marsh sediment, subaerial exposure, Quaternary, Croatia, Zagreb, Precko; 00227.
- paludified dune field**
macrofossil, tree ring evidence, forest succession, Holocene, hemlock decline, Canada, Quebec; 00218.
- Paludult**
plant uptake, nitrogen availability, compost, municipal refuse, Canary Islands, Tenerife; 08163.
- palygorskite**
ferromanganese, mineralization, continental margin, hydrothermal deposit, Pacific, California Continental Margin; Morro Fracture Zone; California Continental Margin, Santa Lucia Escarpment; 06769. isotope, clay mineral, REE, geochemistry, sepiolite, Spain; 09303.
- palynofacies**
Jurassic, Oxford Clay Formation, pyrite, organic matter, petrography, UK, England; 06707.
- palynological data**
vegetation, climate, Coprolite, vertebrate, Dmanisi man period, Georgia, Dmanisi; 11822.
- palynological evidence**
climate oscillation, Heinrich event, pine pollen, Last Glacial cycle, Laurentide Ice Sheet, USA, Florida, Lake Tulane; 00170.
- palynology**
alluvial plain, Holocene, Tardiglacial, Preboreal, Subboreal, France, Ardennes, Meuse River; 10508. Arctic treeline, Holocene, displacement, Canada, Northwest Territories, Reindeer Lake; Sleet Lake; Canada, Northwest Territories, Bluffer's Pingo; 06573. carbon cycling, organic matter, oxidation, turbidite, Pacific, US shelf; Atlantic, Madeira Abyssal Plain; 14386. Coleoptera, Loch Lomond Stadial, late glacial, palaeoenviron-

- ment, Devensian, UK, England, Yorkshire, Gransmoor; 13069. dust, desertification, Africa, Sahara; 04163. environment, vegetation change, palaeoclimate reconstruction, Quaternary (late), USA, Texas, Edwards Plateau; 00199. environmental development, Cainozoic (late), stratigraphy, chronology, China, Yushe Basin; 14258. Holocene, climate record, core, peat, charcoal, vegetation decline, Australia, Western Australia, Rottnest Island, Barker Swamp; 05296. lagoon, transgression, forest vegetation, Quaternary, Brazil, Rio Grande do Sul, Lagoa dos Patos; 13262. lake sediment, environmental change, temporal pattern, spatial pattern, late glacial, Netherlands; 13070. land use, vegetation, diatom, palaeolimnology, lake water quality, Sweden; 12887. Last Glacial/Interglacial, monsoonal flux, atmospheric circulation, aeolian input, West Africa, Gulf of Guinea; 13034. late glacial, vegetation, palaeoenvironment, lake sediment, Ireland; 13067. palaeobotany, vegetation change, Cainozoic (late) climate change, palaeo-temperature, Japan, Kyushu; 14259. Palaeolithic, cave sediment, palaeoclimatology, Holocene, Wurmian, Spain, Catalonia, Gerone, Serinya, Arbrera Cave; 00204. Piaski Formation, radiocarbon dating, Weichselian, Middle Pleniglacial stratigraphy, vegetation, Poland; 07879. Pleistocene, Rhododendron ponticum, climate deterioration, interglacial, Hoxnian, Ireland, County Mayo, Castlebar, Burren Townland; Derrynadivva; 11813. rainfall estimation, hyrax dung, Holocene, precipitation reconstruction, South Africa, Cape Province, Middelburg; 04432. vegetation zone, Brunhes chron, marine data, Saharan/Sahelain boundary, tropical rain forest, Morocco; Africa, (North-west); 07859. vegetation zone, dinoflagellate cyst, primary productivity, recent, Labrador Sea; Canada, Baffin Bay; 14232. vegetation, anthropogenic impact, land use, Argentina, Buenos Aires Province, Los Padres; 13261. vegetation, Holocene, palaeoenvironment, Congo, Niari Valley, Lake Simba; 14249.
- palynomorph**
Pleistocene, pollen stratigraphy, depositional environment, North Sea, Devils Hole; 14239.
- palynostratigraphy**
lacustrine record, radiocarbon dating, pollen influx, climate change, Norway, Andoya, Ovre Aerasvatn Lake; 04081.
- palynozone**
Pleistocene, borehole, sedimentation, grain size classification, sorting, Israel, Dead Sea, Sdom-2 Borehole; 06650.
- PAN**
aromatic compound, PBzNs, 04769. Holocene, Pleistocene, lunette dune, aeolian process, Namibia, Hakskeen Pan; Etosha Pan; 04249. measurement, ozone, Germany, Munich; 04807. measurement, USA; 03564. ozone, rural location, continuous monitoring, Canada; 13831. palaeontology, pollen, Quaternary, palaeoenvironment, South Africa, Orange Free State, Deelpan; Eloribad; 05173. peroxypropionyl nitrate, ozone, Germany; 12649. photochemical smog, photo oxidant, ozone, Germany, Munich; 13882. unsaturated peroxyacetyl nitrate, peroxyethacryloyl nitrate, ozone, 06024. valley bottom, duricrust, climate change, Africa, (Southern); 06806.
- Pan American Games**
sea breeze, forecast, wind forecasting, yacht racing, Cuba, Havana; 02308.
- pan depression**
dune, lunette process, storm, runoff, sediment cycling, South Africa, Kalahari Desert, Witpan; 02883.
- pan evaporation**
evapotranspiration, semiarid climate, capillary rise, shallow water table, 00625.
- pan floor sediment**
depression, anthropogenic impact, urbanisation, playa, South Africa, Johannesburg, East Rand; 12972.
- pan formation**
ecological model, propagation, 05170.
- pancake/slush ice**
nilas, radar backscatter, thin sea ice, Arctic; 14086.
- panchromatic**
SPOT, mapping, floodplain, land cover, multispectral, 12776.
- panchromatic data**
geometry, radiometry, cartography, SPOT, 02370.
- panchromatic imagery**
road inventory, harvested forest, inventory update, SPOT, 06265.
- panicle development**
rice, temperature, controlled environment, leaf appearance, 05943.
- panorama map**
aerial photography map, map presentation, block diagram, 11453.
- Panther Seep Formation**
microbilitic, tidal flat, aggregate morphology, aragonitic fabric, Pennsylvania, USA, New Mexico, San Andres Mountains; 06682.
- paper**
map conservation, 01148.
- paper mill**
lake, effluent, point source, PCB, contaminant, USA, Massachusetts, Housatonic River, Connecticut, Housatonic River; 00445.
- paper milling**
NPTOX analysis, chlorinated organic compound, river water quality, kraft mill, 09663.
- paper plant**
water quality, air quality, bottom sediment, effluent, USA, New York, Lake Champlain; Vermont, Lake Champlain; 00454.
- PAR**
active radiation, Antarctica; 12431.
- parabolic dune**
salinisation, sand dune, Landsat MSS, land cover change, desertification, India, Rajasthan, Thar Desert; 02681. sand dune, MSS, dune interdune area, India, Rajasthan, Thar Desert; 04967. windblown sand, coastal landform, UK, Scotland, Aberdeenshire, Sands of Forvie; 01369.
- parabolic trough**
rotation, angle of incidence, solar energy, concentrating collector, 12418.
- parachute**
remote ocean, atmospheric sounding, rawinsonde, air launched sonde, 12408.
- Paradox Formation**
Pennsylvanian, salinity, Gondwana glaciation, lithological cycle, evaporite, USA, Utah; Colorado; 01637.
- paragenesis**
Amuri Limestone Group, chert, dolomite, Cretaceous, Eocene, New Zealand, South Island, Marlborough; 14381.
- paragenetic sequence**
mixing zone, dolomitization, seawater, Visean, Belgium, Brabant-Wales Massif; 14366.
- paraglacial**
relaxation time, soil erosion, contemporary erosion, agricultural area, sediment yield, Canada; 01376.
- parallax displacement**
synthetic stereo, three dimensional data, stereo display, geographical data, 11429.
- parallel algorithm**
object oriented database, query processing, algorithm, 12692.
- parallel algorithms**
regression, sweep line algorithm, least median of squares regression, load balancing, 02643.
- parallel columns model**
soil water potential, root water flux, unsaturated flow, stochastic model, 12300.
- parallel computing**
Delaunay triangulation, TIN, digital elevation model, 13943. geophysical flow, large eddy simulation, turbulent, flow, 11634. non aqueous phase liquid, numerical model, multiphase flow, length scale, multiscale model, 02027. spatial process modelling, geographical theory, artificial intelligence, exploratory data analysis, 13971.
- parallel implementation**
Hough transform, shape analysis, 03688.
- parallel processing**
critical path analysis, GIS performance, 08798. environmental modelling, data structure, GIS, visualisation, interpolation, 08794. four dimensional, geo referenced data, environmental GIS, bintree, 13969.
- parallelisation**
transport equation, pollution modeling, time splitting, finite element, 07400.
- parameter determination**
displacement test, numerical model, optimisation, solute transport, adsorption/dispersion, 03335.
- parameter estimation**
aggregated porous media, solute transport, mobile/immobile phase, breakthrough curve, 03331. Akaike's information criterion, hydrological model, maximum likelihood method, autoregressive modelling, 13452. aquifer parameter, glacial till, pump test model, low permeability, 05782. contaminant transport model, groundwater contamination, 00739. deterministic model, catchment model, variable time interval model, semi distributed model, 14612. geodesy, net adjustment, Minimax, 04857. groundwater modelling, wellhead protection area, uncertainty, aquifer parameter values, 03321. hydrograph, peak flow, model calibration, catchment model, optimal value, Singapore; 06957. Lagrangian analysis, estuary, St Venant's equation, tidal prism, estuary mean depth, tidal excursion, 00673. rainfall/runoff model, model calibration, runoff estimation, Australia; 13478. reservoir management, estimation theory, water management, moment method, maximum likelihood method, quantities method, 03194. soil water flow, hydraulic conductivity, vadose zone, SHE, saturated hydraulic conductivity, unsaturated hydraulic conductivity, UK, England, South West; 04499. solute transport, estimator comparison, groundwater flow, 13579.
- parameter estimator**
inverse problem, hydraulic property, source concentration, groundwater flow, solute transport, 02067.
- parameter method**
Turtmann test net, local scale, 02144.
- parameter minimisation**
geography, landscape, multivariate problem, Hungary; 07712.
- parameter optimisation**
water retention, unsaturated flow, soil waterflow, drainage design, hydraulic conductivity, 02036.
- parameter variability**
meteor trail drift, coherent pulse radar, middle atmosphere, atmospheric motion, 14844.
- parameterisation**
carbon dioxide, CFC, transmission function, warming, infrared radiation, 04588. clear sky, longwave radiative cooling, 03416. climate model, turbulent energy flux, land surface, 05930. cloud, large scale model, numerical model, review, 07304. cloud, optical thickness, clear air, entrainment, 09807. continental scale, hydrological cycle, basin scale, climate change, water balance, 08270. convection, calibration, cumulus, mesoscale model, 09909. cumulus, updraft, downdraft, evaporation, rain, 11246. damping rate, middle atmosphere, radiative damping, 11120. depth, entrainment zone, daytime mixed layer, mixed layer, 09837. drainage flow, stable boundary layer, 04688. energy flux, momentum flux, gravity wave, wave forcing, 09886. field experiment, scale problem, land surface, 05918. general circulation model, general circulation model, evaporation, rainfall, 11242. heat flux, aerosol, water budget, shortwave radiation, Mediterranean Sea; 13726. hydrology, orography, spatial scale, climate model, 05931. longwave radiation, ice sheet, global, Greenland; 12421. mesoscale model, cloud, nonhydrostatic model, nested grid model, 05968. moist convection, convection, climate model, mass flux, 13766. prognostic equation, mesoscale, kinetic energy, general circulation model, land surface, 09910. radar, attenuation, polarisation, phase shift, rain, 05869. radiative property, cirrus, 02151. roughness length, heat exchange, water exchange, dry conditions, land surface, 03457. sensitivity, climate model, physical parameterisation, 09898. single scattering albedo, optical depth, solar radiation, two stream approximation, 09802. spatial variability, land surface, heat flux, 13720. subpolar gyre, heat flux, mixed boundary condition, ocean general circulation model, freshwater flux anomaly, 11159. supersaturation, cloud, droplet nucleation, aerosol, 09943. surface energy balance, latent heat flux, energy balance, evaporative fraction, 07246. surface, net solar radiation, satellite measurement, tower observation, solar flux, 07172. trace gas, mesoscale diffusion model, canopy resistance, dry deposition model, regional diffusion model, 00068. urban environment, scavenging coefficient, rainout, rainwater quality model, 11345. vertical

- dispersion, flux gradient hypothesis, mixing ratio, 07239. WKBJ approximation, vertical structure, mountain wave, gravity wave drag, 00936.
- parameterisation scheme**
sensitivity study, global climate model, land surface, 03935. tidal wind field, energy flux, momentum flux, 09887.
- parametric method**
palaeoflood data, nonparametric method, historical flood, flood frequency analysis, mixture density estimation, China; 08346.
- parametric model**
time series, trend analysis, earthquake, flood, Brazil, Manaus, Rio Negro; 11627.
- parametric probability distribution**
precipitation data, sample L moments, sample size, 14924.
- parametric spine**
land surface process, estimation algorithm, kriging, deterministic interpolator, 00064.
- parametric study**
elastic modulus, porewater pressure, cross anisotropic soil, 06507.
- parametric surface**
estimation algorithm, kriging, deterministic interpolator, parametric spine, 00064.
- parametric system**
BEZ mapping, seabed mapping, 04997.
- parametric time series**
air temperature, temperature fluctuation, Italy; 02178.
- parametrisation scheme**
land surface process, GCM, annual cycle, Brazil, Amazonia; 10344.
- paramo**
postglacial vegetation, fire history, pollen, charcoal, Costa Rica, Cordillera de Talamanca, Chirripo Paramo, Lago de las; 00200.
- paraquat**
chlordimeform, polymaleic acid, pesticide, humic acid, fulvic acid, 06916. diquat, salt concentration, herbicide, extractant, Australia, Western Australia; 03184. river water quality, partitioning, glyphosate, bioaccumulation, dissipation, Taiwan; 13545.
- parasequence**
sequence stratigraphy, highstand deposit, transgressive sediment, Quaternary (late), sea level rise, France, Rhone Delta; 13120.
- parasitic contamination**
water quality analysis, agricultural water management, wastewater reuse, helminth egg, irrigation water, 03260.
- Paratill**
tillage, bulk density, penetration resistance, Paleustoll, USA, Great Plains; 01823.
- paraxial approximation**
scattering, Bissonnette, 12683.
- parcel map**
mapping program, tax collection, USA, North Carolina, Lincoln County; 11572.
- parcel model**
penetrative downdraft, downdraft model, 02263.
- parent cloud**
observation, waterspout, radar information, USA, Florida; 14830.
- parent material**
aluminium, cation leaching, nitrogen, ammonium bearing rock, soil acidification, USA, California, Klamath Mountains; 14526. carbonate rock, pedogenesis, Russian Federation, Dagestan; 13350. Chernozem, podzolisation, humus accumulation, forest soil, Russian Federation, Volga Hills; Central Russian Upland; 10766. clay content, calcium carbonate content, glacial deposit, profile development index, USA, Wyoming, Wind River Range; 12092. clay mineral, gabbro-diorite, weathering, Russian Federation, Lake Ladoga, Valaam Island; 12096. creep, soil stability, Russian Federation, Siberia; 08100. geochemistry, element concentration, trace element, cadmium, molybdenum, selenium, Korea(South), Deog-Pyoung; 04310. humus, Podzolic soil, particle size distribution, 08128. iron compound, steppe soil, weathering crust, Kazakhstan; 08213. land use, relief, soil mapping, soil conservation, Togo, Monts Kaby Region; 05505. micaceous soil, potassium, clay mineral, Portugal; 10717. mineralogy, mineral saturation index, soil solution, aluminium, Spain, As Pontes; 10854. organic carbon, soil chemistry, nutrient availability, deforestation, rainforest soil, Australia, Queensland, Atherton Tableland; 05605. Podzolic soil, mottled soil, soil morphology, Russian Federation, Cis-Urals Region; 10767. REE, trace element, geochemistry, Russian Federation, Volga Upland; 05508. soil classification, hoeing, ploughing, grazing, land use, Benin; 05506. soil colour, particle size distribution, weathering, tropical soil, India; 05513. soil horizon, argillan, soil micromorphology, soil fabric, fragipan, Dystrochrept, USA, Massachusetts; 04345. soil horizon, soil spatial variability, landscape position, toposquence, USA, Virginia; 04346. soil morphology, Podzolic soil, basalt, Russian Federation, Podkamennaya Tunguska River; 00518. soil spatial variability, copper, cobalt, element concentration, UK, Scotland; 14466. sorption capacity, phosphorus, Nigeria, Akwa Ibom State; 05613. toposquence, soil spatial variability, Nigeria; 04306. ultramafic rock, mineralogy, clay mineral, weathering, USA, North Carolina, Blue Ridge; South Carolina, Piedmont; 04348. weathering, soil physical property, catena, pedogenesis, Tanzania, Nyassaland Plateau; 05547. zinc, soil texture, Zimbabwe; 03056.
- Paringa Formation**
Alpine Fault zone, Quaternary, uplift rate, tilting, neotectonics, New Zealand, South Island, Westland, Paringa; 11695.
- PARMA**
streamflow modelling, streamflow process, time scale, monthly flow, annual flow, seasonal flow, West Africa, Niger River; 05677.
- partial correlation**
time series, verifying series, climate history, anomaly correlation, 00074.
- partial duration series**
generalised Pareto distribution, Bayesian theory, extreme event, precipitation assessment, Denmark; 08281. hydrograph, multiple event analysis, urban catchment, rainfall/runoff, design hydrograph model, USA, California, Los Angeles; 10912. precipitation assessment, return period, probability distribution, annual extreme series, 09575.
- partial infeasibility method**
optimisation problem, pump and treat system, groundwater quality, groundwater management, contaminant plume, 12397.
- partial penetration**
hydraulic property, flow rate, constant head test, clay, skin zone, 06499.
- partial pressure**
equator, carbon dioxide, seawater, Pacific; 12586. sea surface data, one dimensional model, numerical hindcasting, carbon dioxide, Pacific; 06405. tropics, carbon dioxide, Atlantic; 09966.
- partial saturation**
soil-structure interaction, swelling pressure, clay shale, USA, Texas, San Antonio; 09118.
- partially penetrating well**
confined aquifer, leaky aquifer, pumping test, finite element analysis, axisymmetric flow, 09692.
- particle**
acidic species, precipitation, potential source contribution function, source, seasonal pattern, Canada, Ontario; 13827. adsorbents, photo oxidation, naphthalenamides, 03605. cloud climate hypothesis, dimethylsulphide, field experiment, sulphur gas, 15016. cloud condensation nuclei, cloud system, droplet size distribution, mountain top, USA, North Carolina, Mount Mitchell; 09925. colloid, coastal environment, radionuclide transport, USA, Texas; 03875. deposition model, ice sheet, airborne particle, snow, 06060. dust, iron foundry, trace metal, 01061. field experiment, PAH, combustion particle, particulate emission, Switzerland, Zurich; 06043. formation, distribution, cloud condensation nuclei, marine environment, 15013. grassland ecosystem, chemical climate, airborne matter, sampler, 12625. ground level air, radionuclide, Greece, Thessaloniki; 12558. heavy metal, airborne, lead, cadmium, 13890. measurement, acid aerosol, thermodynamic theory, acidity, 11325. model, aerosol microphysics, semi implicit solution, coagulation, 15004. mutagenic activity, acetone, polar organic matter, USA, New Jersey; 04790. non sea salt sulphate, methanesulphonate, ammonium, dimethylsulphide, cloud condensation nuclei, 01054. organic compound, heavy metal, Venezuela, Caracas; 12646. polar stratospheric cloud, model, heterogeneous chemical process, ice, nitric acid trihydrate, 04785. reentrainment, wind tunnel, boundary layer, 07234. retrieval, solar extinction, scattering, refractive index, aerosol, 00837. size distribution, DMSP, Atlantic; Mediterranean Sea; 04796. size distribution, urban air, dry deposition, deposition, North America, Great Lakes, Lake Michigan; 06064. sulphate, sulphur dioxide, network result, regional acid deposition model, rural monitoring site, 12632. supersaturation, cloud condensation nuclei, 13771. tobacco smoke, mosquito coil smoke, joss stick incense, submicron aerosol, combustion source, Taiwan, Taipei; 11312. trajectory, modelling study, pollutant, long range transport, Kosa, China; 12453. tropical troposphere, aircraft observation, sea salt, Pacific; 13875. volcanic cloud, AVHRR, two band data, infrared, retrieval, 13868. water activity, ammonium, sulphate/sulphuric acid, 13844. wildfire, airborne measurement, gas, USA, Alaska; 04799.
- particle accelerator**
ATLAS-1, atmosphere, ionosphere, magnetosphere, 12730. transport line, alignment, 12847.
- particle analyses**
aerosol, Arctic; 08693.
- particle analysis**
chemical bulk analysis, droplet, size dependent analysis, 09942. silt, loess, velocity settling method, sedimentological balance, sedimentation, Poland, West Pomerania, Klepicz; 01572.
- particle breakage**
volumetric compression, behaviour, granular soil, stress, 04011.
- particle chemistry**
airmass, aircraft observation, aerosol, marine troposphere, Pacific, (North); 13870. dust storm, mineralogy, provenance, desert weather, Israel, Negev Desert; 11886.
- particle cloud**
buoyancy, Reynolds number, sedimentation, 10663.
- particle clustering**
bedload, shear stress, entrainment, 14317.
- particle collection**
sediment trap, biogeochemistry, Atlantic, Sargasso Sea; 14306.
- particle composition**
aerosol, hygroscopic particle, water content, USA, Arizona, Grand Canyon; California, Los Angeles; 02351. infrared absorption, stratosphere, volcano, aerosol cloud, 03600.
- particle concentration**
gravity current, current dynamics, suspension, buoyancy, 01728. optical extinction, visibility, monitoring network, trend, USA; 11319. sedimentation, suspended sediment, remote sensing, Acoustic Doppler Current Profiler, current velocity, Austria, Danube River; 09250.
- particle cycling**
sinking, aggregation, thorium, weather station, cycling, Pacific, (North); 09342. water column, aggregation, trace metal, euphotic zone, thorium isotope, Atlantic, (North); 01708.
- particle density**
aggregation, sedimentation, phytoplankton, sinking particle, settling particle, 11911. organic carbon, sand application, cranberry bog soil, bulk density, USA, Massachusetts; New Jersey; USA, Oregon; USA, Washington; Canada, British Columbia; 05503.
- particle deposition**
humic matter, colloid, hematite, 05411. theoretical study, sinusoidal topography, 04625.
- particle detachment**
soil erodibility, erosivity, index, soil crusting, 13442.
- particle dispersion**
stratosphere, mesoscale model, gravity wave, Kelvin-Helmholtz wave, 00982.
- particle dynamics method**
grain impact, wind, saltation, 00294.
- particle emission**
savanna, combustion experiment, combustion aerosol, flaming, smoldering, Africa; 10007.

particle environment monitor

global energy input, atmospheric X ray imaging spectrometer, medium energy particle spectrometer, spectrometer, high energy particle spectrometer, vector magnetometer, 01075. ionisation, energetic electron, geomagnetic storm, UARS, electron energy, 07526.

particle flow

middle atmosphere, electrical field, aerosol, 07194.

particle flux

biology, bacteria, marine snow, biogeochemistry, Atlantic, (Northeast); 09340. deposition, hydrophobic organic chemical, PAH, n-alkane, France, Rhone River; Mediterranean Sea; 13824. groundwater flow, colloid, DOC, metal transport, 03352. modelling, sedimentation, continental margin, Mediterranean Sea, Gulf of Lions; 09368. upwelling, opal, carbonate, monsoon, sediment trap, Arabian Sea; 00440. zooplankton artifact, water column, organic matter, poison, sediment trap, 02869.

particle formation

coal fired boiler, boiler exhaust, aerosol, plume opacity, sulphuric acid, 12611. coal fired boiler, boiler exhaust, plume opacity, sulphuric acid, model, 12612.

particle fractionation

water quality analysis, trace element, acid extractable fraction, filterable fraction, river water quality, Israel, Jordan River; 03290.

particle/gas distribution

temperature, organochlorine compound, vapour pressure, PCB, 12568.

particle grid

air quality, dispersion, model, 11285.

particle grid method

chemical grid/particle grid coupling, air quality modelling, 11286.

particle impact sensor

radar interferometer, aerosol, noctilucent cloud, PMSE, optical photometer, 11472.

particle-in-cell

sea ice model, ice edge, advection algorithm, 07249.

particle layer

lidar mapping, stratosphere, 12726.

particle load

JGOFS-France program, carbon isotope, productivity, water column, nepheloid layer, EUMELI project, Atlantic; 05398.

particle migration

radionuclide, contaminant migration, groundwater flow, nuclear waste disposal, colloid, Canada, Saskatchewan, Cigar Lake; 09726.

particle morphology

aerosol, winter polar stratosphere, stratosphere, nitrate aerosol, 10005.

particle motion

suspended particle, prolate spheroid, Stokes flow, 03235. suspended particle, Stokes flow, prolate spheroid, crystalline dispersion, 03237. suspended particle, Stokes flow, prolate spheroid, homogeneous dispersion, 03236. turbulence, Kolmogorov spectrum, settling velocity, 05455.

particle packing

structure collapse, porosity, aggregate, 11880.

particle production

equatorial ocean, photochemistry, convection, nuclei, 15018. urban, cloud condensation nuclei, anthropogenic flux, 02274. wind speed, whitecap, marine aerosol, aerosol particulate flux, sea surface, 02348.

particle queuing

pool sediment, sediment size, gravel, riffle/pool sequence, bed sediment, UK, England, Exmoor; 02896.

particle radius

cloud, liquid water, radiative transfer model, effective droplet radius, 13768.

particle reorientation

compaction, kaolinite, 11878.

particle settling

reservoir, stratification, sediment flux, plutonium, 08080.

particle settling velocity

bottom erosion, sediment resuspension, lake, suspended sediment, resuspension concentration, particle size data, North America, Great Lakes, St. Clair Lake; 00665.

particle shape

fractal dimension, 12620. gravel size, cusp deposit, beach, palaeoenvironment, sampling design, Ireland, Donegal, Malin Head, Portmore Beach; 06675. pollutant, surface area, two dimensional image, 01571. sediment transport, bedload transport, grain morphometry, bedform, mountain stream, Germany, Bavaria, Lainbach River; 01947. triangular diagram, clast, morphological analysis, ternary diagram, Norway, Sletmarkbreen; 04140.

particle size

abrasion, alluvial fan, gravel, transportation, hydraulic sorting, Japan, Watarase River; 07956. bedload, clastic sediment, sampling, 10554. burial depth, scour, gravel bed river, river bed, 10667. camera system, suspended matter, flocculation, France, Gironde Estuary; 04148. channel bed, transport, bedload, Poland, Parseta River; 14323. channel, rill erosion, erodibility, turbulence, 05457. clay separator, air separator, 02860. coarse sediment, sampling, till, fluvial gravel, beach, 11869. desert, armouring, bedload, texture, Israel, Negev Desert; Judean Desert; 14324. desorption, contamination, PCB, organic carbon, biodegradation, USA, New York, Hudson River, Moreau; 08076. filtration, trace metal, fractionation, Photon Correlation Spectroscopy, 13155. fine grained sediment, laminae, suspended sediment, flocculation, Canada, Ontario; 10587. flume, laboratory, debris flow, 07952. flume, sediment transport, settling velocity, turbulence, 04271. groundwater contamination, herbicide, contaminant transport, sorption, organic carbon, 11018. heavy mineral analysis, decantation, magnetic analysis, 10553. measurement, dry deposition, deposition velocity, 13872. optical backscatter, acoustic backscatter, STRESS experiment, suspended sediment, 14302. optical transmissometry, sediment transport, STRESS experiment, laser, USA, California; 14304. precipitation, thunderstorm, balloon borne instrument, charge, 12406. reservoir, sand, flume experiment, suspended sediment, Japan; 05350. scatterplot, raindrop size, sampling variability, 03201. sediment sampler, clay, wind erosion, wind tunnel, 02871. sedimentation, bottom deposit, lake, Russian Federation; Mongolia, Bontsagan-nur Lake; Mongolia, Buyr-nur Lake; Mongolia, Khukh-nur Lake;

05424. settling velocity, stormwater, deposition, metal, USA, Lake Michigan Basin; 04800. shear stress, flume experiment, channel dynamics, sediment transport, 06654. shear, flume, roughness, gravel bed, 06667. soil, shear resistance angle, shear test, relative density, 11738. sorption, metal oxide coating, chlorobenzene, aquifer, organic carbon, USA, Massachusetts, Cape Cod; 12011. stream power, erosion, sediment transport, channel flow, tractive force, critical velocity, 12220. suspended sediment, dam, erosion, bedload, sediment load, Hungary, Danube River; 04157. suspended sediment, wetlands, tidal flow, turbulence, shear stress, UK, England, Norfolk; 05369. suspended solids, caesium-137, Finland; 01903. tracer, river basin, source, bottom sediment, Hong Kong; 05468.

particle size analysis

clay mineral, spectroscopy, electrophoretic mobility, LDV-PCS, 14517. flood control embankment, flooded soil, Bangladesh, Pathakhali-Konai; 10823. geochemistry, soil pollution, clay mineral, element concentration, metal, urban soil, India, Bombay; 06912. iron, Sedigraph, pipette method, New Zealand; 06814. laser diffraction technique, sedimentation technique, disc centrifuge, 10551. photometric counter, suspended particulate, particle transport, 09641. photosedimentation, suspension, turbidity, centrifuge, kaolinite, 01573. sediment chemistry, organic carbon, heavy metal, UK, Northern Ireland, Strangford Lough; 00339. suspended sediment, sediment load, composite particle, water elutriation, UK, England, Devon, Exe River; 00656. syringe method, pipette method, soil suspension, 01780.

particle size data

particle settling velocity, bottom erosion, sediment resuspension, lake, suspended sediment, resuspension concentration, North America, Great Lakes, St. Clair Lake; 00665.

particle size distribution

aerosol, soot, mass concentration, Arctic; 15010. bacteria, filtration, size fractionation, filter, 00281. bulk density, Ultisol, soil compaction, sugar cane, porosity, Brazil, Rio de Janeiro; 06892. calcium carbonate, loess, Hungary, Pannonian Basin; 05515. coagulation, mixing, 04273. coarse soil, engineering property, field data, 09102. fractal dimension, 09424. gamma distribution, aerosol, 10010. mass-size data, New Zealand; 09425. parent material, humus, Podzolic soil, 08128. pine, nutrient content, soil spatial variability, soil texture, mineralogy, Finland; 08184. radiative effect, lidar data, optical depth spectrum, Philippines, Mount Pinatubo; 11329. salmonid, spawning gravel, 03230. sediment source, river discharge, suspended sediment, Japan, Hokkaido; 14621. Soviet/American desert test experiment, dust, aerosol, microstructure, lognormal, Tadzhikistan, Kafirnigan River Valley; 07378. spawning behaviour, bed topography, salmonid, 03229. weathering, tropical soil, parent material, soil colour, India; 00513.

particle size fraction

alluvial deposit, Pleistocene, clay mineral, mineralogy, Aridisol, USA, California, Mojave Desert; 04301. cation exchange capacity, manure, organic material, organomineral particle, Germany; 00594. ferrallitic soil, forest clearing, sugarcane, Brazil; 09481. grassland soil, organic matter, nuclear magnetic resonance, carbon, Canada, British Columbia, Peace River Region; 13399. humic substance, carbon, nitrogen, organic matter, Gleysol, Canada, Ottawa, Bainsville; 12144. humus, decomposition, organic matter, grassland soil, 00591. mineralogy, soil texture, potassium, Argentina; 13424. nitrogen, carbon, organic matter, microbial biomass, Haplaquept, 04390. organic carbon, carbon-13, pasture soil, forest soil, deforestation, Brazil, Amazonia; 13414. sieve analysis, sulphur oxidation, 03098. soil sampling, nitrogen, sandy soil, 14500.

particle size fractionation

soil contaminant, clamp-column method, 01779.

particle size screening

urban air, hydrocarbon, alcohol, acylglycerol, aerosol, 06049.

particle size separation

sediment remediation technique, contaminated sediment, storage, flocculant, dredging, Netherlands; 09407.

particle size spectrum

optical depth, aerosol, haze, Arctic; 08505.

particle sizing

dual frequency radar, cirrus, 09939.

particle suspension

backscatter, sand particle, acoustic backscatter, 10184.

particle thickness

cation exchange capacity, Tiron dissolution, smectite, X-ray diffraction, Canada; 01781.

particle tracking method

computer model, solute transport, groundwater flow, heterogeneous aquifer, conjugate gradient method, 00738.

particle tracking model

evaluation technique, remediation, multiphase flow, groundwater contamination, contaminant migration, interceptor drain, 04540. solute transport, dissolution/precipitation, groundwater transport, geochemical model, 04530.

particle transport

particle size analysis, photometric counter, suspended particulate, 09641. radionuclide, sediment core, stable element, reservoir, transport process, USA, South Dakota, Oahe Lake; Cheyenne River Embayment; 01944. three dimensional flow model, dispersion, advection/diffusion equation, 14618. urban runoff, trace metal, runoff water quality, adsorption, contaminant transport, 07018.

particulate

analysis, carbon, nitrogen, 07944. carbonate, dust, acid, calcite, snow, North America, Rocky Mountains; 12609. dust, planetary system, 04792. geochemistry, freshwater input, atmospheric input, trace metal, dissolved metal, Atlantic, English Channel, Dover Strait; 11622. honeydew, insect, ash whitely, USA, California; 03610. metropolitan city, dust sample, neutron activation analysis, India; 12606. n-alkane, urban area, carbonaceous, aerosol, Japan, Nagoya; 12601. nitrate, mountain site, sulphate, seasonal trend, nitric acid, USA, (Southwest); 13853. nitrite, spring, snow, Arctic; 08654. PAH, Antarctica; 02349. PM10, TSS concentration, health, Malaysia, Kuala Lumpur; 10002. soluble fraction, nitrogen, surface water quality, groundwater quality, agricultural pollutant, phosphorus cycling, UK, England, Devon, Slapton; Cotswolds, Windrush River; 13502. trace metal, trace organics, nitrogen species, distribution, rainwater sample, North Sea; 00894. urban atmosphere, humidity, PM10, PAH, gaseous phase, partition-

- ing model, 13862. visibility, principal components analysis, power plant, synoptic climatology, air quality, USA, Arizona, Grand Canyon National Park; 07410.
- particulate abatement capacity**
air quality, hedges, urban air quality, 04646.
- particulate abrasion product**
aerosol, leaf surface, urban plant, organic composition, 08725.
- particulate calcite**
CZCS, chlorophyll-a, SeaWiFS, coccolithophore bloom, Atlantic; Gulf of Maine; 14057.
- particulate emission**
biogeochemical cycle, biomass burning, remote sensing, atmospheric chemistry, fire, 00039. biomass burning, carbon sequestration, charcoal, fire emission, pre-industrial, North America; 13867. particle, field experiment, PAH, combustion particle, Switzerland, Zurich; 06043.
- particulate export**
heathland catchment, fire, runoff water chemistry, streamwater chemistry, nutrient loss, Spain, Montseny, La Calma; 05728.
- particulate flux**
atmospheric input, heavy metal, river input, flux, dissolved flux, Atlantic, English Channel, Dover Strait; North Sea; 11621. estuary, nutrient exchange, spatial variability, salt marsh, tidal inundation, USA, Georgia, Cumberland Island; 01970. resuspended sediment, degradation, organic matter, Atlantic, Bay of Biscay, Meriadzeck Terrace; 14390. spring bloom, disaggregation, carbon cycling, resuspension, Atlantic, (Northeast); 14433.
- particulate material**
carbon, distribution, organic carbon, grain size, North Sea, Skagerrak; 00347.
- particulate matter**
adsorption, methyltin, bioavailability, seawater, dimethyltin, China, Hebei, Tianjin Harbor; 01760. Ames assay, PAH, nitro-PAHs, hydroxynitro-PAHs, fractionation, 02350. carbon, optical property, dust, 07198. Chernobyl nuclear accident, transport pathway, radioactivity, fine grained sediment, heavy metal, suspended matter, North Sea, Skagerrak; Kattegat; 00300. chlorophyll, silicate, spatial variability, upwelling, nutrient, USA, Nevada, Pyramid Lake; 07045. Eichhornia crassipes, floodplain, sediment retention, macrophyte, plant root, Argentina, Parana River; 11897. lead, isotope ratio, tracer, long range transport, Japan; 12639. marine snow, diatom, flocculation, organic matter, USA, California; 10645. mixing, settling, aggregation, diffusion, stratification, 06981. nepheloid layer, continental shelf, NAH, PAH, fossil fuel, France, Rhone River; 10699. oceanography, carbon, nutrient cycling, shelf sea, suspension, North Sea; 05435. organic compound, gas/particle partitioning, absorption model, sorption, adsorption, 11281. phytoplankton, larvae, cycling, stratification, fish, Irish Sea; 14457. relative humidity, gas/particle partitioning, semivolatile organic compound, urban particulate, Japan, Osaka; 04812. resuspension, seafloor, benthic storm, nepheloid layer, Atlantic, (South), Argentine Basin; 00438. seasonal variation, trace element, metal, anthropogenic impact, resuspension, primary production, Sweden, Lake Malaren, Stockholm Archipelago; Baltic Sea; 13304. seawater, brackish water, monosaccharide, HPLC, 00344. size distribution, deposition, polychlorinated, dibenzo-p-dioxin, dibenzophuran, 12610. trace element, estuarine contamination, statistics, metal, contaminant, USA, Mississippi River; Gulf of Mexico; USA, Atlantic Coast; 01732. water column, organic matter, seafloor, cycling, 06702. zooplankton, shelf, runoff, Gulf Stream, water column, USA; 10646.
- particulate matter flux**
bioactivity, flux, DYFAMED program, atmospheric input, Mediterranean; 06395.
- particulate matter PM10**
petrol, lead pollution, air quality, Malaysia, Kuala Lumpur; 15012.
- particulate metal**
estuary water quality, copper, lead, trace metal, Brazil, Patos Lagoon; 14634.
- particulate organic carbon**
dissolved inorganic carbon, isotope ratio, riverine organic detritus, carbon isotope, geochemistry, Venezuela, Orinoco Basin; 00043. dissolved organic carbon, organic carbon, river water chemistry, carbon, Argentina, Parana River; 02007. suspended matter, nepheloid layer, seafloor, phytoplankton bloom, Canada, Nova Scotia, Bedford Basin; 10644.
- particulate organic matter**
isotopic analysis, palaeoenvironment, petroleum, GC/IRMS, 14311. lake biochemistry, biodegradation, mineralization, nepheloid layer, bacteria, North America, Great Lakes, Lake Superior; 05691. macroscopic aggregate, lake water quality, organic aggregate, lake snow, microbial dynamics, Germany, Lake Constance; 02017. organic matter, particulate transport, river regulation, dam, USA, Colorado River; 12277. sedimentation, pool, riffle, streamwater quality, mountain stream, 13531. seston, salt marsh, tidal inundation, Netherlands; 00672. water column, phytoplankton, ice, carbon, Antarctica, Ross Sea; 10624.
- particulate phosphorus**
phosphorus, dissolved organic phosphorus, dissolved reactive phosphorus, surface water quality, estuary, turbidity, USA, Delaware, Delaware Estuary; 04472. runoff water quality, phosphorus, sediment transport, agricultural pollutant, Canada, Ontario, Nissouri Creek; 07024.
- particulate pollutant**
exploration work, niobium mineralization, lichen, moss, biomonitoring, Greenland; 07374.
- particulate pollution**
salt marsh, pollution history, stratigraphic marker, magnetic record, UK, England, Cheshire, Dee Estuary; 06380. turbidity, transmittance, solar radiation, Saudi Arabia, Riyadh; 11114.
- particulate sulphate**
receptor oriented methodology, source region, long range transport, Canada, Ontario, Dorset; 06102.
- particulate trace metal**
river water quality, estuary, trace element, organic matter, dissolved trace metal, Russian Federation, Siberia, Lena River Estuary; Laptev Sea; 05742.
- particulate transport**
river regulation, dam, particulate organic matter, organic matter, USA, Colorado River; 12277. sediment, river water quality, heavy metal, India, Cauvery River; 10967. solute transport, snowmelt, tracer, natural tracer, river water quality, 08375. stochastic model, groundwater flow, 03308.
- partition coefficient**
hydrophobic chemical, OCBs, PAH, 07686.
- partitioned solution procedure**
consolidation, convergence condition, multiphase flow, groundwater flow, 02049.
- partitioning**
adsorption, sedimentation, water quality, bioturbation, lake sediment, 10683. carbonate species, oxygen isotope, carbonic acid, carbon dioxide, 01679. contaminant, uncertainty analysis, Monte Carlo simulation, sediment quality, 10676. estuarine water, organic matter, speciation, absorption, copper, 08034. glyphosate, bioaccumulation, dissipation, paraquat, river water quality, Taiwan; 13545. groundwater flow, chemical transport, sorption, heterogeneity, dispersion, 11033. halogen, isotherm shape, contaminant, organic matter, adsorption, 06775. kinetic model, hydrophobic organic contaminant, PCB, water quality, 10668. nitrogen oxide, inorganic nitrate, organic nitrate, ozone, Arctic; 03585. organic carbon, residence time, diatom, diagenesis, sediment/water interface, USA, Great Lakes, Lake Michigan; 01748. organic chemical, air-water interface, hydrophobicity, bubble, 03595. salt marsh sediment, extractant, iron, speciation, 11871. sewage, sewer sediment, pollutant release, shear stress, UK; 09387. trace metal, absorption, estuarine water, copper, organism, 08035. trace metal, atmospheric deposition, surface water quality, solubility, 03249. volcanic eruption, nitrogen dioxide, nitric acid, stratosphere, aerosol, Philippines, Mount Pinatubo; 13871.
- partitioning model**
particulate, urban atmosphere, humidity, PM10, PAH, gaseous phase, 13862. transport model, sorption, hydrophobic compound, groundwater contamination, organic matter, PAH, 03350.
- Parzen window**
pattern recognition, soil liquefaction potential, piezocone data, New Zealand; 02727.
- passive**
microwave, sea ice, Canada, Hudson Bay; 06319.
- passive atmospheric sounding**
Fourier transform spectrometer, atmospheric emission, limb sounder, Michelson Interferometer, 07720.
- passive bioremediation**
groundwater, analytical model, BTEX groundwater contamination, practical model, 02600.
- passive continental margin**
tectonics, geomorphological model, hillslope, diffusion model, river profile, USA, Basin and Range Province; 02697.
- passive margin**
epeirogeny, sea level, Cainozoic (late), geodynamics, flexural deformation, USA, (East); 14171.
- passive microwave**
brightness temperature, graupel, hail, hydrometeor profile, 01172. frozen lake, climate, ice, microwave remote sensing, lake ice, 12833. rainfall, SSM/I observation, vertical structure information, 14001. sea ice, Scanning Multichannel Microwave Radiometer, Nimbus 7 satellite, satellite, Arctic Ocean; Southern Ocean; 02831. sea ice, Weddell Sea; 10233. spectral signature, ice sheet, ground traverse, Antarctica; 02534. statistical inversion technique, hydrometeor profile, brightness temperature, rainfall rate, 14000. variation, summer melt, ice sheet, surface melt, climate change, Greenland; 02743. vegetation, microwave, 02502. wet snow, melt conditions, microwave, snow cover, Canada; 02530.
- passive microwave data**
global change, snow cover, 03837. polynya, sea ice, shelf ice, image analysis, coastal polynya, Antarctica; 02853.
- passive microwave imagery**
ice surface temperature, cloud cover, AVHRR, 03820. sea ice cover, SSM/I algorithm, ice concentration, Weddell Sea; 02852.
- passive microwave measurement**
biomass increase, microwave emission, soybean, 07587.
- passive microwave radiometry**
snow grain size, snow retrieval algorithm, 03832.
- passive microwave satellite data**
multiyear ice concentration, brightness temperature, Arctic sea ice, Arctic Ocean; 01247.
- passive microwave sensor**
geophysical parameter, ocean surface, 03805. summer melt, ice shelf, Antarctica; 11558.
- passive particle**
organism, continental shelf, water column, seabed, 10577.
- passive remote sensing**
chlorophyll, fluorescence, vegetation canopy, lidar, 15173.
- passive sampler**
traffic pollution, diffusion tube, nitrogen dioxide, urban site, UK; 12630.
- passive sampling**
stainless steel cloth, diffusion membrane, 03589. Tenax-GR, volatile organic compound, adsorbents, 03573.
- passive sampling technique**
ammonia, concentration gradient, forest, 04776.
- past global change project**
glacial/interglacial change, soil erosion, acid rain, terrestrial ecosystem, 10278.
- Pasteurella piscicida**
sediment, seawater, microcosm, fish, pathogen, Spain, Galicia, Ria de Muros; 08092.
- Pastonian conglomerate**
taxonomy, biostratigraphy, stratigraphical significance, deer species, Cromer Forest Bed Formation, UK, England, Norfolk, West Runton; Suffolk; 02732.
- pasture**
aircraft, satellite, remote sensing, 06277. grazing land, grassland, land management, India, Gujarat, Banni; Kachchh; 12804. regression equation, vegetation index, leaf area index, 01209. reindeer grazing, SPOT XS satellite

- data, lichen heath, Finland, Lapland, Enontekio; 07603. soil moisture, climate, deforestation, forest, Brazil, Amazon Basin; 11148.
- pasture age**
deforested area, nitrogen oxide, trace gas emission, soil, Costa Rica; 08664.
- pasture biomass**
bushfire, semiarid grassland, fire prediction model, Australia, New South Wales; 07574.
- pasture soil**
carbon dioxide, carbon mineralization, nitrogen mineralization, soil respiration, Australia, Queensland; 08146. crop rotation, wheat-pasture rotation, organic matter, organic carbon, Century model, Australia; 06870. denitrification, Eutrochrept, grazing, nitrous oxide, New Zealand, North Island, Wellington, Palmerston North; 12124. excreta application, sulphur, sheep, 05582. forest soil, deforestation, particle size fraction, organic carbon, carbon-13, Brazil, Amazonia; 13414. grazing, trampling, red brown earth, infiltration rate, soil physical property, Australia, Western Australia; 03147. lupin, soil acidification, soil chemical property, fertility, Australia, Western Australia; 06868. microbial biomass, carbon dynamics, nitrogen dynamics, sorghum, green panic, Australia, Queensland; 12115. nitrate, nitrite, nitrous oxide, nitrogen, denitrification, 13380. nitrous oxide, acetylene block, denitrification, soil amendment, rainforest soil, Costa Rica, Atlantic Lowlands; 10807. nutrient leaching, grazing, excreta, sheep excreta, cation leaching, 04364. organic matter, soil acidification, aluminium, forest soil, Australia, Victoria, Bendigo; 05578. pH, soil acidification, soil alkalisation, Australia, Victoria; 13313. phosphate rock, pH, fertiliser, superphosphate, 06902. plant uptake, sulphur-35, sulphate, urine, New Zealand, South Island, Canterbury; 01866. sodic soil, soil drainage, hardsetting soil, soil salinity, Australia, Tasmania; 10733. soil degradation, arid soil, grazing, remote sensing, Kenya; 10726. soil disturbance, nitrogen mineralization, microbial biomass, 10784. soil physical property, soil chemical property, nitrogen mineralization, nitrification, soil fertility, rain forest soil, Costa Rica, Atlantic Zone; 14553. soil sustainability, argillite soil, soil classification, aluminium, New Zealand, North Island; 04313. superphosphate, organic matter, sulphur, fertiliser, New Zealand; 12134. Ustochrept, urine, leaching, sulphate, sulphur-35, New Zealand; 12136.
- pasture system**
cropping system, carbon, nitrogen, microbial biomass, sorghum, Australia, Queensland; 08210.
- Patella**
Harounian, Ouljian, Holocene, high sea stand, aminostratigraphy, Morocco, Atlantic Coast; 09217.
- path-average estimate**
rainwater content, updraft speed, microwave link, 02142.
- Pathfinder project**
global monitoring, Landsat, deforestation mapping, 10287.
- pathogen**
bacteria, groundwater quality, surface water quality, microbiological contaminant, Brazil, Sao Paulo, Araraquara; 05801. free living, amoebae, seasonal distribution, airborne amoebae, Mexico, Mexico City; 15037. indicator bacteria, water quality indicator, microorganism, disinfection, 07009. lake water quality, reservoir water quality, expert system, eutrophication, algal bloom, 13631. *Pasteurella piscicida*, sediment, seawater, microcosm, fish, Spain, Galicia, Ria de Muros; 08092. trace organics, risk assessment, water reclamation, wastewater, groundwater recharge, USA, California; 03336.
- pattern analysis**
measurement, radar, 04878.
- pattern evolution**
CZCS, AVHRR, cross spectrum analysis, 14075.
- pattern interpretation**
coal, geochemistry, GIS, Canada, Bullmoose; 12768.
- pattern recognition**
artificial intelligence, cartography, 12718. automatic contouring, 03720. cartographic generalisation, German topographic map, digital topographic mapping, ATKIS, 11468. classification, reflectance spectra, forest damage, tree, 14023. compression algorithm, computer assisted diagnosis, 03694. forecast, tropical, cyclone, recurvature, empirical orthogonal function, vorticity field, 01015. hibernation, crop, agrometeorology, weather/soil/crop model, 08526. image enhancement, optimisation, 10082. liquefaction potential, neural network, earthquake, back propagation, 10416. scaling problem, GIS, land use data, resolution, data predictability, 12918. soil liquefaction potential, piezocone data, Parzen window, New Zealand; 02727. water management, water demand forecast, hourly demand, Israel; 09783.
- patterned ground**
cryoturbation, geomorphological stability, periglacial denudation, pedimentation, tundra vegetation, Canada, Yukon, Richardson Mountains; 01552. lodgement till, ground moraine, seasonal frost, deglaciated terrain, sorted polygon, Iceland, Macifellssandur; 13142. marine terrace, raised beach, Quaternary geology, moraine, lichenometric dating, outwash, Antarctica, West Antarctica, Trinity Peninsula, Hope Bay; 10523. solifluction, periglaciation, Quaternary environment, chronology, pingo, UK; 07921.
- paved ground**
surface atmosphere, soil surface, heating, 04634.
- paved road**
road dust, dust, emission inventory, China, Shanghai; 06051.
- payload panel**
remote measurement, 03405.
- Pb-210**
acidification, seepage, radionuclide, geochronology, sediment focusing, USA, (Eastern); 10684. mercury, pollution, enrichment, accumulation rate, restoration, Adriatic Sea, Ravenna Lagoon; 10700.
- PBMR**
simulation sensitivity, soil water content, watershed, microwave radiometer, USA, Arizona, Tombstone, Walnut Gulch; 15130.
- PBzNs**
PAN, aromatic compound, 04769.
- PC**
NOAA, receiving station, 04886.
- PC program**
expert system approach, liquefaction analysis, LIQUEFY, 09082.
- PCB**
anthropogenic impact, contaminant, nutrient input, metal loading, North Sea; 10317. biodegradation, hydrogen peroxide, microorganism, 13156. biomonitoring, sediment, lake water quality, mathematical model, contaminant transport, North America, Great Lakes, Lake Huron, Saginaw Bay; 00721. CBAs, herbicide, biodegradation, river sediment, USA, New York, Hudson River; 03024. contaminant, paper mill, lake, effluent, point source, USA, Massachusetts, Housatonic River; Connecticut, Housatonic River; 00445. DDT, accumulation rate, sediment focusing, North America, Great Lakes; 10685. DDT, HCH, sorption, enrichment, Germany, Berlin; 12022. dechlorination, microorganism, anaerobic sediment, slurry, USA, New York, Hudson River; 10688. DNA, bioassay, genotoxicity, fish, PAH, North America, Great Lakes, Detroit River; St. Clair River; 01746. dredging, landfill, sediment remediation, fish, contaminated sediment, Sweden, Eman River, Lake Jarnsjon; 09382. food web, contaminated sediment, biomagnification, North America, Great Lakes, Lake Erie; 12896. hydroxyl radical, contaminant fate, transformation kinetics, sorption, oxidation, 14735. lake water quality, water quality criteria, lake water quality, risk assessment, wildlife, North America, Great Lakes; 14667. lead, pesticide, biomonitoring, heavy metal, North America, Great Lakes; 12897. metal, wastewater, contaminant, coastal ecosystem, USA, New York, Jamaica Bay; 06791. microextraction, water quality analysis, gas chromatography, mass spectrometry, PAH, 13498. mussel, fish, pollution, wastewater, DDT, Adriatic Sea; 03042. organic carbon, biodegradation, particle size, desorption, contamination, USA, New York, Hudson River, Moreau; 08076. organism, DDT, environmental assessment, sedimentary contaminant, PAH, USA, Maine, Casco Bay; 06799. PAH, gas chromatography, pesticide level, Bahrain; 00599. PAH, organic carbon, interstitial water, burrow, worm, clam, 06778. PAH, organic micropollutant, deposition, analytical method, PCCDs, PCDF, 03648. particle/gas distribution, temperature, organochlorine compound, vapour pressure, 12568. PCDD, soil contamination, sediment pollution, Czech Republic, Elbe River; Slovakia, Danube River; 11996. pesticide extraction, immunoassay, 10761. pesticide residue, organochlorine compound, DDT, HCH, Vietnam; Thailand; Taiwan; 00600. pesticide, UK, England; 05630. pollution, estuary, historical input, PAH, hexachlorobenzene, Netherlands, Scheldt Estuary; 03039. river water quality, bioindicator, chlorobiphenyls, eel, Netherlands, Rhine River; Meuse River; Netherlands, Roer River; 14659. sampling method, atmospheric deposition, wind sampling, USA, Great Lakes, Lake Michigan, Green Bay; 00616. TEQ value, toxicity, cod liver oil, bioaccumulation, Baltic Sea; Poland; 11610. trace metal, grain size, estuary, contaminant, PAH, Canada, St Lawrence River; 05480. water quality, partitioning, kinetic model, hydrophobic organic contaminant, 10668.
- PCB congeners**
humic acid, dissolved organic carbon, surface water chemistry, hydrophobicity, 13514.
- PCB contamination**
GPS, modelling, water quality, contaminant transport, USA, Georgia, Hartwell Lake; 01255.
- PCB flux**
sink, organochlorine, ocean air, seawater, global transport, 00025.
- PCCDs**
PCDF, PCB, PAH, organic micropollutant, deposition, analytical method, 03648.
- PCDD**
PCDF, trajectory, transport, transformation, polychlorinated, Sweden; 04814. soil contamination, sediment pollution, PCB, Czech Republic, Elbe River; Slovakia, Danube River; 11996.
- PCDF**
PCB, PAH, organic micropollutant, deposition, analytical method, PCCDs, 03648. trajectory, transport, transformation, polychlorinated, PCDD, Sweden; 04814.
- pea**
nitrous oxide evolution, denitrification, soil spatial variability, soil seasonal variation, topography, Canada, Saskatchewan, Blaine Lake; 09493.
- Peace River Arch**
Leduc Formation, Devonian, burial, dolomitization, carbonate platform, Canada, Alberta; 02910.
- peach production**
warming, winter, temperature, USA, South Carolina; 04638.
- peach tree**
temperature model, tropical climate, temperate climate, leaf bud, endodermis, 08530.
- peak concentration**
future, fluorocarbon-11, history, Montreal Protocol, 11308.
- peak current**
current calibration, lightning detection network, USA; 07189.
- peak discharge**
basin lag time, rainfall/runoff relationship, lag time, time to peak, China; 09598. flood, fluvial geomorphology, watershed model, stream slope, USA, Wisconsin, Grant River; 14142. rainfall duration, kinematic wave method, intensity/duration curve, rainfall/runoff relationship, critical duration, 09593. rainfall/runoff relationship, flood magnitude, flood frequency analysis, return period, runoff curve number method, 08338. reservoir discharge, routed discharge, flood routing, probability distribution, Italy, Tuscany; 13474. RHINEFLOW, water balance model, flood, climate change, Netherlands, Rhine River; 14106.
- peak flood**
climate change, flood probability, river discharge, Netherlands, Rhine River; 08328. flood magnitude, maximum peak discharge, palaeoflood evidence, USA, Colorado River basin; 03220.
- peak flow**
baseflow, surface flow, karst river basin, flood frequency analysis, distribution model, Turkey; 00647. model calibration, catchment model, optimal value, parameter estimation, hydrograph, Singapore; 06957.
- peak rain**
extreme event, temporal pattern, rainfall event, New Zealand, South Island, Southern Alps; 08278.
- peaks-over-threshold database**
annual maximum series, flood seasonality, UK; 04443.

peanut

irrigation, soil water content, USA, Alabama; 10838. liming, zinc sulphate application, zinc, kaolinitic soil, soil texture, USA, Georgia; 04406.

pearl

skeleton, lynx, cave, Lower Jurassic limestone, speleothem, Poland, Cracow-Miechow Upland, Jama Ani Cave; Wierna Cave; 10421.

peat

acrotelm, catotelm, vegetation, nutrient cycling, USA, Minnesota, Marcell Bog; 00565. ash, coal, Westphalian, vitritine, Allegheny Formation, USA, West Virginia; 02953. ash, delta, sediment supply, coal, Malaysia, Sarawak; 08052. biomass, climate change, air pollution, boreal forest, tundra, 03899. carbon mineralization, nitrogen mineralization, soil productivity, peat transformation, decomposition, 0180. centrifugation, soil water retention, 09455. charcoal, vegetation decline, palynology, Holocene, climate record, core, Australia, Western Australia, Rottneet Island, Barker Swamp; 05296. chemisorption, sphagnum moss, wastewater treatment, chromium adsorption, water quality, 00688. climate modelling, *Sphagnum magellanicum*, Holocene, ecology, *Sphagnum imbricatum*, UK; 01464. coal accumulation, climate, 09313. coal, Ferron Sandstone Member, Mancos Shale, Cretaceous, volcanic ash, taphonomy, USA, Utah, Emery Coal Field; 14406. dissolution, Palaeocene, kaolinite, volcanic ash, Canada, Alberta, Wabamun; 08004. element accumulation, dust fall, ombrotrophic bog, Finland, Haadetekids; 00566. fan type, braided river, debris flow, subaerial fan, classification, Botswana, Okavango Fan; 00371. global carbon model, carbon isotope, deep carbon gas, ombrogenous peatland, radiocarbon dating, Canada, Ontario, Rainy River; 01321. heavy metal adsorption, cadmium, chromium, wastewater, 05624. Holocene, shoreline evolution, sea level change, intertidal peat, freshwater marsh, Ireland; 11843. Holocene, stratigraphy, humification, palaeohydrology, raised bog, Finland, Pesansuo; 04107. humic substance, humification, 12104. iron, phosphorus, siderite, vivianite, trace metal, Finland, Kestila, Vihanti; Ruukki; 13250. lacustrine silt, Eemian interglacial, stratigraphy, pollen succession, Poland, Jaworzyna, Jaworzyna Slaska; 09176. lipid, biogeochemistry, seasonality, river sediment, PAH, Arctic Ocean, Mackenzie River Estuary; Beaufort Sea; 01678. lithogenic bacteria, bacteria, water table level, methane production, 00570. moss, Younger Dryas, atmospheric carbon dioxide, high resolution record, carbon isotope, Chile, Estancia Harberton, Beagle Channel; 07843. mud, late glacial, basin, stratigraphy, Holocene, Germany, Biesenthal Basin, Barnim; 06736. nitrogen, carbon, bulk density, ombrotrophic bog, organic matter, Europe; North America; 03144. plant macrofossil, Coleoptera, palaeoclimate, palaeoecology, Allerod, Norway, Godoy; 02778. river channel, sediment load, meander, sinuosity, fine sediment, Botswana, Okavango Fan; 00372. Roman period, tufa, Bronze Age, coastline, UK, England, Kent, Dour Valley; 06713. sediment dispersal, coal, provenance, delta, coastal plain, Malaysia, Sarawak, Rajang River; 00395. shore vegetation, mire, pollen analysis, gyttja, Poland, Lake Goszcz; 08044. soil erosion rate, UK, England, Pennines; Scotland, Shetland; 05647. soil water desorption, time domain reflectometry, tensiometer, 05542. *Sphagnum* peat, Carex peat, extractant, humic substance, 05541. tropical, Medieval Warm Period, carbon isotope ratio, Quaternary, climate change, India, Tamil Nadu, Nilgiri Hills; Kerala, Nilgiri Hills; 02766. tundra, Hypsithermal, Holocene, carbon balance, global warming, USA, Alaska; 03859. water table depth, methane, microtopography, Canada, Ontario, Cochrane; 09486.

peat accretion

agricultural runoff, nutrient accumulation, phosphorus, eutrophication, USA, Florida, Everglades; 09508. nutrient accumulation, agricultural runoff, carbon, nitrogen, phosphorus, USA, Florida, Everglades; 04381. nutrient accumulation, calcium, phosphorus, nitrogen, USA, Florida, Everglades; 09506.

peat accumulation

carbon balance, peat growth model, 00564. carbon source/sink, carbon budget, forest biome, forest fire, Russian Federation, Siberia; Asia, (Far East); 00045. carbon, organic carbon, Russian Federation; 14552.

peat acidification

liming material, soil water chemistry, soil amelioration, 00510.

peat ammoniation

peat water content, nitrogen, humic substance, ammonia sorption, 12127.

peat bog

alder, vegetation history, Younger Dryas, lake, late glacial, France, Alps; 01496. anthropogenic impact, Quaternary, afforestation, pollen, Spain, Sierra de Guadarrama, Puerto de Morcuera; 10506. electron probe microanalysis, EPMA technique, tephra, volcano, 02933. enrichment, element migration, spring, groundwater discharge, Finland, Pattijoki, Pitkaslahti Spring; 13487. ion exchange, caesium-137, sorption, stream-water quality, radiocaesium, leaching, 13529. water table drawdown, wetland protection, environmental protection, land drainage, hydrological buffer zone, Switzerland, Jura Region; 08439.

peat bog deposit

radiocarbon dating, pollen data, dating, Estonia, Niinsarre Bog; 10429.

peat chemistry

electrical conductivity, compost-peat mix, microbial activity, peat storage, 10783.

peat degradation

permafrost, peatland, fir forest, Canada, Alberta; 05543.

peat deposit

Holocene, diatom, chrysophyte cyst, protozoan plate, palaeoecology, Greenland, Nordvesto; 13079.

peat deposition

New River Formation, Beckley bed, mining, coal, USA, West Virginia; 09281. till, pollen diagram, interglacial environment, Holsteinian, Naakena-vaara interglacial, Finland, Lapland; 00225.

peat depth

moss peat, sedge peat, humification, methane, carbon dioxide, Sweden; 10852.

peat drainage

peat transformation, fen, soil productivity, Poland; 08179.

peat erosion

regenerating peat, climate change, carbon balance, UK; 07899.

peat filter

clay filter, sand filter, herbicide removal, activated carbon filter, water treatment, 07063.

peat formation

Holocene, environmental conditions, palaeohydrology, Spain, Galicia, Coruna, Sierra do Bocelo; 07903. wet soil, Holland peat, Holocene, Netherlands; 10477.

peat gas

spectrometry, oxygen, methane, carbon dioxide, 12089.

peat growth

reclamation, mire development, stratigraphy, Netherlands, Bourtanger Moor; 10478.

peat growth model

peat accumulation, carbon balance, 00564.

peat harvesting

peatland, rehabilitation, raised bog, regeneration, Germany, Lower Saxony; 06537.

peat land

bog development, bog hydrology, bog hydrogeochemistry, Germany, Bavaria, Rosenheim Basin; 12236. wetland hydrology, bog vegetation, bog restoration, 12237.

peat leachate

surface water quality, groundwater quality, wastewater treatment, domestic treatment, USA, Alaska; 05803.

peat pollution

soil pollution, element concentration, heavy metal, ombrotrophic peat, UK, England, Yorkshire, Ringinglow Bog; 04419.

peat redox

runoff, water table drawdown, phosphorus dynamics, nitrogen dynamics, wetlands, 05696.

peat section

fire, Younger Dryas, pollen data, Chile, Tierra del Fuego; Argentina, Patagonia; Argentina, Tierra del Fuego; 07841.

peat slide

blanket peat, translational slide, rainfall, porewater pressure, UK, Northern Ireland, Antrim, Skerry Hill; 05237.

peat soil

carbon dioxide diffusion, carbon mineralization, rainfall, soil depth, Poland, Biebrza Valley; 00568. carbon dioxide diffusion, soil water content, soil temperature, Poland, Biebrza Valley; 00567. carbon mineralization, carbon balance, soil water content, carbon dioxide diffusion, Poland, Biebrza Valley; 00569. gley soil, soil microorganism, Russian Federation, Amur Region; 10785. humic acid, organic matter, peat transformation, 08197. humus, copper extractability, organic soil, 04405. ion exchange, cation adsorption, 01839. marsh, humus, pedogenesis, 13358. microorganism, soil fauna, soil physicochemical property, 09505. nitrogen mineralization, fen, soil water content, Poland, Biebrza Valley; 00548. nitrogen, organic matter, soil fertility, Russian Federation; 09507. organic carbon, methane, carbon-13, 05571. pH, methane, soil temperature, 00571. seedling growth, leaching, nutrient availability, burning, scalping, 13383. slope stability, soil flow, bog burst, Argentina, Tierra del Fuego, Bahia del Buen Suceso; 13005. soil chemical property, humification, moorsh, 08181. soil drainage, soil physical property, 09514. temperature, water chemistry, water level, nutrient release, eutrophication, 00050.

peat storage

peat chemistry, electrical conductivity, compost-peat mix, microbial activity, 10783.

peat stratigraphy

climate sensitivity, record continuity, Holocene, palaeoclimate, 10424.

peat surface lowering

soil temperature, water table position, carbon dioxide, methane, Canada, Quebec; 03121.

peat swamp

tonstein, volcanic ash, coal, burial, clay mineralogy, 04202.

peat temperature

water table position, carbon dioxide, methane, peatland soil, 12118.

peat transformation

decomposition, peat, carbon mineralization, nitrogen mineralization, soil productivity, 08180. fen, soil productivity, peat drainage, Poland; 08179. peat soil, humic acid, organic matter, 08197.

peat water content

nitrogen, humic substance, ammonia sorption, peat ammoniation, 12127.

peatbog

carbon-13, Quaternary (late), biomass change, Burundi, Kashiru; 10470.

peatland

carbon balance, permafrost, decomposition rate, climate warming, soil carbon pool, Russian Federation; 03890. carbon cycling, climate change, boreal peatland, international workshop, Finland; 03916. carbon turnover rate, climate warming, carbon cycling, permafrost zone, soil carbon pool, Russian Federation, Siberia; 01561. carbon, boreal zone, methane flux, 01042. climate feedback, water table, nitrous oxide flux, 07337. ecological disturbance, sulphate, iron, groundwater recharge, artificial recharge, eutrophication, 10952. eddy correlation, seasonal distribution, methane flux, USA, Minnesota; 09990. fir forest, peat degradation, permafrost, Canada, Alberta; 05543. freshwater marsh, landscape evolution, USA, Florida, Everglades; 11802. global change, palaeorecord, geochemistry, hydrology, 00215. Holocene, vegetation history, late glacial, UK, Scotland, Caithness, Flow Country; 13068. hummock, frost heaving, microtopography, China, Sichuan Province, Ruogai Peatland; 14168. laboratory experiment, water table elevation, wetlands, methane flux, Canada; 00670. lake water chemistry, total organic carbon, catchment characteristics, Finland; 10987. mollusc, subglacial channel, raised bog, Germany, Upper Swabia, Bad Waldsee; 09175. rehabilitation, raised bog, regeneration, peat harvesting, Germany, Lower Saxony; 06537. salt marsh, shallow lake, land reclamation, environmental protection, wetlands, Netherlands; 08360. sedimentation, erosion, trace metal, ice, Baltic Sea, Gulf of Bothnia; 05492. water table lowering, drained peatland, methane flux, Canada, Ontario; 07698. water table, environmental factor, methane emission, USA, Minnesota; 01041.

- peatland hydrochemistry**
buffer zone, water table decline, climate change, laboratory experiment, riparian zone, 00669.
- peatland soil**
peat temperature, water table position, carbon dioxide, methane, 12118.
- pebble**
sediment yield, Holocene, mud, erosion, soil erosion, South Africa, Cape Province, Algoa Bay; Sundays River; South Africa, Cape Province, Swartkops River; 01701. wind speed, entrainment, wave energy, beach, USA, New Jersey, Delaware Bay, Green Creek; 07971.
- Peclet number**
numerical solution, Richards equation, courant number, unsaturated flow, 09686. upwinding, convection/diffusion, convective flow, numerical diffusion, finite volume method, 11253.
- ped shape**
Cox's R-statistic, fractal dimension, 03068.
- pediment**
inselberg, duricrust, tropical landform, relief, model, Africa, (West); 14133. morphodynamics, weathering, sheet wash, anthropogenic impact, relief development, Nigeria, Gongola Basin; 00137. slope, pediplain, Croatia, Velebit Mountain Range; 11758. tectonics, lake basin, karstification, denudation surface, alluvial fan, Turkey, Ilgin Lake; 10392.
- pedimentation**
tundra vegetation, patterned ground, cryoturbation, geomorphological stability, periglacial denudation, Canada, Yukon, Richardson Mountains; 01552.
- pediplain**
deflation, groundwater flow, qarat, endoreic depression, Libya, Sarir Al Qattusah; 12963. pediment, slope, Croatia, Velebit Mountain Range; 11758.
- pedochemical environment**
opal, opaline pendant, Palixeralf, USA, California; 01820.
- pedoderm**
soil stratigraphy, soil mapping, Australia, New South Wales, Macquarie Valley; 04312.
- pedofeature**
weathering, climate history, polygenetic soil, Australia; 00516.
- pedogenesis**
accretion, submergence, subsidence, vegetation, coastal marsh, USA, Louisiana, Terrebonne Basin; 01702. chaos theory, USA, North Carolina, Coastal Plain; 05545. diagenesis, soil, tree root cast, Citronelle Formation, Sicily Island Loess, USA, Louisiana; 02927. ferrimagnetic mineral, loess, magnetic susceptibility, paleosol, mineralogy, China; 14510. Holocene evolution, soil, landscape, micromorphology, 05294. iron oxide, soil colour, mineralogy, 12147. organic matter, carbonate, carbon-14, carbon dioxide, 12046. parent material, carbonate rock, Russian Federation, Dagestan; 13350. parent material, weathering, soil physical property, catena, Tanzania, Nyassaland Plateau; 05547. peat soil, marsh, humus, 13358. pedosedimentary evolution, Quaternary, Fontainebleau Sand, loess, France, Villejuif, Zac of Hantes Bruyeres; 05302. soil science, soil structure, pedometrics, geostatistics, 14460. weathering, hydrothermal genesis, tropical soil, laterite, plinthite, 14509. weathering, soil reconstruction analysis, toposequence, landscape position, USA, Virginia; 04347.
- pedogenetic feature**
paleosol, soil classification, 00469.
- pedogenic carbonate**
soil characteristics, aeolian soil, carbonate horizon, Leasburg surface, USA, New Mexico, Rio Grande Valley; 10464.
- pedogenic process**
Conway Granite, grus, weathering, USA, New Hampshire; 03947.
- pedogeomorphic process**
soil erosion, accumulation process, caesium-137, soil degradation, 08241.
- pedolith**
Vistulian, Holocene, aeolian activity, pedostratigraphy, relief evolution, Poland; 00230.
- pedological investigation**
fluvial form, rainforest, savanna climate, palaeoenvironmental condition, geomorphology, Zaire; 00207.
- pedology**
deltaic landform, Holocene, transgression, regression, Vietnam, Mekong Delta; 09335. landform, soil, palaeoenvironment, geomorphology, 01338. soil stratigraphy, scale, archaeology, 05142.
- pedometrics**
geostatistics, pedogenesis, soil science, soil structure, 14460. soil spatial variability, soil science, 14461.
- pedosedimentary evolution**
Quaternary, Fontainebleau Sand, loess, pedogenesis, France, Villejuif, Zac of Hantes Bruyeres; 05302.
- pedostratigraphy**
relief evolution, pedolith, Vistulian, Holocene, aeolian activity, Poland; 00230.
- pedotransfer function**
soil water retention, 09432.
- Pedro Castle Formation**
carbonate bank, sedimentation, tertiary, Brac Formation, Cayman Formation, British West Indies, Cayman Brac; Caribbean Sea; 11971.
- peelable coating**
Chernobyl nuclear accident, fallout removal, soil, radioactivity, grassed surface, 08979.
- pelagic clay**
biogenic deposit, siliceous deposit, geochemistry, sedimentology, Pacific, (West); 01672. growth history, manganese nodule, comparative study, Pacific, Penrhyn Basin; 03009.
- pelagic deposit**
carbonate platform, Jurassic, sea level change, biostratigraphy, facies association, Italy, Calabria, Sila Mountains; Umbria-Marche Apennines; 06760.
- pelagic fish**
fishery, echosounding, geostatistical method, biomass, Canada; 07640.
- pelagic foraminifera**
Fourier stratigraphy, orbital fluctuation, Brunhes/Matuyama boundary, Quaternary, oxygen isotope record, Pacific, Ontong Java Plateau; 00186. Quaternary, carbon isotope record, oxygen minimum, thermocline, climate oscillation, Pacific, Ontong Java Plateau; 00188. Quaternary, oxygen isotope record, Brunhes/Matuyama boundary, astronomic forcing, winnowing, Pacific, Ontong Java Plateau; 00187.
- pelagic limestone**
Cretaceous, Solirov Formation, turbidite, palaeocurrent, provenance, Slovakia, West Carpathians; 05448.
- pelagic sediment**
fractionation, REE, Hong Kong, Shenzhen Bay; Dapeng Bay; 01713. manganese, surface texture, micronodule, nodule, Indian Ocean, Central Indian Basin; 01642. Nordenskjold Formation, Jurassic, Cretaceous, black shale, tuff, Antarctica, Antarctic Peninsula; 00418. transport, seafloor, sediment/water interface, carbonate compensation depth, abyssal hill, Atlantic, Mid Atlantic Ridge; 06774. turbidite, diagenesis, element, organic matter, carbonate dissolution, Atlantic, Madeira Abyssal Plain; 01658.
- pelagosome**
evaporation, aragonite, sea spray, seawater, France, Mediterranean Coast; 07998.
- pelite**
carbonate, grain size, volcanic environment, sedigraph, India; 04142. quartz arenite, turbidite, sedimentation, Numidian flysch, Italy, Basilicata, Lagonegro Basin; Southern Apennines; 01717.
- Pellustert**
Chromustert, carbon pasture soil, Vertisol, Australia, Queensland; 14533. oil coating, translocation, soil structure, manganese oxide accumulation, 05585.
- pen based computers**
field data, Canada, Ontario; 12667.
- Pendencia Formation**
volcaniclastic sediment, authigenesis, amphibole, Cretaceous, sandstone, Brazil, Potiguar; 08001.
- pendimethalin**
herbicide mobility, France; 00603.
- peneplain**
basement complex, feldspar, quartz, palaeotropical weathering, planation surface, Germany, Bavaria; 00101. planation surface, Precambrian, tectonics, denudation surface, Sweden; 09063. sea level, erosion cycle, planation surface, Australia; 07778.
- peneplanation**
Budell's model, planation surface, deep weathering, saprolite, tropical peneplain, India, Tamil Nadu; 00138. geology, geomorphology, mountain, granite, planation surface, Hungary, Velence Mountains; 05184. tectonic geomorphology, sedimentary structure, palaeocurrent, India, Shillong Plateau; 12984.
- penetration depth**
sea surface wave, ocean surface model, 14080.
- penetration resistance**
compaction sensitivity threshold, clay mineralogy, lubricating action, compaction curve, 11701. crop rotation, clay soil, tillage, bulk density, Canada, Saskatchewan, Indian Head; 03152. dynamic penetration test, geotechnical characteristics, gravel soil, Italy, Calabria, Messina; 04043. field traffic, tractor pass, infiltration rate, bulk density, Nigeria; 09516. nutrient availability, tillage, pH, soil structure, aggregate stability, Norway, Tune; 10828. Peulustoll, Paratill, tillage, bulk density, USA, Great Plains; 01823. soil compaction, root growth, earthworm, 14516.
- penetration test**
dynamic measurement, pile driving, stress/wave propagation, Becker hammer drill, Canada, British Columbia; 06511.
- penetrative downdraft**
downdraft model, parcel model, 02263.
- penguin rookery**
Holocene, Pygoscelis adeliae, glacier retreat, palaeoclimate indicator, Antarctica, Victoria Land Coast; 07906.
- Penicillium frequentans**
Cladosporium cladosporioides, stone alteration, filamentous fungi, cation complexation, biochemical weathering, Spain; 00100.
- Penman equation**
data shortage, evaporation, temperature, 01918. evaporation, forest hydrology, interception, deciduous forest, coniferous forest, France; Netherlands; 01915.
- Penman evaporation**
transpiration, grassland, evaporation, water use, mountain terrain, UK, Scotland, Balquhider; 00626.
- Penman method**
altitude, potential evaporation, climate variability, mountain terrain, evapotranspiration, water use, UK, Scotland, Balquhider; 00628. forest, evapotranspiration, soil water balance, heat balance gradient method, potential evapotranspiration, 08293.
- Penman model**
basin evapotranspiration, evapotranspiration, albedo, remote sensing, land cover category, AVHRR data, China; 00623. Morton model, soil evaporation, lake evaporation, catchment evaporation, evaporation, China, Hubei Province; 08294.
- Penman-Monteith equation**
evapotranspiration, crop coefficient, rainfed agriculture, irrigated agriculture, soil water content, 09583. microlysimeter, dewfall, potential condensation, Australia, Western Australia, Collier River Basin; 14598. spatial distribution, evaporation, net radiation, aerodynamic resistance, canopy resistance, digital terrain analysis, 08300. transpiration, Fiscus benjaminia, stomatal resistance, leaf external resistance, 03471.
- Penman-Monteith model**
Bowen ratio, forest, grassland, water yield, afforestation, Fiji, Viti Levu; 08285. canopy resistance, aerodynamic resistance, soil moisture, evapotranspiration, stomatal resistance, 09581. Modified Priestly-Taylor model, evapotranspiration model, wildland vegetation, comparative study, Shuttleworth-Wallace model, 00622. water use, evapotranspiration, land use effect, interception loss, UK, Scotland, Balquhider; 00627.
- Penman potential evaporation**
streamflow, precipitation, land use effect, water balance, Calder-Newson method, water use, UK, Scotland, Balquhider; 00802.

Pennsylvanian

braidplain, Boss Point Formation, calcrete, siderite, paleosol, Canada, Maritime Provinces; 02926. coal, foreland basin, floodplain deposit, Pocahontas Formation, sandstone, USA, West Virginia; 04179. dissolution, carbonate, porosity, diagenesis, laboratory experiment, burial, 01626. fluid inclusion, brine, burial diagenesis, foreland basin, USA, Kansas; 11930. Panther Seep Formation, microbiolite, tidal flat, aggregate morphology, aragonitic fabric, USA, New Mexico, San Andres Mountains; 06682. Permian, isotope, seawater, strontium-87/strontium-86 ratio, shelf limestone, USA; 07988. Permian, Keeler Canyon Formation, carbonate buildup, siliclastic, turbidite, USA, Great Basin; 08059. Permian, turbidite, carbonate pseudomatrix, fluorescence microscopy, siliclastic, USA, Idaho, Oquirrh-Wood River Basin; 08000. salinity, Gondwana glaciation, lithological cycle, evaporite, Paradox Formation, USA, Utah; Colorado; 01637. sandstone, channel, strike/slip fault, braidplain, Boss Point Formation, Canada, Nova Scotia; New Brunswick; 10588. Sharon Conglomerate, liquefaction, deformation, cross bedding, palaeovalley, USA, Ohio, Summit County, Virginia Kendall Park; 00363.

Pennsylvanian(Upper)

Tonganoxie Sandstone, rhythmite, floodplain, sedimentation, sedimentary structure, USA, Kansas, Ottawa; 04177.

pentachlorophenol

Rhodococcus chlorophenolicus, soil microorganism, biodegradation, mineralization, 13430. soil microorganism, pesticide behaviour, biodegradation, atrazine, 05628. surfactant, organic matter, soil temperature, 05631.

pernultimate deglaciation

atmospheric circulation, global warming, pluvial conditions, Egypt, Western Desert; 02763.

pernultimate glacial

Vostok ice core, palaeoclimate, ocean record, temperature, Antarctica, Vostok Station; 04051.

penumbra

duct effect, microwave propagation, ocean, visibility, 10222.

Peoria Lake

sediment deposition, Pool 19, watershed, alluvium, channel dynamics, USA, Iowa, Mississippi River; 03954.

Peoria Loess

Bignell Loess, aeolian deposit, loess accumulation, soil formation, Loveland Loess, USA, Kansas, Great Plain; 09167. Pleistocene (late), radiocarbon age, loess stratigraphy, Gilman Canyon Formation, Brady Soil, USA, Kansas; Nebraska; 07834. Roxana Silt, geochronology, Quaternary, loess, aminos-tratigraphy, USA, Arkansas, Witsburg Quarry; Tennessee, Memphis, Old River; 13027. Roxana Silt, Loveland/Sicily Island loess, geophysical well log, loess thickness, geosol correlation, Crowley's Ridge Loess, USA, Tennessee, Memphis; Mississippi; 05299. Wisconsinan, loess, transport direction, Roxana Silt, USA, Minnesota; 09169.

pepper

harvest predictor, heat unit, solar radiation, daylength, 03473.

Peraphojola interstadial

Weichselian interstadial, dwarf shrub, flora, insect, fauna, Sweden, Norrbotten; 06576.

percentile

mapping, critical load, data aggregation, cumulative distribution, Finland; 06424.

perched water table

irrigation, salinisation, arid zone, land use effect, deuterium, oxygen-18, stable isotope, India, Rajasthan; 08426.

percolation

hydraulic conductivity, unsaturated flow, water table depth, soil moisture, capillary rise, 10994. lysimeter, leachate, irrigation water management, sampling, groundwater quality, USA, Nebraska, North Platte; 02103. permeability, structural element, groundwater flow, pore domain, 07052. seepage, permeability, alluvial fan, topographical analysis, Japan, Akita Prefecture, Yokote Basin, Rokugo; 14699. snow, heat flux transducer, rain on snow event, runoff, USA, Alaska; 03369. soil physical property, Tropaquept, cultivation, 03148. statistical analysis, water level change, coal mine, groundwater recharge, USA, Indiana, Cannelburg; 00740. unsaturated flow, hydraulic conductivity, pore size distribution, water retention curve, 07053.

percolation theory

capillary pressure, porosity, spatial correlation, drainage displacement, pore throat, 02028. groundwater flow, fracture flow, fracture network, 05783. multiphase flow, capillary pressure-saturation relationship, network theory, pore scale model, 03345.

percolation zone

radar echo, ice sheet, seasonal melting, refreezing, Greenland; 04133.

percussion coring system

sampling, palaeolimnology, 01577.

performance assessment

nuclear waste repository, sorbing material, comparative study, radionuclide sorption database, 01307.

performance index

model intercomparison, normalised mean square error, air quality, 06100.

perfusion system

global warming, biogeochemistry, wetlands, 03858.

periglacial

abrasion, sand grain, aeolian sediment, heavy mineral, Poland, Zametyl; Kalinko; 07880. interglacial deposit, interstadial deposit, Munsterian age, calcareous diamic, Ireland, County Wexford, Ballykeerogemore; Battles-town; 09171. morphology, meltwater channel, echosounder, bathymetric chart, North Sea, Kattegat; 01510. overlaying strata, stratigraphic division, ecological significance, brown earth, Germany, Bavaria; 01556. permafrost reconstruction, Last Glacial, dating, palaeoclimate, Weichselian, Europe; 01553. wind action, dune formation, ventifact, climate indicator, recent, Sweden, Scania; 00276. wind erosion, aeolian transport, cold environment, Canada; 01550. Wisconsinan, permafrost, solifluction, braided river, Germany; 05329.

periglacial activity

environmental reconstruction, Pleistocene, raised beach, glacial deposit, solifluction, UK, Wales, Gower, Broughton Bay; 14274.

periglacial aeolian sediment

Old Crow tephra, Pleistocene, oxygen isotope stage 6, last glaciation, marker bed, USA, Alaska, Hollina Lowland; 00216.

periglacial climate

climate effect, weathering rate, isovolumetric weathering, schist, USA, Maryland, Baltimore; 07742.

periglacial conditions

lithology, genesis, cover sediment, frost weathering, Younger Dryas, Germany, (East); 07928.

periglacial denudation

pedimentation, tundra vegetation, patterned ground, cryoturbation, geomorphological stability, Canada, Yukon, Richardson Mountains; 01552.

periglacial deposit

Holocene, bog burst, catastrophic phenomena, blanket bog, terracette, UK, Scotland, Shetland Islands; 07809. remote sensing, stereoscopy, geological mapping, France, Massif Central, Velay; 08864.

periglacial environment

isotope depletion, calcite crystallisation, permafrost, solute enrichment, soil water chemistry, freezing, Svalbard, Spitsbergen, Brogger Peninsula; 05821. loess, aeolian activity, pollen, slope deposit, TL dating, Denmark; 07927. Tiglian stage, Beerse glacial, paleosol, provenance, climate development, Belgium; 07923. Weichselian, cryogenic microfabric, fluvial regime, dune, Younger Dryas, Netherlands, Maas Valley; 07926.

periglacial geomorphology

glacial erosion, glaciated landform, glacial history, Antarctica, King George Island, Fildes Peninsula; 04127. landform, experimentation, high latitude, high altitude, 01549. stratigraphy, dune, Pleistocene, permafrost, freeze/thaw, China, Yellow River; 04126.

periglacial lake

lake sediment, lithology, palaeomagnetism, Valdai, Russian Federation, Kola Peninsula; 13076.

periglacial landform

climate control, glacial history, dating, photogrammetric method, Greenland, East Greenland, Zackenberg Area; 11858. mountainous environment, glacial protection, cold based glacier, Arctic; Scandinavia; 13087. Weichselian, GIS modelling, TL dating, ice wedge cast, nivation niche, Denmark, Zealand, Bjergsted Area; 11859.

periglacial pediment

Weichselian, snowmelt, Saalian, nivation activity, Belgium, Bosbeek Valley; 07924.

periglacial phenomena

permafrost, rock glacier, geocryogenic process, Little Ice Age, Mexico; 11854.

periglacial process

monitoring system, frost heave, rockfall, bedrock shattering, solifluction, Japan, Japanese Alps; Svalbard; 11857. permafrost research, ground ice, ice wedge, thermokarst, frost heave, Canada; 01551. sand wedge, palaeoclimatology, aeolian sand, late glacial, Poland; Germany; 00277.

periglacial research

climate change, palaeoclimate, Pleistocene, Netherlands; 07925.

periglacial slope

talus, deposit age, debris supply, weathering rind thickness, Japan, Honshu, Japanese Alps, Mt. Yakushidake; 02724.

periglacial slope deposit

loess, Quaternary, field guide, raised beach, environmental reconstruction, UK, England; 07871.

periglacial zone

cryostrucure, permafrost, Plenivistulian, deglaciation, Poland; 07930. loess series, paleosol, braunlehm, rotlehm, Czech Republic, Moravia, Boretice; 02782.

periglaciation

Quaternary environment, chronology, pingo, patterned ground, solifluction, UK; 07921.

perimeter shape

runoff depth, basin shape, basin perimeter, runoff estimation, USA, Sierra Nevada; 12209.

periodic autoregression equation

moving average process, data generation, synthetic hydrologic series, hydrological time series, 01908.

periodic behaviour

environmental modelling, maximum likelihood estimation, water quality control, probability distribution, 00611.

periodic forcing

lunar tide, monsoon, atmospheric response, 03513.

periodic process

bioremediation, leachate, sequencing batch reactor, soil bioremediation, 01301.

periodic/stochastic model

precipitation assessment, drought pattern, Kalman filter, Sweden, Lund; 08277.

periodic variance

forecast, climate forecast, skill, Asia; 03534.

periodicity

correlation analysis, time series, geophysical process, 09006. Cretaceous, orbital forcing, sea level, rhythmic bedding, Milankovitch, Atlantic; France; 02900. ENSO, Halocarpus biformis, pink pine, dendrochronology, New Zealand, South Island, Lake Manapouri; 06601. flood frequency, river discharge, annual discharge, rainfall frequency, time series analysis, Africa; Finland; UK, Wales; 13471. laminite, turbidite, submarine fan, sediment transport, Miocene, precession, Greece, Gavdos; 04182. palaeoclimate, SPECMAP project, grain size, Quaternary, oceanic record, loess, 13024. radiocarbon, solar forcing, thermohaline circulation, Maunder Minimum, Atlantic, (North); 06551. spatial variation, Holocene, climate, China; 01528.

periodite

limestone, Nannoconus, Marnes bleues Formation, Cretaceous, diagenesis, France; 09290.

periplatform carbonate

cementation, dolomitization, burial, dissolution, diagenesis, Leonardian, USA, Texas, Midland Basin; 13212.

permafrost

air temperature, snow cover, creep, frozen ground, ice wedge cracking, Canada, British Columbia, Arctic Coast; USA, Alaska, Arctic Coast; 06612. alluvial fan, morphology, gelifluction terracette, earth hummock, debris flow, Canada, Northwest Territories, Aklavik Range; 03950. bibliography, ground ice, frozen soil, geocryology, 01546. biophysical process, cold environment, Canada; 04123. buried glacier ice, oxygen isotope composition, stratigraphy, morphology, glacier, Russian Federation, Siberia, Ledyanaya Gora; 04131. climate variability, thawing, Canada, Northwest Territories, Mackenzie Highway; Alberta, Mackenzie Highway; 13135. climate warming, foundation engineering, bearing capacity, 14295. climate warming, thawing, ground temperature, climate, Russian Federation, Siberia; 01559. cyclic loading, creep, slope movement, porewater pressure, Canada, Northwest Territories, Yellowknife; 05231. data management, Snow and Ice Data Center, 07918. decomposition rate, climate warming, soil carbon pool, peatland, carbon balance, Russian Federation; 03890. dune dynamics, cryoturbation feature, Holocene, podzol, esker, Finland, Lapland, Hietatievat; 07929. extraterrestrial geomorphology, radar mapping, polar anomaly, Mercury; 12985. fenland, climate, bog landform, sphagnum, physiography, Canada, (West); 13132. floodplain deposit, climate, sedimentation, cryogenesis, texture, Russian Federation, Yakutia, Yana River; 10590. fossil fuel resource, methane, gas hydrate, global change, 02622. freeze/thaw, periglacial geomorphology, stratigraphy, dune, Pleistocene, China, Yellow River; 04126. frost, geotechnical engineering, international symposium, 04122. gas escape, relict permafrost, atmospheric temperature, reservoir rock, clay bed, Russian Federation, Siberian Plain, Ket'basin; 13141. gelifluction, fluvial sediment transfer, Holocene, channel dynamics, Austria, Alps, Hohe Tauern; 01557. geochronology, Pleistocene, Russian Federation, Siberia, Yakutia; 10528. geophysical investigation, geoelectrical survey, gelifluction lobe, rock glacier, Italy, Sondrio, Livigno; 11856. georadar, gravimetry, ice content, borehole logging, geophysical investigation, Switzerland, Upper Engadin; 05330. glacier ice, rock glacier, density, gravity anomaly, Switzerland, Upper Engadin, Murtel-Corvatsch Glacier; 05331. glacier meltwater, rainfall, snowmelt, streamflow, runoff response, China, Qinghai-Xizang Plateau; 07102. glaciofluvial sediment, late pleniglacial, last glaciation, moraine, alpine foreland glacier, Germany, Alpine Foreland; 01555. gravimetric investigation, ice rich permafrost, rock glacier, Switzerland, Alps, Upper Engadin, Murtel-Corvatsch Rock Glacier; 11855. ground, crater characteristic, ice, Elysium lava, ice enrichment, Mars; 01409. groundwater recharge, climate change, natural resource dynamics, Altiplano, aridity, Chile, Atacama Andes; 01488. hydrostatic pressure, sedimentary structure, tunnel fill sediment, talik, Quaternary, Iceland, Myvatn; 11904. isotope tracer, snowmelt, wetlands, streamflow, runoff generation, hydrograph separation, Canada, Northwest Territories, Fort Simpson, Manners Creek; 04556. lake deposit, subaquatic freezing, Pleistocene, Holocene, Bolivia, Andes, Altiplano; 07920. landscape, climate, mountain zonation, Canada, Canadian Cordillera; 05175. Last Glacial, Lower Dryas, palaeoclimate, France, Aquitaine; 06617. Loch Lomond stadial, late glacial, ice wedge cast, floodplain, UK, England, Suffolk, Needham Market; 02774. marine submergence, saline distribution, Quaternary geology, Canada, Northwest Territories, Mackenzie Valley; 05328. moraine, push moraine, rock glacier, Little Ice Age, France, Alpes du Sud, Queyras, Asti Valley; 09225. multilingual index, terminology, Sweden; 09226. palaeoenvironmental reconstruction, thaw modification, Pleistocene, ice wedge cast, frost crack, Canada, Mackenzie Delta, Richards Island; 05327. peatland, fir forest, peat degradation, Canada, Alberta; 05543. pingo ice, pingo, Canada, Yukon, Arctic Coast; North West Territories, Arctic Coast; 13133. Plenivistulian, deglaciation, periglacial zone, cryostructure, Poland; 07930. Pliocene (late), Pleistocene (early), ecological change, cooling cycle, continental glaciation, 02767. pre-Flandrian event, slope deformation, glacial lake shoreline, Loch Lomond Readvance, glacial unloading, UK, Scotland, Highlands, Glen Roy; Glen Gloy; 06516. periglacial drainage pattern, database, glaciotectionic feature, ice limit, Europe; 01508. reliability, global warming, engineering structure, structural stability, durability, 11852. rheological model, rock glacier, flow, ice/rock mixture, segregation ice, 11851. rock glacier, geocryogenic process, Little Ice Age, periglacial phenomena, Mexico; 11854. slope failure, active layer, detachment slide, landslide, Canada, Northwest Territories, Ellesmere Island, Fosheim Peninsula; 06613. snowmelt runoff, subarctic stream, sediment yield, suspended sediment, sediment concentration, USA, Alaska, Yukon-Tana Uplands, Glenn Creek; 04550. soil water regime, climate change, temperature model, USA, Alaska, Barrow; 06858. solifluction, braided river, periglacial, Wisconsin, Germany; 05329. solute enrichment, soil water chemistry, freezing, periglacial environment, isotope depletion, calcite crystallisation, Svalbard, Spitsbergen, Brogger Peninsula; 05821. talus foot, debris accumulation, protalus rampart, rock glacier, Ireland, Donegal, Aghla Mountains; 06616. thawing, ice content, geophysical survey, Canada, Quebec, George River; Kangiqsualujuaq; 13136. valley formation, geocological process, shoreline change, uplift, erosion rate, Greenland; 01371. zonation, global warming, anthropogenic impact, climate change, Russian Federation, Siberia; 01560.

permafrost degradation

climate change, late glacial, mountain permafrost, atmospheric warming, 01548. Devensian, thermal contraction, crack, gravel aggradation, Lake Spark, UK, England, Cambridgeshire, Somersham; 07922. Pleistocene, thermokarst, involution, liquefaction, Canada, Northwest Territories, Mackenzie Delta, Summer Island; 06614.

permafrost extent

Zyriansk, Sartansk, thermokarst process, Quaternary (late), Russian Federation; 01558.

permafrost map

nordic permafrost, bibliography, Sweden; Norway; Finland; 06618.

permafrost reconstruction

Last Glacial, dating, palaeoclimate, Weichselian, periglacial, Europe; 01553.

permafrost research

ground ice, ice wedge, thermokarst, frost heave, periglacial process, Canada; 01551.

permafrost structure

active layer, geoelectrical prospecting, stone circle, Antarctica, King George Island, Fildes Peninsula; 04128.

permafrost wedge

glaciotectionics, porewater trap, salt diapir, confined aquifer, Germany, Kiel; 01512.

permafrost zone

soil carbon pool, peatland, carbon turnover rate, climate warming, carbon cycling, Russian Federation, Siberia; 01561.

permatang coast

impact assessment, erosion, coastal reclamation, mangrove, sea level rise, UNEP, Malaysia; Thailand; Indonesia; 11666. sea level rise, marine transgression, impact assessment, Malaysia, Peninsular Malaysia, Desaru Coast; 11667.

permeability

alluvial fan, topographical analysis, percolation, seepage, Japan, Akita Prefecture, Yokote Basin, Rokugo; 14699. aquifer parameter, spatial variability, seismic velocity, Bayesian updating, groundwater flow, 05794. coastal plain aquifer, hydrogeology, groundwater resource, aquifer characteristics, regional aquifer, USA, Virginia; North Carolina; USA, Maryland; USA, Delaware; USA, New Jersey; USA, New York; 03377. decollement, pore pressure, accretionary prism, subducted sediment, Pacific, Nankai Trough; 00286. design criteria, dewatering system, pore pressure, fine soil, 02041. Devonian, permeability decrease, black shale, organic carbon, hydrocarbon, USA, New York; 11950. dual porosity, oxidation, iron oxide, sandstone, porosity, USA, Kentucky; 14716. fracture flow, groundwater flow, matrix flow, porosity, 02057. frozen soil, infiltration, tillage, crop residue, air permeability, 10840. grain size, diagenesis, hydraulic conductivity, aquifer, 11881. Greenbrier Group, reservoir, porosity, ooid, diagenesis, USA, West Virginia, Rhodell Field; 04152. groundwater flow regime, groundwater temperature, groundwater velocity, groundwater recharge, surface water-groundwater interaction, tracer, Japan, Ashigara Plain; 08411. Guadalupian, diagenesis, San Andres Formation, Grayburg Formation, porosity, USA, New Mexico, Guadalupe Mountains; 14349. head measurement, pumped double aker system, aquifer evaluation, groundwater sampling, packer system, 07055. heterogeneity, hydraulic conductivity, effective permeability, groundwater flow, 07054. holding test, pressuremeter, Fucino clay, consolidation, 13002. hydrogeology, volcano, hydrothermal system, USA, Hawaii, Kilauea Volcano; 11004. Jurassic, Brent Group, silica, porosity, North Sea; 02917. limestone, frost resistance, freezing, durability, France, Lorraine; 05351. palaeochannel, Jurassic, sandstone, Saltwick Formation, UK, England, North Yorkshire, Whitby; 02955. pore fluid, cementing agent, tropical clay, microstructure, 03994. porosity, Cretaceous, dolomitization, Tunisia, Wadi Abiod; 14372. porosity, groundwater flow, shale, clay, 14719. porosity, sequence stratigraphy, sea level, basin development, diagenesis, 13195. porosity, specific yield, aquifer characteristics, groundwater availability, transmissivity, Saudi Arabia, Khulais Plain; 02051. pressure sensitive permeability, diffusion, porosity, pore pressure, groundwater flow, 09700. sandstone, Tertiary, fluvial deposit, porosity, Spain; 02873. SEM, chalk, multifractal analysis, North Sea; 11877. soil, clod size, compactor method, 10408. solute transport, dispersion, groundwater flow, porosity, 07073. stress state, clay, compressibility, consolidation, 14182. structural element, groundwater flow, pore domain, percolation, 07052. transmissivity, hydraulic conductivity, hydrogeology, coal bearing rock, groundwater flow, groundwater recharge, USA, Virginia; 08402.

permeability coefficient

radon-222, soil gas, porosity, diffusion coefficient, USA, Pennsylvania; 14497.

permeability decrease

black shale, organic carbon, hydrocarbon, permeability, Devonian, USA, New York; 11950.

permeability estimation

fracture flow, matrix suction, fractured tuff, groundwater flow, USA, Arizona, Superior, Apache Leap; Nevada, Yucca Mountain; 03309.

permeability measurement

snow, air permeability, USA, Wyoming, Glacier Lakes; 05819.

permeability reduction

biofilm, groundwater flow, groundwater contamination, bacteria, soil water flow, 03341. preferential flow, flow path, fine particle, cation exchange capacity, groundwater flow, 13606.

permeable grain

erosion control, bank erosion, pile system, channel bank, Nigeria, Niger Delta; 03026.

permeable soil

impermeable soil, drainage retardation, irrigation, soil permeability, USA, Great Plains; 05836.

permeameter

hydraulic conductivity, disc permeameter, sorptivity, 13322. hydraulic property, infiltrometer, head well permeameter, 14482. infiltration, disc tension permeameter, algebraic model, sorptivity data, 03992. infiltration, infiltrometer, hydraulic conductivity, macropore, 03073. rainfall simulator, hydraulic conductivity measurement, infiltrometer, 00491.

Permian

anhydrite, isotope, cement, Rotliegend Sandstone, Zechstein, North Sea, Leman Field; 06695. bauxite, karst, trace element, Triassic, Turkey, Alanya; 04208. bioherm, carbonate, channel fill, Cherry Canyon Tongue, San Andres Formation, USA, New Mexico, Guadalupe Mountains; 02999. bivalve, palaeoclimatology, palaeohydrology, Wutongou Formation, lake water, China, Xinjiang Autonomous Region, Turpan; 06724. carbonate platform, bioherm, shelf, reef, boundstone, 05450. Changfeng Formation, diagenesis, reef, algae, organism, China, Hunan Province; 06761. continental margin, palaeotethys, beach, sandstone, Triassic, China, Qinghai Province, Xijin Ulan; 06748. deformation, reworking, raindrop impact, 09259. Denison Trough, provenance, tectonics, foreland basin, arc volcanism, Australia, Queensland; 10585. diagenesis, hydrocarbon, silicification, dissolution, evaporite, USA, New Mexico; Texas; 04198. diagenesis, porosity, sedimentary cycle, Kapp Duner Formation, Palaeoaplysina, sea level, Barents Sea, Bjornoya; 13206. diagenesis, Werra Anhydrite, sulphate, evaporite, Zechstein, Poland; 02913. dolostone, hydrocarbon reservoir, Midland Basin, dolomitization, Wichita Formation, USA, Texas; 01632. El Imperial Formation, Carboniferous, sandstone, siliclastic deposit, abrasion, Argentina, San Rafael Basin, Rio Diamante Canyon; 07963. evaporite, red bed,

- brine, geochemical tracer, USA, Texas, Palo Duro Basin; 00382. fossil, delta, lamination, algae, eutrophication, Europe, (Central); 04246. German Creek Formation, sedimentary structure, delta, coal, Australia, Queensland; 13177. gypsum, Lower Werri Anhydrite, sulphate platform, Zechstein, Poland, Leba; 08064. hydrogen sulphide, dolomitization, Khuff Formation, fluid inclusion, porosity, United Arab Emirates, Dubai; 13215. illite, Rotliegend, clay cementation, grain dissolution, kandite, Germany; 04207. isotope, seawater, strontium-87/strontium-86 ratio, shelf limestone, Pennsylvanian, USA; 07988. Karoo Sequence, channel sandstone, cross stratification, sedimentary structure, South Africa, Transvaal; 00374. karst, dolomitization, ooid, platform carbonate, Ratburi Limestone, Thailand, Ratburi; Hua Hin; 05382. Keeler Canyon Formation, carbonate buildup, siliclastic, turbidite, Pennsylvanian, USA, Great Basin; 08059. Lamar Limestone, carbonate, Guadalupian, transgression, sequence stratigraphy, USA, Texas, McKittick Canyon; 14425. macroflora, Saint-Mandrier Formation, palaeoenvironment, channel, meander, France, Provence, Toulon; 09275. Minnelusa Formation, oil exploration, aeolian deposit, bounding surface, bedform, USA, Wyoming; 02893. Ochai Formation, mudstone, debris flow deposit, conglomerate, channel, Japan; 06753. Phosphoria Formation, biomarker, anoxia, reservoir rock, thermal maturity, USA, Montana, Little Sheep Creek; 02899. Raburi Limestone, carbonate, micritization, neomorphism, dolomitization, Thailand; 05380. red bed, magnesite, diagenesis, Austria, Tyrol, Northern Calcareous Alps; 14368. Rotliegend, Zechstein, porewater evaluation, diagenesis, sandstone, Germany; 06693. sea level change, dolomitization, cementation, diagenesis, Yates Formation, USA, Texas, Guadalupe Mountains; 14363. Tasmanites, algae, carbon isotope, biomarker, Australia, Tasmania; 02944. Teesside Group, halite, potash, brine, palea, UK, England, Boulby; China, Qaidam Basin; 06694. Triassic, red bed, paleosol, soil structure, climate, Antarctica, Prydz Bay; 02929. turbidite, carbonate pseudomatrix, fluorescence microscopy, siliciclastic, Pennsylvanian, USA, Idaho, Quirrh-Wood River Basin; 08000. Variscan belt, geochemical system, Oligocene/Miocene, clay mineral, megatoposequence, Ecuador, Andes; 06470.
- peroxide**
collection device, comparison, diffusion scrubber, scrubbing coil, 08676.
- peroxomonosulphuric acid**
catalysis, kinetics, sulphur IV oxidation, 12571.
- peroxy radical**
adsorption, aerosol surface, Martian atmosphere, hydroxyl radical, hydrogen, Mars; 01047. microwave observation, model, mesosphere, modelling, ozone, water vapour, 13835. photostationary state, measurement, 07339.
- peroxyl radical**
night time, dimethyl sulphide, 14990.
- peroxymethacryloyl nitrate**
ozone, PAN, unsaturated peroxyacyl nitrate, 06024.
- peroxypropionyl nitrate**
ozone, PAN, Germany; 12649.
- persistence**
anticyclone, non urban ozone, principal components analysis, USA(E); 07414. DDT, soil, clay loam, DDE, USA, New Mexico; Texas; 05066. scale selection, zonal jet, baroclinic instability, 02215.
- persistence probability**
summer, global warming, wetness probability, China, Beijing; 08968.
- persistent anomaly**
forcing, two level model, global circulation model, 11203.
- personal exposure**
aromatic hydrocarbon, benzene, toluene, xylene, Italy, Piedmont; 13895.
- perspective plot**
digital terrain model, contour map, 03719.
- perturbation/spectral method**
unsaturated flow, heterogeneity, infiltration, hydraulic conductivity, 12301.
- perturbation technique**
boundary element, random boundary condition, groundwater flow, semi confined aquifer, stochastic analysis, 02052.

spectroscopy, hydrocarbon, flavonoid, Russian Federation; 01876.
- pest control**
cotton, boll weevil, stalk destruction, USA, Texas, Rio Grande Valley; 08883. grasshopper infestation, accuracy, GPS, aerial spraying, rangeland, USA, North Dakota; 02378.
- pest dynamics**
GIS, expert system, insect attack, Germany, Nurnberg Reichwald; 11522.
- PESTFADE**
pesticide fate model, pesticide transport, 03180.
- pesticide**
aldicarb, transport model, decay chain, degradation regime, sequential degradation, solute transport, 05799. aquatic system, compartmental model, transformation rate constant, microecosystem, fate prediction, 07690. arsenic, USA, Louisiana; 08219. atrazine, agricultural practice, water quality monitoring, groundwater contamination, USA, Virginia; 07127. Bathyroid, nitrogen transformation, 14539. biodegradation, vegetable oil, nutrient availability, 03166. biomonitoring, heavy metal, PCB, lead, North America, Great Lakes; 12897. chromatography, metabolite, metribuzin, groundwater quality, USA, Wisconsin; 00774. contamination probability map, stochastic model, Canada, Quebec; 08924. DDT, pollution, tsetse fly, malaria, Zimbabwe, Lake Kariba; 0691. DDT, tropical soil, Asia; Africa; Brazil; 13431. forest soil, phosphorus mineralization, nitrogen mineralization, sulphur mineralization, hexazinone, 10872. glyphosate, diflufenbuzon, degradation rate, fate, surface water quality, herbicide, 12239. hazardous waste, Mogilniki, landfill, chemical dump site, Poland; 11592. heavy metal, organochlorine pesticide, Azerbaijan; 03172. heavy metal, river restoration, surface water contamination, inorganic nitrogen, phenol, Ukraine, Dniester River; 13548. herbicide, groundwater contamination, organic contaminant, hydrocarbon, Australia; 11082. herbicide, leaching, biodegradation, tillage, microbial activity, 13432. humic acid, fulvic acid, paraquat, chlorthalimide, polymaleic acid, 06916. hydrocarbon, toxicity, synergism, surface water quality, detergent, heavy metal, 13516. hydrolysis, endosulphan, surface water quality, sediment, desorption, environmental fate, 05704. insecticide, surface water contamination, contaminant migration, USA, Florida; 05710. land drainage, erosion, surface water quality, groundwater quality, agricultural pollutant, livestock effluent, 13624. leaching, expert system, groundwater pollution, 14739. monocrotophos, quinalphos, cypermethrin, fenvalerate, enzyme activity, 10871. nitrate, microbial cell entrapment, bioremediation, groundwater treatment, wastewater treatment, 14728. nutrient, groundwater quality, runoff water quality, tillage practice, USA; 07025. nutrient, nonpoint source pollution, pollution control, agricultural practice, USA; 07115. nutrient, rice paddy, irrigation water management, surface water quality, Japan, Koise River; Lake Kasumigaura; 07012. organochlorine contaminant, surface water contamination, food chain contaminant, Mirex, Canada, Lake Ontario, St. Lawrence Gulf; 06998. organochlorine pesticide, thermal desorption, 09541. PAH, surface water quality, water quality management, nonpoint source pollution, pollution reduction, Netherlands; 07160. PCB, UK, England; 05630. photodegradation, herbicide, photolysis, byproduct, 04470. plot experiment, runoff prediction, model, leaching model, 07689. polar organic compound, hydrophilic compound, organic micropollutant, surface water quality, water quality monitoring, Europe, Rhine River Basin; 06989. potable water quality, river water quality, water quality monitoring, bank filtered water, Netherlands, Meuse River; Rhine River; 12274. potential contamination, groundwater contamination, contamination index, New Zealand; 09718. reservoir water quality, water quality management, agricultural practice, leaching, fertiliser, Germany, North Rhine-Westphalia, Wahnbach Reservoir; 12254. rice production, fate, residue, Philippines; 06386. risk analysis, GIS, stochastic model, groundwater contamination, Canada, Quebec, Richelieu County; 11024. risk assessment, toxicity, surface water quality, aquatic ecosystem, India; 13512. river water quality, sediment, fish, methoxychlor residue, Canada, Alberta, Athabasca River; 09662. runoff water quality, resource efficient plant, urban runoff, nitrogen, phosphorus, 07017. sampling, procymidone, atrazine, groundwater contamination, New Zealand; 09719. sediment, pyrethroid residue, farm pond, surface water contamination, hydrosol contamination, 08368. sewage sludge, sampling, marine sediment, UK, Scotland, Aberdeen, Garroch Head; 11876. surface ozone concentration, seasonal variability, ozone, Egypt; 07408. surface water quality, organic farming, groundwater contamination, nitrate leaching, eutrophication, 11076. surface water quality, photocatalytic degradation, carbaryl, titanium dioxide, photochemical reactor, 01985. suspended sediment, salinity, flocculation, turbidity zone, contamination, USA, California, San Francisco Bay; 05481. urban air, Japan, Kitakyushu; 15021. vadose zone contamination, groundwater contamination, contaminant transport, soil property, irrigation water quality, 03338. water quality analysis, surface water quality, Goulden large sample extractor, gas chromatography, mass spectrometry, USA, Washington, Yakima River Basin; 05718.
- pesticide adsorption**
clay content, adsorption isotherm, tricyclazol, Spain, Donana National Park; 00601.
- pesticide analysis**
solid phase extraction, liquid/liquid extraction, environmental monitoring, liquid chromatography, France, Rhone River; Spain, Ebro River; Spain, Almeria; 09649.
- pesticide behaviour**
biodegradation, atrazine, pentachlorophenol, soil microorganism, 05628. groundwater pollution, environmental risk prediction, 09540. pesticide sorption, soil-pesticide interaction, Australia; 09542.
- pesticide degradation**
biometer system, lysimeter, 00508. microbial activity, carbofuran, 06918.
- pesticide extraction**
immunoassay, PCB, 10761.
- pesticide fate**
groundwater contamination, potable water quality, research trend, regulatory environment, agricultural pollutant, Germany; 00810.
- pesticide fate model**
LEACHM, Australia; 03182. pesticide transport, PESTFADE, 03180. probability of exceedance, citrus grove, groundwater contamination, USA, Florida; 12036.
- pesticide herbicide**
immunoassay, surface water quality, groundwater quality, micropollutant, water quality analysis, 07001.
- pesticide leaching**
crop residue, rainfall intensity, atrazine, bromide, 09544. groundwater contamination, aldicarb, root zone model, China, Jiangsu, Nantong; 06917. heterogeneous soil, leaching, pesticide screening model, 00507. leaching, cropping, USA, Oklahoma; 13433.
- pesticide level**
PCB, PAH, gas chromatography, Bahrain; 00599.
- pesticide loss**
contaminant transport, water quality, GLEAMS, 07023. runoff water quality, agricultural practice, tillage practice, 12372. soil temperature, 06915.
- pesticide management**
agricultural practice, leaching potential index, runoff potential index, water quality, 07112.
- pesticide migration**
mosquito control, organochlorine compound, sediment, marsh, water quality, USA, Florida, St. Lucie County; 06993.
- pesticide mobility**
leaching, unsaturated zone, pesticide root zone model, precipitation pattern, 08418.
- pesticide removal**
nanofiltration, micropollutant removal, water treatment, groundwater quality, membrane filtration, Netherlands; 12312.
- pesticide residue**
HCB, lindane, HCH, bioisomerisation, 04416. organochlorine compound, DDT, HCH, PCB, Vietnam; Thailand; Taiwan; 00600.
- pesticide retention**
subsurface transport, surface water quality, buffer zone, agricultural pollutant, 01999.
- Pesticide Root Zone Model**
compost, organic chemical, municipal solid waste, USA, Iowa, Amana;

12166. precipitation pattern, pesticide mobility, leaching, unsaturated zone, 08418.
- pesticide screening model**
pesticide leaching, heterogeneous soil, leaching, 00507.
- pesticide sorption**
soil-pesticide interaction, pesticide behaviour, Australia; 09542.
- pesticide transport**
groundwater quality, hysteresis, atrazine, adsorption/desorption, clay soil, 14733. PESTFADE, pesticide fate model, 03180. runoff water quality, adsorption, 07026. solute transport model, simazine, breakthrough curve, 06853.
- Peterborough Member**
Jurassic, geochemistry, fractionation, Oxford Clay Formation, mudrock, UK, England; 06722. mudstone, organic matter, Oxford Clay Formation, Jurassic, hydrocarbon, UK, England, Bedfordshire, Stewartby; 06678.
- petrography**
diagenesis, limestone, chert, dolomite, pyrite, New Zealand, North Island, Marlborough; 02904.
- petrography**
calcite, gypsum, marble, pseudomorphism, sulphation mechanism, 09030. palynofacies, Jurassic, Oxford Clay Formation, pyrite, organic matter, UK, England; 06707. pollution, geomorphology, river water chemistry, climate, 09658. stratigraphy, tephra, volcano, Pleistocene, Japan, Honshu, Chubu; Kanto Mountains; 00232.
- petrol**
atmospheric particulate, isotope ratio, lead, dust, UK, Scotland, Edinburgh; 02365. gasoline consumption, aerosol, rainwater, lead, Mediterranean; 04803. lead pollution, air quality, particulate matter PM10, Malaysia, Kuala Lumpur; 15012. motor vehicle, gasoline, lead, petrol, urban air, UK; 06072. roadside dust, soil, anthropogenic impact, lead contamination, paint, Czech Republic; Slovakia; 06381. soil, water, plant, lead pollution, Israel; 02359. urban air, petrol, motor vehicle, gasoline, lead, UK; 06072.
- petroleum**
bacteria, hydrocarbon, hydrothermal vent, Gulf of California, Guaymas Basin; 04269. Campanian, reservoir unit, channel fill, Belly River Formation, porosity, Canada, Alberta; 01683. chlorinated hydrocarbon, anionic detergent, nutrient, marine environment, trace metal, Russian Federation, Vladivostok; 02609. contamination, dumping, fishing, trace metal, Israel, Haifa Bay; Kishon River; 01759. creosote, hydrocarbon, soil remediation, bioremediation, 14580. diagenesis, nitrogen, organic matter, coal, fossil fuel, 10615. Funabuseyama Formation, Chihisa Formation, diagenesis, organic matter, limestone, China; Japan; 10622. gasoline, toxicity characteristic leaching procedure, volatile organic compound, hydrocarbon, 01897. GC/IRMS, particulate organic matter, isotopic analysis, palaeoenvironment, 14311. heavy metal, soil pollution, agricultural waste, Poland, Suprasl River Valley; 10858. hydrocarbon, pollution, oil spill, beach, coastal sediment, Qatar; 00462. hydrocarbon, soil vapour extraction, vapour extraction, soil remediation, diesel, 01892. infrared spectra, terpene, polyaromatic hydrocarbon, 10018. soil microorganism, diesel, bioremediation, hydrocarbon, soil remediation, 01894. soil remediation, vapour extraction method, gasoline, soil vapour extraction, 01890. thermal desorption, soil decontamination, US Environmental Protection Agency, USA; 08214.
- petroleum contamination**
hydrocarbon, analytical chemistry, bioassay, bioremediation, 12883. soil, pollution, groundwater contamination, analytical method, sampling, 00016.
- petroleum-derived hydrocarbon**
water, sediment, biota, coastal water, Oman, Mina al Fahal; 02610.
- petroleum exploration**
continental shelf, environmental data, Quaternary, modern environment, Timor Sea, Van Diemen Rise; 01481. digital topography, TM, 12769. lineament analysis, digital topography, TM image data, 03761. three dimensional computer modelling, lineament analysis, lithology discrimination, structural interpretation, USA, Utah, Paradox Basin; 03762.
- petroleum hydrocarbon**
gas chromatography, solid phase extraction technique, detection limit, hazard, 02593.
- petroleum hydrocarbon contamination**
groundwater treatment, constructed wetland, air stripping, artificial wetland, 02597.
- petroleum hydrocarbon extraction**
US Environmental Protection Agency, hydrocarbon, 01889.
- petroleum pollution**
hydrocarbon, pollution, water pollution, sediment, Nigeria, Port Harcourt, New Calabar River; 10293. iron (III), biodegradation, aromatic hydrocarbon, anoxia, 14117.
- petroleum production**
depth range, fault block, producing horizon, USA, Alabama; 03758.
- petroleum refinery**
gasoline, volatile organic compound, nitrogen oxide, sulphur oxide, USA; 07394. oil spill, nitrate, bacteria, denitrification, hydrocarbon, France, Mediterranean Coast, Gulf of Fos, Lavera Bay; 09403.
- petroleum reservoir**
limestone, dissolution, aquifer, karstification, Lincolnshire Limestone Formation, UK, England; 13202. Tertiary, submarine fan, sand volume, North Sea; 11920.
- petroleum spill**
biodegradation, hydrocarbon, microbial activity, bioremediation, Antarctica, Princess Elizabeth Land, Vestfold Hills; 01895.
- petroleum sulphate**
oil surfactant, organic contaminant, petronate surfactant, organic compound, 03175.
- petrology**
mineralization, diagenesis, basin, 09285. physical model, education, porosity, diagenesis, 10558.
- petronate surfactant**
organic compound, petroleum sulphate, oil surfactant, organic contaminant, 03175.
- Petrov-Galerkin method**
diffusion problem, transport problem, split operator formulation, contaminant transport, groundwater contamination, 03359.
- Petrov-Galerkin solution**
overland flow, kinematic wave equation, finite element method, St Venant equations, Courant number, 05679.
- Petersen's method**
trajectory calculation, 11172.
- pH**
acid sulphate soil, phosphorus sorption, redox potential, Thailand; 13420. acidic soil, aluminium, surface charge, negative charge, 00589. acidic soil, cadmium sorption, electrolyte composition, 00504. acidic soil, clay fraction, negative charge, surface charge, 00588. acidic soil, soil acidity, clay fraction, surface charge, 00590. acidic soil, soil alkalinity, 03085. acidification, trace metal, streamwater, drinking water, lake sediment, Germany, Harz Mountains, Lake Söse; 01751. agar method, microsite, fertiliser, 01795. aggregation, clay fraction, acidic soil, surface charge, 00524. Albaqualf, methane, redox potential, flooded soil, 04363. alkalinity, acidification, acid precipitation, pond water chemistry, fish population, 10953. alkalinity, bioindicator, diatom, water management, surface water quality, Netherlands, Overijssel; 12247. alkalinity, foraminifera, dissolution, aragonite, sediment/water interface, USA, Long Island Sound; 00333. aluminium chemistry, streamwater chemistry, monomeric aluminium, USA, New York, Ulster County, Coxing Kill; 05731. bacteriophage transport, sandy soil, contaminant migration, hydrophobicity, groundwater quality, 07069. burning, mineralogy, wood ash, USA, California; 10846. cadmium, extractant, Australia, Western Australia; 14551. calcium concentration, acidic soil, aluminium concentration, runoff water chemistry, streamwater quality, acid neutralising capacity, UK, England, Cumbria, Kershope; 03269. calcium, acid rain, soil acidification, USA, New York, Adirondacks; 14549. calcium, magnesium, illitic soil, soil colloid, flocculation, organic matter, 12097. calcium, sodium, phosphate sorption, exchangeable cation, 04374. clay fraction, acidic soil, ion exchange, aluminium, hydrogen, 00558. coal combustion, enzyme activity, fly ash, liming material, calcium carbonate, 14570. copper desorption, New Zealand; 04379. desorption, tidal cycle, estuary, plutonium, salinity, UK, England, Cumbria, Esk Estuary; 01755. diagenesis, porewater, carbon cycling, dissolution, oxygen, Atlantic, (North); 14353. dissolved oxygen, forestry, phosphorus loading, water quality monitoring, geochemistry, USA, Oregon, Tualatin River; 07110. dissolved oxygen, lake water quality, mercury partitioning, mercury methylation, 12286. electrical conductivity, subsurface flow, soil water movement, soil moisture content, Japan; 08399. environmental degradation, carbon tetrachloride, dechlorination, anoxic conditions, redox potential, dithiothreitol, 13449. fertiliser, superphosphate, pasture soil, phosphate rock, 06902. fomesafen, atrazine, herbicide sorption, 06919. heavy metal, sediment quality, bioavailability, redox potential, contaminated sediment, Germany, Hamburg; 09395. ionic strength, Andisol, calcium, magnesium, 13382. leaf litter, litter decomposition, sulphite, carbon dioxide evolution, fungi, 09485. low alkalinity lake, lake water quality, leaf litter, decomposition, nutrient input, USA, Massachusetts, Round Pond; Walden Pond; USA, Wisconsin, Little Rock Lake; 00718. Luvisol, clay content, soil horizon thickness, soil depth, landscape position, Canada, Saskatchewan; 03145. marl, climate change, lake water chemistry, calcite precipitation, calcium carbonate, USA, Minnesota, Elk Lake; 05689. mercury, mollusc, algae, temperature, Spain, Ebro Delta; 08090. methane, soil temperature, peat soil, 00571. microelectrode, diagenesis, sediment/water interface, porewater, carbonate chemistry, USA, California, San Diego Bay; 10603. montmorillonite, clay dispersion, clay flocculation, 04376. nitrate leaching, nitrogen mineralization, nitrification, fertiliser, liming, 01852. nutrient content, pine plantation, New Zealand, South Island, Rotorua; 10847. nutrient cycle, organic farming, nitrate, electrical conductivity, Canada; USA, Maine; Colombia; 03086. organic matter, forest soil, tree influence, Sweden, Scania; 12145. organic matter, Tectona grandis, soil spatial variability, India, West Bengal; 12146. phosphate, molybdate, causal modelling, silicate, 04378. phosphorus, iron, flooded soil, sulphur, redox potential, 06880. phosphorus, zinc availability, Zimbabwe; 01869. precipitation chemistry, cloud water monitoring, electrical conductivity, USA, Vermont, Camels Hump Mountain; 10898. rhizosphere, aluminium solubility, 03135. salinity, bioproductivity, biogeochemical barrier, trace metal migration, estuary, Russian Federation, Siberia, Kamchatka, Paramushir Island, Yuriev River; Sea Okhotsk; Russian Federation, Siberia, Razdolnaya River; Sea of Japan; 05721. salinity, interstitial water, diagenesis, alkalinity, Spain, Cadiz; Atlantic, Bay of Cadiz; 08015. shear strength, deep sea sediment, microorganism, meiofauna, redox potential, Pacific, (Central); 09365. soil acidification, soil alkalisation, pasture soil, Australia, Victoria; 13313. soil acidity, buffer range, carbonate, cation exchange, aluminium, Germany; 08145. soil structure, aggregate stability, penetration resistance, nutrient availability, tillage, Norway, Tunc; 10828. sulphate adsorption, Podzolic soil, UK, Scotland; 13421. sulphur IV, autoxidation, sulphur dioxide, iron, 12599. temperature, calcite, tufa, Czech Republic, Vitava River, Kralupy; 04196. trace metal, palaeohydrochemistry, provenance, Quaternary, interstitial water, organic matter, Baltic Sea; 14391.
- pH dependent binding**
organic aluminium, surface water quality, fulvic acid, aluminium, 00685.
- pH determination**
granular soil, soil acidity, construction site, 00494.
- pH Haplostoll**
colloidal particle, clay mineral, surface charge, Argentina; 10825.
- pH history**
coniferous forest, acidification event, diatom analysis, Norway, Tveita Fiskeløtjern; 05316.
- pH map**
map, soil acidity, Australia, Queensland; 14468.
- pH reduction**
streamwater chemistry, temporal variability, acid precipitation, USA, Pennsylvania; 10965.
- pH response**
fluorescence, multiple dye tracing, buffering, tracer detection, tracing dye, 12295.
- pH variation**
eutrophic lake, Holocene, mesotrophic lake, numerical method, Sweden, Trummen Lake; 10509.

- Phaeocystis**
mucus, marine snow, aggregation, sedimentation, 08056. review, seawater, dimethyl sulphide, 13863.
- Phaeocystis bloom**
zooplankton, mineralization, fjord, sedimentation, 11937.
- phaeophytin**
chlorophyll, tetrapyrrole, pyrophosphoribide, degradation, diatom, 13240.
- Phaeozem**
Luvisol, clay illuviation, decalcification, lime precipitation, Germany, Rheinhessen, Mainz Basin; 10770. Luvisol, soil structure, soil physical property, land use, 08182.
- Phanerozoic**
diagenesis, sedimentation, oolitic ironstone, ferruginisation, 09301. eustasy, carbonate platform, dolomitization, evaporite, 13211.
- phase ambiguities**
anti spoofing, kinematic GPS, GPS, 08766.
- phase boundary**
dolomite, mineralogy, magnesite, sabkha, seawater, 14356.
- phase change**
freezing soil, thawing soil, moisture flow, heat transfer, freeze/thaw cycle, 04551.
- phase coherent image**
Fourier processing, spatial light modulator, 07483.
- phase lag**
meander, channel curvature, channel flow, secondary flow, 01950.
- phase scintillation**
equatorial ionosphere, GPS, amplitude scintillation, 08769.
- phase shift**
rain, parameterisation, radar, attenuation, polarisation, 05869.
- phase signal**
base station data, GPS base station, 11388.
- phase space**
Northern Hemisphere, circulation type, wintertime, 11177. stratosphere, empirical orthogonal function, quasi biennial oscillation, 02223.
- phase speed**
GCM, gravity wave, 02211.
- phase transition porosimetry**
soil fabric, experimental result, measurement, 04001.
- phase velocity**
gravity wave, radar beam direction, group velocity, 00981.
- phased array**
digital electronics, switched beam, acoustic radar, 12670.
- phenanthrene**
gas phase reaction, hydroxyl radical, 13861. gas phase, rate constant, hydroxyl radical, 12559.
- phenocryst relief**
weathering rate, bedrock surface lowering, snow, granodiorite, USA, Colorado, Front Range; 01348.
- phenol**
activated carbon, adsorption, water chemistry, oxidative coupling, 06997. aniline, organic pollutant, clay-organic complex, 04413. contaminant containment, hydrocarbon exclusion, groundwater contamination, frozen soil, 09703. nitrophenols, vehicle exhaust emission, exhaust gas sampling, Henry's law constant, 06070. organic carbon, leaching, DOC, forest soil, 05606. pesticide, heavy metal, river restoration, surface water contamination, inorganic nitrogen, Ukraine, Dniester River; 13548. pollutant concentration, organic chemical, 04414. terrestrial input, organic matter, suspended material, nepheloid layer, France, Rhone Delta; 02977. thermal maturation, lignin, hydroxybenzoic acid, palaeovegetation, coalification, Indonesia, Borneo, Mahakam Delta; 01657.
- phenolic acid**
polarography, voltammetry, carboxyl group, humic acid, gallic acid, 08113.
- phenolic compound**
methanogenic degradation, biodegradation, groundwater quality, 12344. nuclear magnetic resonance spectroscopy, dichlorophenol, enzymatic coupling, humic acid, 06923.
- phenology**
Linne, C., phytophenology, climate change, Europe; 11269.
- Philip's equation**
irrigation application, infiltration, furrow irrigation, advance time, intake opportunity, 02030. Richards equation, subsurface flow, Boussinesq equation, hydrological response, water balance model, water table dynamics, 01920.
- Philippine Sea Plate**
Median Tectonic Line, structural geology, neotectonics, subduction, Japan; 14176.
- philosophy**
climate change, sustainable development, 14104. geomorphology, realism, scientific method, 11642. history, navigator, 04829. physical geography, geohistory, methodology, India, Himalayas; China, Tibetan Plateau; 06370. scientific method, realism, geomorphology, 11641.
- phlogopite**
rhizosphere, ryegrass, vermiculitisation, potassium, 08176. vermiculitisation, potassium, X-ray diffraction, rhizosphere, rape, 08134.
- Phobos mission**
Hesperian terrain, thermal infrared, thermal characteristics, ejecta blanket, crater, Mars; 01407.
- phosphorus application**
soil chemical pool, heavy metal extraction, zinc, cadmium, copper, 03164.
- phosphatase**
tillage, carbohydrate, organic carbon, carbon, crop rotation, Canada, Quebec, La Pocatiere; 01835.
- phosphatase activity**
forest fire, soil temperature, phosphorus, acidity, 05579. phytoplankton, tetraparallic compound, lake water chemistry, 09677.
- phosphate**
adsorption/desorption, acidic soil, Asia, (South); (Southeast); 09497. adsorption, clay soil, eutrophication, river water chemistry, UK, Kent, Stour River; 02004. apatite, limestone, atoll, Pacific, Tuvalu Archipelago; 13247. bacteria, sludge, wastewater, phosphorite, Namibia; 11941. biogeochemistry, remineralisation, precipitation/adsorption, desorption/redissolution, coastal water chemistry, Spain, Galicia, Vigo Estuary; 09646. bromide, rainfall simulation, runoff, interrill erosion, leaching, 09452. coastal water pollution, PAH, total organic carbon, lead, mercury, Kuwait; 05714. continental shelf, river sediment, biogeochemical cycle, fluorine, seawater, diagenesis, Brazil, Amazon River; 13272. continuous flow method, orthophosphate, malachite green, 03097. coral, seagrass, uranium, depositional environment, algae, Red Sea, Gulf of Aqaba; 09396. detergent, carbon budget, toxicity, algal bloom, pond water quality, 14636. fertiliser, extractant, rock phosphate, superphosphate, chemical fractionation, Australia, Western Australia; 06883. fertiliser, lignosulphonate, diammonium phosphate, ammonium lignosulphonate, 03139. fertiliser, radioactivity, estuary, Spain, Odiel River; Tinto River; 01757. grain size, seagrass, nutrient, porewater, adsorption, Indonesia, Sulawesi; 06747. iron, manganese, black shale, ore, Czech Republic, Bohemian Massif; 09304. lake sediment, enzyme, microbiology, Finland; 01666. lignosulphonate, adsorption/desorption, surface energy, 10760. molybdate, causal modelling, silicate, pH, 04378. nitrogen, soil acidification, fertigation, cation leaching, fertiliser, 03132. oxalate, aluminium hydroxide montmorillonite complex, clay mineral, 12131. planktonic bacteria, phosphorus cycling, sink mechanism, lake, Norway, Lake Nesjovam; 10333. Pliocene, calcite compensation depth, dissolution, hardground, Australia, Queensland Continental Margin, Queensland Plateau; 09321. radioactivity, waste disposal, fertiliser industry, estuary, Spain; 07672. Redfield ratio, stoichiometry, carbon, plankton, nitrate, 01651. reef, land use, soil loss, estuary, Australia, Queensland, Johnstone River; Great Barrier Reef; 00449. sediment/water interface, bioturbation, carbon, nitrogen, oxygen, 10627. soil fertility, 10855. suspended sediment, light attenuation, vegetation growth, surface water quality, estuary, dissolved inorganic nitrogen, USA, Maryland, Chesapeake Bay, Choptank River; 03255. tropical stream, dissolved inorganic nitrogen, streamwater chemistry, nitrogen dynamics, Costa Rica, Salto River; Pantano Creek; 02005.
- phosphate adsorption**
organo-mineral complex, iron oxide, humic substance, 10813.
- phosphate availability**
availability index, calcareous soil, Asia, (West); Africa, (North); 06907. availability index, soil storage, soil water activity, Spain; 06908.
- phosphate concretion**
Monterey Formation, diatomite, Miocene, mineralogy, USA, California, Lompoc; 01677.
- phosphate emission**
groundwater contamination, metal concentration, remediation, emission control, detergent, Switzerland, Glatt River; 01982.
- phosphate fertiliser**
anthropogenic emission, uranium, thorium, river sediment, radionuclide, Spain; 11992. lime, fire, soil respiration, nitrogen mineralization, Australia; 08148. nitrogen mineralization, forest soil, fertiliser, superphosphate, Australia; 05575.
- phosphate fixation**
alkaline soil, calcareous soil, soil chemical property, India, Haryana; Uttar Pradesh; 13422.
- phosphate fixing capacity**
phosphorus, soil fertility, 00500.
- phosphate ion adsorption**
gas adsorption, adsorption isotherm, Argentina; 00497.
- phosphate mobility**
infiltration rate, sewage disposal, calcareous soil, wastewater application, Australia, Western Australia, Rottnest Island; 05581. phosphorus, Sierozem, Chernozem, 09496.
- phosphate nodule**
Proterozoic (Upper), francolite, organic matter, methanogenesis, Visingsö Group, Sweden; 08018.
- phosphate removal**
lake water quality, sewage treatment, wastewater treatment, water quality management, redox potential, algae, UK, England, Cumbria, Windermere Lake; 13643.
- phosphate rock**
pH, fertiliser, superphosphate, pasture soil, 06902.
- phosphate sorption**
exchangeable cation, pH, calcium, sodium, 04374. map, soil sampling, land use, 14475. mineralogy, haematite, goethite, 14546. mineralogy, hydrosorption, organic matter, tropical soil, Brazil, Cerrado; 05580. nitrate sorption, sorption capacity, calcareous soil, Spain, Andalucia, Almeria; 03163. phosphorus, 13342. soil solution, ionic composition, India, Punjab; 05535.
- phosphate uptake**
water purification, water hyacinth, surface water quality, nitrogen uptake, 14642.
- phosphatic nodule**
ironstone, Silurian, oolitic ironstone, Argentina, Precordillera; 02931.
- phosphatisation**
phosphorite, oncoïd, guano, diagenesis, Pacific, Nauru Island; 09324.
- phosphine**
freshwater, bottom water, subsurface sediment, bacteria, Germany, Hamburg Harbour; North Sea, German Bight; 08078.
- phosphogypsum**
fertiliser production, porewater chemistry, radionuclide, trace element, mineral, Canada, Alberta; 05809. flue-gas desulfurization gypsum, calcium sorption, sulphate sorption, gypsum, sandy soil, 09499. heavy metal, fluoride, waste management, radon, environmental impact, 12885.
- Phosphoria Formation**
biomarker, anoxia, reservoir rock, thermal maturity, Permian, USA, Montana, Little Sheep Creek; 02899.
- phosphorite**
climate, upwelling, REE, seawater, seamount deposit, Pacific, (Equatorial); 03008. colophane, seamount, manganese crust, Pacific, Line Islands; 00429. Miocene, continental margin, strontium, neodymium, USA, North Carolina Continental Shelf; 10649. ODP Leg 112, nanostructure, apatite, Peru, Peru Continental Margin; 11939. oncoïd, guano, diagenesis, phosphatisation, Pacific, Nauru Island; 09324. organism, intracellular granule, crab, faecal pellet, apatite, 11945. phosphate, bacteria, sludge, wastewater, Namibia;

11941. photic zone, seawater, bottom water, element, black shale, 10628. Proterozoic, Una Group, sedimentary structure, carbonate, diagenesis, Brazil, Bahia, Irecê Basin; 14351.
- phosphorite mining**
mine spoil, soil pollution, alkalinity, acidity, Russian Federation, Leningrad Oblast, Kingisepp; 06911.
- phosphorous**
lake alteration, land use effect, environmental impact assessment, anthropogenic impact, trophic state, Italy, Lazio, Vico Lake; 05686.
- phosphorous cycle**
land management, atoll, ecosystem dynamics, Pacific; 11954.
- phosphorus**
acidification, lake water chemistry, mountain lake, Slovak Republic, Tatra Mountains; 14682. acidity, phosphatase activity, forest fire, soil temperature, 05579. agricultural catchment, runoff water quality, agricultural practice, nitrogen, 07121. agricultural pollutant, nonpoint source pollution, dissolved reactive phosphorus, runoff water quality, 10962. agricultural practice, leaching, land drainage, surface water quality, estuary, Australia, Western Australia, Peel-Harvey Estuary; 13628. agricultural practice, nutrient loss, eutrophication, catchment management, water quality management, Australia, Western Australia, Peel-Harvey Estuary; 13629. agricultural practice, surface water quality, estuary, fertiliser, eutrophication, algae, Australia, Western Australia, Peel-Harvey Estuary; 13509. agricultural practice, urban runoff, nutrient loss, water quality management, point source pollution, Australia, Western Australia, Peel-Harvey Estuary; 13637. alfalfa, nitrogen-15, fixing, nitrogenase, Mexico; 08157. algae, eutrophication, water management, lake water quality, mathematical model, Netherlands, Veluwe Lake; 14695. algae, surface water quality, phytoplankton, eutrophication, fertiliser, Australia, Western Australia; 13510. ammonia, Nile tilapia, nutrient dynamics, phytoplankton, orthophosphate, 12240. bauxite residue, crop yield, soil amendment, sandy soil, Australia, Western Australia; 10811. biogen, nitrogen, reservoir water quality, Poland, Goczał Kowice Reservoir; Vistula River; 13558. biomass, lake sediment, eutrophication, Canada, Great Lakes, Lake Ontario, Bay of Quinte; 00452. blue-green algae, lake water quality, alum treatment, lake restoration, macrophyte, USA, Washington; 14690. buffering capacity, root system, 06881. chemical analysis, bioavailability, reversibly adsorbed phosphorus, river water quality, Finland; 00701. Chernozem, tillage, soil protective tillage, potassium, 00595. coastal water quality, lagoon, nonpoint source pollution, GIS, nitrogen, Italy, Venice Lagoon; 07007. delta soil, humus, rice, Russian Federation, Krasnodar Kray, Kuban Delta; 01880. diatom, Chironomidae, lake restoration, eutrophication, sediment, palaeolimnology, Finland, Enajarvi Lake; 09676. diatom, chlorophyll-a, lake water quality, Secchi depth, trophic status, Canada, Ontario; 09672. digestion technique, organic particulate determination, shipboard use, nitrogen, oxidation, 09252. dinoflagellate, red tide bloom, reservoir water quality, limiting factor, Japan, Gifu Prefecture, Shimokotori Reservoir; Nava Prefecture, Asahi Reservoir; Japan, Wakayama Prefecture, Goukawa Reservoir; 09678. dissolved inorganic nutrient, surface water quality, uptake rate, regeneration rate, nitrogen, 05713. dissolved organic phosphorus, dissolved reactive phosphorus, surface water quality, estuary, turbidity, particulate phosphorus, USA, Delaware, Delaware Estuary; 04472. dissolved oxygen, lake water quality, North America, Great Lakes, Lake Erie; 05760. Dystrochrept, carbon, nitrogen, aggregate stability, forest clearing, microbial biomass, New Zealand; 13413. EDTA, extractant, organic phosphorus, USA; Canada; 14504. estuary, productivity, nutrient, phosphorus distribution, India, Hooghly Estuary; Ganges River; 05486. eutrophication, lake water quality, random coefficient model, phytoplankton, nitrogen, USA, North Carolina; 09667. eutrophication, macrophyte, Equisetum fluviatile, sediment/water interface, Finland, Lake Paajarvi; 09319. eutrophication, nonpoint source pollution, lake water quality, nitrogen, Korea(South), Hoedong Lake; 07049. eutrophication, peat accretion, agricultural runoff, nutrient accumulation, USA, Florida, Everglades; 09508. eutrophication, phytoplankton, charophyte, lake water quality, bioremediation, Poland, Masuria, Luknajno Lake; 14685. eutrophication, phytoplankton, fractionation, management, restoration, UK, Scotland, Tayside, Loch Leven; 10689. eutrophication, sediment/water interface, reservoir, France, Loire River; Morocco; 14449. extractant, plant availability, electro-ultrafiltration, North America; 04337. extractant, sandy soil, Australia, Western Australia, Peel-Harvey Catchment; 10810. fertiliser, anthropogenic impact, nutrient, terrestrial source, estuary, Australia, Queensland, Moresby River Estuary; 05487. fertiliser, buffer capacity, soil testing, 06847. fertiliser, organic carbon, tillage, 05611. fertiliser, set aside soil, phosphorus extraction, 01863. fertiliser, Shapley model, Alfisol, Entisol, Greece; 03096. fertiliser, soil storage, Colwell soil test, soil testing, Australia; 09451. forest soil, microbial biomass, acid phosphatase, humus layer, fertiliser, 08212. GIS, water quality, nonpoint source pollution, nutrient loading model, USA, New York, Owasco Lake; 07601. grain size, lake sediment, Egypt, Nile Delta, Lake Edku; 13244. grassland soil, microbial biomass, crop rotation, 01862. grassland soil, soil solution, fertiliser, 00556. grazing, scrub woodland, terra rossa, cattle, Israel; 10809. groundwater chemistry, biogeochemistry, eutrophication, hydrogeochemistry, 13585. Haplustoll, fertiliser, ion exchange resin, extractant, Argentina, Pampa; 05534. hydrophilic fraction, hydrophobic fraction, forest soil, carbon, dissolved organic carbon, 14544. ion exchange resin, extractant, resin extraction, 08127. iron, flooded soil, sulphur, redox potential, pH, 06880. Kelowna extraction, potassium, extractant, soil test, nutrient availability, plant uptake, Canada, Saskatchewan; 13341. lake restoration, shallow lake, biomanipulation, sediment, UK, England, Norfolk Broads; 14692. lake water chemistry, phytoplankton, oligotrophication, acidified lake, Sweden; 05756. lake water chemistry, substrate stoichiometry, microbial activity, carbon degradation, humic lake, nitrogen, 13561. lake water quality, nonpoint source pollution, agricultural pollutant, pollution control, USA, Wisconsin, White Clay Lake; 07129. lake water quality, zooplankton, coastal lake, liming, acidification, phytoplankton production, Sweden; 02018. lake water, palaeolimnology, diatom, eutrophication, varve, Finland, Lake Vesijarvi; Lahti; 05473. lignite mine soil, soil reclamation, mine soil, Spain, Meirama Lignite Mine; 06905. limnology, eutrophication, nutrient, reservoir, 10982. litter, Douglas fir, forest floor, fertiliser, nitrogen, USA, Washington; 03117. manganese, potable water quality, Urov disease, river water quality, Asia, Urov River; 12273. mangrove sediment, wetlands, wastewater, nutrient, heavy metal, Hong Kong; 14450. material flux, wetland ecotone, flux, nitrogen, USA, Wisconsin, Shawano; 02627. Mehlich 3 extractant, aluminium, extractant, Zimbabwe; 04336. millet, fertiliser, soil productivity, Niger; 06906. nitrate leaching, fertiliser, nitrogen, spruce plantation, potassium, UK, Wales, Gwynedd, Beddgelert; 01858. nitrate, plankton bloom, wastewater treatment, coastal water quality, eutrophication, France, Brittany; 04473. nitrogen, ammonium, nutrient load, seawater quality, Baltic Sea; 04471. nitrogen, eutrophication, agricultural pollutant, surface water quality, Finland; 07130. nitrogen, heavy metal, point source pollution, nonpoint source pollution, water quality monitoring, Germany, Rhine River; Elbe River; 07036. nitrogen, nonpoint source, lake water quality, nutrient, eutrophication, North America, Great Lakes, Lake Erie; 05758. nitrogen, nutrient ratio, eutrophic lake, Daphnia, lake water quality, 00719. nitrogen, peat accretion, nutrient accumulation, calcium, USA, Florida, Everglades; 09506. nitrogen, riparian zone, nutrient regulation, streamwater chemistry, soil water chemistry, USA, Tennessee; 00689. nitrogen, wetlands, buffer zone, nutrient sink, nonpoint source pollution, France, Lac Leman; 10951. nitrogen, winter anoxia, runoff water quality, beaver pond, nutrient retention, Canada, Ontario; 14631. nonpoint source pollution, surface water quality, groundwater quality, surface water-groundwater interaction, Germany, Berlin, Spree River; 07092. nutrient budget, estuary, eutrophication, Baltic Sea, Gulf of Riga; 02983. nutrient content, Hungary; 10723. nutrient cycling, forest soil, litter decomposition, nitrogen, 05568. nutrient reduction, surface water quality, nitrogen, Denmark; 01980. nutrient, eutrophication, reservoir water quality, seasonal variability, nitrogen, Poland, Lodz, Sulejow Reservoir; 07040. nutrient, shelf sediment, seasonal variation, carbon, nitrogen, India, Andhra Pradesh, Visakhapatnam Shelf; 06751. nutrient, trophic status, lake water quality, nitrogen, Turkey, Sapanca Lake; 10990. Olsen phosphorus, crop rotation, soil testing, Canada, Saskatchewan; 01807. Olsen phosphorus, fertiliser, crop rotation, legume, Chernozemic soil, Canada, Saskatchewan, Indian Head; 10812. organic carbon, productivity, suspended particulate matter, bioelement, nutrient, Korea, Masan Bay; 10632. organism, sorption/desorption, catchment, sediment, Australia, Great Barrier Reef; Queensland, Johnstone River; 01741. palaeolimnology, eutrophic, nutrient transfer function, diatom/phosphorus transfer, UK, England; 06995. parent material, sorption capacity, Nigeria, Akwa Ibom State; 05613. peat accretion, nutrient accumulation, agricultural runoff, carbon, nitrogen, USA, Florida, Everglades; 04381. pesticide, runoff water quality, resource efficient plant, urban runoff, nitrogen, 07017. phosphate sorption, 13342. phosphorus transformation, tropical soil, earthworm, 03138. phytoplankton, trophic status, water quality classification, reservoir water quality, Russian Federation, Moscow, Mozhaysk Reservoir; 09668. plant uptake, nutrient availability, fertiliser, 14503. plant uptake, nutrient release, coniferous forest, litter decomposition, nitrogen, Canada, Alberta, Rocky Mountains; 08152. Podzol, manure, plant uptake, fertiliser, monocalcium phosphate, Canada, Quebec; 05615. pollution control, sewage treatment, load estimation, point source, lake water quality, North America, Great Lakes, Lake Erie; 05759. porewater, lake, isoetid, macrophyte, Denmark, Lake Kvie; 09318. potassium, copper, zinc, slurry, soil enrichment, France, Brittany, Finistère; 00559. poultry litter, manure, nitrogen, USA, Oklahoma; 09531. productivity, continental margin, Miocene, Monterey Formation, accumulation rate, USA, California, Shell Beach; 11985. ranker, acidic soil, litter decomposition, organic matter, liming, Spain; 01829. remediation, detergent, limiting factor, trophic status, lake water chemistry, Italy; 02021. rice, silicon, nitrogen, China, Liaoning Province; 03137. runoff water quality, nitrogen, lake water quality, eutrophication, UK, England, Devon, Slapton Ley; 07043. runoff, manure, poultry manure, land application, USA, Delaware, Inland Bays; 14543. salinity, porewater, estuary, environmental quality, Gulf of Mexico, Mississippi River Delta; 08087. seasonal variation, bottom sediment, sedimentation rate, stratification, Poland, Lake Goszcz; 08041. Secchi depth, diatom assemblage, trophic status, canonical correspondence analysis, nitrogen, chlorophyll, Canada, Ontario; 09671. sediment transport, agricultural pollutant, particulate phosphorus, runoff water quality, Canada, Ontario, Nissouri Creek; 07024. sediment transport, scale effect, runoff water quality, streamwater quality, nutrient transport, USA, New Mexico; 07011. sediment, lake water quality, mixing, palaeolimnology, eutrophication, Denmark, Vaeng So; Veskergaard So; Denmark, Langso; 14689. sewage, industry, fractionation, seasonal variation, Korea(South), Jinhae Bay, Masan Bay; 09399. siderite, vivianite, trace metal, peat, iron, Finland, Kestila, Vihti; Ruukki; 13250. Sierozem, Chernozem, phosphate mobility, 09496. silica, manganese, heat transport, lake limnology, hypolimnion, USA, Wisconsin, Mendota Lake; 10980. sludge application, sewage sludge, 06882. soil drying, soil storage, Colwell soil test, soil testing, 14505. soil fertility, phosphate fixing capacity, 00500. soil solution, extractant, 05533. soil solution, organic phosphorus, hydrolysis, enzyme activity, UK, Scotland; 14545. soil toposcquence, mountain soil, New Zealand, South Island, Canterbury; 13356. spillway, sedimentation, lake level, organic matter, nitrogen, USA, Florida, Newnans Lake; 09380. sulphur, enzyme activity, nitrogen, Armenia; 12109. sulphur, fertiliser, eucalypt forest, litter decomposition, nitrogen, 13374. sulphur, organic matter, carbon, nitrogen, 10796. surface water quality, mercury, algal growth, orthophosphate, toxicology, 13523. suspended sediment, biogeochemical cycle, river discharge, estuarine sediment, Brazil, Amazon River; 14387. trace element, sediment, estuary, river water quality, silicon, India, Ganga River; 12276. transfer function, eutrophication, palaeolimnology, diatom, pond water quality, UK, England, Hertfordshire, Marsworth Reservoir; 14628. Ultisol, sugarcane, crop yield, fertiliser, crop residue, Brazil; 09495. Ustalf, Udalf, Lesotho; 03057. wastewater, reservoir, adsorption, 05469. water quality management, surface water quality, groundwater quality, agricultural practice, 07139. water quality, heavy metal, aeration, bottom sediment, nutrient, Poland; 03034. zinc availability, pH, Zimbabwe; 01869. zinc, water quality management, urban runoff, runoff water quality, contaminant source, USA, Wisconsin; 07020.
- phosphorus addition**
nitrification, nitrogen mineralization, microbial biomass, drying/rewetting, acidic soil, Australia; 14530.
- phosphorus application**
clover, carbon, nitrogen, crop yield, USA, Louisiana; 04399.

- phosphorus availability**
calcareous soil, wetting/drying cycle, extractant, arid soil, Sudan, Gezira; 05612.
- phosphorus bioavailability**
agricultural soil, runoff, USA, Great Plains; 10292.
- phosphorus concentration**
lake water quality, phosphorus loading, sediment, 14688.
- phosphorus control**
eutrophication, lake water quality, regulation, water quality management, USA, Florida, Okeechobee Lake; 07156.
- phosphorus cycle**
anoxia, eutrophication, seawater, sediment/water flux, 14384. reservoir water chemistry, reservoir ecology, mathematical model, production/destruction process, Russian Federation, Kun'ya River, Zagorsk Reservoir; 03298.
- phosphorus cycling**
particulate, soluble fraction, nitrogen, surface water quality, groundwater quality, agricultural pollutant, UK, England, Devon, Slapton; Cotswolds, Windrush River; 13502. sink mechanism, lake, phosphate, planktonic bacteria, Norway, Lake Nesjovann; 10333.
- phosphorus deficiency**
seasonal variability, eutrophication, reservoir water quality, nutrient, Czech Republic, Rimov Reservoir; 10978.
- phosphorus desorption**
quantity-intensity relationship, buffering power, 14575.
- phosphorus determination**
tropical soil, extractant, 06846.
- phosphorus distribution**
phosphorus, estuary, productivity, nutrient, India, Hooghly Estuary; Ganges River; 05486.
- phosphorus dynamics**
forest soil, fallow soil, litter layer, humus layer, nitrogen dynamics, 08154. microbial biomass, acid phosphatase activity, agriculture, organic agriculture, biodynamic agriculture, 04373. nitrogen dynamics, wetlands, peat redox, runoff, water table drawdown, 05696. spiralling length, streamwater quality, phosphorus transport, transport equation, 13538.
- phosphorus extraction**
phosphorus, fertiliser, set aside soil, 01863.
- phosphorus fraction**
DOC, Podzol, soil solution, soil acidity, fertiliser, 00555.
- phosphorus leaching**
effluent treatment, lime residue, piggery effluent, soil water quality, struvite, 13627.
- phosphorus load**
algal population, nutrient load, potable water quality, reservoir, eutrophication, 01967. eutrophication, water protection legislation, water quality assessment, lake water quality, Italy; 02020.
- phosphorus loading**
seasonal variability, lake water quality, eutrophication, shallow lake, stratification, Finland, Villikkalanjärvi Lake; 14687. sediment, phosphorus concentration, lake water quality, 14688. water quality monitoring, geochemistry, pH, dissolved oxygen, forestry, USA, Oregon, Tualatin River; 07110.
- phosphorus loss**
groundwater contamination, nitrogen loss, tillage, crop rotation, USA, Illinois; 09557. runoff water quality, iron oxide strip, water quality analysis, bioavailable phosphorus, USA, Southern Plains; 12264.
- phosphorus mineralization**
Arctic soil, climate change, soil temperature, nitrogen mineralization, Sweden, Lapland, Abisko; 06875. carbon mineralization, nitrogen mineralization, crop residue, vetch, 03120. flooded soil, Histosol, USA, Florida, Everglades; 08170. nitrogen mineralization, sulphur mineralization, hexazinone, pesticide, forest soil, 10872.
- phosphorus reduction**
trophic status, lake water quality, reservoir water quality, algal growth, 12293.
- phosphorus release**
sediment/water interface, organic matter, estuarine sediment, oxygenation, UK, England, Hampshire, Beaulieu River Estuary; 08089. sediment, adsorption, eutrophication management, lake water quality, Hungary, Kis-Balaton Reservoir; Balaton Lake; 12290.
- phosphorus removal**
benthic vegetation, macrophyte, eutrophication, estuary, wastewater treatment, Denmark, Jutland, Randers Fjord; 04474. nitrogen removal, sewage treatment, bioremediation, wastewater treatment, 14645. nutrient uptake, water quality management, surface water quality, wetlands, Australia, Western Australia, Peel-Harvey Estuary; 13636. sewage treatment, dissolved oxygen, lake water quality, eutrophication, lake restoration, North America, Great Lakes, Lake Erie; 05761. wastewater treatment, overland flow, water quality management, 14779.
- phosphorus sorption**
Humaquept, fertiliser, urea, Canada; 12132. redox potential, pH, acid sulphate soil, Thailand; 13420. standard phosphorus requirement, Nigeria, Rubber Belt; 05614.
- phosphorus transformation**
tropical soil, earthworm, phosphorus, 03138.
- phosphorus transport**
river water quality, nonpoint source pollution, runoff water quality, South Africa, Western Cape Province, Berg River; 07028. transport equation, phosphorus dynamics, spiralling length, streamwater quality, 13538.
- photic layer**
eutrophic zone, oxygen, sediment/water interface, carbon budget, organic matter, sediment chemistry, Atlantic; 04221.
- photic zone**
biomarker, organic matter, palaeoenvironment, burial, 13234. Florisphaera profunda, sapropel, Miocene, nannofossil, Mediterranean; 03004. sea level, carbonate bank, Pliocene, sedimentation rate, Australia, Queensland Continental Margin; 09353. seawater, bottom water, element, black shale, phosphorite, 10628. upwelling, element, barite, Devonian, organic matter, North America; 10669.
- photo degradation**
organic carbon, river water chemistry, humic substance, ultraviolet irradiation, humic acid, fulvic acid, Sweden, Kalix River; 13330.
- photo-electric erosion pin**
soil erosion assessment, 08240.
- photo interpreter**
multimedia, urban information management, GIS, digital aerial photograph, 07644.
- photo navigation**
photogrammetry, GPS, 10058.
- photo oxidant**
ozone, PAN, photochemical smog, Germany, Munich; 13882.
- photo oxidation**
fatty acid, aerosol, urban area, coast, oxocarboxylic acid, dicarboxylic acid, Mediterranean Sea; 03609. naphthalenamines, particle, adsorbents, 03605. octene, aerosol chemistry, reactive organic gas, infrared microscopy, smog chamber, 01051. organic matter protection, microaggregate, ultraviolet photo oxidation, aggregate, 08111. PAH, lake sediment, historical record, pollutant, anthracene, USA, Great Lakes, Lake Michigan, Green Bay; 01747.
- photo radiation**
terrestrial photogrammetry, photogrammetry, 15063.
- photoacoustic detector**
carbon, soil solution, 06838.
- photocatalyst**
titanium dioxide photocatalysis, wastewater treatment, oxidation/reduction, metal, organic contaminant, 05716.
- photocatalytic degradation**
carbaryl, titanium dioxide, photochemical reactor, pesticide, surface water quality, 01985. Monuron, organic contaminant, water quality, herbicide, irradiation, 05717.
- photocatalytic oxidation**
organic compound, spin trapping, nitrogen atom, free radical, 14969.
- photochemical history**
hydrocarbon ratio, mesoscale model, air mass, 11289.
- photochemical mechanism**
urban pollution, vertical entrainment, box model, model evaluation, 11335.
- photochemical model**
atmospheric methane, methane flux, wetlands, biogenic source, sink, 02620. general circulation model, continental scale simulation, ozone, North America; 06069. global atmosphere, ozone regulation, summer ozone level, USA; 03867. lake, ozone production, urban plume, water, USA, Lake Michigan; 04819. nitrogen, hydroxyl radical, odd nitrogen, molecular oxygen, 07345. odd nitrogen, trace gas budget, ozone, nitrogen, 07341. sulphate aerosol, heterogeneous chemistry, ozone loss, chlorine oxide, balloon borne instrument, 03633. trace gas budget, methane, carbon monoxide, 07342. volatile organic compound, lumped chemical mechanism, USA, California, Los Angeles; 03548.
- photochemical monitoring**
non attainment area, ozone, modelling plan, air quality study, USA, Louisiana; Texas; Gulf of Mexico; 11338.
- photochemical oxidant**
biomonitoring, radish growth, ozone, Mediterranean; 12641. multivariate technique, discriminant analysis, urban area, ozone, nitrogen oxide, Spain, Valladolid; 13885. operational model, sensitivity analysis, rate coefficient, 11273. sea breeze circulation, trajectory, Adriatic Sea; 06101. spatial/temporal model, summer, ozone distribution, sea breeze, Italy, Ravenna; 01034.
- photochemical pollution**
ozone, mesoscale modelling, Greece, Athens; 11340. ozone, surface ozone, regression model, Greece, Athens; 06066. vegetation, surface ozone, ozone exposure, Finland; 09977.
- photochemical process**
model experiment, seawater, biological process, iodine, diurnal cycling, 11614.
- photochemical production**
aqueous trivalent chromium, surface water chemistry, chromium, USA, North Carolina; 03252.
- photochemical reaction**
hydroxyl radical, carbonyl sulphide, radioactive tracer, 14958. nitrogen oxide, isotopic exchange, 06013. regional model, ozone, precursor, Asia; 15028.
- photochemical reactor**
pesticide, surface water quality, photocatalytic degradation, carbaryl, titanium dioxide, 01985.
- photochemical smog**
deposition, HCFCs, HFCs, laboratory experiment, hydrolysis products, 13855. photo oxidant, ozone, PAN, Germany, Munich; 13882. pollution abatement, model intercomparison, sea breeze, Greece, Athens; 11349. urban plume, trajectory, ozone, Austria, Vienna; 15022.
- photochemically active gas**
model, methane sink, atmospheric temperature, ozone, hydroxyl, 00166.
- photochemistry**
air quality model, gas phase, pollutant, emission, 12602. aqueous iron (III), polycarboxylate, surface water chemistry, dissolved organic compound, iron speciation, 09651. atmospheric model, sparse matrix, stiff ODEs, sparse matrix, gear code, 11291. convection, nuclei, particle production, equatorial ocean, 15018. marine boundary layer, boundary layer, model, ozone, Pacific; 06020. middle atmosphere, two dimensional model, dynamics, radiation, 09993. nitrogen oxide, emission control, odd oxygen production, carbon bond, ozone, 14955. ozone depletion, trace gas, two dimensional model, dynamics, radiative transfer, 09994. pyruvic acid, iron (III), cloud chemistry, glyoxylic acid, oxalic acid, 14957. reactive chlorine, north polar vortex, Microwave Limb Sounder, 07519. review, hydroxyl radical, oxidation, trace gas, pollutant, 13819. stratosphere, mesosphere, aerosol absorption coefficient, UARS, CLAES, 01082. sulphate, cloud, iron (III), oxidation, oxygen, 12564. ultraviolet, solar UV irradiance, middle atmosphere, energetics, 13653.
- photodegradation**
herbicide, photolysis, byproduct, pesticide, 04470. seawater, chlorophyll,

- oxygen, biogeochemical marker, isoprenoid, Mediterranean Sea, Gulf of Fos; 08010.
- photodissociation**
cross section measurement, carbon dioxide, Martian atmosphere, Mars; 01046.
- photodissociation dynamics**
laboratory experiment, ozone, 03578.
- photodissociation rate**
direct radiation, scattered radiation, high resolution analysis, stratosphere, solar radiation, oxygen, 12419.
- photoelectric detector**
balloon, actinic flux, measurement, 14807.
- photoelectric yield**
carbonaceous particle, spark ignition engine, oilburner, adsorption, desorption, combustion particle, 06014.
- photoemission**
combustion, emission, 06042.
- photoemission intensity**
combustion, PAH, correlation, aerosol, 06046.
- photoflight navigation**
GPS, block adjustment, aerial survey camera, 03665.
- photogeological mapping**
Quaternary landform, sediment, raised beach, glacier advance, uplift, Svalbard, Spitsbergen, Wedel Jarlsberg Land, Hansbreen-Sofiekammen; 09203.
- photogrammetric analysis**
erosion rate, glacial cliff, shear strength variation, cliff retreat, shoreline erosion, USA, Massachusetts, Thompson Island; 00119.
- photogrammetric block adjustment**
airborne GPS, photogrammetry, aerial camera, GPS antenna, GPS data processing, 11378.
- photogrammetric bundle solution**
survey network, theodolite observation, industrial survey, 11403.
- photogrammetric mapping**
glacier movement, precipitation variation, terminus fluctuation, USA, Washington, Mount Baker; 07936. GPS, control point, Lesser Antilles, Windward Islands; 08776.
- photogrammetric method**
periglacial landform, climate control, glacial history, dating, Greenland, East Greenland, Zackenberg Area; 11858.
- photogrammetric society**
analogue instrument, instrument project, 15060.
- photogrammetric survey**
underwater topography, shallow water, Denmark; 14043.
- photogrammetry**
aerial camera, GPS antenna, GPS data processing, photogrammetric block adjustment, airborne GPS, 11378. aerotriangulation, GPS, 06122. aerotriangulation, videogrammetry, digital video plotter, 03669. block adjustment, kinematic GPS, GPS, 10059. braided river, monitoring, modelling, bed topography, hydrodynamics, digital terrain model, 14140. bundle adjustment, phototriangulation, 06118. cartography, GIS, remote sensing, education, planning, Egypt, Cairo; 10100. collinearity equation, 15064. dictionary, translation, machine translation, 02369. digital image, land model, GIS, 04848. digital photogrammetry, 15062. digital, close range, measuring system, three dimensional, camera, 15053. DTM, stereo camera, optoelectronic stereo camera, Mars; 06119. electronic theodolite, laser tracking system, CCD camera, industrial robot, 11402. free network solution, inner constraints, bundle method, 11380. gas industry, measurement system, oil industry, Camera Alive, North Sea; 15258. geodesy, GPS, aerial photogrammetry, large scale mapping, 10062. geomorphology, digital terrain model, morphological unit, 07549. geomorphology, push moraine, glacial geomorphological process, melting rate, Canada, Ellesmere Island, Svalbard, Spitsbergen; 01519. GIS, camera system, GPS, data acquisition, 15048. GIS, terrain, feature map, 06196. glacier debris, surface altitude change, ablation area, equilibrium line, debris thickness, USA, Oregon, Mount Hood, Eliot Glacier; 02834. glaciology, melt, glacier, Switzerland, Aletsch Glacier; 02529. GPS, photo navigation, 10058. image metrology, digital image, television camera, pixel coordinate, 01092. image processing, computer graphics, 08758. LIS, GIS, education, modular course, remote sensing, 06107. management, GPS, Canada, Ontario; 06110. monitoring, landslide site, 02479. mountain, topography, snow cover, 04957. naval biodynamics, 06117. navigation, map display, GPS, 06121. network, Mozart, W.A., pianoforte, 15249. photo radiation, terrestrial photogrammetry, 15063. production specification, contract monitoring, management, GPS, Canada, Ontario; 11361. public cartography, cartographic layout, technological change, aerial photography, USA; 10125. quarry, Germany, Leisberg, Bohlberg; 06240. real estate, map, LIS, Germany, Sachsen-Anhalt; 10260. scanning, GPS, data conversion, quality, data source, accuracy, digitising, USA; 02383. settlement analysis, rubbish dump, Germany; 06535. structural analysis, geological map, multimodel photogrammetry, Greenland; India; 01094. surveying, GPS, geodetic network, data integration, DEM, DTM, monitoring, global change, 04823. three dimensional GIS, aerotriangulation, 08733. transportation, video, 06349. treaty verification, intelligence community, 15237. Zeiss, surveying, 02380.
- photogrammetry**
positioning, rotation matrix, Hamilton quaternion, 15065.
- photograph**
historical document, document, storage, 04906.
- photographic atlas**
mineral resource, geomorphology, plate tectonics, geology, China, Tibet; Qinghai-Xizang Plateau; 07535.
- photographic collection**
curatorship, Calvin, S., USA, Iowa; 06201.
- photographic lens**
optical system, 15054.
- photography**
environmental assessment, video imagery, oblique photography, 04839. Moon, extinction, refraction, atmosphere, 04930. noctilucous cloud, Jesse, 11240.
- photointerpretation**
aerial photography, soil classification, Brazil; 10716. ecological planning, GIS, infrared aerial photography, 08894. flood, France, Provence, Vaison-la-Romaine; 07634. geometric accuracy, reliability, aerial photography, 02384. hazard map, landslide hazard, GIS, 01282. land cover, ground truth data, 15190. land cover, remote sensing, urbanisation, Canada, Montreal; 01270. seagrass habitat, anthropogenic activity, benthos, USA, North Carolina, Core Sound; 01219. spring melt forecast, Nepal; 08926. tidal flat, vegetation mapping, Netherlands; 07563.
- photolysis**
absorption spectrum, difunctional organic nitrate, nitrogen oxide, ultraviolet, 12593. byproduct, pesticide, photodegradation, herbicide, 04470. dimethyl sulphide, FTIR product study, 14984. haloaromatics, aqueous environment, QSAR, substituted haloaromatic, 07687. ozone destruction, chlorine monoxide, product branching ratio, 04767. stratosphere, mesosphere, thermosphere, line by line method, nitric oxide, 09992. ultraviolet, absorption cross section, nitric acid, temperature dependence, stratosphere, 11303.
- photolysis rate**
modelling study, stratosphere, nitrate, aircraft, 08721.
- photolytic ozonation**
lake water chemistry, trihalomethane precursor, ozonation, ultraviolet irradiation, 13562.
- photomap**
expert system, cartographic design, graphic arts technology, 11445. map design, satellite imagery, 11461.
- photometer**
aerosol, satellite, measurement, Atlantic; 04926. optical depth, aerosol, solar radiometry, calibration, turbidity, 14798. star, PRISMA, astronomy, 06116. sun tracking photometer, aerosol, optical depth, India, Ahmedabad; 13866. water quality analysis, surface water quality, ELISA, carbaryl, immunoassay, insecticide, 05711.
- photometric counter**
suspended particulate, particle transport, particle size analysis, 09641.
- photometric probe**
water quality analysis, in situ analysis, redox sensitivity, 13493.
- photometry**
ultraviolet, extreme ultraviolet, Moon; 12786.
- photomosaic**
three dimensional, multiresolution imagery, 04888.
- Photon Correlation Spectroscopy**
particle size, filtration, trace metal, fractionation, 13155.
- photon counting**
lidar, nonlinear count, 10097.
- photoreduction**
iron oxyhydroxide, organic compound, 03593. manganese, seawater, scavenging, 10616.
- photosedimentation**
suspension, turbidity, centrifuge, kaolinite, particle size analysis, 01573.
- photostationary state**
measurement, peroxy radical, 07339.
- photosynthesis**
aquatic vegetation, spectral reflectance, biomass, pigment, USA, California, Searsville Lake; 04978. atmospheric carbon dioxide, feedback, carbon, nitrogen cycle, 02624. carbonyl sulphide, dimethyl sulphide, reduced sulphur compound, tropical rainforest, canopy top, Cameroon; 08645. cyanobacteria, bacteria, stromatolite, microbial mat, sulphur, 01661. global water balance, mathematical model, biosphere, biogeochemical cycle, 01326. oceanic reservoir, coastal environment, atmospheric carbon dioxide, carbon cycle variation, glacial cycle, 07704. phytoplankton bloom, sinking particle, carbon, nitrogen, organic matter, Pacific, (Northwest); Antarctica, Bred Bay; 02991. primary production, nitrogen, carbon, isotope, fractionation, 06715. stable isotope, ice covered lake, biogeochemistry, carbon, nitrogen, Antarctica, Taylor Valley, Lake Hoare; 01563. time variable model, deterministic/stochastic model, dissolved oxygen dynamics, streamwater quality, USA, New Jersey, Whippany River; 09666. tree, radiation balance, transpiration, 00871.
- photosynthetic activity**
carbonyl sulphide, vertical profile, diel variation, hydrogen sulphide, meadow, 03566. vegetation index, 02503.
- photosynthetic biomass**
tussock tundra, Arctic vegetation, NDVI, 03791.
- photosynthetic photon flux**
slope, forest, clear cutting, model, 05882.
- photosynthetic photon flux density**
tropical wet forest, canopy gap, hemispherical photography, solar radiation regime, quantum sensor, 00873.
- photosynthetic pigment concentration**
ocean colour imaging, SeaWiFS, CZCS, 01071.
- photosynthetic rate**
inorganic carbon supply, carbon dioxide variation, temperature change, marine phytoplankton, 02585.
- photosynthetic sulphur bacteria**
sulphur compound, salt marsh, phototrophic bacteria, dimethyl disulphide, anoxygenic phototroph, 03262.
- photosynthetically active radiation**
canopy gap, forest light, hemispherical photograph, Borneo; 03478. castor, leaf area, cloud cover, 11153. formula, aerosol, optical thickness, 09806. leaf area index, wheat, corn, water use efficiency, carbon dioxide exchange, 09845. shortwave irradiance, crop growth, Greece, Athens; 07177. solar zenith angle, vegetation index, USA, Arizona, Phoenix; 07592. tropics, forest, microclimate, canopy gap, rainforest, Borneo; 03479. turbidity, solar radiation, irradiation ratio, band energy, Greece, Athens; 05874.
- photothermal destruction**
oxidative destruction, hazardous waste, ultraviolet photon, chloronaphthalene, 11608.
- photothermal quotient**
kernel number, wheat crop, Argentina; 08531.
- phototriangulation**
photogrammetry, bundle adjustment, 06118.

- phototrophic bacteria**
dimethyl disulphide, anoxygenic phototroph, photosynthetic sulphur bacteria, sulphur compound, salt marsh, 03262.
- phreatic passage**
vadose shaft, clastic cave sediment, cave development, limestone cave, Australia, New South Wales, Bungonia; 00155.
- phreatic zone**
chalk aquifer, groundwater flow, aquifer yield, water level fluctuation, vadose zone, UK, England; 10993. sampling instrument, groundwater sampling, vadose zone, 04507.
- phycoerythrin**
factor analysis, phytoplankton pigment, ocean colour, 14064.
- phyllosilicate**
clay mineral, potassium fixation, mineralogy, 03154.
- physical geography**
Academy of Sciences, Institute of Geography, basic research, Slovakia; 13901. anthropogenic impact, tropics, environment, 11640. climate change, environmental heterogeneity, conservation, South America; 11675. denudational chronology, palaeoflood, remote sensing, environmental analysis, Asia, (South); 11647. dryland, desert environment, environmental interpretation, anthropogenic impact, 14160. geochemistry, geophysics, geomorphology, landscape synthesis, Estonia; 12971. geohistory, methodology, philosophy, India, Himalayas; China, Tibetan Plateau; 06370. geological structure, relief development, geomorphology, soil, Hungary, Bükk Mountains; 02688. geomorphology, landform, morphodynamics, environment, spatial dimension, 06441. geomorphology, landscape synthesis, 11645. Inselberg, soil erodibility, rainfall erosivity, sand dune, tropics, Africa; 11646. integrated approach, physical landscape, ecosystem, 07738. landscape ecology, global change, sustainable development, 01342. remote sensing, 08732. textbook, climatology, hydrological cycle, landform, 11583. urbanisation, coastal geomorphology, rainforest, sedimentation rate, Asia, (South-east); 11682. von Humboldt, A. Naturgemalde, Kosmos, 02662.
- physical geography research**
tectonics, geological history, geomorphological map, Czech Republic, Bohemian Massif, Kokorinsko National Monument; 06472.
- physical index**
soil physical property, soil chiselling, tillage, crop yield, compaction, India; 08106.
- physical landscape**
ecosystem, physical geography, integrated approach, 07738.
- physical limnology**
hydrodynamics, water quality management, reservoir management, 05768.
- physical measurement**
water column, PSWIMS, shallow water, profiling instrument, chemical measurement, 03254.
- physical model**
breaker zone, shore profile, wave tank experiment, submarine equilibrium profile, USA; 10376. education, porosity, diagenesis, petrology, 10558. river, engineering, sedimentation, China; 10682. semi distributed model, topographic index, drainage, rainfall/runoff simulation, UK, Scotland, Balquhider; 00636. wave spectrum, harbour resonance, long-period wave spectra, USA, California, Los Angeles; Long Beach; 07757.
- physical modelling**
avulsion, meander bend, braided channel, anabranch avulsion, gravel bed river, 12942. gelifluction, frost creep, laboratory experiment, freeze/thaw, mass movement, 01547.
- physical oceanography**
Ostracoda, shallow marine, faunal province, Recent, Atlantic; 13039.
- physical parameterisation**
moist process, numerical model, monsoon, prediction, India; 14907. parameterisation, sensitivity, climate model, 09898.
- physical perspective**
climate predictability, greenhouse gas, global change model, 10335.
- physical planning**
administrative practice, Switzerland, Neuchâtel; 07647. digital geographical dataset, policy making, land information, Netherlands; 01272.
- physical process**
Arctic seas, numerical model, biological interaction, Arctic Ocean; 02633. biological process, chemistry, reservoir limnology, plankton, eutrophication, nutrient, Poland, Masurian Lakeland, Giebkok Lake; Jorzec Lake; Poland, Masurian Lakeland, Invec Lake; 05769. chemistry, biological process, reservoir limnology, water quality management, 05763. triggered lightning, lightning process, electrical field, cloud-to-ground-lightning, 04596.
- physical property**
seasonal variability, dielectric property, SIMS '90 experiment, sea ice, snow, Canada, Arctic Canada, Resolute Passage; 13137. soil water conservation, tillage, soil conservation, crop yield, Africa, (East); 08104. soil water flow, deformation, porous medium, 08118.
- physical regionalisation**
alluvial plain, land type, China, Hubei Province, Jiangnan Plain; 12975.
- physical ripening index**
marine clay, clay soil, swelling, 05549.
- physical scale**
chemical scale, reservoir, spatial pattern, lake water chemistry, UK, Scotland, Loch Lomond; Cumbrian, Esthwaite Water; 07041.
- physical standard**
radiative equivalent water thickness, reflectance spectroscopy, leaf reflectance, 07571.
- physical typology**
geography teaching, coastline, textbook, 01362.
- physico-biochemical model**
chemical stratification, water quality forecasting, lake water quality, Switzerland, Lugano Lake; 05750.
- physicochemical model**
surfactant, hydrophobic organic compound, organic compound, 14583.
- physicochemical parameters**
lake water quality, lentic hydrosphere, pond, hydrobiology, India, Bihar, Gaya, Rukmini Sarovar, Visar Sarovar; 02014.
- physicochemical property**
erosion process, badland, Holocene, valley fill sediment, erosion rate, Spain, Ebro Basin; 01349. termite mound, Malaysia, Penang; 08190. weathering, Massiac gneiss, gneiss, anisotropy, weathering grade, France, Massif Central; 01350.
- physicomechanical characteristics**
heterogeneous soil, dry density, compacted soil, water content, 11728.
- physiochemical model**
organic compound, hydrophobic organic compound, surfactant, 14582.
- physioclimatic**
tourist industry, human comfort, China; 07216.
- physiographic feature**
echo sounding, geomorphology, continental slope, tectonic structure, India; 01397.
- physiographic map**
coastal lagoon, shoreline evolution, Spain, Mar Menor; 14154. ria, bottom topography, sediment distribution, sea level change, Spain, Arosa Ria; 14155. seafloor, chronology, carbonate sediment, littoral zone, depositional history, Spain, Palma Bay; 14156.
- physiography**
estuary, coastal water quality, nutrient, trace element, suspended sediment, USA, Mississippi River; Atchafalaya River; 12259. permafrost, fenland, climate, bog landform, sphagnum, Canada, (West); 13132.
- physiological model**
regional scale, soybean yield, spatial averaging, meteorological data, 04620.
- physiological process**
carbon flux, primary production, air temperature, seasonality, 06406.
- phytane**
sulphur, organic matter, diagenesis, biomarker, steroid, 00326.
- phytoavailability**
trace metal, plant uptake, 01882.
- phytocenoses**
floodplain, geomorphology, forest, France, Rhine Valley; Erstein, Sommerfeld Forest; 05416.
- phytodetritus**
barophilism, marine snow, deep sea sediment, bacteria, Atlantic, (Northeast); 09323.
- phytoelement**
vegetation, canopy structure, radiance, 04974.
- phytomass**
grazing, infiltration rate, runoff, Pakistan; 03372.
- phytometric statistics**
triticale, spectral brightness, 08882.
- phytophankton**
denitrification, computer model, lake restoration, nutrient budget, sediment, New Zealand, North Island, Horowhenua Lake; 14694.
- phytophenology**
climate change, phenology, Linne, C., Europe; 11269.
- phytoplankton**
air/sea exchange, seawater, dimethyl sulphide, 14985. alpine lake, limnology, trophic level, lake water chemistry, Italy, Lake Maggiore; Lake Lugano; Italy, Lake Como; Italy, Lake Iseo; Italy, Lake Garda; 01960. atmospheric nitrogen, nitrogen deposition, deposition, circulation pattern, nitrogen, North Sea; 06403. benthic process, sediment/water interface, chlorophyll, degradation, chlorophyll, USA, New York, Long Island Sound; 09316. biodeposition, bivalve, carbon, suspension feeding, Antarctica, South Shetland Islands, King George Island, Marian Cove; 01619. biomass, plankton bloom, anthropogenic impact, eutrophication, inorganic nutrient, North Sea, German Bight; 07669. bromoform, organohalogen, 13859. calcification, carbon dioxide, coccolithophore, ocean chemistry, Atlantic, (Northeast); 10625. carbon fixation, dark carbon, light carbon, lake biochemistry, Israel, Kinneret Lake; 03239. charophyte, lake water quality, bioremediation, phosphorus, eutrophication, Poland, Masuria, Luknajno Lake; 14685. chlorophyll-a, organic matter concentration, inland water quality, USSR; Germany; Hungary; Bulgaria; 01258. chlorophyll, seasonal change, eutrophication, salinity, suspended solid, Thailand, Thale Sap Songkhla; 13299. chlorophyll, seston, ecosystem, Baltic Sea, Keil Bight; 13273. climate change, marine biogeochemical sulphur cycle, dimethylsulphide, cloud albedo, feedback cycle, 09951. coagulation, adhesion, aggregation, sedimentation, Denmark; 13174. continental shelf, biomass, organic matter, benthic fauna, marine snow, Bering Sea, Chirikov Basin; 10647. CZCS, pigment concentration, anticyclonic eddy, Atlantic; Gulf of Mexico; 14060. eutrophication, fertiliser, phosphorus, algae, surface water quality, Australia, Western Australia; 13510. eutrophication, lake water chemistry, nutrient concentration, zooplankton, Italy, Lake Maggiore; 01961. eutrophication, lake, limnology, reservoir, algal community, Italy, Lake Iseo; Lake Garda; Italy, Veneto; Italy, Friuli; Italy, Trentino; 01963. factorial analysis, sterol, suspended particle, primary production, China, Chang Jiang Estuary; East China Sea; 08030. fertiliser, water quality, flocculation, clay, suspended matter, 09385. flow cytometry, suspended particle, grain size, estuary, Croatia, Krka Estuary; 02862. fractionation, carbon-13, isotopic composition, organism, biosynthesis, carbon, 10652. fractionation, management, restoration, phosphorus, eutrophication, UK, Scotland, Tayside, Loch Leven; 10689. glacial/interglacial cycle, ocean/atmosphere exchange, carbon exchange, biological pump, upwelling, Atlantic; 02737. ice cover, sedimentation, spring bloom, primary production, sea ice, Barents Sea; 03018. ice, carbon, particulate organic matter, water column, Antarctica, Ross Sea; 10624. lake water quality, limnology, nutrient, UK, Northern Ireland, County Tyrone; 03302. larvae, cycling, stratification, fish, particulate matter, Irish Sea; 14457. light climate, vertical mixing, photosynthesis, lake, 04467. marine sediment, diagenesis, water column, river flow, organic matter, Adriatic Sea; 08020. mass flux, nitrogen, carbon, seasonality, water column, Mediterranean Sea, Ligurian Sea; 05399. methyl iodide, marine production, Atlantic; 13852. nitrogen, nutrient, degradation, coral reef, seagrass, Puerto Rico, Joyuda Lagoon; 02919. nitrogen, phosphorus, eutrophication, lake water quality, random coefficient model, USA, North Carolina; 09667. nutrient, production rate, silica cycle, opal, Southern Ocean; Weddell Sea; 00432. ocean colour sensor, inverse modelling, yellow substance, 01243. oligotrophication, acidified lake, phosphorus, lake water chemistry, Sweden; 05756. oligotrophication, lake water chemistry, nitrogen deposition, denitrification, Sweden; 05757. organic matter, hydrocarbon, estuary, marsh, Arabian Gulf, Shatt Al-Arab Estuary; Khor Al-Zubair; 04233.

- orthophosphate, phosphorus, ammonia, Nile tilapia, nutrient dynamics, 12240. oxygen content, self purification, lake, organic matter, Russian Federation, Lake Baikal; 05084. pigment concentration, suspended sediment concentration, yellow substance absorption, SeaWiFS data, coastal water, Mediterranean Sea, Gulf of Naples; 14051. primary production, water quality, eutrophication, fish farm, 12010. reservoir water quality, nonpoint source pollution, point source pollution, contamination transport, Czech Republic, Prague, Zelvka River; 07050. reservoir, trophic status, nutrient load, limnology, man made lake, Italy, Sardinia; 01968. residence time, biochemistry, nutrient, nitrogen, ria, Spain, Galicia, Vigo Ria; 08036. salinity index, river regulation, water quality index, ecological sanitation index, river water quality, Ukraine, Danube River; 13547. scattering, absorption, glass fibre filter, light attenuation, 06645. sea surface temperature, colour sensor, map, ocean, Japan; 10231. sediment, surface water quality, suspended sediment, chlorobenzene, desorption, 14652. silica, digestion method, diatom, Atlantic, English Channel; France, Brittany, Bay of Brest; 07945. sinking particle, sedimentation, euphotic zone, carbon cycling, Mediterranean Sea; 10648. sinking particle, settling particle, particle density, aggregation, sedimentation, 11911. spring bloom, diatom, sulphur content, amino acid, coastal surface seawater, Japan, Hokkaido, Funka Bay; 02612. tetraparalle compound, lake water chemistry, phosphatase activity, 09677. thermal effect, sea surface temperature, lagoon, ocean water, 14048. trophic status, water quality classification, reservoir water quality, phosphorus, Russian Federation, Moscow, Mozhaysk Reservoir; 09668. upwelling, Quaternary, organic matter, productivity, bottom water, Somalia, Somalia Coast; Indian Ocean; 08022. water column, poison, sediment trap, organic matter, seawater, 02870. water column, shale, diagenesis, elemental distribution, marine sediment, seawater, 05452. water quality model, suspended sediment, microbiology, metal interaction, nutrient, dissolved oxygen, North Sea; 01983. zooplankton, coastal water quality, hydrography, nutrient, eutrophication, Russian Federation, St Petersburg, Neva River; Baltic Sea, Gulf of Finland; 09647. zooplankton, oil spill, pollution, benthos, Sea of Okhotsk, Sakhalin Island Shelf; 10707. zooplankton, saline lake, temporary lake, biomass, Spain, Fuente de Piedra; 09626.
- phytoplankton bloom**
biomass, sinking rate, turnover rate, organic matter, Barents Sea; 06723. colloid, thorium-234, continental shelf, trace metal, scavenging, USA, New England, Buzzards Bay; 09338. estuary, water quality monitoring, Thematic Mapper, pigment concentration, salinity, Australia, Western Australia; 11561. modelling, dimethylsulphide production, algal bloom, tank experiment, global warming, 08997. oxygen isotope, environmental indicator, seawater, temperature, coccolith carbonate, Atlantic, Gulf of Maine; 08013. particulate organic carbon, suspended matter, nepheloid layer, seafloor, Canada, Nova Scotia, Bedford Basin; 10644. sinking particle, carbon, nitrogen, organic matter, photosynthesis, Pacific, (Northwest); Antarctica, Breid Bay; 02991. trophic change, nitrogen deposition, coastal eutrophication, 08983. wet deposition rate, nitrate, ammonia, episodic input, atmospheric nitrogen, Atlantic, Sargasso Sea; 00048.
- phytoplankton concentration**
CZCS, dissolved nutrient, plankton ecosystem, Pacific; 14066.
- phytoplankton development**
water chemistry, eutrophication, seepage, floodplain lake, lake water quality, flood duration, Netherlands, Rhine River; Meuse River; 00715.
- phytoplankton field**
bathymetry, CZCS, cyclonic eddy, Atlantic; 14068.
- phytoplankton growth**
coastal water, cobalt, leaching, trace metal, North Sea, Kattegat; 02626. lake water quality, humic substance, dissolved metal, dissolved organic matter, river water quality, Japan, Seto River; Biwa Lake; 05705.
- phytoplankton pigment**
CZCS, aerosol radiance, Rayleigh aerosol multiple scattering, radiative transfer modelling, 14055. CZCS, river plume, dissolved organic carbon, Atlantic; Caribbean Sea, Orinoco River plume; 14067. ocean colour, phycoerythrin, factor analysis, 14064. offshore ocean, nutrient injection, CZCS, 14063.
- phytoplankton pigment concentration**
CZCS, El Nino, Pacific; 14061. CZCS, ocean GCM, El Nino, Pacific; 14062.
- phytoplankton production**
euphotic zone, Rhizosolenia mats, nitrogen transport, diatom mat, Pacific, (North); 01311. phosphorus, lake water quality, zooplankton, coastal lake, liming, acidification, Sweden; 02018. riverine loading, source/sink, estuary, carbon dynamics, organic carbon, USA, California, San Francisco Bay, Suisun Bay; 01981.
- phytoplankton productivity**
coastal ecosystem, CZCS, El Nino, chlorophyll concentration, Mexico; Gulf of California; 14056.
- phytoplankton sampling**
pigment concentration, principal components analysis, CFC, biogeography, Mexico; Gulf of California; 14052.
- photosynthesis**
lake, phytoplankton, light climate, vertical mixing, 04467.
- phytotype**
evaluation, vegetation map, anthropogenic impact, landscape remodelling, Poland, Poznan; 02729.
- pianoforte**
photogrammetry, network, Mozart, W.A., 15249.
- Piaski Formation**
radiocarbon dating, Weichselian, Middle Pleniglacial stratigraphy, vegetation, palynology, Poland; 07879.
- Picea engelmannii**
Abies lasiocarpa, microtopography, downwind migration, alpine tundra ecotone, tree island, USA, Colorado, Front Range; 11745.
- Picea obovata**
Pleistocene (late), spruce cone, Siberian spruce, UK, Wales, Caernarfon, Pen-y-bryn; 10475.
- Pickaway Limestone**
Mississippian, ooid, ripple, storm, tempestite, USA, West Virginia; 04257.
- picolinate ester hydrolysis**
oxide/water interface, organic matter, pollutant hydrolysis, surface catalyzed hydrolysis, natural organic matter, 09709.
- picoplankton**
oligotrophic lake, transmission electron microscope, plankton, water quality analysis, 13560.
- Pictured Cliffs Sandstone**
shelf deposit, Cretaceous, sandstone, hummocky stratification, sedimentary structure, tempestite, USA, Colorado, Durango; 04261.
- piedmont**
active rift margin, reef, fanglomerate, beach deposit, Quaternary, Egypt, Red Sea Coast; 01384. geomorphology, neotectonics, planation surface, uplift, Italy, Apennines, Umbria; 07789.
- Pierre Shale**
cristobalite, silica, Cretaceous, Olanah Member, Campanian, Canada, Manitoba; 11949. low hydraulic head, poroelasticity, transient flow, groundwater flow, USA, Dakota, Black Hills, Williston Basin; 03323.
- piezocone data**
Parzen window, pattern recognition, soil liquefaction potential, New Zealand; 02727.
- piezocone penetration test**
calibration chamber, cohesive soil, piezocone test, 11703.
- piezocone test**
piezocone penetration test, calibration chamber, cohesive soil, 11703. pile capacity prediction, clay, axial pile capacity, 11726.
- piezoelectricity**
quartz, respirable dust, 06052.
- piezometer**
groundwater recharge, recharge estimation, water table hydrograph, hydrograph, 05774. radius of influence, groundwater flow, Thiem-Dupuit equation, pumping test, transmissivity, 09687.
- piezometric head**
groundwater level, forecasting model, Kalman filter, USA, Florida, Floridan Aquifer; 11010. SARIMA, SARIMAX, univariate model, transfer function model, groundwater fluctuation, 09702.
- piezometric measurement**
embankment, soft disturbed clay, consolidation, settlement analysis, Brazil, Rio de Janeiro; 11748.
- piezometric probe**
fine grained sediment, pore pressure, consolidation, marine sediment, Lancelot, Atlantic, Grand Banks, St. Pierre Slope; 00283.
- pig**
slurry, wind tunnel, ammonia volatilisation, cattle, 03645.
- pig manure**
Mehlich 3 procedure, copper, extractant, manure, USA, Virginia; 03101.
- pig sludge**
irrigation water quality, groundwater contamination, Chernozem soil, mineralization, nitrate, sewage, 00761.
- pig slurry**
pig solid manure, open chamber technique, methane emission, manure, 06081.
- pig solid manure**
open chamber technique, methane emission, manure, pig slurry, 06081.
- piggery effluent**
soil water quality, struvite, phosphorus leaching, effluent treatment, lime residue, 13627.
- piggeryback basin**
compressional basin, Pliocene/Pleistocene basin, thrust belt evolution, palaeostress analysis, uplift, Italy, Basilicata, Southern Apennines; 09065.
- pigment**
carotenoid, chlorophyll deposition, fossil pigment abundance, palaeolimnology, 06592. chlorophyll, carotenoid, palaeolimnology, primary production, biomass, Netherlands, Lake Vechten; 11947. chromatography, estuary, organic matter, tracer, grazing, USA, East Coast; New York, Hudson River Estuary; 01697. degradation, biomass, estuary, bacteria, organic matter, Tyrrhenian Sea; Italy, Tuscany; 10620. land use, isotope, palaeosalinity, aragonite, lake level, Canada, Saskatchewan, Redberry Lake; 00383. lignin, diagenesis, lake sediment, carbon isotope, biomarker, 02937. photosynthesis, aquatic vegetation, spectral reflectance, biomass, USA, California, Searsville Lake; 04978. plankton, water quality, bacteria, USA, Wisconsin; 12001. red soil, dehydration, rubification, weathering, Morocco; 00321. sediment trap, organic carbon, upwelling, primary production, Mauritania, Mauritanian Shelf, Banc d'Arguin; 01706.
- pigment concentration**
anticyclonic eddy, phytoplankton, CZCS, Atlantic; Gulf of Mexico; 14060. CZCS, system calibration, 13918. principal components analysis, CFC, biogeography, phytoplankton sampling, Mexico; Gulf of California; 14052. salinity, phytoplankton bloom, estuary, water quality monitoring, Thematic Mapper, Australia, Western Australia; 11561. Subtropical Convergence, topographic Rossby wave, CZCS, Atlantic, (South); 14059. suspended sediment concentration, yellow substance absorption, SeaWiFS data, coastal water, phytoplankton, Mediterranean Sea, Gulf of Naples; 14051.
- pigment content**
primary production, remote sensing, chlorophyll, Nimbus 7, CZCS, Canada, Newfoundland, Grand Banks; 10229.
- pigment factory**
probability kriging, lead, soil pollution, atmospheric deposition, 04318.
- pigment ratio**
alpine lake, sediment, plant pigment, acidification, lake water quality, 00720.
- pigmentation**
colour, haematite, paleosol, red bed, 10607.
- pile**
foundation, interaction analysis, lateral loading, dynamic stiffness, damping, 06505. inhomogeneous media, soil property, pile response, impedance function, 06502. lateral load, cyclic loading, sand, 11708. stress level effect, sand, centrifuge, model test, 11718.
- pile axial response**
bearing capacity, dynamic axial pile response, nonlinear model, 11710.
- pile behaviour**
displacement pile, clay, UK, Scotland, Firth of Forth, Bothkennar; 04035.
- pile capacity prediction**
clay, axial pile capacity, piezocone test, 11726.

- pile design**
engineering, calcareous sediment, soil type, compressibility, void ratio, Australia, South Australia; 03045.
- pile downdrag study**
soft clay, pore pressure, settlement, geotechnical engineering, UK, Scotland, Firth of Forth, Bothkennar; 04036.
- pile driving**
stress/wave propagation, Becker hammer drill, penetration test, dynamic measurement, Canada, British Columbia; 06511.
- pile foundation**
instrumentation, sensitive clay, effective stress design, UK, Scotland, Bothkennar; 13006. stock sounding pile, bearing capacity, deformation characteristics, 14185. tilting, engineering structure, creep, Canada, Northwest Territories, Yellowknife; 04029.
- pile group**
negative skin friction, consolidation settlement, 06508. theoretical solution, settlement, 06504.
- pile installation**
load test, granular pile, soft soil, 11725.
- pile load test**
mathematical model, lateral friction, 03989.
- pile response**
impedance function, pile, inhomogeneous media, soil property, 06502. stiff clay, overconsolidated clay, cyclic response, axially loaded pile, 06501.
- pile-soil interaction**
lateral loading, numerical analysis, finite element method, infinite element method, 01426.
- pile-soil-pile interaction**
experimental work, centrifuge, analytical solution, dynamic load, 09091.
- pile system**
channel bank, permeable groin, erosion control, bank erosion, Nigeria, Niger Delta; 03026.
- Pilica Interstade**
Saale interstadial, Belchatow outcrop, Chojny Formation, Poland, Belchatow; 09177.
- Pillara Formation**
Devonian, cathodoluminescence, cement, calcite, Australia, Western Australia, Emanuel Range; 13210.
- pilot study**
GIS implementation, UK, London; 01271.
- pilot test**
hydrocarbon bioremediation, aquifer, groundwater pollution, bioremediation, nitrate treatment, USA, New Mexico; 02599.
- pine**
decomposition, needle litter, litter decomposition, 08138. Douglas fir, oak, nitrate leaching, nitrogen mineralization, liming, 00546. forest, deposition flux, dry deposition, nitrogen, sulphur, USA, California, San Bernardino; 02342. needle litter, lignin, organic matter, litter decomposition, 04354. nutrient content, soil spatial variability, soil texture, mineralogy, particle size distribution, Finland; 08184. oak-hornbeam, heavy metal content, nutrient content, decomposition, litter decomposition, 08175. organic matter, savanna soil, eucalyptus, Congo, Pointe-Noire; 09473. red pine, P-band, SAR, USA, Maine, Bangor; 15178.
- Pine Barren Member**
Paleocene, rhythmite, cycle, environmental change, USA, Alabama, Bragg; 13185.
- pine expansion**
pollen, Younger Dryas, upper tree limit, late glacial, France, Alps, Belledonne Massif; 02776.
- pine forest**
decomposition, litter mass loss, climate change, evapotranspiration, USA; Europe; 02667. fertiliser, liming, nitrate leaching, soil solution, 13419. forest damage, water supply, vegetation index, dryness stress, Germany, Brandenburg; 11520. forest floor, fertiliser, liming, 13418. isoprene, volatile organic compound, tree, alcohol emission, 01038. litter decomposition, soil water content, forest soil, 06863. radiation balance, canopy, Germany; 13709. soil acidification, forest soil, heavy metal, liming, acid rain, Norway, Amlı; 13384.
- pine/hardwood stand**
burning, stream, soil, nitrogen response, slash and burn, USA, North Carolina, Appalachians; 08991.
- pine needle**
contamination level, spatial distribution, chlorinated hydrocarbon, Europe; 10297.
- pine plantation**
carbon dioxide, soil bacteria, nitrous oxide, methane, fertiliser, USA, Florida, Alachua County; 14531. pH, nutrient content, New Zealand, South Island, Rotorua; 10847. soil fertility, nutrient availability, vegetation control, scarification, fertilisation, Canada, Ontario; 01879. surface thinning, slope, soil conservation, Italy, Calabria, Sila Mountain; 06888.
- pine pollen**
dendrochronology, volcanic ash, Scots pine, *Pinus sylvestris*, tephra, UK, Northern Ireland, Antrim, Sluggan Bog; Londonderry, Garry Bog; 10505. Last Glacial cycle, Laurentide Ice Sheet, palynological evidence, climate oscillation, Heinrich event, USA, Florida, Lake Tulane; 00170.
- Pinedale glaciation**
Quaternary evolution, alluvial fan, glaciofluvial outwash, Bull Lake, USA, Montana, Madison River Valley, Cedar Creek; 07867.
- pingo**
patterned ground, solifluction, periglaciation, Quaternary environment, chronology, UK; 07921. permafrost, pingo ice, Canada, Yukon, Arctic Coast; North West Territories, Arctic Coast; 13133.
- pingo ice**
pingo, permafrost, Canada, Yukon, Arctic Coast; North West Territories, Arctic Coast; 13133. underground water, sea level, segregating ice, coastal plain, Svalbard, Spitsbergen, Adventdalen; 07932.
- pink pine**
dendrochronology, periodicity, ENSO, *Halocarpus biformis*, New Zealand, South Island, Lake Manapouri; 06601.
- pinstripping**
aeolian ripple, bedform, sandstone, sorting, 02882.
- Pinus armandi* Franch**
dendrochronology, tree ring, China, Qinling Mountains, Huashan; 14954.
- Pinus flexilis* needle**
carbon-13/carbon-12 ratio, limber pine, pack rat middens, Last Glacial/Interglacial cycle, stomatal density, USA, Great Basin; 11612.
- Pinus sylvestris***
tephra, pine pollen, dendrochronology, volcanic ash, Scots pine, UK, Northern Ireland, Antrim, Sluggan Bog; Londonderry, Garry Bog; 10505.
- pipe flow**
forested slope, hillslope hydrology, macropore flow, Darcy-Weisbach equation, saturated/unsaturated flow, 08395.
- pipe hydraulics**
water management, network design, optimisation, water distribution network, tree solution, 03402.
- pipe pile**
saturated peat, vibration test, dynamic test, 06506.
- piped distribution**
volume element method, water quality modelling, water distribution network, water management, 09780.
- pipeline**
debris flow, landslide damage, Hurricane Gilbert (1988), Jamaica, Bromley Hill; 01439. laterally loaded pile, uplift behaviour, elastoplastic medium, 06503. management, aerial imagery, database, 12861. oil, differential GPS, Thailand; 02575.
- pipeline management**
ethylene pipeline, GIS, 08804.
- pipeline survey**
kinematic GPS, 08767.
- pipette method**
particle size analysis, iron, Sedigraph, New Zealand; 06814. soil suspension, particle size analysis, syringe method, 01780.
- piping**
badland, slope, transport, erosion, France, Alps, Baronnies Mountains; 09122. chaotic terrain, trough depth, digital terrain model, structural history, topography, Mars, Valles Marineris; 11699.
- pisolith**
laterite, ferricrete, iron, weathering, Australia; 00334. tropical weathering, laterite, terminology, ferricrete, duricrust, 02663.
- piston core**
dissolution, grain size, sonostratigraphy, Pleistocene, carbonate, Indian Ocean; 06764. low lake level, erosion rate, Holocene, sequence stratigraphy, Songwe Sequence, Malawi, Lake Malawi; 09164. turbidity change, seawater turbidity, nannoplankton, *Florispheara profunda*, Quaternary, Pacific, Ryukyu Trench; 05284.
- piston corer**
mechanical constraint, sediment disturbance, sampling, 10559.
- pit**
back barrier slope, washover fan, longshore drift, shingle, coast, Ireland, County Clare, Galway Bay, Rine Point; 07760.
- Pitkin Formation**
Mississippian, ooid, cement, diagenesis, porosity, USA, Arkansas; 04193.
- pixel**
high latitude, AVHRR, clear pixel, cloudy pixel, 02456.
- pixel coordinate**
photogrammetry, image metrology, digital image, television camera, 01092.
- pixel level processing**
region level processing, global optimisation, image segmentation, 13954.
- pixel splitting**
land cover, moving window algorithm, 06339.
- place name**
geographic name, GNIS, 10132. GIS, toponym, GIS, geographical name, Slovenia; 04902.
- placer**
flood process, channel, gravel bed river, meander bend, heavy mineral, South Africa, Cape Province, Swartkops River; 05375. lateritisation, transgression, heavy mineral, sediment transport, faulting, India, Kerala; 02898. planation surface, till, Pliocene/Pleistocene, relief, Asia, Sayan; 04102.
- placer deposit**
Quaternary, stratigraphy, glacial erosion, channel fill, Canada, British Columbia, Atlin; 13084.
- Placopecten magellanicus***
flume, shear velocity, shell morphometry, scallop, 00332.
- plaggen soil**
manure application, anthropogenic soil, UK, Scotland, Orkney; 05546. medieval, winter cereal, pollen spectra, Germany, Lower Saxony, Osnabrück, Halgarten; 07825.
- plagioclase**
batholith, biogeochemical cycle, weathering rate, SEM, USA, Idaho, Silver Creek Experimental Watershed; 02665. dissolution, burial history, porosity, Oligocene, USA, California; 02914. sandstone, temperature, potassium, albitization, feldspar, 08073.
- plain**
basin, mountain range, local circulation, wind system, thermally induced wind, 05969. principal compression, negative relief, wrinkle ridge, kinematics, Venus; 06493.
- plan geometry**
channel cross section, overbank flooding, meandering, 03949.
- planation**
actualistic principle, tropical geomorphology, Tertiary, weathering, Germany, Rhenish Massif; 05180. uplift, thalassoplanation, coastal foreland, duricrust, slope development, South Africa, Great Escarpment; 07776.
- planation surface**
Budel's model, climate indicator, denudation chronology, lateritic crust, morphological indicator, Africa, (West); Togo; 01354. cyclic development, tropical weathering, climate change, summit level, rain erosion, Suriname; 05178. deep weathering, saprolite, tropical peneplain, peneplanation, Budel's model, India, Tamil Nadu; 00138. denudation history, tectonic theory, crystalline plateau, Brazil; 02684. landform, geology, geomorphology,

- Germany, Ruhr; 07775. peneplain, basement complex, feldspar, quartz, palaeotropical weathering, Germany, Bavaria; 00101. peneplain, sea level, erosion cycle, Australia; 07778. peneplanation, geology, geomorphology, mountain, granite, Hungary, Velence Mountains; 05184. Pliocene/Pleistocene, structural geology, neotectonics, deformation, France, Massif Central, Limousin; 07785. Precambrian, tectonics, denudation surface, peneplain, Sweden; 09063. Quaternary, hyperaridity, geomorphology, oasis, radio-carbon date, Egypt, Western Desert, Dakhla Oasis; 13052. research trend, landscape monograph, geomorphological mapping, loess, Hungary; 05138. till, Pliocene/Pleistocene, relief, placer, Asia, Sayan; 04102. uplift, piedmont, geomorphology, neotectonics, Italy, Apennines, Umbria; 07789.
- Planck function**
NOAA AVHRR, land surface temperature, radiative transfer equation, 07551.
- plane coordinate**
state plane coordinate, GIS, 06127. state plane coordinate, USA, Florida, Palm Beach County; 06130.
- plane figure**
line, node, 10083.
- planet**
thermal conductance, solar energy, wind energy, 12417.
- planet topography**
spectra, global topography, spherical harmonic analysis, geophysics, Earth; Venus; Mars; 01339.
- planetary albedo**
sulphuric acid aerosol, volcanic sulphuric acid, sulphur dioxide, Philippines, Mount Pinatubo; 07518. TOVS, global climate change, sea surface temperature, precipitation rate, 08829.
- planetary boundary layer**
breakdown, nocturnal collapse, chaos, 02191. global climate model, lidar, spaceborne lidar, 01074. sodar, stack height, power station, India, Aryana, Yamunanagar; 11126.
- planetary cratering**
impact crater, cratering process, scaling law, 05211.
- planetary exploration**
geochemical analysis, planetary surface, 08879.
- planetary flow regime**
Southern Hemisphere, intraseasonal variability, katabatic wind, Antarctica; 04615.
- planetary landscape**
extraterrestrial geomorphology, 01402.
- planetary lighting**
lightning, 07191.
- planetary metabolism**
carbon cycling, land use, global modelling, fossil fuel combustion, 10318.
- planetary reflectance**
surface reflectance, TM, Austria, Hintereisferner; 02463.
- planetary rotation**
global change, ocean current system, sunspot minima, 00011.
- planetary scale**
evaporation/wind feedback, tropical convection, quasi linear instability, convection, 09932. nonlinear evolution, convection, evaporation/wind feedback, tropical convection, 09933.
- planetary scale flow**
flow regime, neutral vector, self adjoint operator, attractor, 00950. potential vorticity, chaotic mixing, isentropic surface, 04678. topographic control, Rossby wave, 05958.
- planetary surface**
planetary exploration, geochemical analysis, 08879.
- planetary surface study**
specular scattering, playa, electron micrograph, 08875.
- planetary system**
particulate, dust, 04792.
- planetary topography**
gravity, mantle convection model, Earth, comparative study, statistics, Venus; Mars; Moon; 07794.
- planetary wave**
flow regime, blocking, 04666. heat source, Hamilton function, 09906. inertia gravity wave, GCM, tropical convective heating, Rossby normal mode, 02213. interannual variability, stratospheric circulation, Southern Hemisphere, 02177. low frequency variability, nonlinear resonance, resonance, instability, 09881. Rossby wave, sea surface temperature, ocean, AVHRR, geosat, USA, Hawaii; Pacific, (North); 07608. topographic, Geosat, altimeter, Bering Sea; 10223. winter, Northern Hemisphere, middle atmosphere, wave breaking, gravity wave drag, 02217. zonal mean ozone, global variability, ozone, stratosphere, warming event, 11290.
- planetary wave breaking**
Ekman pumping, mean flow, interannual upwelling, 07266.
- planetary wave flux**
stratosphere, zonal asymmetry, chemical eddy flux, ozone, wave breaking, 07265.
- planform pattern**
channel evolution, braided river, bedform, bank erosion, sediment transport, Bangladesh, Brahmaputra River; 10922.
- planimetry**
accuracy, historical map, map, USA, Colorado River; 06198. three dimensional, coordinate, field mapping, mapping, 06163.
- plankton**
acidification, mountain lake, bioindicator, atmospheric deposition, lake water chemistry, Sweden, Lapland, Abisko Mountains; 14679. bioindicator, acidification, lake water chemistry, mountain lake, Czech Republic, Bohemia Sumava, Certovo Lake; Corne Lake; Czech Republic, Bohemia Sumava, Prasilske Lake; Slovak Republic, Tatra Mountains; 14675. biota, lake ecology, saline lake, freshwater lake, UK, England, Norfolk Broads; 14684. echogram, Eigenvektor filtering, ecosounding, Mediterranean Sea, Ligurian Sea; 07639. eutrophication, nutrient, physical process, biological process, chemistry, reservoir limnology, Poland, Masurian Lakeland, Glebokie Lake; Jorzec Lake; Poland, Masurian Lakeland, Invec Lake; 05769. green algae, diel variation, blue-green algae, wetlands, zooplankton, India, Kusheswarasthan; 13488. HPLC, fatty acid, 11873. hypolimnion, lake, primary production, suspended particulate matter, chlorophyll, 11998. lake water chemistry, eutrophication, mountain lake, acidification, Italy, Apennines; 14681. man made lake, eutrophication, water quality management, reservoir limnology, arid zone, nutrient, 05764. nitrate, phosphate, Redfield ratio, stoichiometry, carbon, 01651. nutrient, fish, reservoir limnology, water quality management, Czech Republic; 05771. oxygen minimum, chlorophyll maximum, biogeochemical cycle, nutrient, organic matter, Indian Ocean; 01315. pump storage reservoir, primary productivity, water quality management, reservoir limnology, nutrient, Switzerland, Wagitalersee; 05767. sedimentation rate, fjord, faecal pellet, vertical flux, Norway, Bjornafjorden; 09339. vanadium, diatom bloom, floc, cadmium, biogeochemical cycle, France, Seine Bay; 11623. water quality analysis, picoplankton, oligotrophic lake, transmission electron microscope, 13560. water quality, bacteria, pigment, USA, Wisconsin; 12001. water turbulence, lake water quality, delta lake, water transparency, detritus, Romania, Danube River Delta; 14696.
- plankton bloom**
anthropogenic impact, eutrophication, inorganic nutrient, phytoplankton, biomass, North Sea, German Bight; 07669. wastewater treatment, coastal water quality, eutrophication, phosphorus, nitrate, France, Brittany; 04473.
- plankton community**
mesocosm experiment, dimethylsulphide, 14996.
- plankton dynamics**
mesoscale, chlorophyll data, satellite data, North Sea; 02525.
- plankton ecosystem**
phytoplankton concentration, CZCS, dissolved nutrient, Pacific; 14066.
- planktonic bacteria**
phosphorus cycling, sink mechanism, lake, phosphate, Norway, Lake Nesjovann; 10333.
- planktonic biota**
microbial food web, euphotic water, seasonal model, carbon flux, Israel, Lake Kinneret; 10332.
- planktonic foraminifera**
DSDP, palaeontology, palaeoceanography, Indian Ocean; 01476. foraminiferal abundance, water mass distribution, flow intensity, benthic foraminifera, Coral Sea, Great Barrier Reef; 10449. island arc, Ryukyu Limestone, Pleistocene, tectonics, backarc basin, biozonation, Pacific, Ryukyu Island Arc; Okinawa Trough; 14169. palaeoceanography, validation, shell chemistry, barium, 14220. palaeocirculation, Heinrich event 1, deep circulation, Younger Dryas, Atlantic, (North); 13041. radiocarbon dating, eruption, core, Japan; 07862.
- planktonic microorganism**
alpine stream, seasonal variability, leaf leachate, dissolved organic carbon, USA, Rocky Mountains; 04481.
- planktonic oxygen-18 record**
Subtropical Convergence, oceanic circulation, climate change, palaeoceanography, interglacial oozes, Pacific, Chatham Rise; 04061.
- planning**
developing country, water resource development, rural water supply, cost/benefit analysis, Third World; 03388. environmental protection, engineering, hydrogeological survey, 05128. GIS, hazard assessment, GPS, land use, hydrological modelling, DEM, 10099. GIS, local government, USA; 15227. hazard, debris flow, land use, USA, Utah, Davis County; 14445. heuristic scheduling, least impact algorithm, resource allocation, 00056. knowledge based model, data model, 12699. management, sea defence, sea level, coastal zone, UK; 05157. marine resource, atlas, policy, GIS, 10119. photogrammetry, cartography, GIS, remote sensing, education, Egypt, Cairo; 10100. public utility, GIS implementation, USA, California, City of Riverside; 11571. remote sensing, GIS, India, Gujarat, Panchamahals District; 10268. sediment transport, flume experiment, sediment control, erosion, check dam, Japan, Honshu, Japan Alps, Higashigochi Basin; 05363. water resource, hydraulic network, computer graphics, expert system, Canada, Manitoba; 05006.
- planning support systems**
GIS, urban planning, 11565.
- plant association**
nutrient content, soil chemical property, valley zonation, Poland, Biebrza Valley; 00581. ordination, coastal foredune, habitat classification, dune habitat, foredune, Brazil; 00123.
- plant availability**
electro-ultrafiltration, phosphorus, extractant, North America; 04337.
- plant biomass**
grassland map, Landsat TM, natural grassland, conservation database, USA, Kansas; 01226. nitrogen dynamics, microbial biomass, organic matter, grassland soil, forest soil, USA, California; 01849.
- plant canopy**
evaporation loss, droplet trajectory, energy balance, water droplet evaporation, sprinkler irrigation, 05839. evaporation loss, water droplet evaporation, sprinkler irrigation, computer model, water use efficiency, 05838. evapotranspiration, arid environment, water use efficiency, soil evaporation, ground cover, Syria, Aleppo; Australia, South West; 10903.
- plant community**
successional pathway, Quaternary, climate change, climate cycle, 05270.
- plant cover**
NDVI, vegetation index, nonlinear modelling, ground, 12792.
- plant decline**
atmospheric carbon dioxide, C4 plant, last deglaciation, paleosol, USA, New Mexico, Chihuahuan Desert; 10284.
- plant dieback**
estuarine marsh, erosion, wetland loss, accretion, USA, Louisiana, Marsh Island; 08047.
- plant establishment**
tree seedling, groundwater quality, salinity, coal leachate, wetlands, surface water quality, USA, South Carolina; 13596.
- plant growth**
Budagovsky's model, growth stage, transpiration rate, 08289. enrichment experiment, greenhouse, beech stand, carbon dioxide, 04633. Quaternary, risk assessment, climate change, erosion, infiltration, soil formation, USA, Nevada, Nevada Test Site; 12920.

plant height

Thematic Mapper, soybean, corn crop, crop yield, leaf area index, biomass, USA, Ohio; 11519.

plant leachate

humic substance, biomarker, fulvic acid, bog, lignin, 10782.

plant macrofossil

Coleoptera, palaeoclimate, palaeoecology, Allerød, peat, Norway, Godoy; 02778. Pliocene, Pleistocene, vegetation, tectonics, palaeoenvironment, Japan; 14260. pollen diagram, pollen dispersal, climate reconstruction, Late Glacial, Norway, Utsira; Blomoy; 13030. treeline, forest history, Quaternary, vegetation, pollen, USA, New Hampshire, White Mountains; 09170.

plant macrofossil data

climate response surface, palaeoclimate, Quaternary, pollen, 05269.

plant-microbe interaction

flux measurement, dynamic modelling, gas exchange, soil, atmosphere, 00034.

plant nutrient

compost maturity, compost biomaturity, 10741.

plant pigment

acidification, lake water quality, pigment ratio, alpine lake, sediment, 00720.

plant remains

upwelling cold water, radiocarbon date, palaeoclimate, Holocene, Mexico, Sonora, Sierra Bacha; 09206.

plant residue

humic acid, organic matter, humic substance, calcimagnesian soil, France, Jura; 13401.

plant resource

canopy, fluorescence, Mediterranean; 15155.

plant response

environmental change, global warming, mountain ecology, wind, lowland/upland transition, 02637.

plant root

Miocene, microorganism, karst, Oligocene, Bluff Formation, West Indies, Cayman Islands; 09289. particulate matter, Eichhornia crassipes, floodplain, sediment retention, macrophyte, Argentina, Parana River; 11897.

plant species

object oriented GIS, ecological regime, USA, Rocky Mountains; 14024.

plant stress

leaf reflectance, 12793.

plant type

stadial, interstadial, carbon isotope record, drainage network, loess sequence, China; 11806.

plant uptake

animal uptake, bioavailability, organic chemical, 10867. cadmium, cereal, sequential extraction, 13347. caesium, radionuclide sorption, Sweden; Libya; 01886. calcareous soil, extractant, soil testing, lead, Egypt; 03102. earthworm, grassland soil, nitrogen transfer, 14536. electro-ultrafiltration, potassium availability, 06850. environmental fate, fertiliser, vadose zone, nitrate, vegetated buffer strip, USA, Iowa, Amana; 11074. extractant, nitrogen mineralization, fertiliser, potassium chloride extraction, 13340. extractant, potassium availability, Switzerland; 04338. extractant, potassium chloride extraction, nitrogen mineralization, 13339. fertiliser, monocalcium phosphate, phosphorus, Podzol, manure, Canada, Quebec; 05615. grass, extractant, mine spoil, heavy metal extractability, USA, Alabama; 04404. heavy metal, grass, soil pollution, soil thermal cleaning, 10864. incubation, maize, manure, nitrogen, Zimbabwe; 08159. insect outbreak, nutrient availability, African armyworm, Kenya; 10849. leaching, nitrogen, urine, grassland soil, 06877. microbial biomass, crop residue, sulphur immobilisation, sulphate, 09498. nitrate, Gilat plant indicator method, soil testing, Israel, Negev Desert; 14501. nitrogen availability, compost, municipal refuse, Paludut, Canary Islands, Tenerife; 08163. nitrogen mineralization, crop rotation, incubation, maize, crop yield, USA, Minnesota; 10757. nitrogen retention, river corridor, riparian zone, buffer zone, denitrification, 09643. nutrient availability, fertiliser, phosphorus, 14503. nutrient release, coniferous forest, litter decomposition, nitrogen, phosphorus, Canada, Alberta, Rocky Mountains; 08152. organic matter, cadmium, extractant, 12139. phosphorus, Kelowna extraction, potassium, extractant, soil test, nutrient availability, Canada, Saskatchewan; 13341. phytoavailability, trace metal, 01882. radionuclide, Chernobyl nuclear accident, caesium-134, caesium-137, Norway; 09539. risk assessment, wetlands, mining waste, metal contamination, USA, Montana, Clark Fork River; 07694. salt marsh vegetation, heavy metal, extractant, salt marsh soil, Netherlands; 03170. sandy soil, extractant, electro-ultrafiltration, nitrogen, Germany, Hessa; 03125. sulphur-35, sulphate, urine, pasture soil, New Zealand, South Island, Canterbury; 01866.

plant water uptake

soil/plant/water relationship, evapotranspiration, soil water dynamics, 02034.

plant water use

ecotone prediction, evapotranspiration, forest ecotone, water use model, North America; 13621. root zone process, irrigation water management, water use efficiency, macropore, leaching, 14774. stomatal resistance, soil property, soil water content, available soil water, irrigation scheduling, potato, 03376. tree species, saline groundwater, Australia, South Australia, Upper South East Region; 12375.

plant wax

dust, palaeoenvironmental reconstruction, organic carbon, nitrogen, bacteria, Japan Sea, Oki Ridge; 11951.

plant yield

wetted soil volume, root distribution, avocado, drip irrigation, crop water use, Greece, Chania; 09733.

plantation

nitrogen mineralization, nitrogen immobilisation, litter dynamics, soil fertility, high density tree plantation, India; 00534.

plantation age

nitrate, leaching, nitrogen deposition, forest catchment, UK, Wales; 09732.

planting system

soil compaction, soil strength, seed bed, 04384.

planktonic foraminifera

seasonal, salinity change, sapropel deposition, Mediterranean Sea; 04058.

planview

flux patterns, convective structure, marine, surface layer, turbulence fluctuation, 07251.

plasma sheet

morning aurora, scatter radar, DMSP satellite, E-region plasma density, boundary layer, 03725.

plasma study

stratosphere, electron beam injection, ionosphere, balloon borne measurement, 04582.

plasma wave

telemetry bandwidth, compression, 02399.

plastic combustion

aromatic compound, soot, burning building, pyrolysis compound, 13891.

plastic deformation

infrared radiation, rock loading, 03782. kinematics, Aspen Grove landslide, landslide, USA, Utah, Ephraim Canyon; 14199.

plastic waste

radionuclide, pollutant, marine pollution, monitoring, eutrophication, 10316.

plasticity

classification, characterisation, soft soil, soil property, lithostratigraphy, grain size, Netherlands; 14203. limit load, translational failure, limit state analysis, 02712. liquefaction, shaking table test, finite element method, 07804. prediction, tunnel, ground deformation, clay behaviour, 04019. sand, shear strength, submarine slope, static instability, failure surface, Beaufort Sea, Nerlerk Berm; 09111. sand, travelling wave, seabed, liquefaction, finite element, Canada, Lake Ontario; North Sea; 13161. shear strength, clay mineralogy, slope stability, landslide, weathering, Europe, Alps, Oberallgau, Gunzsed Valley; 10571. shear strength, stress analysis, pressuremeter geometry, clay, in situ testing, 07797.

plate boundary

basin, current, seaway, turbidite, carbonate platform, Caribbean Sea, Nicaraguan Rise, Bawihka Channel; 10655. earthquake occurrence, seismicity, glaciostasy, regional geomorphology, neotectonics, Canada; 01389. echosounder, tectonism, channel, turbidite, submarine fan, Indian Ocean, Bengal Fan; 02994. mantle upwelling, geomorphology, structural segmentation, geosat altimetry, offset migration, Pacific, East Pacific Rise; 10459. Sagara Group, Kakegawa Group, sea level change, Cretaceous, tectonics, Japan, Honshu, Kakegawa; 11969. SLR, VLBI, subduction, elastic stress model, USA, California, San Andreas Fault; 07539.

plate boundary earthquake

earthquake, tsunami, sand sheet, intertidal mud, radiocarbon age, Canada, British Columbia, Vancouver Island; 10395.

plate boundary zone

GPS, geological model, plate motion, Djibouti; 07538.

plate convergence

GPS observation, tectonic motion, Japan, Sagami Bay; 07542.

plate count

water quality analysis, organic carbon, assimilable organic carbon, bacterial growth potential, ATP technique, 00680.

plate kinematics

topography, subduction, noncollisional orogen, orogenesis, South America, Andes; 14164.

plate motion

earthquake, tsunami, volcanism, alpine orogenesis, tectonic evolution, neotectonics, Greece; 14175. geochemistry, Skonun Formation, Cretaceous, tectonics, volcanism, Canada, British Columbia, Queen Charlotte Islands; 02694. GPS network, geodynamics, geoid height, crustal extension, Japan, Tokai; Izu Peninsula; Japan, Hokkaido; Japan, Kinki; Japan, Suruga Bay; 01099. plate boundary zone, GPS, geological model, Djibouti; 07538. relative motion, strain, trench, Caribbean; 10175.

plate movement

geomorphology, Alpine Fault, Quaternary, structural style, earthquake recurrence interval, New Zealand, South Island; 01401.

plate tectonics

biotic diversity, water abundance, impact crater, Mars, Venus; 09081. climate history, tectonic movement, monsoon climate, India; 04052. environmental issue, global scale, Earth science, 09017. geology, photographic atlas, mineral resource, geomorphology, China, Tibet; Qinghai-Xizang Plateau; 07535. uplift rate, subduction, topography, USA, California, Coast Ranges; Oregon, Coast Ranges; USA, Washington, Coast Ranges; 14172.

plateau glaciation

Pleistocene, glaciation, joint expedition, China, Tibet; 01515.

plateau vortex

cumulus convection, sensible heat, China, Tibet; 14834.

platelet ice

sea ice, structural characteristics, congelation, Antarctica, Ross Ice Shelf, McMurdo Sound; 06640.

platform

evaporite, Carboniferous, anhydrite, diagenesis, Belgium, Hainaut, Saint-Ghislain; 11959. exposure surface, Holocene, marine carbonate, shallow water carbonate, paleosol, 08023. sea level, Cretaceous, black shale, Tamra Formation, reef, Mexico, Queretaro, El Lobo; 03000. sedimentation, basin, palaeocurrent, Itajai Group, Brazil, Santa Catarina; 01720. Triassic, grainstone, boundstone, Latemar reef, reef fabric, reef buildup, Italy, Dolomites; 02989.

platform carbonate

dolomitization, Maryville Limestone, Cambrian, USA, Appalachians; 13214. minor element, dissolution, seawater, algae, diagenesis, USA, Florida; 07983. Rathuri Limestone, Permian, karst, dolomitization, ooid, Thailand, Rathuri; Hua Hin; 05382. sandstone, gravity flow deposit, Eocene, Croatia, Outer Dinarides, Pag Island; 00407. seawater, isotopic composition, diagenesis, dolomite, Bahamas, Little Bahamas Bank; 14377.

platform evolution

Alexander terrane, oceanic island, carbonate platform, Silurian, USA, Alaska, Prince of Wales Island; 08063.

platform facies

Silurian, La Chilca Formation, shelf, shoreface, storm activity, Argentina, San Juan Precordillera, Los Blanquitos Range; 01711.

platform observation

dimethylsulphide, coastal water, marine atmosphere, 07359.

- platinum**
nodule, seamount, ferromanganese crust, Pacific; 09360.
- Plattin Group**
depositional environment, limestone, sea level, dolomite, tidal flat, Ordovician, USA, Missouri; 13198.
- playa**
deflationary basin, pollen analysis, Holocene, palaeoenvironment, Australia, Victoria, Lake Tyrell; 11808. electron micrograph, planetary surface study, specular scattering, 08875. mudflat, microbial mat, stromatolite, magnesite, lake, Canada, British Columbia, Cariboo Plateau; 04245. pan floor sediment, depression, anthropogenic impact, urbanisation, South Africa, Johannesburg, East Rand; 12972. Permian, Teesside Group, halite, potash, brine, UK, England, Boulby; China, Qaidam Basin; 06694. potash, flood, brine, evaporite, Tunisia, Chott el Djerid; 13184. radioisotope dating, evaporite deposit, aeolian dust, glacial period, dust export, China, Qaidam Basin; 07828.
- playa basin**
Clovis point, mammoth, loess, geoarchaeology, geochronology, USA, Texas, High Plains, Miami Site; 10466.
- playa lake**
neodymium, samarium, dysprosium, lake sediment, groundwater discharge, rare earth element, Australia, Western Australia, Yilgarn Block, Gilmore Lake; 14624.
- playa surface**
radar polarisation, lava flow, Venus, USA, California, Lavic Lake; USA, Nevada, Lunar Lake; USA, Hawaii, Kilauea Mountain; USA, Arizona; 07552.
- Pleistocene (early)**
ecological change, cooling cycle, continental glaciation, permafrost, Pliocene (late), 02767.
- Pleistocene (late)**
aggradation, stratigraphy, chronology, Fraser Glaciation, Canada, British Columbia, Seymour Valley; 04088. charcoal, rainforest, Eucalyptus woodland, Australia, Queensland; 06571. coastal subsidence, sea level, tide gauge, subsidence rate, USA, Texas; 00256. comparative study, Nile sediment, Gezira, delta, Holocene, Egypt, Nile Delta; 00268. glaciation, terminal moraine, TL dating, snowline depression, China, Shaanxi Province, Qinling Shan; 02798. global warming, Aswan High Dam, erosion, subsidence, Holocene, 00267. obliquity, Earth Milankovitch, sea ice extent, Eucampia Antarctica, ODP Leg 119a, Southern Ocean, Kerguelen Plateau; 06563. palaeogeographic study, continental shelf, seafloor sand dune, aeolian sediment, South China Sea; 07861. paleosol, ichnofacies, Homeb Silt Formation, flood deposit, aridity, Namibia, Kuiseb River; 00292. radio-carbon age, loess stratigraphy, Gilman Canyon Formation, Brady Soil, Peoria Loess, USA, Kansas, Nebraska; 07834. sea cave, temperature measurement, amino acid geochronology, uranium series dating, sea level, UK, Channel Islands, Jersey; Wales; 07909. spruce cone, Siberian spruce, Picea obovata, UK, Wales, Caernarfon, Pen-y-bryn; 10475. uranium series dating, megafauna, cave, flowstone, travertine, USA, Alabama, Colbert County, Cave ACB-3; 04076.
- Pleistocene (Lower)**
palaeomagnetism, speleothem, glacial evidence, karst, cave deposit, France, Isère, Vercors, Vallier Cages; 06547.
- Pleistocene (Middle)**
mollusc, ostracod, Palaeolithic artefact, amino acid geochronology, Cromerian Complex, UK, England, Warwickshire, Waverley Wood Pit; 07900. terrace deposit, Clactonian industry, oxygen isotope stage 10, Corbets Tey Formation, Levallois technique, UK, England, Essex, Little Thurrock, Globe Pit; 06605.
- Pleistocene (Upper)**
stratigraphy, Cangahua Formation, interstadial, Lujanian Mammal Age, palaeontology, Ecuador, Carchi Province, Interandean Depression; 01486.
- Pleistocene**
